FOR YEARS I have taken jabs at the insurance companies at every opportunity because I always have felt that insurance was too high, and that some of the required insurance was unfair to the little guy footing the bill. Now it appears that maybe I've been directing my barbs at the wrong bunch of guys.

Not that I've suddenly discovered that the insurance companies are lily-white and incapable of taking advantage of the poor premium-payers. But it seems that the legislature-dominated and influenced by members of the Texas bar—is the real villain, because they are the ones who say what we have to do in matters of insurance. So I should be aiming my ire at the legislature, and the lawyers.

I have some good friends who are lawyers, so let me say first that not all lawyers are the kind who would like to create more business for themselves at the expense of us peons. But there must be quite a few of the kind who would, because the Texas Trial Lawyers Assn. wrote all the bills on insurance which passed the last legislature. (Or so we're told by an agent.)

The new laws, supposedly are designed to help the public. But about the only people who will benefit from some of the new Texas insurance laws are the lawyers, because there certainly will be a lot more litigation involved. These laws deal with liability (auto and other), workman's compensation, and the definition of a guest in a car.

All of the new laws mean increased rates. Workman's compensation has increased 19.5 per cent in premiums since the new law went into effect, and is expected to go up another 15 per cent next year.

The "guest in car" statute now stipulates that a passenger in your car no longer has to prove negligence on your part as driver, if he gets hurt in a wreck. He can sue you anyway, whether it is your fault or not. This is stupid, and of course, means a boost in liability rates.

Those characters who pushed this legislation through, claiming it would help the little guy don't need to worry about the increase, I guess. They already have more lie-ability than is needed.

A NICE MAN who recently went up north brought back to us some newspapers from Appomattox Court House, Va., Chesapeake, Va. and Washington, D. C. So far we've only had a chance to skim the material, but it looks like some interesting reading for us. Appomattox Court House is where Gen. Robert E. Lee gave up to U. S. Grant.

The copy of the Washington Post is a Saturday paper, and it weighs a bunch, including nine sections. If they print nine sections on Saturday, there's no telling what they publish on Sunday.

Nowonder the people we send to Washington don't get anything done. It would take a man all of his working hours to read the morning paper.

NOTICE! CHRISTMAS COPY NEEDED EARLY

All Santa letters are now being taken for the Christmas edition of the local newspaper. They must be in no later than Monday, December 17.

Other news copy for the Christmas edition must be in by noon Tuesday as usual.

Your cooperation will be appreciated as four papers must be printed the week of December 17th, both Christmas and New Year's editions for Sudan and Amherst.

Mrs. A. Stuart Rites Held

Mrs. Addie Lucy Stuart (Mommie Stuart), 91, died at South Plains Hospital at Amherst at 1:05 a. m. Saturday, December 8, 1973 after a short illness.

Funeral services were held Sunday afternoon at 3:00 p. m. in First Baptist Church with the pastor, Rev. Eddie Freeman, officiating. He was assisted by Joe Salem, Payne Funeral Home of Amherst was in charge of arrangements. Burial was in Sudan Cemetery.

Born December 2, 1882 to Elizabeth Blacklock Jones and Martin Hudson Jones, who was a Texas Ranger and who fought in the Civil War, Mrs. Stuart had five brothers and one sister who all preceeded her in death. She was married to Arvel Stuart December 28, 1906. They lived at Carlton, Texas and raised a niece there from infancy. On January 1, 1925 they moved to Sudan where her late husband farmed; operated a grocery store, a hardware and furniture store, a funeral home; and later a flower shop until his death in 1954. Mrs. Stuart assisted him in these undertakings. She also worked with her daughter, Louise, in the Flower Shop until about a week prior to her death.

Mrs. Stuart had been a Christian many years. She had been a member of the First Baptist Church of Sudan since 1926.

Mrs. Stuart celebrated her 91st birthday Dec. 2nd while in the hospital. Gifts and cards were opened.

Survivors are Mr. and Mrs. Glenn (Louise) Gatewood, her daughter and son-in-law, Sudan; three grandchildren, Ronald Stuart Gatewood, Sudan; Glenna Anne Bridwell, Houston; and Gary Grant Gatewood, also of Sudan; six great-grandchildren, Rhonda, Ronald, Michael and Amanda Gatewood, and Jerianne and Clay Alan Bridwell; a number of nieces and nephews; and a host of friends.

Funeral bearers were Radney Nichols, Clovis Bridwell, Ken Minyard, Bob Drake, Matt Nix and F. M. Smith.

BOY SCOUT RALLY SLATED FOR DEC. 17

A Boy Scout Rally will be held Monday, December 17th at 7:00 p. m. in the Community Center for all boys ages 11 to 18 who are interested in becoming a Boy Scout. Anyone interested in being a leader should also attend this meeting, or anyone who wants to help in any way.

Let's get behind this program and get things rolling again for Boy Scouts in Sudan.

SUDAN HAS NEW FORD DEALER-- Above is pictured Marion Williams and his family. Left, Williams, their daughter, Carol, Mrs. Williams and their son, David. Williams is the newly authorized Ford dealer.

M. WILLIAMS NEW FORD DEALER

Marion Williams is the newly authorized Ford dealer for the Sudan-Amherst area as of Monday, December 10, 1973. Williams announces that he is open for business with new and used cars and pick up trucks for sale and is located at 220 Main Street in Sudan, the same location of the Ford Company for the past several years.

Frank Lane, former owner, plans to devote full time to farming.

Williams and his wife, Nellie, and two children, David, who is 17 and a senior at Littlefield High School, and Carol is 12

and a sixth grader at Littlefield Junior High, reside in Littlefield where he was employed with Ford Motor Company for 18 years.

Williams stated that they will do automotive service work including car washes and grease jobs. Qualified employees are on hand for every need. They include Lewis Ivey, mechanic; Arthur Licon, wash and grease; David Williams, Parts Department.

A formal opening is planned with the date to be announced. Williams invites everyone to come by to visit.

IN ANTON TOURNAMENT

HORNETS TAKE CONSOLATION

Junior forward Richard Tamplin broke three tournament scoring records in last weeks Anton Tournament while guiding the Sudan Hornets to their second straight consolation trophy in as many weekends. Tamplin broke the previous record of 36 points in the Whitharral game. In addition, he set a new record of 18 field goals in one game and also a new record of 86 points in one tournament, surpassing the old mark of 78 set in 1968. For his efforts, Richard was selected by his teammates as the "Hustlin' Hornet" for the Whitharral game.

In their first game of the tourney, the Hornets staged a strong fourth quarter comeback against Bledsoe but the rally fell short as the locals lost their second game of the season 50-46.

Getting off to a miserable

start, the coldshooting Hornets trailed 6-18 at the first quarter break but rallied in the second quarter to close the gap to 20-28 at halftime. Another "cold" third quarter threw the Hornets behind 29-42 and the game appeared to be over. But Sudan finally caught fire in the first four minutes of the last quarter as they scored 12 straight points with Richard Tamplin getting 10 points and Carroll Legg stealing the ball three times. Trailing 41-42, Sudan had an opportunity to go ahead but missed the first end of a one-and-one free throw. Bledsoe finally scored and "stalled" the clock out to preserve their victory 50-46.

Tamplin took game honors with 25 points, followed by Pat Hedgess and Mark Hanna 6 each, Danny Williams 4, Carroll Legg 3, Mike Robinson 2.

The second round game was a wild scoring affair with the Hornets on the trailing end throughout the contest until the final two seconds of play in a 68-66 squeaker against the Whitharral Tigers. Both teams were hot from the field with Sudan hitting 44% of its field goal attempts to 51% for Whitharral. At the free throw line, Sudan held a 80% to 67% advantage.

Sudan trailed at the beginning of each quarter, 14-18, 34-37, and 44-49. A surge in the final quarter, however, led by Richard Tamplin's 12 points and Mark Hanna's 10 brought Sudan back as they outscored the Tigers 24-17 in the fourth stanza.

Trailing 58-62 with only 1:02 to play, the Tigers owned the ball and the lead. Pressing full-court, Mark Hanna forced a Tiger fumble and scored on a lay up to pull the score to 60-62. Whitharral came right back with a bucket to make it 60-64. This time Tamplin drove the baseline for bucket and Sudan trailed 62-64. Ronnie Harrison, freshman guard, provided a clutch steal and scored on a lay-up to knot the score 64-64 but with 0:34 remaining, Sudan fouled and the Tigers sank both ends of a one-and-one to take the lead again 64-66. LOCAL CHURCH SLATES REVIVAL DEC. 13-16

The Church of God of Prophecy will have a four night revival from December 13 through December 16. Services will be held nightly beginning at 7:30 p. m.

The evangelist will be Danny Cook of Tye, Texas. His wife, Rebecca, will sing special songs. Everyone is invited to attend.

LATE BULLETIN

Word was received late Wednesday of the death of Martin White, long time Sudan resident. Funeral services were set for 2 p. m. Thursday at Sudan Church of Christ.

Letter To The Editor

I want to assure our customers that employees of the Sudan Post Office are moving Christmas mail with dispatch and that we fully expect to complete every delivery by Christmas Eve. The energy crisis may impose some

added unforeseen burdens. Nonetheless, with broad public cooperation, we expect to make this the best mailing Christmas in recent memory.

To help us meet this goal, we are urging our customers to mail first class Christmas cards, letters and packages earlier than usual, by no later than December 8. Airmail letters and packages should be posted by December 15.

We are concerned with occasional fuel shortages for both inter and intracity mail transport. To date, trucks and trains, and most planes, are moving with our mail. But periodically shortages do occur. We are also aware that airlines may not add their usual complement of extra Christmas flights, flights which traditionally help carry the extra volume of Christmas mail.

I am bringing these facts to your attention with the hope that your newspaper will join us in helping to encourage customers to mail their Christmas cards, letters and packages earlier.

So, please help the Postal Service bring Christmas a little earlier than usual, mail earlier, by December 15, if by airmail.

JAMES C. TAYLOR

HOUSTON EDUCATOR NAMED PRESIDENT OF STATE ASS'N.

Dr. James C. Taylor, Dean of Continuing Education, University of Houston, was elected President of the Texas Association of Community Service and Continuing Education at the annual TACSCE meeting in Austin, November 27th.

Dr. Taylor, who is also Dean of the Conrad Hilton School of Hotel and Restaurant Management at the U of H, was named to the post at the annual conference organization held at the Joe Thompson Conference Center on the University of Texas campus.

He will head up an organization representing 72 colleges and universities from all sections of the state. TACSCE membership covers the entire field of post-secondary institutions, including junior and community colleges, four-year degree and graduate schools, both public and private.

The Association, organized in 1971, provides a unified voice for community service and continuing education in Texas.

NEW REGISTRARS FOR SELECTIVE SERVICE

Colonel Melvin N. Glantz, the State Director of Selective Service for Texas has announced the appointment of new registrars for Selective Service in each Army National Guard Armory in Texas and in each County Court House.

Glantz reminds young men of their duty under Federal Law to register with Selective Service at age 18. Timely registration may be completed within a 60 day period beginning 30 days before the young man's 18th birthday.

The State Director announced

the appointment of a registrar in each Army National Guard Armory through the cooperation of Major General Thomas S. Bishop, the Adjutant General for Texas. These Armories are located in all parts of Texas.

Glantz noted that with almost 200 Guard Armories and 254 County Houses now having Selective Service registrars, registration with Selective Service is now more convenient than ever before.

Registration can be completed at any Selective Service System

Area Office, at many High Schools, and now at every County Court House and Guard Armory. The man should have some positive means of identification, like his drivers license, his Social Security Number, and should be able to give the names and addresses of at least two people who are not members of his immediate family who will know his whereabouts.

Any question about Selective Service should be taken to a Selective Service System Area Office, where compensated Selective Service personnel are

located. The appointment of these new uncompensated registrars for Selective Service is for the purpose of registration only.

Glantz urged all young men to comply with the Law by prompt registration with Selective Service at age 18.

SUDAN RAMS DEFEAT COWBOYS IN SUPERBOWL

The fifth and sixth grade boys were divided into six football teams last week: Bumble Bees, Cowboys, Dolphins, Hornets, Rams and the Redskins, for games with the season divided into two rounds. The winner of each round advanced to the Superbowl.

The Rams won the first round with a 5-0 mark, and the Cowboys won the second round with a 4-0-1 mark.

The Superbowl game was played on a snow-covered football field and the stands were filled with yelling girls of the fifth and sixth grade girls. On the opening kickoff, the Rams kicked to the Cowboys. The Cowboys could not penetrate the Ram's defense so they punted to the Rams who wasted no time in scoring. On the third play from scrimmage, Victor King sprinted 55 yards for a touchdown. The extra point try failed. On the Cowboy's next possession they failed to get a first down on a fourth down try by Carl Scott. But the Rams stopped him just short of the first down. Again it was Victor King who sped 60 yards for another Ram touchdown. The extras failed again, so that left the score 12-0. Once again the Cowboys failed to score. Time was about to expire when Lupe Moran scored on a 45 yard reverse play which ended the game. The final score was Rams 18, Cowboys 0.

Coaches of the teams were as follows: Roby Lynn, Bumble Bees; Curtis Chester, Cowboys; Don Noles, Dolphins; Terry Graves, Hornets; Mark Hanna, Rams; and Tommy Seymore, Redskins. They would like to thank Coach Essex and Coach Scott for making the whole thing possible.

Members of the Cowboy team

were Carl Scott, captain and quarterback; Freddie Freeman, captain and halfback; Scott Churchman, guard; Ray Dudgeon, center; Lee Markham, guard; Rusty Ray, guard; Ruben Garcia, tackle; and Paul Couch, tackle.

Members of the Ram team were Victor King, captain and tailback; Lupe Moran, fullback; Leonard Gonzales, quarterback; Mike Hill, center; Troy Moss, guard; Sammy Arbal, Joey Bellar, tackle; Craig Franks, tackle.

Sudan All-Stars were chosen by coaches of the above named teams for the East-West game. Coaches for the West were Mark Hanna, Don Noles, Tommy Seymore. The East coaches were Curtis Chester, Terry Graves and Roby Lynn.

The All-Star game was played Monday of this week with East receiving the opening kickoff. The East drove for 65 yards without losing the ball for the first TD of the evening making the score 6-0 until the extra points were pulled over by Freddie Freeman making it 8-0. The 65 yard drive consisted of the running of Billy Williams, Chris Gonzales, Freddie Freeman, and Lance Carpenter with the TD scored by Lance Carpenter. And the fine blocking of Paul Couch and Shawn Muller can't be forgotten. But then the East kicked off to the West and the West's fine running of John Chester and Victor King led them into the end zone on a sweep play to King. The extra points were made by King which tied the score 8-8 with time running out. So the Sudan All-Star East and West game ended in a tie, 8-8.

A Weekly Report Of Agri-Business News

Farmcast

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

The Best and The Worst... Cotton Deadline Extended... Now Down To Two.

Texas agricultural producers are finding that 1973 has and is turning out to be a year of some of the best prices they have seen, but are also finding that this year has presented them with some of their worst times, too.

Farm prices were at record highs this past summer; now, farm prices have dropped as much as a third for beef cattle and broiler prices have been cut in half.

Making plans for 1974 is now uppermost in minds of Texas agricultural producers. And they look ahead and see complete confusion and uncertainty over availability of inputs for 1974.

No one knows yet how severe the energy crunch will be to farm production. But farmers also face severe shortages of fertilizer, some top quality planting seed, implement repair parts, labor, and new equipment.

Farmers are also finding that next year's crop production costs are going to continue to increase, and some economists are already talking about the price-cost squeeze hitting again at the farmer's pocketbook.

Farm income next year is already being forecast at levels below this year's record pace. Uncertainties over exports of U.S. farm production is also causing some farmers to wonder about 1974 production plans.

Agricultural producers are beginning now to put together plans that will determine the extent of food and fiber production next year.

COTTON stalk destruction deadlines have been extended in most areas of the state due to the weather conditions. Texas Department of Agriculture personnel will be checking those areas to make certain that all harvested fields have been cleared of stalks and debris which could provide hibernation headquarters for cotton insects.

Early cotton stalk destruction is perhaps the best weapon farmers have to control insects for the next year's crop.

Even though you may be in an area which has an extended cotton stalk destruction deadline, it is wise to destroy as soon as possible cotton stalks. Production of next year's cotton crop will be greatly enhanced by cotton stalk destruction now.

ONLY two counties in Texas are now under cattle scabies quarantine. They are Hansford and Bailey.

Recently, Castro and Deaf Smith counties were removed from the quarantine area.

Scabies is caused by tiny, parasitic mites that puncture the skin of cattle and feed on the body fluids released through the wounds. Heavy infestations result in the formation of large, crust "scabs" on the skin. Although the animal's meat is not affected, scabies can cause loss of weight and decreased feed efficiency.

BRUCELLOSIS control regulations are expected to go into effect Jan. 15, 1974. The Texas Animal Health Commission has compiled a nine-page regulation dealing with this disease in Texas.

A complete copy of the revised regulations are available at the offices of the Texas Animal Health Commission.

Have You Found Him?

By Charles H. Robinson, Asst. P.R. Director
Bryan College, Dayton, Tennessee

Writing of the Protestant Reformation and its impact upon history, Hegel, the German philosopher, said: "While the rest of the world was gone out to America or the Indies in quest of riches and a dominion that would encircle the globe, a simple monk turned away from empty forms and the things of sense, and found Him Whom the disciples once sought in a sepulchre of stone." That "simple monk" was, of course, Martin Luther.

Tips on Wood Finishing

HOLIDAY HINTS WITH WOOD FINISH

This year solve the problem of dressing the house for the holidays with colorful wood finishes. Lasting Christmas wreaths and centerpieces of pine cones, acorns and other dried materials can be made easily and economically. Simply wire materials into a styrofoam frame. Then stain and finish in red, green or nut brown.

Wood finishes penetrate and seal to keep even fragile twigs and cones looking satiny fresh for years to come. Apply wood finish liberally. After 5 to 15 minutes, wipe off excess and allow to dry overnight. To add a really professional touch—coat with a clear polyurethane finish.

Then you're ready to celebrate the season.

For handy year-round advice on easy wood finishing—a 16-page booklet, "Tips on Wood Finishing," is available. For a free copy, write Minwax Company, Inc., Dept. AG, 72 Oak Street, Clifton, New Jersey 07014.

ORIGINS OF SOME CHRISTMAS CUSTOMS

1. The jolly gent we know as St. Nick is based on the real-life St. Nicholas, Bishop of Myra in Asia Minor in the fourth century. A legend in his own time for his generosity and love of children, he is said to have gone on many a mysterious journey carrying secret gifts to the poor. Once, so the story goes, he dropped a bag of gold down a chimney. It fell by accident into a stocking hung up to dry by the fire -- and prompted generations of hopeful children to hang up their hosiery, too.

2. Giving to the poor remains a vital part of Christmas celebrations. In England, on the day after Christmas, clergymen used to open the church almshouses and distribute the money to the needy. Later, it became customary to give boxes of money on that day to people who had served you during the year. December 26 is still known as Boxing Day in Britain.

3. According to GiftAmerica, a leading gift-giving authority, giving at this time of year goes back just about

as far as the ancient Roman midwinter celebrations. Even then, December was a time for merriment and opening presents. And, this year, Christmas gift-giving is made even more convenient for millions of Americans who will be using GiftAmerica's nationwide network of telephone service to dial a gift anytime, 24 hours a day, from any place in the 48 contiguous states. It may be the only way for the last-minute shopper to get a gift delivered. GiftAmerica accepts most major credit cards when you dial its toll-free number 800-325-5000 (in Missouri only call 800-342-5777).

4. Some countries enjoy Christmas giving so much that they do it twice: the French exchange gifts on

linence again took the ball inside and scored on a six-footer and the game was tied again. With only seconds remaining, Whitharral rushed the ball downcourt but Ronnie Harrison was once again "Johnny-on-the-spot" as he stole the ball and passed to Mark Hanna under the Sudan basket. Hanna was fouled on the shot and went to the charity line with 0:02 showing on the clock. Hanna calmly sank both ends of the charity tosses and Sudan clinched an exciting 68-

66 comeback victory.

Richard Tamplin was unstoppable in the game as he accounted for 38 points and 17 rebounds. Hanna was close behind with 18 points.

Saturday afternoon, Sudan met the Amherst Bulldogs for the second time this season in the consolation game and escaped with a razor-thin 39-38 victory as they once again came from behind in the final quarter.

The Hornets led 12-4 going into the second quarter but cold-

Clayton Schedules Sessions In Area

Representative Bill Clayton today announced his schedule for bringing constitutional revision to the people of his district. He will be at each community during the times listed on the following schedule. The people of the district are invited to drop by at their leisure during the specified times at each community to ask any questions or give any suggestions on constitutional revision. Discussion will be centered around the Texas Constitution of 1876 under which we are now operating.

and in every game we have trailed at some point during the contest but have made a comeback each time. "Tamplin played tremendous basketball in all three games but much of the credit for his success has to go to his teammates, Ronnie Harrison, Mark Hanna, Danny Williams, Pat Hedges, Carroll Legg, Craig Harper, Bobby Phillips and Mike Robinson who unselfishly fed him the ball on offense."

Monday night, the Hornets played their last pre-district game at Pep and emerged with a 78-55 triumph. Leading only 14-12 after the initial quarter, Sudan came to life in the second quarter to pull ahead 36-26 at halftime. A strong rush by the Hornets in the fourth quarter accounted for 33 points and enabled the Hornets to pull away from the Buffaloes for the eighth victory of the season against only two defeats.

Slick ball-handling and head-up passing by the Hornets highlighted the game. As a team, Sudan amassed 26 assists, 22 steals, and 56 rebounds while shooting a "hot" 51% from the field. Tamplin was once again the Hornets' "big gunner" as he poured in 33 points while playing only half of the game. In addition, he had 7 assists and 18 rebounds. Hanna followed with 18, Hedges 6, Harrison 6, Robinson 6, Williams 4, Harper 2, Phillips 2, and Carroll Legg 1.

Junior guard Bobby Phillips was

selected by his teammates as "Hustlin' Hornet" for the Pep game. Coach Campbell stated that "steady and dependable" are the words to best describe Bobby. Campbell also stated, "Bobby's not a flashy player but he is a good ball handler, passer and play maker. In addition he had an outstanding defensive game against Pep."

The following schedules will be adhered to very closely because of the timing of stops at the various communities of the district. The discussions will be informal, and Mr. Clayton and his staff are looking for-

ward to meeting the citizens and having their participation.

varsity girls team won their first game, lost their second, and went on to play for third place only to lose to neighboring Amherst after leading in the game until the final quarter.

The Hornets met Bledsoe in their first game and played them evenly in the first quarter, 6-6. However, at halftime Bledsoe had crept ahead 20-15. The Hornets outscored Bledsoe in

the third quarter 6 points to 4 to cut the lead to 21-24. The locals scorched the nets with 18 points in the final quarter to win 49-29. Sudan was led by Joan Hedges with 23 points, Phyllis Ray had 8, Linda Edwards 6, Debra Edwards and Kay Tamplin 4 each, and Mary Ann Bellar and Evelyn Caldwell 2 each. They also led in fouls, 19-14.

In Friday's game, the hosts outlasted the local feds, 34-33 in a hard-fought game with fouls plaguing the Hornets. One guard retired from the game with fouls. Sudan drew 20 to 14 for Anton. Miss Hedges again led the scoring for Sudan with 17, Mary Ann Bellar hit for 7, Phyllis Ray 5, and Debra Edwards 4.

The Hornets again met Amherst, the second time this year, and it was the same story. They led until the final minutes of the game in a heartbreaker with a forward fouling out. Sudan played another great defensive game with the guards doing a tremendous job throughout the game as in others of the tourney. The locals committed 24 fouls to 16 for Amherst with the final score Amherst 54, Sudan 43. Taking game honors was Gina Young of Amherst with 24 points

GOVERNOR BRISCOE OUTLINES EMERGENCY ENERGY PROGRAM

Governor Dolph Briscoe has outlined a 90-day emergency program for energy conservation in both the public and private sectors, and called on all Texans to save energy to save

jobs. The Governor, who ordered specific energy-saving steps for State government, said that voluntary measures by private citizens and business are absolute-

ly essential in two critical areas: the use of automobiles and energy consumption in homes and buildings.

He asked that all Texans reduce their gasoline consumption by 20 percent and recommended reduced speed limits to 55 mph for all vehicles, reduction of all unessential automobile trips, and use of car pools to work and school.

Similar fuel reductions can be realized in homes and office buildings, the governor also stated, by turning out all unnecessary lights; by turning off all display lights and advertising signs after midnight; and most important, by setting thermostats to 68 degrees to heat and 78 degrees to cool.

The Governor ordered all State agencies and schools to take emergency measures also.

SWPS MEMBER OF SOUTHWEST POWER POOL

The Southwestern Public Service Company has become a member of the Southwest Power Pool, according to H. O. Hodson, vice president of engineering and construction for Southwestern Public Service Company.

The Southwest Power Pool is an organization of approximately 32 electric utilities in Texas, New Mexico, Kansas, Oklahoma, Arkansas, Mississippi,

Missouri, and Louisiana and is one of nine power pools covering the nation. Transmission facilities of the SPP member companies are interted so that electric power can be moved back and forth within the pool area and to the other 7 power pools serving the eastern one-half of the United States.

"Our membership in the Southwest Power Pool is an outgrowth of our 230,000 volt intertie with the Public Service Company of Oklahoma and will afford our customers even more electric power should the need ever arise. In addition, through membership in the pool, Southwestern Public Service Company will make available any surplus capacity it might have to help other parts of the country with electric power in the case of emergency," Hodson said.

GSA ANNOUNCES CUTBACK FEDERAL VEHICLE USE

The General Services Administration has taken firm action to reduce the use of Government vehicles by 15 percent in light of the energy crisis facing the nation.

Calling for Government-wide cooperation, Arthur F. Sampson, Administrator of GSA, announced a new temporary Federal Property Management Regulation that requires agencies using the 68,000 General Services Administration Motor Pool vehicles to either meet the 15 percent reduction or face a cutback in the number of vehicles they can use.

Sampson, in making the announcement, said, "It is the responsibility of the Federal community to set the example for the nation in times of crisis. We can't expect the American people to experience the inconvenience associated with energy conservation unless we show them that we are doing our part and are getting results.

The regulation calls for all executive agencies participating in the Interagency Motor Pool System to reduce by 15 percent the number of miles operated by the motor vehicles and to achieve a corresponding reduction in fuel consumption. Where agencies fail to achieve this objective, vehicles will be removed from service by GSA. The regulation restricts agencies from replacing vehicles removed from service by renting, leasing or authorizing the use of privately-owned vehicles for Government business.

Sampson cautioned that "The 68,000 vehicle GSA fleet represents only a portion of the nearly one-half million vehicles in use in the Federal Government." He urged other agencies to control the use of their permanently assigned vehicles. "If other agencies immediately institute similar regulations fuel savings

DILLMAN NOMINATED FOR ADMINISTRATOR OF YEAR AWARD

Muleshoe teachers have nominated Neal B. Dillman, superintendent of Muleshoe Independent School District, for a Texas Classroom Teachers Association Administrator of the Year Award.

The Muleshoe Classroom Teachers Association has nominated Dillman to compete with other administrators from all areas of the state who also have been nominated by their local

classroom teachers association.

TCTA will present three Administrators of the Year Awards at its annual state convention February 15-16 in San Antonio. The awards are made in three categories according to the scholastic population of the district. Muleshoe, with 1,928 students, falls into the third category for districts with fewer than 4,000 students. Dillman is competing against seven other nominees in this category.

Through the awards program TCTA seeks not only to honor outstanding administrators, but also to project a clear picture of what classroom teachers feel typifies a good administrator. Dillman has been an educator for 27 years, serving the past 13 years as Muleshoe superintendent. Prior to coming to Muleshoe he was a high school principal in Kermit for five years. He also has served as a teacher-coach in Borger; Kermit; Newton, Kansas; and Moundridge, Kansas.

In the community Dillman is a member of the United Methodist Church, the board of directors of the Chamber of Commerce, the American Legion, and the Bailey County Hospital board.

Dillman and his wife Esther Marie have three children—David Neal, 23; Mark Randel, 20; and Maribeth, 16.

over the next year will be very dramatic," Sampson said.

The 15 percent reduction in use, combined with a 50 mile per hour speed limit previously specified by GSA for all Government vehicles, is expected to result in a fuel savings of 9.6 million gallons over the next year.

GSA recently solicited bids for more than 5,000 compact sedans for use in its motor pool. Michael J. Timbers, Commissioner of GSA's Federal Supply Service, which buys Federal vehicles reported that Detroit interest in the solicitation is "excellent" and the first delivery of the compacts is expected in mid-February. These compacts will replace larger, less fuel-efficient vehicles now in the GSA Motor Pool.

with Joan Hedges hitting for 21 points for Sudan. P. Ray also hit in double figures with 14, M. Bellar 6, and L. Edwards 2. K. Garin hit for 18 and T. Bearden 12 for Amherst.

The Hornettes won Monday night in regular play over Pep, 41-35, the last game before conference games began on Tuesday night at Springlake. (Results will be in the Dec. 20th paper.)

The game got off to a nip and tuck start with the score tied at 8-8 to start the second period of play. The locals led in each of the remaining quarters, 21-13, 27-25. P. Demel netted a total of 18 points with Joan Hedges and Phyllis Ray both hitting in double figures for the locals. Miss Hedges had 16 points, Miss Ray 10, M. Bellar 6, Debra and Linda Edwards 4 each.

Both varsity teams will be playing in the Hale Center Tournament this weekend with the girls playing Crosbyton at 1:45 p. m. Thursday. This game will be followed by the Sudan boys versus Plains at 3:00 p. m.
