WOODWORK

by Dalton

SUDDENLY it's December, and with December comes all those things unique to this time of year, like runny noses and cold feet, cotton ginning and frozen farmers, the ringing of sleigh bells and cash registers and all that goes with Christmas, including free turkeys, lighted homes and streets, and thin billfolds and plans to visit people you don't see very often.

Okay, so we have colder weather in January and February than we do in December, and the sound of sleigh bells is pretty hard to catch around here on most days. You still know what I mean.

Every year we who are on the far side of 30 remark that it doesn't seem like Christmas this year, and how it all at once jumped up in front of us, and how Christmas ain't what it used to be. I expect that if we'd look at it honestly, we'd see that the holiday season is just as exciting as it ever was for youngsters and parents alike, but especially for the kids. The trouble is not in the season; it's us who are older and consequently have more trouble enjoying the season than we did when we were youngsters. The Garza St. Grouch says the spirit of giving is great, but the spirit of receiving is even better.

WHEN G.K. CHESTERSON was asked the traditional question, "What single book would you like to have with you if you were cast away on a deserted island?" he replied: "Thomas's Guide To Practical Shipbuilding."

Cindy Ham Wins Blue Ribbon At 4-H Show

Cindy Ham of the Sudan 4-H was among the Lamb County 4-H members eligible to participate in the District 4-H Food Show Saturday (December 6) in Lubbock. She received a blue ribbon in the junior division in food preparation of Italiano Pie.

The District 2 4-H Food Show was held at Texas Tech University. Theme of the show was "Heritage Foods". About 150 youth participated with eight from Lamb County which included four in the senior division and four juniors. One other 4-H member from Lamb County received a blue ribbon with all others receiving red ribbons. There is no further competition for juniors; seniors will represent the 20-county Extension District 2 in the State 4-H Food Show in June at Texas A&M University.

Judging was on knowledge of nutrition, meal planning, food buying and meal service as well as on ability to prepare food.

The show is conducted each year by the Texas Agricultural Extension Service, Texas

A&M University System. Cindy's prize-winning recipe for Italiano Meat Pie is as follows:

- 1 lb. lean ground beef
- 1/3 cup green pepper, chopped
- 3/4 cup water
- 6 ozs. tomato paste
- 1 1/2 oz. pkg. spaghetti sauce mix
- 1 Pet - Ritz Deep Dish Pie Crust Shell
- 1/3 cup Parmesan cheese, grated
- 1 1/2 cups Mozzarella cheese, grated

Preheat oven to 400°. Brown beef in large skillet. Drain. Add green pepper and cook 2 minutes. Stir in water, tomato paste and spaghetti sauce mix. Cover and simmer 10 minutes. Sprinkle half of the Parmesan cheese over bottom of frozen pie shell. Spread half meat mixture in pie shell. Sprinkle 1 cup of the Mozzarella cheese over meat. Layer remaining meat and Parmesan cheese. Bake on cookie sheet 15 minutes. Sprinkle top with remaining Mozzarella cheese. Return to oven until cheese melts. Serve 6.

BOYS RANCH DRIVE BEGINS

The annual drive to provide the 370 boys at Cal Farley's Boys Ranch with a new suit or clothing package began last week.

Providing new clothing for the boys through the Christmas Suit Fund has become a favorite way of Christmas giving for friends of the boys who contribute \$35.00 for

this purpose. Special discounts by Amarillo merchants and differences in prices of clothing for younger and older boys make the average cost of \$35.00 possible. The suits replace those that have been worn out or outgrown, and in many cases, they are the first new suits some boys have ever owned.

PERSONALS

Recent patients in the Amherst hospital were Mrs. Mickey Nix, Mrs. Connie Fisher, and baby boy Fisher; Lee Ann Ellison and Mrs. Barbara Bond.

NOTICE

The Sudan Beacon News will go to press early the week of Christmas. All copy for the New Year's and Christmas editions must be in by December 22 in order for it to be published. The office will be closed from Tuesday afternoon, Dec. 23, until Monday morning, Jan. 5, 1976.

All Santa letters are needed by December 18.

The older boys get to select their own clothing in Amarillo stores, and the suits will be worn by graduating seniors next spring. Virgil Patterson, Ranch President, said, "A new suit is the best Christmas present a boy can receive because it is a yearround reminder of those who care."

Contributions to the Boys Ranch Christmas Suit Fund may be mailed to the Boys Ranch office, P. O. Box 1890, Amarillo, Texas, 79174, or taken to the office at 600 West 11th Street in Amarillo.

"I'd rather explain higher gas bills than why you don't have gas."

Your natural gas bill is higher. And, you have every right to know why.

One reason is lower temperatures brought on by winter.

The main reason, however, is simply that you are paying more for natural gas. Because we are paying more. This chart shows how much:

This increase hurts both you and Pioneer. It adds to your bill and to our cost... a cost for which Pioneer is not entirely compensated. It is passed through without mark-up or additional charges.

Why does gas cost more? Competition... particularly from petrochemical and other industries. The competition for gas has never been so fierce.

We will have to pay more for gas than in the past. But by working together, and without outside interference, you'll have the gas you need today and in the future.

Tips on Wood Finishing

HOW TO MAKE A HOLIDAY GIFT TOTE

This Holiday Season create even more excitement when you go visiting-bearing gifts. Instead of packing gaily wrapped presents in a plain box or bag, transform an ordinary bushel basket or orange crate into a festive "gift tote."

To give a basket or crate Holiday color, finish it in a bright red, green or rich natural tone wood finish. Brush on a liberal coat, wait 5-15 minutes, wipe off excess and allow to dry overnight.

For a bright glass-like surface, coat with a clear gloss polyurethane finish. (Polyurethane is also the best finish for preserving pine cones and other delicate wood decorations.)

Once the finish is dry, decorate your basket with rope handles, holly sprigs or ornaments. Then fill your new "gift tote" with packages and you're ready to play Santa. Your "gift tote" makes a good storage container for wrapping paper and ribbon after the Holidays, too.

Year-round advice on wood finishing is contained in a 16-page booklet, "Tips on Wood Finishing." For a free copy, write Minwax Company, Inc., Dept. PR 6, 41 Oak Street, Clifton, N. J. 07014.

THE BIBLE SAYS

By Art Lynch

Someone once said: "Anything worth having is going to cost something!" And isn't it true! Anything worth while in this world will cost us something. If a person aspires to be a doctor, there is only one road... the road of sacrifice. We can read every book ever printed on medicine and yet never become a doctor. Not only do we have to study but we have to apply ourselves to what we are studying. If one never gets a burning desire to become a doctor, they may become a doctor after a fashion, but they will never become a good doctor. Becoming a good doctor takes extra effort. Goal setting is essential. Keeping our eyes on the goal is essential. Not letting anything stand in the way of our goal is essential. In contrast, have you ever thought how easy it is to become very good at certain things? We could say, "Anything not worth having is easy to obtain." But we could never say it will cost us nothing! For example, let's say one desires to become an alcoholic; he could be a professional in one day. Just get a bottle and start right in. You don't even have to like the stuff. Just drink enough of it and you will begin liking it. Or perhaps we would like to be a professional "junker". That would only take a few hours. Yes, it takes years and years of sacrifices upon sacrifices to become something worthwhile to ourselves and our

community, and only a few hours to become something that will eventually cost us EVERYTHING! It all depends on what we want to be or do. God has given us the ability to do anything we desire to do! (the emphasis is on desire) We must desire to do it badly enough. And for those who think they are "over the hill", age has nothing to do with it. I read a story the other day about a man who, at the age of 45, sold his business and went to medical school. He performed his first operation at the age of 54. What is the difference in him and you and me? **DESIRE!** Jesus gave us the formula for living in Matthew 22:34-40, "... Love God with all your heart... soul... mind... love thy neighbor as thyself" (then do anything you want to do!) That is all that God requires of us to give us success! Love Him first! How do we love God? By treating him just like we want him to treat us!... Matthew 7:12... If we love God first and love our neighbor as ourselves... then are we not free to do anything we want?

How We Compete Is Vital

The following article was brought to this office one day this week, and we feel that it would be worth the time it takes for each of us to read and remember as we attend athletic functions of students from the local high school.

HOW WE COMPETE IS VITAL

Must one always win to be successful?

Coaches know that they must win or face the rage of some fans or alumni.

We know that healthy competition has much to commend it, and it is a way of life in America; however, we must ask ourselves just how far down the road of "The only way to succeed is to win" have we gone. Do we not often take the stance that once a noble end has been chosen, the means need not be chosen so scrupulously? Surely we must see the

Members of the First Baptist Church held the ir annual Thanksgiving-Christmas supper Sunday night following a short program in the church auditorium.

Bob Bryant led in prayer and the program followed by the Young People of the church. A band, composed of five youth on musical instruments, accompanied seven youth who sang several selections. The pastor, Rev. M. V. Summers, gave a short message prior to the adjournment to the fellowship hall for the meal.

The turkey was provided by men of the church with the wives preparing it and others bringing the trimmings.

Mrs. Freddie (Jodi) Maxwell was transferred Monday to Lubbock's Methodist Hospital ICU from Littlefield Hospital where she had been a number of days. Spending Thanksgiving here with Mr. and Mrs. Luna Snow were his sister and family,

sad harvest of corruption and moral deterioration which such attitudes have produced in our society.

We must never forget that the way we play the game is just as important as winning the game. The means we employ in arriving at our goals attest as truly to our character as does the selection of our goals.

In the early Olympics, the Greek competitor entered the contest saying, "I go to excel, or to give someone the opportunity to excel." This is further expressed in the famous expression, "It matters not whether you win or lose, but how you played the game."

We - parents, teachers, and coaches must remember that we are training citizens integrity, honesty, citizenship, cooperation, initiative and the ability to give and take. These are the real goals of the athletic program. If winning is the only end, then I would suggest that we have reached the end of the competitive athletic program.

Of course, we must always strive to win, but we must strive honorably and remember that it is no disgrace to lose. If you have done your best, then no one can ask more of you.

The New Testament admonition is still relevant. "What does it profit a man if he gains the whole world and loses his life. Or what will a man give in exchange for his life?"
