

RESEARCH QUESTION

Cotton Growers To Vote In Referendum

Friends of Kenneth Miller, the former Friona High School football coach, were very proud for Miller here last Thursday, after his Vega Longhorns upset the Sundown Roughnecks, 34-16 in a bi-district game at Chieftain Field.

It was no more than poetic justice that Miller, after his night-marish two years at Friona, was at last able to coach a team to win at Friona.

For those newcomers to Friona, we might point out that it was Miller's misfortune to be head football coach at FHS right in the midst of the team's famous losing streak. In two years at Friona, Miller's team struggled to an 0-20 record.

But those who knew Miller knew he was a better coach than the mark which had to go into the record books at FHS during his tenure, and he has proven this.

At Vega the past three years, Miller's teams have had quite a record. In 1964, Vega was 7-3, and finished second in district to Bovina. In 1965, the Longhorns were 8-2. The team tied Bovina for the title last year, but Bovina represented the district.

This season, Vega is 8-2-1 going into their final game. So, Miller's coaching mark in three years at Vega stands at 23-7-1 going into the regional finals this weekend.

Before coming to Friona, Miller had spent two highly successful seasons as head coach at Groom. There, his teams won district both seasons; taking the bi-district crown the last year. In 1959 Groom was 7-4, and finished 9-3 in 1960, a two-year mark of 16-7.

It must have been pretty disheartening to Miller to have come to Friona with such a good record as a head coach, and leave two years later with his record swung in the other direction.

But a great tribute to the man is the fact that he didn't give up, but bounced back fighting. After spending a year as an assistant coach at Kress, Miller moved to Vega, where it would appear that he again has his train on the "right track."

After such a catastrophic two years as those at Friona, you'd think it might take a coach the rest of his career to again have his record "in the black."

But if you add up his totals at Groom, Friona and Vega, you find that Miller's record as a head coach is back in the winning ledger at 39-14-1. Without the Friona totals, Miller would be standing at 39-14-1, an excellent .731 percentage.

Miller now is able to talk philosophically about his bad experience at Friona. "It was just one of those things which happens in this profession," he says.

"Time heals a lot of hurts," adds Miller, who is a prime example of one who has faced adversity, but used it as a growth experience.

Miller was happy to be able to come back to Friona for a game, a fact which in itself shows a lot of character. He asked us to give his regards to those friends he did not get to see Thanksgiving Day.

Vega wasn't given much of a chance of beating Sundown prior to last Thursday's game. The Roughnecks had been top-rated in class B on the South Plains all year long, and Vega was rated no better than fifth in the final poll.

However, it may be that Miller and his team just had "something to prove" in the Thanksgiving battle. And they did.

Drager Attends Naval School

Constructionman Apprentice Aaron A. Drager, USN, son of Mr. and Mrs. John P. A. Drager of Route 2 Friona, is attending the Equipment Operators School at the Naval Schools of Construction Port Huene, California.

The course provides instruction in the operation and maintenance of heavy equipment.

Farmer County cotton growers will vote on the cotton referendum December 5-9 at the same time as the marketing quota referendum. Vote will be by mail-in ballots.

A meeting was held in Lubbock on November 15 where provisions of the Cotton Research and Promotion Act were explained.

The meeting was one of seven being held over the state by the Texas Agricultural Extension Service to present educational information on the Act.

John Box, Extension agronomist from Texas A&M University, explained to the group that Congress passed the Cotton

Research and Promotion Act earlier in the year. It provides for a cotton research and promotion program which would be financed by a \$1 a bale uniform assessment on cotton growers.

The \$1 a bale check-off will not, of course, go into effect unless it is approved by the growers in the coming referendum, said Box. The referendum is simply a vote, where cotton growers can accept or reject the proposal.

Box said there are two ways the cotton research and promotion act may be approved by the growers in the referendum. First, by a "yes" vote of two-

thirds of all growers who vote in the referendum. Second, by a "yes" vote of over 50 per cent of those voting who also produce two-thirds of the cotton represented in the referendum.

If the growers approve the order, a Cotton Board of about 20 members would be selected by the Secretary of Agriculture from names submitted by approved cotton producer organizations to administer the program, said Box. Texas would have 4 regular members.

He said the act makes special provisions for any cotton producer who does not want to participate in the research and promotion program.

A grower could obtain a refund of the \$1 bale assessment by making application within 90 days from the date of ginning.

The Texas and national cotton situation was discussed by Sid Jenkins, Extension marketing specialist at A&M. He said Texas and U.S. cotton is faced with two tough competitors -- foreign cotton and man-made fibers.

He said there was a record cotton carryover this year of about 17 million bales. Exports this year should total around 5 million bales, compared to last year's 2.9 million bales, which should reduce the record carryover some.

Jenkins said the Texas cotton crop this year is down to about 11 million bales -- smallest since 1957.

Total consumption of cotton in the world is increasing, but per capita consumption is decreasing. And a major problem is the declining per cent of cotton's share of all fibers consumed in the U.S., he said.

When cotton was really "king" the U.S. Produced more

cotton than all foreign countries combined. But not so today. Now, foreign countries produce more than twice as much cotton as we do, said Jenkins.

Dr. James Kirby, Extension marketing and policy economist at A&M, told the group about \$70 million was spent last year for promotion of man-made fibers. That compares to \$4 million spent to promote cotton, he said.

Kirby said research expenditures by the man-made fiber industry last year were \$135 million compared with total cotton research funds of just over \$26 million.

He said those who support the act point out the farmer can get a full refund of the dollar per bale if he does not want to support the program. Supporters say this provides the farmer with a choice.

Christmas Drawing Slated Saturday

The first in a series of four drawings will be held Saturday at the City Park in Friona. A drawing will be held each Saturday preceding Christmas. Each give-away session will start at 2:30 p.m.

As was the case with last year's promotion, shoppers will receive a free gift coupon with each \$1 purchase of payment on account.

Each week there will be a "grand prize" winner, who will get several prizes, as well as several winners of smaller prizes. Plans are to give more

free gifts than were given last year.

Merchants who have not yet donated to the fund are urged to do so at once, so that the drawing prizes can be divided up.

Prizes, as last year, will be in the form of merchandise which will be donated by Friona merchants.

It will be necessary for winners to be present to claim their prizes when their names are drawn.

The promotion is under the sponsorship of the Friona Association of Retail Merchants.

MONDAY

"Shop Friona First" Is Xmas Style Show Theme

The Friona Chamber of Commerce is sponsoring a "Shop Friona First" pre-Christmas style show Monday night at Friona High School Auditorium. The show will begin at 7:30 p.m.

Four Friona merchants are participating in the show: Hurst's Department Store, Fosters, Ruthie's and Malouf's.

Admission charge of \$1 will be made. Proceeds will go to the permanent library fund. Local residents will serve as models in the show. All age groups will be represented. Mary

Kaye Everitt, Friona Chamber of Commerce manager, will serve as narrator of the show.

"We feel as though the show will not only help the library secure funds, but should give Friona shoppers an idea of what their local clothing stores have to offer this year, and encourage them to shop at home," Mrs. Everitt says.

"FARM" Meeting Scheduled Today

The monthly meeting of the Friona Association of Retail Merchants will be held today at Friona Lanes at 1 p.m. All merchants are urged to attend the meeting. The Christmas give-away promotion will be discussed, with final plans ironed out.

ACTION STARTS TODAY

Friona Hosts Basketball Tournament This Weekend

Friona area basketball fans have a first-hand opportunity to get their fill of the round-ball sport this weekend, as Friona hosts a basketball tournament for the first time in six years.

Action begins at 12 noon today. Eight games are on tap today, eight on Friday and six for Saturday's wrap-up.

And for the avid basketball fans, many of whom have driven 1,000-mile round trips for two Friona games in a state tourna-

ment, this will be a treat. There will be 22 games played at the new Friona High School gym in the three day period. Admission will be 75 cents for adults and 25 cents for students per session. A session will consist of two games on Saturday, and four games each of the other days.

Nine schools are represented in the tournament, which is actually a dual affair-one tourney for boys and one for girls, including schools from four different enrollment classifications.

Cotton Center, a class B school from the South Plains, is entered. There are four class A schools; Farwell, Bovina, Petersburg and Springlake (boys). Two class AA schools are here, Muleshoe (boys and girls) and the Canyon girls team.

Olton, a District 3-AA foe, will help kick off the action in the girls division at 12 noon today, meeting Cotton Center. That game will be followed by a contest featuring boys teams from the two schools.

At 2:30 p.m. today, Canyon and Petersburg girls tangle, and at 3:45 it's Springlake vs Petersburg in a boys contest.

Muleshoe and Farwell girls start the Thursday evening action, a game which begins at 5 p.m. Boys teams from the two schools then meet at 6:15.

Friona teams get into the action with the Squaws facing a county rival, Bovina at 7:30 p.m., with the Chiefs and Mustangs following at 8:45 p.m. Consolation games begin at

CONTEST WINNERS . . . Danny Murphree, left, and Dennis Howell, right, are shown receiving their prize envelopes from Friona Star editor Bill Ellis, after having won the first and second grand prize in the Star's annual football contest.

Murphree, Howell Take Top Prizes

Two Friona students at Wayland Baptist College, who live just "down the hall" from each other have claimed the first and second grand prizes in the 1966 Friona Star football contest.

Danny Murphree, a leader in the contest since the fifth week, kept his two-point margin to win over another Wayland sophomore, Dennis Howell.

Third place in the contest resulted in a tie between Dale Houlette and Dean Blackburn. The two contestants agreed to split the third prize, which was two season passes to Friona chief games in 1967.

Murphree scored an 11 in the final week's contest to win with 145 season points. Howell also had an 11 for a total of 143. Houlette and Blackburn each had 141, as Blackburn gained two points with a final week's 13.

Otherwise, Benny Pryor finished fifth with a score of 140. Eugene Ellis, Charles Howell, Kenneth Watkins, Mrs. Albert Johnson and Mrs. Edward White all finished at 136, to round out the "top ten". Scores of all leading contestants can be found elsewhere in this issue.

Murphree, in winning, gets two tickets to the Cotton Bowl game, December 31 in Dallas, \$40 expense money and hotel accommodations at the Hotel Adolphus.

Howell was awarded two tickets to the Sun Bowl game December 24, \$25 expense money and hotel accommodations at the Downtowner in El Paso.

Blackburn was the only contestant of the "top ten" to get as many as 13 games right. In fact, he was one of only two contestants entering the final week to get that many games right, and took second place money of \$3.

Mrs. Edward White had the other score of 13, and she almost hit the Dallas-Cleveland tie-breaker score right on the nose, guessing it at 27-14, Dallas. Actual score was 26-14.

Only eight contestants got as many as 12 games right. Waymon Wilkins emerged from the pack for third place money of \$2.

OTHER TWELVES

Other contestants correctly picking 12 games included Mrs. John Fred White, Edward White, Doyle Mabry, Jerry Mabry, Frank Castillo, Walter Cunningham, and Gene Ezell.

DECEMBER 13

Santa And Sleigh Coming To Friona

Santa Claus is coming to town!

The old gentleman from the North Pole will bring his giant 30-foot sleigh, "The World's Largest Sleigh," to Friona on Tuesday, December 13, to take all the children for a ride.

The big sleigh is bright red, trimmed in silver and can accommodate 60 children on each

ride according to Porter Roberts, president of the Friona Association of Retail Merchants. Six Shetland ponies, dressed in chrome-plated harness, bright red plumes and sleigh bells will pull the world's largest sleigh.

Friona's retail merchants through a special arrangement with Santa Claus, will give away

coupons which will enable the children to fulfill the dream of every child, to ride on the sleigh with Santa.

A personal interview by Santa with each child has also been arranged. Concealed speakers on the sleigh will broadcast each interview throughout the business district. Beautiful Christmas music will also be heard continuously in the background, as Santa, with his big sleigh, loaded with happy children, rides through the streets. It will follow a designated route, selected by the local committee.

Miss Merry Christmas and a complete crew, all in costume, will accompany Santa on his visit here. Merry will be Santa's official hostess on the sleigh.

Large crowds are expected to come to the business district, Roberts said, to see the spectacle and bring their children to participate.

Free ride coupons can be obtained from local merchants and no rides will be given without the coupons. Coupons will be turned in to Santa's ticketman for a numbered ride ticket.

Groups will board the sleigh as their number is called. As many as 4,200 children have ridden with Santa on the sleigh in a single day.

Friona Merchants will give away the free ride coupons.

CHRISTMAS STYLE . . . Streets in Friona took on a Christmas attitude this week, as Christmas decorations were put up by the city employees.

ACRES OF COTTON . . . Gins in the Friona area reached the peak of the 1966 ginning season the past week, as many farmers up with their cotton harvest. The above gin in Friona shows a typical scene, with cotton lined up ready for ginning.

"Where's Your Diploma?"

According to the Association of American Railroads, piggyback service is headed for its first million-carload year on the nation's railroad. During the first half of 1965, the railroads moved an average of 19,000 flatcars loaded with highway trailers each week -- an increase of nearly 16 per cent over the comparable period of 1964.

CHRISTMAS BUYING

Merchants Expect Record Gift Sales

American merchants can expect Christmas sales for 1966 to exceed all previous records by approximately 10 per cent. However, the individual retailer will have to work harder to get his share of the increased spending. Although the Christmas shopper has more money to spend than ever before, he is more conscious of price than he has been in recent years.

Consumers seem to be determined to offset rising prices by a more careful pre-shopping. Comparative prices in retail advertising will focus attention on stores which recognize a new type of public demand.

The sales manager of one major retail company explained the situation this way: "We know we have to get back to competitive price advertising to attain our anticipated increase in sales."

But it would be a mistake for any retailer to assume that the price-conscious consumer of today is interested in price alone. He is also interested in value. Having become more sophisticated and accustomed to extra spending money, he realizes that value and low price can go together.

The careful consumer expects more of advertising than wild general claims. He expects details about products with reasons why the advertised product is a value.

The large page of the local newspaper is one place where the local merchant can meet the most careful shopper with unlimited and convincing detail regarding price and quality.

Sixteen Accidents In County For October

The Texas Highway Patrol investigated 16 accidents on rural highways in Parmer County during the month of October, according to Sergeant W.E. Wells, Highway Patrol Supervisor of this area. These crashes resulted in four persons injured and an estimated property damage of \$10390.00. The rural accident summary for this county during the first ten months of 1966, shows a total of 92 accidents resulting in 2 persons killed, 45 persons injured, and an estimated property damage of \$67,584.00. Get the jump on the winter months by having your vehicle safety inspected by an authorized garage to assure its safe mechanical performance. Then have your car "winterized" by checking the following items: anti-freeze in radiator, battery, an engine tune-up, brakes, exhaust, tires, windshield wipers, lights, turn signals, horn and defrosters. For an extra measure be sure you have ice scrapers, snow tires or tire chains. The Sergeant stated, "today's inspection is tomorrow's protection."

Postmaster Reminds Of Mailing Helps

Postmaster Williams reminded Friona residents today that there are only 20 mailing days before Christmas. "While that may seem like a long time to most people, it is frightfully short to those of us in Postal Service," he said. Postmaster General Lawrence O'Brian has predicted that well over eight billion pieces of mail must be delivered between now and Christmas eve, a new record. "We are asking everyone to start thinking about their Christmas shopping and mailing now. If all the holiday mail were to hit the postal systems at one time, it is obvious that we'd have difficulty delivering every piece on time." Mailing early and spreading the mail flow out along the entire pre-Christmas season is the key to better mail service at this time of the year. Last year the public cooperation has "tremendous", according to Williams. Virtually every piece of holiday mail was delivered before Christmas Day. This year with increased volume because of the continuing strength of the economy we are hoping to see the fine cooperative spirit again. Postmaster Williams offered these mailing tips: Use Zip Code on all mail. "If there are some zip codes that you still need for your mailing list, come to the Post Office and look them up in our Zip Code directory or give us a call," Williams says. Prepare your gift list right away. The earlier you do your shopping, the better chance you have to get exactly what you want. While the stores are still full of merchandise, that way you can mail earlier too. Be sure to have enough boxes, tape, string and wrapping paper on hand. Wrap your package well. Include sufficient padding. Remember, that your parcel may be shipped in a mail sack with a set of encyclopedias riding on top. Include a card or piece of paper inside the package with your name and address and that of the person you are sending the parcel to in case of the wrapping should be loose and come off. That way, you can be assured your gifts will not end up in the dead parcel office, also insert a list of the parcel's contents. Address your gifts and greeting cards clearly so that postal workers will have no difficulty in reading the distinction. Use first class postage on greeting cards. This assures their being forwarded if the recipient has moved. Cards that are undeliverable will be returned when you include a return address on the envelope. The Post Office Department has issued a special five-cent Christmas stamp which will help decorate your holiday mail. Most important mail early and use Zip Codes.

This is when your insurance agent's foresight counts

Suppose your child caused this kind of accident—an accident that could cost you thousands of dollars. Could you count on your insurance agent for help? You could if he's an independent insurance agent. If you bought your insurance through an independent agent, you were probably advised to buy liability protection against unexpected accidents. An independent agent is free to make sure your policies fit your needs, because he can pick and choose among several fine insurance companies. He owes allegiance to no one company. He displays this seal. Does your insurance man? We are independent insurance agents, ready to give you The Big Difference in insurance—continuing, personal attention. Youth Rally Here Saturday

A Baptist associational youth rally will be held in Friona Saturday at the First Baptist Church, at 7:30 p.m.

The Chapel Choir of the San Jacinto Baptist Church, Amarillo, will present the program, which will be a cantata, "The Sound of Singing," by John Peterson.

All young people, especially in the Friona area are urged to attend.

McMahans Get Hub Store

Mr. and Mrs. J.W. McMahan have recently purchased the interests of Mr. and Mrs. Ray Robinson in the Hub Store, and invite their friends in the Hub community to stop in and visit with them.

The McMahans say they will announce plans in the near future to enlarge their store, and add many items which are at present not carried.

Disability Rule Change Noted By SS Official

John Troop, social security representative for this County, reminded beneficiaries today that under changes in the social security law made last year, a person need not be totally and permanently disabled in order to receive disability benefits.

"If a person has an impairment which prevents him from engaging in substantial work and the condition is expected to last (or has lasted) up to a year, he may be eligible for monthly benefits," Troop said. Previously a person could only receive disability benefits if he had a mental or physical impairment that was expected to continue for a long and indefinite time, or to result in death.

An applicant must have a total of five years of covered work during the ten year period before he became disabled, but the five years need not be continuous.

The law has special work provisions for blind people. All blind persons who have some work under social security should get in touch with their social security representatives to get further information about the provisions.

Free literature available to anyone who may be interested in the disability provisions include Leaflet No. 8, and Booklet No. 29. These may be secured from a representative at the social security office in Clovis at 106 West 5th. Office hours are Monday, Tuesday, Wednesday, and Friday from 8:30 a.m. to 5 p.m., and Thursday from 8:30 a.m. to 9 a.m.

The word "barber" derives from the Latin "barba", for beard. In Roman times, a "barbarian" was simply "a bearded man".

Reports Highlight Dietetic Meeting

The Panhandle Dietetic Association met Thursday November 17th in the home of Mrs. Lowell Johnson, Amarillo. Mrs. Johnson, president, presided at the business meeting. She gave reports from the Texas and American Dietetic Associations and a report of the association's part in the Area Science Fair.

Mrs. Jack Ware gave a report of the Dietary Services Workshop she attended in Austin.

Mrs. Emily Earthman, pediatric instructor for Northwest Texas School of Nursing, gave a speech on new trends in pediatric nursing. She told of the many things the student nurses learn about the well child and

about parents before they even start to learn about the sick child. She said, "they are well prepared before they actually go into the pediatric unit of the hospital to put into practice their knowledge of children."

Now trends are to let parents visit their children around the clock, to provide wholesome play rooms for these patients. Many of the new dolls are made so the things that will be done to the child can also be done to the doll by the child. This often explains what is to be done when the child is to young to be told in words.

Children are always told the truth about what will happen on the modern pediatric unit. Recent new members are Mesdames Gus Saudo, Ed Carol,

Cleas Montague, of Amarillo; Mrs. Helen Tully of Canyon and Mrs. Keith Brock of Friona.

Ellen Latta of Groom left recently to become a dietitian in the army.

The next meeting will be January the 12th, at 7 p.m. in the officers club at Amarillo Air Force Base.

He is a sophomore animal science major and is a 1965 graduate of Lazbuddie High School.

Betty Ann Richey Is Bride Of Jerald Gober

In a candlelight ceremony on Nov. 5 at Northside Baptist Church in Hobbs, N.M., Betty Ann Richey became the bride of Jerald R. Gober, with the Rev. Robert Tremaine performing the ceremony.

The chancel of the church was decorated with bouquets of antique gold chrysanthemums, lemon foliage, and Baker's fern arranged against a background of gold branched candelabra holding white tapers. The sanctuary railing was decorated with garlands of fern, white candles and clusters of gold chrysanthemums. A white aisle cloth marked the bridal aisle, and the couple knelt on a white wrought

iron prie dieu for the benediction. Pews of the church were marked with clusters of gold chrysanthemums, greenery and white satin bows.

The bridegroom, son of Mr. and Mrs. Webb Gober, Farwell, was attended by Nathan Moore, Lubbock, as best man. Ushers were Gibson Hoffman, Lubbock and Mike Paine, Leveland, Tim Tremaine served as ringbearer. Candles were lighted by David Stewart and Alan Gober, brother of the groom.

Mrs. Robert Pyle was matron of honor. She wore a floor length sleeveless dress of antique gold brocade designed with a portrait neckline. The empire waistline was encircled with a

moss green velvet ribbon tied in a bow with long streamers. Her shoes were dyed-to-match, and she carried a cascade bouquet of gold miniature mums trimmed with gold lame and moss green velvet leaves, tied with loops of green velvet ribbon.

Bridesmaids were Linda Wiseman, sister of the bride, and Kathryn Gober, sister of the groom. Their ensembles were identical to that of the matron of honor.

Tori Tremaine was flower girl. She wore a floor-length antique gold peau de soie dress designed with brief sleeves and portrait neckline. She carried a white lace basket trimmed with moss green velvet ribbon and leaves and filled with white rose petals.

The bride, daughter of Mr. and Mrs. Earl Wiseman, was given in marriage by her father. She was attired in a floor-length gown of white peau de soie designed with a portrait neckline. Re-embroidered Alencon lace motifs were applied on the sleeveless empire bodice and the A-line skirt. A formal redingote fastened at the front of the waistline with a bow. The elbow-length Kubuki sleeves were heavily applied with re-embroidered Alencon lace motifs encrusted with pearls.

Soft pleats at the back of the coat formed a chapel-length

train. Her headpiece was a caplet of peau de soie petals edged with pearls and accented by a bow holding a tiered veil of imported silk illusion.

The bride carried a cathedral bouquet of white Butterfly roses, stephanotis and camellia foliage accented with white lace leaves and satin ribbon atop a white Bible. For something old she wore a 54-year-old wedding ring belonging to her maternal grandmother; new was her wedding gown; borrowed was a handkerchief belonging to her mother; and blue was a garter. In her shoes were pennies minned in the couple's birth years.

Mrs. Benny Garner was organist and Corrine Case sang, "I Do," "More," and "The Wedding Prayer."

MRS. JERALD R. GOBER

Karen Sue Osborn Feted With Shower

A bridal shower in the home of Mrs. Dalton Caffey from 3:00 to 5:00 p.m. Saturday, November 19, was a courtesy for Karen Sue Osborn, bride-elect of Gary Lou Renner. Other hostesses were Mesdames W.H. Long, D. C. Herring, W.S. Ingram, Kenyth Cass, R.E. Sneed, E.G. Phipps, Frank Truitt, Dorothy Hough, Wesley Foster and Jean K. Anthony.

Refreshments of spiced tea and cookies were served from a table covered with a white linen cloth and centered with a floral centerpiece of gold and white fall flowers.

Special guests were Mrs. Rudolph Renner and Mrs. J.L. Shaffer, grandmothers of the couple.

Mr. and Mrs. Arthur Drake and Peggy, Mr. and Mrs. Jerry Brown, Jana and Sherri and Mr. and Mrs. Floyd Reeve visited Mr. and Mrs. Dell Dodge at Byars, Colorado, Thanksgiving Day. Mr. and Mrs. Dodge are parents of Mrs. Arthur Drake.

Doris Lange of Houston, was a holiday visitor in the home of her parents, Mr. and Mrs. O.F. Lange.

Future Nurses Plan Project

At the Tuesday afternoon meeting of Future Nurses Club in the meeting room of Farmer County Community Hospital plans were made for decorating the doors of the hospital and the high school building.

MR. AND MRS. L. M. GRISSOM

Grissoms Celebrate Golden Anniversary

Mr. and Mrs. L. M. Grissom will observe their 50th wedding anniversary at an open house from 2:30 until 5 p.m. Sunday in their home.

The couple's sons and daughters will serve as hosts, Kenneth G. Grissom of Shallowater, Leon Grissom of Bovina, Miss

Lola Jean Grissom of Bovina, C. W. Grissom of Taiban, N.M. and Mrs. Bill Crume of Lubbock.

The serving table will be laid with an off-white cut-work cloth

over gold, centered with an arrangement of white chrysanthemums and golden raptures roses.

The former Miss Pearl Foster and Grissom were married Dec. 24, 1916 in Elk City, Okla. They moved to the Oklahoma Lane community from Oklahoma in December, 1925. They farmed at Oklahoma Lane until moving to Bovina in 1954.

Mr. and Mrs. Grissom are active members of the Bovina Methodist Church. Grissom is a director of the Bovina Wheat Growers and a director of First State Bank of Bovina.

Dorcas Class Meets Thursday

The Dorcas Sunday School class of Calvary Baptist Church met in the home of Mrs. Elmer Euler Thursday afternoon. Mrs. Lura Bradley, president, had charge of the business session. Mrs. J.L. Lafferty conducted the scripture reading.

The opening prayer was led by Mrs. H.A. Hyde. Mrs. Clyde

Scarborough directed a study of the lives of Zelophad, Rahab and Deborah. The closing prayer was led by Mrs. Lura Bradley.

The hostess served refreshments of ice cream and cake to Mesdames Bradley, J.P. Wilson, Hyde, Scarborough, Lafferty and C.A. Turner.

I've often heard preachers say, "A working church is a growing church." The statement is probably just as applicable to any organization. If it can be applied to a community, ours certainly could be classified as a "growing community."

There is no end to the amount of benevolent work done in our community by just about every resident of it. Any time there is need for any kind of work to be done and residents of the community find out about it, there are three times as many volunteers as there are jobs. Because of the general attitude of so many each of us should take a great deal of pride in our community. Many of our residents put in a lot of time and effort in making our community a better place in which to live.

During the recent drive for funds for the United Fund farmers, merchants, professional people and their employees worked together and did a magnificent job in recent time. Some organizations contributed time and talent to the project and through the combined efforts of all the task was soon completed.

One group upon which the community has learned to depend when any outside assistance is needed is the local Future Homemakers of America. Members of this organization are called upon often for various tasks and always respond in a wonderful way.

Those who assisted with the fund drive were Crista Evans, Kathy Renner, Brownie Cole, Lou Cochran, Linda Fallwell, Lydia Buske, Joan Gail Brookfield and Terri Sue Cummings.

A group of men who do a fine job for which they are paid then put in a lot of time and effort extra are custodians of the school. Several of these men

are very interested in beautifying the grounds and their efforts can be seen in several directions.

One of the most obvious improvements these men have made in recent months is the grassed over playground just west of the elementary schools. For many years this vacant block was just a bare space for children to play.

On nice days it was not so bad, but on windy days it was almost unbearable. The blowing dirt filled the eyes and hair of teachers on playground duty and students alike.

It is a real pleasure now to drive by and see a large number of students playing all over the block, which has a nice grassy cover. In the past when anyone mentioned growing grass there someone always said, "It has been tried and just can't be done." I'm guessing the custodians of the school didn't know it couldn't be done, so they did it. Everyone who had a part in the project deserves a huge bouquet of orchids.

My sincere apologies go to the hostesses for the bridal shower for Mrs. Melvin Southward. Somehow or other the story in last week's Star about the event mentioned neither time nor day. It seems that these errors always happen when it is too late to correct them. I'm hoping persons who were interested in attending were glad names of hostesses were mentioned and called for other pertinent information.

To say, "We are sorry!" now just will not help matters at all. Maybe making a promise to do better in the future might be of some comfort to persons concerned. All I know to say now is: "The error was not intentional and is regretted very much."

Martins Return

Mr. and Mrs. Calvin Martin returned home Saturday after spending a week visiting relatives and friends in Colorado, Oklahoma and the Panhandle of Texas. They were guests in the home of Mr. and Mrs. Eugene Nidey and daughters at Campo, Colorado then visited friends at Lamar.

From Lamar they went to Chivington and visited in the home of Mr. and Mrs. Louis Baxter and Steve. They also visited in the homes of Mr. and Mrs. Earl Lowder, Buffalo, Oklahoma and Mr. and Mrs. Henry Martin, Borger, before returning home.

Jake Armstrong Is Club Speaker

Guest speaker at the Thanksgiving meeting of Friona Woman's Club in Federated Club House Wednesday afternoon was Jake Armstrong, pastor of Calvary Baptist Church.

Sally Kendrick and Ann Hurst presented two vocal numbers, "Bless This House," and "He". They were accompanied by Mrs. Roy V. Miller Sr. at the piano. Roll call was answered by twelve members with "A person I am thankful for." The meeting was closed with repetition of "The Lord's Prayer," in unison.

Refreshments were served by Mrs. V.R. Jordan and Mrs. O.T. Patterson, hostesses. Special guests, besides those on the program, were Mrs. Andy Hurst and Mrs. Thomas, mother of Mrs. Joe Moyer.

610,000 American people are directly affected by TB. Use Christmas Seals to help them.

Local Student Is In Who's Who

Kay Johnson of Friona was among 36 seniors selected at the Texas Woman's University to be included in Who's Who Among Students in American Universities and Colleges. Final selection was made by a faculty-students committee from over 70 students nominated by their departments.

Miss Johnson is a sociology major, the daughter of Mr. and Mrs. Herschel Johnson of

Friona. She is president of Alpha Kappa Delta, honorary fraternity for sociology, and a member of Modern Choir, Choristers, Round Table, and the Sociological Society.

Last year she served as secretary of the Student Finance Council. She has been on the Dean's List and worked in Stunts and Gold Rush. She is a 1963 graduate of Friona High School and is a Senior at T.W.U.

Final Rites For Mrs. Edward Spring

Funeral services for Mrs. Edward Spring were conducted from Friona Methodist Church at 2:30 p.m. Wednesday. Rev. James Price, pastor, and Rev. Paul Mohr, pastor of Union Congregational Church, were officiating ministers.

Mrs. Spring died at 6:00 a.m. at Farmer County Community Hospital following an extended illness. She lived in the Rhea Community about 20 years before moving to Friona two years ago.

Survivors, besides her hus-

band, include three sons, Don, Friona, Eddie, Dallas, and David, Amarillo; two sisters, Mildred Dorris, Las Cruces, N.M. and Mrs. M.A. Hudson, Clovis; and an uncle and aunt, Mr. and Mrs. D.J. Lee, Eufaula, Oklahoma.

Pallbearers were Charlie Wise, Randol Allen, Leroy Widener, Henry White, Howard Love, and E.O. Johnston.

Burial was in Friona Cemetery under direction of Claborn Funeral Home.

FOR HOLIDAY TABLES

A Jolly Red Giant

A jolly Santa Claus centerpiece will add a gay and colorful touch to your holiday party table. This two-foot high version of the jolly red giant is easy to construct.

Two large paint-mixing buckets—the cardboard type sold at hardware or paint stores—form the body.

Begin by trimming the rim off one bucket. Then turn the bucket upside down and fit it inside the rim of the uncut one. The two joined buckets will form a figure that's wide in the center and tapering at top and bottom.

Cut two pieces of red paper to cover top and bottom halves, gluing in place. Then dip a cotton swab in ink or paint and use it as a tiny brush to draw on Santa's wide black belt and make a border at the lower edge. Make a belt buckle from aluminum foil.

For the face, cut a semi-

circle of white construction paper about five inches deep and glue on. Paint on eyes with a cotton swab and pop a red Christmas tree ball in place for the nose.

To make Santa's three-dimensional beard, punch holes along the rim of the face. Then insert cotton swabs in the holes.

For arms, glue on strips of red paper six inches long and three inches wide. Shape feet from black paper.

Create a pointed hat by rolling red paper into a cone and gluing it together in the back. Top the hat with a cotton cosmetic ball or a ping pong ball.

Take-home favors for child guests can be miniature Santas made from small paper cups. Follow the same procedure for making the centerpiece. Attach finished design to small candy cane "skis."

REBOUNDS . . . Linda Fallwell goes high to grab the rebound of a missed shot by Muleshoe in Tuesday night's game here. Other Friona players are Kathy Jones (left) and Lou Cochran. Muleshoe forwards are Mary Janice Puckett and Jeanie King.

HOLIDAY PARTY CENTERPIECE—Having a hand in making party decorations is every child's delight. This two-foot Santa, made from paint-mixing buckets and paper, is easy to construct. Q-tip cotton swabs form a three-dimensional beard. Miniature Santas made from small paper cups can be given young guests for take-home favors.

Spring Attends Bank Committee Meeting

Mr. and Mrs. Frank A. Spring were in Austin and Houston recently where he attended a meeting of the legislative committee of the Texas Bankers Association of which Spring is a member.

The Springs also went to Houston, where they saw the TCU-Rice football game. Mrs. Spring's nephew, Jay Collins, plays on the Rice team.

While in Houston, the Springs

also visited with the Charles McLeans, former Friona residents.

Scouts Will Form

A meeting of parents and boys who are interested in forming a Cub Scout pack is scheduled for Tuesday, December 6, at the grade school cafeteria. The meeting starts at 7:30 p.m.

Boys who are eight, nine and ten years of age (or who will be eight by January 15) are eligible to join.

CHIEFS WIN, 42-40

Teams Sweep Muleshoe Set To Prepare For Tournament

Friona High School Chiefs and Squaws remained unbeaten on the local court by taking wins from visiting Muleshoe here Tuesday night.

The Squaws coasted to their fourth win of the season, 54-30, but the Chiefs had quite a game of it, edging the Mules, 42-40, for a 3-0 record. In a girls' B game, Friona also won, 36-14, behind Missey Renner's 13 points.

The Chiefstain - Mule battle was close from tipoff until the final buzzer. Longest lead by either team was five points, which Friona held during the second half. Muleshoe had four-point leads early in the game.

Muleshoe held the lead through most of the first quarter, scoring first and maintaining the upper hand except for a brief period after Bobby Jordan scored Friona's first field goal midway of the quarter for a 5-4 Friona lead. It was 10-8 Muleshoe at the buzzer.

Both teams were cold during the second period, which saw the Mules keep the lead until the last minute before halftime. Then Eddie Wood sank a jump shot with 30 seconds left for a 17-16 Friona edge, and Jordan intercepted a pass and made a

layout to make it 19-16 Friona (the Chiefstain's longest lead to that point) at halftime.

Muleshoe came back to knot the score early in the third quarter, but the Mules never regained the lead, although the game's outcome was never assured until the final buzzer.

Friona had its first five-point lead at 27-22 midway of the third quarter, and it was 31-27 at the three-quarter mark.

Ray Lynn Murphree's jump shot gave the Chiefs another five-point edge at 34-29, and Jordan's three-point play at the four-minute mark gave the Chiefs their last comfortable lead at 39-34.

Eddie Wood's hook shot at 1:45 padded a two point lead into a 42-38 count, and when the Mules countered with a basket with 1:38 remaining, that was to be all the game's scoring.

Friona's coldness at the free throw line made the game closer than it should have been. The Chiefs hit only 14 of 32 attempts, compared to 12 of 18 for Muleshoe.

The Squaw - Mulette game started off slowly, with Friona holding a 7-5 lead at the first

quarter's end. The Squaws began to get wound up in the second quarter, though, and had a 27-14 lead at halftime.

With Cindy Ingram bombing the baskets, Friona sent 23 points through the nets in a torrid third quarter, at the end of which the Squaws had put the game out of reach with a 50-18 lead.

The game marked the Squaws' 20th consecutive win over the Muleshoe girls, stretching over a 10-year period.

Last Tuesday night at Farwell the Chiefs and Squaws took their second wins of the year over Farwell. The Squaws won 64-32; behind Ingram's 26 points. The Chiefs won in an overtime, 54-52, as Murphree tossed in 18 points.

Panel Discussion Highlights Meet

The Dusk and Dawn chapters of Future Homemakers of America met in the high school library Monday. "How To Make Your Money Behave," was the topic of a panel discussion. Phases of daily living including clothing, daily expenses, gifts, parties, savings accounts and other incidentals were discussed.

Panel members were Mrs. Floyd Reeve, Mrs. Joe Reeve, Mrs. Jackie Lee and Mrs. Bill Raybon.

Refreshments were served by Bennie Lynn Hannold, Paula Hassenpflug, Terri Schueler, Beverly Anthony and Risa Howell, hostesses.

OPTICAL ILLUSION? Which is taller, the man or the truck? No trick photography here; what the camera man captured when he snapped his shutter at Philadelphia International Airport was a real jet fuel truck (background, height 8 ft.)... a life-size Texaco driver (height 6 ft.)... and a toy truck (foreground, height 6 1/2 in.). The model is exact in every detail. Sold at Texaco service stations for \$4.98, the toy jet fuel truck has a unique "tilt-cab" steering device enabling a young rider to turn the wheels right or left, by pressing lightly on the cab roof.

THEN & NOW Frionan- Member Of WTU Judging Team

While all of us pay attention to our grooming, few people realize how ideas of what makes a man look his best have changed. And thanks to a wide array of easy-to-use grooming aids, modern man spends a lot less time on his appearance than did his counterpart of 150 years ago.

When Napoleon Bonaparte controlled most of Europe, many men of the day wore powdered wigs. Unlike his contemporaries, however, Napoleon is said to have never used one. His dark hair was almost a trade mark.

Today, men can keep their hair looking neat all day without using messy preparations in untidy tubes or jars. A new formula grooming hair spray for men from Ed. Pinaud, Inc.—a firm that sold cosmetics to Napoleon—comes in aerosol form and is not greasy, sticky or stiff.

Dwain Phipps of Friona will represent West Texas State University at the International Livestock Judging Contest in Chicago next week.

Son of Mr. and Mrs. C.M. Phipps, he is a member of the senior team participating in the contest. He is a senior majoring in agriculture. The team will participate in workouts at Kansas State University, University of Nebraska and the University of Iowa.

The team will also workout at Northern Pump Farm and Allied Mills Farm of Libertyville, Ill.

The International contest will be held Saturday in Chicago, and an awards banquet will be held at the Saddle and Sirlain Room of the Stockyard Inn Sunday. A Block and Bridle meeting will also be held Sunday afternoon.

The team will leave Chicago Sunday and will return to the campus late Monday night.

If a Fire Starts Summon the Fire Dept. At Once

If a fire starts in your home, school, or place of business, call the fire department immediately, says the American Insurance Association.

All fires are little ones when they begin, and the first five minutes is the crucial period if fire occurs.

Fire fighting is a job for professionals, the Association adds, and firemen are trained to extinguish fires before they get out of hand.

Not so long ago, a man in the northeast found an upholstered davenport smoldering in the living room of his home—someone had dropped a cigarette on one of the cushions. He went to the kitchen, filled a pan with water and came back and doused the flames. He assumed the fire was out, hauled the davenport out of the house, and placed it on the front porch. Then he retired.

The fire in the davenport

should have been out, but there was still a small spark smoldering in the upholstery. A brisk wind arose, and fanned the ember into a flame.

The result: Before the fire was rediscovered, the whole house was involved and burned to the ground.

"If you discover a fire in your home, call the fire department at once.

Property can be replaced, but a life can not.

David Cobb In Seattle

Aviation Machinist's Mate Second Class David J. Cobb, son of Mr. and Mrs. Thomas G. Cobb of Route 3, Friona, Tex., has reported for duty with Patrol Squadron 17 (VP-17) based at the Widbey Island Naval Air Station, Seattle.

The mission of VP-17 is to conduct all-weather anti-submarine operations, and serial reconnaissance.

Before entering the service January 1955, Cobb attended Friona High School.

Cotton producers should remember and vote in the two cotton referendum during December 5-9.

One of the items to vote on is the cotton research and promotion act. This program provides for a cotton research and promotion program which would be financed by a \$1 a bale uniform assessment on cotton growers.

The other item to vote on is the cotton quota referendum, which is basically the same as voted on in years past.

Every cotton producer should vote on these referendums. The other item to vote on is the cotton quota referendum, which is basically the same as voted on in years past.

Every cotton producer should vote on these referendums. Ballots should be returned to the ASCS office.

Anyone interested in the future of the Panhandle is urged to attend a public meeting scheduled for Wednesday, December 7 at Canyon. The meeting will begin at 1:30 p.m., in the Student Union Building of West Texas State University. The Panhandle Economic Program will be explained at the meeting. The primary purpose of the P.E.P. is improving income from our agricultural industry through improved use of area resources.

A crowd of 100 to 200 people are expected to attend this event in Canyon.

Water freeze-up problems around the farm and home can often be prevented by using an inexpensive electric heating cable.

Some places are especially vulnerable to winter freeze-up, such as a short section of exposed pipe in an unheated part of the barn or an outside faucet that must operate. All that is needed is to wrap the heating cable around the pipe in spiral fashion and plug it into a con-

venient electrical outlet. The cable can be bought in a wide range of lengths to suit the job. It is best to wrap some kind of insulated material around the cable to conserve heat and electricity. For even more economy and freedom from supervision, a thermostat with a bulb sensing element can be used. This will automatically control the on-off operation of the cable.

With the arrival of colder weather, proper feeding of cows and calves takes an important significance. The production efficiency and comfort of a mature cow is not reduced by cold weather, providing she is full of forage, has a dry coat and is exposed to dry still air.

The temperature at a given level of feed intake where no additional feed is necessary to maintain body temperature is called the critical temperature. It is slightly above the temperature at which cattle begin to shiver.

A cow on a fasting diet or without any feed will reach the critical temperature at about 55 degrees F. Cattle can keep warm and survive cold weather if they consume sufficient forage. Low-quality roughages high in fiber serve as effective feeds during storms because of the high production that results from digesting the fiber in the roughage.

Plans Announced For Pheasant Season

At the Monday evening meeting of Parmer County Game Management Association in Bovina plans were made for the open season on pheasants which begins December 1 and runs through December 7.

Contests for the longest feathers turned in at Friona, Bovina and Farwell will be conducted. First, second and third prizes will be \$15, \$10 and \$5 in cash. Frionans are to turn feathers in to Plains Hardware where each one will be tagged for measurement on December 8.

Jack Patterson, president of the organization, reported that four game wardens will be working the county and urges all hunters to abide by existing laws. He also wishes to urge

MANAGEMENT??

What are the Home Management Problems families face from day to day? It's a pretty safe bet that some of the Management problems that families face from day to day in our own county are little different from those of families across the State and Nation.

TOO MUCH INCOME? Do you believe that because the average income in a county such as Parmer, is higher than the State or National average, families do not need to be concerned with Money Management? Really, having an annual income of \$10,000 or more does not insure a family against problems. On the contrary, a study made by Merrill-Parmer Institute showed that as incomes increase arithmetically, problems in money management in-

creases geometrically! Why? Because higher incomes allow more discretionary spending and require more decision making. And generally, people lack a knowledge of management principles that could guide them in more effective decision making.

Research indicates that families can have a \$4,500 level of living with a \$3,000 annual income by improving their management.

Those who are interested in how this may be done, will not want to miss the County Wide MANAGEMENT SCHOOL STARTING JANUARY 10, 1967. Watch the papers for schedule of meeting dates. So far 15 people have consented to be on the program, to teach, discuss and illustrate some phase of Management. These people are all very capable and trained in their assigned subject-matter and can make a real contribution to the Management School. Contact the Extension Office for further details and register for the course—no charge for the school.

4-H Leader—Mrs. John Christian reports three meetings of her Oklahoma Lane 4-H group of 6 who are taking the "Money Management" project. Such subjects as "What is important to you" and "Your Dollars and Sense" are some points discussed in these meetings. Another leader, Kathrine White reports two meetings of her "Child Care" project group. Girls responded well as to their interest in this project on Family Life Education.

The Lucky Clover group taking Parliamentary Procedure with Janie Bowers as leader reports two meetings with her 6 members—mostly boys. Learning to conduct meetings, and write minutes are discussed at these meetings. The 4-H Motto remember, is "to learn to do by doing."

CHILDREN AND MONEY

Just as you may borrow from a state-regulated consumer finance company, a child can learn about credit by borrowing a small amount from his parents for something special, then paying back weekly out of his allowance.

LAZBUDDIE NEWS

By Mrs. C. A. Watson

Mrs. T.D. Reed was feted with a birthday supper Friday evening in the home of her daughter, Mrs. Olen Ivy. Present were Mr. and Mrs. Fred Clements, Muleshoe, Mrs. Carrie Withroe, Bobby, Darrell and Angella Matthews, Mr. and Mrs. Olen Ivy and Gail. The birthday cake decorated with bronze icing bore the inscription "Happy 74th Birthday To Our Mother."

Mrs. Fern E. Clark, long time resident of the Lazbuddie community passed away Tuesday evening of last week in Clovis Memorial Hospital. Funeral services were held in the Methodist church at Lazbuddie Saturday afternoon at 2 p.m. Rev. Lawrence Jewell, Clovis and Rev. Bryan Engle, Littlefield, officiating. Interment was in Bailey County Memorial Park. Her husband, Jud Clark, preceded her in death in 1961.

The Lazbuddie Baptist Church had Thanksgiving Dinner at the Church Sunday noon with a large crowd on hand to enjoy the occasion. Members of the Lazbuddie Mexican Baptist Mission were special guest.

The Methodist Church hosted a Thanksgiving dinner in Fellowship Hall of the church Sunday noon.

day noon inviting the area people to eat with them. A large crowd attended.

Overnight guest in the Charlie Watson home Sunday were Mr. and Mrs. M.G. Bass, Midland and Teenie Beck Muleshoe.

The Lazbuddie Boosters Club held a Turkey Shoot west of the school Saturday with nice prizes for the winners.

Brooks Buys Tire Company

A change in ownership has been announced at Chandler Tire Company in Friona. Mrs. James Chandler, former owner, has sold her interest to Merritt Brooks, who has been manager of the firm for some time. The Company is now known as "O.K. Tire Service," and Brooks says there will be no change as far as the company's brands are concerned.

TEXAS DROPOUTS
 About thirty per cent of Texas school children who were in the ninth grade in 1961 dropped out of school before their class graduated from high school last year.
