"TEXAS' LAST FRONTIER"

VOLUME VIII.

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, MAR. 20, 1947.

NUMBER 3.

Invitation Boxing Tournament Will Be Held Apr. 10-12

Invitations have gone out to towns within easy traveling distance of Morton to participate in a boxing tournament to be held at the stadium the nights of April 10, 11 and 12.

Only students enrolled in school will be eligible to enter the tournament.

Eligible weights will be from 10 pounds up. Individual trophies will be given winners in each weight class. A team trophy will be given the winning team.

Outside judges will be secured for the tournament. Any one interested in entering the tournament is asked to contact C. F. Martin, Morton school athletic coach.

This tournament is being sponsored by the Morton Lions Club and promises to be one of the outstanding sports events of the early spring season.

Lions Clubs in this vicinity are invited to send teams.

Father Of Harve Andrews Died In Fort Worth

Mr. and Mrs. Harve Andrews attended funeral services for his father, Mr. W. J. (Bill) Andrews, Ft. Worth, last Friday afternoon, March 14.

Mr. Andrews died at noon, Tuesday, March 13, at the age of 88, following four years of ill health. He had lived in Fort Worth for 32 years.

Services were held at the First Christian Church, Ft. Worth.

Survivors include ten children, grandchildren, 10 great grandchildren and three great, great grandchildren.

Four Events Added To Roping Match At Levelland Scheduled For Sunday

Four more events have been added up to supplement the roping contest between Mansfield and Troy Fort to be held in the Levelland Rodeo Arena on March 23, according to W. J. Robertson, president of the Levelland Rodeo Association.

Besides the championship match between Mansfield and Troy, there will be bare back riding, wild brahma steering, big steer roping and bull fighting.

Also slated for the March 23 show is a second roping, principals of which have not been announced. About 30 ropers are expected to enter the roping event, according to Robertson.

Many of the nation's leading ropers will be on hand at the Levelland show, Robertson said, because they will be en route from the Fort Worth Fat Stock Show to the stock show to be held at El Paso on March 24.

Topographic Engineer Exams. Will Be Held Soon

The United States Civil Service Commission today announced an examination for Topographic Engineer at the P-1 grade, \$2644 a year, to fill vacancies in the Geological Survey in the following states: Arkansas, Illinois, Iowa, Oklahoma, South Dakota, Texas and Wisconsin. Full details are available in the examination announcement.

Applications should be filed with the Executive Secretary, Federal Office of Civil Service Examinations, Geological Survey, Box 101, Rolla, Missouri, not later than April 14, 1947.

All information and applications may be secured from the Commission's Local Secretary C. F. Winder, located at Post Office, from most first or second class post offices, from Civil Service Regional Offices, or from the Federal Office of Civil Service Examinations, Geological Survey in Rolla, Missouri.

ED HERE THIS WEEK
O. Mastin of Wellington and an owner of large tracts in Cochrans county, was a guest in Morton earlier this week.

WESLEYAN GUILD
Wesleyan Guild will meet at home of Mrs. L. W. Ray on Main Street, Monday night 8:30.

FINAL USO CAMPAIGN DRIVE TO GET UNDERWAY SATURDAY

Headed by County USO chairman, Glenn W. Thompson, the final USO drive is scheduled to get underway in Morton early Saturday morning.

Thompson, aided by representatives from the V.F.W., American Legion and Morton Lions club hope to complete the drive by noon.

Just think for a minute about the 1,500,000 GI's USO will serve in '47. They're having reconversion troubles like all of us.

Some are in hospitals learning to walk without legs, to see without eyes, to forget the horrors of war.

Some are on maneuvers, on guard duty, in training. Some have wives and kids at home. Many are in their teens. Like all of us, they're all wondering when things for them will get back to "normal."

To provide a home away from home for these GI's, USO is asking the American people for \$19,000,000, to help them through a really tough year.

Quota for Cochrans county has been set at \$320.00.

One of these men will call on you, Glenn Thompson, Arthur Cook, Gayle Bishop from V.F.W.; Kirby Smart, American Legion; M. C. Ledbetter, Lions Club. This is the final USO appeal. Let's give generously.

22 Members - 7 Guests Present at Lions Meet Wed.

The Morton Lions Club met at noon Wednesday, March 19, for their regular weekly luncheon with 22 members and seven guests present.

Group singing was led by Chas Cravy. The Pledge of Allegiance to the Flag was given in unison. Walter Taylor gave the invocation.

Lion President Willard Cox, appointed Jack Nelson taitwister for the day.

Guests introduced were: Hume Russell, Jacksboro, of James St. Clair; Rev. W. C. Wright of Zeke Sanders; Ermon Miller and E. L. Willis of Walter Taylor; Walter Crowell of Bud Nairn; F. O. Mastin and Mrs. Carl England of the club.

Carl Macon gave a report on plans for the boxing tournament to be held in Morton on April 10, 11 and 12. He stressed the necessity of cooperation of all Morton Lions in this sporting event.

Roy Hickman spoke on the needs for the construction of a permanent platform for the tournament, in view of the fact that Morton Lions hope to make the boxing tournament an annual event.

The club voted to pay for the platform if funds derived from tickets sold for the event were not sufficient to defray expenses.

Lions volunteering to take boys to Tahoka next weekend for the boxing events were: Jack Nelson, Zeke Sanders, Carl E. Self, T. K. Williamson and W. C. Wright.

Lion Macon gave a brief report from the blind committee.

Members present for the Wednesday meeting were: Carl England, Carl Ray, Jack Nelson, Bud Nairn, Walter Taylor, Willard Cox, Carl Macon.

James St. Clair, Chas Cravy, Jack Rice, H. P. Arnold, Earl Bowers, Floyd Smith, Zeke Sanders, Carl E. Self, Roy Hickman.

T. K. Williamson, P. B. Ramby, Courtney Sanders, R. C. Strickland, J. B. Knox and Ed Foreman.

FROM JACKSBORO
Hume Russell of Jacksboro, Texas, a former Morton resident and past president of the Morton Lions Club was a visitor in Morton Wednesday.

MOVES BACK TO MORTON
Ermon Miller a former resident of Morton has moved back to Morton from Big Springs, Texas.

MRS. VERNA MAE LOWE and daughter, CHARLOTTE, spent the week-end in Stegall, Texas, visiting MR. and MRS. JACK LOWE.

MRS. ED GARRETT and son, BILL, were business visitors in Lubbock Friday.

Rev. Hamilton To Preach At Sun. Services Here

Rev. W. E. Hamilton of Lubbock, Executive Secretary, of the Northwest Texas Methodist Conference will preach at the morning service, Sunday, March 23, at the First Methodist Church.

Rev. Hamilton, whose duties include the promotion of educational work in approximately 200 churches in this conference will show religious and educational films at the evening service, Sunday, March 23, at 7:30 p. m.

The general public is invited to both morning and night services.

Stricklands Add New Equipment

With the addition of more new and up to date machinery the Strickland Cleaning establishment, located one block west of the square, on the New Mexico highway is better equipped to give their customers more prompt and efficient service.

A large type tumbler, 30x36, was installed this week in the shop in addition to puff irons and steam finishing machines recently installed.

This new equipment saves many man hours in the cleaning and finishing departments as well as permitting the shop to render faster service to the customers.

L. B. CHILDS CONFINED TO HOME WITH FLU
L. B. Childs, owner of an apparel store for men and boys located on the west side of the square, is confined to his home with the flu.

MABEL MANLEY TO LAMESA TO MEET WITH H. D. AGENTS
Miss Mabel Manley left Wednesday for Lamesa to confer with the H. D. Agents on the planning committee for 4-H club round-up to be held July 11 in Lamesa.

RAY CRAVY IMPROVING
Ray Cravy, son of Mr. and Mrs. Chas Cravy is improving following a tonsillectomy performed in a Lubbock hospital last Saturday.

PAUL J. YANCY, representative of the Ralston Purina Company, Lubbock, was a business visitor in Morton, Friday.

3 Heroes Who Know, Urge Support of USO

THREE wartime heroes—two of them Congressional Medal of Honor winners and the third the nation's first triple amputee of the war—joined voices recently to urge universal support of the USO campaign to raise \$19,000,000 with which to serve the GI during 1947.

Said Medal winner, Sgt. Thomas J. Kelly of Brooklyn, (right) for instance: "When we came out of combat (USO) shows helped keep our minds off it; and when the shooting stopped they broke the monotony of waiting to go home. I think USO should continue because GI's... still need USO."

In Wisconsin, Ted Jones, (center) ex-marine, veteran of the first battle of Guadalcanal, and the first

triple amputee of the war—he lost both hands and one leg—declared: "Please, for my buddies, your neighbors, your sons, support the USO campaign and when you are asked to contribute give as much as you can. The boys still in service and in the hospitals sure need it." So strongly does Jones feel about supporting USO that he has accepted the position of chairman of the Wisconsin American Legion USO Committee.

And, states Lt. Charles Shea, of the Bronx, N. Y. (promoted on the field of battle by General Mark Clark and Congressional Medal of Honor recipient): "The GI needs USO as much as he ever did. Even more, for in many ways, it's tougher to be a GI in peacetime than in war."

Officers Elected For V. F. W. At Meet Thursday

Kirby Smart, popular young Morton businessman and Navy veteran, was elected Commander of the Morton V. F. W. at the regular meeting of the post last Thursday night, March 13.

Other officers elected were: I. B. Lilljedahl, Sr. Vice-Commander; Roy Turney, Jr. Vice-Commander; Rev. A. A. Kendall, Chaplain; and Harold Keys, Quartermaster.

New trustees are Gayle Bishop and Roy Hill.

Four new members: Harold Miller, Whiteface; Tom Arnn, Jr., Beryl Williams and Curtis Chapman, were accepted into the organization.

Concluding the election of officers and business session the group enjoyed refreshments and a social hour.

Mechanic Added To The Boys Service Station

Beryl Williams, operator of The Boys Service Station, announces that Bud Pugh, an expert mechanic and welder, is now employed in the back shop of the station.

Kirby Smart, former partner of Williams, is now employed in the parts department of Allsup Chevrolet. Smart replaces Tom Rowden who is moving to Brownfield, where he will be associated in business with his brother.

MR. and MRS. JOHN A. MCGEE attended the Fat Stock Show and exposition in Ft. Worth and visited relatives in that vicinity recently.

SALE OF U. S. SAVINGS BONDS UPPED IN COCHRAN COUNTY

The sale of U. S. Savings Bonds in Cochrans county for the months of January and February totaled \$4,587.50 against \$3,600.00 for the same period in 1946.

National sales during 1946 were 7 1/2 billion. The goal for 1947 is 7 billion.

For the first time since the sale of war bonds started sales have exceeded redemptions. The all over redemption of E Bonds from May 1, 1941 to September 1, 1946 was 30 1/2 percent and for the same period F and G Bonds was 6 1/2 percent.

Shelby McDaniel, representative from the U. S. Treasury Department, Dallas, visited in Morton last Thursday. While in Morton McDaniel complimented the citizens of this area for their support of the bond drives during the war years. He gave special credit for the success of the drives to Judge L. L. Price, county chairman of the War Bond Drives.

Many farmers of the county may not know of the recent change in membership of the county's board of supervisors.

Mr. B. H. Tucker was elected to the place vacated by G. W. Thompson when Mr. Thompson assumed duties of County Judge.

We are pleased to report a small start has been made this year toward establishing terraces on land in the county that is in need of that practice.

A fraction over two miles of terraces have been constructed on the L. B. Kelso and T. L. Greer farms. The owners of those two farms disregarded property lines and built a single system of terraces for the two farms.

Mr. J. B. Knox built three fourths miles of terraces on his farm southwest of town.

Mr. W. D. Ford, also southwest of town, constructed a terrace system to divert run-off water onto a native grass pasture. The diversion and water spreading structures on his farm make up approximately one mile of terraces.

The commissioners court is rendering valuable assistance to this program by leasing county equipment to the farmers at a very reasonable fee.

CAST REMOVED FROM PAUL HOOD AT DALLAS HOSPITAL
Mr. and Mrs. C. N. Hood took their son, Paul, to the Scottish Rite hospital in Dallas last Thursday for observation.

The cast Paul has been in since last August was removed. According to doctors reports, Paul is in excellent condition.

500 Head Of Livestock Registered For 14th Annual SPJFS Show March 15
With last minute entries still pouring in, nearly 500 head of livestock from 18 of the 29 eligible counties had been entered by 4-H Club and FFA members in the 14th Annual South Plains Junior Fat Stock Show on March 15, according to general chairman Vernice Ford. The show opens Monday, March 24, at the South Plains Fair grounds, and runs through March 26.

Most entries are for the Fat Pig Division where 242 pigs have been entered. Calf entries totaled 170, and those in the Fat Lamb Division numbered 83. Officials expected the list to build up considerably before the closing date of midnight, March 15.

Homer Hunt, chairman of the finance committee, announced that he and his committee members will be lining up buyers all this week for the animals which will appear in the show.

The sale for sifted calves will be held Tuesday morning, March 25, at 11 a. m. at the Lubbock Auction and Commission Company.

Banquet Friday Night Will Honor Senior Students

The W.M.U. of Morton's First Baptist Church will honor Senior students of Morton High School with a banquet at the Church Friday night, March 21st.

Dr. B. T. Maddox, pastor of the First Baptist Church, Clovis, New Mexico, will be the principal speaker.

Sundown Cafe To Exhibit Oil Arts

An art exhibit featuring the oil works of 8 or 9 students of the Sundown grade school will be held the early part of next week in Sundown's Tip Top Cafe, according to Miss Jaunita Black, art instructor at the Sundown grade school.

No definite time for the event has been scheduled, but a week's showing of the works has been tentatively scheduled, Miss Black declared.

FROM DELTA, COLO.
Mrs. Nick Miller of Delta, Colorado, is home visiting her parents, Mr. and Mrs. N. H. Steed.

MRS. ED MABE of Lubbock, spent the week-end in Morton. She is the former MISS NANNIE MAE REDDEN.

COCHRAN OIL NOTE

Superior Oil Company No. 1 Cameron, labor 9, league 86, Greer County School Land, Cochrans County wildcat six miles southeast of Morton, was drilling below 6,070 feet in lime and shale.

Examinations for jobs in the field service of the Social Security Administration, to be filled in 30 offices in Louisiana, Texas and New Mexico, were announced today by the U. S. Civil Service Commission. Beginning salary for the positions, designated as Field Assistant and Claims Assistant, is \$2394 per year.

Application cards and copies of the official announcement may be obtained from the Regional Director, 14th U. S. Civil Service Region, 210 South Harwood St., Dallas 1, Texas; the Regional Director, 10th U. S. Civil Service Region, Customhouse, New Orleans, Louisiana; the Regional Director, 13th U. S. Civil Service Region, New Customhouse Bldg., Denver 2, Colorado; any first or second class post office; or from the Board of U. S. Civil Service Examiners for the Social Security Administration, 912 Maverick Building, San Antonio 5, Texas.

These are key entrance jobs in the social insurance program because of their direct contact with wage earners, claimants, employers, and the public. Successful performance in these positions is excellent preparation for advancement in the service.

Applications for the examination must be filed with the Board of U. S. Civil Service Examiners for the Social Security Administration, 912 Maverick Building, San Antonio 5, Texas, not later than March 31, 1947.

RETURNED HOME FROM VETERANS' HOSPITAL

Albert Morrow returned to Morton last Saturday night after three weeks hospitalization at the Veterans hospital in McKinney, Texas.

BOWMAN CLEANERS

Weekly SURPLUS NEWS WAA

John R. Campbell, director of the veterans division of WAA, Washington, in Texas recently, said that veterans in the WAA Southwest zone, which includes central, north and west Texas, had purchased 27.4 percent of surplus available for sale, against a national average of 25.18 percent. He added that the total might run as high as 35 percent when surplus purchased by the RFC to set veterans up in small business was considered.

Two army chapel buildings at Big Spring army air field are being advertised for sale between March 15 and April 14 through the office of real property disposal of the Grand Prairie regional

Showing Tuesday Only At Wallace Theatre

ENMC Summer School Will Start On May 26th.

PORTALES — Summer school plans at Eastern New Mexico college have been completed and the eight-week session begins on May 26, according to Dr. H. C. Gossard, dean of the college.

The summer school faculty is complete with 27 members and the summer curricula will include 75 courses in all schools and divisions of the college. The college's largest summer school enrollment is expected because of the large number of veterans desiring to continue during the summer and the need for teachers to renew certificates.

Work is also being offered for the beginning freshman who desires to start his higher educational training this summer. With registration on May 26, classes begin on the twenty-seventh and the session closes on July 18.

Along with regular classes a number of conferences will be arranged and special entertainment features will be presented. Administrators of public schools have a conference late in the summer, the Parent-Teacher association will have a session, and a special institute on professional and public relations problems for public schools is being arranged.

RETURNED FROM HOSPITAL
Mrs. C. B. Qualls returned home with her mother, Mrs. J. S. Daniels, from Memorial Hospital, Lubbock, where she has been hospitalized. Mrs. Daniels is in an improved condition.

O. B. BUCK of Crosbyton, Texas, visited in Morton last Friday.

office of WAA. The structures measure 37 by 97 feet and include boiler rooms, electrical fixtures and pulpit. First consideration in the sale will be given to their use as shrines or memorials and second to their use for religious purposes. Sales are subject to priority of government agencies, state and local governments and non-profit institutions, which includes churches.

The Grand Prairie regional office of WAA is offering laundry equipment for sale on a fixed basis. The equipment is located at Camp Maxey, Paris, Texas, and includes extractors, washing machines, garment presses, tub trucks, box trucks, and tumblers. The sale closes at 11 a. m., March 26.

A fixed price sale of medical equipment and supplies, including X-ray machines and tables, dental chairs and cabinets, stereoscopes and cystoscopes, has been announced by the Grand Prairie regional office of WAA. As the items are all listed on the veterans set-aside list, only veterans may purchase. Authority to buy, under a new ruling, is merely the veteran's honorable discharge or separation papers. The sale will open March 29 and close April 9th.

There's going to be a big blow-up somewhere, as the WAA is releasing its entire stock of trinitrotoluene (TNT) for sale until April 30. It is being offered at the low price of seven cents a pound in minimum lots of 30 50-pound boxes, or 1,500 pounds. The boxes are packed in one-pound blocks. Three hundred thousand pounds will be disposed of through the Grand Prairie regional office of WAA.

About 140,000 sets of army blood transfusion apparatus will be offered for sale through the Grand Prairie regional office of WAA from April 10 to April 30. The sets are unused army field models of the indirect recipient type, designed to be used but once, then destroyed. It is a national sale, with the Grand Prairie office acting only as agent for other regions. Priority claimants such as the Red Cross, state health agencies, etc., may submit letters of intent to buy to Grand Prairie. All levels of trade, including hospital supply houses, manufacturers and exporters are invited to submit bids for all or part of the entire inventory.

NOTICE OF ELECTION FOR WATERWORKS REVENUE BONDS.

STATE OF TEXAS)
 COUNTY OF COCHRAN)
 CITY OF WHITEFACE)
ALL QUALIFIED VOTERS OF THE CITY OF WHITEFACE, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Whiteface, Texas, on the first day of April, 1947, to determine whether or not the Board of Commissioners of said City shall be authorized to issue the bonds of said City for the following amount and for the following purpose, to-wit:

\$50,000 Revenue Bonds for the purpose of constructing and improving a Waterworks system in and for said City; which election was duly called and ordered by the order of the Board of Commissioners of said City, passed on the 5th day of March, 1947, and which election order is made a part of this notice, and is in words and figures as follows, to-wit:

ELECTION ORDER
 STATE OF TEXAS)
 COUNTY OF COCHRAN)
 CITY OF WHITEFACE)

ON THIS the 5th day of March, 1947, the Board of Commissioners of the City of Whiteface, Texas, convened of Special session, at regular meeting place therein in the City Hall, there being present and in attendance the following members:

M. WALKER, Mayor,
 T. LAWRENCE, Commissioner,
 A. WHITE, Commissioner,
 among other proceedings, following business was transacted:

was moved by Commissioner Lawrence, and seconded by Commissioner White, that there be submitted to the qualified voters of the City of Whiteface, Texas, are property taxpayers herein, and who have duly rendered their property for taxation, proposition for the issuance of revenue bonds of said City, for the following amount and for the following purpose, to-wit:

\$50,000 Revenue Bonds for the purpose of constructing and improving a Waterworks system in and for said City; the above motion carried by following vote: Mayor Walker, Commissioner Lawrence, Commissioner White voting "AYE"; and voting "NO".

Whereupon, Commissioner Lawrence introduced an order calling election for the purpose of submitting the proposition to a vote of the qualified property owning voters of said City, moved the passage and adoption of such order. The motion was seconded by Commissioner White.

The motion, carrying with it the passage and adoption of the election order, prevailed by the following vote: Mayor Walker, Commissioner Lawrence, Commissioner White voting "AYE"; and voting "NO".

ELECTION ORDER is as follows: WHEREAS, the Board of Commissioners of the City of Whiteface, Texas, deems it advisable to issue the revenue bonds of said City for the purpose herein mentioned; therefore

IT ORDERED BY THE BOARD OF COMMISSIONERS OF THE CITY OF WHITEFACE, TEXAS:

I. That an election be held on the first day of April, 1947, which is not less than fifteen (15) nor more than thirty days after the date of the adoption of this order, at which election the following proposition be submitted to the qualified voters who own taxable property in said City; and who have duly rendered the same for taxation:

SHALL the Board of Commissioners of the City of Whiteface, Texas, be authorized to issue the revenue bonds of said City in the principal sum of FIFTY THOUSAND DOLLARS (\$50,000), maturing serially over a period of years not to exceed twenty-five (25) years from the date thereof, bearing interest at a rate not to exceed THREE AND ONE-EIGHTH PER CENTUM (3 1/8) per annum, for the purpose of constructing and improving a Water System in and for said City of Whiteface, Texas, authorized by the General Laws of the State of Texas, including Articles 1111 to 1118, inclusive, Revised Civil Statutes of Texas, as amended; said bonds to be special obligations of the City of Whiteface, Texas, payable as both principal and interest from the revenues of said City's Water System; and all the Board of Commissioners be authorized to mortgage and encumber the City's Water System, and the revenues thereof, for the purpose of securing the payment of principal and interest on said bonds, said encumbrance, on said revenues to be an exclusive first lien on the pledge of said revenues,

after the deduction of reasonable expenses of operation and maintenance of said Water System, as said expenses are defined by statute?"

II. In event the proposition for the issuance of the bonds hereinabove mentioned is approved by a majority of the qualified voters, voting at said election, then the \$40,000 revenue bonds authorized at the election held in said City on July 6, 1946, for the purpose of building a water system for said city, SHALL NEVER BE ISSUED AND SOLD.

III. In event the said \$50,000 revenue bonds are authorized to be issued by a majority of the qualified electors of said City, voting at said election, and the same are issued and sold, the holder or holders of such bonds shall never have the right to demand payment thereof out of any funds raised or to be raised by taxation; and each bond issued or executed, in pursuance of such election, shall contain this clause:

"The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

IV. That said election shall be held in the High School Building in the City of Whiteface, Texas, and the entire City shall constitute one election precinct.

V. That the following named persons are hereby appointed officers of the election, to-wit:

Ben L. Graham, Presiding Judge,
 H. C. Stephenson, Judge,
 Mrs. B. E. Thoms, Clerk, and
 Mrs. E. M. Erwin, Clerk.

VI. That all voters who favor the aforesaid proposition shall have written or printed upon their ballots the words:

"FOR THE ISSUANCE OF WATERWORKS REVENUE BONDS AND ENCUMBERING THE CITY'S WATER SYSTEM AND THE REVENUES THEREOF FOR THE PAYMENT OF SAME."

And those opposed shall have written or printed upon their ballots the words:

"AGAINST THE ISSUANCE OF WATERWORKS REVENUE BONDS AND ENCUMBERING THE CITY'S WATER SYSTEM AND THE REVENUES THEREOF FOR THE PAYMENT OF SAME."

VII. That notice of said election shall be given by posting and publication of a copy of this order, at the top of which shall appear the words "NOTICE OF ELECTION FOR WATERWORKS REVENUE BONDS." Said notices shall be posted at the City Hall and at two other public places in said City, not less than fourteen (14) days prior to the date on which said election is to be held, and shall be published on the same day in each of two successive weeks, in THE MORTON TRIBUNE, a newspaper of general circulation in the City of Whiteface, Texas, the first of said publications to be made not less than fourteen (14) days prior to the date set for said election.

VIII. That a copy of this order, signed by the Mayor of said City and attested by the City Clerk, shall serve as proper notice of said election.

IX. Nothing herein shall be construed as rescinding, cancelling or in any manner affecting the \$20,000 general obligation tax bonds voted at the said election held on July 6, 1946, for the purpose of constructing a water system in and for said City.

PASSED AND APPROVED, this the 5th day of March, 1947.

A. M. WALKER, Mayor, City of Whiteface, Texas,
 ATTEST:
 VERN C. BEEBE, City Clerk, City of Whiteface, Texas,

RUBBER STAMPS AT TRIBUNE

Influenza Cases Estimated At 20,000 This Week

AUSTIN—Reports coming in to the State Health Department from various sections of the State indicate that the number of influenza cases has increased to epidemic proportions in many areas. The reported incidence this week is 11,624 cases, however; this represents only a fraction of the actual number of cases in the State since many cases are not receiving medical care, and therefore remain unreported. There were perhaps an estimated 20,000 cases of influenza this week in Texas.

Commenting on this situation today, Dr. Geo. W. Cox, State Health Officer, said that most of these cases are mild and lend themselves to treatment readily. He pointed out that two cooperative factors are essential to victims of this disease; first, to call the family physician promptly when suspicious symptoms appear; and second, to take it easy for a reasonable length of time after the acute stage has subsided.

"It is essential to realize that influenza, no matter how mild the attack, calls for a period of convalescence, because serious complications can occur if this important fact is ignored," Dr. Cox said. "Influenza is not mass-controllable. However, those persons who maintain the highest possible health level at all times, increasing their resistance to communicable disease germs, will have a protective advantage over those more careless persons who continually abuse their health."

The State Health Officer declared that living by the laws of nature, getting plenty of sleep, daily exercise in the open, nourishing foods and good personal hygiene offers the best known bulwark against all respiratory diseases and added that avoiding habits of any and all kinds detrimental to maximum well being is a wise course to take in the pursuit of good health.

A SEABEE

The more I think about it, the more determined I become to see that the young people at home can benefit from activities such as those I enjoyed at the USO. There seems to be a growing interest, especially among the servicemen, to have an organization similar to the USO to help solve juvenile delinquency and other youth problems.

ings. "Because of its extreme contagiousness," he said, "we're going to have to maintain an air-tight embargo for a long time to come if this disease, now prevalent over a wide area in Mexico, is to be kept out of American herds." He remarked that if the disease should spread to the northern boudry of Mexico, the danger would always be imminent that some infection might be conveyed across the border to American livestock.

Dr. Merillat emphasized that disease control can be no respecter of international relations.

— by ann england —

We seem to have a monopoly on mistakes made around here. Our attention was called following last week's publication to so many errors that we have just about decided to ask some of our readers to act as editors for a while.

Usually we report the news as it is told to us. T. K. Williamson informed us that his baby son was named Warren Wesley; hope they haven't changed their mind in the meantime and that little W. W. was born nearer 3 a. m. than 4.

Mrs. Roy Hill and Mrs. Albert Morrow attended the district Garden Club convention in Lubbock and not Mrs. R. T. Ray, who remained at her job in the First State Bank.

The name of the new study club organized recently by a group of young women is L'allegro, is Italian and means "the merry or cheerful one."

While we have no talents, nor do we make claim to any we do have among our friends a great wealth of talent.

Last Sunday we were treated to a pop concert by our friend Jaunita Louder of Seagraves and Dr. F. A. L'Esperance, a guest in our home. (He is French-Irish extraction).

Jaunita (affectionately known to her intimates as "NENE") plays the accordion beautifully and the doctor is quite a performer on the violin.

So intermittently throughout the afternoon and evening they entertained us with musical selections, ranging from the ridiculous to the sublime, as it were.

Nene's mother, Mrs. Boyd, of Waynesboro, Miss., a charming little lady of 83 years was along and we thoroughly enjoyed having her in our home. Earl, the husband and son-in-law, is a nice chap and we like him.

Dr. J. V. McKay was kind enough to lend us his movie projector for the showing of movies to our out of town guests.

Miss Lois Ruth Hawkins looked mighty pretty at the Garden Club party Tuesday evening. She

R. C. Strickland Honored With Surprise Party

R. C. Strickland was delightfully surprised on his birthday last Tuesday night, March 11, when Mrs. Strickland entertained a number of their friends with a buffet supper and games of "42" in his honor.

The Strickland home was decorated with spring flowers for the occasion.

As Mr. Strickland returned home from Lubbock, accompanied by his son, Raymond and Mrs. Raymond Strickland, he was greeted with a shower of gifts and guests singing, "Happy Birthday."

Present for the birthday party were: Mr. and Mrs. J. B. Nicewarner, Mr. and Mrs. L. W. Ray, Mr. and Mrs. T. L. McAllister.

Mr. and Mrs. Bill Cooper, Mr. and Mrs. Carl Ray, Mr. and Mrs. Arlin Mullinax and daughter, Carrie Ann, and Mr. and Mrs. Raymond Strickland of Lubbock.

ON FISHING TRIP

Mr. and Mrs. C. C. Reynolds and Mr. and Mrs. L. F. Hargrove are enjoying a fishing trip at Hot Springs, N. M., this week.

UNDERWENT SURGERY

C. F. Winder, local postal employee, underwent surgery at the Veterans Hospital at McKinney, Texas, last Thursday morning.

At last report his condition was reported as good.

was wearing a sort of misty grey suit with red slippers and purse.

Lois Ruth is a daughter of Mr. and Mrs. H. S. Hawkins and a teacher in the local school.

Mrs. L. E. Huggins, one of the hostesses, for the Garden Club, was lovely in a white taffeta and net formal.

As a matter of fact all the gals were very pretty in their evening dresses. All were wearing shoulder corsages of either red carnations or pink gladioli.

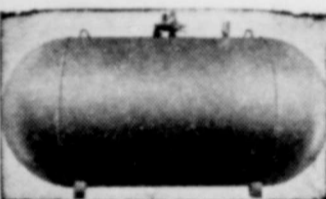

The club members gave the spouse a carton of cigarettes as a token of appreciation for showing their colored movie on Holland Tulips. He was as pleased as punch over the gift.

Bill (our pride and joy) went shopping the other day and now Mickey Lovelace, our next door neighbor in the bank, is wearing a beautiful diamond ring, on the "you know which" finger. All of which proves more or less that letters to Santa Claus do get results.

At Christmas time when the Tribune was publishing letters to old Santa, two of our younger staff members wrote a letter asking for doll like the one in the bank, signing it, "Your little friend, Bill Garrett." And you see what happened.

Billy Sunday once said, "Try praising your wife, even if it frightens her at first." We wish more husbands would take this advice.

"DUTY"

There is a Duty that we owe to God and there is a duty that we owe to Man. It is true that in serving God we serve our fellowman but there is a difference in Duty and Service. In performing our Duty to both, God and Man, we will have performed a great work and lifted a great responsibility.

First, the Duty of Man to God; in Deu. 6:5, we read; Thou shalt love the Lord thy God with all thy heart, and with all thy Soul, and with all thy might. Again in Deu. 11:1, we read; Thou shalt love the Lord thy God and keep his charge, and his statutes, and his judgements, and his commandments always. In Matt. 4:10, we read; Thou shalt worship the Lord thy God and him only shalt thou serve. These statements lay out very definitely what the Lord wants you and I to do. Perhaps we might be like the people who came to Jesus and asked him if it was lawful for them to pay tribute to Caesar. Jesus asked them to show him a penny and then asked them who's image and superscription that was on the penny. They told him it was Caesar's, he then said

to them like he would say to you and me today; "Render therefore unto Caesar the things that are Caesar's and unto God the things that are God's. If only we today would give to the Lord the things that belong to him then he would help us in the things that we should give to our fellowmen. God is going to get what belongs

to him whether we want him to have it or not. He is the best bill collector that I ever saw and there is no need of our thinking that we will be able to out smart him.

Second; The Duty of man to man; In our dealing with our fellowman, we often think in terms of self. Selfishness is the greatest stumbling stone that gets in man's way today. Jesus said in Matt. 7:12 Therefore all things ye would that men should do to you; Do ye even so to them, for this is the law and the Prophets. Perhaps we entertain the idea that we cannot come face to face with God and therefore we are not bound to his teachings, and we cannot do to him as we might want him to do to us. In Matt. 25:40, I find this statement:

Now Is Time To Plant Pyranantha; Cochran County's Memorial Shrub

Contributed by Cochran County Garden Club

In a poll recently conducted by the members of the Cochran County Garden Club among the citizens of Cochran county, choice was made of a shrub to be planted as a living memorial to men and women who served in World War II. By a large majority, pyranantha, a hardy evergreen shrub with colorful red or orange berries, was chosen.

It is hoped that every owner of a residence will plant one or more pyranantha and that where space permits owners of business establishments will cooperate in the project. We are proud of our town and the recent improvements made in it, and we hope that every citizen will do his part to make it more attractive. In the not too distant future we hope to have a trail of pyranantha over the entire county.

Now is the time for planting the shrub and for the benefit of those who wish to plant here is something about it:

There are four types of pyranantha which will grow well in Cochran county: Coccinea, La landi, Yunanensis, and Atlantodica. Coccinea is low growing, about four feet tall and of round form white bronze foliage. It is good for corners or intersections. La landi is tall and upright, requires less water than the other types and is not susceptible to insects. Both Coccinea and La landi are orange berried. Yunanensis and Atlantodica are red berried varieties; the former is low growing, somewhat like pfitzer juniper and produces low berries; the latter is upright, taller and berries are evident.

Unfortunately, red berried pyranantha is killed by cold with in three or four years because of its ready response to watering. Tender growth is produced which has been known to freeze at a temperature of 26 degrees. Consequently, orange-berried types are preferred.

Planting is much the same for all types. Small plants do better and should be purchased balled or bucketed, preferably the latter. In this case, the bucket and plant may be buried together since the growth will not be checked by so doing.

Watering should be done frequently during the first two years—after that period, only during long drouths.

Pruning thickens the plant by encouraging multiple growth and should be done after the first of May to avoid a long period of bareness and stubbliness. Berries are borne on last year's wood.

When deciding where to plant, consideration should be given to height and color of background as well as size of area. If grounds are large, use in large mass with low-growing plants like Abelia and Nandina. It can be used for foundation planting if care is taken to plant the correct distance from the house. Since the growth is toward light, the correct distance on the north is six feet and on the south exposures, four feet. Never cover window space with pyranantha; wall space should be large when using the shrub for foundation planting.

Now is the time for planting.

RECENT VISITORS IN MRS. A. E. HOLLEYMAN HOME

Recent visitors in the home of Mrs. A. E. Holleyman were: Mr. J. J. Howell and daughter, Mrs. Linnie Melagin and her son, Gail from California.

Clyde Holleyman and son, Ray of Marfa, Texas; Mrs. C. C. Cook and sons, Billy and John Smith of Lubbock; Mrs. Annie Smith and daughter, Joy Ann of Los Angeles, California; Mrs. Smith remained in Morton to care for her mother, Mrs. Holleyman, who has been ill.

Other visitors of Mrs. Holleyman were Mrs. Francis Edgar and daughter, Dina, of California.

Any price is too high if it can be reduced
Foster McBurnick

International Harvester announces \$20,000,000 price reduction

We believe there is nothing more important to this country than to lower the prices of the goods that people buy.

The American people have insisted that the government withdraw from its attempts to control prices in peacetime. That places the responsibility where it belongs—in the hands of business and industry. Not all business can reduce prices now. Not all can reduce by the same amount.

Our company has felt a duty to act as promptly as possible. In our case, the business outlook now makes it possible to move toward the goal of lower prices. The only way out of the vicious circle of higher and higher prices is to break through.

We have taken this step not because of present competitive conditions nor because of a drop in demand from customers. We have taken it because of our belief that ANY PRICE IS TOO HIGH IF IT CAN BE REDUCED.

These reductions, which will save the users of our products approximately \$20,000,000 a year, will become effective before April 1, and will apply to a selected list of tractor, farm machine, motor truck, and industrial power products. Since we lose money on a few of our products, these reductions will not apply to our entire line. Reductions will be made individually on products. Some will be cut more than others. Exact details will be announced as soon as possible.

Our ability to maintain this lower level of prices will depend in part on what happens to the prices and flow of materials that we buy from others. Because we believe price reduction is vital, we are willing to assume the risks that are involved.

prices had not gone up as much or as fast as many other

All Manufactured Products (U. S. Government Reports)	63%
Metals and Metal Products (U. S. Government Reports)	41%
Motor Trucks	34%
Industrial Power Products	34%
Farm Machines	34%

These benefits to customers will be too, on uninterrupted production at reasonable wage levels. This is not a program that can be carried out if it is hampered by strikes or work stoppages.

Our employees have had substantial increases in pay, and wage questions are recently being discussed with many of the workers with which we deal. Stockholders have recently had an increase in dividend rate. Harter considered the interests of these two groups. We are now making these price reductions for the benefit of the third group—our customers.

Business, to our way of thinking, has a special as well as an economic responsibility. Our company has long followed the policy of operating in the interests of three groups—our customers, its employees and its stockholders. The duty of the management is to see that equal justice is done as between the groups.

This price reduction program is a demonstration of our policy in action.

INTERNATIONAL HARVESTER

Humble Oil Co. Offers 12 One-Year Fellowships

Sidelights From Washington

By George Mahon

When the Secretary of Agriculture announced last week that the cotton crop insurance program was out of money, I got in touch with the Director of the Crop Insurance Corporation and other officials with the hope of being helpful to West Texas cotton growers who had participated in the program. Mr. Gus Geissler, Manager of the Corporation, explained that on account of heavy losses, funds to redeem certificates of those who participated in last year's program had been exhausted. Of those entitled to collect on their 1946 cotton insurance, 45 percent remain unpaid. To make these additional payments, it is estimated that a total of 18 million dollars will be required. Mr. Geissler says that a Congressional appropriation of this amount will be necessary before outstanding certificates can be honored. The Corporation will continue to accept certificates, but checks will not be issued until further funds are available.

Growers have entered into contracts with the Government and they have a right to expect payment. The future of the program is uncertain, but it is unthinkable to me that Congress would refuse to appropriate the money to liquidate this outstanding indebtedness, and that is the position I am taking in my efforts here.

The Republican Party is not greatly concerned about the southern cotton producer, and in view of the Republican leadership in the House and Senate, there will be difficulty in getting prompt action. However, most people with whom I have conferred agree that the necessary money will eventually be forthcoming. Action should be taken and the uncertainty removed as soon as possible.

The theory of crop insurance is good, but I have never felt that a workable program has been devised. I think nearly all cotton growers share that feeling. Indeed, not more than 11 percent of the nation's cotton farmers have thought well enough of the cotton insurance program offered them on any given year to participate in it.

The hope has been that with experience, a workable formula would eventually be hit upon. But in view of recent developments, the whole future of cotton crop insurance is more uncertain than ever.

Here is a brief history of the program. By act of Congress, the cotton insurance program was placed in operation in 1942 and 1943. It was then eliminated, but new legislation started the program in operation in 1945, and that legislation is still in force.

It was difficult to get sufficient support in Congress to pass a cotton crop insurance law after the program went out of operation in 1944. The complaint was made that the venture was a losing proposition for the Government and that cotton producers were not interested in it, figures being cited to show the small percentage of farmers who had participated. Nevertheless, both political parties at their National Conventions had endorsed crop insurance and, after several attempts, a new crop insurance law was enacted.

Financially the cotton crop insurance program has always been a losing proposition for the government, ranging from a net loss of over 4 million dollars in 1942 to an estimated loss of 38 million dollars for the crop year of 1946.

As stated, not more than an average of 11 percent of the nation's cotton farms have ever been insured for any one crop year. However, the Texas coverage in 1946 was 28 percent and the West Texas coverage was much heavier.

West Texas cotton producers will collect proportionately far more money out of the cotton crop insurance program than any other section of the cotton belt, and therefore, have a big stake in the outcome of the difficulty over the 1946 insurance payments. The 19th Congressional District has collected, or will collect a net of several million dollars. The coverage ranges from 95 percent of the cotton farms in several of the counties to no insurance at all in two counties. The coverage in Cochran county was reported to be 95 percent.

Study Clubs Entertained By Cochran County Garden Club Tuesday Eve

The Cochran County Garden Club entertained members of the 1936 Study Club, L'allegro Junior Study Club and non-club member friends at a seated tea in the auditorium of Veterans Hall, Tuesday evening, March 18.

Receiving the guests were Mesdames Albert Morrow, Roy Hill, O. E. Stevenson, Elizabeth Greer and David Todd.

Mrs. Albert Morrow welcomed the guests. A sing-song was conducted by Mrs. Roy Hill with Mrs. David Todd at the piano.

A report on the district Garden Club Convention held recently in Lubbock was given by Mesdames Morrow and Hill.

"Daffodils" a poem by William Wordsworth was given by Mrs. O. E. Stevenson.

Miss Lanora Jackson discussed "Planting bulbs for a succession of bloom."

A colored sound movie entitled, "Holland blooms again," was shown by Carl Englund.

Concluding the program the hostesses Mesdames L. E. Huggins, Courtney Sanders, Hattie B. Spotts and D. C. Todd served refreshments to the guests from a linen covered table with a center arrangement of sweetpeas, flanked by lighted pink tapers in crystal holders. Mrs. E. Greer poured.

Plate favors were packages of tiny potted plants, garden seed and bulbs.

Potted tulips and Begonias were arranged about the auditorium, with branches of blooming cherry decorating the fireplace.

Although half of Mexico lies within the tropic zone, only its coastal regions and the peninsula of Yucatan have a tropical climate.

Damage done by deer, including that to crops and wardens' time and expenses, costs the state of Maine \$53,218 in the year ending July, 1946.

Veterans' Questions & Answers

Q. Before his death, my husband received a pension from Veterans Administration. Am I entitled to this pension now that he has passed away?

A. You may apply for a widow's pension. Your eligibility will be determined on application.

Q. My son has been totally disabled for the past five months. I would like to know if he must pay his National Service Life Insurance premiums or is a waiver on these premiums granted automatically?

A. No automatic waiver of premiums can be granted. A veteran must be totally disabled for six months before he is entitled to apply for a waiver of premiums. He may also file claim for refund of those premiums paid from the date on which the waiver was made effective. A beneficiary of an insured veteran likewise is entitled to file a claim for a refund if the insured had been totally disabled for six months or more before his death.

Q. If a veteran and his wife are separated and she receives a portion of his compensation, would she be entitled to widow's pension at his death?

A. A widow may be eligible to full widow's pension even though there was a separation during the veteran's lifetime. If she desires a pension or compensation, she should make application to Veterans Administration.

Q. If I am eligible for three years of schooling under the G. I. Bill, does that mean three school years or three calendar years?

A. If you are entitled to three years of education or training under the Servicemen's Readjustment Act (G. I. Bill) you are eligible to three calendar years (36 months) of education or training. This may be used up in four ordinary school years of nine months each.

Q. Is it true that certain types of souvenir weapons must be registered with the Treasury Department?

A. Yes. The Treasury Department states that veterans must register:

- (1) Any weapon capable of firing more than one shot with one continuous pull of the trigger.
- (2) A shotgun or rifle having a barrel length of less than 18 inches except .22 or smaller caliber rifles or .22

caliber rifles of less than 16 inches in barrel length.
(3) Any other weapon, except a pistol or revolver, from which a shot may be discharged by an explosive, if such weapon is capable of being concealed on the person.

(4) A muffler or silencer for any firearm.

(5) A pistol with an accompanying shoulder stock.

Failure to register firearms according to the law lays the veteran open to prosecution and severe penalties.

Q. Am I eligible to receive a pension or compensation if I signed a statement at the time of my discharge saying that my disability existed prior to my enlistment?

A. Under the Servicemen's Readjustment Act (G. I. Bill) any statement of this nature which you have made at the time of discharge is considered null and void.

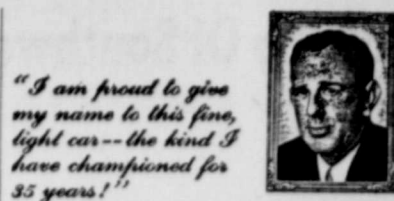

Q. Am I eligible for education or training if I was in the army less than 90 days during World War II and was discharged for a service-connected injury?

A. Yes.

Q. May a veteran of World War II who is receiving retirement pay pursue a course of training or education and receive subsistence allowance?

A. Yes; if he is otherwise eligible.

Swing Of Southwest Farm Markets

Hogs fell, while cattle and lambs lost ground at some markets last week according to the Production and Marketing Administration, U. S. Department of Agriculture. Some vegetables weakened too, but other southwest farm products held steady to strong.

Grains emerged strong from another week of wide fluctuations with net gains of mostly 3 to 25 cents. No. 1 hard wheat closed Friday at \$3.00 per bushel bulk, carlot, at Fort Worth and Galveston; and corn \$2.03 for No. 2 white, and \$1.91 for No. 2 yellow. Sorghums rose to \$3.03 to

\$3.08 per hundred pounds.

Rice continued firm last week, as growers held remaining rough rice for seed. Feed prices surged upward in the wake of grains. Bran and shorts rose \$10.50 per ton, and were quoted \$60 and \$64 at Fort Worth and Dallas. Hay found renewed interest at prices \$1.00 per ton higher. Peanuts, oil and meal, joined the upward procession with sharp increases. Some domestic wools sold above Commodity Credit Corporation prices for the first time, as foreign wools became scarce. Most Texas spring clip mohair has been sold.

Texas cabbage, carrots and beets opened last week strong to higher; but slow demand lowered prices toward the close. Cabbage in straight cars sold Thursday at mostly 90 cents for 50 pounds in the Rio Grande Valley; bunched carrots \$2.25 to \$2.35 per Los Angeles crate; and beets \$1.25 to \$1.50 per half crate. Spinach held about steady. Colorado potatoes rose 40 cents per hundred to reach \$3.20 for washed Red McClures. Louisiana sweet potatoes remained steady at \$2.50 to \$2.75 for 50 pounds.

Organized Labor, Salaries, Raising New Revenues, Characterize First Sixty Days Of 50th Texas Legislature

Childish vindictiveness toward organized labor, eagerness to increase salaries for school teachers and state employees, and timidity in raising new revenues, characterize the first sixty days of the 50th Texas Legislature.

The labor waiters taking full advantage of the public unrest over industrial turmoil, and never once allowing management might also be at fault, have introduced a complete series of bills. Each bill viewed singly is plausible on its face, but taken all together, they would cripple organized labor if not actually destroy it.

One, already passed the House, would prohibit the Union or closed shop, even where the majority of the workers and also management desire it. In many trades and industries, it has been found the most practical solution.

Another bill will practically prohibit peaceful picketing limiting the number of two so that a Union member or a company stooge member may join the two and cause a violation.

Another bill would make a union liable for the acts of individual members, even though unauthorized by the union and perhaps even fomented by a hostile employer. There are other such mischievous and definitely anti-labor bills. The only honest bill, in the public interest and making for industrial peace, is one modeled on the Minnesota Conciliation Act. It has been, so far, buried in sub-committee in both the House and Senate.

The House voted \$2,000 minimum teachers salaries and a \$55 per capita apportionment with almost no dissent, but the Senate seems likely to change the \$55 apportionment so as to allot

eggs and poultry held prices firm. Week's egg prices averaged 36 cents per dozen at Amarillo and San Antonio; 36½ to 37½ at Denver; 41 at Shreveport and Houston; and 37½ to 38½ at Fort Worth, Dallas and New Orleans.

Cattle ruled generally steady to strong for the week at Texas markets, but most slaughter classes dropped unevenly lower at Oklahoma City and Denver. Week's bulk of common to medium steers and yearlings brought \$12 to \$17 at Houston; while low to average medium kinds moved at \$17 to \$19 at San Antonio. Medium and good slaughter steers and yearlings turned at \$17 to \$23.50 at Fort Worth; \$18.50 to \$23.50 at Oklahoma City; \$18.50 to \$22.50 at Wichita; and \$18.50 to \$24.60 at Denver.

Hog prices slumped during the week to levels mostly 50 cents to a dollar or more lower. Top prices for the week were \$26 at San Antonio; \$26.75 at Fort Worth; \$27.75 at Oklahoma City; \$27.85 at Wichita; and \$28.25 at Denver.

Slaughter lambs held steady at San Antonio and Wichita, but eased off mostly 25 to 50 cents at other southwest markets. Ewes gained strength at Oklahoma City, Wichita, and Denver. Medium shorn goats brought \$6.50 to \$6.75 at San Antonio.

Snot cotton climbed another \$3.50 per bale last week, although markets saw less activity. Offerings appeared adequate to satisfy demand.

funds where needed in the budget to pay the \$2,000 minimum, much on the order of rural school.

In any event, the millions needed here, plus the money for rural aid, old folks, public employees, school hot lunches, farm-to-market and farm roads, make new revenues necessary. Almost everyone now admits this.

Where is the money to come from? Advalorem taxes will not do this. Increase in the gasoline tax is insufficient, and so is the repeal of the gasoline tax refund which farmers don't want. A sales tax is a tax on consumption, and an income tax, while a possibility in the future, is not at present much considered.

That leaves as about the only alternative, the placing of taxes on Texas natural resources, such as natural gas, oil, and sulphur, which prosperous out-of-state corporations are every day carting out of Texas, never to be replaced. H. B. 44 by McLellan would place a tax of nearly two cents a thousand cubic feet on natural gas. H. B. 15 by Wright and other GI's about which you have received a notice, would levy additional taxes on natural gas and sulphur, plus a graduated tax on oil. This would be lighter on the small producers, and heaviest on the monopolies. H. B. 341, by Bean and another group of ex-soldiers, would do the same thing, but in a somewhat milder manner.

The oil, natural gas, and sulphur lobbies are coming out in full force to defeat any and all of these measures. Some of all we must have if Texas government is to meet its pressing obligations. A postcard to your representative and senator may pay you and your children big dividends.

WEEK-END AT LAKE KEMP

Mr. and Mrs. W. W. Williamson and Mr. and Mrs. Willard Cox and daughters spent the week-end at Lake Kemp at the Williamson cabin.

CONSTIPATION Risky in BAD COLDS

Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and virus-laden mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed. 10c and 25c at all druggists.

Take **CALOTABS**

Said two turtles named Scotty and Bill,
"We'll never get over that hill."
But the hare, he said this,
As he blew them a kiss,
"Get high-test '66' and you will!"

For Smooth Power...

Get Phillips 66 Gasoline

For smooth power on the highway or over the hills—count on Phillips 66 Gasoline!

That's because Phillips 66 is "volatility controlled" for driving efficiency. That means smooth, efficient service whether the temperature is 'way up or 'way down.

Try Phillips 66 and see for yourself. Get a tankful the next time you see the orange-and-black sign of '66'.

TAKE IT FROM ME—FOR SMOOTH PERFORMANCE, ALL YEAR 'ROUND!

For good service... Phillips 66

Morton Jr. High 4-H Club Meeting Held March 11th.

The Morton Jr. High 4-H Club met March 11th. The meeting was called to order by the president. The roll was called and a few songs were sung.

Special dates for 4-H activities were discussed. Clothing leaders passed out the second of our record book. Miss Manley discussed with the girls the Dress Revue Contest which will be in June. A demonstration was given on how to put a zipper in a dress and how to cut a bias binding.

Reporter—Jowyn Chesher

ROBERT P. PATTERSON
 Secretary of War

What the USO did during the war for the men in uniform is now an inspiring chapter in history written in the hearts of veterans everywhere. The need for the USO continues today with more than a million Americans in the uniform of their country's Army scattered over the globe.

The War Department is deeply grateful to the USO for services rendered in war and is most anxious that these services shall be continued until the full establishment of a lasting peace.

LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

THE EXPLOITERS?

There is a widely accepted belief that American workers have been exploited by employers. This popular conception holds that the increases in labor's wages and welfare are only the direct result of exerting pressure on these employers. Meaning, pressure in the form of banding together into unions and armed with strikes and walkouts. To a degree, these means have bettered the lot of American workers. Circumstances have forced paths of action.

In some cases, inconsiderate employers have worked hardships upon employees. In all fields of endeavor there are persons and groups oblivious of anything save their own interests. Often these few must be budged from their positions. It would be folly to say that workers' rights never need protection. But likewise foolish to draw a hard and fast dividing line representing employers as exploiters and unions as benefactors.

Wage Paradox

One fact which forms the keystone of the "exploitation" thought trend is the huge increases in wages of labor during the past 25 years. Union groups point to this as the hard-won booty of a continuous war with a greedy employer army. True, wages during this period have skyrocketed to levels unthought of in 1919. But, surprisingly enough, there has been no increase in labor's share from the income of industry during this period.

Actually, the share of labor out of the income of industry has not risen or fallen measurably during that time. It has been steady regardless of the ups and downs of unions. In 1909 among manufacturing industries 9 per cent of employees were unionized. In 1945 the total was 45 per cent. However, during this period the wage earners' portion of the gross value of manufactured products remained almost stationary—a about 16 per cent.

Production Regulates Wages

Production makes the difference. Workers were wretchedly paid a century ago. They were paid, however, in the same proportion to what they produced as our workers today. Wage earners can get only a definite share of what industry produces. When man's productivity is low, his pay must inevitably be low. When his output is increased, he benefits by higher pay. A larger income to industry means the worker's share is larger.

Production per man hour increased greatly in the last century. The workman's pay jumped. This increase came about through investment by American people in those factors which would raise production. Superior plants and better tools were set up for a larger production and higher income. Some of the most important factors that bettered labor's position were contributed by the employers and investors—the so-called "exploiters."

Tools Make Raises

Tools decide between high and low production. Production makes the difference between high and low wages. In a free competitive market, business survival depends upon efficient production by using more and better tools. It is not hard to recognize the high wages of America's workmen today as the logical offspring of a society which encourages competition and individual initiative.

By continuing to give business initiative the go-ahead signal, we're setting the stage for greater gains and benefits to labor. By permitting too much power to fall into the hands of irresponsible union groups and government bureaus, we are defeating our own purposes. Brains, perspiration, and initiative given free rein in a democratic society represent the only real approach to a workable Utopia.

Capitol Ringing With Pleas From Texas Educators

Senator Sterling J. Parrish said in Austin today that "the historic state capitol is ringing with pleas from our forgotten men and women of Texas—the men and women who train and guide our youth to maturity."

"My office, as well as every other senator's, is being deluged with letters and telegrams from educators asking support for legislation that will improve educational standards in Texas," Parrish stated.

Senator Parrish pointed out that his record shows that he has worked constantly for salary increases for teachers and for other legislation that will benefit the state's school system.

Parrish Against 2 Bills Confronting Texas Legislature

AUSTIN—Senator Sterling J. Parrish definitely committed himself today as being against two bills confronting the legislature.

He said he will be active in fighting the tractor gasoline bill which would abolish tax refund on non-highway gasoline, and the much publicized horse racing bill.

"My father helped the farmers get that gasoline refund when he was a member of the Senate," Parrish said, "and I will do everything humanly possible to help them keep it."

In regard to the horse racing bill, the popular West Texas senator explained that he is convinced that a huge majority of the people of Texas are opposed to legalizing pari-mutuel betting and that he is unalterable against the measure that would bring this about.

BRONX SERGEANT II

If the USO doesn't continue, some people are going to be awful lost. I'll be glad to dig deep.

Although sparkling wines were known to antiquity, champagne was not perfected until 1670.

Social Security Manager Will Be Here March 27

Elliott W. Adams, manager of the Lubbock office of the Social Security Administration, will be in Morton at the U. S. Post Office at 11:00 a. m., Thursday, March 27, for the purpose of answering questions regarding Social Security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for Social Security account number cards.

The 1946 amendments to the Social Security Act extend the time during which lump-sum applications may be filed based upon the record of a worker who died outside the United States. The Social Security Act provides that lump-sum payments cannot be made unless the application is filed within two years of the date of the worker's death. Under the amendment, however, the two-year period does not begin until August 10, 1946, in the case of a person who died outside the continental United States. This amendment will affect survivors of servicemen who died overseas and survivors of various civilian workers who died outside the United States during the war. It is effective if death occurred after December 6, 1941, and before August 10, 1946. In these cases if application is filed by August 10, 1948, the lump-sum payment may be made.

From where I sit... by Joe Marsh

Do Men Like Women?

Maybe you read that recent article in a national magazine, claiming that American men don't really like the company of women. They just put them up on a pedestal and leave them there.

But I wouldn't say that that was so in our town. Look at any married couple—like the Cuppers. Jane wouldn't nag if Dee spent his evenings "with the boys"—but actually Dee likes nothing better than to stay home by the fire, sharing a glass of beer with Jane, playing cribbage, or just talking.

And when he does go out, for an afternoon of fishing down at Seward's Creek, or for an evening glass of beer at Andy Botkin's Garden Tavern, Jane is almost always with him (except when she's got a spot of baking in the oven).

From where I sit, respect doesn't rule out everyday companionship... and never should. They go together—essential parts of a successful marriage.

Joe Marsh

Why freight rates are going up . . .

Since 1939, railroad employees have had three general pay raises totaling 52 1/2%, and the prices of fuel, materials and supplies have risen 61 1/2%.

But when the war ended in 1945, the railroads were still hauling freight at rates no higher, and in some cases lower, than when the war began.

Without increased revenues, railroads could not meet these costs and also provide improvements in equipment and facilities—improvements that are essential for the low-cost freight and passenger services which are necessary to America's high standard of living.

Under these circumstances—and almost a year after the last major wage increase—the Interstate Commerce Commission recently approved an average increase in freight rates of 17 1/2%.

Of all the price increases in America today, few have been so little and so late as that in the price of railroad transportation.

How important are healthy railroads to a prosperous country?

Only when the railroads are financially healthy can they provide the new equipment, improved road beds, and better terminal facilities needed for still better service to you.

The defense of the nation depends upon the continuance of the efficient transportation which served the nation so well in the last war.

The railroads are among the largest employers of labor. They buy over 100,000 different products. They pay big taxes—taxes which are spent not only for public schools, public health, and police and fire protection, but even for highways, airways, airports and inland waterways.

Railroads are America's lifeline—keeping goods flowing among the 48 states day and night in all weather.

They can continue to do this only if there is a reasonable balance between income and outgo. Like yourself, the railroads must make ends meet!

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

Altman-Coats Wedding Vows Read At Enochs

Miss Modene Altman, daughter of Mr. and Mrs. P. A. Altman, Enochs, and Kenneth Coats, son of Mr. and Mrs. O. E. Coats, Morton, were married February 22. Rev. Lee Furrh, pastor of First Baptist Church, Enochs, officiated.

The bride was attired in an aqua blue suit with Cherry Coke accessories and wore a bridal corsage of white carnations.

Miss Alene Altman, Enochs, attended her sister. She was dressed in pale pink with black accessories and wore a shoulder corsage of red roses.

Marvin Doss attended the bridegroom as best man.

Wedding music was furnished by Miss La Nell Furrh, pianist, who played "I Love You Truly" and "Because."

Following the ceremony a reception was held in the home of the bride's parents for the wedding party, relatives and guests.

Mrs. Coats graduated from Bula High School and attended Wayland College at Plainview. She is now employed as a second grade teacher in the Morton Public school.

Mr. Coats attended Morton schools. He is employed at Doss Food Store.

The young couple are at home in Morton.

CARD OF THANKS

We are deeply grateful for your kind expressions of sympathy during our recent bereavement; also for the beautiful floral offering—God bless you each.

Mr. and Mrs. Lloyd Evans and family; Mr. and Mrs. W. B. Evans and family.
