

Seems as if the week has been rather uneventful--except for a train wreck, a letter I managed to receive and the usual run-of-the-mill events which make up the contents of a paper.

Come to think of it, I have them a little out of order. The letter came first. I can't say that every thing in it is exactly correct, but I can't say that all of it is fiction either.

Now, maybe I had better clear up the last statement--and include the letter in this column. I would hate to have it said that I withheld any criticism simply because part of it was true and part false. So, first comes the letter:

Dear Mr. Harrell,

I've read your column every week since you've been in Friona and have always been able to laugh it off, up until this week. One question is uppermost in my mind--Can't you ever say anything GOOD about anything or anyone?? Your column is one continuous GRIPE from beginning to end. As I said, I was able to laugh it off until this week.

I am hereby coming to the defense of the Southwestern Public Service Representative here in Friona. I feel that a great many people are on my side in so doing. Mr. Outland is tops in my book. He gets out in the WORST weather in order to repair and keep the service going here in Friona. To be without electricity for any period of time is an inconvenience but most of us have managed to live through it in the past. And most of us will survive the inconvenience in the future. I can count on one hand (and have fingers left over) how many times we have had to be without electricity for more than 30 minutes here in town. There are towns that I can recall that went without electricity for a day or more this past winter but Friona wasn't one of them. We did have a day this past winter when we were inconvenienced for about an hour or so but we managed to live through that, too. Did you know that Mr. Outland went to Bovina that day and switched us over to a line from Clovis so that we would not be inconvenienced any more than was necessary??

We, in our block, were without electricity for a couple of hours about 2 weeks ago and that was only because lightning had hit in the alley just as the storm was getting started. Did you know that Mr. Outland was out fixing the line while it was still lightning around?? Did you know that he was out earlier that same night fixing a line at a private residence that had been hit by lightning so that particular party would not have to be too inconvenienced?? Did you know that he finally had to give it up and go home because he was soaking wet??

These are just a few instances where Mr. Outland has been known to be doing his job and doing it to the best of his ability. NO ONE is perfect, not even you!

Just one last note--I've heard it said and believe it's true. "When you point your finger at someone (or something), remember that there are three others pointing right back at YOU! For a change, try saying something NICE about someone. You'd be amazed at what a good feeling it will give you.

Sincerely,  
Mrs. Kenneth Watkins  
Friona

Now a few comments and explanations. Anyone reading this column regularly cannot say that it is always a gripe strip. Admittedly, there is a good deal of griping (if that is what you choose to call it) transmitted. I can point out several recent items which cannot be termed griping in any sense of the word.

But that is enough. I don't think I need to try to defend this column. It is my views and mine alone and what is discussed here is of my choosing. Consequently, if an untruth is carried, I will stand ready to make same known in this space.

One other point, I do not think that Mr. Outland needs any (Continued on page 2)

WRECKAGE SCENE...The demolished Ford "Ranchero" belonging to Edgar Walters of the Hub community is shown shortly after being hit by Santa Fe freight. Sheriff's deputy Bill Morgan is standing near the crossing where the crash happened Monday.

## Farmer Injured When Train Strikes Pickup

Ed Walters, who farms a mile and a half from Hub, was in fair condition at Northwest Texas Hospital Wednesday after suffering a cracked vertebrae as Hospital Wednesday after suffering a cracked vertebrae

## Seale Plans A Full Day In County

Jack Seale, Republican candidate for United States Congress, 18th Congressional District, has a full day of activities scheduled in Farmer County Monday, July 23.

Seale, mayor of Amarillo, will begin the day with a breakfast at 7 a. m. at Earl's Cafe. All interested in meeting with him should be there.

He winds up the day as principal speaker for the Farmer-Baliley counties Young Republican meeting at 8:30 p. m. in the Friona High School Auditorium.

Seale is scheduled for a 9 a. m. "coffeebreak" meeting at the Bovina Restaurant, and will have a noon meeting in Farwell. He is due for an afternoon session at the Frank Hinkson residence in Lazbuddie at 2:30 p. m.

## Beet Mill Would Boost The Area

The almost certain location of a sugar mill in Hereford, announced this week, would be a big boost to the area economy, it was predicted.

Bruce Parr, who has grown beets for several years, said one of the ways it will help the farmers is in increased beet acreage, as well as the beet pulp, making for a good cattle feed industry. Getting the beets to the market will be one of the surest benefits of the plant.

"There will be a lot of people who will want to grow beets now," Parr predicted. He added that there would be some who thought they did who might not want to after they got into it. "Beet farming is an intensive farming operation, unlike that most farmers in this area are used to," he said.

Parr said the coming of the mill should encourage cattle

feeding.

"It will be just like drive-ins, or motels to a place's economy--it's just a start," he said.

Holly Sugar Corporation of Colorado Springs, Colo., which has 10 factories throughout the nation, plans what it termed "the world's largest and most modern mill" for Hereford, contingent on the allocation of sugar beet tonnage quotas by the U. S. Department of Agriculture.

The plant would operate on a 24-hour schedule and employ 300 persons.

## CARLOS, EVE

# 1962-63 Exchange Students Introduced

Names of the exchange students for Friona during the 1962-63 school term were revealed this week.

Living in the home of Mr.

CARLOS AZOIFEIFA

and Mrs. D. C. Herring will be Carlos Elias Azoifeifa Chinchilla, whose home is Costa Rica. The Earnest Osborns will have in their home Evelyn Braunschweiger, who will come from Switzerland.

Both students are expected to arrive in Friona sometime during the last part of August.

Carlos, who is 18, comes from a family of eight in San Jose, Costa Rica. His father is listed as an "agronomical engineer."

In his family are six sisters and one brother. In his application to the American Field Service, Carlos said "I have been very interested in studying the cultures of the world, and one that has interested me more is that of the United States."

He states that he is a Baptist, likes sports, and enjoys music.

"My accomplishment in music is the trumpet, which I am learning to play," he says.

"My English is not very good, and one of my interests is to learn to speak well," he says.

"I think that a trip to the United States would greatly increase my knowledge in many fields, and would give me a wider view of what the most democratic republic is," he states.

His application indicated an interest in sports, particularly basketball, football and swimming. He also said that he liked camping very much. As to his professional ambition, aviation was listed as his goal.

Carlos said he had studied English four years, and also had studied French. Two of his older sisters are studying "in the university."

Evelyn, or "Eve" as she requested to be called, lives in Basle, Switzerland. She speaks four languages--German, French, Spanish and English.

She says that her "mother tongue" is French, although she knows German better, having always attended German-speaking schools.

Eve also likes sports, indicating a preference for Tennis. "I would like to come to a small Southern town with a warm climate," her letter of application said.

She expressed an interest in the theatre and art, and said that after she finishes school, she would like to become an airline hostess.

"I would like to go to school to learn about American school life, and as soon as I heard about the American Field Service program, I became interested in the scholarship," her application said.

An only child, Eve was 17

# THE FRIONA STAR

VOLUME 39, NUMBER 42 14 PAGES SECTION I

## All-Star Games Climax Baseball This Weekend

The annual all-star games--the climax to the local summer baseball program--are scheduled Friday and Saturday in Friona.

The Pee Wee League all-star game is scheduled for Friday at 6 p.m. at the Little League Park, with the Intermediate League game to follow.

Awards will be given to members of the first and second place team, as well as sportsmanship awards for each league, immediately preceding each game.

Vernon Scott, summer baseball director, asks that all members of first and second place teams in each league be present for the ceremony.

The Pony League all-star game is to be Saturday at Reeve Field, beginning at 8 p.m.

In the Pee Wee League, members of the "South" team will come from champion Aztec Drive Inn, Ethridge-Spring Agency plus James Weatherly and Dickie Shirley. On the "North" team will be all-stars from Friona Motors, Farmer County Pump, Bobby Rushing and David Bynum.

The Intermediate League has champion Friona Drilling and Pump, Star-Hurst and McCaslin Lumber in the "South" division, with Brookfield Drilling, Friona State Bank and Reeve Chevrolet in the "North" Division.

For the Pony League all-star tilt, Herring Implement and Chester-Fleming Gin will furnish players for the "South"

team, while Hub Grain and Farmer County Implement players will make up the "North" team.

Scott said he wished to thank all the managers, sponsors, parents and volunteer helpers for their faithful work during the season.

The all-star players, chosen by managers, are listed with their batting averages.

PEE WEE LEAGUE

Player	Team	Av.
Bobby Drake	Ethridge-Spring	.150
Brian Hall	Ethridge-Spring	.590
Mike Taylor	Ethridge-Spring	.500
Kenny Taylor	Ethridge-Spring	.397
David Williams	Ethridge-Spring	.590

## AT PRO-AM

## Visitors Hail Friona Course As 'Miracle'

A total of 96 golfers entered the first pro-am golf tournament ever held at Friona Country Club Monday, and officials proclaimed the tourney a success from all angles.

Visiting professional and amateur golfers hailed Friona's new course, many of them seeing it for the first time, and couldn't believe that the course especially the greens, were only a year old.

The team led by Muleshoe pro Ray Hardy took the win in the pro-am division, with a best-ball score of 57, 15 strokes under par. Other members of his team were Alf

Stovall and Don Moore, also of Muleshoe, and Lou Hardy of Tulla.

Mrs. Hardy established a course record for women by firing a 35-42-77, a round which had most of the men in the tournament a bit red-faced. Both her nine-hole total of 35 and 18-hole round of 77 will be new femme records at the course.

Bert Watkins of Portales, N. M., was the low pro with a three under par 69. Eddie Jones of Tulla was runner up with a 70 and Ken Shields of Littlefield carded 71. Jones tied host pro Joe Coronado's nine-hole

course record of 32, in his first round.

Ken Hicks of Amarillo was low amateur with 69. C. F. McGinnis of Pampa shot a 70 for runner up honors. Hicks, golf coach at Tascosa High School, fired a 33 to equal the course record, as did Friona's John Renner during the tourney.

Bill St. Clair of Muleshoe shot the first 33 last December, playing on a windy winter day with borrowed clubs and without his golf shoes. The record was equaled May 25 by Friona's Vernon Scott.

Three teams tied for second place in the pro-am division. Coronado's foursome composed of C. E. Nichols of Amarillo, Tom Lacey of Friona and H. J. Charles, Bovina, carded a 58.

The same best-ball score was turned in by Clovis pro Dude Kincaid, with his team of Walter Howell of Clovis, G. L. Mings of Friona and H. K. (Continued on page 2)

RECORD SETTERS...Three golfers who set or tied course records at the Friona Country Club pro-am golf meet Monday were Ken Hicks (l), Amarillo, Lou Hardy of Tulla and John Renner (r), Friona. They are chatting with W. L. (Preach)

## Moms Play Ball Monday

Little League mothers will oppose Pony League moms in a special contest Monday night directly following the Intermediate League all-star game.

All mothers are urged to come and take part in the game, which is quickly becoming an annual affair. A collection will be taken to help the Pony League in its concession finances.

Stella Shirley and Gladys McVey are co-chairmen of the contest. If the all-star games finish early enough, the women hope to get in six, if not nine innings.

Mothers with players in the all-star games are asked to bring three or four sandwiches or hotdogs to be served during the two all-star games and the mothers' game.

The mothers will take turns serving during the ball games.

## Parmer Grand Jury Convenes Monday

The Parmer County Grand Jury will convene Monday at 10 a. m., and action is expected on approximately 10 cases.

Charges range all the way from burglary, car theft, forgery and incest to swindling.

R. G. Sparks, whose charge of incest is to be heard, was released last week on \$12,500 bond. Sparks asked for a hearing, requesting that his bond be lowered. District Judge E. A. Bills denied the request, and Sparks was released on the original bond.

Harold Robinson, recently returned from Indiana, will have his forgery charge reviewed. Robinson is charged with passing a check at the Gulf service station in Bovina.

Also to be acted on is the case of three Hereford youngsters charged with felony theft at Reeve Chevrolet in Friona. The three are Larry Carlson, 18, Robert Useton, 17, and Gary Tyler, 19.

It is charged that Carlson and

Useton took a manifold and a carburetor from a new car parked at Reeve Chevrolet on June 7, as well as two new sets of exhaust pipes. Total theft was valued at \$150. Tyler is charged with receiving and concealing stolen property.

Emett Tabor, former Bovina mayor, will have his charges of imbezementment reviewed.

Also on the docket is a case of burglary and car theft involving three Clovis youths, all about 17 years of age.

### Visitors Hall--

Kendrick, Friona, The third score of 58 was posted by the team of John Renner, Friona, Bob Lindsey, Hereford, J. Yarbrough, Clovis and G. Sealy, Hereford.

There was a three-way tie for first place in the pro-pro division. Three teams shot a best-ball score of 66. They were Kincaid--Bob Felty, Clovis; Bert Watkins, Portales, N. M.--Bud Posey, Hereford; and Eddie Jones, Tulla--Vern Farquhar, Amarillo.

"We were very pleased with the tournament, and received a lot of compliments on our young course," stated Coronado.

A total of 12 visiting professionals took part in the tournament. Jim Russell, golf coach at Odessa Junior College, probably came the farthest for the meet. Russell was heard to remark "You must've had a miracle to get the course in this shape in a year."

The greens were sown July 1, 1961, Coronado pointed out.

"It was a fine turnout and a fine day for golf," said Amarillo's Farquhar, one of the winners in the pro-pro division.

Jones tied the nine-hole record of 32 despite a bogey on the first hole.

Mrs. Hardy's 77 might have been even more impressive, had not she three-putted three of the last four greens.

The Women's Golf Association, with Mrs. Andy Hurst and Mrs. J. C. Claborn in charge, fed 128 guests at the noon luncheon.

Co-chairmen for the tournament were John Renner and J. C. Claborn.

A total of \$397.25 in cash prizes and merchandise was awarded to the winning players.

Plans are now underway for the first annual Friona Invitational Tournament August 30-31 and September 1-2. A pro-am meet will be held in connection on Thursday, August 30.

### PLAYFUL UNCLE

### Castin--

defense either, I believe the city and myself are aware of the exceptional SWPS representative which we have in Friona. This does not keep the bugs out of the equipment.

I will admit to a lack of elaboration on the subject of power failure last week. I allowed myself to concentrate on keeping the column to a minimum length because of other items which needed to be included. I should have gone on to explain that the subject was taken up as dry humor connected with the situation here at the plant when power fails. No reflection on the dedication or proficiency of Hank Outland was intended to be inferred. I don't think there will be any doubt when the need arises (if it ever does) and criticism becomes necessary.

One last thing, I do not intend to please everyone with this column. When the time comes that I am afraid of incurring the anger of a number of citizens with what I feel should be said--or even what I choose to say--I will turn this space over to another hand. But, Mrs. Watkins, I sure appreciate the letter. Please write again.

## If you take your truck for granted

...it's a  
good  
one!

A truck that doesn't call for a lot of attention, that just does its job every day, is a great asset. This is the thing most users tell us they like about Chevrolet trucks--their reliability. And this, of course, comes from quality.

Sound engines, strong frames, double-wall construction, insulated cabs, separated bodies

and cabs, tight tailgates . . . are some of the features that help Chevrolet trucks work longer and bring back more of your investment at trade-in.

If you wish you had a truck that cost you less thought and attention, put your money on quality. Make your next buy a dependable Chevrolet truck.

# Babies Should Be Kept Cool During Summer

During the sweltering heat of Texas summers, most of us can do something to get some relief -- take a cool shower, wear light clothes, find a shady spot or sit in front of the air conditioner.

But babies are not so self-sufficient. They are dependent upon mother to help them beat the heat.

The human body constantly produces heat and so must constantly lose it to be compatible with life. Evaporation of sweat cools the body and this process is aided by circulating air. Also, physical exercise increases the amount of heat produced and in turn must be lost.

With these facts in mind, mother can do a lot to make baby comfortable in hot weather -- and she'll have a healthier baby if she does.

Baby should be placed in the coolest spot possible. The crib or playpen should be placed in a good circulation spot -- in the middle of the room or near a window or door. If outdoors, place the baby in the shade.

Placing an electric fan in the room increases the circulation of air around him. This should be done whenever the temperature exceeds 84 degrees and

there is little or no breeze. But be sure the fan is out of reach of inquisitive hands.

If an air conditioner is used, it should be set about 78 degrees and adjusted so that the cold air does not blow directly on the baby.

When shopping on hot days, never leave the baby in the car. Temperature rises to dangerous levels inside a car parked in the sun in a very short time.

Clothing is important. In temperatures below 80 degrees the usual clothing may be worn, but with temperatures between 80 and 92 degrees, just a diaper is sufficient. But when the heat goes over the 92 mark, baby should wear a cotton shirt to absorb perspiration.

The more active the baby, the less clothing is needed at the same air temperature. It helps to change the position of a small baby occasionally.

Plenty of liquids should be offered the baby on hot days -- at room temperature -- and don't worry if the baby seems to lose his appetite a little.

Most babies love a bath. Several a day will help to keep him cool. If the temperature is over 90 degrees, partially drying the baby will have an additional cooling effect.

A bath before napping will help the baby to fall asleep easier.

With summer here, your youngsters are "busier" than ever. Be sure they're getting all the B-vitamins they need to stay alert and active. The B-vitamins -- niacin, riboflavin and thiamine -- are especially important for healthy functioning of the nervous and digestive systems. Good sources of these vital nutrients are economical enriched bread and all baked products made from enriched flour.

SALE BEGINS - THURSDAY JULY 19th

## Miss Hukill-Ellis Parson Exchange Marriage Vows

Miss Mildred Marie Hukill and Ellis Parson exchanged marriage vows July 1 in the Farwell Church of Christ. The double ring ceremony was read by Don Tarbett, minister, before an altar arrangement of spiral candelabra centered with a sunburst decoration of white gladioli and carnations flanked by branched calabra and palms.

The bride's parents are Mr. and Mrs. Sam Hukill of Texico and parents of the bridegroom are Mr. and Mrs. Thomas Parson of Friona.

A vocal selection, "Because" was given by Nita Holly, an aunt of the bridegroom from Artesia.

Escorted to the altar and given in marriage by her father, the bride wore a white lace halter-length dress over a tulle skirt with a scalloped neckline and petal-point sleeves. The softly flared skirt was accented at the back with tiers of ruffles extending to the scalloped hemline. Her veil was attached to a crown of pearlized orange blossoms outlined with sequins, and she carried a white Bible topped with a bridal bouquet of a cascade arrangement of white carnations.

Miss Darlene Tipton, cousin of the bride from Idalou, was maid of honor. She wore a pastel blue dress styled with a round front neckline extending to a V at the back and a skirt made with soft unpuffed pleats accented at the waist by a large bow. She carried a colonial cascade bouquet of white carnations tied with a blue ribbon. Neal Parson served as his brother's best man. Kenneth

Arnold, cousin of the bride from Idalou, and Davie Parson, cousin of the bridegroom were ushers and candle lighters.

A reception following the ceremony at the Texico Woman's Club building honored the couple and guests. The serving table laid with a white lace cloth over blue and centered with a bouquet of blue and white carnations arranged in a white milk glass wedding bowl.

A three tiered cake decorated with white wedding bells and blue roses and topped with a figurine featuring a miniature bride and bridegroom, was served with blue lemonade. Mrs. Parson and Mrs. Eual Tipton, aunt of the bride, presided at the refreshment table.

For a brief trip to points in south Texas, the bride chose to wear a white sheath dress with white accessories and a bouquet.

Mrs. Parson is a 1962 graduate of Texico High School and Mr. Parson graduated from Friona High School in 1962. The couple will be at home in Friona until September. They plan to live in Plainview where Parson will enroll at Wayland College.

## Party-Shower Honors Olsens

Mr. and Mrs. Ole Olsen were honored with a surprise party and shower at the Hub Cafe Saturday night. Mrs. Olsen is the former Ruth Parker, operator of the Hub Cafe.

Attending and sending gifts were Mr. and Mrs. Warren Smith, Mr. and Mrs. Albert Cannon, Mr. and Mrs. Ashbey Cannon, Mr. and Mrs. Buck Fallwell, Mr. and Mrs. T. I. Burleson, Mr. and Mrs. Jack Burleson, Mr. and Mrs. Jack Shirley and Mr. and Mrs. Leonard Munch.

Also Mr. and Mrs. John Hand, Mr. and Mrs. Walt Mabry, Mrs. Rene Snead, Susie Jones, Fleta and Monte Smith, Rusty and Connie Lenderman, Mr. and Mrs. Edlie Hall, Mr. and Mrs. Lee Renner, Mr. and Mrs. Wes Long, Mr. and Mrs. M. J. Stacy and Mr. and Mrs. Woody Fleming.

## Of Interest To THE WOMEN

Mr. and Mrs. Ellis Parson

## McFarlands Host Dinner-Bridge

Mr. and Mrs. J. G. McFarland were host to members and guests of the Town and Country Bridge Club Saturday evening in their home for a buffet dinner and games of bridge.

Dinner was served from a table centered with a beautiful floral arrangement of roses. Guests were Dr. and Mrs. Lee Cranfill and Mr. and Mrs. Frank Spring.

Members attending were Mr. and Mrs. Louis Welch, Mr. and Mrs. David Carson, Mr. and Mrs. Bill Sheehan, Mr. and Mrs. H. K. Kendrick, Mr. and Mrs. H. H. Horton and Mr. and

Mrs. Newman Jarrell Jr. Mrs. Carson made high bridge score and low score was taken by Mrs. Cranfill.

## Shower Courtesy To Mrs. Blake

A miscellaneous bridal shower was a courtesy to Mrs. L. G. Blake, the former Karen Turner, July 14 in the home of Mrs. Joe Talley at 503 Arrah Avenue.

Assisting Mrs. Talley with hospitalities were Mesdames Roy Miller, Ralph Smith, U.S. Akens, Ross Terry, Ray Castleberry, Ralph Taylor, W. F. Buske, Allen Stewart, Jimmy

## Turner-Blake Wed Recently

Miss Karen Turner and L. Glen (Burr) Blake were married June 23 at 8 p.m. in Amarillo with Rev. Howard G. Lyons, pastor of Tascosa Baptist Church, reading the double ring ceremony.

The bride is the daughter of Mr. and Mrs. B. W. Turner and Mr. and Mrs. L. B. Blake are parents of the bridegroom.

Miss Turner chose to wear a beige knit suit with white accessories and a white orchid corsage.

The couple traveled to Colorado Springs, Denver and points in New Mexico for their wedding trip.

Mr. and Mrs. Blake are graduates of Friona High School. They will make their home at Friona where Mr. Blake is engaged in farming.

## Couple United In Recent Ceremony

Miss Judy Karen Guinn, daughter of Mr. and Mrs. Eugene A. Guinn of Hereford, and Charles Audry Myers III of Amarillo, son of Mr. and Mrs. Charles Myers Jr. of Friona, were united in marriage June 25 at 8 p.m.

Earnest Highers, minister of the Central Church of Christ, read the double ring ceremony in the library of the church building.

Miss Rhonda Neff of Hereford was the bride's attendant. She wore a blue sheath dress and carried a nosegay of white carnations.

Layton Sawyer, brother-in-law of the bride, served as best man.

The bride, given in marriage by her father, was dressed in a pale blue cotton satin sheath dress fashioned with a short overskirt of blue organdy and a blue sash. Her bouquet was a cascade arrangement of blue and white Frenched carnations placed on a white Bible.

Mr. and Mrs. Guinn were hosts to a dinner in the Japanese Dining Room of the Western

Wheel Inn following the ceremony. Guests were members of the wedding party.

Mrs. Myers attended the Friona schools and Hereford High School where she was an active member of Future Homemakers of America and Future Nurses Club. Mr. Myers is a 1961 graduate of Friona High School and attended West Texas State College where he participated in the R.O.T.C. program.

The couple are making their home at 2217 South Polk Street, Apartment B, Amarillo. Myers is employed at the Herring Furniture Company.

## Rebekahs Install Mrs. Fern White

Mrs. Fern White was installed as left supporter to the Noble Grand of the Rebekah Lodge during a regular business session Monday evening at 8 p.m.

A report of sixteen sick calls was made and seven cards mailed. Members studied the objects and purpose of the Rebekah Lodge, followed by a Charter Draping ceremony in memory of Mrs. Ruby Roberts.

Fourteen members were present for the meeting.

## MYF Members Present Program

Three members of the Methodist Youth Fellowship presented a program to the Maggie Hamlin Circle group July 11 in the home of Mrs. J. G. McFarland. Girls participating were Marca Lynn Masste, Merylene Masste and Linda Rector, who recently attended the youth assembly in Abilene.

Mrs. I. T. Graves read the prayer calendar and said the opening prayer. Closing prayer was given by Mrs. W. C. Osborn.

Others attending were Mesdames H. R. Cocanougher, J. L. Shaffer, G. E. Tannahill, Ralph Durstine, Joe Moyer, Howard Love and Arthur Drake.

## Circle Members Have Meeting

Members of the Kolwvia Circle of the Woman's Society of Christian Service met July 11 in the Fellowship Hall of the Methodist Church for their regular meeting.

Mrs. Mack Bainum, leader, presided at the session and gave a brief devotional taken from the book of Psalms.

Mrs. Paul Hill presented her Intermediate Methodist Youth Fellowship group in a panel discussion on "What M.Y.F. means to me and what we expect to get out of it." The panel consisted of John Bill McFarland, David Reeve, Mike Smith, Ricky Hurst, Travis Graves, Peggy Drake, Korene Milner, Sharon Awrey, Joan Gayle Brookfield, Chole Ann Ford, Sylvia Stokes, Shirley Stokes, Randy Ellis and Cindy Ingram.

Members present were Mesdames James Boyles, George Jones, Russell McAnally, H. E. Barnett, Floyd Rector, U. S. Akens, Ernest Anthony, Eugene Ellis, Dick Rocky and Mack Bainum. There were two visitors, Mrs. Jake Outland and Mrs. Howard Ford. Coffee, cake and cookies were served to those attending.

## Cynthia Messenger Observes Birthday

Mrs. Loyd Messenger honored her daughter, Cynthia, with a party in their home Monday afternoon from three to five. She was observing her sixth birthday.

A pink and white decorated cake baked in the shape of a teddy bear was served with ice cream and punch to guests following a session of outdoor games. During the refreshment period each guest and the honoree wore birthday hats and were presented toy horns, candies and bubble gum for favors.

Attending were Pam and Donna Lewellen, Stevie Brooks, Paula Dean, Christi and Mark LeVeque, Katie and Bobby Lewellen, Karine, Holly and Evelyn Hart, Ronny Reed, Glenda Reeve, Carol and Tona Morgan and Caroline and Christene Messenger.

Mothers present were Mesdames W. J. Lafavers, Merritt Brooks, Martel LeVeque, Delton Lewellen, Dale Hart and Joe Lewellen.

## Charles Houghs Have Baby Girl

Mr. and Mrs. Charles Hough became parents of their first daughter, July 15 at 2:12 a.m. She was born in the Farmer County Community Hospital and weighed five pounds and one-fourth ounces. Her name is Doris Anne.

Grandparents are Mr. and Mrs. Wesley Hardesty and Mr. and Mrs. Spencer Hough of Friona. Mr. and Mrs. C. R. Powell of Walters, Okla. are great grandparents.

# Bids Are Asked For Construction Of Palo Duro Park Amphitheater

Some 200 members of the Texas Panhandle Heritage Foundation gave unanimous endorsement to opening bids for the construction of an amphitheater in Palo Duro State Park where a Paul Green symphonic drama will be produced.

In consenting to open bids, those persons who attended the first anniversary meeting of the foundation in Canyon on Sunday, July 8, voted down a motion to hold the \$155,000 already raised until the total goal of \$350,000 had been reached.

Construction on the amphitheater could begin in August, according to Earl Page of Hucker and Parge, architectural firm that has drawn the theater plans.

Guest speaker for the meeting, Paul R. Hadley of Frankfort, Ky., told the meeting that the symphonic drama project had six "built-in" success factors, Hadley who is presently serving as assistant to the commissioner of the Department of Commerce and as state consultant to the travel and tourism industry in the state of Kentucky, has spent the past 25 years in the travel and tourism business.

"Just for a start you have chosen the best outdoor theater author in the United States when you asked Paul Green to write your drama," Hadley asserted. "Your story material is excellent and the location for the amphitheater in Palo Duro State Park is probably the best I

have ever seen," Hadley continued. Noting that there was a good tourism industry already established in the Panhandle, Hadley stated that there were several outstanding professional persons in the dramatic field who would be great assets to the drama.

"And lastly, even though it may be truism, the innate hospitality of you Texans will be a big factor in contributing to the success of the project," Hadley concluded.

In board action following the general session members agreed to make a partial payment to author Green for his script, and further authorized Green to contract a musician to assist him in the musical score and arrangement for the drama. A three-member committee was set up in final action by the board to seek a general manager for the project.

CHURCH SCHOOL...Children attending the Catholic church school this week are shown during the singing period. The school offers diversified activities for the city's Catholic children.

# School In Progress For Catholic Children

Fr. Declan F. Gilligan, S.A., Pastor of St. Ann's Parish Bovina, has opened a two week school of religion for the Catholic children of the Friona area. The school is being conducted in the newest of Friona churches; St. Teresa of Jesus Mission Church. The school has been in progress for a week and will continue for one more week. The daily schedule begins with classes at 9 a.m., followed by a recreation period, and then classes until 11 a.m. From 11:00 a.m. to 11:30 a.m. the various classes assemble to learn the responses of the congregation at Mass and to learn Spanish and English hymns.

Each day at 11:30 a.m., Fr. Declan offers Mass and gives a talk to all the children. Mass is followed by lunch and the women of the Mission take turns bringing soft drinks each day for the children and teachers. The most popular period of the day - for both teachers and children - has proved to be the recreation period after lunch. At this time, everyone enters into various games of baseball and "Dodge-Ball".

A favorite game of the little children is called "threading the needle" and consists in weaving in and out of a line of closely planted trees, growing in the middle of the road leading to the school.

Film strips on the life of Jesus are shown after recreation, and the day is closed with a class period.

Three students for the priesthood from Maryknoll, New York; Rev. Mr. Jack Corcoran, Rev. Mr. George Laudadio, and Mr. Gene Tolland; and three lay teachers make up the staff. There are two young ladies Miss Carolina Rejino and Miss Jane Aragon who teach. Miss Rejino is preparing about 12 of the children for First Holy Communion.

A unique feature of the school is conducted by the third lay teacher, Mr. Frank Hendricks. Mr. Hendricks is a graduate of Fairfield U., Fairfield, Conn. This feature has been dubbed the faculty on wheels because he goes out to the various camps to teach those children who cannot come in for the classes at the church. In this way, he is able to instruct 20 children. A total of 75 children are being taught; 55 at St. Teresa of Jesus Mission church and 20 at the camps.

## Marriage Licenses Issued

July 12--Reggie L. Grimes, Amarillo, and Candace Jean Watson, Amarillo.  
July 13--Jerry Lawrence Rankin, Friona, and Jo Ann Baxter, Friona.  
July 13--William Joseph Zellmer, Bovina, and Karry Mae Yarborough, Bovina.

# Ruling Won't Hinder Local School Prayer

What effect will the Supreme Court's ruling against required prayer in schools affect the Friona School system?

"I don't think it will have too much effect on us locally. We'll probably continue with everything just as we have in the past," said Superintendent of Schools Alton Farr.

All high school and grade school assemblies in Friona are opened with a prayer and the Pledge of Allegiance. This is expected to remain the case, since the prayers are not prepared ones.

"Occasionally we have a minister visit the school to speak to the students, but there is no religious teaching involved, so we are not violating any principle there," said Farr.

# Patricia Baxter Party Honoree

Miss Patricia Baxter was guest of honor at a surprise party in the home of Mr. and Mrs. J. B. Williams July 16. Hostess was Miss Carolyn Williams, daughter of Mr. and Mrs. Williams.

Patricia was observing her 16th birthday. A cake made and decorated by Mrs. Williams was served with homemade ice cream to guests. A later event included a weiner roast.

Others attending were Colleen Harper, Wilene Baxter, Brenda Woodruff, Patt Bender, Lou Christian, Judy Kirby, Carolyn Guinn and Becky Bails.

## Hospital Notes

Admissions to Parmer County Community Hospital since July 10, 1962.

Lark Lavonne Jarrell, Friona. Jone Rogers, Bovina. John M. Bradley, Friona. Texie Amburn, Friona. Mrs. G. L. Haney, Bovina. Ruth Reeves, Friona. Estelle Caffey, Friona. Jean Gilliam, Friona. Haney, Michael Phipps, Mrs. Tom Paine, Jean Gilliam, Rex Beardain, Jr., Mrs. Paul Coker, Jose Blanco, Wendell Garner, Mrs. Hubert Reeves, Belinda Dunn, Larry Kim Parr, Sofia Archibeque and Mrs. Jerald Dickey.

## LOCALS

Mr. and Mrs. J. E. Hicks returned Thursday following a two weeks vacation in the south eastern states. They visited their son, 2nd Lt. Larry Hicks, stationed at Fort Lee, Virginia, and were also guests of relatives in Atlanta, Ga. and Selma, Ala.

Mr. and Mrs. Gordon Kennedy and family of Beaumont, Calif. were weekend guests in the home of Mr. and Mrs. Glenn Floyd and family. Mrs. Kennedy is Floyd's sister.

Mrs. Rachel Pearce and son, Johnny, from Arizona, were visitors in the home of Mrs. Rosa Anderson last week. Mrs. Pearce is the daughter of Mrs. Anderson and she has been teaching in the public schools at Miami and Globe, Arizona for about 15 years.

Do not feel obligated to accept a drink if it is against your principles. The considerate host will offer a substitute.

SMOKE EATERS...Friona firemen don their masks to enter burning house belonging to Pete Buske.

## Herring Beaten; Pony League To End In Tie

Parmer County Implement topped Herring Implement, 13-10, Tuesday night in Pony League action, throwing the league into a tie between the two teams. Jackie Clark pitched the win in the hotly-contested game. Hub Grain plays Chester-Fleming Gin Thursday, with a possibility of a final three-way tie should Hub win. A decision about a playoff will have to await the outcome of that game. S. D. Baize, Ramie Beene and Zane McVey were the batting leaders according to figures released this week by Vernon Scott, summer baseball director.

League title with a .520 mark. Standings are:

PONY LEAGUE	
Team	W L
Herring Implement	5 4
Parmer Co. Imp.	5 4

### Mrs. Ashcraft Buried Friday.

Funeral rites for Mrs. Tilda Ashcraft, 92, were conducted at 2:30 Friday afternoon at the Friona First Methodist Church. The Rev. Hugh Blalock, pastor of the Dimmitt Methodist Church, officiated. Mrs. Ashcraft died at 7:30 Tuesday night at the home of her daughter, Mrs. Clarence Hawkins, 2807 40th Street, Lubbock, after a long illness. She was born March 11, 1870, at Batesville, Arkansas. She and her family resided at Friona several years. Mrs. Ashcraft's husband, J. W. Ashcraft, a farmer, died there in 1946. Mrs. Ashcraft's interment will be beside the grave of her husband. She had made her home with her

children since her husband's death. Mrs. Ashcraft was a member of the Seymour First Christian Church. Survivors are two daughters, Mrs. Francis Cox, Paducah, and Mrs. Clarence Hawkins, Lubbock; three sons, Clarence of Friona, Robert of Duncan, Okla., and Elbert of Delta, Colo.; three brothers, E. H. Cunningham, Jim Cunningham, Takoka, and John Cunningham, Terrell; three sisters, Mrs. Docie Cowart, Taboka; Mrs. Ida Moore, Dallas, and Mrs. Ticia Meeks, Terrell; twenty-one grandchildren and 30 great-grandchildren.

### More than 1/2 million U.S. farms grow cotton.

### Temperatures Stay In 90s; Rain Recorded

High temperatures remained in the 90s for Friona during the past week, although once again there was periodic relief in the form of rainfall.

Moisture received during the last week, as recorded by City Manager Jake Outland, measured .98 inches. The city's biggest shower was early last Thursday morning, when .85 inches were received. A shower of .12 inches was recorded on Monday, added to a trace, or .01 inches last Friday.

The temperatures for the week read:

Date	Max.	Min.
July 11	96	65
July 12	92	61
July 13	91	68
July 14	93	63
July 15	91	58
July 16	91	61
July 17	90	62

### Something To Think About

6th. Street Church of Christ  
Box 515 -- Friona, Texas

and a swallow, and then let them all go at the same time. Each will return to his own sphere; to the earth, the water, and to the air. There is no need to force them into their places, they go there naturally. Hold in your hand a stone and a balloon. Now let them go - one will descend and the other will ascend. Rest assured, there will never be a hand of God to force you downward. "He is not willing that any should perish." Furthermore, any of us who travel the broad road to destruction will travel there because it is in keeping with the kind of character we have developed. On the other hand, if we build on the sure foundation, and remain faithful all the days of our lives, our course will just as naturally lead us ever upward and heaven will be our eternal home. God is faithful, and his love for mankind is so great that he not only makes every provision for our salvation, he gave us the ability to obtain it through obedience to His Holy Will, or lose it through disobedience. A fitting epitaph for the graves of all men would be: "He went to his own place."

## come to church sunday

True religion seems to have a life that is peculiar to itself. Most Christian groups identify this life as the Holy Spirit. But, even when we give this life a name, we find it still insists on having its own way. Through some curious mystery that no man can fathom, it refuses to conform to our exact demands. When it is misused to justify any one "Way of Life" over another, it retreats. When it is used as a political tool by our press or by our politicians, it retreats. When it is used to promote "Good Business," it retreats. When it is used by any religious body to pronounce judgment upon an honest soul, it retreats. When every advantage has been taken of it and every unscrupulous man has finally despaired of using it for a cause other than its own, it advances.

## Ex-Frionan Writes Of Life In Thailand

PFC Billy Parker, son of Mr. and Mrs. O. L. Parker of Friona, is with the 27th Inf. Wolfhounds in Thailand, Asia.

While stationed in Oahee, Hawaii, the 27th division was sent to Thailand early in May when Thailand was threatened by the Red Chinese Communists in Laos. The boys are approximately 11,500 miles from home. Here the Americans are treated with much respect.

Billy writes that there are so many more insects and snakes and the climate is very hot. The monsoon season is in July, August and September and the boys build their bamboo huts several feet off the ground.

Billy states, "It is funny to awaken to an elephant's cry instead of a rooster's crow." Nine Thai soldiers were killed by a wild elephant not far from the boys camp in the jungle. Roads are just beaten paths.

There, 50¢ is worth \$5.00 dollars here. Places to eat are unclean and the soldiers are allowed to eat only their own provisions.

All of the work is done by the women, and the main religion is Buddha worship. The temples are huge and trimmed

PVT. BILLY PARKER

with gold and emeralds.

The farm crops there are rice, cotton, sugar cane and various fiber crops. Rice is the principal export.

Thailand is about the size of France with a population of 25,000,000.

SURVEYS WRECK...Deputy Bill Morgan of Friona surveys wreckage which seriously injured Edgar Walters Monday at the Country Club Gin crossing. Parts of the wrecked pickup were thrown as far as 120 feet from the point of impact.

Ernie Neff says, Keep your farm equipment in top shape for better performance and for your SAFETY'S SAKE.

Bring us your farm equipment for repairs

# Parr Family Tells Of Visit To World's Fair

(Editor's note: Several area residents have attended, are attending, or plan trips to the World's Fair in Seattle, Washington. The Star thought it might be interesting to readers for these people to comment on their trip. One family which at-

tended the fair is the Bruce Parr family. The following article was written by Mrs. Parr.)  
 BY MRS. BRUCE PARR  
 I have been asked to write about the Seattle World's Fair. We went especially to see the fair. We tried to see everything,

and as far as we know, we did. The first thing that impressed us was the beautiful and well-built buildings, and how clean everything and everyone was. We always expect to find trashy looking people around carnivals, but these were not. To me, this made it really nice.

First of all, one needs to realize how scientific everything is and prepare for that. Even the foreign exhibits were showing what they were doing in the field of science, then in addition, something about their country at present.

Now, I am not very scientific, and there were many things I did not understand, but it was really worth the trip for me to learn how far behind I am, and it doesn't take long to get a real education in that field.

Science is a search for answers aroused by curiosity and it requires some imagination to understand the exhibits. Many of them won't mean much if you haven't already studied about them and know what they represent.

I would like to tell you about a few of the exhibits.

The Washington State Coliseum was dedicated to a step into the next century. The revealing Century 21 theme theater occupies the center of the vast Coliseum floor, and rises nearly to the roof.

You ascend to the theater in a huge round glass elevator, standing in space, which will carry a hundred people into the world of the future. This begins a 21-minute visual drama of tomorrow's life.

Everything here is in miniature. First, you will see a circle-shaped city with all its conveniences appear through a soft blue light of springtime. I like the home of the future, one unlike any you have seen. You notice an indoor swimming pool, a garden and a private heliport.

The home rotates to take advantage of the sun. We wouldn't even have to move our rocking chairs when the sun changes.

You marvel at the slip-proof bathroom, wall-to-wall television and flick-of-the-switch windows. To clean your

home, just push a button, and all the dirt is sucked out at one time. I hope they hurry with this invention. I would like it in West Texas.

We'll work shorter hours in the future. We will have more time to enjoy all these things, and the pay will be more. We are told that executives of the next century will earn a minimum of \$12,000 per year for a 24-hour work week. Sure would like that.

The next exhibit was a huge farm of tomorrow. Its orchards and crops are protected by a vast plastic dome.

The "World of Science" was exhibited in the United States Pavilion. It was a beautiful building. As one author describes it -- "The space gothic complex of six interconnected

buildings, forming the United States Science exhibit, clusters around a landscaped, reflecting pool. Five graceful open arches tower over the forecourt and a multi-level platform bridges the water into the World of Science."

The "Spacearium" is a vivid experience of space flight under a huge semi-circle screen. Projected in a manner as to make it seem that you are traveling, the sky is brought to you and you are surrounded with planets and galaxies for closer observation.

The "Boulevards of the World" are many shops where merchandise from many foreign countries are displayed and sold.

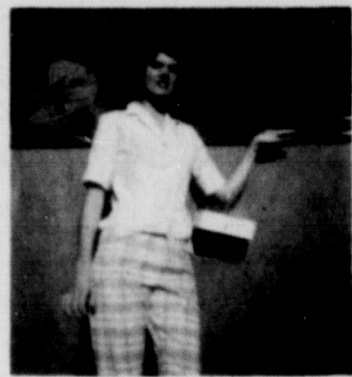

Inside the Armory Building you will find the "Food Circus." Fifty-two concessionaires and exhibitors sell foods of all types, foreign and familiar. You could choose foods of many kinds and find a table at which to eat (which would probably be one you'd rush to as someone started to leave it).

The "International Fountain" is a symbol of man's effort to ascend to the Heavens and to explore outer space. The spears of water constantly change form and push upward in graceful patterns, which are very pretty with the lights at night.

We all especially enjoyed the "Space Needle." We had to wait a while, but it was worth

AT THE FAIR . . . The Bruce Parr family are shown at Seattle's World's Fair in this snapshot. With Mr. and Mrs. Parr are their son Kim, 7, and daughter Donna Jo, 10. Not shown is daughter Iva Ben, 17, who took the picture.

Iva Ben Parr poses outside restaurant atop the "Space Needle."

FAIR SCENE . . . View of the World's Fair shows the "Space Needle," which houses a modern restaurant high above the ground, which makes a complete revolution once each hour.

it. The "Needle" rises 600 feet above the ground, with a beautiful revolving restaurant at the top that makes one complete turn in an hour. The view is wonderful from both the restaurant and the observation tower above.

England's exhibit included an image of Queen Elizabeth II with Queen Mary in the background in a Palace scene. A real guard was on duty, and the changing of the guard took place every 30 minutes. The guard really didn't blink an eye.

We enjoyed a ride on the monorail, but it wasn't too "impressive." We also rode on a very nice ski-lift across the fair grounds, and the kids enjoyed some unusual rides made especially for the fair.

There were several special shows and events. The two we saw were the Benny Goodman Show and an outstanding water skiing show.

The Opera House was very beautiful with its lush carpets and array of marble.

You might need to be an art lover to really appreciate the

art exhibit, or at least know more about it than I do. Nevertheless, it was really nice, with art and sculpturing of the Indians of the Northwest Coast, Modern Abstract Art and Masterpieces of Art.

We had a wonderful scenic trip to Mount Ranier, north to Canada, across the San Juan

islands, where we spent one night, then on to Sidney, Canada, down to the Butchart Gardens, on to Victoria, then back to Seattle on an enjoyable four and one-half hour steamship trip.

We enjoyed a fast trip home on one of United Airlines' Boeing 707 jets.

## Mrs. Baker Hosts Mary Dorcas Class

Mrs. George Baker was hostess to members of the Mary

Dorcas Sunday School Class July 7 in her home.

## Mrs. Hurst Host To Circle Group

Mekka Circle of the Friona Methodist WSCS met July 11 in the home of Mrs. Andy Hurst, circle chairman.

Mrs. Lucy Jones began the program with the reading of the 25th chapter of Jeremiah and prayer was said by Mrs. Florence Buske.

During the business meeting the class decided to sponsor a trip for a girl to attend church camp this summer.

Attending were Mesdames Rosa Anderson, Alpha Baker, Buske, Ella Wise, Estelle Smith, Otis Massey, Ida Mae White, Jones, Sally McFarland, Florence Day, Leona Wolfe and Julia Lloyd.

Mr. and Mrs. C. L. Hartsell from Soper, Okla., were guests in the home of Mr. and Mrs. K. Anthony, Dorothy Hough, Buddy Brockett Monday and Jake Lamb, Deon Awtry, Fay Reeve and J. T. Gee.

America's Largest Independent Telephone System

To supply your needs

When construction requiring wire, cable and other materials is under way, when you want a new telephone or an extension, this new equipment should be available without delay.

That is why General Telephone maintains many supply centers such as the one pictured.

In these supply centers experienced people must anticipate months in advance what equipment and materials will be required for both expansion and repairs.

It is another way the folks at General Telephone work hard at the job of providing you with the good telephone service you want, when you want it.

PRESENTS CHECK...Paul Hall, left, Friona Lions Club president, presents a \$50 check to Jackie Lamar Huddleston, who is to be sponsored by the Lions at their crippled children's

center at Kerrville. In the center are Mr. and Mrs. Jack Huddleston.

**BLACK NEWS**

BY BRENDA DEATON

From the looks of our community one might suspect that July is the month for parties and celebrations. Mrs. Travis Stone gave a Stanley party Friday afternoon. Those attending were Mesdames Bob Finley, C. A. Myers Sr., T. J. Presley, Clyde Hays, Jim Maynard, Harland Frye, Charles Myers Jr. and Paul Williams.

Dwight Whitaker celebrated his fifteenth birthday last Sunday. Dwight was honored with a birthday dinner by his grandparents Mr. and Mrs. T. J. Presley in their home.

Glenda Deaton attended a birthday party honoring Miss Vestrice Crow at Hereford, Texas Thursday afternoon.

H. V. Rocky visited with friends in Wichita Falls and Fort Worth, Texas, this past week. H. V. came home with a beautiful new car.

Mr. and Mrs. Jimmy Prewett, Pam and Cindy of Dallas visited with the Woodrow Whitakers Sunday. Also a guest in the Whitaker home was Mrs. G. H. Whitaker, Woodrow's mother. Mrs. Prewett is Lois Whitaker's sister.

Guests in the Delton Lewellen home this past week end were Mr. and Mrs. Harvey Shapley. The Shapleys are Mrs. Lewellen's parents.

Mr. and Mrs. F. H. Littleton and daughter, Mary are spending the week with the L. A. Win-

ninghams. The Littletons are Mrs. Winingham's parents and Mary is her sister. They are from Wichita Falls, Texas.

Mr. and Mrs. R. E. Guthrie spent the week end with the Travis Stones.

Supper guests in the Bryl Fish home Sunday a week ago were Mr. and Mrs. Bob Filpot and boys of Hereford. This last Sunday Mr. and Mrs. Fish and children attended a picnic held in Cedar Glen Park.

Mr. and Mrs. Tom Lewellen spent Sunday in Lubbock.

Mr. and Mrs. Bill Carthel and boys visited with Bill's sister and her family, Mr. and Mrs. A. O. McLain in Lakin, Kansas. The group enjoyed boating and water skiing.

Guests in the Gene Welch home Sunday were Mrs. Welch's parents and her brother, Mr. and Mrs. F. B. Harkins of Plainview and Mr. and Mrs.

Earl Harkins of Hereford. For clarity the F. B. Harkins are her parents and the Earl Harkins are her brother and his family.

Mrs. Dick Shelton, Ben and Sherry of Albany, Texas visited two days with the Ellis Tatum last week. Mrs. Shelton is Mrs. Tatum's sister.

Mr. and Mrs. Doyle Green and boys of Pampa visited with the John Bengers Friday afternoon. The Greens are returning from a trip to California.

Supper guests in the Johnny Benger home Friday night were Mr. and Mrs. Ray Laxdum.

Mr. and Mrs. Clyde Hays' son Clyde, has returned home for two weeks after completing his basic training at Fort Chassee, Arkansas. He will return to service at Fort Jackson, South Carolina.

Recent guests in the L. W. Gibson home were Mr. and Mrs. Bill Jones and Weldon of Fort

Worth, Mrs. Ray Fowler and Vicky, also Mr. and Mrs. Bob Morin, Ronnie and Nancy of Houston, Texas. Sunday afternoon the Gibsons and the Morins went to Palo Duro Canyon. Mrs. Fowler is Mrs. Gibson's sister and Mrs. Morin is Mr. Gibson's sister.

Mr. and Mrs. Jerry Houlette and girls of Dumas visited with the Ellis Tatum family Friday and Saturday.

Dwight Whitaker left for Wichita Falls early Wednesday morning. Dwight is going there in order to compete in the State Junior Golf tournament.

Mr. and Mrs. G. H. Goggans, Glen and Janice visited friends and relatives in Sulphur Springs and Tyler, Texas recently.

M. F. Bails returned to his home in Ashland, Ohio, Monday following an extended visit with his son and family, Mr. and Mrs. Leo Bails.

**Club Sweetheart Lions Announce**

Sharon Reeve was elected Lions Club Sweetheart at the meeting last Thursday. Sharon, 17, is the daughter of Mrs. Fay Reeve of Friona.

In other business, the Lions decided to cancell Christmas tree sales for the coming year. Plans for Maize Days projects were discussed, and the club's role in the celebration mapped out.

Steve Messenger presented a film depicting the manufacturing of a Jaguar automobile.

The club sponsored its first nomination to Kerrville's Crippled Children Camp. He is Jackie Lamar Huddleston, son of Mr. and Mrs. Jack Huddleston.

He: "Did anyone ever tell you how wonderful you are?" She: "I don't believe they ever did."

He: "Then where'd you ever get the idea?"

**Navy Program Is Extended**

The three-year enlistment program started six-months ago as an experimental program by the U. S. Navy has proven to be such a success that the Navy Department has decided to continue the program on an indefinite basis.

**Lightning Hits City Resident**

Joe Mann, Friona, was in good condition Wednesday at Parmer County Community Hospital, after being paralyzed by lightning while working on a well rig for Friona Drilling Monday.

Mann had his left arm and both legs paralyzed by the shock, but as of Wednesday

had regained the use of his arm, and partial recovery in his legs.

**JULY 22 - 28 FARM SAFETY WEEK**

BE A **HAPPY FARMER - - NOT A HANDICAPPED FARMER**

More people are killed on the farm than most other industries. Last year a farm resident was killed every forty-five minutes. Every thirty-two seconds a farmer suffered a disabling injury. Not one of the 12,000 farmers who died thought their turn was next - - - Yet - Some farmer has **ONLY FOURTY-FIVE MINUTES TO LIVE!**

Buddy Lloyd, Mgr.

Even though most of us are not superstitious, when Friday of any month falls on the thirteenth we remind those with whom we come in contact to beware of walking under ladders or letting black cats cross their paths.

Until M. A. Black came in the Star office Tuesday we thought last Friday had passed without bad luck befalling any of our residents. It seems that Mr. Black chose this day to do some cleaning up around his home. Upon completion of this task he made a trip to the city dump grounds with a load of rubbish.

At the dump grounds it was necessary for him to remove a practically new tire and wheel

before unloading his trash. He placed the wheel on which the tire was mounted on the ground and then drove off without picking it up.

Only a few minutes had passed before he returned to the dump grounds looking for his wheel, but it had already been carried off and he hasn't seen it since.

Then later in the day he lost his watch and hasn't been able to find it. Then, using Mr. Black's words, "Then to top it all off I had my 75th birthday." Surely Star classifieds will help him recover his lost articles.

It would be interesting to know whether or not Mr. Black was born on Friday the thirteenth.

will be putting in a lot of time during the next few weeks freezing and canning fresh vegetables and fruits. Some fields of early corn are ready for eating and processing and very soon there will be peas, beans, okra and other home grown vegetables.

All the nice rains we have had recently should be a contributing factor to especially tasty garden produce this summer.

Most farmers in the area are interested in construction of a sugar processing plant at Hereford. It is most interesting to note that as time goes on more and more of our locally grown products are being processed in the Golden Spread.

Construction of this plant will mean a lot to our Deaf Smith County neighborhood farmers from the entire area will benefit from the project.

Opening of school isn't very far away and teachers are beginning to inquire about living facilities. Anyone who has bedrooms, apartments or houses for rent is asked to contact Superintendent Alton Farr.

City Manager Jake Outland advised this office early in the week that there are two dogs in the city pound that would make nice pets for some child of children. Anyone who desires to acquire a dog should contact the city office within the next few days.

**THINGS MONEY CANNOT BUY:** You cannot buy brains unless they are calf brains in some meat shop. You cannot buy the artist's touch, the musician's ear, nor the gift of song. You cannot buy a good name, an easy conscience, nor a stainless reputation. You cannot buy a big manly heart, nor the faith of a little child. Neither can you buy happiness—it has a way of running from the person with money.

You cannot buy a good man's confidence, nor a woman's love. Still less can you buy self-respect, nor the right to pray, nor a place in the Kingdom of Heaven.—A. B. Lipscomb.

Friona, Tex. Di-1 8811

Another name has been added to Friona's long list of octogenarians. Members of Mrs. A. O. Drake's family honored this fine pioneer woman with a picnic in Palo Duro Park in observation of her 80th birthday Sunday.

Maybe after turning 80 Mrs. Drake felt younger. At any rate, she left for a vacation at Truth or Consequences, New Mexico and expects to be away several days.

There are not very many days left in July, but there's still time for shopping local stores for quality summer merchandise at reduced prices. Just about every clothing and dry-goods store in town has bargains in every department. These sales are being conducted in order to make room for fall and winter merchandise to be put on display.

# Hereford Harvest Festival Set For Week Of Activity

It's 'go' for the fourth annual Hereford Harvest Festival Sunday, July 22 through Saturday, July 28.

Events through the week include an air show, queen contest, carnival, farm and home show, three rodeo performances, parade, and climaxed with a public barbecue.

Getting the festival off to a flying start will be the air show Sunday at 3:00 p. m. at Hereford Municipal Airport. Frank Price, aerobatics expert, will be the featured attraction in his German Luftwaffe Buecker Jungmeister. Other attractions include plane rides, displays and a noon barbecue.

The Harvest Festival Queen will be crowned Monday night. Sponsored by the Hereford Jaycees, the queen contest will be held in the Hereford High

School auditorium at 7:30 p. m. The contestants will appear in bathing suits and formals. The winner will be crowned by Judy Bradley Douglas, last year's Harvest Festival Queen and Wheatheart of the Nation. The winner will reign over all Harvest Festival activities.

All during the week the traditional Lions Club carnival will be operating on the Deaf Smith County Bull Barn grounds from 7:00 p. m. to midnight.

The Chamber of Commerce agriculture and livestock department and the cotton gins of the county will join in hosting the cotton growers of the area at a special appreciation dinner Tuesday night. Each year the dinner salutes a different segment of the agricultural economy of Deaf Smith County. This event will take place in the

Jim Hill Hotel at 7:30 p. m.

The county exhibition hall, known as the Bull Barn, will be the site of the Farm and Home Show. Exhibits of area agriculture and commerce will be featured Wednesday through Saturday evenings.

Adding to the excitement will be the amateur rodeo, Thursday, Friday, and Saturday, with each performance starting at 8:15 p. m. Events include calf roping, bareback and saddle-bronc riding, bull dogging, girls barrel race and others. The rodeo is sponsored by the Hereford Rider's Club and is produced by Ratjen Brothers. Following each evening's performance there will be a western dance at the Jim Hill Hotel.

Winding up the week's activities will be the Harvest Festival Parade at 4:00 p. m. Saturday. The Amarillo Air Force Bank and the Marine Corp Color Guard will head the parade. Colorful floats, gaudy floats, and flashing bands.

Immediately following the parade the Hereford Rotary and Kiwanis Clubs will join in serving barbecue to the festival crowds.

# THE HIGH PLAINS FARM AND HOME

## Rural Residents Urged To Observe Farm Safety Week

A special week to alert rural residents to the hazards of farm life has been set by the President and the Governor, and an intensive campaign is being conducted in Texas to call public attention to this serious problem, according to Sherman Clark of Houston, president of the Texas Farm and Ranch Safety Council.

The week of July 22-28 has been designated "National Farm Safety Week" by President Kennedy and "Texas Farm Safety Week" by Governor Daniel. Many county judges over the state will issue proclamations calling for countrywide observance of the week. Theme of this year's observance is

"Family Safety--At Work and Play."

Clark said the observance is coordinated on the national level by the National Safety Council and the U. S. Department of Agriculture and on the state level by the Texas Farm and Ranch Safety Council, the Texas Farm Bureau, and the Extension Service.

Kennedy, in his proclamation, calls for all persons and organizations allied with agriculture to "join together in a strong effort to reduce the number of farm, home and highway accidents."

human life, the misery of human injury, nor the economic costs resulting from farm accidents and others involving farm families."

Daniel noted that traffic crashes involving Texas farm families in 1961 resulted in more than 170 deaths, more than 600 injuries and more than 1,600 non-injury mishaps. He urged all Texas farm families to "acquaint themselves with the hazards of their specialized occupation and encourage all interested Texans and Texas organizations to take an active part in this campaign for greater farm safety."

Each day of the special week will have a different theme emphasized, Clark said. Beginning Sunday, July 22, they are: Reverence for Life; Safety Begins at Home; Agricultural Chemicals; Prevent Falls; Highway Safety; Farm Machinery, and Recreation Safety.

Clark pointed out that in one year, accidents of all types kill about 11,300 rural residents and injure about a million. Nearly half of the deaths are caused by traffic mishaps.

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Our Office Secretary, Nell Davis will be in Corpus Christi next week, attending the Texas Farm Bureau Institute. We are hoping there will be two or three of the directors go, too. Harry Hamilton, president, is planning to go if he can. This an annual affair, and the programs get better, and attendance gets larger each year.

Some of the instructors are men of national fame in their lines, such as agricultural economics Dr. Harry M. Love Department of Agricultural Economics, Virginia Polytechnic Institute, Blacksburg, Virginia will be the instructor. Basic Farm Bureau Philosophy, Recognizing and Understanding Agricultural Problems and Safety, Citizenship and Young People's Programs are some of the other subjects.

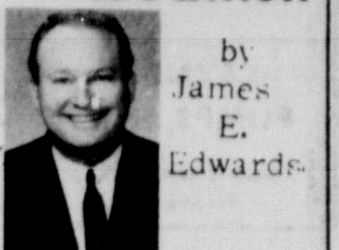

If you can go, let us know right away, \$50 to help defray expenses will be furnished for as many as three besides Mrs. Davis. (It runs Tuesday through Friday)

An added attraction, and one that makes the trip almost worth the trouble in itself, is a tour of the fabulous King Ranch and a barbecue, courtesy of King Ranch and Kleberg County Farm Bureau.

In browsing through minutes of past years, we noticed that your local Farm Bureau was resolving against socialized medicine as early as 1948-49. Beginning in 1952, local directors and officers worked closely with the West Texas Gas Co. in the effort to get

SCOOPING UP loads of what was formerly rich farm land, crews from the Highway Department dug out tons of rich soil from a highway borrow ditch last week. Some farmers were to use the soil for their lawns -- sort of expensive lawn dirt.

## 'Incentive Payments' Made To County Wool Producers

The United States Department of Agriculture has announced that shorn wool payments for 1961 marketing year--to bring the average wool price of 42.9 cents per pound up to the previously announced incentive level of 62 cents per pound under the National Wool Act -- amounted to 44.5 per cent of the dollar returns each producer received from the sale of shorn wool during the year.

The Act directs the Secretary of Agriculture to support wool prices however necessary to encourage the production of 300 million pounds of wool per year.

Prentice Mills, office manager of the Parmer County ASC, said that all of the incentive payments had been made in Parmer County, a total of \$5,019,78. There were some 53 applications in the county.

Mills explained that money used for the payments come from export taxes derived from sales to foreign markets, rather than from taxpayers. The amount paid as incentive payments cannot exceed 70 per cent of the export taxes on any given year.

Incentive payments are also made on unshorn lambs. The 1961 average price was 76 cents per hundred.

The 44.5 per cent incentive payments made to 1961 producers compares to 47.6 per cent paid in 1960.

## Bagworms Can Cause Serious Damage To Certain Trees

Bagworms are now occurring in rather large numbers on trees and other plants in many parts of the state. This insect is a general feeder and can cause serious damage to certain

trees, especially evergreens, points out C. F. Garner, extension entomologist.

At this time, the worms are small and can be successfully controlled by proper spraying

or dusting of the plants with insecticides. It is important to apply chemicals early enough to control the worms before they become too large and cause serious damage, adds Garner. He suggests a check of all plants around the home, especially evergreens for the spindle-shaped sacks which may be hanging from the twigs, leaves and branches.

The following insecticides are recommended for bagworm control. Malathion (50 per cent emulsifiable concentrate one to one one-half ounces per five gallons water), Toxaphene (60 per cent emulsifiable concentrate, two one-half ounces per five gallons water), or lead arsenate (two one-half to three ounces per five gallons water).

In addition to these materials there are several brands of combination sprays (two or more insecticides combined together) on the market which will give good control of bagworms as well as other pests. One of the common combination sprays contains malathion plus DDT. Combination sprays and other insecticides can be purchased from any store or business establishment which handles household or agricultural chemicals, says the entomologist.

Sprays are preferred over dusts and the label instructions should be followed for mixing and using insecticides, cautions Garner. Several different types of hand sprayers are available which can be used for applying the sprays.

Insecticides are poisons and should be handled with caution.

## Research Projects Grow At High Plains Foundation

Cotton Research Projects which numbered five in 1957 now number 30 at the High Plains Research Foundation. This increase has taken place through the desire of the Board of Trustees and the Staff to give as many practical answers to cotton problems as soon as private enterprise action could possibly achieve solutions. Suggestions and requests for some of the projects came to the Board of Trustees from staff members, farmers, Plains cotton growers offices and professional agricultural personnel. Dr. Earl H. Collister said in a recent interview.

The 30 research projects are arranged in five major groups. The soil fertility studies on cotton include seven projects; (1) fertilizer rates and ratios (continuous since 1957); (2) time of nitrogen application; (3) nitrogen and phosphate carryover (started in 1961); (4) sources of phosphate; (5) phosphate placement; (6) magnesium and trace elements; and (7) time of phosphate application.

The cotton variety testing program at Halfway, includes; (1) standard commercial varieties; (2) field scale variety tests; and (3) regional cotton

variety tests.

Irrigation and water management on cotton include studies on; (1) irrigation methods; (2) soil and water management; and (3) crop rotation.

The weed control of cotton has five separate tests and they are; (1) chemical versus flame weed control; (2) flaming height test; (3) flaming versus conventional method of cultivation; (4) burner position comparison; and (5) flaming speed tests.

Cultural methods research on cotton include; (1) skip-row planting systems; (2) plastic mulch; (3) pelleted cottonseed; (4) cotton topping; (5) row spacing; (6) in-furrow fungicide test; and (7) crop climate tests.

The twenty acre devoted to cotton research at Halfway in 1957 has been increased to 121 acres in 1962. The new 20-saw laboratory gin, new research laboratory, and new cotton research equipment will permit increased research efficiency and early completion of each year's research reports. Dr. Collister stated that the expansion of the cotton research program is an example of the Foundation's desire to meet the needs of the High Plains area.

According To The Texas Farm And Ranch Safety Council, Motor Vehicle Accidents Account For Almost Half Of The Farm Fatalities.

**Announce High Plains Staff Appointment**

Barry Love joined the Staff at the High Plains Research Foundation at Halfway on July 1 as Assistant Agronomist, a new position created by the Board of Trustees this year.

Love received his Associate of Science Degree at Murray State Agricultural College, Tishomingo, Oklahoma, in June 1958, he was the top honor student in his class. His degree was in animal nutrition. He re-

ceived his Bachelor of Science Degree in Agriculture, at Oklahoma State University, Stillwater, Oklahoma, in August 1960. His work at Oklahoma State included Animal Husbandry, Agronomy, Chemistry and Biological Sciences. Mr. Love was awarded a Master of Science Degree at the University of Illinois in Animal Science in June of 1962.

**Farm Bureau--**

natural gas for irrigation for more farmers.

A meeting held in the Bovina Gym on December 8, 1952 was attended by several hundred county farmers present while gas company representatives answered questions regarding the possibility of serving them. The enabling act, allowing more than one farmer per main line tap, was passed in the Texas Legislative Session of 1954.

Texas Farm Bureau, with Farmer County Farm Bureau as primary spearhead was largely responsible for this action. Bruce Parr and the late Hadley Reeve spent a great deal of time representing Farmer County Farm Bureau in this successful endeavor.

We noted with interest that back in 1953, C. L. Wall, President of West Texas Natural Gas Co. of Lubbock (Now Pioneer of Amarillo) was seeking help from Farm Bureau and others in preventing the placing of certain gas prices under the jurisdiction of the Railroad Commission. He said it might increase cost of service to many patrons.

CONSIDER THIS: Who can say I have made my heart clean, I am pure from my sin? Proverbs 20:9

**Parmer's Accident Count Through June Up Over 1961**

The Highway Patrol investigated 11 rural accidents in Farmer County during the month of June according to Sergeant W. F. Wells, Patrol Supervisor of this area.

These wrecks accounted for twelve persons injured and an estimated property damage of \$7,335.00.

The rural traffic accident summary for Farmer County from January through June of 1962 shows a total of 52 crashes. As a result of these crashes there were three persons killed and 33 persons injured. The estimated property damage amounted to \$33,275.00.

This compares with the first six months of 1961's total of 43 rural crashes killing one person, injuring 19 persons and causing an estimated property damage of \$23,410.00.

In a statewide comparison the total number of traffic fatalities are practically the same as they were this time last year.

The current SLOW DOWN AND LIVE summer campaign has played an important role during the last several years in acquainting motorists, especially vacationists, with the danger of speed and the ever-present hazards of the highways during the crowded summer months. Many vacationists from other states will be in Texas for the first time this summer. Some of them will be unfamiliar with the roads and road signs.

Many of them have smattering of knowledge of traffic laws of their own state, and little or no information about those of other states where they will travel. Commercial drivers and motorists who travel the highways day after day have little difficulty in distinguishing the stranger, even before seeing his license tag.

Unless motorists show courtesy and consideration to the vacationing driver and try

to help him, they may discover that their own speed will cause an accident involving the tourist who may suddenly slow down to get his bearings.

Those who live and drive in Texas must remember that we would be just as bewildered in another state as this motorist is in our own state. It is under such circumstances that we must do some thinking for him, we must drive defensively.

The Sergeant stated the out-of-state traveler, however, is not so much a threat to our safety as the native selfish motorist who drives dangerously and discourteously with no regard for traffic laws, signs or signals.

Throughout prior years accident statistics prove that more accidents occur in the last six months of the year than in the first six months. With this thought in mind the veteran patrol supervisor cautioned all motorists to exercise due care while traveling on the streets and highways. "Drive unto others as you would have them drive unto you," he said. The Sergeant stated that this GOLDEN RULE is a CHALLENGE for the motorists of TEXAS to reverse the trend shown in prior years for the last six months of the year.

# HD Agent's Notes

BY MISS LTTIE MUSIL

This past week was a full week for eight 4-H club girls who were in the office sewing in the clothing workshop. It's amazing how much determination these girls had in coming day after day all week to sew on their dresses from 9:00 a.m. until 4:00 or 5:00 p.m.

They brought their sack lunches so that they could enjoy companionship during the hour they had off during the noon hour. They were so determined to complete their dresses, they did not even take off for a break in the morning nor the afternoon.

Attending this workshop were Viane and Reba Lesly, Mary Coffey, Judy Koelzer, Katie Blackstone, Jill Mimms, Marsha Schumann, and Terri Sue Mabry. I don't know what I would have done without the great help of Miss Celia Patton, our junior assistant who is in training.

You can ask any of these girls if they learned the importance of taking careful planning time to think over the steps of sewing before stitching. I'm sure they know now the importance of carefully following directions on the pattern guide.

They learned to sew seams the full five-eighths of an inch as the pattern directed. If a true five-eighths seam was not sewn, zippers did not fit, sleeves pulled, skirts drooped, collars sagged, or collars did not fit. They also learned the importance of cutting out notches as the patterns indicated for good fit of collars and sleeves.

Many more clothing workshops are being conducted in the county. I hear from Mrs. C. W. Tannahill of Friona that Karen Milner and Pat and Sherri Tannahill were completing their simple blouses and pleated skirts last week.

Mrs. Webb Gober had several workshops with Janis Billingsley and Kathryn Gober. They, too, are sewing pleated skirts and blouses. Also, had a call from Mrs. Raymond Schueler in the Rhea 4-H Club with her workshop of simple blouses. Judy Billingsley is teaching a workshop of elastic hand simple

skirts for the beginners.

Now, we wish to invite all of you to attend our County 4-H Dress Revue to be held next Tuesday, July 24 at 8:30 p.m. in the Hub Community Center. You'll see the girls modeling simple skirts, simple blouses, simple dresses, and advanced dresses. The girls plan to serve cookies they have baked and punch.

Later, we shall have a complete list of names of girls in the clothing workshops throughout the county with their trained leaders.

## WITH THE COUNTY AGENT

DERYL COKER

July 22-28 is National Farm Safety Week and the theme for this year is "Family Safety At Work and Play".

This theme should be a year-round goal for all of us in Farmer County. Consider the sobering fact that agriculture is the most hazardous industry in the nation in so far as total number of deaths of workers are concerned. Farm people suffer 11,300 fatal accidents each year. Of this total, approximately 3300 deaths occur as occupational or work accidents. At the present time the death rate of farm workers stands at 58 deaths per year per 100,000 workers. This is the highest occupational death rate in the nation.

Sixty five per cent of all fatal traffic accidents occur within 25 miles of home, maybe this is because we become familiar with our surroundings, perhaps too familiar.

In driving the same automobile or tractor over the same roads countless times we tend to become overly confident of our ability to handle any situation. We let down protective defenses, become less alert, and begin to take chances.

Let's use the opportunity of National Farm Safety Week to take a critical look at the way we do things. The extra margin of care will pay off. I am listing some safety tips that we should abide by:

1. Pull off the side of the road and allow cars to pass if traf-

fic piles up behind a slow-moving vehicle. It takes a few minutes longer but it could avert an accident.

2. Clear shrubbery and tall crops from driveways, field entrances and blind intersections to permit easy visibility in all directions.

3. Install and use seat belts in cars and trucks. They won't prevent accidents but they will save lives.

4. Wear simple close-fitting work clothes, when working around machinery.

5. Always turn off machinery before adjusting, unclogging or servicing.

6. Always keep shields and guards in place when operating.

7. Refuel machinery only when the motor is off and has cooled.

8. Take a short break every few hours to forestall fatigue.

Last week I was in several cotton fields checking on the insect situation, and I don't recall seeing so many beneficial insects. On an average I would say that the beneficial insects outnumber the harmful insects 4 to 1. A lot of flower bugs assassin bugs and lady bugs are present. As long as we have this kind of situation we will be in good shape.

We should continue to check for a build-up of fleahoppers and bollworms because field insect conditions can change from week to week.

## County Dress Revue Is Tuesday At Hub

The public is invited to attend the annual County 4-H Dress Revue, Tuesday July 24 at 8:30 p. m. in the Hub Community Center. Announcement of winners and ribbons will be awarded to each of the girls completing garments made in the clothing workshops this month.

First year girls will model elastic band skirts made of cotton. Second year girls will model simple blouses they made according to member and leader guides. Simple dresses will be modeled by girls who have

had three years of sewing experience. These girls are in the junior division.

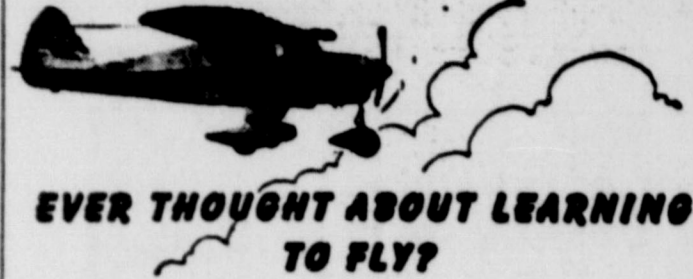

Girls who are 14 years of age and have been in 4-H club work three years are eligible for the senior division. They have made advanced dresses. These dresses include set-in sleeves, collars, belts, buttonholes and buttons.

Girls will have their garments judged at 9 a. m. in the Hub Community Center July 24 along with their clothing 4-H record books. Record books will have a value of 25 points.
