Floyd Williams Dies Monday

Floyd H. Williams 74-year-old retired farmer and 20 year resident of Cochran County was buried in the Morton Cemetery Wednesday following funeral services at the First Baptist Church conducted by Rev. Ollie Robinson.

Williams, in ill health for several years, died at 10:30 p.m. on Monday in his home following a heart attack.

Services, under the direction of the Singleton Funeral Home, were held at 2 p.m.

Floyd Hamilton Williams was born in Hays County, Texas, and moved to Crosby County in 1921. He moved to this county 13 years later and farmed until his retirement several years ago. His wife, the former Annie Watson, whom he married on Dec. 12, 1900, died April 27, 1951, a few months after the couple had celebrated their 50th wedding anniversary. He was a member of the First Baptist Church.

Survivors include four sons, R. C. of Lubbock; Walter of Falls; J. D. of Baytown and John of Morton; and one daughter, Mrs. J. W. Crowley of Floydada. Also, 11 grandchildren and 15 great grandchildren.

Norman Warren Resigns Ministry At Bula Church

Norman L. Warren, minister of the Bula Church of Christ recently resigned his position as minister of the local congregation. Mr. Warren has been in Bula for almost two years and much growth has taken place since he came.

The church which meets at Preston Road at McFarland in Dallas, Texas, is to support him in a new field of work in Gunnison, Colorado. At the present it is a mission field, and Mr. Warren is looking forward to doing work there.

Mr. Warren is a World War II veteran having driven a General Sherman Tank through from Paris, France to Germany. He entered Freed Healdman College in Henderson, Tennessee in 1949; Abilene Christian College in 1951; and Eastern New Mexico in 1952. He received his B.S. degree from ACC and at the present time has completed the basic requirements for his Master of Arts degree in Eastern New Mexico University at Portales, N. M.

Mr. Warren leaves behind a host of friends of which he says "I will miss them more than they will ever know."

The church in Bula will announce a new minister in the near future.

J. R. Singleton Dies' Burial In Bluit Cemetery

Funeral services were held at Bluit, N. M., recently for J. R. Singleton, 87, who died March 26 at Portales, N. M., in the General Hospital.

Singleton, who had been a member of the Bluit Baptist Church, moved to Bluit from Wise County. He was a retired farmer, a member of AF and AM and the I.O.O.F. Lodge.

Rev. Bynum of the Elida Baptist Church conducted the funeral service.

Survivors include the wife, four sons, Frank, Joe and James of Portales and Vernon of Bluit and one daughter, Mrs. Harry Hayes of Bluit.

J. R., in ill health for several years, suffered a stroke March 22. He was buried at Bluit.

Heaviest Voting In Recent City History Puts Several New Faces In City and School Offices

MAX BOWERS ELECTED MAYOR OF MORTON; BILL CRONE AND HUME RUSSELL ELECTED

A week of heavy voting, even surpassing the expected heavy predictions made last week, swept three new faces into Morton School District trustee positions Saturday, and three others into the City of Morton offices, Tuesday.

A total of 374 voters turned out Saturday to re-elect four members of the Morton Independent School District Board and to elect three new members. On Tuesday, 331 voters elected Max Bowers mayor of Morton and put Bill Crone and Hume Russell into the Commissioner's offices.

In addition, both the Morton Jaycees and Morton Lions reported large turnouts for their election of officers for the coming year.

The City election Tuesday brought almost twice the normal vote. Bowers received a total of 204 votes as his opponent J. R. Ward was named on 127 ballots. Crone and Russell were overwhelming winners, also. Crone polled 168 votes while Russell received 130 votes. Others finished in the following order, Merle Ensor 81, Charles Taylor 70, C. D. Ray and Norman Amynx 62 each, H. B. Bedwell incumbent, 57.

Junior Chamber of Commerce members staged a "vote" campaign by patrolling the city with a loudspeaker mounted on a pickup truck urging everyone to vote.

A total of 73 voters turned out at Whiteface to cast their ballots in that city election, Tuesday. Nathan Tubb, popular High School principal was elected mayor by an overwhelming majority of 63 votes. Though he was unopposed, friends of Gus Barrington, long-time Whiteface contractor, staged a write-in campaign and netted Barrington 10 votes for the city's top office.

Whiteface's mayor, V. N. Townsend, was appointed after the death of Mayor Oran Dennis, last October. Townsend declined to put his name on the ballot.

L. U. Thompson and J. C. Cooksey, both incumbents, captured their city council posts easily. Thompson had 67 votes, Cooksey 63. Two men received seven write in votes each for the council posts.

The local school election last Saturday was even more sensational in its turnout. It was conservatively estimated as about three times as much as the largest turnout in recent years. J. D. Hawthorne, Elmer Gardner, Truman Doss and Burge Tucker were the present members re-elected. Chosen to serve with them were Raymond Hoffman, Willard Henry and J. E. (Tubby) Holloman.

At Bledsoe two incumbents, Clide McCormick and Fred Young were re-elected while one newcomer, Marvin Brown was also elected to office.

At Whiteface, unopposed, the incumbents, L. L. Taylor and J. W. Allen were easy winners though only 28 people took the time out to vote.

In the Morton District election, Gardner's 233 votes was tops but he was closely followed by Tucker and Hawthorne with 218. Newcomer Hoffman landed 211 votes for the next highest number. Doss had 187 and Henry 184. Holloman edged into the last spot with 172 votes, three more than O. B. Hucksabee. Others in the race were Truett McCuiston 159, Willard Cox 156, Mrs. Scott Hawkins 153, R. M. Walter 152, Ralph Gardner (no relation to Elmer) 145, Steve Bracken 141 and Jack Rice 131. McCuiston was president of the old school board and Cox was secretary. Rice was also a member.

The new board is to be sworn in next Monday night at the regular session.

C. D. Ray, the only candidate for County School trustee from Commissioner's Precinct One received 314 votes. Pet. Two also unanimously re-elected their County trustee, J. R. Ward was the school election judge.

J. B. Knox, J. W. McDermott, J. E. Holloman and J. C. Reynolds conducted the city election.

A total of 54 ballots were cast at Bledsoe in the school election, considered a fair sized vote. Six candidates were on the list.

Coop Gin Plans Annual Meeting And Barbecue

The Morton Cooperative Gin will host its annual stockholders meeting and barbecue, April 15, at the County Livestock Barn. The barbecue dinner will get underway at 6 p.m. and the business meeting will follow at 8 p.m.

OUTSTANDING RECORD

Morton, Cochran County Get Full Recognition At District Convention

A highly successful Legion convention at Brownfield last weekend was capped by the notification that three Morton groups made a fine record and a former Morton resident, one of the principal speakers, will be a candidate for national commander of the Legion when the national convention is held in Washington this August.

The local color guard repeated as champions of the 19th District in the first competition of the new year. Under a new commander of the guard, Harold (Lex) Key and with some new members, the color bearers will again be competing for the Department of Texas honors this summer.

The local school band was adjudged the best of four marching groups but declined the trophy because they had sent advance notice they were not competing.

The Cochran County Sheriff posse finished second behind the Hockley County posse.

The convention was pronounced an outstanding success by local people who attended with the largest crowd ever to attend a District convention. The group district went on record as adopting a strong anti-Communist resolution in apparent support of two bills now before the state Legislature.

Among the speakers were National Commander Art Connell of Connecticut; Tiny Reed, national vice-commander from neighboring Portales, N. M., and Seaborn

FIRST MISSIONARY BAPTIST Conducts Revival Beginning Friday

Rev. Summers is pastor of the Fifth Street Baptist Church of Levelland.

CONDUCT REVIVAL

Rev. and Mrs. H. T. Clarke of the Morton Assembly of God church conducted a two-night meeting Monday and Tuesday at Littlefield.

Girls' Chorus Rated Highly In TIL Meet

The Morton High School Girl's Chorus, along with two vocal soloists and two vocal ensembles, participated in the Regional Inter-scholastic Vocal Contests at Lubbock on Saturday, March 27th, and came home with the following ratings and awards:

The Girl's Chorus won a certificate with a II (Excellent) rating in concert and sightreading; the girl's Trio composed of Erma Long, Linda Stockdale and Velda Baldrige won a I (Superior) and the girl's Sextet won a I (Superior); Velda Baldrige and Erma Long sang solos and each earned a II (Excellent) rating and a certificate.

Another honor came our way when Albert Morrow was named one of the 19th District's official delegates to the national convention.

'Not Guilty' Is Plea Of Pair Charged With DWI

Two men have entered "not guilty" pleas to DWI charges here this past week and both have been released on \$500 bonds.

Miguel Arriaga of Levelland, a Latin American, was arrested Saturday night as he attempted to "outrun" local officers between Lehman and Whiteface. Coming from Bledsoe, Arriaga ignored signaling officers at Lehman but was apprehended when another patrol car set up a blockade at Whiteface. Son McKay and Cecil Lyons were the arresting officers.

An identical incident occurred only about an hour later when C. E. Schneider of Levelland, with another passenger in his car, was stopped at Whiteface and also charged with DWI. Schneider also pled "not guilty" but his companion in the car entered a "guilty" plea to being drunk and paid his fine.

COATS AFTER RECORD

Morton Athletes To Compete For District Track Laurels

At least one Morton athlete stands an excellent chance of representing the district as champion and competing for the state championship track honors at Austin in a few weeks.

He's Alfred Coats, six-foot one inch junior who has been setting the pace in recent high jump competition.

Coats reached his best form last week at the Caprock Relays at Slaton as he bettered the existing district record, then backed off and jumped the standard set at 6' 2". Not only did he soar

Mexican Sluqged, Two Are Held

One Latin American has pled guilty, one juvenile will appear before the Juvenile Judge and a third has yet to be located in an incident in which the two older men will be booked for assault and battery.

The victim, Ernesto Prieto, was slugged Saturday evening on the Guetersloh Farms, near Pen. One of his assailants was 22-year old Erasmo Mendez who has already pleaded guilty and has posted bond.

Another, a 16-year-old juvenile has also been located and was scheduled to appear in Juvenile Court this week. The third man as yet has been unidentified by local officers.

over the bar, bystanders said he cleared it by another two or three inches.

All of this adds up to the fact that Coats could easily capture the district high jumping laurels Saturday, if he's in top form.

Morton has had little opportunity to practice this season. Coach Marcum has been able to bring out only about 10 men and in addition to Coats, only Donnie Waller has had success. Waller went to the finals in the hurdle competition, just one day after he had started training. However, he was beaten out by several men in the finals. By clipping about one and one-half seconds off his present timing, Waller could easily be a place winner in the district.

Henry Bedwell's Mother Dies At Quitaque

Funeral services for Martha Angeline Cook, mother of Henry Bedwell of Morton, were held at Quitaque, Saturday.

A member of the Baptist Church for more than 60 years, she belonged to the Quitaque Baptist Church. Burial was in the Quitaque Cemetery.

Mrs. Cook, who would have been 94 years old in September of this year, was preceded in death by her husband in 1903. Two of her children have also died.

She is survived by 7 children, Henry Bedwell included, and 34 grandchildren, 76 great grandchildren and 4 great great grandchildren.

Those attending funeral services from Morton were Mr. and Mrs. Henry Bedwell, Mr. and Mrs. Eugene Bedwell, Mr. and Mrs. Herman Bedwell, Mr. and Mrs. B. Markham and Mrs. Bea Yarbrough.

INSTALLATION DATE CHANGED

JAYCEES ELECT BILL GLASSFORD PRESIDENT

In their first luncheon meeting since their formation nearly two years ago, the Morton Jaycees, Monday elected Bill Glassford, local newspaper publisher to their presidency for the 1954-55 year.

What was termed by retiring president T. J. Simpson as a very successful turnout, elected Glassford from a list of four candidates by a 2-1 majority. He had served the club during the past year as First Vice-President.

Other officers elected included Harold Drennan, First vice-president; Merle Ensor, second vice-president; Babe Van, treasurer, T. K. Williamson, state director; Smiley Monroe, Merline Roberts and Tom Rowden, directors; and Hoy Marcum, chaplain. Retiring president, T. J. Simpson, automatically became a director.

In other activities discussed, the installation banquet was changed to May 18, two weeks later than previously announced in order to maintain Dr. Dossie Wiggins as dinner speaker. Wiggins had to cancel his original appearance but the local Jaycees voted to change to date to whenever the well-known Lubbock banker and former president of Texas Tech could speak.

A total of 17 members turned out to eat luncheon at the county Office and Activities Building dining room which will be the regular meeting place for future meetings.

The Jaycees switched to a luncheon meeting to bolster their lagging attendance.

Softball Meeting Slated Tonight

The first softball meeting of the season will be held at the County Court House in the District Courtroom, tonight at 7 p.m.

Business projected concerns the decision as to how to set up the league for its fifth year of operation; what rules to draw up; and to get an idea of how many teams will enter the league.

It is not planned to accept entrance in the league at this time. Any officers will be elected. Managers or interested parties are urged to attend so that the league schedule can be worked out on the best cooperative basis, steering clear of any conflicts.

Patsy Webb, Bonnie Batteas Are "Frontier's" Spelling Hopefuls

Thirteen County spelling champions, including two from our area, will toe the line at Lubbock Saturday to earn the title of regional champions.

Patsy Webb, eighth grade student at Bledsoe, daughter of Mr. and Mrs. Buford Webb, Morton, Route One will represent Cochran County.

Bonnie Batteas, eighth grade student at Three Way, daughter of Mr. and Mrs. E. T. Batteas of Goodland will be the Bailey County representative.

Contestants must register by 1:30 p.m. Saturday, according to a deadline set by the rules, at O. L. Slaton Junior High School auditorium. The school is located at 32nd Street and Avenue Q.

Beginning at 2 p.m., the contest will be open to the public audience and will be aired over Radio Station KFYO.

For the winner of the regional crown, a wonderful life long memory trip to Washington D. C., as guests of the Avalanche-Journal. The trip will begin May 17 and continue through May 22, with the national spelling bee set for May 20.

In addition a host of other prizes will be awarded.

And, to add interest, another adult spelling bee may be held following the student's bee. That is, if enough interest is shown. Last year, a school administrator was the adult champion and a newspaperman from Post finished second.

LLOYD HINER IS ELECTED LION'S PRESIDENT, WEDNESDAY

The Morton Lions Club, yesterday named Lloyd Hiner to lead them through the 1954-55 year.

Hiner, manager of St. Clair's Department Store, polled 27 out of 34 ballots cast to become president of the local club over the other candidate, Truman Doss.

Along with Hiner a new slate of officers was elected, with the exception of one man, Roy Greer, who was returned to his secretarial post.

T. J. Simpson was elected 1st vice-president; Don Allsup, 2nd vice-president; Charles Jones, 3rd vice-president; Zeke Sanders, treasurer; Eddie Irwin, tall-talker; Curtis Carroll, Lion-tamer and Neal Rose and Jack Wallace, directors.

The voting, except in the two before mentioned races, was extremely close. Allsup was named by just a three vote margin and Wallace was just three votes ahead of Bob Cross and Roy Tar-

THE STORY OF PHILLIPS 66

Flite-Fuel

FROM THE SKYWAYS TO THE HIGHWAYS

FOR MILITARY USE Phillips originated new super-power aviation fuel components—Di-isopropyl (pronounced di-isopro-pull) and HF Alkylate. These made possible more powerful fuels for combat aircraft.

RESTRICTED for use in aviation gasoline, these components have for years been on U. S. Government priority. But now restrictions have been relaxed and Phillips is able to use them in automotive gasoline.

TODAY, Di-isopropyl is available to motorists exclusively in a new gasoline called Phillips 66 Flite-Fuel! It gives increased power, higher anti-knock quality, freedom from stalling... and it's clean-burning!

GET PHILLIPS 66 FLITE-FUEL at any station where you see the orange and black Phillips 66 Shell. Let your car's performance show you how good new gasoline is! PHILLIPS PETROLEUM COMPANY

Band To Present Spring Concert
 The Morton High School Band, under the direction of John M. Bealmeier, will present its annual Spring Concert at the County Auditorium on Friday, April 23rd, at 8:00 p.m. The concert will feature mostly music of a light nature and will be the final full-dress stage performance of the year for the local band.

Scout Meeting Set At Levelland, Fri.
 All Scouters, especially the new committeemen for Morton Scout Troop 101, have been urged this week by Scoutmaster Dan Brown to attend a camping meeting in the Levelland High School auditorium at 7:30 p.m. tomorrow, Friday.

New Directors Of C. of C. Will Be Installed
 The names of 15 men were submitted to Chamber of Commerce members on ballots mailed out this week. The top six men will be notified Saturday and will be installed as Directors of the Chamber of Commerce next Monday.

Bingo Party For Red Cross Set Friday
 A bingo party, for the benefit of the Cochran County 1954 Red Cross fund drive, will be held Friday night, 8 p.m., at the Legion Hall. It was announced this week by Don Allsup, chairman of the Red Cross Drive.

SOME IMPROVEMENT!
 "At her request you gave up drinking?"
 "Yes."
 "And you stopped smoking for the same reason?"
 "I did."
 "And it was for her that you gave up dancing, card parties, and billiards?"
 "Correct."
 "Then why didn't you marry her?"
 "Well, after all that reforming, I decided I could do better."

GOOD THOUGHT
 The man is a success who has lived well, laughed often and loved much; who has gained the respect of intelligent men and the love of children; who has filled his niche and accomplished his task; who leaves the world better than he found it, whether by an improved poppy, a perfect poem, or a rescued soul; who never lacked appreciation of earth's beauty or failed to express it; who looked for the best in others and gave the best he had. His memory is a benediction. — Robert Louis Stevenson.

 By Eddie Irwin
 POLITICS IS a strange game. Sometimes the thing you think will most help your chances of being elected, turn out to defeat you. So, without theorizing as to why anyone voted any certain way, we'd simply like to discuss the school election from the standpoint of whether or not any thing was accomplished.

first of all...
 IN THAT TYPE of election you seldom find anyone in the race who seeks the job bad enough to "politic" for it. Sometimes a group urging a candidate to run will go all out in their campaign. But the gentleman or lady in question seldom wants to serve bad enough to play politics.

that's as...
 IT SHOULD BE. The type of people we want on the School Board aren't usually the type who are ordinary, solid, straight thinking, careful citizens who are called upon by their fellow men to serve. They serve because they consider it an obligation.

with this...
 IN MIND, what was accomplished at the school election held last Saturday in Morton. We believe a great deal was accomplished. And of course, with it, some feelings may have been hurt. That always goes. But what really was accomplished is most important to the community as a whole.

we like...
 TO THINK that our editorializing may have had something to do with the situation that saw an unprecedented interest to be shown. We like to think that the meeting called by the Morton Junior Chamber of Commerce, to discuss the election and to draw up a slate of candidates, had a great deal to do with it.

but for...
 THE SAKE of honesty and fair play, remember that the Jaycees function in calling the meeting was in no way an endorsement of any faction or candidate. Nor was their meeting called on the City Election. In fact, as the group that called the original meeting, the Jaycees acted only on the premise that the school trustees are one of our most important groups. We must have them elected by a majority of the residents or they aren't a representative group.

in order...
 TO ACCOMPLISH this goal, there must be some interest stirred up in the election; there must be an element of competition to keep the election on a democratic level.

the evidence...
 SEEMS OVERWHELMING that the called meeting did the trick. It seems overwhelming that the school's various problems, its activities, its rules and regulations are of general interest. The school belongs to the people. They not only have a right to know what problems it faces but they have a DESIRE to know.

this isn't...
 FALLACIOUS - thinking as some have indicated. If 200 people in a community are interested enough in their school and its problems to want to know all about them, then it justifies such an open meeting was held.

let's not...
 TRY TO CONVINC ourselves that everyone who develops an interest in the school has an axe to grind. That kind of thinking is the very unhealthy attitude we're trying to avert. But only through publicity can we stop ugly rumors, built up in trivial matters and damaging talk in general from spreading and causing a major unrest.

to some...
 THE QUESTION was whether or not the old board's action was supported by the people. We do not think that was a major issue. Actually the old board re-elected four men, a majority, so they received support. Yet the added slate of trustee hopefuls elected three members, proving that the people believe new blood is a constant need in a governing body.

make of it...
 WHAT YOU please, we refuse to submit to the general idea that one particular issue was settled. We hate to get anyone's school embroiled in a fictional battle of one church versus another; city versus rural population; businessman versus farmer; etc.

sure...
 THE IDEA is there, in some minds. No doubt, after hearing rumor after rumor, we all find ourselves considering these ideas. But, if after all is said and done, we revert back to the original conception of what the board is, what their duties are and how they should be elected, faith in humanity can be restored.

through...
 THE FACT that 374 people voted, we can pretty well assure ourselves that seven good trustees were elected. Something, there is, about a whole gang of people going to the polls, that helps convince the man who lost his vote in one or more instances, that maybe he was wrong and the majority was right.

not so...
 WHEN YOU find yourself one of 12 or 14 people who come out to vote. It's very easy to believe that the other 11 or 13 who voted differently, were still members of a minor group that controlled the election because of the old adage that the "agins" are easier to get to the polls, than the "fess."

don't forget...
 THE OUTSIDE publicity angle. It gives a community some pride and prestige in the eyes of their fellow West Texans to be able to point out that our community takes an interest in the schools.

we don't...
 TALK OVER our youngsters problems in school with the teachers or superintendent like we should. We grouse about them, far too often.

THREE INITIATED BY O.E.S. CHAPTER

Three candidates were initiated at the regular meeting of Morton Chapter 841, Order of the Eastern Star, Tuesday night, Mrs. W. L. Miller acted as a worthy matron during the exercise.

Mrs. A. R. Lindsey, worthy matron, presided at a short business meeting preceding the initiation.

Mrs. Lindsey announced she would attend the one day Eastern Star school of instruction to be held Saturday at Lubbock. Persons desiring to attend should contact Mrs. Lindsey or Mrs. Cap Lindsey.

A short memorial service was held just before closing for deceased members of the lodge. Hostesses were Mrs. Elizabeth Greer, Mrs. Cap Lindsey and Mrs. E. L. Willis.

place and 16 riding members. The horses were generally in better condition than they were as last season opened.

Wanda Williams is Posse Queen Levelland Pastor

Wanda Williams, at a social meeting of the Cochran County Sheriff Posse, Tuesday, was elected queen of the local posse and will march at the head of the posse in all competition during the present season.

Buster Betts, J. N. Foster and Miss Freed of Muleshoe are also new members of the posse.

Plans were discussed for the encampment at Spur this weekend and the posse urged every member to be there if at all possible.

The social meeting was in the form of a barbecue dinner held at the Veteran's Hall. Several guests attended.

The posse expressed satisfaction with their first ride of the season which produced a second treatment of teachers as well-composed members of our society, not nearly as much as we should.

we don't...
 MAKE THE sacrifices we should to help our school get along. And we're referring to the many little sacrifices in time, labor and even a little cash which we could make.

in short...
 THE JOB has just begun. And right here and now, we wish to personally thank every candidate who allowed his name to appear on the ballot. Each one, in his or her own particular way, regardless of whether or not they were elected, played a very important role in causing the people to shoulder a burden they had practically forgotten.

the results...
 IF YOU forget any petty quarrel and analyze them from a purely logical standpoint, were not only excellent, the change in general attitude is plumb amazing. This column is being written on Sunday, the day after the school election. And unless we miss our guess the same general remarks will hold true on Wednesday following the city election.

you can't...
 FIND A SUBSTITUTE for the general interest by the people. Their interest and participation in the greatest privilege enjoyed by any nation in the history of the world, will save America.

now that...
 WE'VE ELECTED a board let's get behind them. After all, the superintendent is hired by the board to serve the district. When he gets into some rather tricky or complicated problem, he expects the board to back ANY AND ALL decisions made. He has a right to expect their support. But how can he expect to get their support if the board itself, can't get the support of the people.

ABOUT WHAT goes on at the school board meetings, has in our humble opinion, allowed a great deal of unfair criticism of the board. The lack of publicizing the meetings was not the fault of the board. It was the fault of the newspaper, though there was some discussion about whether or not it was advisable to have a member of the press sit in on board meetings.

in order...
 THAT WE GET things straight, right from the start, let us say right now that we think every effort should be made to get before the public, the happenings at Board meetings. We pledge our full support and we sincerely hope you also, as a resident of the community, offer yours.

Chevrolet is out ahead in powerful performance

You can easily tell the difference between engines when you drive—and the difference is all in Chevrolet's favor! That's because Chevrolet's great engines deliver full horsepower where it counts—on the road. What Chevrolet promises, Chevrolet delivers!

Chevrolet is out ahead in economy

There's new power, new performance and new economy in both 1954 Chevrolet engines—the "Blue-Flame 125" in Powerglide models and the "Blue-Flame 115" in gearshift models. And they bring you the highest compression ratio of any leading low-priced car. That's why they can deliver a big gain in power, acceleration and all-around performance, along with important gasoline savings!

Your test car's ready now . . . We'll be glad to have you compare the smooth, quiet performance of this new Chevrolet with any other car in its field. Come in and put it through any kind of "proving ground" test you care to, and judge its performance for yourself. Your test car's ready now and we hope you are, too.

EDITORIAL COMMENT

A FINE RECORD

The hat certainly must be doffed to three outstanding Morton organizations that last week made an excellent impression on the judging committees at the District 19, Legion Convention last Saturday.

The color guard came home with a large trophy emblematic of their success as the top color guard in the district, an honor they have enjoyed for two years.

The Morton High School band, though not competing for the award because of a TIL ruling that allows

them only to appear twice in competition, was adjudged tops in that division but could not accept the trophy. Nevertheless, the honor was there.

The Cochran County Sheriff Posse was the runner-up in the Posse competition, finishing second to their perennial competitor, the fine Hockley County Posse. Four more riders could have changed the decision there and allowed us a triple sweep of honors, certainly something the people of Morton and Cochran County should be very proud to hail.

CRUCIAL DECISION

The Morton Country Club will make an important decision this week, at a general meeting, to determine just whether or not it is feasible to proceed with drilling an irrigation well for grass fairways.

To many people the decision is unimportant and to others it is simply one that shouldn't even be considered. But to a large group of sportsmen and sports lovers among the ladies, it is a crucial decision.

Three years of blowing sand and little rain have almost cleared the course of all it's topsoil. That, despite the fact that the nine-hole layout is situated in the middle of some well irrigated farmland. To allow the course to continue to suffer from the blistering wind and sandstorms would be to render it almost useless within a few years.

FOR SERVICES RENDERED

What with all the fuss and commotion our various organizations have been kicking up, competing for national honors in various ways, it has become rather commonplace to many area residents to read of Morton's and Morton's Alumni achievements.

The record could well be bolstered again this summer at the National American Legion Convention in Washington. Not only could the local color guard again be competing for national honors and the local posse again be representing the State of Texas, but a former Morton man, Seaborn Collins, is a candidate for National Legion Commander. A strong candidate, too.

Collins' qualifications for the job and a little of his history will appear

from time to time in this paper, in conjunction with his campaign. But the true purpose of editorial is to place credit where credit is due on Morton's fine record. The color guard, the posse and other organizations have been patting on the back for their fine efforts. But one man who has been heavily responsible for the local groups invitations and for their showings, has received very little recognition, locally.

To Albert Morrow, who has made American Legion work a personal duty, if an enjoyable one, our personal thanks. That, is echoed warmly all over the State of Texas and in many parts of the United States where Legionnaires gather. They'll tell you what Albert has done.

We think the step, though it is one for a membership organization to decide upon and take, is a worthy one. From the standpoint of the City of Morton, as a whole, it would be a tremendous benefit, certainly a step of advancement.

We hope the directors of the Club see fit to continue with these plans.

Is cocoa an every morning must at your house? If so, you might like to make the job easier by using a Cocoa Mix: Here is the recipe: Cocoa Mix; 4 cups non fat dry milk, 1 cup cocoa, 1 cup sugar, 1/2 teaspoon salt. Mix and sift together 5 times. Store in tightly covered jar. To make beverage use 1/4 cup mix to 1 cup water. Add to water, stirring until smooth. Bring to a boil, stirring constantly, then place over boiling water and cook 11 minutes. Or cook over direct heat in heavy pan 3 minutes. Beat with rotary egg beater just before serving. With this mix handy the youngsters will be able to make their own cocoa for breakfast thus giving mother more time. To give extra food value use liquid milk instead of water — just doubles the milk value. Nonfat dry milk solids has the same food value of whole milk except no vitamin A and fewer calories — half the calories of whole milk. Children up to 12 years of age

need one quart of milk each day, through the teens about 1 1/2 quarts and through all adult years about 1 quart. This daily quota need not be in drink form. We can get it in puddings, suaces, ice cream, pies, and many other desserts. Here is a recipe for chocolate fudge — no cooking. Heat in a 1 1/2 quart saucepan until butter melts, 1/4 cup butter or margarine and 1/4 cup water. Remove from heat and add 1 teaspoon vanilla. Then add, about 1/4 cup at a time, a mixture of 3 cups powdered sugar, 1/2 cup nonfat dry milk, 1/2 cup cocoa, 1/8 teaspoon salt. Beat until smooth after each addition of sugar mixture. Then mix in 1/2 cup finely cut nuts (Any kind of unsalted nuts can be used.) Spread in a greased pan about 8x8 inches. Chill until firm, about 1/2 hour. Makes about 2 dozen 1 1/2 inch squares. Milk is one of our abundant foods in the United States and it is the tone food that most in-

Your senator reports . . .

By Senator Lyndon Johnson SAVE SOIL, WATER: Principal points of an upstream water control bill Congressman Bob Poage introduced in the House and I introduced in the Senate are included in the legislation passed recently by the House.

It provides for Department of Agriculture cooperation with a state, or any political subdivision authorized by the state, in carrying out such flood prevention projects as current land treatment, gully plugs, detention dams, and the like. Object is to stop water close to the point where it falls — for use as needed.

This is an important water and soil conservation measure.

LEGISLATIVE PROGRAM: Administration's proposed legislative program is moving slowly. The farm bill is still before the House and Senate committees, as this is written, and so are proposed amendments to the Taft-Hartley Act. Nothing at all has been done as yet about a foreign trade bill, a major Administration project. The bill to expand the Social Security program is scheduled for committee hearings.

A factor throwing the timetable off balance has been urgent demand for tax reduction. My mail from Texas reflects that demand.

AIR ACADEMY: Chances that the Air Academy will be located in Texas were improved when the Senate adopted our amendment providing that if the board members named to survey possible sites agree unanimously, their choice must be accepted. If members are divided, AF Secretary must select one of their three top choices.

POSTAL WORKERS: I met recently with a fine bunch of Texas postal workers — around 50 of them. They were here to discuss proposals that employees of the Post Office Department receive a pay raise. Their approach to the subject was notably fair and reasonable. They made me feel proud of our Government and its employees.

I hope and believe that Congress can work out an equitable plan for a pay raise for the hard-working postal employees. They

Adult cotton and irrigation demonstration.

Hub Cadenhead began farming in 1953 on 320 acres with about 200 acres in cultivation on Judge Stanford's place.

Hub, a young man, who had previously finished Texas Tech College, got married to a girl named Maxine Jackson. In his first year of farming Hub developed a 10' irrigation well and was able to water about 140 acres of land. As the farm chores grew, his wife quit teaching. Now for 1954 over 3800 feet of underground tile was laid on the farm; so Hub can irrigate all the cultivated land.

Getting back to 1953 — Hub planned all the land to cotton. The west 44 acres could not be reached to irrigate because water will not run up hill. The first sandstorm got the west 44 acres of cotton in a hurry. Hub did water all the other 136 acres of cotton land before he planted.

Hub planted mostly Macha cottonseed. He made 110 bales of cotton on his 13 acres. He poisoned his cotton only once the latter part of August. The airplane applied parathion and DDT on all the 136 acres. He began a little late with the poison, but did control the boll-worms only after they had done serious damage in a few spots. One spot of 10 acres was seriously damaged before the application of poison.

Now as to irrigation only once on 37 acres of land west of the well — this was watered about April 15. He was unable to water the cotton after it was planted because an elevated ditch was needed. Hub did apply about 9 inches of water on this 37 acres before planting. He made 21 bales on 31 acres and never watered the cotton. This did prove that a heavy early application of water did make good cotton on some of his worst land. This land never received over 2" after planting and most of it came late.

On the other 100 acre of cotton, Hub watered twice. Once in

early July and once in early August. About 2" water was applied in early July and 5" water in August. The results obtained were good, but the added irrigation cost was there too. Last year was an unusual year with no rainfall to speak of. If we can ever get a normal year again, perhaps the summer irrigations can be left off entirely when pre-planting irrigation is heavy. It is being done at the Experiment Station, Lubbock. Yes 410 lbs. acre of lint cotton on April watering of 9" or more per acre in 1953. With no summer irrigation gives an average more net profit per acre. That is what we are all looking for is bigger net profit advises Don Jones, Superintendent, Experiment Station, Sub-Station No. 8, Lubbock.

Hub pulled his cotton with Mexican labor, and stripped 24 bales of the last crop by stripper in December.

Mr. Floyd Lynch, State 4-H Club Leader, and R. E. Burleson, Extension Dairy Husbandman, have announced the "Herman F. Heep Dairy Achievement Contest" — attention is called to the following:

1. This is a scholarship program.

2. The top 4-H contestants will compete with the top FFA contestants for the scholarship.

3. All necessary record forms are available, and it includes the standard report form.

4. Entries in this contest have been few. There is a real opportunity for a good dairy boy who desires to continue his study in dairy husbandry at A. & M. College of Texas. All boys in 4-H who have a dairy demonstration may become eligible for this contest.

Below are listed the purpose, awards, eligibility, and requirements of Herman F. Heep Dairy Achievement Contest. See the county extension agent if you are interested.

Purpose: Recognition for 4-H Club boys and FFA boys who are doing outstanding dairy work.

Awards: A \$400 scholarship contingent upon the winner entering A. & M. College of Texas and pursuing a course in Dairy Husbandry.

The winner of this award will be eligible after entering A. & M. College of Texas to compete with other students in his class for an additional scholarship of \$200 first place and \$100 second place each year for a period of three years.

Eligibility: Any bona fide 4-H Club boy working under the supervision of the Texas Agricultural Extension Service; who is

at least 16 years of age; who has completed at least two years of dairy work; who is regularly enrolled in a dairy demonstration. (In order to be classified as a dairy demonstration, the contestant upon entering this contest must be the owner and manager of two or more purebred registered dairy animals, two or more of which shall have complete lactation periods prior to the close of the demonstration and upon which there must be complete records; as well as records on all other animals owned by the contestants. The contestant must have complete charge of his cattle.)

Suggested Material to be submitted: Each contestant should provide a complete set of record forms on which to keep the records of his demonstration. He is at liberty to include any records if in his opinion they would be of value in the proper operation of a dairy farm and herd. Complete set of records: Production records; Record at Fairs and Shows, expenses, receipts, and financial statement; pedigree records, classification records, yearly summary for each cow of total milk production, feed consumption and income above and below feed cost. Standard Report Form; Narrative on "Your idea of what constitutes a good dairyman or breeder, what constitutes a sound breeding program and how you would proceed to establish yourself as a permanent breeder." Transcript of high school scholastic record, representative number of news clippings, picture story of 4-H demonstration and activities and one photograph.

Under the date of February 15, 1954, an agreement was entered into between the Farmer's Home Administration and the Federal Extension Service. For the most part, the agreement merely emphasized the need for including the borrowers of FHA in the groups served by Extension Service, and provide them with informational services available through the County Agent's Extension offices.

The particular emphasis on insuring the homemakers of FHA borrower families will be provided essential home economics information and guidance. It adds up to this — That FHA borrower families will participate in Extension activities as much as possible and receive the benefits of services in which extension has to offer. The maximum assistance will be given to FHA borrower families in producing and conserving of food to meet the family needs, protecting their health, improving their homes, educating their children, and participating in community activities. These families will be given the opportunity to fully participate in homemakers' clubs, and other Extension Activities. The Extension personnel are willing and ready to work with FHA family borrowers to help them individually with their living problems whenever needed and to work with individual families. Many home

visits will likely be necessary, but that is what we are here for — where a community exists of FHA borrowers families, we like to see you get together, pool your problems, and let's get this planning improvement work started, advises the Extension Agents of Cochran County.

4-H Honorary Awards are now available to each county for one man leader, and one woman leader to receive in each of five classes. A committee of 5 members familiar with 4-H work in the county will nominate the local man and woman leaders.

Five awards known as the 4-H Clover Awards, can be given to a man and woman leader in each of the 4-H Clover Awards — 5 years as a local leader, silver award; 10 years as a local leader, gold award; 15 years as a local leader, pearl award; 20 years as local leader, diamond award; and 25 years as a local leader, emerald award. These are recognition awards for a job well done.

The Casey-Canon Gln. Maple, is putting up \$3,500.00 cash for prize awards for 4-H and FFA members in a cotton contest in the Casey-Canon territory. The winners will be selected according to the average yield per acre on five acres of land.

Ray Crawford, FFA Instructor at Three Way, is in charge of this program.

Prizes will be awarded to the top three boys in the dry land division and irrigation division. The prizes will be as follows in both divisions: First place, \$100; second place, \$50 and third place \$25.

Earnest and John Tucker, sons of D Tucker, have indicated they will enter this contest. They both plan to raise five acres of cotton each on irrigated land. They have started preparation

by applying four tons cotton-burns per acre to their land. Earnest has indicated he will plant Qualla 60 variety cottonseed and John indicated he will plant Lancer 57 cottonseed.

Agricultural Exports from this country totaled \$1,454,000,000 for the six months period from July through December 1953, or one per cent higher than the same

1952 period according to John G. McHaney, Extension Economist. December's 1953 exports were 8 per cent above the preceding month, but 7 per cent below December 1952. December farm exports totaled \$301,000,000 with cotton the biggest money crop with export with \$68,000,000 for that month. At that cotton exports were down 25 per cent under the December period of 1952.

Ole Man S. A. RAMSEY IS A HI-JACKER

(A Non-Political Paid Adv.)

'Wild Chase' Is Expensive Drive

A 25-year-old Morton woman, Freda Jane McDowell, paid a total of \$88 in fines on two charges in JP Court this week after leading local authorities a wild chase in a friend's car.

Charged with speeding and no operator's license, she drew fines of \$25 and costs for each offense. Her companion, Alfonso (Buster) H. Hogan of Lubbock, was in much more serious trouble. He was released on \$500 bond after being booked for driving while license suspended, possessing a fictitious license and permitting an unlicensed driver to drive his car.

The arrest seemed like a routine arrest to deputy "Son" McKay of Whiteface when he stopped the car near Whiteface. However, after talking to the man, and then returning to his own auto to radio to Sheriff's headquarters, McKay suddenly saw the car speed away. The wild chase began.

Four local patrol cars were in on the chase before the speeding car was again halted.
