School Nurse Makes Report to County Court

Mrs. Fred Collins, County School and Public Health Nurse, made the following report to Cochran County Commissioners' Court during the January session.

Routine trips to schools in the county were made. These trips are made to Whiteface on Monday, Wednesday and Friday mornings. Bledsoe on Tuesday morning. Neely Ward and the Colored school on Thursday morning and Morton schools in the afternoon.

During the period 721 immunizations for smallpox were given; Diphtheria and whooping cough, 931; Typhoid, 717; this vaccine was furnished by the State of Texas.

Communicable diseases reported: Mumps, 96; Chicken pox, 80; Itch, 42; Measles, 6; Typhoid fever, 1; Head lice, 43.

Nursing service by Mrs. Collins includes checking of entire enrollment at beginning of each school term, for defective eye sight, dental cavities, enlarged tonsils and skin lesions. Parents are notified of any abnormality.

First aid is administered to minor injuries, others are taken to the hospital. Home visits include instruction in child care, advice and instruction for home nursing.

A pre-school clinic is conducted throughout the county each year for beginners. The health nurse also gives talks and demonstrations to various club groups and organizations throughout the year.

Bledsoe Student Is Elected to Beauty Spot in H-SU Vote

Tom Williams, Bledsoe, and Bubba Wilson, 4334 Emerson, Dallas, are the beauty and beast for Hardin-Simmons university campus. Their selection was announced Saturday in The Brand, student newspaper. Their selection is on a popularity basis.

Loretta Gullette, Joplin, Mo., was runnerup to Miss Williams. Nolan Tiger, Altus, Okla., was the finalist against Wilson. No more than 50 votes separated either of the winners from the runners-up in the final vote.

To Be Presented

The Beauty and Beast was presented to the student body at an all-university Valentine party Monday night. Miss Williams received a bouquet of roses, Wilson a nosegay of carrots and onions.

Miss Williams, a music major, is president of the Cowgirl band and a member of the Cowgirls, service organization. Wilson is a lettered guard on the football team. He is a transfer from Texas A. & M.

The campus sweetheart was chosen from an original field of 13 candidates for beauty and 11 for beast.

Rose Theatre Was Largest Contributor To March of Dimes

Rose Theatre was the largest single contributor in the 1951 March of Dimes in Morton.

Total contributions from two free movies sponsored by the Rose Theatre were \$162.00. Another fifty dollars contributed to the drive by the theatre brought the whole amount to \$212.00.

A meeting of the Cochran County Hospital Board of Managers, Commissioners' Court and County Attorney will be held at the County Hospital at 7:30 the night of February 28.

Sigurd Rascher to Appear in Concert At Levelland, Thursday, Feb. 15

Sigurd Rascher, the world's foremost exponent of the saxophone, will appear in concert at the Levelland High School Auditorium, Thursday night, February 15, eight o'clock under auspices of Levelland Mutual Concert Association.

When Adolphe Sax invented the saxophone in 1841, he intended it to be a new and vital addition to the majestic array of instruments which go into the making of great music. History records, however, that jealousy and narrow-mindedness prevented a thorough exploration of its possibilities for nearly a century.

Today, the saxophone is one of the most popular of all instruments. But, it is also the most misunderstood. It is Sigurd Rascher, who first proved that as

Nineteen Join Local Polo and Roping Club

To-date the Polo and Roping Club has 19 paid up members, according to Luke Cole.

An election of officers for the club will be held Thursday night, February 15. The constitution and by-laws of the organization will also be drawn up at this meeting.

The meeting will be held here at the court house. All members urged to attend. Those desiring membership in the organization are also invited to be present for this meeting.

Bobby G. Adams Now Stationed At Great Lakes

Bobby G. Adams, seaman recruit, USN, son of Mr. and Mrs. W. R. Adams of Route 2, Morton, Texas, is undergoing recruit training at the world's largest Naval Training Center, Great Lakes, Illinois.

Recruit training is the sharp break between civilian and Naval life in which the new Navy man learns the fundamental principles of the Naval service.

In the course of his training the recruit is taught seamanship, Navy customs, terms, basic ordnance, gunnery, signaling and navigation.

Upon completion of his training the recruit is assigned either to units of the Fleet or to a service school for specialized training.

MYF Group Gives Program For Joint Meeting

A group of young people of the Methodist Church presented a program Monday night when a joint meeting of W.S.C.S. and Wesleyan Service Guild was held at the church. J. B. Kempson is sponsor of the group. A discussion on "Homes Can Be Happy" was led by David Stephens; he was assisted by Wilma Jo Trice, Clinton Oden, Mary Carolyn Moore, Doris Gardner, Gene Alford and Annetta Kay Dunlap.

Mrs. Nora Stephens concluded the program with an inspirational talk on "Christian Homes."

Following a closing prayer by Mrs. E. Greer the group adjourned to Fellowship Hall where refreshments were served.

W.S.C.S. will meet next with Mrs. J. B. Knox with Mrs. Minor Yarborough in charge of the program.

Colonel J. R. Ziesenheim Guest Speaker at Lions Club Meeting

Colonel Joe R. Ziesenheim, of Erie, Pennsylvania, was guest speaker at Lions Club Wednesday noon, February 7. He was introduced by his son, Bob, member of Morton Lions Club.

The speaker's gift of observation, and deep human understanding enabled him to penetrate beyond the obvious and his story described the thinking of Germany's "plain" people.

He established beyond any doubt the efficiency of free enterprise of the United States as compared with other countries, prefacing his talk with, "One hundred years ago the Ziesenheim family came to America from Germany, the trip required 11 weeks, while I, retracing their steps made the trip by air in 19 hours. All foreign air lines noted on the trip were using American made equipment."

"The first home I visited, Mr. Ziesenheim continued, my hosts apologized for not having a guest room, explaining that all spare room was being used by displaced persons, and that they at that time had three DP's in their home. Mr. Ziesenheim was a guest in the home of a cousin, who lost three sons during War II. He mentioned that the three young men were killed in fighting the Russians. The host, referred to as uncle Christian, has a niece who is married to a protestant preacher; they were living in East Germany when the Russians came. The incredible extent of Russian crimes, rape of all the women and smashing of everything, is still largely unrealized by many, he said. The preacher and his wife returned after the Russian invasion to West Germany."

"Farm methods are practically the same used for the past hundred years, the youth of two generations have had no opportunity for development of new farming methods, soil conservation, spraying, etc. as their time has been utilized in fighting. The chief "new" thing in Germany today is electricity."

Mr. Ziesenheim continued, "I got as near the Russian line as possible, I visited and talked with the plain folks, those on the back roads, and I reached certain definite conclusions, which are not in harmony with many of the current radio and newspaper reports."

"The situation in Germany right now is an exact parallel as in Korea last June. Too, the Germans feel as if they were deserted by America, who moved out and let the Mongolians take over. West Germany wants to be friends with us, but the Russians are near while America is far away."

"West Germany feels that the United States should send equipment, if they expect cooperation from Germany in fighting Russia."

Stephens Family Attends Dedication

The family of Rev. Clarence Stephens attended special dedication services of the Ropesville First Methodist Church Sunday.

The dedication and homecoming service was under direction of Bishop W. C. Martin of Dallas and Fort Worth District and followed a noon luncheon.

Horace Krebb of Pettit held the morning service here, in the absence of Rev. Stephens.

Talk From Around Here

Our Boy Scout rally held in the district courtroom at the court house in Morton on the night of February 9, was very much a success. Mr. Bill Postma, scout executive of the South Plains Council and his assistant Mr. Oscar Sherrill were both present.

These two men gave talks and showed movies. One movie centered on Philmont, the scout ranch in Cimarron, New Mexico. This film was very interesting, more so as this scout ranch is located so close to Morton and Whiteface. The other film, made in color, concerned the scout jamboree at Valley Forge which took place in the summer of 1950.

Our Boy Scouts of Whiteface and Morton were well represented both by the Cub Scouts and older Scouts. Adults too, were present. The Lions Club of Morton was represented by their president, Mr. Murray Crone and a committee. The Lions club of Morton is sponsoring Morton's scout troop. Mr. Crone gave a talk to the scouts. He stated that the boys must realize that in their scout work they must not expect continuous entertainment. That their scout activities meant work. That they must show interest in their scout work in order to be a successful troop.

Mr. Bill Postma, of the South Plains Council promised Morton and Whiteface full cooperation from his office. He answered questions on Philmont. He stressed how necessary today our scout movement is in world affairs.

Mr. Postma's assistant, Mr. Oscar Sherrill, who will work with Morton and Whiteface in their Scout movements, promised his full assistance. Mr. Sherrill, under Mr. Postma, works throughout what is known as the Mustang district, which includes Morton and Whiteface.

Mr. Brasher of Brasch-Mitchell Hardware of Levelland was present. Mr. Brasher is District Committeeman of the Mustang District. His duties in the Boy Scout

Weather, Weather Everywhere

Snowfall around here late Tuesday brought .18 of an inch of moisture according to an early Wednesday morning report from the Soil Conservation Office.

Tuesday's snow followed high winds and sand that had blown nearly all day.

Temperatures in Morton dropped Monday night around nine o'clock from high in the seventies to below freezing in just a few minutes.

The icy blast was accompanied by high wind. The snow brought temporary relief to the dry farm land in this area.

S. L. Pierce Buys Back Standard Abstract Co.

Fred Brock, who purchased Standard Abstract some time ago from S. L. Pierce, announced this week the sale of the firm back to Mr. Pierce, his son T. W. (Joe) Pierce and J. E. (Tubby) Holloman.

Furniture and office supplies were moved from Mr. Brock's location on South Main back to the Pierce building on East Washington early this week.

S. L. Pierce, who originated the Standard Abstract several years ago will again be in active charge of the business, which consists of abstracts, loans, real estate, oil and gas leases.

Mr. Brock has not announced his plans for the future.

C. of C. Pledges Support to Polo And Roping Club

The recently organized State Line Polo and Roping Club was promised all out support at a directors' meeting of Morton Chamber of Commerce Tuesday, February 13.

General opinion of those present was that the club would promote much needed recreation for Morton and surrounding area.

All members of the State Line Club are urged to attend the next meeting of the organization which will be held in courthouse February 15. Persons interested in becoming members are also invited to attend.

Girls' 4-H Club Holds Meeting At Neely Ward

Civilian Defense Program Needed

"No community can prepare itself to provide the additional health services that will be essential for civilians subject to disaster, without a great deal of forethought, prolonged training and development of systematic performances, drills, tests, etc. When the average community prepares itself for disaster, the effort of each citizen and every profession must be fitted into a co-ordinated system.

"There is no easy way to prepare for disaster. It is all hard work."

These statements were contained in press releases sent out recently by Dr. George W. Cox, state health officer, and have been reiterated by Ministers of Morton from their pulpits, public officials and others concerned with the welfare of the local community as well as the whole nation.

The possibilities of an extreme emergency in this community don't appear great, we'll admit but nevertheless it seems to be nothing less than good sense to be prepared just in case.

The civilian defense program for every community embraces a great many things, and there's a job for every man and woman willing to help out.

Participating in a civil defense activity doesn't require a great amount of time, nor does it demand special talent. You simply agree to prepare yourself to carry out a specific job in case of dire necessity. Most important of all you'll be making this preparation for your own protection.

Morton already has enough professionally trained people to adequately organize and perfect such a program.

There are nurses and doctors available for instruction in first aid and home nursing.

Cochran County and Morton can count among its population a half dozen or so expert pilots, several owning planes, who can be depended upon for Civil Air Patrol.

Mayor R. T. Tarver has been appointed head of the Civil Defense program for Morton. In the very near future Mayor Tarver will call a general meeting for the purpose of organizing this program. It is hoped that each family in the community will be represented at this meeting.

"It will take more than guns and ammunition to stop the rising tide of Communism. Economic preparedness must go hand in hand with military preparedness."—Paul Mazur.

False Faces

Sometime ago a number of Junior Chambers of Commerce in a southern state inaugurated a "Democracy versus Communism and Socialism Week" to tell the people about the inherent dangers of communism and the creeping socialism which is insidiously paralyzing the economy and undermining our freedoms.

Each day was given a name of its own—Citizenship Day, Freedom of Press and Communications Day, Youth Day and so on.

A release describing the purpose of the Week said this: "Communists and socialists wear many false faces; they have more colors than a rainbow, more disguises than Ed Wynn has hats. The socialists and communists hide behind high ideals—freedom, equality and security.

but their record is one of frustration, want and slavery... History show that when government controls enough things, it becomes communistic or socialistic automatically, whether the people want it or not. And then freedoms are lost."

A Week such as this should be observed in every section of the nation. It should be supported and promoted by all who cherish freedom—labor and industry, agriculture and civic groups, the biggest business and the smallest business. For, as we move steadily on toward a war economy, the danger of control simply for control's own sake becomes ever greater. There can be no doubt that communists and socialists and their fellow travelers are seeking to use the crisis to promote their old ideological ends. And their best hope of success would lie in a lethargic public which was asleep to the menace.

Long ago it was said that power always corrupts and absolute power corrupts absolutely. Then freedom dies.

We may not live in one world but we come close to it when what happens in North Korea can take a farm boy across the Pacific.

Private enterprise is building one of the world's largest ocean liners but the U. S. Government is paying most of the cost.

Looking Ahead

By George S. Benson
President, Harding College
Searcy, Arkansas.

YOUNGSTOWN EDUCATES FOR FREEDOM

Recently it was my good fortune to see at first hand the results that may be achieved by an enlightened educational program in which parents, educators and business men join in transmitting to school youngsters a deep appreciation of America's economic, social and political freedoms. Upon the invitation of the superintendent of schools of Youngstown, Ohio, and the Economic and Business Foundation, I spent three days in Youngstown district of the Mahoning Shenango Valley, speaking to assemblies of high school students and their teachers. My combined audience was 12,850.

One of the strongest barriers that could be erected against the growth of Socialism in the years ahead would be a generation of young citizens who had been well educated in the true values of the American private enterprise system. The longer we are obliged to have government controls and citizen regimentation in this state-of-war emergency, the more important it is that our school youngsters, as well as their parents, be imbued with unshakable faith in our institutions of freedom.

Appreciate American System

In the course of several years traveling back and forth across the country, I've addressed several hundred thousand high school and college students on Americanism and the facts of our privately operated economic system. But the warm receptiveness and the intelligent questioning of the students and teachers of these 11 western Ohio high schools gave me my biggest thrill in years. The Socialist planners, with their something for nothing schemes and their propaganda of hate against private enterprise, won't get many recruits in this teeming industrial area at the heart of America.

The unusual awareness, intelligence and deep-rooted love of America in these school youngsters can be traced directly to a regional education program begun three and a half years ago. The program has brought together, in an enthusiastic harmonious team, the school people, parents, industrial management, Main street business men and the clergy of the district. The brain power, spiritual and material resources have been pooled in a regional project whose primary aim is strengthening American freedom.

Five Goals

The Mahoning-Shenango Valley project is unique. It stems from the Industrial Information Institute, and the Economic and Business Foundation. The former is supported by more than 100 industries producing steel, rubber products, pottery, kitchen equipment, machine tools, etc. Three and a half years ago the public relations people of these industries were given the task of

developing a district-wide plan to accomplish these aims:

- (1) Make clear to the public and employees of industry that prosperity depends upon continuous production;
- (2) Help the people, and especially the young people, realize that the finest job opportunities may be found at home;
- (3) Correct misconceptions of industrial ownership and profits;
- (4) Present basic economic facts through established means of public and employee communication and education;
- (5) Accomplish all this by working together with all interests in the district.

Into Action

The Institute was set up as the central vehicle. The school superintendent, teachers, parents, clergymen, industrial foremen, and all other community interests were invited to participate in the creating and carrying out of projects. Movies were produced, booklets and brochures published, speakers went into action, radio facilities and other media were utilized—all spreading facts about how the Mahoning-Shenango district developed and grew, the unlimited opportunities it offers, the interdependency of its various group interests, and how its advantages stem from the freedoms of the American way of life.

The Institute's Schools Committee, numbering 17 school people and two industry representatives, employed a textbook writer and two years ago began publishing a series of supplemental textbooks. The use of these books, along with other materials developed by the Committee, and the enthusiastic spirit of teachers and parents of the area, have made the high school population of the Youngstown district one of this nation's strongholds for freedom. What has been done at Youngstown can be done in every community, every region. If spread nationwide, it could make America stronger and our freedoms far more secure.

COUNTY OFFICERS GET SALARY HIKES

Lubbock county commissioners, officers and deputies had tangible evidence of the recent salary increases granted them when they received their January paychecks recently.

The salary boosts, averaging about 11 percent, were granted by the county commissioners' court recently. Increases were effective from Jan. 1.

Commissioners now draw \$5 thousand yearly under the new salary schedule as compared with \$4,500 per annum in 1950.

County officers, including the sheriff, county judge, tax assessor-collector, attorney, judge of the county court-at-law, county clerk, district clerk, and county auditor will receive \$6,875 yearly. Heretofore, their annual salary has been \$6,162.50.

Deputies of the county officers were raised in salary from \$234.35 monthly. This salary also is paid to the county treasurer.

The increases were granted in accordance with state law, which provides for county officials' salaries to be raised on the basis of population increases. When Lubbock county's population went past the 100,001 mark in the 1950 census, the pay raises were authorized.—Avalanche-Journal.

HOLIDAYS ADOPTED FOR BEEVILLE IN 1951

A list of six holidays to be observed by Beeville merchants in 1951 was adopted at a meeting of the merchants committee of the Beeville Chamber of Commerce held Friday morning at Hotel Kohler.

The recommended holidays are: January 1, New Year's Day; Memorial Day, May 30; Independence Day, July 4; Labor Day, September 3; Thanksgiving Day, to be same as observed by Beeville public school system; and Christmas Day, December 25.

Although this list, to become official, will have to be adopted by the board of directors of the C. of C., recommendation by the merchants committee is regarded as tantamount to adoption.

The merchants committee was

unable to settle the tangled controversy regarding "which of the Thanksgivings to observe," except to adopt the one which will govern the adjournment of classes in the public schools here. The spirit of the committee was that "one Thanksgiving Day will do."—Beeville Bee-Picayune.

NO CHANGES IN SALARIES MADE BY COMMISSIONERS

No changes were made Monday by the Commissioners' Court in the salary structure which was adopted at the first meeting of the court this year.

Requests for changes were made by several county officials on the basis of claimed inequalities which they pointed out to the court.

Sheriff M. E. Cantrell requested that car allowances be increased from 5 cents per mile on the ground that a car could not be operated for this price.

Collector Bill Money requested that one deputy in his office be increased from \$250 per month to \$275 per month on the strength of his former commitment on this salary.

District Clerk Ethel Mullins requested that her salary be set above \$3250 in comparison to salaries paid other district clerks.

County Judge Burney Slack stated that all requests were taken under advisement by the court but no action was taken at the meeting Monday. — Canyon News.

Do You Know whether oral admissions and confessions made by a Defendant in a criminal case can be used against him?

Oral statements made by a Defendant in a criminal case cannot be used against him, if he is under arrest or in custody at the time they are made. The Statutes require that confessions and statements shall be made freely and voluntarily and be signed by the Defendant. Also he must be properly warned as to the effect of his statement. There are exceptions to this rule, which are, that should the Defendant tell the officers where to locate physical property, such as a gun, stolen property, or other physical matter, that the officers may go find this evidence, and testify that the Defendant directed them to these things and that they were found where he said they would be. These things can also be introduced in evidence against the Defendant.

However, after a Defendant is released from custody, and is free to go where he pleases, any statement he may make reflecting upon his guilt may be used against him.

1936 Study Club Hears Forum On 'Hamlet'

"Hamlet" by William Shakespeare, was discussed by a forum at the 1936 Study Club meeting Wednesday afternoon, February 7. The club met with Mrs. J. B. Knox, 402 South Main Street.

Mrs. Joe Gipson, introduced by Mrs. J. D. Hawthorne, led the forum, which was composed of Mrs. F. F. Roberts as co-leader; Mrs. E. A. Miller, Mrs. J. B. Nicowarner, Mrs. Gage Knox and Mrs. Neal H. Rose.

Mrs. Miller gave a resume of the five-act play prior to discussion by the forum.

A copy of Hamlet is extant, bearing the date 1602. "Shakespeare's plays show an extraordinary knowledge of human nature and for sheer poetic beauty they have never been equalled, it was brought out by the forum in questions and answers."

Proceeding the forum a refreshment plate was served by the hostess and several piano selections given by Mrs. W. P. Housh.

A report of nominating committee was given by Mrs. P. B. Ramby and committee chairmen for the annual guest day tea announced. Mrs. Scott Hawkins presided for the business meeting.

Mrs. R. C. Ross reported on Federation news.

Guests present were Mrs. Roy Weeks, Mrs. Carl England, Mrs. E. L. Willis, Mrs. Elizabeth Greer and Mrs. L. A. Cochran.

Members present including those on the program were: Mrs. J. A. Gowdy, Mrs. W. R. Hatcher, Mrs. H. S. Hawkins, Mrs. M. C. Ledbetter, Mrs. Lloyd C. Miller, Mrs. Hume Russell and Mrs. Fred Stockdale.

FACING JUNGLE STAMPEDE

Stewart Granger, Deborah Kerr and Richard Carlson take refuge behind an embankment to escape the murderous hoofs of a stampede of 6,000 wild animals fleeing from a jungle fire. The scene is one of the many thrill-packed moments in "King Solomon's Mines," M.G.M.'s spectacular filmization of the H. Rider Haggard adventure classic filmed in Africa on a five-months safari. It will have its first showing in this area, at the Home Theatre in Whiteface, Tues. Wed. and Thurs., Feb. 20, 21 and 22.

One Out Of Every Eight Men Hail From The Lone Star State

Camp Cooke—What happens to the nation's defense establishment when the sovereign state of Texas answers a call to arms? The 40th Infantry Division, which is as California-ish as the sunshine for which its native state is noted, came up with one answer today.

When the last of 4,000 new draftees from all parts of the country have passed through the 40th Replacement Company, one out of every eight will hail from the Lone Star State. Exactly 496 Texans passed through for processing last week.

The Texans figured the eight-to-one odds were about equal. The Californians figured the ratio of Texans to non-Texans was not unreasonably low, in view of the Texans' frequent claims to having the biggest and the best of everything.

The new group of Texans is in addition to another large group that was sent to Camp Cooke last October to help fill the ranks of the 40th Division, a former National Guard unit called to active duty.

Nor were the October arrivals the first Texans to be sent to California for service with the 40th. The migration began as early as World War I days, and among this first group of Texans was Maj. Gen. H. Miller Ainsworth, who now commands the 36th Infantry Division, Texas National Guard.

Since its recall to active duty, the division has acquired men from every state in the union and form some territories and possessions.

If a Californian says California grapefruits are larger than Texas grapefruits, there are 96 men from Rio Grande Valley communities to counter the claim.

If a man from New Orleans says the Crescent City is the largest in the South, there are 77 new arrivals from the Houston vicinity to tell him different.

If a man from Laguna Beach says he is from a famous resort town, there are 27 men from Galveston to tell him about a famous island resort town in Texas.

If a man from the nation's capital brags about his home town, there are 32 men from the Austin vicinity who will probably say that the Texas capitol dome stands higher than the national capitol dome. Or that the San Jacinto Monument stands higher than the Washington Monument.

If anyone doubts that Texas has a navy, there are 496 men to tell him about the Battleship Texas, which is now a state shrine.

If anyone doubts that Dallas is a famous fashion center or that Fort Worth is a famous aircraft center, there are 41 men from the Big D-Fort Worth area to tell him otherwise.

If a man from New England says he is from an industrial center, there are 167 men from the industrialized, oil-rich Texas Gulf Coast to match the claim.

If anyone should sound the battle cry, "Remember the Alamo," there are 28 men from San Antonio who will probably reply, "Remember it? Why, I've been through it—hundreds of times."

But the little town of Kenedy (pop., about 3,000) set somewhat of a record for per capita representation in the 40th. It contributed—seven men.

Corbin Favors Farm-Market Road Program

Continuation of the full \$15,000,000-a-year farm-to-market road program was put at the head of his fist today by Senator Kilmer B. Corbin of Lubbock and Lamesa.

"I am opposed to any schemes aimed at cutting down on the farm-to-market road program. I am opposed to any schemes for taking road money away from the counties and giving it to the State Highway Department," the senator declared.

Corbin referred particularly to the plan announced last week which would take money now allocated to counties for lateral road construction, amounting to about \$8 million next year, and giving it to the Highway Department to replace the present \$15 million annual rural road program.

"The proponents of this scheme say that many years from now it will get more farm-to-market roads built," Corbin said. "But I say that we need more roads now, not 20 years from now. The \$15 million-a-year program is little enough as it is without cutting it down still farther."

Furthermore, the senator continued, as a former County Judge in West Texas, he knows that the counties are doing a good job of rural road-building with the money they receive from the bond surplus account. In the years to come, as more and more bonds are paid off, the money available for immediate road construction will become greater, and more and more rural roads can be built by the counties.

Mrs. J. H. Cheshir Entertains Busy Bee Club Jan. 31

Mrs. J. H. Cheshir was hostess to the Busy Bee Club, January 31st.

Members present embroidered and at conclusion of meeting were served refreshments of cocoa and cookies.

Those present were Mesdames C. C. Kennedy, Johnny Selby, C. R. Melton, Connie Powell and Donald Cox.

The club met again on February 5 with Mrs. Kennedy. Present for this meeting were Mesdames Johnny Selby, Elwin Berry, J. H. Cheshir, Connie Powell, R. V. Cotton, Richard Powell, C. R. Melton, Dan Tims and James Betts.

The hostess served a refreshment plate of Cokes, fruit salad and coconut cake.

The next meeting will be with Mrs. Donald Joe Cox.

Neely Ward Boys 4-H Club Meets

Neely Ward Boys 4-H Club met Friday, February 9, 1951, in the Neely Ward School building. There were ten members present.

Miss Betty Jane Eaton Becomes Bride Of Kenneth Willis at Raton, N. Mex.

Miss Betty Jane Eaton became the bride of Kenneth Warren Willis in a candlelight ceremony performed by the Rev. W. C. Carpenter at 5 p.m. Sunday, Feb. 4, in the First Baptist Church, Raton, New Mexico.

The bride was escorted to the altar by her father. She was attired in a gown of imported Chantilly lace over taffeta. The gown was fashioned with a Peter Pan collar and featured long light sleeves and a full flared skirt. Her veil of French illusion was held in place by a cap of Chantilly lace. She carried a bridal bouquet of cerise and white flowers interspersed with lace.

Mrs. Thomas R. Erwin, sister of the bride, acted as the matron of honor. Her blue velvet dress was patterned after that of the bride. The full skirt reached to the floor. The dress had long sleeves and a jacket. Her flowers were a bouquet of lace and feathered white carnations.

The candlelighters were Miss Delores Genta and Miss Sue Beall, two of the bride's sorority sisters at Eastern New Mexico University. They were gowned in dresses of blue organdy patterned after the bride's gown.

The ring bearer, Donnie Rogers, wore a light blue floor-length taffeta dress fashioned like that worn by the bride. The rings were carried on a white satin pillow.

Jimmy Willis, brother of the bridegroom, from Portales served as the best man. Ushers were Clifford Wall, Clovis, and Bill McAllister.

Miss Clarissa Webber was the pianist and Mrs. Don Partridge played the violin. Musical selections used were "Because," "I Love You Truly," "Sunshine of Your Smile," "I Love Thee," "At Dawning" and "Oh Promise Me." The violin solo was "Thru the Years." The traditional wedding marches were used as the bridal party entered and departed from the church.

The bride's mother chose a dark grey suit with bead trim for her daughter's wedding. Her accessories were black. The bridegroom's mother attended in a navy blue suit accented with black accessories.

The church was decorated with white tapers and baskets of white flowers and silvered juniper on the table before the altar was an open white Bible.

Following the ceremony there was a reception at the El Portal hotel. Table decorations included the wedding cake topped with two wedding bells, silver candlestick holders with white tapers and a large white satin bow with white carnations.

Reception assistants were Mrs. R. W. Erwin, Mrs. Lloyd Boan, Mrs. Vincent Walker and Mrs.

Roy Ashley.

After the reception the couple left on a wedding trip to the southern part of the state. For her going away ensemble the bride chose a navy blue suit with navy blue accessories.

They will make their home in Portales where the bridegroom is a senior at Eastern New Mexico University.

The bride is the daughter of Mr. and Mrs. George A. Eaton of Raton. She was graduated from Colorado Woman's college in Denver and has been attending Eastern New Mexico University this year.

The bridegroom is the son of Mr. and Mrs. Boyd E. Willis of Morton, Texas.

Out-of-town guests for the ceremony included Mr. and Mrs. Willis of Morton, Texas, parents of the bridegroom; Mr. and Mrs. Clifford Wall of Clovis, Mr. and Mrs. Harry Hughes, Mr. and Mrs. Wesley Barker of Trinidad and Mr. and Mrs. Virgil Walker of Trinidad, Colo.

Mr., Mrs. Pinnell Return From Wedding Trip

Mr. and Mrs. James R. Pinnell have returned from a wedding trip to Mexico. They visited here with her parents, Mr. and Mrs. W. B. Lackey, until Wednesday, when they left for their home in Mattoon, Illinois.

Mr. and Mrs. Pinnell were married in the Methodist Parsonage, Clovis, New Mexico, February 4. Rev. Thomas H. Raper read the double ring service.

Miss Margaret McDonald, Lovington, a former roommate of the bride, and John Gillett, also of Lovington and the bridegroom's former roommate at ENMU were attendants.

The bride, given in marriage by her father, wore a navy suit with navy and white accessories. Her bridal corsage was a white orchid.

An inlaid design of small particles of glass or stone is a mosaic.

Van Greene Returns From Trip to Canada
Van Greene returned last Friday from a trip to Calgary, Alberta, Canada. He was accompanied home by his sister, Mrs. Lloyd Coffman of Calgary. Mrs. Coffman is at present a guest of her parents, Mr. and Mrs. Joe Greene, in Lamesa.

--annegrams -- — by ann england —

Goodness — we almost forgot this column. Was busy last Thursday and Friday rounding up advertising etcetera and then took off shortly after noon Saturday for a directors meeting of West Texas Press Association in Baird.

★ **Mr. and Mrs. Marvin Hunter Jr.**, of the Baird Star, were hosts to the directors and their spouses.

★ **All of us enjoyed a visit** and real barbecue dinner in the Hunter home after directors finished directing (?) or what ever it is they do besides talk.

★ **Weather just slightly above too warm**—hurty feet and a too tight girdle marred the trip to some extent.

★ **Mrs. J. B. Knox is up and out** again after several weeks of feeling bad. She very kindly invited us over for 1936 Study Club last Wednesday. We love to go to Mrs. Knoxes—she has such an attractive home and soooo many pretty things.

★ **Bee Baird must have been** puny that day, as she too was invited but failed to show up. And Bee just doesn't forget or stay away.

★ **Saw pretty, blonde, Mrs. G. A.** Spiller looking at bedspread and drapery material the other day. They've bought the house formerly occupied by Doves, Barkers and Metzners and have had it completely redecorated. Josephine has early American furniture, which lends itself beautifully to this part of the country and to that particular house.

★ **Just know she, as well as Dr. S** and Phyllis are enchanted to get settled. His parents came up from Brady to help with the moving.

★ **Ran into this recipe on Coffee** Crescents and it sounds wonderful. And if we ever get around to it, mean to try same.
1 cup butter or margarine, 1 cup sugar, 1 orange, juice; ½ teaspoon orange extract, 3 cups

★ **sifted enriched flour, ½ teaspoon** baking soda, 1 teaspoon double-action baking powder.
Cream butter or margarine until light. Add sugar gradually; cream together until fluffy. Stir in orange juice and orange extract. Sift together flour, baking soda and baking powder; stir gradually into creamed mixture. Chill dough one hour. Roll out ¼ inch thick on floured board. Cut with crescent shaped cookie cutter; place on greased baking sheets. Bake in moderate oven, 350 degrees, eight minutes, or until delicately browned. Cool on cake racks. Combine 1 cup sugar ½ cup honey and ¼ cup coffee in saucepan. Bring to boil; simmer five minutes. Dip the cooled cakes in syrup, sprinkle with chopped nutmeats. Place on cake racks to drain.

★ **Glenn Thompson needn't feel** chagrined about the March of Dimes—as we've noticed many communities fell short of the goal this year, G is still working on it tho—so if any of you wish to help just send your dimes or dollars along to Mr. Thompson.

★ **We had the privilege of a short** visit with Bob Ziesenheim's parents one evening last week. She is a pretty little blonde. Mr. Z is an older Bob (not too much older however). We were captivated by them. We've liked Bob all along and knew his folks would be super.

★ **Proud to hear that Boy Scout** movement for the area is again being activated. Saturday while driving through Abilene we heard a radio call for all Boy Scouts to assemble immediately.

★ **Read in the paper the next day** that the boys were all at the central meeting place within an hour after the call was sent out. Boy Scouts are being trained now for Civilian Defense. This quick mobilization call was sent out to see how well the boys had learned their lessons.

★ **As Bro. Stephens mentioned** a Sunday or so ago, "It isn't that we expect an atom bomb to drop on us out here—but we should be ready for other emergencies and possible disasters. Too, we should be ready to offer assistance to people in other communities.

★ **First aid, of course, comes first.**

Tribune, Morton, Cochran County, Texas, Thursday, Feb. 15, 1951

but shelter and food is near top of list. Most of us could take in from one to a dozen people if the need arose.

★ **At our house we could accomo-** date two people without disturbing our routine in anyway. However if Lubbock or Levelland or some other town nearby needed to evacuate quickly, we could make room for no telling how many. That is true of nearly every home in Morton.

★ **AND, there isn't a person in** Cochran County that wouldn't be willing to do everything he could

★ **Civil defense now consists** mainly in organization. Knowing just where shelter is available. Names and telephone numbers of blood donors and their types.

There are also certain things one needs to know about gas water and electricity in the event of a catastrophe.

★ **So, if and when, there is a gen-** eral call for a Civil Defense program meeting, be sure to attend.

Ernest Harry, 58, Is Claimed By Death At Home

Ernest Harry, 58-year-old farmer of Enochs, died at his home late Thursday, February 8.

Survivors include his wife of Lubbock; four daughters, Mrs. Howard Harvey, Sally Harry, Betty Harry and Carol Harry all of Enochs; one son, Lloyd Harry of Sulphur Bluffs; two brothers, Elmer Harry of Oklahoma City and Ben Harry of Lubbock; and three sisters, Mrs. Frank Jernigan of Hugo, Okla.; Mrs. Sam Bailey of Austin; and Mrs. Jack Spaulding of Kaufman.

S. S. Representative Here February 23

Gerald L. Schantz, Field Representative from the Lubbock Social Security office will be at the Post Office in Morton at 1:00 on Friday, February 23 to assist persons who wish to file claims for survivors or retirement benefits and to assist in furnishing information about the new Social Security law.

Legion To Sponsor Heart Fund Drive

Jesse R. Bond Post, American Legion, will direct a campaign for contributions for heart research during February, it was announced last week by Merle Ensor, post commander. Miniature heart banks will be placed over Cochran County to receive contributions, he said.

Anyone who wishes to speed this research on the heart may do so by simply mailing their contribution with the word "Heart" care of postmaster at Morton, and the money will go into the research fund," Mr. Ensor said. The drive will extend through February.

Cochran Countians On Increase At State Pen

Huntsville. — The number of persons from Cochran county committed to the Texas State Prison system has increased over a period of 22 years. Between 1928 and 1950, there were 15 commitments from the county. Twelve of these occurred after 1939, and five persons were committed during the last three years.

These figures were revealed by Dr. Rupert Koeninger, head of classification at the prison, and head of the sociology department at Sam Houston State Teachers college. His advanced students aided in the survey.

The highest number in one year is three in 1940. There was one conviction in 1949, 1943, 1942, 1938, 1932, and 1931. There were two persons committed in 1950, 1948 and 1944.

Cotton Seed Is High, Should Be Tested Now

Cotton seed is high priced now; so is oil mill cottonseed. This is to advise that Dr. A. W. Young, Agronomy Dept., Texas Technological College, Lubbock, Texas, has a limited number of storm-proof varieties of cottonseed as Storm Master, 122 and others that he is selling to the public. If farmers of Cochran County want any of these seed, they should write Dr. Young at once. He will take orders as long as he has seed left. Right now he is in the process of cleaning, treating and sacking this seed, advises County Agent Homer E. Thompson.

"Again, any farmer who wants any of these seed should write or contact Dr. Young at once. He will fill them as long as he has cottonseed to fill your request. A letter will do now, to make your reservation for these seed. Dr. Young will later notify you when to come after them," says the county agent.

Lions Minstrel to be Held March 29-30

Date for the Third Annual Minstrel, sponsored by Morton Lions Club, has been set for Thursday and Friday night, March 29 and 30, according to an announcement by P. B. Ramby at last week's Lions Club meeting.

Home Baking Is Still the Best, Most Economical For Housewife

Lubbock, Texas.—The modern housewife not only can make better pies and cakes than are produced commercially, but she can do it cheaper, according to Miss Martha Buttrill, assistant professor of foods and nutrition at Texas Technological College.

Further savings in time and money, the foods expert says, can be made by utilizing a "master mix."

Tech students enrolled in a food purchasing course recently completed a survey in which home baked cakes and pastries were compared with commercial products. The students compared both the costs and the textures of the two products. Their decision was that you just can't beat home baking for economy.

The students found that the better commercial cake mixes cost about 39 cents, plus the additional cost of ingredients which must be added, such as fresh eggs.

Miss Buttrill offers the following price breakdown on a typical recipe to prove to the skeptical housewife that she can save money by doing her own baking.

2 cups flour, 6 cents; 1/2 tsp. salt, 1/2 cent; 2 tsp. baking powder, 1 cent; 3 tbsps. melted butter, 3 cents; 3/4 tsp. vanilla, 1/2 cent; 1/2 cup milk, 4 cents; 2 eggs, 12 cents and 1 cup sugar, 5 cents.

Total — 32 cents.

Miss Buttrill says that if a housewife does use a commercial cake mix, the best possibility for a good cake is one to which fresh eggs must be added since dried eggs have proved unsatisfactory.

The "master mix" can be made in one hour in large enough quantities to enable the housewife to make things for several days by varying the added ingredients. For one mix which will give biscuits, muffins, cornbread, griddle cakes or waffles, mix the following:

9 cups sifted all-purpose flour, 1/3 cup double-action baking powder, 1 tablespoon salt, 2 teaspoons cream of tartar, 1/4 cup sugar, 2 cups shortening.

When you are ready to bake, you merely add milk for biscuits; for muffins sugar, milk

Mrs. L. Franklin's Class Boosts March Of Dimes Total

Whiteface March of Dimes total had stopped at \$901.94 and this amount did not suit Mrs. Lavada Franklin, teacher of Whiteface's colored school, and her eleven pupils.

When the Whiteface March of Dimes chairman dropped by to visit her class and pick up the school's container, he reported the amount Whiteface had deposited to the March of Dimes. Then Mrs. Franklin's polio container's contents were poured out on her school desk. It amounted to an even \$7.00. Mrs. Franklin's hand dived into her purse and she produced six cents. "We will make it an even \$909.00," she said.

Thus Whiteface March of Dimes drive stands at \$909.00 with Mrs. Franklin and her eleven pupils to be thanked for this final amount. For one teacher and eleven pupils to raise \$7.06 in the polio container is indeed a very fine thing to do. Cochran county thanks you, Mrs. Franklin, and your eleven pupils.

Preliminary Plans Made for Epsilon Sigma Alpha

Preliminary plans for organization of an Epsilon Sigma Alpha Sorority were made when a group of girls met Tuesday evening, February 6, with Mrs. J. C. Blakeley.

Another meeting of the group will be held prior to receipt of a charter, it was announced by the sponsor, Mrs. Blakeley.

At conclusion of meeting the hostess served a refreshment plate to the following: Mrs. Sonny Weatherly and Misses Laverne Hodnutt, Wilma Joe Trice, Donna Frea, Jamille Jeter, Doris McMaster, Nell Brown, Louise Baldrige and Patsy Evans.

Self Employed Come Under New S. S. Setup

Self-employed persons come under the Social Security Act beginning January 1, 1951; however, in most cases the first report will be made at the regular tax paying time in March 1952, according to John G. Hutton, manager of the Lubbock office of the Social Security Administration.

Among the self-employed persons are operators of stores, filling stations, theaters, taxi cabs, advertising agencies, logging contractors, brokers, and certain others who classify themselves as independent contractors. The law specifically exempts farm operators, physicians, lawyers, dentists, architects, funeral directors, engineers, accountants, and a few other professions.

An individual must have self-employment income of \$400.00 or more in a year to become subject to the law. Only the first \$3600 income in a year is subject to the tax. The tax rate is 2 1/4% from January 1, 1951, through December 1953.

Partners in a business are considered as self-employed. A professional person may have self-employment income from sole ownership or a partnership outside of his profession. Both wages and self-employment income may be credited up to \$3,600 per year. Benefits are computed from the average wage or average net self-employment income, or a combination of the two.

A person just coming into the system who had no previous wage credits will not be penalized because he was not in covered employment prior to 1951. The law provides for a new start as a basis for figuring benefits. No one will be fully insured under the new start until he has obtained at least 6 quarters of coverage, which means he cannot become entitled under the new provisions before the middle of 1952. A free pamphlet explaining self-employment income and other provisions of the amended Social Security Act may be obtained from the Lubbock Social Security Office, 1311 Texas Ave., Lubbock, Texas.

Physicians Invited One-Day Atomic Medical Course

Physicians of West Texas and eastern New Mexico will gather in Lubbock Feb. 15 for a one-day postgraduate course entitled "Disaster Preparedness for Atomic Warfare."

The all-day program will be staged in the Hilton Hotel and is under the auspices of the Postgraduate Division of the University of Texas School of Medicine in cooperation with the State Medical Defense Director, the State Medical Association of Texas, and the American College of Surgeons.

Nine prominent physicians are scheduled to speak on subjects pertaining to disaster arising from possible atomic warfare. "Being prepared for such warfare, though the possibility may be negligible, should be the concern of every physician," said Dr. R. C. Douglas, in charge of arrangements for the preparedness program in Lubbock. "This course will provide them with an excellent opportunity to become acquainted with a relatively unknown subject."

The course will be devoted strictly to the study of needed medical reaction to an atomic emergency. The meeting will open at 9 a.m. and close at 5 p.m.

Sneakers on the program include: Dr. Truman G. Blocker Jr., Dr. G. W. N. Eggers, Dr. A. W. Harrison, Dr. W. L. Marr, Dr. R. M. Moore, Dr. R. H. Rigdon and Dr. S. R. Snodgrass, all of the Medical Branch of the University of Texas, Galveston; and Dr. George W. Cox, state Medical Defense Director and State Health Officer, Austin, Texas and Dr. A. T. Steward, Representative of the President of the State Medical Association of Texas, Lubbock.

Invitations have been sent to 600 doctors in West Texas and Eastern New Mexico, said Dr. Douglas. Any doctor who may have been overlooked on the invitation list is urged to attend.

Whiteface F.F.A. Hosts Basketball Tournament

The Whiteface Chapter of Future Farmers played host to seven other Chapters for an Invitational F.F.A. basketball tournament on February 8, 9 and 10. The tournament was unique in this area as each player had to be an active F.F.A. member and must not have played on an "A" squad in the current school year.

Play got under way at 5:30 Thursday when Pettit met Seminoe. Other F.F.A. teams playing that night included Dimmit, Ropes, Sundown, Morton, Brownfield and Whiteface.

The tournament was planned for an additional recreational activity for Future Farmer members. Proceeds of the tournament will be used to help defray boys expenses to the San Antonio Livestock Exposition and also the expense of the Father and Son Banquet.

Senator Agrees On Proposed Redistricting

Senator Kilmer B. Corbin agreed today that the 11-county Senatorial District proposed by the Senate Redistricting Committee is fair and equitable for the big West Texas area he represents.

"All in all," he declared, "West Texas got fair treatment. The top of the Panhandle got the district to which it was entitled. The area immediately south of that district became a new district. And the district south of that one, which I now represent, was made still another."

The district would consist of Cochran, Hockley, Lubbock, Terry, Crosby, Yoakum, Lynn, Dawson, Gaines, Andrews and Martin counties, under terms of the bill as approved in committee.

The new district would consist of Wheeler, Deaf Smith, Armstrong, Donley, Collingsworth, Parmer, Castro, Swisher, Bailey, Briscoe, Hall, Childress, Lamb, Hale, Floyd and Motley counties.

A third district, just to the east of Corbin's district would consist of Dickens, Garza, Kent, Stonewall, Borden, Scurry, Fisher, Jones, Shackelford, Howard, Mitchell, Nolan and Taylor counties.

Corbin said the redistricting bill undoubtedly would be strongly opposed by some senators who feel that their areas were treated unfairly, but he refused to predict whether it would finally pass. If the legislature fails to redistrict then the constitutional redistricting board must do it.

Members of that board are the Lieutenant-Governor, Speaker of the House, Attorney General, Comptroller and Land Commissioner.
