MORTON, TEXAS, THURSDAY, FEBRUARY 4, 1954

NUMBER 48

## Soil-Water Conservation Honors Due

Many Cochran Counties could still qualify for some of the awards to be offered in the 9th annual soil and water conservation program.

The hunt is on for Texans who have done the most to further the savings of our precious needs, soil and water.

The Fort Worth Press, with 32 other Texas firms and institutions as co-sponsors in its Save the Soil and Save Texas Awards Program, has announced the prizes for the outstanding soil conservation district, the top conservation group, the best conservation farmer and many others.

Two new names appear in the list of sponsors. They are the Association of Texas Soil Conservation District Supervisors and the East Texas Agricultural Council.

The soil conservation district supervisors from the first have been eager supporters of the awards program. Their state association has headquarters at Temple.

The East Texas Agricultural Council will present a handsome plaque to the individual making the best showing in woodland conservation. Competition is mainly in the East Texas area.

Tarleton A. Jenkins, former regional information officer of the Soil Conservation Service, will serve as director of the awards program this year. Jenkins succeeds Delbert Willis who has become city editor of the newspaper.

Top award of \$1,000 in the state competition will be offered for the outstanding soil conservation district, with \$300 going to each winning district in the five divisions of the state.

A \$500 prize will go to the outstanding soil conservation group. Regional winners will get \$200 each in this contest.

The champion conservation farmer or rancher in the state will receive \$500, with \$100 going to each regional winner.

A feature contest each year is the picking of the farmer or rancher who has done what the judges consider the best job of rehabilitating worn-out farm or ranch land. The Texas champion wins \$500, regional winners \$100 each.

Search for the Homemaker of the Year already is under way conducted by the Home Demonstration Clubs of Texas.

Recognition also will go to the Texan and to the group making the greatest contribution in water conservation.

Outstanding special editions of both daily and weekly newspapers will be saluted. The radio or television station performing outstanding service in conservation will get a plaque.

The Wildlife Management Institute offers a plaque for outstanding service in wildlife conservation.

School students over the state already are at their essays, writing this year on "What I Can Do About Soil Conservation." More than 40,000 entries are expected. John Tarleton State College will judge the contest.

Lions Clubs of the state again will present a plaque to the outstanding farmer or rancher in each soil conservation district.

State champions will receive their prizes next May 1 at a Fort Worth dinner. Regional winners will receive awards at dinners set for Amarillo, Alpine, Pecos, Palestine and Stephenville.

Here's the list of sponsors for the 1954 "edition" of the state program:

Texas Electric Service Co.; Ft. Worth Clearing House Assn.; Humble Oil & Refining Co.; Traders Oil Mill, Inc.; Armour & Co.; Western Cotton Oil Co.; Wildlife Management Institute; Fort Worth and Denver Rwy.; Gulf, Colorado & Santa Fe; Well Machinery and Supply Co.; Lone Star Gas Co.; Interstate Theatres; Anderson, Clayton & Co.; Fort Worth Lions Club; Swift & Co.; Soil Conservation Society of America; Texas State Network; Missouri-Kansas-Texas Railroad; Boswell Dairies; Knights of the Round Table; El Paso Herald-Post; East Texas Agricultural Council; Association of Texas Soil Conservation District Supervisors.

## Enochs Store 'Hit' In Latest of Long List of Area Burglaries

The latest in a series of area burglaries, this one resulting in the loss of hundreds of items from an Enoch's Mercantile Store, kept local officers in a stew this week along with officers all over the Plains.

Theories that the arrest of a group of boys who admitted burglaries in Whitharral, Littlefield and Sudan, might stop the series of break-ins, were knocked into a cocked hat by Monday night marauders.

Nicknamed the "hungry thieves" because of their constant theft of food articles, the one or more persons involved in Monday's burglary of Simmons Mercantile Store in Enoch's took a

whole series of small items.

Bailey County Sheriff Hugh Freeman was called to investigate the burglary by Fuzz Simmons, owner of the food and mercantile store. Included among the items missed were: 24 suits of khaki clothes, a box of leather gloves, all of the pencils, pens, razors, blades, flashlights, 22 calibre ammunition and watches in the store, 25 pounds of pinto beans, 3 pairs of men's shoes, 4 boxes of ladies' hose, all of the blankets in the store, an undetermined quantity of sweatshirts, Hanes underwear, several cartons of cigarettes (one Camels and Luckies), and a large quantity of fireworks.

The last items led authorities to believe that the burglars might be youngsters.

The single break-in was only one in a long series of burglaries that began three weeks previous. The chain started with the burglaries of two lumber yards in Morton, one Wednesday night. The following Tuesday they hit two lumber yards in Farwell and on Wednesday they were back in Morton breaking into Lackey's grocery store.

On Sunday, following that break-in, two lumber yards in Levelland were victims in break-ins which occurred while most people were attending evening church services. On Saturday, the Whiteface stores were victims of three break-ins. A lumber yard was relieved of \$125, the City Hall safe yielded \$110, and Caudie's Grocery was hit for \$30 plus over \$100 in groceries.

The following Monday the depot at Levelland was robbed and the Enoch's incident was the latest.

One unusual tie-in for the burglaries is the fact that on two occasions meats, cheese, cold cuts, sliced bacon and ham were taken, indicating the persons might be from a hungry family. A case of eggs was also missing in the Whiteface grocery store burglary.

Area officers had several small clues from which to proceed but they were in agreement that it wouldn't be at all surprising if a sudden rash of celebrating with fireworks by a handful of youngsters, didn't finally solve many of the break-ins.

## Only 20% of Cochran Cars Now Inspected

Cochran County motorists have a long time to consider a job that must be done by April 15 but if they tarry too long they are subject to arrest on a traffic violation. That's the word from the Lubbock office of the Texas Highway Patrol.

Captain E. L. Posey, commanding officer of District 6 of the Texas Highway Patrol, with headquarters at Lubbock, announced plans today that Highway Patrolmen would begin issuing tickets to persons who operate an auto on the streets and highways after April 15 without a current inspection sticker.

The Patrol Captain said that the men in his command have all received orders to the effect as the result of a directive issued at Austin by Homer Garrison Jr., Director of the Texas Department of Public Safety. Posey said that Garrison's order was made following definite instructions from the State Public Safety Commission that enforcement of the modified motor vehicle inspection law which was enacted by the last Legislature would definitely begin following the April 15 inspection deadline.

Captain Posey also pointed out that local and county police officers are empowered to enforce the inspection law.

According to the Patrol commander, only about 20 per cent of the cars in Cochran County area have been inspected to date. This means, he said, that car owners who have not yet had their vehicles checked will run the risk of being caught in a last minute "log jam" at the inspection stations if they delay longer in complying with the law.

"Our Patrolmen will continue to issue warnings to motorists whose cars do not bear a current inspection sticker through April 15," Captain Posey said in a prepared statement for the press and radio. "After that date, offenders will face court action."

## Lions Minstrel Schedules Practice Nights

Members of the various Morton Lions Club Minstrel Committees were hard at work this week getting the various duties lined up in preparation for the two-day show.

The first rehearsal of the Minstrel Chorus was slated Tuesday night and directors of the show went out a call for everyone who would like to help with the chorus.

Carl Ray, co-ordinator, said, "we've got a bigger stage than ever to fill this year in the new office and activities building. We'd like to see plenty of black faced smiles."

Meanwhile, the advertising program got rolling simultaneously. Tickets were printed Saturday and are being distributed this week. Circulars and placards will be posted this week. And a group, including the Minstrel Quartet, attired in appropriate costume, will make two TV appearances late this month.

On KDUV-TV at Lubbock, February 22, the group will appear on the 6-6:30 p.m. show. The next day they will appear on KCBD-TV on the evening show.

## Final Count Of Poll Taxes Is 1,562

The added stimulation of state and county elections to come, interested 300 additional persons to pay their poll taxes in Cochran County as the deadline put an end to the payments, midnight, January 31.

A total of 1562 poll taxes were paid this year, almost 300 over the 1266 paid last year but still 450 short of the all-time Cochran County record of 2006 posted in 1952.

Of the total poll taxes paid, some 500 were added in the last week of sales and the total was spurred somewhat by an election held on Saturday, the day before the final deadline.

Assessor-Collector deputies were satisfied as to the final total which looked as though it might lag tremendously. As compared to other counties around the South Plains, Cochran ranked high in percentage of paid polls.

## Morton Bond Issuance Voted Down

LARRY KELLEY Pantomimes Recent Hit Song

## 'King of Pantomime' Is Official Title Of Lions Sponsored Artist Due Saturday

One of the country's foremost pantomime artists, Larry Kelley of Amarillo, will give area residents a two-hour sample of his long practiced art, Saturday night, at the new County Auditorium at 8 p.m., in a program sponsored by the Morton Lions Club.

Kelley, whom many probably saw in a program at Levelland last year as he helped dedicate the Col. Boykin Hotel, is a veteran at the art of pantomime, although only 14 years old, having practiced since he was 10 years old. In his two-hour show

Admission will be \$1 for adults and 50 cents for children.

While in Morton, Kelley will be a guest of Mr. and Mrs. Jesse Brookshire and family, long time friends of the skilled performer.

Kelley, along with Jonne Bowser, Negro youth who is likewise a talented pantomimist, appeared twice daily in a floor show in Red River N. M., this past summer. They have also appeared on many TV programs at KGNC, Amarillo, and are known for keeping their audience in a continual laugh.

This Amarillo youngster is considered one of the top entertainers of the Panhandle and we are fortunate he can come here.

Kelley's entertainment schedule doesn't interfere with his work.

See (KING OF ...) page 4

## R. C. Strickland New Fire Chief

At their first meeting held this year, the Morton Volunteer Fire Department named a 17-year charter veteran of the department as their new fire chief.

R. C. Strickland, one of three remaining charter members of the volunteer department, took over as Fire Chief the first time he has served in that capacity. Previously he served five years as president of the group.

Strickland replaced J. C. Reynolds who was fire chief last year. Amos Taylor remained fire marshal, Zeke Sanders is president, and Merle Ensor retained his secretarial post.

He replaces Rev. Clarence Stephens who was appointed pastor of the Muleshoe Methodist Church, replacing Rev. W. H. Hanks who is seriously ill.

Rev. Stephens was serving his third year as pastor of the local Methodist Church.

The appointments were announced by Rev. J. E. Shewbert, superintendent of the Lubbock district. They were made by Bishop William C. Martin, presiding bishop of the Fort Worth-Dallas area, at a two-day meeting of the cabinet of the conference.

Rev. and Mrs. Stephens were completing their move to Muleshoe this week. Rev. Weir is expected to preach here Sunday.

## Rev. Weir Named First Methodist Pastor At Meet

Rev. Franklin Weir of Panhandle was appointed Saturday to pastor the Morton First Methodist Church.

He replaces Rev. Clarence Stephens who was appointed pastor of the Muleshoe Methodist Church, replacing Rev. W. H. Hanks who is seriously ill.

Rev. Stephens was serving his third year as pastor of the local Methodist Church.

The appointments were announced by Rev. J. E. Shewbert, superintendent of the Lubbock district. They were made by Bishop William C. Martin, presiding bishop of the Fort Worth-Dallas area, at a two-day meeting of the cabinet of the conference.

Rev. and Mrs. Stephens were completing their move to Muleshoe this week. Rev. Weir is expected to preach here Sunday.

## Jaycees Send Bales of Cotton To CROP Agency

Four bales of cotton, donated by Cochran County gins and baled by the Enoch's Coop Gin, were on their way to Plainview this week bound for the Christian Rural Overseas Program.

The cotton was donated to the Morton Jaycees by Morton Gin Co., Inc., Coop Gin, Morton, Cochran County Gin Co., Weaks Gin, Alamo Cotton Gin, Country Club Gin and County Line Gin.

The Jaycees pledged the cotton to the CROP program, along with Jaycee chapters all over the state of Texas. W. L. Hancock was slated to deliver the cotton to Plainview early this week.

Two more clear days are predicted for the coming week by Pete the weatherman and cut down the area's chances for rainfall this coming week as the situation began to get dangerous.

High cloudiness today could bring rain but it is very unlikely. Clear and cooler weather is expected to set in tomorrow and Saturday.

Sunday and Monday may bring threatening weather with Tuesday the most likely day for showers.

## Go After Two Men Charged With Theft Of Billfold, \$411

Deputy Chester Miller and wife left for Del Rio early this week where they were to take into custody two Mexicans wanted here for the \$411 robbery of another Mexican last December on the F. O. Masten farm.

A total of 184 voters dictated that the City of Morton shall not issue \$110,000 in water and sewer bonds by a 2-1 margin last Saturday in an election at the City Hall.

Official returns, canvassed in Monday night's Commissioner's meeting, showed 120 persons were against the water proposal and 60 voted in favor of it. The count on the sewer proposition was 121-62.

Election Judge J. E. Knox said only one mutilated ballot had to be discarded. Polls were kept open from 8 a.m. until 7 p.m.

## Rev. James Watson Former Pastor Here Died Sunday

Rev. James Watson, one of West Texas' pioneer Methodist ministers and former pastor of the Morton church, was laid to rest in the Tech Memorial cemetery following funeral services Tuesday afternoon at Lubbock.

Rev. Watson, who was in retirement but had answered the call to the ministry by pastoring the Bula church each Sunday, died in the West Texas Hospital late Sunday night following an illness since Wednesday. He had been in and out of the hospital twice in recent weeks.

The 75-year-old pastor had lived at Lubbock for some time and previous to his official retirement he had held the pastorate at Woodson, Blackwell, Rotan, Lamesa, Quanah, Crosbyton, Happy, Morton and later, Bala.

Rev. Watson, who was in retirement but had answered the call to the ministry by pastoring the Bula church each Sunday, died in the West Texas Hospital late Sunday night following an illness since Wednesday. He had been in and out of the hospital twice in recent weeks.

The 75-year-old pastor had lived at Lubbock for some time and previous to his official retirement he had held the pastorate at Woodson, Blackwell, Rotan, Lamesa, Quanah, Crosbyton, Happy, Morton and later, Bala.

Well known to a great many present Mortonites, many of whom attended the final rites Tuesday afternoon at 3 p.m., Rev. Watson is survived by three sons, James C. Watson, Midland, Tom V. Watson, Denver and Wendell Watson, Carriazo, N. M.; four daughters, Miss Dimple Watson and Miss Lulu Ted Watson of Lubbock, Mrs. Rayburn Robinson of Lubbock and Mrs. E. W. Branch of Levelland. Also, three brothers, two sisters, nine grandchildren and four great-grandchildren survive.

His wife died nearly a year ago and was also buried in the Tech Memorial Cemetery.

## Revival Continues At Assembly of God

The revival meeting now in progress at the Assembly of God Church in Morton is progressing according to H. E. Clarke, pastor of the church, "with increasing attendance each night."

In issuing another invitation to the public to attend the meetings each night at 7:30 p.m., Rev. Clarke said, "Brother Tyler is doing some wonderful preaching and we would like to see everyone receive the benefit of his words."

## New Postal Route Complete; Erases Barrier Between Texas, New Mexico

Completion of a new through mail route between Morton and Portales gave area residents a long awaited boost last week in a move that will open up a trade in the general area which for many years has had the state line as a natural barrier.

The announcement was made by Murry Crone, local postmaster, who announced with great

pleasure that the route will enable a letter leaving here to arrive in Roswell on the same day it was mailed, a saving of nearly four days over the former route.

The route, connecting most of the small Eastern New Mexico towns between here and Portales and several West Texas communities, will originate at Portales each morning at 7:30 a.m. It will get into Morton by 1 p.m., will leave again for Portales about 1:20 and arrive back in Portales some time around 4 p.m.

Enthusiastic over the importance of the new mail route which was actively campaigned for by the Morton Jaycees early last year through a series of petitions from all the small communities along the route, Crone pointed out that the efforts caused similar petitions to originate from the other end of the line and finally resulted in a postal inspector examining the area and approving a route.

From the standpoint of the Morton Tribune, the importance was great in that newspaper will be delivered to many of the small communities two days earlier than previous. It also will greatly enhance the value of the Dollar Day Special published just prior to the first Monday of each month.

Crone pointed out that the new route would in many other ways have an important effect for local people. For the first time area families with students at Eastern New Mexico University will have rapid mail connection where previously they had to use the telephone for communication.

## Plan Art Course Starting Monday

Adults of Morton and the surrounding area, as well as students, were offered the chance to enroll in a one semester art course at the local high school beginning next Monday night.

The class will convene from 4 until 5 p.m. each Monday evening throughout the next semester and will be conducted by J. C. Koen, local faculty member.

Enrollment fee is \$6.50 and Koen will announce what materials may be needed at the first meeting. The class is open to art students in any stage of art experience.

Koen has studied under some of the country's foremost painters and was formerly head of the art department at Montezuma College, Las Vegas, N.M. He also studied art at Taos.

## Pete Predicts . . .

Two more clear days are predicted for the coming week by Pete the weatherman and cut down the area's chances for rainfall this coming week as the situation began to get dangerous.

High cloudiness today could bring rain but it is very unlikely. Clear and cooler weather is expected to set in tomorrow and Saturday.

Sunday and Monday may bring threatening weather with Tuesday the most likely day for showers.

## Go After Two Men Charged With Theft Of Billfold, \$411

Deputy Chester Miller and wife left for Del Rio early this week where they were to take into custody two Mexicans wanted here for the \$411 robbery of another Mexican last December on the F. O. Masten farm.

DO WE KNOW THE FACTS?

By a 2-1 margin, the 184 people who turned out Saturday to vote on the proposed City of Morton Water and Sewer extension bonds, rejected both proposals.

Official returns certified by J. B. Knox, election judge, and Hume Russell, alternate judge; J. R. Ward and Roy Allsup, clerks, showed 120 ballots against the water extension and 121 against the extension and improvement of local sewer lines. A total of 60 persons voted for the water proposal and 62 cast ballots in favor of the sewer plan.

The voting was fairly heavy for a city election, indicating unusual interest in the bond issue which city fathers had indicated the need for in a January 4 City Council meeting.

In effect it turned thumbs down on a 150,000 gallon overhead water storage tank which was to be added to the present water storage capacity. City Clerk Joe Gipson last week had deemed the water portion of the two-part proposal, "a necessity." He had pointed out that last year the city's water users had come within two tankfuls of using the absolute maximum amount of water that can be produced in one day. He indicated that any increase in population would probably create another strain on the city's water supply sometime during the coming summer, if something were not done to alleviate the situation.

What will be the next step is not exactly clear. Another election could be called... and another and another and more if the local commissioners feel strongly enough about the issue. And yet, with city

elections coming up again in just a few months it would be reasonable to assume that the commissioners will not call another election on the special issue, at least until after the election of city officials for the next two years.

But the coming election is only one of the several day's vote. There are other issues that need explaining. It is doubtful whether or not a vote on such a proposal will pass until the explanations are made.

One cannot get an uninformed and unhappy populace behind any kind of a proposal, in sufficient force to pass an election.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Great confusion appears about Attorney General Herbert Brownell. Some consider him "a Don Quixote of the graveyard" in his fit with the now deceased Harry Dexter White. The blast at Harry S. Truman over a dead man does not set well even with rabid Truman critics.

First no one believes that Truman is a communist, or even remotely a sympathizer. To most people he is as common American as Missouri mud.

The record seems pretty clear on Truman and Communism. Under his administration 11 top Communists, the Greenlasses and Rosenbergs were brought to justice, not to mention Korea.

But no one feels job has been completed by any means. Yet in 11 months Brownell has captured no live Communists. His best effort seems to be that of digging up an alleged dead one. If dead men tell no tales, then dead spies tell no tales either.

Until Brownell catches some live communists, his cemetery investigations cast a shadow over Justice Department.

Neither is blame directed at President Eisenhower. There probably has never been a man in the White House with such a clear, undisputed record of personal integrity and honor as that enjoyed by Ike Eisenhower.

Harry Dexter White, moldering in his grave, may, or may not, have been as charged. But with the avowed use of lies, fraud and deceit as a weapon, Communists fool many people. In memoirs covering wartime ne-

gotiations with Russia, even Winston Churchill admits he was taken in. And no one appears ready to ever charge Winnie with being an easy mark. So feeling is that if Winnie could be fooled, Truman surely could be fooled.

And so many people take the stand that if it were not for belief that Truman had made major errors, election results in November 1952 would have been different. There is more concern with live unapprehended communists than with an alleged dead one.

So the question arises, "Just what is Brownell trying to cover with his tactics? Is he now trying to raise along with the Iron Curtain and the Bamboo Curtain a Shroud Curtain?"

The big question in many minds is "What is Brownell doing about anti-trust violators?"

Is a shroud supposed to hide lack of activity on this score?

Brownell inherited vital anti-trust violation cases. In case of major companies charged with conspiring to create a world cartel, he reduced charge from a criminal to a civil one.

His public attitude on anti-trust cases has been that he intended to talk with and get law-breakers to promise to "go and sin no more" rather than prosecute.

This in itself could be a dangerous attitude. Anti-trust laws were enacted with provisions for criminal prosecution on the basis that conspiring to bring bankruptcy and ruin to others is at least as reprehensible as victimizing the innocent with bad checks or currency. Therefore many wonder just what Brownell is up to with his cemetery expedition—it is not the dead but the living who are feared.

Edlines (Continued) . . . to see that the best policies are carried out for our children and

we don't expect them to go out and find a good man for superintendent and then sit back and let him do all the work. The board finds the man they think is the best qualified to carry out the task and they they form the policies and he simply directs the carrying out of the policies.

We elect . . . OR DELEGATE certain men to work with the pastor in leading our churches to bigger and better work in the field of Christianity . . . but through it all, the people, not the pastor or the selected leaders, are the ones to decide what is best for the church.

and so it is . . .

IN EVERY type of organization that elects a leader. He can only be as strong as the people in the organization. He needs, not just partial support, but whole-hearted support if the objectives are to be reached. But he in turn, to be eligible for complete support, must not assume authority that was not invested in him. He is simply a person whom the majority of voters thought could do the job.

well sir . . .

MORTON'S ANNUAL battle with the Sudan Hornets will come a little later next season and that may be a blessing in disguise. We always have played Sudan or Abernathy right at the start of the season and several times it looked as though if we had a couple of less strenuous games under our belt we might have been more ready for the perennial strong Hornets and Antelopes.

the schedule . . . RELEASED BY SUDAN this week shows a game with Morton September 24.

from the . . . INFORMATION passed on, the Scouts must have had a real time on their two-day outing last weekend. At least two trucks and four cars were used in transporting the 20 boys and their leaders to Carlsbad for a weekend.

we missed . . . THE TV APPEARANCE of the Morton talent show winners but from a listen at the other from around the area who took part in the all-night telethon, most of them at late hours. We think our talented group couldn't have been outdone.

we're printing . . . THIS WEEK a discussion of a recent anti-peddler ordinance now in effect. We hope that the many people who are, and have a right to be interested, will read it and get some sense out of the effort.

Reduce Shaft Wear... Save Dollars with WESTERN DEEP WELL Turbine Pump. Only Western Pumps have patented Vibration Dampened Tubeline . . . guaranteed to reduce shaft wear and cut pumping costs. Reduce mechanical losses, and increase pump efficiency by eliminating bronze bearings and oversize drive shafting. Choose either straight centrifugal type or mixed-flow type impellers. "I start where the last man left off"

—Thomas A. Edison

Edison, to explain his incessant and tireless reading of scientific journals, technical papers, patents and books, said that he read to avoid useless repetition of old experiments. "I start where the last man left off."

What Edison knew, and perhaps said in an unquoted moment, is that thousands of men would be needed to "start where he left off."

"Just wait a little while," prophesied Edison, "and we'll make electric light so cheap that only the wealthy can afford to burn candles." Edison lived to see lamps that gave four times as much light and cost one-fifth as much to buy. And electric lighting has progressed far beyond that.

He recognized that an invention does not end a search. It begins a search.

The lamp was a beginning in forcing not only its own evolution but the evolution of meters, fuses, sockets, wiring, power distribution systems, transformers and generating stations.

He lived to see the company that was formed to carry on development of electric light and power evolve into one of the world's most important industrial research centers. Today General Electric laboratories employ several thousand men and women who are seeking new things on widely different fronts.

It is seventy-five years since Edison lit the first successful carbon lamp. He will be remembered for inventions that changed the world. But let him be remembered, too, for inspiring so many men to start where he left off.

You live in style in the '54 FORD

Your life on wheels couldn't be more pleasant! Your surroundings are a decorator's dream come true with beautiful new interiors you would never have found, formerly, outside of the most expensive cars. You touch a button beneath a window and it goes up or down. Power steering takes up to three-quarters of the work out of steering. Power brakes help you stop with up to one-third less effort. Fordomatic helps you shift for you. A power seat goes up or down, front or back at a button's touch. New Ball-Joint Front Suspension gives you the smoothest ride you've ever experienced. And you'll find driving a lot more fun with the road-ruling "Go" of Ford's new 130-h.p. Y-block V-8 or new 115-h.p. I-block Six.

The many fine-car dividends you get make it more than ever the Standard for the American Road

All power assists optional at extra cost.

TAKE A "TEST DRIVE" AND YOU'LL WANT TO DRIVE IT HOME!

By Eddie Irwin

THERE CAN BE little doubt that the people of Cochran County did themselves proud in the just completed campaign for funds to fight polio. We feel they needed to do a little better job than in previous years, and to contribute a little more mon-

ey than they ordinarily would contribute to such drives because as was pointed out, we may be able to lick polio, once and for all, through vaccine.

WHAT ABOUT the other important drives? This month, as we all well knew before the polio drive started, is the month for the Heart Fund drive. Next month is dedicated to supporting

the Red Cross. Both, in their own way, are extremely important.

HEART DISEASES kill more people annually than polio even thought of killing. More people are victim of heart diseases than all the other diseases put together. If research was ever needed, here's a field that must have it.

EVERYONE ISN'T "funded" to death. Several other drives are going to need all of our help this coming year.

FROM THIS CORNER it looks like the Morton Maids and the Whiteface girls should have a neutral floor and, very important, a neutral set of officials to officiate in a playoff game for the District 4-A championship. Of course, it's possible one of the teams may stumble before the season ends and give the championship to the other.

WE'RE CONVINCED it's take a neutral floor and officials selected by someone other than the officials of the two schools to make everyone satisfied that the best team would win. Then there would be griping when the game was over.

SPORTS BEING overemphasized, when it gets into the field of girls basketball, it gets rough. We maintain we have the best girls' team in the area, possibly the state. But remember, Whiteface has every reason to maintain the same thing as do Bula, New Deal and a few others.

WE THINK IS unfair. One school should not be allowed to use any or all of its girl students if another is not. The rules against married students playing basketball or entering in any of the social activities are strictly up to the schools. Yet it would seem that the "educated" leaders of our society would know how to work out their policy where all would adopt the

same rules. well sir . . .

IT NOW APPEARS the people of Morton who are interested enough in the situation to cast their vote, have indicated they aren't in favor of water and sewer improvements. Actually, such is not the case at all. It's easy for us to look at results of an election and draw conclusions. But anyone who is really interested in knowing why the election last Saturday was voted down, would do well to study the situation and ask a few questions.

LONG TIME STUDENTS of political science will agree, it's often the small mistakes by one faction that lose elections rather than the elaborate campaigning by one man, group, faction or party.

whether it be . . .

IN POLITICAL CAMPAIGNING or what, complete "out-in-the-open" explanation of facts, is the only way to convince the man on the street he isn't being taken for a ride. Secrecy about city, county, state or any organizational affairs, only tends to create distrust. Our city commissioners, our county commissioners and our organization leaders should be scrambling to see that the whole story of what they are doing gets into circulation. . . . Instead of not caring what the people think.

THE ELECTION may be insignificant. The results may be relatively unimportant. But what the general public thinks of a man in office and of what he did while he was in office, is very important to that man, so long as he is a resident of that community. In fact, it's very hard to move away from a suspicious record.

GIVE YOU ADIME a dozen for elected officials who don't give a hoot what the people who elected them, think. These are the

officials, who, though they may sell our cities, counties, state and country down the river because of ignorance of the situation.

A GOOD THING for everyone who is elected to any position to remember, electing bodies don't delegate dictatorial powers. There never was, and pray

never will be, a man elected to any task who was expected to "take over" and do whatever he wanted to do.

the best policies for the people of a city or county, not to knuckle under to whatever person or faction might have a wild idea. We elect school board members. COMMISSIONERS to carry out (Continued on page four)

### BIBLE STUDY

Spiritual purity is another factor that is very helpful in Bible study and understanding. An impure mind is a condition that fences against the pure word of God. "Blessed are the pure in heart, for they shall see God," does not have to wait till the judgment day for its fulfillment, relatively speaking. The person with a pure mind is able to see God and his thinking in the Bible. Those with an impure mind do not like to retain God in their minds, and when they are compelled to recognize the Almighty, they make Him into the likeness of men, and four-footed beasts, and creeping things.

A correct translation is conducive to a correct understanding of the Bible. To most people the King James version is above any criticism, but we must remember that it is a translation from the original. Just because you find the words "Authorized Version" in the front of the King James version, does not mean that it was authorized by God. It simply means that this version was authorized by James, who was king of England. It should be remembered that the translators labored under many difficulties that have been removed. There are words in it that were anglicized and not translated. For example, the original word for baptism, was "baptizo" which meant to immerse. But King James belonged to the church of England and had been sprinkled, and not immersed. Thus it was an easy matter to anglicize the word and stay in favor of the king. Many words have changed their meaning such as: "Let," which then meant to restrain.

I do not advocate that we do away with the King James version, because of the modernistic trends of today. But, I do advise the use of an American translation in your study. The American Standard Version of A. D. 1900 is a good one to use. The Revised Standard Version is of much help, but should not be relied on in its entirety.

### Washington Represented

By LYNDON B. JOHNSON

TWO GROUPS: Agriculture and small business are of vital importance to Texas. Any development which affects them adversely injures our entire State. In any downward trend in our economy, the first real victims are farmers and small businessmen. That is why we must keep a close watch for economic danger signals.

The present is being called a period of "transition" of "readjustment." In dealing with resulting problems, I want to make sure the transition is not from

economic sunshine to economic gloom—that we do not readjust ourselves into a recession.

FARM INCOME: Cash income of Texas farmers was 17 per cent less in the first 11 months of 1953 than in the same period of 1952, reports the Bureau of Business Research of the University of Texas. That was a decline of close to a quarter of a billion dollars.

We had a drought, of course, but falling farm prices were mainly responsible for the drop in income. Overall prices for all farm products went down by 14 per cent during the year.

When farmers receive less total income—and when prices paid for their products keep going down—those are the danger signals in any language.

SAFEGUARDS: Fortunately, we have machinery for combatting a recession if the threat of one should become imminent.

Many economic safeguards have been set up by the Government during the last 20 years. We have the know-how—gained from experience—to fight the threat of depressed economic conditions, and to fight it successfully. We must be ready to use this know-how if the necessity arises.

SOCIAL SECURITY: President Eisenhower's Social Security message was sent to Congress just three days before the nineteenth anniversary of the day in 1935 when the idea was first proposed to the lawmakers.

President told Congress in 1935 that the job could not all be done at once, that there would be continuing need for improvements in the program. President Eisenhower said in his message, "The human problems of individual citizens are a proper and important concern of our Government." That is the policy upon which the program has stood from its beginning.

Some 30 million persons were covered when the first Social Security Act was passed. Now 70 million persons are covered. President Eisenhower has proposed a substantial addition to that number.

OPEN-MINDEDNESS: We hear a lot about the wisdom of looking at everything with an open mind. It's a good policy, all right. But we must be careful not to confuse an open mind—with a vacant mind.

NEWS BRIEFS: Mr. and Mrs. Vann Kennedy of Corpus Christi, widely known in Texas newspaper and radio circles, were welcome visitors at my office . . . J. B. Kirklind, Ralph Burkholder, Bob Sherrill and L. D. McNeil, all of Pecos, were here in connection with the cotton acreage allotment legislation . . . Texas stands sixth among the States in number of farmer cooperatives. The Texas organizations have 110,679 members. . . A. F. (Andy) Baker of Austin was here with a group of postal employees to discuss legislation of interest to them . . . Over the whole country, REA electric cooperative borrowers are \$62,500,000 ahead of schedule in repayment of loans made to them.

ing school children and can  
make them go "clown-happy"  
when he goes rubber-faced like  
the whip-cracking, half groggy  
cowboy of old Mule-train . . .  
He makes lumps like the ostrich  
eggs in one's throat when he  
emotes over "Sonny Boy."  
"Larry's present ambition is to  
pantomime a recorded life of  
Betty Hutton and to this end,  
he saw her star in the 'Greatest  
Show On Earth' eight times and  
can now imitate la Hutton bomb-  
shell in squints, nose-wrinkles  
and ohhh . . . baby!"  
"His favorite music is Paul  
Robeson doing Old Man River,  
and on this one he closes his  
eyes, rocks back and so feels the  
drama and treachery of the 'old  
Mississippi' he inevitably hurts  
the leader from waist to throat  
. . . 'For,' says Mrs. Kelley, 'Lar-  
ry's putting as much into that  
song he doesn't sing' as Robeson  
does."  
Larry started pantomiming  
publicly two years ago when an  
English teacher in Paris, Texas,  
boggled down. "Honestly," she  
told the class. "The only pantomim-  
ing I know is how to signal when  
driving a car." In despera-  
tion she took down Web-  
ster's dictionary and began read-  
ing "Pantomiming is a mute,  
theatrical show . . ." "Hey . . .  
Teacher . . . wait!" Larry got up  
and went into Larry Parks' rou-  
tine in the Al Jolson story and  
he has been a mammy-singer's  
role ever since.

SCENE FROM one of Larry Kelley's pantomime of an old favorite, Ted Lewis. The 14-year-old veteran pantomimist will present a show here Saturday night at the new County Auditorium under the auspices of the Morton Lions Club.

A message from  
Charles Jones  
"Your Pharmacist"  
...

TWENTY YEARS AGO, if  
you were sick enough to  
go to a hospital, your av-  
erage time spent there would have been 21 days.

SO MANY NEW TREATMENTS have been perfected since  
then, that should you now go to a Hospital you probably  
would stay there no longer than 8 days.

SOME MEDICINES cost more than you used to pay for  
prescriptions many years ago. The new "Miracle Drugs,"  
require so much money to discover and perfect, but each  
year most of these medicines are usually reduced in price.

THEY ARE WELL WORTH their cost because they not  
only give you more positive results, but usually lessen the  
time of your illness by many days. You get well much  
quicker, and your Physician makes less calls. You spend  
less money per illness. You get back to work sooner.

WE HAVE ALL these new medicines in our Prescription  
Department and price them as moderately as possible. We  
will be glad at any time to answer any question that might  
perplex you about the cost of any medicine.

**Lions Discuss and**  
**Table 2 Motions**  
A full slate of business occu-  
pied the discussion Wednesday  
at the regular meeting of the  
Morton Lions club with two pro-  
posals tabled for further study.  
The club discussed the spon-  
sorship of a pantomime show to  
be held Saturday night. Other  
projects under discussion were  
the national spelling bee in  
which the Morton Schools an-  
nually take part and which in  
the past has been aided by the  
Lions Club, the coming minstrel  
show and several co-projects.  
Four guests and 34 members  
were on hand, the largest turn-  
out since the club began ses-  
sions following a Christmas sea-  
son layoff.

**Whiteface Edges**  
**Maids; Teams In**  
**District Tie**  
The Whiteface girls basketball  
team threw the District 4-A girls  
basketball race into a tie last  
Friday night as they edged Mor-  
ton's Maids on the Whiteface  
Court, 31-30, to deal the Maids  
their first conference defeat.  
Morton and Whiteface, evi-  
dently two of the most evenly  
matched teams in the area, have  
won their home games in a four-  
game series, two of which were  
conference affairs.  
Whiteface sported a 5-7 point  
lead most of the second half be-  
fore a closing spurt almost en-  
abled the Maids to even the  
count. Lyndell Thompson fired  
home 26 points in another of her  
big nights while Barbara Pierce  
led Morton with 12 tallies as  
Morton's usual high scoring for-  
wards found themselves unable  
to score many points.  
The two-way tie may necessi-  
tate a playoff game which pre-  
sumably would be held on a neu-  
tral court.

**Home Demonstration Agent**

**HAZEL C. HARRISON**  
How much is a magazine bas-  
ket worth? Depends on the mak-  
er!  
Ask one of the home demon-  
stration leaders who attended a  
training meeting conducted by  
Mrs. C. D. Arnold. Their value  
on their handwork may be a  
right much.  
Reed and materials in the bas-  
ket might cost between one and  
two dollars. But — what price  
backache and blisters on hands.  
Mrs. Arnold started her meet-  
ing about 10:30 and at 5:00  
with time out for lunch, the bas-  
kets were not finished. However,  
all of the leaders got enough in-  
formation and know how to fin-  
ish their baskets at home.  
Home demonstration clubs may  
have a craft in their program  
of work provided leaders attend  
a training meeting to learn the  
technique. The leaders then  
teach their club members.  
Mrs. G. C. Keith and Mrs. Ol-  
and Clifton presented Whiteface;  
Mrs. Arvel Snodgrass and Mrs.  
F. L. Fred represented Lehman;  
Mrs. Bernard Nebhut and Mrs.  
H. T. Gardner represented the  
Friendly Circle. The home demon-  
stration agent and two lead-  
ers attended from Yoakum  
County.  
Texas Tech offers a creative  
Arts Workshop to help club mem-  
bers find satisfaction in working  
with their hands. The course is  
offered to home demonstration  
club members, and is during  
the summer for one week. Plans  
have not been announced for  
the 1954 course.  
If you are interested in learn-  
ing how to weave a basket you  
may attend a home demon-  
stration club meeting in the near  
future.  
Saturday Dixie Lovelace work-  
ed with 4-H representatives from  
17 counties on district 4-H Camp  
plans. These representatives form  
the first 4-H District Camp Coun-  
cil and it was interesting to sit  
in the meeting.  
Dixie and Jan Sims from Yo-  
akum County will be responsi-  
ble for craft training during Dis-  
trict Camp, June 1, 2 and 3. We  
think both girls will do a good  
job with their responsibility.  
They must decide on the craft  
to be done, order supplies and  
equipment for camp delegates  
and then teach the camp mem-  
bers to do the craft. It is no  
small job when age of members  
attending camp range from ten  
to sixteen.  
You will hear more about camp  
plans from this Council group.

**Scouts Keep Busy**  
**On Carlsbad Trip**

A busy schedule of activities  
has kept the Morton Scout Troop  
101 busy for the past few weeks  
with the highlight of the events,  
a three-day trip to Carlsbad Cav-  
erns Jan. 29-30-31.  
Six adult leaders including H.  
J. Faust, Rex Faulkner, Olen  
Harris, Tubby Helleman, Darwin  
Stringer and Dan Brown, MD, led  
the trip. Tubby's son Rodney al-  
so went.  
Seven Explorer Scouts made  
the trip including Tommy Haw-  
kins, Jerry Hansen, Johnny Stock-  
dale, Greg Zielenki, Dalton Od-  
den, Davy Mitchell and Truman  
Harris.  
Fifteen other Scouts camped  
with the above at Rattlesnake  
Spring, Friday and Saturday  
night. All went through the cav-  
erns Saturday and six took a  
second trip through on Sunday.  
Sharon Hawthorne, Davy Mitch-  
ell, Dalton Oden, Jimmy Cun-  
ningham, Gary Willingham and  
De Brown.  
Tony Osborne won the plaque  
for the Scoutmaster at the meet-  
ing Monday night concerning  
the caverns.  
Monday Elva Oden took his  
Explorers, Jerry Hansen, Johnny  
Stockdale, Dave Mitchell, Dalton  
Oden, Truman Harris, Greg Zie-  
lenski, Tommy Hawkins and two  
newly-initiated Explorers, Scot-  
t, Jerry Kilcrease and Sharon Haw-  
thorne, to Whiteface where they  
gave a demonstration of Scout-  
ing skills to the newly re-formed  
Troop there.  
Other Scouting news concerns  
the fact that a meeting will be  
held at the First Baptist Church  
in the near future and plans will  
be drawn up to form another  
Morton BSA Troop.

**IT'S COMING**

TO OUR MANY FRIENDS AND CUSTOMERS:

In closing our business, we wish to express to each  
of you our sincere appreciation for your continued pat-  
ronage over the years.

**TOM KILLIAN, Mgr.**  
Morton Lumber & Supply

**K. K. Krebbs**  
**Union Life**  
**Area Agent**

Klyde K. Krebbs of Baileyboro  
has been named full-time agent  
for the Union Life Insurance  
Company of Little Rock, Ark.,  
and the Krebbs Agency of Lub-  
bock it was announced this week  
by Ralph Krebbs, general agent  
for Union Life.  
Klyde Krebbs, who has been a  
part-time agent for the com-  
pany during the past year, was  
one of the company's outstand-  
ing life underwriters in 1953 and  
tied for the company's leader of  
the year.  
Mr. and Mrs. Krebbs, who have  
been engaged in farming in the  
Baileyboro area for a number of  
years, have one son, Dale, who  
is attending Texas Tech.  
He is a member of the South  
Plains Association of Under-  
writers and is active in both  
church and community affairs.  
Through his outstanding work  
last year, he fully qualified him-  
self and wife for the company's  
convention to be held Feb. 28-  
March 2 in Little Rock and Hot  
Springs, Ark.  
Members of the company will  
enplane Feb. 28 at Lubbock by  
Braniff International Airways  
for Arkansas.

**Antelopes Defeat**  
**Morton Indians**

The Whiteface Antelopes buck-  
eted nine points in the final  
two minutes of play to roar from  
behind and nip Coach Sammy  
Malone's Morton Indians, 46-42.  
In a game that evened the re-  
cord of the two clubs in their pair  
of District 4-A battles.  
Whiteface avenged an earlier  
one point decision by Morton as  
Reese Washington poured in 23  
points to lead all scorers. Mor-  
ton's Bobby Neagle caged 15  
points to lead his team. Morton  
led most of the game including a  
21-17 halftime lead and a lead  
as the final period started.

**Jaycees Discuss**  
**State Convention**

Membership extension and pos-  
sible attendance at the state Ju-  
nior Chamber of Commerce meet-  
ing in April occupied the Morton  
Jaycee discussions Monday night  
at the regular meeting session.  
Eleven members attended and  
made plans for a Tuesday trip  
to Denver City, first of a group  
of planned area visits to other  
chapters.  
A new membership drive was  
started with partial payment of

ELMO WALKER, PRESIDENT

HOME OFFICE: LITTLE ROCK, ARKANSAS

# OPEN LETTER TO.... any 'would be' good citizen

The small number of people who voted last Saturday in the city's special election on a very vital issue, proved conclusively a point that the most ardent backers of a democratic form of government have been citing for many years. Far too few of us are willing to sacrifice anything . . . even a few dollars for a poll tax or a few minutes it takes to vote, to protect our way of life.

This year is one of the most important the people of Cochran County have ever faced. The very principal the Communists are trying to use to overthrow our form of government, can be used effectively in Morton and Cochran County if more people don't get out and vote. The principal that an ORGANIZED MINORITY can dictate the election results.

We have no way of knowing whether or not the majority of qualified voters in Morton favored the passing of the bond issue last Saturday. We can't know because a pitiful minority voted. For all we know an organized minority defeated the issue.

In the space of a very few months to come we are to be called upon to vote on a number of complicated subjects. We must make every attempt to cast our vote on the right side.

We find ourselves faced with the prospect of a city election without a candidate for office, yet announced. But when the time comes to vote, no matter how many or how few candidates are in the fold, we must elect the right men to run our city government.

We are soon to be called upon to elect seven school trustees in the Morton School District. Shall we let the few who are "ex-

cited" about the election when it comes, decide who should hold office? Or shall we all attempt to evaluate the men and place those in the saddle who will work for the most common good?

In July we'll have the first Democratic primary and later we'll have the runoffs. Not only County and District but state offices will be filled. We must first choose the right men if we are to move ahead as a county, as a state.

And in November, even another important election is to come. We will be asked to evaluate eleven proposed amendments to our state constitution and then vote whether to accept or reject.

A great deal of responsibility for the choices to be made rests upon the men who are in office and how well they explain the job they are doing, the issues concerning the various bond elections, etc.

A great deal of responsibility rests with the newspapers who owe it to the people to make every attempt to set before them the facts, the records, so that the people can better evaluate.

But the biggest responsibility rests with the people who will do the voting. Only through their interest can the ideals of a Democracy be preserved.

Always vote the way your conscience tells you to vote. Your vote is your precious personal right. Only you know what you ought to do.

Yes at every coming election, vote the way you choose . . . but above everything else, be sure you DO vote.

# BENSON SAYS MINIMUM AMOUNT OF FARM LEGISLATION WILL MAINTAIN AGRICULTURAL INCOMES AT HIGH LEVELS

By EZRA TAFT BENSON  
Secretary of Agriculture

The farm program submitted this week to Congress by President Eisenhower requires only a minimum amount of new legislation and is designed to maintain agricultural income at high levels.

This plan, product of the most comprehensive study of the American farm problem in all history, embodies these major recommendations:

1. That the bipartisan Farm Acts of 1948 and 1949 become effective as now scheduled with the 1955 crops

2. That not to exceed \$2.5 billion worth of surpluses acquired by the Government under the present program be withdrawn from the market and placed in a special reserve stockpile.

3. That Commodity Credit Corporation's borrowing authority be increased by \$1.75 billion—from \$6.75 billion to \$8.5 billion—to permit continuation of price support operations on basic commodities at 90 per cent of parity through 1954, as existing legislation requires.

In urging that flexible price supports become operative on basic commodities in 1955, the President emphasized the need for

balancing production of various crops with changing demands. Price supports, ranging between 75 to 90 per cent of parity, would vary from year to year in accordance with the actions of the farmers themselves in gearing production to annual requirements.

Although this program was enacted by overwhelming majorities of both parties in Congress, its effective date was postponed by continuation of mandatory price supports on basic commodities at 90 per cent of parity through 1954. In developing the new farm program, it was recognized that it would have little chance of success if it had to carry the initial handicap of a \$6 billion stockpile accumulated under prior operations. The depressing effect of these surpluses upon free market prices has been in evidence for two years.

The parity ratio—the yardstick which measures the relationship between prices received by the farmer and those which he pays for goods and services—had tumbled from 113 at the peak of the Korean War in 1951 to 94 when the new administration took office in January of 1953. Today it is 91, although it has averaged

about 93 during the year.

To facilitate the transition to the new program and, at the same time, strengthen agricultural commodity prices in the market place, the President has recommended that up to \$2.5 billion worth of Government-owned surplus farm goods be placed in a special reserve to be used for war emergencies, famine relief, foreign aid, school lunch programs, charitable undertakings, and disposal through newly developed commercial channels.

Sizable quantities of wheat, cotton, vegetable oils and, possibly, dairy products would be "frozen" under this plan and reduce the annual carry-over for at least the first year to near normal. These items could at no time be disposed of in such a manner as to interfere with regular domestic and foreign trade operations.

The existing authority for support and purchase programs on such commodities as oats, barley, grain sorghums, soybeans, flax, meats, poultry and eggs, dairy products and fresh fruits and vegetables would be virtually unchanged under the proposed plan. Potatoes would become eligible for aid on the same basis as other vegetable crops.

Price supports on five of the basic commodities—wheat, corn, cotton, peanuts and rice—would range between 75 and 90 per cent of parity, depending on the supply from year to year. It was recommended by the President that the modernized parity formula, now scheduled to become effective January 1, 1956, be applied to four of these crops at that time. It is already effective on rice, tobacco and non-basic commodities.

This modernized parity is based upon the price relationships of the various commodities to one another over the past 10 years. It brings the old 1909-14 formula up to date.

The President further recommended that legislative action be taken to prevent a decline of more than 5 per cent in any one year, as a result of the transition from the old to the modernized parity on various commodities.

For tobacco, the present program would be continued with price supports at 90 per cent of parity when marketing quotas are in effect.

Continuation of the sugar program in its present form is recommended.

Honey and tung nuts would be dropped from the list of commodities on which price supports are mandatory. Future supports

would be at the discretion of the Secretary of Agriculture, as is now the case with most other non-basic commodities.

A completely new program is proposed for wool. Direct payments would be made to producers to make up the difference between the average price of wool during the marketing season and 90 per cent of parity.

The special problems of the operators of millions of small farms, most of which receive little or no direct benefits from price support programs, are to be made the subject of a broad study recommended in the President's message.

At the same time, plans are outlined for high level trade missions and for a world conference on international trade problems with a view to expanding our exchange of agricultural goods with other nations.

## Three Way News— (Delayed)

By MRS. FRANK GRIFFITH  
Mr. and Mrs. Omar Bessere and family have moved to Muleshoe.

Mr. and Mrs. Homer Waldrop visited Mrs. Waldrop's mother, Mrs. Dollie Anderson, at Big Spring Wednesday and Thursday.

Three Way High School basketball teams were hosts to the Pettit teams Tuesday, January 19. Three Way won both games Friday, January 22, they played and won return conference games at Pep.

Sunday dinner guests of Paula and Brinda Griffith were Misses Eva Dell, Bonnie and Hazel Carpenter. Lavern Phillips visited them in the afternoon.

Mrs. Louis Jordan and Mrs. Tippie were Lubbock visitors last week.

The Goodland Bible Study Club met with Mrs. Lewis January 19 with new officers in charge.

The club donated \$5.00 to the March of Dimes and sent a gift of \$5.00 to an unfortunate woman who was recently seriously injured in an automobile accident.

The next meeting will be on February 2.

Mr. and Mrs. Willard Townsend and children spent the weekend in Lubbock.

Mrs. D. S. Fowler, who underwent surgery several months ago, was in Lubbock last week, consulting a doctor there.

Attendance at Hicks Chapel Baptist Church was up Sunday with 34 present for Sunday School and 25 for Training Union.

Rev. and Mrs. Clyde Coffman attended the Sunday School rally at Sudan Sunday.

The Three Way seniors sponsored a magician show in the gym Monday evening.

## VISIT IN FT. WORTH

Mrs. Thurl Lemons and children, Kay, Jean and J. L., spent several days last week visiting in Weatherford and Ft. Worth in the homes of her father and brother, Walter W. Lytle Sr. and Walter W. Lytle Jr.

## MRS. SILHON'S GUESTS

Mrs. Walter W. Lytle Jr. and son Terry returned Sunday to their home in Fort Worth after spending several days in Morton visiting in the home of her mother, Mrs. Frank Silhon.

## Sudan Cagers Even Score On Local Wizards

The Morton Wizards lost their third game of the season at Sudan Monday night as an old nemesis, "Baldy" Pickett, ripped the nets for 31 points in a hot scoring spree.

The Wizards, in evening their season record at three wins and three losses, lost a 62-51 verdict. They had previously beaten Pickett and his crew on the local court.

The two teams stayed on even terms at 6-6 through the first of five eight-minute periods. Then they slipped behind 12 points and though they fought on even terms the final three periods they were unable to catch up.

Sammy Malone, talented local high school coach, paced the Morton crew by contributing 25 points, as center J. L. Merrill chipped in for another 12. Other Morton players included Leonard Kelly, Marvin Doss, Sneezy Lindsey, Pete Lindsey and Smiley Monroe.

## VISIT DAUGHTER

Mr. and Mrs. Wade Martin of Flomot are visiting this week in the home of their daughter and family, Mr. and Mrs. Ervin Merritt.

## MISCELLANEOUS SHOWER FOR MISS EMERSON

A miscellaneous bridal shower honoring Miss Wilma Emerson, bride-elect of Roland Nitcher, was given in the home of Mrs. Frank Knox, January 28.

## Hostesses from Three Way

were Mesdames Albert Ellis, Andrew Wittner, and Baker Johnson. Hostesses from Enochs were Mesdames A. W. McBea, Ray Seagler, Ike Harris, Charlie Byers and Guy Sanders.

## Miss Peggy Wittner registered

the guests in a hand-made bride's book, covered in satin with hand painting on cover. Mrs. Norris Gant made the book. Miss Emerson is a graduate of Buia High School and attends

## Wayland College.

Mr. and Mrs. Harvey McDaniel of Lovington, N. M., visited Mr. and Mrs. Marvin Hale and family Wednesday.

Plant a Cotton you Know you can Harvest . . . before or after frost . . .

# STORM MASTER COTTON SEED

When a better adapted variety of cotton is released for West Texas by either the Lubbock Federal Experiment Station, Texas Tech or Texas A. & M., we will grow the seed in Cochran County for distribution to Cochran County farmers.

**STORM MASTER COTTON IS:**

1. Early variety (Storm Master Seed obtained from the Lubbock Station in 1953 and planted the 1st week in June produced 10 bales on 9.2 acres).
2. Average Staple—15/16 to 1 1/32 (cleans well at the gin).
3. Adapted for modern mechanical strippers (fruits near the stalk).
4. The most stormproof of any variety (except old style No. 1 Mocca).

Storm Master Cotton Seed are now available at my farm 5 miles East of Morton

BY THE BUSHEL:

## S & H VARIETY

(Formerly the Fair Store Building) NORTHSIDE SQUARE MORTON

Although Joe Sidney Row, 6-year-old polio patient of San Antonio, relies on an iron lung to help him breathe, his need for exercise is met by temporarily substituting a chest respirator while his arm and leg muscles get a workout. Here Georgiana Harmon, staff therapist, is ministering to Joe in the Southwestern Poliomyelitis Respiratory Center at Houston's Jefferson Davis Hospital. This center, one of nine throughout the U.S., is made possible through contributions to the March of Dimes of the National Foundation for Infantile Paralysis.

**BRIDAL SHOWER FOR MISS DURHAM**  
A miscellaneous bridal shower honoring Miss Beverly Durham, bride-elect of Bill Marberry, was held in the home of Mrs. Cecil Cole from 2 until 5 Jan. 18. Hostesses were Mesdames Cole, George Pine, Roy Tunnell, E. B. Julian, J. G. Ann, Horace Hutton and Jack Lowe. Miss Ann Cole greeted the guests at the door. The serving table was laid with a white linen cloth centered with an arrangement of pink carnations flanked by candelabra holding green, white and yellow tapers. Miss Kay Cole served the cake and Miss Lynda Lowe presided at the punch bowl. All appointments were in crystal. The honoree and mothers of the couple wore pink corsages, compliments of the hostesses. Mrs. Horace Hutton registered guests in the bride's book. Guests calling were Mesdames Jewel Brackman, Tom Durham of Ropes, H. E. Kirby, George Tyson, Leon Reeves, Bill Mann, Frank Griffith, Brock Hodnett, D. V. Terrell, Flemming, Tombs, Buck Ragsdale, E. F. Campbell, Miller Chout, George Wheeler, Jimmie Wheeler, Chester Petree, Homer Richardson and Delbert Richardson; Misses Sue Warren, Bernice Kirby, Lucy Clark, Paula and Brenda Griffith, Gail and Betty Ann and Peggy Wittner. The wedding will be January 23, at 2 p.m. (MST) in the First Methodist Church in Lovington, New Mex. The couple will live at 1512 Harris, Lubbock, Texas.
