MORTON, TEXAS, THURSDAY, MARCH 4, 1954

NUMBER 52

New Deal Edges Whiteface Girls In Regional Basketball Battle

Bitterly disappointed over a rough six minutes in which they were outscored by 10 points, the Whiteface girls came out second best in their battle for a Regional championship and state tourney berth as the lost to New Deal's State Champions, 44-36.

Coch Tommie Smethers' girls carried the battle to New Deal all the way and paced by Lynn Thompson who garnered 28 points, they actually outshouted the winners through three quarters of play. But a last second, long shot by Ruth Cox, which gave New Deal a 30-29 lead going into the fourth period, actually proved the turning point. The great New Deal Lionesses, losers of just three games this season, turned on the offense and defense to stop the Whiteface girls cold for six minutes of the final period. They rang up a 40-29 lead before Miss Thompson led the way for a Whiteface comeback, but it was already too late.

Ruth Cox added 21 points for

the winners and Joan Ashmore totaled 16. But the New Dealers almost lost by the same expedient Morton had lost to Whiteface in their first playoff game, by horrible ineptness at the free throw line. They made only 2 of 13 free tosses, while Whiteface was caging 10 of 12. The game was not as closely officiated as the two local playoffs had been.

New Deal must now face Dalhart and then face a prime test with Cotton Center or Dimmitt before they can qualify for the state championship berth.

One Candidate Files For County Office

One new candidate has filed in the coming county election. Filing last week for the office of Constable of Precinct Four, the first candidate for the office, was H. C. Edwards.

The present Constable of the precinct, A. G. (Pa) Jones, elected by write-in ballots four years ago and re-elected last term, has not indicated to the Tribune whether or not he will be a candidate for re-election.

Paving Bids Asked For 9 Miles Road

A total of 9.352 miles of paving to Farm-to-market road 769, southwest of Bledsoe, will be up for contract according to a legal notice published in the Tribune this week.

The notice calls for sealed bids on the grading, basing and paving of a strip of road from a point 3.9 miles southwest of Bledsoe to the intersection with the FTM Road. Bids will be opened March 17 at 9 a. m. at the Highway Department offices.

The Public Works project is subject to the provisions of two House Bills and plans and specifications are available at the office of the engineer, H. L. DeShazo, Lubbock.

Pete Predicts . . .

Cloudy and threatening weather, some showers on the Plains, but no likely showers for Cochran County and Morton was the prediction of Pete this week as he joined farmers and businessmen all over the Plains in praying for rain but could see little prospect for relief during the next seven days.

"One thing for sure," he said, "as long as skies are cloudy we could get some moisture." Today, Friday and Saturday, overcast skies and threatening weather are foreseen. Sunday should see a clearing up but Monday the cloudiness will return with scattered showers predicted for the Plains Tuesday and Wednesday.

District One Governor, Mrs. A. L. Manjeat Speaker At Garden Club Meeting; Box Supper Planned

Mrs. A. L. Manjeat, District One Governor of the Area Garden Clubs, from Hereford, was guest speaker of the local club Tuesday night of last week when the group met with Mrs. Roy Hill.

"Local Garden Club Relations to District, State and National Garden Club Federation" was the subject chosen by the speaker. The organization is making rapid strides forward, Mrs. Manjeat told the group.

She explained that District One is composed of Panhandle counties and a few counties to the south of Cochran County. The district comprises 70 of the state's 875 clubs and the district clubs have a total of 1,800 members.

One of the highlights of Mrs. Manjeat's talk concerned experiments being undertaken at College Station to develop a lawn grass that will require little watering. She urged local members to write their senator requesting additional appropriations for College Station experimentation.

Beginner's Band Will Start Soon In Local School

Sixty new recruits for the new Beginner's Band for next fall is objective of the campaign which will begin this month in the Morton schools.

Since almost every parent desires their children to play some musical instrument the schools offer them the best opportunity to do so. Unfortunately, every child is not naturally adapted to playing a musical instrument. In order to determine those best suited to participate, scientific tests will be given all of the children in grades 5, 6 and 7 to test their musical talent. These tests may be given to other grades at a later date. Parents whose children shows an average talent will be notified by mail.

Personal conferences with interested parents and children and an instrumental display and parent meeting are all planned for the month of May. The exact dates, times, and places will be announced in April.

Arrangements are being made at the present time whereby parents can rent instruments for a period of three months from a music company so as to determine the instrument best suited to the individual child and his interest in it. Information on this plan will be revealed to parents at the May meetings.

OFFICIAL MEMORANDUM

By
ALLAN SHIVERS
GOVERNOR OF TEXAS

AUSTIN, TEXAS

GREETINGS:

Each year at this time, the American Red Cross gives a formal accounting of its stewardship and—upon that record—asks the continued participation of the public in the advancement of its program.

The American Red Cross represents the people of America—banded together for the purpose of developing our individual and collective capacity to care for ourselves, our loved ones, and our fellow men everywhere in time of crisis and great danger. So the report of the Red Cross is merely the people of America accounting to themselves on the achievements of the year in this far-flung humanitarian endeavor.

In Texas, we are continually conscious of Red Cross and its significance and importance in time of need.

Due to the size of our state, we have each year more natural disasters than any one of our sister states. During the last Red Cross year, 10,860 of our people were assisted during 29 disasters, occurring in 37 counties of the state. These disasters destroyed or damaged 4,654 buildings; killed or injured 1,699 persons; and resulted in Red Cross expenditures of \$821,386.

NOW THEREFORE I, as Governor of Texas, do hereby designate the month of March, 1954, as

RED CROSS MONTH

In Texas in recognition of the humanitarian aims and achievements of the American Red Cross, and in appreciation for its contribution to the well-being and good of the public.

In official recognition whereof, I hereby affix my signature this 19th day of February, 1954.

ALLAN SHIVERS
Governor of Texas

(SEAL)

Roy B. Johnson Is Winner of Legion Contest

Roy Briley Johnson, son of Mr. and Mrs. LeRoy Johnson, won first place in the American Legion High School Oratorical Contest conducted in Morton High School and will represent Morton in the 19th District Oratorical contest in the Brownfield High School auditorium at 3 o'clock Friday, March 5.

Roy Briley is a 16-year-old Junior in Morton High School and has been active in the extra curricula activities of the local high school.

The High School Oratorical contest is conducted on a national basis each year by the American Legion as a part of their Americanism program. All orations are based on the constitution of the United States. In 1953 over 325,000 high school boys and girls took part in these contests over the United States.

Roy Tarver Jr., teacher in the local school and a member of the American Legion, directed the contest in the Morton High School, and coached young Johnson.

L'ALLEGRO TO MEET

The L'Allegro Study Club will meet tonight, March 4th, in the home of Mrs. J. C. Reynolds.

FILING DEADLINE SATURDAY

Citizens Discuss Election; City Candidates Contacted

Morton was virtually assured of one full slate of candidates for the coming April 6 city election after a meeting Monday night of this week in which the names of seven potential candidates for the office of City Commissioner and two potential candidates for mayor were submitted.

The meeting, held at the District Courtroom, was an open session in which the situation was discussed, potential candidates were asked to speak, and a committee was appointed to contact the men named and see if they would be candidates.

Two men had previously filed with the city clerk for the office of commissioner. Henry Bedwell filed for re-election and Merle Ensor was the first candidate to file for a commissioner's post. Roy Hill told the group he had decided not to seek re-election and no final word was available from Mayor Roy Hudson as to whether or not he would run.

Whiteface Has School Program 8 p.m., Tonight

WHITEFACE (Sp.)—The second of two night programs honoring Texas Public Schools Week will be held at Whiteface High School auditorium, tonight (Thursday) at 8 p.m.

Director Ray Showalter will lead the Whiteface band through a series of marches and popular songs preceding the 9th grade boy's English Class play entitled "Drop Dead."

Cast of the play includes Donnie Castle, Bob Carlett, Billy Ham, Dale Johnson, Dan Keith, Stanley King, Jerry Marks, John Nance, Jimmie Peters, Jerry Pond, Don Read, Robert Riddle, Carroll Roulain, Ray Ruthardt and Dale Williams. Frank Ford was director.

The first of the night programs was held Monday night of this week at Whiteface.

Charged With Theft, To Face Grand Jury

Nell Westerman, now a resident of Farmington, N.M., charged in Cochran County with theft over \$50 following an incident last week, was arrested in Borger this week and is being returned to Morton.

The former Pitchfork, N. Mex., resident was charged with stealing money from a companion, a Mr. Strickman, at Patterson Courts, last week.

Bond has been set at \$1,000.

Bridge Tourney Starts Tuesday

The Ladies Association of the Morton Country Club are holding a bridge tournament beginning Tuesday, March 9, and running through Tuesday, March 16, and Tuesday, March 23.

The entree fee will be 50 cents for each person. Everyone is asked to let Mrs. Scott Hawkins, Mrs. P. B. Rarby or Mrs. Lloyd Hiner know by Monday, March 8. Partners will play through the entire tournament. If one cannot be present for one night, they may choose someone to take their place.

Registration and drawing of partners will start at 7:30, March 9. Club members may ask guests to participate.

Will Be Featured At Legion Meeting

Roy Briley, winner of the local American Legion High School Oratorical Contest, and district representative, will give his oration on the Constitution, tonight (Thursday) at the regular Legion meeting.

Breaks Finger In Trailer Accident

Jack Burks, city employee, suffered a broken index finger last week as he attempted to hitch two trailers to a pickup truck. The hitch on one of the trailers badly mashed his finger.

According to City Clerk Joe Gipson, Burks lost the nail and had the end of the bone fractured but none of the finger had to be amputated as first was believed possible.

Among the problems discussed were possible annexation of outlying subdivisions, need for extension of sewer lines to homes and businesses already in the city limits, need for water extension, need for street paving, possible revision of the type of city government, and the need for a more informative program advising the people what city officials are doing.

Farm Bureau Maps Plans For Membership Drive

The Cochran County Farm Bureau Directors met with several farmers who will assist them in the Cochran County Farm Bureau Drive for membership in the banquet room of the County Agricultural Building, Monday evening, March 1.

The county was divided by mapping of areas with names of farmers residing in said areas and given to the various workers. The workers and directors who met to plan the drive included: President Hub Cadenead and wife, Mr. and Mrs. Earl Sybert, L. W. Barrett, Leroy Johnson, John Crowder, Lloyd Miller, Steve Bracken, Merrill Roberts, Tom Brown, Gilbert Lynch, B. C. Butler, Vernon Blackley, Floyd Rowland, Daryl Roberts, M. A. Tanner, Alvin Ray, Tommy Lynch, D. E. Benham, W. C. Mill-sap and Homer E. Thompson.

Mrs. Earl Sybert is the new secretary for the Farm Bureau. She is well qualified to serve the farmers of this county and she is a notary. "She can do all the work necessary to give the farmers the best of service which they deserve," advises Hub Cadenead.

The Farm Bureau office may be moved to the basement of the court house. Watch the papers for more definite announcement.

New Gulf Station Will Open Soon

A new Gulf Service station will open within the next few days according to Bud Naim local contractor now finishing construction of the new location on Highway 214.

The new station, to be known as Frontier Service, will have an indoor grease rack and wash room, will be modern in every respect and will also house the offices of Naim Electric, the local man stated Monday.

He added that the station would sell all popular brands of oil and grease, Gulf Tires, and would retail some electrical supplies. The station manager has not been named.

Methodist Youth Sponsor Supper

The Methodist Youth are sponsoring an Italian supper at the dining room in the Activity Building on March 10, from 6 until 7:30. Tickets will cost \$1 for adults and 50 cents for children. Proceeds will go into the Youth Chapel fund.

Urge Citizens To Attend Schools During Anniversary Observance

Two major programs and a requested "back to school for a day" program, urged by Supt. H. A. Owens, heads the Morton School's observance of Texas School Week, today and tomorrow, Thursday and Friday.

The major programs include an all-day showing of the famous "Exhibits of the Master Painters," both today and tomorrow at the County Activities Building dining room under the supervision of Junior High Principal Elmo Smith and a scheduled first grade Operetta tomorrow night at 7:30 p.m. in the auditorium.

"The Wedding of the Flowers" is the title of the operetta, which will feature students of Mrs. Connie Gray, Mrs. J. C. Shelton and Mrs. Fred Stockdale. The colorful production, 45 minutes in length, tells the story of the marriage of Johnny Jump-up and Lily of the Valley.

As for the back to school for a day observance, Supt. Owens has asked everyone to return to their schools and attend one or two of the classes. "Especially are we asking the parents to come back to the schools," Owens said, "and sit right alongside their own child through some of his or her classes."

The local observance of Texas' 100th Anniversary of Public Schools, will be the 30th anniversary of Morton schools and the 25th graduation will be honored in May Commencement exercises.

The painting exhibit is open to all who would like to view the famous paintings handed down through the years by the master painters. Admission charge is 35 cents.

The operetta, growth of a year of music training by the first grade classes who also have a first grade band that has performed locally, features a mock wedding. Jack in the pulpit performs the ceremony and all the flowers are invited to attend by the Herald. The wedding is set for high noon and one by one the flowers appear to witness the gala occasion. Music is provided by a trio and a closing number by all the flowers of the entire garden.

Taking the major roles in the production are Betsy Crowder as Lily and Charles Coleman Ledbetter as Johnny. Marlin Douglas Rose is the minister and Rodney Holloman is the ring bearer.

Flower girls include Linda Kay Freeman and Linda Kay Hatter. Larry Miller, Mike Doss and Warren Williamson form the supporting trio. Brenda Cole and Peggy Ramsey are Maids of Honor.

The Rainbows Fairies are Pamela Reynolds, Linda Hawkins. The Heralds are Shelia Aikie and Mary Kate Miller. And Erwin Cooper and Elliott E. Elliott are bellringers.

The flowers are: Dandelions, Benny Turney, Donald Layton, Ronald Layton, Ronald Gene Smart, Gayle Gafford, Douglas Miller, Don DeVault, Larry Brittain and Ernest Gene Chesher; tulips, La Donna Campbell, Pat Beesler, Barbara Black, Alice Gail Kirk, Gloria Peters, Wanda Payne Smith, Brenda Stovall, Barbara Irwin, Christine Jones; violets, Janie Reid, Dovie Chancey, Lynette Phillips, Judy Mills, Clye Haralson, Mylinda Westerman and Darla Sue Turney.

Sunflowers include, Steve Neagle, Kenneth Cunningham, Bobby Harrington, Sandy Wallace, Manuel Solis, Dennis Lemons, Denton Cook, Gany Gruesendorf, Fred Newman and Norman Houghton and the roses are Nora Davis, Gertrude Crockett, Bennie Smith, Donna Jean Parker, Diane Boatright, Mary Ann Thomas, Karen Dunham, Mary Lois St. Clair. Forget-me-nots are Gaylene Weed, Linda Long, Ginger Scoggins, Carol Ann Williams.

Coming School Trustee Elections Is Subject of Open Forum Tonight

Another citizens meeting has been called for tonight in the District Courtroom, according to Eddie Irwin, who was appointed chairman of the meeting held Monday night to discuss the local city election and to discuss future civic problems.

The meeting tonight, sought by a majority of those who attended the Monday meeting, was for the purpose of determining who will file for re-election or election in the coming April School Board election for the Morton Independent School District.

The filing deadline for candidates' names to be placed on the ballot is next week. "It will be the purpose of the meeting to discuss the school situation, urge everyone to take an active interest and vote, and to stimulate enough interest so that citizens will place their names on the ballot," Irwin said.

Again we emphasize that it is no meeting of any one faction, it is an open meeting, all present schoolboard members, all pos-

sible candidates, and all interested are asked to attend. The most important function the public can show is cooperation with the elected school officials.

At an open meeting of this kind, rumors can be dispelled, facts can be introduced, the voice of the citizens will be heard, and every effort will be made to select the right men as candidates for election.

The meeting will be called to order at 8 p.m. "Remember," the chairman emphasized, "we must elect seven trustees this year instead of the usual three or four. Our duty is doubly important. When we, the voters, fail to elect the right men to the school board, we fail our own children."

BAKE SALE CANCELLED

The Bula FHA Chapter cancelled their bake sale last Saturday on account of the sandy weather.

City Election Date Affirmed

The 6th of April, first Tuesday in the month of April, has been officially named as the date of the City Election for Morton.

The notification came this week by way of publication in the Tribune. One mayor and two commissioners will be elected at that time.

Deputies Go After Man Wanted For Local Break-in

Deputy Chester Miller and City Marshal Joe Hodge left Wednesday for Durant, Okla., where they were to take into custody F. E. Grove, charged with the break-in of Lackey's Grocery and Market about six weeks ago. Grove was arrested by Oklahoma authorities after a warrant had been issued here.

3-WAY SENIOR CLASS TO PRESENT PROGRAM

The Senior Class is sponsoring a stage show at the Three Way gym, March 5, featuring Herkimer Tornsoff with Hi Pockets and his Texas Hotshots. Admission price is set at \$1 and 50 cent.

RECOVERING FROM ILLNESS

Haskell Ron, infant son of Mr. and Mrs. Don Lamar, has been in the Cochran County Hospital with pneumonia. He is home now and is much improved.

WEAR IT To remind others...

Washington Represented

By LYNDON B. JOHNSON

TRIP TO TEXAS: With no important votes scheduled in the Senate, I was able to make a quick trip home last week. I spoke before a Galveston meeting of Texas bottlers of soft drinks, reporting on the first month of this session of Congress.

"Ever before," I told these Texas businessmen, "have the American people so completely rejected partisanship as a guide to public policy."

I hope that condition continues. I think it will.

TIGHT MONEY: Those of us who have opposed "hard money" policy—making money hard to get—had our stand justified when the Federal Reserve Board lowered the interest rates banks must pay in borrowing money from the Federal Reserve System.

Purpose of this step is to make money more plentiful.

The action came as the Senate-House Economic Committee gave close study to the problem of rising unemployment over the country.

GREAT TEXAN: Republican

Congressman T. M. Pelly of Seattle, Wash., had this to say on the House floor the other day:

"Those of us who have dealt with Secretary of the Navy Robert Anderson have gained a high respect for the conscientious and fair, as well as wise, decisions that he has made under very difficult circumstances. I believe that we now have one of the greatest Secretaries of the Navy this country has ever had. No dissent in Texas!"

FASTER MAIL: The Postoffice Department is continuing its experiment of transporting first-class letter by air at the regular first-class rate. The experiment, with scheduled airlines carrying

the mail, at present involves New York, Washington and Chicago.

The Postmaster General has petitioned the Civil Aeronautics Board to permit air cargo-carrying planes to participate. Certainly Texas would like to get in on this service.

HOME HELP: Have school children in your family? A helpful Agricultural Department Bulletin, "Food for Families With School Children," might be of interest to you. I'll have a copy sent you on request.

TAX RELIEF: Senator George of Georgia has proposed increasing personal income tax exemption from the present \$600 a year to \$800 this year and \$1,000 next year.

For a married man with two children, this would mean an additional personal exemption this year of \$800 for his family. The income tax rate is roughly 20 per cent. Under Senator George's proposal, the man's 1954 income tax would be reduced by \$160. Next year's saving would be \$320.

Senator George feels his plan is the proper approach to head off a serious downturn in economy. President Eisenhower has indicated that if employment does not rise in March, it will be a signal for the government to take steps.

MANPOWER SAVING: When I was serving as chairman of the Senate Preparedness Committee, I brought to light many instances of waste of military manpower.

The Defense Department has just announced, after a review of manpower needs, that about 160,000 military jobs previously authorized have been eliminated. The review eliminated 69,000 personnel and permitted the reassignment from non-combat to combat jobs.

AIR ACADEMY: When Air Force Secretary Talbott appeared recently before the Senate Armed Services Committee, I questioned him at length about reports that he had ruled out all proposed Air Academy sites in Texas. He had been quoted in newspaper stories to that effect. The Secretary denied the accuracy of the stories. He said he has not ruled out either Randolph Field, Grapevine or Texsoma as a possible site.

TIN SMELTER: After the Bolivian Ambassador came by my office to confer about the matter, I asked the Chairman of the Senate Armed Services Committee to have a study made of proposals to shut down the tin smelter at Texas City. I also have written the President that closing it down could adversely affect the national security.

The Texas City plant is the only smelter in the Western Hemisphere which handle low-grade tin concentrates from Bolivia. It was a lifesaver in World War II. We might need it again.

NOBLE SERVICE: Forty-one years ago, as of March 4, the Fourth District of Texas sent a young man named Sam Rayburn to Congress. He has been here ever since, elected for 21 consecutive terms. During that time, he has served longer as Speaker of the House than any other man in our history. A great Texan—a great American!

NEWS BRIEFS: Joel Howard Cyrus, Wichita Falls high school senior, is a national winner in the Voice of Democracy Contest, sponsored by a National Association of Radio and Television Broadcasters. He will be in Washington the latter part of this month on a week-long, expense-paid trip. We're looking forward to seeing him. My good friend, Ray Roberts of McKinney, was in town on Navy Reserve business. Rubber Producing Facilities Disposal Commission inspected synthetic rubber plants in Texas February 10-13. Its report will be awaited with interest. Arthur Perry of my staff presented Levert J. Able, Houston attorney, to the Supreme Court. Gaylor F. Osborn, Harlingen, and Christopher Otto Moser, DeKalb, have been named as additional members of the Texas State Agricultural Stabilization and Conservation Committee. A very welcome visitor was that grand Texan, Cameron County Judge Oscar C. Dancy, accompanied by County Commissioners T. R. Hunt and A. D. Bowie and by A. L. Cramer of Elsa. Many friends have written me indignantly about the Oregon Senator who recently made a trip to Texas and attacked me before meetings of the ADA. These letters are themselves the best answer to him. I don't believe the people of Texas will pay any more attention to him than the Senate does.

NEWS BRIEFS: Committee hearings will begin next week on general farm legislation. Secretary Dulles reported to a group of congressional leaders on the Berlin meeting. I was in the group hearing the report. Joel Cyres of Wichita Falls, national "Voice of Democracy" contest winner, came in to see me. Several Texans testified before Senate Appropriations Committee on behalf of various projects: Judge Theodore Robinson and Commissioner Teromini, Galveston Seawall; Byrd Harris and Orr Carr, Port Aransas-Corpus Christi Waterway;

CONSERVATION DISTRICT NEWS

Cooperators Announcing Switch to Spinkler Systems for Irrigation

Tom Mather, a cooperator of the Cochran SCD has dug an irrigation well in the center of a laborer with a sprinkler irrigation system in mind. By locating the well in the center of the farm he can pre-irrigate 177 acres with 1/4 mile of main line and 1/4 mile of sprinkler line.

The watered acres will possibly be cut to 80 acres during the growing season, depending upon the amount of rain received. Mather has installed his irrigation system and has started his pre-irrigating watering operation.

During pre-irrigation, the system will be changed each 12 hours, allowing approximately 5 inches application. At this rate, 5 to 6 acres can be filled to capacity each 24 hours.

J. P. Romans, also a cooperator of the district, has installed an identical setup and will begin his operation very soon.

W. A. Woods, living three miles northwest of Morton, has also dug an irrigation well in the center of a labor, installed a complete sprinkler system and is ready to go.

N. H. Steed, 10 miles southwest of Morton is in the process of installing a sprinkler system. Many others have reported plans to go to the irrigation sprinkler system method in order to get a more uniform distribution of water on the crops. By checking the soil, they can put down enough water to fill the soil to capacity and at the same time, avoid wasting water.

THE PLANETARIUM
(The following account of the visit to the planetarium was written by Jannie Barnhill, third grade student).

Mrs. Hunter's room went to Lubbock to see the planetarium. We went into a room, there was a big machine in the middle of it. The top of the room was dome shape. The nice little lady that worked the machine told us stories about the stars. The class saw the big and little dipper, cassiopeia's chair, cassiopeia's husband, the boat, and her three children. Orion the bull and the big dog. The people over in the North Pole call the big dipper the Bear. They also call it the plow. When the woman showed us the North Pole I nearly got sick at my stomach, but I came through it okay. Mrs. Hunter said she nearly went to sleep. So did Betty and some of the others. We all had a very good time. The mothers that did not get to go, we had enough fun for you, too.

New Regulations on the SPACING OF IRRIGATION WELLS

Effective Feb. 9, 1954, as adopted by all 13 counties of the High Plains Underground Water Conservation District No. 1.

RULE 4 — SPACING OF NEW WELLS

(a) Wells to be drilled after the effective date of these rules shall be spaced as follows:

A well to be equipped with a 4-inch or smaller pump shall be located at least 200 yards from the nearest existing well; a well to be equipped with a 5-inch pump shall be located at least 250 yards from the nearest existing well; a well to be equipped with a 6-inch pump shall be located at least 300 yards from the nearest existing well; a well to be equipped with an 8-inch pump shall be located at least 400 yards from the nearest existing well.

SIZE OF PUMP (Inside Diameter of Column Pipe)	MINIMUM DISTANCE FROM NEAREST WELL
4-inch or smaller pump	Minimum distance: 200 yards
5-inch pump	Minimum distance: 250 yards
6-inch pump	Minimum distance: 300 yards
8-inch pump	Minimum distance: 400 yards

(b) A special permit shall be applied for when the applicant desires to use larger than an 8-inch pump. Such special permit may be granted if the applicant shows that such operation will not unreasonably or materially increase the drawdown of the water table, cause waste, or cause confiscation of property.

Only FORD gives you important new money-saving features in the 3 areas of truck operation.

- NOW! Low-Friction, High-Compression, Overhead-Valve, Deep-Block engines in all Ford Truck models!**
New Deep-Block design for smoother power! Up to 23% more power! Only in FORD Trucks! FORD'S FIRST with the only full line of ultra-modern Low-Friction truck engines! The short-stroke principle of these engines cuts internal friction up to 33%, delivers more hauling power.
Ford Truck engines give you the mightiest concentration of power per cubic inch ever in any line of truck engines! For the power they develop, Ford engines have less cubic inch displacement—and small-displacement engines normally use less gas!
- NEW Driverized Cabs, NEW Power Steering, NEW Power Brakes, Fordomatic Drive!**
Ford's new 3-man Driverized Cab cut fatigue, conserve energy! New longer-wearing plastic seat upholstery is woven—"breathes" like cloth for year-round comfort. Power Steering* for most Big Jobs, Power Brakes* for Pickups! Fordomatic Drive* for all light-duty models! (*Extra cost.)
- New Factory-Built 6-Wheelers increase gross up to 48%!**
Ford's expanded line of over 220 models now includes brand-new tandem-axle Big Jobs, up to 60,000 lbs. GCW! For big legal-limit loads in 48 States!
Two New Ford Cab Forward Giants, Too! Rated up to 55,000 lbs. GCW, for Big loads on 35-ft. legal-limit trailers!

Headlines..

By Eddie Irwin

Well sir, the Annual Red Cross fund drive officially got underway this week, March 1, but it found itself overlapping the Heart Fund drive with the announcement that the Heart Fund would be extended to March 15.

Don Allsup... IS OUR COUNTY drive chairman and further information on the drive should be forthcoming from him this week.

YOU LOOK at it, regardless of the fact that money in this part of the country (and probably all over) is as scarce as it has been many a noon, the Red Cross still one of the best investments a man can make.

GO FOR THE practice some weekly newspaper insist on, carrying each week a list of names of new subscribers or renewal subscribers to show what a great subscription list they have.

AND WE COULD be very mistaken. It's kinda like tootin' our own horn and heaven only knows there's enough horns that need to be tooted without tootin' ours.

IN THE EFFORT to prove that Dollar Day bargains are important to people, we'll prove the Dollar Day special on Tribune subscriptions brought in half a hundred people for a subscription, many of them renewals of several brand new subscribers.

GOES FOR all merchants who do a real Dollar Day. In other words let us not fool ourselves by thinking these people would be rushed to subscribe just because it was Dollar Day. They are looking for a bargain. They are not.

TRUE. The merchants who do advertise Dollar Day bargains still profit by the increase in number of people brought to them. If you're in doubt, just ask the facts. Ask one of our Day merchants if they don't respond. Lack of response means your bargain wasn't as

LISTEN, YOU EGG-HEADS!

big a bargain as you had thought it was.

WE MAY HAVE smart merchants but they'll have to get up pretty early to fool the customers. The modern housewife, and we know she does most of the buying, is trained to be a pretty careful buyer. Especially when times get tough.

GO FOR GIMMICKS, like savings stamps, premiums, etc., but she also goes for bargains... and she knows a bargain when she sees one.

THE TALK YOU hear about depressions, etc., it's always nice to be able to announce the opening of a new business. This next week, or perhaps two weeks from now, the scheduled opening of a new Gulf Service station on Highway 214 has been announced.

PLANNED TO have quite an opening. The station is now in the process of construction by Bud Nairn, local contractor. Com-

plete details will come later. It'll be known as Frontier Service.

HERE MONDAY night may have reaffirmed for a few people that there is still some interest in the home town lurking in the minds of Mortonites. Though the 52 who attended could be called a handful, by comparison, still they had lots of gripes to register and they let their hair down, and...

THROUGHOUT most of the meeting one of the present commissioners was on hand to make comments from time to time. The most important comment he made, one which to us seemed very pertinent was that we should pull together a little more.

BUSINESSMEN went away from the meeting with a lot to think about. For the first time many of them heard several sides to the various issues that have been banded back and forth. They discussed paving, and water and sewers and annexations. They talked about types of city governments and existing lo-

cal ordinances. They brought up the names of nine men who either had tossed their hat into the ring or would consider running for the position.

the idea... WAS TO SUBMIT names, have a committee check them through, and find out how many will be on the ballot, Saturday night. That's what was done. But before the meeting was over, so many subjects of local interest had been discussed, some decided it should be made a regular occurrence.

If each time... A FUTURE MEETING is called, a general discussion is held and the issues are really of city-wide importance, the roundtable discussion series would be of real value.

Heart Drive Is Extended to 15th

The 1954 Texas Heart Fund campaign to raise funds to help combat the nation's foremost killer—heart disease—will be continued through March 15. It has been announced by Dr. W. R. White, Baylor University president and Heart Fund chairman.

"Extension of this year's campaign into March is necessary," Dr. White said, "because so many new local Heart Association chapters were formed in Texas in late January and early February and were unable to complete their organization work in time to participate in the Heart Fund during February."

Continuing the 1954 Heart Fund until March 15 will give every Texan an opportunity to participate in the triple program of the Heart Association—research, education and community heart work," the state Heart Fund chairman pointed out.

Dr. White urged that newly-formed Heart groups redouble their efforts to raise funds to support medical research teams that are seeking the causes and eventual cures of heart blood vessel diseases."

He emphasized that medical science still does not know what causes the three most prevalent forms of heart disease: coronary heart disease, high blood pressure and rheumatic heart disease.

"The Heart Association, through its annual Heart Fund, provides financial support to research scientists who are seeking the causes of these killing diseases," Dr. White declared. "This year, the Texas Heart Fund needs the continued support of every Heart Association

district and chapter worker and of all Texans in the effort to provide funds to fight heart disease."

Contributions to the Heart Fund may be made to local Heart Associations, or mailed to "HEART," care of the

local postmaster, Dr. White reminded.

For entertainment aboard U. S. submarines, sailors enjoy movies, television, ice cream and "juke boxes." Boxing matches have also been held aboard.

The Navy's first submarine, USS Holland, was built in 1899 at cost of \$260,000. Present day submarines cost around \$10,000,000.

Today's submarines can fully submerge in less than one minute. Once submerged, it can travel faster than on the surface.

(Isn't this why more people want—and buy—Chevrolets than any other car?)

What you want most Chevrolet gives you first

See how Chevrolet stays ahead of other low-priced cars in all the things that mean the most to you. See how much less Chevrolet costs you—it's the lowest-priced line of them all. Come on in and let us show you how you can have the things you want and be a good many dollars ahead with a new Chevrolet. That's promising a lot, but we welcome the chance to prove it!

OUT AHEAD with that bigger, lower look. Only Chevrolet and leading higher-priced cars have Body by Fisher with that big, smooth, low-slung look.

OUT AHEAD with zippy, thrifty Powerglide. It's the first and most advanced automatic transmission in the low-price field. Acceleration is instantly responsive and as smooth as silk. Optional on all models at extra cost.

OUT AHEAD with the highest-compression overhead valve engines. Chevrolet's great engines have the highest compression ratio of any leading low-priced car.

OUT AHEAD with bigger brakes. Chevrolet brakes are largest in the low-price field for smoother, safer stops!

OUT AHEAD with that smooth and solid big-car ride. Chevrolet's the only low-priced car with Unitized Knee-Action—one reason for its finer road-smoothing, road-hugging ride.

OUT AHEAD with automatic power-controls. Chevrolet is the first low-priced car to bring you all the latest automatic power features and controls as extra-cost options.

Enochs Homemakers Make Corsages

By MRS. W. A. POOL
The Enochs ladies club recently renamed the Enochs Homemakers, met February 25 at the home of Mrs. M. J. Gibson. Mrs. Gibson assisted several

of the ladies in learning to make wood fibre corsages. Three or four corsages, a rose and a carnation corsage were finished.

Cherry tarts and coffee were served to Mesdames L. J. Jones Sr., E. C. Gilliam, A. D. Halford, Ed Aury, J. S. Boydston, D. T. Johnson, J. B. Vanlandingham, G. L. Gibson, T. A. Thomas, W. R. Adams, W. A. Pool and two visitors, Mrs. Guy Sanders and Mrs. R. A. Russell.

The next meeting is to be held in the home of Mrs. T. A. Thomas on Friday, March 12, so that a demonstration may be given by Mrs. R. D. Jones of Brownfield, on Textile Painting.

Two small children of the Wayne Vanlandingham, Debbie and Eddie, are recovering from a recent bout with chickenpox.

Mrs. Joe Speck returned home from a visit in Ft. Worth with relatives.

The severe dust storm that hit all over the Plains recently, also struck Bula and Enochs but was interrupted temporarily by a light snow and drizzle on Feb. 27. Another light snow had slowed down another duster, Feb. 19th. Neither snowfall left a measured amount of moisture.

TO THE QUALIFIED VOTERS OF THE CITY OF MORTON, TEXAS

Notice is hereby given: THAT in conformity with a resolution previously passed by the City Commission, of the City of Morton, THERE WILL BE HELD IN THE CITY HALL, IN THE CITY OF MORTON, A GENERAL ELECTION on the first Tuesday in April, same being the 6th day of April, A. D. 1954.

FOR THE PURPOSE OF ELECTING THE FOLLOWING OFFICERS:

MAYOR (1)
COMMISSIONERS (2)
THIS NOTICE IS HEREBY GIVEN IN CONFORMITY TO THE STATUTES GOVERNING GENERAL CITY ELECTIONS.
RAY HUDSON, Mayor
JOE GIPSON, Secretary 52-2tc

LEGAL NOTICE

No. 33
CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION
Sealed proposals for constructing 9.352 miles of Gr. Strs., Base

& Surf. from 3.9 mi. S.W. of Bledsoe, south to road intersection on Highway No. FM 769, covered by S-1678 (1), in Cochran County, will be received at the Highway Department, Austin, until 9:00 A.M., March 17, 1954, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at regular governing rates.

Mrs. Arlee Barnard
L'Allegro Hostess

The L'Allegro Study Club met with Mrs. Arlee Barnard Thursday, Feb. 18, in regular meeting with Mrs. Paul Goodman, president, in charge. Mrs. Dan Brown was in charge of the program which included two informative movies on Public Health.

A refreshment plate was served to the following members: Mesdames Tom Rowden, Charles McDermott, N. A. Monk, Van Greene, H. B. Barker, Wayne Walthall, Dan Brown, Paul Goodman, J. C. Reynolds, Ernestine McCasland, Orville Tilger, T. A. Rowland, Truman Doss, E. O. Willingham, Ira Brown and Bob Dunham.

Lenten Services At Catholic Church
Started Wednesday

Work was reported progressing very nicely on the St. Mary's Catholic Church of Morton this week with the ceiling now completed and part of the light fixtures already hung.

Six ladies of the Altar Society met at the church Wednesday and painted the frames of the Stations of the Cross. The Stations were hung later.

The Altar Society had purchased two Holy Water fountains and expects to purchase the paint for the interior of the church, sometime this week.

Lenten Services opened Wednesday of this week with Stations of the Cross and an evening Mass at 7:30. Father Hyland officiated.

Class Pay Visit
To Planetarium

The third grade of Mrs. Hunter's room visited the planetarium and museum on the Texas Tech campus, Thursday, Feb. 25. The purpose of visit was to launch their unit of weather study. They made the trip by school bus and were accompanied by the following parents: Mesdames Geo. Burkett, C. D. Landrum, V. A. Waite, Curtis Chapman and Bonnie Brannon.

Twenty-three students made the trip and all took their lunch and ate at Mackenzie Park. After the trip the students wrote

F. F. ROBERTS

MORTON, TEXAS

Three Way News . . .

by MRS. FRANK GRIFFITH
Despite the dry weather and sandstorms, wheat is growing in the Three Way and near New Mexico area and a number of the fields are being grazed.

HONOR ROLL NAMED

Another six weeks is passed for the school, exams have been given and report cards have been issued. On the Three Way honor roll in the grade school the past six weeks were: Sue Daniels, Ginger Kindel, Glyn Price, Dorothy Tucker, Patricia Crawford, Marietta Edwards, Nita Daricek, Kathy Pollard, Elaine Kenley, Paulette Theford, Lloyd Warren, Jerry Walker, Frank Stegall, San-Kay Lemons, Dale Burleson, James Lang, Charles Latimer, and in the high school, Kay Cole, Paula Griffith, Maudine Eubanks, Lucy Clark and Ann Cole.

BEGIN PLAY PRACTICE

The Junior Class has begun work on the 3-act play, "Finder's Keepers" to be presented on March 19 in the school auditorium. Mrs. Jimmy Jenkins, class sponsor, will also direct the play.

Mr. and Mrs. H. E. Baker and children have moved to Meadow, Texas.

Those on the sick list the past week included Mrs. Clyde Coffman, John Pruitt, John Charles Faith, Paul Amara, Billy Dupler, Paula Griffith and Mrs. J. M. Phillips.

Mr. and Mrs. Tommy Galt have returned home from Fort Worth where Mr. Galt underwent surgery two weeks ago.

Ted Theford was a business visitor to Plainview last week.

WIN CONSOLATION

The Three Way Grade School boys basketball team won consolation on the trip.

Among the things the group saw, in addition to their views of the heavens, were Indian relics, rock formation and pre-historic animals, all of which had been studied by the class.

Exchange Wedding Vows In New Mexico

Bobby Adams, daughter of Mr. Bert Adams of Brownwood and Galvin Kelly, son of Mr. and Mrs. Fred Kelly of Morton, exchanged vows in Clovis, N. Mex., February 27.

The couple is at home in Lubbock where he is employed by the R. and R. Supply Company.

From the NORTHERN STAR SEED FARMS:

TO YOU who braved the bad weather to attend the Northern Star Storm Proof Cotton Show Tuesday night . . . we extend our sincere apologies. Unavoidable circumstances prevented Mr. Reed and Mr. Cox from being in Morton.

But we promise you an even greater show to be staged at a later advertised date.

Thanks for your consideration and cooperation.

COUNTY AGENT

HOMER E. THOMPSON
National 4-H Club Week is proclaimed for period March 6-14. Greetings were made in recognition of rural youth organizations from President Eisenhower and Gov. Allan Shivers. President Eisenhower said, "I am delighted to learn that your National theme for 1954 is 'Working Together for World Understanding.'" Gov. Shivers recognized

the 122,000 Texas 4-H Club Week Observance and to become more familiar with the work of the organization which has National membership of more than two million.

We do not have many dairymen in Cochran County. You can count them with the number of fingers on one hand. Recently we have added two fairly new ones in Cochran County.

The past year, Gerhome Hollway and Orville Cunningham have been added to that list. Dairymen like cotton farmers, may face near record milk surpluses this spring and unseasonable warm weather may get most of the blame.

Surplus conditions can be greatly relieved if operators will put more emphasis on production per cow instead of cans of milk per herd, says R. E. Burleson, Extension Dairy Husbandman.

He advises all dairymen to dry up all cows giving 10 pounds of milk daily or less. DHIA records indicate that a cow producing 10 pounds of milk daily in her 10th month will approach a 5,000 pound record in a 305 day lactation. Such animals just about break even and a cow which produces less than 10 pounds daily stands a remote chance of being a profitable producer.

Cows producing less than 16 pounds daily during the six months lactation should be considered as prospective culls or nurse cows. This is also true of cows producing less than 20 pounds in the third month lactation period. Dairymen with production records, should locate in their herds unprofitable cows and culls. Dairymen should observe their individual marker needs and surplus situations as a basis for determining their culls.

It may be hard to do, but don't sell culled cows to other dairymen. This is no way to eliminate low producers in the state's herds. Better to send them to the butcher. In other words eliminate the culls and feed the non-yielders.

COLISEUM-AUDITORIUM FOR LUBBOCK—This impressive structure is Architects Haynes and Kirby's conception of now the new coliseum-auditorium on the Texas Tech campus will look in a year. The \$1,750,000 building will be able to seat 10,000 in the coliseum and another 3,000 in the auditorium. Tech and Lubbock will use the building jointly, but it is owned and operated by the city.

Home Demonstration Agent

By HAZEL C. HARRISON

March is flower planting time in most of Texas. The tender plants should be started in a cold frame or hot box for transplanting after frost danger is over. We have a bulletin on "Method of Applying Fertilizer for Efficient Use" with a formula for a starter solution to be used in transplanting flowers from the starter box to open ground.

Perennials such as chrysanthemums may be divided if they have already sent up new growth. It is not too late to plant dahlias — be sure to fertilize them. Gladioli may be planted every two weeks this month. Plant them 6 to 7 inches deep. Inspect the flower beds for

ants. Sometimes the presence of ants means that aphids are busy. Kill ants with chlordane. We have "Guide for Controlling Insects on Ornamental Plants" if you would like a copy.

This is the first big month for insects. Watch gladioli and roses for the almost invisible thrips and aphids. Aphids are often called "green bugs" but may be any color. They destroy sweet peas as well as garden peas. Look under drying or discolored leaves for them.

Prune trees and shrubs if you haven't already done so. Any shrubs which have finished blooming such as spirea or winter blooming jasmine and japonica may be pruned. Fertilize af-

ter pruning. Shrub beds should be soaked thoroughly during the winter months.

We will show a set of colored slides on "Shrubs Adapted to This Area" at our office Thursday, March 11, at 9:30 a.m. These slides will show how to identify the shrub and where to use the plant in your yard. We would like to have you come see the slides with us. While you are here you may pick up bulletins you need.

If you plan to add new rose bushes buy only No. 1 and 1½ roses regardless of age and always from a reliable dealer. Roses which usually succeed in less favorable soils include (Red) Radiance, Poinsettia, Etiole de Hollande; (Pink) Pink Radiance, Shell Pink Radiance, Editor McFarland, Pink Etville de Hol-

lande; (white) Konigin Luise, Kaiserin Augusta Viktoria; (yel. low) Lady Hillingdon, Soevr Therese.

Water, work and patience will pay off in the yard. A wall or solid fence to keep extra sand out will be worth the cost too.

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get relief but gentle relief—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Sennaprepin. The extract of Senna in Dr. Caldwell's is one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach distress that constipation often brings.

Buy Dr. Caldwell's. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

RIGHTLY DIVIDING THE TRUTH

Should I open my Bible and read that it is the duty of the parent to circumcise every male child on the eighth day and then proceed to do the same every one knowing me would be shocked. Why? Is it not in the Bible? But you say that it belongs to another people, and these rites and ceremonies are not Christian. Those rites and ceremonies belonged under one covenant, to one people, and I belong to another. "The Lord our God made a covenant with us in Horeb. The Lord made not this covenant with our fathers, but with us, even us, who are here alive this day" (Deut. 5:2). This is a statement by Moses to the children of Israel when God gave them the law at Sinai and made the covenant with them. Therefore, I must conclude that it did not apply to any people before that time, and never did apply to any Gentile.

This law was not intended to last for all time to come even to the Jews. "Behold, the days come, saith the Lord, that I will make a new covenant with the house of Israel and the house of Judah. Not according to the covenant that I made with their fathers in the day that I took them by the hand to lead them out of the land of Egypt..." (Jeremiah 31:31-32). The writer of Hebrews tells us that if this covenant had been faultless then no place would have been sought for the second, quotes the above passage and then tells us that under the new sins and iniquities will be remembered no more (Heb. 8:13). According to Hebrews 10:14 it took the blood of Christ to obtain the complete forgiveness of sin. Therefore, I know that and covenant or law given before Christ died on the cross is not for me.

Announce Exams For Positions In Civil Service

Applications are being sought from chemists, physicists, metallurgists, mathematicians, and electronic scientists for employment in various Federal agencies in Washington, D.C., and vicinity. The salaries range from \$3,410 to \$10,900 a year.

To qualify, applicants must have had 4 years of college study in an appropriate field, or 4 years experience, or a combination of such education and experience. Applicants for positions paying \$3410 must not have passed their 35th birthday. There is no maximum age limit for higher-paying positions.

Further information and application forms may be obtained from Mr. B. R. Proctor, located at Post Office, or from the U. S. Civil Service Commission, Washington 25, D.C. Applications will be accepted until further notice and should be sent to the Executive Secretary, Board of U. S. Civil Service Examiners, National Bureau of Standards, Washington 25, D. C.

NEED PARK RANGER

The United States Civil Service Commission has announced a Seasonal Park Ranger examination for filling positions in parks, recreational areas, monuments, and other sites operated by the National Park Service. The period of employment varies with the location and may range from 60 to 180 days a year. The salary is paid at the rate of \$3,175 a year.

Appropriate education or experience is required. No written test will be given. The minimum age limit is 21 years; there is no maximum.

Further information, including instructions on how to apply, and applications may be secured from the Commissioner's Examiner in charge, Mr. Billie E. Proctor, located at Post Office, or from U. S. Civil Service Commission, Washington 25, D.C. Applications will be accepted until further notice.

A STORY WAS TOLD

The question of just how effective a forum of discussion can be in helping to solve community problems has been answered in many a city no larger than Morton. Monday night it was partially answered here.

A total of 52 interested men turned out for a citizen's meeting pertinent to the coming city elections. Questions that hadn't been answered before were brought out into the open. Two present City Commissioners were on hand for at least part of the meeting and the rest of the representation was pretty well scattered among all types of businesses and men young and old.

For the first time those who had come to register

some sort of gripe against certain phases of city administration, heard other gripes that were equally important. Many of the ideas were brand new to the present commissioners who should have heard them a long time ago if they were to be expected to act upon them.

But, as one of the commissioner's pointed out, too often the City official is the last one to hear about what's wrong with the way the city is being run. "We need to pull together a little more," was Commissioner Roy Hill's belief. He pointed out that the city was in good financial shape.

Some wanted paving, some wanted more sewer lines, some wanted additional water pressure. Some wanted a change in the type of city government, others just wanted a change in officials. All were given a chance to be heard.

Out of the discussion came the names of two men who would run for the office of mayor. Both were recommended by more than one person at the meeting. Also the names of seven men who could be council candidates were submitted. A committee was named to go to these men and see what their ideas were on candidacy. By Saturday it seems likely we'll have at least two candidates for each post to be filled.

Several things were accomplished. Nine men were shown that at least some of their fellowmen think them capable of handling the city offices. Present commission members, at least one of whom will run again, had a chance to hear first hand what some of the local gripes are. All of those attending received first hand information on several issues which had been clouded, vague and completely distorted.

We may be wrong, but it is our belief, because of this meeting and more to be held in the future, the City of Morton will begin to make strides forward... strides we should have made a long time ago.

Some say youth in office will provide the spark. Others say wise, experienced men will get the job done. But there is no substitute for plain, old fashioned, general discussion for getting the correct information to the people with a minimum amount of distortion.

And nothing is so influential in getting the people to vote FOR a proposal as giving them the whole story and the true story. A free, unfettered and informative press is the guiding light for a free people, and it is also the beacon that lights the way to progress.

Sunday School Class Has Party Feb. 22

The God's Children Sunday School Class of the Methodist Church was entertained with a George Washington party on February 22 in the home of their teacher, Mrs. Sue Hunter. Mrs. Hunter was assisted by Mesdames Gene Benham, J. D. Hawthorne, Rex Faulkner and Willard Cox.

The children came dressed in costume as little George and Martha Washington.

Those attending were Margaret Ingle, Carolyn Ingle, Christine Howell, Jeannie Barnhill, Mickey Heflin, Janet Sue Burns, Joan Faulkner, Jimmie Ray Shakespeare, Willard Cox Jr., Andy T. Wilson, Barbara Akins, Betty Lou Ledbetter, Reta Baldrige, Curtis Chapman Jr., Carolyn Houston and Jan Hawthorne.

Club Meeting Is Postponed

The Ladies Country Club Association will not meet Friday, March 5th, as scheduled it has

been announced this week by Mrs. J. C. Reynolds.

The next regular meeting is slated for March 16, at the Country Club, at 8 p.m.

A veterinarian appeared at the school recently and several Bula and Enoch residents took advantage of the opportunity to have their dogs vaccinated for rabies.

Exchange Vows Saturday In Albuquerque Rites

Wynell Jarvis, daughter of Mr. and Mrs. John A. Holloman of Morton, and Leonard W. Emory, son of Mr. and Mrs. Carl Emory of Mercedes, Texas, exchanged vows at the Trinity Baptist Church in Albuquerque, N. Mex., on February 27.

The bride, dressed in a grey linen suit with navy accessories, was attended by Mrs. C. A. Johnson. Mr. Johnson served as best man.

The bride is a graduate of Morton High School and Isabella's University of Beauty Culture of Lubbock.

The bridegroom is an engineer employed by the North Basin Pool Committee in Sundown, where the couple will make their home.
