

NO FUTURE PLANS

Friona P-TA Votes To Disband Organization

The Friona Parent-Teachers Association, in its regular meeting last Thursday, voted to disband the organization as it has been set up. As of yet, no plans have been formulated for any kind of P-TA for next school term.

With about 75 people voting, 41, a simple majority, voted to disband P-TA entirely. A total of 63 indicated that should there be a P-TA organization

at all, they would favor three units rather than one, as it has been in the past.

"I hate to see P-TA die completely, but if the parents aren't going to support it, I suppose it's just as well," said Mrs. Doyle Cummings, who has served as P-TA president the past two years.

(The Friona Parent-Teachers Association only last month hosted the district convention of P-TA.)

Mrs. Cummings indicated that there has been some interest in organizing a P-TA at least on an elementary level.

"It just takes 20 interested parents, the principal, and a few teachers to organize a P-TA," Mrs. Cummings said.

The three principals, along with Superintendent of Schools Alton Farr, expressed their desire for a three-unit organization.

Lack of member participation was one of the elements which was scored. There were 381 members on the roll this year, and only about 60 people attend meetings regularly. Most of this number is teachers, who are more or less obligated to attend.

"The action shows that the people weren't getting what they should be getting out of P-TA, particularly the cooperation of the parents."

Shriners and Girl Scouts will be out in force soon, in an effort to raise a little more money for the Shriners' clinic in Hereford this year, the Shriners are going to paint trash barrels in the city -- a job which has previously been done by the girl scouts. The scouts will collect or accept donations from owners of the newly painted barrels and divide the total collected with the Shriners-- on a fifty-fifty basis, so I am informed.

I have a letter in the office which I would publish if only it were signed and one paragraph containing unpublishable, libelous words and statements were omitted. The letter is not complimentary to us in the least but I would publish it if it were even slightly within the bounds of acceptability.

Remember, All letters must be signed and I don't mean with some signature such as "The committee of 'To Hell With The Labor Camp.'"

Prediction: There will be a Bracero Labor Center in or at Friona within the year.

I have seen a few mobs operate and I have seen misinformed, self centered, or corrupted individuals prey upon the innate or instilled prejudices of others to gain their support in projects where given time to think things out for themselves, or if presented with the entire picture instead of the slanted or biased side only, the people would take an altogether different stand.

In the case of the labor camp, it looks like the persons with the greatest grudge or prejudices are the torch carriers and have had excellent reception by the citizens. They have played upon the unpleasant experiences, and the small prejudices, and the socially instilled rejection of any way of life other than what we know, until a large number of citizens have been roused from their previous sleep of indifference.

But it is a shame that it took such an ugly, distasteful subject to wake Friona. It is an even greater shame that prejudice in its purest form has reared its ugly head in this town, for it can be defined as nought but prejudice when one group of people stand up and shout for all the world to hear that another group of people is not good enough to live in the same city with them.

One of the greatest segregation fights in recent history was only in protest of going to school and eating with another race. So far as I know, this will be among the first "You are not good enough to live in the same town with us," uprisings.

The petitioners ask that the present camp be cleaned up. What they refer to should be cleaned up, true. But, the plain truth of the matter is that the reference to "the present camp" is a smoke screen to cloud the issue. The place mentioned in the petition is not a labor processing headquarters and is not controlled as such. It is no more than any other run-down, delapidated, ill-kept, dirty, insect infested residence in any town where living quarters are scarce and anything can be rented. I have seen quarters in this town--shown to me in hopes that I would rent the house--which were little if any better than the "Present camp" mentioned in the petition. And white persons were supposed to have lived in the house.

My stand is not a popular stand at the moment. VERY few persons in town see any need for a labor headquarters here. MOST people in town are now strongly opposed to the idea.

I say that over half of the opposition are acting out of prejudice stirred to a fever pitch through insinuations and implications by the few motivated by personal fears of financial loss or injury.

I believe that when a town stops growing or begins to reject growth, it is well on the road to stagnancy and so are the people in the town. The headquarters may go in next door or across the street from my present residence, but I am not going to scream bloody murder until I have been injured by the individuals.

There has been a lot of name calling--individual's names--and not a small amount of slander and libel during the past couple of weeks over the labor headquarters proposal.

BOUND FOR JAPAN . . . Rev. and Mrs. W. G. Burton, left, and Mr. and Mrs. Charles Allen are shown as they prepared to leave for the Japan New Life Movement on Monday morning. Jerry Hinkle, right, drove the two families to Lubbock, where they boarded a plane for Japan via Los Angeles and Anchorage.

BOYS HEAD COACH

Dukes Will Handle Basketball At FHS

Friona High School announced this week the hiring of C. W. Dukes of Sundown as head boys basketball coach and assistant football coach.

Dukes, who has been coaching girls' basketball exclusively for the past seven years, expressed his desire to change over to boys basketball.

The school board, recognizing the fact that the sport has been on the upswing at FHS, deliberately sought a basketball specialist who could also handle the assistant football chores.

Sundown won the state class A girls' basketball championship the last three years running. In seven years there, the Roughettes posted a record of 187 wins against 41 losses. Dukes' teams won district titles five of seven years. They won bi-district titles four of those years.

In the last three years, Dukes' girls teams won 93 games and lost only 10. His 1961 team had a 32-3 record. In 1962 it was 31-4, and the past season 30-3.

Before going to Sundown, Dukes coached at Lazbuddie (Continued on Page 2)

C. W. DUKES

Farmers To Attend Wheat Discussion

A large delegation of Parmer County farmers is expected to go to Hereford Thursday (April 25) to hear facts concerning the May 21 wheat referendum presented.

The meeting will be held at the Hereford Community Center, and will begin at 10 a.m. A panel of specialists from Texas A&M College will present all aspects of the referendum. District Extension Agent Bill Grisham of Amarillo will preside at the meeting.

Those appearing on the program will include Thomas D. Aaron, grain marketing specialist; Ben Spears, agronomist, and Cliff H. Bates, farm management specialist. The meeting is one of a series of meetings in the state and area, which is designed to give farmers both sides of the wheat referendum picture.

County Agent Deryl Coker says that Extension Service personnel will present factual and objective information with no attempt to tell wheat growers how they should vote. Coker says he hopes 100 persons will attend the meeting from Parmer County.

Pre-School Day Scheduled Here

Friona elementary school will observe a "pre-school day" on Friday, May 3. All children who will be six years of age by September 1 of this year should come to school and register at the elementary school building.

All pupils who will enter school next year for the first time are requested to register.

FOR CRUSADE City Folk In Japan

Four residents of Friona are in Tokyo today, preparing to do their part in the Japan New Life Movement, sponsored by the Baptist Churches of Texas.

Rev. and Mrs. W. G. (Bill) Burton, and Mr. and Mrs. Charles Allen, all of the First Baptist Church, were to have arrived in Tokyo yesterday, and were to undergo orientation prior to beginning a week's revival in Koga, Japan, as part of the final week of the "movement."

The group will arrive in Koga, a suburb of Tokyo, Saturday, and begin its revival on Sunday. The series of meetings will run through May 5 in Koga. The Friona group will follow that up with a week of services in Hong Kong, China, May 6-12.

While Rev. Burton is away, J. Ivyloy Bishop of Plainview, an instructor at Wayland Baptist College, will fill the pulpit. The local church is to begin a "Loyalty Crusade at Home" on Sunday, to encourage good attendance during the pastor's absence.

It is planned to make telephone contact with Rev. Burton during the 11 a.m. Sunday services, which will be placed on the speaker system for the audience to hear.

After the Hong Kong revival, the Burtons and Allens will go to the Philippines, to view Baptist work there. They will arrive in Honolulu about May 15, where they will spend some four days touring, and their first chance to relax.

But the trip is not to be one of pleasure. While in revival, the team will be up from early in the morning until late at night. They will be speaking to various civic groups, schools and other organizations.

While in Japan, the Burtons and Allens plan to visit with the Chang family, whose daughters attended school in Friona, and graduated at Friona High School in 1959, living with Mrs. (Continued on Page 2)

Soph Drive Is Success

A total of \$764.90 had been deposited by the sophomore class as of Tuesday for the Bernie Deaton Fund, and the class still had a few requests for work to be fulfilled.

"We had exceptional response, and the sophomores wish to thank everyone for their cooperation and generosity," said Miss Joy Morton, one of the class sponsors.

The class members spent all of last Saturday taking work orders from Friona residents, and accepting donations for their pay, all of which went to the Deaton fund.

Deaton, 16-year old youth, was injured critically February 27 when a .22 caliber rifle discharged, the bullet striking him in the face.

TOP STUDENTS . . . Janet Buckley, left, was named valedictorian of the 1963 graduating class at Friona High School this week. Sharon Reeve was a close second and is salutatorian. Max Reeve was third. All three students ranked the same way in the eighth grade.

JANET BUCKLEY TOPS

History Repeats For FHS' Honor Grads

It was a case of history repeating itself in the naming of the valedictorian and salutatorian at Friona High School for 1963.

Janet Buckley was the highest ranking student in the 1963 class, and Sharon Reeve was second. This was the case when the girls graduated from the eighth grade in 1959.

As a matter of fact, the third-

place student, Max Reeve, retained his position from the eighth grade graduating class, and once again made it close for his cousin, Sharon in the battle for runner-up honors. Janet, the daughter of Mr. and Mrs. Jim Buckley, had a four-year (seven semester) average of 94.61. Sharon, daughter of Mrs. Fay Reeve, compiled a high school average of 93.82.

Max, son of Mr. and Mrs. Glenn Reeve, came in with an average of 93.64.

In their eighth grade graduation, with averages compiled for just that one year, Janet had a 96.9 average, Sharon's was 96.0 and Max stood at 95.9.

There were ten members of the class with a four-year average of 90 and above. After the top three came Carol Ray, 93.16; Tom Gee, 92.95; David Talley, 93.68; Brenda Deaton, 92.62; Gayle White, 91.35; Clare Savage, 91.04 and Iva Ben Parr, 90.17.

Miss Buckley and Miss Reeve were both very active in high school.

Janet has been a member of the National Honor Society three years, has been a cheerleader three years (head cheerleader this past year), was voted "Best All-Around" her sophomore and junior years, and was secretary of the Student-Faculty Congress this year.

Miss Buckley compiled an outstanding record in basketball for four years. She was captain of the Squaws the past year, and was all-tournament at Happy, all-district, and all-state selections. She was football queen and Maize Days queen last fall, and is active in church activities.

Sharon has also been a National Honor Society member three years. She has been in FHA four years, and earned her state degree this year, the only senior girl to make the grade. A band member four years, Sharon was an all-regional selection three years, and (Continued on Page 2)

COMMITTEE FORMED

Group To Work On Bracero HQ

A committee made up of representatives of a Friona citizens group and the Chamber of Commerce and Agriculture Manager was formed Monday to work with the Farmers and Ranchers Labor Association to find a location for the association's Bracero headquarters suitable to all concerned.

Nelson Welch and Billy Joe Mercer were selected to work with Porter Roberts, Chamber Manager, and Bruce Parr, representative of the labor association in searching for an acceptable location.

Members of a citizens group, which circulated a petition signed by 663 persons, appeared satisfied that the association could locate somewhere in Friona or near the city, so long as it didn't locate in the southeastern part of the city, as it originally announced.

The group's petition charged that a Bracero association would bring more harm than good to the city, and asked that it not be allowed to be located anywhere in the city limits.

"I told some of the petitioners that in my opinion it would be unconstitutional to try to keep the labor association out of the city by this means," stated City Attorney Bill Sheehan.

Sheehan stated that the petition would have no legal bearing. While it might reflect citizens' feelings, the City Council, which ultimately would have to act on the question, is limited by law in carrying out such requests.

About 30 citizens crowded into the meeting room of the City Hall Monday afternoon for the re-scheduled meeting of the Planning and Zoning Commission, only to have the commission report that its hands were tied as to further action.

Joe Douglas, chairman of the commission, said that no action could be taken, and that the labor association had made no further moves.

"We were awaiting further suggestions on the location of the headquarters. We aren't going to cram anything down anyone's throats," said Bruce Parr, representative of the association.

In other business for the commission, it agreed to take no action on a request by the Catholic Church for its property in the northern section of town to remain undivided by streets.

Adjoining property owners requested free access to streets.

Boy's, Girl's State Delegates Picked

Joyce Rodgers and Mickey Wilson are to be Friona's representatives to the annual Bluebonnet Girl's State and Lone Star Boy's State conventions in Austin early in June.

The two were picked by the American Legion and the American Legion Auxiliary. Expense-paid trips are given to two students each year who have completed their third year in high school by the sponsoring organizations.

The Girl's State convention is held annually on the campus

of Texas School for the Blind, and Boy's State is held at Texas University. Purposes of the conventions are to educate young people in the duties, privileges, responsibilities and rights of American citizenship.

Mythical political parties are formed during the convention, campaigns are conducted, and officers are elected in the same manner in which state and national affairs are conducted.

Joyce is the daughter of Mrs. Charles Rodgers. She is currently a member of the National Honor Society and Future Homemakers. She has been a member of the choir, Thespians Club, and pep club.

Mickey, the son of Mr. and Mrs. Elvin Wilson, is a member of the Science Club, Student Council and National Honor Society. He has been elected president of the Student Council for next year, and has served as class president this year.

An FFA member, Mickey was voted "most handsome" and "most dependable" by his sophomore class. A starter of the football team, he was given the "Fighting Chieftain" award last fall by the Friona Booster Club.

Bovina Meeting On Referendum

Members of the Agricultural Stabilization and Conservation Service (ASCS) will be in Bovina Thursday night to present a discussion on the approaching wheat referendum. The meeting, which begins at 8 p.m., will be held at the Bovina School Cafeteria.

The meeting is being sponsored by the Grain Sorghum Producers Association.

CONVENTION DELEGATES . . . Mickey Wilson and Joyce Rodgers were named this week as delegates to the Boy's State and Girl's State conventions, which will be held in Austin in June.

## Mailbag

To the Amarillo Daily News, the Friona Star and the Citizens of Friona:

We have never written a letter to a newspaper before, but we have never been so upset and have never felt that there had been such a misrepresentation of facts.

First, let us say that we, the ones who passed the petitions, knew that it would not stand in court. We wanted to get the feelings of the citizens of Friona before the Zoning Committee and the City Council.

We know that it has been said repeatedly that "a chosen few" run our town but we wanted to prove otherwise. We still believe that if it is known how the people of Friona feel, that the people we elect, appoint, and trust, will try to help us.

Let us tell you what was said by the man who is supposed to have insulted Mrs. Parr. He merely suggested that the Vic Kruger place was for sale and asked why Bruce didn't put the labor camp next door to her mother? If it is an insult to merely suggest that it be placed next door to Mrs. Miller's property, where does that place the rest of us?

Wake up and think about this situation, citizens, before it is too late. Will you, please?

Our thanks go to the 663 citizens who like us want to keep Friona a place that is "Morally White" and a place where we are proud and unafraid to raise our families, even if it means we are "Quote" "Bled White" moneyswise.

Signed:

 William J. Mercer, Tommie Mercer, Phyllis Sanders, Thoma Lou Boeckman, Clara Renner, Mildred Rule, Mrs. Tommie Jones, Mrs. L. D. Taylor, Mr. and Mrs. J. P. Fortenberry, Rose Lange, Mr. and Mrs. Joe Collier.

Editor's note: Thanks for your letter. Since it was a carbon copy, we're not sure which part is intended for the Amarillo Daily News, which for the Star, and which part for the Citizens of Friona.

Since we're not responsible for what the Amarillo Daily News prints, so we can't answer for them. As for ourselves, we try to print facts, and not apologize for them. The following letter might illustrate what we mean.

Mr. Bill Ellis, Editor  
 The Friona Star  
 Friona, Texas

Dear Mr. Ellis:  
 Thanks for recently mailing me the February 28, 1963 issue of your Friona paper. It's always interesting to read what others glean from a discussion such as I tried to put before the annual banquet of the Friona Chamber of Commerce the evening of February 26.

As you will recall I was trying to cover a very complex subject and yet not talk on endlessly. I'm gratified that you were able to pick out a few of the more important points which I covered so hurriedly, yet tersely.

I'm surely pleased that I had this opportunity to speak of these things to your community leaders. I hope that my rambling around over so many facets of the beet sugar industry was as clear to my listeners as it seems to have been to you. Thanks for writing such an accurate and interesting report.

Yours truly,  
 C. A. Lavis  
 Director, Agricultural Development  
 Holly Sugar Corp.  
 cc: Mr. Frank Spring, President  
 Friona State Bank  
 Friona, Texas

## DUKES --

(Continued from Page 1)

four years, so he's no stranger to Parmer County. At Lazbuddie he was in charge of the entire program. His football teams lost only four games in four years, tying for the district championship twice.

His boys basketball team at Lazbuddie was second in district to Bovina in 1955, the year the Mustangs went to the state meet. His girls teams won district championships in 1955 and 1956, but lost out in bi-district play both years, by one point and two points.

A graduate of Texas Tech, Dukes began his coaching career 14 years ago at Bula High School, where he also was in charge of the entire athletic program.

"Bula had never won a football game since it had been competing in the six-man sport. We won three games my first year, and then were second to Bovina in district the next year," Dukes relates.

His boys basketball teams at Bula were second to Sudan, a larger school which produced some strong teams about that time.

At Friona High School, Dukes will also teach Math as well as physical education. He is married, has two boys ages eight and 12. The Dukes family are members of the Baptist church.

"Naturally, we hesitated to leave Sundown, where we had our program going pretty well. But we're looking forward to coming to Friona," Dukes said.

Dukes replaces Vernon Scott at FHS, and along with Don Light of Stinnett, hired last week as head coach, completes the coaching alignment for next year.

## THURSDAY

# Annual Meeting Set By Electric Co-op

The annual meeting of the Deaf Smith County Rural Electric Cooperative will be held in Hereford at the Bull Barn Thursday (April 25), beginning with a barbecue lunch at 12:30, free to the public.

Sloan H. Osborn, president of the board, will call the business session to order at 1 p.m. Main item of business will be the election of two directors, Terms of A. T. Frye of Dawn and Joe Birkenfeld of Nazareth.

Tom Draper will read the minutes of the last annual meeting. The nominating committee will give its report, and Leo Forrest will present the general operation report.

Osborn will appoint three election judges. The election will be presided over by Earnest Langley.

Area schools will compete in a vocal and musical contest, which replaces the "Miss REA" contest. The latter contest isn't

## CASTIN--

(Continued from Page 1)

responsible for an article appearing in the Amarillo paper.

I must again state that we of the Star are not responsible for nor do we control in any way, the contents of the Amarillo paper or any other paper not published in conjunction with the Star. Any beef with any other paper should be taken to the members of that paper, not brought to us for correction.

We are going to have our hands full fending off the critical arrows aimed at us for our stand on the camp. Our stand is:

Support the establishment of a Labor Headquarters in or at Friona in the belief that such would increase the gross city income and that such increase of income would prove beneficial for the city as a whole.

Remain outside the question of exact placement of the headquarters in the belief that this is not included in the realm of a newspaper's responsibility and should be decided by the citizens and the interested parties, but that it should be located in or near the city in accordance with the laws of city and state.

Keep a vigilant eye on the Headquarters and expose or attempt to initiate a change in any practice or operation which tends to produce an overall harmful effect upon the city in the future.

Publish every signed letter on the subject where language used in the letter will permit under the laws of the state and nation.

-TH- -BE-

being held either on the local or state level this year.

A drawing for door prizes will close out the annual meeting. The 1951 patronage refund checks will be distributed at the meeting. The refund total is approximately \$60,000.

Deaf Smith County Electric Cooperative served Friona, Bovina, Farwell, Hereford, Dimmitt and Nazareth.

## HONOR GRADS--

(Continued from Page 1)  
 tried out for the all-state band last year.

Miss Reeve was football queen her junior year, and was also voted "Most Talented" by her classmates that year. She was a member of the Student-Faculty Congress three years, and the Future Teachers of America four years, holding an office three years. Sharon also is active in church work.

Both of the top two students plan to further their education. Miss Buckley plans to enroll at Southwestern State College at Weatherford, Oklahoma, where she will major in business. Miss Reeve will attend McMurry College at Abilene, where she plans to major in elementary education. She hopes to become a teacher.

## CRUSADE--

(Continued from Page 1)

Malinda Schlenker.

Reports from the initial phases of the crusade indicate that wonderful advancements are being made in the name of Christianity. "This is worth 50 years of missionary effort," stated a missionary in Japan.

The group drove to Lubbock early Monday morning, departing by plane for Los Angeles via El Paso at 8:50 a.m. They were to go by way of Anchorage, Alaska, arriving in Tokyo at 12:55 a.m. April 24.

Allen, a former mayor of Friona, was made honorary mayor by the city council in its last meeting so he could officially represent the city.

Staying in the Burton home with their three children during the month the parents are away is Mrs. James Graham of Houston, mother of Mrs. Burton.

## In The Courts

The following cases were tried before Judge Thelma Jones in the City of Friona Corporation Court for the period ending April 22:

Larry Ausborne Loflin, muffler violation.

Isabell Rodriguez, no driver's license.

Billy Don Thomas, speeding (55 miles per hour in a 45 mph zone).

Alvin Richard Eubanks, speeding (60 miles per hour in a 40 mph zone).

Elmer Ellis Whitten, speeding (55 miles per hour in a 30 mph zone).

Hampton Gerald Loftin, improper start from stop, and negligent collision.

## JP COURT

The following cases were tried before Judge Walter Loveless in Friona's Justice of the Peace Court, through April 23:

Garland Bruce Buske, speeding (80 miles per hour in a 60 mph zone).

Lyman Adams, no driver's license.

Ann McCabe Carthel, speeding (75 miles per hour in a 60 mph zone).

Henry Oliver Barbour, accident.

Freda Merreck, speeding (75 miles per hour in a 60 mph zone).

J. F. Ford, no valid inspection sticker.

Margaret Ruzicka, no valid inspection sticker.

## SCHOOL MENU

APRIL 22-26  
 MONDAY: Creole spaghetti, blackeyed peas, buttered beets, Popeye salad, rolls, butter, milk, raisin cake.

TUESDAY: Pinto beans, tamales, greens, tomato & onion salad, corn bread, light bread, milk, butter, apricot cobbler.

WEDNESDAY: Ham, baked sweet potatoes, French green beans, cabbage, carrot slaw, rolls, butter, milk, peach halves.

THURSDAY: Fried chicken, mashed potatoes, English peas, apple sauce, rolls, butter, chocolate cake iced.

FRIDAY: Meat sandwiches, cheese slices, Jello fruit salad with whipped topping, tossed green salad, potato chips, light bread, chocolate milk, cookies.

# Lazbuddie Pre-School Day Is Next Tuesday

Lazbuddie is sponsoring a pre-school enrollment Tuesday, April 30, for all children who will start to school for the first time next September.

"We would like to meet with the parents of all children who will start to school for the first time in September," stated James G. Ward, Superintendent of Schools.

The meeting will be in the Library (Room 10) of the elementary building. "We urge parents to come, as we feel that this meeting will help us to plan together for your child's entrance into school, and will try to smooth the way for him,"

Ward said. A birth certificate and record of immunization, if available, will be helpful.

A party is being planned for the children while the parents are meeting.

DOWNHILL SLOPE . . . This unidentified bull rider in the junior rodeo found his steed downhill shortly before parting company with him last Sunday.

## Highlights and Sidelights From Your State Capital

AUSTIN, A complete overhaul of the election code is due. Senate already has passed a bill correcting scores of errors in the old law, which was overhauled in haste in 1951.

House members amended the bill to eliminate the "agent form" of paying poll taxes. Instead, prospective voters would have to go to the court house or get a deputy tax collector to certify qualification to vote.

House also refused to require county tax assessors to name civic workers as deputies. Progress is slow on the proposals to abolish the poll tax as a prerequisite to voting.

Senators passed a proposed constitutional amendment to let the people say whether they want to keep the poll tax. But after some delay, a House committee put it in subcommittee.

Meanwhile, the national constitutional amendment to outlaw the poll tax in election of President, Vice President, Senators and Congressmen has been ratified by 30 states. When eight more ratify it, use of the poll tax in Texas would be out the window.

Sen. Abraham Kazen Jr. of Laredo envisions the possibility that the 1964 election could be held with state officers elected by poll tax holders, federal officials by everybody.

SHORTEST SESSION? -- A modern-day record for short legislative sessions may be set if Lt. Gov. Preston Smith and Speaker Byron Tunnell can get legislators to wind up their business by May 7.

A May 7 adjournment has been filed. But the Constitution would allow them to work until May 27 if they can't finish by the 7th.

Both houses have been making fast progress on "local and uncontested bill" days.

BIG BILLS PENDING-- Length of the legislative session hinges on the three biggest issues yet unsettled.

One is the House-passed tax bill to provide \$32,000,000 to finance Gov. John B. Connally's higher education, tourist and industry-catching programs.

Then there's the appropriations bill, which is being worked out in conference committee.

headed by Sen. Grady Hazlewood of Amarillo and Rep. Bill Heatly of Paducah. It allocates the funds to each agency for spending during the next two years.

And there is the loan regulation bill, which Speaker Tunnell and Governor Connally consider a "must." It may be in trouble since the Senate bill, which mustered a bare majority, was changed considerably by a House subcommittee.

RURAL DEVELOPMENT ACT--Rep. Joe Cannon of Mexia told the House State Affairs Committee that Texas' rural counties are in "tremendous trouble" and need help from the state.

Cannon appeared on behalf of his bill, co-sponsored by Rep. H. C. Wells of Tullis, which would apply to nine-tenths of the counties in Texas. Specifically those with less than 45,000 population.

Bill would require State Comptroller to compile a list of the low-population counties and set up a rural development fund. It would be built up through a refund of two per cent of all taxes collected by these counties.

Rural development fund would provide about \$2,000,000 annually that could be spent to lure industries to counties that lack money to advertise their attractions.

Reps. J. Collier Adams of Lubbock, Ben Jarvis of Tyler and Donald K. Shipley of Hous-

ton are on the subcommittee studying bill.

DROP-OUTS DEADLY -- Some startling facts about the high school drop-out problem have been revealed by the Texas State Teachers Association. They stated that "Drop-outs face a dead end in a world where education and its skills in the employment field are becoming a necessity."

Victor Sumner of the Texas Education Agency predicted that in the next five years about a third of a million young Texans will leave high school between ninth grade and graduation.

He estimated this fatal step would cost these youngsters nearly \$75,000,000 in lifetime income.

"People in the employment field tell me that the hard core of unemployment now is composed of drop-outs from 20 to 30 years ago," Sumner stated.

CODE OF ETHICS--Tighter rules over the private business activities of state officials has been the talk of the Capitol since William J. Murray Jr. resigned from the Railroad Commission. Murray said he made more than \$1,000,000 in oil deals while regulating that industry.

Reps. Bob Eckhardt of Houston, James Nugent of Kerrville and Travis Peeler of Corpus Christi introduced a bill to outlaw investments by state officials in the fields which they

It resists leaching . . . remains locked in the soil, ready to work when your small grain needs it most. Monsanto Anhydrous Ammonia is easy to apply. No bags to tear, tip or tote. You can put down all you need for the entire growing season, or use it as a starter--to be followed by a side-dress application. Let us build your program around Monsanto Anhydrous Ammonia.

**Highlights--**

regulate. Old Code of Ethics law -- passed in 1957 -- merely called on them to disclose any such interests.

Rep. John Allen of Longview, chairman of the House State Affairs Committee, named a subcommittee to go over the bill . . . to tighten up the tightening up. He indicated that he will try to bring the bill out for House action quickly.

Bill would prohibit legislators from appearing for pay before state boards and commissions while they are considering appropriations which are the lifeblood of state agencies.

**MURRAY SUCCESSOR SPECULATION--** Big guessing game these days is "Who will Connally appoint to fill Murray's place on the Railroad Commission?"

Eugene Locke, Wally Scott Jr. and Claude Brown -- all three

members of the State Democratic Executive Committee-- have been mentioned. Also discussed have been U. S. Rep. Joe Kilgore and Secretary of State Crawford Martin.

Scott has withdrawn his name. Others who have oil or gas interests which would have to be divested before they could accept an appointment are expected to do the same.

Murray's empty chair -- which also is perched on top of the slant-hole oil well investigations -- is a hot seat.

**SECURITIES REGISTRATION UP --** State Securities Board granted investment permits in Texas totaling \$25,000,000 last month. February total ran only \$17,000,000.

Thirteen of the 42 companies granted the right to sell stocks in Texas were Texas firms.

**HOUSE BILLS--** Beetles better beware if Conroe Rep. David Crews' bill to cause forest landowners to pay for their extermination becomes law.

Victoria Rep. Dick Cory's bill authorizing district judges to provide jurors' meals in the jury room, rather than dismiss them, is ready for Governor Connally's signature.

House endorsed a bill to require school boards to advertise for competitive bids on purchases totaling \$1,000 or more.

Kerrville Rep. Jim Nugent gained approval of his bill to set up strict supervision by the Secretary of State for charity fund-raising organizations which solicit \$10,000 or more a year.

Women's righters gained a small victory when the House passed bills, authored by Rep. George Cowden of Waco, to allow a woman to make contracts concerning her own property.

A bill by Rep. Don Kennard of Fort Worth to increase longevity pay for firemen and policemen across the state was given a second chance when Senate Counties Committee chairman Martin Dies Jr. of Lufkin "fired" a subcommittee that couldn't reach a decision on the bill and set up a new committee.

### Convention Report Made By Delegate

Highlight of the Tuesday evening meeting of Modern Study Club was a convention report by Eufaula Ethridge, who was the elected delegate. She reported that the following awards were presented to the club: First place: scholarship, parks and pilgrimages; community improvement; family economics and home management and report on coordinating agencies. Second place: American studies division.

### Taylor's Go Camping

Mr. and Mrs. L. D. Taylor, Robin and Kenny, and Mr. and Mrs. Dee Taylor all of Friona were accompanied to Lake McAllister near Las Vegas, New Mexico by Mr. and Mrs. J. L. Brooks of Hereford.

The group spent the weekend fishing and sight seeing and returned to Friona late Sunday.

### Lutheran Ladies Attend Workshop

Ladies from the Immanuel Lutheran Church of the Rhea Community and Redeemer Lutheran Church of Friona attended the Lutheran Women's Missionary workshop in Amarillo Sunday.

Topic for the day was "The Three Ms of Personal Evangelism." The Rhea Lutheran Women's Missionary League presented a playlet and the closing devotional.

Attending the meeting were Mesdames Chris Ziechang, Raymond Schueler, E. A. Binger, Walter Schueler, Franklin Bauer, Melvin Sachs, Carl Schlenker, Gilbert Schueler, Chris Drager and John Drager.

vision, attended the Caprock District board dinner at the Pioneer Hotel in Lubbock the evening before the convention opened.

Guests on the program were the Rayettes. They sang "May You Always," "Wishing on a Star," and "The Way You Look Tonight." Members of this group are Lois Moyer, Myrna Bennett, Carolyn Herring, Marca Lynn Massie, Kay Coffey, Cheryl Neill and Diana Taylor. Mrs. Troy Ray is the director.

A group of Latin Americans from Mrs. Declmae Beene's first grade class gave a classroom demonstration. Students participating were Gloria Gonzales, Eva Garcia, Judy Aragon, Celestina Galicio and Junior Gonzales.

Mrs. Odie Claborn gave a report on possibilities of a City Library for Friona. Mrs. Wil-

### Rebekahs To Open Country Store

Opening of a Country Store at Oddfellows Hall two blocks east of Friona State Bank will be at 1 p.m. Saturday, May 4. Friona Rebekahs will keep the store open from 1 to 4 and will have a number of bazaar items for sale.

Many items which will be suitable for Mother's Day or graduation gifts or for use in the home will be displayed. Also included in the stock will be freshly baked cakes, pies, cookies and other baked products.

Eighteen members of the organization were present for the Monday evening meeting. Reports were made of 35 sick visits being made and 17 cards being sent.

Inez Sherley, retiring lodge deputy, was presented a gift by Lauretta Brookfield, noble grand.

lard Steward explained the advantages of having a book mobile in Farmer County.

During the social hour refreshments were served to guests on the program and 18 members.

### Couple Honored With Dinner

A rehearsal dinner at 6 p.m. Friday at Roney's Restaurant in Hereford honored Miss Patricia Myers and Charles Bass and members of their wedding party. Hosts for the event were Mr. and Mrs. Estis Bass, Troy, Bette and Barbara, parents and brother and sisters of the groom.

Table decorations were blue carnations, white stock and pom pom mums.

Wedding vows for the couple were read at 7:30 p.m. Saturday at First Baptist Church here.

### Muleshoe Hosts Benefit Dance

A benefit dance, proceeds of which will go to the Muleshoe Library Fund, is scheduled at the Priboth Roller Rink near Muleshoe on Saturday, May 4. Johnnie Lee Wills and his band, famous Western music group, will be the featured attraction. Sponsoring the dance is the Epsilon Sigma Alpha sorority of Muleshoe, assisted by the Muleshoe Jaycees.

The dance will begin at 9 p.m. and last until 1 a.m. Handling ticket sales are Tommy Gattis and Mrs. Herman White.

Weekend guests in the home of Mr. and Mrs. H. A. Hyde were Mr. and Mrs. Walter Hyde of Wichita Falls, H. A. and Walter Hyde are brothers.

## Of Interest To THE WOMEN

MRS. CHARLES BASS

### Patricia Myers Becomes Bride Of Charles Bass

In a double ring ceremony at 7:30 p.m. Saturday, Patricia Myers, daughter of Mr. and Mrs. Charles Myers, Jr., became the bride of Charles L. Bass, son of Mr. and Mrs. Estis Bass.

Wedding vows for the couple were read by Rev. Bill Burton before an arched candelabra with white candles. Bouquets of white glads and stock stood at either side of the spiral, which was flanked with greenery. Family pews were marked with white candles and blue satin bows.

Mrs. Mike Ellis, organist, presented traditional wedding music and accompanied Suzanne Taylor, vocalist, as she sang "For You" and "The Lord's Prayer."

Donna Blackburn was the maid of honor. Bridesmaids were Kitty Black, Judy Taylor and Bette Ann Bass, sister of the groom. Barbara Sue Bass, another sister of the groom, was the flower girl.

Candlelighters were Troy Bass, brother of the groom and Danny Carthel, Best man was Larry Anthony, cousin of the groom. Groomsmen were Charles A. Myers, Hereford, brother of the bride, Tommy Roberts and Craig Tannahill. Ushers were Don Stubbs and James Braxton.

Dennis Anthony, cousin of the groom, was the ring bearer. He carried the rings on a pillow of satin and lace.

Bridal attendants wore identical dresses of pale blue peau de sole designed with fitted bodices. The skirts were enhanced with back bows of self material. Matching hats and shoes complemented their costumes. Miss Blackburn carried a cascade arrangement of gladioli florets in the center of a blue satin bow surrounded with white satin streamers.

The bridesmaids carried nosegays designed similar to that of the maid of honor. The flower girl wore a dress designed similar to those worn by other bridal attendants and carried a white basket filled with blue pom pom mums.

The bride, escorted to the altar and given in marriage by her father, wore a formal wedding gown of candlelight satin and imported French lace. Features of the fitted bodice were long fitted sleeves which tapered to points over her hands and a scalloped neckline which formed a v in the back. Tiny covered buttons and a v at the waistline were other bodice features.

Back fullness was emphasized in the skirt, which flowed into a chapel trail. Her waist length veil of silk illusion was attached to a crown of seed pearls.

She carried a bouquet fashioned in a cascade design trimmed with stephanotis and lace leaves centered with a white cattleya yellow throat orchid surrounded with bridal satin

streamers tied in love knots atop a white Bible.

A reception in Fellowship Hall followed the ceremony. Guests were registered by Mrs. Jerry Loflin. The serving table which was draped in floor length folds of bridal satin and covered with net, was centered with an arrangement of blue carnations with candy tuft and candelabra.

A miniature bride and groom topped the tiered wedding cake, which was served by Mrs. Charles A. Myers, Hereford, sister-in-law of the bride. Punch was served from a crystal bowl by Mrs. Jim Greeson.

Others assisting with hospitality were Mesdames Claude Blackburn, C. W. Tannahill, A. L. Black, Leonard Coffey, J. R. Braxton and Ralph Taylor.

For a wedding trip to points in New Mexico, Mrs. Bass wore a pale blue wool suit with a mink collar and white accessories. Her corsage was from her bridal bouquet.

Mr. and Mrs. Bass are both graduates of Friona High School. She is a graduate of Draughan's Business College in Amarillo and is currently employed by the Martin Company at Denver, Colorado. He is a graduate of Coyne Electrical School in Chicago and plans to attend school in Denver.

### Mrs. Dement Honored With Shower

A lullaby shower in the educational building of United Pentecostal Church at 7:30 p.m. Friday honored Mrs. Lonnie Dement. Hostesses were members of the Ladies Auxiliary.

Gifts were displayed on a large table which was centered with a large white stork. Refreshments of individual white cakes topped with blue, pink and yellow baby shoe, lime sherbet, nuts and mints were served from a lace covered table by the hostesses.

Those attending and sending gifts were Mesdames Earl Dunn, Frank Griffith, J. E. Buske, Frank Baber, Joe Johnson, Taylor Green, W. O. Thompson, Jim Griffith, Edward White, Alvin Askins and Gayla, Elaine Massey, Pete Hollis, John T. Wilson, Odell Vaughn, Wilbert Varner, Janet and Debra.

Also Mesdames Henry Lewis, James Eubanks, Daniel Hunt, Ed Young, A. O. Drake, Jimmy Maynard, Erma Stanford, Kenneth Ferguson, Florence Buske, E. E. Deaton, Jess Chesher, Steve Messenger, Oscar Baxter, P. W. Hughes, Kenneth Williams and C. W. Dixon.

Also Mesdames Troy Young, Ernest Mingus, Ray Vanlandingham and Leon Rose, Texico George Long, Bovina, and E. T. Dement, Hereford.

### Bridal Shower Fetes Mrs. Douglas Gaines

Mrs. Douglas Gaines, who was Jeanne Wiley before her marriage, was honored with a bridal shower at Fellowship Hall of First Baptist Church recently.

Guests were greeted by the honoree, her mother, Mrs. Irene Wiley, her mother-in-law, Mrs. Alvin Gaines, and aunt, Mrs. Ross Terry. Those in the receiving line were presented corsages by the hostesses.

Hostesses were Mesdames John Terry, J. K. Anthony, Lewis Smith, Paul Daniel, Ralph Taylor, B. E. Duggins, U. M. Akens, Gary Goetz, Sam Williams, Ruby Barnett, M. P. Bennett and O. B. Moyer.

Refreshments of white cake with pink icing, nuts, mints and punch were served. The serving table was covered with a white lace cloth over pink and centered with a floral arrangement.

Those signing the guest register were Mesdames Charles Love, Howard Love, Monroe White, E. S. Euler, Ralph Mc-

Broom, James Wiley, John T. Wilson, Noyle Wood, Claude Osborn, George Wayne Terry, John Benger, J. A. Loflin and Eugene Ellis.

Also Mesdames Kate Brookfield, Olive Massie, Tommie Horton, Polly Venable, Fred Baker, Marion Flite, Mildred Chandler, Olan Turner, Roy Miller, Bill Burton, Jimmy Gilliland, Hal Vaught, Irene Gaines, Wilbur Dean Moore, Wes Long, I. V. Day, Floyd Brookfield, Anna Scott, Pete Frazier, R. S. Johnston Jr., Charlie Jefferson, William Gromowsky, Watson Whaley, Connie and Lou and Melvin Wiley.

Also Mesdame Joe B. Douglas, E. E. Taylor, T. A. Williams, Guy Latta, Denver Smith, Granville England, Ernest England, P. W. Hughes, Dean Blackburn, Calvin Martin, Boyd Gilreath, Neal Fulks, Wesley Foster and Henry White.

Also Mesdames Scott Weir, Jarrell Wright, Luther Shelton, J. B. Buske, John Wright,

A. O. Drake, H. C. Wells, Florence Buske, Z. W. Rury, Pearl Boatman, Albert Rolan, W. S. Crow, Lloyd Prewett, Wesley Hardesty, Earl Drake and Aubrey Rhodes.

Also Mesdames Rosa Anderson, Forrest Osborn, G. B. Buske, G. E. Reed, Joe Talley, Fred White, W. F. Buske, James Anthony, Danny Smith, Clyde Fields, Dalton Caffey and Buck Fallwell.

Also Ann Prewett, Mark Anthony, Jeanne Taylor, Mike Wilson, Connie and Lou Whaley, Lyndia Chandler and Linda Johnston.

### Fidelis Class Meets With Mrs. Gary Hicks

Members of the Fidelis Sunday School class of First Baptist Church met at the home of Mrs. Gary Hicks in the Rhea community for their regular business and social meeting. Bible study was based on the harmony of Matthew, Mark, Luke and John.

Co-hostess with Mrs. Hicks

was Mrs. Velden Carroll. Refreshments of pie, tea, nuts and mints were served.

Others present were Rose Marie Powell, Mary Jane Clements, Johnnie Massey, Barbara Maynard, Glenda Adkins, Judy Taylor, Linda Williams, Wyona Clark and Luann Hough.

ASK ME ABOUT MY BUSINESS

### GENERAL TELEPHONE TOWNS ON THE MOVE

**Bonham Initiative Saves mill Payroll**

When the Bonham Cotton Mill announced it would close its doors finally in early 1962, that North Texas city stood to lose a 61-year old industry with a \$14,000 weekly payroll.

Aggressive citizens of the 7357 population community arose to the emergency. Today, little more than a year later, Red River Textile Mill, Inc., is not only continuing the operation of its predecessor, but is talking plans for an eventual major expansion.

Bonham's vigorous enterprise in the face of crisis is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

### Convention Report Made By Delegate

Highlight of the Tuesday evening meeting of Modern Study Club was a convention report by Eufaula Ethridge, who was the elected delegate. She reported that the following awards were presented to the club: First place; scholarship, parks and pilgrimages; community improvement; family economics and home management and report on coordinating agencies. Second place; American studies division.

Mrs. Ethridge, who is chairman of the American studies division; Mrs. C. W. Dixon, chairman of the American division and Mrs. Charles Allen, chairman of the European division, attended the Caprock District board dinner at the Pioneer Hotel in Lubbock the evening before the convention opened.

Guests on the program were the Rayettes. They sang "May You Always," "Wishing on a Star," and "The Way You Look Tonight." Members of this group are Lois Moyer, Myrna Bennett, Carolyn Herring, Marca Lynn Massie, Kay Coffey, Cheryl Neill and Diana Taylor. Mrs. Troy Ray is the director.

A group of Latin Americans from Mrs. Decima Beene's first grade class gave a classroom demonstration. Students participating were Gloria Gonzales, Eva Garcia, Judy Aragon, Celestina Galicic and Junior Gonzales.

Mrs. Odie Claborn gave a report on possibilities of a City Library for Friona. Mrs. Wil-

lard Steward explained the advantages of having a book mobile in Parmer County.

During the social hour refreshments were served to guests on the program and 18 members.

### Couple Honored With Dinner

A rehearsal dinner at 6 p.m. Friday at Raney's Restaurant in Hereford honored Miss Patricia Myers and Charles Bass and members of their wedding party. Hosts for the event were Mr. and Mrs. Estis Bass, Troy, Bette and Barbara, parents and brother and sisters of the groom.

Table decorations were blue carnations, white stock and pom pom mums.

Wedding vows for the couple were read at 7:30 p.m. Saturday at First Baptist Church here.

### Rebekahs To Open Country Store

Opening of a Country Store at Oddfellows Hall two blocks east of Friona State Bank will be at 1 p.m. Saturday, May 4. Friona Rebekahs will keep the store open from 1 to 4 and will have a number of bazaar items for sale.

Many items which will be suitable for Mother's Day or graduation gifts or for use in the home will be displayed. Also included in the stock will be freshly baked cakes, pies, cookies and other baked products.

Eighteen members of the organization were present for the Monday evening meeting. Reports were made of 35 sick visits being made and 17 cards being sent.

Inez Sherley, retiring lodge deputy, was presented a gift by Lauretta Brookfield, noble grand.

### Muleshoe Hosts Benefit Dance

A benefit dance, proceeds of which will go to the Muleshoe Library Fund, is scheduled at the Priboth Roller Rink near Muleshoe on Saturday, May 4. Johnnie Lee Willis and his band, famous Western music group, will be the featured attraction.

Sponsoring the dance is the Epsilon Sigma Alpha sorority of Muleshoe, assisted by the Muleshoe Jaycees.

The dance will begin at 9 p.m. and last until 1 a.m. Handling ticket sales are Tommy Gattis and Mrs. Herman White.

Weekend guests in the home of Mr. and Mrs. H. A. Hyde were Mr. and Mrs. Walter Hyde of Wichita Falls, H. A. and Walter Hyde are brothers.

### Taylor's Go Camping

Mr. and Mrs. L. D. Taylor, Robin and Kenny, and Mr. and Mrs. Dee Taylor all of Friona were accompanied to Lake McAlister near Las Vegas, New Mexico by Mr. and Mrs. J. L. Brooks of Hereford.

The group spent the weekend fishing and sight seeing and returned to Friona late Sunday.

### Lutheran Ladies Attend Workshop

Ladies from the Immanuel Lutheran Church of the Rhea Community and Redeemer Lutheran Church of Friona attended the Lutheran Women's Missionary workshop in Amarillo Sunday.

Topic for the day was "The Three Ms of Personal Evangelism." The Rhea Lutheran Women's Missionary League presented a playlet and the closing devotional.

Attending the meeting were Mesdames Chris Ziechang, Raymond Schueler, E. A. Binger, Walter Schueler, Franklin Bauer, Melvin Sachs, Carl Schlenker, Gilbert Schueler, Chris Drager and John Drager.

### Patricia Myers Becomes Bride Of Charles Bass

In a double ring ceremony at 7:30 p.m. Saturday, Patricia Myers, daughter of Mr. and Mrs. Charles Myers, Jr., became the bride of Charles L. Bass, son of Mr. and Mrs. Estis Bass.

Wedding vows for the couple were read by Rev. Bill Burton before an arched candelabra with white candles. Bouquets of white glads and stock stood at either side of the spiral, which was flanked with greenery. Family pews were marked with white candles and blue satin bows.

Mrs. Mike Ellis, organist, presented traditional wedding music and accompanied Suzanne Taylor, vocalist, as she sang "For You" and "The Lord's Prayer."

Donna Blackburn was the maid of honor. Bridesmaids were Kitty Black, Judy Taylor and Bette Ann Bass, sister of the groom. Barbara Sue Bass, another sister of the groom, was the flower girl.

Candlelighters were Troy Bass, brother of the groom and Danny Carthel, Best man was Larry Anthony, cousin of the groom. Groomsmen were Charles A. Myers, Hereford, brother of the bride, Tommy Roberts and Craig Tannahill. Ushers were Don Stubbs and James Braxton.

Dennis Anthony, cousin of the groom, was the ring bearer. He carried the rings on a pillow of satin and lace.

Bridal attendants wore identical dresses of pale blue peau de sole designed with fitted bodices. The skirts were enhanced with back bows of self material. Matching hats and shoes complemented their costumes. Miss Blackburn carried a cascade arrangement of gladioli florets in the center of a blue satin bow surrounded with white satin streamers.

The bridesmaids carried nosegays designed similar to that of the maid of honor. The flower girl wore a dress designed similar to those worn by other bridal attendants and carried a white basket filled with blue pom pom mums.

The bride, escorted to the altar and given in marriage by her father, wore a formal wedding gown of candlelight satin and imported French lace. Features of the fitted bodice were long fitted sleeves which tapered to points over her hands and a scalloped neckline which formed a v in the back. Tiny covered buttons and a v at the waistline were other bodice features.

Back fullness was emphasized in the skirt, which flowed into a chapel trail. Her waist length veil of silk illusion was attached to a crown of seed pearls.

She carried a bouquet fashioned in a cascade design trimmed with stephanotis and lace leaves centered with a white cattleya yellow throat orchid surrounded with bridal satin

streamers tied in love knots atop a white Bible.

A reception in Fellowship Hall followed the ceremony. Guests were registered by Mrs. Jerry Loflin. The serving table which was draped in floor length folds of bridal satin and covered with net, was centered with an arrangement of blue carnations with candy tuft and candelabra.

A miniature bride and groom topped the tiered wedding cake, which was served by Mrs. Charles A. Myers, Hereford, sister-in-law of the bride. Punch was served from a crystal bowl by Mrs. Jim Greeson.

Others assisting with hospitality were Mesdames Claude Blackburn, C. W. Tannahill, A. L. Black, Leonard Coffey, J. R. Braxton and Ralph Taylor.

For a wedding trip to points in New Mexico, Mrs. Bass wore a pale blue wool suit with a mink collar and white accessories. Her corsage was from her bridal bouquet.

Mr. and Mrs. Bass are both graduates of Friona High School. She is a graduate of Draughan's Business College in Amarillo and is currently employed by the Martin Company at Denver, Colorado. He is a graduate of Coyne Electrical School in Chicago and plans to attend school in Denver.

### Of Interest To THE WOMEN

MRS. CHARLES BASS

### Bridal Shower Fetes Mrs. Douglas Gaines

Mrs. Douglas Gaines, who was Jeanine Wiley before her marriage, was honored with a bridal shower at Fellowship Hall of First Baptist Church recently.

Guests were greeted by the honoree, her mother, Mrs. Irene Wiley, her mother-in-law, Mrs. Alvin Gaines, and aunt, Mrs. Ross Terry. Those in the receiving line were presented corsages by the hostesses.

Hostesses were Mesdames John Terry, J. K. Anthony, Lewis Smith, Paul Daniel, Ralph Taylor, B. E. Duggins, U. M. Akens, Gary Goetz, Sam Williams, Ruby Barnett, M. P. Bennett and O. B. Moyer.

Refreshments of white cake with pink icing, nuts, mints and punch were served. The serving table was covered with a white lace cloth over pink and centered with a floral arrangement.

Those signing the guest register were Mesdames Charles Love, Howard Love, Monroe White, E. S. Euler, Ralph Mc-

Broom, James Wiley, John T. Wilson, Noyle Wood, Claude Osborn, George Wayne Terry, John Bengler, J. A. Loflin and Eugene Ellis.

Also Mesdames Kate Brookfield, Olive Massie, Tommie Horton, Polly Venable, Fred Baker, Marion Fite, Mildred Chandler, Olan Turner, Roy Miller, Bill Burton, Jimmy Gilliland, Hal Vaught, Irene Gaines, Wilbur Dean Moore, Wes Long, I. V. Day, Floyd Brookfield, Anna Scott, Pete Frazier, R. S. Johnston Jr., Charlie Jefferson, William Gromowsky, Watson Whaley, Connie and Lou and Melvin Wiley.

Also Mesdame Joe B. Douglas, E. F. Taylor, T. A. Williams, Guy Latta, Denver Smith, Granville England, Ernest England, P. W. Hughes, Dean Blackburn, Calvin Martin, Boyd Gilreath, Neal Fuls, Wesley Foster and Henry White.

Also Mesdames Scott Weir, Jarrell Wright, Luther Shelton, J. B. Buske, John Wright,

A. O. Drake, H. C. Wells, Florence Buske, Z. W. Rury, Pearl Boatman, Albert Rolan, W. S. Crow, Lloyd Prewett, Wesley Hardesty, Earl Drake and Aubrey Rhodes.

Also Mesdames Rosa Anderson, Forrest Osborn, G. B. Buske, G. E. Reed, Joe Talley, Fred White, W. F. Buske, James Anthony, Danny Smith, Clyde Fields, Dalton Caffey and Buck Fallwell.

Also Ann Prewett, Mark Anthony, Jeanne Taylor, Mike Wilson, Connie and Lou Whaley, Lyndia Chandler and Linda Johnston.

### Fidelis Class Meets With Mrs. Gary Hicks

Members of the Fidelis Sunday School class of First Baptist Church met at the home of Mrs. Gary Hicks in the Rhea community for their regular business and social meeting. Bible study was based on the harmony of Matthew, Mark, Luke and John.

Co-hostess with Mrs. Hicks

was Mrs. Velden Carroll. Refreshments of pie, tea, nuts and mints were served.

Others present were Rose Marie Powell, Mary Jane Clements, Johnnie Massey, Barbara Maynard, Glenda Adkins, Judy Taylor, Linda Williams, Wyona Clark and Luann Hough.

ASK ME ABOUT MY BUSINESS

### GENERAL TELEPHONE TOWNS ON THE MOVE

- Bonham
- Initiative
- Saves mill
- Payroll

When the Bonham Cotton Mill announced it would close its doors finally in early 1962, that North Texas city stood to lose a 61-year old industry with a \$14,000 weekly payroll.

Aggressive citizens of the 7357 population community arose to the emergency. Today, little more than a year later, Red River Textile Mill, Inc., is not only continuing the operation of its predecessor, but is talking plans for an eventual major expansion.

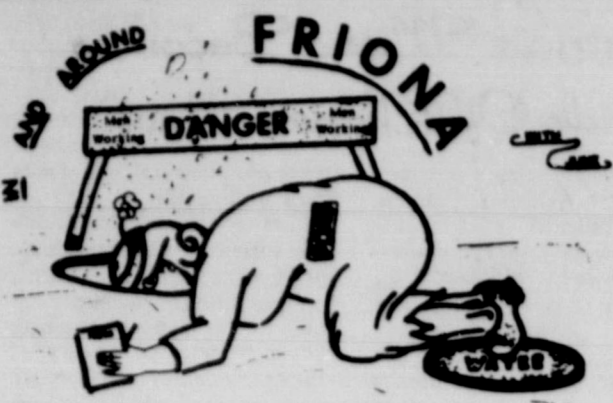

Bonham's vigorous enterprise in the face of crisis is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

### GENERAL TELEPHONE

COMPANY OF THE SOUTHWEST

In the very near future it will be Little League time again. It seems that each season brings more confusion, unhappy parents and bewildered youngsters. This ought not be. Several incidents have cropped up in recent years that have been most unfortunate.

Each parent that has one or more sons who will be playing Little League ball this summer should read the following paragraphs and give the ideas expressed careful consideration. Dick Hapke, former editor of the Star and now editor of the Lovington Leader, used this as a lead in his Tuesday's Lovington Lowdown.

Beecher Martin, Lovington grocerman and a stalwart promoter of Little League baseball, recently represented New Mexico's District 2 at the Sixth International Congress of Little Leagues in New York City. There were more than 400 delegates at the Congress, representing the rank and file of 6,000 Little Leagues around the world.

Beecher represented the Southeastern New Mexico area of Lea, Eddy and Chaves Counties at the meeting, and brought back quite a few suggestions on what is needed to improve the Little League program.

What was foremost among the advice given to the Little League leaders?

"Give the program back to the kids," said the League

hierarchy. "The kids are the ones the program was designed for, not mom and pop and the team managers."

It was the best advice that could have been given to the adult leaders of the program, and they'd all do well to take heed.

Little League baseball, like a lot of other programs, was one that got started off on the right foot, but somewhere along the line too many people lost sight of the objective, despite their good intentions.

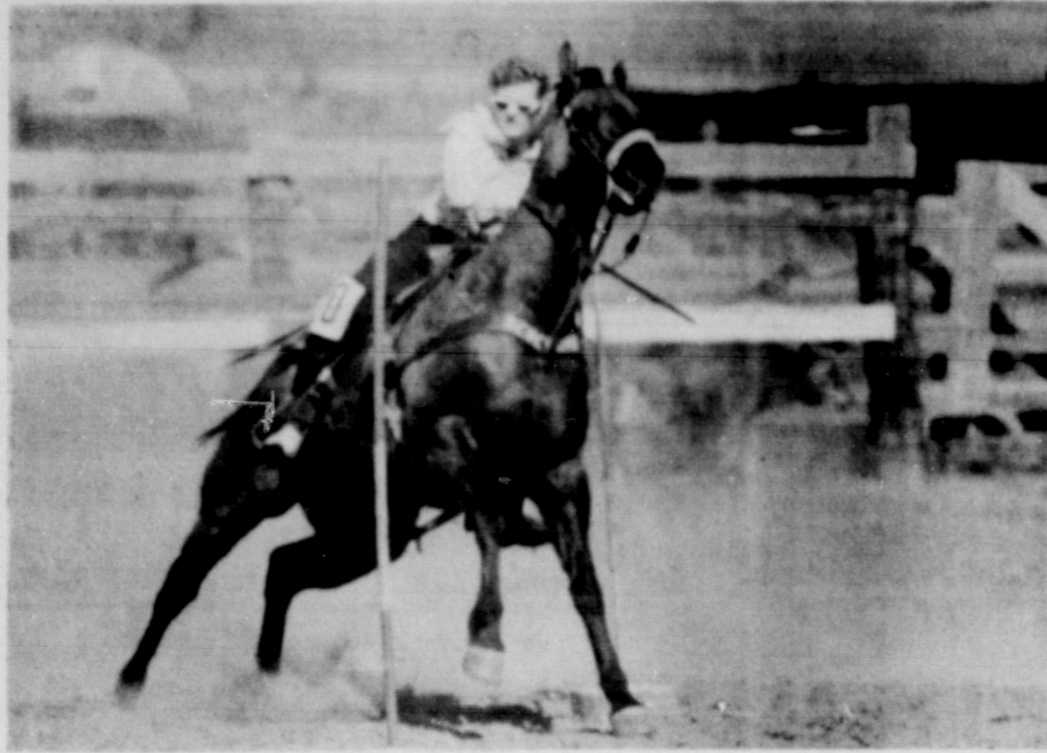

When the kids first showed up at the Little League ball parks, under the guidance of a few dedicated adult leaders who understood the purpose of the program, they got a lot of value out of the game.

All youngsters, whether they were natural-born sluggers and hitters or not, got their chance and were able to develop their physical talent and take part in a competitive sport.

Then, mom and pop became a little too interested in the sport and, whether they realized it or not, started demanding that their offspring be heroes.

The game became a win-or-else proposition, and the parents, if they didn't reprimand junior for striking out, started blaming the managers and umpires for everything that didn't go to please them.

As it has turned out, in far too many instances, Little League baseball has come to be

RIDE 'EM COWGIRL . . . Linda Hammond of Clovis, N.M., the winner in the pole bending contest in the junior rodeo last weekend, sponsored by the Junior Chamber of Commerce, is shown making the turn and heading for home.

a sport that provides an outlet for the pent up emotions of the adults.

If the mothers and daddies who have taken over the sport awoken to their mistakes, the Little League program can once again be a vital instrument in the development of character in our youth.

The Buck Fallwells will soon be moving into their new home at the corner of West Sixth and Arrah. They have lived in the Hub community a number of years. Jimmy and Dixie Smith and their two small sons, Steve and Randall, are looking forward to their impending move into a new home, which is being built next door north of Cecil and Marie Bass.

New residences soon to be occupied in the Drake addition are those belonging to Mr. and

### Rebekah Class Meets In Roberson Home

Mrs. Eva Roberson was hostess at the Thursday afternoon meeting of the Rebekah Sunday School class of First Baptist Church. Bible study was taken from the book of Proverbs.

Mrs. Charles Short and Mr. and Mrs. Lee Campbell. Several others are under construction.

New homes for two local church congregations are being planned. Bids have been advertised for an existing building being used by the Tenth and Euclid Street Church of Christ and the United Pentecostal Church.

Rembrandt said, "Try to put well in practice what you already know; and in so doing, you will, in good time, discover the hidden things you now inquire about. Practice what you know, and it will help make clear what now you do not know."

### JH Band Gets Good Rating

Friona Junior High School Band, under the direction of Bill Spencer, won a division II rating in concert and division III in sight reading contests at Canyon Tuesday. The concert rating was the highest the band has received in the four years that the band has been going to regional contests.

For the contest, the band played "Loyalty March," "Little Scotch Suite," and "Ballad."

ATTENTION Men, don't display your weakness to strangers. Take off your apron before answering the doorbell. . . . Santa Fe Magazine

### Marca Lynn Massie Installed President

Tom Gee, outgoing president of the Miller-Wilson Chapter of National Honor Society, directed installation of officers at the Friday evening meeting in the auditorium.

Marca Lynn Massie was installed as president. Other officers formally installed were Dennis Howell, vice-president; Karen Osborn, secretary and

Rex Nelson, treasurer. Other members participating in the installation were David Talley, Carol Ray, Gail White and Myrna Bennett. Superintendent Alton Farr chose "Ideals of the Society" as his topic for explaining qualifications necessary for membership in the society.

Probationary members inducted were Shirley Phipps, Lynn Wilson, Karen Osborn, Sheryl Long, Julia Dennis, Don Collier, Ronnie Brookfield, Dennis Howell, Jackie Clark,

Sharon Dean and Nan Lillard. Active members completing their inauguration were Myrna Bennett, Rose Ann Greeson, Marca Lynn Massie, Lois Moyer, Portia McGee, Rex Nelson, Tex Phipps, Joyce Rodgers, Diana Taylor, Mickey Wilson, Cheryl Neill, Clare Savage and Eve Braunschweiger.

Principal Raymond Cook led the benediction. A reception in the home economics department followed the ceremonies. Forty-six persons signed the guest register.

### Gee Has Role In ENMU Play

James Gee of Friona is among the students in the cast of "The Tidings Brought to Mary," which will be presented by the University Theatre of Eastern New Mexico University in Portales April 25-27.

The play is a French classic by Paul Claudel about a woman who becomes a leper. It will be staged by Dr. R. Lyle Hagan, director of the University Theatre. George W. McKinnier, designer-technical director, will create the settings.

Title roles will be played by Nina McGuffin, Portales, and Mike McGinnis, Clovis. There are 18 students in the cast. Admission to the play is \$1.

### Something To Think About

6th. Street Church of Christ  
Box 515 -- Friona, Texas

It is interesting to note that questions often reveal more than what is stated in so many words - that they oftentimes reveal something concerning the deep-seated attitudes and beliefs of the questioner. This revelation is especially manifested in two questions, one of which reveals that it is faith speaking and the other which reveals that it is human reason speaking. One indicates that the person is trying to walk by faith and the other reveals that he is trying to walk by sight. The question which reveals faith is: "Lord, WHAT will you have me to do?" The question that reveals that the person is trying to walk by sight is: "Lord, WHY would you have me to do it? It is certainly true that the perplexed soul may sometimes wonder why God has required certain things, but if faith is there he does not allow his inability to answer "Why?" keep him from doing what God has said to do. The individual, on the other hand, who will not do it until he sees why it should be done is trying to walk by sight even though he claims to be a believer in Christ. Faith realizes that God does not have to tell the why in order to see its duty and do it. Faith believes and walks through even when it cannot see through. Why asked why it does a certain thing faith said, "Because God commanded it." Faith does what God commands and leaves the consequences to Him.

# Top Elementary Students Are Listed By Principal

A total of 106 names were on the elementary school honor roll released this week by J. T. Gee, principal. There were 32 "Straight A" students, representing 6.37 per cent of the employment. There were 38 with one B, which accounted for 7.55 per cent of the students, and another 36 made two B's, the rest A's, for 7.17 per cent.

Leading students by room in the second grade were honored. Betty Sachs, daughter of Mr. and Mrs. Melvin Sachs, was tops in room 2-A. Robert Jackson, son of Mr. and Mrs. Robert L. Jackson, was the leader in 2-B. Carolyn Murphree, daughter of Mr. and Mrs. Curtis Murphree, was the top student in 2-C, and Kay McAllister, daughter of Mr. and Mrs. John McAllister, led 2-D. Grades not lower than A: Beth Cranfill, Teresa Ingram, Libby Lyles, Josie Perez, Pam Lewellen, Janice Bandy, Rhonda Rhodes, Ruby Roberts, Trip Horton, Mary Beth Bennett, Nancy Martinez, Betty Sachs, Sylvia Hernandez, Carol Ann Reeve, Cynthia Barnett, Carol Morgan, David Sanders, Bill

"When you are young you do a lot of wishful thinking. When you are old you do a lot of thoughtful wishing." — Ralph Nicholson, Brundidge (Ala.) Banner.

# Five Rural Accidents For County In March

The Highway Patrol investigated five rural accidents in Parmer County during the month of March, according to Sergeant W. E. Wells, Patrol Supervisor of this area.

These wrecks accounted for two persons injured and an estimated property damage of \$3,305.

The rural traffic accident summary for Parmer County from January through March of 1963 shows a total of 30 crashes resulting in no persons killed, four persons injured and an estimated property damage of

\$11,474. Each year, with the coming of April, it seems natural for motorists to want to get back out on the highway and enjoy the invigorating atmosphere and colorful countryside. Many of these motorists are apt to forget that increased violations of traffic laws play a vital roll in the annual traffic accident toll.

The motorist should realize that highway travel multiplies by leaps and bounds in April. The Sergeant stated, "What better time than April to remind motorists, pedestrians, and all street and highway users about the importance of knowing and obeying traffic laws."

# Junior Rodeo Termed "Best" By Jaycees

What was described as their "best junior rodeo ever" was conducted by the Friona Junior Chamber of Commerce last weekend. A total of 50 youngsters from the area took part in the event, being held for the third time.

Tommy Carr of Canadian was the all-around cowboy. Carr won the bull riding event, was second in bare back bronc riding, and third in ribbon roping.

Competitors from several towns in the area were entered. Following are the results by division:

Bull riding -- Carr; Eddie

Puckett, Muleshoe; Dan Thomas, Hereford. Bare back bronc riding -- Puckett; Carr; Bill Gudgell, Adrian. Tie down calf roping -- David Lewis, Clovis, N.M.; Larry Potts, Friona; Joe Schultz, Hereford.

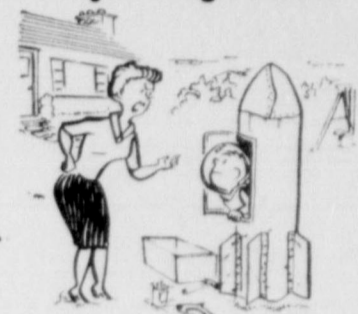

Ribbon roping -- Paul Hornsey, Fort Sumner, N.M.; Lewis; Carr. Pole bending -- Linda Hammond, Clovis, N.M.; Glenda Light, Amarillo; Karen Knight, Friona; Barrel racing -- Linda Hammond; Karen Knight, Billy Jo Woolbright, Summerfield. Calf scramble -- Joe Boggess, Rusty Lindeman and Ricky Davis, all of Friona.

Other Friona entries included Russel Scales, Delbert Davis, Rex Bracken and Tommy Tatum.

Rodeo officials expressed their thanks to Friona businessmen who helped make the event the success it was.

Two crooked but formal Londoners had shared the same cell in jail for over six years. One's reserve finally broke down and he assured the other, "No need to call me 'Number 8556-25' from now on, old chap. Henceforth, to you, I'm plain '855!'"

The Friona High School Band, under the direction of Lowell Bynum, is entered in the regional contests today.

**TODAY**

**Band To Compete In Regional Contests**

The Friona High School band will participate in the regional interscholastic league contests at Canyon today. The performance of the Friona band is to be broadcast on Station KCAN, Canyon, 1550, beginning at 9:30 a.m.

Ninety members of the band will take part in the contest. The band will compete in concert and sight reading divisions.

The FHS band will play three numbers: "Gypsy Barron," "Spiritual," and "Toccata For Band." Judges for the concert division are Gary Garner of UCLA, James Matthews, University of Texas, and Joe Hadson, Midwestern University.

Judging the sight reading contest is J. W. King of Hale Center High School.

Lowell Bynum is director of the FHS band.

**Notaries Public Must File Oath**

Secretary of State Crawford C. Martin announced that all qualified Notaries Public desiring re-appointment for the new term ending June 1, 1965 must re-qualify by the payment of the required fee and the filing of a new oath and bond with the County Clerk of his residence between June 1, 1963 and June 10, 1963.

Martin emphasized that Notaries Public should not send requests for reappointment or for commissions directly to the Secretary of State. The law specifically requires that the County Clerks approve notary bonds.

Any person not now a Notary Public who desires appointment should apply to his County Clerk between April 1, 1963 and May 20, 1963. Application during this

period will assure prompt attention before the rush procedure of reappointing present Notaries.

The Secretary of State further pointed out that each person applying for a commission as a Notary Public must be at least 21 years of age and a resident of the county for which he is appointed. The exact name and permanent address of the applicant must be furnished the County Clerk.

BY MRS. C. A. WATSON

The Midway HD club met in the home of Mrs. Raymond Houston, Tuesday afternoon. Marie Redwine, presented a program on "Good Grooming." Refreshments of homemade ice cream, appetizers and nuts were served to the nine members present. Attending were Mesdames Dee Brown, Claude Watkins, Lee Mason, Marvin Mason, Clyde Redwine, Glen Splawn, Louella White, Lora Brown and the hostess, Mrs. Houston. Next meeting will be in the home of Mrs. Marvin Mason. Members plan to visit at the home for the aged in Muleshoe on the next meeting day.

Mr. and Mrs. C. D. Gustin are visiting in Anadarko and Apache, Okla. this week.

Jess Pendergrass is a patient in the Parmer County Community Hospital in Friona. He has pneumonia.

Mrs. Les Bruns was admitted to a Lubbock hospital Monday to undergo surgery.

Mrs. J. R. Lawrence and her son, Roy E., of Morton spent the week as guest in the home of her sister, Mrs. Pearl Holt.

Mr. and Mrs. Fred Wilbanks accompanied by Mrs. W. P. Morgan and Mary Maxwell were in Amarillo over the weekend to attend a meeting of area teachers. New methods of teaching mathematics was topic of discussion.

Ed Vaughn from Frederick, Okla. has been visiting in the homes of Mr. and Mrs. T. D. Vaughn, Annie Vaughn and Mr. and Mrs. Raymond Trelder. Enjoying a weekend fishing trip were members of the families of Chuck Smith, Bill Brown and Barney Floyd.

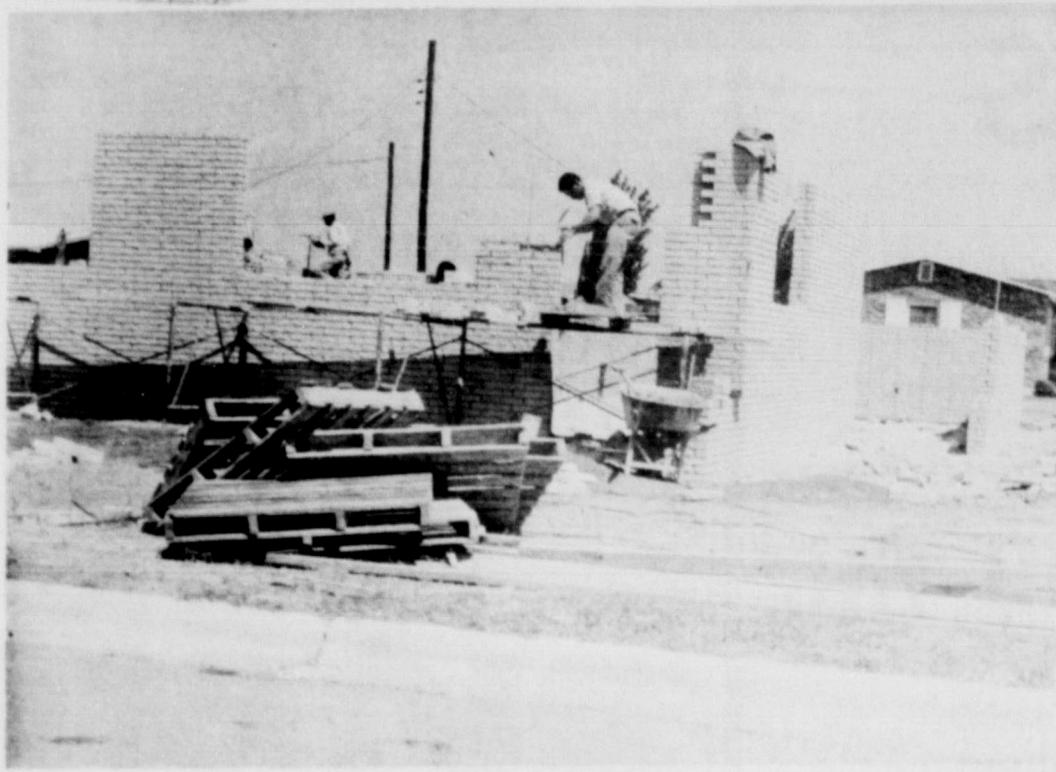

Mr. and Mrs. Raymond Trelder Jr. and family spent Sunday fishing at Conchas Lake.

Miss Maudene Barnes, a student at Hardin-Simmons spent the weekend visiting with her parents, Mr. and Mrs. Wesley Barnes.

Mr. and Mrs. R. C. Cline and Mr. and Mrs. Robert Murray and children of Muleshoe visited with Mr. and Mrs. Charley Watson, Sunday. Thursday evening dinner guests in the Watson home were Mr. and Mrs. Morris Nowlin and children also of Muleshoe.

Mr. and Mrs. George Haskins spent the weekend fishing at Conchas Lake. They report a good catch.

# Eighty Names Are On High School Roll

Eighty names were on an honor roll released this week by Friona High School principal Raymond Cook. The honor roll was instigated in order to recognize achievement. Cook pointed out. The grades were based on the fifth six weeks, ending April 12.

A total of 22 persons were on the straight A list. Seventeen made all A's with the exception of one B. The entire list follows:

**STRAIGHT A**  
 Sandra Beene, Madalyn Binger, Eve Braunschweiger, Janet Buckley, Brenda Deaton, Brian Evans, Dennis Howell, Andrea Milligan, Gail McClothlin, Lois Moyer, Cheryl Neill, Rex Nelson, Roger Nelson, Karen Osborn, Linda Outland, Carol Ray, Max Reeve, Sharon Reeve, Clare Savage, Tommy Sherley, Carol Struve and David Talley.

**A's WITH ONLY 1 B**  
 Myrna Bennett, Kay Burleson, Frieda Floyd, Tom Gee, Rose Ann Greeson, Tim Herr-

**A's WITH 2 B's**  
 Sharon Dean, Glenda McClellan, Portia McGee, Marie Short, Robert Stewart, Dianne Taylor, Mickey Wilson, Patricia Gay Wyly, Shirley Phipps and Dwight Bates.

**A's WITH 3 B's**  
 Greta Armstrong, Jay Beene, Jerry Cass, Rita Collier, Don Collier, Kay Coffey, Martha Knight, Dewain Phipps, Lynn Phipps, Tex Phipps, Gary Renner, Janet Rushing, Connie Schlenker, Fleeta Smith, Eva Jo Vinson, Monte Sue Welch, Ronnie Brookfield.

**A's WITH 4 B's**  
 Ray Braxton, Kim Buske, George Grant, Kay Neel, Ann Prewett, Bob Welch.

**A WITH 5 B's**  
 Travis Graves, Eldon Long, George Rushing.

**NEW BARS . . .** Mrs. Hicks pins the bars of a 1/Lt. on her husband, 1/Lt. Larry E. Hicks, in Fort Lee, Virginia. Hicks, a graduate of Muleshoe High School, is the son of Mr. and Mrs. J. E. (Ed) Hicks of Friona.

# Following Fire Trucks Is Hit By Authorities

Friona Chief of Police Bill Morgan issued the following statement to the Star this week:

It has come to the attention of the police department that there have been many complaints concerning the following of fire trucks and dangerous driving when the fire alarm is sounded. Sec. 100 of the uniform act of the Texas Motor Vehicle Laws states "The driver of any vehicle other than one on official business shall not follow any fire apparatus traveling in response to a fire alarm closer than five hundred feet or drive into or park such vehicle within the block where the fire apparatus has stopped to answer a fire alarm."

There have also been several cases of persons failing to stop for emergency vehicles -- ambulances, fire trucks and police vehicles. Sec. 75 of the uniform act states that "(A) Upon the immediate approach of an authorized emergency vehicle equipped with at least one lighted lamp exhibiting red light visible under normal atmospheric conditions from a distance of five hundred feet to the front of such vehicle and/or when the driver is giving audible signal by siren, exhaust whistle or bell: 1-The driver of every other vehicle shall yield the right of way and shall (immediately) drive to a position parallel to and as close as possible to the right hand edge or curb of the roadway clear of any intersection and shall (stop) and remain stopped until the authorized emergency vehicle has passed, except when otherwise directed by a police officer."

Anyone found guilty of violat-

ing either of these laws can be fined up to two hundred dollars.

# Bowling Meet Stated Friday

A special meeting will be held at Friona Lanes at 8 p.m. Friday evening of this week for all persons interested in reorganizing a couple's league for summer bowling. Mrs. Eddie Hall, representing Friona Lanes, encourages anyone who desires to participate to be present.

# Now see all that's new at your Chevrolet dealer's

Try out all the things these bucket-seat Chevrolet Super Sports have going for you—extra-cost options like 4-speed transmissions, high-performance engines, Positraction axle, tachometers, the works—and your decision won't be *whether* but *which*.

There's the Jet-smooth Chevrolet Impala SS with all the luxury you could reasonably want, all at a reasonable Chevrolet price; the Chevy II Nova 400

SS, a car that can give any family more run for its money (gives you a break on upkeep, too); the turbo-supercharged rear-engine Corvair Monza Spyder (nice, huh?); and finally, the sports car that inspired them all, Corvette.

Chances are you've got your Super Sport picked out already. If not, some warm spring weather, a country road and your friendly Chevrolet dealer will help you decide, for sure!

CLASS LEADERS . . . David Smith is the eighth grade valedictorian for 1963, and Terri Lynn Wilson is salutatorian. Both students had averages well over 96. Ten class members had averages of 94 or better.

## Junior High Honors Its Top Students

Top students in the fifth, sixth, seventh and eighth grades for the fifth six weeks were announced this week by Tom Jarboe, Junior High School principal.

The following students were listed:

Fifth grade -- all A's: Susan Vestal, Danny Kendrick, One B-Wayne Schueler, Connie Huereca, Becky Neill. Two B's -- Bill Ruzicka, Risa Howell.

Sixth grade -- all A's: Johnny Barker, Two B's: Vickie Renner, Kathy Bandy, Brenda Blackburn, Janice Clark, Vickie Payne, Bernhard Binger and Michael Huereca.

Seventh grade -- All A's --

Becky Coffey, Terri Sue Cummings, Judy Edelman, Rickey Hurst, Belinda Mabry, John Bill McFarland, Susan Mills, Karen Milner, Patricia Ragsdale, Roger Schooley, Kara Sides, Mary Smith, Linda Stone, Celia Vestal.

1 B -- Sharen Awrey, Wade Coker, Vernice Deaton, Randy Ellis, Christa Evans, David Reeve, Jan Shirley, Larry Truitt, Sharon Walker, Jan Welch.

2 B's -- Ann Ayres, Joan Brookfield, Kathy Cook, Peggy Drake, Mike Reznik, Ronnie Williams, Diana Wilson, Larry Graves.

Eighth grade -- All A's -- Susan Carmichael, Lou Cochran, Jerry Coker, Brownie Cole, Darla Howell, Jim Bob Jones, Bobby Jordan, Martha Martin, Susan Neill, Manuel Pacheco, Mary Sheehan, David Smith, Shirley White, Terri Lynn Wilson.

1 B -- Lydia Buske, Judy England, Linda Fallwell, Diani Gibson, Verneeta McNeely, Mike Wooley.

2 B's -- Billy Burton, Bob Carrothers, Elaine Coronado, Dennis Fallwell, Randy Farr, Cynthia Ingram, Glenda Mingus, James Sides, Mike Smith, Becky Turner.

## Smith Is Valedictorian Of Eighth Grade Class

David Smith, son of Mr. and Mrs. Lewis Smith of Route 2, Friona, has been named valedictorian of the eighth grade class this year, according to an announcement this week by Tom Jarboe, Junior High School principal.

Terri Lynn Wilson, daughter of Mr. and Mrs. Elroy Wilson, is salutatorian. David's average for the eighth grade was 96.458. Terri had an av-

erage of 96.208. In all, ten students had averages of 94 or above. The other top students, in order, were Brownie Cole (96.042); Darla Howell (95.708); Martha Martin (95.417); Susan Carmichael (95.083); Bobby Jordan (94.625); Jim Bob Jones (94.542); Jerry Coker (94.333) and Lou Cochran (94.042).

The grades were based on work done this year through the first five six-week periods.

**"I don't know how I ever did without it."**

When you come up with one tool that does the job of two or three, frees at least two tractors for other jobs, and pays for itself as it goes, you can understand why more than one farmer would make such a statement.

This is exactly what has happened in the case of the amazing Rolling Cultivator, an implement that has brought unprecedented acclaim from farmers, dealers, county agents and other cultural specialists from one end of the country to the other.

Here is a high-speed cultivator -- working up to 10 miles per hour -- that will break crust,

mulch soil and weed crops cleanly in one operation. It will even form beds if you want it to -- at the same time. With the Rolling Cultivator, it's once-over, all-over, perfectly, swiftly, and you can save enough time, labor and money to pay for it in one season (one farmer said "one week").

It would take all the pages of this paper to give you the complete story of how the patented and only true ROLLING CULTIVATOR has saved crops and made money for farmers from coast to coast. All we can do is give you an idea of its worth and ask you to

# Four County Deaths In '32 Testify To Draw's Potential

BY BILL ELLIS  
Editor, The Friona Star

(Note: Excerpts from the following story were submitted to the steering committee of the Running Water Draw Watershed project for use in its hearing before the State Soil Conservation Board in Plainview this week.)

The drowning deaths of four Farmer County residents in much water can go rushing down Running Water Draw --

water which might be caught and stored in the county.

The deaths occurred at Bovina near the place where Catfish (or Mustang) Draw, a tributary, joins Running Water Draw. The story must rank as one of the worst "horror stories" in the county's history.

It was August of 1932, Farmer County, still in the midst of the depression, was, as usual, needing rain. A late-summer flash flood developed in West Texas and Eastern New Mexico on Sunday, August 25.

WHEN IT RAINED IN FARMER COUNTY -- This picture shows how Farmer County draws looked in years like 1941. This particular shot shows Friona on May 28, 1941, one of several times that year in which the water got to that level.

As a matter of fact, it was actually much higher than this picture shows at times. The picture belongs to Jack Anderson, Friona barber, and was taken by Dr. Le. Spring, also of Friona.

A Friona ginnee, his wife and three children were trying to make it home from Clovis, N. M., in the blinding rain -- probably the height of the storm. Oldtimers say the rain measured up to 15 inches, falling in little more than a day's time.

"Doc" Waddell found he couldn't make it across Mustang Draw on what is now U. S. Highway 60 -- the rampaging draw had the road under water for about half a mile. He turned back to try the road to Dimmitt, on what is now Highway 86. (Naturally, there were no paved roads at that time.)

Waddell hesitated before attempting to cross the low wooden bridge across the draw just outside Bovina. His wife pleaded for him not to try it, but he started across. Halfway across the bridge, their automobile was swept off the road by the hard-charging floodwaters, and overturned in the draw.

The five people found themselves in a treacherous current. Mrs. Waddell and the two older children clung to the automobile, while her husband swam to shore with the youngest, a child of about three.

Waddell started back for the others, but halfway there he heard the baby crying after him, and looked back to see her on the water's edge. He returned to carry her farther back from the bank, then once again started after the rest of his family. This time they were not to be seen.

Bodies of Mrs. Waddell and the two children were carried as far as 15 miles downstream. One of the children's bodies was found past the place where the draw intersects with State Highway 214 south of Hub.

The following morning at daybreak, a group of Bovina residents, awakened by Waddell, began the search for the three bodies. The rain had slowed somewhat from its flood-like proportions of the day and night before, but the draw was still a swirling river.

Searchers spotted some draft on the south side of Running Water Draw. Richard Caldwell, 20, volunteered to ride a horse out into the current to inspect the drift.

Caldwell was swept from the horse, and out of the sight of the horrified onlookers, including his father. An indication of the swiftness of the stream is seen in the fact that no rescue try could be made. Caldwell's body was found 32 hours later.

The draw ran swift and deep Sunday, all day and night Monday and Tuesday. Those who remember the incident say it ran for at least a week. On Monday the draw was a quarter-mile wide in spots, and more than 10 feet deep in the main part.

Perhaps this sort of tragedy couldn't happen again, due to improved roads and bridges. But, imagine the amount of water which flowed downstream when rampaging Running Water Draw flowed from "hill to hill" with the force of a mighty river. And, it can happen again.

## THE HIGH PLAINS FARM AND HOME

### Watershed Project Future Rests On Hearing Outcome

A hearing before the State Soil Conservation Board was to be held Wednesday night of this week in Plainview for the Running Water Draw Watershed project. The hearing will determine how soon planning may begin for the project.

Currently there are between 170 and 200 watershed projects under application through the

state Soil Conservation Service. Somewhere in the neighborhood of 25 of these have been given a priority rating and approved for planning.

The official "planning party" averages completing from one to four projects a year. The planning must be completed before any construction may start. The Running Water Draw project is the largest in land area of any under application.

Jimmy Smith, Friona, Farmer County Work Unit Conservationist, estimates that the Running Water Draw Watershed project would take in the neighborhood of nine months to plan.

"Much of the future of our project rests in Wednesday's priority hearing," Smith states. He indicated that it might be some time before the results of the hearing are made known.

Officials of the state board were given an airplane tour of the draw from Plainview to Clovis, N. M., Wednesday afternoon and night they were to meet with county and city officials and farmers in the area, hearing testimony about damage caused by the draw flood-

ing, and plans which are underway.

Meanwhile, Leon Grissom of Oklahoma Lane has been named temporary chairman of a committee which will sponsor the building of a multi-purpose structure in Farmer County, for recreation and/or municipal water.

The group has made application for an engineer to check possible sites and for an economist to estimate costs for such a structure.

On a multi-purpose structure, the U. S. government will pay 50 per cent of the cost of additional construction and facilities, provided that the dam size is doubled either in height, size of surface area, or acre feet of storage.

#### NEWS FROM THE

#### FARM BUREAU

BY RAYMOND EULER

Bill Weidmeyer, Director of Research and Education will be the speaker at the Farm Bureau Wheat Referendum meeting to be held Monday, May 10. We do not yet know the time or place of the proposed meeting, but it will be announced in the county

news papers.

We hope all wheat farmers will try to be present to participate in this meeting. It will, of course, be a little different in some ways than the ones sponsored by the various government agencies, and the facts presented will reveal to you why Farm Bureau takes a different view of which vote, yes or no, would be to the advantage of everyone concerned.

Harry Hamilton, president, and Frank Hinkson, vice president and chairman of Farm Bureau' local Wheat Referendum Committee are making arrangements for the meeting. The exact number of Farm Bureau members in Farmer County as of April 1 was five hundred fifty two.

We were wrong two weeks ago in stating that H. B. 50 was sent to the governor for his signature (changing allowable speed limits on some highways). Because of disagreement on

some amendments it did not get there at that time. However, it is expected that it has, or will be passed soon.

We hope you farmers are taking a real interest in the activities of the work being done by the High Plains Water Conservation District. It is interesting, and in some cases surprising and amazing. Another thing, seeing Tom McFarland use a shovel is worth a trip to one of the sites. He's the general manager of the district.

About one hundred fifty candidates were assured for attendance for the Texas Farm Bureau Citizenship Seminar in Gatesville the last report we had. A minimum of 200 are needed, and we hope they have been reported in by now. Jane Bradshaw, of Farwell High School and Linda Rector of Friona High School are the Farmer County representatives, sponsored by Farmer County Farm Bureau, and being monetarily assisted by Worley Grain Company of Farwell.

\$1.29 per hour, including income from capital assets is the figure for farm people of the year 1959 used by some writers and speakers nowadays. Although income may not be too high, we don't believe anyone can visualize any way to use this figure for farmers we know.

### FOOTSAVING EDUCATION

by James E. Edwards

#### When Are You Going To Have A "Sale"

Not soon, I hope. Sales upset everything in a store that specializes in fitting children's shoes.

Parents patronize such stores because they know that they themselves do not know shoe fitting and that the child can honestly say that three or four different sizes all feel good. The shoefitter should take the responsibility for properly fitting children's feet and he does under normal conditions.

Conditions are not normal when you crowd a store with people whose first concern is price.

Shoes that do not fit may be sold simply because they are a vast improvement over the horribly misfitted shoes the child was wearing.

Clearance sales are necessary in every business and they provide an opportunity for some parents to try better shoes but fit should come first regardless of price. Ill-fitting shoes are not a bargain if the store paid you to take them.

### TEXAS COTTON GROWERS REPORT:

## Entire Season Control of Thrips, Aphids and Mites...

Untreated plant

Di-Syston treated

### Di-Syston Treated Plants Are Stronger, Straighter... Produce More Squares Earlier

West Texas and New Mexico cotton growers now have a new way to control thrip damage and early-season stunting... with Di-Syston granular insecticide. Di-Syston is placed in the soil with the seed or side dressed after planting. The chemical is then absorbed by the growing roots and carried to all parts of the plant through the sap stream--as soon as the plant emerges. No part of the plant is unprotected--even tender new growth as it is formed.

The result? With Di-Syston, your early cotton grows faster, has stronger, straighter stems, more vigorous foliage. Squares form earlier and the plant produces more of them. Many growers in the Lubbock area have reported full season control of thrip with just the one application. You get higher yields because of the good Di-Syston start. This year, get your crop off to a good start with Di-Syston. Complete instructions for use are printed on the label on every package. Use Di-Syston.

# Grazing Provisions Included Under 1964 Wheat Program

(Editor's note: This is the fourth in a series of articles prepared by the Farmer ASCS office dealing with the 1964 wheat referendum, to be voted on May 21.)

Under the proposed 1964 Wheat Program, (assuming there is a yes vote in the coming referendum) land diverted from wheat production to conservation uses (diverted acres) may be grazed during the winter, early spring and late fall without affecting payments or eligibility for price support.

In addition to this, it is also provided that the diverted wheat acres may be grazed during the summer grazing season, but this grazing will reduce the diversion payment by one-half.

This provision should be of interest to the livestock man who is also a wheat grower. He may participate in wheat diver-

sion provisions (made available under the new wheat program) without the need to fence off diverted acres.

Since the payment on diverted acres which are grazed the year around would be reduced, it does not appear likely that this practice would be attractive to men not already in the livestock business. But the provision would relieve livestock operators of the trouble of fencing off small cropland acreages diverted from wheat.

Now, let's take a look at an average in this county with a 1964 wheat allotment of 90 acres and a diversion of 10 acres. The regular diversion payment rate on this farm would be \$21 per acre. The total diversion payment (assuming that the diverted acreage is not grazed) would be \$210.

If the operator of the farm decides to graze this acreage during the summer months (or the entire year) the diversion payment would be reduced to \$105. In other words, cut in half.

Persons with any question regarding the 1964 wheat program are urged to contact any one of the county committeemen, county committeemen or wheat referendum committeemen for an explanation of the facts relative to the program. These committeemen are: Archie Tarter, Tom Beauchamp, Louis Welch, J. T. Mayfield, Roy V. Miller, Dick Rockey, Billie Dean Baxter, E. T. Ford, James Mabry, Johnnie Horn, Joe W. Magness, Joe W. Jones, A. W. (Dub) Anthony Jr., Deryl

Coker (county agent), Luther Hall, Robert Calloway, and Vernon Estes.

In the event that it might be more convenient, you are welcome to call at your County ASCS office for information relative to the program.

## WITH THE COUNTY AGENT

DERYL COKER

With the warm spring we had and the southwest wind, screw-worm cases now being reported in many counties throughout the area where sterile flies are being dispersed could lead to widespread infestation such as that experienced in 1962, un-

less livestock producers conscientiously follow precautions in handling their livestock.

Reports being received by eradication officials indicate that many producers feel the program has progressed to a point that individual screw-worm control measures are no longer required. This attitude, if left unchanged, could seriously hamper eradication efforts, authorities state.

For that reason, eradication officials have issued an urgent appeal to producers, asking them to treat animals with approved smears and sprays that will prevent screwworm attacks and collect and submit samples from all infestations detected. Our office has a good supply of sample bottles available.

Eradication workers point out that while an increasing number of counties are reporting infestations, as yet no large build-up of native screwworms is evident. They feel if producers will make every effort to treat open wounds before screwworm flies are attracted to them, the native flies can be overwhelmed through the release of sterile flies. Screwworm flies will lay eggs only on open wounds, so lets treat all open type wounds and if anyone should find any screwworms please collect at least 10 worms and place in alcohol or water and bring by my office or call the mission screwworm headquarters at Mission, Texas head. The phone number Justice 5-1646. If you do call please be prepared to furnish them with the following information.

1. Name
  2. Address and telephone number where producer can be contacted.
  3. Date when sample was collected.
  4. Location of farm or ranch where case was found.
  5. Location of wound on animal.
- A great deal of money has been spent, so lets all cooperate, and try to eliminate the screwworm.

# Lillie Appointed Manager At Hereford's Holly Office

Appointment of D. W. (Dex) Lillie to the position of Manager, Hereford District, Holly Sugar Corporation, with headquarters at Hereford, was announced in Colorado Springs recently by Holly President Dennis O'Rourke.

O'Rourke said that the Holly agriculturist will be in charge of development of large-scale commercial sugar beet production in the West Texas-Eastern New Mexico area to be served by Holly at its Hereford plant, which is now under construction and scheduled for operation in 1964.

"Lillie will be in charge, locally, of all agricultural activities, including contracting with growers for the annual beet crop, harvesting programs, direction of the agricultural field staff, all community and public relations in the area, sales of beet pulp and molasses and similar activities," O'Rourke announced.

Lillie has established a temporary office in the Jim Hill Hotel building, where he and a limited Holly staff will headquarters until the Company's new office building at the plant site is completed. Construction now is started on the office and several other structures which will be part of the big factory complex.

"As they are needed, additional key Holly personnel will

be assigned to the Hereford area," Lillie stated. He and Gene Parsley, representative of the Holly accounting department, are the first company people on the scene. Construction is under the direction of the H. K. Ferguson Company, retained by Holly as general contractor for the big, new processing facility. A number of Ferguson people are on the site now, Lillie said, and the construction crew on the job will be expanding soon.

The newly appointed District Manager has been with Holly since 1942. He began his career as an Agricultural Fieldman in Colorado and Wyoming; was promoted to the post of Chief Agriculturist at one of Holly's Montana plants; and four years ago became Northern District Agricultural Manager, for the Company at Sidney, Montana, in which position he supervised agricultural activities at Holly's plants at Sidney and Har-

in, Montana, and Worland, Wyoming.

Lillie is a native of northwestern Kansas. In 1939 he graduated from Colorado State University at Fort Collins, Colorado, with a degree of bachelor of science in animal husbandry and agronomy. During his college career Lillie was a varsity football player, and he still continues his interest in sports and athletics.

## Pesky Insects Have Expensive Appetites

The phenomenal appetites of some 10,000 different insects in the U. S. devour crops, forests, livestock and property at the rate of four billion dollars a year.

This amount of destruction is hard to visualize -- astronomical figures just don't register on the mind. But let's look at it this way:

Four billion dollars would operate all agencies of the Texas government, pay all salaries, construct roads and other necessary expenses for three years.

If you stood on a street corner and passed out thousand dollar bills to passers-by at the rate of one a minute, you'd have to stand on that street corner, night and day for seven years and 222 days before the four billion was gone.

Or, if you pasted that many one dollar bills together, end on end, it would circle the earth 15 1/2 times, making a green sidewalk nearly a yard wide and 24,000 miles long.

That's a lot of money just to keep our insects well nourished. It is no wonder, then, that science, industry and government wages perpetual war against destructive pests. The never ending search is for new and better biological and chemical weapons of warfare.

One of the first biological attempts was started in 1888 with a "good bug versus bad bug" campaign. Since most of our major insect pests have come from other lands, scientists began combing foreign lands for natural enemies of the destructive insects. Despite some striking successes, the use of natural enemies alone has too many limitations to be the final answer to effective insect control. Less than a fifth of the 500 predators and parasites brought to the U. S. mainland to combat harmful insects have become established in the past 75 years.

A real breakthrough was achieved in chemical warfare with the sterilization of male screwworm flies, virtually eliminating the livestock parasite in many areas of the south and southwest. Chemical sterilization of many other male insects is now under intensive study by

scientists.

Another weapon is to lure male insects to destruction with sex-attractants before mating can occur. On the Pacific island of Rota, scientists impregnated small squares of fiberboard with an insecticide plus a powerful attractant for the Oriental fruit fly. The sex-attractant was effective for a range of half a mile. The combined insecticide - attractant treatment eradicated the fruit fly in less than one season.

Some real promise is also shown by artificially inducing insect diseases. The most versatile insect disease yet found is called Bacillus thuringiensis which kills about 120 different insect pests. This bacillus has been produced commercially for two years and does not harm beneficial insects, animals, fish or man, according to USDA scientists.

One of the most desirable methods of insect control is the breeding of insect-resistant crop varieties. This has been done in wheat to eliminate damage from the Hessian fly. Unfortunately, resistant breeding material is not available for all crops and it often takes 10 years or more to create a resistant variety.

Farmers will continue to need our present insecticides, plus any which will be developed in the future. But such insecticides will be augmented to a greater degree by other control methods constantly being devised by science and industry.

## Game Violations Down For Month

Game and fish violations dropped in February in comparison to those in January, according to reports released by the law enforcement branch of the Game and Fish Commission. From 434 violations in January, they plunged to only 269 the following month. This, of course, was caused primarily by the termination of most hunting seasons.

Hunting without a license violations dropped from 58 to 21, while fishing without a license jumped from 24 to 32. Headlighting at night dropped from 92 in February to 48 in January; hunting from an automobile charges dropped from 25 to 10 and hunting in a closed season in February netted just

half the number in January -- from 26 to 13 violations.

Altogether, in January 336 persons violated game laws in one way or another. The following month the number dropped to 192 game law violations.

Fishing law violations following the closing of the hunting season were just beginning to climb in February with 26, compared with just 7 in January. Four of the February violators were charged with using insanitary containers for oysters, and one for selling bad oysters.

Check now for the proper fishing requirements, such as licenses and bag limits. Don't gamble with the laws.

# Scientists' Discovery May Help Control Boll Weevil

Scientists of the U. S. Department of Agriculture have extracted from the cotton plant a substance that repels boll weevils. It is the third substance extracted from the cotton plant with potential value for controlling the most destructive of all cotton insects, the boll weevil.

The first substances were an attractant that draws weevils to cotton plants and a feeding stimulant which makes the plants appetizing to the insects. The three substances were found by scientists of USDA's Agricultural Research Service working in cooperation with the Mississippi Agricultural Experiment Station at the Boll Weevil Research Laboratory, State College, Miss.

The repellent was discovered in connection with work with the attractant. When the attractant was warmed to room temperature, part of it vaporized or degraded. The part remaining proved repellent from cotton squares (flower buds) and seed-

lings, the same parts of the plant containing the attractant. The scientists listed these possibilities for the substances. Plant breeders could conceivably develop cotton varieties either with a high content of the repellent so plants would repel weevils or with such a low content of the attractant that the plants would not attract weevils.

The discovery also introduces the prospect of starving boll weevils by driving them from the kind of food they need. In laboratory tests, weevils were kept away from cotton squares, bolls and seedlings for five to 12 hours even when they had no other food to eat. When other food was available, the weevils left the treated plant parts untouched for 36 hours.

Other possible uses for the attractant include the luring of weevils to a trap or simply to an area away from the cotton plants. The feeding stimulant does not attract weevils from a distance, but offers the possibility of forcing them to starve on the wrong kind of diet. Research is continuing on the substances and cotton strains are being checked for their content of them.

# Hereford Youth Is Home After Farm Exchange Tour

Two Texans, James Hollingsworth, Route 1, Barry, and Pete Plank, Route 1, Hereford, were among the 33 young grass-roots ambassadors who returned to the United States on April 4 after their six months assignments under the International Farm Youth Exchange program.

Hollingsworth was assigned to Costa Rica while Plank spent his six months living and working with rural families in Uruguay. Both have already reported most enjoyable experiences.

The 33 are the last returning delegates in the 1962 phase of the IFYE program. IFYE, begun in 1948, is conducted by the National 4-H Club Foundation in behalf of the Cooperative Extension Service. It is privately supported by 4-H Club members, individuals, business and industrial firms and foundations.

The returning delegates will have a week-long consultation program at the National 4-H Club Center before going on to their home states. In addition to sharing their experiences with other delegates and project leaders, the young people will confer with officials of the U. S. Department of State and the embassies of their host countries.

Hollingsworth and Plank will be available to speak at 4-H Club meetings, to civic groups and to other groups and organizations interested in hearing of their experiences. Both made many colored slides and will use them to illustrate their talks.

Since 1948, some 3,000 two-way exchanges have been made between the U. S. and 63 cooperating countries. In 1962, a total of 122 U. S. delegates were exchanged for 126 foreign exchanges from 41 countries.

ONE OF THE COUNTY'S many lake pumps in the area which makes use of tailwater is this one located on the Gilbert Wenner farm south of Friona. Wenner's pump has been gauged at 72,000 gallons per hour. Allan White and Wayne Wyatt of the High Plains Underground Water Conservation District are seen in the foreground.

# Texas Wheat Estimate Fell Sharply As Of April 1

The United States Department of Agriculture reports that based on April 1 conditions, Texas wheat production is forecast at 44 million bushels, down sharply from December 1 forecast of 62 million bushels. Texas wheat farmers reported winter wheat conditions at 65 per cent of normal.

Fall rains got the wheat crop off to an unusually good start south of the Canadian River on the High Plains and eastward across the state. North of the Canadian River, however, fall moisture was short. On the Plains, severe January freezes thinned stands in most fields, with some fields a complete loss. Early April rains boosted crop prospects in parts of the Low Plains and eastward, but the important High Plains country is still dry and surviving wheat is suffering.

all areas except parched wheat country in the northern Panhandle.

Littlefield, Muleshoe, Dimmitt, Farwell and Hereford; Additional moisture needed on dry-land acreage. Irrigated acreage reported below normal for this time of year; however, the condition has improved since April 1.

Plainview, Tulla, Lockney, Floydada and Silerton: Moisture received since April 1 has been very beneficial to dry-land acreage; however, more will be needed soon to maintain present favorable conditions. Some irrigated wheat which appeared to be killed by the winter freeze is coming out and making fast growth.

Amarillo, Vega, Canyon, Panhandle and Claude; Beneficial rains have been received since our last report; however, more will be needed soon to insure an average wheat harvest.

Pampa, Wheeler, Canadian, Miami and Lipscomb: Moisture is urgently needed over the entire area. An estimated 30 per cent of the acreage has been abandoned and unless moisture is received soon, abandonment will be even higher.

Delhart, Channing, Stratford, Dumas, Spearman, Borger and Perryton: Moisture is urgently needed over this entire area and as a result of dry weather, it is now estimated that from 40 per cent to 50 per cent of the dry-land acreage has been abandoned. Irrigated wheat is in good condition but this is a very small percent of the total acreage in this area.

# County Helps Set Record For Soil Sample Numbers

Soil sample numbers handled by the three soil testing laboratories operated by the Texas Agricultural Extension Service at College Station, Seymour and Lubbock set a new record during January and February, W. F. Bennett, extension soil chemist, said 6,543 soil samples were received during the two months as compared with 4,231 samples for the same period of 1962.

This, Bennett said, indicates the strong and growing interest

in soil testing. Samples were submitted, he added, from more than 200 of the State's counties with 16 in the 100 plus group. The top grouping included Bailey, Castro, Fayette, Floyd, Gaines, Gonzales, Hale, Harris, Hockley, Kaufman, Lamb, Lubbock, Milam, Parker, Farmer and Swisher with Hale, Hockley and Parker ranking one, two, and three.

Bennett also reported that 181 samples were submitted

from Nevada, 40 from New Mexico, 17 from Mexico, 6 from Arizona and 5 from Utah.

The soil chemist noted that since the initiation of the new soil and water salinity testing service on September 1, 1962, 210 water samples and 154 soil salinity samples had been received. Most of the water samples have been from water to be used for irrigation; however, a few were tested for their suitability for consumption by livestock.

Bennett explained that the Texas A&M Laboratory, where the salinity tests are made, is not equipped to test water for its suitability for domestic use and human consumption. Such samples, he said, should be sent to the State Department of Health in Austin.

Stubborn, hardened grease spots on the stove can be erased with dry sal soda applied with a damp sponge.

# Farm Facts

Nurse cows have a new competitor—the electronic "mother."

It's a feeder that blends water with a dry milk replacer, holds it at a temperature of 100 degrees, and dispenses it through a standard calf nipple. Not only is milk available around the clock, but a time delay feature prevents calves from gorging themselves.

Capacity is 16 calves per feeder. Antibiotics or other medicine can be fed automatically in the ration.

According to Harold Stover, agricultural engineer at Kansas State University, here's how it works:

The machine is connected to a water supply and source of electricity and dispenses milk replacer from a 20-pound hopper. A fan-like vibrator in a tank just below the hopper keeps the powder flowing uniformly into a plastic mixing bowl beneath the machine. At the same time, warm water from a small hot water tank flows into the mixing bowl.

Calves now can be fed mechanically.

When the water level reaches a "feeder" bulb, the supply cuts off until the calf sucks the milk replacer through a nipple mounted at a low angle. This forces the calf to bend its neck, causing the formula to go into the proper stomach.

**SWEETHEART ENTRY** -- Dyanne Curry, 17, of Sudan, will represent the Littlefield District FFA, which includes Farmer County, in the Area I FFA Sweetheart contest at Amarillo May 11. The daughter of Mr. and Mrs. Bill Curry was Miss Lamb County in 1961, and was runnerup in the contest at Perryton for Miss Sweetheart of the Nation the same year. A majorette at Sudan for the last four years, she was selected as the outstanding high school band student at a McMurry College summer course last year, and as a saxophone player was named to the all-state high school band this year.

## The HAPPY HOMEMAKER

BY JUNE FLOYD

Perhaps there has never been a spring when simplicity was as fashionable as it is this spring. It seems as if the designers have gone overboard for simple designs in everything from sun suits to evening wear.

Materials are more beautiful than ever, so homemakers who enjoy making clothes for themselves and other members of their families can really turn out garments that are stylish as well as beautiful and easy to make.

Mothers of young teen age girls will be able to assist them in making attractive articles of wearing apparel for themselves.

About two years ago someone came up with a fruit cocktail cake and we had several inquiries for the recipe. At the time I didn't have one, but did eat several samples of cakes others had made.

The following recipe and two of its variations were copied from "Treasured Recipes" published by Lubbock Christian College Associates and was contributed by Mrs. Ross Goodwin of Muleshoe.

### Fruit Cocktail Cake

2 cups sugar  
2 cups flour  
1 teaspoon soda  
1 can fruit cocktail  
pinch of salt  
2 eggs  
1 cup brown sugar  
1 cup nuts  
Mix sugar, flour, soda, cocktail and salt; add well beaten eggs. Pour into greased and floured loaf pan. Top with brown sugar and nuts mixed together. Bake at 325 degrees for 35-40 minutes.

Mrs. W. F. Banks, Springlake, varies the batter recipe by using 1 1/2 cups brown sugar and 2 teaspoons soda.

Mrs. Jim Thweatt, Llano, pours a sauce over the cake made thus:

1 1/2 cups sugar  
1 cup butter or oleo  
1 small can evaporated milk  
Boil all ingredients 2 minutes. Add 1 teaspoon vanilla and beat 1 minute. Pour over warm cake.

Another recipe for which I have had several requests was contributed to "Treasured Recipes" by Mrs. L. R. Hall of Muleshoe.

### Red Waldorf Cake

1/2 cup shortening  
1 1/2 cups sugar  
2 eggs  
2 oz. red food color  
1 teaspoon soda  
1 tablespoon vinegar  
1 teaspoon vanilla  
2 heaping tablespoons cocoa  
1 cup buttermilk  
1 teaspoon salt  
2 1/4 cups cake flour  
Cream shortening, sugar and eggs. Make paste of cocoa and food color. Add to first mixture. Add alternately, flour and buttermilk; add vanilla. Mix soda and vinegar over bowl; add to batter and blend. Bake at 350 degrees in two 9" cake pans.

When cool, split to make four layers.  
Frosting  
1 cup very fine pecans  
3 tablespoons flour  
1 cup milk  
1 cup powdered sugar

1 teaspoon vanilla  
1 cup butter (not oleo)  
Cook flour and milk until thick; stir constantly and cool. Cream butter and powdered sugar until fluffy. Add vanilla; combine the two and blend well, by hand. Sprinkle nuts between layers.

**Tangy Applesauce Salad**  
1 package lime Jell-o  
2 cups applesauce  
1 bottle 7-Up  
1 cup nuts

Heat applesauce and dissolve Jell-o in it. Add 7-Up and nuts.

## PCG Will Conduct "Planter Box" Test

Plains Cotton Growers, Inc. has announced that a "planter box" survey on cotton seed will begin in two High Plains counties, Terry and Crosby, as soon as planting is in full sway in those areas.

The survey, which is a part of PCG's crop improvement program, will be conducted with the help of Young Farmers, County Agents and ginners in the two counties. Purpose of the survey is to determine the relationship between seed being planted and cotton yield and quality. Samples (approximately two pounds) will be taken while planting is actually being done, and sample takers will need such information as variety, germination, what treatment seed has received, whether certified or non-certified, and the source of the seed.

DISCUSSING FACETS of the Running Water Draw Watershed project at a recent meeting of the steering committee of the project are A. L. Black, chairman of the Board of Directors of Farmer County Soil Conservation District, F. F. (Flip) Calhoun of Plainview, chairman of the committee, and Jimmy Smith, SCS Work Unit Conservationist of Friona.
