WOODWORK BY DALTON

AS HAL BOYLE pointed out recently in his daily newspaper column, when a man comes back off a vacation all thrilled with what he has done and seen, he finds that most people could not care less. In fact, he usually finds nobody even knew he was gone.

However, I feel duty bound to give a few pointers to anyone who may wish to go west sometime, as we did recently. Most certainly they will be ignored by nearly everyone, as most folks would rather make their own mistakes and learn the hard way. Nevertheless, here are some random comments and suggestions:

First of all, if you go to Disneyland, eat your meals at the Lincoln House Smorgasbord on Lincoln Ave. in Anaheim. It offered by far the finest food and most reasonable prices we found on our trip. Most places had food priced much higher and not nearly so good.

Second, be sure you are heavily insured if you plan to drive on the Los Angeles freeway. (Or for that matter, practically any California freeways).

Third, if you plan to drive, take an economy car if possible, although this may be difficult, since you also need air conditioning. My own Detroit gas-gulper ran like a dream, but drank gas like a nightmare. We were cool and comfortable, but at 10 miles per gallon and gasoline prices up to 49.9 cents for ethyl, you can figure it out.

Fourth, if you go to Tijuana, find out whether you really are supposed to put money in those parking meters. And when you find out, let me know. I think I've been swindled by a couple of pint-sized Pancho Villas.

Fifth, you can save a whole potful of money by not eating out any more than necessary. Go to a grocery and buy bread and bologna, or some equivalent. Or, better yet, have relatives located at strategic points and free-load off them for a few days. We did this quite successfully, in San Diego and Sacramento, where our kinfolks now are poorer but wiser.

Sixth, if you have a chance to make such a trip, and if it's as rare occasion for you as it was for us, make the most out of it, even if you do have to pay 50 cents a gallon for gas and 60 cents for a hamburger with nothing on it.

HORNETS BEGIN WORKOUTS

Thirty-seven boys are currently participating in football workouts for the Hornet varsity football team. Coach Cain reported that he expected more boys to "turn-out this week" but that some of them are working or on vacation. He also stressed that all boys should report as soon as possible so that

they will not be behind the rest of the team in physical training. He also stated that the workouts are progressing at an amazing rate of speed due to the fine physical condition of the trainees.

Workouts are being held daily at 8 a. m. and 4:30 p. m. at the Little League ball park. Shorts

are worn for the morning workouts which stress physical training. For the evening workouts full uniform and pads are worn with actual football plays carried out.

Cain reported that two scrimmage games will be held prior to the first scheduled game with Sundown on Sept. 9. Tentative

dates for the scrimmages have been set as August 24 in Idalou and September 1 with Whiteface here.

Cain will be assisted by Norman Nelson in the coaching of the high school varsity team with Chitty and Wingo acting as freshmen coaches. Chitty and Wingo will also serve as scouts for the varsity team and Wingo will be junior high coach, assisted by other members of the coaching staff.

"Construction on the new field-house is underway and completion is expected in about 5 weeks," stated Coach Cain when he reported that the foundation has been finished and the steel beams are due to be raised this week.

Work is being watched by players and coaches alike as the accommodations that the new field-house will offer will be greatly appreciated by all.

**Proposed CONSTITUTIONAL AMENDMENT
NUMBER TWELVE ON THE BALLOT**

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. HOUSE JOINT RESOLUTION NO. 48 proposing an Amendment to Article IX of the Constitution of the State of Texas, providing the method and manner for dissolution of hospital districts created under Article IX of the Constitution.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article IX of the Constitution of the State of Texas be amended to read as follows: "Section 9. The Legislature may by law provide for the creation, establishment, maintenance and operation of hospital districts composed of one or more counties or all or any part of one or more counties with power to issue bonds for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipping same, for hospital purposes; providing for the transfer to the hospital district of the title to any land, buildings, improvements and equipment located wholly within the district which may be jointly or separately owned by any city, town or county; providing that any district so created shall assume full responsibility for providing medical and hospital care for its needy inhabitants and assume the outstanding indebtedness incurred by cities, towns and counties for hospital purposes prior to the creation of the district, if same are located wholly within its boundaries, and a pro rata portion of such indebtedness based upon the then last approved tax assessment rolls of the included cities, towns and counties if less than all

the territory thereof is included within the district boundaries; providing that after its creation no other municipality or political subdivision shall have the power to levy taxes or issue bonds or other obligations for hospital purposes or for providing medical care within the boundaries of the district; providing for the levy of annual taxes at a rate not to exceed seventy-five cents (75c) on the One Hundred Dollar valuation of all taxable property within such district for the purpose of meeting the requirements of the district's bonds, the indebtedness assumed by it and its maintenance and operating expenses, providing that such district shall not be created or such tax authorized unless approved by a majority of the qualified property taxpaying electors thereof voting at an election called for the purpose; and providing further that the support and maintenance of the district's hospital system shall never become a charge against or obligation of the State of Texas nor shall any direct appropriation be made by the Legislature for the construction, maintenance or improvement of any of the facilities of such district.

Provided, however, that no district shall be created except by act of the Legislature and then only after thirty (30) days' public notice to the district affected, and in no event may the Legislature provide for a district to be created without the affirmative vote of a majority of the taxpaying voters in the district concerned.

The Legislature may also provide for the dissolution of hospital districts provided that a process is afforded by statute for:

- (1) determining the desire of a majority of the qualified voters within the district to dissolve it;
- (2) disposing of or transferring the assets, if any, of the district; and
- (3) satisfying the debts and bond obligations, if any, of the district, in such manner as to protect the interest of the citizens within the district, including their collective property rights in the assets and property of the district, provided, however, that any grant from federal funds, however dispensed, shall be considered an obligation to be repaid in satisfaction and provided that no election to dissolve shall be held more often than once each year. In such connection, the statute shall provide against disposal or transfer of the assets of the district except for due compensation unless such assets are transferred to another governmental agency, such as a county, embracing such district and using such transferred assets in such a way as to benefit citizens formerly within the district.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment providing the method and manner for dissolution of hospital districts.

"AGAINST the constitutional amendment providing the method and manner for dissolution of hospital districts."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

"COME"
IS THE
INVITATION!

Scripture: St. Luke 14: 16-24. "And they all with one consent began to make excuse."

When we are invited to a banquet today we, too, sometimes make an excuse. We "regret", because we fear we may not be entertained; we may even be bored, and our own plans promise more enjoyment or happiness, we think. But what the world promises, in success or pleasure, is always far short of fulfillment. In an invitation to a spiritual feast, Jesus comes to us with gladness, but some are blinded and absorbed in themselves.

These were reasonable excuses which the men made. One man had bought a farm, one had a powerful five yoke of oxen, and one had just gotten married. They were too busy in the world. The call of God to "come" to the great supper must wait; He could wait until they were sick or dying.

Why does man refuse to listen now to God? Why? When God alone can and will give eternal life to any man who will come to Him. Why will you die? Why will men spend their lives for things - money, bread, sleep, pleasure - all are things that perish in time, when God offers us abun-

dant eternal life? The invitation from God is still open to all to "Come" and eat the Bread of Life; all we do is accept His invitation and come! Instead, some say, "please, present my regrets..." Then let's look at the supper all prepared, the table bountifully supplied with food, now; and nobody comes. May God continue to have mercy on us who go on our way, never stopping to think of how wonderful it is for so great a God to care for and love us so much that He would call us, the spiritually poor, the halt, the maimed, and the blind, back to be with Him. What a price He has paid for the redemption of your soul and mine! How great is His love for us that He will prepare the great supper to sustain us, refresh and strengthen us and make us to grow. Yet man goes on in his own way.

At this feast, when the chosen people refused the invitation to come to the great supper, their places were filled with "the poor and the maimed, and the halt and the blind," and with a lot of country folk from the highways and hedges. And that host said to His servant, "That none of those men which were bidden shall taste

of my supper."

Jesus was saying that God had chosen the Jews as His people, not for special privileges but for mission; and they had refused Him. So, God turned to a people who were godless and aliens, and made them into the new Israel--the Church of Jesus Christ our Lord.

But what happens now? Today, if the church fails to go in to the feast, and to go out into the world in mission as the body of Christ, to seek the lost and bring them in that God may save them, I believe God will find someone who will hear Him and be obedient.

Do you hear the invitation? It is always offered. You can be joyful now, not fearing; fully assured that neither death, nor life, nor angels, nor principalities now powers, nor things present, nor things to come, nor heights, nor depth, nor any other creature shall be able to separate us from the love of God, which is in Christ Jesus our Lord.

Nothing, farms, wealth, or power can be a part of the real self--the real you is your soul. The invitation is to "Come now..."

Will you make an excuse, or will you say, "weary of my sin, knowing my unworthiness but accepting your invitation gladly, I come." When you come, you are God's child - now and forevermore, if you will.

leave to adopt said minor children be granted, and that said children's names be changed from Larry Dan Pinegar to Larry Dan Shuttlesworth, and from Teresa Anne Pinegar to Teresa Anne Shuttlesworth, and that all parental authority of the natural father of said minor children be ended, and for general relief as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.
