TEXAS PRESS ASSOCIATION

Dear Mr. Ellis,  
We wish to express our sincere appreciation to you and your staff for the fine publicity and your splendid cooperation with us on "Project Christmas Card." 1966 was the best year we have had.  
Yours truly,  
Modern Study Club  
Mrs. Geo. C. Taylor, secretary

Dear Bill,  
I would like to say how much I appreciate the Friona Star. It is the link with home that I very often need.  
Mrs. Bill Boatright  
Chester, Wash.

Dear Bill:  
I would like to use your "Letter to the Editor" column to express my gratitude, as President of the Friona Association of Retail Merchants, to everyone concerned for their cooperation during our Merchant's Appreciation Drawing around Christmas. I would like to thank all the merchants for their donations of prizes, the Friona Star and its Editor for the publicity and the people for their participation.  
In the four Saturdays that the drawings were held, we had

sixteen winners who took home approximately \$51,037.14 in prizes that were donated by LOCAL MERCHANTS to show their appreciation for the trade the public has given them. These local merchants are a vital part of our economy here in Friona. They help pay school taxes and city taxes as well as state and county taxes. Mr. and Mrs. John Q. Public help should realize that the local merchants not only pay taxes but also help make Mr. and Mrs. Public's property more valuable. Just think what all the fine homes in and around Friona would be worth if enough of our local merchants moved out and the town dried up. The local merchants are good for a lot more than just merely catering to the whims of the customers.

I know that in the hustle and bustle of Christmas time and in trying to get the drawings set up, there were willing merchants overlooked. For this, I am truly sorry. This being such a good "Next Year" country, I will promise to try to do better next year.  
The LOCAL MERCHANTS donating prizes are, and we deeply appreciate:  
Allen's Jewelry, Ben Franklin Store, Bi-Wize Drug, Claiborn Floral & Funeral Home, Crow's Slaughter Plant, Dou-

## Highway Official Tells Of Inspection Deadline

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, reminded Texas motorists today that most vehicles have not yet been inspected for their 1967 vehicle inspection sticker.  
"The inspection period is two-thirds over and only about one-third of the vehicles have been inspected," said Garrison. "This means that during the 14 weeks remaining before the April 15 deadline for inspections, more than twice as many persons each week must have their car inspected to avoid lines forming at the end of the period."  
In urging motorists to have their vehicle inspected at an early date, Garrison pointed out that official inspection stations are easily identified by the standard sign displayed at or near the service entrance of the garage.  
He advised that inspection stations are being urged to request permission to inspect any vehicle brought into the garage for repairs or regular service.  
In this way, Garrison pointed out, "time will be saved for the motorist as well as for the inspection station."  
"And if you have not had your vehicle inspected, take it to one of the 5,500 authorized inspection stations for a 'check up' and start the new year off right with a safe vehicle."

## Parcel Rate, Delivery Change Is Announced

Use of Zip Code will make it easier to mail packages after Jan. 15th, Postmaster Wright Williams of Friona said today.  
New rates and a new system for identifying parcel post zones will go into effect on that date as provided in legislation signed into law by President Johnson on Sept. 20, 1966, the Postmaster said.  
The rate increases will average about 10 cents a parcel Williams said.

Drena Stover and Baby Boy; Georgia Homes and Baby Boy; Shayne Woodard, Juan Mariscal, Jack Ketcherside, Irene McFarland, Ramiro Caballero, Jr., Steve Lance, Mable Newberry, J.D. Kelly, Sr. Ruth Adkins, Ruben Perez, Beatrice De La Ross and Baby Girl, Lena Bracken, Horace Cole, John Eubanks.

Applications for voting registration receipts for 1967 may be picked up in Ethridge-Spring Agency in Friona. The city hall also expects a new supply shortly.  
Williams noted that all parcels mailed between post offices within the Amarillo sectional center will be charged at the first zone rate. There are 85 post offices within the Amarillo sectional center.  
The new rates are expected to provide an additional \$74 million a year for the Post Office Department. The later size and weight increases will add another \$32 million a year. The additional revenue is to help the Department within 4 per cent of costs on parcels post as required by law.

## DEADLINE IS SAME Voters Face Change In Registration

There's no poll tax to pay now when there's no fee involved.  
Not everybody in the family has to go to the courthouse to register, however. A qualified voter may register for himself and for members of his (or her) immediate family... wife or husband, son or daughter, mother or father... provided that these family members are otherwise eligible voters.  
The over-age exemption for persons who are 60 years old or over is the same as it was under the poll tax system... over-age residents in counties of less than 10,000 population are not required to obtain exemption receipts.  
But "first voters" who are, or will become, 21 years of age during the year will have to apply for a voter registration receipt before the January 31 deadline if they are to vote in elections this year. If the individual concerned will not reach the 21st birthday until sometime after the registration deadline, the receipt will be marked to become effective on the 21st birthday... but the receipt must be obtained before January 31 or there'll be no vote in 1967.  
The voter registration period is the same as under the poll tax system... October 1 to January 31... and the certificate is good for one year... from February 1, 1967 to February 29, 1968.  
About the only difference between the new voter registration certificate and the old poll tax receipt is that the new one costs nothing and is maybe a little harder to get.  
The result is the same, too: with it you can vote in any election during 1967. Without it, you can't vote at all, unless you're over 60.

There won't be any special deputies coming to your door or contacting you on the street to get you to sign an application for voter registration as there used to be with poll tax applications. There are two reasons for this: One is that the new registration law requires you to register in person, or certify in your application for a registration receipt by mail that you are unable to go to the courthouse in person. The other reason is that since there is no longer a fee involved, there's no money in it for the county or anybody else. Twenty-five cents of the old poll tax fee of \$1.75 used to go into the county treasurer, and county officials were a little more eager

FOR 1967

# SWPS To Spend Over \$20 Million

A 1967 construction program calling for the investment of more than 20-million dollars in new electric facilities was announced today by A. R. "Lon" Watson, president and general manager of Southwestern Public Service Company.

The new investment is being made, Watson said, in order that the electric company can continue to provide economical service for its customers at the same time that it assures them of reliable service.

"Electric service seems to be the last holdout against inflation. The purchasing power of today's electric service dollar is \$1.07 - or 7 per cent more - than its 1952 value. On the other hand, the dollar you use to buy other goods and services is worth just 77 cents today, when you compare it with a 1952 dollar.

"There are two reasons for the increased value of the electric service dollar. Our customers are using more service, and the more they use the less they pay for each unit. This increased consumption, in turn, has made it necessary for us to have a continuing program of construction. The new equipment being modern, larger and more efficient helps us keep our service economical at the same time that we improve its dependability," Watson said.

Southwestern Public Service Company has not had a general rate increase for electric service in more than 15 years. Since that time, a rate simplification program, designed to reduce the number of rate schedules in the commercial and industrial fields, resulted, generally, in lower costs for users.

The major item in the 1967 program is continued construction on a 210,000 kilowatt generating unit at the company's Nichols Station, northeast of Amarillo. When the new unit goes into service in mid-1968, it will double the generating capability of the station.

"We design, engineer and supervise the construction of all of our generating stations. This 'do-it-yourself' approach assures our customers of the best possible plant at the lowest practical cost. Right now, for example, our costs per installed kilowatt of generating capacity run substantially below the nation-wide average for units of comparable size," Watson said.

Watson also pointed out that the major additions made to the company's generating facilities in recent years are using less fuel and water for each unit of electricity produced, enabling the company to partially offset substantially increased costs for gas fuel and to conserve water resources.

Automation is also playing a major role in holding the price line. Some 70 per cent of the company's total generating capability is now controlled by a computerized automatic dispatching system. The ADE constantly computes the cost of generating and transmitting the power so that the most economical means are utilized under all conditions.

Additional power for the South Plains section of the company's service area will be provided by a 230,000 volt transmission line which will be built from Plant X, in Lamb County, to Tuco Station in Hale County.

The new line will result in a fourfold increase in the amount of power available in the South Plains area. It will be the second 230,000 volt transmission link to the region, complementing a circuit of this size which now delivers power into the area at a point south of Lubbock.

"Our interconnected generation and transmission system provides every corner of our 45,000 square mile service area with adequate power resources for future growth. Every community that we serve, from the smallest to the largest, can be assured that adequate, economical power is one of the assets it can include in an industrial development effort. Working in cooperation with all of the cities that we serve, we have embarked upon a new area development program which we hope will add 10,000 industrial jobs to the region in the next ten years," Watson said.

Southwestern Public Service Company anticipates a 1967 gross peak load of 1,368,000 kilowatts and will have generating capability of 1,609,000 kilowatts to meet this demand.

"Our investment in this area has doubled in the last ten years, going, in round numbers, from 200-million to 400-million dollars. There are only two reasons for this investment. First to provide the best and most economical service for our customers today; and then to provide the base on which we will meet the needs of the future. The continued opportunities for growth in this region are apparent, but if they are to be realized they will call for the full cooperation of all of its citizens. Your growth makes ours possible, and we pledge our every effort for continued progress for this region," Watson concluded.

Both Friona High School basketball teams emerged from their encounters with Memphis with identical 4-1 district records last Friday night.

The Chiefs dropped their first district game, 57-51 to the Lut-handed Cyclones, while the Squaws easily claimed a 78-20 decision.

Memphis held the upper hand practically all the way in the boys' struggle.

The Cyclones grabbed a 6-0 lead, which was cut to 13-11 after a quarter. Ray Murphree gave Friona its first lead at 19-18 with 4:30 left in the first

half, and the lead see-sawed the rest of the quarter, with Friona going to intermission with a 25-24 edge, only their third lead of the game.

The Chiefs grabbed a five-point lead, their longest, at 29-24, but Memphis stormed back and tied the court at 35-35, and by the three-quarter mark had a three-point lead at 41-38.

The visitors threatened to pull away several times in the fourth quarter, but the gritty Chiefs kept fighting back. Friona was still in contention in the last minute of play, when free shots wouldn't fall and Memphis scored a basket ahead of the buzzer to up the final margin.

Everyone got experience in the girls game, Memphis, which resumed girls basketball only last year, is in a rebuilding stage. Cindy Ingram had one of her best nights of the year, scoring 36 points and sitting out a big part of the game.

## Teams Face Important Games Friday, Tuesday

Two important road games face the Friona High School Chiefs and Squaws, who return to action Friday night by journeying to Abernathy.

Following Friday's games, just one game remains for each team on the first half schedule, and that will be at Dimmitt next Tuesday.

Both Dimmitt teams are undefeated and will be out to finish the first round with perfect records. First, however, the teams must contend with a pair of

Abernathy teams which are worth worrying about.

The Abernathy boys have lost only to Dimmitt and Memphis, the team which handed Friona its only district loss; while the girls have lost only to Dimmitt. Both games will go a long way toward deciding the eventual championship in both divisions.

No games were played on Tuesday of this week, as students were observing "dead week" in preparation for semester tests.

### Conduct Revival Here

A former wrestler turned evangelist will lead a revival meeting at Calvary Baptist Church January 22-29, according to Rev. Jake Armstrong, pastor.

Tommy Phelps, who was known as Tommy (Nature Boy) Phelps, is the featured speaker. A professional wrestler for 17 and a half years, Phelps was converted in July of 1962 and surrendered to preach later that year.

Early last year, Phelps graduated from Southwestern Baptist Theological Seminary. While attending the seminary, he pastored a church in Fort Worth. He served as pastor of the Temple Baptist Church of Hereford since November of 1965 before making the decision to go into full-time evangelistic work.

A World War II veteran, Phelps was in the Navy. Cason Jones will lead the music for the services, which are at 7:30 p.m. nightly and at 11 a.m. and 7 p.m. on Sundays. The public is invited to attend.

### At Home In Parmer County

By CRICKET TAYLOR  
County HD Agent

January is a good time to take a fresh look at family finances. Do you have money problems? You might like to check the list below to see if any of the situations fit your family.

- Not getting ahead financially from one year to the next.
- Not satisfied with what we get from our spending.
- Disagree with husband (or wife) on way money should be spent.
- Have difficulty meeting large bills that come up periodically, such as insurance premiums, auto license, taxes.
- Have no cash funds for emergencies.
- Live from pay check to pay check or one crop to the next crop - usually have too much money at the end of the month.
- Spend too much for some

essentials (such as food, clothes auto, house or medical care) and never seem to get the extras we want.

- Monthly installments payments for charge accounts and other loans too high.
- Don't know where the money goes.
- Lack system for managing money.
- Have no problems, but feel we could do better if we tried.

If you checked any of the above situations and would like to find ways to improve, you will find the MEETING ABOUT MONEY helpful. The meeting is now in progress. The next one will be on FAMILY BUSINESS CENTERS, Tuesday, January 17, at 1:30 p.m. in Hub Community Center.

It's open to husbands and/or wives. There is no charge. Come and be with us.

A good suit is a boon to city or country life—and here's one that can go anywhere in the wide world. McCall's designs it with a ring-collared, single-breasted jacket and A-line skirt that would look well in a range of fabrics from pique to hopsacking to double knits. Pattern #8647 is the magic number.

Wherever you're headed, "country casual" is the ticket—fashion-wise.

Anyone interested in vegetable production is urged to attend the fifth annual West Texas Vegetable Growers Conference Tuesday, January 17 at the Bull Barn in Hereford. The program will start at 9:00 a.m. and continue to about 4 p.m.

The theme of this year's session will be "Cultural and Pathological Problems of Vegetable Production." Six speakers will be featured on the program. The meeting is open to the public.

#### SECOND SCHOOL

The second meeting for the Management School will be held in the Hub Community Center from 1:30 to 3:30 p.m. on Tuesday, January 17th.

Joy Arrington, Home Management Specialist, will discuss the "Family Business Center." This subject will include equipment, files, organization and

arrangement of files and equipment.

Records, farm and home, will be discussed by Bill Boling, F.H.A. supervisor, and Cricket B. Taylor, Parmer County Home Demonstration Agent.

**SCABIES INSPECTION**  
The cattle scabies inspection is complete in Parmer County according to Oliver Pratt, federal livestock inspector.

No scabies were found in the county, Pratt said. Many thanks to the men who took time to help the inspectors with the inspection. With their help the time required to complete the inspection was cut in half.

Restrictions on movement of cattle to other states will not be lifted until all Panhandle Counties have been inspected. All Panhandle Counties will be inspected by the first of April if all goes as planned.

#### FRUIT MOUSSE

1 1/2 tsp. gelatine, unflavored      2 tbsp. cold water  
1 pint fresh raspberries or      1 1/2 cup heavy cream  
strawberries                              1/2 cup powdered sugar

Soften gelatine in cold water for 5 min., then heat. Wash fruit thoroughly and drain. Place cream in mixer bowl and whip with whip attachment, until cream holds its shape. Remove from bowl and reserve. Place berries in bowl and stir on #1 until berries are crushed, about 1 min. Add sugar and gelatine and stir until combined, about 1/2 min. Fold in whipped cream. 1/2 min. Pour into tray and freeze until solid. Serves 6 to 8.

### Vegetable Conference Set At Hereford Tuesday

Anyone interested in vegetable production is urged to attend the fifth annual West Texas Vegetable Growers Conference Tuesday, January 17 at the Bull Barn in Hereford.

County Agent Ronny F. McNutt said the session is open to the public. The theme is this year's session will be "Cultural and Pathological Problems of Vegetables Production."

Speakers will be featured on the program which will start at 9 a.m., and continue to about 4 p.m., the county agent said. McNutt said that among the speaker would be Thomas Longbrake, Extension vegetable specialist serving the Lower Rio Grande Valley.

Four other Texas A&M University researchers and Extension workers will be featured speakers at the meeting. They will discuss problems and control of diseases, insects and nematodes and the place of vegetables in the High Plains economy.

A report on vegetables research at Texas Tech will also be presented during the vegetable conference.

TEACHING LOCALLY . . . Three Fronians have been doing their student teaching in the Friona Elementary School. Back row are Karen O'Brian, Mrs. Bill Teel, Mrs. Billy Sides and principal J.T. Gee. Seated are their home-room sponsors, Maurine Dunn, Mrs. James Hamilton and Mrs. Doug Stephenson.

## Student Teachers Train In Local School System

Three senior students of West Texas State University, Canyon, have been doing their student teaching in the local school system under supervision of elementary school principal J.T. Gee. They are Karen O'Brian, Mrs. Bill (Jeannette) Teel, and Mrs. Billy (Doris) Sides.

They are all residents of Friona and the surrounding area. Miss O'Brian is a 1962 graduate of Friona High School and attended South Plains Junior College, Levelland, two years before transferring to West Texas State. She is the daughter of Mr. and Mrs. Russell O'Brian.

She will graduate from West Texas in January and will receive a bachelor of science degree in elementary education in English. Beginning January 16 she will be teaching first grade in Pagosa Springs, Colorado.

Her cooperating teacher has been Mrs. Maurine Dunn. She has been teaching first grade in Friona for the past five years and plans to continue in the teaching profession. She is a member of Friona Classroom Teachers, T.S.T.A. and N.E.A.

Mrs. Dunn attended Oklahoma College for Women, which is now Oklahoma College of Liberal Arts, at Chickasha, Oklahoma, two years. Then completed requirements for a bachelor of science degree from West Texas State University, Canyon, in 1963.

Mrs. Teel attended Murray State College in Tishomingo, Oklahoma, two years before transferring to West Texas State, where she is completing degree requirements for a bachelor of science degree and teacher certification. She has been employed to teach in the local system next semester.

Mrs. James Hamilton, who has been a fourth grade teacher several years, has been Mrs. Teel's cooperating teacher. Mrs. Hamilton holds a bachelor of science degree from East Texas University, Commerce. She taught several years in Hunt County before moving to Friona.

She and her husband, James, who is a farmer, live in the Drake Addition. They have two children, Carolyn, who is a freshman student at Texas Women's University and Jimmie Paul, a seventh grade student.

Mrs. Sides, who has lived in the Hub Community several years, graduated from Roosevelt High School in 1944 and attended Texas Technological College, Lubbock, 2 1/2 years where she was a home economic major, before moving to Parmer County.

She will graduate from West Texas in January with a bachelor of science degree. She is an elementary education major, with subject concentration in mathematics as a minor. After mid-term she will be teaching

here. She and her husband live on a farm. The children are James, Kara Beth and David.

Speaking for the group, Mrs. Sides made the following statement: "Our student teaching has been a wonderful learning experience. The Friona students and faculty have received us graciously and we are grateful to both West Texas and the Friona Schools for making it possible for us to do our student teaching near home."

Dr. Burl Brim of WTSU is our college representative. Mrs. James Hamilton, Mrs. Douglas Stephenson and Mrs. Maurine Dunn have been our cooperating teachers. Student teaching is a nine week experience during which the student teacher observes and gradually does more and more of

the actual teaching until she has full responsibility for at least one week. Then the regular classroom teacher gradually assumes the responsibility again.

Mrs. Stephenson has been the cooperating teacher with whom Mrs. Sides has been working. She is a graduate of McMurry College, Abilene, with a bachelor of science degree. She is an elementary education with speech as a minor.

## Friona 4-H Club Has Regular Meet

A recent meeting of Friona 4-H Club in the junior high building was called to order by Rusty Lindeman with 21 members present. The 4-H Club motto was led by Linda McVey and Patsy McVey called the roll.

During a brief business session four officers, three of which are being vacated by the moving of the David T. McVey family were filled. Larry Johnston was elected president; Jan

Jameson was elected county delegate and Rhonda Bauer was elected county delegate. Dwain Bauer was elected recreation chairman.

Dr. L.B. Russell of Clovis presented a talk on proper care of small animals. He also showed some colored slides depicting the American way of life on farms, in industry, in military schools and in homes, which will be sent to the Philippine Islands.

## Party Honors Patsy McVey

A going away party Friday evening honored Patsy McVey, a member of the eighth grade class, who is moving to El Paso in the near future.

Festivities began when a group of girls met at the home of Dr. and Mrs. Paul Spring at 4:30 p.m. From there they went to Clovis for a Mexican dinner followed by dessert at an ice cream parlor.

Upon returning to Friona the group attended the Friona-Memphis games at the local gymnasium then went to the home of Mr. and Mrs. Louis Welch for a slumber party.

Those in the group, besides the honoree, were Gloria Brown, Debbie Burton, Susan Floyd, Jayn Massie, Ginger

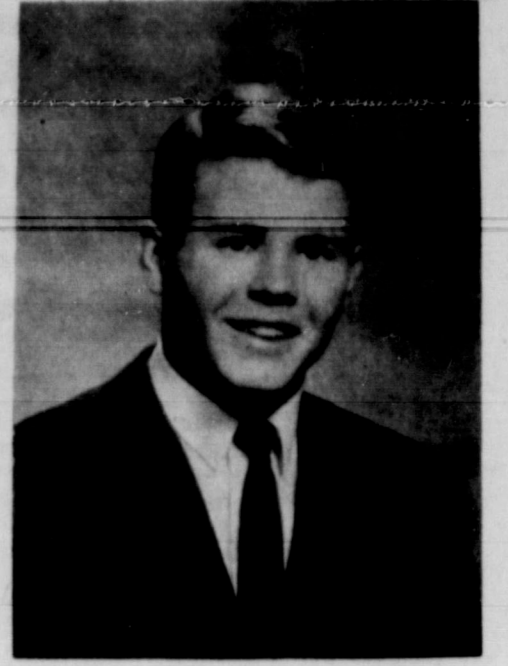

Murphree, Lana Renner, Esther Smith, Susie Spring, and Gay Welch. They were accompanied to Clovis by Mrs. Glenn Floyd, Paul Spring and Louis Welch.

## Eleven Attend Auxiliary Meeting

Eleven members were present for the 10:00 a.m. meeting of Parmer County Hospital Auxiliary in the hospital meeting room Tuesday. Mrs. Paul Spring, president, had charge of the meeting.

Plans for assistance to hospital and clinic patients were made and committee reports were presented.

The next meeting of the organization will be at the same place Tuesday, February 7.

HIGH SCHOOL PERSONALITIES SELECTED . . . Announcement was made recently of the selection of Mr. and Miss Friona High School by the student body. Susan Neill, daughter of Mr. and Mrs. Kenneth Neill, was selected Miss FHS and Mike Wooley, whose parents are Mr. and Mrs. Bill Wooley, was chosen Mr. FHS. They are both members of the senior class. Miss Neill is a member of the basketball team, National Honor Society Thespians and Future Teachers of America. ### Mrs. Lucy Vestal Feted With Party

A birthday party in the home of Mrs. Lucy Vestal from 4:00 to 5:30 p.m. Tuesday was hosted by Mrs. Guy Latta. Mrs. Vestal, who was observing her 73rd birthday, has been a shut-in several months.

The serving table was covered with a pink lace cloth and centered with a floral arrangement featuring three tall pink candles flanked by pink grapes, silver colored leaves and pink balls.

The birthday cake was angel food. It was on a silver musical cake plate and centered with a pink candle. A pink carnation pink nut cups filled with pink and white mints and matching napkins completed the table decorations.

Soft religious background music was played throughout the entertaining hours. Following a devotional on stewardship, presented by Mrs. Latta, the group sang "Happy Birthday" to Mrs. Vestal then presented her a birthday card and a love offering.

Tea and coffee were poured by Mrs. Herschel Johnson and Mrs. James Boyle served birthday cake and strawberry ice cream.

Those attending were Mesdames J.L. Shaffer, Herschel Johnson, James Boyle, T.E. Blackburn, A.W. Anthony, Sr., Pearl Hand, A.A. Crow, Loyde A. Brewer, daughter of the honoree, and Mrs. Latta.

Others invited guests, who participated in the love offering, were Mrs. A.O. Drake, and Mrs. Ethel Adams. After the party Mrs. Latta visited Mrs. Drake and took refreshments to her. Mrs. Blackburn visited Mrs. Adams and took refreshments to her.

TOURNAMENT WINNERS . . . These students participated and did well at the Quanah Speech and Debate tournament last Saturday. Top row, left to right are coach Mal Manchee, Gary Shirley, Mike Pavalus, Jr., Jerry Stephens, Mac Hancock, Jim Bob Jones and Joy Morton, coach. Seated are Terry Sue Cummings, Ann Ayers, Belinda Mabry and Terri Lynn Wilson.

### Club Members Study Conservation

Theme of the program of New Horizons Junior Study Club meeting at Federated Club house Thursday evening was "The Key to Conservation is Protection." Aline from "America" was the quotation of the program. It was, "I love thy rocks and hills, thy woods and templed hills."

Roll call was answered by "My favorite park, state or national." The inspirational thought was presented by Mrs. Gerald Floyd. Mrs. Robert Neelley showed a film on water conservation. Club members present then took an arm-

chair tour of the United States of America.

Mrs. Howard Fleming was a guest. Hostesses were Mrs. Jim Roy Clements and Mrs. Jimmy Maynard. Party sandwiches and hot punch were served.

### Program Features Charm Lecture

Featured on the program of Black Study Club at the home of Mrs. Roscoe Ivie Thursday afternoon was a lesson on poise and charm, which was presented by Jeanne Campbell of the Jeanne Campbell Charm Studio, Hereford.

### Debaters Win Events At Quanah Tourney

Friona High School's speech and debate representatives came home with a haul of awards from the Quanah Invitational Speech and Debate tournament last Saturday, scoring more total points than any other school at the tournament except Wichita Falls High School, which won the "sweepstakes" honors. It was Friona's second tournament of the year to five for Wichita Falls.

Friona won first place with both boys and girls debate teams. In individual contests, Jerry Stephens placed second in boys prose reading. Terri Lynn Wilson placed second in girls persuasive speaking, and Belinda Mabry was third in girls prose reading.

Members of the winning boys debate team are Jim Bob Jones and Mac Hancock. The boys won the tournament with a 5-1 record, defeating Wichita Falls, Notre Dame of Wichita Falls, Quanah, Floydada and Jacksboro (last year's state champions).

The girls team of Ann Ayers and Terri Sue Cummings beat Wichita Falls for the championship. Miss Cummings was subbing for Susie Carmichael.

Another boys debate team, Mike Pavalus and Gary Shirley reached the quarter-finals being defeated by the Notre Dame team which Jones and Hancock beat in the finals. A second girls team, Kathy Renner and Kelly Barber also participated.

Other students taking part in the speech portion of the tournament were Tommy Mars and Billy Burton (poetry reading); Larry Truitt (prose reading); Isidore Cordova and Leslie Jarecki (persuasive reading); Norman Mohr and Mike Reznik (informative speaking).

Also Crista Evans, Vicki Vaughn and Janice Clark (poetry reading); Donna Patterson (prose reading); Bennie Hamold (persuasive speaking); and Kara Beth Sides and Shirley White (informative speaking).

### Where Did All The Money Go?

Ever realize the buying power of your local school budget? Get your school superintendent to tell you how much of the school budget in your town is devoted to salaries. In the ordinary annual school budget (excluding building construction money), more than 80 per cent usually goes for salaries. Most of that money is spent right in your own neighborhood, with your advertisers (or with people who should be advertising with you).

One angle in a story about the salary budget of the schools would be to figure out what size a factory it would take to even come close to the instructional staff's economic effect on your town.

Don't forget to ask the superintendent how much of the salary budget is provided from state funds and local funds. Teachers' salaries are not made up of just local tax money.

An old floor trunk can be used as an extra low table or seat if you dress it up with a colorful cotton slipcover. Trim the cover with ball fringe or cotton braid, stitched around the top and bottom edges.

For hot-weather driving, use cool, comfortable seat covers made of cotton terry cloth. Elasticized for perfect fit, covers are absorbent and easy to keep clean. Just remove and toss in washing machine.

TEACHING LOCALLY . . . Three Frionans have been doing their student teaching in the Friona Elementary School. Back row are Karen O'Brian, Mrs. Bill Teel, Mrs. Billy Sides and principal J.T. Gee. Seated are their home-room sponsors, Maurine Dunn, Mrs. James Hamilton and Mrs. Doug Stephenson.

### Student Teachers Train In Local School System

Three senior students of West Texas State University, Canyon, have been doing their student teaching in the local school system under supervision of elementary school principal J.T. Gee. They are Karen O'Brian, Mrs. Bill (Jeannette) Teel, and Mrs. Billy (Doris) Sides.

They are all residents of Friona and the surrounding area. Miss O'Brian is a 1962 graduate of Friona High School and attended South Plains Junior College, Levelland, two years before transferring to West Texas State. She is the daughter of Mr. and Mrs. Russell O'Brian.

She will graduate from West Texas in January and will receive a bachelor of science degree in elementary education in English. Beginning January 16 she will be teaching first grade in Pagosa Springs, Colorado.

Her cooperating teacher has been Mrs. Maurine Dunn. She has been teaching first grade in Friona for the past five years and plans to continue in the teaching profession. She is a member of Friona Classroom Teachers, T.S.T.A. and N.E.A.

Mrs. Dunn attended Oklahoma College for Women, which is now Oklahoma College of Liberal Arts, at Chickasha, Oklahoma, two years. Then completed requirements for a bachelor of science degree from West Texas State University, Canyon, in 1963.

Mrs. Teel attended Murray State College in Tishomingo, Oklahoma, two years before transferring to West Texas State, where she is completing degree requirements for a bachelor of science degree and teacher certification. She has been employed to teach in the local system next semester.

Mrs. James Hamilton, who has been a fourth grade teacher several years, has been Mrs. Teel's cooperating teacher. Mrs. Hamilton holds a bachelor of science degree from East Texas University, Commerce. She taught several years in Hunt County before moving to Friona.

She and her husband, James, who is a farmer, live in the Drake Addition. They have two children, Carolyn, who is a freshman student at Texas Women's University and Jimmie Paul, a seventh grade student.

Mrs. Sides, who has lived in the Hub Community several years, graduated from Roosevelt High School in 1944 and attended Texas Technological College, Lubbock, 2 1/2 years where she was a home economic major, before moving to Farmer County.

She will graduate from West Texas in January with a bachelor of science degree. She is an elementary education major, with subject concentration in mathematics as a minor. After mid-term she will be teaching

here. She and her husband live on a farm. The children are James, Kara Beth and David.

Speaking for the group, Mrs. Sides made the following statement: "Our student teaching has been a wonderful learning experience. The Friona students and faculty have received us graciously and we are grateful to both West Texas and the Friona Schools for making it possible for us to do our student teaching near home."

Dr. Burl Brim of WTSU is our college representative. Mrs. James Hamilton, Mrs. Douglas Stephenson and Mrs. Maurine Dunn have been our cooperating teachers. Student teaching is a nine week experience during which the student teacher observes and gradually does more and more of

the actual teaching until she has full responsibility for at least one week. Then the regular classroom teacher gradually assumes the responsibility again.

Mrs. Stephenson has been the cooperating teacher with whom Mrs. Sides has been working. She is a graduate of McMurry College, Abilene, with a bachelor of science degree. She is an elementary education with speech as a minor.

A regular yearly visitor to the Friona area is Jasper Bess, long time resident of Friona who moved back to Ada, Okla., a few years ago. He makes at least one trip back each year about income tax paying time to farmers. He and Flora still live on a farm and keep busy even though they are well advanced in years.

Farming has made many changes since Mr. and Mrs. Bess began their farming career. One of the first rules this young couple made was to never go to town without taking enough produce with them to buy all necessities. They still keep this rule after more than half a century of married life.

We enjoyed having Jap and Flora for neighbors for about fifteen years and have missed them since they moved away.

Another family group we are going to be missing soon are Mr. and Mrs. David T. McVey and their three fine children, Linda, Zane and Patsy. The McVey's are moving to El Paso at the close of the present semester of school.

In addition to having Mrs. McVey's name near the top of our list of favorite teachers since Susan's third year, in school, we also have had it near the top of our favorite

people list.

The entire family has always been very cooperative in community projects and I have especially appreciated Mr. McVey's patience in assisting in reporting news events in which members of Future Farmers of America and Young Farmers have participated.

Even though we are going to miss them, their influence on our community will long be felt and we wish them the best of everything in their new home.

It seems there has been some confusion concerning the Management School or workshop which has been scheduled by the Parmer County Program Building Committee. The first session was held at Hub Community Center Tuesday afternoon. The workshop, which will consist of six to two hour sessions, is open to anyone who desires to attend.

There is no admission charge and even though the Parmer County Agent and Home Demonstration Agent have both been working with it, it is not particularly for members of any club or group. The Texas Agricultural Extension Service is cooperating with the Parmer County Program Building Committee in presenting the workshop and possibly this is why some persons were of the opin-

ion that attendance was limited to club members.

The second session will begin at 1:30 p.m. Tuesday, January 10, and each of the other sessions will be held at the same time on successive Tuesdays. If you want to attend, just mark the time and date on your calendar then go. The next session will feature Family Business Centers and experts in various fields will present information on equipment, organization, files, arrangements, records and related subjects.

During the workshop every phase of family finances will be studied and those who attend should receive much benefit from any of the sessions. Ronny McNutt and Cricket Taylor want to encourage everyone to attend any or all of the sessions.

There's one sad truth in life I've found . . . While journeying east to west . . . The only folks we really wound . . . Are those we love the best . . . We flatter those we scarcely know . . . We please the fleeting guest . . . And deal full many a thoughtless blow . . . To those who love us best. (Anonymous)

early sunrise.

This Sunday the Texans, who have been transplanted to Kansas City, meet the Green Bay Packers in the first Super Bowl game in history.

Somehow, we can't help but pull for the "upstarts." Without them, pro football wouldn't have advanced to its present level. There might not even be the Dallas Cowboys had not Lamar Hunt started the league, forcing the NFL to retaliate.

We think the game should be an interesting one.
