

THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

ONE TO GO—

One primary out of the way and one to go and the field has been reduced considerably. One good thing about this next one — it comes in 30 days and that's about the proper length of time for an election.

Hopefully, some day the powers that be will get around to putting some kind of limit on the length of political campaigns. As it now stands, we seem to always be having a race of one sort or another and in the case of the Presidency, it seems to go on for four years.

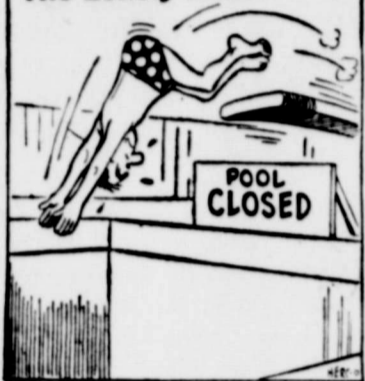

Anyway, as had been predicted, last Saturday's vote was an interesting one. There were some surprises — both locally and on a state wide-basis. Biggest eye-

The Rankin (Tex.) News — Thursday, May 11, 1972

opener on the local level was the small number of voters who turned out—even in Precinct 1 with a big Commissioner race. Approximately 1000 voters failed to show in Upton County—38 percent or about 4 out of 10.

Now where do you suppose all

**Nita Page Chosen
as RHS Student to
Science Symposium**

Nita Page, a student at Rankin High School, has been selected to attend the 12th Texas Nuclear Science Symposium for High Schools at the University of Texas at Austin June 5-8.

Roy Johnson, science teacher at RHS, will accompany her to the symposium.

West Texas Utilities Company, a member of the Texas Atomic Energy Research Foundation, joining with the University in putting on the symposium, will sponsor them.

Some 500 outstanding science students and their teachers from throughout the state are selected by their schools to attend the four-day meeting. Scientists and engineers for industry and education will discuss nuclear physics, nuclear engineering and related topics.

Two afternoons will be spent

touring the science laboratories at the university, including those where experiments sponsored by the Texas Energy Research Foundation are being carried on in the thermonuclear (fusion) research.

"We are pleased that we can make this opportunity available to these young people," Roff W. Hardy, President of West Texas Utilities Company said. "Attending the symposium should provide them with an excellent opportunity for learning more about the latest achievements in nuclear science."

Speaking at the opening session will be Dr. John J. McKetta, the chairman of the National Energy Policy Committee appointed by President Nixon.

Other noted speakers will include Dr. Stephen J. Gage of the White House Office of Science and Technology in Washington, D. C.; Dr. W. E. Drummond, director of the center for plasma physics and controlled thermonuclear research at the University of Texas; Dr. Harvey L. Cromroy, professor of entomology and nematology in the division of nuclear science at the University of Florida.

Also, Dr. R. E. Wainerdi, vice

president for academic affairs and professor of chemical engineering at Texas A&M; and Dr. Frank B. Salisbury of Utah State's department of plant science.

Dr. Samuel P. Ellison, Jr., dean of the college of natural science at the university in Austin, is chairman of the symposium.

Mr. Hardy said that West Texas Utilities Company is vitally interested in the foundation's nuclear fusion research program at the university as an important potential source of energy for electric power generation.

"Also, through our association with the university in this program," he said, "we are helping provide a field of research for some 80 graduate and undergraduate students from all over the state, and it gives us the opportunity to sponsor these annual high school symposiums."

**4-H Barbecue is
Thursday Night**

Upton County 4-H Club will hold their annual Achievement Barbecue Thursday, May 11. Time will be at 6:00 p.m. at the Rankin School Cafeteria.

All 4-H members, their parents and friends of 4-H are invited.

**Friends and Neighbors
from all over the place:**

The first primary is behind us.

To the other candidates, and to those who supported them, we would say thank you for a fair and friendly campaign.

To those who supported us, we feel like you already know that we appreciate your vote, and every encouraging word.

The second, or run-off primary, will be Saturday, June 3rd.

I will, of course, try my best to see each one of you personally; but, in any case, we want you to know that we want and need your vote and support in this election and will be sincerely grateful for it.

Study Club to hold

Final Meet Saturday

Saturday, May 13 will mark the final meeting of the current year for the Rankin Study Club. Featured will be a luncheon at 12 noon at Roy's Restaurant.

Prior to that, the Club will meet at 11 a.m. at the Rankin Park Building for a program and installation of new officers.

On the program will be a summation of the year's work, annual reports by club officers and a review of the club's history, to be given by Mrs. Sam Holmes.

New officers will include Mrs. president. Assisting her will be vice-presidents Mesdames J. Smith and Fred Welling; secretary W. O. Adams, treasurer Travis Bley, corresponding secretary H. Carter, historian Sam Holmes.

Parliamentarian Elizabeth Rains reporter Clint Shaw, critic Ralph

(Tex.) News —
May 11, 1972

big surprises of the vote.

Not surprising but interesting is the fact that big money can still buy things in Texas. The two front runners in the Governor's race, Briscoe and Farenthold, wound up paying something like \$1.00 per vote while it cost the losers even more.

So what about the run-off. At this point it looks like Briscoe all the way. Farenthold, a name few of us can spell or pronounce has an uphill fight against plenty of money and doesn't figure to hack it. Anyway, "Governor Sissy" just doesn't sound right.

Still, it's kinda sad — Briscoe's

apparently heading for the Governorship of Texas. The voters of the state have pretty well indicated that they want a change but seem destined to elect a man less in step and tune with the needs of the common citizen than we have, perhaps, ever had in the Statehouse.

Only one thing offers any personal consolation: when your taxes go up, when nothing is done about your insurance — and it continues to climb, when you lose a little more control of your local schools and your local affairs — when big state government gets even bigger—don't tell me your troubles. I didn't and won't be guilty of having voted for the man who will sign it into law — me and 710 others who did vote and about 875 who didn't.

Of course, there's always the chance that the Republican will beat Briscoe in November—about the same chance that Russia will go Republican also in November.

SAVING TIME—

From the "Catskill Mountain News", Margaretville, New York: The idea of daylight saving came from an old Indian chief who cut off one end of his blanket and had it sewed on the other end to make the blanket longer.

I wish the Democrats had put the question of daylight saving time on their ballot. It's interesting to note that the Republican vote on the question went pretty well in favor of the time change; but they didn't have a large enough turn-out to settle the question.

Maybe next time. In any case, it would be a hot issue.

COLD WEATHER—

What ever happened to those delightfully warm May days when one could loll in the shade and enjoy a balmy spring breeze? Many folk in Rankin still have the heat turned on and last week

end, it was two-coat weather if you were outside.

Charlie Hale and I — along with Pappy Boggs, Kelly King, Bill Varnadore and Jim Wells, tried to represent Rankin in the Iraan golf tournament. Before it was over we were telling them we were from Gurvin.

Ole Charlie, who was my partner, claims he's only 39 but I

don't believe him. I'm 40 and every time he or I would swing in that cold weather, the loudest thing you would hear pop would be our elbows.

Getting beat in golf matches is not new to me but getting beat a ton — that's going to take some getting used to.

I know now why Dunn Lowery has about given up the game.

**TO THE PEOPLE OF
MPTON COUNTY:**

Want everyone to know that I sincerely appreciate in a friendly and cordial manner in which you supported me during my campaign. Every person I had the opportunity of visiting with was friendly and makes campaigning a lot easier.

Those who supported me with their vote and word or two, I am especially indebted and I appreciate it.

BY W. M. (DUB) DAY
County Agent, Upton County

KOUNTY AGENT'S KORNER

A pecan nut casebearer was collected in Monahans on May 3. A few aphids have been detected on a few trees in the county. Also, a casebearer was found on

Monday. As soon as you read this, it might not be a bad idea to apply a spray of 25 percent wettable Malathion plus zinc sulfate to

your pecan trees.

This will kill aphids and also the casebearer larva if we have them around. The rate of the Malathion and zinc is 3 Tablespoons per 3 gallons of water or

3 lbs. per 100 gallons of water. This spray should be followed by another in 10 to 14 days. If you had sunken black spots on your pecans last year it might be a good idea to put into this spray 2 Tablespoons of Maneb

RHS Athlete to play for Texas Tech

Tuesday evening, Rankin High School senior Tom Bloxom signed a letter of intent with Texas Tech on a football scholarship.

Bloxom, an outstanding athlete in Rankin High School in football and track, was sought after by several colleges in the state including Sul Ross and TCU.

His choice of Tech was made in order that he might take several agricultural courses, according to his father, Shank Bloxom.
