

More and more young Americans are going to college these days, and more and more of them are finding it harder and harder to get in where they want to go.

Colleges and universities, confronted with the problems of making a choice as to whom they will admit, use the traditional yardstick for admission - grades.

If a youngster has a straight A average, a genius IQ, is a star football player, scores over 700 out of a possible 800 on his College Board exam, he has a chance of getting into college.

On the other hand, if he finishes high school in the middle third of his class, is active in sports but not really outstanding in any of them, takes part in student organizations but doesn't hold office in them, if he is just an average, well-adjusted youngster, then the colleges apt to have no place for him.

And this is a sad state of affairs.

Last year Jack Maguire, the executive secretary of the University of Texas Ex-student Association, wrote an outstanding editorial for the ex-student magazine, The Alcalde. In this editorial, Maguire put forth the case for the C student in colleges and universities and he has a solid argument in presenting what he calls "The Case for the C Student."

The more outstanding contributions to Texas and the nation in the field of business, agriculture and culture are made, not by the A student geniuses, but by the C student who went through college getting a well rounded education which included instruction in the social graces in addition to devotion to studying.

Taking a look at the University of Texas graduates who have made a mark in the world since graduating from that institution, Maguire declares that the bulk of the really successful men are not A students but C students.

Of course, the A students have made their mark, too. A great many of them are college professors, scientists of one sort or another, a few are poets, or musicians, but their contribution to society is no greater, may even be less than the C students.

We think it is high time that we recognize the C student and make a place for him to get more education, too. Surely this can be done without penalizing the A students, the geniuses, the brains of this nation.

Certainly there are many C students who could be A students if they worked harder at it. We would not defend laziness, and every student ought to perform up to his capabilities. But if a student does passing work, makes C grades, yet benefits from more education, we think he ought to be allowed to have a chance at it.

After all, we would suspect that a close scrutiny of the federal income tax returns would reveal that the C students are making the most money. And paying in the most taxes with which to support the government programs which include A students as economists, physicists, social planners and other workers who made top grades in college.

And after all, if there were no C students, what would happen to the grade curve which allows, some to be A's?

In the meantime, kids 16 years of age and younger are urged to get started in our new subscription contest. Some valuable prizes are being offered to those who can sell subscriptions to the Star.

Details may be found elsewhere on this page, as well as on Page 8 of this section.

"Everyone now understands that the obstacle to peace in Southeast Asia is not the United States."

The man who, in his business, resorts to tricks and doubtful practices, need not wonder why his son grows up to be a down-right crook.

**COURT APPROVES**

**Bookmobile Service To Continue For Area**

Continuation of the services of the High Plains bookmobile was assured in recent weeks, when the four counties involved gave their official okay to the program.

In a joint meeting recently at Muleshoe, commissioners and judges of Parmer, Bailey,

Lamb and Cochran counties agreed that the service had been successful during the free trial period, and that the public has proven that it wants the service.

The commissioners were told that it would take a \$14,000 budget to operate the bookmobile in the four counties during 1967.

The \$14,000 budget covers the estimated operating expenses, including salaries, gas and oil for the bus, repairs and maintenance, supplies and books and materials during 1967.

The High Plains Bookmobile, by agreement between the four counties and the Texas State

Library in March of 1964, has operated on a three-week circuit, involving 42 stops in the four counties.

Cost of the program was prorated for the four counties, according to county population estimates contained in the 1966 Texas Almanac, Parmer County's share of the \$14,000 came to \$2,986. The county's population estimate of 11,200 was 21.3 per cent of the total of 52,525 for the four counties.

Other populations and costs included Bailey, 9,850 and \$2,620; Lamb, 23,975 and \$6,391; and Cochran, 7,500 and \$2,003.

(Since the four-county meeting, Parmer County commissioners have given their official approval to the program, and other counties have also acted, it is reported.)

Of the 11 Parmer County stops, Friona leads in total books checked out since the beginning of the service, with 7896 books. Farwell is next with 5227 books.

However, Farwell had used the bookmobile almost as much as Friona readers during the first quarter of 1966, with 734 books to 737 in Friona, which has two stops, on Thursdays and Saturdays.

Other county totals, with 1966 totals and two-year totals listed include: Lariat, 93 and 867; Bovina, 319 and 3515; Oklahoma Lane, 21 and 315; Rhea, 84 and 441; Black, 114 and 1049; Hub, 113 and 932; White's Elevator, 30 and 571; Lazbuddie, 523 and 2935; and Clay's Corner, 18 and 418.

The prizes are for boys and girls 16 years of age or under who sell Star subscriptions during the next six weeks. Special rates for long-term subscriptions, as well as a free month with each yearly subscription purchased are being offered during the period to help the salesmen.

The youngster will get points for each new or renewal subscription they sell. These points may be used to "buy" prizes which include watches, electric toothbrushes, cameras, transistor radios, baseball gloves, an electric popcorn popper, a tennis racquet, baseballs, and others.

An ad on page eight of the first section of today's paper gives complete details. Parents or youngsters who have questions are invited to phone the Star at 247-2211.

Identification cards, sales forms and receipts will be given all Junior Salesmen. Point standings and names will be published each week.

A bonus of 300 points will be awarded to every salesman who signs up by Saturday morning, either by mail or in person. Prospective customers who cannot come into the Star office may mail the form on Page 8.

**Housers Buy Piggly-Wiggly**

The purchase of Piggly-Wiggly Super Market by C.O. and J.V. Housers was announced by the Housers this week.

The Housers purchased Piggly-Wiggly Super Market from U.S. Akens and Jerre Lawrence. Housers were to open at their new location this morning, and invite all of their customers to visit them at the new location. Their advertisement is on page 7 of this issue.

new subscription contest, which begins this week.

There are plenty of other prizes, too, so that every youngster who enters will win, states Bill Ellis, editor and manager of the Star.

It was hoped to start the Little League season right after school ended, but last weekend only 119 boys had signed up, and this is not as many as usually takes part in the program, despite the fact that another year (16-year olds) has been added to the program. Last year there were 14 teams in the three divisions, and officials planned on at least this many again. However, there should be 150 to 160 boys signed up if Friona sports a good well-balanced program.

If your son hasn't been signed up, please call a member of the baseball committee today. They are Bill Wooley, Jerry Hinkle, Mack Ragsdale, Sam Williams, Ralph Taylor and Ancel Renner.

**FOR YOUNGSTERS**

**Star Announces Sales Contest**

An all-expense trip to Six Flags Over Texas, a nine-inch transistorized portable television set, or a five-speaker stereo set awaits some youngster who will win the Friona Star's

**ENTRIES NEEDED**

**Baseball Program At Critical Stage**

The end of school is here -- lacking just the two graduation ceremonies to cap off the school year.

It is this time of year, then, when a young man's fancy usually turns to thoughts of baseball.

However, all the kids who are "thinking" about the sport evidently have not registered with the Friona summer baseball committee. And they need to do so immediately -- so that the program can get underway.

**Where's The Dog Catcher?**

That is a good question and some stray dogs in the east part of town one afternoon last week probably were not even looking for the answer. Apparently no one knew for sure where Howard Love was at the exact time his pet rabbit was killed by the strays. Howard works diligently at the job of taking care of stray dogs who annoy residents of Friona and was probably busy at the time his rabbitry was being raided. The result of these unfortunate circumstances was one dead pet rabbit and one angry dog catcher.

MOVING IN . . . Billy Graham Foods, Inc., formerly of Dimmitt, began to be more officially "of Friona" this week, as the company officials began remodeling the Carlton building (formerly Friona Market) for their use. Shown around a recently bottled machine, which was one of the first items of equipment moved in, are Mrs. Billy Graham, Earl and Billy Graham. Friona Market has re-opened just to the north of its former location.

CONVENTION DELEGATES . . . Bobby Jordan and Linda Fallwell have been chosen by the Friona American Legion and Auxiliary as delegates to the Boy's State and Girl's State conventions this summer. Both are juniors at Friona High School.

**JR. HIGH AUDITORIUM**

**Graduation Set Saturday, Monday**

Graduation exercises for Friona High School seniors will be Monday night at the junior high school auditorium. The eighth grade class will receive their diplomas Saturday night. Both exercises begin at 8 p.m.

**Saturday Proclaimed Poppy Day**

Mayor W.L. Edelman has designated May 21 as Poppy Day 1966 in Friona according to a special proclamation made today.

The proclamation was signed by Mayor Edelman as members of the American Legion Auxiliary Unit #206 looked on.

"The Hearts of all our citizens in the Friona area will be with this commendable effort this year as a means of paying tribute to all our war dead," the Mayor declared. "This community is fully cognizant of the great contributions and great sacrifices made by the members of the armed forces and on this day each year we have an opportunity of paying our humble respects to those gallant Americans who laid down their lives, and are still doing so in Viet Nam, in order that we may continue to enjoy the blessings of freedom."

"Poppy Day should be one of solemn remembrance for all of us in Friona, keeping in mind always those courageous souls who laid down their lives in order that we may live in peace and prosperity," Mayor Edelman said.

Rev. and Mrs. E.A. Binger of Rhea, is the salutatorian, with an average of 93.39. She will give the salutatory address.

There are co-valedictorian for the eighth grade class, Norman Mohr, son of Rev. and Mrs. Paul Mohr, and Wayne Schueler, son of Mr. and Mrs. Walter Schueler, will each give valedictory addresses, having tied for the eighth grade top spot with identical averages of 95.1250.

Susan Vestal, daughter of Mr. and Mrs. C.L. Vestal, will give the salutatory address. Her average was 94.375.

Pictures of all graduating seniors can be found on pages four and five of the second section of the Star this week, made possible through the sponsorship of local merchants whose names appear on the pages.

Mrs. James Robinson, is salutatorian, Theresa Seaton, daughter of Mr. and Mrs. Jimmie Seaton, will give the class history.

Gale Morris, son of Alton Morris, fourth-ranking student, will present a "parting charge" to the seventh grade, and Pablo Mendoza, son of Mr. and Mrs. Pablo Mendoza, Sr., will give the response.

Roy Miller will present the diplomas. Rev. Roy Havens, pastor of the Lazbuddie Methodist Church will speak.

Members of the senior graduating class in addition to Misses Bullock and Smith are Dan Bridges, Mike Burrison, Peggy Carroll, Alene Embry, Sammie Harlin, Cynthia Harvey, Mack Holt, J.E.B. Jennings, Carol Ann Miller, Bobbie Morris, Charles Ramage, Craig Schumann, Jenie Steinbock, Leon Watson and David Wimberly.

**Temperatures**

DATE	MAX.	MIN.
May 12	81	34
May 13	68	37
May 14	72	47
May 15	87	56
May 16	93	57
May 17	95	54
May 18	92	52

**Good Neighbors**

A group of farmers in the Black Community became good Samaritans and helped a neighbor who was in need Thursday and Friday. Six men met at the Otey Hinds farm and did his spring planting. Hinds, who was hospitalized at Deaf Smith County Hospital, Hereford, has since been dismissed.

Farmers cooperating in the project were John Hayes, Beryl Rogers, Gene Pope, L.D. Pope, John Henderson, and A.G. Schlabs. As word of the planting got around, several other farmers in the area appeared with tractors and equipment and volunteered their assistance.

FIRE SCENE . . . This was a scene at the fire last Saturday in which a storage building on the Whaley property burned. Volunteer firemen Clyde Fields and Ray Murphree are shown as they assisted in bringing the blaze under control. The fire was a threat to residential property in the Seventh and Woodland street area.

AN EDITORIAL

Forgotten Ones...

Seems to this writer that some mighty important people are left out when the honors, diplomas, awards and special recognition are dished out every year at graduation time.

Lots of praise is heaped on honor students, those who have excelled in certain activities, and all graduates. The faculty, the school administrators, the school board, bus drivers, building custodians, and cafeteria workers are also lauded...with all of it deserved.

But what about the parents who footed the bill?

Seems to us that parents should come in for some kind of recognition at graduation time. A small post should be tossed their way. Or maybe a diploma should be given them, too.

The parents brought these youngsters into the world in the first place. They nursed and nurtured them through the Pablum and diaper stage. They house-broke them, taught them how to walk, eat, talk and develop proper habits. They nursed them through the measles, whooping cough, chicken pox, virus and bad colds. They walked the floor with them when they had the colic and sat up with them through the croup.

They fed, clothed and sheltered them. They footed the bill for their teeth, for braces, glasses or any corrective devices needed. And they paddled them when needed, but mostly gave them love and security.

They shaped their character and moulded their personality. They instilled into them a love of God and their country.

So much have they done, if each child had to some day repay their parents for their labors at the minimum wage of \$1.25 per man hours and the actual outlay of cash for their upbringing, they would never be out of debt to them.

Each child who steps up to receive a high school diploma at graduation time represents a tremendous outlay of cash and labor. If the amount were computed, it would stagger the imagination.

But the youngster signs no promisory note. There are no parental I.O.U.'s hanging over them. They're home free.

All parents expect in return are love, respect and for each child to become a happy, useful, responsible adult.

Yes, we believe parents deserve some recognition at graduation.

Education Tops Plans Of Graduating Class

As members of the 1966 senior class complete final exams this week many plans are being made for the future. Almost eighty per cent of the students plan to attend college and very few of them are undecided about future plans.

If present plans materialize, members of this class will one day become doctors, nurses, dentists, teachers, engineers, politicians, lawyers, farmers, ranchers and career men in the service.

According to results of a survey made early this week the sixty-nine seniors sixty four have decided upon immediate pursuits. Three plan to enter some branch of the service. They are Duane and Ronnie Reed, sons of Mr. and Mrs. Leo Reed and the only brother team in the class; and Joel Jordan, whose parents are Mr. and Mrs. O.F. Jordan.

Two plan to attend beauty school. Rita Collier, daughter of Mr. and Mrs. Robert E. Collier will enroll at Jessie Lee's Hair Design Institute next month and Willie Grace Grubbs, who belongs to Mr. and Mrs. A.S. Grubbs, has not decided definitely upon the school she will attend.

Karen Hughes, daughter of Mr. and Mrs. P.W. Hughes, plans to enroll at Western Re-

public Business College, Amarillo.

Two boys, Darrell Anthony son of Mr. and Mrs. Jean K. Anthony and Jerry Miles, whose parents are E.E. and Johnnie Miles, plan to attend Oklahoma State Tech, Tecumseh, Oklahoma. Jerry wants to be an electronics engineer and to attend Oklahoma State University after completing Oklahoma State Tech.

Bryan Jameson, the other class member of the class planning to attend trade school, plans to enroll at National Electronics Institute in Denver. His parents are Mr. and Mrs. Earl Jameson.

Those who plan to secure jobs immediately following graduation or who are undecided are Hugh Latham, son of Mr. and Mrs. J.O. Latham, Sylvia Stokes, daughter of Mr. and Mrs. Arthur Stokes, James O. Richardson Jr., whose parents are Mr. and Mrs. James O. Richardson Sr.; Jim Milam and Billy Perkins plans to go automobile mechanics or take up farming.

For the college bound Texas Tech ran a close second with West Texas. Sixteen plan to attend West Texas and fourteen plan to go to Tech. Lubbock Christian College ranks third in choice and Eastern New Mex-

ico, Portales and University of Texas, Austin, are in a tie for fourth.

Those who plan to attend West Texas are Ricky Austin, whose parents are Mr. and Mrs. Kenneth Bates; Johnny Claborn, son of the Jay Claborns; Brian Evans, whose parents are Mr. and Mrs. W.H. Evans; Terry Fite, who belongs to the Marion Fites; Larry Johnson, son of Mr. and Mrs. Truett Johnson, Eldon Long, son of the Wes Long; Judy Phipps, daughter of Mr. and Mrs. E.G. Phipps and Howard Rhodes, son of Mr. and Mrs. O.C. Rhodes.

Mary Ann Roberts, daughter of Mr. and Mrs. Vernon Roberts; Connie Schlenker, whose parents are Mr. and Mrs. Carl Schlenker; Bobby Sims, son of Mr. and Mrs. J.P. Sims, Janet Stevick, who belongs to the Glen Stevicks; Randy Stubbs, son of Mr. and Mrs. Steve Stubbs; Sherri Tannahill, whose parents are Mr. and Mrs. C.W. Tannahill, Steve Wagner, son of Mr. and Mrs. Melvin Sachs and Gay Wylie, daughter of Mr. and Mrs. James A. Wylie.

Those choosing Texas Tech and their parents are: Sandra Beene, Dr. and Mrs. Bill Beene; Madalyn Binger, Rev. and Mrs. E.A. Binger, Bing Bingham, Mr. and Mrs. O.D. Bingham; Lonnie Ellis, Mr. and Mrs. Eugene Ellis; Travis Graves, Mr. and Mrs. L.T. Graves and Tim Herring, Mr. and Mrs. D.C. Herring.

Phillip Johnson, Mr. and Mrs. Leroy Johnson; Gail McGlothlin, Mr. and Mrs. W.E. McGlothlin; Roger Nelson, Mr. and Mrs. Jack Nelson; Linda Outland, Mr. and Mrs. A.L. Outland, Tommy Shirley, Mr. and Mrs. T.A. Shirley; Jesse Shirley, Mrs. Christine Shirley; Rex Wells, Mr. and Mrs. H.C. Wells and Pat Taylor, Mr. and Mrs. Robert Taylor.

Those planning to attend Lubbock Christian College are Scott Cummings, whose parents are Mr. and Mrs. Doyle Cummings and Mike Fallwell, son of Mr. and Mrs. Artis Fallwell. Also Frieda Floyd, daughter of Mr. and Mrs. Glenn Floyd; and Darlene Wilson, who belongs to Elvin Wilson.

Jay Beene and Dwight Whitaker, sons of Mr. and Mrs. O.J. Beene and Mr. and Mrs. Woodrow Whitaker, plan to attend North Texas State University, Denton. Two girls will also be in Denton, but will attend Texas Women's University. They are Carolyn Hamilton, daughter of Mr. and Mrs. James Hamilton and Sarah Ann Fallwell, whose parents are Mr. and Mrs. Buddy Fallwell.

Kenny Ford, son of Mr. and Mrs. Howard Ford, will enroll at Del Mar Junior College, Corpus Christi. Gene Weatherly, whose parents are the Clyde Weatherlys, plans to attend Ranger Junior College, Cisco. Enrolling at South Plains Junior College, Levelland, will be Janet Bishop, daughter of Mr.

and Mrs. Stanley Bishop, and Joe Mabry, son of Mr. and Mrs. Walter Mabry.

Four girls plan to go to college in New Mexico. Margaret Wilson, daughter of the Andy Wilsons will attend the University of New Mexico, Albuquerque. Janet Rushing, Janis Goggans, and Mary Short plan to enroll at Eastern New Mexico University, Portales. Their parents are Mr. and Mrs. Eric Rushing, Mr. and Mrs. Grover Goggans, and Mr. and Mrs. Charlie Short.

Marie Short, another daughter of the Charlie Shorts, plans to attend East Texas State University, Commerce. Mary and Marie are the only sisters in the class and they have been classmates since the first grade.

Johnny Baxter, son of the Billy Dean Baxters, plans to spend the summer working in Alamosa, Colorado, and then attend Adams State College there this fall.

Those planning to attend the University of Texas, Austin, are Courtney Owen, son of Mr. and Mrs. Joe Owen; Sandra Schilling, daughter of Mr. and Mrs. Lawrence Schilling; and Kenneth White, son of Mr. and Mrs. Tulon White. Courtney Owen plans to attend the Texas Chiropractic College, Houston, following graduation from the university.

Myrtle Latham will attend Stephen F. Austin College, Nacogdoches, Texas. She is also the daughter of Mr. and Mrs. J.O. Latham and the only girl in the class who had a brother in the class also.

Members of the class who were in the first grade here include Darrell Anthony, Jay Beene, Johnny Baxter, Bing Bingham, Ray Braxton, Johnny Claborn, Rita Collier, Scott Cummings, Lonnie Ellis, Mike Fallwell, Sarah Fallwell, Terry Fite, Frieda Floyd, Kenny Ford, Travis Graves, Willie Grace Grubbs, Tim Herring, Karen Hughes, Bryan Jameson, Hugh Latham, Myrtle Latham, Eldon Long, Joe Mabry and Gail McGlothlin.

Also Judy Phipps, Howard Rhodes, Mary Ann Roberts, Connie Schlenker, Gary Shack-

Elsewhere \$5 per year.

Bank Announces New Contest

Everybody is always talking about the weather and making their own observations and predictions. Now residents of Friona have an opportunity to make it pay off for them.

Friona State Bank is sponsoring a "sizzler" contest which promises fun and prizes.

There is nothing to buy -- no slogans to write.

All you have to do is indicate the date and exact time of the

day when you think the temperatures will reach 100 degrees on the official entry blank which can be obtained at Friona State bank.

Any customer may send in as many entries as he wishes, with the only requisite being that you submit one guess per card. Be sure to put your name and address on each card. Send in your guess early as it must be received at the Friona State Bank at least forty-eight hours in advance of the time you predict the 100 degrees temperature will hit.

The official recording device to be used in this contest will be the electronically controlled time-temperature clock located at the Friona State Bank. The clock has been wired by electronic experts so that when it hits 100 degrees, the clock will stop running and will continue to flash at 100 degrees until the exact minute that mark was hit is verified by Friona State Bank officials. This will mark the climax of the contest. The winners will then be notified and prizes awarded.

Whenever you listen to a weather report, check the paper for tomorrow's forecast or converse about the weather, just remember -- the "sizzler" is coming and NOW is the time to enter the contest.

Library To Open More Hours This Summer

Friona Public Library will be open more hours this summer. Beginning June 2nd books may be checked out each Tuesday, and Thursday, and Saturday from 9 a.m. to 12 noon and 3 p.m. From now until June 2nd the library will be open each Thursday and Saturday morning.

Miss Joy Morton, Friona High School English teacher, will be the summer librarian. She will direct volunteer help. These volunteers will be club women and high school girls. The employment of a librarian was made possible by an appropriation by Friona City Council.

Students through the eighth grade are invited to join The Summer Reading Club. This is the fourth annual Summer Reading Club. Each summer has shown an increase in members and an increase in number of earning a reading certificate. Each student reading 12 books or more by August 20th will earn a certificate. Students may register any Tuesday, Thursday, or Saturday at the Library thru July 20th.

Friona Public Library is in the Women's Club house north of Friona Methodist Church. All ages are welcome to read.

## Post Office Terminates Postal Savings Plan

Postmaster Wright Williams today urged local citizens who have funds in the abolished Postal Savings System to convert their holdings into United States Savings Bonds.

"Postmaster General Lawrence F. O'Brien, who is Chairman of the Federal Savings Bonds Campaign, has appealed to the 930,000 Americans who have \$285,000,000 on deposit with the Post Office Department to convert their investments into United States Savings Bonds," Williams stated. "I join him in urging local citizens who have Postal Savings Accounts to make that change which will be of great benefit to both themselves and our country. Savings Bonds offer every advantage of convenience and security formerly available through Postal Savings Certificates plus many other advantages unique to Savings Bonds."

Among those special advantages, the Friona Postmaster said, are Savings Bonds' new higher interest rate of 4.15 per cent and "the great intangible benefit of supporting our country in the fight for freedom in the world and for economic progress and security here at home."

Williams said details about the procedure for conversion can be obtained from the postmaster of any Postal Savings Depository Post Office, which includes Friona.

The Postal Savings System in operation since January 1, 1911, was discontinued April 27, 1966.

by act of Congress. The Post Office Department presently is liquidating its accounts and on July 1, 1967, will transfer all unclaimed assets of the System to the Treasury Department.

## Mrs. Cooper Final Rites

Funeral services for Mrs. Susie E. Cooper, 91, who died May 3 in Parmer County Community Hospital, were conducted from First Baptist Church, Plano, Texas, at 2:30 p.m. May 5, with Rev. D.A. Griggs, officiating.

Mrs. Cooper was born December 22, 1874 in Georgia and was long time member of the Baptist church.

Survivors include three sons, W.D. Cooper, Friona, with whom she had made her home for several months, A.T. Cooper, McKinney and Fred Cooper, Wilmington, California; two daughters, Mrs. W. F. Moore, Anna, Texas, and Mrs. Earl Parrish, Lakeside, California.

Also one sister, Mrs. J.H. Barr, Dodson, La.; three grandsons and seven great-grandchildren, and several nieces and nephews. Mrs. W.J. Nazworth, Friona, is one of the nieces.

Burial was in the Big Spring Cemetery.

## If you don't have cancer, read this.

There is a feeling among some people that cancer is a death sentence. This is far from true. In fact there are over 1,300,000 Americans alive today who are cured of cancer.

And yet, every year over 90,000 people die of cancer who might have been saved. They die because they go to their doctors too late. Because they don't give medical science a chance to treat and cure what is curable.

**Self-defense against cancer**  
Go to your doctor once a year for a health checkup for your own protection. Early detection and prompt treatment of cancer can make the difference between life and death. For example, a simple, painless examination called the "Pap" test makes it possible to prevent nearly all deaths from uterine cancer in women.

Half of all cancer cases can be cured with what science knows today. But because some people delay seeing their doctors until it is too late, only one out of three patients is being saved.

**Vital questions - vital answers**  
What about cancers that cannot yet be cured?

Every day researchers throughout the country probe for answers to: The question of virus causation of cancer. The question of cures by chemotherapy. The question of why some people get cancer and others don't. Your dollars have already bought some answers. But many, many more questions remain. The high price for the answers must be paid. Do your part. Fight cancer with a checkup. And a check.

But, from the depths of my being, I wish to express my most sincere gratitude for the opportunity of the past 18 years to serve the interests, ideals and principles of the people of our state as my conscience directed.

Last, but not least, I wish to thank each and every individual who gave me their vote and support in the recent primary.

My very best wishes to you and every citizen of our 30th Senatorial District.

Sincerely,  
Andy Rogers

## Survey Cards To Deliver

Postmaster Wright Williams reminds rural patrons of the Friona Post Office to be on the lookout for June Livestock Survey cards. Next week, mail carriers will leave survey cards in a sample of boxes along their routes.

"USDA bases livestock and poultry estimates on replies to this survey," Williams explains. "It is important for everyone who gets a card to fill it out and return it to the carrier. This way, USDA gets a representative sample of the area's livestock and poultry holdings."

Carriers assisting with the survey are: N.E. Wood, Route 1; Dale Hart, Route 2; and Lewis Gore, Route 3.

Survey cards will be forwarded to Cary D. Palmer, State Agricultural Statistician, in Austin. After adding and analyzing these cards, USDA statisticians are able to estimate the State's milk production, calf and pig crops, lamb and wool crops, and the number of hens and pullets.

Information from this survey will guide livestock and poultry producers in making important business decisions," Williams says.

## Tax Man Sam Sez

Keeping good records has been our theme for quite a few years. We want to repeat that taxpayers need good records. Unfortunately most taxpayers don't keep good records, and sometimes this cost them in extra income taxes. A good record book and a little time and effort is worthwhile for most of us.

## Palo Duro Production Depicts Area History

Will Odom of Austin, chairman of the Texas Park and Wildlife Commission, said the Pioneer Amphitheater complex in massive Palo Duro Canyon State Park will be expanded because "it is the one place with enough space and a backdrop impressive enough to tell the real story of mighty Texas."

He said the improvements carry out part of Governor John Connally's program for broadening and developing Texas state parks and are specifically needed because of tremendous interest shown in the rugged setting now reflecting early-day activities. These include an Indian Hideout that existed long before the explorer Francisco Vasquez de Coronado stumbled through a sea of grass into what also later gained further notoriety from rendezvousing smugglers.

Odom said the state financial aid is significant in that the original amphitheater project to elaborately depict pioneer history was privately financed through Texas Panhandle Heritage Foundation, Inc. now headquartered in nearby Canyon, Texas.

"Success of the area-wide venture was demonstrated last year," he said "when an amazing turnout of 36,000 persons saw 'Thundering Sounds of the West,' a lively inspiring show which ran through the summer months."

The intriguing setting in Texas' "Little Grand Canyon" comprises a complex of mod-

est buildings, arranged around the open air theater itself, all nestled in a curve of land facing a 600-foot bluff forming the stage backdrop.

From their seats, said Odom, patrons who came from virtually all states last year, could see "the magnificent Palo Duro Canyon and imagine themselves living in a time when wild buffalos sought refuge in the mammoth depression from tribesmen, hide hunters, and blizzards.

"This noble undertaking," said Odom, "honors the Panhandle pioneers and provides a stage for the preservation of their memorable experiences. The deep setting itself in the early days was so remote and so forbidding that only the adventurous knew about it. Now its accessibility is complete since it is only twenty-five miles from the junction of four national highways in Amarillo."

Odom said the improvements particularly dressing rooms, storage space, paved parking area and a shop, will permit more varied presentations. These will include the Paul Green Drama -- "TEXAS" -- about the epic development of the west. This actually provided inspiration for the original installation.

Dressing rooms will form the arms of a large U-shaped building, 102 by 70 feet. The center section shop will be provided for a real locomotive, road wagons and other genuine pioneer time articles.

LIGHTHOUSE ROCK — Sculptured by wind and water, this natural stone tower keeps its vigil near Palo Duro Canyon State Park, 35 miles southeast of Amarillo. Palo Duro Canyon cuts a spectacular 120-mile gash through the Texas Panhandle. Six miles wide and more than 700 feet deep, the canyon is considered one of the truly geological wonders of the State.

## Spell Quiz

Which of the Following is Spelled Correctly?

abhorrence      abhorence      abhorrance

(Meaning: Feeling of detestation.)

See Classified Page for Correct Answer.

Dear Editor:  
To me, there is no greater opportunity to serve God and Country than being in an elected public office. This has been my privilege for nearly 18 years as a member of our Texas House and Senate.

It was a thrill and an honor to again, this year, place my name before the people and participate in our sacred, and almost unique, system of free elections -- a right denied to most of mankind today.

Now the people have retired me from public office -- and, as always, I am more than willing to accept their verdict.

But, from the depths of my being, I wish to express my most sincere gratitude for the opportunity of the past 18 years to serve the interests, ideals and principles of the people of our state as my conscience directed.

Last, but not least, I wish to thank each and every individual who gave me their vote and support in the recent primary.

My very best wishes to you and every citizen of our 30th Senatorial District.

Sincerely,  
Andy Rogers

American Cancer Society

"The door of peace must be kept open for all who wish to avoid the scourge of war. But the door of aggression must be closed if man is to survive."

## CARD OF THANKS

The following tribute to a former member of the Sunshine Sunday School class of First Methodist Church, Mrs. Eva Moseley, was written by Mrs. Folster Rector.

She really lived her life for others. She did so much good and left behind a monument of virtue that time can never be taken away.

She wrote her name in kindness, love and mercy of the hearts of everyone she came in contact with throughout her year. Her love and good deeds will be as legible on the hearts of the ones she left behind, as the stars on the brow of the evening.

Our hearts were sad on that fair day, when she closed her eyes and went away. But there was rejoicing as she entered the portals of Heaven, for she had let her light shine before us here.

That it could only be glory to the heavenly father to welcome her home. She has been so greatly missed by all. 34-1tp

## WELCOME TO FRIONA

Mr. and Mrs. Nelson Lewis and daughter Cecelia, 10, have recently decided to make their home in Frlona. Lewis was associated with the construction of the new high school building and Mrs. Lewis taught first grade this year. Next year Lewis has been employed as director of buildings and grounds and his wife as grade school counselor for next year. Mrs. Lewis has six years of experience as a counselor. The Lewises are members of the First Baptist Church.

**CARD OF THANKS**

I wish to take this opportunity to express my appreciation for the many deeds of kindness which have been done in my behalf during the past few weeks of my recuperation from surgery in Amarillo.

I am deeply grateful to my friends and loved ones for visits, cards, calls, letters, flowers and other expressions of concern and care for the many prayers.

Fern White

34-1tp

**HYPNOTIC LIGHT**

Latest news in home accessories is the new Lava-Lite (TM) which combines color and motion in a lamp which has a tranquilizing and hypnotic effect on the viewer as it softly glows and bubbles.

Perfect on the coffee table, as a centerpiece or as a night light for youngsters, the Lava-Lite creates everchanging forms as the fluid within the sealed crystal lamp gyrates and undulates similar to the action of a kaleidoscope or the burning embers in a fireplace.

Available in six different color combinations to harmonize with virtually any interior color scheme from the Lava Corporation, 3158 Des Plaines Ave., Des Plaines, Ill., or at gift shops and department stores.

**CARD OF THANKS**

Our sincere appreciation goes to our neighbors and friends for the many deeds of kindness done for us during recent weeks. Your prayers, words of encouragement, flowers and other expressions of concern have meant more to us than we are able to express.

The family of Mrs. W.H. Pope.

34-1tc

**CARD OF THANKS**

We wish to take this opportunity to thank our neighbors for planting our crowsfoot Otey was in the Hospital. We are also grateful to everyone who offered assistance.

Mr. and Mrs. Otey Hinds

34-1tc

**BIGGEST BIRD**

The world's largest bird was the elephant bird of southern Madagascar, which survived until the 17th century. It stood 10 feet tall and weighed nearly 1,000 pounds and could not fly.

**To the People of Parmer County:**

Thank you for the expression of confidence shown me in the May 7 Democratic Primary.

Your encouragement and support are most appreciated. I want to serve all the people of Parmer County and will welcome your advise and counsel.

Please contact me at Post Office Box 1720, Vernon, or call Area 817 Linden 2-2588 when I can be of service to you.

Jack Hightower  
State Senator

**Raisin Bread For Spring Fever**

The urge to eat bread beneath the bough means just one thing. You'd better bake some bread. This loaf, darkly studded with California raisins, will see you through many a spring fever attack. Wrap it well and keep it in the refrigerator. Slice it thinly and spread with cream cheese or sharp Cheddar, peanut butter, smokey ham — almost anything you can lay your hands on quickly. The raisins keep the bread moist and fresh and dress up all sorts of odds and ends between the slices.

**RAISIN ORANGE BREAD**

- 2 1/2 cups sifted flour
- 2 teaspoons baking powder
- 1/2 teaspoon soda
- 1/2 teaspoon salt
- 1/2 cup sugar
- 1 cup California seedless raisins
- 2 tablespoons grated orange peel
- 1 well beaten egg
- 1/2 cup milk
- 1/2 cup orange juice
- 2 tablespoons cooking oil

Resift flour with baking powder, soda, salt and sugar. Stir in raisins and orange peel. Combine egg, milk, orange juice and oil. Add to first mixture; stir only until flour is dampened and raisins well distributed. Turn into greased 9x5x3-inch loaf pan. Bake in moderate oven (350 degrees F.) 1 hour. Cool in pan 10 minutes; then turn out on rack and let stand until cold. Makes 1 loaf.

## Convention Delegates Present Club Reports

At the regular monthly meeting of Farmer County Home Demonstration Council in Farwell Monday, May 16, two informative reports of happiness at the recent district convention were presented by two delegates, Mrs. Elmer Dyke and Mrs. Edmund Kitten.

Quoting Dr. Mina Lamb, professor of food and nutrition from Texas Tech, Mrs. Kitten made the following statement: "No food is fattening, neither good nor bad; man's use of the food in a diet determines its quality for him. She also stated, "Many of our easily prepared foods are calorie traps. That is about all they contain. Before making decisions on food

buying a homemaker should examine the label on the container and ask herself these questions: Is it enriched? What does it contain?"

Mrs. Deyke reviewed the talk given by Mrs. Gladys Kolander, state home demonstration agent stationed at Texas A&M University, College Station.

Some of the ideas she expressed were (1) "Happiness comes from keeping constructively busy . . . not from whiling away time. (2) Most folks are as happy as they make up their minds to be." and (3) "Happiness comes from the knowledge of doing a task well.

Seven members and one visitor were present. Three clubs were presented.

## Hydes Attend Family Meeting

Mr. and Mrs. H.A. Hyde attended a Hyde family reunion in the home of Mrs. Eva Mitchell at Okemah, Oklahoma last weekend. They left here Wednesday morning and returned Saturday evening.

Seven of the nine children of the late Mr. and Mrs. C.E. Hyde of Walters, Oklahoma, were there as were many members of their immediate family.

Children present, besides Mrs. Mitchell and H.A. Hyde, Mesa, Arizona, Mrs. Edna Alair, Rockdale, Texas, Mrs. Nola Badger, Stillwater, Oklahoma, Mrs. Nettie Pippin, Lawton, Oklahoma, Mrs. Viola Gray, Wichita Falls, Texas.

## Talleys Host Dinner Party

A dinner party in the home of Mr. and Mrs. Calvin Talley Friday evening was a courtesy for their son, Rex, and a group of students who are graduating from the eighth grade. Co-hosts were Mr. and Mrs. James Procter.

Others present included Becky Neill, Terri Schueler, Carlene Greeson, Donna Jo Parr, Susan Vestal, Rhonda Ragsdale, Gayetta Gable, Kay Riethmayer, Gary Crump, Billy Ross Procter, Bobby Thomas, Norman Mohr, Jeff Price and Isidore Cordova.

## Rainbow Girls Offer Service

Members of Friona Rainbow Girls Assembly are planning a money making project to earn funds for the annual trip to Grand Assembly. Beginning Tuesday, May 24, the girls will paint house numbers on curbs anywhere within the city limits. To make appointments for this service, residents are asked to call Mrs. Lillian McLellan, Becky Coffey or Kara Beth Sides.

## God Is Dead To Be Discussed

By special request Dr. Steve Eckstein, head of the Church of Christ Bible Chair at Eastern New Mexico University, Portales, will speak at the 6 p.m. worship service of Sixth Street Church of Christ on the subject, "God Is Dead."

Anyone interested in hearing this sermon is invited by the elders and members of the congregation to be present.

Mr. and Mrs. Calvin Ivie and sons, Shawn and Elaine, of Irving, Texas, were weekend guests in the home of Mr. and Mrs. Roscoe Ivie.

## Don Lewis Was Guest Of Local Music Recital

Don Lewis, star of Summer Stock and off-Broadway productions, was guest soloist when the Little House of Music Keyboard Club met in recital last Sunday afternoon at the First Baptist Church.

Lewis, son of Mr. and Mrs. Henry Lewis, is a 1960 graduate of Friona High School. He is at the present time, enroute to Michigan where he will work in Summer Stock this season.

Included in his Sunday repertoire was "If Ever I Would Leave You," from Camelot by Lerner and Loewe; "Try to Remember," from the Fantasicks by Jones and Schmidt; "Old Man River," from Show Boat by Hammerstein and Kern; and "How Great Thou Art."

The Trebelaires, local group of nine Friona High School girls, sang four numbers ranging from popular and spiritual to inspirational.

The musical renditions of Mrs. Miller's thirteen senior students included selections from The Sound of Music, South Pacific, Meet Me in St. Louis, and popular themes from movies.

DON LEWIS

Other numbers ranged from folk music to religious selections and classic by Beethoven and Massenet.

Students participating in the event besides the Trebelaires, were Rhonda Garth, Lydia Buske, Paula Fortenberry, Kathy Renner, Glenda Mingus, Cindy Ingram, Darla and Risa Howell, Jan, Gay and Holly Welch, Courtney Owen and Tommy Sharley.

**JUNE WEDDING PLANNED . . .** Mr. and Mrs. Folster Rector are announcing the engagement and approaching marriage of their granddaughter, Linda Louise Rector, to Bill Bearright, son of Mr. and Mrs. Melton Bearright, Hanford, California. Linda is a graduate of Friona High School and is attending the University of Puget Sound, Tacoma, Washington. The prospective bridegroom is employed by Sears, Roebuck & Co. Chehalis, Washington. Wedding vows will be exchanged at 7 p.m. Tuesday, June 28, in First Methodist Church, Friona. Invitations are not being mailed locally, but friends and relatives of the couple are being invited to attend the ceremony and reception which will follow.

## Club Members Sponsor Party

Members of New Horizons Junior Study Club sponsored an all day party for the first grade section taught by Mrs. Mabel Jones Friday. Festivities began with a picnic lunch served at school.

The group was then taken to Clovis on the train. From the Santa Fe depot in Clovis they were taken to Clovis Municipal Park and Zoo. After a tour

of the zoo and some games in the park, refreshments of cookies and cold drinks were served. Then the children were returned to Friona.

Adults attending besides the teacher were Mrs. Virgil Phipps, Mrs. D.T. King, Mrs. Williams, Mrs. Charles Myers, Mrs. Joe McLellan, Mrs. Billy Raybon and Mrs. Gerald Floyd.

**SHOTGUNNERS DON'T AIM --** You can improve your shotgun shooting by forgetting all about aiming.

A shotgun, except when rifled slugs are used, was never meant to be aimed. Your shooting will improve by simply pointing the gun at the target.

## Bible Teachers Attend Workshop

A group of women who will assist with teaching duties in annual Vacation Bible School at Sixth Street Church of Christ attended a Bible School Workshop at Broadway Church of Christ in Lubbock Monday evening.

## Piano Pupils To Be Presented

A recital for piano pupils of Mrs. Jane Bengé will be presented at 8 p.m. Friday in the auditorium of First Baptist Church. Mrs. Bengé invites all relatives and friends of students participating to attend.

Those who will be presented numbers are Kay and Jill Riethmayer, Jayn Massie, Debbie Hancock, Chris Sanders, Amy Renner, Kathy McLean, Janice Milner, Debbie, Jerri and Sharla Bengé

Sessions were conducted for teachers of various age groups and illustrated model lessons were presented.

Those attending the classes were Mesdames Eugene Bogess, Rene Sneed, Nelson Welch, Harrison Gee, W.R. Riethmayer, Larry Fairchild, Walter Cunningham, Gerald Floyd, Steve Struve, Ross Miller, Louis Welch, and Ralph Robinson.

## OUTSTANDING GALS

More frequently women are reaching the top in a variety of challenging and difficult fields while still in their twenties or even their teens. Mademoiselle magazine's 1965 Merit Award winners included cyclist Anne Taylor, 24; actress Lesley Ann Warren, 19; lawyer Marian Elizabeth Wright, 26; and ballerina Suzanne Farrell, 19.

DANCE RECITAL . . . These ten little ladies are preparing to perform in the Larrimore dance recital Friday at 8 p.m. at the High School auditorium. Back row left to right are Teresa Clark, Diana Clark, Paige Osborn, Shirley Milloy and Becky Powell. Front row left to right are Diane Light, Laura Ellis, Julie Owen, Renau Monroe and Joan Clements. Two older school-age groups will also perform.

## Larrimore Will Present Recital

Lewis Larrimore, dance instructor from Lubbock, will present his three local classes in a dance recital Friday evening at 8 p.m. in the High School Auditorium. Twenty - three young ladies will participate in the recital.

The pre - school age group consists of Misses Diane Light, Laura Ellis, Julie Owen, Becky Powell, Paige Osborn, Diana Clark, Teresa Clark, Shirley Milloy, Renau Monroe and Joan Clements. These youngsters will perform in the ballet and four tap numbers: "Sing With Me," "Gay Chicks," "Bunny Rabbit Blues," and "Boogie Woogie Piggy."

The Group II girls will dance

the ballet and tap numbers including the "Charleston", and "School Days." The young ladies in this group are Misses Debra Reed, Selena Burnett, Jena Kay Short, Myrna Phipps, Sandra Fulks, Earlene Graham, Iris Stephenson and Debbie Cole.

The young ladies in Group III will participate in the ballet and three tap numbers, "Bain Street", "Ballin the Jack", and "Scotch Jive". Misses Lisa Taylor, Cindy Cason, Teresa Bingham, Tami Parvin and Kathy Horton make up this group.

All three age groups will be on stage for the colorful finale. The public is invited to attend the recital.

## J Cunningham Homemakers Completes Course

Janice Cunningham daughter of Mr. and Mrs. James W. Cunningham and a 1965 graduate of Friona High School, graduated from Jessie Lee's Hair Design Institute, Lubbock, April 22.

Miss Cunningham took the state examination at Austin and received her operator's license late last week. She is employed at the Beauty Box.

The Lazbuddie Homemakers met in the homemaking department May 5, at 8:00 p.m. The regular meeting date is the first Thursday of each month. Lazbuddie FHA girls and their mothers were guests for the evening.

Dr. Loyd Shackelford of Friona was guest speaker for the evening. He was introduced to the group by Marilyn Engelking. Mental Discipline was the topic of speech Dr. Shackelford gave with the three main points being (1) Conscious and sub-conscious mind (2) The force of magnitude of the sub-conscious mind; and (3) sub-conscious through the conscious mind.

Refreshments were served by the homemakers. The table was covered with a white linen cloth. The centerpiece was a floral arrangement of red carnations.

## Friona Student Is Installed

Miss Kay Johnson, daughter of Mr. and Mrs. Herschel Johnson of Friona, was installed as president of the 1966-67 Alpha Kappa Delta, honorary scholarship club for sociology, at a spring banquet at the Texas Woman's University.

## Poppy Day Purposes Told

Poppy Day is sponsored each year by the American Legion Auxiliary to remind Americans of the sacrifices of life and health by the men of our Armed forces.

In addition, Poppy Day provides an opportunity for all those wishing to contribute to the rehabilitation of disabled veterans and to child welfare to make their offering.

The contributions are devoted to rehabilitation and child welfare work for disabled veterans conducted by the American Legion Auxiliary and most of the contributions remain in this area. A small portion of the Poppy Sales goes to the State Organization to be used

in the State wide rehabilitation and child welfare program. The disabled veterans still in our government hospitals earn spending money and learn to use their abilities by making the little red Poppy. There are numerous other programs that the American Legion and Auxiliary sponsor in the Veteran hospitals to assist these disabled men who gave their best that we might enjoy our American freedom.

Any contribution made by the public would be appreciated and will be used to assist some veteran or his family that gave his life that his family might enjoy the privileges that are so dear to Americans.

## Ketchum - Major Vows Read

In a recent wedding Miss Alice Ketchum, daughter of Mr. and Mrs. E.C. Ketchum of Lazbuddie became the bride of Charles E. Major in Griswold Chapel of St. Paul Methodist Church of Abilene, Texas. The groom is the son of Mrs. Thresa Major of Abilene. The Rev. Karl Brown, Minister of Education, officiated. Traditional wedding music was presented by Mrs. Ed Traveek, organist and Gloria Zerega, vocalist. Presented in marriage by her father the bride wore a candlelight silk suit and matching pill box hat and veil.

The brief circle veil was caught to the hat with lace appliques. She carried pink gardenias on a white lace covered Bible. Mrs. Terry Houston Miller of Lubbock was matron of honor. She wore an egg shell colored suit with hot pink crepe blouse and circle veil head-piece caught up to a pink cluster of roses. Her corsage was of white pale mums. Terry Houston seated the guests. The couple is at home

at 2309 Barrow, Apartment B in Abilene. Out of town guests for the wedding were: Mr. and Mrs. James Marler and Terry of McAlister, Oklahoma, Mr. and Mrs. Charles Bledsoe, Albuquerque, New Mexico, Mrs. Mona Davidson and daughter, Cindy, of Amarillo and Edward C. Ketchum Jr. also of Amarillo.

## It's A Boy For Flemings

Mr. and Mrs. Ray Dean Fleming, Friona, became parents of a baby boy at 10:45 a.m. Wednesday, May 11, at an Amarillo hospital. He was named Reese Kurt and weighed 5 lbs. 8 ozs. He is the first son for the couple. Daughters are Kipt and Karla. Grandparents are Mr. and Mrs. Raymond Fleming, Friona, and Mr. and Mrs. Lloyd Widner, Lockney.

## THERE WAS A LITTLE GIRL WHO HAD A LITTLE CURL

Some of the things bright little girls know: that swinging high is more fun on a windy day, that lemonade tastes better with a big red cherry, that grown-ups can stay up late, go to the circus and have all the ice cream they want—but they hardly ever do.

Some of the things bright young mothers know: that little girls are bundles of feminine charm from their very first day, that daughters are copycats and love to do everything that mothers do, that girls are happiest when dressed in party dresses with their hair smoothly brushed.

Mother knows too that a little girl's hair tends to be baby-fine, wispy and fly-a-way, hard to keep parted and off her face. One way to solve a little girl's hair problem is with a Tonette home permanent.

It will give her hair just a little curl, not too much, and enough body so that her hair is manageable and stays in place better.

Even if this is the first time you've ever given a home permanent, you'll find that a Tonette is remarkably easy. You just apply the waving lotion to the child's clean damp hair, and, using an end paper, wind under on the curlers. After all the curls are wound apply waving lotion again, wait fifteen minutes and rinse with warm water. Cover the child's wound curls with a towel, turban style, and have her wear it for 30 minutes during which time she can play or perhaps have cookies and milk. Now, remove the towel and neutralize the curls, then rinse her hair again. That's all there is to it!

## Dear Friends of El Monterrey of Clovis

As you have perhaps noticed, I am no longer associated with El Monterrey, as of April 1st, 1966.

To our kind friends everywhere -- especially of Clovis, Portales, Muleshoe, Hereford, Bovina, Friona, Sudan, Littlefield, etc., may I express my appreciation for your past patronage -- Not only for the past 8 years, during my ownership, but also for the previous 12 years when my father (Col. Weede) was associated with the Gray Reed's. As you know, my Aunt & Uncle (Sis & Gray Reed) were the original founders some 30 years ago.

Although I've sold all my interest in El Monterrey, I have retained the right to enter any business in any location -- even to direct competition to El Monterrey.

Sincerely

James A. Weede Jr.

& Family

Of Clovis

# K. E. Deatons Buy Old Mansion

The Dorsey Mansion in north-eastern New Mexico has been purchased by Mr. and Mrs. K. E. Deaton. The Deatons are antique collectors and have not decided definitely what the future of their recently acquired property will be.

The following article appeared in the March issue of the New Mexico magazine and was written by Betty Woods, a feature writer for the magazine.

You see it far against the lonesome hills, this brooding mansion of the past. Seven smokeless chimneys point like fingers to the sky. The seldom-traveled ranch road dis-

courages anyone who might venture in for a closer look.

You wonder why anyone would want to build a castle-like house here on the edge of the Santa Fe Trail. But that is just what Stephen W. Dorsey, one-time Senator from Arkansas, did back in the 1870's. This oddly beautiful place is awesome to see. Part of the house is built of sandstone in the elegant Victorian manner. Its quaint tower wears hand-carved gargoyle heads for waterspouts. More carved figures decorate the outside walls.

The other part of the house, a long two-story wing, is built of logs. This gives the feel of plo-

near ruggedness and simplicity meeting the lavish refinements of Victorian living. It is truly a strange architectural mating yet a beautiful one.

Across the front of the house is a narrow veranda with fancy gingerbread trim. Here was a restful place to sit and gaze out across the vast grassland -- or just sit and watch the fountains play. Beyond the porch in the center of the tree-grown and weedchoked yard stands an exquisite bronze fountain. Sand and leaves from endless seasons fill the bowl where water once fell.

Farther out in front of the house is another fountain -- a

larger one made of sandstone and decorated with carved heads of mythical gods. Mesquite grows in this impressive fountain; even a few stray cactus plants struggle to live here. Nearby is the dry bed of a moat where flowers used to grow.

But what was this house like inside? You marvel at the sould sandstone walls that have withstood nearly a century of weather changes. Even the pink mortar between the huge blocks remains tight and well pointed. Inside the mansion are ornate reminders of graciousness and a love of luxurious surroundings. The rooms are large; the woodwork around doors and windows is hand-carved. The gracefully-curved staircase in the reception hall too, is decorated with carving. And under the dust, the parquet floors still wear their sheen of wax and polish.

From the high-valued medallioned ceiling hang decorated gas-light fixtures.

An impressive black marble fire place warmed the entrance hall. In a paper prepared by James Marion Sennock titled Memories of My Mothers Childhood there is mention of a fabulous black onyx fireplace in the library of the Dorsey mansion. The mantle is said to be an exact replica of one in the Palace of Versailles.

The Sennock paper also mentions an art gallery-ballroom; and dining room seating fifty people, a billiard room with a black walnut billiard table and walls hung with armor and big game trophies.

You'll see the stone stables that housed fine race horses. Also the carriage house and stone corrals. There are several other stone buildings and miles and miles of stone fences. These were built by Dorsey cowboys during the slack winter months.

And under huge cottonwood beside the house is the nearly dry Chico Spring, which at one time had given the property the name of Chico.

While Sen, Dorsey and his beautiful wife lived in the mansion, the place was gay with parties. Guests were often members of Congress, governors, and others of prominence. There were guests from Raton and Santa Fe, too.

Then came the Star Mail Route scandal involving the Ar-

kansas senator. Dorsey hired Robert G. Ingersoll, the famous trial lawyer to defend him. Ingersoll won an acquittal for Sen. Dorsey. Now historians can't agree as to how the lawyer came by the Dorsey property. Some say that the Senator gave the house and property to Ingersoll as payment for Dorsey's defense.

However, just on the other side of a hill to the north of the Dorsey mansion is the picturesque log house once owned by Ingersoll. This place was headquarters for what later became the big Ingersoll ranch holdings. Today, the house is used as a weekend retreat for the families of the present ranch owners.

The Dorsey-Ingersoll ranch was called Chico up until a few years ago. There was at one time a store and post office here.

This remarkable ranch lies only a few miles from the historic covered wagon camping place, The Point of Rocks, where Indians ambushed travelers.

## Outfit For Dual Personality

IT'S a jumper... it's a dress, for activities around the clock. Make it in light shades, team with dark blouses -- a new fashion highlight. There's a Talon nylon coil Zephyr down the back for perfect fit. Pattern is Simplicity #6319 for teens and juniors -- one of their "how-to-sew" series that makes sewing easy. Remember to press as you sew, and use press cloth over zipper area when ironing.

## For 25 Years

a symbol of security

Since 1941 our bank, and thousands of others from coast to coast, have served as volunteer issuing agencies for United States Savings Bonds. It is a service we like to perform, since it helps both our customers and our country.

Our service emblem incorporates the Minute Man of Concord, symbol of the Savings Bonds volunteers. Like the Bond program itself, the emblem marks its 25th anniversary this year.

Millions of Americans first learned to save with Savings Bonds. Through the years their savings have financed homes, college educations, and countless other dreams; yet our citizens own more Series E and H Bonds now than ever before.

Our community is stronger because of the Savings Bonds program, our families and our Nation more secure. This bank is proud of its part in this all-American success story.

"OWNED BY THOSE WE SERVE"

PHONE EM4-1166

DAY or NIGHT

Most people probably wouldn't designate the area around Friona as good coon hunting territory. We have some avid coon hunters in our area and hear a good many stories about good hunts. Two of our most enthusiastic coon hunters live in the Hub community.

These two have some well trained coon dogs and really go all out for the sport. Earlier this spring they took the dogs and went down near the Mexican border to a lake. They fished by day and hunted coons by night. According to the story I heard it takes a real good dog to conquer a coon in the water.

One of these hunters is a real good story tell and is a practical joker, too. A recent incident makes me wonder whether he really likes his mother-in-law though he made some extra good coon hunting pictures or was trying to pull a good joke.

Whatever his motive, his plans didn't quite work out. Recently he came into town with a roll of color film to be developed. Upon being asked the number of prints he wanted made, he said, "These are real special coon pictures. Better make two of each."

He appeared to be real anxious to get the prints and invited several friends to "come

over and see my coon pictures as soon as I get them." Then the pictures were printed and returned. Upon opening the envelope, our coon hunter-friend found he picked up the wrong roll of film.

The exposures on the roll had been made of his mother-in-law.

In a story which appeared in the Star last week the wedding date of Audry Ann Kelly and Vincent Rowell was reported to have been June 7 instead of June 11. The couple want friends interested in attending the ceremony to know their plans have not been changed. Wedding vows will be exchanged at 6 p.m., June 11 at First Baptist Church.

Man alone has the feeling of inferiority, and man alone attempts to compensate for the inferiority we feel at times. Someone has said, "When fate hands you a lemon, make lemonade out of it." Most of us would be able to lead fuller lives if we were busy making lemonade instead of complaining about the sour taste of lemons.

TASTE BUDS

A baby has about 9,000 taste buds, while the average adult has only about 3,000.

END CLOSET SNARLS

Wire coat hangers are provided merely to transport your clothes home.

Wooden, plastic or other hangers shaped to the curve of the shoulders are better for your closeted clothes. The expert work of the cleaning plant finishes should and can be retained. For instance, you can prevent coat lapels from flattening by pinning the lapels together with straight pins.

To avoid closet wrinkles, store your winter clothes and let your closeted clothes breathe easier this summer.

JAKE LAFIVERS

THE YEAR OF THE SLEEVE

After a long siege of sleevelessness, fashion has issued a call to arms. Many of the season's prettiest dresses emphasize sleeves which may be long or short, pleated or ruffled, demurely puffed or dramatically flared.

Plenty of sleeve interest will also be shown by women who sew their own fashions. McCall's Patterns has seen to that with a tempting variety of new designs.

Bell sleeves add verve to the classically simple A-line dress in Pattern #8184 (above, right), a timesaving McCall's "Quickie." The above-elbow sleeves are cut in one with the dress front and dress back, for a flowing line that's as easy to wear as it is to create.

skirt and overblouse. For a more casual look, make the dress in tweed, linen or jersey with bell sleeves of self-fabric.

Either way, this two-piecer is so easy to sew that McCall's recommends it for beginners. As an added fashion bonus, the "Adjust-For-You" pattern packet includes pattern pieces in two dress sizes, for the benefit of the many gals who are not a perfect size 12 or 14.

Three disarming young dresses for misses and juniors emerge from McCall's Pattern #8277 (above, left). Start with the square-necked, short-sleeved shift; turn it into a sensational date dress by adding puffed sleeves in eyelet or voile. In a flowery fabric, with flaring elbow length ruffles, the same dress has a rustic air that's perfect for a picnic or a folk-sing.

Whatever your age or figure type, you have reason to be glad that this is turning out to be the Year of the Sleeve.

Friona Women Win Contests

Final results of the Texas Woman's Bowling Association state tournament held in Austin this year have been received. Two women from Friona placed in the single division.

In Class D Singles cash awards went to the first 171 places. Mrs. D.T. King, who bowled on the Sherley Grain Company of Bovina team, placed 46th and her award was \$14.

Eighty-six places received cash awards in Class E singles competition. Mrs. Carrie Shirley, who is a member of the Friona Lanes team, placed 45th and her award was \$13.50.

Students Get College Degrees

Jimette McLean will receive a bachelor of arts degree from McMurry College, Abilene, late this month. She is a religious education major with a minor in Spanish. She was listed in Who's Who Among Students in American Colleges and Universities.

Miss McLean, who is the daughter of Mr. and Mrs. Jim McLean, plans to attend Duke University Divinity School at Durham, North Carolina this fall and will be a candidate for a master's of religious education degree.

Sharon Reeve is the third Friona who will be receiving a bachelor's degree from McMurry. She is an elementary education major and will receive a bachelor of arts degree.

Miss Reeve is the daughter of Mrs. Fay Reeve and the late Hadley Reeve and will be married to Ted White, son of Mr. and Mrs. L.R. White, June 25. She will teach in Lubbock Public Schools this fall.

Floyd Reeve is a candidate for a bachelor of business administration degree from West Texas State University. He is the son of Mrs. Fay Reeve and the late Hadley Reeve.

He is a business management major and is a member of the "Society for the Advancement of Independent Enterprises." He and his wife, the former Betty Drake, plan to return to Friona. He will continue to operate a farm just west of the city limits.

G.J. (Jake) LaFavers completed requirements for a bachelor of business administration degree at Texas Technological College, Lubbock, in January and will receive the degree in spring graduation exercises. He is a finance administration major and is employed in Dallas.

He is the son of Mr. and Mrs. W.J. LaFavers, 1205 North Main. Eddie Bradshaw, son of Mr. and Mrs. E.H. Bradshaw, will also receive a bachelor's de-

gree from McMurry. He completed requirements for his degree at the end of the fall semester and is currently employed in the ASCS office in Farwell.

Mr. and Mrs. Joe Ayers will also receive bachelor's degrees in the Tech commencement. Ayers is the son of Mr. and Mrs. Ross Ayers and his wife, the former Margaret Corzine of Hobbs, is the daughter of Mr. and Mrs. J.B. Corzine of that city.

Ayers is an agricultural economics major and will receive a bachelor of science degree. Mrs. Ayers is an English major with a minor in math and will receive a bachelor of arts degree.

AT FHS

# Top Students Honored At Awards Assembly

Outstanding students at Friona High School were honored at an award assembly Monday afternoon at the high school auditorium.

Winners of the departmental awards were as follows: English, Frieda Floyd; science, Tommy Sherley; math, Mac Hancock; history, Larry Truitt; speech, Gary Shackelford; journalism, Sandra Beene; vocation agriculture, Phillip Johnson; homemaking, Janet Stevick; music, Susue Carmichael; girls athletic, Janet Rushing; boys athletics, Travis Graves, and best thespians, Courtney Owen and Frieda Floyd.

Madalyn Binger received the Classroom Teachers' Irma Stark memorial scholarship. The Girl's State represen-

tative, sponsored by the American Legion Auxiliary, Linda Fallwell, was recognized, as was the Boy's State delegate, Bobby Jordan. Boy's State is sponsored by the American Legion.

Recipient of a \$150 scholarship sponsored by the Nine O'Clock Scholars bowling league and Friona Lanes was Sarah Fallwell. The Young Homemaker's "Little Sister" award went to Lou Cochran.

The safe driver award, sponsored by the New Horizons Junior Study Club went to Dewayne Procter, first and Janet Rushing, second.

Seniors who maintained a four-year average of 90 and above were presented medals by Progressive Study Club.

They were Tommy Sherley, Madalyn Binger, Linda Outland, Frieda Floyd, Janet Stevick, Courtney Owen, Sandra Beene, Gail McGlothlin, Lonnie Ellis and Monte Welch.

The scholarship award, to the boy and girl with the highest scholastic averages for the year went to Mac Hancock (97.17) and Terri Lynn Wilson, (97.0).

Citizenship awards were given to Gail McGlothlin and Roger Nelson. The best all-around awards went to Janet Rushing and Travis Graves.

Madalyn Binger received the salutatorian award for the second highest ranking senior, with a 93.39 four-year average. Tommy Sherley received the

valedictorian award, on the basis of a 94.5 average.

Fourteen students received perfect attendance awards for being neither absent nor tardy. Getting the awards for the second year in high school were Dewayne Gable and David Sides.

Other attendance awards went to Randy Balze, Linda Carson, Sahara Gonzales, Pam Hartwick, Cindy Ingram, Larry Martin, Darla Perkins, Deloris Phipps, Pat Roberts, Randall Schwab, Gary Shirley and Kara Beth Sides.

Students having scholastic averages of 90 and above for the year also were honored. They included:

Freshman: Bernard Binger, Brenda Blackburn, Doris Ferguson, Lowry Harper, Joel Osborn, Darla Perkins, Deloris Phipps, Ray Russell and Connie Whaley.

Sophomores: Sharen Awtrey, Karen Birkelbach, Becky Coffey, Randy Ellis, Crista Evans, Belinda Mabry, Karene Milner, Patti Ragsdale, David Reeve, Kara Beth Sides, Larry Truitt and Jan Welch.

Juniors: Lydia Buske, Susie Carmichael, Bob Carrothers, Lou Cochran, Jerry Coker, Brownie Cole, Dennis Fallwell, Linda Fallwell, Randy Farr, Mac Hancock, David Harper, Darla Howell, Bobby Jordan, Rhonda Lawrence, David Smith, Wilma Russell, Shirley White, Terri Wilson and Mike Wooley.

Seniors: Jay Beene, Sandra Beene, Madalyn Binger, Lonnie Ellis, Brian Evans, Frieda Floyd, Janis Goggans, Gail McGlothlin, Roger Nelson, Linda Outland, Courtney Owen, Judy Phipps, Connie Schlenker, Marte Short, Tommy Sherley, Janet Stevick, Monte Welch and Darlene Wilson.

WIDE-AREA FISHING -- In fast moving water let the current work your lure. By simply moving your rod tip from side to side, stretching out as far as you can reach to either side, you can cover approximately 18 feet of water.

# We Congratulate

Sandra Beene

For Winning The Journalism Award At Friona High School. We Are Always Interested In FHS, And Especially In The Journalism Department.

Our Best Wishes To All Graduates.

THE FRIONA

# STAR

## NEAR SPRINGLAKE

### Former Local Pastor Aids In Creating Recreation Attraction

Definite plans are being completed for the Grand Opening of a new recreational area for the Panhandle called "Dreamland Playground" for its official opening May 6-8, 1966. Some preliminary activities such as fishing, swimming, horseback riding, and camping will be ready before the Grand Opening. "Dreamland Playground" is a 90 acre plot located on Highway 385, 14 miles north of Littlefield and 8 miles south of Springlake, home of State Representative Bill Clayton.

The owners are Roger Bartling of Dimmitt, age 32, a successful farmer who retired from farming to enter this venture together with Fred Beversdorf, age 40, a former pastor of Immanuel Lutheran Church of Friona and Hereford. They will be residing at their present homes for a few months until their own homes can be built on location.

"Dreamland Playground" will supply a long-felt need for recreational activities of many types and descriptions. Groups such as churches and clubs as well as families will find this an exceptional area to spend an afternoon or weekend on a pre-determined budget. No charge will be made the first year for entering the playground. Five hundred annual memberships will be available to people living in the area on a first come, first served basis. The first area of interest and concern will be the triangle enclosed by the cities of Amarillo, Lubbock and Clovis.

Four specially built lakes will feature guaranteed fishing for rainbow trout, bass, pan fish and cat fish. People who fish will only pay for fish that they catch. Another area will be provided with picnic tables and pots to cook the fish in with several additional rides for the children. For this area a small charge will be made. People

will also be able to purchase chicken to cook along with their fish for larger groups. Free picnic tables will also be provided for family reunions, church groups, clubs.

Horseback riding, and Hay rides will furnish another aspect for those interested in scouting the sand hills. Groups interested in hay rides should contact the owners.

Camping by the day or weekend or week will also be provided in the ample spaces of the "hinterland." Here too a nominal charge will be made. Of special interest here to the owners are such groups as Boy Scouts, Cub Scouts, Girl Scouts, Camp Fire Girls, and church groups. The owners are and will be working in cooperation with these agencies to establish an area for these groups that will readily supply their needs. Very special rates will be accorded such groups in order that they may accomplish objectives they have in mind. Such groups should contact the owners for arrangements. Cub Scouts and Boy Scouts will be helped towards their awards by planting trees for identification, special rates for fish, etc.

Fourteen acres of truck gardening will supply a steady flow of many vegetables and fruits to those interested in food organically grown.

An half acre swimming pool with sand bottom will be another attraction for young and old alike at low rates for an entire afternoon. Miniature golf, a prayer chapel with meditation lake beside it, a clay tennis court, basketball and volleyball courts, outside closing devotion areas and other items for the projected future will complete this oasis in the desert of entertainment. It may take up to three months to complete some of the proposed projects but the following will be ready

by the Grand Opening: Fishing, Horseback Riding, Hay Rides, Camping, Vegetables in season, and swimming.

The owners will be happy to answer any further questions. The goal is to provide entertainment in many phases at a nominal cost. No Federal or government assistance is anticipated. Projected plans include a 12 room motel and rental tents. In 1967 the owners

hope to have a camp built for larger groups that will house up to 400 young people. The prayer chapel should be in operation by September of 1966 and will be on interdenominational character with 2 hour services beginning

at 7:30 p.m. on Saturday evenings. These services will be specially geared to teenagers. Any inquiries however should be sent to "Dreamland Playground," Box 907, Littlefield, Texas.

### Threshold to New Horizons

Commencement marks the Seniors' first step into a new world of challenge a new world of promise.

As the new Graduates begin their journey toward the wide horizons of the future, we trust their path will be marked by many milestones of happiness, success and long-lasting achievements.

**CUMMINGS FARM STORE**

## County Has Largest Water Level Decline

Figures released recently by the High Plains Underground Water Conservation District No. 1 revealed that once again, yearly measurements of water levels in test wells showed Parmer County to have the greatest decline among the 13 counties in the district. Test wells in Parmer County showed an average decline of 3.98 feet during 1965, the report said. Potter County had the least decline, of exactly one-half foot during the year. Next-largest decline was recorded by Floyd County, at 3.77 feet. Lubbock County was next at 2.74 feet. Next smallest decline was measured in Bailey County, just to the south of Parmer, at 1.10 feet. Castro County's water table declined an average of 2.37 feet, and Deaf Smith's was down 1.30 feet.

The average decline for all wells in the 13 county district was 2.06 feet. Parmer County's decline was not as much as it has been in other recent years, speaking well for the conservation efforts of county farmers, especially in a year as dry as 1965. The decline was, however, larger than the county's average since records have been kept by the HPUWCD. Thus, area farmers need to make a renewed effort to conserve their water, and extend the life of their irrigated land. Many in Parmer County have installed tailwater return systems, an excellent and profitable way of saving runoff water.

The yearly map of the county's test measurement showed the largest decline, a seven-foot line, to be in the far western section of the county, with another in the southeastern block. A small area just west of Friona had a six-foot decline. One note of encouragement is the fact that a heavily-irrigated area south of Friona, with Hub as a central point showed declines of from zero to four feet, or an average of less than that of the county as a whole. Farmers in this area have made a concerted effort in recent years to curb the wasting of water.

## Expenses Can Be Cut

Full insulation properly engineered throughout the entire house will provide comfortable living the year round and save money for the home owner. A typical home with 1,500 square feet of floor space, built on a slab and having 15% glassed area, can be heated and cooled in Texas for approximately \$60, a year less than the same house insulated only to FHA minimum standards. The actual amount of savings will depend where the home is located in Texas and the living habits of the occupants. Informative wall charts are available at "Idea Center" dealers of the Lumbermen's Association of Texas. Using the chart, the dealer will explain the savings realized with full insulation. He will assist in selecting the proper type of insulations for a particular job and will point out the six most important areas of the home which should be insulated.

Copies of a special insulation tabloid showing the three major climate zones and the related cost savings for homes between 1,000 and 2,000 square feet are available free from "Idea Center" dealers. See the Nunn Lumber Company in Friona.

## Farmers To Vote On Acreage Transfers

Cotton producers in Parmer County are now voting on the question as to whether cotton farmers may be permitted to sell or lease their cotton allotment (in Parmer County) to someone (another cotton producer) for use on a farm in a different county. Transfers of cotton may not be made outside the State. If such transfers are approved by at least two-thirds of growers voting, the transfers will apply to the next three upland cotton crops, 1967, 1968 and 1969. Ballots have been mailed to

all known cotton producers in Parmer County, together with information on the purpose of the vote. Cotton producers who did not receive a ballot, should get in touch with the County ASCS Office where a ballot is available. A producer may vote by mail or in person. To be counted, the ballots must be in the county office by the close of business (5:00 P.M.) on May 25, 1966. This is the first time that a vote on a commodity referendum has been conducted by mail, and we hope that this convenient

**CHECK STORED GRAIN . . .** Damaged grain can result from moisture migration at this season, and W.S. Allen, Extension agricultural engineer at Texas A&M University, suggest a check of grain storage be made now. Deterioration, he adds, may be found near the top center of the grain bin if damage is from moisture migration.

method will result in a large vote.

Parmer County has led Texas in the past several years in "turning out" for this type of referendum. We urge our growers to maintain this record by returning their marked ballots to the county office by May 25.

## MYSTERIOUS 13

One explanation of why the number 13 is considered unlucky concerns the fact that there were 13 present at the Last Supper, according to Facit Odhner, makers of the CE-13 desk-top calculator.

### On The Farm In Parmer County

By JOE VANZANDT  
County Agent

We have been busy getting a lot of crop demonstrations out in the past couple of weeks. There is one, a wheat variety demonstration, that needs to be looked at real soon by farmers interested in seeing some new varieties. The wheat variety demonstration is located on the A.L. Reznik farm, eight miles north and two miles east of Friona. Drive by A.L.'s house and the plots are located about 1/4 mile east of the house.

**COTTON INSECTS**  
We know of several farmers who used an insecticide at planting time this year. They should have the early season insects problem pretty well under control.

In order to assist cotton producers in their fight against insects pests, the Texas Agricultural Extension Service has released the 1966, "Texas Guide for Controlling Cotton Insects in the High Plains" and copies are available at the offices of all county agents in cotton producing counties.

Copies of the revised guide are now ready for distribution from his office to any interested cotton grower.

The guide not only lists the recommended chemicals but also the amount of each needed for insect control. Advice and suggestions are also given on the safe use of insecticides.

Recommendations in the guide are based on the results of continuing research conducted throughout the state by the Texas Agricultural Experiment Station and the Entomology Research Division, U.S. Department of Agriculture.

Cotton growers are advised to inspect their cotton fields to determine the degree of infestation and to check for such pests as thrips, aphids and later on fleahoppers which may influence the choice of insecticides before applying an insecticide. Call or come by the County Agent's office for your guide on controlling cotton insects.

**TREE BORERS**  
Shade trees are attacked by several species of borers. The two most important are known

as a roundheaded and flatheaded borers.

Since the presence of borers is not always evident until it is too late to prevent extensive damage, good tree management is important in preventing borer attacks.

We suggest that the trunks of young or transplanted trees be wrapped with wrapping paper, burlap, aluminum foil or newspapers to prevent egg laying by adult borers. Wrapping also aids in preventing sun scald and mechanical injury. Injured areas of the bark are particularly vulnerable to borer attack. The trunks should be sprayed with dieldrin, DDT or malathion before they are wrapped. Be sure to use the wettable powder from those insecticides to avoid injuring the bark of the young trees when the wrapping is applied. Keep the wrapping on all year and replace if it becomes torn.

Keep the trees healthy and stimulate vigorous growth by proper fertilization and watering.

Prune out all dead or dying branches and paint the wounds with a good wood paint. Wounds made by lawn mowers or other machinery should be treated in the same manner.

Trees and shrubs should be selected which are adapted to the area and those which are not so susceptible to borer attacks. Ash, cottonwood, Linden, soft maple and poplar are quite susceptible.

It is very important that the insecticides be applied early in the spring before the young borers get into the tree. Once they are in the tree control is very difficult. It is the larvae of the borers which cause the damage.

Information is available from the County Agent's office on borer control and on other subjects dealing with the control of insects on ornamental plants. Ask for the copy of L-199, "Texas Guide for Controlling Insects on Ornamental Plants."

A small town is a place in which no family skeleton can be kept long in a closet.

### Higher Limitations Are Given For Savings Bonds

Frank A. Spring, Chairman of the U.S. Savings Bonds volunteer committee for Parmer County, today urged bond buyers to take advantage of the new higher annual limitations on holdings of E and H Bonds which have been announced by the Treasury Department. The new regulations provide that eligible purchasers may own up to \$20,000, maturity value, in Series E Bonds bought in any one calendar year, and \$30,000, face value, in H Bonds. Previous limits were \$10,000 and \$20,000 respectively.

Calling attention to the fact that the interest rate on Savings Bonds was recently increased to 4.15 per cent, Spring called the new purchase limit "an unusual opportunity" for both individual and institutional investors to become "larger shareholders in their country."

Under Treasury regulations, any resident of the United States or citizens temporarily residing abroad may own Savings Bonds in a choice of registrations; single owner, co-owner, or beneficiary. Where bonds are purchased in the names of two individuals as co-owners each may hold the maximum amount of either E or H Bonds,

or both. Bonds may also be owned by corporations, associations, public or private organizations, fiduciaries, and other investors except commercial banks.

"U.S. Savings Bonds have always been considered an ideal investment for the ordinary saver," Mr. Spring said, "particularly because of their safety guaranteed return, and tax advantages. But I believe there is an important place for Savings Bonds in the larger investment portfolio, too, whether that of an individual or an institution. I hope that the increased limits on holdings will encourage many such investors to put part of their funds into these securities of our country."

The Treasury's amendment on the holding limitations also included a new provision on Savings Bonds presented as gifts to charitable, religious, educational and certain other non-profit organizations that qualify under Section 501 (c) (3) of the Internal Revenue Code of 1954. This permits such organizations to receive up to \$200,000 in Series H Bonds purchased in any calendar year.

### At Home In Parmer County

By CRICKET TAYLOR  
County HD Agent

#### COLD WATER LAUNDRYING

The appearance on the market of cold-water detergents aroused much interest in cold water laundrying. Is it safe from a bacteriological standpoint? This is the usual question asked. Many homemakers have not thought about this where bacteria control is important.

The fact is, that cold water destroys less bacteria than hot water. Research has already shown that large number of bacteria survived even in hot-water laundering unless a disinfectant was added. Experiments proved that many more bacteria survived cold water than hot water washing when a detergent but no disinfectant was used. This all must be taken into consideration.

The general conclusion is that cold water laundrying is satisfactory from standpoint of bacterial safety if a chlorine or quaternary disinfectant is used in the same amount recommended for hotwater laundrying.

For a quaternary disinfectant, which is added at beginning of the rinse cycle, use one half cupful in a toploading machine, 6 tablespoon in frontloading machine or amount recommended on the label. For a liquid chlorine disinfectant follow directions on the label.

This is important when there is sickness in the home and there is special need for bacteria control.

#### BE OBJECTIVE IN CHILD DISCIPLINE

Many people find that being objective when they discipline their children is often easier said than done, says Mrs. Patsy R. Yates, Extension family life education specialist at Texas A&M University.

When a child creates a commotion, often parents act quickly out of embarrassment. Disciplining your child should not occur because of what the neighbors might think.

Everyone concerned might be happier if you and other parents could develop the objectivity of a physician along with love and concern. A doctor isn't ashamed just because his patient's temperature goes up, nor angry when blood pressure climbs.

Instead, he looks for the cause of these symptoms. Then he de-

decides what to do. Follow this positive approach in dealing with your child's behaviour. His conduct can be explained if you know the reasons for it.

Combine this positive approach with attempts to understand what is going on inside your child's mind. His inner feelings may be the cause for the unacceptable behaviour.

If you would like assistance in understanding his behaviour, you will find the Children's Bureau pamphlet "A Healthy Personality for Your Child," a very helpful booklet. You can obtain it from the U.S. Government Printing Office in Washington, D.C.

Don't complain about the hot days. This is what you longed for back in February.

## A Heritage of Freedom

*Freedom to seek the Truth . . .*

A most vital heritage in this land, a cornerstone of our nation's greatness. Fashioned by men of vision . . . built upon by men of progress . . . defended by patriots . . . perpetuated by those in each generation who love and honor Liberty.

This new Senior Class, by their example of thought and deed, give promise that this heritage is still cherished . . . that the future, as the past, will be built upon the cornerstone of learning.

*With great pride we extend to each Graduate our sincere congratulations.*

## HERRING IMPLEMENT CO.

**HUNGRY** moths and carpet beetles cost Americans up to \$1 billion each year—despite the use of moth and carpet beetle preventives in most homes. One reason for this expensive toll is the fact that many housewives don't use preventives according to printed directions.

It's the concentration of vapor that evaporates from the moth crystals that does the killing. So, it's important to use enough moth preventatives, and to tightly contain the vapor. One female moth can lay as many as 160 eggs, the caterpillars from which gorge themselves on your furs and fabrics. Obviously, the correct use of your preventive is essential.

STORE your clothes in as near airtight a container as possible. If using a drawer, chest, box, or bag, fold your clothes in aluminum foil, sprinkling generously with paradichlorobenzene, found under such brand names as Dichloricide, Snowwhite and Electrolux.

## INSTANT Convenience!

And it's available to you day and night. It's versatile, dependable, efficient and ready the instant your finger touches a switch. It's average cost has gone down 23 percent in the last 10 years while other things have gone up. That's electric service from Reddy Kilowatt . . . the biggest bargain in your family budget.

*Dependable  
ELECTRIC  
Service*

## At the Helm of the future

The Seniors of today are the leaders of tomorrow. And there is no doubt about it . . . the future is in good hands! The chronicle of our Seniors is a notable one. They have brought conspicuous determination to every endeavor . . . they have worked hard . . . won honors.

With such a beginning, we are confident the future will be a voyage of success and great achievement. It is with deep pride that we say:

BEST WISHES TO ALL THE SENIORS

**FIRE DAMAGE . . .** Members of the Friona Volunteer Fire Department are shown bringing under control a fire which destroyed a storage building on the Beulah Whaley property last Saturday afternoon. The flames, fanned by high winds, were a threat to other property and trees on the Whaley-Kinsley block, as well as surrounding property. The old building, which was located just to the rear of the Kinsley residence, was a total loss.

**NEW CAR . . .** Deputy Garland Freeman is one of three sheriff's deputies in Farmer County who are sporting around a new vehicle these days. Freeman is posing beside one of the three 1966 Fords which were purchased from Friona Motors.

**FOR 1967**

**USDA Announces 15% Hike In Wheat Acres**

Secretary of Agriculture Orville L. Freeman on May 5 announced 15 per cent increase in national acreage allotment for wheat for 1967 crop. This represents regular allotment of 55 million acres plus small farm increases to make effective allotment of 59.3 million acres.

The secretary said this means US farmers will be permitted to plant additional 7.7 million acres wheat this fall and next spring for harvest in 1967. He forecasts a "substantial increase" in farm income as a result.

Effective allotment in 1967 was 51.6 million acres. The 1967 allotment is largest in six years. It will mean that wheat acreage on most farms in 1967 will be at level equal to the period of 1955 through 1961.

"The strong demand for wheat exports both for dollars and for food assistance programs has reduced our stocks sharply," said Freeman. "For the first time in 13 years, our June 30 carryover will be under 600 million bushels." Six hundred million bushels is about one year's supply for domestic food consumption and seed.

"Stocks will be further reduced during the coming year despite good crop prospects," the Secretary said. "With continued strong demand in the market, and more acres of wheat, farm income will be substantially increased."

Production in 1967 expected to range between 1.5 billion and 1.6 billion bushels, depending upon yields and other program features to be announced later. This compares with a 1966 wheat crop presently estimated at about 1.4 billion bushels.

Secretary Freeman said allotment announcement being made earlier than usual this year so wheat producers would have every opportunity to make their plans for 1967 crop. Action came also in response to suggestions by members of Congress, during debate last year on four year Agricultural Act of 1965, that early announcement be made once a long-term wheat program was enacted.

there are, in effect, two acreage allotments for wheat under law. The basic in 1967-crop acreage allotment applicable to most wheat farms in major wheat - producing states is 55 million acres, compared with 47.8 million acres this year. Another allotment of slightly more than 4 million acres will be available to producers who planted small acreages under previous legislation which gave farmers opportunity to plant wheat in excess of their farm allotment, up to 15 acres. Comparable total in 1966 was 3.8 million acres.

As in previous years, elig-

ibility for price support loans and wheat marketing certificates is contingent upon producer planting within his allotment and complying with other conservation or program provisions. However, because of increased allotments, no acreage diversion will be required for 1967 crops.

Further details of 1967 wheat program, including states and farm allotment, price support, and marketing certificates will be announced shortly, but no later than June. Farmers can expect to have their 1967 farm allotment notice by July 1.

**Howell Will Accompany Wayland Choir On Tour**

Dennis Howell of Friona, member of the traveling International Choir at Wayland Baptist College, leaves May 24 for a concert tour to Oklahoma, Missouri, Illinois, Michigan and Ontario, Canada.

Howell, a freshman chemistry major and biology minor, is the son of Mr. and Mrs. Charles Howell, Route 3. He was recently inducted into Phi Mu Alpha Sinfonia music fraternity for men.

A 1965 graduate of Friona High School, Howell was president of the National Honor Society and salutatorian of his graduating class.

Highlight of the trip is a concert before the concluding session of the 1966 Southern Baptist Convention in the Detroit, Mich.

Members of the choir are selected by auditioning each year from Wayland's student body which numbers approximately 750. This year's choir members come from Kansas,

Idaho, New Mexico, Washington, Missouri, Massachusetts, Colorado, California, Oklahoma, and 12 Texas cities.

Graduating seniors in the choir will miss fifty-fifth commencement exercises at Wayland since the choir is not scheduled to return to Plainview until June 1. Commencement is May 28.

**WHAT A BOAR!**

The highest price ever paid for a pig is \$10,200, paid in 1953 for a Hampshire boar called "Great Western".

The Secretary explained

Thank You For Your Vote On May 7.

### Faith Class Has Outdoor Party

Members of the Faith Sunday School class of Friona Methodist Church met in the home of Mr. and Mrs. Wesley Foster Friday evening for an outdoor supper. Highlight of the supper was dessert of home made ice cream and cookies.

Host couples were Mr. and Mrs. Jerry Loflin and Mr. and Mrs. Robert Neelley, who directed a game session.

Others present included Messrs. and Meadames J.T. Gee, Wesley Barnett, Billy Raybon, John Loehr, James Anthony, Harvey Garrison, Robbie Osborn, Glen Herring, and Gary Brown and Mrs. Lloyd Chesher and Mrs. Leta Eustace.

### Bookmobile To Make Its Run

The Texas State Library's bookmobile will make its regular run in Parmer County this week.

It stops in Rhea (11:15-12 noon), Friona (1:15-1:45) and Black (2-3 p.m.) today.

On Friday, the bookmobile will have stops at Hub (8:45-9:45) White's Elevator (10-11) Lazbuddie (12-1 p.m.) and Clay's Corner (1:15-2:15).

Friona book users get their other regular visit on Saturday from 1-4 p.m.

Advertising makes any good business larger.

### LAZBUDDIE NEWS

By Mrs. C. A. Watson

Howard Bridges and son Dan fished at Eagle Nest Lake N.M. recently. They report catching 40 lbs. of fish.

Mr. and Mrs. Larry Kent are leaving the Lazbuddie school system and are moving to Bledsoe where they will teach.

Steve Jones was in Slaton during the past weekend visiting his mother, Mrs. Wayne Lynch and his sister and brothers.

Mrs. James Harvey and children visited her mother and other relatives, in Lubbock recently.

The senior class members and their parents of Lazbuddie wish to thank people of the Lazbuddie and Muleshoe area for attending the plate dinner they sponsored Sunday, May 8, in the school cafeteria at Lazbuddie. They are well pleased with the results. All money collected from the Mothers Day dinner will be used to help them make their senior trip. The class plans to go to New Orleans.

### First Tickets

First reservations have been received for performance in the Pioneer Amphitheatre in the Palo Duro Canyon State Park.

Mrs. Martin Ansbro of Westfield, New Jersey has sent in the first order of tickets to the production on "T.E.X.A.S.," a musical drama by Paul Green, which will play in the theatre this summer. Her order for two adult tickets and four children

Well-lighted streets have cut the crime rate in many cities, says the General Federation of Women's Clubs which sponsors "Crusade for Light."

Their sponsors on the trip will be coach Rhodes and Mr. and Mrs. Roy Thurman.

Mr. and Mrs. James Harvey and Cynthia attended the funeral of her uncle, Anton Pinter, 70 in Lubbock recently.

Benny Watson visited his cousin, Jimmy Gowens in Lubbock Sunday, May 8. Benny went to Lubbock with the Bernie Gowens family of Friona.

Congratulations to David Nelson on winning second place in the state track meet in the mile run, class B, and to Hoppy Jennings for having been fourth place winner in high hurdles in state meet.

Mr. and Mrs. J.R. Harris returned Sunday, May 8 from Dell City, Oklahoma, where they visited relatives. They had also visited the J.R. Harris Jr. family at Farmington last week end.

Mr. and Mrs. L.M. Hardage fished at Ute Lake, New Mexico last week end; Their fish story was a "nice catch."

Mrs. Shupping from Kress visited relatives in the area recently.

Mr. and Mrs. Clyde Monk and Linda recently returned from a visit with her parents, Mr. and Mrs. W.J. Carter of Quitaque.

Mrs. J.B. Jennings was at DeKalb last week helping care for their son and family, the Darrell Jennings. Mrs. Darrell Jennings had surgery the first of the week. Mrs. Jennings brought their grandson, Darren, home with her to spend several days.

Visiting the E.C. Ketchums Sunday were Mrs. Mona Davidson and Cindy and Edward C. Ketchum Jr. from Amarillo.

Mrs. Lynn Cox was honored with a baby shower Thursday, May 5 in the home of Mrs. John Agee. The shower was come and go from 3 to 6. The table was decorated in lovely yellow and white. Refreshments of homemade pie, coffee and punch were served.

## Miller-Wilson Chapter Has Installation

Following formal initiation of thirteen new members of the Miller-Wilson chapter of National Honor Society in the high school auditorium Monday evening new officers were installed.

Tommy Sherley, outgoing president presided. Goals, purposes and qualifications for the organizations were presented by Sandy Beene, Linda Outland, Courtney Owen, Janet Stevick and Monte Welch.

The guest speaker, Elouise McDougal, Hereford, a former high school English teacher and active member of Delta Kappa Gamma, was introduced by Sherley.

Incoming members were greeted by Sherley and Lonnie Ellis, vice-president. A bouquet of yellow roses and white miniature dahlias were used on the table which was backed by letters representing character, scholarship, leadership and services. A flaming torch stood at the foot of a keystone and each probationary member lighted a candle, handed to him by Frieda

Floyd, from the torch.

Madalyn Blinger presented membership cards and Gail McGlothlin pinned gold and blue ribbons signifying colors of the organization.

Probationary members initiated were Sharen Awtry, Ann Ayers, Randy Ellis, Becky Coffey, Crista Evans, Patti Ragsdale, Karene Milner, Belinda Mabry, Kara Beth Sides, David Reeve, Larry Truitt, Kathy Renner, and Mac Hancock.

Yellow roses were presented to active members, Mike Woolley, David Smith, Susan Neill, Jim Bob Jones, Lydia Buske, Brownie Cole, Martha Martin, Susie Carmichael and Bobby Jordan.

Active members unable to be present were Linda Fallwell, Darla Howell, Shirley White and Terri Lynn Wilson.

New officers installed were David Smith, president; Mike Woolley, vice-president; and Brownie Cole, treasurer. Shirley White will serve as secretary.

A reception in the cafeteria

was hosted by members of the organization and John R. Cook, Mal Manchee, Mrs. Frank Truitt and Joy Morton, sponsors. Punch, cookies, nuts and mints were served by senior members.

Special guests were Roy V. Miller Sr. and Mr. and Mrs. Winston Wilson, parents of former Friona High School students, Johnny Miller and E.C. Wilson, for whom the chapter was named.

Martha Martin presided over the guest register. About 100 mothers, fathers, teachers, friends and relatives were present.

"Don't feel left out if the government hasn't yet got around to building you a house, paying you for not growing something, or providing a guaranteed wage. The latest idea is to pay rent for those not poor enough to get in a housing project and too poor to pay regular rent. A lot of us ought to qualify."--Corrigan Times

TEXAS INDIANS — One of the newest spots for tourist interest in Texas is the Alabama-Coushatta Reservation, near Livingston, Polk County, where members of the Na Ski La Dancers (shown here practicing) dance for visitors on a five-times-daily schedule.

From the New York Herald Tribune: "... any large-scale strike today is much more than a matter between employer and employees. Strikes increasingly are directed against the public. Thousands of people and often hundreds of businesses are affected indirectly, but damagingly. This is principal reason why the whole structure of our labor law needs review."

# STRAIGHT "A"
