SUDAN RUNS OVER SPRINGLAKE, 41-0

I NOTICE that the Texas State Teachers Assn. Saturday set \$1,000 as its minimum teacher pay raise goal in the 1969 Legislature, indicating that they would like more than this, but sure won't settle for any less.

Teachers have more influence on the development of our children than anyone possibly excepting parents themselves, so who will dare to speak against them? Well, very timidly, I will. After all, why shouldn't my teacher friends be mad at me, too? At one time or another I've upset nearly everybody.

It seems to me that the TSTA gets more like the United Auto Workers every year. One of these days they may advocate a strike; I hope not, though. At any rate, the teachers obviously are going to hit up every Legislature for a raise. And, if they're not going to settle for less than \$1,000 each time, teaching is going to be a pretty neat racket in about 12 years.

Teachers, when talking about how poor they are, point to salaries of teachers in other states. This is a strong argument. I might point out that newspapermen make almost twice as much money in the New England area, but it costs more to live, and besides, who would want to live in that country?

Teachers also list their salaries on an annual basis (usually the base salary only) or on a monthly rate, which is the annual base divided by 12. They claim they can't make any more money in the summertime. Despite all this, I'd wager that most teachers make extra money in the summer. Then, everybody gets at least one kind of bonus. I could say more, but already I can hear the outraged screams of my teaching friends.

Actually, I'm not against teachers; to the contrary, I love you 'all. I don't blame you for wanting more money. This really is just sour grapes because my own chances of getting a \$1,000 raise every two years are pretty slim.

ONE OF TWO "big ones" in the Sudan football schedule comes up this week. If the Hornets are looking forward too much to Farwell, who they must beat if they are to be the first team in Sudan history to win the district title outright, then Kress likely will spring the upset. But Kress is essentially the same team which crushed Sudan last year, so the Hornets shouldn't have any problems about motive here. We hope not.

SCOUT EXECUTIVE SPEAKS AT ROTARY LUNCHEON

Don Ferguson of Levelland, Scout Executive from the Plains, Council, brought the program Wednesday at the Sudan Rotary Club Meeting. Ferguson spoke on the phases of scouting, which was cub scouts and boy scouts. He stated in this area we have three camps for our Scouts. Camp Haynes at Plainview is a year-round camp.

Sudan is in the George White Scout District. The Rotary Club is now sponsoring the Cub Scouts. Attendance was 20 members and three visitors.

LINEMEN AT WORK - Shown above is an action shot taken Friday at Springlake when the Hornets walloped the Wolverines 41-0. Tribute should be paid to the fine work of the Hornet linemen. Sudan will take on Kress here tomorrow night to even the score of last year when Kress upset a perfect season record for the Hornets.

Wolverine fumble on the 40 and the Hornets marched downfield to the three yard line, where Hanna carried the ball into the end zone for another touchdown. Bellar kicked the extra point and the Hornets led at the half, 14-0.

The Wolverines started the second half with an on-side kick, recovering the ball, but failing to make 10 yards, they were forced to kick, and the Hornets took the ball on the 15. Then Hill connected with Bellar on a 40-yard pass play, and with the Hornets on the 4, Hill plunged over for the touchdown. Bellar kicked the point, and the score read Sudan over Springlake, 21-0. Stopping the Wolverines short of a first down, Hill passed to End Shawn Potter for a 47 yard

The Sudan Hornets won conference game No. 2 Friday with their 41-0 victory over the Springlake Wolverines. The high spirited Hornets went wild in the fourth quarter, scoring 21 points, and allowing the Wolverines only one first down and a total of 22 yards in the entire second half.

In the first quarter, FB Larry Hanna intercepted a pass by Springlake QB Randy Washington, and the Hornets took over on the 45 yard line. QB Ronnie Hill passed to Jerry Bellar (B-E), taking the ball down to the 10-yard line. Two plays later, Bellar plunged the necessary five yards for the Hornets first TD. Bellar added the PAT, and the Hornets lead was 7-0 with seven minutes remaining in the first quarter.

The defensive unit got a workout until late in the second quarter, when Center Tim Nix recovered a

gain, and the third quarter ended with the Hornets in possession of the ball on the Springlake 15.

Starting the 4th quarter, the Hornets made five yards, and Hanna took the ball over from the 10. Bellar kicked the point after, and Sudan was in the lead, 28-0. Later in the period, Hill passed 47 yards to End Steve Martin for another Hornet TD, and Bellar booted the extra point, making the score 35-0. Then came Bellar's long 65 yard punt return for the next Hornet TD, and the try for extra point was no good. This concluded the scoring for the night, and the score board read Sudan over Springlake, 41-0.

During the remaining time in this period, Guard Billy Ford recovered a Wolverine fumble on the 25, and when the Hornets failed to make a first down, Bellar attempted a field goal, which was no good. Then Guard Dex Baker recovered a Wolverine fumble on the 19, and the Hornets had another chance to score. Steve Martin came in to quarterback, and after a gain to the one-foot line, lost the ball on a fumble. After a strong defensive effort, the game ended in a great victory for the Hornets.

Sudan Quarterback Ronnie Hill did a fine job leading the Hornet team in this game. He and his pass receivers teamed up to give the Hornets a total of 160 yards in passing, with Hill completing 4 out of 8.

HB Jerry Bellar has booted successfully for PAT, 10 out of the last 11 attempts.

Sudan will play Kress here in Masten Stadium Friday with game time set for 7:30 p.m. Let's go to the game, and cheer the Hornets on to beat the Kangaroos.

CHILDREN'S PICTURES TO BE TAKEN

It is an undisputed fact that the responsibilities of tomorrow's world our nation and community will rest upon the shoulders of today. Since this is true the publishers of this newspaper would like to give you a good look at these future "World Builders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work will be here Thursday, November 16.

Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain a limited number by arrangement with the studio representative when they select the pose they want printed in the paper. It is entirely up to them.

This paper simply wants pictures of all the youngsters and the more, the better. So the mothers and fathers of the community in which this paper circulates should remember the date Thursday, Nov. 16, from 9 a.m. to 12 noon and bring their children to the photographer.

Appointments may be made by calling 227-3911.

The Wisemans were engaged in farming until their recent retirement.

The couple have five children, including Kenneth and Weldon of Sudan, LaVern Bernethy of Littlefield, Dean of Dimmitt, and Rosa Nell Wood of Albuquerque. They have 11 grandchildren and one great-grandchild. Their children and grandchildren will be hosts for the reception which is from 3:00 to 5:30 p.m.

Dinner To Honor Cong. Bob Price

Jim Davidson of Littlefield and Robert Meinecke of Olton have been named Lamb County ticket sales chairman for the November 17 fund raising dinner in Amarillo honoring Cong. Bob Price on completion of his first year as Panhandle representative.

Cong. Gerald R. Ford of Michigan, House Republican Leader, will be featured speaker.

Also attending will be Cong. George Bush of Houston, 1964 U. S. Senate candidate. Cong. Ford has been the leader of recent successful attempts in the House of Representatives to reduce the Federal budget in hopes of avoiding the necessity of a tax increase this year.

A strong believer in the maximum use of American conventional air and sea power in Viet-

nam, Cong. Ford has called for attacks on all significant military targets and a blockade of the port of Haiphong in order to bring the war to a speedy conclusion.

Like Panhandle Congressman Price, the Michigan congressman has also been an outspoken critic of Administration welfare legislation, and has offered alternatives to Great Society programs.

Commit your work to the Lord, and your plans will be established—(Prov. 16:3)

As we go about the business of living, we keep before us the thought that we are here because God needs us and has a divine purpose for our life. Even though we may not understand just what this purpose is, we know that it is our business to do the work at hand, where we find ourself right now. We give ourself to each task, knowing that it is all part of our good. There is not need for apprehension, nor is there anything to fear.

ATTEND CHURCH SUNDAY

Best of thoughts most always start from the region of the heart. That's the place where we acquire thoughts that prove our hearts desire. Evil thoughts won't stay around where the best of thoughts are found. So when searching for the best, take a look within your breast.

DO YOU
KNOW YOURSELF?

Scripture: St. Matthew 16: 13-18; St. John 3: 15-18; 14: 1-6.

Who am I? Who is He? These are two questions all of us ask ourselves as we begin to grow up, but I am sorry to say, not all of us seek the answers. Some just have the fleeting thought, and run away from it. But until we know the answer to the second question, we cannot know the answer to the first, for until we know who Jesus is, we are dead - unconscious of who we are and what, or who the source of life is.

You may say "It makes no difference to me who Jesus is!" - but doesn't it? Think about this. Have you ever known anybody else who could give life, even physical life, especially eternal life? I have not.

The disciples followed Jesus, and Jesus revealed to them enough of Himself, His power, His love, His patience, His compassion, His mission, (all of Himself that He could reveal to them, with their understanding at that time), to cause them to believe that Jesus was the One sent to save the world. But the disciples were mostly interested in being with Jesus when He revealed Himself as King, in all His glory and mighty power, even going so far as to ask what would be their place when Jesus came into His kingdom.

Now there is nothing wrong in wanting to be with Jesus and recognized as children of a King, but the disciples were not ready

for that yet. Just to go with Jesus that far is not enough. The world would like to take Jesus and live forever, if they could just take Him when He became king, if they did not have to go with Jesus through the suffering, the way of the Cross. But until we have gone the way of Jesus, we are not fit for the kingdom of God; not yet ready.

The disciples, even the closest inner circle of Peter, James and John, never amounted to very much for Jesus sake until they not only accepted Jesus as King, to be revealed at the appointed time, but also accepted Him first as a lowly, suffering, servant here on earth to all mankind, who died to save sinners; who died as a sinner, a criminal's death, this One who was without sin yet He took your burden and punishment for your sins and mine.

The disciples ran away when Jesus would not let them use their own physical power of force to protect Him, but Jesus told Peter to put up his sword.

After the disciples of Jesus saw Jesus die on the Cross, saw Him arisen from the dead, and then followed His instructions to wait for the Holy Spirit to come into the world, (and He came just as surely as Jesus came - and has been here ever since the day of Pentecost) - then the disciples had a Guide, a Comforter, a Power available to them.

So have we power, available to all of God's obedient children.

TV For Industrial Use

CLOSED CIRCUIT TV takes on new role as tool for sales training and other activities at the home office of Equitable Life Assurance Society in New York. Taping of a panel discussion is under way in company's own fully equipped studio for later showing at countrywide offices.

Closed-circuit television now performs a role of increasing importance in sales training at Equitable Life Assurance Society and is expanding into other departments, the company reports.

At the home office in New York, Equitable now has a completely equipped television studio for preparation of the videotapes used here and at sales and other meetings throughout the country.

After two years of experimenting with a small, makeshift studio, Equitable found that development of low cost, portable videotape recorders and television cameras has made the closed-circuit program economically possible on a broader scale.

Equitable says its videotape and television have been of great assistance to its nationwide sales force. At sales conferences, participants watch on TV sets in their hotel rooms a panel discussion that had been taped earlier by company officials who were not able to attend the sales conference.

In a recent sales meeting in San Francisco, taped inter-

views opened each business session and round table discussions were taped for future distribution.

Early next year, Equitable expects to have in operation seven divisional training units in major cities throughout the country which will be equipped with recording and receiving equipment. This means that seven tapes will be produced in the home office studio in New York and then flown to the field locations for viewing.

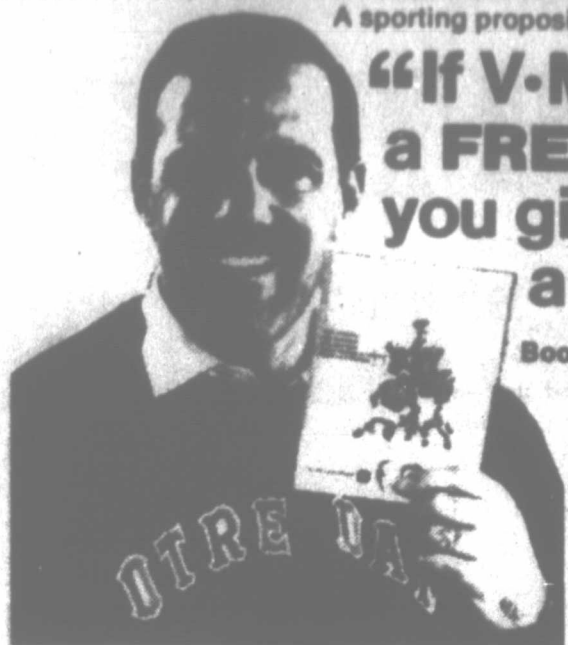

By 1972 every Equitable agency throughout the country is expected to have its own receiving booth. Through a telecasting network, every agent will have access to an extensive library of training and educational material direct from the home office in New York.

All the television and taping equipment is portable and can be used outside of the studio. The company is having cables installed throughout the 42 floor home office building so programs can either be taped or played back from areas all over the building. Even color could be in use by the end of 1967.

So have we the answer to who we are, when we believe and accept Jesus as God says for us to take Him -- by faith (Believe Him), and then be obedient to follow in Jesus footsteps now, for He said "I am the way" (Go as Jesus went, serving others) "the truth" (Believe all He says and find out for yourself what Jesus said) "and the life." Jesus is the giver of life and He said there is no other way to get life.

Have you found the answer to "Who am I?" and "Who is He?"

Miss Holeman Is Bride Of Travis Lynn Crouch

Miss Alice Ruby Holeman and Travis Lynn Crouch were married September 30 at 4:30 in the afternoon in the home of the bride's parents, Mr. and Mrs. Cecil Holeman of Maljamar with relatives of the couple attending. Rev. Jesse Ramsey read the double ring ceremony.

The bridegroom is the son of Mr. and Mrs. H.H. Crouch, Lovington.

Given in marriage by her father, the bride was attired in a white double knit shift dress. Her white bridal bouquet was centered with a white carnation corsage. She placed a penny minted in the year of her birth in one of her blue shoes.

Best man was Buddy Crouch, brother of the bridegroom, and Miss Judy Driver was maid of honor. She wore a light green double knit dress and white carnation corsage.

The ceremony was performed in front of the fireplace which was decorated with baskets of white and blue chrysanthemums accented with greenery.

Miss Lynda Smith played musical selections for the wedding.

The bride's mother chose a green double knit dress for her daughter's wedding and the bridegroom's mother wore a light blue double knit dress. Their corsages were white carnations.

Immediately following the ceremony, the couple was honored with a reception. Susie Clayton presided at the guest book.

Blue and green floral arrangement centered the refreshment table which was covered with an ecru lace cloth, which belonged

to the bride's grandmother, the late Mrs. Don Taylor. Mrs. Cecilia Fallon, Las Cruces, and Mrs. Druella Wilbanks, Maljamar, sisters of the bride, served punch and portions of the three-tiered wedding cake, mints and nuts.

For a wedding trip to Roswell, the bride wore a gray and white shift accented with black accessories.

The couple is at home in Albuquerque, 8509 Marquette NE, Apartment G.

The bride attended Lovington High School and has enrolled in High School there. The bridegroom, a graduate of Lovington High School, is a sophomore at the University of New Mexico.

Attending from Sudan were Mrs. Muriel Crouch, Mr. and Mrs. W.F. Vereen, Mr. and Mrs. T.A. Henson and children, Miss Bertha Vereen, Mr. and Mrs. Bill Olds, Mr. and Mrs. Rodney Nichols.

Let's Go Fishin'

BY BOB BREWSTER
Outdoor Editor, Mercury Outdoors

ANCIENT BUT WISE

Old ideas are not necessarily bad ideas, it's just that they've been around for a long while. In fact, say the fishing authorities at Mercury Outdoors, some of the following ancient angling ideas are so good they're worth considering each new fishing day.

Safety pins, for example, are indispensable. In addition to solving apparel repair problems, they are fine for keeping zivials, hooks, rings and ball sinkers clipped together in neat, orderly fashion.

When fish are finicky, tie or a trailer hook with a small bait behind your favorite plug. This tasty morsel following the regular "attention-getter" often provides that extra strike-provoking incentive.

Don't always shy away from weeds. If fishing in a water lily-covered, bass-laden pond, deliberately cast a light surface lure onto the pads. Gently twitch the plug to make the vegetation move as if a frog or other creature is slipping around on top. After a few minutes of teasing, topple the plug off into the water, and get set for a strike.

Don't cast beyond upon fishing waters. Instead, get several day-old unsalted loaves, hollow out a cavity and toss the loaves in a field. In the morning, you can harvest a crop of captive crickets that'll be far more effective with the fish.

When fishing with worms, place the bait in a container that can be kept in an inverted position, such as a coffee can with a snap-on plastic lid. Worms gravitate to the bottom, so if the removable top is on the bottom, the worms will be on top when the can is upright.

One of the sneakiest ways to tempt game fish is to place several live minnows in a clean glass gallon jug and then lower it to the bottom. You may want to use several of these devices. Drop a single minnow on a hook among the "decoys" for late-in-the-action.

Old ideas? Certainly, say the Mercury folks, but not outdated. Now these tips away for you, but revise them when the need arises.

Saturday to participate in the Punt, Pass and Kick events. Mr. and Mrs. Glen Cardwell and family who have moved to a location near Lazbuddie, visited recently in the home of Mr. and Mrs. Louis Fields. The Cardwell children, Danny and Susan, are attending school in Muleshoe.

Mr. and Mrs. Byron Lynn were in Denver recently to be with her sister, Mrs. Jerry Smallin, who underwent surgery last week.

Mr. and Mrs. Robert Fowler of Oklahoma City visited recently in the home of Mr. and Mrs. W. V. Terry. Also a guest last week in the Terry home was Brown

Adkins who was enroute to New Mexico to visit relatives.

Mrs. R. D. Nix returned home after being confined to a hospital in Lubbock for a checkup.

It's homecoming time for the Texas Tech Red Raiders as they battle the Rice Owls in an important Southwest Conference game here Saturday in Jones Stadium.

The game will mark the 17th meeting between the two teams.

The Owls lead in the series 13-3-1 in competition dating back to 1942 with a Rice win 19-7 in Houston.

The Owls are 1-1 in conference play after last week's 28-6 loss to Texas at Austin. Rice, 3-2 for year, has posted impressive victories over Navy, Northwestern, and SMU.

QUALITY COTTON

On a farm operated by Mr. Bill Boggs, who farms 6 miles north of Plainview and one mile off FM 66 on the Providence pavement to the east, you will see a field of fine cotton, which not only gives promise of considerable quality but also of high production. This is a field of Gregg 25V one of the newer cottons for the Plains. The seed of this cotton is glandless, free of gossypol making it possible to use the meal in the feeding of poultry and swine, and also can be used as a high protein diet in human nutrition. Gregg 25V was specifically bred to resist verticillium wilt, however, a majority of those who have planted it this season have done so, not because they have a wilt problem, but because of the other good qualities which it possesses, such as better micronaire, better grades (being a smooth leaf it cleans well), a little longer staple, a better grade of seed. (Yes, Mr. Boggs managed this cotton according to special instructions.)

You are invited to drive out and see this field of cotton, or if you prefer just come to our place two and one-half miles east of the courthouse on the Lockney Highway, and we will not only show you Mr. Boggs' cotton, but also several other good fields of 25V. Gregg Seed Farms, 2700 Lockney Highway, Plainview, Texas. (Adv.)

The Rev. Delbert Serratt, pastor of the Arcadia Baptist Church in Dallas will fill the pulpit at the First Baptist Church Sunday evening.
