They Grow Big In Rankin

Boggs, left, and Mrs. John will be able to top these two melons in size.

show off some of the cantaloupes that are being raised in home gardens this year. Standing by to make a case they should drop by melons is Micky Arnold. The Watsons raised the melons, not yet ripe, in a spot on the east side of

probably the largest "ever" ever planted in Rankin this year is seeing numerous owners raising backyards and much of the shop talk is about beans, bug control and how big they grow. Not too many, however,

Swim Instructor Needed For Adult Lessons Schedule

Applications are now being accepted for an adult woman swim instructor to instruct some four weeks of adult women's swimming classes that are to get underway soon at the Rankin Pool. All persons interested in making application for the job should contact T. D. Workman, Jr., Commissioner of Precinct No. 2.

A group of local women have banded together to form the class and the County has agreed to furnish the lifeguard and instructor. A schedule of the lessons will be made available once the instructor is selected.

Any adult women in the area wishing to join the class may contact Mrs. Pauline Sheffield at 693-2550 for further information.

August 1 by the group.

In order to raise funds for this trip, various activities are being planned. Among these are a bake sale on Saturday, July 12 in front of the Post Office, and a softball game between the young people and the adults of First Baptist Church, this also to be on July 12 with a 7:30 p. m. starting time at the Little League Baseball Park.

Baptist Youths to Make El Paso Trip

The young people of Rankin First Baptist Church have accepted an invitation to conduct a Vacation Bible School in El Paso. The youths and their sponsors will leave Rankin in the church bus on Saturday, July 26.

Dates for the Bible School, to be conducted in the Morning-side Baptist Church of El Paso, are July 28 through August 1. A return to Rankin is planned on

Half Million-Plus Gain Noted —

First State Bank Shows Hefty Gain In Total Assets Over That of Year Ago

In their most recent Statement of Financial Condition, filed as of the close of business June 30, 1975, the First State Bank of Rankin recorded an increase of over a half-million dollars in Total Assets over that of one year ago. The new grand total was put at \$7,545,316.70, compared to \$7,026,117.96 for June 30, 1974.

Marking up gains in almost all areas, the bank showed total deposits of \$6,543,255.12, divided about equally between demand deposits, \$3,176,241.18, and time and savings deposits, \$3,367,013.94. Total deposits at this same time last year were \$6,100,850.01 with the division not being quite as equal: demand deposits were \$3,263,380.14—slightly higher than they are now—and time and savings deposits were \$2,837,469.87. This trend of increased savings is said to be general across the nation as more and more people save money instead of spending.

Loans, for the first time in quite a while for one quarter as compared with a previous year, showed a slight increase—perhaps a further indication of the present economic situation that prevails. The present amounts listed under "Other Loans" is put at \$1,941,463.63; whereas, a year ago they were \$1,931,519.67.

Total Equity Capital at the bank was also up, the current amount being \$820,114.46; compared to \$774,699.38 last year. One of the big gainers in this department is in Surplus, presently at \$250,000—up \$50,000 from the 1974 amount.

Average of total deposits for the 15 calendar days ending with the call date was \$6,451,430.73; while the average total loans for the same period of time was

\$2,344,203.10. Both figures marked gains over the June 30 report of 1974.

Total undivided profits at the present accounting date amount to \$420,114.46.

McCamey-Rankin to Settle County Golf Championship

Sunday will be the final shoot-out between Rankin and McCamey golfers, to determine which town will be declared Upton County Champion for 1975. Winning the event will entitle the community to retain the traveling trophy for one year—or as long as they can keep winning the annual event.

In opening rounds played in Rankin on June 29, the local linksters moved into a slight lead, due mostly to the home course advantage, and are expected to be hard pressed to maintain the advantage over the McCameyites as play moves onto their home links.

Tournament directors for the Rankin side this week sent out an urgent plea for all golfers of the area, who can possibly do so, to turn out for Sunday's finals. "We need lots of help," the chairman stated.

With a tee off time of 1:00 p. m., play is open to any member of the Rankin or McCamey Country Club. This includes college students whose parents are members in good standing of either of the clubs. Entry fee is \$2 per team and a number of awards are given.

In a 27-hole partnership held in McCamey last Sunday, two teams playing out of the Rankin Country Club tied for top honors (Continued to Back Page)

July 4th Fete has Big Turnout Report

Rankin Jaycees reported that their first effort at a public entertainment affair proved to be a big success when a crowd estimated as high as four hundred persons, turned out for the Jaycee Bicentennial Independence Day Barbecue. The affair, that featured a brief program, was held July 4th at the Rankin Swimming Pool Park.

Members of the Jaycees this week expressed their appreciation to the public for this nice turnout and the good spirit of fellowship that prevailed at the celebration.

John's Market
This is a business house that would be a credit to any city. It has the most modern equipment and besides the choicest of fresh and cured meats a fine line of fancy sausages, lunch meats and packing house products is carried, besides poultry, eggs and creamery butter. John Thornton, who knows the meat business thoroughly, is proprietor.

— from 1927

Rankin Junior High Twirlers Attend Clinic

The girls from Rankin Junior High were participants in the Southwest Twirling Camp Drum Major Clinic held on campus of Cisco Junior College June 1-6. The camp was

the sixteenth annual workshop for high school and junior high baton specialists held at CJC.

There attending were, left to right: Brenda Ortiz, Jan Perritt, Lori Leck, Kim Ratliff and Gina Edge.

The students attended classes for five days studying such things as solo tricks, twirling ensembles, dance-twirl routines, strutting, and various types of baton specialties.

Scoop -

(Continued from preceding page)

As best I can figure it, a mess of beans from the came to about \$69.73—course, includes tax. It to reason that if we can messes of beans—before do—then we can cut in half; another will a fourth; and so on—it doesn't freeze before 25, 1976, and those keep on growing, and I have to go to the hospital had back from chopping why, then we're going to get those beans down \$1.86 a pound.

If what I read and hear the people who farm for a is true, that's about the you can expect that parti-business to go.

Day, who writes a column and then on gardening, has pretty good tips. There is; er, one question that I like to put to him: is it true that every time you if one weed with a hoe, more will come up in its

Everything You Will Need in way of tools, seeds, etc. perfect lawn or garden.

JOHNSON'S

place—or has my instant tea mix been spiked with something a little stronger than sugar and I'm seeing three where there had been only one?

SHERIFF'S OFFICE —

On Tuesday, July 1, a meeting was held in McCamey that was a lot like many meetings in that several people who should have been there didn't show up, one who was there slept through a portion of the session, and in general, it was rather "dry." Despite all that, it was possibly one of the more important meetings for Rankin and McCamey residents held last week—if not in quite some time.

It was a quarterly meeting of the Co-ordinating Committee for Upton County Law Enforcement. Details of the meeting were printed in the News on the issue of July 3.

So what made this quarterly meeting of the Committee any more important than those that have gone before—or, possibly, those that will follow? Mainly, it was important because it was decision time—time for the Committee, acting as representatives of the general public, to decide whether or not the law enforcement of Upton County should be continued under one department—the Sheriff's Office—as it has for approximately the past eighteen months, or whether we should go back to three separate operations; namely, a Rankin Police Department, a McCamey Police Department, and the County Sheriff's office.

After hearing comments—all in favor of the present system as opposed to the former three-part enforcement—the Committee voted unanimously to ask the Upton Commissioners to continue the present operation and for Upton County to pick up the tab for the Federal money that is shortly to run out—as had been originally planned. After a bit of listening and some talk about town, I believe that most residents are strongly in favor of the present set-up over what

we used to have. After all, it's not just everywhere that you can get a policeman to your front door—if you need one—in an average of three minutes from the time you place the call—and that's what the present system has been clocked at—by experts.

It is also pretty well apparent that all members of the Commissioners Court want to see the present operation continued and will likely vote to find the funds for its operation some place. Considering all the other demands made on the County for funds, it's never an easy matter for the Court to find extra money. And if one of their members is correct, the Court will take a close look at the present opera-

Crane Is Getting New Dental Office

CRANE, TX—July 10: Dr. and Mrs. Jim Fregia are now making their home in Crane. Dr. Fregia is Crane's newest member of the medical profession. He will be opening his dental office in the Crane Medical & Surgical Clinic soon.

Plans are being made for a reception to be held in their honor at the Crane Museum-Art Center on Friday, July 11 from 4:00 until 6:00 p.m. Dr. B. J. Maynard, M. D., former Mayor of Crane and long-time member of the Crane medical staff, will make a special presentation to Dr. and Mrs. Fregia at 5:00 p.m.

The public is invited to attend these ceremonies and to welcome Crane's new dentist and his wife, Muff.

Attention Fishermen!

COME IN AND SEE JOHNSON'S

tions to see if it can be done any cheaper.

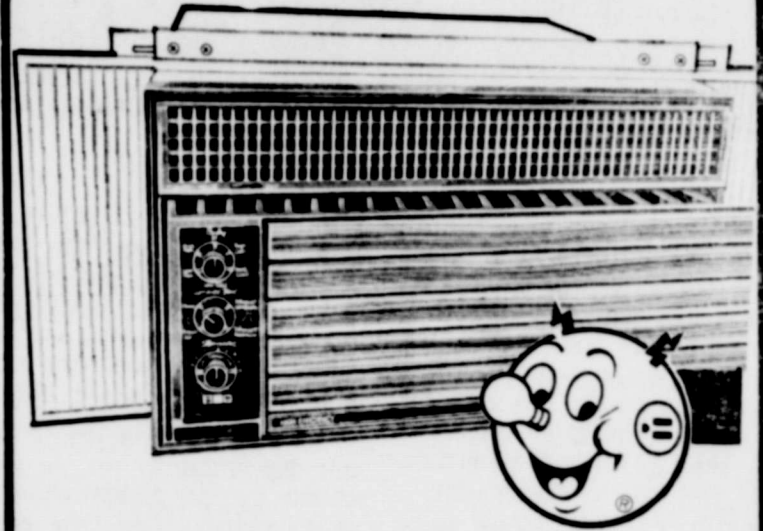

This they most certainly should do. It's just good business—not only in this particular instance, but in all County operations—as, also, with any group that is spending tax money.

However, it would be hoped that the Court will not reduce the efficiency of the Sheriff's Office in order to save a little money.

I, for one, don't believe that the public—crooks excluded—want less law enforcement. I believe they want the best that we can possibly afford, even if we have to cut somewhere else.

Fortunately, with the tax base the County has, cuts probably will not be necessary anywhere along the line. That's just another advantage of living in the oil patch.

Reddy's helpful tips for your Room Air-Conditioners

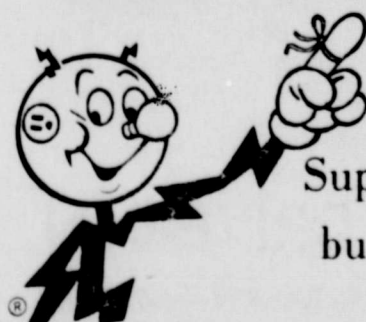

- Set air-conditioner to maintain a slightly higher temperature than you might normally; each degree cooler than 78 uses substantially more energy.
- Clean the filter regularly.
- Close draperies, blinds and use shades or awnings on all windows exposed to sun.
- Use appliances that give off heat (ovens, dishwashers, dryers) during cooler times of the day.
- Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

Pets May Be In Danger of Poison as They Frolic on RCC Golfing Greens

Looks Like Fun & Games . . . May Be Poison

Pictured above is a portion of damage, believed to have been caused by a dog or dogs, suffered to the putting surface of golf greens at Rankin Country Club in recent weeks. Huge hunks of turf were torn out and large holes were dug around the cups, used in the golf play, into which the ball is—finally—hit.

Damage has apparently been

done early in the mornings and after the grass has been freshly watered. The greens are estimated to be "worth" some five to six thousand dollars each and damage of any sort can result in a rather high repair bill.

And someone may lose a valuable dog or family pet. As pointed out by the greens chairman at the Country Club, the greens

are constantly being treated in the summer time with insect poison. This poison is about as potent as can be bought today and with the grass being wet, it is very possible that an animal could get the poison into his system, resulting in death or severe illness. Both animals and birds have been found dead around the greens following the bug poisoning application.

Rankin Country Club this week officially gave notice that the organization would not be responsible for any animals domestic or otherwise, that might run loose on the golf course.

"We have no choice but to put out the poison to keep the bugs from killing the grass—we can't afford to replace it. At the same time, it would take 24-hour surveillance to make sure that no pets or animals that strayed onto the course were not poisoned—and we can't afford that either," said the chairman.

Gardening Tips for Better Eating

BY DUB DAY
County Extension Agent

Many virus diseases occur in the home vegetable garden, and there is little that can be done to control them once they occur.

Although viruses attack many plants, those commonly afflicted include beans, tomatoes, peppers, potatoes, Southern peas, squash, mustard and turnips.

Viruses can be identified by mosaic on the leaves (mottled appearances), ring spots on the foliage and sometimes on the fruit, yellowing of the foliage along with possible bronzing and reddening, and stunting of the plants.

Virus diseases in home vegetable gardens are primarily spread by insects. Aphids and leafhoppers are mainly responsible. Therefore, insect control is important to the prevention of virus diseases.

Virus diseases are spread by contaminated seeds, so the use of certified seed is important.

Virus diseases can also be spread by contaminated clothing or hands. Tobacco mosaic can be spread to tomatoes by someone who has smoked recently.

Weeds can also serve as hosts to viruses, so a year-round weed control program is important to reducing virus infestations.

Proper attention to maintenance practices around the home garden, including the control of weeds and insects, will go a long way in reducing virus problems on vegetable crops.

FAN to Begin Book Review With Thursday, July 10 Meeting

Thursday evening, July 10, at 7:30 p.m., the first group study of Dr. Maxwell Maltz' book, "Creative Living for Today," will be held at the Rankin Park Building. Discussion leaders are Mr. Ray Dykes, Rev. Herb Frederick, Eugene Lowry and Rev. Ray Singleton. The general public is invited to attend the study under the leadership of these men.

While an activity by FAN, it is felt that all age groups can benefit from this series, and the Thursday evening meeting will make the series available to persons working during the day.

Dr. Maltz says that all people should realize that they must live fully for today. They must realize that each day is a lifetime to be lived now, and that the mistakes of yesterday must be left in the tomb of time. The young become mature and the mature become young when they learn to deal with negative feelings and to rise through them to their full recognition of themselves as adequate human beings. Discover how boredom, anxiety, and frustration can be overcome. Dr. Maltz indicates that his system (sometimes called the "success system") begins with a simple process of self-education which does not require exceptional intellectual talents and no physical activity.

There is no admission charge

for the meeting; however, it would be beneficial to have Dr. Maltz' book available for study. The book can be obtained at the Citizens' office in paperback edition at \$1.50 each.

The book will be presented in an eight-week series, with chapters being discussed subsequent Thursday. It is suggested that the pertinent chapters be read before each study.

The first discussion group will cover Chapters One and Two, led by Rev. Ray Singleton, Thursday, July 10. Any interested person is welcome and may obtain books at the meeting if necessary. Paper for notes should be brought to the meeting.

Museum Note

We have had seventy-five people visit the Museum in the past two weeks. If you were one of them, we invite you to come see what we have.

Hours at the Museum are from 3:00 to 5:00 p.m. through Friday. Mrs. Jack is curator for the Museum. If you have a question or if you have relatives who would like to see the Museum, please call Mrs. Smith and she will open the door. Her phone is 693-2000.

Humphries-McAdams Wedding Vows Read July 4th in First Baptist Church

MRS. WILLIAM BERT McADAMS, II

Pamela Jean Humphries and William Bert McAdams II were married at 3:00 p.m. July 4 in Rankin First Baptist Church. Ray Singleton, pastor, officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Doyle W. Humphries of Rankin and Mr. and Mrs. Don Carroll of McCamey.

Given in marriage by her father, the bride wore a formal length gown of white silk mist over bridal satin, featuring a high neckline with sheer organza yolk and chapel-length train trimmed in Venise lace.

Her fingertip veil of silk illusion was held by a peau cloche and trimmed in Venice lace. She carried flowers of white camellias and baby's breath.

Liz Smith of Midkiff was the maid of honor. The bridesmaids were Penny Braden of Midkiff and Kim Martin and Rene Taylor, the latter two from Rankin.

Robin Martin of Rankin was flower girl and Mrs. Paula Corder was organist.

Serving as best man for the ceremony was Charley McKee of McCamey. Wayne Allman, Jimmy Kennedy and Danny Young, all of McCamey, were groomsmen. Greg Hyatt of Rankin was ring bearer.

A reception followed in the church's Fellowship Hall.

After a wedding trip to Odessa, the couple will be at home at the Rio Pecos Power

Station west of McCamey.

The bride is a student in Rankin High School. The bridegroom is a graduate of McCamey High School and is employed by West Texas Utilities Company.
