June Floyd, Society Editor  
Wanene Ragsdale, Bookkeeper

Editor  
Friona Star  
Friona, Texas

Dear Sir:

I had hoped a statement of this nature would not be necessary. However, during the last four months my only known opponent and a few of his friends, have consistently and deliberately persisted in spreading the idea that I was not a candidate or might not be a candidate for re-election. Redistricting has changed the area and proportion of all our legislative districts, but I think it is only fair, due to the propaganda referred to above, that the citizens of our new 30th Senatorial District know that I am a candidate for re-election.

Sincerely,  
Senator Andy Rogers.

### Tax Man Sam Sez--

Internal Revenue Service's new automatic data processing system makes complete and accurate tax returns a must. A major factor in the success of the IRS high volume data processing system is the speed and accuracy with which acceptable data can be fed into machines. Be sure to use the right line so IRS can put your tax return on magnetic tape with speed and accuracy. It will save you trouble as well as the good tax folks.

### Randy Williams In Training

Seaman Recruit Randy J. Williams, 23, USN, son of J.B. Williams of 1212 Washington, Friona, Tex., is undergoing seven weeks of basic training at Naval Training Center here.

Under the supervision of veteran Navy petty officers, he is receiving instructions in navel history and organization, customs and courtesies, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival, shipboard drills and sentry duty.

Military drills are emphasized during recruit training, and with various inspections and a planned physical fitness program, keep the recruits mentally and physically alert. Upon completion of recruit training, he will be assigned to a school, shore station or ship, according to the results of his Navy classification tests, his own desires and the needs of the Navy.

### Services Conducted

Funeral services for Mrs. Pearl Pierce, 72, a resident of the Hedley and McKnight communities for the past 48 years, were conducted at Hedley Baptist Church at 3 p.m., Tuesday. Mrs. Pierce was the daughter of the late Mr. and Mrs. L.F. Beckner, pioneer Friona residents.

### AN EDITORIAL

## Number One Need: A Chamber Manager

With the holding of the annual Chamber of Commerce banquet, most of us are in a "do something" mood. We've reflected back over the past year and its achievements in Friona, and are now looking to what can be done in 1966.

One of the things which was proposed for 1965, but which has not been done as yet is something we would definitely like to see done.

That is the hiring of a Chamber of Commerce Manager.

Officers and directors of the Chamber have just so much time to donate to chamber work. We're sure that the officers and directors who finished terms the past week breathed a collective "sigh of relief" when their year of work ended.

This is usually the case. Old officers are glad to finish their tenure and turn the work over to someone else. Inevitably, this always results in a "slack" period, because new officers and directors must have a little time to familiarize themselves with their duties.

We believe that Chamber of Commerce work is a full-time responsibility, and that Friona's interests can best be filled by a full-time Chamber of Commerce manager.

Last week, some friends of ours pointed out that schools such as Texas Tech are turning out some capable chamber managers.

These young men are "itching" to make a name for themselves, and are going to give a job such as Friona has to offer "all they have," because as Friona prospers, they will make a name, and have a chance to advance.

This we would recommend as a good first step for the newly-organized chamber of commerce directors. Such prospects would need to be located immediately, as graduation time is nearing.

Many businesses have voiced their intentions of supporting a full-time manager. And others doubtless would if the Chamber makes action toward getting one. It's just like anything else you do--you need visible results before some people are willing to pitch in with their assistance.

### Twenty-Three Make Junior Honor Roll

Twenty three students made the "all-A" honor roll in the fifth through the eighth grades, according to the list announced this week by principal Tom Jarboe.

Only three students made all A's in the fifth grade. They were Julie McDermitt, Carol Reeve and Betty Sachs.

Fifth graders making one B and rest A's were Jackie Ballum, Karen Clausen, Matt Garth, Carolyn Murphree, Kim Parr, Debbie Horton and David White.

Those with two B's and the rest A's were Willie Bailey, and Darlene Harper.

Others on the honor roll were: SIXTH GRADE All A's -- Bill Bailey, Dave

Buske, Joni Cannon, Sally Kendrick, Carolyn Martin, Kathleen McLean, Alesia Ragsdale, Sheila Struve and Lou Whale.

One B and rest A's-- Randy Dorrell, Denise Frasier, Cynthia Gable, Kathy Horton, Ann Hurst, Kathy King, Janice Miller, Vicki Mingus, Jill Riethmayer, Carleen Schlenker, Jeanie Thompson and Vicki Ulen.

Two B's and rest A's-- Barbara Allemon, Vicki Beck and Rickey Pierce.

SEVENTH GRADE: All A's-- Janetta Cole, Larry Johnson, Mike Miles, Dale Schueler, Debra Wyly.

One B and rest A's-- Mike Buchanan, Glenda Deaton, Donnie Lewellen, Susie Spring.

Two B's and rest A's -- Dwayne Bauer, Deborah Clausen, Mike Mills, Sandy Resnik, Esther Smith, Jacquelyn Walters.

EIGHTH GRADE All A's -- Danny Kendrick, David McFarland, Norman Mohr, Becky Neill, Wayne Schueler, Mischelle Curry.

One B and rest A's -- Isidore Cordova, Gayetta Gable, Carleen Greeson, Risa Howell, Melva Ruel, Jane Rushing, Jerry Shelton, Bobby Thomas, Susan Vestal.

Two B's and rest A's -- Steve Carrothers, Richard Dickson, Janet Mingus, Billy Ross Procter, Rhonda Ragsdale, Bill Ricks.

Over one-third of the children killed in dwelling fires are alone when fire breaks out, according to National Fire Protection Association studies.

### School Menu

Monday: hamburger patties, mashed potatoes, English peas, cabbage and apple salad, chocolate pudding, hot rolls and butter, milk.

Tuesday: Hot dogs, french fries, fruit Jello, cookies, chocolate milk.

Wednesday: fried chicken, potatoes, buttered beets, carrots and raisins salad, banana nut cake, hot rolls and butter, milk.

Thursday: hot tamales, pinto beans, greens, onions, cherry cobbler, corn bread and butter, milk.

Friday: fish, buttered corn, green beans, tartar sauce, yellow cake, hot rolls and butter, milk.

## Leona Ethel Wolfe Buried Here Friday

Funeral services for Mrs. Leona Ethel Wolfe, long-time resident of the Friona area, were conducted from First Baptist Church at 2:30 p.m., Friday. Rev. Bill Hurton, pastor, officiated.

Mrs. Wolfe, who lived southeast of town, was dead on arrival at Palmer County Community Hospital about 8 p.m., Tuesday following a heart attack.

She was the daughter of the late Mr. and Mrs. B.C. Day and

moved to Friona from Ellis County, Oklahoma. She was born July 11, 1902 in Osage County, Kansas.

Survivors include a daughter, Mrs. John S. Thompson; one grandson, Darrel Thompson, and two great-grandsons.

Pallbearers were D.G. Hand, Dick Rockey, Doyce Barnett, Johnny W. Hand, G.E. Reed and V.M. Ferguson.

Burial was in Friona cemetery under direction of Claborn Funeral Home.

### This is when your insurance agent has to go to work for you

Suppose your house caught on fire tonight. Could you count on your insurance agent for prompt assistance? The way to make sure you can, is to make sure ahead of time that he's an independent agent. That means he's free to pick and choose among several fine insurance companies, and represent your interests in dealing with them. His job is to serve you first when you need help most. If he displays this seal, he's your man.

We're independent insurance agents. As such, we'll be happy to give you continuing, personal attention--The Big Difference in car, home, and business insurance. We'll help keep your coverage up-to-date... and inform you about new policies. Call on us for all the facts on complete insurance protection. We'll prove an independent agent gives you service beyond the call of duty.

office and illegal alien. There were three minor accidents investigated; no hospitalization, 20 man-nights of jail occupancy with food costs of \$2.44.

Members of the Police Department attended portions of the New Mexico Peace Officers Seminar, February 2 and 3.

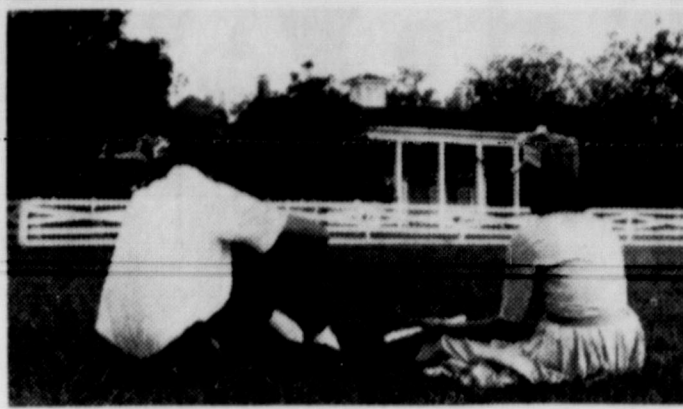

A puncture on one of the new tires on the patrol car necessitated replacement 11th February. Approximately 75 per cent costs were covered by warranty.

Six good used mattresses were received at cost of \$30.00 on 24th Feb. to replace dilapidated ones that have been in use in the jail for years.

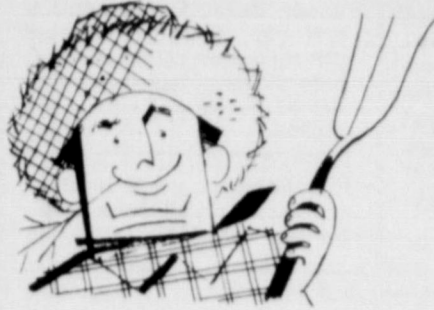

A trip was made to Amarillo, 16th to purchase 150 gallons of hot - mix street patching material. Four days were utilized in repairs of spots, mostly valley gutters, that were damaged by the freezings.

Rhonda Ruzicka, Sandra Schilling, Shirley Schueler, Marie Short, Janet Stevick, Pam Turner, Monte Welch, Jan Welch, Kenneth White, Rodney Williams.

Those with A's and four B's included: Steve Brown, Kathy Cook, Lonnie Ellis, Martha Martin, Joe Perez, Jan Shirley, Scott Woolley.

Ford's quiet ride whispers it...

A million Mustangs say it over and over...

Fairlane's performance says it loud and clear...

And booming sales prove it! More and more people are switching to Ford every day...and no wonder. Fords do things other cars can't. ■ You can have a radio in any car, but Ford offers a Stereo-Sonic Tape Player option that turns your car into a concert hall with music of your choice. ■ Most station wagons have a one-way tailgate, but Ford's Magic Doorgate swings out like a door for people and down like a tailgate for cargo. ■ Most cars offer a choice between manual and automatic shift, but Fairlane's GT/A Sport Shift works both ways. ■ Visit your Ford Dealer and test-drive a '66 from Ford.

**LEGAL NOTICES**

**NOTICE TO BIDDERS**

Notice is hereby given that Farmer County will accept bids until 10 o'clock A.M., on March 28, 1966 at the office of County Judge, Courthouse, Farwell, Texas, for the purchase and installation of the following air conditioning unit for the district courtroom in the Courthouse at Farwell, Texas:

Two absorption - type air conditioning units; 36,000 BTU, with standard five-year Warranty on unit and one-year Warranty on motor and controls, complete with two fans, capacity 1,600 CFM; two return air grilles 14" X 24", four supply diffusers, 14 - inch, and 14-inch ducting; above units must have sufficient facilities to control said operation to a temperature of 25 degrees below outside temperature. All cutting and patching incidental to the installation of ductwork, grilles, registers, pipes and lines, etc. will be done by the contractor. All electric wiring and gas piping if required for the installation, and all insulated water supply lines will be done by contractor. Bids should include the furnishing of all labor, materials, tools, equipment, permits, inspection certificates, etc., necessary or reasonable required for the complete installation of the air conditioning units.

Complete specifications may be seen at the office of County Judge, Courthouse, Farwell, Texas. Farmer County reserves the right to reject any or all bids or to accept the bid deemed most advantageous to Farmer County.

Dated this 28th day of February 1966.

Loyde A. Brewer,  
County Judge

**McDonald In Statement For City Mayor's Race**

To the Citizens of Friona: I am taking this opportunity to announce my candidacy for Mayor of Friona.

I graduated from West Texas University with a B.B.A. Degree in Management. I have served three and one-half years in the United States Army. Airborne, as an executive officer of a line company. Since having active duty, I served 2 years in the National Guard training recruits at Canyon.

I have three children growing up in the town and own my business property here. My interest is very much in the future of the town.

I feel that I am capable of filling the office of Mayor. I am old enough to know what needs to be done and young enough to see that it gets done. I would appreciate your support and confidence in the election.

BEN D. McDONALD

I will work for what I feel to be the best interest of the town. Sincerely,  
Ben D. McDonald

PREACH EDELMON

A is the symbol for argon to a chemist, for a note to a musician, for width to a shoemaker, and for genuine Acrilan carpeting to a homemaker.

**"Preach" Edelman Enters City Mayor's Contest**

W.L. (Preach) Edelman this week authorized the Friona Star to issue his official announcement for his candidacy for the office of Mayor of the City of Friona.

Edelman, a graduate of Texas Tech (1929), with a major in government, also served as a government instructor at Tech.

He came to Friona in 1938 as Superintendent of Schools. He also served as the first president of the Friona Lions Club, having been a member for 25 years, and also is a past president of the Friona Chamber of Commerce.

Edelman also served as the first president of the Farmer County Soil Conservation District.

His official announcement read as follows:

"In announcing for mayor of Friona, I wish to say to the people here that my training and experience in public life should qualify me to serve this community as your elected official.

"It shall be my purpose, if elected, to serve the interests of all the people of Friona, and help in any way possible to advance the economic and civic affairs of our city.

"I have no 'axx' to grind, but will be guided by 'what is good for Friona in carrying out the duties of office, if elected.

W.L. (Preach) Edelman

Society

Bakers Celebrate Sixtieth Anniversary

Mr. and Mrs. George Baker, long time residents of Friona, were honored with a reception in their home from 3 to 5 p.m. Sunday. Children and friends of the couple were hosts.

The serving table was covered with a white cloth and centered with a floral arrangement. Cake, coffee and punch were served during receiving hours.

Children present were Mr. and Mrs. George F. Baker, Joplin, Mo.; Mr. and Mrs. Elmer Baker, Kenewick, Washington; Mr. and Mrs. Warren Ware, Morton; Mr. and Mrs. Melvin Baker, Portales; Mr. and Mrs. Raymond Baker, Amarillo; Mr. and Mrs. Gilbert L. Baker, Chevelah, Washington and Mr. and Mrs. Neal Boyce, Lubbock.

Five children were unable to attend. They were Arthur B. Baker, Camp Polk, La.; Oliver W. Baker, Lebanon, Beirut; Mrs. Johnny Kelly, Cleveland and Duke Baker, Big Spring.

A large number of grandchildren, great-grandchildren, and other relatives and friends signed the guest register.

Second Son For Parsons

Mr. and Mrs. Gabriel Parson became parents of a baby boy at 11:34 a.m. Thursday, March 3, at Clovis Memorial Hospital. He was named Justin Clay and weighed 7 lbs. 4 ozs.

The Parsons have an older son, Kirk, 4 1/2. Grandparents are Mr. and Mrs. J.W. Beaty, Friona, and Joe Parson, Clovis.

Mr. and Mrs. T.E. Parson Sr. Blanket, Texas and Mrs. D.W. Smith, Plainview, are great-grandparents.

Party Honors Five Year Old

Following Story Hour at Friona Public Library Friday, February 25, Mrs. Walter Cunningham honored her daughter, Christy, who was observing her fifth birthday, with a party.

Guests included Mrs. James Anglin, who conducted the story hour, Mrs. Bill Stewart, Wade and Quanna Anglin, Larry Tims, Lynn Pope, Curtis Baimun, John Carson, Angela Horton, Vicky and Cindy Smiley.

Also Robert Alexander, Donna Rector, Cheryl Nossaman, Michelle George, Sharla Benge, Diann and Teresa Clark, Scotty Farley and the honoree.

Favors were balloons and noise makers. Refreshments of birthday cake and punch were served by the hostess.

A heel never toes the mark.

Karyl Williams Weds Walter Scheel

Wedding vows were exchanged between Karyl Lynn Williams, daughter of J.B. Williams, of 1212 Washington Street, Friona, and the late Mrs. Williams, and Airman First Class Walter Leroy Scheel at 8 p.m. February 3, at Amarillo Air Force Base Chapel.

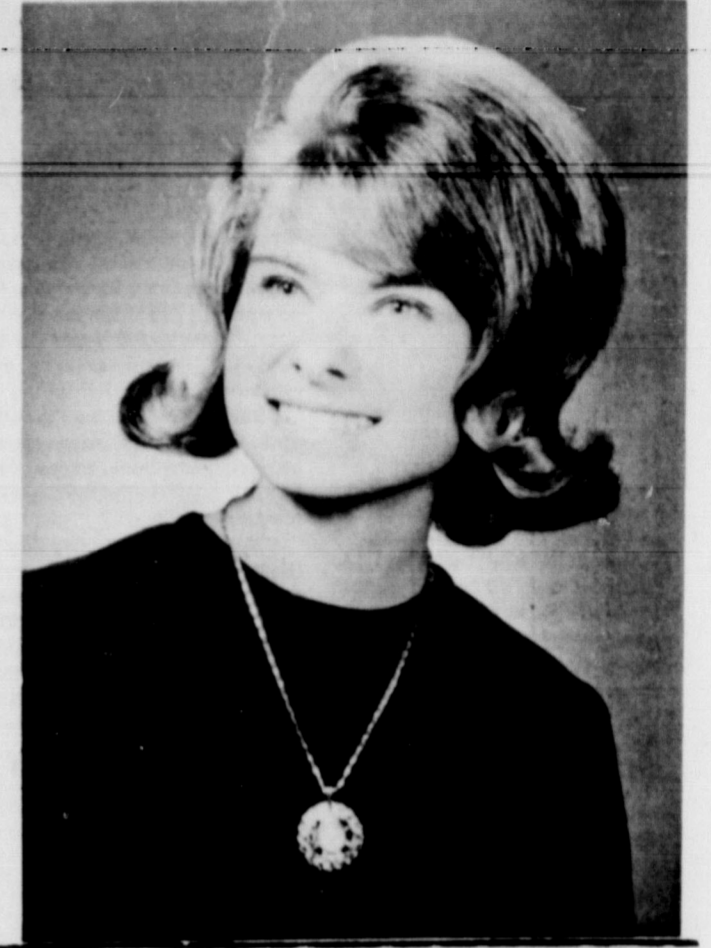

Parents of the groom are Mrs. Doug Young, Nassele, Washington, and Warren L. Scheel, Everett, Washington.

The double ring ceremony was read by Chaplain Edward L. Schneider, a Lutheran minister.

The bride wore a white double knit suit and a white mink hat. Her bouquet was of white carnations.

Mrs. Scheel is a former student of Friona High School and was employed by Texas Industrial Laundries prior to her marriage.

The bridegroom is stationed at Amarillo Air Force Base. The couple is at home at 4215B Austin, Amarillo.

Raisin Bread Makes Fanciful French Toast

California Raisin Advisory Board Photo Toasted raisin bread with coffee is a wonderful way to start the morning. Here is a special recipe for breakfast or brunch enjoyment. Dip raisin bread in a fluffy egg and cream batter, then French toast to a glamorous beautiful brown. Raisin bread with its taste surprising flavor is marvelous for meals around the clock. For lunch, offer raisin bread sandwiches with a bacon and avocado filling.

RAISIN CUSTARD FRENCH TOAST

2 eggs 1/4 cup half and half 1/2 teaspoon salt 6 slices raisin bread 1 tablespoon sugar Butter or margarine 1 teaspoon vanilla Powdered sugar

Beat egg yolks with salt, sugar and vanilla; stir in half and half. Gently fold in beaten egg whites. Turn into shallow pan. Quickly dip raisin bread slices on both sides in fluffy custard batter. Brown in butter over moderate heat until golden, turning once. Sprinkle with powdered sugar or top with warm fruit. Makes 6 servings

# Housewarming Honor J.O. Latham Family

A family dinner and shower of gifts for the new home of the J.O. Lathams, who have recently moved to a new home in Western Acres was the first of three housewarmings for the family.

Saturday evening Mr. and Mrs. Martin Wheeler, Mr. and Mrs. Clarence Monroe and family, Mrs. Jack Estep and Jackie, Mr. and Mrs. Joe Latham and family, Mrs. Leonard Radford and sons and Mr. and Mrs. Jesse Latham were present for a family get together.

Those sending gifts were Mr. and Mrs. Ray Monroe and family, Littlefield, Mr. and Mrs. D.O. Hughes, Electra; Mr. and Mrs. H.A. Monroe and S.H. Latham, Center.

Members of the T.E.L. Sunday School Class of First Baptist Church honored Mrs. Latham with a shower of gifts for her new home Thursday, February 17.

Those attending and sending gifts included Mesdames Ross Terry, M. Ray Landrum, Jack Tomlin, T.A. Williams, Noyle Wood, Kenneth Neill, George W. Jones, David Campbell, Paul Fortenberry, Arthur Drake, Bill Burton, M.C. Osborn, Ralph Taylor, Claud Osborn, Earl Graham, John L. Shelton, Ralph Smith, Mildred Chandler, Roy G. Miller and Bill Turner.

Hostesses for a party in the Latham home Monday evening were members of Hub Home Demonstration Club.

Names on the gift register included Messrs. and Mesdames Leland Minich, J.B. Snead, Woody Fleming, John Hand, Luther Hall, Paul Chisolm, Clarence Monroe, A.L. Black, Grady Dodd and Fran, Eddie Hall, Albert Cammon, Wes Long, Paul Daniel, Weldon Dickson and T.L. Bursleson. Also Mrs. Christine and Messrs. and Mesdames Jack Tomlin, Huck Nichols, Joe Fallwell, W.O. Brown, Buck Fallwell, Rene Snead, Oscar Baxter, Glen Williams, L.E. Lindley and Johnny Hand.

## Catholic Women Attend Meeting

St. Ann's Society met in the parish hall on the evening of February 21st with 12 members in attendance. The Society welcomed two new members, Mrs. Lanore Wheeler and Mrs. Beverly Christian. Mrs. Wheeler recently moved to Friona from Wyoming.

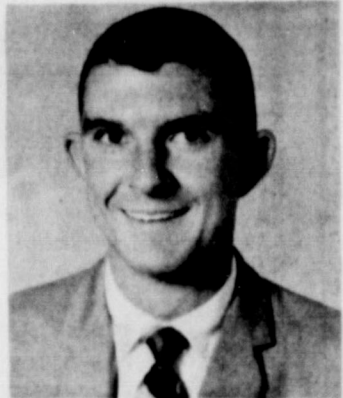

The Society agreed to donate \$141.00 toward the purchase of an organ for the parish.

Final plans were made concerning the deanery convention of Diocesan Council of Catholic Women. Hereford will be the site of the convention with St. Ann's Parish of Bovina as host on March 30th. Bishop Falco will celebrate a jubilee mass at 2:00 in the afternoon on the same date.

Convention delegates for St. Ann-St. Teresa's Society will be Mrs. Leroy Kitten, Mrs. Joe Schilling, Mrs. Beverly Christian, and Mrs. Gene Brito. Father Claver closed the meeting with a prayer and then introduced Bro. Dennis, the guest speaker for the evening. "Rome the Eternal City" was the topic

of his talk. He showed colored slides and described each of them. Bro. Dennis spent 7 years in Rome and is now teaching 7th grade in St. Anthony's in Hereford.

Mrs. Alex Jesco and Mrs. Lee Dennis Jesco were co-hostesses for the evening.

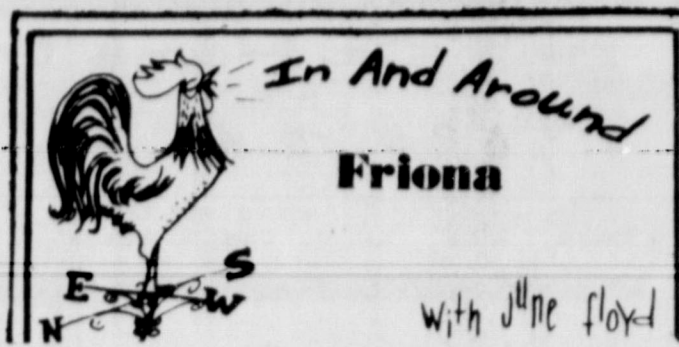

Joe Eivens was elected president of the Friona Classroom Teachers Association the past week. (Story on Page 1)

## Mignonette Is Most Fragrant

Gardeners who have grown flowers for years admit that the most fragrant is the old-fashioned mignonette. The flowers are not what anyone would call "showy." They are small, reddish or yellowish brown, against light green leaves. But, oh, that delightful, refreshing sweet scent! And mignonette is so easy to grow.

It is not generally known that mignonette is a good pot plant. As summer nears its end, pot up a few of the smaller plants from the garden and, after a week or so outdoors to allow them to re-establish their roots, bring them in and enjoy them during winter too.

If anyone happens to notice signs of loss of sleep around Grandmother Ruth Busby's eyes, please don't mention it. She has been babysitting with her youngest grandson, Jimmy Don Huneycutt, while his parents, Jim and Ima Jewel Huneycutt, are in the process of moving from Dallas to Amarillo.

Since the arrival of Jay, who is about three, Ruth has been looking forward to "babysitting with my grandson" with great enthusiasm and apparently she is enjoying it as much as she has been thinking she would.

Tuesday was picnic weather for sure. Don't know for sure whether anyone had a picnic or not, but it was definitely that kind of weather. Right after noon I took a camera and headed for the outdoors to make pictures of activities during such a pretty afternoon.

First, I went to the golf course. Felt real confident that golfers would be all over the place. Apparently it was too soon after lunch for I could only see two groups and they were just leaving the clubhouse.

Next I drove west to the Twin Lakes. Any day, even when the wind is blowing you can find fishermen out there. Not so right after noon Tuesday. Maybe fish don't bite on pretty days.

On my way back to town I thought perhaps someone would be putting onions out or raking leaves in the backyard. The only person I saw working outside was Lillian McLellan and she was washing her car. I've been thinking for a long time that I'd move "South of the Border" so I could take advantage of siesta time every day. Maybe some fellow townspeople take afternoon naps here. At least no one was out working in gardens or yards.

I've seen evidence of spring planting in several spots, but I surely couldn't catch anyone to "shoot in the act" this week.

Nothing but praise came from the annual Girl Scout Father-Daughter Banquet Monday evening. The fathers enjoyed it, the girls enjoyed it, the adult Girl Scouts were well pleased and it was well organized.

All entertainment was by members of the various troops in the auditorium. This was the first time many of the girls had

had an opportunity to perform on the stage of the high school auditorium, so it was a big event for them.

We, in this community are most fortunate to have so many adults interested in Girl Scouting. Many men and women of the area contributed time, talent and money to the organization and results can be seen in the training of young ladies.

Two more families have joined the ranks of Frionans who moved away then returned. Harold and Peggy Balls and children have moved from Amarillo and live on North Main Street. Apparently they like Farmer County better than Castro County, so have moved back.

The Elliotts lived here a number of years before moving to Dimmitt about one year ago. Apparently they like Farmer County better than Castro County, so have moved back.

Bob and Naomi Davis and daughter, Margo, moved to Alpine last week. Bob will be connected with a Montgomery-Ward store. Moving from the Golden Spread to the Big Bend is quite a change and we hope the Davis family enjoys living in their new location.

The close of school isn't too far away. We are making plans for our end of school edition and want everyone who knows college students who are graduating to cooperate with us in this effort.

Securing local information for a graduation edition is no problem at all. High School Principal John R. Cook and his associates are most helpful and willingly and cheerfully supply answers for all our questions.

Some colleges send us releases and others do not, so we need assistance from friends and relatives of college students. Just call 247-2211 or 295-3412 and we will appreciate it greatly.

Improvements. "You said," exclaimed the irate caller, "that I had resigned from the town council and intended retiring from business into private life." "But," protested the editor, "all that is quite true—" "Quite. But you printed the information under 'Public Improvements.'"

## Party In Miller Home

A party in the home of Mr. and Mrs. Roy V. Miller Sr. marked the 36th anniversary of the host couple and the fourth birthday of one of their granddaughters, Sarah Ann Mears.

Those present were Mr. and Mrs. Miller, Mr. and Mrs. Sam Mears, Clint and Sarah Ann, Mr. and Mrs. Ross Miller, Kent, Curt and Dana, and Mrs. Hardy May.

## Banquet Attracts Record Crowd

The annual Father-Daughter Girl Scout banquet in Friona High School auditorium Monday evening was attended by a record breaking crowd. Each troop was responsible for table decorations, place cards and food for its members and guests. A program composed of combined numbers of troop members was presented in the auditorium following the banquet. Troop 211 presented the flag ceremony.

Mrs. W.M. Massie, neighborhood chairman, directed a benefit drive for the Juliette Low World Friendship fund. This fund is one of the oldest voluntary funds of its kind. It was established in 1928 as a memorial to Juliette Low to perpetuate her belief that friendship of young people of different nationalities and languages united in the common bond of Scouting could make a positive contribution to world peace.

Plans for a Girl Scout building were discussed and suggestions were made for conducting a campaign for its construction. About 300 persons attended.

## Study Club Marks Independence Day

Highlight of the New Horizons Junior Study Club meeting at Federated Club House Thursday evening was a program featuring events in Texas History in observance of Texas Independence Day.

Williams, Mrs. Charles Myers and Mrs. Jerry Brown. The scene was the Jersey Lily Saloon. The narrator, Mrs. Cunningham, took the club members on a word tour during the pioneer days.

Following a brief business session a devotional was presented by Mrs. Jimmy Maynard. A talk by Mrs. Glenn Reeve Jr. outlined the activities and accomplishments of a number of noted Texans yesterday. "Giant", a humorous original skit was presented by Mrs. Walter Cunningham, Mrs. Dale

Mrs. Dale Williams was winner of the attendance gift. Refreshments were served by Mrs. Ross Miller and Mrs. Gerald Floyd, hostesses. The table was decorated in red, white and blue and centered with an arrangement of carnations in these colors around a replica of the State of Texas.

## WOMEN'S HEADACHES

Women account for 2 out of 3 headache sufferers, according to a recent study made by the makers of Cope.

# THE FRIONA FARM NEWS

## Number Of Farmers Still Undecided

Approximately 40 per cent of the farmers in Parmer County have signed up to participate in the 1966 Feed Grain Program as of this date. A number of farmers are undecided as to whether to participate and, if so, to what extent. The following examples may be useful in assisting a farmer to "weight out" the program for his farm. In these examples we use an average farm in Parmer County. The normal yield for the farm is 92 bushels of grain sorghum. The base acreage is 200. The price support payment is \$27.31 per acre and the diversion rate is \$52.44 per acre.

6000 lbs. at \$1.70 per cwt. X 200 acres	\$20,400.00
200 acres X \$45.00	\$ 9,000.00
Gross Net	\$11,400.00
Example # B - Same as Example 1A but farm participates in program by making 20% diversion of 40 acres and plants 160 acres of milo.	
Price Support Payment is 100 acres X \$27.31	\$ 2,731.00
6000 lbs. at \$1.70 X 160 acres	\$16,320.00
Gross	\$19,051.00
160 acres X \$45.00	\$ 7,200.00
Gross Net	\$11,851.00
Example #2A - The data is the same as in Example 1A; Except we assume that the price received for milo is \$2.00 per hundredweight.	
6000 lbs. at \$2.00 per cwt. X 200 acres	\$24,000.00
Expense is same as Example 1A	\$ 9,000.00
Gross Net	\$15,000.00
Example #2B - Data is same as Example 1B with a milo price of \$2.00 per cwt.	
6000 lbs. at \$2.00 cwt. X 160 acres	\$19,200.00
Price Support Payment (always same)	\$ 2,731.00
Gross	\$21,931.00
160 acres X \$45.00	\$ 7,200.00
Gross Net	\$14,731.00
Example #3 A - Same as preceding examples 1A & 2A with a milo market price of \$1.90 per cwt.	
6000 lbs. at \$1.90 X 200 acres	\$22,800.00
Expenses same as other examples	\$ 9,000.00
Gross Net	\$13,800.00
Example #3B - Same as Examples 1B & 2B with a milo market of \$1.90 per cwt.	
600 lbs. at \$1.90 X 160 acres	\$18,240.00
Price Support Payment (same)	\$ 2,731.00
Gross	\$20,971.00
Expenses same as 1B & 2B	\$ 7,200.00
Gross Net	\$13,771.00

## Efficiency Can Be Improved

Operating efficiency just doesn't happen; it is the result of well made and properly carried out plans, says W.S. Allen, Extension agricultural engineer, Texas A&M University. He suggests the use of detailed paper plans for all new construction and machinery installations. It's a lot cheaper to make changes on paper than to make them after construction and installation of equipment has started.

In the examples above we have assumed milo price which are considerably above the loan rate which is \$1.50 per hundredweight for 1966. One person's guess is as good as another as to what the price may be for grain sorghum at harvest time next fall.

We have given no examples where an additional acreage (above 20%) is diverted under

the program. Farmers can decide for themselves as to whether it is profitable to sign up for a diversion of acreage above the 20% minimum. The sign-up period extends thru the last day of this month (March). Farmers who intend to participate are urged to come in and sign up at their earliest convenience in order to avoid the "last-minute" rush.

## On The Farm In Parmer County

By JOE VANZANDT  
County Agent

Have you had your soil tested lately? There has been 83 soil tests made since February 16 at the Extension Service Soil Testing Lab at Lubbock for Parmer County farmers. We recommend having soil test made every 2 years as a fertilizer management practice. Applying fertilizer according to soil test recommendations from the Extension Soil Lab has been proven to be the most economical rate of fertilizing to give the most net profit.

amount of water a soil can retain for crop use. Watering deeper than four feet is usually inefficient and results in considerable losses to deep percolation. Water necessary to saturate the root zone varies with the soil type.

Hardlands, such as Pullman clay loams, hold an average of 2 to 2 1/2 inches of water per foot of soil. At this rate, it takes eight to 10 inches to fill the four foot root zone. But the intake rate of these soils is extremely low so it is difficult to apply much more than four inches per irrigation.

Mixedlands, such as Amarillo fine sandy loams, hold about 1 1/2 inches per foot of soil. A six-inch preplant irrigation should bring the root zone to field capacity.

To estimate the amount of water applied per irrigation, farmers first learn the pumping rate of the well. This gallons-per-minute figure can be

converted to acre-inches per hour by dividing it by 450.

The acre-inches per hour can then be multiplied by the time per set and divided by the area irrigated to give the number of inches applied per acre.

For example, this is how you can figure a 600 GPM well pumping on 1.5 acres for a six hour set. (1) The 6-0 gpm well puts out about 1.3 acre-inches per hour (600/450 = 1.33). (2) Multiplying the acre-inches per hour of 1.3 times the 6 hours of the set gives 7.8 total acre-inches. (3) This 7.8 is then divided by the area irrigated or 1.5 acres to give 5.3 inches of water per acre.

Irrigation is not 100 per cent efficient because of such things as ditch losses and evaporation. Average efficiency is estimated at about 70 per cent, with open ditches, so the average amount of water applied per acre in this example is 3.4 inches times .7, which is 2.4 inches.

Notice that we use the word "average". The water penetration will be greater at the upper end of the furrow and less at the lower end.

## At Home In Parmer County

By CRICKET B. TAYLOR  
County HD Agent

TIME AND ENERGY - are two of our most valuable resources and the way that you use them depends on what is most important to you. Every day we hear homemakers complain about not having enough time for all they want to do - and they are always tired. Time and energy will run out when we try to crowd too much into a day. For example would you get more satisfaction from working with a group of young people

or from watching TV or working in the yard. You must choose which is more important to you and your family because time and energy does not permit both.

How do you start to manage time and energy? First is a desire to improve the use of time and energy. This may involve being willing to change habits and attitudes, if necessary - just as it does in the case of the overweight person. It must of

necessity involve the change in attitude toward foods and a change in habits to bring about desired results.

Some homemakers in the County have asked for help in the study of this problem on Management of time and energy and plans are being made to work with these homemakers individually in result demonstrations. If others are interested in this study they may get in touch with me at 481-3619 or write a note to me.

### GUARD AGAINST BROWN SPOTS

If brown spots or holes appear in your dress when you iron it, it may be because a small battery was formed at the spot where the damp dress touched two different metals as you ironed it.

Two metals in a zipper - usually aluminum in the teeth and copper or nickel-plated copper in the slide - can act

as electrodes. The salt in liquid starch serves as carrier of electric current in the wet garment.

Or it may be caused by the minerals in the water you use for dampening. The resulting combinations forms a small amount of acid. Nothing happens until you apply a hot iron. Then you get the brown spots and holes.

Zippers made of one metal, or nylon zippers, will eliminate this problem. So do wash and wear fabrics which don't require dampening.

### ON CAREER ENVOYS

A State Department report shows that seventy-six per cent of U. S. ambassadorships are held by career diplomats. The President names all ambassadors through selection from Foreign Service ranks or political appointment.

## Castor Bean Payment Set

The diversion payment rate will be increased from 30 per cent of 50 percent for the 1966 program where castor beans are grown as an alternate crop on acreage diverted for payment, the USDA announced.

The programs involved are those for wheat, feed grains and cotton. The 50 per cent rate is the same as that paid in the 1965 programs.

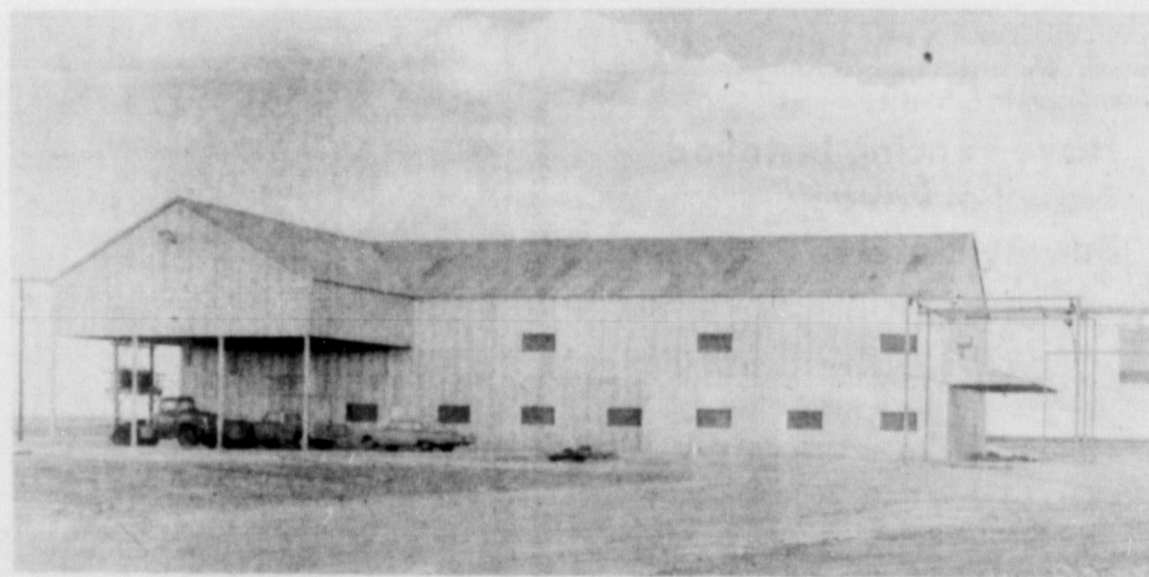

It had been announced earlier that the acreage diversion payment rate would be based on 30 percent of the individual farm acreage diversion payment rate. New information on production and income to farmers for this crop has been obtained. It shows that a larger part of acreage diversion payment is needed, to maintain a moderate acreage from which production can be expanded should the need arise in the future.

## Weatherly Tops Team In Two Categories

Senior Gene Weatherly led the Friona Chieftain basketballers in scoring and field goal percentage, while teammate Travis Graves was the top free-shot maker, final statistics released this week by Coach James Anglin revealed.

Junior Bobby Jordan, the only non-senior among the starting lineup, was a runnerup in two of the categories.

Weatherly paced the Chiefs in scoring with 377 points and a 44.0 scoring average, and had the

best shooting average on the field goal attempts, making 50.6 per cent of his shots, 165 of 326.

Graves was the best marksman at the free throw line, making 97 of 129 attempts, a good 75.2 per cent. He was the second leading scorer with 353 points and a 43.1 average.

Jordan was second in field goal percentage, lacking just two baskets hitting an even 50 per cent. He made 119 of 242 for a 49.2 per cent average. He also was runnerup in free

throws, with 53 of 73, a 72.6 per cent clip. Jordan was the only other player with a scoring average over 10 points per game, with 291 points for an 11.2 average.

Oddly enough, Weatherly, the team leader in field goal shooting, was fifth in free throw shooting with a 48.4 per cent average.

The Chieftains averaged 58.1 points per game in 27 games the past season, holding opponents to an average of 47.9 points.

Highest score turned in by the team was the 110-point performance against Littlefield performance against Olton, which set a new school scoring record. Lowest score was the 37 point performance against Littlefield at the Tullis tournament, in a 40-37 loss.

Most points scored against the Chiefs were Abernathy's 68 in a 68-51 loss at Abernathy. Least were Hart's 16 (44-16) in a game here last December.

DEBATE WINNERS . . . Dwight Whitaker and Linda Outland are shown with one of the trophies they won last weekend at the Texas Tech Invitational debate tournament. The debate team advanced to the finals of their division, placing second. In addition, Whitaker received a trophy as second place individual debater.

## Six Members Of FHS Teams All-District

Six members of the 1965-66 Friona Chieftain and Squaw teams have been given all-district recognition, according to all-district teams released this week by the District 3-AA coaches.

The Squaws, who were runners-up to Floydada in the district chase, placed two players on the first team forwards, and a guard on the first team, Champion Floydada also landed three players on the teams. Another guard received second-team designation.

The Chiefs, meanwhile, had a player on the first team, and another on the second.

Making the first team in the girls' division were forwards Janet Rushing and Cindy Ingram, and guard Linda Fallwell. Frieda Floyd was chosen to the second team for guards.

Gene Weatherly of the third-

place Friona Chieftains cracked Dimmitt and Abernathy's domination of the boys first team all-district by landing a spot. The other two schools who were co-champions, placed two players each in the first team.

Travis Graves was named to the second team all-district. Two more Abernathy players, along with Dimmitt and Lockney boys, rounded out the team.

### Green Thumb Tips

Even in warmer climates where the instructions "wait until frost danger is past" do not apply to seed planting outdoors, there still is a change in soil temperature during the winter months. So, instead of checking the frost-free date, why not check soil temperature to make certain that the coldness and general clammy feeling of soils in winter is gone. When soils have warmed up, the time to plant outdoors has finally arrived.

Days are longer now and sunnier. It's time for wide-awake gardeners to sow seeds of slow-growing annuals like the gorgeous double-flowered petunias and the useful ageratum. These seeds should be started in your sunniest window; the container set close to the glass.

If you live in a climate where snow melts and thaws several times during winter, examine your lawn each time there are clear areas. Look for patches of dead grass or the areas of pinkish-gray that are characteristic of a disease called "snow mold."

If you find such signs, soak the area with a wide spectrum fungicide. This will not cure the snow mold but will kill other fungi in the area which thrive under the same conditions. Re-seed in early spring.

Snow mold usually is the result of a gardener's not mowing his lawn in fall until grass stops growing. Long grass or too many clippings on the lawn area keep soil underneath from freezing and thus encourage the snow mold fungus.

The more experienced a gardener is, the more likely he is to plan a garden on paper before he plants. This applies to flower gardens as well as vegetable gardens. With a plan in hand, he orders seeds early so that he obtains the varieties he wishes. Have you ordered your seeds yet?

**LAZBUDDIE NEWS**

By Mrs. C. A. Watson

Mrs. Earl Ellis homemaker teacher of Lazbuddie attended an in-service conference for homemaker teachers at Tulla, February 28. Consultants for the workshop were Mrs. Irma Dora Haile, Area 1 Supervisor, Dr. Willa V. Tinsley, Dr. Margaret Sillon, Dr. Thelma Leonard, and Dr. L. Ann Buntin. Applications were submitted by Mrs. Ellis for four Lazbuddie Future Homemakers. They are Ramona Espinosa, Myra Morris, Marquita Seaton and Joy Williams.

Alec John Jesco, 68 died suddenly at Hereford Sunday afternoon while visiting his mother-in-law at Kings Manor Rest Home.

He had been a resident of the Lazbuddie area since 1910 moving here from Indiana. He is survived by his wife, four daughters and five sons all of Muleshoe, Farwell, Lazbuddie, and Clovis area. Funeral services were held Tuesday at 10 a.m. in the Catholic Church at Hereford. Burial was in the Hereford cemetery.

Mr. and Mrs. E.C. Ketchum visited their daughter, Alice, of Abilene. They also visited friends, Mrs. Thera Majors and son Charles of Abilene over the weekend. Recent visitors in the Ketchum home were Mr. and Mrs. Charles Bledsoe of Albuquerque, New Mexico. Mrs. Bledsoe is a daughter of Mr. and Mrs. Ketchum.

Ten acres of land near Clays Corner, six miles west of Lazbuddie has been purchased by Tide Inc. The Carbide Chemical Plant will be managed by the district manager, Jim Lang of Littlefield. The opening of the business is expected within the next few weeks.

Mrs. C.A. Watson received word early Friday a.m. that her father, H.I. Bass had had a stroke and was admitted to the Methodist Hospital in Lubbock. He is 92. Mr. Watson and Harvey Bass of Muleshoe left immediately for Lubbock to be with their father, who was improving Monday morning.

Gene Fox has been confined to his home for several days following a leg fracture received in a car accident recently. Fox was released soon after the accident from a Clovis Hospital, but was readmitted for further treatment.

Public School Week was observed Monday, March 7, through the 10th at the Lazbuddie school, with visitation and open house held Tuesday evening. Friday the teachers will attend district meeting in Amarillo.

Congratulations to Mr. and Mrs. Wayne Peterson on the birth of a son Saturday night in the Green Memorial hospital of Muleshoe. Grandparents are Mr. and Mrs. Jackie Brown of Muleshoe and Mr. and Mrs. Earl Peterson of Lazbuddie.

**MELTON INJURED**

Word has been received by Mr. and Mrs. Rufus F. Melton, Friona, that their son, PFC Ronald F. Melton, who is serving with the First Cavalry Airborne Division in Viet Nam, has been hospitalized following a foot injury.

He is now a patient in a U.S. Army hospital at Camp Zama, Japan. His wife, Jo Ann, resides at McCamey, Texas.

Fire kills about 11,800 people yearly in the United States. Nearly 30 per cent of the victims are children, National Fire Protection figures show.
