For easier ... better ... safer now crop farming

Here for the first time, are advanced tricycle tractors by Ford! Two great power series; both designed for 4-row and 2-row front mounted cultivators and planters, 1-row and 2-row mounted corn pickers.

The new 700 and 900 Ford Tractors have a combination of high crop clearance and low driver seat that makes them the safest as well as the easiest handling tricycles you ever saw. You get a cradled ride on the low mounted seat.

There are many other advanced features in the new Ford Tricycle Tractors, and you owe it to yourself to find out more about them. Come in now and see Ford's first tricycles on display. You'll be glad you did!

News From Bula and Enochs . . . BROUGHT HOME

Houston Mansell, who has been a hospital for several weeks. was brought home April 16, in imroved condition. He has been seusly ill for several months.

"A LITTLE LEARN. ING IS A DANGER-OUS THING" (Author's name below) There are times when a little common sense knowledge of what to do for a trivial ailment is often effective.

But if symptoms persist, it may be dangerous to depend on a "Little Learning", of your own or a friend. Your Physician has studied many years to gain a "Lot of Learning". It is better sense to use his knowledge.

Ask Your Preacher

where the chapter and verse is found in the Bible, that refers to any preacher by "Reverend", "Doctor", and "Father', We constantly hear denominational preachers referring to one another by these terms and other men referring to them as such We read of Reverend Jones. Doctor Smith, or Father Davidson. Where can such be found in the Bible? Do you remember ever reading of Rev. Luke, Father Barnabas, or the Right Reverend Paul? Can you recall a passage that speaks of Dr. Jones? This is an important matter and is one in which you should be interested.

The word "Reverend" occurs only one time in the Bible

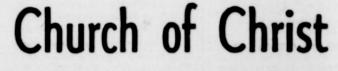

"He sent redemption unto his people: he hath commanded his covenant forever: holy and reverend is his name" (Psa. III:9). Here in the language of David we learn that God's name is "reverend". What right does man have to wear a title that is given only to God?

Listen to the words of Jesus: "But be ye called Rabbi: for one is your Master, even Christ; and all ye are brethren. And call no man your Father upon the earth: for one is your Father which is in Heaven" (Matt. 23:8-9). Can instructions be plainer than this? In the face of such a statement, from the lips of Jesus, why will any man call himself

Rabbi and have or allow others to call him that? Why will any man attach any title to his name in a religious sense? apostle Peter wrote concerning "brother Paul" (2 Pet, 3:15) Speaking concerning all Christians, the writer of Hebrews tells us that Christ, "is not ashamed to call them brethren" (Heb. 2:11). To call a Christian "brother" should be enough for any man. I hope that I shall always be able to live in such a way as to be worthy of being called "brother" by other Christians or just pain and simple "Jesse"

I may never know why men take such religious titles unto themselves but I do know that Jesus said "Call no man on earth your Father", and that the word "reverend" is God's name. The men who take such titles unto themselves are upon earth, and Jesus included them,

If your preacher wears any of the titles mentioned, ask him where he finds authority in the Bible for doing so. If he can't show you the chapter and verse that authorizes it then ask him why he wears such a title, and call his attention to what Christ said about it.
