Sudan-Amherst Livestock Show Planned Feb. 9

THE SUDAN Livestock and (Bird) Feeding Co. is getting fed up with all these starlings who are feasting on their feed to the tune of an estimated \$4,000 a year. Consequently, they're putting a bounty on their fine feathered enemies, a nickel a head, for any killed within a mile of Sudan.

Youngsters and adults alike can collect by taking the bodies of the birds, which indeed are a nuisance to everybody else as well as the feeding company, out to the office of the company. "To the door, not inside," an official hastened to add.

I understand they're having a bit of fun with some of the women employes in the office regarding who will count the dead birds, which admittedly won't be the most pleasant job.

Birds is another subject I don't know much about, but I don't believe we have any mockingbirds out here this time of year, if ever. I imagine most any of the birds shot by local bounty hunters would qualify. I'd hate to think of somebody shooting a mockingbird, robin, meadowlark or phoenix, or something beautiful, however.

These starlings, though, mess up everything and eat up just about everything edible, too. It wouldn't be so bad if they ate just a little bit at a time, but most of them eat by the peck.

The following poem was written by a sick cow awaiting the vet out at the pens this week:

A starling's
No darling,
And our heads
Aren't for the birds,
So shoot them dead
At a sickle a head,
And stamp out the odors
Of "cheep" freeloaders.

Hornets Give Steers Tussle

By LINDA WILLIAMS

What was it — advancement in the skill of ball handling, or was it attitude that changed the Hornets? Whether it was one of these or for other reasons the Hornets showed marked improvement Tuesday night when they played their best district game of the year.

The hustling Hornets, who were hosting the Farwell Steers, led in the first period 7-2.

Even though Sudan trailed 23-16 at the half, by the end of the third quarter the Hornets had looped the hoop enough times to cut the lead to one point, 30-31.

In the final period the Hornets got the tip from the "giant" Leon Lovelace and scored. But the Steers took full advantage of their height on rebounds the last quarter and outscored the fighting Hornets 55-37.

Mike Mudgett, with his jump shot, scored 10 points, and Robert Williamson donated 9.

Contributing points to the Steers' victory were Leon Lovelace with 16, and Danny Lindop 14.

Candace Mudgett took the highest bid in scoring Tuesday night with 16 points when the Sudan girls team won over the Farwell girls 36-17. This makes the Hornets undefeated in district play with a 4-0 record.

It seemed to have taken awhile for either team to get warmed up, but Sudan came through first leading the first quarter 6-0.

From there Sudan led the rest of the way to victory.

Kaltwasser was top scorer for Farwell with 13 points.

Funeral services for Mrs. Susie Caldwell, mother of a former Sudan resident, Mrs. F. C. Broyles, were held Saturday afternoon in Walnut Springs.

Mrs. W. O. Wright has been confined to the Amherst hospital.

SUDAN'S EARLIEST — The Sudan Hotel, built in 1917 by the Wilson E. Furneaux Land Co., is the oldest building in Sudan still in existence, and is due recognition as a historical landmark. The structure was built to house those who came here to look at the land which was being sold in the present town of Sudan. Its first operator was a Mrs. Earnest. The above picture, supplied by L. E. Slate, was made in 1920.

Bounty Put On Raiders

A gang of flighty characters including a number of pretty tough birds have had a price on their heads by the Sudan Livestock and Feeding Co.

The company, which estimates that pesky starlings are eating up feed at the rate of more than a 1,000 pounds a day, is offering a bounty of five cents a head for starlings killed within a one mile radius of Sudan.

The birds are so numerous they blacken the tops of trees in the area each evening, and have become a considerable nuisance to others as well as to the livestock feeding and grain company, which estimates an annual loss of about \$4,000 to the birds.

The Epsilon Sigma Alpha Sorority will meet Thursday evening when hostesses will be Mrs. Harlan Pickett and Mrs. Bob Taylor.

YOUNG HOMEMAKERS WILL MEET MONDAY

An organizational meeting of Young Homemakers is planned at 7:30 p. m. Monday at the Home Economics cottage. Any interested housewife is urged to attend.

Only one other Sudan Hornet band member, Laurie Shaffer, has ever been named to the all-state band. Miss Shaffer won the honor last year.

Miss Curry, district FFA Sweetheart, will represent the district in the Area FFA Sweetheart contest at Amarillo this spring. She was named Miss Lamb County in competition at Littlefield last year and was runner-up in the contest for Miss Wheatwart of the Nation at Perryton.

Capping each nurse was the instructor, Mrs. Jerry Pickett of Sudan. From left to right are Miss Gloria Estada, Mrs. Elsie Harris, Mrs. Maxine McGregor, and Mrs. Jude Van Horn.

The first livestock show for the recently built Sudan Livestock barn is scheduled for Feb. 9, as a joint project show for Sudan and Amherst vocational agriculture departments.

Members of 4-H, FFA boys or FFA girls from Sudan or Amherst school districts may enter the show.

Pushing the project hard is the Sudan Young Farmers organization, which met Monday night and made final plans for the show.

Jerry Ray, president, assigned various duties to members and set two work days for the members to get the barn ready, after consulting with the general superintendent of the show, Marvin Bowling.

Sheep division superintendent will be Raymond Duvall, with assistants yet to be named. Swine division head is Bill Boyles, assisted by Scrub Messamore, Dan Wood and Calvin Wiseman. Beef superintendent is Jerry Ray, assisted by James Withrow, Edward Fisher and John Humphreys.

Entries to the show should be made to Don Ham at Sudan, Duvall at Amherst, or County Agent Bill Kimbrough at Littlefield by Feb. 1.

Changing Fishing Lines
Changing the line on your reel can be quite a chore, for the reel arbor is hard to reach and awkward to work with. However, if you will attach a foot-long piece of line, with a small loop on the free end, to the arbor, your job will be simplified when it comes time to change line on either casting or fly reel.

Care Of Your Feet
There are several precautions every fisherman should take in the care of his feet. Wear only well-fitting, fairly new socks, and socks with no rough seams or darned places.

If your feet are tender, dust them and your socks with foot powder, often.

Wash your feet each night after fishing—and change socks.

Wool socks are easily washed in lukewarm water. Clean socks are very important.

Tip For Bees-Buggers

You don't have to stop fishing at sunset. You can get in 50 or 60 more casts with that fly rod if you will dab a little phosphorescent paint on the front of your bug or fly. The paint makes it easy to follow the path of your bait in the falling light.

WANTED DEAD OR ALIVE!

(PREFERABLY DEAD)

5¢ PER HEAD BOUNTY

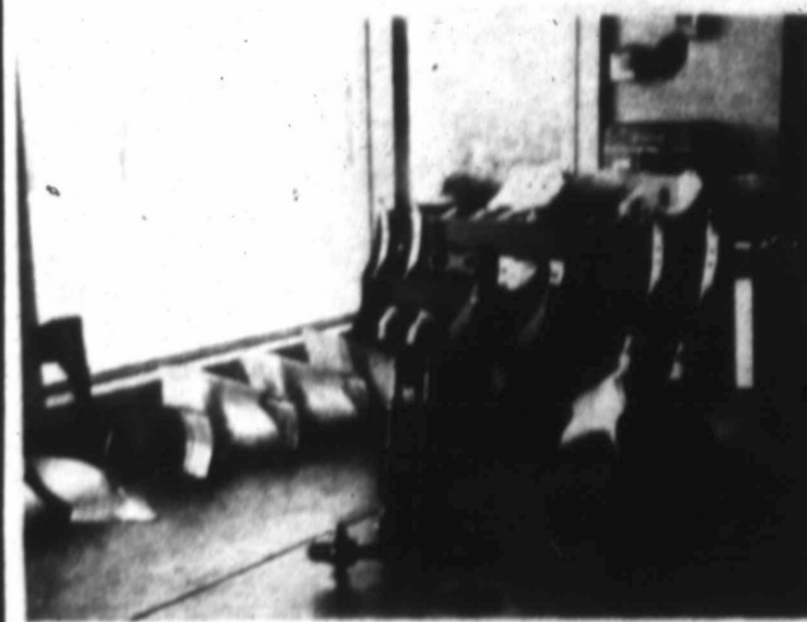

We don't like Starling birds. They infest our yards by the thousands, eating our feed and polluting our feed troughs, costing us a good deal of money and creating most unsanitary conditions. You have only to observe the Sudan City Park and your car to know how unsanitary they are and what a public nuisance they have become.

To combat this nuisance, until further notice, we will pay a bounty of 5¢ (five cents) per bird for every starling killed within a radius of one mile of Sudan and delivered at the door of our office.

Scripture: Hebrews 2:14-18, Romans 10:9-13; St. John 14:15-17.

How do we know we are saved when we accept Jesus? The first way we know is because God said so. In Romans 10:9 we have a plain path made for us into eternal life. We are born again to live eternally, immediately that we believe Jesus loved us enough to die for us and to send the Holy Spirit back to us, and we take Jesus as our own personal Savior.

The Holy Ghost? Yes, the Spirit of the Living God, that is as free to one person as to another, for once we accept Jesus, He withholds nothing from us

that we need. The Holy Spirit is given to everyone who is willing to be guided by the will and directions of our Father — like Jesus, to be obedient regardless of the cost.

The Holy Spirit is a Person (the three in One — God the Father, God the Son, God the Holy Spirit).

To receive the Holy Spirit is to have a new experience with the person of the Holy Spirit (a recognizing of Him as present with you and to be obedient to His call brings that joy unspeakable — a quality of life that characterizes born-again children of God). Any person who will by repentance and faith take Jesus may have the Holy Ghost to comfort, control and guide their life. However, the acceptance involves man being in obedience to God and in love with his fellowman. "Love" is always the key word for Christians.

When Jesus was here on earth, the Divine Spirit dwelt within His body, and man could see Jesus, but when Jesus went away (to prepare a place for us) the Holy Spirit came — a real Person, just as Jesus was real — with no physical body, but to dwell in your body and mine as

we are willing to be obedient to His guidance.

Do we all have the same experiences with the Holy Spirit? Do we all receive the same gifts from Him? No, I think not, to both questions, because we are all individual. Paul, the great apostle, rebuked those who sought after certain gifts of tongues (which were given for a sign that the Holy Spirit had come, as Jesus had promised). He said tongues would cease, but "love" endureth forever.

Do you need Jesus now? Do you feel secure in knowing you may meet God tonight? Jesus is yours, and the presence of the Holy Spirit to guide, comfort and keep you, if you are honest with God and sincere in wanting Him. Try Jesus, and be truly happy, for He never ceases to love you and me.

Things which are seen are temporal; but the things which are not seen are eternal. —(II Cor. 4:18).

If we look only at the surface of life we may sometimes find it disturbing. But when we look deeper, to the unchanging realm of Truth, we face life with faith, courage and composure.

Feb. 4, 1926—The craze for dancing the "Charleston" reached its peak when John Gola of New York City became the champion Charleston endurance dancer of the world—by dancing the new step for 22 hours and 30 minutes!

Feb. 22, 1879—The first "five-cent store," forerunner of the modern "five-and-ten," was opened in Utica, N. Y. by Frank W. Woolworth. (The store was a great disappointment—its sales after a few weeks ran as low as \$2.50 a day. In June 1879, Woolworth moved the store to Lancaster, Pa., where it proved a success.)

Feb. 24, 1920—A group of German nationalists organized the National Socialist Party, an ominous date for the entire civilized world.

Texas NOW needs 7,000 teachers as replacements for those now employed who do not meet the minimum requirements for certification.

Mrs. Fisher Is Honored

Mrs. Edward Fisher was honored with a Pink and Blue Shower Friday afternoon at the home of Mrs. R. E. Williams.

Pink was used for party decorations and the hostess gift included a high chair and a sterilizer.

Cold Weather Clothing

We Texans are so used to warm weather that when dressing for a winter hunting trip we either overdo it or under do it. Then we spend the rest of the day roasting or freezing. Try to remember when selecting hunting clothes, that air space is very important. It gives more warmth with less weight.

Everything piles up handsomely in a Chevy II including savings
Imagine a low-loading wagon roomy enough to handle most anything you can lift—and still trim enough to slip into cramped parking spots. We imagined it, built it and called it Chevy II. Made it as dependable as a wagon can get. And made it so it'll keep piling up savings over the years. Those show up in the way this one goes and goes on a gallon. The way with brakes that adjust themselves. An electrical system that lasts longer. And a Delco generator that keeps battery reserve power up. Want to hear more? Kentucky statesman Henry Clay imported the first Herefords to America in 1817. In 1840, the first breeding herd of Whitefaces was established near Albany, N. Y.

The Hereford line began with a white-faced cow named Silver in the county of Herefordshire, England. Silver was given to Benjamin Tomkins at the time of his father's death.

Several years later, one of Silver's sons was bred to two cows, Pigeon and Mottle. From this union the Hereford breed emerged in 1742.

The Hereford fame for easy fleshing and early maturity spread to the United States where cattlemen were looking for a beef animal that would "rustle for itself on America's plains, hills, and mountains.

In the hard winters of 1885-86, the Hereford became known because of its ability to withstand such weather and survive to replenish the
