A Bird's-eye view of Fields of the Wood, North Carolina

FIELDS OF THE WOOD, a place of beauty in the Great Smoky Mountains and where members of The Church of God of Prophecy meet for spiritual truths of God.

CHURCH TO PRESENT FIELDS OF THE WOOD

The Church of God of Prophecy would like to present "Fields of the Woods" to the public Friday, Oct. 17 at 7:30 p. m.

"Fields of the Woods" nestles in the midst of the wild beauty of the Great Smoky Mountains like a polished emerald in the heap of uncut jewels. It is the place where the voice of God speaks to the hearts of thousands through the messages of salvation and of God's plan for mankind engraved in the stones and markers found there. These voiceless markers speak in silent but emphatic words the glorious truths of God.

This slide presentation will be presented by Alvin A. Richards Jr., the local Church of Prophecy Markers Association director. He extends a warm welcome to everyone.

The Victory Leaders of the Church of God of Prophecy, extend a cordial invitation to the public to attend their Victory Leaders service Wednesday, October 22 at 7:45 P. M. "Where Is Your Life Leading Your Soul", is the subject to be covered in a message by Alvin Richards Jr.

Alvin is presently serving as minister in training un-

der the direction of Wesley Brannan, pastor of the local church. In addition to his duties and required courses of study as a minister in training, Alvin is serving in the local church's marking program, known as the Church of Prophecy Market Association. This church-wide association is responsible for raising funds to mark places that are of Biblical interest throughout the world. One of its main projects was the establishment of Fields of the Wood in Cherokee, North Carolina which is also known as the Biblical Wonder of the World.

SCHOOL FEES-----

ncy General's Opinion did not cover fees collected prior to the date of October 1, 1975.

(2) The ruling does not speak to students furnishing traditional supplies such as pencils, paper, etc.

(3) Fees charged to buy such materials as workbooks, etc., are covered under the ruling. Fees for typing, labs, etc., are also covered by the ruling.

(4) Materials necessary for the student to acquire basic skills in vocational education courses must be furnished by the school district. However, the school dis-

trict may allow a student, at his option, to furnish costlier or different vocational materials for approved projects undertaken for credit in such courses without incurring any obligation to pay for such materials, so long as the materials and the projects created from them remain the property of the student.

(5) A school district may charge tuition for driver training if taught in the student's fourth quarter (summer school). This is one of the areas in which tuition may be charged as indicated in Texas Education Code 16.064.

(6) A school district may charge non-participating students admission to extra curricular activities where attendance is voluntary.

(7) A rental fee may not be charged for band uniforms. The opinion does not address the question of students furnishing their own uniforms and/or equipment.

quarter when they drove 65 yards for the score with Matt Hams and John Miles chewing up long gains. The touchdown came on a quick-pitch to John Miles when he went 9 yards for the score. Then Matt scored the point after.

Seagraves came back after a Sudan drive was stopped at the Sudan 45, and scored to tie the game. With two minutes left in the half, Seagraves scored in one play going 45 yards for the go-ahead touchdown. The score was 16-8.

The second half saw no change in the score even though Sudan threatened twice but could not hit paydirt. Sudan controlled the ball most of the half. The young Hornets played the Hornet brand of ball the second half but just could not score. It was a fine played game.

Sudan junior high won their football game last week at Sundown 14-8.

Scoring in the first quarter on an end sweep was Billy Williams for 10 yards. He also ran the ball over for two extra points.

In the second period of play, Victor King swept around end for 15 yards and another Sudan TD.

Neither team could score in the third; however, Sundown did score in the fourth on a reverse play and ran over for two extras.

The junior high team will host Labadie this week at 5 p. m.

organization. All coaches gave reports on their games following the viewing of the Sudan-Happy football film.

Coach Stewart also stated that he felt Labadie was a much improved young ball club.

Coach Scott praised the JV team in their competition with Seagraves Thursday in the fine job although they lost.

MANOR NEWS

We want this week to sing the praises of a devoted and dedicated group of ladies. They are the Ruth Sunday School Class of First Baptist Church, Sudan. One year ago this class took on the project of bringing a monthly birthday party to the home. It has become an event much looked forward to by everyone. The ones having their birthday in the particular month try to guess the kind of cake, if there will be ice cream, and even what their gift will be. The suspense isn't limited to the honorees, and soon everyone is guessing. The ladies don't limit their thoughts to birthdays alone. Let there be a holiday or special occasion, and they are bound to pop in with a clever surprise. For a year, these ladies have been as dependable as the proverbial St. Bernard, and now they have taken the project for another year. This is faithful service and a great way to spread joy to many people. Everyone gives them a great big thank you. Visiting this week with Aida Slate were Mr. and Mrs. Crosby Slate, Mrs. Ves Terry, Dr. and Mrs. Bill Terry, Mrs. Guy Walden, Mr. and Mrs. Tommy Cate, Evelyn Murphy, Ruby Mince, Margaret Johnson and Bertha Vereen. ...to save you steps, to bring more pleasure, convenience and security to your home. Now, for that second phone you really know you need, there's a fascinating selection of functional, colorful, clever, crazy, sophisticated, new-fashion old-fashioned designer/decorator telephones in General Telephone's Extension Extravaganza. Like the STYLELINE® telephone... the phone that puts the works so lightly in the palm of your hand... handset, dial and recall button, too. Could anything be easier (and come in 10 exciting colors, too)?

CRADLEPHONES are the very last word in sophisticated styling. Mediterranean, Brocade, Antique White... all resplendent with gold trim and fingerwheels. Conversation pieces right out of another world.

CANDLESTICK PHONE... the new-fashion old-fashioned phone styled right out of the roaring twenties in Black Bottom Black, Whiffenpoof White and Razzmatazz Red. Except that we did away with the separate big old bell box.

STABLE® telephone is a practical luxury for "her room." Dainty high-style with dial that glows. Ideal for night table or vanity for after-dark dialing, or as a friendly, adjustable-brightness night light.

CLAWSON ASSISTS IN FIRE CONTROL

Eleven Southwest Texas State University geology students in Rodney Griffin's geomorphology class went out to nearby Canyon Dam Oct. 9 to study roadcuts, stratigraphy and rock types.

Before the day was over, all 12 had turned into amateur firefighters. Among them were Sophomore Edward Clawson, Bula.

The group was coming down the road four miles below Canyon Dam, located near San Marcos, in a university van when they noticed a grass fire being fanned by wind.

They stopped the van, jumped out and started trying to stamp out the flames.

"It looked pretty chancey for a while", asserts Griffin, "like half the county might be burned off. But then John

THE BIBLE SAYS

By Art Lynch

What is the greatest thing in the world to you? Your children? Your home? Your parents? Your farm? Your friends? We are a very emotional people. We like things just so and if they are any different, we can get upset. Our whole day can be ruined by some little happening in the morning. It all depends upon what is important to us. If the most important thing in your life is your children, that's good, because in order for a home to function properly, it needs concerned mates who will see to the needs of the home. If the most important thing to you is your parents, that's good; because there are so many parents today who feel unloved in their old age and are cast aside, not because there is no one to care for them, but because no one wants to be bothered by them. If the most important thing to you is your friends, that's good too; because friends make life worth living at times. But, I mean, where is your heart? "For where thy treasure is, there will thy heart be also", Jesus said in Matthew 6:21. What do we seek first? Jesus said, "Seek ye first his kingdom and his righteousness..." I believe some have a "first" problem. In Luke 9:59 Jesus said to one man, "Follow me. But he said, Lord, suf-

fer me first to go and bury my father. But he said unto him, Leave the dead to bury their dead..." Then in verse 61 it is recorded, "And another also said, I will follow thee, Lord; but first suffer me to bid farewell to them that are at my house. But Jesus said unto him, No man, having put his hand to the plow, and looking back, is fit for the kingdom of God." Is this saying that our Lord is a cruel man even to the point of not allowing us to bury our loved ones? Certainly not! These he was talking to had a "first" problem. He was simply telling them to search their hearts and seek him first! When is the last time you read your Bible, or checked on what you were being taught by your Sunday morning teacher - with the Bible? "Seek ye first!"

Furniture Facelift Workshop Planned

Does your furniture have the blahs? If so, come on out to the "Furniture Facelift Workshop"!

The workshop will be held Friday, Oct. 24, from 9:30 a.m. until 2:00 p.m. at the Lamb County Agriculture and Community Building. Bring a salad and we'll eat lunch together. If you can't come for the day, drop by for a visit.

To pre-register for the workshop, call Mrs. Abernathy at 385-3005. "We must have at least 25 to pre-register or the workshop will be cancelled. Several Extension Agents will be coming from out of town and we must have enough people to justify having the workshop," according to Mrs. Dorothy Powell, Lamb County Extension Agent.

Demonstrations scheduled during the workshop include: "Cleaning and Conditioning Furniture" by Mrs. Linda Pittman, Hockley County "Minor Furniture Repairs" by Mrs. Dorothy Powell,

Lamb County "Preparing Wood for Finishes" by Mrs. Jane Blay, Terry County "Applying Finishes" by Mrs. Gail Gladden, Cochran County

The same workshop will be held Friday, Oct. 17, at the City Hall Community Room in Earth. Call 257-2026 to register for the Earth workshop.

Official Memorandum
By **DOLPH BRISCOE**
Governor of Texas

GREETINGS: Accidents at railroad grade crossings continue to claim many lives and result in significant property damage. Deaths due to collisions between automobiles and trains at railroad grade crossings in Texas increased by 10 percent in 1974. In the first half of this year, however, the number of deaths has decreased by 22 percent.

Public awareness and public cooperation, along with improved engineering of automatic protection devices at public grade crossings, will assure continuing progress in the reduction of deaths and injuries at grade crossings.

It is hoped that all Texans will join the Texas Safety Association in their effort to prevent grade crossing accidents by observing railroad crossing signs, signals and markings.

THEREFORE, I, as Governor of Texas, do hereby designate the week of October 10-16, 1975, as

TEXAS RAILROAD GRADE CROSSING SAFETY WEEK

and urge all Texas drivers to obey traffic signs, signals and pavement markings at grade crossings; to encourage enforcement of laws governing traffic at grade crossings; and to support efforts to improve safety measures at grade crossings to reduce the Texas death and injury from vehicle-train collisions.

In official recognition whereof, I hereby affix my signature this 10th day of October, 1975.

Dolph Briscoe
Governor of Texas

who knows what lurks behind these shadowy walls?...

The ghostly occupants of this haunted house know very well. In fact, they refuse to move because they enjoy their comfort so much. What's causing the comfort they've become so accustomed to? It's the electric heat pump. The heat pump provides cozy warmth in the winter and just-right cooling in the summer with just one unit. One temperature setting keeps the nearby residents in heavenly comfort throughout the year... and it's do the same for you and your family.

Dealers & Good News

In recent columns, I've been discussing some of the problems facing families with the addition of a second income. One of the most important to deal with from the start can be "the" money years, mine, or ours?

There are, of course, many ways of handling the family's total income. Each party working can maintain a separate checking account and then pay half, or a fair percentage of all the common household items of expense.

These bills are in the "ours" category. Then the rest of the bills have to be divided between the "yours" and "mine."

A more common solution is the pooling of the combined incomes into a joint checking account from which all household items are paid. Then each person draws an allowance, usually on a weekly basis. This is for lunches, clothing and other incidentals.

Whatever system you choose, experts agree that it is important for everyone contributing to the family income to keep at least a part of their earnings.

If a second income is in your future give these arrangements some thought. It may save you a lot of confusion down the line.

Because We Seek to Serve...

we offer you the benefits of our experience in assisting bereaved families through this time of sadness by making all of the necessary arrangements for services and burial.

HIBERNATION FOR LAWN MOWERS

When storing your lawn mower, it's important you do it safely. Here are some tips from experts at the Outdoor Power Equipment Institute for the owners of the 40 million lawn mowers in America that will be hibernated down for the cold weather.

1. Drain all gasoline out of the mower before putting it away. Store the gas in a strong, metal, clearly marked, safety-type can with a self-closing cap and keep it away from children and combustible materials.

2. Never reach into the blade to clean it unless you're sure the mower is off and the power is off. Stop the engine and disconnect or remove the spark plug before making any repairs.

3. Make sure that you store the mower in a safe place where children and pets can't "play" with it.

4. Discuss proper servicing and maintenance needs with your dealer. Schedule a service appointment well before the spring rush.

5. Before you take the machine out again for spring mowing, make sure to read the safe operating instructions included with the mower. Make sure you relearn the controls well enough to be able to act instantly and correctly.

Follow these rules and your lawn mower should be in great shape after its winter hibernation.
