

STREET OPENING CELEBRATION PLANNED BY C OF C

Chamber of Commerce Sets Saturday April 26 As Date For Formal Opening

Advance preparations for the formal opening of Morton's paved streets have been made by the Chamber of Commerce and the date set for Saturday of next week, April 26. Considerable trouble has gone into arranging about the completion of Morton's paving and after months of being fenced in the townspeople are opening wide their hospitable doors and streets to the folks of Cochran county and surrounding trade area.

To commemorate this event the Morton Chamber of Commerce is now formulating plans for an all day celebration on Saturday, April 26th.

Merchants, business firms, civic and social organizations will join forces to make the day outstanding.

Entertainment programs are being planned for the enjoyment of old and young.

People in Cochran county and the entire trade area are extended an invitation to mark Saturday, April 26, on their calendar as the day to be in Morton.

Mr. and Mrs. Ben Dyer, managers of the Wallace theatre in Morton will run a special free show, hours to be announced later.

Watch for announcement in next week's issue of the Tribune for complete details of the all day party and gifts that will be given away.

Missing Lubbock Man Found In Amarillo Mon.

B. E. Needles, Lubbock tire distributor who disappeared March 15 in Wichita Falls, appeared at filling station in Amarillo, Monday.

Needles, in a Wyoming license car, was recognized when he drove into an Amarillo gasoline station Monday morning. He recognized his son after talking with him briefly, Amarillo police said.

Needles was believed to be an amnesia victim.

His identity was established by his son who came to Amarillo from Lubbock after the missing man was picked up by police there.

Needles disappeared March 22 while on a trip to Wichita Falls, and a reward of \$500 was posted a few days later for information leading to his whereabouts. Later, the reward was increased by \$5,000.

When taken to police headquarters Monday morning, the man gave his name as "Hall." Police picked him up because he resembled a picture of Needles that had been circulated through the state. Definite identification was made a few hours later by his son.

Needles was recognized by Lloyd Nollner, operator of the Amarillo filling station, who personally knew Needles and knew that he was missing. He notified police who took the man to the police station and notified his family in Lubbock.

He was traveling under the name of "W. W. Hall."

When Needles left Lubbock he was driving a 1941 Buick. He was driving a Ford when recognized in Amarillo. Amarillo police believe he bought the Ford in Cheyenne, Wyo.

He had a hotel receipt from heyenne, and said, "I've been to Tulsa, Oklahoma, and all over." Needles complained of a headache and said, "When I sleep it goes away for a while."

Johnny Lee Wells To Play At Dixie Club Opening

C. R. Johnson, Cochran county farmer for the past six years is announcing the formal opening of the Dixie Club on Saturday night, April 25th.

The club with five thousand sq. ft. of floor space is located one block south of Morton on the highway.

Johnny Lee Wells and his boys of Tulsa, Oklahoma, will furnish music for the dance.

The opening dance on the night of April 26 will be sponsored by Morton posts of American Legion and Veterans of Foreign Wars, who will receive ten per cent of the proceeds.

Bledsoe Jr.-Sen. Class To Present 3-Act Play Thurs.

The Junior-Senior Class of Bledsoe will present "Wild Ginges" a comedy drama in three acts at the Bledsoe High School on Thursday night, April 17 at 8:30.

There will be a small admission and funds will be used on an all day senior trip.

Paving Accepted By County Commissioners

Cochran County Commissioners Court met Monday, April 14, at the Cochran county court house.

The county's part of the Morton paving was accepted by the commissioners and a check for the fifth and final payment in the amount of \$1422.94 given to O. B. Lafon, contractor of Lubbock.

Monthly financial reports of county officials were presented and approved by the court.

Routine business was attended to and county commissioners adjourned.

MR. and MRS. C. YLDE GILBRETH and baby were Sunday visitors of MR. and MRS. R. D. BUTTS.

Soft Ball Teams Meet Postponed Due To Weather

Meeting of the six soft ball teams organized in Morton under auspices of the Lions Club and scheduled to have met for first practice on Tuesday night was postponed due to inclement weather and muddy field.

Morton Food stores have a team as do the Veterans of Foreign Wars, American Legion, Barber Shops, Firemen and teachers in the Morton Schools.

Enochs and Maple are invited to participate by sending teams from their communities.

Morton P. T. A. Meeting Held In School Building

The Morton P. T. A. met in the Junior High Building Friday, at 4:00 P. M. with the president, Mrs. C. A. Moore, presiding.

After a short business session, in which committees for the box supper were appointed, and a discussion on the lunch room, the meeting was turned over to Mrs. Charley Cravy.

Mrs. Cravy's talk on "Worry" was thoroughly enjoyed by those present.

The next meeting will be April 25th, at 7:30, this will also be election night, and the program committee is planning a very interesting program, and would like for every parent to be present.

MRS. FORREST WEIMHOLD TO PANAMA CANAL ZONE

Mrs. Forrest Weimhold, editor of the Hockley County Herald, and a frequent visitor in Morton, left Lubbock Tuesday by plane for a trip to the Panama Canal Zone, where she will visit her sister and family.

Mrs. Weimhold telegraphed from Atlanta, Georgia, Tuesday night, that she would arrive in Miami, Florida Wednesday afternoon and in Panama on Thursday afternoon.

FLOYD SMITH visited with his mother in Floydada from Friday until Monday.

Mercury Drops To 32 Degrees Wed. Morning

Temperatures lower than the normal for the season of the year have continued in Cochran county throughout the past week with freezing temperatures reported from the Soil Conservation office at 8 a. m. Wednesday morning.

Farmers and stockmen beamed with smiles of satisfaction Monday after beneficial rains fell generously over the plains area, West and North Central Texas. Total precipitation for Morton Saturday thru Tuesday night .73 with snow accounting for .38 of the moisture.

Gardeners, wheat farmers and ranchers were elated as the slow, steady rain continued most of the day over a wide area of West Texas.

At Lubbock, where a slow rain was falling, it was reported that precipitation was general through the South Plains. The wheat and row-crop farmers alike hailed the moisture as a great benefit.

Plainview reported .67 of an inch Saturday and Sunday, and the slow downfall continued most of Monday. The rain will check inroads of green bugs in the wheat fields, giving the grain a chance to outgrow the destruction of the bugs.

FROM ANDREWS
Mr. and Mrs. Carl Butts of Andrews were week-end visitors of Mr. and Mrs. R. D. Butts and Helen.

Morton Boxers In Second Place

Clovis Chalks Up Forty Points To Win First Place

By Gerald Lemon

The Morton invitational boxing tournament, April 10, 11, and 12 met with great success as large crowds of boxing fans turned out to see the slugging Morton Indians play host to the leather slingers from Clovis, N. M., Tahoka, Springlake and Muleshoe. With the Clovis Wildcats taking forty points in the tourney, the Indians were forced back in to second place with 28 points while Tahoka chalked up 10 and Muleshoe 4.

In the first meeting of the battlers, Morton took 5 wins to Clovis' eight while Tahoka took only 2. Marvin McDaniel of Morton, 76 lbs, met Billy Clayton, 79, of Springlake in the opener and out-slugged him all the way through for the first Morton victory. "Spike" Jordan, 84 lb. Clovis lad outpointed Mayfield of Springlake, 79, for the first Clovis win. Kirby Lackey, classy Morton slugger fought Dorman of Tahoka to a standstill and on to a win in the third fight of the first night.

The first Morton setback came in the fourth fight when Queen of Morton lost to Burkhardt of Tahoka even though Burkhardt went to the canvas for a count in the second. Morton's third win was through Killian of Morton when he won a close decision over Higgins of Springlake.

Two Morton lads met in the sixth match between Robertson and Cooper. Robertson won the decision. Perhaps the most exciting and best fight of the night was between Baker of Morton weighing 117 and Martinez, 110, of Clovis. Both boys have had several ring fights previous to the Thursday's tussle and both showed plenty class. Both fighters were bleeding freely in the second round, and Baker jarred the canvas to a three count in the second, and the fancy Clovis lad outpointed the scrappy Morton slugger.

The eighth fight saw Gibbs, Clovis, outscrap Williams of Springlake for another setback point. Another Morton setback came due to a loss of Coon to Tippet of Tahoka. Bill Deaver, 125, Morton leather pusher shoved leather into the face of Billy Anderson of Tahoka to a win in the second.

Noel Peacock of Clovis won a

close decision over Brookshier of Tahoka. A slugging battle developed between Smith of Springlake and Ritch of Clovis. Ritch got a knockdown in the third and several in the first while Smith got one knockdown in the third. Ritch took the win. The nights first K. O. was in the 13th fight when Jordan of Clovis won over Thomas of Tahoka. Thomas drew a six count in the first and Tahoka threw in the towel at the 32nd second mark before referee could count the knockout.

O'Neil produced the second Clovis K. O. over Bass of Morton after Bass had taken an eight and a three count in the first. The K. O. was in 12 seconds of the second round. Stephens of Clovis closed the 15 fight card with a win over Henkil of Tahoka.

Fourteen fights spiked the card on Friday night with an exhibition between Coon of Morton and Gast of Morton. Ronnie Gast out fought Coon for the win. In the main event, Burl Deaver led for Morton with a win over Marvin McDaniel of Morton who had advanced from Thursday nights fights.

Alvin "Spike" Jordan lost to Kirby Lackey of Morton, both had won on the previous night. Crook of Clovis downed Burkhardt of Tahoka in 24 seconds for a K. O. in the second round. Buddy Hannah of Morton took a win over Killain after Killain had advanced from Thursdays fights. Bill Edd McDaniel, Morton won from Lonnie Cooper in the first fight in the tournament for either fighter.

Muleshoe's only entry of the night, Richard Willis won by a T. K. O. over Bob Cook of Morton in the second. Roy Seanev out-battled Gibbs of Clovis in the 117 wt for the seventh battle of the night. Frank Foster of Clovis laved on the leather for a knockdown in the 2nd to the count of nine and again in the 3rd to an eight count on Bobby Tippet of Tahoka who advanced by a win Thursday night.

Joe Palmer of Tahoka won a close fought battle with Peacock of Clovis. Bob Boyd drew forfeit from Cletus Clayton of Springlake when he failed to show up for the fight. Ritch forfeits to Jordan, both of Clovis, due to injuries sustained in Thursday's fight.

Jim O'Neil, red headed Clovis puncher also took a close decision over W. J. Kahl of Tahoka. Paul Hill of Tahoka took a final beating from Stephens of Clovis after Hill had taken a nine count in the second. Tahoka again throws in the towel on one of its fighters. This time on Pennington after he took a hard left in the throat.

The best fights of the tourney, however were the finals on Saturday night. Anyone unfortunate enough to miss out on these were just unlucky. After several exhibition bouts the main event was led off by Burl Deaver and Kirby Lackey, both of Morton with Deaver taking the championship.

Buddy Hannah lost a close battle to Jerry Crook of Clovis in the 95-100 pound title fight. Bill Edd McDaniel won over Jimmy Robertson, both Morton lads after both boys made a good showing all through. Charles Martinez, classy Clovis lad won a close title fight over Richard Willis, Muleshoe, after a very good battle.

Roy Dean Seanev led Frank Foster of Clovis all the way through for the championship in a very good duel. In one of the nights slower fights, Jim O'Neil took a close win over Lloyd Jordan, both of Clovis, though both fighters were pretty well matched. Bob Stephens took a 55 second win over Bob Kennedy when the Clovis coach threw in the towel on his horizontal boxer.

Cecil Rogers outslugged, and I do mean slugged, Johnny Seid of Muleshoe for a close victory. Kenneth Hammons, after taking a nine count and being saved by the bell, finally lost to "Dub" Howard, seasoned ring vet from Clovis. Bill Deaver won his title, too, after a slugging battle with Dean Hawkins of Clovis in which Hawkins came up on the short end.

Awards of boxing trunks were made to all the weight winners. Burl Deaver, Morton; Jerry Crook, Clovis; Bill McDaniel, Morton; Charles Martinez, Clovis; Roy Seanev, Morton; Bill Deaver, Morton; Bob Boyd, Tahoka; Jim O'Neil, Clovis; Bob Stephens, Clovis; Cecil Rogers, Clovis; and Dub Howard, Clovis were the title winners. The first place team trophies went to Clovis while the team runner-up trophy remained in the Morton trophy case.

Tribune Receives Letter From Bob Graham In Calif.

Bob Graham, former Tribune Pressman, now in the Marine Corps, writes the staff that there is plenty of excitement in the Marine Corps and if there wasn't he would probably be homesick for the Tribune office.

Bob finally broke down and asked that the Tribune be sent to him at his station in Ocean-side, California.

Editor's note: We suspect that despite his denial Bob is a little homesick for his family, and friends and maybe even for the smell of ink and newspaper in the Tribune office.

Church Of Christ Singing School Now Underway

A singing school started at the Church of Christ Wednesday night, under the direction of J. G. Hufstader of Lubbock, and will continue through Sunday night, April 27th.

The school starts at 8 p. m. and the general public is extended a cordial invitation to attend.

National Family Week To Be Observed May 4-11 By Churches and Synagogues

With government statistics showing that rural areas have only one divorce per 100 population while cities show one divorce per 56 population, resulting in thousands of broken families each year, again is demonstrated the basic contribution of town and country communities to the home life of the nation.

Building of strong homes based on spiritual foundation has become of great concern to major religious faiths of the nation. This is revealed in plans made by an interfaith committee representing Protestant, Catholic, and Jewish faiths arranging the 1947 observance of National Family Week, May 4-11, in churches and synagogues.

The committee includes Rabbi

Ahron Opher of the Synagogues Council of America, New York; the Rev. Edgar Schmiedeler of Washington, D. C., director of the National Catholic Welfare Conference; and Dr. T. T. Swearingen, Chicago, director of adult work and family education of the International Council of Religious Education, and secretary of the committee.

"National Family Week emphasizes the ethical and spiritual foundations of family life," Rabbi Opher disclosed in a statement released today. "Love and honor find foundations; virtue draws its inspiration; character, nobility, courage, strength and honesty all find roots in the home."

How Many Eggs Will They Lay By Sept. 30?

A "Battle of Pullets" is being launched at the Purina Research Farm, Gray Summit, Mo. Chicks, hatched Feb. 20, are being started under identical conditions and feeding. About April 1st, they will be divided into two lots equal in every possible way. For 3 1/2 months one group will be fed Purina growing feeds. The other will be fed straight grain. Then they will all receive the same laying mash. The test is to see the difference in the number of eggs laid before Sept. 30. A nationwide contest based on this difference will be conducted this summer.

Britain Became Fourteenth European Country Open To Care Food Packages

Great Britain became the fourteenth European country to which Care food packages may be sent as the result of successful conclusion of negotiations with the British Government, Paul Comly French, General Manager of Care, announced.

The latest expansion of Care (Cooperative for American Remittances to Europe, Inc.) a non-profit, government-approved organization, will bring to families in England, Wales, Scotland and Northern Ireland substantial improvement in their hitherto severely limited diets.

The food packages now available for Americans who wish to send this form of assistance to Britain contains two pounds each of meat, sugar, vegetable shortening, dried whole milk powder and dried fruits; 2 pounds of chocolate; seven pounds of flour; one pound of coffee; half a pound of dried egg powder and six ounces of soap. Orders should be sent to Care headquarters, 50

family of today that the world of tomorrow must inevitably come," Rabbi Opher maintained that "it is through a home environment of religious faith and good will that the children of today will become the competent citizens of tomorrow."

Churches and synagogues during National Family Week will feature the significance of religion in the family through sermons, worship, classes and special programs, seeking to strengthen the spiritual foundations of the home, according to Rabbi Opher.

Broad Street, New York 4, N. Y., accompanied by check or money order of \$10 for each package.

The first package for shipment to Britain was purchased by Lord Inverchapel, British Ambassador to the United States, at the British Embassy in Washington.

Lord Inverchapel said: "As British Ambassador I welcome the opportunity which you are giving to Americans to enliven the diet of their friends in Britain."

One of the most important features of the agreement with Britain is that it provides that the distributing agencies for the packages after their arrival overseas shall be the Cooperative Wholesale Society of England and the Scottish Wholesale Society.

"This means," said Mr. French, "that Care's service in Britain will be in the hands of the organizations best equipped by experience and the extent of their operations to insure delivery of the packages to the designated individuals or groups with the greatest possible safety and dispatch."

Another major advantage of the Care agreement with Britain is that for the first time it permits consignment of quantities of the packages to organizations, Mr. French added.

County Line H. D. Club Meeting Held April 1st.

The County Line H. D. Club met at 2:30 P. M. April 1, in the home of Mrs. C. C. Kennedy.

The following members were present: Mesdames W. K. Courtney, J. H. Chesshir, C. R. Melton, C. M. Smith, J. G. Wilson, K. A. Wilson, W. J. Cotten, C. C. Berry, C. C. Hendeman and R. C. Blevins. Mrs. Willie Taylor was a visitor.

Recreation chairman, Mrs. K. A. Wilson, presented two very interesting games for the afternoon. Mrs. C. C. Kennedy won the glass as prize for the first game and Mrs. C. R. Melton's team won the second game.

Mrs. R. C. Blevins presented the demonstration for the afternoon in absence of H. D. Agent, Miss Manley. She fireproofed an article for the first part of her demonstration. She also demonstrated the process of cleaning a woolen garment with glue to restore it to new life. She had success with both demonstrations. The directions for either or both demonstrations may be secured from the H. D. Agent, Miss Manley.

The club will meet April 15 in the home of Mrs. E. C. Berry.

Public Health Nursing Week Proclaimed

AUSTIN—The State of Texas planning to celebrate national Public Health Nursing Week" April 20 to 26, as proclaimed by President Harry S. Truman.

The purpose of the week, according to Dr. Geo. W. Cox, State Health Officer, will be (1) to recruit more public health nurses to increase understanding of fact that much needless sickness and suffering can be prevented or reduced by using public health nursing services (2) to encourage greater understanding of public health nursing as a service for everybody regardless of income (3) to encourage development of public health nursing services wherever needed (4) to increase citizen participation in public health nursing services.

From the beginning of this work more than thirty years ago, public health nurses have been

Wildcat Staked In Cochran County

A wildcat was staked Saturday in Cochran County to 5,200 feet.

Devonian Oil Company staked the Cochran wildcat as its No. 1 C. R. Starnes Jr., 660 feet from south and west lines of section 4, Harrison and Brown survey, 11 miles south of Lehman. It also is six miles northeast of the Landon pool and 10 miles west of the Slaughter area.

concerned with the total health situation of the family including sickness, disease, prevention, and health protection.

On setting aside April 20 to 26 as "Public Health Nursing Week" for America, health administrators and all other friends of nursing should exert their efforts toward the extension of public health nursing services, so that there will be enough qualified nurses to meet the needs of all the people, and thus help in maintaining a maximum health level throughout the nation.

THREE-MINUTE SERMON

By T. L. (Jack) Bullard, Pastor
Missionary Baptist Church

"Choose What You Want Today And Pay For It Tomorrow"

This is a statement found of times on a show window or a sign in front of a place of business. Free speech and free enterprise is one of the greatest privileges that people have to day and it is imposed upon and misused more than most any thing we have. Factories have had to close their doors and individuals have gone broke and souls are being doomed in hell because of this one thing. Free enterprise and free speech is not today what it once was and the price is getting so great that people are not able to pay; Yet we are and will pay. In Gal. 6:7. Paul made this statement, "Be not deceived, God is not mocked for what soever a man soweth that shall he also reap."

T. L. (Jack) Bullard

Joshua once made a similar statement to Isarel, yet he did not tell them that they would have to pay for their choice. He said "Choose you this day whom ye will serve." Too many of us are making a choice and never stop to think what the price will be. Yet on the other hand we want things today and are not willing to pay the price. First let us think of the things that we choose and the price we pay. The choice that we make calls for a sacrifice on our part. If we choose the higher things in life we will have to sacrifice the lower things.

If we want to be a respectable citizen we must turn our backs

are not willing to make the sacrifice. If only we Fathers and Mothers could see today just how cheap we are selling our children to the devil. We indulge in the slothful things of life and then have the grit to stand up and say, we are living the best we know how. Well perhaps that is right, maybe they are to be pitied. Perhaps we should sympathize with them rather than criticize, but that does not lessen the cost one bit.

Let us always remember that what ever choice we make WE WILL pay the price. When we all come before the checking counter of Eternity, then we will be able to see what we have chosen and will note the price we will have to pay. Let us consider this before it is too late. The life of that Boy or Girl is very precious. Will we clear the way for them as it should be? Or will we go on making the wrong choice. Come though with us and we will do thee good.

A Great Bunch—Those Ex-G.I.'s

Willie Wells and a bunch of the boys from our town went to Pound Ridge Saturday to a reunion of their old regiment.

There were about two hundred and fifty boys who came from miles around to a good old feast at a Farmer Collins' barn. I expect they seemed a lot different to each other out of uniform. But they had a great time, spinning yarns, drinking beer, and talking over the old times in South Africa and Italy and the Aleutians.

I went over to cover the meeting

for the Clarion, and one thing that sure impressed me was the good behavior of those boys—their preference for a moderate beverage like beer—their friendly spirit.

From where I sit, our ex-G.I.'s are making as good a showing in peacetime as they made during the war. And they're setting a mighty good example to the rest of us—in tolerance, and moderation, and good fellowship.

Mother's Day To Be Observed On Sunday, May 11

WASHINGTON—President Truman today proclaimed Sunday, May 11, as Mother's day.

He called on Americans "to manifest through private and public expressions the reverent esteem in which we hold the mothers of our country."

Mr. Truman proclaimed May 22 as National Maritime day.

"The future peace of the world, so earnestly sought by all, will be immeasurably advanced," he said, "by the cooperation of the several nations in removing excessive restrictions upon international trade."

Mr. Truman said the welfare of the American merchant marine is of "utmost importance" to the national economy, national defense, and friendly intercourse with other nations.

National Maritime day commemorates the date in 1819 when the steamship Savannah put out from the Georgia coast on the first successful transoceanic voyage under steam propulsion.

Carol Evans And Billy Dane Burns Wedding Date Announced At Tea Held In Lloyd Evans Home Sunday

The approaching marriage of Miss Carol Evans, daughter of Mr. and Mrs. Lloyd Evans, to Mr. Billy Dane Burns, son of Mr. and Mrs. Jess Burns, was announced by her mother at a tea Sunday in the Evans home.

The wedding date, June 1 and the names Carol and Bill were inscribed in gold on a white satin heart attached to a pink mirror over the mantle. The heart was outlined in a pink ruffle, with pink and white ribbon streamers leading to a miniature bride and groom on the mantle. Lighted white tapers flanked the miniature arrangement set in ferns on the mantle.

Miss Glenda Evans, registered the guests. She was gowned in pink taffeta and sheer and wore a shoulder corsage of white gladiolas.

Soil Conservation Office News

Mr. J. C. Ebersole, Associate Agronomist, Soil Conservation Service was here from Abilene the latter part of last week. He made two small field trial plantings of grass. The District and Co-operators were handicapped considerably in their grass seedings because Mr. Ebersole was unable to keep the grass drill long enough to plant some of the larger areas planned.

Every effort is being made to make these plantings by other methods and at present two co-operators are running regular planters with special grass seed attachment.

Mr. Briley has started seeding 140 acres on his ranch 11 miles west of town.

Mr. Chessir has started approximately 200 acres on his ranch 12 miles north-east of Morton.

Soil Conservation Service is furnishing attachments for three sets of equipment now in operation. Another set of attachments is being made that will be usable on two different makes of implements. We are vitally interested in this revegetation program because the entire district would be materially benefited by restoring permanent vegetation on several wind-damaged areas.

Mr. Hickman and PMA officials are lending valuable assistance in this work.

Thousands of visitors are expected at Texas Technological College April 18 and 19 when engineering students and faculty hold the Fifteenth Engineers Show and the Home Economics Division holds Eleventh Annual Open House.

Designed to acquaint the general public with the type of specialized work taught in these fields, the events are scheduled to coincide with the Region I Interscholastic League meet in Lubbock.

Both divisions will maintain scores of continuous exhibits as well as a number of special demonstrations to be held at intervals throughout the days.

Engineering Division exhibits include amateur radio stations, cotton fabric production, transmission of voice and music on a light beam, industrial plant layouts and designs, apparatus for intensive testing of metals, machines and fabrics, and numerous other displays from the eight

Social Security Manager To Visit Here April 24th.

Elliott W. Adams, manager of the Lubbock office of the Social Security Administration, will be in Morton at the U. S. Post Office at 11:00 a. m., Thursday, April 24, to take claims for benefits under the Federal old-age and survivors insurance program and to supply information regarding the system.

Recent amendments to the Social Security Act provide for old-age and survivors insurance payments to thousands of formerly ineligible survivors of discharged World War II veterans. This protection is based entirely on military service, it is not necessary for the veteran to have held a social security card or to have normally been covered by the Social Security Act.

This legislation provides protection to survivors if:

1. The veteran dies within three years after discharge.
2. He had at least 90 days of active service in the armed forces after September 16, 1940.
3. He was not dishonorably discharged, and
4. The survivors are not eligible for payments from the Veterans Administration. Proceeds from National Service Life insurance policies are not counted as payments from Veterans Administration.

The amendment does not provide for benefits to survivors of servicemen who died while on active duty. However, the survivors of servicemen who died while on active duty and who had worked in employment covered by the Social Security Act long enough to be insured may still be eligible for benefits under the regular provisions of the Social Security Act.

MR. and MRS. L. L. HARVEY of Wilson, Oklahoma, spent several days last week visiting J. L. WINDER.

engineering departments, the physics department and the ROTC. Mechanical engineering shops will be open to guests who will see small machine parts in the various stages of production.

Featuring the newest in home making techniques, the Home Economics Division will present fashion shows and educational movies, demonstrate modern electrical home appliances, show time savers in food preparation, sewing hints, solutions to interior decoration problems and aids for home making teachers. The nursery school will be open, as well as the Home Management House, a model home on the campus where groups of students live for nine week periods to gain actual practice in managing a household.

Civil Service Announces Examinations Geologist - Laboratory Mechanic

U. S. Civil Service Commission today announced examinations for filling Geologist positions at \$2,644 and \$3,397 a year, Laboratory Mechanic positions at salaries ranging from \$3,397 a year.

Geologist positions are located in Washington, D. C., and throughout the United States. Positions may also be filled in foreign States, and in foreign territories. All competitors will be required to pass a written test. Tests must be completed, or at least completed, on or before 1, 1947, a full 4-year course leading to a bachelor's degree in geology, or must have had at least 30 semester hours in geology plus appropriate experience or education. With the 30 semester hours in geology, will give them substantial equivalent of a college course. In addition,

for the higher salary, applicants must have had at least two years of professional experience in geology.

Positions in Washington, D. C., and vicinity only will be filled from the Laboratory Mechanic examination. Persons may apply for work in one or more of the following fields of equipment: Electronic, Machine Shop, Automotive, Electrical (other than Electronic), Instruments, and General. A separate application must be filled for each optional field. No written test is required for this examination. To qualify, applicants must have had experience in design, development, fabrication, installation, operation, maintenance, test and repair in the optional field for which application is made. Appropriate education may be substituted for part of this required experience. Pertinent training acquired in the armed forces will be credited towards the examination requirements.

The age limits for the Laboratory Mechanic and Geologist examinations, 18 to 62, are waived for persons entitled to veteran preference. Information and application forms may be obtained from the Commission's Local Secretary, Mr. C. F. Winder, located at Morton, from most first and second class post offices except in Regional Office Headquarters cities, from Civil Service regional offices, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications for the Geologist examination must be received in the Commission's Washington office not later than May 8, 1947, and for the Laboratory Mechanic examination, not later than May 6, 1947.

Pamphlet Concerning Final Burial Of World War II Dead Now Available

A pamphlet containing information about the government program for the return and final burial of World War II armed forces personnel who died overseas, has been prepared by the War Department, and now is available for distribution.

Designed to answer the questions which most frequently are asked by next of kin and relatives of personnel killed outside the continental limits of the United States, the pamphlet contains information on burial options, how next of kin are determined, the care with which remains are identified, and escorts.

This pamphlet is available in either English or Spanish. Residents of this area may obtain one of the pamphlets by writing to American Graves Registration Service, San Antonio General Depot, San Antonio 5, Texas.

Heavy Tar Paper Good To Line Brooder Houses

Farmers may help prevent respiratory disease in baby chickens by lining brooder house walls up about 36 inches from the floor with heavy tar paper, according to Delbert Davin, assistant professor of animal husbandry at Texas Technological College. Paper will not only keep out drafts, but will also prevent chicks from piling up in corners if it is rounded there instead of being tacked tightly.

A chick guard of 12-inch hardware cloth, commonly known as hail screen, should be kept around the hover for 36 hours after baby chicks arrive to keep them warm. The guard may gradually be moved back for about four days, when it should be no longer needed.

Temperature under the hover should be 95 to 100 degrees during the first week, 90 to 95 degrees the second, and gradually decreased until the end of the eighth week. Two or three inches of litter should be kept over the floor at all times, to be changed weekly for two or three weeks and twice weekly thereafter. Ground bundles or shredded corn stover are recommended for litters, but farmers should make sure no grain remains on the stalks before they are ground.

When chicks are 24 to 36 hours old they should be fed a good chick starter, containing about 20 per cent protein and fortified with cod liver oil for vitamin D.

Cleanliness is of utmost importance in disease prevention. Brooder house floors and walls up about 12 inches should be scrubbed with a stiff broom dipped in lye water, and the rest of the house sprayed with a good disinfectant before the chicks arrive. All movable equipment should be soaked in lye water, using one can of concentrated lye to 10 gallons of water.

Houses Should Be Kept Clean All Of The Time

Spring housecleaning is an outmoded custom. Don't throw away all the brooms and mops, however. When Miss Lola M. Drew of the Texas Tech College Home Economics Division made that startling statement, she merely meant that houses should be kept clean all the time so that laborious cleaning once or twice a year is unnecessary. And she passed along a few hints to make general tidiness easier.

It is wise to use rug cleaning powder to clean upholstered furniture before it begins to show soil. Powder may be brushed off with a whisk broom or removed with a vacuum cleaner attachment. If upholstery shows soil it may be shampooed as follows: Dissolve a third of a cup of mild soap flakes in a quart of boiling water and cool. Place about a cup of the jelly in a bowl and whip to a very dry froth with a rotary beater. Using a small stiff brush, apply the foam with circular motions on small portions of the fabric at a time. Wipe as dry as possible with a clean, dry cloth, and complete drying process rapidly. Brocades and woven fabrics are adapted to this type shampoo, but it should not be used on pile fabrics.

Grease spots may be removed from wall paper with a paste of fuller's earth and a dry cleaning fluid. Paste should be allowed to dry and removed with a soft dry cloth. If spots are fresh, bath powder may be applied and brushed off. Sometimes two or three applications will be necessary to remove stubborn spots.

MINERAL OIL HAS HARMFUL EFFECTS
Although mineral oil has generally been regarded as a safe internal medicament for livestock scientists are finding that it also can be harmful.

This week, the American Veterinary Medical Association issued a warning to farmers that mineral oil interferes with the absorption of carotene, vitamin D, calcium and phosphorus in the animal body and that, therefore, it must be used with caution in caring for the ills of livestock.
