

Glenn Thompson, Mac Hancock And Odell Smith Win Local Offices In Second Primary Election Saturday

Glenn Thompson in the race for County Judge won a sweeping victory over his opponent, R. C. Strickland, who is ending out his second term in office. Thompson piled up 832 votes to Strickland's 486, totaling more votes than cast for any other candidate, in the local election.

The Sheriff's race was a close one with Sheriff Mac W. Hancock winning out in the finals with 690 votes in his favor over 626 ballots cast for Nile Weed. Hancock will begin his second term of office as Sheriff. Tax Assessor-Collector Odell Smith in an entirely new group of voters held in the court house. Odell Smith in the Treasurer's race won over H. F. (Shorty) Ellis by a small margin of 692 votes to 618 for Ellis.

In the sixteen counties of the South Plains joined the balance of the state in giving a thumping majority to Beauford Jester in the governor's race Saturday, voting almost two to one for the Democratic candidate opposing Dr. P. Rainey, but went county by county to the general state vote by giving Boyce House over Allan Jester as second in command of the state government, although voters took the state in the race for lieutenant governor.

In the counties where the Democratic Party and precinct officers in the first Democratic primary in 1946. These included sheriff's offices which held the spotlight in that half the counties, and in other contests ranging from county judge to treasurer.

In the 16 counties Jester polled 50 votes and Rainey 14,393. Jester carrying every county, and in some instances much more than the general two to one plurality. Votes were closest in Dickens and Cochran counties.

Our Subscription Rates Must Go Up

Subscription rates to The Morton Tribune must go up. Again, it is not a question of what we would like to do, it is something that is forced upon us by the rising tide of prices.

Wages, newsprint paper, practically everything that goes into making a newspaper is steadily rising in price. If we wish to stay here and continue to operate a newspaper we will have to get more for what we do. At that, we are considerably behind most other papers in the country.

Subscription rates in the future will be \$2 per year for home folks; \$2.50 to those outside the immediate territory.

BUT—these prices will not go into effect until October 15. All renewals and all new subscriptions will be accepted at the same old rate, \$1.50 for home folks; \$2.00 for out of county subscriptions until October 15.

Mary Jo Caudle Honored With Party August 16

Miss Mary Jo Caudle of Whiteface, bride-to-be of Morris E. Hudson of Portales, N. M., was honor guest Friday, August 16, at a gift party held in her hometown. Mrs. Jim Casey and Mrs. E. C. White, jr., entertained 45 guests at the Casey home in Whiteface.

The honoree, daughter of Mr. and Mrs. Quantrell Caudle of Whiteface, will be married Sunday at the First Christian church in Portales. Both Miss Caudle and Hudson attended Eastern New Mexico college there. She formerly taught school at Lehman, and the bridegroom-elect is a navy veteran.

Entertaining rooms of the Casey home were decorated with a variety of flower arrangements for the party. Gifts were displayed.

A musical program was presented by four young artists. Miss Barbara Fay Willitt gave a clarinet solo, and Miss Janice Snodgrass played accordion selections.

Miss Gloria Faye Caudle, younger sister of the honoree, sang "Some Sunday Morning," as accompaniment was played by Miss Belva Jean Morris.

Refreshments were passed to the guests by Mrs. Casey and Mrs. White.

Welcome Home

William S. Shaw, Anti-aircraft Artillery Automatic Bat. discharged on August 11, 1946, at Ft. Sam Houston, Texas. Inducted January 5, 1945. American Theatre Campaign Ribbon, Good Conduct Medal and Victory Medal.

Melvin Bierman, medical technician, discharged July 17, 1946, at Ft. Sam Houston, Texas. Inducted April 27, 1945. Asiatic-Pacific Campaign Ribbon, Army of Occupation Ribbon, Victory Ribbon and one overseas service bar.

Weldon R. Weston, rifleman, discharged July 31, 1946, at Fort Sam Houston, Texas. Inducted December 15, 1944. Asiatic-Pacific Campaign Ribbon with one Bronze Star, Philippine Liberation Ribbon with one Bronze Star, Good Conduct Medal, Distinguished Unit Badge, Army of Occupation Ribbon, Japan Victory Ribbon and one overseas service bar.

Pfc. Floyd H. Browning discharged July 27, 1946, from Fort Sam Houston, Texas. Inducted December 15, 1944. Asiatic-Pacific Campaign Ribbon, Good Conduct Medal, Army of Occupation (Japan) and Victory Ribbon.

Pfc. Donald C. Grusendorf, discharged August 10, 1946 at Fort Sam Houston, Texas. Inducted February 28, 1945. American Theatre Campaign Ribbon, Asiatic-Pacific Ribbon, Good Conduct Medal and Victory Ribbon.

S/1c Wayne Richard Williams, discharged June 22, 1946 at Norman, Oklahoma. Enlisted February 13, 1945. Victory Medal.

Lamb-Baskin Rites Held August 21 Whiteface

Before an altar decorated with flowers at the First Baptist church in Whiteface, Miss Joyce Lamb of Walden, became the bride of Clarence A. Baskin of the United States navy Wednesday, August 21. The couple will live in Cuba.

The ceremony was presided over by the Rev. Franklin E. Tanner, pastor of the Levelland Baptist Church. The bride wearing an ensemble of pink and black accessories arranged for shoulder.

Mr. and Mrs. Byron Lee served matron of honor and best man. Wedding guests included relatives and close friends of the couple.

Charles Coffman, pianist, played the traditional wedding march and also served as accompanist for Mrs. Vern C. Beebe, soloist. Mrs. Beebe sang "Blessed Assurance."

The couple left immediately for their marriage for Denver, Colorado.

The bride, former resident of Whiteface, is the daughter of Mr. and Mrs. H. H. Lamb of Walden. She was graduated from the high school and studied at the University of Denver.

Clarence A. Baskin, son of Mr. and Mrs. W. Baskin of Whiteface, and a graduate of Gladewater high school, holds a navy rating as a radioman third class. He recently completed his training in the naval air forces, and is scheduled to be stationed in Cuba. His bride will join him there later.

Entertained With Party August 23

Misses Mary Nell Richards, Christine Nesbitt and 35 young friends entertained with a lawn party and watermelon feast on the lawn of the Richards home, Friday evening August 23. The celebration was in honor of the birthdays of Miss Richards and Miss Louise Nesbitt.

Work On County Hospital Resumed

Construction on the County Hospital has again been resumed with the arrival of brick. Brick masons started work Tuesday after a delay of several weeks due to lack of material. It is expected that the construction of the hospital will go forward rapidly now that more material is becoming available.

Pressed With Wash.

Mr. and Mrs. T. L. Folger and children, Jimmy and Barbara, have been vacationing in Okla., Washington. The Folgers were so favorably impressed with the state of Washington they are contemplating moving there.

Cochran County Veterans Urged To Sign Up For Vocational Agriculture and Distributive Education Training

Mr. Zane J. Brewer, State Board of Vocational Education Supervisor and Mr. Rex Faulkner, were in Morton Thursday, August 22, in the interest of the Veteran's Agricultural training program.

Application to establish classes in Morton for veterans in Vocational training, including agriculture, distributive education, trade and industry has been approved and the contracts signed by both the State Board of Vocational Education and the Veteran's State Approving committee.

All veterans interested in the training are requested to meet with Mr. Faulkner on Friday, August 30, at the County Court house between the hours of 9 a. m. and 5 p. m.

Married veterans participating in the program will receive a subsidy of \$90.00 per month, the unmarried ones will receive \$65.

In the training class for agriculture there will be 10 1/2 hours of group instruction under a qualified agriculture instructor, who will divide the periods of study into classes, shop and either field trips or demonstration. The instructor will spend two hours each week with each student on the student's farm or ranch.

Classes will begin in Cochran county as soon as the twenty students necessary to start a class have enrolled.

Other classes will be started as soon as practicable.

This training program designed to aid those veterans who are operating their own farms or ranches is a co-operative program with the County School Board, State Board of Vocational Education and the Veteran's Administration all working together to give the veterans opportunities for improvement.

At the time the classes begin in Cochran county the Veteran's Administration will pay to the county twenty five dollars per student each month. This money will be used to pay the expenses of the instructor and to buy supplies used in the training program.

The first program will be the Vocational Agriculture class with Mr. Rex Faulkner as instructor. Enrollment of twenty veterans is needed to start the class.

If enough veterans are interested there will be classes in distributive education, which includes the study and practical application of retailing and wholesaling of merchandise, and a class in trade and industry. As the need arises more instructors will be added to take care of the courses of study.

Any veteran interested in any of the above training programs is urged to contact Mr. Faulkner at the Cochran county court house on Friday, August 30, between the hours of 9 a. m. and 5 p. m. Mr. Faulkner may be found in Judge Strickland's office or the F. S. A. office.

Song Director

Zed Robinson, singer from Enochs, Texas, in charge of music for Methodist Church Revival.

Presentation Of Beautiful Cake Make By Fleenor

Rev. O. B. Herring, Snyder, Texas, Pastor Arthur Kendall and singer Zed Robinson, Enochs, were recipients of a beautiful cake last Saturday. The cake was baked and presented to the three men by Mr. W. D. Fleenor of the Morton Bakery in recognition of the wonderful service these two pastors and singer are doing for this community, in conducting the Methodist revival.

The square, brown frosted, two layer cake is a miniature replica of a pulpit, centered with an open bible in white frosting with the words "Holy Bible" inscribed in black. The names "Herring, Robinson and Kendall" are also on the cake.

The revival has been drawing large crowds at every service with a record gathering present last Sunday morning.

Contributes To Building Fund

The American Legion and V. F. W. building fund was boosted recently by a donation of \$200.00 from Mr. S. A. Forrest of Lubbock, owner of the local Forrest Lumber company.

ROSE MARY STANLEY, Seminole, Texas, granddaughter of MRS. L. W. BARRETT is recovering at a Plainview hospital from a light attack of poliomyelitis.

The Good Job At Levelland

WARNING TO CRIMINALS

(AN EDITORIAL)

In less than a year, the South Plains has experienced two bank robberies—at Morton and at Levelland. The long arm of the law, abetted by an alert citizenry, has moved swiftly and adequately in both cases. Three of the four men involved in the Cochran county holdup have been appropriately chastened by the courts, while the fourth man, Matt Kimes, leader of the robbery gang, has been put away for good, the victim of an Arkansas poultry truck. The most recent case, the robbery of a Levelland bank Wednesday, August 21, saw the lone perpetrator arrested and behind bars within six hours after the crime. It is to be expected that this man, subject of two life sentences which he, somehow or the other, managed to dodge serving, will be sufficiently dealt with at the bar of justice.

For quick solution of these two cases a dispensing of congratulations is in order—to the "laws" of this section, the county, state and city police officers and the agents of the Federal Bureau of Investigation. True, they did what they are paid to do, yet they are deserving credit for doing it well. Smart investigating was evident in both cases. And, especially in the Levelland crime, laymen are due credit, too.

Special mention should go to 16-year-old Howard Barry, whose tip started the officers off on the right track. And the "cool heads" kept by the four bank employes who faced the robber's gun enabled them to get an exact description of the suspect which gave officers a clear-cut idea of the man they were looking for. Unusual in hold-up cases, descriptions given by the various employes jibed perfectly.

The rapid "wrapping up" of the Morton and Levelland robbery suspects should serve as a warning to others who would commit major crime on our South Plains. The best and only deterrent to crime, in this section and anywhere else, is the knowledge among potential lawbreakers that their trespasses will be met with vigorous and unrelenting counter-measures of law enforcement agencies, backed by tough courts and tough clemency systems.—Lubbock Avalanche-Journal.

Showers Fall Here

A good rain fell Monday night over most of Cochran county it was reported Tuesday. Altho the amount is not known, most farmers who were in town Tuesday morning reported a good general rainfall.

This rain came as a life saver to the grain crops that were planted late in the season. Very little cotton was planted in this area, due to the drought, but the farmers are anticipating a good yield on the sorgum grains, now up to a good stand.

Funds Urgently Needed For Morton Cemetery

Funds are urgently needed by the Morton Cemetery Association to maintain a caretaker for the grounds. The Cemetery needs continuous care, and lately donations have fallen off, it is impossible to keep the Cemetery in good condition unless more contributions are made.

Up to date contributions have been made by E. R. Lytle, \$12.00; J. R. Ward, \$12.00; Mrs. James Lowe, \$10.00; D. E. Benham, \$5.00; Elmo Smith, \$4.00. Please hand your donation to any member of the Cemetery association.

City Hall Office In New Location

The City Hall office has established temporary headquarters in the Lloyd Evans building, next door east to Piggly-Wiggly.

The contract for construction of the City Hall was let to Jack Nelson on August 5, and plans are for the foundation to be laid this week.

School Will Open September 2

School will open at Maple, Goodland and Watson on September 2, according to an announcement by H. Howard Homslley, superintendent.

MR. and MRS. F. W. MASON and MISS NELLIE MASON from Ft. Worth and Decatur, Texas, are guests in the home of their sister, MRS. W. F. THARP and MR. THARP.

Chevrolet Drawing For Cochran Ex-Servicemen At Allsup's Saturday

Mr. Roy Allsup, local Chevrolet dealer has extended an invitation to all ex-servicemen of Cochran county to participate in a drawing for a new Chevrolet on Saturday, 31 at 4 o'clock.

In June this procedure was carried out by Allsup with the name of Ira McCasland being drawn. McCasland is a former member of the Coast Guard.

Veterans of Cochran county recently expressed appreciation to Mr. Allsup for his consideration of the Veterans by publishing a "Thank You" card in the Tribune to that effect.

Mr. Allsup has requested that all veterans register their name with him by two o'clock on Saturday so that the drawing at four p. m. will not be delayed.

VISITORS IN BYRON WILLIS HOME

Recent visitors in the Byron Willis home have been: Mr. Willis mother, Mrs. W. L. Gipson and Mr. Gipson and Mrs. G. G. Duncan, sister of Mr. Willis, and her two sons, Gary and Lionel George all of Malakoff, Texas; Mrs. H. H. Roberts of Plains, Texas, another sister of Mr. Willis and their niece, Miss Charlotte Henson of Big Springs, Texas; also Mrs. Dean's sister, Mrs. J. M. Edwards and little daughter, Shirley, of Sand Springs, Oklahoma.

MISS MYRETA GRANTHAM, daughter of MR. and MRS. W. E. GRANTHAM returned to Lubbock Wednesday after spending her vacation visiting in Corpus Christi, Abilene, Snyder and Morton.

Miss Manley With Local Delegates Left Monday For Three-Day Texas 4-H Round-Up At College Station

Miss Mabel Ann Manley, Cochran county Home Demonstration Agent and Miss Mary Grindstaff, Home Demonstration Agent from Seminole, accompanied by Mrs. Cecil Masten, sponsor of 4-H Club and Misses Lois Wilson, Ella Katherine Keith, and Iva Jean Cochran left early Monday for the Texas 4-H Round-Up at College Station.

The 4-H girls were selected on a basis of accomplishment in 4-H club work.

Boys and girls as well as Home Demonstration and County Agents and sponsors from all over Texas will attend the three day program of instruction and entertainment.

J. P. Schmidt, supervisor of Farmer's Institutes and Professor of Rural Sociology Extension with the University of Ohio, will conduct leadership training for the adults and direct panel discussions. Iris Davenport, representative from the Southern Agriculturalist magazine, will instruct the club girls.

Classes for girls will include handicraft, good grooming, and making corsages. Boys will receive instruction in beef and dairy cattle, swine, poultry, sheep and goats. Outstanding boys and girls will participate in panel discussions under the direction of Professor Schmidt.

Entertainment highlight will be a magician show and party at Sbisla Hall for both adult leaders and club members.

Four club members who attended the National 4-H Club camp will give reports and district rifle teams will compete for state honors. Girls from 77 counties will model dresses in the State Dress Revue August 30.

According to Lorene H. Stevens, 4-H Club specialist with the A. and M. College Extension Service, 1200 boys and girls will take part in the Round-Up.

Holding Revival

O. B. Herring, Pastor First Methodist Church, Snyder, Texas, Evangelist conducting Revival now in progress at First Methodist Church.

G. A. Davis Home Scene Of Family Reunion August 25

Mr. and Mrs. G. A. Davis entertained approximately 35 with a family reunion at their home northwest of Morton on Sunday, August 25. Eight of the Davis children were present, Captain and Mrs. G. A. Davis, Jr., of California were unable to attend.

Mr. and Mrs. Lowell Davis, who have been missionaries to China, and their two children will leave this week for the first lap of a journey which will take them back to their station in China.

Other children attending the reunion were: Mr. and Mrs. John Fletcher and family and Orville Davis, Abertnathy, Texas; Mr. and Mrs. Andy Davis, Morton; Mr. and Mrs. W. H. Eubanks and family, Maple; Richard, Calvin and James Davis of Maple.

MRS. D. R. GOODWIN, mother of MRS. M. L. BAKER is in Morton helping care for her new granddaughter, PAULA LOUISE. MRS. GOODWIN lives in Borger, Texas.

Mrs. W. E. Angley's Mother Dies

Mr. and Mrs. W. E. Angley were called to Vernon, Texas, on Friday, August 16, due to the critical illness of Mrs. Angley's mother, Mrs. Tom B. Bourland.

Mrs. Bourland expired at 7 p. m. on Sunday, August 18.

Mr. and Mrs. Angley were accompanied to Vernon by Mrs. Ruth Greer, an aunt of Mrs. Angley, of Fayette, Alabama, who was visiting in the Angley home and Miss Sarah Norris, sister of Mrs. Angley, who is attending Texas Tech.

Funeral services for Mrs. Bourland were conducted in the Henderson Funeral Chapel at four o'clock on Monday afternoon, August 19, with interment in the Vernon cemetery.

Mrs. Bourland was a member of the Primitive Baptist Church. She is survived by her husband, one son, Mr. Jack Morris, of Wichita Falls, Texas and four daughters: Mrs. W. E. Angley, Morton; E. J. Larimore, Olney; J. E. Lockett, Vernon; and Miss Sarah Norris, Vernon. One sister, Miss Josephine Cunningham, Vernon; and two brothers, Curtis and Scott Cunningham of Tuscaloosa, Alabama. Four grandchildren and two great grandchildren.

Morton Indians Start Practice For Football Games

Football training for the Morton Indians got underway Monday, August 26, with about 20 boys showing up for practice under coaches Jim Middleton and Forrest Martin.

Football schedules for Morton have been announced as follows: September 13, Friona at Morton; September 20, Morton at Dimmitt; September 27, Littlefield at Morton; October 4, Springlake at Morton; October 11, Morton at Levelland; October 18, Plains at Morton (Morton B); October 25, Morton at Sudan; November 1, Morton at Olton; November 8, Abertnathy at Morton; November 15, Morton B at Plains.

So far the only scheduled day game will be on Thanksgiving with Muleshoe playing the Indians in Morton.

Requirements for Indian Lettermen are: 1. Forty-eight minutes of playing time in conference football; 2. Recommendation of the coaches; 3. Lettermen must pass at least three courses during the fall semester. And for the "B" team: 1. Participation in at least 3 of the games; 2. Recommendation of the coaches; 3. Must pass at least three courses in the semester that games were played.

Terminal Leave Pay Assistance

The American Legion Jesse R. Bond Post No. 374 has arranged for applications for Terminal Leave Pay and any veteran wishing assistance in filling out the forms is requested to contact Earl Cadenhead, Albert Morrow, Robert Porter, M. C. Ledbetter, Zeke Sanders, Joe Pierce, D. E. Benham or Mrs. Hesse B. Spotts in the Selective Service office at the Court house.

Steel Joists Arrive For Strickland Bldg.

Steel joists for the roof of the R. C. Strickland building have arrived and construction on the building will be resumed in a few days according to Judge Strickland. This structure will be the first completely fire-proof building erected in Morton.

WOOD STEVENSON was a recent vacationer at Ruidosa, New Mexico.

Texas Giving All-Out Support To Cotton Industry

BRYAN, TEXAS—Texas is giving all-out support to the cotton industry's campaign for a two million dollar fighting fund to meet the challenges of cotton's competition, George G. Chance, Bryan, leading cotton producer and chairman of the Texas Unit of the National Cotton Council, said today.

A total of 861 Texas cotton ginners have agreed to support the Council program of sales promotion and research, compared with 608 for the same time last year, Mr. Chance announced. He said that early in August, 38 of the state's 104 compresses and warehouses had signed Council finance agreements.

Tribune, Morton, Cochran County, Texas, Thursday, August 29, 1946

The state also stands high in all other phases of the Council finance campaign, Mr. Chance stated. Out of 115 cottonseed crushers in the state, 34 already are backing the program, and 36 of the 145 Texas cotton merchants are covered by Council agreements. On the basis of initial mail contacts, 11.9 per cent of the state's 240,640 active cotton spindles have agreed to back cotton's fight.

"In supporting the National Cotton Council, the cotton interests of Texas are taking a realistic view of the cotton situation," Mr. Chance asserted. "The challenges from artificial fibers, paper and foreign growths to cotton's markets daily are becoming more serious.

"Through the Council, the farmers, ginners, warehousemen, merchants, spinners and oil mill operators of Texas and the other

cotton states are waging an aggressive campaign to maintain cotton's present markets and to build new ones.

"Our fiber is the greatest and most versatile in the world," he continued, "and, given equality in research and sales effort, it can overcome any and all competitors. To gain this equality, however, cotton must have the full support of every member of the industry. Texas is proud of what it already has accomplished in the cotton program, and we will not relax our efforts until every cotton man has pledged 100 per cent cooperation."

Veterans Warned On Accepting Illegal Allowances

Veterans who fail to notify the Veterans Administration when they interrupt their training or education and continue to accept Government allowances are subject to severe penalties, VA warned today.

Eldon F. Fuller, Chief, Vocational Rehabilitation and Education, Lubbock VA Regional office, cautioned veterans that VA training officers are making regular investigations to prevent such practices.

Beginning September 1, a blank form will be with each check mailed to veterans in training.

These forms must be returned to the Disbursement Office that mailed the check, whenever the veteran's training or education is interrupted.

This notification will enable VA to discontinue payments.

Veterans who accept checks under the Servicemen's Readjustment Act to which they are not entitled will be ineligible to receive any further benefits under the act. They also may be punished by a fine of not more than \$1,000 or by imprisonment for not more than one year, or both.

Most schools are prompt to notify VA of withdrawals, but some business firms approved for on-the-job training have neglected to report the withdrawal of veterans from training.

In both cases, however, Fuller emphasized, the responsibility rests on the veteran.

VA investigators who made a recent three-day check in one Texas community found 38 veterans receiving allowances to which they were not entitled. Some of the veterans had discontinued training as long ago as October, 1945.

The veteran should take careful note of the month for which his subsistence check is used as shown by the date of the check.

If he has discontinued education or training for any reason during the month prior to the month for which the subsistence check was issued, he should not cash the check under penalty of the laws.

The check should be returned without endorsement to the Disbursement Office shown on the envelope. The blank form in the envelope should be filled out and returned with the check.

Texas Tech Band Moves To Old Dairy Building

LUBBOCK—Assignment of the Old Dairy Manufactures building to the Texas Tech band and transfer of the chemical engineering department to a new quonset hut being erected near the Textile building has been announced by President W. M. Whyburn of Tech.

The move, Dr. Whyburn said, will give the band a permanent home and facilitate work of the Cotton Research Committee of Texas.

The Dairy Manufactures building for the past year has been used mainly for research with cotton burs and other activities to the quonset hut, just across the road from the Cotton Research Committee headquarters in the Textile building, will permit closer coordination of activities, Dr. Whyburn said. The new building, 40 x 100 feet and two stories, will provide about 7,500 square feet of floor space. Financed by funds of the Cotton Research Committee, it will be of concrete and steel, insulated, heated, lighted and ventilated.

The band, it was said, will have more space than in its former headquarters in the Textile building and will be more centrally located on the campus.

The quonset hut is being erected and transfer of the band and chemical engineering units is expected to be completed within the next month. Negotiations for the move have been in progress several months.

LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

TURN BACK

Three easy steps will degrade a self-governing people to the level of dictatorship: (1) to planned economy (2) to government management (3) to government control. America has already taken the first step. War pushed central planning upon us, and people who like it are trying to make it permanent. If it can be made to stick, the nation will be ready for the second step—government management.

Disregarding all fancy and impractical theories, history proves that private enterprise made America the world's most powerful nation and gave us all the most comfortable lives that common people ever lived. Our only wise course is to turn back to free enterprise, but first we must get shed of planned economy. It is going to demand a series of strenuous treatments, for it is well advanced.

It Is No Dream

Disaster for the only remaining prosperous people on earth can not be avoided by any magic method like suddenly waking out of a bad dream. Things we have learned about that took personal liberty from the Germans, the Russians and the French, and more recently from the British, may seem like nightmares but they are very real and painful. Here in America we have a chance.

It is a hack illustration but very useful: When you want to get rid of darkness, you turn on lights. When you want to get rid of ignorance, you admit truth. Incompetents scatter when they hear intelligent competition approaching. The first move against politics in business is to take the handcuffs off business itself. Set private enterprise free and it will protect itself.

Let Money Work

Laws made to take the profit out of war are now taking the pay out of work. Laws have rolled profits in some businesses so thin that there is nothing left to make but a loss. Ill-advised taxes on some commodities are so large that a fair price will not cover them. Industrial relations are so needled with politics that declining volume already is endangering jobs and wages.

People who are saving money are obliged often to let it lie idle in banks because there is no reasonably secure place to put it to work. Some invest in government bonds but the earnings of bonds come from taxes and serve not at all to put men to work and increase the national wealth. When private investors are afraid to trust enterprise, government management is at the door.

The Need of Today

Getting the United States out of its present entanglements with state socialism is one thing, keeping it out is another. For the long-range good of this nation, and of the world that looks to us for leadership, a ceaseless campaign of education is needed. The present need is to cut restraints on production and set American business on its feet again; by three measures:

(1) Change the tax structure to permit profits to operators and dividends to investors, (2) Balance the federal budget now, in prosperous times when, if ever, high taxes can be paid. (3) Improve industrial relations. In the long run, workers get paid in proportion to what they produce; and high wages, fairly earned, comprise the foundation of American prosperity.

Tech Requests Government Aid In Housing Facilities

LUBBOCK—Seeking further to meet its obligations in educating veterans, Texas Technological College has requested the government to allot it a sizable amount of aid in setting up additional housing facilities on the campus.

President W. M. Whyburn, acting for the college, made application for a share of the \$100,000 recently made available through the Bureau of Community Facilities, Federal Works Agency, to provide needed buildings.

Tech's application pointed out the college, with an expected enrollment this fall over 50 percent higher than last spring, needs

additional classrooms, laboratories, ROTC space, a dispensary clinic, repair shops, faculty offices, lecture auditorium, physical education building and veterans guidance center if the college is to care for veterans adequately.

Under the program the Works Agency would put up buildings for educational institutions for emergency use, the college providing ground, sidewalks, streets, utilities, and other adjuncts.

Tech, Dr. Whyburn said, has received formal notice of meetings at which the program will be discussed and at which progress toward allotment will be made.

Dr. Whyburn praised the program, stating thousands of veterans will secure educations more quickly as a result. Tech and other schools, he added, have been unable to erect needed structures, partly because of building restrictions.

CARL MACON, supt. of Morton Schools, was in Muleshoe on business, Monday, August 19.

DON'T BE A DENT SAVER—

Body and fender dents are unlucky, aggravating things. Dents ruin dispositions, destroy the pride of ownership and pave the way for costly rust and depreciation—but they're inevitable. Yet if left unrepaired, dents advertise neglect and brand the owner as a "Dent Saver."

We believe that we have the most "painless" dent repair shop in this area. We recondition dented fenders, door and body panels like new—early delivery—at a pleasant price.

—Let us make you proud of your Car again.—

ACCESSORIES—

We are gradually adding to our line of accessories, and now have in stock the following—

Hub caps, Ford Grills for '36, '37, '39 and '41 models; Spark Plugs, Batteries, Water Pumps, Fog Lights and other items you might need to keep that car running.

BRO. BULLARD RETURNED SUNDAY FOR SERVICES

Rev. Jack Bullard who has been conducting a revival meeting at Klondike, Texas, returned to Morton Sunday for church services in the Missionary Baptist Church and left after the night services for Cushing, Texas, for a visit in his daughters home. Mrs. Bullard has been in Cushing for several days, she and Rev. Bullard will take a short vacation and fishing trip before returning home.

AN ORDINANCE ORDERING STREET IMPROVEMENTS BY PAVING AND GUTTERING CERTAIN SECTIONS OF UNITS OF CITY STREETS, AND SETTING A DATE FOR PUBLIC HEARING ON CITY'S PROPOSAL TO FIX LIENS ON THE PROPERTY OF ABUTTING PROPERTY OWNERS FOR THE PURPOSE OF DEFRAYING A PART OF THE EXPENSE OF SUCH STREET IMPROVEMENTS.

This 16th day of July, 1946, the City Commission of the City of Morton, Inc. convened in Special Session with all members of the Commission present, to-wit: Paul Arnold, City Mayor, T. L. McAlister, City Commissioner, and Lewis M. Smith, City Commissioner,

together with W. K. Whitman, City Clerk, when along with other business coming on for consideration there came the following:

WHEREAS, on the 15th day of November, 1945, the City Commission of the City of Morton, by Ordinance duly passed, called a Special Election to be held in and for said City, for the purpose of letting the resident property tax payers who were qualified voters of such City say by their vote whether or not the State Paving Laws should be adopted by the City of Morton, as such laws are contained in Articles 1086 to 1096, both inclusive, and Articles 1104 and 1105, Title 28, Cities, Towns, and Villages, revised Civil Statutes of the State of Texas, 1925, as amended; and,

WHEREAS, on December 8th, 1945, at the Special Election called for such purpose, a majority of the votes at such election voted FOR the adoption of the Paving Laws, the returns of such election having been duly made to the City Commission of the City of Morton, and canvassed by that body, and an ordinance duly entered upon the minutes of such City declaring the result of such election, and adopting the paving laws in and for the City of Morton, Incorporated.

NOW THEREFORE, be it ordained by the City Commission of the City of Morton, Texas, in Special Session sitting on this 16th day of July, 1946, that certain sections or units of certain streets in this City be paved and guttered in accordance with the plans and specifications of the City Engineer. Be it further Ordained that a certain part of the expense of such street improvements be assessed against the property, and the property owners, abutting on the streets herein ordered to be improved with paving and gutters. Be it further Ordained that the following 12 Paving Units shall be, and they hereby are, ordered improved with paving and guttering according to the City Engineer's plans and specifications:

UNIT NO. 1: Main Street from the S. E. corner of the Public Square to its intersection with Fillmore Ave.

UNIT NO. 2: Main Street from the S. E. corner of the public Square to the N. E. corner of the Public Square.

UNIT NO. 3: Main Street from the N. E. corner of the Public Square to its intersection with Madison Ave.

UNIT NO. 4: West 1st St. from the S. W. corner of the Public Square to its intersection with Fillmore Ave.

UNIT NO. 5: Washington Ave. from the S. E. corner of the Public Square to the S. W. corner of the Public Square.

UNIT NO. 6: West 1st St. from the S. W. corner of the Public Square to the N. W. corner of the Public Square.

UNIT NO. 7: Wilson Ave. from the N. W. corner of the Public Square to the N. E. corner of the Public Square.

UNIT NO. 8: West 1st St. from the N. W. corner of the Public Square to its intersection with Madison Ave.

UNIT NO. 9: Wilson Ave. from the N. W. corner of the Public Square to its intersection with West 3rd St.

UNIT NO. 10: Wilson Ave. from the N. E. corner of the Public Square to its intersection with East 2nd St.

UNIT NO. 11: Washington Ave. from the S. W. corner of the Public Square to its intersection with West 3rd St.

UNIT NO. 12: Washington Ave. from the S. E. corner of the Public Square to its intersection with East 2nd St.

Be it further ordained that Friday, August 30th, 1946, at 10:00 o'clock a. m. in the District Court Room in Morton, Texas, be, and the same hereby is designated as the time and place, when and where, property owners whose property abuts on any of the streets or units herein described may be heard to show cause why Statutory Street Improvement Lien, or liens, should not be lawfully fixed against their said properties as the law directs.

Be it further ordered that notice of such hearing be given by the publication of this Ordinance in the Morton Tribune for three consecutive weeks, before the date herein set for such hearing. And such publication of this Ordinance shall be the lawful statutory notice to said property owners to appear, should they elect so to do, and show cause why Statutory Street Improvement Liens should not be fixed against their said properties.

Commissioner McAlister introduced this Ordinance and moved its passage. Commissioner Smith seconded the motion. The Mayor called for a vote upon the Ordinance as read, and all members of the City Commission voted "Aye", and none voted "No."

The City Mayor declared the Ordinance duly passed, and ordered the same spread upon the Minutes of the City Commission in its regular place, and ordered the City Clerk to have the same published in full in the "Morton Tribune," a weekly newspaper published in the City of Morton, Texas, for three consecutive weeks beginning August the 15th 1946.

Under Texas Skies

Devoted to a better understanding of the Lone Star State
By A. Garland Adair, Vice-Chairman Centennial Commission

Vol. III Austin, Texas No. 2

RURAL DEVELOPMENT—GOAL OF CENTENNIAL

The future well-being of Texas is dependent primarily upon a sound economy and the happiness of our rural communities. The life of our rural communities must be attractive—economically, socially, spiritually, and physically, so that our people will be drawn to the land.

A most inspirational thought on behalf of the success of the Statehood movement was uttered recently when Lieut. Col. Wakefield remarked, "The Centennial Commission's well-thought-out plan of commemorating the Hundredth Anniversary of Texas as a State by recognizing in a practical way a generation of Texans who have acquitted themselves no less gloriously than the men of San Jacinto of the Alamo is most commendable."

Lt. Col. Paul L. Wakefield, Chief of the Veterans Personnel Division, State Selective Service Headquarters and Chairman of the Veterans Committee of the Board of Directors of the Texas Centennial of Statehood Commission. He was one of the three U.S.-Texas Centennial Commissioners for the 1936 Texas Centennial of Independence.

Correct Memorable Passage
The memorable passage is: "Cultivated mind is the guardian genius of Democracy, and while guided and controlled by virtue, the noblest attribute of man. It is the only dictator that freeman acknowledges, and the only security which freeman desires."
It was made by Mirabeau B. Lamar as the second elected President of the Republic of Texas in his first message to Congress in 1838.
Respectfully submitted,
(Signed) V. F. TAYLOR, Attorney,
Smithville, Texas.

TEXAS CATECHISM

"Be sure you are right and go ahead." This in substance is the quotation. Cite correct statement and by whom said.
A Centennial of Independence Silver 50 cent piece will be given to the one sending in the answer acceptable by the editor for publication in "Under Texas Skies."

World's Record Set In Model Aircraft Meet

LOS ANGELES—A world's record of 123.88 miles an hour for model planes was established at the All-Western Open Model Aircraft Meet Sunday. It was made by Don Newberger of Long Beach, Calif., topping the previous mark of 113 m. p. h.

Officials said Newberger's record was made around a pylon, in conformance with Academy of Model Aeronautics rules.

One of the contestants, Elbert Weathers of Inglewood, Calif., lost control of his radio-guided model when it flew out of range of its transmitter in an automobile, pursued the \$1,500 craft until he regained control, and brought it down safely three miles south of the field.

Reduction Asked In Flocks of Poultry

WASHINGTON—The Agriculture Department has asked farmers and poultrymen to have 7 per cent fewer hens and pullets next Jan. 1 than on the same date this year.

It said a laying flock of 435,000,000—7 per cent fewer than on hand at the start of this year—would be sufficient to meet "all currently known requirements" of eggs in 1947.

A flock of that size could be expected, the department said, to produce at the rate of 360 eggs per capita for the year. This would allow for greater consumer use of eggs than in any year except 1945—when per capita consumption was 390—and in 1946, for which consumption is estimated at 375 eggs.

» annegrams

—by ann england—

Monday shows up regularly every week following Sunday, and each Monday morn we look at eight blank pages and wonder how we will manage to get out a Morton Tribune. Comes Thursday and so far we haven't failed to produce from eight to 12 pages for you subscribers. Incidentally we may be forced to go up on our subscription rates this fall, so any of you wishing to get in on our present rate better hurry.

We thoroughly enjoyed (but with a little envy) the card received from the J. D. Hawthornes while they were vacationing in the "Rockies". We were there a year ago but had trouble making the folding money hold out. The Cherub (Baby Jan) stayed with her grandmother Hawthorne in Plainview while the folks were away. The Hawthornes are driving a pretty new grey Ford.

We know the nicest people, the Willard Cox brought us the best cantaloupe and Mr. Bullard gave us some wonderful home grown tomatoes. Our Aunt on her recent visit brought us a hand tooled red leather belt that she had made.

Much to our delight we now definitely know that we have five (5) annegram readers, as that many persons called our attention to a mistake we made in our last column. Any way the people who own property are supposed to appear on Friday, August 30, for the hearing on paving leins, etc.

Mrs. Morton J. Smith visited a little while with us Saturday. She is very pleasant and altho we believe she said, she had never lived here, she is keenly interested in Morton. We noticed not long ago that she had given a substantial donation to the American Legion and V. F. W. Building Fund.

We head Zeke Sanders trying to bribe "Our Bill" by offering him a marriage license if Bill would get married and buy his furniture from the Evans and Sanders Furniture Store. Naturally at that point the spouse had a few remarks to remark.

Wonder if everyone is aware of the new and very nice water fountain in the Court house? It has cold drinking water and two fountains.

Evidently we are not half as nose as some people give us credit for. Heard just this week that our business neighbor, Robert Porter (law partner of Loyd Kennedy) had been married about a month or more. We still don't know who his wife is. We wish folks would put us wise to all these important events as they happen.

Not long ago we received a most delightful description of Carlsbad Cavern, written by our colored friend, Mary Davis, who had made the trip. Altho it has been more than five years since Mary cooked for us, our mouth still waters every time we think of the good meals she prepared, especially egg custard.

Judge and Mrs. R. C. Strickland are buzzing around in a brand new Plymouth.

Monday afternoon we went out to see the beautiful cake Mr. Fleenor made for Bro. Herring, Bro. Kendall and the singer, Mr. Robinson. Bro. Kendall promised when he invited us to see the cake that no one would be taking a nap—but we didn't see A. K. any where and Mr. Herring definitely looked drowsy so—we are still wondering. However after eating for two hours at the P. B. Ramby's maybe Bro. Kendall was taking a walk. Incidentally we didn't get any of the cake. Wish we could manage to look as hungry as we always feel.

Mrs. O. E. Stevenson has some beautiful zinnias in bloom around her home in the west part of town.

Any one wishing to pay his water bill may see Mr. Whitman in the office next door to Piggly-Wiggly east. Personally we can't imagine any one wishing to pay his water bill—but from some of the threats we have heard lately it is either that or else (NO WATER).

The spouse has been feeling neglected lately and not only wears a large safety pin in his buttonless shirt but says:

"My wife and I our costumes choose,
Of similar styles and stocks:
Milady wears the toeless shoes,
And I the toeless socks."

MOVE TO LUBBOCK

Mr. and Mrs. H. E. Bogart who have been living south of Morton, near Lehman are this week moving to Lubbock where they recently bought a nice home and ten acres of land.

Tribune, Morton, Cochran County, Texas, Thursday, August 29, 1946

Stevenson Is Pleased With Vote Results

AUSTIN—"The people of Texas are still stable citizens", Governor Stevenson concluded Monday, glowing with satisfaction over the sweeping victory for Beauford Jester in the gubernatorial campaign.

The state government will be "in good hands" for the next two years, the governor declared.

The governor had predicted that Jester would obtain 65 per cent of the votes. The last tabulation showed Jester to have 65-76 per cent.

The governor did not think the election was an indorsement of his administration because "the people were not voting on it." But he did think his appointment of University of Texas regents had been approved.

"It looks like the public approved my appointments of regents. I believe they decided we had a pretty good board of regents."

Whether the election results would cause the Rainey controversy at the university to subside, he would not venture to say.

Meat Shortage Due Producers Are Told

EAST ST. LOUIS, ILL.—The Producers Livestock Commission, a farmer-owned marketing agency at National Stockyards, warned Monday that the nation faces a meat shortage unless farmers are encouraged to resume feeding of young and lightweight stock.

"Record or near-record low numbers" of fattened livestock were attributed by the association to several years of curtailed production as a result of feed and labor shortages. This situation has been intensified, it added, by ceiling price uncertainty "which led to the marketing of many lightweight cattle and hogs, and discouraged the purchase of replacement stock."

The association said that 1947 meat production may be 1,000,000,000 pounds less than this year and about 3,000,000,000 pounds below the 1944 record production.

Air mail stamps were first placed on sale June 16, 1924.

"I'm not trying to run the university; never have been," he declared.

JIM CLOUD VISITS TRIBUNE

Mr. Jim Cloud of the Lydick Roofing Co., Lubbock, was a visitor in the Tribune office Tuesday. Mr. Cloud is former County Judge of Dickens County and at that time was the youngest county judge in Texas. Mr. and Mrs. Jim Cloud and the Carl Englands were friends in Snyder, before the war.

MR. and MRS. GAYLE BISHOP and family spent last week vacationing at Cowles, N. M.

MR. and MRS. L. E. HUGGINS and daughter, KATHY, were week-end visitors with friends and relatives in Snyder, Texas.

Take Care Of Your Teeth; See Dentist Twice A Year

AUSTIN—The fact that dental decay is likely to occur in the mouth of the average person, despite proper home care given the teeth, does not lessen the importance of brushing the teeth and massaging the gums daily, nor does it minimize the need for a cleaning and inspection of the teeth twice a year by the family dentist. Dr. Geo. W. Cox, State Health Officer, says that the lack of these measures gives added power to germs that attack the enamel of the teeth and gum tissues.

"If, despite the proper application of such procedures, decay is suspected or teeth are injured in any way, the thoughtful person will seek the dentist's office promptly for the necessary corrective work," Dr. Cox said.

"It is surprising, though, even in these days of comparatively sound dentistry, that so many persons neglect to make good their dental defects, inevitable or otherwise, because they foolishly fear the discomfort they might experience in the dentist's chair," said the State Health Officer. There are others who having lost a tooth of several teeth make an effort to obtain replacements. Apparently they believe they can get along without them. Reduced masticating power, the annoyance and sometimes actual discomfort of chewing hard substances on the exposed gums, and decayed teeth are some of the possible consequences of gaps in the teeth."

Dr. Cox advised those who are interested in experiencing the best dental and bodily health possible, to give daily attention to their mouth and visit the dentist twice each year, and promptly seek the dentist's services should decay or other suspicious conditions arise between the periodic visits.

"In short," Dr. Cox declared, "successful mouth hygiene means not only intelligent personal daily application of prophylaxis but complete and timely cooperation with the family dentist as well."

MR. FRED MORRISON is consulting at his home after recent surgery performed at the Phillips-Dupre hospital in Levelland.

G. I. INGENUITY

AUSTIN—Two GIs at the University of Texas have struck pay dirt while resuming their war-interrupted collegiate lives. Undaunted by the problems tossed in their faces as they doffed khaki, they felt that their experience points the way for other GIs faced with postwar problems.

Principal credit, however, should really go to pretty, 19-year-old Chinese-born Morgia Howard, a Zeta Tau Alpha, and a Junior at the University. Miss Howard's father, an Army career man, is Colonel in the Quartermaster Corps.

Morgia, it seems, had for some time been playing with the idea of providing night snacks to the students, a food pickup during evening studies. Studious Texans, she decided, were pretty hungry by the time they reached trig or chemistry, and they needed this energy-builder to hold them until next morning's breakfast.

As a result, she contacted two ex-GIs, themselves playing with a similar idea, and joined forces. "Night Snack" was born, a firm specializing in the preparation and delivery of toothsome sandwiches and milk. Since there are several thousand ex-GIs on the Texas campus, it was a minor problem to get "food messengers," and today a dozen of them ply regular routes through the campus, into fraternity and sorority houses, and dormitories, carrying baskets of ham, cheese and egg salad sandwiches, and pints of milk with sanitary paper cups.

Morgia's partners, Joe Tallal of Dallas, and Herbert Lee of Philadelphia, Pa., are overwhelmed by the financial success of the venture. About a thousand sandwiches are sold nightly and about the same number of pints of milk. That totals a pretty profit for the three of them.

In Tallal's case, it came as a lifesaver, for Joe, a senior at the University, is 23, married and expects to be a father any day. He was a Second Lieutenant in the Air Corps during the war; entered civilian life with much foreboding about the future. He is majoring in geophysics. Lee, a sophomore, is 23, and was also a Second Lieutenant in the Air Corps. His aim at the University is physical education.

The three partners work out of the kitchen of a one-room apartment occupied by Tallal and his wife. Morgia skips from her classes to the kitchen, supervising the preparation of sandwiches, and, more often than not, taking a hand in slicing and buttering them as well as setting out the paper cups. Every square foot of space must be utilized to accommodate sandwich paraphernalia and thousands of paper

Amputee Shoots Two Under Par

Louis Monge, who lost a leg in the Italian campaign, tees off in the recent Silver City, New Mexico, golf tournament. He finished the 18-hole course 2 under par to best the previous champ, Harry Althaus, left, by one stroke.

cups. The fact that nested paper cups can be stored in great quantities in a small amount of space is mighty helpful in this business. "It is the best guarantee of health insurance we can give the students," are Morgia's thoughtful words in explaining the fact that only sanitary, single-service paper cups are used by "Night Snack" in catering to the students.

MR. and MRS. J. W. ASKEW of Lubbock are guests of MR. and MRS. WILLIE McCULLOCH.

MR. and MRS. NICK MILLER of Abilene are visiting her parents, MR. and MRS. N. H. STEED.

MRS. RHODA DEATON who has been ill for several weeks is able to be up and about.

Season Tickets On Sale For Tech Home Football Games

Season tickets for the Texas Tech home football games this fall have gone on sale at the athletic department office and indications are the largest crowds in history will be on hand for the five games.

Center sections in the stands will be taken by season ticket holders, Morley Jennings, athletic director, stated. Demand is almost double that of last year.

Tech will play five home games: Sept. 21, West Texas State; Oct. 19, Baylor, Homecoming; Oct. 26, Denver University; Nov. 9, New Mexico; and Nov. 16, Oklahoma A and M. Only the West Texas game will be at night.

Mr. Jennings is urging all fans to make reservations for the season or individual games at once if good seats are desired.

Elmer Tarbox, Lubbock, president of the Texas Tech Ex-Student association, is urging all former Techs to reserve seats for the Homecoming game with Baylor to write Mr. Jennings immediately so proper seating arrangements may be made.

"Exes who don't make reservations now may find themselves standing or in temporary seats behind goal posts," he said. "Homecoming this year will be the biggest in history. We expect exes to be on hand from all over

Tribune, Morton, Cochran County, Texas, Thursday, August 29, 1946

TEXAS U. SALUTED

Texas University will be saluted musically on Tuesday, August 27, by songstress Margaret Whiting, (above) on the Philip Morris "Frolics" over NBC. The favorite popular tunes of the undergraduates, as determined by a poll now being made, and a medley of Texas songs, will be offered by Miss Whiting, Jerry Gray's orchestra and the Tunetoppers quintet.

the Southwest—and we want them to have good seats. But if reservations are not made now, many of them will be sitting in places where they may not be able to see the game to advantage."

A. BAKER VISITS IN ARIZONA

Mr. A. Baker and his sister, Mrs. Sarah Taylor of Snow, Oklahoma, returned last week from Tucson, Arizona, where they had been visiting their father, Mr. Seth Baker. Mrs. Taylor visited friends and relatives in Morton and Lubbock before returning to her home in Oklahoma.

MRS. CLYDE EDMONSON and daughter, LOUWANDA, of Lamesa are visiting in the LOU RAY and CLYDE CRAVEN homes.

We pride ourselves on our good food—and every day we strive to make it so delicious you'll always return again for more.

A MILLION THANKS!

Words are inadequate to express my appreciation to the People of Cochran County for the splendid vote given me in Saturday's Election. I want each resident to know that regardless of whether or not I received their support in the race, I am grateful for the opportunity of serving all the People of Cochran County. Again I say, a million thanks to everyone.

I'd like to add my congratulations to Judge Strickland for the clean, sportsmanlike manner in which he conducted his campaign.

Glenn Thompson

Q. How many nests do I need for my laying hens?

A. You should have one nest for every seven hens. If trapnests are used, you should have one nest for every four hens.

Q. Is goat meat palatable?

A. Goat meat, called chevon, is recognized as a delicacy by many people. It can be prepared in any of the many ways other kinds of meat are cooked. Goat kids from 50 to 75 lbs. in weight are especially delicious when barbecued.

Q. How many market hogs may be produced from each sow in a high-producing brood sow herd in one year?

A. Records at the Research Farm of the Ralston Purina Company show that each sow in the Purina herd produced an average of 19.3 market hogs during the 12-month breeding period just ended. These hogs were marketed at 6 months of age after being farrowed, grown, and fattened on the two-litter-a-year system of the Purina Hog Program of good breeding, sound management, careful sanitation, and good feeding.

Q. In using the 2-4D hormone weed killer, is one spraying sufficient?

A. Most weeds will be killed by one spraying of 2-4D, but it may be necessary to spot spray about four weeks later in order to kill any weeds that are especially persistent or any that have grown since the first spraying. 2-4D does not kill seeds.

Q. At what age do range cows produce the heaviest calves?

A. According to the New Mexico Experiment Station, in tests over a period of 7 years, cows produce heavier calves and, therefore, more beef at weaning time, when they are 6, 7, and 8 years of age. This is the period when cows show the greatest weight and vigor.

Lone Gunman Takes Loot In Daring Daylight Holdup Of Levelland Bank

Cecil Moran Pierce, 29, paroled convict from the California State penitentiary, was arrested with in three blocks of downtown Levelland Wednesday afternoon, five hours after robbery of the Levelland State bank. Pierce was charged with armed robbery and in a signed statement to the FBI admitted taking almost \$15,000 from the Levelland bank.

The parolee was taken in Levelland as he walked toward the south edge of town carrying the loot tied in a pasteboard box. The arrest made by V. P. Stephens, Lubbock city patrolman, Sheriff Sam Floyd of Lynn county and an FBI agent, marked the end of a manhunt in which officers from eight counties, highway patrolmen and FBI men joined.

Pierce was paroled October 22, 1945, from the California State pen where he served only eight years of a pair of life sentences for armed robbery. He is to be arraigned in federal district court in Lubbock on charges of violating the federal band robbery statute.

State charges against Pierce were filed by Sheriff Ed Hofack with Justice of the Peace A. F. Odell in the Levelland justice court.

Recovery of \$14,929.40 was reported by officials, who believed that the sum represented all the

money taken in the holdup with the exception of a nickel which Pierce admitted spending for a cup of coffee.

As the wide search was being conducted Pierce spent the afternoon in a picture show, where he saw the picture "Spellbound."

The arrest was made about 30 minutes after Pierce left the show, when 16-year-old Howard Barry pointed him out as the man with whom he worked in a Levelland laundry. "There he is," the boy said.

Young Barry, son of Mr. and Mrs. B. C. Barry, related that he worked with Pierce and that in conversation the man told him a month and a half ago that he planned to rob the bank. The five-foot-five slender school boy said that he last saw Pierce two weeks ago when he quit work at the laundry.

He told Young Barry that his hometown was Albuquerque, N. M., that his parents are dead, his father dying during the time he was serving in the California pen. Barry said he also showed him his parole papers.

Entering the bank through the office of President D. E. Collins at 12:25 noon, when half the employees were out to lunch and no customers were inside, cash drawers were emptied by the dark-complexioned man. He took all currency in reach.

The four employees on duty were ordered to lie face down on floor at the point of the robber's shotgun, while he gathered in the loot.

Working at the time were Miss Jo Arnwine, assistant cashier and three bookkeepers: T. E. Lewis of Ropesville, who went to work at the bank Monday; Miss Billie Norman and Mrs. Norma Brasick.

C. A. Luck, Levelland businessman, who came in during the robbery, was also ordered to the floor as Pierce continued rifling the cash drawers.

All five were then ordered into the vault and the door was closed. The robbery was reported to the local sheriff's department by Cashier Bob Berry, who came in from lunch a few minutes later, to find the bank deserted and cash drawers empty.

The robber left out the back door, dropped the gun there and took an alley course west and north, officers reported. As he coursed through the alleys, he shed a blue sportshirt, which was later identified by Young Barry as belonging to Pierce. The youth told officers that he could identify the man.

Sheriff Hofack reported that there was no doubt in his mind as to the robber's identity within an hour after the bank was looted. The search was earlier, he said, narrowed down to two men, both of whom were picked up. The other was later released.

Peace officers from Morton, Lamesa, Brownfield, Tahoka, Littlefield, Muleshoe and Lubbock joined into the 75-man hunt throughout the afternoon. Out-

Tribune, Morton, Cochran County, Texas, Thursday, August 29, 1946

side roads were blocked and patrolled surrounding the town, he said, and city streets were constantly patrolled.

Two other feminine employees—Mrs. W. M. Kitchings, stenographer, and Mrs. J. D. Hill, bookkeeper—were also out to lunch when the robbery took place.

First to see Pierce enter the bank was Miss Arnwine, who was at her cashier's window, second from the front. She said she heard him come in the front door and later was surprised to see the man come through the president's office carrying the gun.

Miss Norman looked up from her desk at the back of the bank as the robber came behind the counter, and at her first words, Mrs. Brasick turned round to face him. Lewis said he did not look up until he and other employees were ordered to the floor. Hands of Lewis and Mrs. Brasick were bound with friction tape by Pierce.

To have witnessed the robbery, the four employees were unusually calm throughout the afternoon, officials reported. They were questioned by FBI agents before they were allowed to talk with newspaper reporters.

Pierce was picked up two blocks east and a half-block south of the Levelland business square. He was unarmed.

Scarce Building Materials Speeded For Veterans

To speed the delivery of scarce building materials for veterans' housing, an initial \$3,000,000 of War Assets Administration funds has been allocated the U. S. Corps of Engineers for payment of contracts to dismantle Army and Navy installations containing housing materials, WAA announced Monday.

Among the Army Camps now being dismantled is Camp Howze, Gainesville, comprised of 2,600 buildings, and the McLean Prisoner of War Camp, McLean, 79 buildings. The Hereford Prisoner of War Camp, Hereford, is now being surveyed by WAA for

Nation-Wide Voluntary Prepayment Medical Plan Approved By AMA

The American Medical Association has given its approval to a program designed to establish a nation-wide "Voluntary" prepayment medical plan.

The association, through its house of delegates, took action following a proposal by President Truman for a federal system of sickness insurance, which is branded as "socialized medicine."

In numerous cases prepayment medical plans are carried out by the co-operative system, whereby members pay a certain sum for medical attention from a qualified physician for a period of time, usually paid in advance for one year and on a voluntary basis.

It is a form of insurance designed to aid the family of moderate means in times of illness or when emergencies strike with out warning in the way of sudden needs for surgery, accidents and other causes where without the prepaid medical plan families might suffer severe financial embarrassment.

On August 15 President Truman signed with plain-spoken misgivings a bill for a federal-aid program of hospital construction.

The measure is designed to furnish adequate hospital care for the nation by authorizing \$375,000,000 in federal aid to states for a five-year hospital construction program. It sets up a long-range program to supply hospital and clinical care, with the government furnishing 40 per cent of construction costs for public and non-profit institutions built under state programs approved by the U. S. surgeon general.

Mr. Truman said he was in full accord with the objectives but found certain provisions of the bill "objectionable."

He objected particularly to establishment of a council composed of persons who are not full-time government officials. This council will advise the surgeon general and have the power of veto over certain of his actions.

The council also may reverse the action of the surgeon general when he has disapproved a state plan because of failure to meet requirements of federal law.

Mr. Truman said this provision is "contrary to sound principles of administration."

"I consider that such power over the action of federal officials responsible for the administration of a grant program involving the expenditure of federal moneys constitutes a potentially dangerous precedent," he said.

He also criticized a provision permitting a state agency to appeal to the federal courts when dissatisfied with a federal administrator who denies a construction project.

Tribune, Morton, Cochran County, Texas, Thursday, August 29, 1946

LEGAL NOTICE

H. J. R. No. 62.

HOUSE JOINT RESOLUTION

proposing an Amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 49-b, creating a Veteran's Land Board and establishing a Veteran's Land Fund; providing for an election and the issuance of a proclamation thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 49-b which shall read as follows:

Section 49-b. There is hereby created a Board to be known as the Veteran's Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Legislature shall provide by law for the issuance by said Board of not to exceed Twenty-five Million Dollars (\$25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veteran's Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas in such form, denominations, and upon such terms as shall be prescribed by law, provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum.

"In the sale of any such bonds a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent Free School Funds; such bonds to be issued only as needed, in the opinion of the Veteran's Land Board under legislative authorization.

"The Veteran's Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, be paid for in cash, and shall be a part of the Veteran's Land Fund.

"The lands of the Veteran's Land Fund shall be sold by the State to Texas Veterans of the present war or wars, commonly known as World War II, in such quantities, and on such terms, and at such prices and such rates of interest, and under such rules and regulations as may be prescribed by law; provided, however, that any such lands remaining unsold at the expiration of eight (8) years after the effective date of this Amendment may be sold to anyone as shall be prescribed by law.

"All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Veteran's Land Board from the sale of lands and for interest on deferred payments shall be credited to the Veteran's Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, in like manner as shall be provided for the sale of lands purchased with the proceeds from the sales of the bonds, provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veteran's Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

If it appears from the returns of said election that a majority

of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

August 8, 15, 22 and 29.

Cooked A Fine Dinner; Then Threw It To Dog

One lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at anything to eat. She was swollen with gas, full of bloot, had headaches, felt worn out and was badly constipated. Finally she got INNER-AID and says she now eats everything in sight and digests it perfectly. Bowels are regular and normal. She is enjoying life once more and feels like "some other woman" since taking this New Compound.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Cochran county. A

COME TO CHURCH SUNDAY

Veterans Will Have Definite Voice From Now On In Surplus Property Disposals

Veterans of World War II will have a definite voice from now on in all surplus property disposals affecting veterans by War Assets Administration according to an announcement made by Robert M. Littlejohn, WAA Administrator today.

A veteran advisory committee will be set up in the Fort Worth WAA Regional office and in each of the other 32 WAA offices throughout the country. This committee, patterned after a veteran policy committee now functioning in Washington, will be comprised of representatives of the American Legion, Disabled American Veterans, Veterans of Foreign Wars, Amvets and the American Veterans Committee. These five leading veterans organizations, through their national headquarters, will nominate the regional representatives to work with WAA.

Littlejohn stated: "Provisions of surplus property legislation which apply particularly to veterans were enacted for their benefit and from now on the veterans themselves are going to have a lot to say about how they are to be administered. I have already informed the national veterans policy committee that I shall take no major steps affecting the veterans interests without consulting them. Establishment of the WAA veterans policy committees in the field extend that co-operation to all of our operations affecting veterans."

Once the Fort Worth regional veterans committee is established, meetings may be called to discuss furthering the veterans

His Farm Fields Are Factories

U. S. FARMERS have made our fields into factories.

We live better than people in other countries because our farmers get more out of the soil.

The steel industry takes pride in the way it has helped bring about this improvement in farm practice. Tools of steel—from the plowshare to the giant combine—have multiplied in number and increased vastly in quality.

Fifty years ago the typical farm in America used about 3 tons of steel. Today the figure is nearer 17½ tons.

That is a measure of the modernization of agriculture and an indication of the interdependence of steel and farming.

We no longer have separate "farm production problems" or "industrial production prob-

lems." We have but one set of problems for everybody.

If strikes, for instance, restrict the supply of farm implements and supplies through work stoppages, or make their cost prohibitive, America is out of gear.

Anything which tends in this direction is bad for the farmer—and finally for everybody. Farmers know it. Everybody else should know it.

Steel mills need all the scrap iron and steel they can get. The shortage is serious. Farmers can get extra dollars and help increase steel output by sending worn-out machinery, etc., on its way to the furnaces. AMERICAN IRON AND STEEL INSTITUTE, 350 Fifth Avenue, New York 1, N. Y.

The Institute has printed a booklet STEEL SERVES THE FARMER.

Write for a copy and it will be sent gladly.

Sudan Boosters Here Tuesday In Interest Of Sudan's Fall Festival, August 30-31

Mr. H. G. Hull, editor-publisher of the Sudan News paid a short call to the Tribune office Tuesday. Mr. Hull and other Sudan citizens were on a booster trip to advertise the Fall Festival to be held in Sudan this week-end, August 30-31.

A wonderful program has been arranged for the entertainment of visitors to the Festival.

The Sudan visitors extended an invitation to folks in this area to come over and help Sudan celebrate the completion of their farm-to-market roads, and the paving of their city streets.

There will be a Main Street parade in downtown Sudan at 10 a. m. Saturday with virtually all business firms sponsoring floats in the parade.

The Pep Squad of Sudan schools will lead the parade.

Art Club will sponsor an exhibit of original paintings at the City Hall, and Festival guests are invited to pay the art exhibit a visit while in Sudan.

Baseball games will begin at 1 p. m. on Friday and Saturday at Sudan High School. Four baseball teams will compete for championship, the winner to be declared Saturday.

Entrants from Friona, Earth,

Amherst, Needmore and Sudan are expected to compete in the Old Fiddlers' contest under direction of Simon Hay.

Adam Trijillo (Red Deer) Indian dancer, will present several teams of dancers at the Sudan Fall Festival. Trijillo and his dancers are from Taos, N. M. The Taos Indians are notable for their glamorous robes and jewelry and their ability to dance.

5,500 MEN RETURNING ON THREE TRANSPORTS

More than 5,500 troops on three transports were scheduled to arrive Monday at Seattle and San Francisco. Ships arriving:

At Seattle—Kokomo Victory from Jinsen, Korea, 4,191 Army; Milford Victory from Yokohama, 1,330 troops; Trade Wind, from Okinawa, 11 troops.

Sunday's only arrival was the Stevens Victory, which docked in New York with 1,451 Army men and four Navy personnel.

MR. and MRS. KEN COFFMAN are the parents of a son, born Tuesday morning, August 20, in a Lubbock hospital. The baby has been named Ricky Van.

Million-Dollar Cattle Deal Made At Lubbock Mon.

LUBBOCK—A million-dollar contract, scrawled in pencil on a piece of tablet paper, represents one of the year's largest cattle transactions and may help restock dry Texas ranges.

The purchase of between 12,000 and 13,000 cattle valued at around \$1,000,000, by Sam C. Arnett Sr., banker-rancher, and Tobe Foster, oilman-rancher, both of Lubbock, was reported Monday.

The cattle were bought from the Red River Cattle Company of Tucumcari, N. M., through Albert Mitchell. All of the stock was bred by the ranch and bears its brand.

Delivery is expected by Dec. 1. Arnett said he and Foster planned resale of the cattle to ranchers in small lots to "restock some of these dry ranges out here."

An undivided half interest in the cattle was sold Monday to Joe W. Espy, Fort Davis banker-rancher.

The cattle are now on the 450,000-acre Bell Ranch, one of the oldest in New Mexico. It is owned by Mitchell. The stock is said to be in fair condition due to late rains.

Arnett is owner of the 100-section Clabber Hill Ranch in Andrews County and is president of the Citizens National Bank of Lubbock.

MR. D. E. BENHAM and MISS MARY HOPE NORFLEET are in Big Springs, Texas, this week attending a general meeting of F. S. A.

MISS ARLENE BENNETT, daughter of MR. and MRS. M. A. BENNETT, is at home after attending summer school at A. C. C. in Abilene, Texas.

MR. and MRS. C. M. WARTES and family and MR. and MRS. BURL RUSH and family enjoyed an outing and picnic in McKensie State Park, Lubbock, Sunday.

MRS. H. E. TOLLIVER left last week-end for California.

Steel Mills Are Safer Than Farms

THE steel industry has a better safety record than farming, according to a study of the statistics of the National Safety Council made by the American Iron and Steel Institute.

The steel industry, which, during the past ten years, has stood consistently near the top of the list among safe industries, moved up from fifth to fourth place in 1945 among forty major industries on the basis of frequency of accidents.

Owing to the lack of information about farm workers' exposure and accidents, no accurate basis exists for a comparison of accident frequency between farming and steel-

making. However, reliable statistics place the number of accidental deaths among farm workers at 53 per 100,000 in 1945. The average for manufacturing industries, including iron and steel, was 19 per 100,000 workers in 1945. On that basis, 2900 lives would have been saved if the fatality rate among farm workers were as low as the average for all manufacturing.

Today, industrial accidents occur less than half as often for each 100,000 workers as they did in 1930. Intensive safety programs and better working conditions have paid off in many fewer accidents and have helped make steel one of the safest of all industries.

At your grocer's.

Wallace Theatre

"Cochran County's Finest Entertainment"
Ben & Ruth Dyer, managers — Phone 40

FRI. And SAT. Till 11 p. m.

Jimmy Wakely—Singing Cowboy

"Riders Of The Dawn"

Serial—Color Cartoon

SAT. PREVUE--11 p. m. Buy tickets 10:30 p. m.

SUNDAY And MONDAY—Sept. 1-2

"BLUE DAHILA"

Alan Ladd

Veronica Lake
William Bendix

When anyone tries to move in on Ladd's affairs—it's move over or else! The way he handles his gun and his fists—and the way he holds a woman—is so terrific you'd better have your blood-pressure checked at the door!

TUESDAY—One Day Only

"BARBARY COAST"

Also Serial—And—Cartoon

WEDNESDAY And THURSDAY—Sept. 4-5

INGRID BERGMAN
GREGORY PECK

In Alfred Hitchcock's—

"SPELLBOUND"

HIDEAWAYS living in the shadow of fear... this woman of science... this man without a name. Loving him... mentally tortured though he was, murderer though he might be... a madness she could not deny!
