### 4-H Club Girl Addresses District H. D. A. Convention In Levelland

Ella Katherine Keith, daughter of Mr. and Mrs. G. C. Whiteface, was one of the 4-H Club girls to address the District T. H. D. A. Convention on behalf of 4-H Club girls. Other two girls appearing in the program were Miss Wanda Heine, Maggie W. Barry and Miss winner from Nolan and Eloise Woodruff, who accompanied her on the trip to National Campment in Washington.

Ella Katherine Keith

### Schedule To Be Reduced To Trip A Day

It is possible that Morton's schedule may be cut to one round trip a day because of the end of the present season.

Recent mail from Lubbock brought into Morton twice a morning and evening, this will expire in July.

### Morton Firemen Win First Place In Taper Race At Convention May 13

The firemen competing in the other teams won the race at the Firemen's convention held in Levelland May 13th.

### Bookkeeping And Typing School Offered To Vets

Veterans engaged as clerks, service station attendants, or managing their own business may take advantage of the typing and bookkeeping school being offered in Morton.

### Sugar Stamp No. 12 To Be Valid June 1 For 10 lbs.

The government, May 13, moved up the cash-in date of the next sugar ration stamp from July 1 to June 1, but said it must last for five months.

### Union Slated For At Lubbock

A union reunion will be held Sunday, May 18, at McCombs State Park, Lubbock, according to an announcement by Miss Ora Ellis, secretary.

### Silver Tea-Dress Review Slated For Whiteface May 15

The Whiteface 4-H Club girls are staging a dress revue and silver tea at the High School Study Hall on Thursday, May 15, from three until four o'clock in the afternoon.

### Legion Auxiliary Meeting For May 15 Postponed

American Legion Auxiliary will not meet Thursday night, May 15th, due to Elementary school graduation exercises being scheduled for that date.

### Returns From Carlsbad

Mrs. Louis Smith returned from Carlsbad, New Mexico, last Sunday where she had been visiting for some time with friends and relatives.

### Funds For School Band Uniforms Started At C. Of C. Meeting Monday

Morton Chamber of Commerce met Monday night, May 12th, at the regular meeting date, and some of the business transacted was for the benefit of the Morton School Band.

Mr. Lemaire, Morton School Band Master, met with the group on an invitation from a member and made a good talk on the progress and needs of the Morton band.

The members of the Chamber of Commerce who heard the band play recently, or those who attended the band concert held at the school house about two weeks ago were very interested in the program that Mr. Lemaire has accomplished with them.

It was unanimously decided that the Chamber of Commerce sponsor the raising of funds to buy uniforms for the members of the band; it will take \$1,650.00 to buy uniforms for the entire band; the members of the Chamber of Commerce present decided to get this money by donation, and the donation was started at the meeting and the following amounts were received:

H. S. Hawkins \$37.50; Bud Young \$37.50; W. B. Evans \$37.50; Lloyd Evans \$37.50; W. B. Cox \$37.50; P. B. Ramby \$18.75; W. W. Williamson, \$37.50; Rays' Hardware \$18.75; McAlister-Huggins \$37.50; Walter Taylor \$5.00; M. C. Ledbetter \$37.50; G. W. Thompson \$25.00; J. B. Knox \$18.75; Harry Lemaire \$37.50; Roy Hick-

### Lions Club Will Sponsor Clean Up Drive In June

With constantly increasing dangers of disease, Morton Lions Club will sponsor a city wide clean-up day, early in June, it was announced by the Lions Club Clean-up Committee Tuesday.

The pattern of work is expected to follow the one last year in which the club sponsored. Blocks will be designated to "Captains" who will supervise the work for their section.

All civic organizations, clubs, churches and individuals will be contacted and asked to participate in the drive.

Citizens will be asked to cut weeds, collect trash, and rubbish and place it in boxes, barrels, sacks or other containers in alleys adjacent to their property for removal.

Further details of the drive will appear in a subsequent issue.

### Saturday's Show Promises To Be One Of The Best Ever Held Here

The finest array of FFA and 4-H livestock in this area will be shown here Saturday at the annual Cochran County FFA and 4-H Livestock Show.

The exposition, sponsored for the eleventh year by the Morton Chamber of Commerce, will be staged at the Harry Tolliver warehouse, northeast of the square. Big crowds are expected to throng the grounds throughout the day.

Youthful exhibitors will compete for prize money totaling approximately \$600.00.

The all day show will feature 36 classes in the following departments: beef cattle, dual purpose heifers, dairy cattle and swine.

In addition to Future Farmers of America and 4-H Club exhibits Cochran County farmers and ranchers will show fat beef calves, Shorthorn and Jersey cattle.

All arrangements have been completed for the Fat Stock Show to be held at Morton Saturday, May 17th, and the prospects are that we will have one of the best shows that we have ever had in the county. Quite a few entries have been made at the County Agent's office for dairy cattle and Shorthorns.

All farmers who plan on showing Shorthorn or Jersey cattle should make their entries at the County Agent's office not later than Friday morning May 16th.

All livestock to be shown should be at the Show barn by 11:00 A. M. Saturday, May 17th.

Arrangements have been made to sell all of the calves at the Lubbock Auction and Commission Company Tuesday, May 20, and boys who have calves and do not want to take the calves back home with them should bring enough feed with them Saturday to feed the calves until Tuesday.

Mr. H. S. Hawkins said they could use his lots and pens here in Morton to keep the calves in until Tuesday morning when they are to be taken to the sale ring. This will save a good many of the boys the trouble and expense of bringing their calves to Morton Tuesday or hauling them to Lubbock in a trailer; one truck will be able to haul all of the calves left and that will be much better than taking several trailers down.

Livestock may be removed from the show barn and taken home after 5:00 P. M. Saturday.

The judging will start at 1:30 P. M.

### Plans For Well Rounded Boy Scout Program Made At Meeting Monday

A Lions Club Boy Scout Committee, recently appointed by Lion President Willard Cox, met with the Morton Boy Scouts Monday night at the High School Gymnasium for the purpose of formulating plans for a well rounded Boy Scout Program.

Scout Master Zeke Sanders' resignation was accepted with sincere regrets, and came about due to the fact that he had not received proper support from the sponsoring club. Mr. Sanders will continue to assist in the Scout work.

Scout Burl Deavers led the program and did a swell job. Scout Jim Grantham is an able Scout Scribe and seems to have his records in good shape. The entire troupe is very enthusiastic, and with the proper support from the Lions Club and the business men of Morton, should develop into a scout organization of which we all will be proud.

Following is a partial list of the scout troop: Lonnie Allsup, Duane Burks, Darryl Bowman, Joe Battles, Hayden Battles, Joe

Coleman, Joe Curruthers, Burl Deavers, Jim Grantham, Ronnie Gast, Buzzy Glenn, Waydelle Hill, Richard Hancock, Bunky Hargrove, Kirby Lackey, Clarence Moore, Charles Moore, Wayland Marshall, William W. Marshall, Weldon Queen, Lee Queen, Jimmie Robertson, Freddie Sanders, Jess Tumbler, Charles Winder and Donnie McDermott. Others will be added. There were 15 scouts in attendance.

Committeemen present were: J. W. McDermott, chairman; Ermon Miller, finance officer; Roy Hill, camping and activities officer; Andrew Essary, advancement officer and Doctor J. V. McKay. Committeemen Raymond Ross and Dr. F. A. L'Esperance were unable to attend.

The scout program has also been assured of the full support of the Morton Chamber of Commerce. Watch for further news from the Boy Scouts.

### Neal Assumes Duties As New City Marshall

Tom Neal, native of Wise county, and sheriff for several terms, arrived in Morton Saturday to take over duties of deputy sheriff while Sheriff Mac W. Hancock and Deputy Herman Crockett are out of town.

Neal, who has had many years experience as a law enforcement officer, comes to Morton from Levelland where he was City Marshall. He was sworn in as Morton's City Marshall here Saturday.

Mrs. Neal and seven year old daughter, Barbara Jean, will move to Morton when Barbara finishes the present school term in Levelland.

### Thirty Present At Lions Meet Wednesday

Twenty-five Lions and five guests enjoyed a chicken dinner with all the trimmings prepared by members of Wesleyan Guild at the regular meeting on Wednesday, May 14th., at First Methodist Church.

Lion K. L. Riggs of Lubbock spoke to the group on the recent Lions Convention held in El Paso.

Levi Self, secretary of the Snyder Lions Club gave a resume of Lion activities being carried on in Snyder.

Other guests were Arthur Cook and W. C. Wright of Zeke Sanders; Walter Johnson, F. H. A. Supervisor, Lubbock, guest of Chas. M. Cravy and W. W. Crowell, guest of Jack Nelson.

Members present were: Dr. F. A. L'Esperance, Roy Hickman, J. B. Knox, Zeke Sanders, Carl Ray, M. C. Ledbetter, L. W. Barrett, Walter L. Taylor, J. W. McDermott, Hume Russell, E. A. Miller, Bud Nairn, Chas. M. Cravy, P. B. Ramby, James St. Clair, E. L. Willis, Jack Rice, Carl Self, David Todd, Louis Smith, T. K. Williamson, Jack Nelson and H. P. Arnold.

### FROM LUBBOCK

K. L. Riggs, Lubbock Insurance man, was a visitor in Morton Wednesday.

### Improving After Operation In Veterans Hospital

Carl Deviney of Maple, who was operated on at Veterans Hospital in Amarillo on Monday, May 5, is reported improving and expected home in a few days.

Deviney who became suddenly ill with an acute attack of appendicitis was driven to Amarillo by Kirby Smart in a car furnished by Roy Allsup.

Smart remained in Amarillo until the operation was finished and the condition of Deviney ascertained.

Mrs. Deviney, who accompanied her husband to the hospital has returned to her home in Maple.

Deviney, recently released from the navy is farming in the Maple community.

### Elementary Class To Hold Exercises

Graduation exercises for Morton Elementary school will be held in the school auditorium Thursday, May 15, at eight p. m.

Honor students of the graduation class are Syble Barnett, Val-edictorian; Martha Joyce Willis, Buzzy Glenn, Jannelle Jones, Nell Brown and Waydelle Hill.

Mrs. J. A. Gowdy, principal, will deliver the main address. Teachers in the elementary department are: Mrs. Carl Macon, Mrs. Anna Maud Heflin, Mrs. Lillie Mae Morin, Mrs. Davis McAnally, Mrs. C. A. Nettles, Mrs. Iva Williams and Mrs. L. L. Price.

### TEXAS STOCK FARMER FEATURED IN NATIONAL ADS

The typical Texas farm of J. M. Pfuger, San Angelo, Tom Green County, is illustrative material for the fourth of a series of "Master Farmer" advertisements in national farm publications by The Studebaker Corporation. These pictures of Mr. Pfuger and his farm are appearing currently.

### Parts Department Opened By Arnn Motor Company

Tom Arnn has issued an invitation to the public to come in and look over the new parts department, located in the front of the building occupied by Arnn Motor Company.

The interior of the building has been remodeled to accommodate a large new stock of automobile parts and accessories.

Storage bins and display racks attractively and conveniently located help the office personnel in taking care of customers in a quick and efficient manner.

Among the heretofore hard to get items now in stock at Arnn Motor are Ramco Rings, Trico Windshield wipers and parts, Delco Remy Ignition parts, Permite replacement parts and many other automotive necessities.

Arnn has also provided a panel truck for quick delivery of parts to Morton and vicinity.

Mrs. Tom Arnn Jr., bookkeeper for the firm has a business office in the newly redecorated parts department.

### Colorful Parade To Open ABC Rodeo June 11-14

A colorful parade of the Old West featuring \$100 in cash prizes for the best old time rigs will open the 1947 ABC Rodeo in Lubbock, June 11-14. The parade will be at 2:30 p. m. and will be led by the Amarillo Range Riders.

Gene Autry, stage, screen and radio star, will be presented as the top attraction of the World's Championship Rodeo from the Lightning C. Ranch in Dublin, Texas. This is the same rodeo that is presented annually in Madison Square Garden in New York.

With the possible exception of merchants floats, there will be no motor driven vehicles in the parade. Lambert Eaton, chairman of the rodeo parade committee, urged all people owning covered wagons, buggies, buckboards, stagecoaches or any other type of old time vehicle to enter the old timers contest. Contact him by writing in care of the ABC Rodeo Committee, 1007 Main, Lubbock, Texas or by telephone at Lubbock 4651. He also issued a special invitation to people owning horses and to roping clubs to join the parade.

**Book Lovers Club Annual Guest Party Held Thursday Evening In Cravy Home**

Book Lovers Club held their annual guest party in the home of Mrs. Chas M. Cravy on Thursday evening, May 9th.

The party marked the last meeting of the club until reconvening in the fall.

Dinner of fried chicken, and all the trimmings was served the guests buffet style.

Out-going president, Miss Mabel Ann Manley was presented with a lovely gift by Mrs. J. B. Passmore Jr., representing the membership of the club.

Guests enjoying the courtesy were: Mesdames Arthur Kendall, Carl England, Albert Morrow, Jim Middleton, Forrest Martin, Bessie Smith, Hume Russell, F. F. Roberts, Hattie B. Spotts, Charles Anna Davis, L. L. Morin, Al Mullinax, P. B. Ramby, J. D. Hawthorne, J. V. McKay, E. A. Miller, and W. W. Williamson.

Misses Geneva Famuliner, Jo Ann Thompson and Mickey Love-

**LEHMAN NEWS**

The Lehman Home Demonstration Club met in the home of Mrs. O. B. Huckabee on May 7th. The usual business session was conducted by President Freeland, and was followed by a short recreation period conducted by Mrs. Paul Liles. The meeting was then turned over to Miss Manley the Home Demonstration Agent, who gave a very interesting and helpful demonstration on "The Installation of Electrical Equipment."

Mrs. Huckabee served a refreshment plate consisting of a sandwich, cake and punch to bring to a close another gay afternoon. The next meeting will be held in the home of Mrs. L. Marlar on May 21st.

Members present were: Mesdames W. G. Freeland, L. Marlar, L. C. Keith, W. E. Akin, J. W. Rhodes, W. H. Benton, F. L. Fred, W. E. Prather, E. L. Freeland, P. E. Liles, Charlie Sanders, O. B. Huckabee.

Guests present were: Mrs. Prather, mother-in-law of Mrs. W. E. Prather; Mrs. H. B. Phillips of Lubbock; Mrs. Bert McDonald, Mrs. T. P. Keane, and Mrs. Irene Elkins all of Slaton, who were visiting Mrs. Huckabee and family.

There was a good turn out last Thursday night at the school house for the social held in the honor of Miss Bessie Whitehorn who is to be married soon to Charlie Williams from Morton.

Forty-two was enjoyed by everyone followed by the presentation of a large selection of lovely gifts to Miss Whitehorn.

Cake and ice cream was served by the ladies to put the finishing touches on another of Lehman's very successful get-togethers.

Mrs. G. L. Powers and sons, David and Donnie of Albuquerque, visited in the home of Mr. and Mrs. O. B. Huckabee last Thursday and Friday. Friday night the Huckabees took Mrs. Powers and sons to Lubbock to visit friends and relatives and stayed to be with Mrs. Huckabee's mother on Mother's Day.

Lehman was rather quiet over the week-end because of the rain.

**First Baptist Church W. M. U. Meeting Held Monday Eve**

The W. M. U. of the First Baptist Church met at the church at 2:30 P. M. Monday afternoon for a study on Japan.

The Annie Sallee Circle was in charge with Mrs. W. L. Clawson as chairman.

The Intermediate Department was beautifully decorated with Japanese lanterns, blooming pot plants and flowers in season.

About the room were to be seen curios of Japan brought back by our boys.

As each one arrived a W. M. U. badge was pinned on and they were given a program made in the form of a Japanese lantern.

Those on the program were: "Bible Study," Mrs. Pete Lindsey; "Meet the Japanese," Mrs. J. B. Lilledahl; "Japanese as Christians," Mrs. John Sullivan; "Japanese as Baptist," Mrs. Will Lindsey; "Japanese Not In Japan," W. C. Wright.

Tea was served to 27 people. Next month the Burnett Circle will have charge, the study will be on another one of our neighboring countries. You are invited to attend these meetings.

Watch for date of Morton's Clean-up Drive, sponsored by Lions Club.

LEVI SELF of Snyder visited his brother, CARL SELF, Wednesday.

**Mother's Day Program At First Baptist Church Attended By Twenty-Eight Sat.**

A special Mother and Grandmother program was presented by the T. E. L. Class of First Baptist Church last Saturday afternoon in the church parlors.

Guests present enjoyed group singing of their favorite songs. A quartet composed of Mesdames Roy Hill, W. A. Woods, W. B. Evans and J. R. Ward, sang for the guests. They were accompan-

**Modern Beauty Shop Installs New Slenderizer**

Mrs. Jesse Paulk, owner of the Modern Beauty Shop, has announced the addition of a new feature in her Beauty Shop, with the installation of the new AM-REX slenderizer.

The shop will be rearranged to accommodate the beautiful two tone cabinet with complete unit electronically controlled.

Patrons and friends of the Modern Beauty Shop, Mrs. Paulk and the two operators, Frances Best and Lorene Nichols, are cordially invited to visit the shop and inspect the newest equipment.

"Tribune WANT ADS get results"

**READING & WRITING**  
BY *Robin McKewn*

"Tales of the South Pacific," by James A. Michener was written during the war, but it's not really about the war. It's just about a lot of men in uniform who lived for days and weeks and months on some far away islands. And it's also about the native inhabitants of those islands.

"Whenever I start to talk about the South Pacific, people intervene," says Mr. Michener. People like the old Tonkinese woman who used to sell human heads. As souvenirs. For fifty dollars! Or like the old savage who wanted more than anything else in the world to jump from an airplane and float down to earth in a parachute. One day the men took him up with them and shoved him out. Ever afterward he walked in silence among the black men, a soul apart, like one who had discovered things best hidden from humanity.

Or Emile de Beque, the French planter who fell in love with an American nurse, or the remittance man who lived among the Japs and radioed their movements—until one fatal morning, or Lieutenant Bill Harbison who lived like a hero but wasn't one.

While James Michener was writing these stories, he had two critics—one a brilliant, acidulous officer who told him everything he did was terrible and he ought to change it here and here. "He depressed me so that if I ever own a bulldog I shall call it after him." The other was an enlisted man who waited for him each night for the new pages, took them to the Quonset hut where he and five others would read them aloud. Each morning he brought them back, saying, "It's wonderful. I wouldn't change a word of it."

Authors are unpredictable. Betty MacDonald's "The Egg and I" has had phenomenal success. It passed the million-copy mark in August 1946 and is well on its way in the second million. It was a Book-of-the-Month Club book-dividend. Now Mrs. MacDonald has a child's book out called "Mrs. Piggle-Wiggle." "I am very much more thrilled about Mrs. Piggle-Wiggle than about the Eggs," she says. "I hope it sells because if it doesn't it will prove I've been boring my children all these years."

## Annegrams

—by ann england—

Obviously the person who has been going around telling that the display advertising rates are as much as the city dailies never bought advertising in either a weekly or daily.

Remember that is an idea. Why shouldn't a weekly get the very same rates? After all we only get out one paper a week, while the daily has the advantage of being out every day and Sunday too.

After all, commodities (other than advertising) purchased in small towns cost the buyer as much or more as the same commodity bought in the larger place.

Then too, newspaper folk in the smaller towns require the same necessities to live as the people living in cities.

The Tribune, (all local papers the same) does its part toward supporting local civic organizations, churches, contributions to all worthy causes, brings you news of your marriages, births and deaths that you get nowhere else. Pays taxes and supports the merchants and keeps the business in Morton.

It is true that advertising could be bought for ten cents an inch, but at the same time hundreds of men were out of work, merchants were bankrupt and banks were being closed all over the country.

Do you wonder how many want to go back to ten cent advertising?

This week, Byron Lillie, president of the Retail Merchants' Association of Texas, told me that retail stores could reduce prices permanently by corresponding price reductions made all the way down the source of merchandise.

At Worth man (Cox's Department Store, Ft. Worth), speaking at the opening session of the Retail Merchants' Association's convention in Antonio, expressed regret at the widespread misconception of the so-called Newburyport plan to reduce prices.

publicity about this stunt created the false impression that stores in this Massachusetts town arbitrarily reduced prices ten per cent," Lillie declared.

Boston Better Business Bureau debunked this so-called "Newburyport plan" by exposing the fallacy of this kind of price reduction. The bureau disclosed that less than half of the merchants of Newburyport participated, and that those that did participate reduced prices in most cases on a limited number of items.

The Retail Merchants' Association president said no prediction could be made as to when a major price break would occur. "Retailers' prices are based entirely upon the cost of merchandise to them, and prices cannot be arbitrarily reduced at this point alone."

This is a prosperous era—but a dangerous one, a critical one.

We are at the proverbial crossroads. On the one hand lies the road of opportunity. On the other lies the road to nowhere, where the self-satisfied travel, uninterested in their town, their fellow-men or even themselves.

Our pleading today is for a united effort in Morton—a spirit of cooperation and self sacrifice, if you please—a citizenship working together, not pulling against itself in a tug-of-war.

The day of opportunity is here. We don't have to wait for it—it's time now for all of us to plan and work together for the good of our town.

There is no time for personal grievances. There is no place for prejudices. There is a job for every citizen—for every organization, let us join hands in a concentrated effort to make Morton a better and happier place in which to live.

Whew—well that is out of the way.

Carl Ray has been trying to tell us for several days that Carl Alexander sold out his business in order to caddy for J. D. Hawthorne but we still don't get it.

Saw Tom McAlister coming out of the bank a few days ago with an overdrawn expression on his face.

We about half way made a bargain with Mrs. Jesse Paulk to use us as a "Before" and "After" model on that new reducing machine she is installing. If she could reduce us to where we looked almost human she wouldn't be able to take care of the ensuing business.

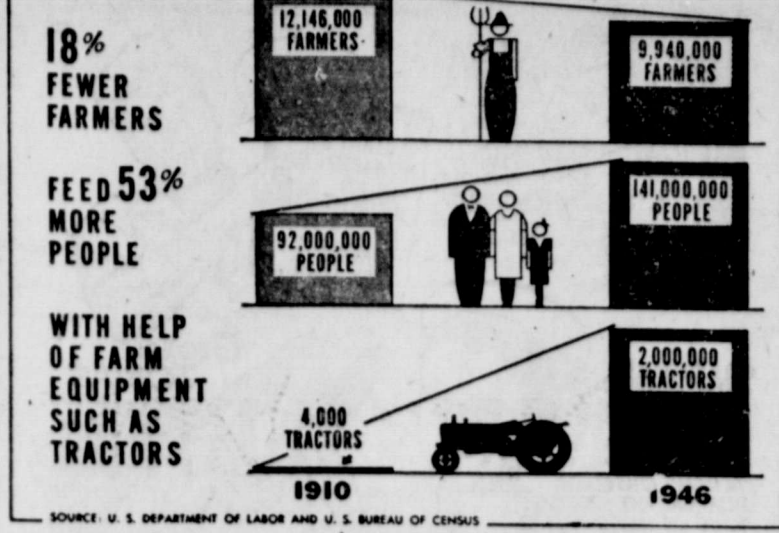

We failed to turn the page on our date calendar this week and as a consequence forgot Wesleyan Guild. It was our misfortune too, as Mrs. Chas M. Cravy reviewed "Mud House" at the meeting. Alva reviews beautifully.

Speaking of Alva, we were one of the lucky ones to be invited to the Book Lovers Annual Guest Party at her home, and as usual we ate until we were hardly able to sit down.

Mrs. Andrew Essary made the hot rolls and they were perfectly grand.

There was a huge platter of fried chicken, of which we certainly got our share, and two

## Machines Help Fewer Farmers Feed More People

Today farm employment is slightly under 10 million people, or 18 per cent less than the 12,000,000 of 1910. Yet, these farmers are able to supply the nation with more than enough food, even though our population has increased 53 per cent from less than 92,000,000 in 1910 to over 141,000,000 persons. The increased productivity of our farmers is largely the result of the high degree of mechanization of our farms since 1910. This is exemplified by the fact that in 1910 there were only 4,000 tractors on farms in the United States, but today there are over 2,000,000.

The development and improvement of farm equipment since the invention of the McCormick reaper in 1831 has closely paralleled the growth of our steel industry, and today steel comprises a major component in the production of farm equipment. In 1945, 1,120,320 tons of steel were used in the production of farm equipment and for other agricultural purposes.

Typical of the amount of steel required to make each unit of farm equipment is the medium-sized, all-purpose farm tractor of 25 h. p. which takes 1543 pounds of various types of steel, according to data supplied the American Iron and Steel Institute by a leading manufacturer. A total of 340 pounds of steel is used to make the tractor transmission alone, while another 301 pounds are needed in the manufacture of the engine and clutch. The brakes, rims and wheels take 119 pounds of steel, and the rear axle requires almost 130 pounds more.

The balance of the steel enters the manufacture of other tractor parts. The steel weights given are the weights of the rough steel purchased to machine and assemble the various tractor parts. Gray iron and malleable castings are also used in fabricating certain tractor parts, but the rough weight of the steel required equals 40 per cent of the combined weight of all three materials.

MR. and MRS. JESSE PAULK were Sunday visitors in Lubbock.

MISS MARY HOPE NORFLEET and JO ANN THOMPSON visited their parents in Olton and Plainview over the week-end.

MISS ALTA MAE ANDERSON Home Demonstration Agent of Hockley County, spent the week-end with MISS MABEL ANN MANLEY.

G. E. WORLEY made a business trip to Portales, New Mexico Monday.

## FFA Meeting Held May 1st.

The Morton Chapter of the Future Farmers of America met May 1st. The group discussed a summer trip and tentative plans made to go to Ceta Glen, F. F. A. will meet next on June 5th.

# THREE-MINUTE SERMON

By T. L. (Jack) Bullard, Pastor  
Missionary Baptist Church

"WHAT IS YOUR LIFE?"  
In James, 4:14 we find this all important question. Oftimes we ask the question: what will the other fellow do? When we should be thinking in terms of self. What is my life? The answer echoes back, it is just what I make it. James says that it is even vapor that appeareth for a

T. L. (Jack) Bullard

little while and then vanisheth away. It is true that we live today and tomorrow and the day following we quit the walks of life. When we have come to the end of the way we find that we were the ones that made our lives.

The individual goes out in life, making his or her own choice. God has blessed America with that privilege and men should be careful not to over step that privilege. You will choose today the company that you will keep. You will choose the things that you will do, but let us ever remember that there is one that knows what we are doing. We have the privilege to choose the high things in life or we can choose the low and degrading things. We should ever remember this one thing, "That whatsoever a man soweth that shall he also reap." We oftimes think that the reaping is hard but we never think of the sowing that we have already done.

When you and I have come to the end of the way. When we have been called upon to lay down the working tools of life, can it be said of our friends, that we lived a life that was worth while. Deep within the heart of man lies the secrets of his life, that only God knows. Men in this life may scorn, scoff and make fun of what we do but God knows the intent of each heart. May we so live that we may be able to say with Paul, "I am crucified with Christ; nevertheless I live, yet not I but but Christ liveth in me, and the life which I now live in the flesh I live by the faith of the son of God, who loved me and gave himself for me." Again Paul made a statement that is worth noticing just here. "For to me to live in Christ and to die is gain." May we as Christians ever live that Christ will live in us, that others may see and glorify him that died for us.

## BOYCE HOUSE 'Gives You Texas'

Readers' Digest quotes a story of this columnist: At a Chamber of Commerce dinner, a school teacher was called on to respond to the toast, "Our School teachers—long may they live!" Her response in full was, "On What?"

The war has been over for almost two years—and you can not get automobiles, sugar, building materials or a hundred other things. Reminds me of the little boy looking at his baby brother. His parents, in response to his questions, said they had paid Dr. Jones \$200. for the infant. Willie said, "No teeth, no hair, can't say a word—did we get gyped?"

And Mark Twain said the reason that a crocodile is called a crocodile is that it looks more like a crocodile than anything else.

Not only Texas but the nation and the entire world were shocked by the tragedy at Texas City—hundreds of lives lost, thousands injured, millions in property damage, untold sorrow and suffering.

Has Austin taken any steps to prevent a repetition of such a disaster. Next time, devastation could smite Beaumont, Port Arthur, Corpus Christi or Houston, where industry and population are greater than at Texas City and so the catastrophe could be even more terrible.

So far as I have seen, no bill has been introduced—much less passed—by the legislature to safeguard the public nor has the governor—so far as I have read—submitted the matter to the legislature. Steps should be taken to prevent a similar tragedy from shattering families, breaking hearts and flinging a pall of sorrow over the State. The people of Texas want action at Austin!

## MRS. FITZGERALD RETURNS AFTER 10 DAY VISIT

Mrs. L. F. Fitzgerald returned home Wednesday from a 10 day trip to Central and South Texas. She was accompanied by her two daughters, Mrs. Ira Martin of Muleshoe and Mrs. E. J. Simmons and little daughter, Judy of Crane, Texas.

They visited in Austin, San Antonio, Gatesville, and Killeen. Mrs. Fitzgerald enjoyed a family reunion at her old home in Killeen while gone.

## ADVERTISEMENT FOR BIDS

Scaled proposals will be received by the City of Whiteface, Texas, at the office of the City Secretary until 10:00 o'clock A. M., May 27, 1947 for the construction of a Water Works and at that time and place the proposals will be publicly opened and read.

The proposals must be accompanied by a bidder's bond or a certified check in the amount of Twenty Five Hundred Dollars (\$2500.00) payable without recourse to the order of The City of Whiteface, Texas, as a guarantee that the bidder will enter into a contract and execute a Performance Bond in the forms provided within ten (10) days after notice of award of contract to him.

The successful bidder will be required to furnish a Performance Bond for 100% of his total bid, written by a responsible surety company satisfactory to the City Council Commission. The City reserves the right to reject any or all bids and to waive formalities.

Bidders are expected to inspect the site of the work and to inform themselves regarding local conditions.

Plans, specifications, and other proposed contract documents are on file at the office of Joe E. Ward, Consulting Engineer, 545 Nacol Building, Wichita Falls, Texas, and at the office of the City Secretary at Whiteface, Texas. Copies may be secured upon the deposit of Fifteen Dollars (\$15.00), which will be returned if the contractor submits a bona fide bid accompanied by the plans and specifications or if he returns the plans and specifications before the bid opening.

The proposed work includes approximately the following: 1500' of 8", 8200' of 6", and 5900' of 2" C. I. Pipe; 3000' of 3/4" copper pipe; 8-8", 8-6", and 11-2" hub end gate valves and boxes; 8-8" flanged gate valves and boxes; 16 fire hydrants; 120 corporation stops, 120 curb stops, 120 meters, 120 meter boxes; one 50,000 gallon steel elevated tank, one plain water well; one 150 GPM turbine pump and motor; and one 10'x12' pump house.

It is the intention of the City to issue bonds to the contractor for payment of the contract to be awarded for the above purposes as follows.

(1) Revenue Bonds not to exceed the principal sum of Forty Thousand Dollars (\$40,000), to bear interest at a rate not to exceed Three and One-Half (3 1/2) Per Cent per annum, and to mature serially not later than twenty-five (25) years from their date;

(2) Tax Bonds not to exceed the principal sum of Twenty Thousand Dollars (\$20,000), to bear interest at the rate not to exceed Three and One-Half (3 1/2) Per Cent per annum, and to mature serially not later than twenty-five (25) years from their date;

said bonds to be accepted at par value plus accrued interest.

## Texans Urged To Cooperate In Rodent Control

AUSTIN—In recent years typhus fever has developed into a serious menace in Texas according to Dr. Geo. W. Cox, State Health Officer, who today issued an appeal for every Texan to cooperate in rodent control measures which will prevent the spread of this disease.

"Last year, 1147 cases of typhus were reported in Texas, and in the first 18 weeks of this year, the State Health Department has been notified of 185 cases," Dr. Cox stated. "With the peak of this disease usually occurring in August, if the present trend is continued, we may expect this total to be greatly increased by the end of summer."

The type of typhus fever occurring in Texas is known as endemic or Brill's disease, and is transmitted to human beings from infected rats, by means of the rat flea. The eradication of rats is the only way to reduce this hazard, and a consistent

## Crop - Livestock Roundup

Supplies of oilseed cake and meal available for feed from April through September are expected to be about the same as a year ago, reports the U. S. Department of Agriculture. Dairy-men and other livestock feeders who'll need more protein meal when hot weather begins to dry up pastures might be wise to lay in supplies now.

Maximum growth is necessary for maximum returns from livestock, says Dr. C. W. McCampbell of Kansas State College, and growth-producing rations must contain liberal amounts of minerals and proteins.

Cottonseed oil in 1946 again was the leading oil used in making margarine, one of the important food products that help to give value to cotton farmers' seed.

Are you wasting feed and power by too much grinding? M. W. Muldrow, Arkansas Extension Animal Husbandman, issues a timely warning against grinding grains and roughages too much. Coarsely ground grain and chopped roughage is more palatable, too.

Increasing mechanization of cotton and other crops will make agriculture more productive and give the world more goods at lower cost, A. L. Ward of the National Cottonseed Products Association predicted at the Oklahoma Experiment Station Feeders' Day.

Heavy application of nitrogen fertilizer to poor land not only increased the yield of corn, but also increased the protein content, a five-year study at Purdue University shows. The protein content increased from 9.9 per cent to 12.3 per cent in these tests.

Creep feeding calves, often the most profitable way to produce beef, offers special advantages this year, says W. R. Tyrrell of Tennessee Extension Service. This is because of narrowing profit margins and feed lot costs. Among advantages of creep feeding are: It makes maximum use of pasture and minimum use of grain; quicker annual turnover in capital; prevention of after-weaning setbacks; and it permits a larger cow herd by reducing pasture required for older steers.

Versatile cotton is not only cool for warm weather; it's also the warmest clothing against extreme cold. A South Carolina mill wove special cloth, similar to that used by the armed forces, for Admiral Byrd's Antarctic Expedition.

Ten years experience on California range shows the value of feeding protein supplements. Calf crops of herds fed protein supplement varied between 80 and 89 per cent, compared with only 55 to 79 per cent calf crops for the beef herds that received no supplement.

"Beat the bugs" to your cotton crop is a warning that can't be repeated too often right now. At present prices of cotton and cottonseed, no grower can afford to lose the one-bale-out-of-seven which insects normally steal.

## Weekly SURPLUS NEWS WAA

Surplus optical elements and equipment, which cost the government approximately \$1,000,000, are being offered for sale by WAA until June 4. The sale is nationwide in scope and is on a bid basis in which veterans and other priority claimants together with commercial buyers may participate. Educational and scientific institutions, manufacturers of optical and scientific equipment, novelties, glass and toys, salvage companies and exporters are invited to submit bids for any number of optical elements and equipment items amounting to \$100 or more. Included are telescopes, periscopes, telescopic sights, prisms, crown flints, mirrors and filters. Information on the sale may be obtained through the Customer's Service Center of WAA at Grand Prairie.

A part of the U. S. Government's effort to aid Mexico in its fight to stamp out hoof and mouth disease, the WAA Grand Prairie regional office has turned over office furniture valued at \$6,464.25 to the Bureau of Federal Supply for shipment to Mexico City, where the U. S. Department of Agriculture has established a large office. The shipment includes 135 desks, 161 chairs, 54 filing cabinets, and other items of equipment.

If you want to go into the laundry business—or get additional equipment for an existing business, the WAA is ready to negotiate. A sizeable quantity of washers, loggers and trouser formers, steam radiator units and pocketknives are all subject to negotiated price sales through the Customer's Service Center of the Grand Prairie regional office of WAA. This machinery has been used but WAA is offering at the same time a quantity of unused parts for mobile laundries.

Twin brothers, who are contractors, encountered a real problem during a spell of hot weather when the sun threatened to "cure" concrete they had poured too fast for permanency. They were unable to locate standard curing mats for the purpose. They came to WAA at Grand Prairie and found army cotton comforters which will do the job, they declared, until more standard equipment can be located. They were counselled as to the availability of these comforts by the Customer's Service Center at WAA office. They purchased over 100 of the comforters on their first trip and later came back and purchased additional units. They declared the comforters are doing the job.

Felling trees in fighting forest fires, digging post holes and stripping bark from trees in fighting beetles are among the uses suggested for 113,250 feet of Primacord now on sale through the Customer's Service Center of the Grand Prairie regional office of War Assets Administration. Primacord is declared to be a relatively safe detonant, easy to handle, comparatively insensitive to shock, friction or flame, and both the covering and the explosive core are water resistant. It can be fired by either an electric or non-electric blasting cap.

**BOWMAN CLEANERS**

From where I sit... by Joe Marsh

### Industry Looks at Our Town

Maybe you read how a group of industrial experts have decided that the small town is the place for industry—not big cities. Reasons they give are better housing, pleasanter living, and more opportunity for wholesome recreation.

Well, looking around our town I'd say that was about right. Most of us own our homes, and keep them looking nice; we enjoy each other's company; and our recreations are mostly simple outdoor sports, and in the evening a mellow glass of beer with pleasant company.

As Doc Walters says, that sort of life just naturally sets you up for work the next day... whether it's in office, mill, or field. And Doc should know. He works fourteen hours, but never misses his morning "constitutional" or his evening glass of beer with friends.

From where I sit, any industry could profit from being in a town where wholesome living, temperance, and friendship are the rule.

Joe Marsh

### Search To Find Oldest Chevrolet Truck Started

A nationwide search to find the oldest Chevrolet truck still in active service in the United States was announced today by J. W. Burke, manager, commercial and truck department, Chevrolet Motor Division, General Motors Corporation, Detroit. Owner of the oldest vehicle will be presented with a new truck from the "Advance-Design" line of trucks which will be introduced by Chevrolet in the near future.

"We expect old truck entries from every section of the country," said Burke, "and may find the vehicle in farm service or doing a hauling job on a city street. Owners are urged to enter their oldest truck as it may be the winning vehicle."

Rules of the contest provide that the truck must carry 1947 license plates, and be driven to a Chevrolet dealership for official registration. Age of the trucks will be determined by the serial number of the vehicle. The search began May 10 and will conclude June 15.

MRS. W. A. WILSON of Hamilton, Texas arrived last week for a visit with her daughter, MRS. D. C. STRICKLAND and family.

Tribune, Morton, Cochran County, Texas, Thursday, May 15, 1947

### Bob Wills And Texas Playboys To Play At Morton Roller Rink Tuesday, May 20

An American success story that began in the heart of Texas is that of Bob Wills, handsome, genial leader of the nation's no. 1 Western music aggregation.

Known as "Bob Wills and his Texas Playboys", this phenomenal dance band is coming to Morton Roller Rink for a dance engagement Tuesday, May 20.

Bob was born and raised deep in the Lone Star State, in a small town in Hall County, West Texas. His childhood was that of a typical Texas youngster, riding his dad's horses and learning the songs of the wild and lonely plains.

When he was about 10, he heard his cousin practicing on the violin.

"He went over and over the same piece," Bob recalls, "I got tired of hearing it. I said, 'I'll bet I can play that even if I don't take violin lessons'."

Much to his own surprise, Bob found he could perform the unusual feat of playing a violin by ear. From then on, he determined to make music his career.

He practiced hard on his cousin's violin, finally acquired one of his own, and soon was playing on three Fort Worth radio stations.

Then he collected a guitarist and a singer and organized the "Lightcrust Doughboys", a trio which sold four by the ton with their radio show. That was in 1928.

By 1933, the "Doughboys" fan mail had soared to over 2,000 letters a day; about 1,700 of them

### NOTICE TO BIDDERS

The Commissioners' Court of Cochran County, Texas will receive competitive bids until 10 o'clock A. M. May 28, 1947 at the Court House in Morton, Texas for the purchase of following described road machinery: One Tandem Drive, Diesel Powered, Power Control, Motor Grader, approximately 76 H. P., with starter, fully enclosed cab, 13.00-24 tires, 12 foot moldboard, and two 2 foot extension, at which time and place the Court will proceed to let a contract if any bid is accepted. The Court reserves the right to reject any and all bids.

Glenn W. Thompson, County Judge, Cochran County, Texas 11-12

coming from Oklahoma. With a warm reception assured, Bob Wills moved to Tulsa. There his outfit increased to 25 men. They broadcast over KVOO for ten years, playing every night except two when floods prevented their appearance at the station.

Bob Wills and his boys became the pride and sensation of Tulsa. Their greatest annual triumphs were the rodeos called "Bob Wills Stampede", put on for six consecutive years and featuring 500 riders and the best bucking horses available in the country.

Friendly, easy to know, Bob Wills has one success formula: "Nothing fancy or forced." Sounds simple—but with a public wanting songs, dance music and laughs, it takes a natural showman to stick by it. And Bob Wills does.

### Lamb County Led In Grain Sorghum Producing in 1945

Nine of the ten top ranking grain sorghum producing counties in Texas for 1945 were on the South Plains, according to figures recently released by the United States Census Bureau.

No. 1 county in the state was Lamb which grew 5,614,123 bushels of grain sorghum. The only county off the South Plains to break into the first was Nueces which raised 2,493,000 bushels and ranked ninth.

Other South Plains counties and their rankings were Terry, second, 3,149,219 bushels; Lynn, third, 4,685,052 bushels; Lubbock, fourth, 4,462,905 bushels; Bailey, fifth, 4,071,344 bushels; Hockley, sixth, 3,827,482; Dawson, seventh, 3,125,906 bushels; Farmer, eighth, 2,919,001 bushels; and Castro, tenth, 2,464,483 bushels.

The South Plains produced 57.5 per cent of the state total of 94,389,395 bushels of grain sorghum during 1945.

### TO BAPTIST MISSION MEETING

T. L. Bullard left early Monday for Dallas to attend a Baptist Mission Meeting.

Enroute Brother Bullard picked up pastors at Levelland and Lubbock who also are attending the meeting.

In Bowling or Gasoline...

ANNUAL COCHRAN COUNTY STOCK SHOW SPONSORED BY CHAMBER OF COMMERCE  
Event to be held at Harry Tolliver Warehouse—2 blocks East and 1 block North of Northeast corner of Court House square.

We join in inviting the people of this territory to come in Saturday, May 17, to see the fine animals fed out by FFA and 4-H Clubs and to be exhibited by them—We consider the feeding demonstration being conducted each year by these boys to be of great importance to the future welfare of this section—Let's encourage and back them in every way we can.

### State Highway Maps Are Ready For Distribution

A new edition of the official State Highway Map is just off the press to aid Texas travelers finding their way over the state's rapidly expanding road system.

Color photographs of things to see and do in the Lone Star State are featured on the map to help the tourists from other States inspire Texans to "See Texas."

State Highway Engineer D. C. ... announced free copies of the new map are available to the traveling public upon request. They will be distributed through the Highway Department's main office at Austin, the twenty-five district offices, and at the Department's information bureaus located at ports of entry into Texas.

Progress on the postwar building program is graphically indicated on the new map which carries more than 1,100 miles of new road which were not shown on the former edition.

### One Trunk NOT Standard Equipment

Whatever the weatherman may say, indisputable proof that spring is truly here and summer is on the way comes from the ever-faithful circus, most circus maintains its luster for young and old, and one way it's done is shown here. Pretty Kay Clarke gets elephantine assistance in keeping her new Chevrolet glistening, as old Blanche, queen of the Cole Bros. Circus "peerless pack of ponderous pachyderms," lends a hand ... er, trunk.

### Swing Of Southwest Farm Markets

Cotton, strawberries, and some grains and livestock strengthened last week, but other southwest farm products sold about the same or lower, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Corn climbed 13 to 16 cents per bushel last week, completely offsetting almost continuous losses during the past fortnight. No. 2 white corn reached \$1.96 per bushel Friday at Fort Worth and Galveston; and yellow \$1.91. Oats went up four cents, to sell at \$1.06 to \$1.08. Dull trading in other grains left prices little changed.

Alfalfa meal and wheat mill-feeds remained about the same, but other feeds dropped \$2 to \$5 or more per ton. Alfalfa hay sold \$2 to \$4 lower, as prairie hay continued in brisk demand. Increased tempo of peanut planting in North Texas moved seed at 15 cents per pound for recleaned farmers' stock and 21 for treated. Texas wool growers held their 1947 clip awaiting clarification of the market.

Despite seasonally dull trading in spot cotton, prices gained around \$4.50 per bale. Middling 15/16 closed Friday at 36.60 at Dallas and New Orleans; and 36.35 at Houston. Small supplies of high grades let lower classes sell better.

Poultry saw little change, with heavy hens at 26 to 28 cents per pound, and fryers 33 to 36. Eggs dropped one or two cents per dozen at most places. Week's price at Fort Smith averaged 36 cents; Amarillo and Denver, 37; Topeka Oklahoma City, San Antonio and Fort Worth 38; Dallas 39; New Orleans 42; Shreveport 44 and Houston 45.

Beets and potatoes from the Lower Rio Grande Valley about played out last week, but fresh corn moved in volume at mostly \$2.75 per bushel sack for white, and \$2.50 to \$2.75 per half bushel for bantam, as the market weakened. Tomato demand slowed too and lug boxes of green wrapped fell to \$5.50 to \$6.00, after reaching \$7 to \$8 earlier. Dull shipping point market caused most South Texas onions to roll unsold. Improved demand lifted Louisiana strawberries to \$4.64 1/2 average for 24 pint crates.

Most cattle sold lower at Texas markets last week, but other southwest terminals paid generally higher prices. The bulk of common to medium steers and yearlings brought \$13.50 to \$17.50 at Houston; while medium to average good kinds turned at \$18 to \$22.25 at San Antonio. Medium to good steers and yearlings cashed at \$18 to \$22.50 at Fort Worth; and \$20 to \$23.50 at Oklahoma City. Medium to good steers cleared at \$20 to \$23.50 at Wichita; and \$18.10 to \$24.75 at Denver.

Hogs gained generally 25 cents to \$1.00 for the week, but sows lost 25 to 50 cents at Wichita. Closing top price at San Antonio was \$23.50; Fort Worth \$24.25; Oklahoma City \$24.00; Wichita \$24.75 and Denver \$25.00.

Some lambs weakened at Texas markets, and stockers and feeders lost at Denver. Other sheep and lambs moved steady to higher. Good and choice spring lambs realized mostly \$19.50 to \$21 at San Antonio; \$21 to \$23 at Fort Worth; \$23 at Denver; \$23.25 to \$23.75 at Wichita; and up to around \$24 at Oklahoma City.

### TRAIL DUST

Fate has lighted candles at the altar of the red-headed man's destiny and all the pages of his life are filled and rest in the library of a lonely burial ground. His sensitive soul must have found peace in that sector of eternity which provides shelter for dreamers who suffer too easily; who dream too long. But his musical laughter still haunts the fat, wrinkling woman who was once slender and fair. Perhaps the small ring he gave her is hidden away with forgotten things and keeps its secret, a piece of tarnishing metal clutching a fragment of diamond. She will never know why his love died in a tragic instance one night, like the flame of a candle pinched by a feelingless hand; so much is hidden in the caves of a lover's silence. An unguarded word, spoken from her ripe, warm lips, crushed the temple of his soul and left her true nature stripped of pretense. He fled with the debris of his dreams.

### LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

#### A PUBLIC RELATIONS JOB

America's biggest public relations assignment, perhaps the most significant job of this kind in the history of the world, is gaining momentum. It's off to a good start. You may call it industrial statesmanship, if you want to, or you may call it selling the American way of life. What it amounts to is an all-out effort on the part of each one of us to demonstrate the faith we have in our economic system. So doing, we shall weather any present or future crisis.

There must be no tongue-in-cheek when we assert that never has any system given a people so much; nor has any system a brighter future. We Americans are not generally an emotional people. We can read history without weeping. Europeans think of us as more "practical" and less idealistic. At any rate we have been so busy that we have largely overlooked our selling job, until time is later than we thought.

#### Selling Ourselves

An industrialist recently indulged in a bit of analysis: "The simple fact that our American

style processes of finance, production, distribution and selling actually produce more for more people than does any other set of processes ever devised by man, has never been planted deeply in the minds of our people—at least not to the extent that it becomes an ever present and active part of the public consciousness."

I am afraid this is too true. If we had actually sold ourselves on America through the years, we would never have seen the phenomenon of certain of our public figures playing peek-a-boo with the Communists. There would be genuine appreciation of the accomplishments and potentialities of America in every university chair in the land. There would be no necessity for free labor to be suspect, nor capitalism to be defamed.

#### Campaign of Truth

Against so many rampant, fanatical destroyers, organized well and supported well, a clean and constant campaign of truth can be effective. Against the doubters and the cynics, this great public relations program must be tied in with all-out effort to produce goods for the American people, through an economy of abundance. Without good works, your theory falls flat. Only first under the system, if you please, then it's easier to make it work.

In dealing with all the varieties of dealers of hate and unrest, our people must be fortified. It ought to be difficult to hate the system through which America has become the fairest land in all the world. But we have to admit that these destroyers have made some headway. There are those who will discredit our system of individual opportunity for all, whilst enjoying its many benefits and advantages.

#### Symbols and By-products

Too many somehow have decided that business, in this "capitalistic" country, is altogether bad. These folks have not considered, however, how many cherished things they would have to give up if they got rid of "capitalism". Without private initiative in business and industry, in labor, and in professional life, we would sink to the level of some of our critics. Keeping what we have built upon so well in the past, we can make it possible to reach continually an ever higher standard of living, with wages that are the envy of workers in every land.

We take a lot of things for granted. Yet we have a job to do. If we are businessmen, let us not only sell the product as a symbol of the freedom under which it is made. If we are workmen, let us consider our jobs as by-products of the freedom under which we live. And no matter what we are, let us know that this sweet land of liberty offers us a freedom of opportunity as individuals that we can find nowhere else on this planet.

# Veterans' News

## NEW ISABILITY RATING

Veterans' service bureau has received a number of inquiries from veterans concerning the new disability rating schedule as authorized by congress.

Veterans' administration informs us that these new ratings are reviewed automatically and that it is not necessary for veterans to write in concerning their cases while they are pending. Up to March, VA has reviewed 842,000 cases out of a total of 2,692,000 compensation and pension cases subject to review under the new schedule. Under the law the review will be retroactive to April

Tribune, Morton, Cochran County, Texas, Thursday, May 15, 1947

## - Enoch Echoes -

1, 1946, so veterans need not get impatient as to whether or not their cases will be overlooked.

The new schedule, officially known as the schedule for rating disabilities, 1945 edition, permits VA to make a more accurate evaluation of veterans' disabilities than the preceding schedules did. It also provides for new types of combat wounds and tropical diseases encountered by men in the armed services, not included under the old schedules. The new schedules provide for increased ratings for certain types of disabilities and decreases in other types, but does not make any blanket change in ratings although increases far outnumber decreases.

All veterans drawing compensation for service-connected disabilities will have their cases reviewed under the new schedule.

### Questions and Answers

Q. My husband is with the 24th infantry division in Japan. Could you tell me when it will come home?—Mrs. P. G., Muncie, Ind.

A. There is no way of knowing when the 24th division, as a division, will be returned to this country. It may remain on occupation duty for a year or perhaps five years. However, the men in the division under the rotation plan are returning from time to time as their service ends.

Q. Before entering the service in 1941 I did not have any fillings in my teeth, but had several filled while in the service. I was discharged in November of 1945. I need dental care on the teeth that were filled while in service. Will that be service-connected and will the government pay for it?

A. Very likely the government will pay for it. Had you gone to Veterans' administration within a year after your discharge there would have been no question of the service-connection since VA regards such conditions up to a year after discharge as "presumptive service-connected." You likely will now have to establish the disability as service-connected. Go to your nearest office of Veterans' administration and ap-

Mrs. T. W. Autry was recipient of many delightful gifts at a house warming in her honor last week.

Guests present were: Mesdames Ona Bryant, Morton; M. L. Doyle, Morton; Daye Turney, Morton; J. E. Autry and son Gean, Morton; Mary McBee, Morton; A. D. Hallford, Enochs; Mr. and Mrs. W. T. Autry and son, Dimmitt, Texas.

Mesdames E. N. Autry and daughter, Jo Ann, Morton; E. C. Gellian, Enochs; E. N. Evans, Morton; C. C. Ball, Enochs; C. G. Segler, Enochs; R. P. McCall and son, LaDon, Enochs; Gus Jennings, Morton; Pat Short, Enochs; O. H. Grusendorf, Morton.

Mr. and Mrs. Cecil Doyle, Tacoma, Washington; Mr. and Mrs. Carl Laeser, Springlake; Mesdames Bob Adams, Morton; C. L. Stiles, Morton; Gayle Simpson, Enochs; Gladys Short, Enochs; J. W. Parsons, Morton; C. R. Segler and daughter, Sandra, Morton; John W. Gunter, Enochs; H. H. Snow, Enochs; J. B. Vandlingham, Enochs; Dan St. Clair, Maple and J. D. Nall, Morton.

Sending gifts but unable to attend were: Mesdames Zed Roberson, Enochs; E. N. McCall, Enochs; T. A. Thomas, Morton; Henton, Enochs; L. J. Jones, Morton; H. E. Kirby, Morton; and H. C. Brashear, Morton.

MRS. ROY WEEKES is visiting friends and relatives in Ft. Worth and Grandbury, Texas.

ply for a rating as to the disability and they will determine the case.

Q. Can the \$20 a week be stopped for refusing a job out of town or in town, and can they penalize a veteran four weeks for refusing the job?

A. Presumably you are referring to readjustment compensation for unemployment. Yes, the \$20 a week can be stopped if you refuse to take a job which the USES of the state considers suitable for you. Veterans' administration has nothing to do with the \$20 until you have been certified as on the rolls for compensation from the state organization. VA suggests that you take whatever job is offered.

Q. We have a neighbor boy who served in the Canadian army and later in the British air force. A friend told us he would be entitled to benefits of the servicemen's readjustment act. Can you tell me if that is true?

A. Yes. Persons who served in the active military or naval service of any government allied with the United States in World War II and were citizens of the U. S. when entering such service, if otherwise qualified, are eligible for the benefits of the act and of Public Law No. 16. They must, however, be United States residents at the time claim is filed and must not be receiving the same or similar benefits from the government in whose active military service they served.

Q. Our son is studying foreign relations and world peace and it's difficult to find free literature on these subjects. Do you have any free booklets one can get, or a list one could write for?

A. Suggest that you write to the division of public relations, State Department, Washington, D. C., and ask for material concerning these subjects. Your local library may have what you are looking for. Current magazines and newspapers also carry numerous articles on these subjects.

Q. I would like to know what AR 615-365 Conv. of Govt. (WDC 370.44) means on my discharge.

A. "AR 615-365" refers to a section of army regulations governing many forms and causes for separation from the armed services. "Conv. of Govt." means, at the convenience of the government, and "WDC 370.44" refers to war department circular of that number; which indicates the discharge was given at the convenience of the government because the man did not measure up to required standards.

**STATE JOINT RESOLUTION NO. 4**

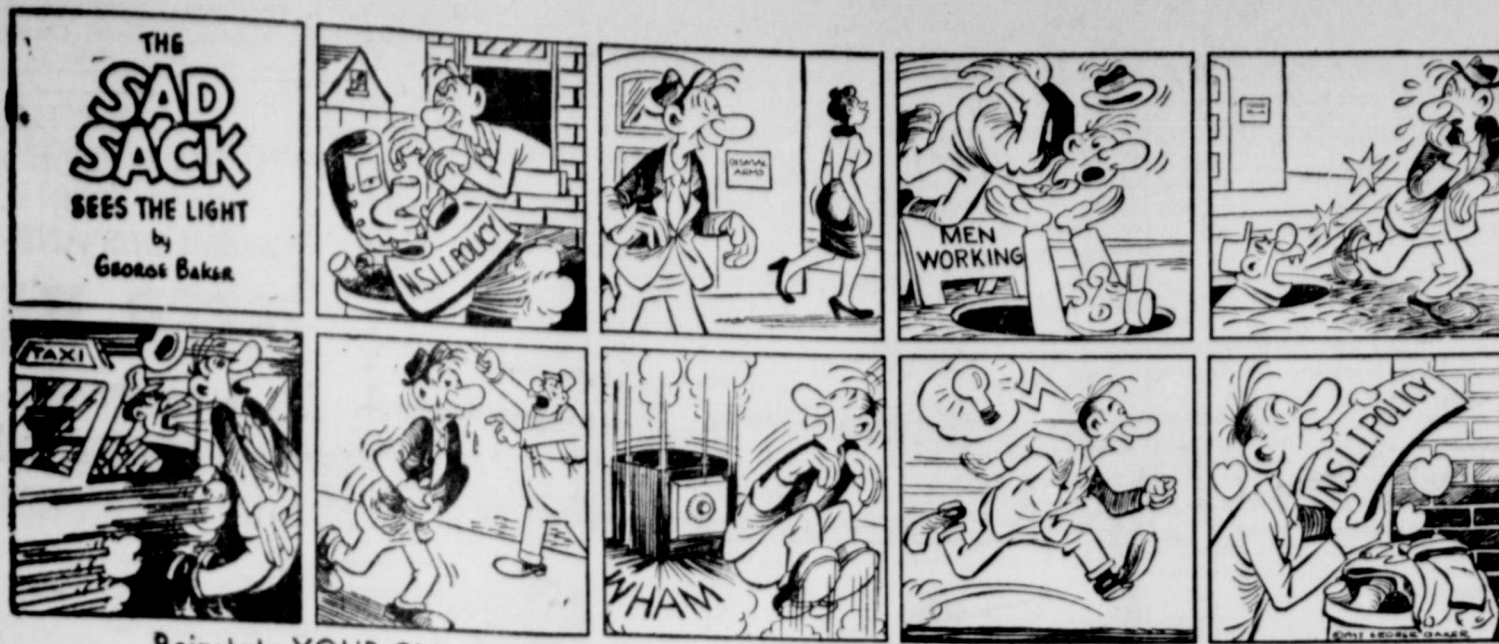

Proposing an amendment to Article VII of the Constitution of the State of Texas by adding two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions providing a method of payment for the construction and improvement of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable tax on property; providing for an election and the issuance of a proclamation therefor.

**IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

**Section 1.** That Article 7 of the Constitution of the State of Texas be amended by adding two new Sections 17 and 18 which shall read as follows:

**Section 17.** In lieu of the ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars hereinafter permitted to be levied by Section 51 of Article VII as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services of the Confederate army and militia of the State of Texas, for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove provided.

Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; the governing board of each such institution of higher learning is fully authorized to acquire all or any part of said lands or notes issued for the purpose of acquiring, constructing and initially equipping buildings or other permanent improvements at said institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said institutions, shall bear interest not to exceed three (3%) percent per annum and shall mature serially or otherwise not later than ten (10) years from the first day of January of each year in which such funds are allocated or re-allocated to said institutions; provided,

Reinstate YOUR GI Insurance NOW—at your nearest Veterans Administration office.

the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as herebefore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Three (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

**Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:**

Institution	Per Cent of Total
John Tarleton Agricultural College	5.72107
North Texas Agricultural College	6.17023
Texas State College for Women	11.52992
Texas College of Arts and Industries	4.75531
College of Mines and Metallurgy	4.71936
Texas Technological College	16.54877
East Texas State Teachers College	8.10657
North Texas State Teachers College	12.64522
Sam Houston State Teachers College	5.55068
Southwest State Teachers College	6.78474

Stephen F. Austin State Teachers College ..... 4.55414  
 Sul Ross State Teachers College ..... 2.15315  
 West Texas State Teachers College ..... 5.41643  
 Prairie View Agricultural and Mechanical College of Texas ..... 5.34416

**Not later than June 1st** of the beginning year of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose.

**Section 18.** For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of the University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

**Said Boards** are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of the University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

**All bonds or notes** issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable.

**Section 2.** The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

**For the amendment to Article VII** of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment

of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five Cent reduction of the maximum allowable state tax on property, allowable state tax on property, Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas.

**Against the amendment to Article VII** of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and

**WOAI Airs Special Broadcasts On Solar Eclipse And Sports Events**

Science and sports will highlight the special events programs this week-end over WOAI. The Solar Eclipse from Boca Yuva, Brazil, the Eastern Championship Regatta, and the Colonial Golf Tournament will be brought to Southwest listeners on a series of special broadcasts beginning this Saturday.

Princeton, Navy, Cornell, Columbia, Penn and Massachusetts Institute of Technology.

And for golf enthusiasts, the Colonial Golf Tournament will be aired in special broadcasts over WOAI on Saturday the 17th from 2:00 to 3:00 P. M. and on Sunday the 18th at 9:30 P. M.

Ben Grauer, NBC special events reporter, will be with the National Geographic Society—U. S. Army Air Forces Expedition in Brazil to witness the Eclipse which will not be visible in the United States. Grauer will interview scientists and technicians with the expedition on Saturday May 17 at 3:15 P. M. CST, and will give an additional report on the News of the World broadcast at 5:15 P. M. CST, on Monday, May 19th. In addition to scientists stationed with instruments on the ground, and others in a USSAAF "flying laboratory" B-29, balloons at levels up to 60,000 feet will record the effects of the eclipse.

**ATTENDING CONVENTION**

Sheriff Mac W. Hancock and Deputy Herman Crockett left Sunday for El Paso, Texas, where they are attending a convention.

Bill Stern, NBC's director of sports, will describe the Eastern Championship Regatta at Carnegie Lake, Princeton, N. J. on Saturday, May 17. Local broadcast will be over WOAI at 4:15 P. M. CST. The regatta, which annually attracts the major college crews of the East, will include entries from Harvard, Yale,

equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas.

**Sec. 3.** The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.

**Sec. 4.** The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election.

**SELL IT THROUGH A WANT AD!**

IN THE MORTON TRIBUNE

*don herold says:*

**AUTO FACTORY CLOSED UNTIL OUR WORKERS GUARANTEE US 7% DIVIDENDS**

Imagine the howl that would go up if mine owners agreed to close their mines and let America freeze unless miners dissolved their unions and consented to work for less money.

Imagine the howl that would go up if all the railroad owners agreed to shut down the railroads until the workers agreed to work at wages which would guarantee the owners a dividend return of six per cent on their investment.

Imagine the howl you'd hear if factory owners picketed the homes of strikers with such placards as "JOHN JONES WON'T WORK FOR REASONABLE WAGES" or "JOHN JONES IS A SCAM" (Unproductive employee.)

Labor no doubt has many reasonable requests, but I've often wondered how long the modern world would tolerate a "capitalist" who behaved like some labor chiefs.
