Resolutions Adopted by Office Creek Alliance.

The following is a copy of pro amble and resolutions adopted by our Alliance (Office Creek) at called meeting in Dec. las .

Whereas, numbers of member of the Alliance are uniting with a organization known as Producers Trade Union, and thereby causing confusion in the Alliance, in that it weakens the Alliance in its Finan cial operations, causes division and disunion &c., and

Whereas, such ought not so to be Therefore be it resolved that we hereby petition the Grand State Alliance to incorporate a clause in her regulations prohibiting her members from affiliating with said organization.

Now this may seem too hard, and even absurd to many good breth ren, but nevertheless I believe the time has come when this, or some other way should be adopted to cause members of the Alliance to work together more as a unit. do not know of any influence doing the Alliance a greater degree of

damage than this P. T. U. I will point out one way in which I claim that it is a disadvantage to the workings and operations of the Alliance. Let a committee on trade approach a merchant, tell him the r business, which is to establish a trading house, or in other words to secure to him or some other merchant the trade to be on a cash basis and then here him say, some of your men owe me now. I don't see how you can contract to buy on a cash basis, now any more than you have been doing, your cash is passing through another channel, P. T. U. With this the committee pass on to another and another with about the same success, until they become weary and discouraged leave off entirely.

We did a great deal of business, and that right to the point. I noticed one thing in all business ransactions that was sensible, that was when a resolution was put to the body, if it passed at all, it did so unanimous, showing that the same feeling existed in all the Sub-Alliances, we are a unit. Bro Westtellison was there and did us some good work.

Permit me to express my thanks o the brethren of Gordon for their many kind acts of hospitality and riendship while among them.
