## Snowfall Estimated 11-In.; Moisture Content Was Light

Cochran County's biggest snowfall since the winter of 1931, estimated in various places within a 10 mile radius of Morton at from 8 to 12 inches, was melting away rapidly Tuesday night following two and one half days of bright sunshine. But while it was here the snow brought anxious moments, many an inconvenience and plenty of broad smiles to the faces of farmers and businessmen.

The anxious moments were for a good many folks who were temporarily isolated in their farm homes, and for some who were stalled in cars and for mothers who worried about the dwindling supply of milk and bread with no delivery being made from Lubbock.

The inconveniences were for the businessmen who had planned sales and the people couldn't get in for the many motorists who had

to have their cars pushed and towed, for various groups that had to postpone events.

And, of course, the smiles were self-explanatory. Perhaps more than a million dollars benefit to Last Frontier and Plains area crops, maybe several million dollars worth; a three day adjournment of school for the students; and in area weather forecasts predicting even more rain or snow this week.

The snow, which started consecutively last Wednesday night as a dry, blowing snow with little moisture, and then really began to fall in earnest Thursday night and Friday morning. Covering a span of from 3 a.m. Friday morning, until late afternoon Saturday, it never stopped. But it varied considerably in pace, in the wind that accompanied it, and in the moisture content. It reached near bi-

zard proportions several times and hundreds of Morton and Cochran County motorists had to be pulled or dug out on one or more occasions.

Sunday morning, the maintenance went to work in the city clearing the main highways and streets, but until Monday afternoon, many stranded farmers made no attempt to get to town.

The snow cut off all roads for awhile and the main highways to Lubbock, Muleshoe and Plains were cut off for two days stopping delivery of necessities such as bread, milk and other staples. Local residents were without Lubbock papers for three days and Ft. Worth papers, which got through the first morning failed on Saturday and Sunday.

Stores saw their stocks dwindle slightly, especially on daily commodities, and for a time many a family was without milk for the youngsters. Stores were closed for a few hours Saturday, the movie show was delayed a few hours on Sunday until the local manager, T. J. Simmon could get to Loveland to get a film and the Saturday night "preview" was cancelled. Schools were closed Thursday, Friday, and Monday because of the impossibility of rural students getting to town. This would have cut the average daily attendance way below normal and would have hurt the schools on a state per capita standpoint so they dismissed schools and will make up the lost days, later in the year.

Some ranchers and farmers had a difficult time getting to their stock at feeding times and in at least two instances local folks with horses at the rodeo grounds got stuck trying to get out to the grounds to feed their ponies.

A best estimates from the local agricultural agencies, the snow brought perhaps a little more than an inch of moisture, but it was the best kind for the farmers because little of it ran off, as would during a rainfall. Many of the farmers who had "deep broken" or cultivated their land, lost a lot of moisture as the heavy winds blew the snow across their fields onto fields that still had cotton, grain stalks and other stubble.

The snow, which was general all over this country, reached its biggest peak at Plainview measuring 29 inches. Surprisingly enough, the snow and ice and low temperature caused no deaths on highways. In fact, with motorists staying at home or driving very carefully.

And, perhaps best of all, was the weatherman's prediction of more rain and snow as the Tribune went to press early Thursday morning.

## ONLY 16 PER CENT OF COUNTY'S VEHICLES INSPECTED THIS YEAR

J. E. Wilhite, District Inspector under the Motor Vehicle Inspection Law, from Lubbock, warned Cochran County motorists they are well behind in percentage of autos inspected for the current year.

The whole area is running behind the record for a comparable period a year ago. The district average is about a quarter of the autos already inspected while the record for this county shows only 16.4 percent already inspected.

The deadline is still a considerable length of time away, Mid-

night, April 15th. But the total inspected is very poor considering the inspection period opened Sept. 15, 1955.

Wilhite said the inspection law is considerably tightened this year not allowing several major possible defects that weren't counted against a car last year.

Wilhite said we have 3,744 cars and other vehicles registered in Cochran County and only 609 had been inspected through Tuesday afternoon.

Inspection stations are ready and willing to do the job now and have been since September 15. It isn't fair to yourself or to the inspection stations to expect them to do the job at the last minute.

## Church of Christ Gospel Meeting

A scheduled one week Revival series at the Morton Church of Christ has been cancelled due to adverse weather conditions it was announced last Sunday by Jesse Brookshire, local minister.

The series was to have started on Monday of this week and was to continue through Sunday.

No date has been set for the rescheduling of the series, featuring Evangelist Grover Ross of Portales.

## Lewis Drum Dies; Burial at Snyder

Funeral services were held at the Morton Church of Christ at 10 a.m. Tuesday morning for Lewis Hiram Drum, 55-year-old, long time resident of Cochran County who died at the Cochran County Hospital at 4:55 p.m. Friday.

Drum, a Cochran County farmer, had suffered a sudden stroke on Wednesday, with no forewarning at all of illness. He hadn't been to a doctor for a checkup since he was released from the service after World War I.

Jesse Brookshire, local Church of Christ minister was in charge of the service here assisted by Byron Willis, Singleton Funeral home of Morton was in charge of the funeral and carried the body overland to Snyder where a brief service was held in the Church of Christ there before burial in the Snyder Cemetery.

## Rev. D. L. Wadley Returns to Conduct Revival Series

Rev. D. L. Wadley of Dallas will be making a return appearance in Morton in a Revival Series beginning Friday, February 10 and continuing through February 19, at the First Missionary Baptist Church of Morton.

Rev. Wadley preached a series at the church a year ago.

Services will be held twice daily, at 10 a.m. and at 7:30 p.m. The prayer groups will meet each evening at 7 p.m.

Rev. Austin Steadman of Lubbock will conduct the song service according to Rev. Curtis Carroll, pastor of the local church.

The pastor has invited everyone to come and hear one or more of the services.

Turn out they did, several hundred strong, Monday night at the county organizational meeting of the Plains Cotton Growers, and for one of the few times in history, the County's farmers and a group of businessmen demonstrated that it has been revealed to them, it'll take organized effort to get for the county what farmers here believe is a "fair shake" in the nation's cotton picture.

Bad weather, including snowdrifts and icy roads failed to keep the hundreds of worried farmers away. Clearly, they came to see something accomplished that would indicate we're going to fight for our share of cotton income.

Actually a tremendous amount was accomplished at the three hour meeting. Two of the accomplishments stood out as the most important. (1) a county organization with officers was set up. (2) better than \$800 was raised to get the program, and the program of the 23 county Plains Cotton Growers started.

What could be even more significant was the fact that the group learned of the rocky road ahead, the possible disasters if we fail to move now, and the program outlined by the area organization.

And again, what could be the most significant thing, just the fact that so many turned out and attended the organization is formidable.

Elected as permanent county president was Willard Cox and as vice president Lorry Johnson was elected by acclamation. Then the farmers elected Pegues Houston and Hadley Kern as their directors and the businessmen elected Leonard Coleman and Red Williamson as their members of the Board of Directors. The group also soundly endorsed the appointment of Gene Benham and J. R. Kuykendall as County directors to the area organization.

The group pretty well understood after lengthy discussions, the immediate goals of the organization. They were shown graphically how our acreage has been lost and can continue to be lost. They were shown how politics ties into the overall setup. They were given a list of things that could be accomplished, any one of which would be worth thousands of dollars to Cochran County farmers. But the only resolution they passed at the original meeting was to go on record as asking for two High Plains

representatives on the state five man committee, due to the fact that the area produces a majority of the cotton. Oddly enough, the area is without a single representative on the Board at this time. One vacancy is already up for a replacement, and the group will ask Sec. Benson to appoint an area man to this group.

Aided by a big \$300 shot in the arm donation by the Farm Bureau the group went on to donate over \$800 after the meeting, the farmer

being asked to pay 15 cents for each bale of cotton he produced last fall.

Businessmen too are being asked to chip in as they see fit, knowing their future is also closely linked with the future of cotton.

ings of the near future will be on calling a trustee election, on the rehiring of teachers, and on the school superintendent's contract, which expires this year.

There has been no official word as to when any of these subjects will be considered.

## 30 VOTE UNANIMOUS APPROVAL OF SCHOOL BOARD AS HEAVY SNOWS KEEP MANY FROM THE POLLS

The 30-vote, "unanimous" three proposition school election will stand as voted, school authorities believed this week, since the scarcity of votes make no difference as far as law is concerned.

At that, the 30 persons who braved the ice and snow last Saturday to cast their ballots was a pretty good percentage of the number that usually turn out at a local school election.

Passage of the election meant three things.—each a separate proposition voted on. (1) that the Morton Independent School District has the right to issue \$250,000 in bonds for the purpose of construction of needed facilities; (2) that the people of Morton Independent School District have given the district the right to go under Public Law 516 which enables the District to call elections and vote bonds up to 10 pct. of their indebtedness doesn't exceed that figure; (3) that the people have granted a maximum school district tax increase under which the district's tax rate may be set as high as \$1.50 per \$100 evaluation. The old ceiling was \$1.25.

Work will probably start on the elementary school as soon as the local trustees approve final plans. However, at this time, they are still revising plans trying to get the maximum amount of construction for their dollar. Supt. Owens has said the situation, while most critical in the elementary grades, is a pressing one in the whole school

system where classes are overcrowded and rooms are lacking for the first rate teaching of many of the subjects.

The next regularly scheduled meeting of the school board is on Monday night. Among other things that will come up in the meeting

will be prosecuting the cases in Judge Victor Lindsey's 72nd District Court.

County court, slated for Monday of this week, has been reset for Monday, January 20th. The reason for the two week shift is that Commissioner's Court is slated to meet on Monday and Farmer's Income Tax payment time is on the 15th thus if the court was held that week it would create a hardship. For that reason Judge Stockdale has set the cases for the 20th.

Subpoenas have been issued to several who would ordinarily testify in the cases but no jury panel has been summoned, indicating a jury trial may be waived. That will be determined this morning when the formal pleas are heard.

Under Texas law the men may enter their plea and waive a jury trial.

No word has been issued as to the dispensation of four other misapplication pleas.

## Postponed 'Misapplication' Pleas To Be Heard This Morning, 10 a.m.

Snow caused the postponement of two court sessions this week it has been announced.

Three 'misapplication of funds' cases originally set for Tuesday of this week, were postponed by Dist. Judge Victor H. Lindsey, and are to be heard this morning at 10 a.m.

The cases, No. 56, 57 and 59, are cases of the State of Texas vs. Earl Cadenhead, T. W. (Joe) Pierce and Lewis (Lakes) Cole, all former County elected or appointed officials.

Subpoenas have been issued to several who would ordinarily testify in the cases but no jury panel has been summoned, indicating a jury trial may be waived. That will be determined this morning when the formal pleas are heard.

Under Texas law the men may enter their plea and waive a jury trial.

## Pct. One Residents Thank Commiss'ner

Three residents of Pct. 1 who asked that their names be withheld, have called at or phoned the Tribune asking that their "thanks" be expressed to Commissioner Ran Holloman of Precinct One for his untiring efforts during the snow, all night Friday night, and most of the day Saturday and Sunday, in opening roads, in getting through to isolated farms, in seeing that Lutane was delivered where it was needed and in general, offering inestimable aid to residents isolated on their farms by being "unstuck."

Other persons have mentioned as worthy of praise the way the city boys went to work to clean off the square Sunday and a vote of thanks to Huelen Coon for his helping hand.

Others sure there are a lot of others who helped out in various ways, but these were the ones called to the attention of the Tribune. To everyone who took time out to help a friend or stranger out of trouble, we at the Tribune offer a word of thanks.

## With Your... COUNTY AGENT

The 1956 Texas Cotton Ginning Shortcourse being sponsored by the Texas Extension Service, Texas Cotton Ginners' Association and gin machinery manufacturers will be held in Harlingen, February 28 and 29. The first day's program is to be held in the Assembly Room of Richard's Restaurant, 1700 S. Highway 77, and is to begin at 9:00 a.m.

The first day of the shortcourse will bring information on cotton presented by the top men in the fields of agronomy, agricultural engineering and textile engineering. The 2nd day the groups will attend select gins in the area to hear discussed by personnel of the manufacturing companies of the gin equipment the use, care, maintenance and general operation of their equipment. The names of the manufacturing companies to be on hand include Continental Gin Company, the Hardwick-Etter Co., the Lumus Cotton Gin Co., the J. E. Mitchell Co and the Murray Co of Texas.

This shortcourse is intended to give our Texas Ginners the needed information to keep Texas Cotton a high quality product.

### SOIL TESTING

A good many farmers have been and are taking their soil test to determine the kind and quantity of fertilizer needed for cotton and grain sorghum production. The complete soil analysis for a sample costs only \$1. When analyzed by the Soil Testing Laboratory of Extension Service, College Station. You will also receive from the man in charge of the office, Mr. Thornton, an estimate of the type and amount of fertilizer to be used on crops taken from the soil analysis from the sample of the soil set in.

Any farmer who is contemplating fertilizing cotton this year, is welcomed to come to the County Agent's office and pick up forms to be completed to mail with the soil sample. Also information can be given by the Agent as to how the soil sample should be taken.

Farmers who are planting gin run seed should have a germination and purity test run before planting time. Sample of cotton seed should be sent to the state seed testing lab, either in Austin or at Lubbock. About a quart of this seed is required in amount to make a germination test. There is a slight charge for this service but the test should be good insurance. It is not sufficient to cut open the seed with a knife to determine whether or not it would germinate or determine the vitality of the seed.

### GROWING SESAME

A few farmers have come in to discuss the possibility of growing a new crop, namely, sesame. I will quote parts of a letter received from Mr. Earnest Thaxton, Texas Agricultural Experiment Station, Lubbock, about growing the crop sesame. "If the present market holds," says Mr. Thaxton, "I believe it will be profitable. A great deal of work needs to be done on planting rate. The best information I have to date, is to plant about 2-3 lbs per acre, the stand should be 4-10 plants per foot so about 20 seed per foot should be planted under irrigation. For dry land I would half the amount, or use one and one half lbs per acre. You will need a special planter box because the seed is small. Cost of planting seed should be around 75¢ per pound. The present market is between 6 and 8 cents per pound. Yields of up to 1500 lbs per acre may be expected without fertilizer. Planting date should be mid June.

Harvest is the most difficult operation since Sesame should be cut and shocked. After the pods are dry, the shells may be threshed through a combine. No direct combine is successful with the present varieties.

The only variety I would recommend from my experience is Rio, the new non-shattering variety.

As with all new crops, market facilities are still limited and unless previous arrangement is made some delay could be encountered in selling the crop. If you have further questions, I would suggest writing Dr. Murray Kinman at College Station."

Individuals purchasing Rio Sesame from the Exp. Station in this area are G. F. Howell, Muleshoe; Stewart Bawden Seed Farms, Plainview and Paymaster Farm, Plainview.

### GRAIN DRYING AND STORAGE CONFERENCE

The Texas Tech College is holding a Grain Drying and Storage Conference on Friday, February 17, starting at 8:30 a.m.

This program is intended for farmers, grain men, storage structure contractors, equipment dealers and agricultural workers.

The program will deal with the following subjects: Grain Drying, Drying and Irrigation, Fumigation and Pest Control, Grain Handling Equipment and facilities, and a discussion of farm storage facilities loan program.

If any farmers have sudan seed or hearl seed for sale, please contact the Charles Simons Company, 119 N.W. 25th St., Ft. Worth.

### 4-H CLUB MEETINGS

Five 4-H Club meetings were held in January with approximately 162 4-H members attending. Safety has been the program in all clubs. The boys made a list of ha-

zards that cause accidents under the following headings: home, farm, machinery, vehicles, and school. Cash awards were donated to the boys selected by the officers of the clubs who had listed the most hazards.

Future value will be based on the correction of these hazards and how much the boys do to correct these hazards. Accidents cost money and maim and kill people. Cooperation of local leaders has been a big help, especially the officers of the clubs.

# The Texan Was Made For You!

It's your kind of car . . . this handsome, rugged Texan by Dodge! At the very first glance, you'll know this is true. And when you take the wheel and "give the gun" to its mighty, aircraft-type, Super Red Ram V-8 engine, your enthusiasm will burst all bounds. For the Texan boasts a power plant just like the Dodge that made automotive history on the famous Bonneville Salt Flats in Utah.

Surely you've read or heard recently how a '56 Dodge stock car shattered 306 world records for endurance and speed in that sensational 14-day, non-stop run. This officially witnessed performance covered over 31,000 miles of round-the-clock driving at an average speed of 92.86 miles per hour . . . the greatest distance at

the fastest pace any car has ever travelled! Now this handsome, flair-fashioned, specially trimmed Texan offers you the same rugged endurance and the same eager power as the Dodge that established these records. What's more, you'll be in for your biggest surprise when you glance at the price tag. Big, powerful and luxurious as it is, you'll expect to pay perhaps a thousand dollars more than that tag reads. Yet here you'll discover that this Texan, with all its beauty and size and ruggedness, is priced right down with the so-called "low-priced three." Come and see for yourself.

Never will you find a better "buy" nor make a better deal than your nearby Dodge dealer will give you today. Better not delay for the supply is limited.

### CIRCLE HOSTS BIRTHDAY PARTY FOR MRS. LINDSEY

The Elizabeth Truly Circle of the WMU, First Baptist Church, hosted a birthday party January 30th for Mrs. W. A. Lindsey in her home at 3:30 p.m. Mrs. A. R. Lindsey is Circle Chairman.

The occasion opened with a prayer and a devotion given by Mrs. Wayland Walton. Mrs. Walton was also in charge of games played. Mrs. A. R. Lindsey furnished the beautiful birthday cake baked by Mrs. David Rozell, a member of the circle. The cake was cut and served with soft drinks and coffee to Mesdames Iva Willis, Ann Walton, Era Coleman, Mattie Neagle, Fronie Hickman, Rhoda Lisenbee, Table Jerden, Walter Taylor, S. W. Hawthorne, Ollie S. Robinson and the two Mrs. Lindseys.

### BEAT SNOW HOME

Mr. and Mrs. David Warton and four children and Mrs. Freda Baldwin and two children of Toledo, Ohio, who have been visiting in the home of David's and Mrs. Baldwin's parents, Mr. and Mrs. F. Warton of Star Route 2, Morton, escaped the recent snow by only hours. They had just completed a two-week stay here and headed for home just as the first snow began.

### SPEC. 3-C CHARLES MANSELL TRANSFERRED TO KOREA

24TH DIV. KOREA — Specialist Third Class Charles E. Mansell, 24, whose wife, Karl, lives in Muleshoe, was recently transferred from Okinawa to Korea for duty with the 24th Infantry Division.

Mansell was reassigned when his former unit, the 75th Regimental Combat Team on Okinawa, was deactivated.

He is now a supply clerk in the division's 35th Regiment. Specialist Mansell, a former student at Long Beach (Calif.) City College, entered the Army in April 1953 and arrived in the Far East last November.

His mother, Mrs. Ida Mansell, lives on Route 2, Morton.

### WEATHER CANCELS SHOWER: TO BE HELD NEXT SUNDAY

Another in a long list of scheduled events over the past week-end and early week that were postponed due to the heavy snowfall and freezing weather was the bridal shower honoring Mrs. Jack Tice, nee Mary Carolyn Moore.

The shower will be held next Sunday, February 12th, from 3 until 5 p.m. at the home of Mrs. Hume Russell.

### CORRECTION ON DATE OF LION'S LADIES NIGHT

**FORD OFFERS TOP POWER AT NO EXTRA COST!**  
 in the low-price field

You can have the Thunderbird's own V-8 engine in your big family-size FORD Fairlane or Station Wagon as the STANDARD EIGHT!

The Ford V-8 has been the world's largest-selling V-8 over the past 24 years. And last year it outsold its nearest two low-priced competitors combined! Now, in any '56 Ford Fairlane or Station Wagon model, you can have the mighty Ford Thunderbird V-8. It's the most powerful engine offered in any low-priced car, at no extra cost.

**FORD offers style-setting beauty**  
 The style-setting beauty that's built into every one of Ford's 19 distinguished models for '56 sets Ford apart from cars that tend to look alike.

**FORD offers the protection of LIFEGUARD DESIGN**  
 Ford's Lifeguard Design is the greatest advance for safety in the history of the automobile. You get the Lifeguard deep-center steering wheel — double-grip door locks — shatter-resistant rear-view mirror — optional Lifeguard padding for the instrument panel and sun visors and Ford seat belts.

*Easy way to break the small car habit!*

It's the hardtop buy of the year with the most power and size per dollar of any car in this style.

If you're accustomed to buying in the low-priced-three range, chances are you're paying for Pontiac's size, performance and distinction—but you're not getting it! As a matter of fact, you're not even coming close!

Where else at a price so low can you enjoy possessing the most modern, most advanced power plant

in the industry—the mighty Strato-Streak V-8?

Where else at a price so low can you get the luxury of Pontiac's optional Strato-Flight Hydramatic—America's newest, smoothest automatic transmission?

Where else at a price so low can you find a big 122-inch wheelbase, such luxurious interiors and all the other fine-car features that put you so squarely on even terms with buyers of far costlier cars? Come in and see how easily this heart-lifting Strato-Streak beauty can be yours. Once you do, you'll be out of the small-car class forever!

You can actually buy a big, glamorous Pontiac 860 for less than you would pay for 44 models of the low-priced three!

ED LYTLE NAMED SUPT. OF COCHRAN COUNTY PARK

Ed LYTLE, long time Morton and Cochran County resident, has been appointed Superintendent of Cochran County Park. LYTLE replaces Wayne Walthall who resigned last week to accept another position in Levelland. Mr. LYTLE farmed in Cochran County and was one of the town's earliest pioneers and active citizens. He formerly served on the Morton School Board. He retired from farming here several years ago, but up until this year, helped farm a place in Arizona.

MRS. BARRETT HOSTESS TO BUSY FINGERS SEWING CLUB

The Busy Fingers Sewing Club met on February 2nd with Mrs. L. W. Barrett with eight members and one visitor present. The group voted to have a party

on February 14th, at 7:30 p.m. in the Activities Building, each member asked to bring a pie.

THE NEXT REGULAR MEETING WILL BE ON FEBRUARY 16th in the home of Mrs. Ralph Merritt.

REPORTED IMPROVED

Don Harrison of Floydada was reported improving "nicely" at his home there following a very serious auto accident two weeks ago. Harrison, a brother-in-law to the Smith brothers (furniture store owners) of Morton, was driving a pickup pulling a trailer and steer when a wheel jammed on the trailer. The trailer hit the ground, the animal caught in the front of the pickup into the air. In the crash, Harrison sustained a broken leg, chest and head injuries. Passersby had to remove him from the pickup, which had

brother, Sheriff and Mrs. Hazel Hancock and family, before leaving for Quito Ecuador where he will be stationed with 14 Air Force personnel. He is a chaplain in the Air Force and will take his family, wife and two children with him. The children will attend the mission school there. To travel by plane, the family is to leave the 21st of February.

MR. AND MRS. BILL SCOTT, a former resident here and she, the former Frances Hancock, were in Morton recently visiting her mother Mrs. Mac H...

**REMITTING SINS**

The first gospel sermon was preached on the day of Pentecost with Peter being the leading spokesman (Matt. 16:14-18; Acts ch. 2). He "and the eleven" declared the death of Christ for man's sins, his burial and his resurrection . . . (1 Cor. 15:1-4). Men heard it, were "pr-

icked in their hearts" and cried out, "what shall we do?" (Acts 2:36,37).

While Peter and the rest of the apostles were busily engaged, suppose that someone had asked, "What are you doing?" They could have answered, "We are preaching the gospel and remitting the sins of these people." That is what the Lord told them to do (John 20:23).

**HOW SINS ARE REMITTED**

But how were they remitting men's sins? Jesus said: He that believeth (the gospel) and is baptized shall be saved (Mark 16:15, 16) and . . . Repentance and remission of sins should be preached in his name among all nations, beginning at Jerusalem" (Luke 24:47). Jesus named the conditions for forgiveness to be received and the apostles were preaching them exactly; thus, the Bible speaks of their remitting sins.

The record of the events on Pentecost tells us that (1) the gospel was preached, (2) it began in Jerusalem, (3) men heard it and believed in Christ, (4) being "cut to the heart" they asked what to do to be saved, (5) they were told to repent and (6) be baptized, and (7) that they would be forgiven, or have the remission of sins, as a result. Those who did these things had their sins remitted; the others did not.

To have our sins remitted today, we must: 1. hear, 2. believe, 3. repent, and 4. be baptized. This is heaven's example to us. It is backed by divine authority, the Word of God. Any other way that may be presented by religious teachers, is backed by the authority of MEN ONLY.

Will you follow the authority of God or that of men?

**THREE WAY BAPTISTS HELD STUDY CLINIC — IF SNOW DIDN'T INTERFERE**

ED NOTE: — The following article arrived in the Tribune office last week, too late for the paper. Chances are, if the snow out that way was anywhere near as heavy as it was here, the event was postponed. But, with no mail service open by Monday night, we have no way of checking — On for those REA phones.

The Sunday School Study clinic at Three Way Baptist Church was to begin last Sunday and continue through Friday of this week, with meeting time each evening at 7:30 p.m. Books to be taught and the teachers were: "Teaching Adults in Sunday School" Mrs. D. P. Brinker of Three Way Baptist; "Guiding Young People in Bible Study" Mrs. Hugh Durler of Marble Baptist; "Better Bible Teaching for Juniors," by Mrs. C. A. Dotson of Watson Baptist Church; "Teaching the Beginner Child," Mrs. Donald Grusenford of Enochs Baptist Church; "What Baptists Believe," Rev. Findley of Longview Baptist Church; "Training in Christian Service," Mrs. J. W. Layton of Enochs Baptist; and "This Is My Bible," Mrs. Bob Sandlin of Three Way Baptist Church. The nursery will be open for those who would like to use it.

**CHILDREN HONOR MRS. W. A. LINDSEY ON HER BIRTHDAY**

Mrs. W. A. Lindsey's daughters of Levelland and granddaughter of Morton honored her in her home with a birthday dinner, Sunday, January 29. Pictures of her and the birthday cake were made by her grandson, Larry Viaille.

Those present were Mr. and Mrs. Vernon Viaille and boys, Mr. and Mrs. Virgil Humphreys and Donna Kay, of Levelland and Mr. and Mrs. Glen Sander, Sandra Jones, their father Emmett Jones and grandfather W. H. Jones of Morton.

**Novel Assembly Presented at Whiteface School**

WHITEFACE — The Southern School Assemblies presented Fred and Ann Carroll with their famous masks in a school program in the Whiteface High School auditorium on a recent Wednesday.

Starting with brief, interesting remarks on the use of masks in the Orient and Near East of centuries ago, the Carrolls showed the audience, by demonstration, how masks are made, ending with the finished product.

In their extensive collection of life-like masks are over thirty personalities the audience quickly recognized and appreciated. Famed movie stars came alive through the clever mimicry of the duo.

Included in the program was a humorous skit in which members of the audience were the actors. Wearing masks and walking through their parts as a record played the speeches, resulted in real fun for the audience.

**BRIDAL SHOWER HELD FOR MR. AND MRS. JIMMIE GREEN**

The spacious living and dining room of Mr. and Mrs. Zed Robinson of Enochs was the scene of a colorful bridal shower honoring Mr. and Mrs. Jimmie Green of Canyon, Texas, on January 21st at 7:30 p.m.

The round, lace covered table, held the miniature bridal party, the four tiered cake topped with the bride and groom under an altar of snow-white roses.

The buffet held a huge bowl of American Beauty roses and the plate favors of miniature characters with umbrellas.

Mrs. Bob Darnell furnished the piano music. After the gifts were presented, the hostess served cake, coffee, mints and nuts to the many guests who attended.

Co-hostesses were Mesdames H. H. Snow, Marie Adams, Doris Crabtree, John Gunter, L. J. Jones, Sr., E. N. McCall, Jack Austin, Cecil Jones and Robinson.

**SANDRA BRIGHT HONORED ON 5TH BIRTHDAY**

Sandra Gail Bright was honored on her 5th birthday with a party in the home of her grandparents, with her mother, Mrs. W. J. Bright and grandmother, Mrs. J. O. Harris as hostesses. Games were played and birthday cake and punch were served to 35 guests.

**PUBLIC VOTES MERCURY "BEST VALUE IN ITS FIELD"**

19th annual nationwide survey of car owners—by independent research organization\*—shows Mercury leads its price class as "best value for the money." Whether you pick a Montclair, Monterey, or Custom, you get more car in four big ways!

1. NEW REFLEX-ACTION PERFORMANCE—Go, stop, pass, climb, turn. The BIG M responds instantly to your every command, adjusts instantly to every road. We call it "reflex action"—a new kind of performance that makes all your driving easier, safer—and far more comfortable than ever before.
2. NEW BIG M BEAUTY—Here is fresh, clean, graceful beauty for the young-minded. Mercury's lines are long, sleek, road-hugging. New Flo-Tone color styling is radiant and dramatic. You enjoy a distinction in THE BIG M that is unmatched in Mercury's price class.

3. NEW SAFETY-FIRST DESIGN—You get the widest choice of safety features in the field. At no extra cost, there's an impact-absorbing safety steering wheel (an exclusive in Mercury's field) and triple-strength safety door locks. And optional features such as seat belts and padded instrument panel.

4. PROVABLE VALUE—Here's value you can see, and measure! Low first cost. Low operating costs. High resale value. And Mercury trade-in value has remained consistently high. No wonder Mercury was voted "best value in its field." Better see us soon.

**SNOW STOPS BUSES**

School buses did not make their routes Thursday and Friday, due to the severe weather. Snowdrifts of 4 feet and higher were in evidence over the community.

Your correspondent was, for the first time, snowbound. We hope everyone in the community has fared as well as we. The family has remained well and the supplies are sufficient to last throughout

the storm, so that we did not need to get out on the roads. The moisture from our snow should amount to about an inch and the soil will get the full benefit of it as none will run off.
