GOING THROUGH the weekend mail: Gov. Briscoe's daughter will marry a law student from Hillsboro on Dec. 29. This brings to mind a story I read in the big city rag last weekend about people spending too much money on weddings. One point made by the writer was that lower middle class folks (who really can't afford it) spend more money on weddings than the upper income people... State Atty. Gen. John Hill warns against mail frauds. The biggest mail fraud I know of is the claim that postal service is improving all the time... Texas Democrats are going to have a big telethon on Sept. 15, to try to raise enough money to blow up the GOP national headquarters (but they may not use it for that... Sen. John Tower says the housing industry is in bad shape, and anyone who's tried to buy one or finance one (or even find one) will likely agree... Lt. Gov. Hobby says veterans can buy land at 5 1/2 per cent interest, which sounds like discrimination against us non-veterans.

WE once heard of a preacher who says he was awakened in the middle of the night by a phone call from one of his members. Even at the unseemly hour the preacher, being a man of God, was anxious to help, and grateful for the opportunity to do something for someone.

"What can I do for you?" he inquired.

"Well," came the answer. "I've got this insomnia. And I always seem to get sleepy during your sermons, so I wonder if you would mind preaching to me for a few minutes..."

This is one way, I guess, but a woman named Josette Lyon, author of "101 Tricks to Overcome Insomnia", gives an even more intriguing recipe for sound sleep: "a large fresh bed, blue sheets, little or no nightdress, and head to the north."

Well no wonder I have trouble sleeping sometimes. It's true that my bed is large and my sleeping garb is minimum, but our sheets are more likely to be white, or green, or polka-dotted. And my head is turned to the south. This could explain why my feet sometimes go to sleep before my head does.

There are some other things recommended by the author, most of them ridiculous.

"Walk your dog before going to bed," she advises. (She doesn't say why, but maybe it's so he'll be too tired to bark and keep you awake). "Eat some Swiss cheese, put herbs in your hot bath, massage your feet well, force yourself to yawn, undress in slow motion and listen to the sleep music of Handel, Tchaikovsky and Cesary Franck."

What she doesn't understand is that if I eat Swiss cheese I'll likely be too sick to sleep, the last time I found some leaves in the tub I fussed at the cleaning woman (until she threatened to take the kids and go), and I don't like to rub my nice smooth

HORNETS BLITZ COWBOYS, 8-0

HORNETS ON RAMPAGE—Hornets blocked out the Plains Cowboys as No. 20, Pat Hedges, fullback, picked up yardage in the above scene of the game here Friday night. Hedges led the Hornets with a total of 75 yards for the night in the 8-0 win by Sudan. (Staff photo)

HORNETS STOPPED—The Hornet ball carrier is in the pile-up and is surrounded by Plains Cowboys. End Tracey Bowling, No. 30, is the only recognizable Hornet shown. (Staff photo)

The "Cowboy Express" hit a dead end here last Friday night and the results of the derailment came through loud and clear: "the Hornets are very much alive and living in Sudan.

Even though the final score gave Sudan only an 8-0 edge, the contest was controlled almost in its entirety by the "Hitting Hornets". For the night, Plains managed 10 first downs, but only 43 yards rushing and 89 passing. A stalwart Hornet defense dealt the Cowboy offensive misery throughout the night as they sacked up the opposing runningbacks for a minus 71 yards. In contrast, the Hornets amassed 13 first downs, 201 yards rushing, and 14 passing.

Plains showed their only spark of the night on their initial possession as they drove 48 yards to the Hornet 16. A fake field goal attempt on fourth down was broken up by Donald Johnson and Mitch Chester and the Hornets took over. This was the only time in which Plains ever managed to move the ball past the 50 yard line.

On the second play from scrimmage after the ball changed hands, Mark Hanna streaked around left end for 54 yards only to have the ball returned because of a penalty infraction. This was the trend for the night as the Hornets had 125 rushing yards erased by penalties.

Don Noles was one of the main reasons for the success of the Hornet defense as he punted 5 times for a 38.6 average, including 4 punts that rolled dead inside the Cowboy 10 yard line. Mitch Chester also provided some defensive thrills as he picked off 3 stray Cowboy passes and returned them for a total of 58 yards. Linebacker Pat Hedges led the Hornets with 18 tackles, followed by Tackle Richard Tamplin with 14, and Linebacker Danny Williams 13. Noles and Donald Johnson each had one fumble recovery for the evening.

The only touchdown of the evening came at 1:03 in the first period as Mark Hanna took a handoff behind the excellent blocking of Noles, C. Chester and Tamplin, and rambled 12 yards to paydirt. A running attempt for the extras fell short and Sudan lead 6-0. Terry Graves set up the score with a bone-jarring tackle at the Cowboy 25, which produced a Hornet-recovered fumble.

The Hornets stayed on the

Plains end of the field almost the entire game but penalties nullified most of their scoring opportunities. For the evening, Pat Hedges lead all rushers with 75 yards on 18 carries, followed by Danny Williams with 68 yards on 20 carries, Mark Hanna 36 yards on 11 totes, and Mitch Chester 22 yards on 10 tries.

Sudan lit up the scoreboard for the last time with 1:30 left in the game. Defensive End, Tommy Seymour scored the first points of his football career as he slipped through the Cowboy line and dropped quarterback Weldon Nelms in the end zone for a two-point safety.

The game was one of frustration for the Cowboys as they simply could not penetrate the tough Hornet defense. Noseman Mart Davison and End Craig Harper provided the big plays as twice each they dumped Nelms' for huge losses while trying to pass.

Backfield Coach Jim Warren had praise for his offensive backs, "Danny (Williams), Pat (Hedges), Mark (Hanna), and Mitch (Chester) did an outstanding job in offensive execution and fumbled only once during the evening." "Williams, only a sophomore, matured greatly as a running back against the Cowboys, and Hedges and Hanna did a fine job of blocking the Plains' linebackers." The victory was an especially sweet one for Coach Warren who was head coach at Plains only two years ago.

Line Coach Tom, Essex was also pleased with the performances of his "front five". Richard Tamplin, Tommy Seymour, Don Noles, Craig Harper and Mart Davison were outstanding defensively with their crashing stunts that kept the Cowboys off balance all night. Davison, our noseman, Essex stated, is "the quickest lineman I have ever coached. Many times he would strike the center before the quarterback ever got the ball. This was especially valuable for us since Plains quickly found out they would have to double-team him which freed our linebackers."

Defensive secondary coach, Gary Campbell also praised his defensive backs. "Our secondary withstood a tough test against Nelms. He passed 15 times but completed only 6 and our coverage was very good in nearly all situations." "Mitch's three interceptions is probably a school record and Terry Graves, Mark Hanna and Donald Johnson also did a great job of containing the Cowboys." Essex also singled out left guard Curtis Chester for his blocking. "Curtis was required to block a much larger defensive end on most plays and did a good job in handling him."

The 1973 Hornet squad selected three gridiron captains recently for the new season. This years captains are senior fullback and linebacker Pat Hedges; senior guard and rover, Terry Graves; and senior center, Tommy Seymour. Pat is the son

Changes Made In USDA Food Distribution

The U. S. Department of Agriculture has announced changes in food distribution program regulations which permit the use of Federally donated foods in nutrition programs for the elderly, funded under Title VII of the Older Americans Act.

The recently announced rule changes will permit nutrition programs for the elderly to get the same foods which USDA donates to charitable institutions, but without regard to whether the elderly people served are needy.

The Nutrition Program for the Elderly is administered by the U. S. Department of Health, Education and Welfare (HEW) in cooperation with state agencies on aging. The Food Distribution Program is administered by USDA's Food and Nutrition Service (FNS).

The revised USDA regulations implement amendments to the Older American Act contained in Public Law 93-29 which the President signed May 3, 1973. They were scheduled for publication in the Federal Register on Monday, Sept. 10 and will become effective upon publication.

though their game was a 0-0 tie.

Coach Scott stated that they were pleased with the JV game and that Sudan was hitting hard as well as controlling the football in second half. They felt that Plains was lucky to get the TD on a return of a punt.

The program was turned back to Martin and a report of proceeds on the chili supper was given. Out of \$194 taken in, \$102.62 was profit. The organization wishes to express their appreciation to all who worked, donated food, etc.

A total of 85 members are now in the Booster Club. Pete Lance was winner of the football scorecard contest.

Back all the teams this week when they play on Thursday and Friday. The junior high and JV will play in Hornet Stadium and the varsity will go to Anton Friday.

LAMB CO. TO ELECT PCG DIRECTOR

Lamb County cotton producers and agribusinessmen will elect a Businessman Director to Plains Cotton Growers, Inc. at a 7:30 a.m. breakfast meeting on Thursday, Sept. 20 at the Tasty Taco Restaurant in downtown Littlefield.

Announcement of the election comes from Paul Bennett of Littlefield, current Lamb County Businessman Director to the 25-county commodity organization, and J. D. Smith of Sudan, Producer Director. Each of the counties in PCG territory has two directors, one a businessman, usually a cotton grower as well, and the other a cotton producer. They serve two-year terms, with businessmen elected on odd years and producers on even years. Each is eligible for re-election every second year.

Smith and Bennett said all interested parties are urged to attend, and that both farmers and businessmen are eligible to vote in the election.

In addition to the election, Smith said a member or members of the PCG staff will be on hand "to bring us up to date on cotton activities and to answer any questions concerning the organization's objectives." He added "Directors to PCG are the men who determine the organization's policies and actions on legislation, research, promotion, finances and other matters so vital to the cotton economy of Lamb County, and all cotton people should make every effort to be on hand for this election."

CHARLES JONES, MGR. OF PRODUCERS COOP GINS AND GEORGE THOMPSON WITH THE FIRST BALE OF COTTON GINNED IN LAMB CO. THIS YEAR WHICH WAS GINNED FRIDAY.

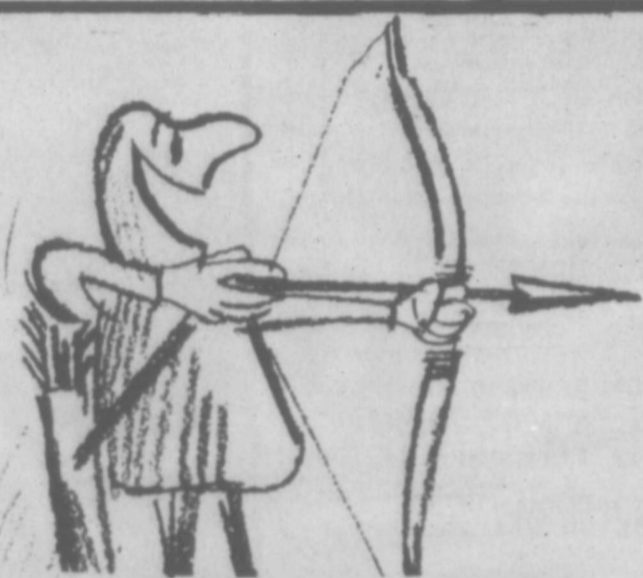

FIRST BALE GINNED IN LAMB COUNTY

The cotton was ginned free by Producers Co-op Gins of Amherst, and the manager, Charles Jones stated that this was the first time that Thompson had ever produced the first bale for Lamb County.

The ginned bale of cotton was placed on the sidewalk in front of the First National Bank, Amherst.

COTTON MKT. NEWS

Arizona, California, New Mexico, Oklahoma and Texas

Spot cotton prices in Western Region cotton markets dropped sharply this week, according to the USDA's Agricultural Marketing Service. In earlier producing sections of Texas, merchants actively bid on lots of uncontracted cotton. Volume of uncommitted cotton being currently ginned was short, however. Growers with available cotton appeared to be in no hurry to sell. Elsewhere in the west, lower offering prices and a shortage of uncommitted cotton acreage brought con-

tracting activities to a low level. Offering prices for contracting of the 1973 crop dropped 6.00 to 10.00 cents per pound during the week. Demand was good, however, and most merchants were in the market for 1973 and 1974 crop contracts. With the bulk of their 1973 crop committed, growers in some locations became interested in contracting their 1974 crop. Volume contracted was light, however as most growers asked for prices near last weeks level. Merchants on the Texas Plains were reluctant to book acreage as far in advance as the 1974 crop. Volume contracted was light, however as most growers asked for prices near last weeks level. Merchants on the Texas Plains were reluctant to book acreage as far in advance as the 1974 crop. Defoliation was taking place in some of the earlier planted fields in California. Cloudy, wet weather caused some concern in the Pecos Valley of New Mexico. The Arizona and Far West Texas crops made good progress. Harvesting in the Harlingen area of South Texas was estimated at 75 to 80 percent complete. Rains delayed the harvest in the Corpus Christi and Austin territories during the week. Elsewhere in Texas and Oklahoma the crop made generally good progress. First bales were ginned in Lubbock and El Paso, Texas territories during the week. A limited amount of harvesting was done around Yuma, Arizona during the week.

A "Teflon" coated fry pan big enough to cook 50 dozen eggs at one time, was recently used at the Central Maine Egg Festival in Pittsfield, Me.

A full 10 feet in diameter, the pan was made by the Aluminum Corporation of America and coated for Du Pont with "Teflon" non-stick finish at the General Plastics Corporation of Bloomfield, N. J.

Six people cooked eggs, bacon and sausage for the thousands of people at the festival held to call national attention to the Maine egg industry and the town of Pittsfield.

Research Accelerates Timber Growth Rate

Intensive company research in forest genetics and reforestation methods has added at least 50 per cent to the timber growth rate compared with reforestation techniques of only five years ago, according to the chief executive of Georgia-Pacific Corp.

R. B. Pamplin, chairman and president of G-P, said the old 80-year growth cycle for Pacific Northwest timber, later reduced to 60 years, has now been reduced by research at this center to 40 years "and we can safely talk about a new generation of super trees maturing for harvest in 30 years."

COFFEE TIME?— Buddy Walker, driver, had to have a cup of coffee Tuesday after turning over his truck loaded with cowhides, approximately three miles southeast of Sudan on Hiway 84. He was on his way to Lubbock from the Friona Packing Plant. Cow hides were scattered on the hiway and barrow ditch. Walker said he had his seat belt on and that was what kept him from being hurt.

CLEAN ENERGY FOR TODAY AND TOMORROW

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource... natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.

Inspection Point Is Closed

The U. S. Department of Agriculture (USDA) today proposed that the designation of Tullia as an official grain inspection point be revoked.

The Plainview Grain Inspection and Weighing Service, Inc., the agency to which the Tullia inspection point is assigned, recently requested the closing because of the low volume of grain inspection work done at Tullia. The Plainview agency will provide grain in-

SOUTH PLAINS FAIR

---including an open horse show which is slated for Saturday, Sept. 22, and a Quarter Horse show, set for the following Saturday.

The same holds true for the 6th annual fiddlers contest and the 20th annual West Texas Twirling Festival, which have been held on closing day of the fair in recent years.

This year, however, the fiddlers will compete on Sept. 22 and hundreds of twirlers will be rolling their batons on the following Saturday.

In addition, livestock, open barrow show, all-variety pigeon, and poultry shows are slated. The rabbit and tropical fish shows--both popular--also are on the slate again.

Other top features include the wide array of women's department exhibits, agricultural, youth, fine arts and flower shows--all of which have substantial roles in the 56th annual exposition.

A collection of "lost and vanishing birds" of North America will be on display in Fair Park Coliseum during the eight-day

inspection as needed from Happy.

Official grain inspection service is administered by USDA's Agricultural Marketing Service under the U. S. Grain Standard Act.

Anyone wishing to comment on the proposal should send comments, in duplicate, to the Hearing Clerk, Room 112-A, USDA, Washington, D. C. 20250, no later than Sept. 30.

The proposal is scheduled for publication in the August 31st Federal Register.

edition of the fair.

Many of the area's best crops will be on display with almost \$2,000 in premiums being offered in the agricultural department, according to Steve L. Lewis, fair general manager, who said that total premiums of \$40,000 are earmarked for the exposition this year.

Entertainment for Fair Park Coliseum already has drawn rave notices since it was recently announced.

The schedule includes Mac Davis and Ralna English, both former Lubbockites, as well as a host of other stars--all of whom have been in the musical limelight in recent months.

The lineup:
Sept. 22 - Lobo and the Earl Scruggs Revue.

Sept. 23 - Fiesta Mexicana, featuring Vincente Fernandez, El Mariachi Tenampa, Graciela Flores and emcee Oscar Zamora.

Sept. 24 - 25 - Davis and Donna Fargo.

Sept. 26 - 27 - Lynn Anderson and The Statler Brothers.

Sept. 28 - "Dawn", featuring Tony Orlando; plus Ralna and husband, Guy Hovis of the Lawrence Welk show.

Sept. 29 - Mel Tillis and Jody Miller.

A free aerial act featuring "The Stardusters" also has been slated.

Charlie Dorman will be master of ceremonies for all shows, which will be presented at 5:30 p. m. and 8:30 p. m. daily. Tickets are priced at \$2.50, \$3.50 and \$4.50 for all shows. Mail order requests now being

accepted by the fair association at P. O. Box 208, Lubbock, 79408 will be mailed in early August. Catalogs also may be obtained from the same address.

The eight-day fair card was okayed by fair directors following extensive study. Most fairs of comparable size run longer than the previous six-day format. In addition, the extended run provides some added "rain insurance," officials explained.

This Fall the junior pace setters are stepping out in style. Young men today prefer the cuffed trouser, the tailored waistcoat and romantic "brass" button shirts. And despite Women's Lib, younger ladies are returning to feminine tradition. Skirt sets in bright reds and blues are the last word this season. Created by Thomas and mothers in mind too, these fashions, in infant and toddler sizes, are made of easy care perma press polyester knit. There's no dressing problem either--this deceptively layered look is all one-piece!

Tips For Drivers Of Motor Homes

More than sixty-five per cent of the recreational motor home vehicles' tires, front and rear, had inflation pressures less than the levels recommended by the Tire and Rim Association, a comprehensive on-the-spot survey by the Department of Transportation of the National Highway Traffic Safety Administration reports.

The survey indicated that seventy-one per cent of the truck-camper combination owners did not have proper weighing instructions, and fifty-three per cent of the truck-camper combination buyers did not have proper instructions concerning bleeding of air from tires when hot.

The Council urges owners of recreational vehicles to weigh their loaded truck-camper combinations or motor homes on vehicle scales periodically to insure that each vehicle's empty weight, plus cargo and occupant weight, is at times less than the gross vehicle weight ratings.
A new and expanded guide to the proper selection and safe use of recreational vehicle tires may be obtained free of charge on request to: Recreation, Box 726, New York, N.Y. 10010. Include a self-addressed, business-size envelope.

JV & Jr. Hi Football

The Sudan Hornets Junior Varsity started off their 1973 football season with a hard fought game with the Plains Junior Varsity. The Hornets controlled the football most of the first half after Plains ran back a punt for a touchdown in the first quarter. Sudan got on the scoreboard on their next possession and went ahead 8-6. Later in the second quarter, the Hornets scored but fumbled the ball and Plains recovered on the two yard line. That was all for the first half.

Early in the second half, Plains took the kick-off and ran down for a touchdown but the try for extra point was no good and Plains led 12-8. After that it was all Sudan in control of the foot. All but the Hornets failed to score. The Hornets had the ball inside the 20 yard line three times in the last quarter but could not score.

The Junior Varsity played with the Hornet tradition of tough football but could not come up with a victory.

The outstanding players for the game were the following: Kyle Martin who not only had the team on defense but scored the only touchdown for the J.V. on a 52 yard punt return. Jerry Williams caught a pass for the two point conversion. Jerry also made some long runs. The whole team played well and are looking forward to their first

home game this Thursday night in Sudan. Come see us!!!

7th and 8th Grade FOOTBALL REPORT

Both the 7th and 8th grade Sudan Football Teams opened their seasons last Thursday afternoon at Plains with the 7th grade ending up on the losing side of a 34-0 score. The 8th grade fought to a 0-0 tie.

Although completely outmaneuvered in size, there were several outstanding performances by the 7th grade players. Halfback Mike Read was the team's leading rusher and the coaches were especially pleased with fullback Mike Jones and tackles Bob Graves and Randy Scott. The 7th grade will be in action again Thursday afternoon at 5:30 taking on the Anton Bulldogs here. Probable starters for the game are: Center, Joe Wood; guards, Jimmy Williams and Derwin Beauchamp; tackles, Randy Scott and Pete Edwards; ends, Jarod Withrow and Rick Moore; quarterback, Steve Warren; and running backs, Mike Read, Bob Graves and Mike Jones.

The 8th graders were in control of their ball game most of the way but were hurt by costly fumbles and penalties. A late last quarter score by halfback Steve Ritchie on a pass from Darren Provenge was called back

on a penalty. The defense played an excellent defensive game holding Plains to one first down. Cited for their outstanding defensive work were: Nose-guard, Lonnie Williams; tackler, Roy Don Dudgeon and Dennis Harvey; end, Brett Poe and linebacker, Ricky Stanford. Offensively, outstanding performances were turned in by quarterback, Darren Provenge, halfback, Steve Ritchie. The leading ground gainer of the game was Harvey Donahue.

The 8th grade will take the field against Anton immediately following the 7th grade game. Probable starters for the 8th grade are: Center, Bert Byerley; guards, Rick Hill and Dennis Harvey; tackles, Lonnie Williams and Roy Dudgeon; ends, Brett Poe and Joel Williams; quarterback, Darren Provenge; running backs, Edgar Tamplin, Harvey Donahue and Steve Ritchie.

SEMINAR ON CONSUMER BUYING SLATED SEPT. 7

by Lynn Bowermon, County Extension Agent

Good buying sense begins with buying know-how. This and related topics on consumer decision making will be the center of discussion at a one-day seminar sponsored by the Texas Agricultural Extension Service and the South Plains Development Women's Task Force Thursday, September 27. The event will be held at the Texas Tech University Center Colorado Room.

Food For Thought

It's here Mom! The time you've been waiting for all summer. At last the kids are going back to school! Be an A+ mother and send them off with a real brainstorm of a lunch — Chicken Pack-Ups, fun to eat, un-sandwichy sandwiches. Made from refrigerated biscuits and filled with nutritious chicken spread, they're as easy to make as ABC.

Or try corned beef spread (all spiced-up and ready to go right from the can), add a slice of cheese and you've got an Easy Pleaser — real food for thought. It all adds up to a hearty, satisfying lunch that's ready in minutes and bound to put you on the honor roll. And, Mom, don't forget the apple for the teacher.

5 1/2 Million Youths Celebrate National 4-H Week

4-H Gets it all together

SPECIAL - Millions of 4-H youths and their volunteer adult leaders are "getting it all together" as they observe 1973 National 4-H Week, October 7-13th.

Traditionally, since 1927, National 4-H Week has been a time for 4-H'ers, their leaders, and friends to take stock of the year's accomplishments and achievements. And it has been a time to look to the future of 4-H in their community, their state, and nationwide.

"4-H Gets It All Together" is the theme of the 1973 National 4-H Week, and in countless ways, 4-H has "gotten it together" by involving more young people and adults than ever before. Latest available figures show some 5.5 million young people reached by 4-H and its half million volunteer leaders.

4-H groups exist in nearly every U.S. county, and in about 85 countries around the world.

Begun, after the turn of the century, as an educational

program for rural youth, 4-H today brings together both rural and urban boys and girls, of all racial, economic and social backgrounds. No matter where they live, city or county, 4-H is there.

In fact, the ten largest cities in the U.S. all have active 4-H programs. 4-H appeals to young people whether they live on a farm, an apartment, the inner city, or an Indian reservation. And through individual and group efforts they learn about the world around them, other people, customs, lifestyles, like and different from their own.

And that's what the theme "4-H Gets It All Together" is all about. Young people, of different backgrounds, getting to know each other and interacting and working together to solve mutual problems. Among the problems tackled by 4-H'ers are concerns such as energy, fuel, and electric conservation; improving health habits and standards; protecting our

natural resources; and better agricultural efficiency.

Aiding them in their efforts are personnel of the Cooperative Extension Service, which supervises 4-H activities.

And helping 4-H "get it together" is the National 4-H Service Committee. Based in Chicago, this private organization for 4-H helps secure private support for 4-H. This year alone, over \$3 million dollars will be spent for educational aids, scholarships, incentives and other uses. Through an information service, program services, publications, a Supply Service and National 4-H News, The National Committee provides services for all 4-H'ers and their leaders, throughout the country. Services the Committee has provided for over 52 years.

Together, of young people and adults, from all walks of life, that's what 1973 National 4-H Week is all about.

There are sermons found in every flower, They entertain us hour by hour; We watch the many colors glow, And wonder how each one can grow. An idea we cannot advance, Is that a flower might come by chance; The tint, the shade of every flower, Is painted by a higher power.
