Posse Loses, 7-5 Polo Encounter

Defeated 7-5 in a thrilling warmup game last Saturday afternoon by the Dawson County Sheriff Posse team, the Cochran Posse Palmetto Polo team were ready for their first League encounter, Tuesday night of this week.

Under J. T. Holloman, manager of the team, the Cochran riders gave a very creditable showing and the few fans who did turn out to witness the match, saw a thrilling and fast encounter.

Riding for the Cochran team were Leonard Gandy, Herb Hillman, Bill Scott, R. H. Baker, Paul Wiley, Buster Betts, Elwood Harps, Open Ray and J. T. Holloman.

The complete schedule for the league competition was announced this week with Morton traveling to Lubbock last Tuesday night for their opener.

On the 10th they are hosts to the Terry County posse team of Brownfield.

On the 21st they travel to Lamesa to meet the Dawson County posse team they lost to Sunday.

On the 26th they have an open date.

June 28th they play in Morton against Plainview; July 5th they go to O'Donnell to face the Lynn County posse; July 10th they entertain Lamb County; July 12th they play at Lovington; July 17th, Lubbock comes to Morton; July 18th they play Slaton at Morton; July 24th they play Terry County at Morton; July 26th they play Lamesa at Morton; July 31st is an open date; August 2nd they play at Plainview; August 7th they entertain Lamb County.

Farm Bureau Will Discuss Weed Control

The County Agent and weed control committee of Farmer County will meet Thursday (tonight) at 8 p. m. with members of the Cochran County Farm Bureau to discuss the establishing of a weed control program for this county.

The meeting is open to all interested in this matter. It will be held in the County Activities Building, and coffee will be served to those attending.

Special invitations have been sent to members of the Commissioner's Court, AS2 Committee, the SCD Board, VA instructors, FHA Committee, and the Soil and Water Conservation Board.

"If you are interested in fighting weeds, please attend," Merlin Roberts, Bureau president advised.

CEMETERY GRASS IS SOWED

The seeding of all newly tilled area at local cemetery was completed this week, according to S. M. (Smiley) Monroe, president of the Cemetery Association.

The seeded area is being watered constantly by means of the newly purchased sprinkler system, and the caretaker and members of the Morton Jaycees.

The Jaycees are taking turns at night setting the system. It is hoped that this will give the grass seed a better chance of coming up.

For planting purposes, equipment was provided by Tommy Lynch, "Button" Silvers, Loran Distributing Co., and the County.

Monroe also announced this week that the General Telephone Co. had promised to investigate the moving of the telephone pole that stands near the main entrance.

The Texas Highway Department has volunteered to pave a drive off the main highway to the entrance

Cemetery improvements held the spotlight at the regular first Monday night meeting of the local Cemetery Association Board of Directors to which the public was invited.

Appearing before the Board was Glen Thompson, former president of the association, who outlined various legal methods by which the cemetery might be financed, maintained and supervised.

Other action included the reading of some twelve reports from area cemetery supervisors on how cemeteries are kept up.

Reports were received from Floydada, Plainview, Dimmitt, Lamesa, Hereford, Snyder, Andrews, Levelland, Big Spring, Slaton, Portales, Childress and Lubbock.

In all, some 25 cities have been sent questionnaires regarding their cemeteries are maintained.

Of the reports received, six were supervised by the city, three by an association or board of directors, and one each by the county, city, county or association, individual, and county-city.

The price of lots ranges from \$10 to \$300 and each report contains comments on organization, finance or supervision that ends with a remark pointing the touchiness of the situation.

As reports continue to come in, the directors promise to study them with the hope of working out the best possible solution for the local cemetery.

They will be retained by the association Board of Directors, and anyone wishing to see them may do so at any of the group's regular meetings, it was said.

Posse 'All Out' To Win '1st' At Brownfield

The Cochran County Sheriff Posse is going to be hard to please Thursday as they travel to Brownfield to enter the rodeo parade.

After failing to place in their ride last week, the Posse members have been out all week securing promises of riders at the Terry show. They have vowed to go all out for a first place.

The parade at Brownfield gets underway at 4:30 this afternoon as the kickoff of the 3-day rodeo.

OPEN INSTALLATION SLATED FOR ORDER OF EASTERN STAR

Open installation of officers of the Order of the Eastern Star are to be conducted, Monday, June 13 at 8 p. m. in the Cochran County Activities Building.

The public is cordially invited to attend a Gospel Meeting, conducted and sponsored by the United Pentecostal Church of Levelland. This meeting will be held in the Primitive Baptist Church of Morton, beginning Tuesday night, June 14th and will continue thru June 26th. Services are to be held nightly at 8 p. m.

Rodeo Lights Are Object Of REA Discussion

It began to look this week like the 4th edition of the Texas Last Frontier Rodeo will come off as usual this year, despite the fact that the arena lighting plans are not yet cleared up.

Word was received here Tuesday that local interested persons had appeared before the directors of Bailey County Electric Cooperative and had reminded them of a five-year agreement signed by the rodeo officials and the REA directors three years ago. It appeared likely that the REA group will stay with their original agreement and that the cost of the lights will be low enough to permit a rodeo to be held. The lighting problem has been the main hitch that had sidetracked rodeo plans.

The parade at Brownfield gets underway at 4:30 this afternoon as the kickoff of the 3-day rodeo.

Winners Get Trophies for Golf Tourney

Four winners were named in the Women's Handicap Golf Tourney at the Morton Country Club a couple of weeks ago and the awards were made at the Country Club family barbecue dinner held last Friday night.

Receiving trophies for their efforts were Katie Vanlandingham, who won the championship flight of the tourney; Blackie Reynolds who was runner-up; Lillian Sills, consolation winner and Virginia Cole, cry-baby flight winner.

The women have announced that their club championship tourney will get underway on July 23, and those who plan on competing are requested to make their plans accordingly.

Local Gifts Korea Bound

Six bales of cotton and one pig from Cochran County will be aboard the ship leaving Houston June 20 for Korea in the Texas Friendship for Korea, it was announced by Rev. Carrol Jones, district CROP coordinator.

Rev. Jones, pastor of the Progress Methodist church, will make the trip to Korea to aid in feeding the livestock aboard ship and in the distribution in Korea.

The cotton was donated by local gins, the pig by money given by Morton school children.

Last Tuesday 35 vehicles loaded with heifers, pigs, hand tools, sewing machines, planting seed, etc., took part in a parade at Plainview prior to shipment to Houston for loading aboard ship.

The ship will be dedicated by Secretary of Defense Wilson, Gov. Shivers, state senators and representatives.

Rev. Jones pointed out that the animal program was a rotating affair similar to many operated by civic clubs in this country, where the receiver returns an animal to the ring for distribution to another person.

Meanwhile, in a last minute effort to give Cochran Countians another chance to donate to the worthy cause, a film will be shown here next Wednesday night at which time an offering will be taken to help pay for the things to be sent across on the mercy ship.

On the evening of Wednesday June 15, at 8:30 p. m. in the county auditorium has been set for the showing of the 84-minute film, "Our Bible - How It Came To Us."

The film was produced by the American Bible Society and is believed to be one of the most authentic Bible films ever made.

Arrangements for the booking of the film in Morton were being made Friday by Rev. Carrol Jones, district director of Friendship for Korea, Rev. Curtis Carroll, and Rev. S. Frank Weir.

Also to be shown will be the 1st of a series of films to be made on the Friendship mission. The 1st films deal with the gathering of the stock and goods to be taken to Korea and a parade at the gathering point in Plainview.

CUB SCOUTS, DADS PLAN TO EXPLORE RANGLAND

Cub Scouts and their dads from the Morton area are invited to attend an exploration party from 4 p. m. Saturday until 11 a. m. Sunday, this coming weekend, at the George White Ranch, (Yellowhouse Ranch).

Scouts are to explore the Casas Amarillos. They are asked to bring food for two meals and a snake bite kit. Games, Campfire, stunts, songs, adventure and Worship are planned for the overnight outing.

More than 150 have enrolled in the school this year, according to Rev. Curtis Carroll, pastor. The average attendance has been over 125.

A program will be presented in the closing exercises in addition to the awarding of the diplomas. Following the service, handcraft will be displayed in the various departments. The public is cordially invited to attend this service.

A picnic for the children of the Bible school and their parents is to be held tonight (Thursday) at 6 p. m. at the County Park.

Sheriff Posse Meets With Writer for Magazine For Poses, Riding Clubs

Mrs. Jessie McCarthy member of the staff of the Texas Rider Magazine was the guest of the Cochran County Sheriff Posse on Tuesday night of this week at a regular meeting of the group.

The magazine, a new publication dedicated to all posesses and riding groups, is published by Ace Bledsoe of Nacogdoches. Mrs. McCarthy, in addition to securing subscriptions to the periodical and introducing it to the local riders, also asked the local

Hope Comes Quietly for Victims Of Tornado That Swept Ural

EDALL KANSAS (Sp.) — Ever see heartbreak and despair change to hope and a chance to again believe in the future?

It's happening every day now in Kansas and Oklahoma where roaring tornadoes in a matter of minutes Wednesday night, May 25, flattened 561 homes to splinters, damaged 500 others, swept out 99 lives and injured 487 other persons. Surprisingly, it's a quiet thing; this realization that there is hope.

Families have buried their dead. They are turning back to what the tornadoes have left of their lives. Some who suffered terrible losses have enough in savings and reserves to rebuild and go on. For other families the storms were catastrophic, leaving them with no place to turn to — except one. At desks at Winfield, Kansas, at Blackwell, Oklahoma and disaster relief headquarters in other affected counties, they sit talking to Red Cross caseworkers, skilled to help families meet needs in scores of disasters.

Emergency needs of immediate food, shelter and clothing are met by Red Cross, but now they talk of their future. What about their house that's gone? What can be done about bedding, furniture and all the other essentials? What about all the things that make a home? There are medical bills, long-term hospital care, funeral expenses. A man has lost a truck or which he depended to make his modest living.

There's real, agonizing tragedy here where savings and credit are not enough to unite family and home. As families tell Red Cross workers of their plight, conversations are thoughtful, factual. They are subdued, but there's little of weeping. Gradually their situation takes focus. Many learn for the first time the extent to which the Red Cross goes in rebuilding, repairing homes, replacing household goods and other living necessities. It might seem there would be open evidence of joy and pleasure but the disaster is still too close. Most expressions remain sober, touched however by wonder and a puzzled hesitancy in accepting the facts fully. Hope coming is a quiet thing.

Visits will be made to the homesites by the 41 Red Cross staff caseworkers assigned to the four state disaster area accompanied by the families. Where rebuilding or repairs are needed, one of the six experienced building advisors, experts in construction and materials on the Red Cross disaster staff, will be called in.

Each family's case is then presented before a volunteer committee of local citizens who review the family's needs and help in determining the award. The family's name remains anonymous.

Families choose their own contractor or builder. After the new home is built, or repairs completed, the Red Cross building advisor makes a final inspection to see that all terms of the contract

SENATOR KILMER CORBIN (left) is shown above conferring with Lt. Gov. Ben Ramsey regarding the Canadian River Bill. This important West Texas Bill has now passed the Senate and the House and has the signature by Gov. Shivers. This bill allows federal funds for the vital Canadian River Project. Municipal water supply for the towns and cities of the South Plains Area will be provided with the construction of dams.

have been carried out. Then the Red Cross makes out a check to cover the cost. Where families, through savings, credit or other resources, can bear part of the building cost, the Red Cross then makes up the difference.

The same applies where furniture, household goods and appliances, floor coverings, and other necessities are needed that families cannot supply on their own. They are given a Red Cross order to the store of their choosing where they pick out the articles. The store sends the bill to the Red Cross for payment.

There were 218 tornado victims hospitalized with injuries, some of whom will require long term care. Twelve Red Cross nurses are giving supplementary help in hospitals and visiting patients returned to home. Where families cannot meet these medical expenses the Red Cross will pay them providing as well for wheel chairs and other orthopedic appliances that may be necessary.

The Red Cross explains that it bases all disaster help on what families need that they cannot replace themselves to restore essential living conditions. It's never based on loss. It is not relief, but the friendly help of neighbors across the country who come to lend a hand through their Red Cross. It's a large hand this time, one holding close to a million dollars for this disaster task, extended by the Americans who contributed to the Red Cross in its fund campaign or gave spontaneously to the special Red Cross disaster fund to aid their victims.

Hope is a quiet thing, but its there

Report from . . . COUNTY AGENT YOUR

Homeer E. Thompson ATTEND JOINT 4-H CAMP The joint 4-H boys and girls Camp was held in District 2 Lubbock, Texas, May 31, June 1 and 2. About 90 boys and girls attended. Cochran County had four boys at the camp, seven girls, two adult leaders, and County Agent Homer Thompson. In all, twenty-three adult leaders and agents attended.

The 4-H boys who went from the county were: Bill Ed Thompson, Billy Ray Stovall, Jerry Bryant and Clyde Brownlow. The girls who went were: Dixie Lovelace, Patsy Webb, Nancy Thomas, Sharon Melton, Brenda Brotherton, Mary Ann Smith and Laquita Todd. The two adult leaders who went were Mrs. C. R. Melton and Mrs. Richard Key.

Camps of this type could not be held, were it not for the local adult leaders and their efforts on the behalf of the 4-Hers. They do this to help develop leadership in children and that makes for a better citizen, a stronger home, community and nation.

Sorry, Miss Leila Petty, County Home Demonstration Agent, from this county was unable to attend because of her recent illness. We are glad to report she is out of the hospital and is doing nicely, recuperating at the home of a niece at Snyder, Texas.

GRAIN SORGHUM INFO Grain sorghums are peculiar — most are non-stop varieties. That means when moisture is limited they go into a stress period. When moisture does become available, never regain what they lost in this stress period.

Folks who farm know this, but what is most significant is why do these same farmers year after year plant sorghum too early?

You hear the old argument that weeds are coming up, so its proof you have moisture to plant now and you also hear that it was a little too sandy and you wanted to get a cover crop on it. These arguments sound good, but if you are in the business of production, to make the most on the least amount of acres and labor, then forget about these old arguments.

Here are some reasons why grain sorghums should not be planted in April or May. June 10 to 25 is the optimum date to plant. (1) Most grain sorghums are non-stoppers. They go into stress when moisture is limited. (2) Grain sorghums of the longest maturing varieties as Plainsman, Caprock, and Redbine 66 should not be planted before June 15. If you plant some on April 15 and some on June 15, the maturity dates will be less than 10 days apart, though the planting was 60 days apart.

Now these grain sorghums are little pumps. If moisture is available, these plants when in 8-leaf stage, will pump out 3 of an inch of moisture, daily, up to September. But, if you run out of moisture the stress is on. How much water will these plants pump off an acre? It is tremendous. Say grain sorghum planted April 15, will not mature 10 days earlier than grain sorghum planted on June 15, or 60 days later in planting. If this be true, and the Experiment station says that it is, then you pump water for at least 50 days longer out of the ground by the early planting. Yet, you gain only 10 days on maturity.

You pump out over 15 inches of moisture during this extra 50 day day period, if the field is loaded to field capacity on moisture at planting time. This is the reason that grain sorghum must be irrigated every 14 to 20 days in the summer if you prevent the stress period. It is probably best then to be short on moisture at planting time, to prevent planting too early.

Now another thing about grain sorghum is that they do best on the South Plains when planted during the longest daylight hours, June 14 to June 21st, there is about 14-12 hours of daylight. This means when the seed sprouts in the ground, the plant has already determined the number of leaves which will be on the plant. This is correlated with the number of daylight hours in a day. Why this is, we do not know — just nature's way of doing things. Again may I stress this question, why should we try to best nature by planting grain sorghum too early as in April or May? Don't forget, the more leaves on that stalk the bigger the grain head, under the same conditions, a 16-leaf stalk will produce a much bigger head than a 10 or 12 leaf stalk. The longer the day, the more leaves on the stalk.

Ten varieties were planted on 10 rows, each row a separate variety, on these dates in 1964 at the Experiment Station: June 2, 10, 15, 20, and 25. All were treated alike and planted side by side. The last three plantings beat the first two plantings about 300 lbs more grain sorghum per acre — note this is all on June plantings, too. It is not too pleasant to drive

Interplanting Peas, Sorghum

Peas interplanted with grain sorghum in the Cochran Soil Conservation district has gained favor with a large number of cooperators. Varieties of peas being planted include New Era, Iron Clay and Brabham. Seeding rates run from five to eight pounds per acre on irrigated land and around three to four on dryland. Grain sorghum is seeded at the usual rate even though

peas are interplanted. Farmers that have grown peas further north state that the wind erosion protection of the peas will save enough moisture over no cover at all, to pay for the crop of peas. Purpose of growing peas is for nitrogen production and cover as well as a soil conditioner.

Cooperators that are using the conservation practice this year are S. E. Williams, Max Bowers, E. T. Thompson, Glenn Thompson, P. Smith, Melvin Chandler, Hub Odenhead, C. R. Knott, Zola Sanders, Chesser, W. A. Woods, Harry Russell, C. T. Sullivan, Bracken O. L. Castle, Culpeper, Roy Allison, Olin Darland, L. Z. Smith and some 500 others, who have

Some will say, how about Caprock? Well, its a long time maturing variety. Green head, does not come out of the boot good and takes 72 days to bloom. Most years this variety does not have time to make in this area. Yes, when it has time to make it will do good — but you tell me about the weather this fall and I'll guess with you.

FOUR H ROUNDUP Two 4-H boys, two 4-H girls & one adult leader from Cochran County left early Wednesday morning to attend Round-up at College Station. The 2,000 4-H club delegates and adult leaders expected for 4-H Round-up June 8-10 will have a choice of 17 shortcourses in various home economics and agriculture subject matter fields. Special days were busy right up to the final days, making arrangements for this special leadership training. The 4-H delegates attending from Cochran County and the short course they have enrolled in are as follows: Jerry Bryant, recreation; Clyde Brownlow, not announced; Barbara Waltrip, clothing; Judy Mc Couston, home management; an adult leader, Mr. Clayton Stokes, has enrolled in the course entitled, the role of the adult leader.

Donna Burnett, Cochran County club girl, left Saturday for College Station. She had been selected from the district to serve on the recreation planning committee for the group attending the Roundup.

AUSTIN — A traffic law violation was involved in 1,459 (95%) of the fatal accidents that occurred on rural highways in Texas in 1964. There was a law violation in 10,212 (96%) of the personal injury accidents which occurred on these roads. In 176 of the fatal accidents 2 drivers were violating a traffic law and in 9 fatal accidents 2 drivers were violating traffic laws. In 83% of the injury accidents 2 drivers committed law violations and in 45 injury accidents 3 drivers were in violation of traffic laws.

Here's where all that wonderful performance begins!

They're all true—all the wonderful things you hear about Pontiac's great performance.

The way it sweeps uphill or down with the same effortless ease. The tremendous burst of passing power that answers the nudge of your toe. The thought-quick response in stop-and-go traffic that makes the car seem part of you. The smooth, quiet way it goes about its business however hard or far you drive.

Lift the hood of a Pontiac and you'll be face to face with the reason. That compact power plant nestled there may look much like other V-8's—but that's where your eyes deceive you!

The Strato-Streak V-8 is in a class all by itself—filled with engineering "firsts" that make it the mightiest engine ever to appear in Pontiac's price field. And it's one of the many Pontiac advantages you can't get anywhere else. Pontiac alone gives you the terrific drive of Strato-Streak performance.

This sensational performance, remember, comes in a distinguished, future-fashioned beauty that is tagged with a price any new-car buyer can readily afford.

Here's your wide-open invitation to come in and try the result—the fastest-selling Pontiac of all time. The car is ready whenever you are! Make it soon.

Pontiac

Most Modern Engine in Any Car

THE STRATO-STREAK V-8

The Strato-Streak V-8 is one of the great landmarks of automotive progress—the newest and most advanced engine you can buy. Standard with all these lines of Pontiacs, it develops 180 H.P. and reaches a blazing 200 H.P. with the four-barrel carburetor, optional at extra cost. Either way you get the most power per dollar delivered by any car at any price.

Headlines..

By Eddie Irwin

WE SLIPPED UP on one bit of news, in fact a rather important bit of news that occurred here a couple of weeks ago, but we just found out about it late last week.

BLEDSOE SCHOOLS, received their second shot in the Salk vaccine series the day before their school let out, May 16. Which puts them among the very few, if there are any more at all, in the

Sure Fire Death for Red Ants

Our Own

RED ANT KILLER

Now On Sale At

MORTON DRUG STORE NORTHSIDE SQUARE

entire nation who have had the last two shots of the series.

the way...

IT CAME ABOUT was that local authorities had enough extra serum on hand to give those 44 children the second shot, when the halt was called to issuance of any more serum. After receiving the "go ahead" signal from the state health officer, Dr. Brown gave his okay and Mrs. Collins, the Health Nurse gave the shots in the next two days.

as for the...

OTHERS, well sir, even if the laboratories are told to go ahead and circulate the vaccine, some doctors would be dubious about offering the shots at the peak of the polio season, which we are about to enter. So it will probably be Fall before the others are to receive their second shot.

of course,...

AS DR. BROWN said the other day, there so much been said about the program, both before and after the Salk Vaccine was approved, and there have been so many instances cited where someone did get polio, that a man can draw nearly any conclusion he has a mind to draw, good or bad. But, he would not be drawing an accurate conclusion.

there hasn't...

BEEN ENOUGH TIME elapse to draw any accurate conclusions, that is, by basing them on proven facts and theory.

basically...

THE SAME OLD polio logic prevails. Salk vaccine shots or not, parents are still advised to follow the same precautionary measures.

Keep the children from getting plumb overexerted during the heat of the season; keep them from continually mixing with strange crowds; make sure they get a good amount of rest and a few afternoon naps each week won't hurt; and keep things around them as clean as possible.

that doesn't...

MEAN, NOR DOES it even hint they shouldn't go swimming, or go to shows, or play baseball, or do any of the many other things that people might think of as being a way to get overexerted, or to over-mix, if we can coin a term.

only you...

CAN BE THE judge of whether or not your child is exerting himself or herself too much. It's foolish to let the scare of polio completely change the routine of everyday living, especially when there is no reason for a scare at all.

but enough...

OF THIS ADVICE on such a technical subject, for such an untechnical, unskilled, ill-advised writer. Perhaps that's where too many of us make our big mistake. We fail to consult our doctor when we are worried about any of these matters.

the crowds...

AREN'T EXACTLY swarming out to the swimming pool, in fact there just haven't been many out the first week, but nevertheless, swimming classes will start next Monday, with Saturday the deadline for registering, according to Charlie Painter, the pool mgr.

don't be...

HESITANT ABOUT signing for the lessons. There haven't been many to sign up and to delay may cost you a chance to learn how to swim this year. There will probably be only one group of swimming classes this year unless a lot more people suddenly decide they want to learn. In other words, there's no use teaching three in a class the first two weeks and then starting a class for three more the next week. So if you want to learn to swim, get enrolled today.

the coach...

EXPECTS THE CROWDS to get larger as the days get warmer. However, he said this week the water temperature has been fine for swimming during the first week the pool has been open. Many have held back figuring the water would be too cold.

quite interesting...

FROM ITS BASIC standpoint is the newest program underway in the county, that of trained farm specialists spending a good deal of time with individual farm families to show them ways and means of increasing their farm income and opportunities.

just exactly...

HOW IT WILL WORK, we are not qualified to explain right now. But in a nutshell, as we understand it, here's what it means. It's the same thing that is normally a County Agent's job, only it is a far more individual program, with its purpose to help those who need special help. Suppose you have two farm families living in a section of the county, both on dry-land farms, and one consistently has fair crops and the other just can't seem to raise a thing. Obviously, something is wrong.

this plan...

IS DEDICATED TO help the farm family that wants to be helped, in learning how to do a better job of managing their farm. And its not just information about raising crops, either. As we understand it, they'll offer helpful household hints, on cooking, canning, washing, ironing, etc. It'll offer tips on budgeting, how to stretch the family dollars a little further.

it'll be more...

ON AN INDIVIDUAL basis than previous programs. The county Agent, the HD Agent, and others will spend as much as a half day a week in each family home until they accomplish their goal, that of showing the farm family how to plan their operation.

the idea was...

ANNOUNCED at a meeting held here last Friday, at the Activities Building. It's called the Farm Home Development Program and was instituted by the Secretary of Agriculture. The various farm agencies will all be requested to help with their knowledge on all phases of farming. Bill Gunter, Associate Agent from Hale County, explained the plan to a group of local folks, including some farm families who will volunteer to take part in the program.

we'll probably...

HEAR A LOT MORE about this program a little later on. It seems like it could be very effective if it was properly conducted. It also, if not worked properly, could become a farce from the very start. But after all, isn't that true of almost all ideas?

the road to...

A SMOOTH RUNNING Little League, usually is a very rocky one. At least that's what they say. Ours seemed to be smoothing out this week when final names of team players, plans for getting

In one of the most heroic naval engagements of World War II, officers and men of Rear Admiral Dan Gallery's Task Force 223 boarded and captured Nazi submarine U-505. Fast action saved sub as it was about to sink. (Inset) Towed to Chicago from Portsmouth, N. H. Navy yards, sub was placed in floating drydock and beached at 57th Street and the Outer Drive in Chicago. Sub was rolled off to tracks on this temporary pier. Tracks extended from pier end to Outer Drive.

When breakers threatened to wash away cribbing supporting beached sub, International TD-24 crawler tractor was brought in, bladed sand into nine-foot-high protective dike.

Jacked up four and one-half feet above beach pier, sub was then rolled across Outer Drive to permanent exhibition site at the east wing of Chicago's Museum of Science and Industry. Actual capture of sub took less than 20 minutes. Moving it to final berth, a distance of 547 feet, took 40 days. (Inset) Present for dedication ceremonies were Rear Admiral Gallery and Commander Arthur Godfrey USNR.

practice sessions in, and plans for Minor League and Pony League were announced.

it now seems...

DEFINITE, thanks to a couple of men who bowed their heads and refused to quit, that we'll have a hum-dinger of a Little League. Many others have pitched in and helped a lot. We could thank the entire group for their efforts, but we feel like the boys are the ones who are really offering their thanks.

what had...

BEEN DONE ONLY half-heartedly the past two years, is now ready to steam forward in full gear... and a lot of boys, who without it would be free to romp, have found themselves a home and a dream for the rest of the summer.

BUCK BROTHERS VISIT Albert and Billy Buck, formerly of Morton, visited with friends here Tuesday.

AUSTIN — There were 1,539 fatal traffic accidents on Texas rural highways in 1954. In 61% of these fatal accidents only one driver was involved. In 34% of these accidents the single driver did not even hit anything. He simply lost control of his vehicle and turned over in the roadway or ran off the roadway.

AUSTIN — Pedestrian fatalities in Texas traffic dropped from 380 in 1953 to 345 in 1954, a 9.2% reduction. 153 pedestrians were killed on rural roads and 192 were killed on city streets. In 1953 there were 179 rural pedestrian deaths and 201 pedestrian deaths in cities.

Ask Your Preacher

where the Bible says anything about "getting religion." I often hear people talk about getting religion. I have heard preachers talk about it from the pulpit, over the radios and otherwise. Surely your preacher will know where to find it in the Bible, if he talks about people "getting religion."

The word religion is mentioned only five times in the King James translation. However, in each of these cases it is evident that religion is something that we do, not something we get.

Paul, in referring to his early religion as his manner of life, said "My manner of life from my youth, which was at the first among mine own nation at Jerusalem, know all the Jews; which knew me from the beginning, if they would testify, that after the most straitest sect of our religion I lived a Pharisee." (Acts 26:4-5) His religion at that time was not something he received in answer to prayer—but it was his manner of life; it referred to what he did.

In Gal. 1:13-14 he said: "For ye have heard of my conversation in time past in the Jews' religion, how that beyond measure I persecuted the church of God, and wasted it; and profited in the Jews' religion above many of my equals in mine own nation, being more exceedingly zealous of the traditions of my fathers." The religion mentioned here, was his conduct, his manner of life, instead of something he received in some other way.

James says in Jas. 1:26-27 "If any man among you seem to be religious, and brideth not his tongue, but deceiveth his own heart, this man's religion is vain. Pure religion and undefiled before God and the Father is this, "To visit the fatherless and widows in their afflictions" and to "keep himself unspotted from the world."

Here two kinds of religion are mentioned—vain religion—and pure and undefiled religion. It is interesting to note that even the "vain religion" refers to a failure to DO something—he brideth not his tongue. The pure and undefiled religion is something that a person does and not something he gets; namely, "visit the fatherless and widows in their afflictions" and to "keep himself unspotted from the world."

As much as I have heard people talk about "getting religion" I am frank to confess that I do not know where to read such a statement in the Bible.

Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR* trials—and took a licking!

Meet the champ! The new Chevrolet "Turbo-Fire V8"—the most modern V8 on the road today. Here's what happened—

Daytona Beach, NASCAR Acceleration Tests Over Measured Mile From Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the first 11! And on a time basis Chevrolet beat every high-priced car, too—but one! But wait!—this is just the beginning!

Daytona Beach, NASCAR Straightaway Running. Open to cars delivered in Florida for \$2,500 or less. Chevrolet captured the first two places, 7 out of the first 11 places!

Daytona Beach, NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet finished first!

Fayetteville, N. C. NASCAR Late Model Event. Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet... and live in a land of going-away where you win all the arguments! Soon, maybe? *National Association for Stock Car Auto Racing

Way, way ahead!

Chevrolet

Sales leader for 19 straight years!

MRS. LOUIE JORDAN STANLEY PARTY HOSTESS

Mrs. Louie Jordan was hostess to a Stanley Party, Friday afternoon, June 3rd. Those present were Mesdames Alex Reid, Bob Sandlin, Millard Townsend, John Shackelford, Frank Griffith, and the Stanley representative, Mrs. Bob Henderson.

FORMER RESIDENT DIES AFTER LONG ILLNESS

Mrs. L. A. Corbell, formerly of this community, died at Lubbock, Wednesday morning, June 1st, after a long illness. A number of her friends from Three Way attended the funeral at Lubbock.

BIBLE SCHOOL GRADUATED LAST FRIDAY EVENING

Commencement exercises for vacation Bible School at Three Way Baptist Church, were held Friday evening. The school had an enrollment of 75 and an average attendance of 68.

AUSTIN - Of the 153 pedestrians killed on Texas rural highways in 1954, 77 were crossing not at intersections...

22 were walking in the roadway with traffic, 8 were standing in the roadway and 11 were lying in the roadway when they were hit by motor vehicles. 128 of the pedestrians killed on rural highways were violating a traffic law. In 39 fatal pedestrian accidents on rural highways both the pedestrian and the driver of the vehicle were violating traffic laws. There were only 2 fatal pedestrian accidents in which neither the pedestrian nor the driver was violating a traffic law.

The "other fellow" always causes traffic accidents. However, the records show that 1,402 traffic accident victims, 58% of all the people killed in Texas traffic in 1954, died in accidents involving only one driver.

MRS. (MACK) MAHAN MOVES TO MORTON

Mrs. Bessie Mahan has moved to Morton, joining her husband, W. H. (Mack) Mahan, who purchased the Ford Motor agency here last March. Mrs. Mahan had remained in Midland to finish up her year of teaching in the James Bowie school there.

Scene from the picture, "Many Rivers to Cross, showing at the Rose Theatre in Morton, Sunday, Monday and Tuesday, and featuring Robert Taylor and Eleanor Parker.

Barbara Stovall and Don Walker Wed In Ceremony At Miss. Baptist Church

Rev. Curtis Carroll read the wedding ceremony for Miss Barbara Stovall and Don Walker at 3 p.m. last Saturday at the First Missionary Baptist Church.

Parents of the couple are Mr. and Mrs. B. R. Stovall and Mr. and Mrs. C. D. Walker of Morton.

Wedding music was played by Miss Gloria Nations, Miss Dixie Darland and Miss Glenda Allsup sang "I Love You, Truly," and "Always." Douglas Patton and Thomas Leach were ushers.

The bride, given in marriage by her father, wore an aqua rayon acetate, street length dress with white accessories. She carried a white carnation bouquet with split carnation streamers of satin ribbon atop a white Bible.

Miss Mary Ruth DeBord was bridesmaid and Joe Kemp, of Oklahoma served as best man. Both were cousins of the bridegroom.

The bridesmaid was attired in a dusty-pink rayon acetate dress, with white accessories and corsage of white mums.

Following the ceremony, a reception was held at the home of the bride's parents. The table was laid with blue cloth and centered with a white wedding cake topped with miniature bride and groom. Lighted candles flanked both ends of the table.

Mrs. Bloom Johnson, cousin of the bride, and Mrs. Ralph DeBord, aunt of the bridegroom served the guests.

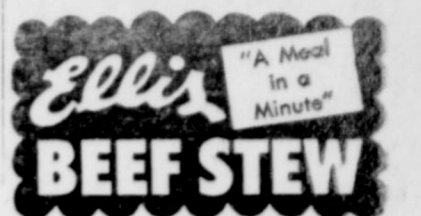

Movies were made of the wedding party. The bride chose a grey linen

MRS. ROSSETTI RETURNS FROM STAY WITH SISTER

Mrs. Lucille Rossetti has returned to her home in Morton after spending one month with her sister, Mrs. Bill Goldston of Petersburg. Mrs. Rossetti still has to spend most of her time in bed. She is reported improving every day and has a lady who stays with her parttime. Visitors, neighbors and friends would be very much welcomed. The hours and days seem very long as she has been in bed with a broken leg since April 18th.

TO ANDREWS

Mr. and Mrs. Wayne Akey spent Saturday night as guests of Mr. and Mrs. Floyd Browning of Andrews.

**MISS PATRIA HAMILTON
KENNETH ALTMAN
WED AT PLAINS**

In a double ring ceremony read by the Rev. Stricklen at 10 a.m. Saturday, June 4, at Plains, Texas, Miss Patria Ann Hamilton became the bride of Kenneth Altman. The ceremony was performed at the church parsonage.

The parents of the bride are Mr. and Mrs. R. L. Hamilton of Plains. Mr. and Mrs. Homer Altman of Bledsoe are the parents of the bridegroom.

The bride wore a waltz-length dress of nylon tulle and taffeta with a pink lace covered hat. She carried a pearl covered white Bi-

ble. Miss Martha Deane Morrison attended the bride as Maid of Honor. She wore a pink lace over taffeta dress with a pink carnation corsage.

Robert G. Hamilton, brother of the bride, served as best man. Following the wedding a reception was held in the home of the bride's parents. A cloth of white lace over pink covered the table which was centered with a two-tiered wedding cake.

Following a short trip the couple will be at home in Lubbock. The bride is a graduate of the high school at Plains and the bridegroom graduated from Bledsoe High school. He plans to attend Texas Tech this fall.

**DISTRICT GOVERNOR
TO INSTALL OFFICERS
OF GARDEN CLUB**

Mrs. Nat Williams, District One governor has accepted the invitation to install officers in the Cochran County Garden Club next Tuesday evening, June 14, at the Activities Building. The installation will be held just prior to the placement show at 8 p.m. and the installation as well as the placement show is open to the public, announces Mrs. A. E. Sanders, club president.

Carrying out the theme of a diary of a girl, memories of important events are made vivid by floral arrangements exhibited in front of a simulated picture window, accompanied by narration, poems or songs.

Mrs. T. M. Tanner is the narrator, Deanna Rose, pianist. The high school Sextette and other individuals will present vocals.

Bluebird and Campfire groups are planning to have floral arrangements in the show. Special theme arrangements include the following prepared by club members: Wedding arrangement — Mrs. Roy Hill; Graduation — Mrs. A. A. Franklin; Fourth of July — Mrs. Lem Chesher; Christmas — Mrs. H. O. Rogers; Valentine's Day — Mrs. T. D. Marshall; St. Patrick's Day — Mrs. W. L. Miller.

Also, Easter — Mrs. L. A. Cochran; Mother's Day — Mrs. B. H. Tucker and Mrs. H. A. Barnes; Father's Day Mrs. W. L. Foust and Mrs. Maurice Lowallen; Halloween — Mrs. Charles Jones; Baby Arrangement — Mrs. Jack Wallace and Mrs. Herman Bedwell; Third Birthday — Mrs. W. K. Lindsey; Twenty-first birthday — Mrs. A. E. Sanders; Western arrangement — Mrs. C. Davis and Mrs. Elizabeth Greer; Home Arrangement — Mrs. R. J. Hill.

Officers to be installed are as follows: President, Mrs. W. K. Lindsey; 1st vice-president, Mrs. Roy Hill; 2nd vice-president, Mrs. L. A. Cochran; Secretary, Mrs. H. O. Rogers; Treasurer, Mrs. T. M. Tanner; Parliamentarian, Mrs. A. E. Sanders; and Librarian, Miss Lenora Jackson.

VISIT RELATIVES HERE

Mrs. Reta Petty and son Troy of Sweetwater arrived in Morton Sunday for an extended visit with her aunt and uncle, Mr. and Mrs. John Holloman and other relatives.

TO LO META FOR VISIT

Mrs. J. T. Holloman and daughters are spending the week in Lo Meta visiting her parents, Mr. and Mrs. W. M. Rankin.

**BIRTHS RECORDED AT THE
COCHRAN COUNTY HOSPITAL**

Born to Mr. and Mrs. Doyle Webb, at the local hospital, a son on May 31.

To Mr. and Mrs. Travis Brown of Benjamin, born on June 2nd, a baby boy.

VISITORS FROM KERMIT

Mr. and Mrs. Bill Lisenbee and family from Kermit, visited Sunday in the homes of W. F. Lisenbee and S. A. Ramsey.

GUESTS FROM SUNDOWN

Mr. and Mrs. R. L. Tisdale, Jr. and children of Sundown and Mrs. F. F. Breazeale from Lubbock visited Sunday with Misses Alva and Elva Ramsey.

Santa Fe Railway's ultrasonic rail detector car, in operation past two months and believed to be the first of its kind on any American railroad, represents very latest technique in rail maintenance. Here detector car operators run local check with ultrasonic hand test machine at rail joint which has reflected faulty indication on car's monograph recording tape. Pioneered by Santa Fe engineers and equipped for either rail or highway travel, new device picks up more than 95 per cent of all rail defects such as fissures, fractures, bolt hole breaks, separations and other imperfections. Rear picture window provides operators with clear view of tracks as car progresses.

**BOLTON — CROWLEY
VOWS WERE READ
FRIDAY, JUNE 3RD**

The marriage of Patsy Jane Bolton and A. 3-c John D. Crowley was solemnized at the B. W. Bolton home on June 3rd.

The Rev. Harold Drennan read the double-ring ceremony. The bride is the daughter of Mr. and Mrs. E. W. Bolton of this city and the bridegroom is the son of Mr. and Mrs. O. M. Crowley of Booneville, Ark. He is now stationed at an Air Force Base in Newfoundland.

The bride wore a light blue dress with white accessories. She carried a white Bible with white carnations on it. Serving as Matron of Honor was Mrs. Jerome Terrill, sister of the bride. Bobbie Smith served as best man.

Friends present for the ceremony included: Mr. H. L. Moses and Carolyn; Miss Barbara Crowley; Mrs. R. O. Zohn; Mr. and Mrs. Jerome Terral and son Jimmy; Mr. and Mrs. Bobby Smith; Mrs. Harvey Zuber; Mrs. Leon Patterson and Peggy; Barbara Lackey; Mary Sijhon; Treva Thompson; and the bride's parents.

After a two week leave during which the couple will visit in Arkansas and Ft. Worth, Crowley will report for duty at Newfoundland. Mrs. Crowley plans to stay with her parents and finish her schooling.

**Recent Rains
Give Promise
For Crop**

Recent heavy rains in many areas of the state have changed the Texas crop outlook from "dismal failure" to "hopeful prospects".

Yet, regardless of the immediate picture, it is evident that Texas farmers and ranchers still will need a "normal" amount of additional moisture the rest of this year.

Enough rain has fallen to assure good grain sorghum planting conditions in the production belt from Corpus Christi to the High Plains region. In the next few weeks, farmers will be busily planting millions of acres to this crop. Cotton prospects are now fairly good after a disheartening start. Even though the rain washed out some fields and some hail damaged others, it is not too late to replant, in most cases. Hopes for corn look even better than cotton.

Unfortunately, the rain came too late to do much good for Texas wheat. Oats are gone for the most part but benefits to pastureland cannot be underestimated. Ranchmen hail the rains as "the best in the last five years" in Central and North Central Texas.

Despite the unusual amount of rainfall, however, the relief cannot be termed as a "drouth breaker". Damage done by five extremely dry years will not be repaired by a week of rain. A vast area of South Texas, extending from Alice to Laredo and north to San Antonio has received only spotted downpours.

Water reserves are still short which received more than five inches. The initial showers must be followed by additional moisture equal to a normal year's supply before the threat to our water reserve is past.

Briefly, the rains are a blessing—but Texas needs more! At least a full "wet" year will be necessary to put agriculture back on its feet.

Morton Continues To Lead Softball Loop; Enochs, Bula Close Behind

SOFTBALL STANDINGS:
(Including Tuesday Games)

Morton	4	0	1,000
Bula	4	1	800
Enochs	4	1	800
Maple	2	2	500
How-Shaw	2	2	500
Saline-Grande	1	3	250
Printers	1	4	200
KEA	0	5	000

Neal Rose Morton Trinetmen continued to lead the City Softball circuit through games played on Tuesday of this week by the simple expedient of not having lost a game.

Morton had won their first four starts and headed into a crucial game tonight with second place Enochs.

Should the Rosemen continue on their all-winning ways, they will almost be assured of hosting the all-star game come later this month. But an Enochs win in the all important battle would throw the race into a three way tie with Bula, only once defeated, coming in for a share of the top spot.

There probably can be no decided favorite going into the Morton-Enochs battle. The boys who are now playing for Morton, almost all played for Hawkins or West Side last year and they have always had close battles with the Enochs team throughout the last several years of play.

In one way, Bula is the strongest team at this stage of the race. The Merchants from up Bula way had a strong team to start with. Then, after they had lost their only game to Morton, they picked up a salty hurler and since that time have been the most feared team in the league.

Nor are the Maple boys ready to be counted out of the race as yet.

The Maple hurler, Don Lamar, has pitched as many good games this season as any in the league. On at least two different occasions he has lost close games by the margin of a few errors.

A question mark surrounded the Howard-Shaw entry going into the games scheduled for tonight. Fielding one of the top teams in the league, Howard-shaw had a lone defeat against them until the fielding of a team became a problem. They were forced to forfeit to Bula on Tuesday for their 2nd loss and their manager said if he was unable to field a team on Friday night of this week, he would pull out of the league.

However, throughout the first three weeks of the softball season, it seemed evident that the teams are more closely matched this season than they have been over the past three years of play. Nearly all the games involving the first five teams have been won by the margin of a single run.

Present plans call for the league all star game to be played at the end of the first round and one half. That would make it on Tuesday, June 28th. Immediately after the all star game, the league will stop action long enough to host an invitation tourney. No efforts have been made yet to secure entries in the tourney but the league is reasonably sure of having a team from Reese Air Base enter. The Reese boys asked last month to be included in the tourney whenever we get ready to schedule it.

Deadline Monday for Camp Fires To Register For June Encampment

The deadline is next Monday to register for the New Mexico encampment of Campfire girls, all Campfires were warned this week.

Campfire girls who would like to go are requested to contact Mrs. M. C. Ledbetter immediately, and make out a check for the \$11 registration fee.

Mrs. M. C. Ledbetter, Mrs. J. C. Reynolds and Mrs. W. G. Freeland were in Portales, N. M., last Monday to meet with the Campfire executives of that city and complete plans for a joint encampment.

Morton and Portales Campfires will camp in the Sacramento Mountains, near Clouderoft, this month. The local leaders have expressed the hope that as many local Campfire girls as possible can make the trip.

Here is the information on the encampment:
Dates — Thursday, June 23, through Monday, June 27.
Who May Attend — Any member of a Campfire group in Roosevelt County, N. M. or Cochran County, Texas.
Camp Director — Mrs. Earl Davidson, Executive Director Roosevelt County Campfire girls.
What is Camp — The camp includes meals served in a camp dining hall, of the finest foods available; special instruction in all types of camp activities under trained supervisors. Registered nurse is on duty at all times.
