Sudan Beacon News

VOLUME 53 10 Cents SUDAN, LAMB COUNTY, TEXAS, THURSDAY, JANUARY 12, 1978 8 PAGES NUMBER 47

PICTURED ABOVE IS A Group of jovial farmers before the Tractorcade held here Monday, as they gathered for coffee and discussion of plans

SOME OF THE TRACTORS That participated in the Tractorcade Monday are shown above as they paraded up Main Street before going to Amherst and Littlefield

SOME OF THE 40-50 pickups that participated in the Tractorcade Monday before going to Amherst and on to Littlefield to join other area farmers in their fight for 100 percent parity.

Local Farmers Join Strike

Some 100 Sudan farmers met Thursday, January 5 at the Community Center for the purpose of coordinating a farmers group in support of American Agriculture.

The main speaker of the evening was Dick Shackelford of Dimmitt with others from Littlefield.

The group decided to join the Littlefield organization with no office here in Sudan. A collection of over \$320.00, deposited here in the Sudan bank, was added to the Littlefield fund.

Anyone wishing to contribute to this fund may do so by contacting Edna Blackwell, Secretary, at 385-5103 in Littlefield.

A spokesman for the group stated that the farmers of this area appreciate the businesses closing Monday and all the support that each individual showed.

School Board

Invocation was given by Richard Black.

The minutes of the previous meeting were read and approved. The Superintendent's financial report for December was presented and approved. Mr. Brown gave the Tax Collector's report for December with approximately 25% of the current taxes being collected through December.

The final salary payment to Tans Stephens was approved.

A discussion followed as to construction of a new "all weather" track and was tabled.

The discussion as to the purchase of land adjacent to the South School boundary followed with the decision being made to go into contract to purchase this property by the Sudan Independent School District.

The Board accepted the invitation to make the tour of the Education Service Center in Lubbock in March.

The removal of broken tile around the base of the locker areas in the high school and replace with a rubber vinyl was approved.

The following school activity trips were approved: a. Mr. Ellison-TMEA-San Antonio, b. All Regional Band-Jr. and Sr. Tryouts, c. All Regional Band Concert and Clinic-Lubbock.

Purchases for the boys and girls track equipment were approved.

Bus driving salaries were increased from \$120.00 per month to \$165.00 and \$175.00 according to length of route.

The lunchroom personnel pay increase of \$2.65 per hour was approved.

The Board approved the letting of bids on bus Number 14, an excess bus, as soon as possible.

The re-election of the Sudan administrators followed. Mr. B.M. Wilson, Elementary Principal, submitted a letter of resignation with appreciation to the Board and community for the years of cooperation. The Board accepted the resignation with regrets and with commendation for his service.

Mr. Tommy Laceywell, High School Principal, was re-elected for 1978-79 school year.

Mr. Kenneth Noles, Superintendent, was given an extension on his contract to July, 1980.

Benediction was given by Glen Cardwell.

Revival Underway

The Church of God of Prophecy is holding a revival this week. The revival started Sunday January 8th and will run through Saturday, January 14th, 7:00 p.m. each night.

Reverend Oscar Newdigger of Post is the speaker. The public is invited.

SP Hospital Discusses Problems

State representative Bill Clayton has asked a representative of Texas Department of Community Affairs to meet with South Plains Hospital representatives to discuss current problems and solutions. The meeting will be Thursday, January 12, at 9 a.m. in the South Plains Hospital Library.

Mark Hampton, said though the Speaker's request dealt primarily with the Hospital, that he would be open to discussion of other needs of the small communities.

This meeting is coming as a result of a meeting with Mr. Clayton in Earth on December 30, 1977 where approximately 25 people from Amherst, Sudan and Earth were present. This was the first of our proposed meetings of small communities on a continuing basis. The meeting proved to be a success and a great beginning in promoting awareness, unity and recognition of our small communities and their problems.

If you have a special problem in our community that you feel Mr. Hampton might be able to help with, be sure, and send a representative to this meeting. This looks like an opportunity for us to voice our needs that cannot be heard through the local channels.

Little Dribblers Parents To Meet

There will be a Little Dribblers meeting Thursday, January 12 at 7 p.m. in the school cafeteria. This meeting is for parents of boys and girls and all who wish to participate are asked to attend. Also anyone interested in coaching a team is asked to be present.

Senior Mothers Meet

The Senior Mothers will meet Thursday at the Baptist Church at 4 p.m. to begin working on the decorations for the Senior Banquet that has been set for Thursday, February 23.

Sudan was virtually a ghost town Monday when the local farmers asked the businesses to close for the day in support of the American Agriculture Farmers Strike.

Some 40-50 tractors and over 50 pickups were at the town square beginning around 10:00 a.m. when the first "Monster-looking" machines started invading Sudan. By eleven the "square" was surrounded with the machines, with their jovial and orderly driver drinking coffee and discussing what their first move would be.

Just before noon the group paraded down Main Street, down in front of the schools to the "Y" and back several times followed by some 40-50 pickups. At 1:00 p.m. they again formed a parade line and alternated with tractor and pick ups and once again went down Main Street out to the "Y" and at times there were double lines of tractors and or pickups. They paraded down Highway 84 to and through Amherst and on to Littlefield to join farmers there in their show of protest for 100 percent parity.

At no time was there any outbursts or violence and it appeared tho the farmers were in good humor, they do mean business.

No immediate information was available as to further meetings or strike movements for this area in the near future although there will be group in Washington the 19th.

Lamaze Classes Begin

Lamaze classes will begin Thursday, January 11 at 7:30 p.m. in the library at the Amherst Hospital. This series of classes will be for couples expecting babies in January and February.

Basketball

Sudan toppled McAdoo twice with the Hornets winning 49-41 last week and the girls 46-36.

Tamplin was high pointer with 13; John Miles, 10; Moore, 8; J. Williams, 6; Scott, 4 and Jones and Edwards 2 each.

Ruth Withrow had 16 points, leading for the Hornettes with Tracey Hill a close second with 12. Flowers, 10; Hargrove and May each 4.

May Have Snow

Blowing dust, backed by strong gusty winds at 20 to 30 mph (which at times seemed much higher) have prevailed in and around Sudan for the past few days and at times the temperatures were unseasonably warm. The temperature was very low Monday morning with some reports as low as 6 above with it warming up by midafternoon.

Forecasts call for likely snow flurries this week and then returning back to the dust blowing for several more weeks. It has been forecast that this area may expect many days of blowing dust if we do not receive a very much needed rain or snow.

This gives the Honettes a record of 8-10 as of this game.

Jr. High Basketball

In a game played Monday, the Jr. High Hornets walloped Cotton Center 32-0 with Nix getting high point with 10; Wooley, 8; Williams, 4; and Vernon, 2.

Cotton Center Boys beat Sudan Jr. High Hornets to the tune of 37-25 with Timmy Williams and Billie Scott each scoring 8, Freeman, 5, Johnnie Nelson and Greg Humphries, 2 each.

The traffic problem in the school bus loading area in front of the elementary school has grown to the point of having to chase students arriving in cars to the west elementary parking lot.

Signs have been put up so that drivers may notice and not go into the driveway from the east. Your cooperation is needed to prevent a hazard or a head-on collision. The safety of the children must be considered first. The school administration asks that

all parents or drivers bringing children or coming to pick up children, please obey the signs.

Above is pictured Kay Lynn Gordon, daughter of Mr. and Mrs. Philip Gordon, and Jarod Bellar, son of Mr. and Mrs. Joe Bellar, both kindergarten students of Miss McAnally (shown), as they are drawing attention to the sign recently put up in the east end of the Elementary bus loading zone.

DR. STEVEN D. SMITH, O.D., right, is now associated with Dr. B.W. Armistead, O.D., in the full-time practice of optometry in Littlefield. Dr. Smith has worked with Dr. Armistead in the Littlefield office of optometry the past year, while serving with the U.S. Air Force and stationed at Reese AFB in Big Bend National Park. (Photo by Editor)

SPEAKER of The House, Bill W. Clayton was guest of the first of several planned meetings by a group of citizens from Earth, Amherst, Sudan and soon to join is Olton.

Mahon Approves Farmers Objective

Congressman George Mahon said today that he supports the objective of the American Agricultural movement to improve farm income and ease the agricultural crisis. In a prepared statement he said, "Hundreds of farmers and citizens generally have sought my views and advice in regard to the farm strike. For 43 years in Congress, I have championed the cause of 100 percent of parity for farmers. I continue to support the objective of full parity and I applaud the efforts now being made to dramatize to the entire Nation the plight of the farmer when many are threatened with total disaster as a result of the enormous inflationary rise in the cost of production and the inadequate price available to the farmer for his production. Quick action by Congress and the Administration is urgently required to meet the agricultural crisis."

Continuing, Mahon said, "I am convinced that when Congress reconvenes, action will be taken to improve the present intolerable situation. I have joined with farm groups and colleagues in an effort to evaluate the possibilities and opportunities for remedial action."

I have pledged my wholehearted assistance to farmers and representatives of farm groups who plan to visit Washington on or about January 19, when Congress reconvenes. I am confident that Members of Congress from farm districts will do everything in their power to help farmers make their visit as effective as possible. In my opinion, the most effective approach would be through a series of Washington meetings with appropriate officials. Ways and means must be found to enable the visiting groups to see the right people in the Executive and Legislative Branches of the Government, and I shall work toward that end."

In conclusion, Mahon said, "I urgently suggest that farmers planning to come to Washington from Texas and throughout the Nation coordinate their efforts in order to maximize the opportunity to see the officials who can be most helpful to them in achieving results."

Hospitals Praise Briscoe

Texas Hospital Association (THA) President O. Ray Hurst issued a statement today on behalf of all hospitals in the State, praising Governor Dolph Briscoe for championing their struggle against proposed federal regulations that would curtail or eliminate many services now available to Texas patients.

Hurst said, "The citizens and hospitals of the State owe Governor Briscoe a debt of gratitude for his involvement in opposing the proposed National Guidelines for Health Planning. Governor Briscoe headed a Texas delegation this week to Washington. The delegation had meetings with Health, Education and Welfare (HEW) Secretary Joseph Califano, Under Secretary for Health Hale Champion and Health Resources Administration Administrator Dr. Henry Foley."

The Texas delegation was composed of representatives from the Texas Hospital Association, the Texas Medical Association and the State Health Coordinating Council. Congressman Jack Brooks of Beaumont assisted with the meetings.

Hurst went on to say, "In all of the meetings officials of HEW indicated that the response from citizens of Texas to these proposed guidelines has been overwhelming. In fact, HEW has employed an outside firm to tabulate these responses."

It was indicated by Hurst that during these meetings Briscoe made a very strong plea for hospitals in Texas. The Governor pointed out to HEW officials the rural nature of most of Texas and the importance of having hospitals readily available to all citizens of the State.

In conclusion, Hurst stated that "in all the meetings HEW officials indicated that the 'Guidelines' would be revised to take into consideration the particular problems in Texas."

In addition to praising Briscoe, Hurst lauded the assistance given by Senator Lloyd Bentsen, Senator John Tower and the 24 Congressmen from Texas. Appreciation was also expressed to the tens of thousands of citizens across the State who have taken time to voice their concerns over these proposed National Guidelines for Health Planning.

The Texas Hospital Association is the Austin based trade association for over 700 hospitals and health care institutions in Texas.

Party Lines

Recent visitors in the home of Mr. and Mrs. Edwin Harper were members of her family including her parents, Mr. and Mrs. Henry Sager of Littlefield, her brother, Mr. and Mrs. David Sager of Santa Fe, N.M. and her sister, Mr. and Mrs. Butch Cox of Muleshoe.

Mr. and Mrs. Frank Prokop and girls of

Odessa were here during the Christmas holidays to be with her parents, Mr. and Mrs. Dorman

Chester and other relatives including her grandmother, Mrs. Annie Chester.

Mr. and Mrs. Edward Fisher and Mr. and Mrs. John Humphreys hosted the class of 1962 reunion during the holidays.

Ruth Class

The Ruth Sunday School class met for their regular social Monday, January 9 in the home of Mrs. Wayne Bellar as hostess and Mrs. Raymond Harper, Co-hostess.

Margaret Smith brought the devotional "On River of No Return". Other guests included Mrs. Mary Markham, Mrs. Esther Meeks and Mrs. Charlene Blume.

Refreshments of dips, crackers, ham loaf, party mix and spiced tea and coffee were served following a prayer by Marge Cardwell.

Plans for the birthday party at the Amherst Manor were made which is to be held Thursday, January 12 at 2:30 p.m.

Others attending were Geneva Glasscock, Sara Wood, Billye Doty, Elsie Seymore, Dotty La Grone, Helen Churchman, Tinnie Williamson, Pee Wee Lance, Martha Markham, Sue Chester, Zetha Young, and Edna Seymore.

By Jack House, The Director Teacher's Scotch Information Centre

The Salmon Ladder

The finest salmon in the world are the Scottish fish, say the Scots, and nothing will prevent them trying to get back to their original home to spawn. But highland rivers have been diverted and dams have been turned into lakes and dammed to help the hydroelectric power system. And the salmon can't climb the dams.

At various places there are Salmon Ladders, series of artificially stepped pools which enable the salmon to bypass the dams.

Teacher's Scotch Information Centre points out that the most famous Salmon Ladder is at Fifeochry, the geographical center of Scotland. Behind the dam is a man-made reservoir. To help the salmon up to it, there are pools enclosed by glass and visitors can actually see the salmon going up from one level to another.

Mrs. Keith Downs Honored

Mrs. Kieth Downs was honored Saturday with a lullabye shower in the home of Mrs. Peggy Ray.

The serving table was laid with a yellow cloth and centered with ivy. Breads, spiced tea and coffee were served from crystal and china appointments with hostesses alternating. Mrs. Downs was presented a yellow baby sock corsage entwined with yellow miniature roses and a stroller.

Hostesses were the Madmes Jessie Wiseman, Bonita West, Jean Harvey, Totsie Noles, Doris May.

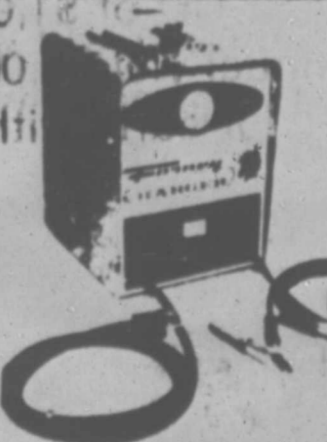

Yvonne Pierce, Tommy Pierce, Marge Cardwell, Peggy Ray, Wanda Swart, Bethelene Harper, Rita Conley, Kaye Wiseman, Mary Lois Bridwell, Elzy Bennett and Jauanda Fields.

Mahon To Speak At Cotton Meet

Rep. George Mahon, chairman of the House Appropriations Committee, will be a featured speaker at the National Cotton Council's annual meeting Feb. 6-7 in Houston.

He is scheduled to address the cotton industrywide convention at 11:30 a.m. Monday.

A veteran legislator, the Texas Democrat has served in Congress since creation of the 19th congressional district in 1934. He became a member of the appropriations committee in 1939 and has been chairman since 1964.

Born in Louisiana, Mahon moved with his family to a cotton farm in West Texas as a young child and has been engaged in farming all his life. He graduated from Simmons College in Abilene (now Hardin-Simmons University) and received his law degree from the University of Texas. He has been awarded honorary doctorates from five colleges.

Mahon began his law practice in Colorado City, Texas, in 1925 and was elected county attorney the following year. Appointed district attorney in 1927, he was elected to three successive terms before running for Congress.

In addition to Chairman Mahon, other speakers at the meeting will include Interior Secretary Cecil D. Andrus and Council President Jack Stone, Stratford, Calif., producer.

Some 1,500 cotton industry leaders from 18 states are expected to attend the Council's 40th annual meeting at Houston's Hyatt Regency. Program committees will meet at headquarters hotel Feb. 3-4 to review Council programs and map plans for 1978.

Party Lines

Kathey Fisher of Hart visited during the weekend in the home of her parents, Mr. and Mrs. Lee Roy Fisher.

Rosemary Seymore is a medical patient in the Littlefield Hospital where she has been for the past several days.

Mr. and Mrs. Gaylon Burns were in Fort

Worth this week where they attended an Evangelistic Conference.

Rev. and Mrs. Doug Gardner, pastor of the Circle Back Baptist Church, attended an Evangelist Conference in Ft. Worth, their children, Dianna and Bill stayed with Mr. and Mrs. B.A. Beauchamp, Jr.

Reese Converts

To Direct Dialing

Beginning Jan. 4, 1978, Reese Air Force Base will convert to a Direct in Dial capability. For the customer, two changes will occur. All 3000 series extension numbers will convert to 3000 series numbers. For example, Security Police emergency number 2400 will become 3400; Hospital emergency number 2294 will become 3294 and the Hospital appointment desk number, 2152 will convert to 3151.

The reason for this change in numbers is to allow direct in dial from areas off base. By dialing 885 and the new 3000 number, personnel will be calling direct and no longer will go through the base operator. For calls requiring base operator assistance, callers will still use 885-4511 from off base.

In order to help customers get used to the new system, anyone calling 885-4511 and asking for an extension, will be informed of the extension number change and asked to direct dial the number.

Upon completion of the converting to direct dialing, this change will make it more convenient for customers to reach desired numbers on base.

Young Homemakers Party Lines

The Sudan Young Homemakers met Monday night at the Homemaking Cottage. Mr. Frank Ellis of Singleton-Ellis Funeral Home in Muleshoe presented the program. Mr. Ellis is also the President of the Texas Funeral Directors.

Refreshments were served by Barbara Bond, Doyleene Seymore and Sharon Thornton.

The Young Homemakers will meet again February 6th at

7:30 p.m. in the Homemaking Cottage. The program will be on Beef Cuts.

Members attending the meeting were: Barbara Bond, Ann Carson, Rita Conley, Nancy Harrison, Nell Ingle, Geneva Newman, Joan Nix, Doyleene Seymore, Sharon Thornton, Charles Ann Williams, Mary Powell, Jodee Tennyson, Shirley Wood, Judy Lynch, and Louise Minyard.

Dennis Flowers has moved into his newly purchased mobile home that has been placed on Ormand street next door to the Bob Nelsons.

Mr. and Mrs. Charlie Nichols of Houston visited his mother, Mrs. Radney Nichols during the weekend. They attended a wedding Friday for their cousin, Bobby Nichols.

Others from Sudan attending the wedding of Miss Deborah Saunders and Bobby Nichols in Lamesa were Mr. and Mrs. C.E. Nichols, Mrs. Radney Nichols and Miss Bertha Vereen.

Party Lines

Mrs. W.V. Terry returned home last week from several weeks visit with her son and family; Dr. and Mrs. Bill Terry and daughters in Hot Springs, Ark.

Mr. and Mrs. F. Roerquez of Wichita Falls visited her sister, Mrs. W.T. Vereen during Friday and Saturday.

built to save

The key to saving

IS INSIDE...

THE WALLS AND CEILINGS

The walls and ceilings of the ENERGY EFFICIENT HOME meet the most exacting energy saving standards. The first option uses 6 inch thick R-19 insulation. Option two uses 3 1/2 inch rigid insulation. The most option uses R-19 insulation with a vapor barrier. As options include a vapor barrier of 6 mil polyethylene film, the walls and ceiling also require a vapor barrier.

THE DOORS AND WINDOWS

The ENERGY EFFICIENT HOME has doors and windows that are built to last and save energy. The ENERGY EFFICIENT HOME has doors and windows that are built to last and save energy. The ENERGY EFFICIENT HOME has doors and windows that are built to last and save energy.

THE FLOORS

The ENERGY EFFICIENT HOME has floors that are built to last and save energy. The ENERGY EFFICIENT HOME has floors that are built to last and save energy. The ENERGY EFFICIENT HOME has floors that are built to last and save energy.

When you're planning to buy or build a new home, you start by taking a really good look inside. Because the key to comfort and saving is INSIDE. INSIDE the walls, in the doors and windows, under the floor and in the ceiling. So peek INSIDE the ENERGY EFFICIENT HOME. really INSIDE. You can see that it's BUILT TO SAVE - Energy and Money.

Senior Spotlight

Our spotlight is on Barry Wiseman, born on July 19, 1958, in Littlefield, Texas. He was born under the sign of Cancer. His parents are Mr. and Mrs. Calvin Wiseman, Jr.

Barry's favorite class is Band. He likes sports very much. His favorite colors are gray and rust. His favorite food is roast beef and potatoes. His hobby is music.

Barry is number 82 on the Hornets football team and 34 on the basketball team. His senior year is a very active one. He is the president of F.T.A., 4-H reporter, member of the band and serves as vice-president, Annual staff-photographer, member of the stage band, and basketball team.

Barry's plan for the future is to attend ACU. His ambition is to teach.

During his spare time Barry enjoys reading, sleeping, playing guitar, and answering questionnaires.

He likes any kind of music that is played and sung well.

Bentsen

To Speak

U.S. Senator Lloyd Bentsen from Texas will be the honored guest at a reception and dinner sponsored by the Amarillo Chamber of Commerce, Monday, January 23, in Amarillo.

A reception at 6:30 p.m. will precede the 7:30 p.m. dinner at the Hilton Inn of Amarillo, 140 East. The reception will be at poolside with dinner in the ballroom.

"Our seating capacity is limited for this special occasion," according to Barney Wiegand, Cof C Highway Committee Chairman, who is coordinating the event.

"We are asking all persons who plan to attend to pick up their tickets as early as possible."

The reception and dinner will be \$10 per person. Tickets will be available at the Amarillo Chamber of Commerce offices, 301 S. Polk. Tickets will also be available at the Amarillo Board of Realtors, 608 W. 15th; the Panhandle Producers and Royalty Owners Association, Barfield Bldg. 6th and Polk; and Texas Panhandle Builders Assoc., 4300 Teckla.

Other sponsors for the Sen. Bentsen Appreciation Dinner are the General Contractors Texas Highway-Heavy Branch and the Texas Good Roads Transportation Association.

Sonya King Promoted

Sonya King, daughter of Mr. and Mrs. Dale Newsom of Sudan, has been appointed to noncommissioned officer (NCO) status in the U. S. Air Force.

The newly selected sergeant completed required training in management, leadership, human relations and NCO responsibilities, before being considered for this new rank.

Sergeant King is a medical laboratory specialist at the Wilford Hall U.S. Air Force Medical Center, Lackland AFB.

The sergeant attended Muleshoe High School and Midwestern University in Wichita Falls. She is presently attending San Antonio College.

Sergeant King's husband, Kenneth, is the son of Mrs. Fred Clements of Muleshoe.

FACTS & FIGURES

Cars aren't the only vehicles that save fuel by going at lower speeds. A very large crude carrier (VLCC) used to transport oil saves 75 metric tons (20,790 gallons) of fuel a day when cruising at 12 knots instead of top speed of 16.5 knots.

Ships at sea also save fuel by plying the best combination of favorable currents and weather. Experts at Continental Oil estimate that their VLCCs could use 46,000 tons of fuel a year at top speed. So each percentage point improvement in fuel efficiency means 460 tons, or 127,000 gallons, saved per ship per year.

Class Of '62 Reunion

The Class of 1962 of Sudan High School met December 27, 1977 at the home of Mr. and Mrs. Edward Fisher. Others attending were Mrs. Ruby Smith of Lake Havasue, Arizona, Mrs. Sue Garrett of Fairfield, Texas, Mr. and Mrs. Bob Steele of Los Angeles, California, Mr. and Mrs. Billy Patterson of Lorenzo, Mrs. Erlene Gatewood, Dale Masten, Jimmy Ford, Mr. and Mrs. John Humphrey's, Mr. and Mrs. Jan Fisher. Afterwards they met at the home of Mrs. Loretta Reid to join the class of '61'.

Mr. and Mrs. Bob Steele, Ruby Smith, and Mr. and Mrs. Edward Fisher went to visit Mr. and Mrs. John Humphreys at home.

Mr. and Mrs. Edward Fisher and family spent the New Year's Holiday in Cordell, Oklahoma with Mr. and Mrs. Alfred Penner and family.

Mr. and Mrs. J.O. Wimberley of Littlefield visited his mother and brother, Mrs. H.O. Wimberley and Alton Wimberley Christmas Day.

Mr. and Mrs. Bob Steele, Ruby Smith, and Mr. and Mrs. Edward Fisher went to visit Mr. and Mrs. John Humphreys at home.

Mr. and Mrs. Edward Fisher and family spent the New Year's Holiday in Cordell, Oklahoma with Mr. and Mrs. Alfred Penner and family.

Mr. and Mrs. J.O. Wimberley of Littlefield visited his mother and brother, Mrs. H.O. Wimberley and Alton Wimberley Christmas Day.

"Texas" Auditions

It's time for "Texas" Auditions! The directors of the famous musical drama which played to 98,000 people in its 12th season last year, will be hearing talent for the new season on Saturday, January 14. They will be in the Branding Iron Theatre on the campus of West Texas State University from 1 to 5 p.m. Dancers will audition at 4:00 p.m.

The first audition is set so that singers, actors and dancers who are in the Panhandle for their Christmas vacations will be able to try out before returning to school.

Singers and actors should prepare short materials for auditioning in both fields. The directors will be looking for a command of the stage, for voice which can be heard outdoors, for actors who understand character motivation and can convey a variety of emotion.

For further information write Auditions, Box 268, Canyon, Texas 79015 or call 806-655-2182.

Littering Texans

Littering Texans, take heed! The State Department of Highways and Public Transportation has just released a new motion picture that zeros in on your dastardly deeds.

Titled "A Litter MESSAGE," it's the most recent addition to the Department's free loan library of award winning public service films and is designed to reinforce an on going campaign against litterers.

Animation introduces live action as the film takes a sometimes humorous look at the thoughtless trash tossing of "litter bugs" who are otherwise quite

pleasant and friendly folks.

"A Litter MESSAGE" is 16mm sound and color, 13 minutes in length, and can be borrowed from your local district office, or by writing to FILMS, Travel and Information Division, Box 5064, Austin, Texas 78763.

The film is a timely reminder that litter is a nasty problem which causes unsightly roadsides and cluttered public areas and costs taxpayers several million dollars annually to clean up. "Let's get mad about it," admonishes "A Litter MESSAGE," mad enough to do something about it.

Cotton Council Meet Jan. 23

Agriculture Commissioner Reagan V. Brown urges all cotton farmers in Hockley and Lamb counties to attend a meeting in Levelland January 23 at 9:30 a.m. at the Levelland State Bank-Hospitality Room. "The purpose of the meeting is to acquaint farmers with the research and promotion programs they are paying for through Cotton, Inc., the national cooperative for cotton producers," Brown said.

"This is one program which farmers control through their assessments. Representatives from the National Cotton Council and Cotton, Inc., will make presentations on operations of the cooperative," Brown reported. "These annual report meetings will allow farmers to ask questions about expenditures and provide some input on directions for their cooperative to take in the coming years."

Other county meetings are scheduled throughout the state in January.

Hill Accuses Bell Of Overcharging

In a step that will echo through the entire U.S. telecommunications industry, the Texas attorney general has accused Southwestern Bell Telephone of overcharging residential customers in Texas to finance a price war against competitors.

In a 17-page document, Atty. Gen. John L. Hill stepped recently into a complicated pricing dispute between the Bell System subsidiary in this state and one of its competitors, Fisk Telephone Systems of Houston.

The battle before the Texas Public Utility Commission, with a decision expected sometime this month, originally stirred little interest outside industry circles. The crux of the battle was a charge by Fisk and the Texas Interconnect Association, a trade group, that Bell was pricing its Dimension business switchboard below any reasonable cost value and financing the price war with overcharges to residential and other Texas basic service customers.

It is a claim that Bell's competitors have been made nationwide, most often through the Washington-based North American Telephone Association. This is a trade group that represents the major manufacturers and contractors dealing in telephone systems equipment sold in competition with Bell and its allies among the 1,600 U.S. independent telephone companies or common carriers.

There have been several findings of underpricing, but no major government official has accused Bell in such harsh terms of anti-competitive tactics as did Hill in his intervenor's brief filed November 30 but not circulated widely until some weeks later.

In his statement, Hill reminded the commissioner that Texas law required it to "affirmatively condemn all practices of public utilities that tend to restrict or impair competition between the utility and any entity selling, leasing or performing services in competition with the utility." He said that commission was required to "take whatever action is necessary to stop such practices."

Hill's intervenor's statement said: "It is the conclusion of this office that the actions of all members of the vertically integrated Bell system are consistent only with their overall objective of pricing the Dimension PBX unit (switchboard) below its overall cost of development, production and marketing in order to control the available PBX market."

As a necessary aspect of such pricing scheme, portions of the unrecovered costs of the Dimension PBX were paid by the general residential telephone rate payer. As hereinafter discussed, the explanation for actions by the Bell System members have been inadequate to carry their burden of persuasion that such practices are not condemned as anticompetitive under the law setting up the state's Public Utility Commission.

The Hill document also noted: "Predatory pricing to gain or hold monopoly power is recognized as a classical violation of the antimonopoly laws of the United States."

In summing up the case against Bell, Hill noted that Bell had a 96 percent share of the PBX market, which he called a "monopoly." The document then said:

"Each policy decision made (by Bell) in connection with the development and marketing of the Dimension PBX was designed to promote and solidify Southwestern Bell's monopoly position in the Texas market through the elimination or restraint of competition."

A Federal Communications Commission report to Congress said nationally the Bell System may be losing some \$2.25 billion on telephone equipment, including the Dimension PBX, Bell offers in the competitive sphere. The deficit is made up, the FCC said, by overcharges against monopoly-service Bell customers, including homeowners and small businesses. In Texas, the overcharge on a statistical basis would be about \$132 million annually, NATA and its economists have said.

John McShea, president of the North American Telephone Association, said of Hill's submission to the Texas commission:

"Mr. Hill has given a clear view of Bell's predatory pricing and other monopoly tactics. It is also clear that Bell has embarked on this course because it has failed to convince the FCC, the courts or Congress that monopoly best serves the interest of the American telecommunications consumer."

Morris Sheats Concerned

"If the United States government can spend American dollars for nuclear power plants in foreign countries, buy back a canal we paid for and built, give millions to dictators, and the list goes on—surely it can come to the aid of the American farmer," said Morris Sheats, Congressional candidate for the 19th district, to the Lubbock County Farm Bureau Board of Directors.

Sheats said, "I am concerned about the plight of the farmers and it is imperative that we take immediate action to help improve the situation." Sheats cautioned the group, "Whatever is done, we must also look at the long range effect it will have on agriculture and the nation."

One of the major proposals set forth by Sheats was regional target pricing. "It is impossible to come up with an equitable target price based on a national average," Sheats went on to explain that the West Texas farmer comes out on the short end of the deal with a national target price.

"It is not fair to the West Texas farmer who gets 17 inches of precipitation per year to be averaged with the farmer in another part of the country who gets 34 inches a year," Sheats said. "I believe regional target pricing is the only fair and equitable method to use," Sheats further stated.

At the close of Sheats' prepared statement, the group had a time of questions and comments with the candidate.

Texas Farm Bureau

Texas Farm Bureau President Carol Chaloupka said that Secretary of Agriculture Bob Bergland has promised a number of actions to help alleviate the current farm income depression.

Chaloupka, a beef and grain producer from Dalhart, met January 5 for an hour Thursday in private audience with the Agriculture Secretary in Washington.

The Texas Farm leader said Secretary Bergland promised to move on a number of fronts including increased farm credit, expanded dollar exports, more food for peace

A CROWD of more than 25 citizens from Earth, Sudan and Amherst got together last week to speak with Representative Bill Clayton. Several subjects were discussed, but more time was allotted to the discussion of the new "so-called" County hospital in Littlefield. Clayton has agreed to study further the actions surrounding the decision to construct the hospital.

to make available Farmers Home Administration loans to keep farmers in business. Chaloupka said that Bergland agreed to have the U.S. Department of Agriculture work with Farm Bureau and other organizations to expand dollar sales abroad. The secretary reported that the United States is now working to lower tariff barriers on American beef coming into Japan.

Under Public Law 480, American farm products—primarily surplus grain—is moved to needy nations on a subsidized basis. Chaloupka said Secretary Bergland agreed to step up such shipments.

Chaloupka said Bergland agreed to help get legislative changes in the meat import law to assist cattle producers. The Texas farm leader said what is needed is a formula that reduces red meat imports during periods of high beef production in this country and that Secretary Bergland agrees with this.

Chaloupka said Bergland expressed the desire for farmers to get their income in the marketplace because he said the alternative is total domination by the federal government. "I told him that we would appreciate it very much if he would take a real strong stand for the farmer instead of being a

champion of the consumer, and he agreed with me," Chaloupka said. "He understands Agriculture, our problems, and it is nice to talk with a farmer who heads up the Department of Agriculture."

Until the 1890s "grandfather clocks" were known as "long case clocks"

BAKED BUTTERSCOTCH TAPIOCA PUDDING

1 package (1 1/2 C.) vanilla tapioca pudding
2 tablespoons brown sugar
2 cups milk
1 egg yolk slightly beaten
1/4 cup butter or margarine
1 egg white
2 tablespoons brown sugar
Peanut butter, if desired

Combine pudding mix and 2 tablespoons brown sugar in saucepan. Add milk and egg yolk, blending well. Add butter. Cook over medium heat until mixture comes to a full boil, remove from heat, pour into 1-quart baking dish. Sprinkle with sugar until foamy, throughout. Gradually beat egg white, brown sugar and continue beating until mixture will form stiff peaks. Drop by spoonfuls onto pudding, place on meringue. Bake at 425° for about 30 minutes, or until meringue is golden brown. Serve warm. Makes 5 servings.

AG RECORDS IMPORTANT IN FINANCIAL MANAGEMENT—Now is the time of the year that everyone starts thinking about income taxes. Texas farmers and ranchers should be thinking about all the receipts and expenses they have had all year. How many major items will be forgotten this year when income tax returns are filed?

One way to help prevent the "forgotten" expense or receipt is by keeping a good set of farm or ranch records. Maintaining an accurate set of records will give the farmer a way to keep track of income and expenses as they occur. In turn, this will help the farmer or rancher file a more accurate tax return. Such accuracy is of growing importance since today's larger, more highly capitalized farms and ranches require greater amounts of money in their every day operations. A detailed set of records will also help prevent major problems in the event of an audit by the Internal Revenue Service.

Good financial management requires a monthly cash flow statement so a farmer knows exactly how much money is coming in and going out. A complete set of records provides the basis for establishing such a cash flow budget for the coming year. Using this cash flow budget, farmers and ranchers can avoid financial difficulty in meeting current operating expenses and debt repayments.

A good business manager makes an analysis of this business for the year. It is important to know how much money is being made and where the weaknesses are in a business before adjustment can be made to improve net income. A good set of records can help the farm or ranch manager make these adjustments and improve income next year. And there is no better time than right now to set up a good record keeping system.

LAMB COUNTY COTTON—The 1977 ginning season is over for the most part and gins in the county have ginned over 185,059 bales of cotton, a record crop.

LAMB COUNTY FARM FACTS DAY is an annual event. It is scheduled for January 26, 1978. It will begin at 9:00 a.m. at the Lamb County Agriculture and Community Center in Littlefield. The program will include topics of importance to all area farmers and agribusinessmen.

LANDSCAPE GARDENING GUIDE—Listed below are some items you might want to consider during the month of January in our area.

1. Plant woody bare-rooted trees and shrubs needed in the landscaping starting in late January and continue through February.
2. Wrap trunks of newly planted trees and shrubs to prevent sunscald, lessen borer damage and prevent desiccation.
3. Make sure evergreens have sufficient soil moisture. Dry, cold winds often cause more damage by desiccation than does a severe freeze or cold spell.

4. Select and order gladiolus corms for March and April planting.

5. Prepare soil and beds for planting spring and summer flowering annuals and perennials. Add several inches of organic material over the bed area and spade or till to a depth of 6 to 8 inches. Peat moss, shredded pine bark, composted gin trash or barnyard manure will provide the necessary organic material.

6. Resist the urge to start pruning. Wait until next month.

7. Review nursery catalogs, garden magazines, and seed catalogs for ideas of new plants to use. Order any seeds needed so you will have them when ready to

plant.

8. Now is a good time to repair, sharpen or adjust garden tools and equipment.

9. Excellent time to have any major overhaul of power tools that may be needed. Repair shops are usually looking for work at this time and your equipment will be ready when needed.

10. A cold January day is a good time to turn or mix the material in the compost pile. Keep material moist but not soggy.

11. Have soil test made of garden area and purchase fertilizer needs accordingly. Contact county Extension agent office for mailer and instructions.

12. Examine narrow leaved conifers for bagworms. Hand pick and destroy the old bagworm cases as the eggs are carried over winter in them.

Carter Holds Back Grain Payments

The Carter administration today was asked to release some \$600 million in payments, due U.S. farmers on 1977 barley and grain sorghum, being held up by the White House. The request was made by Tony T. Dechant, President of National Farmers Union. While the exact dollar amount of deficiency payments to grain sorghum producers is not known, Texas Farmers Union President Jay Naman stated from Waco that "about \$200 million of the estimated \$600 million would come to Texas since we are the number one grain sorghum state in the nation."

"Grain sorghum producers should be receiving around 25 cents to 40 cents per bushel, depending on the final determination of the national average market price in February," said Naman. "Instead, the President's economic advisers are trying to slip out of the payments by saying that the target price should be based on grain sorghum's feed value relationship to

corn. It was the intent of Congress and the Secretary to set a grain target based on cost of production and nothing else."

Secretary Bergland had intended to issue the payments in line with his commitment to the Congress at the time of the passage of the Farm Bill, but the payments had been recently held up for review by Charles L. Schultze, Chairman of the President's Council of Economic Advisers, and other unnamed White House officials. "All the fine pronouncements by White House and USDA officials about how the 1977 Farm Law is going to be of benefit to farmers can hardly sound credible if the executive branch is going to withhold program payments authorized and directed by the Congress," he said.

Dechant noted that last September when the Farm Bill was signed he had characterized it as a "weak bill," if supports were to be at the rock bottom minimums in the legislation. He observed however, that there is broad authority to support farm com-

modities as high as 90 to 100% of parity "if there is a will to do so."

"But, if these barley and grain sorghum target payments are impounded, it will appear to be a shocking indication that the administration is not willing even to observe the intent of the law, much less to use discretionary authorities to help revive the farming economy," Dechant stated.

Dechant will be the keynote speaker at a banquet Saturday night, January 21, in Austin, ending the two day Texas Farmers Union annual convention slated for the capital city.

Success With Your Pictures
TIPS TO HELP YOU

Sports Shots

You could really score as a sports photographer if you're game enough to try these picture-taking suggestions.

- Since your subjects are probably moving, your shutter speed is important—usually the faster the action, the faster the shutter speed. Make sure your film is fast enough, too. For most sports a film with an ASA of 125 or more is good. The higher the ASA number, the less light is needed to properly expose the film. Choose a shutter speed of 1/125th of a second or faster.

YOU CAN HAVE A BALL taking pictures of sporting events.

- Bring along a camera that can help you capture the good shots. A 35 millimeter camera with a through-the-lens viewing system, such as the SRT 201 from Minox, lets you change lenses to get the best pictures.
- While you're snapping the action, don't forget everything else going on around you—the vendors, the fans, the bands. Adding shots like these to your pictures helps round out the event.

Over 100,000 patent applications are filed each year.

Halley's Comet will next be seen in 1986.

Hill Announces

Attorney General John Hill announced today he will ask the Texas Supreme Court to affirm lower court rulings barring Southwestern Bell from collecting \$242 million in rate increases while appeals are being reviewed.

"This appeal will determine whether our consumers must pay the full rates requested by the telephone company while it attacks in court the cuts made by the Public Utilities Commission in the company's \$300 million request," Hill said.

"The Commission cut \$242 million out of the company's \$300 million request, and now Bell wants the courts to let it charge its customers the full increase requested while the case is appealed.

"We don't think that would be fair to the customers, because Southwestern Bell has no way of identifying who makes directory assistance calls or who uses telephone booths.

"Once a directory assistance caller or a telephone booth caller pays for the service, that money can never be rebated to the customer if the courts later roll back the rate increase, because Bell won't have any idea who the customer was.

"We had an uphill battle convincing the courts to deny Bell's request, because most previous rulings in this type of case had required consumers to pay the full amount of the rate increase until appeals were completed.

"We now have decisions from two courts giving consumers a victory on the issue of paying contested telephone rates pending the completion of appeals. We will ask the Supreme Court to nail down this right for our consumers by affirming these two lower court rulings."

The 3rd Court of Civil Appeals cleared the way January 4 for appeal of the case to the Supreme Court by rejecting motions to reconsider a December 7 ruling in the case. The December 7 ruling left standing approval by the PUC, which Hill represents in the appeals, of only \$58 million of the \$300 million request by Southwestern Bell.

WHOLE WHEAT SESAME STUFFING

- 1/3 cup onion flakes
- 1/2 cup water
- 1/2 cup butter or margarine
- 1/2 cup bouillon cube
- 1 cup boiling water
- 1 cup whole wheat bread cubes
- 1 cup diced apple
- 2 eggs, lightly beaten
- 1/3 cup toasted sesame seed*
- 1 tablespoon sage leaves, crumbled
- 1/2 teaspoon salt
- 1/4 teaspoon ground black pepper

Rehydrate onion flakes in water for 10 minutes in a large saucepan; melt butter. Add rehydrated onion flakes; saute for 5 minutes; set aside. Dissolve bouillon cube in boiling water. Stir into onion with bread, apple, eggs, sesame seed, sage, salt and black pepper; toss well. Spoon into a buttered 2-quart casserole. Bake, uncovered, in a preheated moderate oven (375 F.) until hot, about 30 minutes. If desired, garnish with apple slices. Or, spoon mixture into a small turkey. Roast following your favorite method. Yield: About 2 quarts. Enough to stuff an 8 to 10 pound turkey.

*To toast sesame seed, place in a skillet over moderate heat; cook and stir until golden.
