SUIT FILED TO CANCEL LEASE OF HOSPITAL

Morton Tribune

"TEXAS' LAST FRONTIER"

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, AUGUST 21, 1947.

NUMBER 25.

Seventy-Nine 4-H Clubbers Attend Cochran-Gaines 4-H Encampment

The Cochran and Gaines County 4-H Club girls held their first 4-H Club Encampment on Saturday and Tuesday, August 11 and 12. Camp opened at noon Saturday, August 11 with Mrs. Ed Willis, Lois Wilson and Helen Keith in charge of instruction. Mrs. G. C. Keith, K. A. Wilson and La Verne Shriver were in charge of all arrangements for the evening and noon meal. Mrs. Cecil Men, Miss Mary Grindstaff, the demonstration agent for Mrs. Miss Mabel Ann Manley, Cochran county home demonstration agent, Ella Katherine Keith and Katie Lou Smith were in charge of the Handicrafts. The first assembly for the camp was called at 2:00 P. M. by

Vernon Seriously Injured In City Cess Pool Fall

O. D. Vernon, Water and Sewerage Superintendent for the City of Morton, was seriously injured late Monday night of last week when he fell 24 feet from a ladder at the City cess pool. Mr. Vernon had finished cleaning the screens at the bottom of the sewer and climbed the ladder to the surface when he was apparently over-come by the gas fumes from the sewer and fell the complete distance to the bottom. He was rushed to the Payne-Shotwell hospital in Littlefield but X-rays showed no broken bones. His condition was improving Sunday and barring complications of internal injuries he will return home this week.

Lois Wilson-George Keith Receive Producers Grain Talent Club Award

The Cochran County home demonstration and County Agricultural agents have been notified that Lois Wilson and George Keith have been awarded membership to the Producers Grain Corporation Talent Club. The Producers Grain Corporation covers seven districts. Each year a boy and girl from each district is selected to become a member of the Talent Club. The selection is made by comparing the 4-H Club records of these young people. The awards are made at a luncheon held in Amarillo by the Corporation. According to the information received the member is to take the award, invest it and write an essay to be judged next year. The two first place winners this year are Rozena Helton, Brisco, Wheeler County and Ray Adams, Kress, Swisher County. These two young people will be awarded \$50. in cash each.

Markham Bros. Meet For First Time In 25 Years

Mr. and Mrs. C. B. Markham and his brother, W. N. of Dallas, met last Saturday, where they remained for his home following a visit here with C. B. another brother, J. C. of New Mexico. This was the first time the three had been together in 25 years.

Cliff Davis Installs Class Cutting Equipment In Shop

Cliff Davis, owner of the Davis Service Station, north of town on the Muleshoe highway, has installed glass cutting equipment in his shop and can now cut and fit glass in any model car. Davis handles the well known Cosden products and a good line of automotive accessories, as well as new wheels and generators.

Cochran Farmers Accept Irrigation For Insurance

Farmers in Cochran County are beginning to accept irrigation as the best form of crop insurance. Bob Ramp, five miles east of Morton, began watering with his new well last week. He plans to drill two more wells this fall and water 400 acres next year. John (Buck) Moss, one mile north and three and one-half east of town is deepening his well and plans to water 100 acres.

Keith Receives Free Angus Calf From H. Gowdy

George Keith received his Angus 4-H Club calf from Hank Gowdy, Arch, N. M., August 7. Roy Hickman, former County Agent and Homer E. Thompson selected it out of a group of 12 of Hank's best steer calves. George won this calf as a result of his 4-H Club feeding ability with Whiteface calves so Mr. Gowdy wanted him to try Angus calves. Congratulations are in order for George and best luck this year in your calf feeding says the County Agent.

Annual 4-H Club Short Course To Be Held Aug. 23

Saturday, August 23, is the day for all 4-H Club boys to look around and see what other people are doing. A one day short course is to be held for all 4-H Club boys at the livestock pavilion Texas Tech College in conjunction with the extension service Saturday from 9:30 A. M. to 4:00 P. M. on beef calves, swine, sheep, dairy cattle and poultry. Homer E. Thompson, County Agent, urges all 4-H Club boys to take parents and go to this short course. Take sandwiches and plan to stay until 4:00 P. M.

Receive Invitation to USS Cobia Reunion At N. Y.

Mr. and Mrs. Alton Burleson received an invitation to attend the first annual reunion of crew members of the USS Cobia being held at College Point, New York Saturday, August 23. G. Burleson, eldest son of Mr. and Mrs. Burleson, who died December 29, 1945, while on Christmas leave, was a crew member of the Cobia. Young Burleson, known affectionately to his shipmates as "G" was the only Texan in a crew of 72 men.

All Day W. M. U. Meet To Be Held At Baptist Church

Mrs. Pete Lindsey, president of the First Baptist W. M. U. has announced that Miss James, Southwide Educational Director, will be in Morton for an all day meeting at the First Baptist Church on Thursday, August 28. The local W. M. U. will be host to three other societies in this area, County Line, Bledsoe and Whiteface, for the all day meeting. Luncheon will be served at the church and instruction on W. M. U. work given to the group by Miss James.

Miss Lucille Stoker Visits Life Time Friend In Morton

Miss Lucille Stoker of Seguin, Texas is visiting a life time friend, Mrs. W. A. Woods, who lives west of town. Miss Stoker, a Western Union Manager for 25 years, was organized and bought 40 lots six blocks west of the present city square.

8 Angus Calves Ready For Sale To Local 4-H Boys

Hank Gowdy, Arch, N. M., plans to sell 8 more Angus 4-H Club calves to Cochran County 4-H Club boys, August 28, for \$100.00 each. George Keith will furnish truck for the trip with County Agent, Homer E. Thompson. The parents are urged to go along with these boys and see this ranch and calves so a definite number of calves can be agreed upon for future purchases.

Two Local Men Return From Scenic Vacation

W. K. (Bill) Whitman and A. E. (Zeke) Sanders returned last week from a two week scenic tour and vacation trip. First stop on the extensive tour was at Pike's Peak, where Mr. Whitman said, "I nearly froze. It started snowing as we made the ascent and kept on until we got back to Colorado Springs."

Week-End Arrests Made In Morton By City Marshall

Tom Neal, City Marshall, made arrests over the week-end of these, including three negro men, three mexicans and one negro were charged with drunkenness. Three men were arrested for speeding and a fourth driver was arrested for not having a drivers' license.

Byron Gunter Purchases Seven Angus Calves

Byron Gunter, Enoch, a 4-H Club boy of Cochran County hit the gong last Saturday, August 16, when he went down to Hank Gowdy's Angus Farm and purchased 7 head of calves for \$100. each. Byron was going to buy one calf, but Hank said, "No I can't split up the group as it takes time and labor to round them up, but I will sell all of them for \$100. each."

Large Cotton Stalk On Display At Tribune Office

A three foot, eight inch tall cotton stalk with a dozen or more bolls, numerous squares and blooms is on display at the Tribune office this week. This unusually fine specimen was brought in Monday by Clayton Stokes from his farm south of Bledsoe.

NOTICE TO TRIBUNE ADVERTISERS

As part of the staff will be out of town next week, it is earnestly requested that all advertisers get their ads in early, in order to facilitate getting the paper out on time. Will greatly appreciate having news and local items called in by telephone or brought to the office.

Miss Lucille Stoker Returns Home To El Paso

Mr. and Mrs. Bill Garrett, Mrs. E. D. Garrett, Mr. and Mrs. N. H. Lovelace and Dixie Dean accompanied Betty Lou Cunningham to Brownfield last Saturday night where she took a bus for El Paso. Betty Lou spent the summer here with her grandparents the E. D. Garrets and C. L. Cunningham of Levelland.

B. B. QUEENS MOVE TO LOVINGTON, N. M.

Mr. and Mrs. B. B. Queen and family moved from Morton to Lovington, New Mexico, Monday of this week. Queen, who has been in business here for sometime, recently bought a 300 acre irrigated farm about 2 miles northwest of Lovington.

F. F. Roberts, C. B. Williams, J. V. McKay and J. S. Crockett Petition District Court To Deliver Possession Of County Hospital From Coop Association to Commissioners' Court

In a suit filed in District Court on Saturday, August 16, F. F. Roberts, C. B. Williams, J. V. McKay and J. S. Crockett petitioned the court to enjoin the Cochran County Cooperative Hospital Association from carrying out the terms of a lease granted on July 19, 1947, by Cochran County Commissioners' Court.

Leasing of the hospital to the Association followed an election held in Cochran county on July 5, at which time the voters favored leasing or selling by a majority of almost two to one.

The Commissioners' Court advertised for bids on leasing the hospital July 10. Notice to bidders specifically stated that all bids could be rejected at discretion of the Commissioners' Court. According to a report given by the Commissioners' Court and published in the Morton Tribune on July 24, Dr. J. V. McKay offered \$3000.00 a year rental for the hospital and equipment. While the Association offered \$125.00 a month, payable in advance as rental, in combination with installation of several thousand dollars worth of essential equipment for the use of all patients and doctors who might wish to use the hospital. Coop Association also agreed to run hospital as open staff for benefit of public.

Content of the suit as filed in District Court is printed below verbatim:

NO. 717
In the District Court of Cochran County, Texas.
F. F. Roberts, et al. Plaintiffs vs. Cochran County, et al. Defendants.
TO THE HONORABLE JUDGE OF SAID COURT:
Now comes F. F. Roberts, C. B. Williams, J. V. McKay and J. S. Crockett, hereinafter styled plaintiffs, complaining of Cochran County; the Commissioners Court of Cochran County, composed of G. W. Thompson, C. G. Shaw, John Kennedy, E. C. White and L. M. Baldwin, said G. W. Thompson being the County Judge of Cochran County, Texas, and the other named defendants being the Commissioners of said County; and Cochran County Cooperative Hospital Association, a corporation, hereafter styled defendants, and plaintiffs would respectfully show to the Court the following:
1. That the plaintiffs reside in Cochran County, Texas; that the defendant Cochran County is a County duly and legally organized and created under the Laws of the State of Texas; that G. W. Thompson is the County Judge of said County; that E. C. White, L. M. Baldwin, John Kennedy and C. G. Shaw are the Commissioners Court of said County; that the Cochran County Cooperative Hospital Association is a corporation organized under the laws of the State of Texas, with its principal office and place of business in Morton, Cochran County, Texas; that H. B. Abbe is the President of said Cochran County Cooperative Hospital Association upon whom service may be had.
2. That all of the plaintiffs herein are residents of Cochran County, Texas, and are qualified tax paying voters, owning real and personal property in Cochran County, Texas; that the plaintiff, J. V. McKay is a duly licensed practitioner and resides in Cochran County, Texas.
3. That heretofore, to wit: On or about May 14, 1945, there was presented to the Commissioners Court of Cochran County, Texas a petition signed by numerous tax paying voters in this County, requesting the Commissioners Court of Cochran County, Texas to hold a bond election to vote bonds in the sum of \$100,000.00 for the purpose of establishing and equipping the County Hospital; that pursuant to such petition the Commissioners Court did, on May 14, 1945, order such election, and notice of said election was duly given and said election was held on June 9, 1945, at which election the overwhelming majority of the qualified tax paying voters voted for said bond election, and said election was duly carried. That pursuant to said election and the bonds issued by the Commissioners Court, said bonds amounting to \$100,000.00 issued, bearing interest at the rate of 1 1/2 per cent per annum, and maturing \$10,000.00 on April 15 each year, during the years 1946 to 1955 inclusive.
That also, in connection with said hospital, the Commissioners Court issued County Hospital warrants in the sum of \$13,000.00, bearing interest at the rate of 2 per cent per annum; that the Commissioners Court of Cochran County, Texas pursuant to said bond issue, let a contract to build a County Hospital at Morton, Texas, and such hospital has now been completed.
4. That at the time of the voting of said bonds as above set out a site was acquired for such hospital in Morton, Texas, and that it was the duty of the Commissioners Court of said County to appoint a board of managers in accordance with Article 4479 of the Revised Civil Statutes of the State of Texas; that the Commissioners Court of Cochran County, Texas has failed and refused to comply with the terms of Chapter 5, Title 21 of the Revised Civil Statutes of the State of Texas.
5. That the Commissioners Court of Cochran County, instead of complying with the provisions of Article 4479, secured the passage of House Bill No. 419, passed by the 50th Legislature in its regular session, which authorized certain counties to sell or lease its County Hospitals; that said House Bill No. 419 is void and unconstitutional as hereinafter set out.
6. That pursuant to the provisions of House Bill No. 419, the Commissioners Court of Cochran County, Texas did, on May 28, 1947, order an election as set out in the Minutes of the Commissioners Court in Volume 4, page 7 of such Records, same being here referred to, whereby an election was called to be held on July 5, 1947 to determine whether the Commissioners Court should sell or lease the County Hospital; that pursuant to said election notices were given and the election was held, at which time a majority of the voters voted to sell or lease the County Hospital and that on July 8, 1947, the Commissioners Court ordered that bids be received for the lease of the Hospital, such bids to be opened on July 19, 1947; that pursuant to such bids the plaintiff, J. V. McKay made a bid of \$3,000.00 per year as rental for such County Hospital, and that the defendant the Cochran County Cooperative Hospital Association bid the sum of \$125.00 per month; that the Commissioners Court, in violation of law, accepted the bid of the Cochran County Cooperative Hospital Association and on July 19, 1947 entered into an agreement between Cochran County and the Cochran County Cooperative Hospital Association, whereby the County Hospital was leased to the defendant, Cochran County Cooperative Hospital Association for a term of fifteen (15) years at a monthly rental of \$125.00 per month.
7. These plaintiffs would show to the Court that the lease, as above set out, to the Cochran County Cooperative Hospital Association is void and of no force and effect for the following reasons, to wit:
(a) That House Bill No. 419, as above set out, is unconstitutional and void for the reasons that it violates Section 52 of Article 3 of the Texas Constitution in that the Legislature has no power to authorize a County to lend its credit or to grant public money or thing of value to any individual, association or corporation.
(b) That said House Bill No. 419 is unconstitutional and void and of no force and effect for the (Continued on back page)

Christene Nesbitt And Walter Shields Wedding Vows Read Friday Morning

The marriage of Miss Christene Nesbitt, daughter of Mr. and Mrs. G. G. Nesbitt, to Walter Shields, son of Mrs. Roy L. Shields, Bledsoe, was solemnized Friday morning, August 13, in the home of the bride's parents.

Rev. A. A. Kendall officiated. The ceremony was read before an improvised white altar, banked with baskets of flowers.

The bride, dressed in a beige suit with blue blouse and black accessories, carried a white bible gift of her maternal grandmother, Mrs. Dollie Miller, and wore a shoulder corsage of red roses.

The couple was attended by Miss Louise Nesbitt, sister of the bride, and F. D. Hooker. Miss Nesbitt wore an aqua shadow lace dress with brown accessor-

ies and a shoulder corsage of pink carnations.

Mrs. G. G. Nesbitt, mother of the bride was dressed in brown and white crepe and her corsage was of ivory gladiola.

Mrs. Roy L. Smith, mother of the groom, wore blue crepe with corsage of ivory gladiola.

A reception was held in the garden of the Nesbitt home after the ceremony. Misses Ovella Nesbitt, Norma Joy Ford, Audrey Fay Kelly and Doris McMaster presided at the lace covered refreshment table. Miss Leota Hood was in charge of the guest book.

Wedding guests were: Mr. and Mrs. Roy L. Smith, Mr. and Mrs. R. J. Merritt of Bledsoe; Mrs. Dollie Miller, Roosevelt, Oklahoma; Mr. and Mrs. F. D. Hooker, Mountain Park, Oklahoma; Mrs. Fay Holliday and son, Loyd, of Hobart, Oklahoma; Mr. and Mrs. Arthur Kendall and Barbara; Mr. and Mrs. A. C. Ford, Billie, Janelda and Frankie Ford; Misses Norma Joy Ford, Leota Hood, Peggy and Alta Mae Singleton.

Mrs. Shields attended Morton schools, graduating from high school in 1946.

Mr. Shields attended school at Friendship and served 17 months in the Army Air Corps with overseas duty in Luzon and Japan.

The young couple left immediately after the reception for a bridal trip to Oklahoma City, Oklahoma.

THREE-MINUTE SERMON

By T. L. (Jack) Bullard, Pastor
Missionary Baptist Church

In Luke, 9:23 we find this statement that Jesus made himself; "If any man will come after me, let him deny himself and take up his cross daily and follow me." This is a world-wide invitation and no man is left out. Jesus said in Matt. 10:38: "He that taketh not his cross, and followeth me, is not worthy of me." The sweetest path that a man can travel in this life is the path that Jesus trod. It is the only safe road that we can travel and the only road that will lead to Eternal life. The question that we have today that should concern every individual is, why I am following Jesus: Let us think on that for just a minute. Why am I following Jesus? There are three reasons why men follow the Lord today.

First: "Because of the bread and fishes." Jesus told the multitude, as recorded in John, 6:26: "Ye seek me not because ye saw the miracles, but because ye did eat of the loaves and were filled." Brother, if a man is following Jesus or staying in the church just because he thinks he will get a little bread, he does not know the Lord. The Lord has no place for a man like that and the church is doing an injustice both to the individual and the Lord's work by tolerating such. The church is not a saving institution but it is a place for those who are saved, or know the Lord as their savior.

Second: "Because of force." There are several things that men could allow to come into their minds that perhaps would force them to follow Christ. Public sentiment has its influence on many today. If it was not for what the public would say I just

would not have any thing to do with the church and the work of the Lord. Others look at it like this; I just can't afford to not have any thing to do with the church. My business would go down and I would soon have to quit. Others say I am afraid I will be lost if I do not follow the Lord. Listen my friend, that is the wrong conception of God's word. If you have not the Lord, you are not going to be lost; you are lost already.

Third: "Because of Love." This is the only way to follow the Lord and it ever be worth any thing to you. If I love the Lord deep down in my heart I will follow him. Love is the only thing that can break down that middle wall and send a man's vision and determination into the service of the Lord. My heart rejoices to know that many have been able to do just that in the past two weeks. We are happy that the Lord is still on His throne. Each of you have a special invitation to visit with us and enjoy that sweet fellowship every Lord's Day.

Weekly Cotton Market Review

(Texas and Oklahoma)

Spot cotton prices lost a little more than \$5 per bale from last week. Offerings were becoming more plentiful in south Texas markets. The demand was principally for the higher grades. Scattered showers were not generally sufficient to benefit cotton. The price in Dallas on Thursday for Middling 15/16" was 34.30 cents compared with 35.45 cents a week ago and 35.70 cents a year ago. In the Houston market the price was reported at 34.40 cents and in Galveston at 34.30 cents. This compared with 33.95 cents and 33.90 cents, respectively, a week ago. The basis was reported as being erratic with rather wide variations between different sales. Reports indicate that around Austin the prevailing basis was 200 on October New York for Middling 15/16".

Offerings though increased contained more of the lower grades. Rains in the Corpus Christi area and Rio Grande Valley resulted in lower grades and current ginnings are running mostly Strict Good Ordinary to Strict Low Middling. Farmers were generally selling cotton soon after it was ginned. Demand for Middling and better was strong but these qualities were becoming scarce.

Picking and ginning made good progress in extreme south Texas. Considerable cotton was being snapped in the Coastal Bend. Early planted cotton was opening in central and north Texas. Deterioration was reported in most parts of Texas due to dry weather. Moisture conditions were more favorable in Oklahoma but rains would be beneficial.

MRS. LINDSEY DAVIS of Okmulgee, Oklahoma, arrived last Thursday for a visit with her sister, MRS. OSCAR VERNON and MR. VERNON.

How those darling twin sons Mr. and Mrs. Kirby Smart bring with their grandad Nettie and uncle Howard Monday afternoon. The little boys dressed in white trousers and striped shirts were very cute. We know Howard Warren from the darker blonde hair than the other.

E. Benham introduced us to H. Bewley in the bank last week and Mr. Bewley said, "I could know Mrs. England from a picture."

Our favorite ditty remembered in Little Benny's Note "Book" is the best explanation we think of, it goes something like this:

No matter whether you are a tooth brush door-mat or a bear, you'll never look the same again you ever lose your hair."

Whether it's new rings, a new engine or a complete overhaul, come to... **"TRUCK Headquarters!"**

Morton Motor Co.

But if in losing the hair, what is left, changes color, the effect is nothing short of devastating. No wonder Mr. B. didn't recognize us.

Necessity is certainly the mother of invention and in planning Mickey's party last Saturday we were distressed over the lack of a punch bowl, so decided to have Clint Davis over at the ice house freeze us a hunk of ice with a hole in it suitable for punch holding purposes.

Mrs. L. W. Barrett sent a tub full of gorgeous dahlias from her yard. These we placed around the ice bowl and it really made an effective picture.

Mrs. James St. Clair also contributed a dozen perfect long stemmed roses from her yard. Al together with the help of Miss Manley who arranged for pastel cups, plates and napkins we thought everything very nice.

Too, Mickey and Bill received a large number of lovely and useful gifts. Of course that was practically the whole idea anyway.

Helen Butts, a neighbor of Mickey's folks out west of town was there. It was our first meeting with Miss Butts, she is a charming dark haired girl.

We have always had the deepest admiration for Mrs. Ken Coffman, she is such an attractive person. Mrs. C. told the group about a trying time she had with her year old son a few days before when he drank quite a large amount of bleaching fluid.

Mrs. Earl Cadenhead and Joyce Brisco got pretty excited one day last week when some of the Brownfield Rodeo Boosters carried off evidence from the court house that was to be used in a robbery trial.

However Herman Crockett, Deputy Sheriff, got on the telephone and the Sheriff over in Terry county promised to see that the evidence was returned pronto.

Our little friend, Bo Brown of Snyder, visiting in our home last week and examining some of the

Mrs. Bill Garrett Honored At Bridal Tea Saturday Eve

Mrs. Carl England and Miss Mabel Ann Manley entertained with a bridal tea in the England home on Saturday, August 15, from five until seven o'clock in honor of Mrs. Bill Garrett, recent bride.

Arrangements of roses were used throughout the entertaining rooms. Mrs. John Lawrence presided at the lace covered refreshment table centered with a punch bowl formed of ice which was entirely surrounded with vari-colored specimen dahlias.

Miss Manley was in charge of the guest register. Gifts were displayed in the guest room.

BABY GIRL BORN TO MR. AND MRS. CHARLES HANS

Mr. and Mrs. Charles Hans are the parents of a baby girl born at Lubbock Memorial hospital on August 13. The baby weighed 7 pounds and 8 ounces.

Mrs. Hans is the former Tommie McAlister, daughter of Mr. and Mrs. Tom McAlister. Mr. and Mrs. Hans have one other child, a son, Terry Hans, aged three.

PARENTS OF NEW SON

Mr. and Mrs. Raymond New are parents of a son, Raymond Keith, born at Phillips-Dupree hospital on August 7. Raymond Keith weighed eight pounds and four ounces at birth.

MR. AND MRS. W. J. COTTON PARENTS OF NEW DAUGHTER

Mr. and Mrs. Willis J. Cotton, Whiteface, are announcing the birth of a daughter, Kathy Jo, at Phillips-Dupree hospital on August 4. Kathy Jo weighed seven pounds and eight ounces at birth.

MRS. H. E. TOLLIVER RETURNS FROM CALIFORNIA SUNDAY

Mrs. H. E. Tolliver arrived in Morton, Sunday from San Francisco, California where she has been for several months.

Mrs. Tolliver is owner of Tolliver Courts on the Muleshoe highway, north of town.

trinkets embarrassed his Mother by this query, "Ann, don't you EVER clean up? This little wagon is all covered with dust."

Bo can't remember but once upon a time we did keep house beautifully; that was before we spent all of our waking hours in a newspaper office.

Bo is a lovely little boy, he was on his way with his parents to Ruidoso for a vacation. David Paul, the new little 2½ month old brother was left at home and Bo said, "I hope Paul is six years old when we get home next week, so he can play with me."

Mrs. Herbert Hillman has the most beautiful scarlet hibiscus in bloom. We can see her flower garden from our kitchen window and thoroughly enjoy all the gorgeous blooms.

They are grand neighbors. One evening last week we got home and found Herbert had been out and cleaned up our alley. He probably thought he owed us something for the nine Tribunes that accidentally got into his mail box. As proud as we are of the Tribune we hardly think any one cares for more than one copy of each issue.

Never a dull moment around here we always say, what with citations, injunctions, etc., we never lack for excitement. Anyway we have been amply provided with startling headlines for the paper. Every time a new suit is filed and reported, we sell as many extra copies as we have newsprint to print on.

Guess those fellows on the 50th legislature will be pretty up set when they find out that the constitutionality of some of the emergency bills they passed is being questioned. Wonder if declaring one emergency bill unconstitutional will void all of them; such as the one regarding the school maintenance tax, motor vehicle bill, etc.?

Gayle Bishop who has been asked to vacate says, "People who live in glass houses at least have a place to live."

East Texas 4-H Clubbers Doing Fine In Feeding Calves

Just like East Texas beef cattle are giving West Texas cattle some competition, East Texas 4-H Club boys and girls are giving fellow club members out in the cow country a run for their money in feeding club calves.

In Freestone County, for instance, Charlie V. Hanning, county agricultural agent, reports that for the first time in several years, interest in beef calf feeding among 4-H'ers is booming.

There are some 15 calves on feed in the county now, says Hanning, that are making good gains, mostly around two pounds per day. William Pen Moore, 4-H boy of the Dew community, copied the county gain record when his calf put on six pounds per day for 25 days straight. William's calf had been making four pounds a day regularly, as had the calf of Harlin Anderson, club boy of Turlington.

All the calves are coming along well, says the county agent, and they should be in good shape to give somebody some competition at shows in September and October.

Santa Fe Railway To Award F. F. A. In Texas 15 Educational Awards

Fifteen educational awards to outstanding young future farmers in Texas will be offered by the Santa Fe Railway in continuation of its annual educational program. It is announced by President Fred G. Gurley of that company.

Winners will be selected by the State Department of Agricultural Education under the direction of R. A. Manire, Director, Agricultural Education, Austin. The awards are cash sums approximating the expense incident to attendance by the winners at the National F. F. A. Convention held in Kansas City in October. Winners of the Santa Fe award must reside in counties served by the Santa Fe Railway.

In renewing its annual offer, Gurley said the Santa Fe this year will extend its awards to livestock and meat judging teams, or American farmer candidates, or both, within the quotas previously observed for each state in which the awards are made.

"Livestock and meat judging will be revived at the F. F. A. Convention in Kansas City in

1947 for the first time since the war," Gurley said, "and judging teams of those classifications will again be included in our awards this fall as well as official delegates and candidates for the American farmer degree."

In addition to Texas, other states continuing to benefit under the Santa Fe's educational award system are Illinois, Missouri, Kansas, Oklahoma, New Mexico, Colorado, Arizona and California.

Social Security Official Slated To Be Here August 28

Elliott W. Adams, Social Security Administration Representative, will be in Morton at the U. S. Post Office at 11:00 a. m. on Thursday, August 28, for the purpose of answering any questions you may have on Social Security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for Social Security account number cards.

Your account card is the key to your entire social security wage record—and to benefit payments for you and your family. Take care of your card. If you must keep it with you, don't carry it loose in your pocket—keep it in a holder or some kind to protect it from wear, tear, and loss. For information concerning account numbers or Old-Age and Survivors Insurance payments, call or write the Lubbock office of the Social Security Administration located at 1311 Texas Avenue, Lubbock, Texas.

Helpful Hints About Gardening

Well, it's fall gardening time again, and the questions have begun to roll into the Texas A. and M. College Extension Service. "What do I plant, when and where, in a fall garden?" That's what most gardeners are asking, and Extension horticulturists say that it's a tough question to answer in a few words since Texas is so big and there are such differences in climate in different parts of the state.

But in general, here are a few pointers. In August and early September, plant only your heat-tolerant vegetables—that is, the ones that can take late summer and early fall heat and still do well. Those heat-tolerant vegetables are onion sets, mustard, turnips, green beans, potatoes, squash, radish and cabbage. And be sure you don't wait too late to plant the frost-tender vegetables like potatoes, beans and squash.

And don't fill up all your garden space now. Leave room for your later planting of spinach, beets, carrots, and lettuce.

When you start planting, put in only a few feet of row space at a time, wait a couple of weeks or so—and then plant some more, repeating the same job at two to three week intervals. Get those planting dates scattered out a bit, and you'll have fresh vegetables for a longer time this fall. If you want your vegetables to grow off fast and tender, apply four to five pounds of 5-10-5 commercial fertilizer to each 100 feet of row space.

C. W. JORDANS MOVE TO TUSCON, ARIZONA

Mr. and Mrs. C. W. Jordan left Morton last week for Tuscon, Arizona, where they will make their home.

Mr. Jordan had been connected with the Forrest Lumber Company here for about five years.

Mrs. Jordan, active in Methodist Church organizations was choir director for the church.

Free literature and 16-color cards. Exclusive dealers wanted; if you have none, then order from us. \$5.95, COD, postpaid. Lubbock Cover Co., 1911-N, Lubbock, Texas. 27p

Dallas State Of Texas Fair Facts

The State Fair of Texas is the biggest annual exposition in the world. Its 187 acres and three score giant exhibit halls are valued in excess of \$25,000,000.

The Fair is 61 years old, was organized in 1886. Predecessor to the State Fair of Texas was a Fair establishment on this site in 1862 the only fair ever chartered by the Confederate States of America.

In geologic ages, a canyon 450 feet deep ran through what is now the grounds of the State Fair of Texas. Through hundreds of years, sand and gravel have completely filled it in; much of the gravel is pure enough to be used for concrete blocks which have gone into Fair buildings.

The Merry-Go-Round at the State Fair of Texas is one of the largest in the world. Each of its 72 horses is carved wood replica of some famous horse in Greek or Roman history. Each horse cost an average of \$750.

During 1946 an all-time high of 1,639,936 persons visited the State Fair of Texas—nearly 15 per cent of the 13 million persons living in the Southwest.

Singer Rev. W. M. Culwell, 865 Lillius St., Abilene, Tex.

SERVICES TWICE DAILY

MORNING—10 A. M. —:— EVENING—8:15 P. M.

THE PUBLIC IS INVITED TO ATTEND

If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and heal their land—Second Chronicles 7:14.

It pleased God by the foolishness of preaching to save them that believe.—1 Cor. 1:21

I Speak for God

My message is not my own but God's. I preach the Bible, God's Book. I beg men to accept His authority, seek His will, and go His way.

My preaching assumes that man is a moral being; he can choose right—he is responsible for doing evil. He can be persuaded to act. HE CAN CHOOSE GOD.

I do not induce awe by the pageantry of a ritualistic service, nor do I threaten with the power of an ecclesiastical system. I appeal for a decision of the will based on an enlightened mind.

I convince men of
• The folly of sin
• The wisdom of godliness
• The love of God

I implore men everywhere to
• Turn from sin
• Turn to God
• Accept His pardon offered through Christ

Necessity is laid upon me; yea, woe is unto me if I preach not the gospel.—1 Cor. 9:16

IT PAYS TO GET GENUINE Factory-Engineered CHEVROLET PARTS

For repairing your Chevrolet car or truck, insist on getting genuine parts... made expressly for Chevrolets to the standards and specifications of the original parts... It stands to reason that Chevrolet engineers know what's best for the vehicles they design. And a part made to fit a number of makes may not be so good for one particular make as the part designed for that one make alone.

FAN BELTS, For Instance

Different yearly-model chevrolts have different-size pulleys with different V-angles—so Chevrolet has a particular belt for each model—just any belt won't do. (In tests, genuine Chevrolet belts have stood up 2 1/2 times as long as non-genuine belts.)

AS WITH FAN BELTS, SO WITH OTHER PARTS—IT PAYS TO USE GENUINE CHEVROLETS PARTS.

SPECIAL!!

From August 25th. to August 31st.

Genuine Chevrolet FAN BELTS Installed Free \$1.25

New Bulletin On Cotton Insects Published

A new bulletin, entitled "Cotton Insects," has just been published by the Texas A. and M. College Extension Service and distributed to county Extension Service offices for use in cotton insect control.

The bulletin, No. B-154, is authored by Charles A. King, Jr., associate Extension entomologist, and gives the life history, description and control measures for the major cotton insects—bollworm, boll weevil, bollworm, spider, flea hopper and apple. The publication contains color illustrations showing exactly what the insects look like in different stages of development, and shows the damage of the insects shown up on the cotton plant.

Due to the limited quantities available, the publication is aimed at the present time at county agricultural agents, vocational agriculture teachers and other farm workers who are attempting

Lions Bi-Monthly Luncheon Held Wed., August 13

Twenty three Lions met at the Methodist Church on Wednesday, August 13 for the bi-monthly luncheon and meeting.

Guests were: W. M. McConnell and Lloyd Evans.

Program Chairman R. C. Strickland introduced P. B. Ramby, who spoke to the group on Lionism.

G. W. Thompson drew the \$5.00 award but was ruled ineligible. Attendance and guest award for the next meeting will be \$7.50.

Carl and Ben Alexander will have charge of the program when Lions meet again on August 27.

to do cotton insect control work, says the author. However, he urges all cotton farmers who are interested to contact their local county agent to get the benefit of the information in the bulletin.

Through a loose binding arrangement, the publication is put together so that additional information or changing recommendations for insect control may be stapled in to bring it up to date from season to season.

Mammoth State Fair Of Texas To Be Held In Dallas Slated For Oct. 4-19

New construction to the tune of half a million dollars is under way on the 187-acre grounds of the State Fair of Texas these days, as officials of the 61-year-old institution prepare for the annual 16-day season, Oct. 4-19.

True to tradition, Fair officials continue to put all profits into maintenance and improvements of "the world's biggest annual exposition," and concessionaires likewise are investing thousands of dollars in Midway attractions. Buildings and grounds are now estimated to be worth 25 million dollars.

Improvements under way or completed during the past few months include: a \$216,000 Cattle Barn, a \$100,000 Roller Coaster, \$40,000 for interior decoration in the giant exhibit halls, \$40,000 for two new thrill rides, a \$25,000 picnic pavilion, \$25,000 worth of stage improvements for the Starlight Operetta casino, a mile of wide sidewalks and a mile of new paved streets. In addition, more than 22,000 cubic yards of gravel has been used to increase by more than 100 per cent the available parking areas for automobiles.

Construction of the proposed \$600,000 Automobile, Aviation and Recreation building is being delayed, because bids received during the early spring were too high, according to W. H. Hitzelberger, executive vice president and general manager of the Fair. Goal now is to have this mammoth exhibit hall ready for next year's show.

The new Cattle Barn will be one of the finest in the Southwest. It is constructed of concrete, with tubular steel superstructure and an all-aluminum roof. It will cover nearly two acres of ground near the grandstand and its 1,100 new cattle stalls will more than double the accommodations for the fine livestock due to parade at the Fair. Features also include show-

ers and other facilities for the livestock handlers.

New lighting for the Midway, installed at a cost of \$30,000, makes this fun center one of the best illuminated entertainment areas in the Southwest. In addition to the Roller Coaster, with its 3,000 feet of track and cars capable of 70-mile-an-hour speed, two other new thrill rides have been added on the Midway—the "Bubble-Bounce" and "Cuddle-Up."

All construction is weeks ahead of schedule, insuring completion long before Fair time, according to Mr. Hitzelberger.

COMMISSIONS FOR ENLISTED MEN

The War Department has announced that warrant officers, flight officers and enlisted personnel of the first three grades who have served honorably for at least six months on active Federal Service in the Army of the United States or one of its components, between December 7, 1941 and June 30, 1947, and who are between the ages of 21 and 28 may apply for a commission in the Officers' Reserve Corps.

NATIONAL PRESS BUILDING
WASHINGTON, D. C.
By Anne Goode

Did you know that baby sweater frames can be purchased that will "grow" right along with his or her ribs? Preventing shrinking or stretching, they come in adjustable sizes with a helpful booklet of washing instructions.

Spring shoes are in the limelight in bright, shiny colors. Reds and greens come in reptiles with bags to match. Navy blue steps in, so does beige. Don't forget, though, to keep them lovely with the ol' shoo-

Save basting time when sewing long seams by using paper clips to hold the material together.

Avocado ice cream is making news and will probably turn up at your soda fountain soon. Californians were the guinea pigs for this new flavor and they say they like it better than vanilla or strawberry.

Manufacturers explain that increased margarine prices are due to oil costs soaring more than 100% since OPA release. Fats and oils will continue scarce at least through 1947.

If you're left-handed you'll be happy to know that there's a new iron with an interchangeable cord on the market which was designed for both left- and right-handed people.

When cooking, both time and dish washing will be saved if one measuring cup is used for dry ingredients first, then liquids.

Governor Jester Votes For College Building Plan

Before leaving for Guatemala, Governor Beauford H. Jester cast an absentee ballot in the election on the College Building Plan constitutional amendment. The Governor voted "for" the amendment.

He said: "Adoption of this amendment will provide an orderly and proper way for meeting the pressing demands upon our higher educational institutions for increased facilities for veterans and other students. The plan has been carefully worked out, approved by all higher educational institutions, adopted by a two-thirds vote in both houses of the Texas Legislature, and is generally approved by all students of the problem. It can be carried out with no increase in taxes. In my opinion, every voter in Texas should favor the amendment."

Weeks Family Reunion Held Sun.

Reunion of W. J. Weeks' family was held at MacKenzie Park, Lubbock, last Sunday night. Those attending were: Mr. and Mrs. W. J. Weeks and daughter, Pat, Mr. and Mrs. Dwane McClintock, Mr. and Mrs. Lowell Webb, of Morton, and Mr. and Mrs. O. D. Orr and Mike of Tahoka.

HAROLD HOGAN VISITED IN L. W. BARRETT HOME

College Building Bill Election Aug. 23

Voters will go to the polls Saturday, August 23, and cast their ballots for or against the so-called College Building bill. This is a proposed Constitutional Amendment that would permit spending sixty million dollars for a College building program during the next thirty years. This money would be taken from a permanent fund set aside for Confederate Veterans by a constitutionally enacted ad valorem tax of 7 cents.

The Building Amendment would absorb five of these seven cents. At present there is a surplus of three million dollars in the fund for Confederate veterans and their widows and since the full seven cents is no longer needed, proponents of the bill advocate using this money for retirement of bonds which can be issued by the state colleges for the purpose of erecting buildings. Those opposed to the bill insist that the five-cent tax is not adequate and additional taxes could be levied.

The V. F. W. thinks the fund should be left intact and used for veterans and their widows from the Spanish-American War and World Wars I and II. Other Veteran's organizations are stressing the fact that institutes of higher learning are over-crowded and favor passage of the bill.

There are many arguments for and against the proposed Amendment. Each voter should learn all he can about the bill, its merits and disqualifying factors, and then vote according to your own convictions.

Cochran 13th. In Oil Production

Cochran County ranked thirteenth in 1946 among the 52 counties comprising the West Texas Oil Field, producing 7,623,915 barrels, according to a report by the Oil and Gas Division of the Texas Railroad Commission.

Last year the county was still geared to the tempo of the war's after-math and many think the production for each well will be cut either this year or early in 1948. This doesn't seem to fit in with the increase in demand.

The automobile industry has at least a year's back order of cars; industry of many other types requiring petroleum products are springing up and old-timers are expanding. New wells are being brought in all the time and their proration must be maintained but the demand will not be fulfilled in the very near future.

West Texas is probably the greatest undeveloped area in America from an industrial standpoint. It has the potentialities; raw products, seasonal labor and a super-abundance of natural gas.

The East has industrialized because coal was at hand; gas can be used to the same end and is a much cheaper fuel. Enough gas is burned as waste in flares to heat the whole United States.

Gas has also taken a leading role in the chemical world. As long as machinery runs there will be a demand for gas and oil.

Swing Of Southwest Farm Markets

Most farm products sold steady to strong last week, but many weak spots developed in livestock and vegetable markets, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Cotton prices broke sharply following the government cotton crop report, but rallied late in the week to close mostly 25 to 75 cents lower. Lowered quality in South Texas caused by recent rains slowed interest of buyers who want higher grades.

Grain markets showed more settled tendencies last week. Wheat and barley changed very little, while corn and oats made

Agricultural Facts

The U. S. Department of Agriculture forecasts that the final count on the nation's wheat crop will be 1.4 billion bushels, the largest crop on record. That record would be 51 per cent above average production, and 24 per cent above last year's production.

The volume of production of all U. S. Crops this year is expected to be a little over last year's high record, well above the 10 year average, and slightly above the average for U. S. farmers' best years, 1942 and 1946.

A bumper crop of 75.5 million bushels is expected from U. S. rice growers this year. Such a crop would exceed last year's record crop by 4 million bushels.

The cotton leafworm is not known to survive the winters in the United States. New infestations are started each spring by moths that fly in from the south and lay their eggs on cotton.

Boll weevils pass the winter as adults in weeds, grass, woods trash or other protected places around cotton fields.

According to law, a cooperative marketing or buying association may be formed by five or more persons engaged in the production of agricultural products.

Chevrolet Division Closely Cooperating With National Driver Training Program

Cooperating closely with the American Automobile Association in its national driver training program, the Chevrolet Motor Division and its coast-to-coast dealer organization will supply cars to approved high schools for student instruction in safe driving.

In announcing Chevrolet participation in the campaign, T. H. Keating, general sales manager, said:

"Despite unceasing efforts by automobile manufacturers to produce safer vehicles, the number of accidents continues to

mount with alarming increases in deaths, injuries and property losses.

"Accident statistics disclose that drivers in the 16-20 age group have five times as many fatal accidents in relation to miles driven as in the total driving group.

"Driver education courses in high schools during the past 10 years have demonstrated their effectiveness. Students receiving such specialized training have had only one-half as many accidents as comparable groups which did not have the benefit of such training."

Bottleneck of the AAA program since its establishment 10 years ago, Keating said, has been the lack of an adequate number of dual-controlled cars to provide actual driving training for students under the guidance of specially trained instructors.

"Believing driver education is so important, Chevrolet and its dealer organization hope to make a substantial contribution to the program by supplying in greatly increased numbers cars to officially approved schools."

Speeding through the night, the driver of this car was momentarily blinded by approaching headlights. Because he was going too fast to control his car instantly, he veered off the highway and crashed into a telegraph pole with such force that the car was almost broken in two. He was dead when help arrived. National Conservation Bureau advises night-drivers to keep their eyes focused on the side of the road, never to look directly into headlights and—most important of all—to drive at moderate speed.

Baptist Hospitals Launch Student Nurse Program

With the aim of educating more women for the nursing profession to help relieve the present critical shortage of graduate nurses, the five Baptist hospitals in Texas are this month launching an intensive student nurse recruitment program preliminary to the opening of new freshmen classes in their schools of nursing in September.

Personal appeals will be issued to young women aged 17 to 35 through Baptist churches and Sunday schools over the state, to interest them in preparing for the nursing profession. Speakers will outline to the girls the advantages nursing offers of a well-paid livelihood, position of community prestige and an opportunity to aid suffering humanity, officials stated.

"The demand for nurses far exceeds the supply," Andrew Q. Allen, volunteer director for the nurse recruitment campaign, stated. "Unless more young women answer the call and enter nursing, the people of this country will suffer for lack of adequate care in time of sickness. The shortage in civilian hospitals has been acute since the beginning of war and has not been relieved since war's end because of the great number of nurses now required in veterans' hospitals."

The varied fields open to graduate nurses today include hospitals, doctors' offices, industry, public health agencies, government service, nursing school faculties and foreign missionary work. All are in desperate need of more nurses.

The five Baptist hospitals cooperating in the statewide student nurse recruitment campaign and the opening dates of their Nursing School classes are: Hendrick Memorial Hospital, Abilene, Sept. 18; Baylor Hospital, Dallas, Sept. 22; Valley Baptist Hospital, Harlingen, Sept. 8; Memorial Hospital, Houston, Sept. 2; Hillcrest Memorial Hospital, Waco, Sept. 18. Interested young women are urged to write to the hospital of their choice.

Seventy-Five Percent Tested

Rural health work in Blanco County, as concerns the production of pure milk products, has resulted in 75 per cent of the milk cows in the county being tested for tuberculosis and Bang's disease.

O. L. Patterson, Blanco County agricultural agent, reports that interest in testing cows has become so widespread that two civic groups in the county have sponsored the testing of farmers' animals.

It takes the cooperation of farmers, business men and agricultural workers to put a good testing program over, says the county agent.

MR. and MRS. W. A. WHITMAN and daughter, VICKIE, left Sunday morning for a ten day vacation in Colorado and Wyoming.

Enjoy our delicious, select, well-cooked foods . . . swiftly, courteously served! Everytime you dine out treat yourself to maximum pleasure at minimum prices!

LOOKING AHEAD By George S. Benson, President, Harding College, Searcy, Ark.

"YOU TAKES YER CHOICE"

I am an American worker. If I decide I'd rather work and live in Schenectady, I can go there. Or Racine, or Spokane. If I want to, I can settle down and make the San Fernando Valley home. If I've been a machinist, but decide that the radio industry is the place for me, there are ways I can train myself to get into radio. If I want to drive a Diesel locomotive instead of a bus, I can go into railroading.

Nobody tells me I can't. I can try as many jobs as I like. If I don't like the job, I can walk out the door. When I find a job that suits me, I can work right up to be manager of the department or even president of the company. If I have the ability and the enterprise. If I want to start my own business and become an employer, I can do that too.

Nobody Says "No"
In America nobody tells me I can't do all these things. But if I lived in a totalitarian country, I would be told. A uniformed official would have the duty of telling me in what part of the country I could work. A representative of the state would inform me that I must train for a certain job. I would have no choice in the kind of job.
Being told to stay put, I would have little chance for advance-

ment. My wages would be regulated entirely by the state, and there would be no redress of grievance. Leaving a job would be impossible. There would be no firing for unsatisfactory work. Instead, I could be thrown into a concentration camp or a slave-labor battalion. There I would be taught completely how to become servant to the master, the State.

Supremacy of "State"
I could never hope to start or to own a business of my own. My whole life would be dedicated to the State. I would become a pawn, like millions of others, to the bidding of some "commissar" representing that undeniable quantity, the totalitarian State. My individuality, what there is left of it, would be subjected to the whims of some "politiburo."

Is not this contrasting picture accurate? Yes, you agree. However, what you are probably thinking is that America can never become such a totalitarian state. Friend, we would have to ignore the history of the world to assume that such dangers do not confront America. When a nation is prosperous is just the moment that you may watch for decline to set in. We must be no less watchful because times are good. We cannot ignore danger signs.

Swap With Europe?
No American worker would want to swap places with the average European worker. Yet so many of us unhesitatingly accept ideas and methods that come right from the very countries that we have outperformed a hundred ways to breakfast. Not everything is bad simply because it originates in Russia or Europe, but it is time to look around and see that what we have puts totalitarian countries out of the running.

Yet, in a recent survey from a cross-section of 5,000 persons, 63 per cent of college students and 43 per cent of the general population said they would get as much or more in America under government management and ownership of industries. In other words, a lot of folks apparently believe that state socialism or totalitarianism would be more efficient and more desirable than freedom of opportunity and freedom of the individual. How mistaken they are!

GOVERNOR JESTER AND FAMILY IN GUATEMALA
Governor Beauford H. Jester, Mrs. Jester, Joan and Beauford, Jr., are in Guatemala, as the official guests of the Guatemalan government. While there, Governor Jester will discuss Guatemalan-Texas trade relations and other matters of mutual interest to the people of Guatemala and Texas. The Governor and his family have been invited by President Miguel Aleman to visit the Republic of Mexico on the return trip. The Governor expects to be back in Texas by August 23.

VISITED IN TATUM
Mr. and Mrs. C. B. Markham left Monday for Tatum, New Mexico where they will visit friends and relatives.

HOSPITAL SUIT
(Continued from front page)

reason that it violates Section 3 of Article 11 of the Texas Constitution, in that a County is prohibited from making any appropriations or donation to any private corporation or in any wise loan its credit:

(c) That such lease contract is void and of no force and effect for the reason that the Commissioners Court of Cochran County, Texas, abused its discretion in accepting the bid of the Cochran County Cooperative Hospital Association, when a better bid was made for said lease, and that said lease contract is void and of no force and effect;

(d) That the lease contract between Cochran County, Texas, and the Cochran County Cooperative Hospital Association is void for the reason that a majority of the Commissioners Court of Cochran County are members of the Cochran County Cooperative Hospital Association and were disqualified from acting in connection with such matters, and that such contract was against public policy and is void and of no force and effect;

(e) That the lease contract between Cochran County and the Cochran County Cooperative Hospital Association did not comply with the terms of House Bill No. 419 for the reason that the lease to the defendant, Cochran County Cooperative Hospital Association was not submitted to a vote of the people.

(f) That said lease contract is void for the reason that House Bill No. 419 is unconstitutional in that the caption of said Bill is defective in that the caption does not require an election to be held.

That these plaintiffs bring this suit for and on behalf of themselves and other qualified tax paying voters of Cochran County, Texas for a declaratory judgment and injunctive relief, declaring that the lease contract as above set out between Cochran County and the Cochran County Cooperative Hospital Association is void and of no force and effect; that these plaintiffs have no adequate remedy at law, and unless granted relief herein will suffer irreparable injury.

WHEREFORE, Plaintiffs pray that the defendants be cited to appear and answer herein; that upon final hearing herein that they have judgement as follows:

(a) A judgement of the Court decreeing that the lease contract between Cochran County and the Cochran County Cooperative Hospital Association above described be declared null and void and of no force and effect;

(b) That the defendants and each of them be enjoined from carrying out the terms of said lease contract, and that the defendant, Cochran County Cooperative Hospital Association deliver possession of said County Hospital to the Commissioners Court;

(c) That the Commissioners Court be required to appoint a Board of Managers to manage said Hospital in accordance with Article 4479 of the Revised Civil Statutes of the State of Texas; and

(d) For such other and further relief, special and general, to which plaintiffs may be entitled, and for costs of suit.

Crenshaw, Dupree, Milam and Crenshaw, P. O. Box 1499, Lubbock, Texas by J. H. Milam, Attorneys for the Plaintiffs.

VISITORS IN WARTES HOME

Mrs. J. P. Lynn and two children, Nell and Doug, of Glade-water, Texas, were guests last week of her parents, Mr. and Mrs. C. M. Wartes.

Other visitors in the Wartes home were their son, W. O. and Mrs. Wartes of Amarillo, who were here on Wednesday and Wednesday night.

Mr. and Mrs. T. A. Wartes and three children of Brownfield came over last Friday; Mrs. Lynn and children returned home with them for a visit.

VISITED ENGLANDS

Mr. and Mrs. Ray L. Baumgardner and daughter, Nancy, of Ft. Stockton, Texas, visited with Mr. and Mrs. Carl England first of the week.

Baumgardner is an eagle and coyote hunter for west Texas ranchers using a pusher type plane in his work.

Mrs. Baumgardner, the former Doris Bailey, is a graduate of the Hendrick Memorial School of Nursing in Abilene.

A. C. WARD of the Rafter 1 Ranch, near Seminole, was in town Monday.

VISITED IN ASPERMONT

Mr. and Mrs. Fred Brock and children, Harold, Patsy, Anna May and Donna returned Saturday from a visit with friends and relatives in Aspermont, Texas.

Bill Brock, oldest child of Mr. and Mrs. Brock attends school in Aspermont and works for the Aspermont Star.

MR. and MRS. BLAINE MINOR and son, RICHSON are vacationing and taking the hot baths in Hot Springs, New Mexico, this week.
