HORNETS BEAT CLARENDON, 13-6

HOW ABOUT those Sudan Hornets? A team representing a school which never before has been in the playoffs now has won a couple of playoff games and is right up there in the state bracket. Since we've gone this far, we may well go ahead and win state.

Of course, that's easy to say, and plenty tough to do. But already, this team has surprised a lot of people, and they just might go all the way. But even if we lose the next game 60-0 (heaven forbid), we still have a young team worth praising highly.

The thing that impresses me most, though, about this Sudan football team is the attitude of the individual members. The ones I have had occasion to talk with are not cocky, smart-aleck, boorish or beatnik, like some of today's young athletes. They are quietly confident of their own abilities and determined to accomplish something, which they have. But most of all they appear intelligent and courteous.

These boys, whatever happens on the scoreboard, are a credit to the school, the community, their parents and their coaches.

SPEAKING OF FOOTBALL, and that's been the main topic around a lot of homes recently, it's a crying, stinking shame that the Aggie-Longhorn Thanksgiving Day game no longer is carried on national television. Or at least in Texas. The NCAA should be bombarded with telegrams and letters between now and next season to make it a regional telecast, so Texans can watch the traditional game, which nearly always is a great one, even though Texas usually wins it.

I wish I knew an address to send those letters to so I could give it to you. If I find out, I'll let you know.

A GOOD SONG for Frank Sinatra these days might be "I don't believe you love Mia anymore..."

KNOTHOLES in the Woodwork: American teenagers now spend \$18 billion a year. I'll bet most of that goes for records... It has been found that a woman ironing uses up more energy than a bricklayer does on the job. This should surprise no woman, nor any person of either sex who ever has watched a union bricklayer at work... Farmer's Almanac says "The world isn't really any worse. It's just that the news coverage is so much better."... About one-third of the nation never goes to the dentist. That means the rest of us are carrying the burden of keeping the dentists filthy rich. I hope my dentist doesn't read this; he'll drill me for sure.

SUDAN VS. SEAGRAVES, SATURDAY

The further you go, the tougher they get, but the Sudan Hornets, truly the Cinderella team of the State Class A playoff bracket, are still in it as they head for a quarterfinal rematch against the state's top-ranked team, Seagraves, this Saturday at 7:30 p. m. in Lowery Field, Lubbock. The Sudan fans will enter at the Lowery Field east gate and parking lot, as they will be seated in the east stands opposite to where we were seated in the game against Crosbyton. Sudan, which lost by just seven points to the Seagraves Eagles in

a non-conference game earlier this season, will go against the favored No. 1 eleven with a growing feeling that a 100 per cent effort can bring the Hornets victory in this one.

Coach Jim Cain's Black and Gold warriors found Clarendon a salty bunch of Bronchos to corral at Canyon last Friday, but wound up on the long end of a 13-6 contest. The Hornets played without their leading scorer, Larry Hanna, and the young fullback is not expected to see action in this week's contest.

Clarendon was big and tough in the line and had some good running backs who threatened to go for long yardage time and again, but Sudan defenders stopped them when it counted, and Billy Ford, Gary Gatewood and Bellar recovered fumbles at opportune times to halt Clarendon advances.

The first quarter was scoreless, although Halfback Jerry Bellar temporarily gave the good crowd

of Sudan fans in Buffalo Stadium (home of West Texas State) a fit of ecstasy by ripping 43 yards over the goal line. The official's red flag quickly cured all the Sudan glee and moved Sudan back a ways with an offside penalty.

After the scoreless first period, Sudan took a 7-0 lead as Fullback Billy Gore slashed off right guard 3 yards for a touchdown, followed by Bellar's kick for extra point.

As it turned out, this was all the scoring for the first half.

In the third period, Clarendon recovered a Hornet fumble deep in Sudan territory, but Sudan held on downs at the 23 and cranked up what shaped up to be a sure scoring drive. Run by Bellar, Gore and QB Ronnie Hill, and a 15-yard penalty, aided the march to the 3 yard line, where a fourth down effort by Hill fell just a couple of inches short of a first, and the Bronchos took over.

Clarendon's TD came a few plays later, as QB Dan Mooring tossed a pass in the deep left flat to end Monte Land. The ball bounced off Land, was tipped by a Hornet defender and the alert Land caught it and sped the rest of the way for a score. The play covered 82 yards. Clarendon went for two points, but Back Steve Land was halted by Steve Martin, and it was 7-6 Sudan.

More third quarter action followed quickly, as the speedy Bellar shook free on a 60-yard flight to the magic rectangle of the opponents' end zone. Bellar's kick was wide this time, and the 13-6 margin was the object of some concern, especially in the fourth period as Clarendon's running game time and again ate up big yardage.

Gatewood's recover of a Clarendon fumble deep in Sudan territory ended what appeared to be an inexorable drive goalward, and a little later, after some good running by Bellar and Gore, Hill was able to run out the clock.

Bellar was Sudan's top ground-gainer, carrying 26 times for 181 yards.

A top defensive game was turned in by defensive guard David Weaver, by rugged Monte Roberts, Billy Ford and by Van Seymore. Tackle Robin Davis also did his usual good job, once breaking through in fine fashion to roll under a rambling Broncho back.

Clarendon's top defender was 195-pound Pat Perkins, a tackle.

SUDAN ROTARY HEARS STATE REPRESENTATIVE

Texas State Representative Bill Clayton of Springlake was guest speaker at the Wednesday meeting of the local Rotary organization. R. D. Nix, program director introduced the speaker.

Topic for the program was the Texas Water Problem. Clayton is presently serving as chairman of the State Water Committee who are studying ways and means of importing water to the West Texas area. He stated that as of now, water could be delivered to this area for \$40 per acre foot, but there is hope that it can be delivered for even a cheaper rate.

DOES OFFICIAL VISITS HERE

Mrs. Theo Phillips of Abernathy, Deputy Grand Matron of District 2, Section 4 made her official visit to Sudan Chapter No. 806, Order of Eastern Star, Monday night.

Mrs. Winona Dudgeon, Worthy Matron and Noble Dudgeon, Worthy Patron presided.

Other Grand officer presented was Mrs. Cecile Pettit, Time and Talent Committee. Mrs. Anna Lee Stern was appointed chairman of Sudan Chapter of Time and Talent. All members are encouraged to be pink ladies and pink ties.

A very impressive program was given by Bertie Shuttlesworth, Edna Bellamy, Romana Ingram, Edith Humphreys and Rosie Pinkerton.

The chapter was host with a salad supper. The tables carried out the Thanksgiving theme.

OLD COW TOWN rolled out the red carpet for 'his Sand Hill Gal and her cousin Gladys, (Hardy) former Sudan School teacher, when we two invaded the WHERE THE WEST BEGINS town last Thursday, Thanksgiving Day, to attend the Texas State Genealogical Convention.

Had this Writer known what was in store for her the next two days, she would probably have headed

BEAT SEAGRAVES!

back to the staid hills and got lost; Not being too well versed in Cosmopolitan manners.

FOLLOWING IS A LETTER RECEIVED THIS morning from Cousin Gladys and as she does such an excellent job of summing up part of the many activities enjoyed at the convention, ye writer will share the letter with

the readers of this column.
Dear Evalyn,

Re-living the last three wonderful days has been almost as good as having the experiences. I keep thinking back to the "Early Bird" party at the lovely home of Mr. and Mrs. A. R. Canning.

(Author's note--Mr. Canning is an International business and advertising man and is chairman of the board of American Reference Publications, that recently reviewed and accepted for listing in the publications catalogue ye writer's book, "Links That Bind".)

Now back to the letter received from Cousin Gladys. I would like to have had more time to inspect that incredible stamp collection of Mr. Canning. He had such a unique way of displaying it--on maps placed on panels. It was also unusual that the hundreds of stamps from all over the world were from friends who had been

guests in his home. Among them was Bob Hope, who grew up with Mr. Canning in Cleveland, Ohio.

Then to go as Mr. Canning's guest to that fabulous Ridgley Country Club for a gourmet treat! The ice art of a peacock and turkey made a lovely centerpiece. Although the Unique musicians at a Debutante Turkey Trot party) almost drowned out our voices, conversation continued and never lagged.

To meet all these wonderful people from Washington, California, Colorado, Oklahoma, Arkansas, Louisiana, and of course the many parts of Texas, was exciting. To think--those three lovely women came from Seattle, Wash, to attend our own State Genealogy Convention. Each one is important in the genealogy field.

Then to get to hear and talk to Dr. Jean Stephenson and Mr. Milton Rubincam, whose works we

read in the National Genealogical Society Quarterly.

How fortunate were we when Dr. Stephenson chose to come to our table and breakfast with us Saturday morning in the Texas Hotel Coffee Shop! How the other kindred spirits envied us! We did not mind sitting an extra hour and being almost late for the program, just to hear Dr. Stephenson tell of the early days of her life and that of her grandparents in Texas and her experiences moving from place to place with her family.

If you remember she spoke of her parents and family spending three months of the year in Texas and the rest of the year in New England or the Middle Western States; but, they always thought of Texas as "Back Home".

Dr. Stephenson recently celebrated her seventy-fifth birthday, but is able to maintain a tremendous schedule of writing, teaching, and speaking internationally. She became a semi-invalid at seventeen and has followed doctor's orders which accounts for such a long active life.

The programs were interesting but it takes these personal contacts to make such events worthwhile. I enjoyed getting the names and addresses of so many people from all around Texas and other states. We soon became one big happy family with a common interest, genealogy and history. It was fun to look on each name tag to see which line might compare with our own.

You were an excellent traveling companion and I enjoyed every minute.

During this Thanksgiving Season, I cannot help but give thanks to GOD for a safe journey and such a memorable experience.

Your cousin,
Gladys.

A CALL TO ARMS!

Mother and daughter both march smartly in fashion's newest wrap-around. And they won't have to enlist any help when making it, because McCall's has fashioned a "Quickie" pattern that wraps on in a flash.

Could anything be easier than this? Lay out your one piece of fabric. Cut. Stitch the shoulder seams. Bind around the shape. You're finished! There are no closings to close. The beauty is in the design--it has three armholes (two for one arm; one for other)! When you slip it on, it doesn't matter which arm goes first, or whether it flaps in front or back.

Because this is sure to be such a favorite (in lacy cloth it's a swell bathrobe) McCall's has a pattern to fit most every size: #9119 Misses small, medium and large; and #9120 for a matching daughter outfit.

With "Quickie" patterns like this, victory is yours!

Celebrity Creates Dessert Delight

After a whirlwind tour, pet vocalist Chiquita Banana enjoys preparing a home cooked meal. The popular entertainer, who has a flair for creating simple but distinctively different desserts, recently adapted this recipe from a favorite Spanish dessert called, Bienenstich which when translated means, "it tastes good to me."

BANANA-COCONUT CREAM DESSERT

4 sponge cake cups or 8 slices sponge cake
1 package (3 1/2 ounces) coconut cream
padding and pie filling mix
3 cups milk
3 bananas

Combine pudding mix and milk in saucepan; cook until mixture comes to a full boil. Remove from heat. Cover and cool, stirring often. Slice bananas and fold into cool pudding. Line dessert dishes with sponge cake; cup of sponge cake slices and spoon banana pudding cream sauce over cake; allow about 3 cups sauce and fruit per serving. Garnish with canned sliced coconut, toasted or toasted, and chill before serving, if desired.

Study Club Meets

Mrs. Milton Wiseman gave a most interesting talk on Antiques at the meeting of the 1935 Study Club held Monday evening in the home of Mrs. W. V. Terry.

"Potpourri of Yesteryears" was the subject topic and Mrs. Sara Woods, program director, gave the motto "Let us preserve our most precious possessions".

Mrs. Wiseman discussed and displayed early American glassware including pressed glass; bottles from her collection; and showed family heirlooms includ-

ing a quilt and a lace bonnet.

Mrs. S. D. Hay answered roll call with the subject of "Poetry". Mrs. R. D. Nix, president, presided at the business meeting and gifts for Girls Town and the State Hospital at Wichita Falls were brought by members.

Present were Meses. Wiseman, Hay, Woods, Weaver Barnett, R. S. Gatewood, W. E. Hancock, Harold May, C. E. Nichols, J. W. Olds, Frank Rose, F. M. Smith, J. S. Smith.

Cotton Harvest Nears Peak

The South Plains cotton harvest reached a peak this week and the USDA Cotton Classing Offices at Lubbock, Brownfield and Lamesa received samples from approximately 265,000 bales during the week ending Friday, Nov. 24, according to W. K. Palmer, in charge of the USDA Classing Office in Lubbock.

The three offices classed 181,000 samples during the same period, bringing the total classed to 332,000. At this time last year 664,000 samples of the 1966 crop had been classed.

The Lubbock Office began operating on a two-shift basis last Wednesday and had sixty-four classes on duty last Saturday. The Lamesa Office had four classifiers on duty and the Brownfield Office nine classifiers. Palmer indicated that twenty-three more classifiers will be on duty at Lubbock Monday and that all three offices have adequate personnel to remain current with the cotton received.

Estimates indicate that approxi-

mately one-half of this season's crop is now out of the fields.

Middling was the predominant grade at Lubbock last week with 34 per cent of all cotton classed. Strict Low Middling made up 32 per cent, Middling Light Spotted 26 per cent and Strict Low Middling Light Spotted 5 per cent.

Staple length continued to average between 31/32 and 1-inch. Forty-four per cent of the cotton classed at the Lubbock Office last week was 1-inch and longer. Twenty-four per cent stapled 15/16, 28 per cent 31/32, 21 per cent 1-inch, 13 per cent 1-1/32 and 10 per cent stapled 1-1/16 and longer.

Micronaire continued the seasonal decline. Thirty-nine per cent of the cotton "miked" in the Lubbock Office was in the 3.5 and better micronaire category, 15 per cent "miked" 3.3 and 3.4, 27 per cent was 3.0 through 3.2, 16 per cent 2.7 through 2.9 and 3 per cent 2.6 and below.

Trading continued to increase on the Lubbock market and prices were generally \$2.50 to \$10.00 per bale higher.

Prices have advanced weekly since the harvest began and in some cases have advanced daily.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Middling 15/16 - 20.95, Middling 31/32 - 24.05, Middling 1-inch - 26.60, Strict Low Middling 1-inch - 24.60, Middling

SHORT AND SWEET

Health authorities tell us that the muscles of the legs are the body's "second heart"; that all other things being equal, leg muscles which are well-developed from much walking are as indicative of a long life ahead as is a sound heart.

Walking comes as naturally to human beings as breathing, yet as an exercise for pleasure it has become so foreign to most of us that hardly anyone is likely to know such natural things about himself as how many miles an hour he can comfortably walk. But everyone knows how fast he normally drives a car!

Light Spotted 15/16 - 20.10, Middling Light Spotted 31/32 - 22.60 and Middling Light Spotted 1-inch - 24.65.

In the long staple varieties Middling 1-5/32 was bringing an average of 40 cents per pound and Strict Low Middling 1-5/32 was averaging 37.75 cents per pound.

Cottonseed prices also advanced and ranged from \$52 to \$70 per ton at the gin. Average price was \$57 per ton.

McMurry Band Program Slated Here Wednesday

BAND OFFICERS - Sarah Brown of Sudan, secretary of the McMurry Indian Band, takes a few notes concerning the band tour from president Frank Fuller of Abilene, left. Buddy Bolerjack of Perryton, right, is vice president of the campus organization. The band will perform in Sudan Wednesday.

The Indian Band of McMurry College in Abilene will appear Wednesday, Dec. 6 in the Sudan High School Auditorium in one of their popular and high-spirited concerts, to which the public is invited.

The McMurry Band is under the direction of Dr. Raymond Bynum. Dr. Bynum was honored by his fellow bandmasters earlier this year when he was named Bandmaster of the Year by the Bandmasters of America Association.

The McMurry musicians are completing a tour of West Texas and Eastern New Mexico cities. Previously they have visited Lubbock, Dumas, Stratford, Dalhart, Clayton, N. M., Clovis, N. M., San Jon, N. M. and Friona.

The band will present a variety of music ranging from classical to the novelty number "Casey Jones." Among the selections included in the concert are the Overture to "Phaedra" by Massenet; "The Great Gong" by Ralph Herman; "The World Is Waiting For The Sunrise", Lockhart-Seitz; and the famed Sousa march, "The Stars and Stripes Forever."

The McMurry Band is noted for the many unusual instruments it has in use. These include hand bells, celeste, post horns and Aida trumpets. The instruments are demonstrated during the concerts in musical numbers written especially for them.

The band students travel in chartered busses on their semi-annual tours. However, the instruments, racks, music, etc. are carried in the colorful band truck with the grinning little Indian painted on the side. "When we reach a playing date, the only thing we need is a hall and some chairs," notes Dr. Bynum.

Two Texas Girls Win Trips to Chicago 4-H Congress

Two 17-year-old Texas girls have won trips to the 46th National 4-H Club Congress in Chicago, Nov. 26-30 for their homemaking skills.

The winners, selected by the Cooperative Extension Service, are Xocla Armstrong, of Longview, and Gloria Jean Phillips, of Winona, both daughters of school principals.

Miss Armstrong, daughter of Mr. and Mrs. Louis Armstrong, is state winner in the food-nutrition project sponsored by General Foods Corporation. Miss Phillips, the daughter of Mr. and Mrs. Rudolph Phillips, scored highest in the state's home management program sponsored by Tupperware.

In addition to preparing thousands of meals during her years in the project and writing plays, Miss Armstrong has compiled outstanding records in clothing, bread, home improvement and junior leadership activities.

She also was responsible for the founding of two new 4-H Clubs in her area.

The first was started after she gave a 4-H demonstration in Kilgore. Miss Armstrong said that initially she was proud of the way things had gone.

"But then I thought about all these boys and girls in that community who had no 4-H Club,"

she continued, and that gave her an idea for a new club.

Her own 4-H leader thought the idea was a good one, and before long, Miss Armstrong returned to Kilgore to preside at the initiation of the new club's officers.

She later started a club in the Pleasant Green community. Miss Phillips, the home management winner, defines her specialty as the "art of budgeting time, money and energy."

Her homemaking skills run deep, including outstanding records in cooking, canning, freezing, home improvement, gardening and junior leadership.

She tells the story of a winning demonstration that struck what she calls the "decisive blow to my irresponsibility."

The occasion was a state Favorite Food Show and Miss Phillips had packed her equipment and ingredients the night before.

When she got to the show, she discovered that the package hadn't made the trip. Nobody but it in the agent's car. After using her pocket money to buy new ingredients and borrowing the equipment needed, she won the state blue ribbon in the show.

"But," she says, "besides winning a prize, I learned a great deal about responsibility."

HAVE YOU
CONDEMNED
YOURSELF?

Scripture from Isaiah 45, 53, 59, and from St. John 3.

I am the Lord, and there is none else, there is no God beside me: I girded thee, though thou hast not known me:

That they may know from the rising of the sun, and from the west, that there is now beside me. I am the Lord, and there is none else.

I have made the earth, and created man upon it: I, even my hands, have stretched out the heavens, and all their hosts have I commanded.

Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else.

Who hath believed our report? And to whom is the arm of the Lord revealed?

For He shall grow up before Him as a tender plant, and as a root out of a dry ground: He hath no form nor comeliness; and when we shall see Him, there is no beauty that we should desire Him. He is despised and rejected of men; a man of sorrows, and acquainted with grief; and we hid as it were our faces from Him; He was despised, and we esteemed Him not.

Surely He hath borne our griefs, and carried our sorrows; yet we did esteem Him stricken, smitten of God, and afflicted. But He was wounded for our transgressions, He was bruised for our iniquities: the chastisement of our peace was upon Him; and with His stripes we are healed. All we like sheep have gone astray; we have turned every one

to his own way; and the Lord hath laid on Him the iniquity of us all.

Behold, the Lord's hand is not shortened, that it cannot save; neither is His ear heavy, that it cannot hear:

But your iniquities have separated between you and your God, and your sins have hid His face from you, that He will not hear.

"And looking upon Jesus as He walked, he saith, Behold the Lamb of God!"

For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life.

For God sent not His Son into the world to condemn the world, but that the world through Him might be saved.

Here's a thought
may be for you.
Something you should
gladly do.

Pass your joys on
down the line
To the one that's
just behind.
If a joy has filled
your heart,
You have something
to impart.
There is always
someone near.
Who is much in
need of cheer.

CARD OF THANKS
Our thanks to all of our friends who sent gifts, cards and flowers and who came by the house for visits and words of cheer during our recent illness. It made us feel that so many people were on our side that we just had to get well. May God bless each and every one of you.
Mr. and Mrs. Arthur Shuttlesworth and family.

CARD OF THANKS
To our countless friends in Littlefield, Amherst, Fieldton, and Sudan:
We would like to thank each of you who have shown our family your love and concern by bringing food, sending flowers, sitting up, and most of all your thoughts and prayers as we experienced the homegoing of our mother and grandmother. We would like to thank Dr. Chatwell and the nurses at the Amherst hospital, as they too, gave their time and talents to our loved one, Ida Qualls.
