VOLUME XI

MORTON, COCHRAN COUNTY, TEXAS, THURSDAY, AUGUST 3, 1950

NUMBER 23

James Ward Farris, Travis West Ordered to Report For Physicals

The Tri County Selective Service Board for Bailey-Lamb-Cochran counties has announced the first step toward induction of men in 18 months. Twenty men were sent notices to appear for physical examinations Tuesday, August 8, at Amarillo. Two of the twenty became the first called from Cochran County.

Travis West and James Ward Farris, both of Morton, will leave Muleshoe with 18 others at 7:15 a.m. a week from Tuesday. They will report to the Armed Forces Recruiting Main Station in Amarillo. If they pass the tests they will have 21 days before induction.

The other 18 men from the area are:

County: Wayne Estril Peel, Star Route 2, Muleshoe; McClendon Wayland Harris, Muleshoe; Elmer S. Smith, Rt. 1, Muleshoe; and Steve George Morris, Baileyboro.

Lamb County: Edward Lewis Burton, Olton; Jack Wright, Amherst; Edward Johnson Jr., Littlefield; Lee Morgan Jenkins, Littlefield; James Alonzo Day, Littlefield; Paul Lester Crosby, Olton; Beecher Frank McCall Jr., Littlefield; Willie Edward Jones, Littlefield; Addison Pritchett Jr., Littlefield; Elmer Edward Bradshaw, Littlefield; L. W. Sykes, Springlake; John Robert Lackey, Littlefield; Raymond Lee Isbell, Littlefield; and Harry Elihu Reed, Anton.

Homemakers Club Votes to Purchase Record Player

The Famuliner Homemakers Club met last Wednesday in the home of Mrs. W. C. Millsap. Under the direction of President Mrs. Richard Key, a motion was made and carried to purchase an electric record player with some of the proceeds from the quilt and potholder sale. The player will be used jointly with the 4-H Club.

Pictures of Club women with the quilt were made to be entered into the Community Scrapbook which will be used in the Good Neighbor contest. A quilt was made for Mrs. Millsap during the session and refreshments were served. The next meeting will be held the 2nd Wednesday in August at Mrs. O. Cunningham's.

VFW Auxiliary To Meet in Lorenzo August 6

There will be a meeting of all Auxiliaries of District 7 Veterans of Foreign Wars, Sunday, August 6 at V.F.W. Home, Lorenzo, Texas.

The meeting will be called to order at two o'clock. All elective and appointive officers of Auxiliaries are urged to attend as meeting will be conducted as a school of instruction. Auxiliaries in District 7 include Brownfield, Levelland, Lorenza, Lubbock, Morton, Post, Seagraves, Sundown, Spur and Tahoka.

Absentee Balloting For Second Primary Open Sunday

County residents will have from Sunday, August 6 through Tuesday, August 22, for absentee balloting for the second primary election, Saturday, August 26.

As usual, applications for an absentee ballot must be made at the office of the District-County Clerk in the Cochran County Courthouse.

CLOVIS VISITORS

Mr. and Mrs. Ralph DeBord and Mr. and Mrs. Alvin DeBord of County Line visited Mr. and Mrs. Verly Wall in Clovis, Sunday. Mrs. Wall is a niece of the DeBord brothers.

IT'S A GIRL

Mr. and Mrs. Lenard Davis, Morton, became the parents of a baby girl, Sharon Lynn, at the Payne-Shotwell hospital in Littlefield, July 28. Mother and baby are at home doing very well.

ARTIE HICKS visited briefly in Lubbock last week with his brother, Doug Hicks of Houston, who had flown to Lubbock to attend guest night at the 4-H campment.

SLAUGHTER FARM TO BE SOLD FOR RESIDENTIAL LOTS

Slaughter farm immediately south of city limits of Morton will be sold off in residential lots Mrs. W. E. Childs announced.

C. of C. Directors Meeting Held Tuesday Noon

Directors of Morton's Chamber of Commerce met for luncheon and regular business at the Steak House Tuesday noon, August 1.

J. W. McDermott, president, was in charge of the meeting. It was decided to continue Trades-Day for the month of August. September 4 was date set for a general meeting of the Chamber. Meeting place will be announced at a later date.

County Judge Glenn W. Thompson and Mrs. Carl England were guests at Tuesday's meeting. Members present were McDermott, Albert Morrow, Turner Beard, Hume Russell, Willard Cox, J. B. Knox, R. C. Strickland, Neal Rose and L. B. Childs.

Bond Drive Falls Short in Cochran; Total \$2,981.25

Cochran County's final Savings Bond achievement in the recent drive was 37.27 per cent of the goal set by leaders it was announced this week, by Chairman L. L. Price.

The goal set for the county was \$8,000. The final figures showed \$2,981.25 in savings bonds purchased during the drive which opened several weeks ago and closed with the depositing of the final totals, July 17, 1950.

Heavy Construction Work Continues: July Permits Soar to \$88,700 Total

Morton's building boom continues full blast with the announcement that building permits for the month of July have skyrocketed toward the \$100,000 mark. The actual total through July 28 was \$88,700.

These figures include permits for all construction work, new or repairs, that are planned in the near future. Many of the projects are not yet underway and will not be started for a week or two.

Largest contemplated constructions are a \$30,000 brick and tile headquarters for the Allsup Chevrolet which will be located one block east of the square next to Hawkins Oldsmobile concern, and a \$25,000 department store being built for Tom and Joe Cobb.

Homes for which permits were secured this month will be for Ray Baker, E. L. Willis, Albert Morrow, and R. T. Tarver is having a 28x80 foot brick and tile building constructed.

Other buildings nearing completion are the new Cochran Service Station, the Morton Electrical Supply building, and the

MRS. E. H. METCALF from Carthage, Texas returned home from a two weeks' visit with the Hudson children and Lillie Scott.

MR. AND MRS. CARL ENGLAND returned Saturday evening from a trip to Mexico, El Paso, Albuquerque and Santa Fe.

July Rains Top Eight Inch Mark Within City Limits of Morton

One half of a normal year's supply of rain fell in Morton during the past month according to figures released by the U. S. Department of Agriculture Office in Morton.

The final total in Morton proper, or more particularly where the gauge is located, was 8.22 inches which farmers agree was more than enough. Naturally the rainfall in the county hit much larger amounts than that in some places. At least one community, Maple, recorded that much rainfall in two days during July.

Heaviest rain to hit Morton during July fell on Thursday, July 6, when 2.09 inches was recorded. Other heavy days were July 21, 1.40, and July 22, 1.62. All told rain fell during 16 days of July and 13 days the rainfall was heavy enough to make a recording on the gauge.

MRS. CROCKETT RETURNS FROM HOSPITAL

Mrs. J. S. Crockett, who has been hospitalized in Lubbock for several weeks, was brought home Tuesday.

FORREST WEIMHOLD of Levelland was in Morton last Wednesday on business.

WAIT TILL HE SEES THE CHECK ! !

Bowman Cleaners establishment. The Babe Vanlandingshams moved into their new home a few weeks ago.

Famuliner Woman Takes Encore In Last Saturday's Trade Day Awards

Somewhere in her deep and dark past Mrs. Melvin Chandler, of Famuliner Community, must have had an Irish ancestor. The "luck of the Irish" is the only way some Cochran County residents could describe Mrs. Chandler's second victory in the Morton Trade Day drawings and a scant miss at a third win.

"Two wins are bad enough," someone at the drawing cracked, "but two in one day, that's too many." Nevertheless, despite the fact that young Betty Doyle was declared the \$80 winner, Mrs. Chandler became the No. 1 candidate for the title, "the county's luckiest woman."

Mrs. Chandler, a \$25 winner on July 8, scurried to the announcer's stand last Saturday with a roll of tickets that seemed endless. Examination of the stubs showed that her numbers came to within a few of the number called over the loudspeaker. "Evidently," said announcer Neal Rose, "the person just before her who made a purchase at Greene's Supply holds the ticket."

Ten minutes later little Billy Merlene Weekes pulled out another ticket from Greene's Supply and Mrs. Chandler was the holder of the lucky matching stub. That netted her another \$25.

The blindefolded ticket drawer also played a repeat performance Saturday, Billy Merlene Weekes, blond haired and very cooperative, drew the numbers. However, it was Patsy Waldon and not Billy Merlene that drew Mrs. Chandler's number three weeks ago.

Betty Doyle, the big winner, barely made it to the announcer's booth Saturday. She had a huge roll of tickets and dis-

COUNTRY CLUB GOLFERS MUST QUALIFY BY SUNDAY

Qualifying scores in the annual Morton Country Club Summer Golf Tournament must be turned in by Sunday night a spokesman told the Tribune today.

All members must turn in a 9-hole total to Earl Crum, secretary, by Sunday night.

Activities in Levelland Oil Area Show Increase; Cochran Gains Three Locations, Four Completions

Activity reported for the Levelland oil area increased the past week. Eleven new locations and seven new completions were reported to the Midland district office of the Oil and Gas Division of the Railroad Commission of Texas. This is an increase of five new locations over last week's total.

Applications were filed for six new projects in Hockley County and Cochran County gained five new locations.

The Cochran County field gained three newly completed oil wells and the Ladon field of Cochran County reported one new producer.

Cochran County Locations

Stanolind No. 18-A C. S. Dean, 660 feet from south and east lines of labor 14, league 93, Mills CSL survey, rotary, 5,200 feet depth. Shaulder field starting at once.

Harold L. Knop, et al (Dallas) No. 4 D. S. Wright, 440 feet from north and east lines of labor 14, league 96, Mills CSL survey, A-90, rotary, 5,100 feet depth. Levelland field, starting immediately.

Pollie Adams Oil Corporation No. 5-A B. A. Batenfield, 1,547.3 feet from east and 1,420.2 feet from south lines of labor 10, league 61, Midland CSL survey, rotary 4, 904 feet depth, Levelland field, starting immediately.

Superior No. 1 W. W. Cameron estate, 660 feet from east and 200.2 feet from south lines of labor 9, league 86, Greer CSL survey, A-73, rotary, 11,000 feet depth, wildcard, starting at once. Plugged and abandoned in 1947 at approximately 7,000 feet in the Clear Fork.

Lion No. 11 F. O. Masten, 694.3 feet from east and 666.6 feet from south lines of labors 12, 13,

Flood Waters Recede on Texas 290, Twenty-Four Hour Vigil Closes

A six man Texas Highway crew finally were able to give up their all night and day vigil over the flooded portion of Texas Highway 290 last Monday morning after a ten day, 24 hour, tour of duty.

Water had receded enough by Monday morning to permit automobiles to cross the portion of pavement without danger. During the ten day span the water had diminished four feet from its crest stage which was reached Sunday morning, July 23.

Olen Harris reported that no accidents were caused as a result of the flood after the Highway Department had been notified. A detour was set up and

A few, however, had to be towed around the area in most cases, automobiles were able to get out of the mud when continuous rains caused a hazardous detour.

The Highway Department Maintainer towed all trucks through the flooded section of pavement as soon as possible. For 8 days, each truck was towed across under the careful watch of Highway men. Stakes and lights were used to indicate the edge of the pavement across the low, water covered area.

Mr. Harris reported that Farm to Market Road 596, south of Maple is still under water believed to be four foot deep. He estimated that it would be two more weeks before the road would be passable. It has been barricaded to prevent further accidents.

The six man crew that worked 12 hour shifts for the past ten days on Highway 290 were: Lem Chessher, A. M. Mapes, W. C. Gray, Clois Cox, L. Z. Langrill, and Mr. Harris.

District Camp for 4-H Club Boys Aug. 7 Through 9

District Camp for 4-H Club boys will be held in Lubbock, Texas, on August 7, 8 and 9. Camp will be located on the Fair Grounds at Lubbock near Mackenzie Park.

4-H Club boys who have stated they will attend from Cochran County are: Robert L. Taylor, Glen Ramsey, Clarence Moore, Melvin Courtney, Edward Courtney, John Wilkes Masten, Verdel Masten, Wilson Hodge, Wiley Hodge, Billy Fred Stegall, Jesse Sims, George Lyons and Robert Keith.

These boys were selected to attend District Camp because they are doing outstanding 4-H Club work.

All the 4-H Club leaders are especially invited to attend and take cars to carry the boys to Lubbock.

Women of Morton Country Club Hold Business Meeting

Mrs. E. L. Willis, president of Ladies Auxiliary to Morton Country Club was in charge when the group met Tuesday afternoon at the club house for a business meeting.

Plans were completed for the golf tournament scheduled to get underway next week. Mrs. Burton Silvers, Mrs. Earl Crum and Mrs. L. W. Ray were appointed tournament committee. Ladies wishing to play in the tournament must qualify by Tuesday, August 8. Additional details may be secured from the committee.

Attending Tuesday's meeting other than those mentioned were Mrs. Tom McAlister, Mrs. L. E. Huggins, Mrs. Babe Vanlandingsham and Mrs. Scott Hawkins.

Streets Dry Out Long Enough For Grading Project

The City of Morton got under way on a ten to twelve day street and alley grading project last week as rains subsided long enough to dry out the ground.

Rand Holloman and Mr. Reese manning the maintainer and a loading truck, leveled the rutted streets and went to work on alleys to permit city pickup of trash and refuse. Low spots in the roads where sand was blown or washed out will be filled in as soon as possible according to City Secretary, Joe Gipson.

Ordinarily the grading is a steady process but heavy rains which fell almost continuously this month caught our streets in bad shape. They had just been leveled and sand and turf was loose when the first rains fell. Continuous traffic made the unpaved streets a mass of ruts in no time at all.

Lehman Resident Called to Duty As Naval Instructor

A Cochran County Naval Reserve is one of the first to be called back to active duty according to reports received at the Tribune office this week.

Cliff Mawhiney, Lehman, has been ordered to the U. S. Naval Training Station at San Diego, California as an instructor in Aerial Navigation.

11, psi survey, flowed six hours through a one and three-quarter inch choke to make a 24-hour calculated potential of 380.88 barrels of 31.1-gravity oil. No water was present. Gas-oil ratio was 393-1.

The pay formation between 4,870-4,903 feet was acidized with 10,000 gallons.

COMPLETIONS FOR THE LANDON FIELD OF COCHRAN COUNTY:

Stanolind No. 4-R-A-A Birtle T. Brown, 1,287 feet from south and 330 feet from east lines of section 14, block L, psi survey, pumped 24 hours and made an initial production of 96 barrels of 32-gravity oil. Gas-oil ratio was 295-1. No water was present.

The pay zone at 5,025-5,065 feet was acidized with 4,000 gallons.

Mrs. G. Thompson Takes Home Quilt As Saturday Prize

Mrs. Glenn Thompson took home a quilt last Saturday, the award in the Famuliner Home-maker's Club drawing.

The ladies of the Famuliner Community, goli all out in their effort to win the Farmer-Stockman magazine award for Good Neighbor Communities, ended their quilting party last week with the award of the quilt at the Trade Day drawings.

The ladies had sold quilted potholders and along with each pot holder went a chance on the fancy quilt. More than \$60 was realized for the Homemaker's Club treasury.

ALABAMA GUESTS HERE IN VERNON HOME

Misses Myrene and Nellie Dean Oliver, nieces of J. A. Vernon, and friend, Miss Shelma Gibson of Birmingham, Alabama, were visitors here last week-end in the home of Mr. and Mrs. Vernon.

FRED STOCKDALE IN FORT WORTH

Fred Stockdale made a business trip to Fort Worth early this week.

WHITEFACE MINISTER TO CONDUCT MEETING AT SUNDOWN CHURCH

Rev. Clarence Bounds, pastor of the Whiteface Methodist Church, will conduct a revival at the Sundown Methodist church from August 6 through August 20.

M. T. BEARDS VACATION IN COLORADO

Mr. and Mrs. M. T. Beard arrived home Saturday from a two week's holiday. They visited briefly in Cheyenne, Wyoming; Estes Park, Colorado, and spent several days at Evergreen, Colorado. They returned by way of Santa Fe, New Mexico.

Mr. Link Robinson, 519 Lindsey, is the most content and satisfied man in Newport, Ky. In fact, he says there isn't a thing in the world that can irritate or upset him now that he is on the HADACOL band wagon. If there ever was a man who thought HADACOL is the most wonderful thing in the world, it is Link Robinson, since he learned that his system lacked Vitamins B, B₁₂, Iron, and Niacin.

Here is what Mr. Robinson has to say about HADACOL, which is now supplying liberal quantities of these essential elements: "I have been a steel worker for over twenty years. When you are a steel worker, you have to do plenty of good, hard work, and you need lots of good, substantial food. But when a stomach is in as bad a shape as mine was... I couldn't eat, I had gas pains, stomach bloating and nervousness, well, I just couldn't eat the proper foods I needed. My boss told me about HADACOL and I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat the foods I need to eat to really be on the job. In fact, I can eat anything I want to. I am not nervous anymore, either. Best of all, I haven't got those terrific gas pains and no more stomach bloating. HADACOL is the best ever. I recommend HADACOL to everyone."

HADACOL is Different

Countless thousands are benefiting from HADACOL... even hundreds of doctors are recommending HADACOL to their patients whose systems lack Vitamins B, B₁₂, Iron, and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. © 1950, The LeBlanc Corporation

Texan Named International Head Of Lions at Chicago Convention

Chicago—Herbert C. Petry, Jr., Carrizo Springs, Texas, is the new president of The International Association of Lions Clubs, (Lions International). He was elected by unanimous vote at the 33rd annual convention of the Association which closed here at the Chicago Stadium last Thursday. Petry succeeds Walter C. Fisher, Queenston, Ontario, Canada.

The convention concluded one of the most successful years in the history of Lions International, according to the report made by Melvin Jones, Chicago, Ill., Secretary-General and founder of the Association. He reported the addition of 806 new Lions Clubs and 21,415 men to the roster of the Association during the 12-month period ended June 30, 1950, for a total of 8055 clubs and 402,841 members. He stated also that during the fiscal year Lions Clubs were established in two additional countries: England and Denmark. Lions International, he added, is the largest, strongest and most active service club organization in the world, with Lions Clubs in 28 countries on five continents.

Petry, in accepting the presidency, said: "My home is down near the border of two great nations, and those of us who live so close to the people of another country know that there are no great differences between the people of Mexico and those of the United States. We learn their language and their customs; they learn our language and our customs, and together we are learning to live with each other. This is equally true of the northern border. The Lions of the northern states are carrying along identical work with the wonderful Canadian Lions across the border, at all times maintaining an aggressive movement to make friends with their neighbors. The Canadian Lions are likewise maintaining this aggressive movement to make friends with us. And why shouldn't this be the object of all Lions in our twenty-eight nations throughout the world?"

Petry continued that as he visits the Lions Clubs throughout the world during the coming year, he intends to urge the furtherance of this spirit of friendship and cooperation among the nations of the world.

Petry is a successful attorney and business man. He is the head of the law firm of Petry & Dean, in Carrizo Springs, Texas, and is President of the Dimmit County Bar Association and a member of the State Bar Association of Texas and the American Bar Association. He is also a Director of the United State Bank of Carrizo Springs.

Born in Carrizo Springs, Petry is a graduate of Westmoorland College of San Antonio, Texas. He received his LL.B. Degree from the University of Texas at Austin. He is a member of the Delta Theta Phi Law Fraternity.

In electing him their new President, the Lion delegates elevated Petry from the office of International First Vice-President, in which office he had served during the 1949-50 fiscal year. He had previously served

also as Second Vice-President and as Third Vice-President. From 1945 to 1947, he was a Director of Lions International. President Petry speaks Spanish fluently, and for four consecutive years he has served as Chairman, and as the delegate from the United States, on the Lions Board of International Relations.

Lion Petry has also served his own Lions Club at Carrizo Springs in many capacities, including President, Secretary and Director. Also, he served as Zone Chairman, Deputy District Governor and District Governor of District 2-A. He is a Charter Member and a Key Member of his club and has received a 10-year perfect attendance award.

President Petry is married and has two sons. He is a steward in the Methodist Church and is very active in civic, church and community affairs.

LEHMAN NEWS

by Mrs. Charles Sanders

(Delayed)

Mr. and Mrs. Sam Jernigan of Blue Mountain, Mississippi, and Mr. and Mrs. Herman Jernigan and daughter of De Ridder, Louisiana, were recent visitors in the home of their brother and uncle, J. D. Sanders. Sixteen members of the family visited with Mrs. A. C. Ward and family in Seminole. Tuesday they toured Carlsbad Caverns. Mr. Sam Jernigan visited a sister in Lamesa whom he hadn't seen in 40 years; he was accompanied there by Charlie and J. D. Sanders Jr.

Mr. and Mrs. A. A. Nance of Aransas Pass are guests this week in the homes of their daughters, Mrs. M. B. Swanner and Mrs. Charles Sanders. Mrs. Nance was present when Bobbie Joe Sanders had a tonsilectomy last Friday. He is recovering nicely.

Mr. and Mrs. Don Boles spent last week-end with her parents, Mr. and Mrs. J. W. Pond and family.

Lehman H. D. Club met with Mrs. F. L. Fred, Wednesday afternoon, August 2.

McDERMETS HOME FROM VACATION TRIP

Mr. and Mrs. J. W. McDermett and son, Don, returned Saturday night from a vacation trip which took them through nine states. They visited Grand Canyon, Arizona; points in California and returned by Las Vegas, Nevada.

CITATION BY PUBLICATION

THE STATE OF TEXAS, TO: James Prentice, Mece Prentice, heirs at law of E. E. Prentice, deceased, Mrs. E. E. Prentice, a widow, and the unknown heirs and legal representatives of Mrs. E. E. Prentice, deceased, if deceased, together with the unknown heirs of any of the above named, their heirs or legal representatives; and the unknown spouses of any of the above named who may be married. GREETING: You are hereby commanded to appear and answer the Plaintiff's Original Petition at or before 10 o'clock a.m. on the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 7th day of August, 1950, at or before 10 o'clock a.m., before the Honorable District Court of Cochran County at the Court House in Morton, Texas.

Said suit was filed on the 23rd day of June, 1950. The file number of said suit is No. 853. The names of the parties in said suit are: Alton Burleson, Plaintiff and James Prentice, Mece Prentice, heirs at law of E. E. Prentice, deceased, Mrs. E. E. Prentice, a widow, and the unknown heirs and legal representatives of Mrs. E. E. Prentice, deceased, if deceased, together with the unknown heirs of any of the above named, their heirs or legal representatives; and the unknown spouses of any of the above named who may be married. Defendants.

The nature of said suit being substantially as follows, to-wit: This is an action by Alton Burleson in trespass to try title, wherein plaintiff seeks to recover title to and possession of the following described land situated in Cochran County, Texas, to-wit:

Lot No. 10 in Block No. 153 of the original Town of Morton, Cochran County, Texas, and to recover damages in the sum of \$50.00 as a fair rental value thereof.

The interest, if any, claimed by any of the above named defendants is unknown.

Given and issued under my hand and the seal of said Court, at office in Morton, Texas, this 23rd day of June, A.D. 1950.

T. W. Pierce, Clerk of the District Court of Cochran County, Texas. (Seal By: Juanita McFee, Deputy

Cerebral Palsy Clinic Scheduled For August 14

A clinic for the examination of cerebral palsied children will be held Monday, August 14. Five specialists will be present at the Center to examine children.

Cerebral palsy is a condition which may be present from birth or may be caused by childhood diseases as whooping cough or measles, or by head injuries. Under treatment, many of these children improve to the extent that they can care for themselves, attend school or become employable. Treatment begun at an early age is most effective.

Parents interested in bringing children to the clinic on August 14, are requested to register the child at the Center at some time before the clinic date. Further information may be obtained by contacting Dr. Esther Snell, Director of the Treatment Center, 3502 Avenue N, or by calling Lubbock 6541.

THIRD PERIOD BAND MEETING

The third period band will meet at the city park Thursday, August 3rd. All members are urged to attend.

Americans Fighting In Korea May Have National Ins. Premiums Waived

American servicemen totally disabled during the current fighting in Korea may be eligible to have their National Service Life Insurance premiums waived, if their total disability lasts six consecutive months or longer, according to an announcement made today by Robert W. Sisson, Manager of the VA Regional Office.

The waiver would go in effect, upon application, after the six-month period was over, and would remain in effect as long afterwards as total disability continued.

The waiver provision is not confused to those suffering total disability in action in Korea. Veterans who hold NSLI are eligible for waiver of premiums, if they become totally disabled before age 60 and while their policy is in force and remain so for at least six straight months.

Total disability, as defined in an NSLI policy, is "any impairment of mind or body which continuously renders it impossible for the insured to follow any substantially gainful occupation."

Waivers of premium payment are not granted automatically; instead, application to VA must

be made—if possible, immediately following the six consecutive months of total disability.

A person who applies for waiver of premiums should continue to pay his NSLI premiums regularly, as they fall due, until he receives notice from VA of "Entitlement to Waiver," Sisson stated.

Schooling on the Classification of Cotton Slated

The Extension Service, represented by local County Agents, with the cooperation of the Cotton Branch of the Production and Marketing Administration, announces the dates for the 2nd Annual Farmers' Cotton Classing School. The school will be held from August 14 through August 25 at the Government Classing Office, 1701 Avenue H, Lubbock, Texas, under the direction of Mr. L. O. Buchanan.

The school is being conducted for farmers who raise cotton to better acquaint themselves with the classification of cotton as well as the marketing of their product. Learn why there may be a variance in the classification of cotton even though the cotton comes off the same trailer. There are many other questions relative to cotton classing and the marketing of cotton that will be answered for you.

Any cotton farmer may attend the school free of charge. All farmers are urged to attend. Classes will be held daily from 9:00 a.m. to 3:00 p.m. Monday through Fridays. You may attend one, two, five or the entire ten days. A certificate of attendance will be given to all farmers who attend five or more days.

If you plan to attend, notify your County Agent or the Cotton Classing Office, 1701 Avenue H, Lubbock, Texas, as soon as possible.

J. D. SPRINGER and wife of Dallas, Texas, visited his sister, Lillie Scott at Morton recently.

Drivers License Examiners Quit Under Strain of Too Many Tests

Austin—Stood around a Driver's License examining station recently awaiting your turn for the tests which will determine whether or not you will be issued a license?

Colonel Homer Garrison Jr., Director of the Texas Department of Public Safety, says that if you are one of the 52,000-plus persons who make application each month for a new Texas Driver's License you probably have been subjected to a considerable wait—sometimes of several hours duration, or, at best, being obliged to wait a number of days for an appointment. Now, with the exercise of a little simple arithmetic he tells you why the delay and just what the men in his Driver's License Division are doing to try to alleviate the situation.

At Garrison's direction, A. F. Temple, Chief of the Safety Department's Driver's License Division, today released the following comparative figures on the activities of that Division's personnel during the eight-month period from November, 1949, through June of this year as compared with the same period of 1941-42:

Texas' population according to the 1940 Census report was 6,414,824. From November, 1941, to July, 1942, the Texas Department of Public Safety had employed 93 Driver's License Examiners who administered 276,008 tests during the eight months. In the same period, the Headquarters staff of the License Division issued 962,340 licenses to Texas drivers. This latter included both renewals and new licenses issued.

COCHRAN AND WEATHERLYS ATTEND FRONTIER RODEO

Mr. and Mrs. L. A. Cochran and Mr. and Mrs. Bill Weatherly have returned home after attending the Frontier Rodeo in Cheyenne, Wyoming. They also stopped at Eagle Nest in New Mexico and attended the horse races at Eaton, New Mexico.

FAXTON VAUGHT from Carlsbad, New Mexico, is visiting his grandmother in Morton, Mrs. Lillie Scott, and also visiting the Orin Hill and Wilkie families.

Tribune Want-Ads Get Results.

ed on the basis of the examiners' tests.

Ten years later, in 1950, the population figures had risen by more than a million and a quarter to a total of 7,677,060, while the ranks of the DL examining personnel had been increased by seven for a total of an even one hundred men. These 100 examiners, however, during the past eight months conducted 418,566 tests, or an increase of 142,558 over the 1941-42 figure. In other words, an employee increase of 7½% accounted for a 51½% increase in testing activities. This was possible because of improvements and reforms in examining techniques and procedures. Also, during the past eight-month period the License Headquarters issued a total of 1,240,619 licenses both new and renewal. At the present time, due to the recently adopted mechanical methods of issuance, the Division is turning out in excess of 10,000 driver's licenses each day.

Currently according to figures by Temple, there are about 3 million licensed motor vehicle drivers in Texas. This is an increase from 1½ million in the short space of four years—since 1946.

The number of Driver's License Examiners in Texas is based strictly upon the Legislative appropriation which is made for the Division and none can be added without act of the Legislature.

Both Garrison and Temple are quick to admit that they are aware of the inconvenience and delay which is incurred in the proper administration of our driver's license law but they point out that each of the men in the Driver's License Division is conducting an average of more than 500 examinations each month. This, they say is at least a hundred and fifty more per man than can reasonably be expected and they indicate that the strain of maintaining such an excessive schedule probably accounts for the large turnover in examining personnel—a little more than 12% since last November.

Remember these figures the next time you're inclined to gripe about waiting for that driver's license test!

THANKS...

I wish to express my sincere thanks to the people of Cochran County for the splendid support given to me for the office of County-District Clerk in the election, July 22nd.

I also wish to extend my appreciation to my opponents for conducting a fair and clean race. It has been a pleasure to be associated in a political campaign with the gentlemen that were my opponents.

I am going to try and see each of you before the second primary to express my thanks to you personally.

Again, I want to thank you for placing me in the lead for the office of County-District Clerk and I earnestly solicit your continued support and confidence August 26th.

Respectfully your friend,
T. W. (Joe) Pierce

--annegrams --by ann england--

Goodness, aren't vacations fun? Really tho the nicest part is getting home again and seeing our friends and hearing the familiar welcome of "hello ann."

This time we were especially fortunate and were not entirely cut off from our friends. Saw Van and Tye in Juarez and with them made rounds of the night spots—until we finally played out at 3:30 a.m.

Then Friday we met the Turner Beards in Santa Fe. Shopped around with Louise—drove up to the Sierra Ski run. The spouse and Turner being so impressed they said they were returning for skiing—that we are certainly looking forward too. IF they do attempt it will probably be brought home on crutches or platters.

And were things piled up? Gosh, grass at Vagabond House was up to our knees and don't think Eddie had made any attempt whatsoever to clean up our desk. As a matter of fact the accumulation was worse than we'd ever seen it.

But the boys did a good job on the Tribune. Actually we wouldn't dare stay out of the office for two weeks for fear every one would decide we were no longer necessary.

Saw the Bud Nairns in El Paso. They chuckled with us over the account in El Paso paper of Morton voters going to polls in boats. However when we returned home found out it had rained considerable.

If we ever get the correspondence answered it will surprise us. Had a nice card from Margaret Turner, at Port Huron, Michigan. M, as you know, is woman's editor of Avalanche-Journal, we did a piece for her, she wrote: Dear Ann I am brown and happy. Thanks for your wonderful

column (and we were scared she'd throw it out) See you. Love, Margaret.

Oh, and a lovely card from Mrs. D. J. Wilhelm in Lubbock, she wrote: Dear Mrs. England: We miss Margaret, but we are happy to meet you in her column. Your article was interesting, informing and just plain down right cute! But I shall not try Strawberry Boule—Come again—one of M. T.'s and her family's old friends, Mrs. Wilhelm.

That Strawberry thing was a recipe — don't think any one around here would care for it—has a cucumbers (perish the thought) wine AND sliced strawberries. We didn't think that even Lubbock folks would try it but it gave us what we thought was an opportunity to be CUTE as Mrs. W. says.

We got to see Dr. Travis Ferguson in Albuquerque, not under the most pleasant circumstances we might add. He came to our rescue when we foiled with acute food poisoning. He said the family was fine, Jane was visiting at the time in Slaton with her grandparents, she is in school now and Carol starts this fall. He sent greetings to their friends here.

Aside from assorted mosquito bites—the afore mentioned pony spell, breaking an ear ring, losing an inlay out of a front tooth and a slight scorch on back and shoulders we had a delightful vacation. Of course we have sense enough not to get more than thirty minutes from a doctor, dentist, and beautician—at our age it isn't safe.

Did have to get home as we've been using Minnie Childs reptile purse all summer and she is getting ready to go on a vacation and will need it. She, L. B., and the baby girl are going to San Francisco by train—sounds wonderful.

Understand the L. A. Cochran and Bill Weatherlys were up in Cheyenne, Wyoming for Frontier Days. They do get around.

Reagan and Dorothy Ormand were so intrigued when we told them of the grand resort spot we found that they plan on flying down for a week-end. There is a landing strip and a swimming pool, near and in which we spent most of our time.

The spouse indulged in his favorite hobby — making colored movies and reading western and mystery stories. As he started into Mexico with that camera made in Switzerland he had to fill out a form a yard long for Uncle Sam and at that they had the duplicate copy upside down.

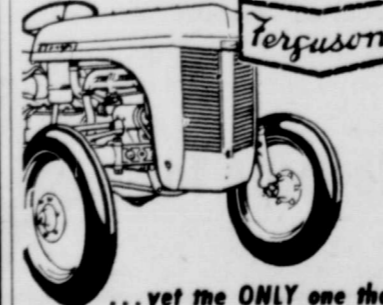

Should think those customs officers would get mighty tired ransacking around through tourists suitcases. But if you go through a dozen times in one day with the same luggage it is all opened and examined.

And someone ought to introduce DDT to those people. Never saw so many flies at any one time any where.

Eddie just told us that Morton got about 8 inches of rain during July. Sometimes we go a year with less rainfall. Expect water bills to be considerably less this month.

After paying 35c a gallon for gasoline the spouse said, "The trouble with most of us is that our necessities are too luxurious and our luxuries are too necessary."

District 2 4-H Club Girls Have 3 Day Encampment

One hundred fifty-five 4-H girls, adult leaders and home demonstration agents attended the three day 4-H encampment held on the South Plains Fair Grounds in Lubbock, Texas, July 25, 26 and 27.

Thirteen persons from Cochran County attended the camp, ten girls, one adult leader, Mrs. G. W. Garrett of Whiteface, the home demonstration agent, Miss Mabel Ann Manley and the assistant county home demonstration agent-in-training, Miss Ethelda Miller.

The girls who went to camp from Cochran County were: Alice Faye Thompson, Shirley Taylor, Patricia Masten, Mary Helen Keith, Treva Thompson, Winona Webb, Martha Garrett, Rita Garrett, and Ann Martin.

Cochran County girls serving on committees were: Alice Faye Thompson and Shirley Taylor on the recreation committee; Mary Helen Keith was in charge of the guest night party on Wednesday night, July 26th. Martha Garrett on the clean-up committee and Patricia Masten and Miss Ethelda Miller on the handicraft committee.

4-H Club girls were given training in recreation, tie and dye, news writing and camp cookery during the three day encampment.

Monks Leave For New Home

Dr. and Mrs. Norman Monk left Tuesday for their new home at Temple, Texas. He will be associated there with the Temple Medical Clinic.

Dr. and Mrs. Monk have lived in Morton for 13 months and have made a host of friends here. They are both members of the Baptist Church and took an active part in social and civic affairs of the community.

Last Wednesday Mrs. Monk was honored by Mrs. J. S. Harrison at a farewell coffee, Sunday afternoon the Monks were honored when Dr. and Mrs. W. R. T. Metzner held a reception for them.

MRS. BARRETT RETURNS FROM TRIP EAST

Mrs. L. W. Barrett returned Saturday from a trip to the eastern seaboard. She made the trip with her daughter and family of Seminole. They made the trip east by the southern route and returned by the north.

DORMAN FAMILY HOLDS REUNION AT LUBBOCK

Eight of the nine children of Mr. and Mrs. M. A. Dorman (deceased) attended a family reunion held at Mackenzie State Park in Lubbock last Sunday. There were four brothers and four sisters and their families present.

A sister living in Oklahoma was unable to attend. Others attending were 19 grandchildren making a total of 61 relatives and 6 visitors enjoying the day. Pictures were made for family albums.

Roy Hill Home Scene of Tea and Ceramics Show

Mrs. Roy Hill, ceramics instructor, was hostess to a tea and ceramics show at her home Sunday afternoon from four o'clock until six. She was assisted in hostess duties by her ceramics students.

Visitors, totaling fifty, were shown the beautiful handmade ceramics items including figurines, ash trays, lamps, planters, boxes, clocks, vases and china painting as well as various other attractive pieces of art work.

Arrangements of summer flowers were used in decorations. An especially attractive arrangement of roses centered the tea table. Punch and cookies were served.

Students having completed ceramics work on display were: Mrs. C. C. Reynolds, Mrs. Norman Monk, Mrs. Lela Gowers, Mrs. Joe Gipson, Mrs. A. A. Fralin, Mrs. Hattie B. Spotts, Mrs. Dave St. Clair and her son, Dave.

Mrs. Hill also displayed a number of pieces she had made. She plans to reopen Ceramics-Hill for classes in September.

FINCHERS RETURN FROM VACATION

Mr. and Mrs. E. R. Fincher and daughters, Faye, Bernice and Marvie Ann have returned from a week's trip to the scenic portions of Colorado. They also attended Frontier Days at Cheyenne, Wyoming.

Plans should be made now for the most profitable use of the grain that will be produced in Texas in 1950. A likely looking market at this time is feeding it to livestock on the farm.

FAMULINER COMMUNITY NEWS

Mrs. Melvin Chandler and children visited in Plainview Friday. While in Plainview they attended a pink and blue shower for Mrs. Chandler's sister.

Speaking of Mrs. Chandler, we are proud of her being twice winner of trades day awards. Last Saturday she won the \$25 and 3 weeks ago she won the same award.

Miss Winona Webb attended the District 4-H Camp in Lubbock last week. Miss Webb is President of the Community 4-H Club, and is recreation leader at the Good Neighbor meetings. She is a junior youth leader at 14 years of age.

The Friendship Club met yesterday in the home of Mrs. Beryl Reid. A birthday shower was given Mrs. Jack Gunnels by the club. Refreshments were served to the club women.

The Famuliner Good Neighbors met in the workshop of Mr. and Mrs. Woodrow Cunningham last Thursday night with Mr. and Mrs. Buford Webb as hosts. Mr. Cunningham presided over the business meeting.

Ralph DeBord gave the treasurer's report of funds on hand in the building fund project. Mrs. Richard Key, president of the Homemakers Club informed members of the Good Neighbors Club that the former group was donating \$100 to be applied to the building fund.

Mrs. Chesshir, informed the community of Homemakers Club plans to purchase an electric record player for the use of the 4-H Clubbers and the community as well as the Homemakers.

Fred Stockdale, guest speaker, was introduced by Mr. Cunningham and spoke on the subject, "Unity in Communities Means Unity in the Nation." He was accompanied to the meeting by his wife.

Refreshments of ice cream and cake were served and recreation was led by junior youth leaders, Winona Webb and La Von Cunningham and 4-H leader, Mrs. Francis Cunningham.

There were 20 families represented which is good but we would like to have 100% before the contest closes. If you ever attend the meetings, you won't miss another.

The Good Neighbors were organized a year ago last June 26

and there are several families who haven't missed a meeting. We are proud of that record in such a young organization. The next meeting will be held in the home of Mr. and Mrs. W. E. Trice on the 4th Thursday in August.

Ben Ramsey Expresses Thanks To Texas Voters

Ben Ramsey of San Augustine, candidate for Lieutenant Governor and former Secretary of State, thanked the voters of Texas this week for the votes and support which put him in the second primary run-off for Lieutenant Governor.

Ramsey expressed confidence in victory in the second primary election August 26.

Ramsey's statement to the voters said:

"My showing in the first primary for Lieutenant Governor fills my heart with humble gratitude. It convinces me that I will be nominated in the run-off.

"Among my opponents were some of the ablest and most experienced of Texas' public servants—men whose legislative records have made them widely and favorably known. It seems clear that they divided with me the support of that great majority of citizens who believe that experience counts in public service, as it does everywhere else.

"I served in the Senate while three of these men were members of that body and three others were members of the House. Many of my friends are also their friends and many others who know me only from my legislative record faced a choice between several men whom they deemed competent and deserving.

"The situation in the run-off will be very different. I will no longer be confronting the popularity and prestige of men who have served ably in one or both Houses of our law-making bodies and many friends who share my own admiration for those men will feel free to cast their ballots for me. I believe that great majority of Texans will agree with me that in these crucial times the post of Lieutenant Governor should be filled by a trained and experienced man."

WHEW! WHY TRY?

Next time you hear a citizen yelping about a typographical error in his paper, these figures might be handed him to stop his tongue: In an ordinary column there are 10,000 pieces of type; there are seven possible wrong positions for each of the letters; there are 70,000 chances to make an error and millions of possible transpositions. In one sentence, "To be or not to be" by transpositions alone it has been figured out, 2,759,022 errors can be made. Newspaper people, from the "devil" up to the boss, and other high officials, are merely human and liable to error. Don't be nosing around for errors, but read for the information you can get and the good you can get. You'll find errors enough in your daily walk of life without having to hunt for them in a newspaper. — Wise County Messenger.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 16.148 miles of Gr., Dr. Strs., Base & Surf. from SH 214, 2 mi. S. of Morton to road int. 6 mi. W.; Fr. Sta. 120+25 to SH 290; from Sta. 1+50 to FM 769; Fr. Sta. 0+25 to Sta. 133+78 on Highway No. FM 1169, 595, 1578 & 301 covered by S 1509(1), R 967-1-2, V 1481-1-1 & R 885-1-2, in Cochran County, will be received at the Highway Department, Austin, until 9:00 a.m. Aug. 15, 1950, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of H. E. Deshazo, Resident Engineer Lubbock, Texas, and Texas Highway Department, Austin. Usual rights reserved.

The Innocent Pay For The Stupid Man's Play

The Texas Department of Public Safety estimates that 60 Texans are alive today that would have been killed in June traffic accidents were it not for the Highways Patrol's war against speeders.

With June considered a more ideal month for traveling than May, it should mean a great deal to all of us that less lives were lost in June than in May. It should mean a great deal that the trend is down instead of steadily rising as it has been for some time.

To accomplish this task, the Highway Patrol had to arrest more speeders than ever before in the history of the patrol. In other words, to accomplish this task, the Highway Patrol had to actually go out and pull the maniacs off the road. If ever anything was a national disgrace, this is it.

Lectures, drivers tests, and arrests seem to do little good. It becomes more amazing everyday how little people behind the wheel care for the lives of others. The problem boils down to something very fundamental. Only ignorance could account for a nation of people permitting this thing to continue.

Sixty are still alive. Were you one of the 3,390 who were caught speeding last month? Were you one of the 733 who were driving while under the influence of alcohol? Were you one of the 878 who took the stupid chance of passing on a hill or a curve?

The horrible thing is that if you weren't one of these you still could very easily be one of the 60 that are living, thanks to the Highway Patrol. The percentage of deaths by accident to the persons who are foolishly breaking the law is appalling, ly low.

Good Government Must Be Supported

In a land where we pride ourselves upon our freedom; government, whether it be local, or national becomes the vital concern of each and every citizen.

In Morton, the people have elected a Mayor and a city commission for which the mayor serves as chairman. The people have invested in those the power of selection of other employees. Such a selected man is the City Secretary whose duties, roughly estimated, consist of acting on the ideas of the commissioners.

Last week the Commission appointed a new City Secretary to succeed, J. S. Harrison who resigned. The man appointed was Joe Gipson, a 17 year resident of Morton who certainly should know the problems which have arisen in this city since its incorporation some 16 years ago.

Mr. Gipson has been carefully selected by your City Commission to fill this office. Now he needs the full support of the commission and of each and every citizen. He stands ready to listen to problems which concern all or a part of the city. He stands ready to receive your suggestions for bettering the city and to consider them carefully.

Joe Gipson has a big job and no one realizes it any more fully than he. Your full cooperation will be gratefully appreciated. Your concern in local government does not end when the citizens elect a man or group of men to lead them. Your concern should never end.

Fun Ends Where Danger Begins

Too often people in a community are prone to take the foolish pranks of youngsters as just so much fun and not worth the effort to curtail. But foolish pranks, committed in the spirit of fun, can be dangerous.

Two such pranks have been in evidence in Morton during the past week. Two such pranks have caused a great deal of expense, a great deal of hard feelings, and could have caused bodily injury.

Generally speaking, the sheriff and peace officers of a small community are disturbed little over such pranks. They point out that they have a job to do which requires much more than "baby sitting" with a bunch of youngsters and spoiling their fun. Last week, spoiling a little fun might have saved a little money. Indeed, it might have saved an eye, or even a life.

The first prank that last week caused considerable anguish and damage occurred at the ball diamond. Local boys, bored with the unexcitement of the game, invented a game of their own out behind the cars. They enjoyed their game of throwing stones in the air and hitting them with sticks until one shattered the window of an almost new car. The window could be and was replaced. An eye or a life could not have been.

Undoubtedly there was no intent of causing damage. Those boys, who did not escape unnoticed, were simply finding an outlet for pent up energy. It may be that they should have been out on the field playing the ball game instead of their parents. At any rate, their fun must now come to a stop. Reckless destruction of property cannot be tolerated. It never hurts until it becomes your property that is damaged.

The second incident, is simply an extending of a practice that has been going on for years in Morton. Perhaps you were one of those who handed down the example to the children of Morton. As in the other case, no life has yet been the cost. Tomorrow it may be.

The direction signs are installed by the highway department for two purposes. They are to direct people and to caution people. A highway superintendent pointed out last week that youth who deliberately tore down cautions signs installed on curves and danger warnings near the flooded areas have endangered lives. Two cars drove into the water covered strips of pavement because they were unwarned by signs. The signs had been installed and then were hoisted up a tree by playful children.

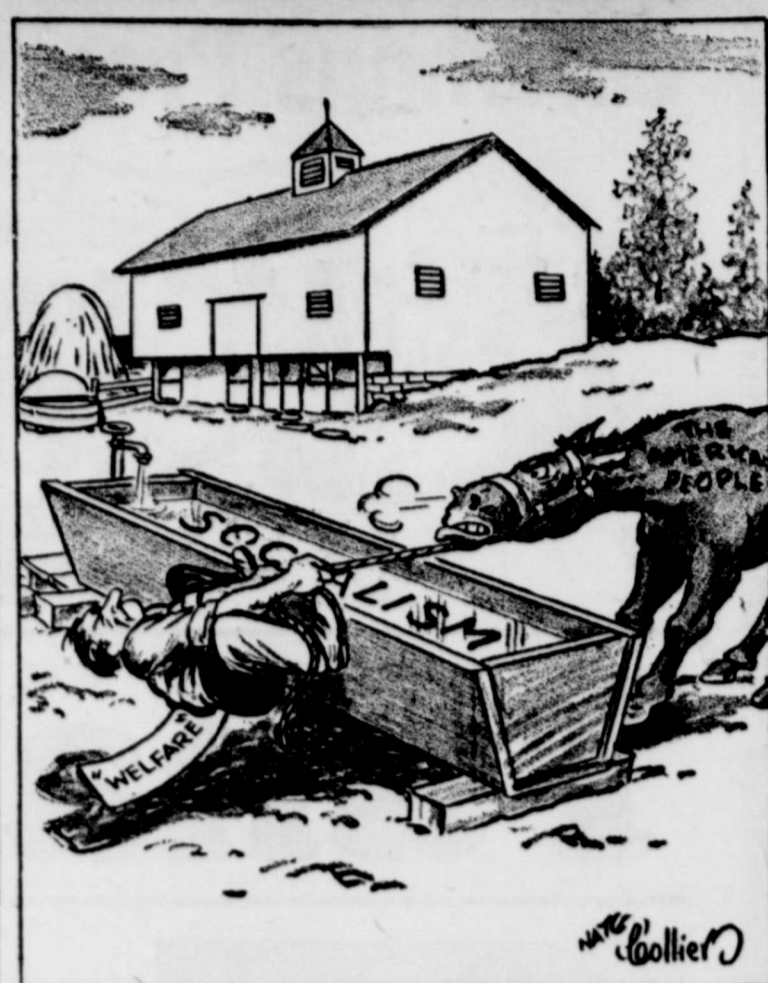

One man driving through Morton who did not know the area could easily be surprised; dismayed, and misled by a County Line direction marker lifted from the Highway 290 and installed near Lehman on the Plains highway. Such pranks are completely uncalled for.

Nor are all these pranksters grade school children. Some of them are adult in body and simply childish in mind. But whoever they may be at least some of their antics must be curtailed.

This is not an easy thing to do. It is not fair to expect a small law enforcement body to stop all these pranks. Much of the stopping can come from the parents. Parental discipline will, in most cases, accomplish a task both ticklish and uncomfortable for peace officers to accomplish.

The citizens in town call for your help. A little advice from an adult who can see the possibilities of disaster in what may be termed as fun, can go a long way. It may be your child who is the culprit or the next victim. Lets prevent foolish accidents. What do you help?

YOU CAN LEAD A HORSE TO WATER—BUT—

LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

"DEFICIT" MEANS TROUBLE

Last week I discovered that a lot of people do not know what the term "deficit financing" means. Just to satisfy a curiosity I asked a number of persons about it and although some had a vaguely correct idea only a very few had a clear understanding of the term; and not more than a handful had an awareness of the full implications of a deficit financing policy in government.

Some of the people with whom I discussed it said they had been dodging the formation of a personal opinion on whether government deficit financing was good or bad because, they said, it carried only a hazy meaning in their minds. When they'd heard the term spoken or had seen it in print they'd formed the habit, they said, of mentally "skipping" it.

Way To Bankruptcy

Deficit financing in its simplest definition means spending money you haven't got, operating beyond your income, spending borrowed money. If you earn \$300 a month and wish to spend \$400 a month, you can only grant the wish by borrowing the extra \$100 each month and giving the lender your IOU or your personal note, agreeing to repay the amount plus a set rate of interest. Your indebtedness mounts each month and so does your interest payments.

If you continue to borrow the \$100 month after month the interest soon bites deeply into your income and the debt itself becomes bigger and bigger. The result, in time, is bankruptcy, if repayment cannot be made. The court appoints a receiver empowered to sell your property. In the resulting liquidation, your creditors usually are left holding a near-empty bag. And you wind up a pauper, your family destitute. That's deficit financing for an individual, and government deficit financing has may similarities. When permitted to continue indefinitely, it must always end in ruin.

It Grows And Spreads

American citizens have their whole future at stake in the issue of whether their government shall practice deficit financing in good times as well as bad. The practice already has become epidemic. Census Bureau figures published in the Congressional Quarterly show that not only has our Federal government operated on borrowed money in 18 of the past 20 years but 33 of our 48 states are being infected with the disease too. That many over-spent their revenues last year.

The practice, if prolonged by the Federal government, can have but one result: ruination, caused by the government finally defaulting on its securities or destroying monetary values by runaway inflation. A reliable veteran observer in Washington made the statement recently that he was convinced influential Federal government leaders now are definitely committed to a prolonged policy of deficit financing and with it, gradual inflation.

The Harsh Facts

Few Americans apparently are aware they are paying more than five times as much in taxes today just to meet the interest payment on the national debt caused by deficit spending as the entire Federal Government cost in the year 1915. If the national debt of \$256 billion is increased by year-after-year deficit spending, the interest, along with the other government costs, will finally become unbearable to taxpayers and otherwise unmanageable by fiscal manipulations.

Then would come a default on government obligations, and loans from the millions of people holding government securities, or panic inflation engineered by frightened office holders. An abrupt inflation, drastically lowering the value of the dollar, would permit a payoff on the securities but the payoff would be a mockery, a mere fraction of the securities' original value; and the value of savings, insurance, annuities, wages, pensions, etc., would sink. The gradual inflation which is inevitable with any prolonged deficit financing brings the same end result but the damage isn't at once apparent; it sneaks up on you. Yes, "deficit financing" means trouble if long continued.

ZEKE SEZ

By NUGENT E. (Zeke) BROWN

Washington, On the Potomac, D. C.—One of the best little incidents of recent weeks: Senator Tom Connally provided it. It seems the tax committee was discussing taxes on alcohol and the subject got around to how much alcohol there is in patent medicines sold through drug stores everywhere. Suddenly, "Long-Tom" posed this one: "Say, fellows, what has happened to Peruna? Haven't heard of it for a long time?"

We cannot understand the street-car and city bus folks here in Washington. They raised fares to 11 cents for a one-way ticket on July 16. On three fares for 40 cents. A weekly pass that used to cost only \$1.25 will sell for \$2.00 and the company wanted to abolish them altogether. The result is that more and more government workers are "ganging up" and riding together in the family car. And that adds to one of the worst traffic situations found in the world. We must brag on the way these Washington cops keep traffic moving. That part is not bad. But, boy, you just try to park within half a mile or two of the downtown business and theatre district or around the capitol. It just cannot be done. For block around the capitol, the visitor finds empty parking spots along some of the streets. But, if he is not lucky, some Capitol cop will be standing nearby who will tell him the spaces are reserved for congressmen, senators or their employees. In fact, the signs are found every where you turn. So you drive the old car about five blocks away and finally locate a vacant spot after wasting half an hour or longer. If you have visited Washington lately in your car you know what we are talking about. It sure makes you wonder what the next 20 years will bring in new traffic problems. It is a lot worse in this city than it was 10 years ago when we lived here about a year.

We visited a tobacco farm about 35 miles south of here, in what is known as "Southern Maryland" one day this week. Roy Reed, the county Farmers Home Administration supervisor at LaPlata met us and showed us two farms. Of course, he first had to brief us on his county, declaring it is the "garden spot of the world." He pointed out that the county was first settled soon after Jamestown was settled by John Smith. Then he wanted to know if Texas could beat that! The nerve of the guy. (We were wearing our boots and our old Texas wool hat since it was raining that day.) On the way out to the tobacco farms about all we saw was a lot of pine woods. The woods are thicker here than down in East Texas. But the houses are a dead giveaway! They look like they are 300 years old, some of them. But there also are a lot of new homes, even down in the tobacco country. The joke is on us—talking about this tobacco crop. All the way across the state of Virginia, several weeks ago, when the wife and I drove up here from Amarillo and Memphis, we kept seeing small plants all over the fields that I thought were some kind of bean. I thought the leaf looked awful wide for a bean but the plants were still young. I didn't know any better until I asked Roy Reed last week. He laughed loud and long.

There were over 250,000 of us common folks gathered on the Washington monument grounds on the Fourth of July. Late in the afternoon. There were band concerts, solos, stunts and speeches, then a 30-minute fireworks program. The program

went along fine until a heavy downpour of rain threw the thousands into a scramble to run several blocks to shelter. Those in charge of the program immediately started shooting the fire-crackers. They were loud like the big guns of a battlefield and the colors in the sky stopped the crowd from leaving—too fast. Thousands of persons stood around and got soaking wet in the downpour which would stop for a few minutes, and then start again. We managed to get up the street to a government building about half a mile away before we got very wet. We left early to do that. Our car was parked a mile away. Just as we reached it, the rain turned into a real gully washer! Like most of the thousands, we did not have a rain-coat with us.

This war business has got a lot of folks worrying plenty. On the other hand, the public has been expecting it for many months now so there is a feeling of resignation to the inevitable while practically everyone is agreed something should be done to stop the Communists. It is felt here that Russia will not openly join in the fighting for several months, maybe, with a very slim chance she might not do so at all. But most everyone is taking it for granted that the Korean War is just a preliminary to the real showdown between the Western Powers and the Russian dictators. Day by Day developments are coming too fast for us to make any predictions a week ahead.—For instance, this week, they put wartime restrictions on visitors to the Capitol. You cannot go up there before 9 a.m. and after 4 p.m. without a special pass unless there is a night session when police will see that you stay in certain areas. But many thousands of folks from all over America are still visiting the Capitol every day, with thousands of Boy Scouts during the past weeks. The war news has about shunted news about politics off the front pages around here. That's all this week folks. Except to say that Gildersleeve writes us the West Texas has had good rains. That's mighty good news so far as we are concerned.

Free Government Marketing News Service Available

Farmers have only 10 days to file their applications for free government classing and market news services. Lell Buchanan said yesterday.

Mr. Buchanan's in charge of the Lubbock cotton classing office. U. S. Department of Agriculture, Production and Marketing Administration.

August 15 is the deadline for filing applications for these services due all farmers who belong to organized cotton improvement groups.

Last year, 98.6 per cent of the cotton ginnings in this area were classed by the Lubbock cotton office. This cotton was classed for farmers without cost under the Smith-Doxey Act, Mr. Buchanan reported.

Applications should be mailed to your local County Agent or Mr. Buchanan, 1701 Avenue K, Lubbock.

WHAT TO DO FOR A POISONED DOG

Due to their eating and licking habits, dogs are often poisoned accidentally. All cases of suspected or known poisoning warrant a veterinarian's attention, because death usually can be averted by quick use of specific antidotes and hypodermic injections. If a veterinarian cannot be reached, warm salt water or mustard water can be given by mouth to stimulate vomiting of the poison. Enemas and stimulants also are helpful. A small amount of very strong coffee, warm but not hot, is a good stimulant.

The Governor's Mansion in Austin was built in 1855.

My Sincere Thanks

To all my friends of Precinct One whose support qualified me for the August 26

Primary Election

and

To everyone in the county for the generous treatment I have received during my campaign.

May I take this opportunity to solicit your support in the next primary election.

* * *

J. O. (Jim) HILL

To the Voters of the 119th District

I am most grateful to you people of this district for such a large vote of confidence in electing me your State Representative. I am firmly convinced that by working together as West Texans, we can accomplish many things important to the welfare of all of us.

I thank each one of you for your support, and ask the support of all in the important days ahead.

Your friend,

Waggoner Carr

Ramsey Thanks Texas Voters

BEN RAMSEY, run-off candidate for Lieutenant Governor thanked Texas voters this week for the vote they gave him in the July 22 primary election. Ramsey, shown here in his San Augustine law office, said his heart was "filled with humble gratitude," and asked his supporters to continue the fight and elect him Lieutenant Governor in the Aug. 26 second primary. Ramsey is the only experienced candidate in the race.

Hawkins, Arnn Split Two Decisions In Hot Softball Race

OVERHEARD ON THE FAIRWAYS OF MORTON COUNTRY CLUB

Overheard on the fairways of Morton Country Club, the championship Flight, the next four lowest will constitute the 1st Flight and so on down until all are entered. Each golfer will be required to play an 18 hole match with each member in his flight and the one who has the greatest plus score of holes from all three of his matches will be declared the winner of his flight. The idea is to beat each of your opponents as badly or as quick as you can so that you will have as large a plus score as possible. A plus score means that you beat your opponent 4 down with only three holes left to play, or 7 down and 6 left to play. The number of holes you have an opponent down when he is beaten gives you your plus score. This has proven very interesting elsewhere and I believe we will like it here. Nice trophies will be awarded to the winner of each flight.

An accuracy driving contest will also be included. Also the closest approach on No. 8 from the tee will be included. The accuracy part of the driving contest means someone besides Snoball will have a chance to win it. He's been walking away with the longest drive at practically all the other events but accuracy counts more than distance in this contest.

Now the ladies were included also in the tournament. It was decided to let them play a nine hole medal play or low score contest. Mrs. Button Silvers will probably have some competition here. If the ladies like, they may reduce the number of holes to six but they will have to decide before starting play. They should get together and decide pronto. A blind hole score would be an added attraction if they would like to include this in their round.

An open house on Tuesday night, August 22, concludes the festivities with the awarding of prizes and a huge barbecue dinner. A two dollar entrance fee is charged all golfers entering the tournament and they must furnish their own steaks and drinks for the dinner. Someone will be designated to do the barbecuing. Two matches a week will have to be played or forfeited. In case of a forfeit the score should be 2 down 1 left to play. It is hoped that everyone entering will play all three matches.

Those desiring to try for medalist will play their round on Thursday, August 3rd. Qualifying should be made in a threesome or foursome. No individually played round scores will be accepted. Here's hoping we have a nice tournament and that everyone enjoys the experience of new type of play. May the best man win in each of the several flights. Adios.

KEITH JONES SETS NEW TRACK RECORD

Butler Brother's car No. 3, driven by Keith Jones, set a new track record at Littlefield last week churning the oval at 21.5 seconds. The former record was 22 flat held by a local boy.

Jones made it a perfect night with first places in the main event and the trophy dash and a third place in the first heat race.

Texaco Is Victim Of 25 Hit Attack Arnn Wins, 32-4

Pushing across 26 runs in the 3rd and 4th innings, Arnn Motor dealt Texaco another drubbing in the mud Monday night, 32 to 4 for the 7th consecutive defeat for Texaco.

Arnn took it easy in the first two frames getting 3 in the 1st and 3 in the 2nd. In the big 3rd inning they pounced on Jim Hill, Texaco hurler, for 9 hits and 12 runs including their second home run of the game.

Climaxing the rout with a 14 run 4th, they used 12 hits, three of which were also home runs. Burkes, Watts, Rowden Willis and Weed poled out the home runs. E. V. Thompson and Rowden split the pitching chores for Arnn allowing 7 hits. Texaco was charged with 11 errors.

Line score: Texaco — 0 0 0 3 1 — 4 7 11
Arnn — 3 3 12 14 0 — 32 25 4

Arnn Keeps Pace With Enochs, Olds By Tripping W. Side

Arnn Motor kept pace with Enochs in the battle for the league's second spot last week by edging West Side 6 to 3 in the tightest pitching duel of the season.

Zeke Sanders, on the mound for West Side, limited the heavy Arnn hitters to just three hits but a brief wild spell in the 5th inning in which he walked three consecutive men spelled his doom. Arnn took advantage of two errors in the same frame and Charlie Van came through with a timely hit to push across four runs enough to insure victory.

West Side collected 4 hits off Charlie Van but they were well spaced out as Charlie coasted to his fifth victory of the campaign.

Line score: West Side — 1 0 1 0 1 0 — 3 4 2
Arnn — 0 1 1 0 4 0 — 6 3 4

Texaco Loses Under West Side's Homerun Barrage

Aided by the homeruns of two new players and under the steady two hit twirling of a new pitcher, West Side smashed Texaco, 16 to 4, on the Slaughter diamond, Friday.

Wayne Vernon's homerun with the bases loaded provided the winning margin in the last half of the sixth inning. Hodges poled two home runs. Both of these men played for Reynolds Tire before going to West Side.

Wildness was Markham's only difficulty. The portly new coach of the Morton High School grid squad, issued 9 bases on balls and hit two batters during the game. But he left 8 Texaco baserunners stranded while fanning four men.

West Side clouted Texaco's new hurler, Ward, for 11 hits and he also was wild. Six walks and three hit batters contributed six runs to the West Side total. Winder smashed out three straight singles his last three trips to the plate.

Line score: Texaco — 0 1 1 1 1 0 — 4 2 3
West Side — 6 2 0 2 0 6 — 16 11 2

Enochs Continues Winning Streak By Downing Tiremen

Enochs warriors with the league's longest winning streak intact, boosted it to 5 games Thursday night and then slipped into a first place tie with Hawkins Oldsmobile.

The Enochs laid down a home run barrage to smash down Reynolds Tire 17 to 3. In doing so they gained a measure of revenge for the Tiremen were the last team to beat Enochs, pulling the trick, 14 to 9, on June 29th.

Lamar, Huffaker and pitcher Johnny Van clouted 4 ply pokes for Enochs as they rained out 18 hits, 9 of which were of the looping, Texas League variety. Their pitcher twirled three-hit ball at Reynolds one of which was a two run homer by Parker.

The defeat pushed Reynolds down further toward the league's sixth place which West Side and Reynolds are battling to escape.

Line score: Enochs — 5 2 1 2 1 6 — 17 18 5
Reynolds — 2 0 1 0 0 0 — 3 3 4

Howton Gives Local Boys Taste of Strikeout Pitch; Stars Lose 9-0

Billy Howton who pitched the Anthony softball nine into the Texas State softball finals last year, led his Murrel Furniture nine to a 9 to 0 victory over the Morton All-Stars in the second game of the District Softball tournament at Plainview Monday night.

Howton fanned 15 Morton batters while twirling a fine two hit game. Catcher Don Lamar's single was the only clean hit of the game for Morton the other coming from the bat of Arthur Van when his batted ball hit a base runner.

The All-Star team was composed almost entirely of Enochs men with one man from each of three other teams of the City league represented in the starting lineup. Nine Enochs men, one West Side, three Maplemen, two Reynolds players, one Hawkins Olds player, and an Arnn Motor player made the trip.

Murrel collected 8 hits off Johnny Vandeverter but seven All-Star errors paved the way for six of the nine Murrel runs. They scored 4 times in the first inning and coasted the rest of the way. Howton walked two men to make a total of just four men who reached first base. Two Morton men died on second.

Howton, recognized as one of Texas' top softball hurlers fanned the first nine Morton batters and was in fine form. He had

Hawkins, Texaco Uncork Slugfest; Olds Wins 20-10

Successive home runs by Winston Jerden and Shot Mills in the fifth inning, provided the Hawkins Oldsmobile with a ten run margin and a 20 to 10 victory over Texaco's oilers Monday night.

These were only two of the six homeruns clouted off Texaco hurler Ward. Bob Dunham, S. L. Keeler, and Bowman also whalloped four masters and Mills added another earlier in the game.

Hawkins lashed out 15 hits and took full advantage of seven Texaco errors to score lustily in every inning. Meanwhile they met unexpected opposition from Texaco at the plate with Shot Mills on the mound. Texaco collected 10 hits and a walk as Harris committed two errors at shortstop. Thomas, Ward and Cunningham got two hits apiece for Texaco. Mills had a perfect night at the plate with a double and a walk in addition to his pair of homeruns.

Line score: Texaco — 0 3 0 6 1 — 10 10 7
Hawkins — 3 5 4 4 4 — 20 15 2

Rainfall Deprives Arnn Motormen Of 3 to 1 Victory

Rain, coming down by the bucketsful, played the hard luck tune of the season for Arnn Motor company's softball nine at Morton Monday night when the game with Reynolds Tire was postponed with Arnn just one strike away from victory.

Charlie Van and his boys had a 3 to 1 lead in as finely a played game as was ever witnessed by local fans when it started to rain in the fifth inning. With two out and two strikes on Neal Rose, the rain fell in torrents and Arnn men started to leave the field. Umpire Fred Morrison was forced to call the game and it was never finished.

Charlie had pitched two hit ball, an error in the outfield paving the way for the only Reynolds run. It was the only Arnn error in the tilt. Carl Kernell returned to the mound for Reynolds to twirl five hit ball.

Line score: Reynolds — 0 0 0 0 1 — 1 2 4
Arnn Motor — 1 1 0 1 0 — 3 5 1

Note: None of the batting averages or any part of the game goes into the record books because it was not a complete game. However, in fairness to Arnn Motor, it must be said that since Arnn did not get a complete bat in the 5th inning, the actual score when the game was called was 3 to 0.

The Texas State Penitentiary at Huntsville was built in 1849.

Arnn Gets Revenge, 11 to 4, After Dropping 8 Inning Thriller, 8 to 7

After absorbing an 8 to 7 setback last week at the hands of Hawkins Oldsmobile, Arnn Motor came back two days later to belt the league leaders 11 to 4 and throw Enochs into a tie for 1st place.

Arnn and Hawkins battled 8 innings in a nip and tuck affair in the first game. An Arnn victory would have sent three teams Arnn, Hawkins and Enochs into a three way tie for the lead. But Hawkins cut down several Arnn threats and then Scott Hawkins blasted a double to right field in the 8th frame to score Keeler with the winning run.

Arnn collected 10 hits off Lefty Hall while Hawkins got to Charlie Van for only eight. But three errors late in the game meant the downfall for Arnn.

Thursday night it was an altogether different story. Arnn scored first with the first four batted balls going to third base-

man Early Hall. Unused to the heavy traffic, the husky third baseman booted two of them and Arnn was off and running never to be headed. They went on to score 5 runs that inning and four in the 3rd. They battered Lefty Hall for 11 hits including a three run homer.

Meanwhile, Charlie Van was getting a little revenge of his own out on the diamond. He spun a nifty three hit game at the heavy Hawkins batters, all of which were singles. By setting down the Hawkins crew he not only brought his team to within a game of 1st place but Arnn's team batting average became the highest in the league for the first time this season.

Line scores; First Game: Arnn — 2 2 0 2 1 0 0 — 7 10 5
Olds, — 1 2 1 2 0 0 1 — 8 8 3

Second Game: Hawkins — 0 3 0 0 1 0 0 — 4 3 7
Arnn Motor — 5 1 4 1 0 0 0 — 11 11 6

Local Pilots Give Levelland Racing A Whirl Saturday

Two local pilots driving Butler Brothers cars, made a good showing in the first night racing at Levelland last Saturday. Car No. 3 driven by Keith Jones took 4th on time trials, 4th in the first heat race, captured the trophy dash and was forced out of competition in the main event by a faulty radiator hose.

Car No. 32, a new Butler Brothers entry was driven by Cobb Weston who was hooked out of the main feature by an Auburn which caught his drive shaft.

Levelland racing is held each Saturday at the Rodeo grounds. The proceeds go to the Jaycees of Lubbock will go toward the construction of a new swimming pool.

Softball Standings

League Standings as of Monday, July 31.

Hawkins	8	2	.800
Enochs	7	2	.777

Texaco	0	10	.000

All-Stars Play Second Game at Plainview Tonight

The Morton All-Stars, defeated in their first game of the double-elimination softball tourney at Plainview Monday, will play a second game Thursday night. If they are defeated they will automatically be eliminated.

Enochs Conquers West Side 12 to 2; Push Loop Leaders

Enochs champions, with a chance to pull into a tie for first place, fulfilled their part of the bargain last Tuesday night by pounding West Side 12 to 2, but they were disappointed when Hawkins edged Arnn Motor to clinching to a first place lead.

The first half champs pounded Zeke Sanders for 11 hits while Harry Pollard was holding West Side to a trio of safeties.

All of the West Side hits were one basers as Pollard walked two and fanned three. Duke's three hits paced Enochs.

Oct. 15 to Honor Texas Tech College At State Fair

Lubbock—Officials of the Texas State Fair at Dallas have notified Texas Technological College that Oct. 15, a Sunday, will be "Texas Tech Day" at the 1950 Fair.

The event was arranged to coincide with the TCU-Teach football game which is scheduled for Oct. 14 in Fort Worth. Tentative plans call for a concert by the Tech band on the Hall of State patio at the Fair.

TO THE PEOPLE OF COCHRAN COUNTY
Thanks, for your splendid cooperation and backing in the election Saturday, July 22. I earnestly solicit your vote and influence in the August runoff elections so that I can again serve you as your Sheriff-Tax Assessor and Collector of Cochran County.
H. D. (Herman) Crockett

CARD OF THANKS
I want to thank the voters of Precinct 3 for their support in the last election.
My congratulations and support to the winners.
W. G. Griffin.

SOME OF THE NATION'S BIGGEST MEN were once in your shoes. They needed training and got it the I.C.S. way. You can too! 400 Major Courses, 2,000 Special Subjects. Call or write: Glen Blake Chanslor, Representative, INTERNATIONAL CORRESPONDENCE SCHOOLS, 1606 Ave. "R", Lubbock, Texas.

LOST—Pair new refrigerator trucks on highway between Morton and Lubbock. Reward Smith Furniture and Appliance. 23c

ATTENTION MEN—Many men are being held back in establishing themselves in a business of their own due to the lack of capital. Let us put you in business in Cochran County. Buy in credit. The line is complete and profitable. Write Rawleigh's, Dept. TXG-370-257A, Memphis, Tenn, or see Owen Rogers, Muleshoe, Tex.
