Expert To Check Area Suitability For New Plant

A consulting engineer recognized as an expert on fermentation, distillation and by-products of the process is scheduled to check into Sudan sometime Tuesday to help determine the feasibility of building an alcohol manufacturing plant in the area.

Sudan Chamber of Commerce and Agriculture's board of directors voted Monday to pay expenses to Sudan for Wilbur R. Gouveia

of Lake Alfred, Fla., who currently is testing the market for some eastern pharmaceutical concerns which buy alcohol for use in medicine.

Gouveia is not representing any company planning to build an alcohol manufacturing plant, but is coming to Sudan at the request of the CCA to make a survey of the area and then meet with the CCA to discuss the feasibility of

the area as a location for such a plant. Looking into the possibility of such a plant is a project of the CCA's Industrial and Business Development committee, headed

by Kenneth Burt. The committee also includes Jay Miller and Charles G. ...

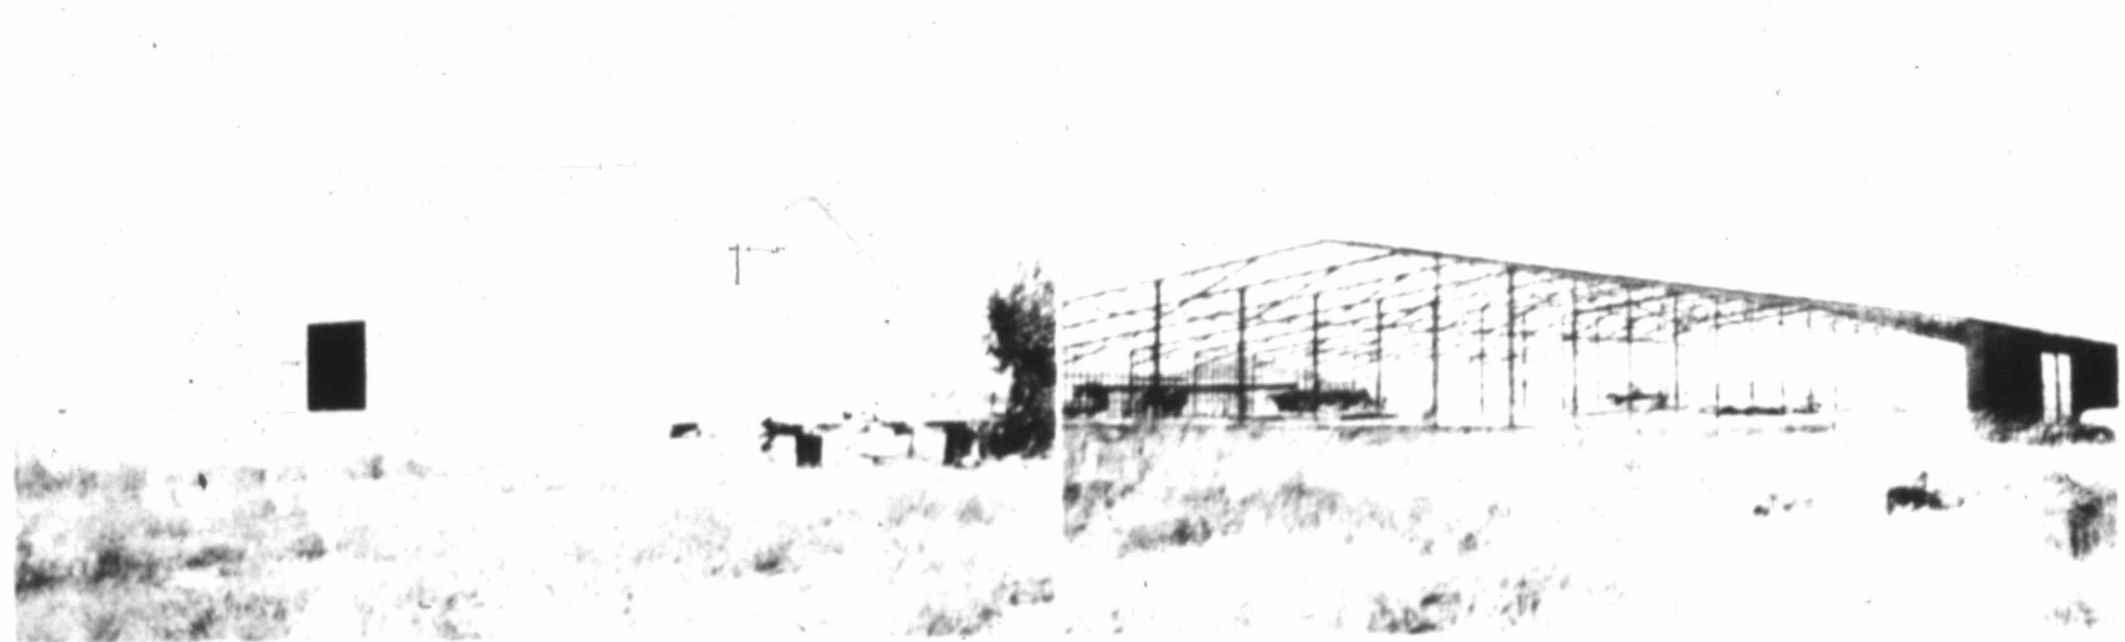

THERE'S AN EXPERT on alcohol coming to look over this area, and it's not Lawrence Tierney, either. If you don't get that, you just never kept up with Lawrence Tierney's escapades, and if you never even heard of him, please send a stamped, self-addressed envelope and I'll mail you an explanation.

The man coming here next week is named Wilbur Gouveia and he's checking this particular area — by that, we mean the entire South Plains region — with a view toward determining the feasibility of building an alcohol processing plant here. He's not going to build it himself, but that's another story.

First off, though, it should be made clear that the kind of plant which the Sudan Chamber of Commerce and Agriculture is checking on would be one which makes only the type of alcohol used in medicine (like the rubbing kind). This knowledge should be a relief to many persons in the Lamb County area, and doubtless a disappointment to some. You can drink it, but it's usually fatal if you do.

The point is — The Sudan CCA is leading a project to see if such a plant could be located here, offering farmers throughout the South Plains a complete new market for their wet grain, plus a source of supply for a better feed for livestock.

Whether this consultant thinks the possibilities of this area as a location are good enough for the Sudan CCA to go ahead with plans to interest someone in construction remains to be seen. But regardless of the eventual outcome, such efforts show an awareness that it takes initiative

MAKE ROOM FOR COTTON — Central Compress and Warehouse Co. is adding another large storage building to take care of an additional 7,500 bales of cotton in the building shown under construction at right. The company also has added the smaller warehouse shown at left to take care of about 150,000 samples. These samples are for the cotton trade and are placed in plastic bags, sealed, and stored in boxes of 50 in numerical order. Upon arrival of a sample order, instead of going to the bale of cotton for the sample, one may match sample with bale by number without ever having to handle the bale. Completion of the new warehouse will bring capacity to 143,000 bales of cotton making Central Compress one of the largest presses in Texas. Guy Nickels, one of the co-owners, purchased the plant in 1955 and received some 37,000 bales that year. Last year, the press received 136,000, and more than 100,000 are expected with the late crop coming up. To date about 8,000 bales have been received, well ahead of receipts in 1962 at the same date. to get something done.

WE WOULD BE guilty of gross neglect if we didn't take time and space to compliment the young people of this community. I must say "Thank You" to all the teenagers of Sudan for justifying our belief in you as responsible citizens. So far as I know, there was not one single incident of vandalism here on Halloween night. A few persons attribute this remarkable fact to the rain which fell for a few hours. But I feel that anyone really bent on vandalism would have used the rain as a cover for their activities.

And where were the big crowds of youngsters usually downtown on Halloween nights? Where were those who turn on fire hydrants and write nasty words on

buildings and machinery? Where were those who spray paint around, overturn cars and trailers and pile trash in the streets and set it afire?

Evidently they are all gone, and in their place we have a bunch of kids we can all be proud of, intelligent and responsible young citizens who deserve our support in anything they undertake. I hope now that the businessmen and other adults can hold up their end of the bargain.

IT WAS A great week in football for the old Woodpicker. I just missed one game (Plains-Seagraves) out of 13, and came close to the score on several. I'd like to quit now, with a season record of 65 right, 63 wrong, batting .650. But, here goes: First of all, although I hope it is

Halloween Queens Crowned At School

Queens were crowned, spooks marched and a good crowd turned out for the Halloween Carnival at Sudan school last Thursday, despite rainy weather.

Francis Hanna was crowned high school sweetheart at the coronation services in the auditorium, and crowned grade school sweetheart was first grader Phyllis Ray, daughter of Mr. and Mrs. Jerry Ray. She was escorted by Rex Baccus. Frances, a seventh grader, is the daughter of Mr. and Mrs. Billy Hanna, and was escorted by Mickey Gilbert. Crownbearers for the event were Rocky Cowart and Jina Duvall.

Master of ceremonies was Lester Shanks, and Jay Miller made the presentations. Bill Nix and Dalton Wood, accompanied by John Wood on guitar, presented what might be termed "musical" numbers. Dyanne Cury played piano selections.

Epsilon Sigma Alpha, sponsor of the coronation and carnival termed the entire event a success and noted that while there were quite a few youngsters of all ages

exactly the opposite, and some youngsters aren't going to like me much for this, I gotta pick the Sudan-Farwell game the way I'm afraid it's going to come out: Farwell 34, Sudan 6. Also, Amherst 28, Whitharral 13 (on Doc Bowman's advice), Anton to finally win one, 13-12 over New Deal; Pryora 13, Muleshoe 8; Tullia 99, Abernathy 0; Hale Center 20, Kress 12; Petersburg 26, Crosbyton 0; Denver City 24, Post 14; Levelland 19, Littlefield 13; SMU 27, Texas Aggies 20, Arkansas 14, Rice 7; Baylor 24, Texas 10, Texas Tech 28, Kansas State 13.

SCOUT DRIVE UNDERWAY TODAY

Workers in the campaign for funds for Boy Scouts were scheduled to meet at a breakfast in the school this morning (Thursday) and will be calling on firms and individuals for contributions today.

HORNETTES OPEN BASKETBALL SEASON

Sudan girls basketball team opened the season with a 42-39 win over Sundown Tuesday night.

Mr. and Mrs. Dan Provence were in Lubbock last week to visit their son, Sydney, who is confined to a hospital there.

Mr. and Mrs. Hail Morrow of Oakland, Calif. visited last week with his mother, Mrs. G. L. Morrow, and with his brother, B. M. Morrow.

Mr. and Mrs. Joe Ross and Steve Lumpkin were in Lubbock Sunday evening to visit in the home of Mr. and Mrs. Fred Gailman.

Processing grain for animal feed is a by-product of the cotton gin. The dried grain, which contains only about 10 percent protein, contains about 41 percent protein while distilled grain contains about 31 percent protein.

The accompanying table shows a comparison of elements in cottonseed meal with those in the dried corn, which would be considered practically the same in the by-product which would be left from a plant in the Sudan area.

Mrs. Henry Chambliss and son, Jack, of Odessa, Ill. returned by plane to their home Saturday after visiting their parents, Mr. and Mrs. Joe Wilkinson, and at ending homecoming.

Scripture: St. John 11:14-44.
"And He that was dead came forth..."

The prayers of Jesus are such a wonderful blessing to His disciples, that we can never study them enough.

But in this Scripture we have a prayer (perhaps lifted out of its context) which can teach us about praying in public, or in a congregation. Let's look at what Jesus said to Martha just before He prayed aloud:

"Jesus said unto her, Said I not unto thee, that if thou wouldst believe, thou shouldst see the glory of God?" It was hard for Martha to wait, without knowledge and only by faith in the power of her Lord and Master, Jesus Christ. Just as it is hard for us, when we cannot understand

or know with our limited knowledge the outcome of our troubles, problems or grief, except as we have faith in our Lord Jesus as Son of God and wait expecting to see the glory of God.

Then came the obedience of those "followers". They did as Jesus commanded, and rolled away the stone. The stone, which would let out the stench of death. Have you, will you be obedient to remove all obstacles (the stone) that tries to hide even from you the smell of the sin that doth so easily beset and tempt you to fall? If Christ has saved you — the sin which would defile you and thus separate you from your heavenly Father? Sin for which death is the penalty without Christ, who paid that penalty for your sin and mine.

Then Jesus lifted up His eyes and prayed, "Father I thank thee that thou hast heard me..." But He hasn't prayed yet, you may say. Oh yes, He has prayed! If public or audible prayer is really prayer, the person who prays aloud must have already prayed in secret, in private that the Father may reward him or her openly.

Then Jesus prayed, "And I knew that thou hearest me always." Take a look back to verse 11 of this chapter, and at chapter 8:29. Yes, Jesus knew the Father always heard His prayer (as He al-

ways hears every prayer of His children), for Jesus did "always those things that please Him." Christian, what are you doing? Sinner, do you have a loving appreciation for my Jesus, who loves you first and now, and has died to save and give you eternal life?

If you love Him, why not serve Him? There are many who would believe that Jesus is the Son of God (even Satan believes that!) and who would even be followers afar off of Jesus — but only followers so far. But when it comes to serving, and personal sacrifice of self and our own way and likes and dislikes, that is a different matter. "I can't, I won't, for I am not qualified; I can't, for I am so involved in doing so many things; that I am just too weary to take on another job; my business keeps me so many hours; my husband (or wife) won't go with me..."

Have you just ever thought about saying "I will — just as I am, without one plea..." Do you know what it means to give yourself, all of yourself to Jesus? Do you know how to surrender

your heart, soul, mind, and strength, all for Jesus to use to tell the glad news that Jesus saves? Surrender yourself to Jesus, and let Him qualify you for the service He chooses to ask you to do. He will never ask more than He can and will give you the power to do. And He knows better than you know, what He can do through and in you.

So, pray, Christians, in secret and in the crowd, and God will hear and answer.

Be ye doers of the word, and not hearers only.—(James 1:22).

We can read about God's truth indefinitely and not reap any of the benefits until we start to live it; we must take His teachings into our hearts so that they become the principles by which we live our daily life.

Some interesting USDA figures have been called to our attention by the Tas-T-Nut Company of Baltimore. They show that nuts of all varieties, plus dried beans and peas, are the most economical sources of iron, protein and niacin. They also rank high as dollar-conscious supplies of thiamine, calcium and riboflavin.

What can you make for Christmas-season bazaar items? The National Cotton Council (Box 12286, Memphis, Tennessee) offers a free booklet of sewing ideas to groups or individuals, entitled "Cotton Bag Sewing Ideas" featuring inexpensive toy and apparel items.

And while we're talking about Christmas ideas, we recently received from one of the manufacturers a box of metal-coated saran icicles. Out of curiosity we dug out the old kind we used last year and were amazed at how much brighter the icicles in this new box are. And the makers claim they won't tarnish with age.

The first printed cookbook appeared in Italy in 1474.

Two long runs by Sudan backs — a rare sight for Hornet fans this season — highlighted a big fourth quarter for Sudan last Friday night as the Hornets won their third game of the season over Kress, 31-6.

Although the Hornets outgained the Kangaroos by nearly 100 yards and made 17 first downs to 7 for the visitors, the game was close until the 19-point final quarter for Sudan. It was just 12-6 at the end of the third.

The long TD runs were by seniors Pat Brown and Tommy Thomson, and both were on

put returns. Thomson scored another touchdown, too, and other Hornets who crossed the goal line were HB Gary Rudd and FB Danny Masten.
It was a cool night for football, and Sudan lost the ball 5 times on fumbles. Kress lost three fumbles.

The first quarter was scoreless, and Sudan cracked the goose-eggs with 8:14 left in the half as Rudd, running harder than he has all season, cracked over from the 2. Mike Smith's running try for points was stopped.

This touchdown followed a drive by Sudan which started on the Hornets' own 2-foot line. Featured in the drive were the running of Masten, at fullback for the first time, a 19-yard run by Smith, a 13-yard pass from Thomson to Brown, and two plays before the TD, Thomson on a keeper followed a good block by Donny Ford for 12 yards down to the 8.

Smith recovered a Kress fumble on the Kangaroo 24 to set up

a drive to Sudan's next score. The tally was made when Brown took a pitchback, then halted and tossed 14 yards to Masten in the end zone. Thomson's run was stopped and it was 12-0 at halftime.

Kress took the third quarter kickoff and drove 84 yards to score, with Benny Tye going 6 for the counter. A pass was incomplete, and it was 12-6.

Then, in the big fourth period, Thomson scored first on a 4-yard plunge after Rudd's 24-yard scamper had moved it down close. End Danny Allen's kick was wide and it was 18-6, Sudan, with 10:40 left in the game.

A little later, Kress punted to Brown on the 38, and Brown spotted a hole at the right side-line and simply ran straight down field 62 yards for a touchdown, with 6:13 left. This was the Hornets' longest touchdown play of the year, a record which stood up just 3 minutes and 45 seconds. At that time, Kress punted a-

well this week, with the Steers and Wolverines expected to settle it next week. However, if Sudan should upend Farwell, the Hornets conceivably could wind up in a three-way tie for the crown by beating Hale Center, provided Farwell downs Springlake.

Farwell will have the home field advantage, plus the fact that they must remember well the 20-0 pasting Sudan gave them last year. In addition, Sudan Hornet tackles are crippled, with Robert Williamson again back on crutches and out of action, and Kemel May suffering a side injury.

Springlake stayed in the driver's seat of the 3-A race by beating Hale Center 39-14 last week and is idle this week. Farwell was idle last week and will play Sudan, while Kress and Hale Center are in a cellar battle.

The win gave Sudan a season record of 3 wins and 5 losses. In district play, the Hornets have a 1-1 record, but Springlake already is 3-0 in district with Farwell to play. Farwell has a 2-0 district mark. Sudan will be a definite underdog against Far-

NEW CHEVELLE!

BY CHEVROLET

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

New Chevelle Multi-Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*! And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps. And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

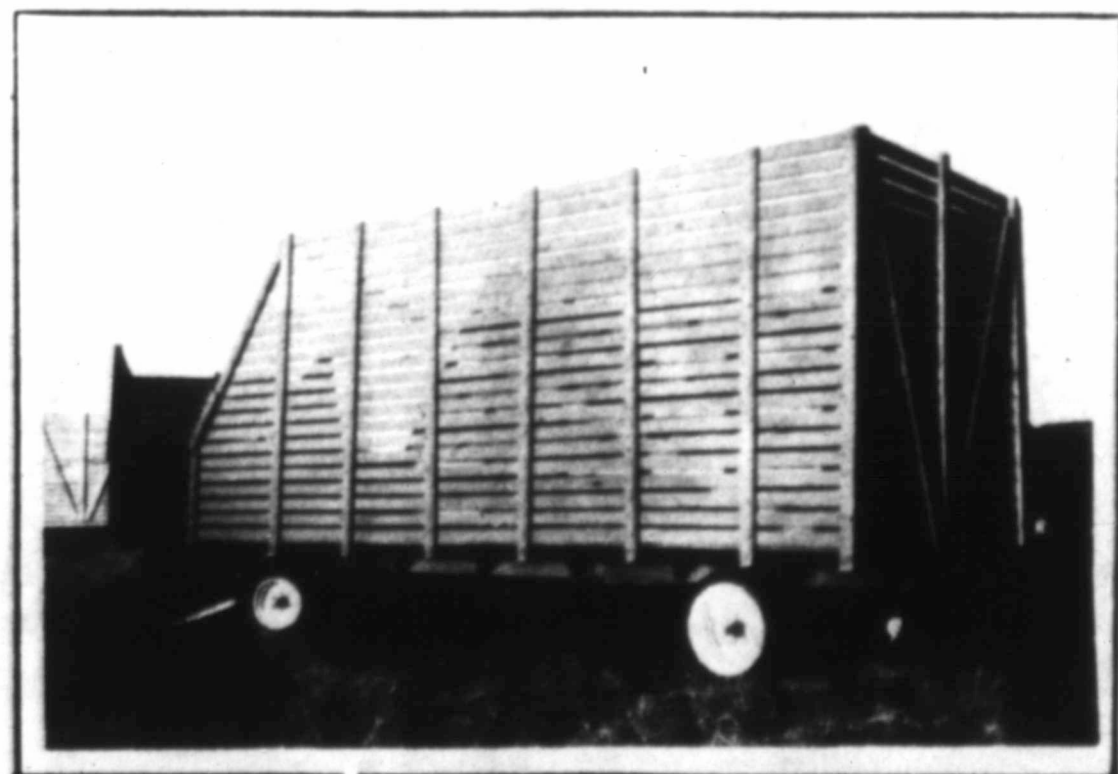

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that—and see if this isn't one of the nicest surprises of all—the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

Wiseman-Striegler Vows Exchanged

Wedding vows were solemnized for Miss Gladys Striegler of Bastrop and 1st Lt. Billy Ray Wiseman, son of Mrs. Beulah Wiseman, Saturday, Nov. 2, at 4 p. m. in the First Methodist Church, Fredrickson, Texas.

Parents of the bride are Mr. and Mrs. V. E. Striegler of Bastrop.

Officiating for the services was C. W. Hoover. Baskets of white gladiolus decorated the church.

Given in marriage by her father, the bride wore a white chanelly lace gown with a chapel train. Her veil of illusion was held by a satin rose crown. She carried a white orchid with stephanotis atop a white satin Bible. Mrs. Weldon Prehn, sister of the bride, was Matron of Honor, and wore a floor length red crystalized satin dress with matching veil and long white gloves. She carried a red rose.

John Pair of Wichita, Kan. was best man. Ushers were Ode Jay Striegler, of Dallas, brother of the bride, Pudd Wiseman of Sudan, brother of the groom.

The music was the "Bridal Chorus" and "Wedding March", a medley of wedding music. Singing "Because" and "Whither Thou Goest" was Mrs. Wayne Dunson.

For her daughter's wedding Mrs. Striegler wore a royal blue dress with black accessories. The groom's mother was attired in a light brown dress with matching accessories.

Following the ceremony, a reception was held in the church social hall. Registering the guests was Miss Deborah Prehn. Serving were Miss Sharon Striegler and Mrs. Maurice Striegler.

For a wedding trip to Carlsbad, Mrs. Wiseman wore a gold wool suit with topaz accessories.

The couple will be at home at

Fort Bragg, N. C. where he is an Entomologist with the U. S. Army.

The bride is a graduate of Bastrop High School and received her B. S. Degree from the Texas Woman's University. Her husband is a graduate of Sudan High School, received his B. S. degree at Texas Tech, and his Master's Degree at Kansas State University.

ENGAGED — Mr. and Mrs. Joe Gamble, Route 1, Slaton, announce the engagement and approaching marriage of their daughter, Joyce (above), to Tim Kent, son of Mrs. Pauline Kent and the late Duil Kent of Sudan. The wedding will take place on Dec. 21 at 6 p. m. in the First Methodist Church of Slaton.

CLAYTON OPPOSES POLL TAX REPEAL

By Rep. Bill Clayton
Rep. Bill Clayton was one of 27 members of the House of Representatives who voted against submitting the Constitutional amendment to repeal the poll tax to the voters. Clayton gives the following reasons for opposing the repeal of the poll tax:

Payment of the poll tax as a prerequisite to voting prevents ignorant, corrupt and disinterested citizens from voting, but the low fee levied (\$1.75 less than the price of six packs of cigarettes) does not prevent any citizen who really wants to exercise his rights and fulfill his obligations to his state and nation from taking a stand at the ballot box. Repeal of the poll tax would result in the registration of hundreds of thousands of potential voters who can be controlled. Chances for fraud in elections would be multiplied manifold — a detriment to good government.

The poll tax prohibits the purchase of votes by corrupt candidates and political machines and helps preserve the purity of the ballot box. If the poll tax is repealed the voter would not even be required to read or write the English language. In 1960, Texas had 5,531,000 inhabitants over 21, and 40 per cent of that number voted in the general election. The state of Ohio with a comparable 5,839,000 inhabitants over 21 and no poll tax had a 38 per cent voting record at the same election.

Apparently, the poll tax as a prerequisite for voting has not resulted in decreased voter interest in Texas. The question of having to pay to vote carries no

weight because if the poll tax is repealed we only substitute 25 cents for \$1.75 so you still pay to vote.

It is possible that if the Federal Constitution is amended, the 25 cent registration fee might be declared a tax and would then be unconstitutional. However, if the amendment to the Constitution of the United States abolishing payment of the poll tax as a prerequisite to voting for federal officials is ratified, the anticipatory voter-registration law passed by the 58th Legislature still provides for registration and voting for candidates to federal offices. This will not create confusion as some might lead you to believe. Abolition of payment of the poll tax could result in depriving the public schools of Texas between 1.5 to 2 million dollars annually. One dollar of the poll tax goes to Public Schools and 50 cents goes to the State General Revenue Fund with the remaining 25 cents staying in the county. Loss of this revenue would result on other taxes. Repeal of the poll tax would remove registration of voters from the Constitution and place in the hands of the Legislature. Any future Legislature could weaken requirements for voting or allow registration so near to election dates as to invite problems the reform elements sought to end in 1902.

It took a long time and hard struggle to get a state wide system of voter registration in Texas and it was not achieved until it was written into the Constitution in mandatory form. The Poll Tax Receipt has a

badge, both to the responsible citizen and the qualified elector. The kind of people we elect to public office is only as good as the voters themselves. To repeal the poll tax would not upgrade the caliber of the voter but would have the opposite effect — then it can be assumed that the caliber of people we elect to public office will be reduced.

If the poll tax is repealed, Rep. Clayton predicts the following things to happen in the next ten years to our state government:

1. Repeal of the Texas Right-to-Work Law.
2. Personal or Corporate State income tax, maybe both.
3. A stronger civil rights measure than is pushed by the Federal Government.
4. Liquor by the drink.
5. Pari-mutual gambling.
6. Enact a state wage and hour law.
7. Repeal of the 1963 Registration Act.

If these things happen, we will see a further decay of the moral standards in Texas. It will discourage industry from coming to Texas and it will leave avenues open to corrupt State Government.

For 60 years the Texas voter has voted as a free individual with a sense of obligation to his government and with appreciation of the value and importance of his right to vote. That is Democracy in its best form; it is Democracy through which a wonderfully fine, clean and solvent State Government has been established. Both the Democratic process and our State Government can best be defended if you will join hands in voting AGAINST the repeal of the poll tax Saturday, Nov. 9.

DELTA KAPPA GAMMA MEETS IN SUDAN

Sudan members of Epsilon Delta of Delta Kappa Gamma were hostesses for a brunch in the Homemaking Cottage, Saturday morning.

An executive meeting preceded the brunch.

Autumn colors were used for the table appointments. On the table, laid with a brown linen and lace cloth, was an arrangement of small bronze mums flanked with green and gold grape clusters. Olive green tapers in copper candle holders and a copper samovar completed the arrangements.

Roll call was answered by a brief account of "Women in the News".

Mrs. Linnie Campbell, Olton, directed the program.

Mary Tollett, president of the chapter, conducted the business. The chapter voted unanimously to accept two new members previously recommended. One from Sudan and one from Amberst have been sent invitations to become members of Epsilon Delta.

Mrs. M. C. Ingram had surgery in a Lubbock hospital Monday morning.

Geography may not be true to that all countries touch the United States but that is true.
