FORTY-SEVENTH YEAR NUMBER 20

SUDAN, LAMB COUNTY, TEXAS

THURSDAY, JULY 8, 1971

10¢ PER COPY

WOODWORK BY DALTON

HAVE YOU NOTICED that prices have gone up during the last week? Well, you probably could notice that almost any week, but since last Thursday in these parts, prices have taken a special leap in the Lone Star State of Taxes (formerly Texas).

On July 1, the sales tax increased by three-fourths of one per cent, making most items cost an extra nickel on every dollar, in cities where the one per cent city levy is in effect. If you're dumb enough to smoke or drink, you are paying some extra money for these pastimes. You also will pay more for a car, and if you have to renew your insurance on your home, be prepared for a traumatic experience. Home insurance rates leaped 25 per cent in this area, primarily because of some tornadoes in the region last year.

It's small wonder that we've heard people grumbling again in the last few days, "where's it all going to end?"

Well, of course, it won't end, just as there will be no end to the increases in salary enjoyed by most people (okay, so not everybody is making more, but most of us are). We don't like having to pay these increased costs any better than anyone else, but still we have more material things than our parents and grandparents did. So maybe we should be thankful, instead of complaining too much.

HERE'S a classic line appearing in an automobile dealer's ad in an area newspaper, and we don't know if they did it for a joke, or if they just don't read things the way we do: "Bring your wife and title, ready to trade." Thanks, but I believe I'll just keep the one I have.
