## Highlights Of Friona's 1962 Happenings Listed

BY BILL ELLIS  
Star News Editor

Politics, agriculture, construction, accidents and sports spotlighted the news in Friona during 1962.

Cold weather grabbed the headlines in January, when the mercury plunged to 10 degrees below zero during the first week of the year.

Ricky Don Jamison, son of Mr. and Mrs. Lawrence Jamison of Bovina, was the first baby born in the county this year.

Other news during the first part of January was the fact that bank deposits at Friona State Bank set a new all-time record for the end of the year (a story which is destined to be duplicated this year), and a decision by the Friona school board to discontinue senior trips after 1964-65.

Tragedy was in the news on January 18, with the headline telling that Leo McLellan, 58, former Friona postmaster, was dead of carbon monoxide poisoning.

The January 25 edition of the Star told that the Friona chapter of the American Field Service was seeking to bring two exchange students to Friona for the 1962-63 school term, a goal which eventually realized.

Frank Hinkson, Lazbuddie farmer-rancher, entered the race for U. S. Representative for the 18th Congressional District, but later withdrew and threw his support to fellow Republican Jack Seale of Amarillo, who was defeated by incumbent Walker Rogers.

Area irrigation farmers banded together in an attempt to place gas prices under the jurisdiction of the Railroad Commission, but failed at the session ended.

John Zahn of Farwell entered the race for state senator against Andy Rogers as February got underway, and the political pot continued to boil. Frank Ford of Hereford joined the revived Republican movement by announcing for state representative for the district.

Area farmers began a movement to build a cooperative cotton gin near Friona, a goal which was reached in time for the county's record cotton harvest. Hershel Gene Davis (alias

George Evans) received a 40-year sentence for the murder of Jesse Dawkins of Bovina.

A group of officials from General Telephone Company appeared before the City Council during the first of March to explain how telephone service problems were being tackled.

A swirling dust storm March

10 failed to put a damper on one of the finest Farmer County Junior Livestock shows in its history.

Raymond Fleming was re-elected mayor of Friona on April 3, with Glenn Reeve and Ralph Taylor elected aldermen. None were opposed.

Mrs. Rose Lange and George

Jones were named woman and man of the year at the annual banquet of the Friona Chamber of Commerce and Agriculture.

Also in April, Ellis Tatum and Walt Mabry were elected to the Friona School Board.

A large portion of Farmer County's voters turned out for

(Continued on Page 2)

The beginning of a new year is supposed to be a time for optimism--so I hear. But, if the first few days are any indication of what is to come, I'm going to have my hands full.

If you remember, a short time ago, I mentioned a kitten that followed Gaye home one day. It was just a plain, rust-yellow alley type cat but she became quite attached to the little devil.

Now it is gone. I turned it out last Saturday to give it a chance to get a little exercise. When I returned from the office a few hours later, it was gone and I haven't been able to find it since. (The better half had entrusted the little tyke to my care for the week and was visiting her sister in Corpus Christi.)

If anyone wants a good way to explain why the wife's kitten is lost, let me tell you, there isn't any. The only thing that will get the guilty party out of the doghouse is the return of the lost kitten. I'm still looking for ours, and if you happen to see it wandering around, point it in my direction--please.

-TH-

Along with the coming of a new year comes the traditional time for making new resolutions to break during the next twelve months. I waited until the last minute but finally came up with ten which should fill the bill. If some of you haven't gotten around to the resolution bit yet, you might like some help so I will pass along these as a guide--if you are really desperate.

1. Try to get around to doing some of those things that I resolved to do last year.

2. Try not to lose my patience more than once each hour during the workdays. (Sundays are free.)

3. Refrain from beating my wife except in self defense.

4. Balance my budget (if my wife will help).

5. Say something nice about someone at least once during the year.

6. Disagree with all politicians unless they agree with me (But keep my mouth shut about it until I put it in the paper).

7. Try to make one friend this year.

8. Refrain from letting the wife's kitten out of the house at any time, regardless of how rambunctious he becomes.

9. Try to get home from work before midnight at least once each week during the year.

10. Try not to be so forgetful--if I can remember to do so.

-TH-

There should be included one more resolution and I am serious about this one: I am going to get back into the habit of writing a full column and try to do a better job of it in the future.

-TH-

School Begins Annual Census

The annual Friona Independent School District census is scheduled to begin this week, and Superintendent of Schools Alton Farr urges every resident of the district with school-age children to make sure they are enumerated.

Blanks are being distributed, and can be obtained at the superintendent's office if they are not otherwise received.

All children who are residents of the district on February 1 who will be six years of age and under 18 on September 1, 1963 should be enumerated.

An accurate census is important, Farr points out, because it is the basis for financial aid the school receives for next year.

FIRST BABY . . . Dina Lynn Spivey, who was born at 3:19 a.m. Wednesday, January 2, is the county's first baby for 1963. Dina Lynn weighed six pounds, eight ounces, and is the daughter of Mr. and Mrs. Dale Spivey.

HOST FARWELL TONIGHT

## Teams Open 3-AA Schedule Friday

The Frion High School Squaws basketball and Chieftains begin playing night when they open District

3-AA play at Muleshoe. They will host Farwell in a non-conference affair tonight in the local gym.

## Mercury Falls To Low Of Seven Degrees

Temperatures plunged to the lowest reading this winter in

Friona last week, with a seven degree reading on Wednesday, December 26. The reading was still quite a bit warmer than last January's 10 below zero, last winter's low.

No precipitation was measured during the week, leaving December's total at 47 inches. The last two months have been below average for precipitation, since only .42 inches was the measurement during November.

Temperatures for the past week, as compiled by the City of Friona, were as follows:

	Max.	Min.
December 25	35	16
December 26	39	7
December 27	56	17
December 28	55	25
December 29	54	26
December 30	58	24
December 31	62	24

## Bank Deposits To Set Record

Deposits at Friona State Bank as of December 31 will set a new all-time record for the end of the year, bank officials estimated.

Although the accurate statement was not available at the Star's press time, it was estimated that the deposits would top \$6,000,000 or about \$600,000 above the same period a year ago.

The Squaws, with an 11-4 season record, probably will enter district play as the favorites, since they have beaten both Dimmitt and Olton, two strong teams.

Two of the Chieftains' four wins have been over district members, Olton and Muleshoe, so they will be expected to be able to hold their own.

"I feel that we are as good or better than any team in the district," said Squaw coach Baker Duggins. "I believe our girls are mentally and physically ready for the district schedule."

Duggins said that the holiday layoff should have been good for the team. Last year Friona competed in the Duncanville AAU tournament, winning consolation, but such a grinding schedule prior to district play can have a detrimental effect on a team, Duggins believes.

The Squaws have averaged 53.3 points per game, with sophomore Annette (Tito) Jennings accounting for 21.6 points each game in the first 15 outings. "We're fine offensively. We just need to get the defense up to par," Duggins said.

Two of the Squaws' four losses were handed them by Sundown, defending class A state champions. They were by seven points at Sundown and five points here. Claude was the first team to beat them, and the Wayland College "B" team holds the other win.

Among their victories, Friona girls have beaten class AA state finalist Tulla twice, the latter time in the finals of their own tournament. They avenged their loss to Claude, and also beat tough Brewer.

The Chiefs started from scratch this season, and have rebuilt to the point where they could be a deciding factor in the district race.

"We didn't have a starter returning. Billy Thomas and Max Reeve played some last year, but not all the time," says Coach Vernon Scott.

Although the Chiefs' record is only 4-10, they have improved tremendously since the start of the season. Their record in their past nine games reads 4-5.

"We've proven that we can beat two district teams (Olton and Muleshoe)," says Scott. "We should be able to play Morton close, and we always play a good game with Dimmitt."

Junior S. D. Baize, who won himself a starting assignment in the past few games, is one of the team's bright spots. Baize had scored just 27 points in the four leading the Chiefs to their fourth win with 16 points against (Continued on Page 2)

## Smith Rites Held Here

Funeral services for William Hollie Smith, 51, were conducted from Friona Methodist Church at 2:30 p.m. Monday, Rev. Russell McNally, pastor, officiated. He was assisted by Rev. Bill Burton, pastor of First Baptist Church.

Smith, a veteran of World War II, was born Nov. 2, 1911 in Johnson County, Texas and moved to Friona from Dimmitt in 1959. He died at Farmer County Community Hospital at 12:30 p.m. Saturday following a heart attack.

Survivors include his wife, Hazel, his mother, Mrs. Etra Lloyd; a daughter, Mrs. Evelyn Benton, Lu'bock; a step-daughter, Mrs. Bonnie Cole; a step-son, David Lee McGuire; two sisters, Mrs. Eva Brand and Mrs. Opal Lloyd; and one brother, Odom Smith, Farwell.

He was owner and operator of Smith's Radiator Shop. Pallbearers were W.S. Crow, C. S. Crow, Elroy Wilson, Joe Johnson, Billy B. Odom, Fred Lloyd, Travis Lloyd and Buck Lloyd. Burial was in Friona Cemetery under direction of Claborn Funeral Home.

CAT WITH A PROBLEM. . . This kitty stuck his head where it didn't belong--in a fruit jar about the same size as his neck--and as a result ran around with a glass helmet for a couple of days before he could be

caught and the jar removed. The cat was on the Glenn Floyd farm, and led the Floyds a merry chase before he was caught.

## Fred Carson Passes Away

Funeral services for Fred Carson, 68, will be conducted at the Sixth Street Church of Christ at 2:30 p.m. today.

Carson, pioneer farmer and rancher in the Friona area, also had been a director of the Friona State Bank. Carson's wife was killed in a car accident near Friona November 3, 1962. He passed away at 6 p.m. Tuesday after a long illness.

Survivors include a son, David of Friona, two daughters, Mrs. Jack Fulgham of Friona and Mrs. Vady Peters of Amarillo. Also surviving is a nephew, Marion Carson of Bovina.

Pallbearers will be Buck Ellison, Aubrey Brock, Sam Aldridge, Reagan Looney, Granville McFarland and Sloan Osborn.

Carson had been a Friona resident since 1925.

## LETTER TAKES A NICKEL

### Regulations Announced

Friona Postmaster Martha Clements reminded postal patrons this week of new postal regulations and rate changes.

The new postal rate of five cents for first class, eight cents for air mail and four cents for post cards becomes effective January 7.

"Some people thought the rate increase was effective the first of the year, but the 7th will be soon enough," Mrs. Clements said. She added that all of the stamps were now on sale, and urged people to note the change for proper delivery of their mail.

Another change which is equally important is the new postal rule regarding size of letters mailed. Effective immediately, no letters are to be

mailed smaller than three inches wide by four and one-fourth inches long.

The Post Office also doesn't recommend sending letters larger than nine inches wide by 12 inches long.

## World War I Vets To Meet

All World War I veterans in the area are requested to attend a meeting in Friona Sunday, January 6, for the purpose of organizing a barracks here.

"Bring your discharge papers, and get your name on the charter," says Billie Stone of Friona, who is in charge of the meeting at the Legion Hall.

## Bovina Man Sentenced; Files Appeal

R. G. Sparks of Bovina was given a 30-year sentence by Judge E. A. Bills, in the latter's final act as district judge in the county last Friday in Farwell.

Sparks was found guilty of rape in a trial heard early in December. His attorney, Clifford Brown of Brown and Schuman, Lubbock, made a motion for a new trial, which was overruled by Judge Bills.

Brown then filed with the Court of Criminal Appeals in Austin. "It will probably be three to five months before results of the appeal are known," said District Attorney Jack Young.

Sparks, meanwhile, is in custody at the county jail in Farwell.

## Teams Open--

(Continued from Page 1)

Sundown, and then scored 15 against Littlefield in his last game.

Sophomore Larry Buckley is the team's leading scorer with a 10.7 average. "If Thomas and Reeve will begin to score like they should, and Balze and Buckley continue their pace, we should do all right," predicted Scott.

The Friona coach also indicated that sophomore Milton Hargus, who saw a bit of action at Littlefield last Friday, might begin to help the team.

## Marriage Licenses Issued

December 14--Rodolfo F. Telles, Clovis, N.M., and Dolores Lola Leal.

December 18--William Pen Hunt, Friona, and Caroline Hooks Fletcher, Friona.

The county's cotton crop easily soared past the all-time record of 60,579 bales. By the end of the year, over 80,000 bales had been ginned.

Largest crowd ever attends the annual Ex - Students and Teachers reunion December 26. New construction record is verified at \$725,624, topping old mark by almost \$100,000.

And here's hoping for bigger and better records in 1963, with the best of everything to you, our readers--the finest people in the world.

NEW JUDGE. . . Mayor Raymond Fleming swears in Thelma Jones as new corporation court judge for Friona. Mrs. Jones

has previously been Justice of the Peace, but will no longer have the JP duties, which will be handled by Walter Loveless.

## Highlights Of '62--

(Continued from Page 1)

the first primary May 5, backing gubernatorial candidate Marshall Formby of Plainview and state representative candidate Bill Millen of Muleshoe, although both area favorites were beaten.

Fifty-four Friona seniors graduated as the class of '62 on May 17.

The May 31 issue of the Star announced staff changes on the newspaper, with Bill Ellis becoming news editor and Travis Harrell moving to plant superintendent of Plains Publishers, and holding the title of managing editor of the Star, Carlton Newell took over the commercial printing operations at the plant.

Rev. Wallace Kirby left Friona, and Rev. Russell McAnally became pastor of the Methodist Church during the first part of June.

Anni Jensen, Friona High School's first exchange student, completed her year here, and returned to native Denmark, leaving behind a host of new friends and good will.

On July 5, a picture-story centered around the catching of a small "fish" in an irrigation ditch, which was the first of several reports during the summer of fish in irrigation water.

City of Friona installed an official weather recording station, and on July 10 their instruments recorded the city's highest reading of the year--101 degrees.

Several area residents brought the World's Fair closer to Star readers by giving an account of their visits in a series of articles.

Also in July, the names of Friona's exchange students for 1962-63 were announced: Carlos Azofeifa from Costa Rica and Eve Braunschweiger of

Switzerland.

Friona Jaycees held their second annual Quarter Horse Show and Rodeo the first two weekends in August.

Something different spiced the political scene on August 14 at Lazbuddie when a capacity crowd attended a debate in which two area farmers took opposite sides of the Kennedy Administration farm program. Frank Hinkson of Lazbuddie was one of the participants--pointing out what he considered the weaknesses of the program.

Two horseback travelers stopped in Friona August 21, enroute to Los Angeles from Toronto, Canada. The first annual Friona Invitational Golf Tournament was held the last weekend in August, with Clovis golfers taking the top laurels.

A record 1200 students enrolled at Friona High School when September rolled around. Curtis Murphree helped kick off the city's annual "Maize Days" celebration by harvesting the first load of maize September 11.

Janet Buckley, FHS senior, was chosen from a field of 22 young ladies to reign as queen over the festivities.

Parmer County officials visited the Brady Creek Watershed September 26, to show them how the proposed Running Water Draw Watershed can benefit the county.

The Friona Chiefs played their closest football game of the year against Happy, losing 24-20. They went on to lose all ten games once again, for a 27-game losing streak.

Early in October, the City of Friona took preliminary steps toward construction of a second overhead water tower, by authorizing the city engineer to draw plans.

Janet Buckley, already honored as Maize Queen, was crowned football queen at the

Chiefs' homecoming game, but the Chiefs lost to strong Dimmitt, 48-6, although holding a 6-0 first quarter lead.

Mrs. Fred Carson was killed in a head-on auto crash near Friona November 3. Friona and county voters gave Republican Jack Cox the margin in the governor's race November 6.

Construction in Friona topped the all-time record as early as November 13, as a record number of new residences pushed building permit figures to a new mark.

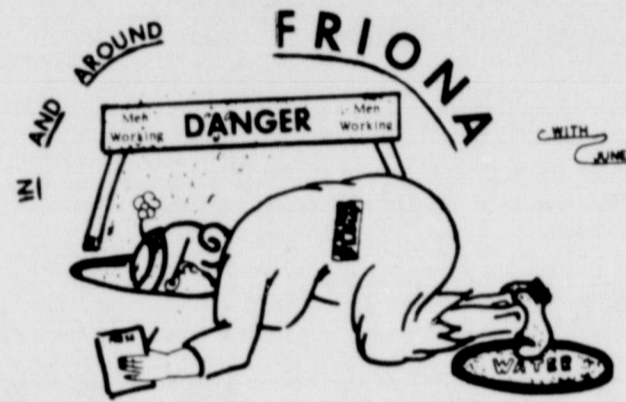

C. H. Veazey won the annual Friona Star Cotton Bowl football contest, being declared the winner on the basis of tie-breaker scores throughout the season after he tied with Waymon Wilkins. It was the first time in the four-year history of the contest for a tie to result.

Tommy Sanders and Wayne Cason became the second and third Eagle Scouts in Friona's scouting history in a ceremony November 29.

County residents streamed through three mass polio immunization clinics December 2. After the makeup clinic it was estimated that more than 7,600 Parmer County residents had taken the Type 1 Sabin Oral vaccine.

Friona High School FFA sent two leadership teams to the state contests for the second year in a row, and the senior farm skills team won first place, with the junior team taking runnerup honors.

The Friona High School Squaws won the Happy and Tulsa Invitational tournaments on successive weekends in December, and stamped themselves as definite district favorites. The Chiefs, although owning only a 4-10 non-district mark, have victories over two district foes and might be dark horse candidates in conference play.

fall to begin any needed project just because the opportunity presents itself in February, June or September.

The following verses express very aptly a goal any of us could work toward at any time of the year.

"I'll hold my candle high, and then Perhaps I'll see the hearts of men Above the sordidness of life, Beyond misunderstandings, strife. Though many deeds that others do Seem foolishness, and sinful, too, Were I to take another's place, I could not fill it with such grace. And who am I to criticize

What I perceive with my dull eyes? I'll hold my candle high, and then Perhaps I'll see the hearts of men."

For the first time in a number of years the Floyds do not have a dog. Duke, our faithful friend and watchdog, met with a fatal accident recently.

His welcome at the end of a day and friendly bark calling attention to anything unusual around the place any time of the day will be sorely missed.

If events follow the usual course, and they generally do, for the next few months we will say "No" to all requests for a puppy. Then one day there will be a change and some home-

## PROGRESS THROUGH SERVICE

### A CENTURY OF COMMERCIAL BANKING

It was in 1863 that President Lincoln signed the National Currency Act. The Act provided for the issuing of a national currency and for the establishment of a system of Federally chartered banks to take their place alongside the already established system of state-chartered banks.

It didn't make big headlines at the time; but, ever since, it has had far-reaching consequences for the American economy--in other words, your pocketbook.

During the century between 1863 and 1963, this effective dual system of banking has contributed immeasurably to America's growth; and its role in the Nation's life has been constantly advancing. Our bank is proud of expanding its service to meet the growing needs of its neighbors; proud to contribute thus to progress, for America and for you; proud to share in the observance of a significant American centennial -- the theme of which, appropriately, is "Progress through service."

# FRIONA STATE BANK

Friona Ph. 8911

### Farm Facts

Americans in 1961 spent \$16 billion on beef, pork, veal, and lamb. That was about a fourth of all money spent on food and added up to \$277 per family.

This news comes from the Economic Research Service of the U. S. Department of Agriculture which notes that we spent more on meat than on household utilities, television sets, and radios combined.

In the early 1920's the annual meat bill per person amounted to about \$34 for 134 pounds of meat. In 1961 it was \$90 for 161 pounds.

Only 4.5% of our take-home pay, however, was needed for meat in 1961, as compared with 6.7% in the 1920's. About half the meat dollar goes for processing and marketing, though this varies depending on the type of meat.

There are two important reasons for a drop in the percentage of income spent for meat. As consumers earn

We spend 1/4 of our food money on meat.

more, their buying is more diversified. The percentage spent on meat declines although dollars spent increase. Second, due to greater efficiency, farmers are able to provide more meat to consumers at a reasonable price.

### In And A Round--

(Continued from page 2) less dog will attack himself to the family and we will soon become attached to him.

This same pattern has been repeated over and over again so many times that it is interesting to speculate on the question, "What will the next one be like?"

A dog story that had its beginning with a Portales family going through Friona Thanksgiving Day had a very happy ending during the recent holidays.

This little black dog went on an automobile trip with his owners and on the return trip got as far as Friona then became separated from them. He put in his appearance at the Elmer Euler home a few days later and decided to stay.

Mr. and Mrs. Euler expected

someone to advertise that he had been lost since he was wearing a collar and some tags. When the Ralph Bigelows came to visit the Eulers during the Christmas holidays, their young daughter was very concerned because the little dog and his owner had not been reunited.

After some coaxing, she was able to persuade her daddy to catch the little dog and take his collar off so that an effort could be made to find his owner.

The tags had a Portales veterinary's identification so local police radio operators sent a message that the dog had been found. Within a few hours the owner drove to Friona and picked him up.

It seems that since Moses received the original Ten Commandments on Mount Sinai there have been ten commandments for everything. The latest list I've seen had to do with good driving. It would be real fine if every driver would memorize this list and repeat it every time he gets on the road.

1. The good driver keeps his car in safe condition.
2. He drives only when sober and never when extremely tired.
3. He keeps his mind on his driving.
4. He recognizes the hazards of night driving and lowers his speed.
5. He knows and obeys the traffic laws.
6. He is considerate of other drivers for he knows that he is his brother's keeper.
7. He keeps his temper knowing that self-control is vital to car-control.
8. His care protects children and pedestrians, for over them he has the power of life and death.
9. He constantly remembers that courtesy is the first law of self-preservation.
10. He obeys the Golden Rule, driving with the care, caution and courtesy he would have others use.

Life is a glass given to us to fill; a busy life is filling it with as much as it can hold; a hurried life has had more poured into it than it can contain.

### Card Of Thanks

I would like to take this opportunity to thank everyone for the flowers, cards, letters, visits and words of encouragement extended me during my recent illness.  
A. H. Hadley 14 tnc

### Card Of Thanks

We wish to take this opportunity to thank each one for the kind words, flowers, and thoughtfulness shown us during the death of our loved one.

Special thanks are extended to Dr. Paul Spring, the nurses of the Parmer County Hospital, and to each one who helped with the meals.

Also, we would like to extend special thanks to Rev. Russell McAnally and to Rev. Bill Burton for their help.

May God richly bless each one of you in our prayer.  
Mrs. Hazel Smith and David  
Mrs. Etma Lloyd  
Mr. and Mrs. Buddy Lloyd  
Mr. and Mrs. Johnny Brand & Katherine  
Mr. and Mrs. Odom Smith  
Mr. and Mrs. Marvin Cole & Connie

### Housewarming Fetes Lester Smith Family

Members of United Pentecostal Church were hostesses at a surprise housewarming for Mr. and Mrs. Lester Smith and son, Roy, and Mrs. Vera Smith. Refreshments of lime sherbet and cookies were served.

Those attending and sending gifts were Mr. and Mrs. Monty Phillips and Paula, Mrs. Julia Lloyd, Mr. and Mrs. Taylor Green, Mr. and Mrs. Buddy Lloyd, Fred Lloyd and Barbara, Mr. and Mrs. Johnny Brand and Katherine, Mrs. Elaine Massey, Mrs. Etna Lloyd and Mrs. J. E. Eubanks.

Also Mr. and Mrs. Bill Smith, Mrs. Erma Stanford, Mr. and Mrs. Jim Griffith, Mr. and Mrs. Rene Snead, Mr. and Mrs. Sam Rule, Mr. and Mrs. Joe Johnson, Mr. and Mrs. J. B. Buske, Mr. and Mrs. Frank Griffith and Mrs. G. W. Morris.

Also Mr. and Mrs. Roscoe Parr, Mr. and Mrs. W. O. Thompson, Rev. and Mrs. Frank

Baber and Mr. and Mrs. H. C. Wells, all of Friona.

Also Mr. and Mrs. George Long and family, Mr. and Mrs. P. D. Barron, Mr. and Mrs. Weldon Moody, Mr. and Mrs. Travis Lloyd and Patsy, Mr. and Mrs. Rouel Barron and Mr. and Mrs. Buck Lloyd of Bovina.

Other guests in the McKee home for Christmas dinner included Mr. and Mrs. Billy Wayne Nazworth, Danny and Mark and Mr. and Mrs. Joe Tongate, Friona, and Kay McKee, Hereford.

### Relatives Visit In McKee Home

Visitors in the home of Mr. and Mrs. R. B. McKee during the holidays included Mr. and Mrs. B. C. Rench and children, DeLoss, Danny, Janie, Jerry, William, Billy, Kathy, Marilyn and Donnie, Sac City, Iowa; and Mr. and Mrs. E. L. Knox, Billy and Linda, Dallas.

Also Mrs. J. C. Armstrong, Alvin, Keith and Jan, Terrell; Mr. and Mrs. John H. Knox, Henry and Bill, Denver City and W. C. Knox and Penny, Post.

Other guests in the McKee home for Christmas dinner included Mr. and Mrs. Billy Wayne Nazworth, Danny and Mark and Mr. and Mrs. Joe Tongate, Friona, and Kay McKee, Hereford.

### Coffee Honors Former Students

A coffee in the home of Mrs. Bill Baxter Thursday morning was a courtesy to several members of the 1960 graduating class of Friona High School. Assisting in serving coffee were Ann Baxter Rankin.

Others present included Sue Baxter Castleberry, Jenny McCathern Cassels and son, Jeff, Jacquelyn Magness Hight and son, Joel, Phyllis Balmum Brooks and daughter, Angie, Geneva Floyd and Janet Sneed.

### Tea Honors Jinni Konis

Mrs. C. W. Dixon was hostess at an afternoon reception in her home Sunday, December 23, honoring her granddaughter, Jinni Landrum Konis of New York City.

A number of friends and relatives called during receiving hours. Out of town guests were Mr. and Mrs. C. W. Anthony, Dimmitt; Mr. and Mrs. Emmett Dixon, Hereford and Mr. and Mrs. Ollie Dixon, Canyon.

## Of Interest To ★ THE WOMEN ★

A large number of young people met at Fellowship Hall of First Baptist Church for a New Year's Eve Party. Clocks, candles, greenery and greeting signs were used for decorations. Games were played and songs were sung. One of the games was a contest featuring blindfold shaves. Pictured here are Marca Lynn Massey, Milton Hargus, Sheryl Long and Grover Tulson during one stage of the game.

### Mrs. Joe McLellan Honored With Shower

A bridal shower in Fellowship Hall of First Baptist Church recently honored Mrs. Joe McLellan, the former Sheron England. Guests were registered by Mrs. Wesley Hardesty.

The serving table was covered with a white linen cloth and centered with an arrangement of blue candles and Christmas bells surrounded by greenery. A single blue candle was used on the registration table. Refreshments of coffee, hot chocolate and cookies were served.

Hostesses were Mesdames A. S. Grubbs, Curtis Muphree, Noyle Wood, Wesley Hardesty, Paul Daniel, Jack Shirley, V.R. Jordan, C. W. Dixon, Leonard Coffey, Clayton Taylor and Johnny Mars.

Those attending and sending gifts were Mesdames Lillian McLellan, Granville England, A. H. Boatman, Ernest England, Lloyd Rector, Kenneth McLellan, B. E. Sinclair and C. A. Paul.

Also Mesdames L. R. Dilger, C. A. Turner, Bill Turner, Doyle Cummings, Bill Burton, George C. Taylor, McFarland C. Osborn and Paige, Bill Baxter, Noyle Wood, Bert Chitwood, Claude Osborn, L. C. Minch, Ray White, Calvin Floyd, M. B. Buchanan, B. C. Hartwick and Pam, Harold Taylor, Doyce Barnett and G. H. Brock.

Also Mesdames Fate Shannon, Henry Lewis, Wright Williams, Dorothy Hough, W. H. Jones, Billy Dean Baxter, Vernon Roberts, Glenn Reeve, Calvin Talley, Clifford Boatman, Dale Nolan, Lee Parker, Otis Bivins.

Also Mesdames Leon Hart,

Paul Spring, Herman Estes, Billy Smith and Oscar Baxter.

Also Mesdames Spencer Hough, Glen Mingsus, Porter McGee, Joe Collier, Lee Renner and Dickie Lee, Bert Shackelford, Earl Drake, C. A. Guinn, George Trekler, J. T. Gee, Neal Fuiks, M. P. Bennett, Mary Officer, W. L. Edelman, Erik Rushing, Lloyd Prewett, Vera Day, Jimmy Maynard and Don, Sloan Osborn, E. B. Brannon and C. S. Bainum.

Also Mesdames W. E. Stringer, Joe Beatty, O. B. Moyer, Bill Flippin, Ray Castleberry, Ralph Taylor, Ed Hicks, Nora Welch, A. O. Drake, Charles Rector, C. S. Crow, John Wilson, Kenneth O'Brian, W. S. Crow, L. B. McClain, James Cunningham, Leonard Gosner, Scott Weir, W. B. Stark, Hop Lewis, Mae Magness, Claude Blackburn and J. L. Shaffer.

Also Mesdames John Burrow, Buck Fallwell, Dan Koelzer and Kevin, G. B. Buske, Phillip Weatherly, Monroe White, Jay Claborn, Marion Fite, Stan Bengel, Ray Landrum, Dan Lacey, J. T. Carroll, E. E. Taylor, T. A. Williams, A. W. Wood, Larry Jesko, Ed White, Joe Douglas, Mike Ellis, Glen Williams, Earl Chester, T. E. Wood and John Bengel.

Also Mesdames J. B. Buske, Frank Truitt, Bill Sheehan, Roy Clements, J. G. McFarland, Kenneth Williams, W. H. Long, Billy Chester, Allen Stewart, Forrest Osborn, Porter Roberts, Joe Talley, Vernon Campbell, Lloyd Mingsus and Jack Tomlin.

### John Allen Family Has Get Together

Members of the family of Mr. and Mrs. John Allen Sr., met at their home in the west part of town Sunday for an all day get together. Following a buffet dinner at noon those present visited and played games during the afternoon and evening.

Guests were Mr. and Mrs. Bill Allen and children, Phoenix, Ariz.; Mr. and Mrs. Vernon Petty and family Seminole; Mr. and Mrs. Ronnie Cedrone, Clo-

vis; Mrs. Lillian Parson, Cross Plains; and Mrs. Omer Barnett, Morton.

Also Mr. and Mrs. Wesley Drake, Tricia and Sandra, Mrs. Viola Williams, Alice Ann, Carolyn and Markon, Mr. and Mrs. Donald Petty and daughter, Mindy and Mr. and Mrs. George Drake all of Lubbock.

Also Mr. and Mrs. Fred Jackson, Cary Lee, Lorene and Lanore, Mr. and Mrs. Calvin Leonard and sons, Mr. and Mrs. Joe Dean Allen, Danny and Debra, Mr. and Mrs. Frank Allen and Eddie, Mr. and Mrs. John Allen Jr., Jimmy and Tommy and David Parson and Mr. and Mrs. Jimmy Lee Parson and children all of Friona.

Mrs. Clarence Wright Dixon, 509 West 10th Street, Friona, has been recognized for her contribution to the progress and history of Texas by being listed in Texas Women of Distinction, a publication edited by Ira May McAdams, Austin, which is just off the press. Mrs. Dixon, the former Mary McLean of Dimmitt, moved to Castro County from Missouri early in 1900 and has lived in Farmer County more than 40 years. She is a 1914 graduate of West Texas State College and is a former teacher.

She is a member of Friona Woman's Club and the First Baptist Church and contributes much time and energy to the betterment of the community in which she lives.

### Local Events

Mr. and Mrs. C. A. Guinn were Christmas Day dinner guests in the home of Mr. and Mrs. Allen Guinn and family at Muleshoe.

Sunday dinner guests in the home of Mr. and Mrs. Dick Habbinga was Mr. and Mrs. Ralph Durstine.

Mrs. J. P. Wilson spent several days last week visiting in the home of Mr. and Mrs. Ralph Cox in the Lazbuddie community. Mrs. Cox is Mrs. Wilson's daughter.

Visitors in the home of Mrs. Ethel Adams and Mrs. Lela Gilmer Sunday evening were Mr. and Mrs. C. A. Guinn.

Sunday dinner guests in the home of Mr. and Mrs. Pete Hollis were Mr. and Mrs. Mutt Hollis and children, Mr. and Mrs. Ernest Mingsus and children, Mr. and Mrs. E. T. Dement and Delmer and Mr. and Mrs. Lonnie Dement and Vicky.

Holiday visitors in the home of Mr. and Mrs. George Trekler were Mr. and Mrs. Rex Wagener and daughter, Daria, Dallas and Mr. and Mrs. Gene Zinsler and daughter, Crystal, Hereford. Mrs. Wagener and Mrs. Zinsler are daughters of Mr. and Mrs. Trekler.

### First on The First

Jan. 1, 1840—The first recorded bowling match was played at the Knickerbocker Alleys, New York City.

Jan. 1, 1889—The first Tournament of Roses, originally called "The Battle of the Flowers," was held in Pasadena, Calif., under the auspices of the Valley Hunt Club. Amateur sports were played during the afternoon.

On this day three years later the first "Roe Bowl" football game was played. Michigan walloped Stanford 49-0.

Jan. 1, 1893—The first college extension courses granted college credits were offered by the University of Chicago.

Jan. 1, 1909—The first domestic relations court was established in Buffalo, N. Y., by Hon. Simon Augustine Nash, Judge of Police Court. He heard domestic relations cases in the privacy of his chambers instead of in an open court.

### Visitors From South Dakota

Mr. and Mrs. H. A. Poindexter and sons, Jerry and Don, of Miller, South Dakota, were holiday visitors in Friona. They visited in the homes of Mr. and Mrs. David Moseley, Mr. and Mrs. Herschel Johnson and other relatives and friends.

The Poindexters, who are former Friona residents, also attended the ex-students reunion at the school cafeteria. Mrs. Poindexter is the former Doris Moody.

Jan. 1, 1913—The first Parcel Post Service went into operation. Previously the weight limit of mail had been four pounds.

Jan. 1, 1928—The first air-conditioned office building—the Milam Building, San Antonio, Texas—was opened (a little out of season!).

### 'Phone Party Is New Year's Treat

A New Year's Day treat to R. B. McKee was a long distance telephone party. It was not possible for members of his family to be together, so a "party line" party was arranged.

Included in the family conversation was Jim Paulsen, Blair, Neb.; Mrs. Frieda Scott and Mrs. Agnes Brogan, both of Los Angeles; Mrs. Ana Johnson, Eugene, Oregon; and R. B. McKee, Friona.

From their homes these five brothers and sisters exchanged bits of family information, weather conditions and other items of interest. The multiple participant conversation lasted about 15 minutes.

### Class Meets In Dixon Home

The Rebekah Sunlay School Class of First Baptist Church met in the home of Mrs. C. W. Dixon recently for a Christmas party.

After a gift exchange cash donations were placed on a tree for benefit of missions.

Refreshments were served by the hostess to Mesdames W. F. Cogdill, M. A. Black, Charles Rauh, L. R. Dilger, E. E. Taylor, J. R. Southward, Annie Scott, Bert Chitwood and Eva Roberson, members, and one guest, Buckle Dixon of Roswell.

## TOWNER-MELLEN Two-Way Self Adjusting Moldboard Plow

One, two, three and four furrow sizes available. The Towner automatic self-adjusting two-way rollover type moldboard plow fits all tractors having a three point hitch, including Fordson Major, I. H. Fast Hitches, or Case with Eagle Hitches.

Automatic self adjusting feature is controlled by the pressure of the soil on the plow bottoms as the plow moves through the ground. This automatic adjusting takes place whenever and as often as the density of the soil changes whether crowning alfalfa at three inches or heavy plowing at 14 inches depth. The plow maintains at all times a straight line of draft, cutting the correct full width of furrow regardless of the type of soil being plowed, leaving the land level and without ridges.

Main tube or beam of plow pivots at point just behind rollover mechanism (partially visible) and is free to align laterally within boxed frame. This is the exclusive patented feature of the plow which automatically adjusts to eliminate side draft yet insures each bottom cutting full width when traveling either direction in the furrow. NO SIDE DRAFT when plowing under the most severe conditions. As a result, the plow pulls much lighter -- die to straight line of draft at all times. No stabilizers are needed -- tractor stay chains run slack in all conditions.

This is the feature which must be demonstrated to be appreciated -- Ask your dealer for a demonstration.

# Public Service Tells Big Construction Plans

A five-year construction program which anticipates the investment of an additional \$130,000,000 in new facilities to meet the electric needs of this area, has been announced by A. R. Watson, President and General Manager of the Southwestern Public Service Company.

"In all sections of our 45,000 square mile service area, the indications are that the fast growth which has marked recent years will continue. We have a two-fold obligation to have facilities available for our customers before their need, and to keep their rates low and service efficient. Our construction program is designed to fulfill that obligation", Watson said.

The 1963 portion of the five-year program calls for an investment of nearly \$25,000,000, with new generating and transmission facilities accounting for the bulk of the figure.

A 210,000 kilowatt generator, largest single unit ever installed by Southwestern Public Service Company, is now under construction at Plant X, near Earth. Scheduled to be in service in June, 1964, the new unit will bring capability of Plant X to nearly 500,000 kilowatts, and make it one of the largest generating stations in the Southwest.

A "first" for the Southwest-

ern system in 1963, will be the installation of a 10,000 kilowatt gas turbine unit at Roswell. This "package-power plant" will be used as stand-by equipment and at peak periods. It is designed to start automatically, with the turbine being driven by gas and compressed air rather than the steam drive used in the larger units on the system.

1963 will also see the beginning of the engineering and survey work for a new generator to be installed at Cunningham Station, west of Hobbs, New Mexico. This is also a 210,000 kilowatt machine, and is scheduled to be in service in 1965.

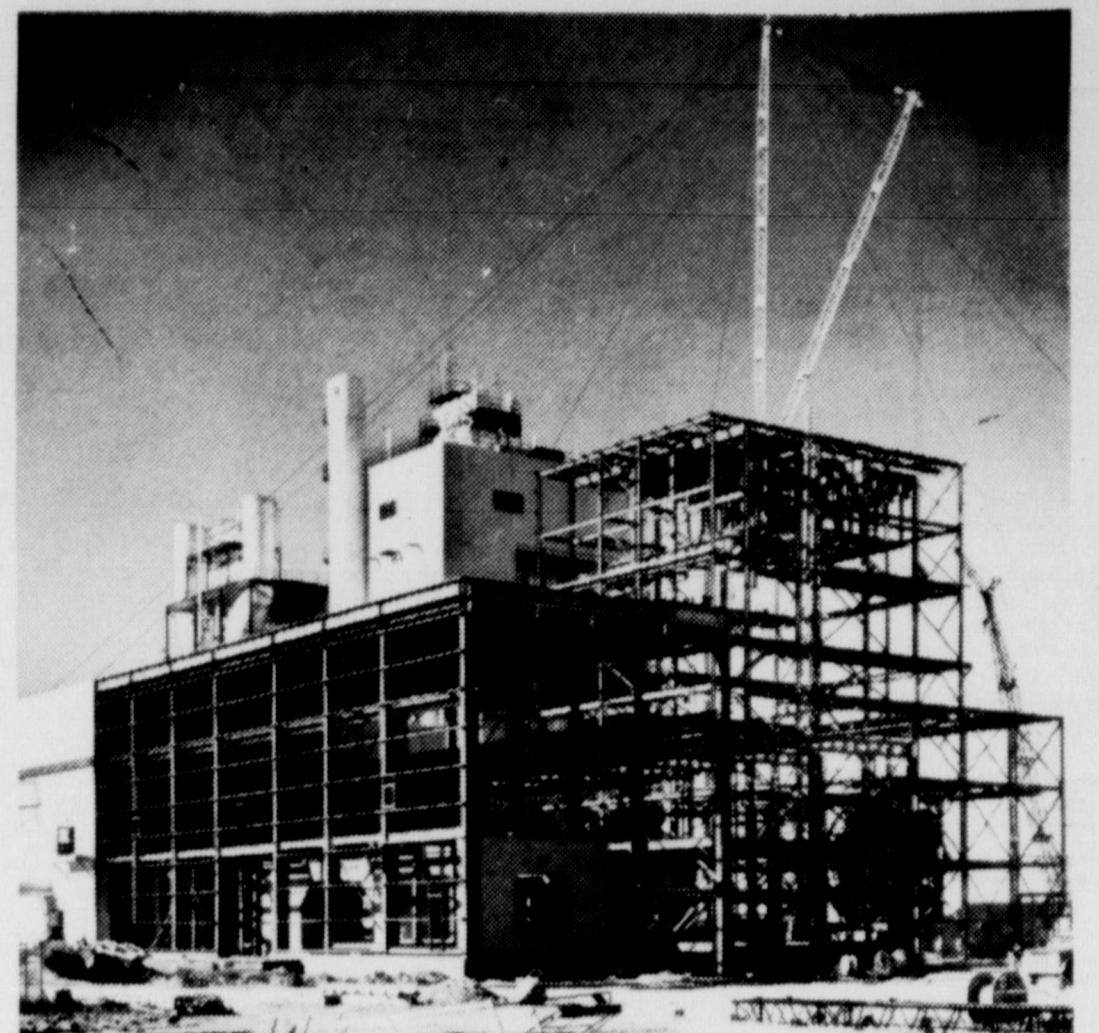

"I think the new unit planned for Cunningham Station is the ideal example of the growth of our region and the flexible position which an electric company serving a growth area must maintain. Originally, this machine was planned for service in 1966, but as soon as it became apparent that it would be needed earlier, we changed our plans accordingly, and

moved it up to 1965", Watson pointed out.

Nearly \$5,000,000 in the 1963 construction budget will be invested in new transmission line facilities. Southwestern's twelve electric generating stations are all tied together by a transmission line network of more than 4,000 miles. This interconnection makes it possible to provide power at any point in the 45,000 square mile service area, and to employ the most economical plants, which are those with the larger and newer generators, at all times, keeping the power production costs down and the rates for service lower. In addition to the transmission line tie-in, the generating facilities of the larger stations, Plant X, Nichols and Cunningham, are directly controlled by an automatic dispatching system, which electronically employs the most efficient plants at all times. The dispatching system also computes the share of the load which other plants should be carrying, on the basis of costs, and then these loads are assigned to the plants by direct communication from the load dispatching center in Amarillo.

"I'm not sure that our customers are aware of the vital part that new equipment plays in keeping their rates down. Our fuel rates, for example, are up almost 100% in the last ten years. Yet, by constantly investing in new and efficient equipment, plus the fact that our customers are using more and more electric service, we have managed to keep our rates at the same level that existed 11 years ago", Watson said.

Watson emphasized that the United States strengthened its world leadership in the production and transmission of electric power in 1962, contrary to some reports from government

Construction of a fourth generating unit, with a capability of 210,000 kilowatts, is underway at Southwestern Public Service Company's Plant X, near Earth, Texas. The electric light and power company will invest more than \$24,000,000 in new facilities in 1963, and a total of an additional \$130,000,000 in the next five years. The Plant X unit under construction is the largest generator ever installed by the company.

sources that Russia was gaining on this country.

"The United States, with only 6 percent of the world's population, produces nearly 40 percent of the world's electric power. We generate three times as much as Russia, and have four times the miles of transmission lines. Thanks to the

foresight and action of our industry, Russia isn't even close as far as electric power is concerned, and they're getting farther behind", Watson pointed out.

"When the American people have an opportunity to look at the record of the investor-owned, taxpaying electric companies of this country, they see that the arguments of the advocates of a government-controlled, socialized electric power system will not hold water. We have kept the rates low, we have kept service efficient and ahead of the needs of our customers, and we have kept the United States far ahead of Russia in electric generation and transmission facilities. And, we have done all this at the very same time that we have paid to

In quietness and in confidence shall be your strength. —(Isa. 30:15).

As we learn to make each day a time of returning to God, we develop new poise and serenity. We face life with quietness and confidence, for God's infinite love and wisdom are in control of all things.

various state, federal and local government taxing bodies approximately twenty five cents out of every dollar that we have received from our customer", Watson concluded.

## Rites Conducted For Mrs. W.H. Gammon

Funeral services for Mrs. W. H. (Savannah) Gammon, 79, of the Lazbuddie community were conducted from the Church of Christ there at 2:30 p.m. Sunday, December 30, Will M. Thompson, Lawton, Oklahoma, was the officiating minister. He was assisted by D. L. Thompson, Muleshoe.

Mrs. Gammon, who had been a resident of the Lazbuddie community since 1929, died at 7 p.m. Friday, December 28, in Farmer County Community Hospital. She was a member of Lazbuddie Church of Christ.

Survivors include her husband, W. H. Gammon, two sons, John Gammon and J. W. Gammon, three daughters, Mrs. Roy Daniel, Mrs. Garvin Thorn and Mrs. D. B. Ivy, all of Lazbuddie. Also three brothers, R. B. Raper and G. C. Raper, both of Maud, Okla. T. G. Raper, Konawa, Okla. and E. C. Raper, Modesto, Calif.

Also 15 grandchildren and 16 great-grandchildren. Burial was in Lazbuddie Cemetery under direction of Claborn Funeral Home.

SCORING STATISTICS

# Buckley, Reeve, Baize Pace Chieftain Attack

Sophomore Larry Buckley leads the Friona Chieftains in scoring, according to figures through the Chiefs' first 15 games. Buckley has a 10.7-point per game average, the only Chief in double figures.

Senior Max Reeve is the leading field goal shooter by percentage, hitting 44.2 per cent of his shots, 19 of 43 attempts. Junior S. D. Baize leads the free throw department with a percentage of 71.4, hitting 15 of 21 attempts.

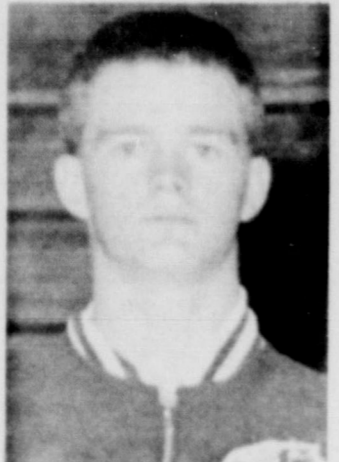

After Buckley's 10.7 scoring average, they fall off quite a bit. Dale Milner and Billy Thomas have the next best average at 5.5 points per game. S. D. Baize, who has just started scoring lately, is next at 5.3. Buckley has taken the most field goal shots and foul shots on the team. His field goal percentage of 36.6 is second to Reeve, and his free throw mark, as well as Reeve's is close to the team leader.

As a team, the Chiefs have averaged just 34.9 points per game, so they haven't been an offensive machine thus far in the season. Their season high score was in the Happy Tournament against Olton, whom they beat 47-21.

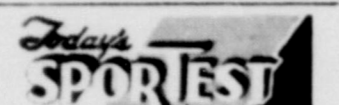

The Chiefs' low score came at Canyon, a game they lost, 36-18. The highest an opponent has scored against Friona has been 56 points, by Tulsa and White Deer, both strong teams. The lowest score by an opponent was by Nazareth in the consolation finals at Happy, 20 points.

## Chiefs Drop 49-39 Contest To Littlefield

A cold first quarter which allowed Littlefield to take a 15-4 lead cost the Friona Chiefs their tenth loss of the season last Friday at Littlefield.

It was a fairly even game after that, with the class AAA Wildcats coming out on top, 49-39.

Score at halftime was Littlefield 31, Friona 16, and the winners held a 43-24 lead going into the final frame, when the Chiefs scored 15 points.

S. D. Baize was the leading scorer for Friona for the second straight game, with 15 points on six field goals and three free throws. Billy Thomas scored nine.

The Chiefs were playing without regular starter Larry Buckley, the team's leading scorer, who was out of town for the holidays.

Friona broke even for the night when the Chief "B" team beat Littlefield "B", 29-17, behind the 16-point leadership of Milton Hargus.

## A&M Invades Tech Saturday

Texas A&M, getting a lot of support as Southwest Conference favorite, invades Texas Tech's Coliseum for a basketball game Saturday night, January 5.

Texas Tech, through the years, has won six and lost eight with the Aggies. In Southwest Conference play the two are five-five.

Coach Bobby Rogers' Aggies split with Texas Tech last year. A&M won by 70-61 at College Station, bowed to the Red Raiders at Lubbock by 69-49.

Both reserved and general admission tickets are available for the A&M game as well as other home basketball games this season.

Before the varsity game, slated for 8 p.m., the Texas Tech freshmen tangle with Sayre Junior College at 6 p.m.

## Winners Announced

Announcement has been made of winners of Taylor's Studio baby contest, which was conducted recently. Debbie Menefee, daughter of Mr. and Mrs. Duane Menefee, received a colored photograph as first prize. Second place went to Rane Parr, daughter of Mr. and Mrs. Ira Bruce Parr, who was awarded a gold tone photograph and third place, also a gold tone photograph, went to Boyd Pipes Jr., son of Mr. and Mrs. Boyd Pipes. The photographs are on display at Roberts Furniture.

## A YEAR OF GRACE

As we look back over the past year, two great mountain peaks, as it were, loom up before our eyes—the mountain of our sin, and the mountain of God's grace.

The past year, we must confess, has been a year of sinning for all of us. But it has also been a year of God's grace, either accepted or rejected.

As the Bible puts it: "Where sin abounded, grace did much more abound." No matter how great our failure to measure up to God's expectations, His love is great enough to cover it.

Christ, the son of God, has made amends for every sin of last year and for every sin of every year.

For those who have found forgiveness in the Christ of Christmas, the coming 12 months will be another BLESSED NEW YEAR, for they will be another year of grace.

Our church is anxious to assist you in making this coming year a BLESSED YEAR.

## Something To Think About

6th. Street Church of Christ  
Box 515 -- Friona, Texas

Loyalty to certain men, and the formation of a party around them, is due to a party spirit that has no place in the company of true Christianity. Instead of desiring to build up the body of Christ, these men and their followers build up a party or a sect, that is opposed to the basic teaching of our Lord. Loyalty to such men is characterized by the following attitudes: The leader of this party is far superior to others; his views of Divine truth are more exalted; his powers of mind are more wonderful; his character and life more spiritual; his ecclesiastical discipline more strict and holy; and thus, his loyalty to man exceeds his loyalty to God. This party spirit was found at Corinth and was manifested in the party attachment which some individuals had for Paul, others for Apollos etc. All who are affiliated with certain religious leaders of movements should ask these questions: Do you accept all that is taught for no other reason than that they stand for it? Do you resent any suggestion that that person or movement is wrong in what it teaches? Do you think it sounds so good that it has to be good? Do you say that such a good, honest, man can't be wrong? Do you find yourself listening only to those who please you? If so, then you may very well have passed the danger line. Think on these things."

**Waterproofing Trick**  
Daubing leather boots with waterproofing dressing and rubbing it in with the fingers is a messy job to say the least. You'll find it much easier to heat the dressing until it becomes thin, and then paint it on with an old brush. The thinner dressing also penetrates the leather better.

## SOUND CREDIT

Is the foundation on which the successful agricultural operation must be built. . . . The use of credit becomes increasingly important in providing needed capital for the expanding farming and ranching operation.

The Plainview Production Credit Association offers many advantages as the agricultural credit center for its eight-county area of the Texas Panhandle.

### SPECIALIZED

- Personnel experienced in all phases of agricultural credit
- Deals only in agricultural credit
- Intimate knowledge of needs and requirements of its borrowers

### DEPENDABLE

- Nation's largest organization of its type
- Unlimited loan funds available from the nation's money market, through the Intermediate Credit Bank at Houston as discount agency
- Funds not affected by local and area conditions
- Owned and operated by stockholder-borrowers, able to make most any size of loan

The Plainview Production Credit Association can make loans for practically any type or size of agricultural operation and for almost any purpose.

- Operating loan
- Capital Improvements
- Pay off existing indebtedness
- Land Purchases

Visit the office nearest you to see how the Plainview Production Credit Association can provide complete agricultural credit services.

# come to church Sunday

Gazing ahead at the New Year is something like standing on the ridge of a high hillside and looking out over a valley. From the high and lofty perch the view is truly thrilling. Yet, from the ground level the view is quite different. There is not the same kind of beauty when we look at life close up. The sense of awe and perspective is lost. We are apt to lose the sense of wholeness when we walk through the valley. We find that there is clutter on the ground and the trees look rather thin. There are thorns on the branches and the walking is hard. But we go on and suddenly we find a small stream rushing like quicksilver over some moss covered rocks and our breath is taken away. This view is a piece of the whole and we must see it in regard to the whole.

It is one thing to find life meaningful from a hillside ridge and quite another to discover its meaning in the valley below. It is good to take a long look ahead this new year and find the view worthwhile, but let us also enter into the heart of the year and give meaning to the pieces and fragments.

"He leads me beside the still waters; he restores my soul. He leads me in paths of righteousness for his name's sake. Even though I walk through the valley of the shadow of death, I fear no evil; for thou art with me. . . ." (Psalm 23)

ON OFFENSE, DEFENSE

# Sophomores Pace Squaws In Non-District Play

The Friona High School Squaws, who open district play Friday at Muleshoe after hosting Farwell tonight, have been paced by sophomores so far in non-conference play, both on offense and defense.

Amette (Tito) Jennings is the leading scorer through 15 games for Coach Baker Duggins' team, with 326 points on 128 field goals and 70 free throws, an average of 21.6 points per game.

On defense, sophomore guard Glenda McClellan is the leading rebounder, with five rebounds per game. Figures on rebounds include only five games, since tournament games aren't ordinarily charted.

Charlotte Nettles, junior forward, is the second leading scorer, with a 16.1 point-per-game average. Miss Nettles, the team's top free-throw shooter, has 121 points at the free throw line, over half of her total.

According to the games in which defensive statistics have been tabulated, Miss Jennings also paces the forwards in rebounding, with a 3.8 per game average, second on the team. She is followed by guards Kay Burleson and Sandra Hoover in this department.

The Squaws are averaging 53.3 points per game with exactly 800 points scored, and have given up 605 points, an average of 40.3 per game.

The Squaws' biggest offensive showing was in the second game of the year at Farwell, when they scored 68 points, and their lowest point production was at Sundown, when they lost, 49-42.

The fewest points scored against Friona girls was by Canyon in the season opener, 12, and the most was by the Wayland College "B" team, in a

62-55 win over the Squaws. Highest individual scoring so far this season has been by Jennings against Dimmitt in the Happy Tournament finals. She hit 35 points, on 13 field goals and nine free throws. Nettles scored 31 points at Farwell, 23 on free throws and four field goals.

The season record is 11-4. Scores have been as follows: SQUAWS 60, Canyon 12; SQUAWS 68, Farwell 18; SQUAWS 51, Tulla 49; Claude 45, SQUAWS 34; Sundown 49, SQUAWS 42; SQUAWS 56, Olton 45; SQUAWS 53, Adrain 36; SQUAWS 62, Nazareth 31; SQUAWS 55, Dimmitt 48; SQUAWS 58, Canyon 21; SQUAWS 55, Brewer 51; SQUAWS 47, Claude 40; SQUAWS 56, Tulla 45; Wayland "B" 62, SQUAWS 55; Sundown 53, SQUAWS 48.

NEW YEAR'S SCENE. . . This is the way many Friona living rooms looked Tuesday, as sports fans had their fill of football on the yearly New Year's Day bowl lineup.

## News From LAZBUDDIE

BY MRS. C. A. WATSON

Mr. and Mrs. Raymond Houston and Gene accompanied by Mr. and Mrs. Clyde Redwine visited in Slaton, Christmas Day in the home of Mr. and Mrs. David Lynch.

Mr. and Mrs. W. M. Parham from Merkel have been visiting in the home of Mr. and Mrs. Eulan Parham.

Mr. and Mrs. Gene Fox, Mike, Toni and Joe visited in Albuquerque in the homes of their parents Mr. and Mrs. J. N. Reeves and Mr. and Mrs. Bernard Fox.

Sunday evening guests in the home of Mr. and Mrs. Willie Steinbock were Mr. and Mrs. H. D. Hutcheson, Cloudcroft, Mr. and Mrs. Theron Vaughn and Raymond Treider.

Guests in the home of Mrs. Laura Treider, Christmas Day were Mr. and Mrs. Joe Cox, Bovina, Mr. and Mrs. Ernie Hanson, Big Square and Mr. and Mrs. Raymond Treider, Lazbuddie.

Weekend guests in the home of Mrs. Treider were Mr. and Mrs. David Brown and Jennie from Lordsburg.

Mr. and Mrs. Raymond Treider Jr. and family visited during the holidays; with Mr. and Mrs. Ophelia Cantrell in Ada, Okla.

Mr. and Mrs. Glen Lust are the parents of a son born Christmas Day. He weighed 7 lb. 6 1/2 oz. and has been named David Glen. Grandparents are Mr. and Mrs. Frank Hinkson and Mr. and Mrs. Vern Lust.

Mr. and Mrs. Dean Hinkson and Mr. and Mrs. Charlie Winham from Nebraska visited with the Frank Hinksons recently.

Mr. and Mrs. T. O. Lesly visited with Mr. and Mrs. Leon Corner of Farwell, Christmas Day. They were guests in the home of Mrs. Una Lesly in Ralls Thursday.

Lt. Howard Watson flew a plane to San Antonio and brought another plane back for the Muleshoe airport Saturday.

December 26, were Mr. and Mrs. Kermit Davis from Deming, New Mex. and Mr. and Mrs. O. M. Jennings, Muleshoe.

Mr. and Mrs. James Robinson spent the Yule holidays in Florida.

Mr. and Mrs. Darrell Jennings visited Mrs. J. O. Webb, grandmother of Mrs. Jennings during the holidays.

Miss Jane Bruns has been visiting her sister Mrs. Joe Patten in Amarillo over the holidays. The Patties returned Jane home Sunday and joined other family members for the 50th anniversary reception of Mr. and Mrs. Fred Bruns near Muleshoe.

Marsha Schuman was the lucky winner of a bicycle presented by an appliance store recently.

Visitors in the Rufus Carter home over the weekend were Mrs. Janie Baker, Danny, Joe and Debra from Big Springs; Mr. and Mrs. Jerry Bradshaw of Farwell, Jane Hubbue, Lewis and Janie Bradshaw also of Farwell.

Mr. and Mrs. George Haskins visited in the home of their son J. B. Haskins, Levelland; Christmas Day and in the home of another son, Edwin, in Lubbock. Gary Lynn Haskins returned home with his grandparents for a visit.

Mr. and Mrs. Jim Gordon, Midland were recent visitors in the home of Mr. and Mrs. Bert Gordon.

Otto Orbieter of Yale, South Dakota visited with R. B. Seaton during the holidays.

Birthday greetings to Ronnie Nell Davis, Mary Ellen Garza, Dean Watkins, Scotty Windham, Barbara Woodard, Larry Cox, Fred Wilbanks, Marsha Johnson, Bobbie Rigney, Glenda Sue Tanner, Gene Fox, Eddie Herrs and Beverley Smith.

A cowboy went to a psychiatrist in a depressed state of mind. "I've been home, home on the range, where the deer and the antelope play," he lamented, "and all I hear is discouraging words."

**Easy Does It**  
NICE. PARIS (UPI) — French housewives are getting a practical lesson in electronics at a new discount supermarket in Nice.

**Machines Talk**  
NEW YORK (UPI) — New vending machines in West Berlin are nicknamed "politeness" because they say "many thanks" to customers. Progressive Grocer, a trade publication, says the message of gratitude is expressed on a tape recording in "a very pleasant woman's voice." Products sold this way include fresh fruits, cigarettes and handkerchiefs.

At the store — a superdis — everytime the shopper sees something she wants, she just picks up an IBM punched card near the merchandise. At the check-out counter she gives the cards to the clerk and a machine chews on them, spitting out invoices. One copy goes to the shipping department.

# Gas Users Call Annual Meeting January 10 At Hub

## THE HIGH PLAINS FARM AND HOME

### Little Change Anticipated For 1963 Farm Picture

The outlook for the year ahead indicates relatively small changes in farm product prices, production and marketings, says John McHaney, extension economist. Total net income of farm operators is expected to be near the levels of the past two years. The decline will continue, he adds, in both farm population and farm numbers. Thus, the average per capita income of farm people from all sources and per farm

income, at a record high in 1962, will continue to rise in 1963. Present indications point to a small increase in farm output compared with the past three years but will depend upon growing conditions and the impact of 1963 programs dealing with acreage and production, the economist says. Livestock production is expected to continue upward but crop output is expected to change very little from levels of the past two

years. A gradually expanding domestic market absorbed a record quantity of farm products in 1962 and is expected to continue in the year ahead. The high level of agricultural exports is expected to be maintained but the long-range future is clouded by the developing policies of the European Common Market, McHaney says. As for prices, McHaney sees little change in those for crops

but the increase in livestock plus a relatively stable domestic demand could result in slightly lower prices. The prices paid for production items by farmers is expected to continue their steady rise and the cost-price squeeze will continue, he adds. Total farm assets in the nation on January 1, 1962 were up \$7.5 billion from a year earlier and \$41.1 billion from 10 years ago. They increased three per-

cent during the past year, due primarily to the further increase in land prices. Farmer equities have gradually declined from \$91 per \$100 of total assets in 1952 to \$87 per \$100 of total assets in 1962, and \$86 on January 1, 1963. The total debt owed by farmers and ranchmen on January 1, 1963 will be up about six percent from a year earlier, the economist reports. During the next several years,

the outlook is for more competition among areas and producers; more commercialization and vertical integration in agriculture and more stabilization in farm production. This will depend, however, on national and international conditions, new technology and government programs, concludes McHaney.

The Farmer County Irrigation Gas Users Association will hold its annual meeting Thursday, January 10, at 7 p.m. at the Hub Community Center. The meeting will be important in that the organization must decide its position in its battle for farmers to be able to bargain for the price they pay for gas for irrigation purposes. Last year, the group, through its parent organization, the Plains Gas Users Association, sought legislation to place Pioneer Natural Gas, supplier of gas to this area, under the jurisdiction of the Texas Railroad Commission, which would become an "appeal" body for the farmers.

Legislation was narrowly defeated last year, and this year's plans, at least on the county level, are to be made at the meeting. Some new directors are also to be elected. Directors' terms for Precincts two and three are expiring. They are currently held by Marion Carson and Vernon Symcox. Also, the county secretary-treasurer's office, currently held by Carl Schlenker, is expiring. Other directors are Ellis Tatum in Precinct 1, and E. T. Ford in Precinct 4. Both have a year to go on their terms. Dues for the organization are also due, states Bruce Parr, president. Dues are \$2 per irrigation well per year.

"We need to find out if farmers in this area want the organization badly enough to fight for their rights," said Parr. He urged every farmer in the county to attend the meeting, to voice their opinion. Coffee and doughnuts will be served. The officers of the county association will bring members up to date on what has happened during the past year, what the issues are, and then find out what the group wants to do during the coming year. Delegates from the county organization will report to a meeting of the Plains Gas Users Association at its next meeting.

"Most people ask me--'What are you fellows going to do now?'" says Parr. He says the answer to that question is "Just what you want us to do. Come to the meeting and tell us." Parr emphasized that the gas users group was not a protest group. "The issue is whether or not a farmer has the right to bargain for the price of gas against a monopoly. Our supplier is a monopoly, and we need to bargain," Parr said. The Gas Users officials warned that if the organization were to fall apart now, it would take 10 times the effort to get it back to the point to which it now is. Concerning legislation, the officers feel that with an earlier start this year, something can be passed this time. "We were told that we did remarkably well last year considering the time handicap we started under."

### Research Award Scheduled For Conference

The recipient of the Cotton Genetics Research Award will be announced during the Beltwide Cotton Production-Mechanization Conference in Dallas January 10-11, according to the National Cotton Council. The award, consisting of cash and a plaque, is made to an outstanding scientist as a means of recognizing and encouraging basic research in cotton genetics, cytogenetics, and breeding. Established in 1961, it is supported by U.S. commercial breeders in cooperation with the Council. To be held at the Statler Hilton, the conference program will highlight the latest information on producing better quality cotton at a lower cost. All interested persons are invited, and there will be no registration fee. A series of technical meetings on January 8-9 will precede the conference. Groups include the Cotton Insect Research and Control Conference, Cotton Disease Council, Cotton Improvement Conference, and the Cotton Defoliation-Physiology Conference. State and federal research and education workers will attend these meetings.

The first car race was from Paris to Rouen in 1894.

### FOOTSAVING EDUCATION

by James E. Edwards  
Do tight shoes cause a child's little toe to turn in? Yes, but don't believe that all curved little toes are deformed by shoes. The fact that the little toes of newborn babies are rarely straight argues against using the word "deformed."

Whatever the cause, it is comforting to know that crooked little toes will not affect the child's gait or posture. A person can walk normally if all but the great-toe are missing, but cannot walk without a limp if the great toe is lacking. The onset of foot-saving is to keep that great-toe normal and the need for education is demonstrated by the fact that, when open-toe shoes were designed, the manufacturers had to put the opening for the great-toe in front of the middle of the foot.

# County To Elect Official For Water District Board

Parmer County residents go to the polls Tuesday to elect a new committeeman for its High Plains Underground Water District board.

Wendol Christian and Webb Guber are the candidates for a two-year term. The term of Lee Jones is currently expiring.

John Gammon of Lazbuddie will have his name on the ballot

for a two-year term on the Board of Directors for Precinct 3, which covers Bailey, Castro and Farmer Counties. Gammon is up for re-election, and is unopposed.

Four polling places will be located in Parmer County. They will be as follows: Friona--City Hall; Bovina--Wilson and Brock Insurance Agency; Far-

well--Courthouse; and Lazbuddie--High School.

Any qualified voter who lives within the High Plains Water District is urged to vote in this election.

District spokesman state that in the past, many have had the mistaken idea that to be eligible to vote, one must own farm land or operate an irrigation well. This is not true. Any resident who has a valid poll tax receipt or exemption may cast a ballot. The barber, grocer, attorney or housewife is urged to vote as well as the farmer and industrialist who directly use underground water.

All persons have a stake in matters concerning underground water, it was pointed out --all pay taxes for the maintenance of the District's activities; consequently all have a voice at the polls.

Voters must cast their ballots in their home county; although they may vote at any polling place in the county.

# Florida's Freeze Changes USDA's Plentiful Food List

The damaging freeze in Florida at mid-December caused a revision in the U.S. Department of Agriculture's plentiful foods list for January.

Food shoppers, says the Texas Agricultural Extension Service, will find Irish potatoes a good January food bargain and the same goes for fresh pears, and red tart cherries -- both frozen and canned.

Stocks of fresh pears are much higher than last year at this time since fall movement was on the slow side and the crop was up 5 percent.

Supplies of red tart cherries are near a record high for January and prices are averaging about 20 to 25 percent below

a year ago.

The Florida freeze caused the USDA to remove from the plentiful list both oranges and grapefruit and also cabbage. Supplies of cabbage, however, are expected to be sufficient to take care of consumer demand.

In compiling the plentiful food list, the Agricultural Marketing Service keeps a close check with production and the local and national food trade and other sources to determine what foods are in heavy enough supply to rate a spot on the monthly plentiful list, the Texas Extension Service said. The January revision is an example of how the list is kept up-to-date.

The only purple colored animal in the world is the blesbok, a small South American antelope. . . Honey bees carry water as well as honey. . . The sloth eats so slowly that by the time it finishes one meal it's time for the next. . .

**New Type Target**

You probably have used every type of gun target in your search for novelty.

Here's how to make a new kind of target for practice shooting.

Draw a bullseye on an old window shade, then mount roller and shade onto two stakes equipped with brackets. Pull down shade and start shooting.

Bullet holes can be patched with tape.

**Inexpensive Archery Target**

You can buy elaborate and expensive archery targets, especially the kind that is stuffed with hay and covered with bright oilcloth. But hard shooting soon fills any target full of holes.

So why spend a lot of money when an equally effective target can be made at home from an old tire, rags, and two pieces of tough corrugated board.

Fit tire opening with cardboard--one to each side--then draw on bullseye, pack inside target with rags. Then start shooting.

# Poultry Raising Becoming More And More Scientific

The "chicken farmer" of the past would not recognize the modern "poultry producer" of today as his younger contemporary. According to C. B. Ryan, Department of Poultry Science, Texas A&M College, there has indeed been a great change in the industry since the days when raising the chickens and gathering the eggs was the extent of the poultryman's job.

Today's poultry producer is often a college graduate or at least has received some scientific training in poultry science, says Ryan. In the future more and more education will be necessary for the poultryman who is to compete economically in the business, he adds.

The future college graduate in poultry science will have a better knowledge of the anatomy and physiology of the chicken and turkey which will enable him to understand and cope with the problems of poultry production. And yet, he must have more than just technical knowledge to compete in the industry in the future, Ryan says. He will

need to know about the business world around him and be able to discuss any phase of his job intelligently. Thus, graduates in the field will need more training in English, mathematics, the humanities, science, business administration and a strengthened agricultural curriculum.

Due to a demand for researchers a greater number of graduates will be taking advanced degrees in the future and they will learn to become team men, Ryan believes.

"Don't take Poultry Science in the future if you are looking for an easy course. The intensified training will make it more difficult, not easier," is Ryan's advice to future poultrymen.

# Lubbock Classing Office Has Chance To Catch Up

W. K. Palmer, Officer-in-Charge of the Lubbock Cotton Classing Office, reported that the classing office had about 100,000 samples carried over on December 28. He went on to say that the bad weather had cut down sample receipts and that the classing office should make good progress in depleting the large carry-over by the first of the year.

For the week ending December 28 the Lubbock Office classed 191,000 samples. This adds up to 1,218,000 samples for the year. The Lamesa office had reported 19,000 samples classed for the week. For the year that office has classed 150,000 samples. A carry-over of 2,000 samples was reported at Lamesa. At Brownfield 33,300 samples was classed and a carry-over of 2,000 was reported. The total samples classed at Brownfield is 226,000.

To date 1,594,000 samples have been classed on the South Plains. This compares with 1,717,000 samples classed at the same time a year ago. Last year at this time the Brownfield office was closed for the

season.

White Cotton accounted for 33 percent of the cotton classed. The distribution for the white grades was: Middling one per cent, Strict Low Middling 21 per cent, Low Middling Plus two per cent, Low Middling eight per cent and Strict Good Ordinary Plus and Lower one per cent. Strict Low Middling Light Spotted accounted for the largest percentage with 35 per cent. Middling Light Spotted was 20 per cent and Low Middling Light Spotted was seven per cent. Of the cotton classed four per cent was Spotted and one per cent was Tinged.

The average staple length improved from 29.7 thirty-seconds of an inch the preceding week to 29.8 thirty-seconds of an inch this week. The majority of the cotton continued to be 15/16" with 61 percent. The breakdown for the other staple lengths is: 7/8 inches one percent, 29/32 inches 28 per cent, 31/32 inches eight per cent and one inch and longer two per cent.

The percentage of the cotton with micronaire readings of 3.4 or below continued to increase this week. Twenty-four per cent of the cotton miked 2.9 or below. The range of 3.0-3.4 accounted for 37 per cent. Thirty-nine per cent miked 3.5 or better. Seven per cent of the cotton was classed as wasty.

According to H. A. Poteet, Secretary of the Lubbock Cotton Exchange, 28,000 bales were

reported purchased for the week ending December 28. This compares with 49,500 bales last week and 96,000 bales for the same period last year.

The spot quotations committee raised the quotation for Strict Low Middling Plus, Strict Low Middling, Low Middling Plus and Low Middling. At the same time they lowered quotations on Good Middling Light Spotted, Strict Middling Light Spotted, Middling Light Spotted and Strict Low Middling Light Spotted. Middling 1 inch quotations remained 32.55 and compares with 32.85 at this time last year. Spot quotations for the grades predominant in production are: Strict Low Middling 29/32 29.60, Strict Low Middling 15/16 30.10, Low Middling 29/32 28.45, Low Middling 15/16 28.95, Middling Light Spotted 29/32 29.70, Middling Light Spotted 15/16 30.20, Strict Low Middling Light Spotted 29/32 28.90 and Strict Low Middling Light Spotted 15/16 29.40.

*The rabbit has a bulging curved eye that enables him to see rearward. . . The baby hippopotamus weighs about 100 pounds at birth and can swim before it can walk. . . The giant tortoise can live more than 150 years. . .*

**Tip For Reload**

Today, more and more gun enthusiasts, hunters, and trapshooters are loading and reloading their own ammunition. Some even cast their own rifle bullets.

If you are one of the latter breed, you no doubt have had trouble with impurities in your lead. To prevent this, next time you melt up lead, put a small piece of pure beeswax in the melting pot.

Wax causes impurities to rise to the top where they can be easily removed.

**Decoy Range Finder**

Even experienced hunters find it difficult to accurately gauge shooting range, especially from a duck blind.

Overcome this difficulty by

The largest hail-stones ever measured in the USA weighed 1 1/2 pounds, was 17 inches in circumference and almost 5 1/2 inches in diameter.

# Lubbock Is Host For National Hampshire Conference

Lubbock will be the host city for one of the most significant swine growers educational events ever held in the southwest January 7 and 8. The occasion will be the Na-

tional Hampshire Meat Hog Conference and the place will be the Panhandle South Plains Fairgrounds.

Some of the top minds from all segments of the swine industry have been called together to help stage this educational program. These men include packer hog buyers, breeders, college swine specialists and nationally recognized hog judges.

Using live animals those people attending will have an opportunity to take part in a down to earth discussion of type and conformation as it relates to an efficient, market topping meat hog. This type discussion is the meat of this conference. If you are a hog producer you should be interested in this type discussion part of this conference program.

This meat hog study will start at 10 a.m. on Monday, January 7 and will be completed that day. An official type committee of experienced people will guide the type discussion.

Chairman of the type committee will be Francis Callahan of Milford, Ill., a breeder and a farmer hog-man, who has judged hogs of all breeds in practically every state. He has also bought hogs on the market. His daughter showed

the grand champion barrow over all breeds at the 1960 International Livestock Show, a Hampshire that sold for \$4,715 following the show.

Another capable committee member is Bernard Ebbing, swine specialist for Rath Packing Co., Waterloo, Iowa. Ebbing is nationally recognized for his leadership in promoting county barrow and carcass contests, as a judge in major national and state swine shows and as chairman of the original Meat Certification Education committee. In 1961, he received National Hog Farmer's Outstanding Service to the Swine Industry award.

Texas' own T. D. Tanksley, Texas A & M swine specialist joins the many other noted swine authorities on the committee. Tanksley is widely known for his judging experience and as a member of the championship judging committee at the 1962 National Barrow Show.

Serving as moderator of the type discussion is Jesse Belle, Fresno State College, Fresno, Calif. Belle is swine specialist at the Pacific Coast school which has produced many champion barrows in state and national shows.

The following prominent

Hampshire breeders round out the committee: Larry Tackitt, Happy; Sears Kock, Jr., Anadarko, Okla.; Wilbert Meinhart, Hudson, Iowa and Jim Walsh, Beloit, Wis.

You have to know what makes

a meat hog if you want to breed him, grow him, buy him, sell him or process him say Hampshire officials. Here is a program of interest to all folks connected with the hog business.

## WITH THE COUNTY AGENT

### DERYL COKER

The year 1962 is history now, and for the majority of us it has been a very successful year. We have just harvested one of the finest grain sorghum and the finest cotton crop to date, and it is time that we all started making plans for next year's crops.

In making plans for next year, we should consider rotation and give our soil every chance to remain fertile and

productive for us. With all the diverted acres that we will have in 1963, it will be an excellent time for us to clean up Johnsongrass and bindweed or other noxious weeds. With the diversion acre payment and the ACP Payment added together will nearly pay for bindweed control and we may never have a better opportunity than the present to get our farms cleaned up.

From now until spring there is a danger of grass fires. There never has been a winter or early spring in which we haven't failed to have high winds. Ground cover is very dry, and once a fire has gotten a start, its control is difficult. Prevention, thus, becomes even more important.

Fire at this time will not only deprive the stockmen of much-needed forage but will also cause other damages. The vegetative cover and organic material necessary for natural fertility and for maintaining good soil moisture holding capacity will be destroyed along with seedlings of grasses and other valuable forage plants. The long-time effect can be more costly than the immediate losses.

Among the major causes of wild fires are careless burning of trash around the home and using fire in land clearing or land preparation for plowing. Too, a carelessly tossed match or cigarette by a passing motorist can start a fire that may go unnoticed until it is out of control. Motorists are urged to be doubly cautious when driving through range or soil bank areas.

Most wild fires can be prevented and let's all do our part in preventing such fires.

**Farm Supply Store Holds Open House**  
 Farmer County Farm Supply will hold its grand opening Saturday in Friona. Located east of Friona on U. S. Highway 60, the company occupies the former location of Associated Growers.  
 The company will feature all kinds of fertilizers, farm hardware, irrigation supplies, Texo feeds and seeds, veterinary supplies and tools.  
 Free coffee and Spadnuts will be served all day. A door prize drawing will be held at 6 p.m. Three prizes will be given away, a comfort tractor cover, a tractor seat cushion and an electric coffee percolator.  
 A. L. Hartzog and Bud Crump, who have farm stores in Bovina and Hub, are owners of the business. Paul Craig is manager.

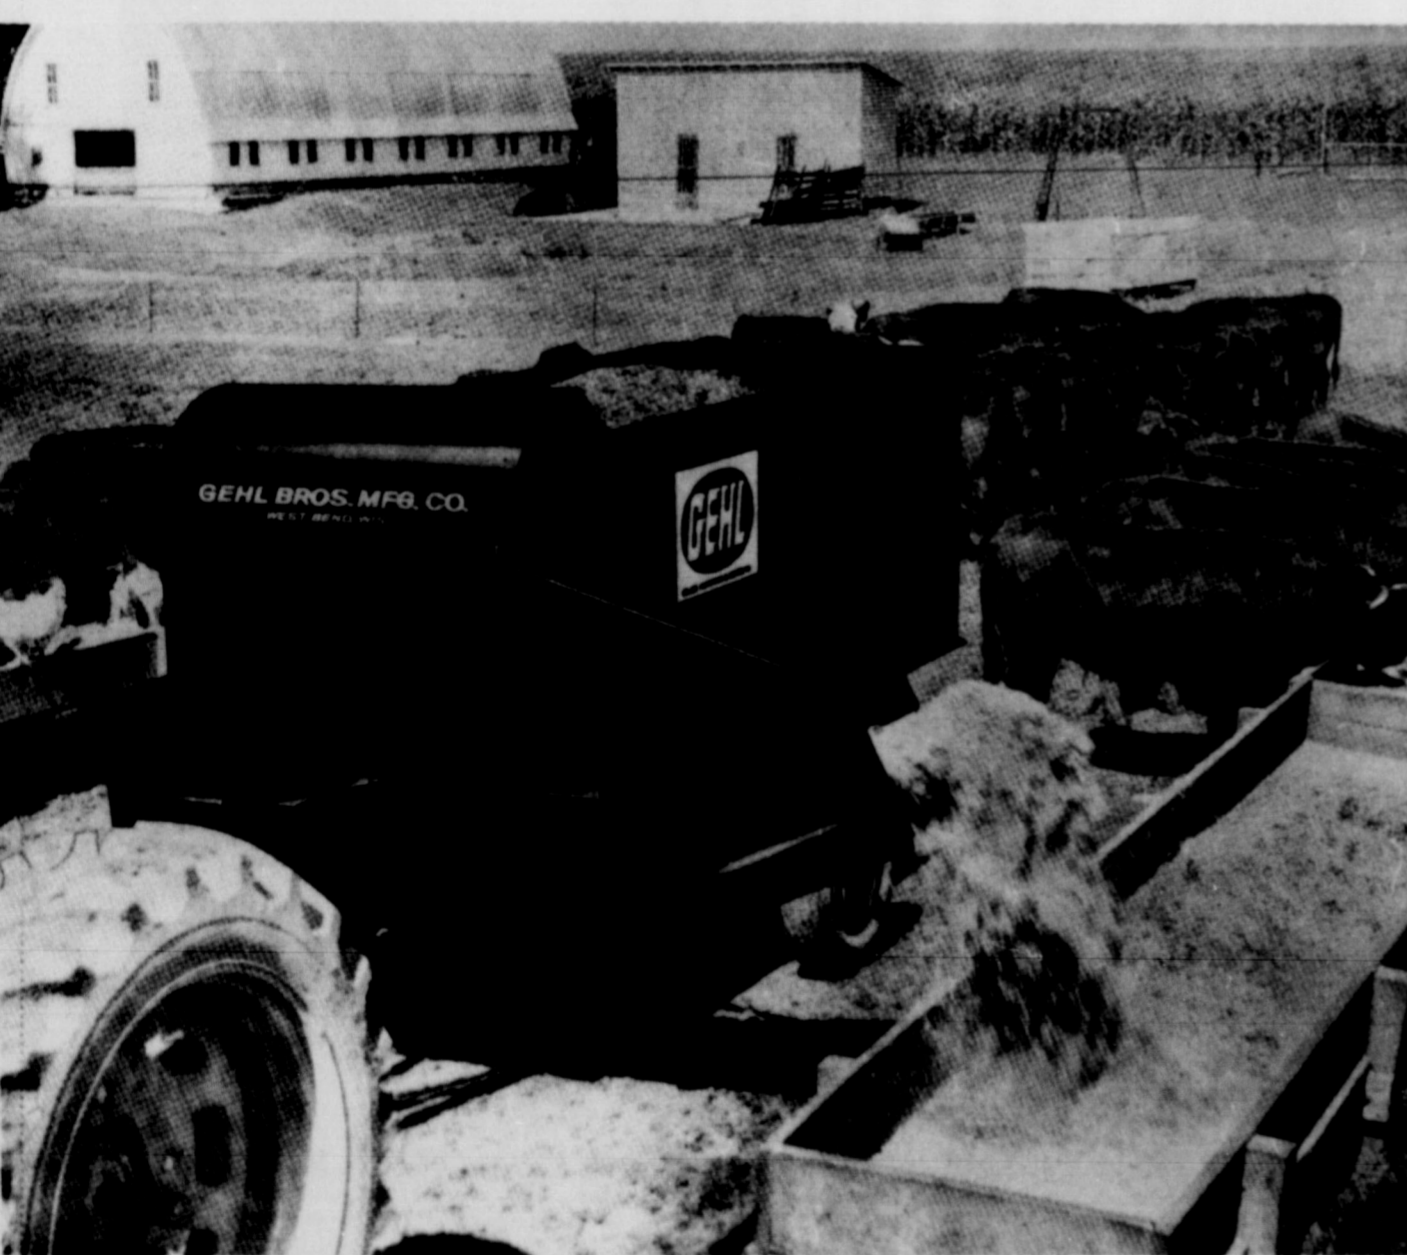

**Farm Facts**  
 Experiments at Pennsylvania State University reveal it is possible to change a cow's milk fat percentage and fat composition. Researchers there now are trying to learn whether milk composition can be influenced in any particular direction.  
 Success, says Dr. Robert D. McCarthy of Penn State, could mean cows could produce milk for ice cream, cheese, or specific diets.  
 He and his associates are experimenting with control of bacteria in the rumen, key to development of tailor-made milk.  
 "The rumen, one of four stomachs, is a versatile fermentation vat where bacteria are influenced by the type of feed a cow eats," Dr. McCarthy explains.  
 "When you change food materials, sometimes you favor one bacteria over the other. The change in feed may strengthen certain bacteria and weaken others."  
 This changes the products of fermentation, likewise changing the material available for milk production. Such chemical changes in nutrients will influence composition of the milk.  
 Tailor-made milk may some day be a reality.

**New Washington Russet Potato Leaf Is Appetizing With Meat or Fish Dinners**  
 Busy homemakers will welcome this flavorful new potato leaf that can be prepared in advance, then popped into the oven before serving. Delicious with meat or fish dinners now when the choice Washington State Russet Burbank potatoes are newly harvested and in good supply. Washington State potato growers say that their all-purpose Russets have a better flavor because they are grown in mineral-rich lava soil and that their fine-grained texture makes them ideal for any kind of potato serving.  
**PIMENTO POTATO LEAF**  
 1/2 cup butter or margarine  
 6 tbsps. flour  
 1 tsp. salt  
 1 1/4 cups milk  
 1 tsp. minced green onion  
 1 tsp. prepared mustard  
 1/2 cup chopped green pepper  
 3 tbsps. chopped pimento  
 6 medium Washington Russet potatoes, boiled  
 Grated American cheese  
 Melt butter and blend in flour and salt. Stir in milk, onion, mustard, green pepper and pimento. Cook and stir until mixture boils and is thickened. Slice boiled potatoes and mix with sauce. Turn into oiled leaf pan, packing mixture firmly. Chill thoroughly in refrigerator. Turn out onto shallow baking pan and sprinkle lightly with cheese. Bake in moderate oven (350 degrees F.) about 40 mins., until cheese is melted and leaf is heated through. Makes 6-8 servings.

**IF Ducks Flare Away**  
 Ducks that flare in alarm from big, solid blinds will readily come to a bit of brush or a scattering of loose grass that hardly fizzes a gunner's outline.  
 Just be sure to build your spare blind with materials you gather on the spot.  
**Stop Dog's Barking**  
 A barking dog—especially at night—is an abomination to neighbor and master alike.  
 Prevent your dog from annoying neighbors and keeping your own household awake by using a simple trick.  
 Attach a lawn hose to your dog's pen, the nozzle set for a wide spray. Whenever dog starts barking, turn on the water so he will be sprayed. Usually a few treatments will be enough.  
 But be sure he doesn't see you do it.  
**Replace Leather Dog Collar**  
 Many a good hunting dog has been choked to death by a leather or chain collar. This can easily be avoided.  
 Just attach the dog's identification plate to a half-inch-wide elastic band collar.  
 Then, should the pooch hang up on barbed wire, brush, or other impediment, he can, if necessary, slip out of his collar and escape strangulation.

# Over 80,000 Bales Ginned; Crop Seeks Record

Parmer County's 1962 cotton crop, which outstripped all estimates and roared to an all-time record, now has its sights set on the state's all-time yield record, and may annex that title to those it already holds.

A survey early this week showed that the county's 16 gins had ginned a total of 80,525 bales of cotton with "everything about over except the shouting."

And they are liable to be shouting about this 1963 crop for a long time to come. About 49,000 acres of cotton were planted in the county, which places the countywide average yield at 1.7 bales per acre.

While the ginning figures are not 100 per cent accurate in the instances of cotton being ginned from out of county, they are nevertheless accepted as a fairly

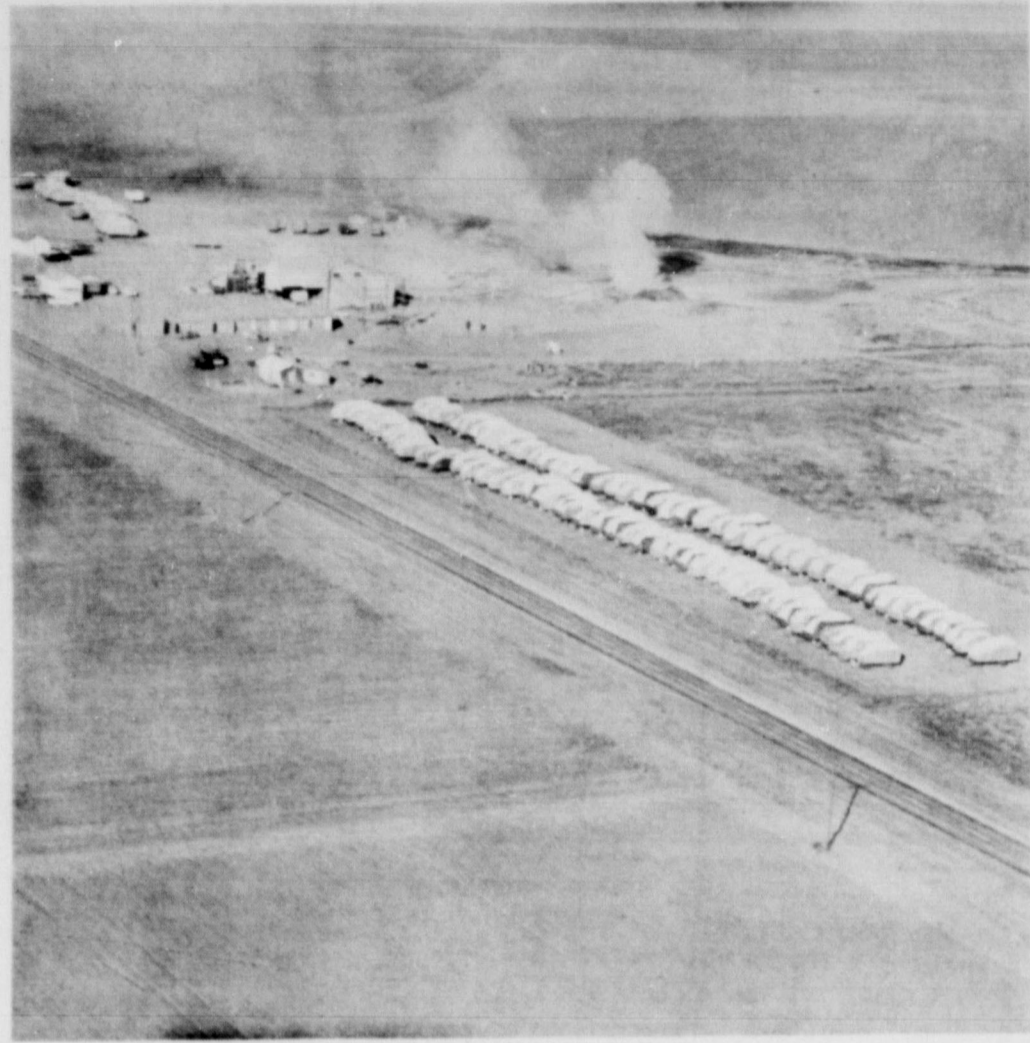

accurate means of determining the county's production.

Ginners throughout the county estimated that only about another 1,000 to 1,500 bales would be ginned in addition to the 80,525 reported. This week's figure represented a gain of only 6,772 from the previous survey two weeks ago, indicating that the harvest is about through.

Farmers were thankful not only for the highest yields in the county's history, but for one of the nicest fall harvest seasons on record. The harvest was delayed only a couple of times for just a day or two at a time; otherwise the past month or so represented practically perfect harvest conditions.

Ginners in the Friona-Bovina-Hub area, which accounted for approximately 45,000 bales of the county's total, expected only a handful of bales to come in after the first of the year.

The southern part of the county, which was somewhat later getting started, was expected to furnish the lion's share of these late bales. Of all the gins in Parmer County, only two in the Lazbuddie area were still behind in their ginning as of Monday, and these anticipated about 200 additional bales each before the harvest was finished in their area.

CLAY'S CORNER GIN typifies gins throughout Parmer County, as it had bales of cotton lined up adjacent to State Highway 214 when this photo was made last week.

County, which may turn out to be at least 20,000 bales under the actual harvest.

This is the way the county's all-time cotton production figures will look after this year's crop:

YEAR	BALES
1962	80,525*

1958	60,579	1959	40,917
1961	60,029	1960	39,937
1956	58,827	1953	36,020
1957	52,732	1952	35,923
1955	47,362		
1954	46,521		

\*Incomplete

## ASCS Office Has New Hours

The Farmer County ASCS office will open each morning at 9 a.m. instead of 8 a.m., beginning Wednesday, January 2, according to Prentice Mills, office manager.

The new office hours will be 9 a.m. to 5 p.m., as opposed to 8 a.m. to 5 p.m. in the past.

## Forgetful

COLUMBUS, Ohio (UPI) — State Welfare Director Mary Gorman was all smiles when the state board of control granted her department \$1.8 million in emergency funds to match new federal grants for old-age pensions.

But half an hour later her face was red. An aide returned to the board meeting and explained that Mrs. Gorman, busy getting the money for her department, had forgotten her purse.

Yields of two bales per acre in the county were common this year. Some of the top yields reported were by J. B. Wright, who farms south of Clay's Corner. Wright made almost three bales per acre on a 50-acre plot.

In the Oklahoma Lane area, Harold Carpenter had a 11-acre field which averaged two and two-thirds bales per acre.

Of the larger fields, one of the best yields reported was by Don McMahan, who ginned 339 508-pound bales from 175.6 acres.

The 80,525-bale figure compares to the former all-time high of 60,579 bales ginned in 1958. The final-season estimate for Parmer County by the Lubbock Cotton Exchange and Plains Cotton Growers on December 8 predicted a harvest of 61,000 bales for Parmer
