FROM THE Grain Producers News comes a story about a 10-year-old named Peter Barker whose father suggested that the youngster carry some kind of identification in case of accident. It wasn't until some weeks later that the father noticed the identification Pete had slipped into his wallet: "In Case of Accident, This Was Peter Barker."

Knowing kids, this sounds like a true story to me. For some reason I was reminded of something which happened during a recent service at the Slaton First United Methodist Church. Speaker for the service was J. B. Mann of Lubbock, a talented and dedicated Christian. J. B., however, is not a Methodist, but a Baptist.

I can't really vouch for this story either, because someone told it to me. But reportedly J. B. has a young son who was present at the church during the service and who, being accustomed to Baptist churches, was puzzled at the absence of a baptistry.

In the Methodist Church, there's a cross on the wall where most Baptist churches have the baptistry, and there is a microphone hanging directly over the choir seats behind the pulpit. Anyway, the youngster reportedly asked his father about the lack of a baptistry and J. B. explained to him that Methodists don't usually baptize that way; they sprinkle the converts.

"Oh," the boy said, "then that must be it hanging down from the ceiling."

THE LITTLE OLD LADY on Boesen St. says she went up to a student sitting on a bench near Texas Tech and asked, "Crosstown buses run all night?" and the young guy snapped his fingers and replied, "Doo-dah, Doo-dah."

QUITE A FEW people around here are considering the bargain trip to Europe during the spring break, and the Slatonite is getting more inquiries daily. It really is a bargain at \$628 per person for the nine-day trip. We expect to go along. I've been wanting to go over and find out how all those little kids learn to speak those hard foreign languages so well.

HORNETS BLAST ANTON, 26-0

PICTURED ABOVE IS DANNY WILLIAMS, Sudan's No. 22, making good yardage with the ball in Friday nights game here against Anton when the Hornets won 26-0.

Another action scene during the Sudan-Anton game Friday night when Sudan blasted the Bulldogs 26-0.

Coach Jackie Stewart's Sudan Hornets of the north zone of the Class B district were ready to play football Friday night when they hosted the Anton Bulldogs of the south zone. The Hornets blasted Anton 26-0. (This was not a district game. The winner of the north zone will meet the winner of the south zone later in the season for the district title.)

The Hornets proved their

readiness, stated Stewart, when we took the opening kickoff and didn't give up the football until we scored. The Hornets' line was really coming off the ball and whipping the Anton line. HB Kyle Martin plunged over the goal line on a two yard play in the first quarter with 6:58 showing on the clock. The TD came after a 64 yard drive in 12 plays by the team. Martin also kicked the extra point and the Hornets led 7-0 with the score standing at the end of the quarter.

The Bulldogs found the going slow the first time they got the ball, as well as all during the game against the stubborn Hornets who were led by QB Mitch Chester. They had to give up the football on a punt.

Early in the second quarter with 9:58 remaining, FB Danny Williams scampered across the goal line after a 29 yard run. The touchdown culminated a 35 yard drive in only four plays following a short punt by Anton. The PAT failed. The Hornets now led 13-0 and that was the score at the half time intermission of the game.

Following a fine half-time show by both Anton and Sudan bands, the Hornets were still steamed up and scored after only three minutes of playing time. The team went 35 yards in three plays behind fine blocking, and Richard Tamplin found his way into the end zone on a 14 yard run. Jerry Williams' try for the extra point was no good.

Sudan fumbled five times in the ball game and recovered only one of them. One of the fumbles came at a crucial time when the Hornets were on the Bulldog three yard line in the fourth quarter. However, after the second play by Anton, a Bulldog fumbled and the Hornets recovered. Sudan was then able to score from the three after two plays. Tamplin carried the football over and 7:30 remained on the clock. The kick by J. Williams failed.

Anton threatened to score two times during the game. QB Craig Pickett foiled their efforts the first time when he was the only man left between the Bulldog and pay dirt, and made the tackle. Pickett also threatened in the final seconds of the game on a pass play which fell incomplete in the end

zone. The Hornets gained a total of 371 yards with 29 on pass completions by Chester of 14 yards to Martin, and 15 yards to D. Williams. The Bulldogs intercepted one pass late in the game. Sudan punted one time for 35 yards and accumulated 25 first downs to Anton's five.

Most of Coach Stewart's Hornets saw action during the game with the second string playing about half of the final quarter of the ball game.

Coach Stewart stated that he felt like the offense did a good job with 342 yards rushing. We made some mistakes that would hurt in a close game, he said. He felt the Hornets will have to hold on to the ball better. We had five fumbles and recovered only one of them.

Stewart said the defense played good football giving up only five first downs and three of those on penalties. The defense was a little jumpy at the start of the game causing some off-side penalties, but settled down.

"With each game, we have some younger boys starting, and this week we hope to start five both ways!" Stewart stated. If we can do it, this will help because we shouldn't get as tired.

This Friday the Hornets go to Plains and will be trying for a second win. Game time is 8 p.m. Attend the Pep Rally at 3:30 p.m. in the high school gym and then attend the game.

(Correction in last week's statistics - It was reported that J. Williams caught two passes in the game last week with Sundown when C. Pickett actually caught one of them, a 60 yarder.)

The Sudan Junior Varsity Hornets started playing the brand of football that is traditional at Sudan in their encounter here Thursday afternoon with Springlake-Earth.

The young Hornets opened the game by driving the football from their own 35 yard line to the Springlake-Earth 30 and then had to punt. However, several plays later, we recovered a fumble and drove the ball to the visitor's seven yard line before being stopped.

Later on in the first half, just before time ran out, the young Hornets made a goal line stand to stop Springlake-Earth short of a touchdown.

This was the story all during the game as Sudan dominated the game but failed to score when we got the ball in scoring position. The game ended 0-0 but Sudan had twice as many first downs and had Springlake-Earth beat on penetrations, 3-2. "It was a very well-played ball game for both teams," said Coach Al Scott.

The JV team is scheduled to play Plains here Thursday following the junior high team with Plains here at 4:30 p.m.

The junior high team game had only one play which was of any consequence, according to Coach F. R. Smith. Sudan's Bob Graves (Continued on Page 2)

JUDGES IN 20 HOUR J.P. SEMINAR-- Five justices of the peace from Region X were among the more than 73 judges who participated in a twenty hour basic Texas Justice of the Peace Training Center seminar conducted Sept. 3-6 in Amarillo. BOB EDWARDS HAS FIRST LOAD OF GRAIN FOR LAMB COUNTY

Bob Edwards of Sudan was recognized last week as having taken the first load of grain for the season to Farmer's Grain Co. of Littlefield. Edwards farms west of Su-

dan and was ginned at the Gage Gin, Amherst, Saturday, Sept. 14 at 2:30 p.m. The bale was then put on display in front of the First National Bank on Main Street, Amherst.

Peel gathered the bale and was harvested Wednesday and tested 15.25 percent moisture and weighed 58 pounds per bushel.

(hand-pulled) Friday and Saturday from six acres in his field of cotton located just outside west Littlefield.

This Ricot 90 irrigated cotton was planted on May 6. The 445 pound bale was ginned from 1660 pounds of seed cotton, and yielded 840 pounds of seed.

Gage Gin paid \$150 per ton for seed, and guaranteed Peel a Middling inch grade, plus a \$150 bonus.

SHOWN ABOVE IS THE FIRST BALE OF COTTON AT THE GAGE GIN in Amherst where it was ginned Saturday, September 14th 2:30 p.m. At left is Homer Peel who gathered the first bale; at right, Jim Gage, ginmer, and atop the 445 pound bale of cotton is his 7 year old daughter, Michele Gage holding her dog, Princess.

MR. AND MRS. CARY WAYNE ANDERSON

Couple Recites Vows

Miss Linda Gail Edwards and Cary Wayne Anderson, Littlefield, were united in marriage Saturday, September 7, at 8 p. m. in the home of the bride's parents, Mr. and Mrs. Bobby Edwards of Sudan. The groom's parents are Mr. and Mrs. Bill Anderson of Littlefield.

Rev. Eddie Freeman, pastor of the First Baptist Church of Sudan officiated the reading of the double ring wedding vows.

Decorations included two baskets of greenery in gold stands on each side of the wedding party.

Given in marriage by her father, the bride wore a floor length empire styled gown of light blue sheer polyester with tiny white flowers, a scooped neckline short puff sleeves trimmed in wide white lace, and a deep ruffle at the bottom trimmed with white lace. She carried a bouquet of white carnations and baby's breath with a lift-out orchid and blue ribbon streamers. The wedding gown served as "something new." For "something old" the bride wore his Grandmother Gray's bracelet. A blue garter, belonging to the bride's new sister-in-law, Mrs. Bruce Anderson, served as "something borrowed and blue." The bride also wore pennies in her shoe minted in the year's of the couple's births.

The maid of honor was Miss Ann Nix of Sudan who wore a light blue floor length dress with a high neckline. She carried a bouquet of white carnations and blue daisies, baby's breath and blue ribbon streamers.

Serving as best man was Bruce Anderson of Ft. Worth, brother of the groom.

The mother of the bride wore a long blue princess styled dress trimmed in white lace and black accessories. The groom's mother wore a beige long

dress and multi-colored accessories. Both wore white carnation corsages.

Following the wedding ceremony, a reception was held in the Edwards home when fruit punch, nuts, blue mints, and white wedding cake decorated with light blue flowers and topped with a miniature bride and groom, were served from crystal and silver appointments. Debra Edwards, sister of the bride, and Ann Nix presided. A white linen clothed in lace covered the serving table which was centered with a blue and white floral arrangement.

The couple reside in Littlefield where the groom will be farming. The bride attended Sudan schools, and the groom attended Littlefield schools.

Attending the wedding were parents of the couple; the bride's sister, Debra Edwards; her brother, Pete Edwards; brothers of the groom, Mr. and Mrs. Bruce Anderson of Ft. Worth and Mr. and Mrs. Craig Anderson of Littlefield and the bride's grandmother, Mrs. C. W. Bolton of Sudan.

Local Parents Needed As Teacher Replacements

Sudan is one of seven schools in a 20-county region to begin a career education program this year. Superintendent Kenneth Noles made the announcement recently and said that the program will be infused in grades kindergarten through fourth.

Parents of students in kindergarten through the fourth grade are needed to assist with classes as "teacher replacements" during the days teachers are in career education in service training during the 1974-75 school year. Parents will be needed six days of the year and should contact Bernard Wilson at the elementary school office, Noles stated.

Noles said that Sudan will have 13 teachers and 181 students involved in career education, a program which carries a priority rating in public schools across the nation.

Sudan is one of 13 schools belonging to a network formed by the Lubbock-based Education Service

Center, Region XVII; the Center serves 66 school districts in a 20-county area. The main purpose of career education is to prepare young people for a productive and rewarding life. It helps them in their search for values in a work-oriented society and in integrating those values into their own life in such a way that work becomes meaningful and satisfying.

Other schools besides Sudan joining the career education program sponsored by the Service Center are Floyddada, Olton, Petersburg, Plains, Ralls and Shallowater.

Dr. Bob Meisner of Kansas State University was assigned by the Center to work with the Sudan teachers. A team representing the one-year-old Morton program will serve as a resource team for Sudan.

Consultants will begin training the local staff September 25; out-of-town consultants will spend at least six days training Sudan

Services To Be Held

'Sew It With Cotton' Show

Scheduled Oct. 12

The Bailey-Lamb County Women's Cotton Promotion Association, met Tuesday, Sept. 10, at the Claunch Gin office in Bula.

Presiding was Mrs. Cecil Jones, president, when the upcoming "Sew It With Cotton" contest and style show were discussed.

The show and contest will be held Saturday, Oct. 12 in the Littlefield High School auditorium with judging at 2 p. m. and the style show at 7:30.

Entry blanks for the contest may be picked up at piece goods stores in Muleshoe and Littlefield, or by contacting a member of the organization. They may be returned to Mrs. Jones, Bula. The deadline for entries is October 5.

The contest is not open to professional seamstresses (currently employed Home Economic Instructors and Home Demonstration Agents). Women who sew for the public are not considered professionals. 4-H club girls and girls taking sewing in Home Economics are urged to enter.

The contest is not limited to Cotton Clubs, or Cotton Promotion Association members.

Winners will be named in each category with the first place county winner, or alternates in each category, to enter the District Contest to be held also in the Littlefield High School Auditorium on Nov. 2.

PERSONAL

Sgt. and Mrs. John Capers left Monday for Las Vegas, Nev. to visit his mother, Mrs. William Bradley. Capers recently returned to the states from Germany where he was stationed for two years. His wife, Sheryl, returned home in June and had been staying with her parents, Mr. and Mrs. B. A. Beauchamp, Jr. and Derwin.

Mr. and Mrs. Cary Anderson of Littlefield were Sunday guests in the home of her parents, Mr. and Mrs. Bob Edwards.

NATIONAL HIGHWAY WEEK SEPT. 22-28

Country music star Eddy Arnold is the national chairman for the observance of National Highway Week, Sept. 22-28.

Arnold has used his role as national chairman to call attention to the need for improved highway safety.

Highway Week is sponsored by the American Association of State Highway and Transportation Officials and member state agencies.

In Texas the Texas Highway Department will sponsor a variety of activities during the week, according to State Highway Engineer Luther DeBerry.

Theme for this year's observance is "Better Roads - Better Living". DeBerry said the theme was particularly fitting because of Texas' dependence on the highways as the prime mode of transportation for this state.

MANOR NEWS

Rev. Eddie Freeman recently visited at the Amherst Manor and while there he sang for the residents and accompanied himself on the guitar.

Dr. I. T. Shotwell of Littlefield, gave each resident of Amherst Manor a Bible. Each Bible was presented with a small cross with the inscription "Jesus Christ is Lord" and a poem entitled "A Cross in My Pocket." The Bibles were delivered

and presented by Mrs. Dale Phelps of Littlefield, a member of the Hospital Auxiliary.

Ladies are needed for a Nursing Home Auxiliary. Anyone interested in organizing or being a part of a Nursing Home Auxiliary, are asked to call 227-6571.

There are several Sudan residents who are now residents in area nursing homes including Mrs. R. E. Doss, Mrs. W. H. Ford, both in Amherst Manor; Henry Gilbert at Quaker Manor, Lubbock; Mrs. Millie Epperly and Mrs. Fulcher at Muleshoe Nursing Home.

Area FFA Meeting Held

ARTIST'S Rendering of how Southwestern Public Service Company's proposed 300,000 kilowatt GCFR nuclear demonstration plant might look adjacent to a conventional coal or gas-fired generating station. The cylindrical structure on the right houses a prestressed concrete reactor vessel, 84 feet in diameter and 71 feet high, and contains the principal components of the nuclear steam supply system.

SPSC Plans GCFR Plant

Southwestern Public Service Company announced the first step in a program which sets the stage for the company to take a lead role in the construction of the nation's first power plant to use a gas-cooled breeder reactor.

Roy Tolk, chairman and president of the electric company, said the Gas-Cooled Fast Breeder Reactor (GCFR) plant, would have a generating capability of 300,000 kilowatts and would be located on a site provided by Southwestern.

"We have signed a letter of intent with General Atomic Company of San Diego, in which we would contribute \$100 million to the project. Substantial additional financial support will be required from the electric utility industry and the U.S. Atomic Energy Commission", Tolk said.

"Our long-range projections call for additional generating capability in the mid-1980's; so, this development program fits right into our growth pattern and

could very well be our introduction to nuclear power. We will, of course, have a conventional generating unit in service to meet our customer's needs, if that is necessary, but are enthusiastic about the prospects for the breeder unit being available", Tolk said.

General Atomic has been working on a Gas-Cooled Breeder Reactor for 13 years. Support for the program has come from the Atomic Energy Commission and a GCFR Utility Committee comprised of 57 investor-owned utilities, 55 rural electric cooperatives and three European electric utilities. Included in the coop-

eratives participating in the program are the Rita Blanca Electric Cooperative, Dalhart; the Bailey County Electric Cooperative, Muleshoe; and the Tri-County Electric

Cooperative, Hooker, Okla. Breeder reactors have the unique capability of producing more nuclear fuel material than they consume. Because of this potential to stretch nuclear fuel resources, breeders are regarded as an essential component of a long-range success of the nuclear power industry. In operation, the GCFR will produce nearly 1 1/2 times as much fuel material as it consumes.

School Board Meeting Held

The Board of Trustees of the Sudan Independent School District met Tuesday night, Sept. 9 for a regular meeting.

The invocation was given by Dexter Baker. After the reading and approval of the minutes of the previous meeting in August, the Superintendent's financial report for August was approved. Mr. Tollett was introduced to new board members.

A discussion followed in regard to married students with children and their participation in extra-curricular activities and athletics. It was the decision of the

Lamb County Farm Bureau

Eighty persons attended the annual Lamb County Farm Bureau Convention here at the Sudan school cafeteria Saturday afternoon, Sept. 14.

Presiding was President Jerry Ray. Members voted to change a county by-law to have nine directors instead of the previous 29. A resolution passed to send to state and national OSHA safety regulations on farm equipment being made more usable and realistic.

Jerry Ray was re-elected to the office of president of Lamb County Farm Bureau, as were the following directors; Melvin Mears, Alvin Ray, Jerry Barton, Dolan Fennell, Larry Tunnell, Eldon Gohlke, Dallas McCurdy, Jerry Ray. Director-at-large elected was Edward Mitchell.

Door prizes were awarded to each person present including guests who attended from Lubbock County and Castro County. Refreshments were served following adjournment.

PERSONALS

Jackie Bruton of Muleshoe visited recently in the home of Mr. and Mrs. Jimmy Carpenter, Nelda, Carolyn and Lance.

Mrs. Lois Blair of Shallowater, formerly of Sudan, was a recent visitor here with her mother, Mrs. W. N. Jones.

Recent visitors in the home

Governor Briscoe officially opened his campaign for re-election last week in Dallas. In his remarks he stated:

"Rather than launch massive new spending programs of marginal benefit to the people of Texas - programs which would require an un-

warranted expansion of the state bureaucracy - I believe the wisest course is to reduce taxes whenever it is possible to do so without reducing essential services."

"Utility rates have been skyrocketing in Texas and it would be entirely appropriate to abolish the four

per cent state sales tax, on every Texan's utility bill. This measure would give much needed relief to the inflation-plagued consumer.

During the next two months Governor Briscoe will visit all parts of Texas on his re-election drive.

Panhandle South Plains Fair Announces Special Calendar

Four special days again will dot the calendar of activities at the Panhandle South Plains Fair in Lubbock Sept. 21-28.

General manager Steve L. Lewis said the 57th annual exposition would include area school day on Monday, Sept. 23. Lubbock school days on Tuesday and Wednesday, Sept. 24-25, senior citizens day, Thursday, Sept. 26; and college day, Friday, Sept. 27.

Area school day is set on the first Monday of the fair, primarily because of the Parade of Bands, which draws even more than three dozen South Plains-eastern New Mexico units.

This year, the parade may draw even more participants, because the cash premiums have been boosted by \$1000.

Free tickets will be distributed to schools throughout the area and in Lubbock as in the past, Lewis said.

All patrons over 60 will be admitted free on senior citizens day and college and military personnel will be admitted free with proper identification on their "special" day.

Officials of the Women's division have mapped out detailed plans for the 57th

COUNTY LIBRARY TRUSTEES MEET

The trustees of the Lamb County Library met last Wednesday to discuss and choose plans for the proposed "new" Lamb County Memorial Library. They have visited the new Dimmitt library and were favorably impressed with the design and type of structure. They met again Tuesday morning on the matter.

The land for the site of the new Memorial Library has been donated to the county by the Arthur Duggans of Littlefield, and the trustees are accepting monetary donations also. A fund drive will be conducted in the future.

Mrs. Simon (Lauri) Hay of Sudan is one of the trustees of the board of Lamb County Memorial Library.

bock visited during the weekend with her parents, Mr. and Mrs. Pal Legg, and attended the Sudan-Anton football game Friday night.

Mrs. Randy Humphreys and boys of Tulia visited recently with her parents, Mr. and Mrs. Bill Curry.

Mr. and Mrs. James V. Sautchuk of Lubbock visited during the weekend with her parents, Mr. and Mrs. Dick West and attended the football game here Friday night.

SVFD Report

The Sudan Fire Department met Monday night for the purpose of electing new officers.

Orville Hill was re-elected Fire Chief; Bob Davison, assistant Fire Chief; Theron Hill, first assistant; Damon

Provence, second assistant; Bud Provence, president; Jimmy Williams, vice president; Bob Taylor, secretary and fire marshal; Pete Phillips, sergeant-of-arms; Phillip Gordon, reporter.

The firemen will sponsor a Turkey Shoot east of Sands Cafe Saturday and Sunday afternoon, Sept. 28 & 29. Guns will be available and shells will be sold. Everyone is invited to participate in this event.

Sing-a-long Set

A "sing-a-long" has been scheduled for Thursday, Sept. 26, at 8 p. m. in the Amherst Community Center.

BRIGHT STAR IN THE GALAXY OF ELECTRIC HEAT

THE HEAT PUMP

ENERGY EFFICIENT...

We call the heat pump a "Bright Star" because although the idea has been around for some time now... there's a lot more interest in saving energy than ever before... people want to save energy, but they don't have to give up their comfort. With the heat pump, you don't have to give up anything. The heat pump makes wise use of energy because it uses otherwise wasted heat and electricity to heat and cool your home. Electric heat, in any form, is a wise use of precious energy and the heat pump is today's star of the system... more than 100% efficient at the point of use - actually provides more energy than it uses. Call us this week for a free electric heat-cost survey of your home... and ask about the heat pump!

LOCAL SPC STUDENT DONATES BLOOD
Twenty-two students and a faculty member from the automotive and diesel mechanics program at South Plains College have donated blood to help a Levelland man burned in an oil field accident. The students, accompanied by Hollis Shewmake, instructor in diesel mechanics, went to Blood Services, Inc. in Lubbock Wednesday (Sept. 11) where each gave a pint of blood. Shewmake and the students including Bruce Pierce of Sudan, donated 23 pints of blood in the name of C. P. Lyons, an employee of American Oil Well Servicing who was burned Saturday, Sept. 7. News reached the campus that Lyons, who is in Parkland Hospital in Dallas, was in need of 30 pints of blood. "American Oil Well Servicing has done a lot to help our program," explained Claude Kirkpatrick, coordinator of the automotive-diesel mechanics program, by recently giving SPC a diesel truck to use in training mechanics students. The students thought this would be one small way to show their appreciation. And Charles Buchanan of Plainview, a graduate of the diesel mechanics program, is currently working full time for the company, Kirkpatrick said. "We found out after we got there that Blood Services would have come over here to take the blood with this many donors," Shewmake said. "If we'd known that we would have had several more people donate blood who couldn't make the trip to Lubbock."

The Horse Show: A Berlin Bargain

No horse-lover should miss West Berlin's International Riding & Jumping Tournaments, contested by the world's top riders each January and May; particularly since these competitions go back 65 years and are different from comparable events elsewhere. How? What's to see after the champions have mastered the jumps with consummate skill, speed and accuracy and the elegant dressage riders too have demonstrated their expert horsemanship? Well, the answer is, that's when Berlin's horse shows stand out by offering not one but two added attractions, each a real show stealer. For openers, you are treated to the traditional and nostalgic parade of huge brewery wagons, some drawn by as many as ten powerful, broad-chested Clydesdale stallions; and then comes a "show" to help you unwind after the excitement of the equestrian contests. These treats have included spectacular demonstrations by the Vienna Riding Academy, the Royal Horse Guards from London, the Belgian Gendarmes from Brussels, the Garde Republicaine from Paris, and so on. Last time, this bonus portion of the program re-created a rural wedding in Poland, with appropriate merriment and folk dancing, plus of course lots of beautiful horses and fine riding. So, if in Berlin at Horse Show time, where else can two bucks get you so much fun?
