

True Tale of "the Wild, Wild, Geese" Rivals Many of the "Texan" Fables

And here comes a Texas tale of the wild, wild... Goose—in print with picture, and reported officially by a game warden and his deputy.

The Tribune received same from George Burkett who is in the irrigation test hole business down Has Well way, the article appeared in the Wichita Falls newspaper. It proves the wind blows almost as strong off the cap as up on the cap.

QUANAH—Feb. 28. Approximately 125 geese were killed as they attempted to land on Santa Rosa Lake on the Waggoner ranch 18 miles southwest of Vernon, in the wind and sandstorm last Friday night. (It may be noted a bit of dust was observed in Cochran County that Friday night.)

The dead geese were found by Federal Game Agent Don Krible of Lubbock, Federal Game Agent Dan Boone of Ft. Worth, Game Warden Charlie Bonvent of Quanah and Deputy Game Warden Chas Wyman of Quanah (need any more proof?) Saturday when they went to the lake to net and band geese.

The game wardens stated the highest velocity of the wind must have struck when the geese were returning from feeding in a field. They were returning to the lake to nest for the night. It is believed they could not control themselves in the air as they made a turn to land on the lake. Many of them were blown into dead trees and stumps in the water and others were found in mesquite trees along the edge of the water.

Two geese were completely decapitated by tree limbs, one was burst open from the force of striking a tree, some had broken their backs, one was found with its wings tripped off, others had broken many body bones including broken necks. A few were found still hanging in the trees.

(This is enough.)

MAYOR RECOGNIZES CAMP FIRE GIRLS WEEK; PRAISES EFFORTS

In a birthday salute to the Camp Fire girls this week, Mayor J. C. Reynolds said, "This is one birthday that calls for cheers from the whole community. I am proud to offer on behalf of Morton congratulations to the Camp Fire girls on their 46th anniversary.

"There is not a citizen of Morton who at one time or another hasn't benefited by the "Give Service" slogan of the Camp Fire girls. They are right there, where they are most needed, always in the forefront when there is work to be done," he said.

It can be noted this week, in one example of Camp Fire work, how high up on the list these girls ranked in the recent March of Dimes fund drive.

"We are grateful to this fine youth organization for providing our young girls with the kind of enjoyable and worthwhile activities that help them develop into the responsible citizens of tomorrow.

"I hope that everyone in Morton," the mayor said, will join with the Camp Fire girls in observing their birthday week, March 11-18, by helping them make it an outstanding success.

Donald A. Knox Rites Tuesday at 3-Way Baptist

A 25-year-old Korean War Veteran, Donald Alton Knox, of the Three Way area, who had battled a serious illness for more than a year, died in the Cochran County Hospital here Sunday.

Funeral services were held at 2:30 p.m. Tuesday in the Three Way Baptist Church with Rev. Bob Rowe officiating. Burial followed in the Morton Cemetery.

Mr. Knox, father of two young girls, Connie Jolene, aged 4 and Cathy Sue, aged 6 months, and the husband of the former Patsy Sue Billington, died at 11:15 p.m. Sunday. He was a farmer by choice, and had farmed before and after serving in Korea and a year and a half in Germany.

He graduated from Idaloo High School. Other survivors include his parents, Mr. and Mrs. Frank Knox of Three Way; two brothers, Jack and Billy Knox of Lubbock; the paternal grandparents, Mr. and Mrs. M. Knox of Walnut Springs, and the maternal grandmother, Mrs. Frances E. Burton of Dallas.

A host of friends came from a distance to attend the services. Pallbearers were John and Budgie Billington, Carroll Wynn, John Hodnett, Hayes Henderson and LeLand Mann. Honorary pallbearers included Jack Hodnett, Ruel Kirby and Billy Stafford.

JOHN DEERE DAY WAS GOOD; DESPITE HEAVY BLOWING OF "RAIN," WEST TEXAS STYLE

"She blew up a storm" here on Tuesday, John Deere Day, just as usually does in the spring of the year in West Texas when you plan anything, but approximately 200 persons turned out for the feed at the John Deere house, according to Gene Huggins, of McAllister-Huggins, dealers.

At least that many also attended the film showings in the Activities building to round out what Huggins termed a successful day.

Ladies from the County Line HD Club prepared the meal for the folks who dropped by at luncheon.

ROSS SHAW'S STATEMENT TO PRECINCT VOTERS

To the People of Precinct 1, Cochran County, Texas. Many people of this County have contacted me to announce for your Commission. After careful consideration, I have decided to do so.

I have lived in this County for 6 years, and farmed all six. I sincerely believe I am capable and qualified to serve you as your Commissioner of this precinct. I will endeavor to handle the job as you would have me do, and work for the benefit of this county and its citizens.

I am 47 years old, graduated from Snyder High School in 1928 and attended Texas Tech in 1930 and 1931.

I elected your Commissioner, I will, to the best of my ability, assume all responsibilities imposed on an elected Commissioner. I will stand firm on any issue that might arise in our county if I feel it will benefit the county and its citizens.

My plans are to visit each one of you and get better acquainted. My most sincere thanks to each one of you, and your support and help will be greatly appreciated in the forthcoming election.

OIL TAX HEARINGS SET

A resetting of the case and an extension of a temporary restraining order was allowed by District Judge Victor H. Lindsey, here Tuesday, in 72nd District Court, as he reset the case of Continental Oil Company vs. the Cochran County Commissioner's Court (Fred Stockdale, et al.) for April 9th.

The Continental case is almost identical with the one that had been filed by Magnolia Oil Co. The major difference to date was that the two cases were at different stages. Magnolia had lost in County Court, then was upheld in District Court and then was appealed by the County to the Court of Civil Appeals. They refused to claim jurisdiction and sent it back to Dist. Court.

The Continental case has been heard in County Court but is yet to go to District Court.

The extension granted by Judge Lindsey, on account of illness of the lawyer pleading the case for Continental, had this effect:

It placed both cases, the Continental 1st appeal and the Magnolia re-appeal; on the docket for April 9th. Though the two cases are in different stages of appeal, since they are similar in nature, Judge Lindsey set them at the same general time.

Lindsey said he was in receipt of a letter from the Court of Civil Appeals saying they will not claim jurisdiction in the case appealed on behalf of Cochran County.

Both cases are subject to the jury docket. One other case slated a day or two earlier might not be completed by the time these cases are set, thus forcing a postponement or delay.

Both cases are similar in nature the gist of the charges being that the oil companies have been excessively assessed by the County Tax Equalization Board on their holdings in the county.

They are basing their suits on a charge of discrimination against them as compared with other oil companies, rather than on the basis of being taxed excessively in comparison with other land owners. They charged the evaluation of property was too high.

Neither have paid their taxes & activities was Darla Brotherton of Morton who flunked out on the word "absence." Following her defeat was La Nell Todd of Whiteface, and then Evelyn Ainsworth of Bledsoe. That left two spellers from each school. Down went Stanley Clark of Morton and then Zada Snodgrass of Whiteface. Mary Nell Stegall the last hope of Whiteface missed on hanikerchief and inscription tripped up Mike Miller of Morton leaving the all Bledsoe final.

The finalists received prizes for their work and June won herself another fling at the district title in Lubbock this weekend. The last time she placed 5th but if you are deceived by her somewhat nervous actions, think nothing of it. The girl smiles well enough to overcome the disadvantage nervousness may ordinarily cause.

Lubbockite Will Preach Service At First Christian

A prominent lay minister from the First Christian Church of Lubbock will deliver the sermon at the morning services of the newly organized First Christian Church of Morton at the Veteran's Hall, Sunday at 11 a.m.

A group has been meeting each Sunday for some time for Sunday school at 9:45 a.m. and communion service at 11:00. They have been assured the cooperation of the First Christian Church of Lubbock, and also the Texas Board of Christian Churches of Fort Worth, all who are interested in helping to establish this Church are invited to attend the services Sunday at the American Legion Hall.

REVIVAL CENTER SERVICES WILL BEGIN TONIGHT AT PRIMITIVE BAPTIST CHURCH

Revival Center services have been announced for Morton beginning Thursday night at the Primitive Baptist Church with Mrs. Glenn Bailey conducting the services.

A meeting will be held later, it was announced. Presently, services are set for Thursday and Saturday nights at 8 p.m., and Sundays at 10 a.m. and 7:30 p.m. Everyone is invited to attend.

VIEW MEETS TONIGHT FOR NOMINATION OF OFFICERS

The Veteran's of Foreign Wars Post of Morton meets tonight for the purpose of nominating officers for the ensuing year of activities, according to Albert Morrow.

The group meets at 8 p.m. at the Veteran's Hall under the Commandership of Pete Todd.

ROSS SHAW, VICTOR LINDSEY ARE NEW ANNOUNCED CANDIDATES

Three candidates for re-election, two of them County officials and one a district candidate announced during the past two weeks but even as the list of candidates grew, a fourth name was announced before the Tribune went to press as Ross Shaw, Cochran County farmer for the past six years, tossed his hat in the ring as a candidate for Commissioner of Precinct One.

Mr. Shaw's announcement appears elsewhere on the page.

"races" were few and far between. The first to announce in their respective fields were M. C. Ledbetter, County Attorney, who will not be opposed since no resident of this County is qualified to contest his 2nd term as Constable of Precinct One; and Victor H. Lindsey, Judge of the 72nd District Court.

In the county, with five offices up for election, only three are contested. The curfew, which is to go into effect immediately, grew out of an old fashioned fist fight and brawl last weekend in which several of the participants paid fines in City Court early this week.

POSSE IS TO RIDE AT BODEO, FAT STOCK SHOW PARADE

In a special meeting Tuesday night, the Cochran County Sheriff Posse completed plans to ride this afternoon (Thursday) at Seagraves in the Fat Stock Show - Rodeo parade, their second ride in competition of the young season.

A good size group of local riders will venture forth seeking their 1st first place trophy of the season.

The posse also, Tuesday, announced plans to accept an invitation to ride at Ralls later this month as the posse riding season gets into full swing.

Tarleton Services Held Wednesday

Funeral services were held at the Rix Funeral Home in Lubbock, yesterday (Wednesday) for John P. Tarleton, 79, father of Pete Tarleton of Goodland.

Mr. Tarleton died at 8:15 a.m. Tuesday at the Methodist Hospital in Lubbock. He had been a resident of Lubbock for six years, having moved there from Portales.

The Rev. J. B. Patterson, pastor of the Miami-Texas Methodist Church officiated, assisted by Rev. R. O. Browder of the Ropesville Methodist Church. Burial was in the Tech Memorial Cemetery.

Survivors, in addition to the son of Goodland, include the wife and eight daughters, Mrs. W. R. Fine of Dallas; Mrs. Raymond Fowler, Electra; Mrs. H. E. King, San Antonio; Mrs. Clint Everett, Abilene; Mrs. Cecil Cramer, Portales; Mrs. J. E. Harth, Ropesville and Mrs. Chud Brown, Ropesville and Mrs. Bobby Christensen, Fairburn. In addition, 25 grand children and 6 great-grandchildren survive.

PRESENT OFFICIALS FILE FOR RE-ELECTION TO CITY OF MORTON OFFICES

Three officials, those now in office, beat the deadline for filing in the City election last Saturday, proving one of two things, either the men felt an obligation to go on & continue the work now started by the present council or they were talked into giving "just one more term of service" to the city in the urgent situation that found no candidates.

Someone had to do it. We can't very well operate a city without a mayor and a Council. However, no one seemed very interested in offering to serve. And, the men now serving, Mayor J. C. Reynolds and Councilmen Hume Russell and Tip Windom had expressed the hope someone else would serve though they did not flatly refuse to serve.

So the candidates have filed and the formality of an election has been set. The date of the City Election is April 10.

Alvin O'Pry, City Judge, is also unopposed on the ballot for re-election.

MRS. DELMAS DOBSON IMPROVING SLOWLY FROM EFFECTS OF POLIO ATTACK

Mrs. Delmas Dobson, the former Marie Lamb, daughter of Mr. and Mrs. Pete Lamb, is recovering slowly from the effects of a polio attack which has kept her bedfast for nearly all of the past 3 months.

Her recovery is being hampered by another troubling disease in the right leg, brought on by the polio. She was first allowed to walk a little two weeks ago but a swelling in the right leg forced her to go back to bed. According to her father, the swelling will probably slow the recovery somewhat.

Marie has been hospitalized since early December. She had been married only a few days prior to being stricken.

Is Philco Dealer

The City Electric Company, east-side square, Morton, has been authorized as the Philco television dealer for the Texas Last Friday by Charles Beall, representative for Southwest Appliance Company, Philco distributors of Amarillo.

The company will offer Philco factory supervised service, installation and repair.

Walt Sandfer, owner of the City Electric Company invites folks to drop by and see the new lines of Philco TVs.

ENJOINMENT REFUSED; GIRLSTOWN HEARING IS STARTED

District Judge Victor H. Lindsey, in a civil suit asking injunctive relief of the State Department of Public Welfare from holding a hearing on the subject of Girlstown, U.S.A., and why it should not be refused a license to operate; ruled against the injunction here Monday but waived until after the hearing in Austin, later this week, a question of declaratory judgment.

Lindsey said, after both sides were heard Monday, that "it is obvious there is not a contention of asking Miss Amelia Anthony for a deed or clear title to Girlstown property at this time and there is no way to determine at this time that the hearing in Austin will be derogatory to Girlstown, therefore I am denying the injunction and I will set the declaratory judgment whenever you gentlemen (the lawyers) wish, after the hearing in Austin.

Miss Anthony, and Girlstown, U.S.A., represented by Attorney Hugh Harrell of Lubbock, had asked enjoyment of the Department of Public Welfare, Travis Shelton, District Attorney, and several others, to prevent the hearing in Austin on the grounds that the Department's appointed Board had not the authority to make any binding ruling on the matter and therefore the hearing would be absolutely of no value.

They further asked declaratory judgment against the State Department of Public Welfare on the grounds that it was acting illegally by its assumption of powers not called for by statute.

"We take the position," Attorney Harrell told the court, "that the Legislature never intended for the Department of Public Welfare to have the powers they are assuming, and in fact, the powers are above the law of the land."

District Attorney Travis Shelton pleading the case for himself and the Department of Public Welfare, and assisted by Assistant Attorney General Katherine Kont from office in Austin, said they did not contend any longer that Miss Anthony should give Girlstown a deed of title to the land it claims ownership since she has filed a declaration of trust so stating that she maintained the property only for the benefit of Girlstown.

This was his answer to Attorney Harrell's contention that the proceedings at Austin could "affect the conveyances to Girlstown and could create a very strong cloud on the title."

Harrell further contended the State Department of Public Welfare had set up their own rules and regulations and would formulate their own rules on judicial procedure at such a hearing, which he said "are wholly apart from the rights of an administrative department."

John H. Winters, Executive Director of the State Department of Public Welfare, took the stand to deny that he had ever told anyone a declaration of trust so stating had been revoked but maintained that the revocation is held in abeyance until the results of the hearing are known.

Shelton said the charter of Girlstown is not being questioned at this time, "merely the administrative policies of Miss Amelia Anthony" as a trustee of Girlstown. He pointed out the Girlstown is a Corporation and she (Miss Anthony) is merely a trustee.

Winters said the three member State Board, John Womble, Burton Hackney and Mrs. Van Hook Stubbs had all approved the names of a five person committee which had agreed to serve at the hearing. The five persons, he said, are all management personnel of institutions comparable to Girlstown. He said their appointment had not been confirmed in a regular meeting but had been approved by each of the Board members (all of who were in the courtroom Monday)

and then the letters of confirmation of the appointment were mailed out advising these persons they had been accepted to sit in judgment at the hearing.

Winters further answered under the questioning of Harrell, that Girlstown has not been issued the right to solicit funds prior to the hearing because, as he put it, "we feel we have an obligation of making sure the money solicited is spent for the benefit of the children at the institution and not for promotional purposes." This prompted Harrell to ask if the Department had ever insisted on the soliciting of funds for Girlstown being carried on by another promotional agency. He emphatically denied this.

Winters, the only person to take the stand, also said he did not feel the idea of selecting a five man reviewing board or the idea of who should serve was taken upon himself, as Harrell charged. He said the board had discussed some names to call, and that even though there was no formal order of the Board to do this, he felt the okay by the individual Board Members constituted their approval in the matter. He said he would be glad to make public the minutes of the last Board meeting as soon as the Board formally approved the minutes at a future meeting.

The courtroom was approximately half filled with spectators, a few less than had crowded in on the case last Friday in which the Court returned a 14-year-old Girlstown subject to the custody of her natural parents. This was on a technically ruling that she was never properly under the guardianship of Girlstown since Miss Anthony failed to take the Oath of Guardianship and failed to post a bond, both called for by statute.

Thus both cases were ruled against Girlstown and Miss Anthony, though it has never yet been shown on what grounds the Department of Public Welfare or any other group has charged Miss Anthony with mismanagement.

This part, if it is to come, will presumably come out of the hearing at Austin this week.

C. M. McMASTER RETURNS FROM MANAGEMENT MEETING

C. M. McMaster of McMaster Tractor Co., Ford tractor and implement dealer in Morton, returned recently from Statter Hotel in Dallas where he attended a one-day management meeting conducted by top officials of the Tractor and Implement Division, Ford Motor Co. McMaster said the Ford officials, presided by Irving A. Duffy, Ford Vice-president and general manager of the division, and Merritt D. Hill, assistant general manager, brought dealers up to date on 1959 merchandising and product developments. The Ford tractor and implement dealers discussed sales and service plans for the expanding line of Ford farm products, and saw several of the new implements that will be on sale in this area in the near future, McMaster said. Duffy told the group that Ford increased its tractor production by 75 percent in 1955, and that more than one out of every five wheel-type tractors built in the United States last year was a Ford.

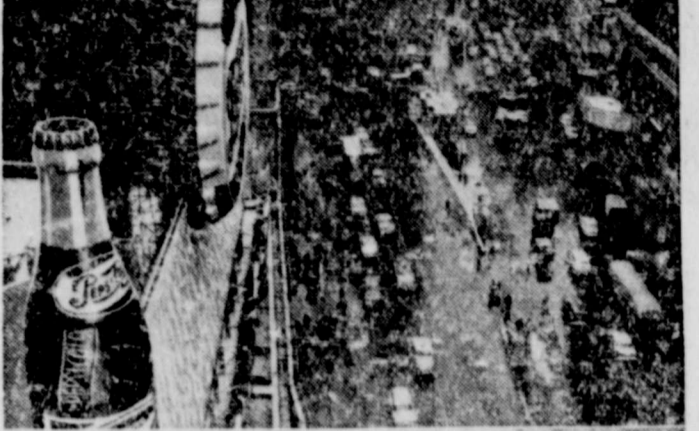

TIP WINDMILL IS LOCAL OIL CHAIRMAN, McNICOLS SAYS

Tip Windmill, local Phillips Wholesale distributor has recently been appointed to head the Texas oil industry information and service program for area residents. Appointment of Windmill to the local office, comprising Morton & nearby surrounding area, came by letter from the office of Murry C. McNichol, area chairman. Objective of the American Petroleum Institute sponsored information program is to make clear how well the people of this area are served by many oil businesses and to gain support for conditions under which they can continue to be privately managed, fully competitive and financially sound. The local OIIC will concentrate on two projects: a school program providing supplemental teaching materials to junior and senior and senior high classes and Oil Progress Week.

The latter is an October event placing particular emphasis on the importance of local service station operators. BUSH FINGERS CLUB MEETS WITH MRS. BULA NEWTON. 'Winterized' Waterfall

HIGH OVER BUSY TIMES SQUARE in New York City is one of the world's strangest waterfalls. It's a part of the biggest sign on Broadway. The waterfall, 50 feet high and a block long, is flanked by two giant soft-drink bottles, and topped by a bottle cap. Its 50,000 gallons a minute flow has been winterized for zero weather.

IT'S ONLY 9 ABOVE as international truck pumps its 3,000 gallon load of anti-freeze up 150-foot hose to sign. Estimates placed requirement for entire winter at about 15,000 gallons.

ANTI-FREEZE about to be added to the waterfall, blowtorch is applied to thaw pipe from the block-long, 10,000 gallon base tank. Winter formerly halted the waterfall's flow.

ICE-FREE, THE WATERFALL flows when others have been stilled by winter cold. It has a 16 hour day, being turned off at 1 a. m. Eight hundred flood lamps in red, yellow, blue and white light the falls, along with 20,000 light bulbs. It takes 22 sizable pumps to force water over the falls—a cycle completed five times a minute.

INSECT CONTROL
Nobody likes to admit there are cockroaches in her home, but since they may be brought into the house in grocery bags and boxes, often they are found in the cleanest of homes. They may be controlled without much difficulty if the job is done properly. A two percent chlordane household spray is effective. For best results, the following steps are suggested:
1. Remove all foodstuffs, utensils, etc. from cabinets and storage closets.
2. Wash these places with soap and water to remove musty roach odor.
3. Spray with two percent chlordane, making sure that all cracks, crevices, and baseboards are treated thoroughly.
4. Replace food and utensils after the spray has dried. Do not wipe off the residue.
A thorough treatment as outlined above will give control for up to six months.
In the household spray, the chlordane is suspended in colorless kerosene. It will not stain wall paper, upholstery, but it is flammable and should not be used in a room where there is fire. Incidentally, this same spray will control silverfish.

GRIDDLE CAKES

Griddle cakes are good for supper or breakfast. Try this recipe for apple sauce corn meal griddle cakes:
1 cup yellow corn meal
1 cup flour
2 tablespoons sugar
1/2 teaspoon salt
4 teaspoons baking powder
2 eggs
1 1/2 cups apple sauce
3/4 cup melted butter or margarine
3/4 cup milk
Combine corn meal, flour, sugar, salt and baking powder. Beat

eggs; add with apple sauce. Stir until blended. Add melted butter and milk. Mix well. Drop by spoon full on hot griddle, spreading thin. Bake, turning to brown both sides. Serve hot with syrup and butter or margarine.

THE CHURCH OF CHRIST IS DIFFERENT!!

Quite often, when people observe that churches of Christ do not participate in interdenominational activities, they exclaim, "The church of Christ is just different." Let us see how the Lord's church differs from segments of the religious world.

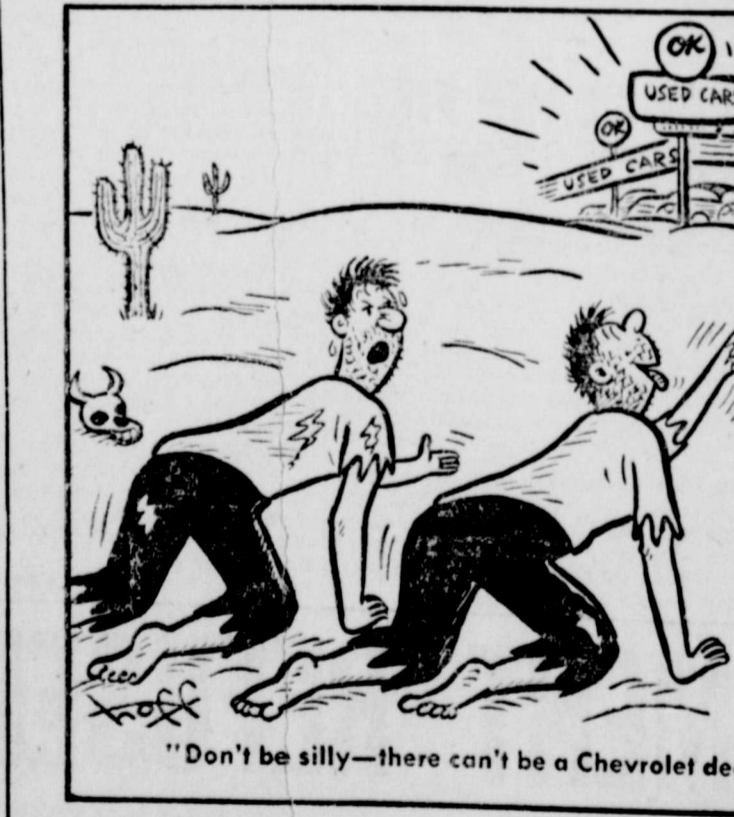

THE CHURCH IS DIFFERENT FROM PAGANISM — BY ITS FAITH IN THE ONE TRUE GOD. Paganism hardly presents a problem to us, but it was a problem in the first century. The answer to paganism is the "unknown God" whom Paul preached, the God who made the world and whose offspring we are. (Acts 17)

THE CHURCH IS DIFFERENT FROM JUDAISM — BY ITS FAITH IN JESUS CHRIST as the Son of God. When Jesus came into the world, He came unto His own, and they that were His own received Him not? (John 1:10) Why did Jesus' own people reject Him? The Jews rejected Him because they misunderstood the purpose and prophecies of their own religion. Their religion was a schoolmaster to lead them to Christ, and the prophecies of the Old Testament foretold the coming of the Messiah in great detail. Jesus told the Jews, "Ye search the scriptures (Old Testament) because ye think that in them ye have eternal life; and these are they which bear witness of me." (John 5:39) Misunderstanding their own religion they crucified the very One for Whom they prayed to come.

THE CHURCH IS DIFFERENT FROM PROTESTANT DENOMINATIONALISM — BY ITS FAITH IN THE AUTHORITY OF CHRIST. When Jesus says, "He that believeth and is baptized shall be saved," it is authoritative. Must we obey exactly what Jesus commands to be saved? Protestantism is now so dominated by modernism that it replies, "NO." (See Matt. 7:21; Heb. 5:9) As long as this deep seated disrespect for the teachings of the Lord is prevalent among the majority of religious peoples, there can be only confusion in their ranks. In order to achieve unity, there must be some source of authority. If every man thinks he is his own authority, he will not be likely to respect that of Christ.

"Don't be silly—there can't be a Chevrolet dealer around here!"
There's no mirage about the used car values you get at a Chevrolet dealer's lot. Every OK Used Car carries his famous warranty in writing. That means you get a car that lets you climb hills or cross deserts with confidence. OK means thoroughly inspected and reconditioned for performance and safety. It means extra value and selection, too, due to volume trading for popular new Chevrolets.

HIGH SCHOOL QUARTET, JOE CARROLL ENTERTAIN AT A SCOUT GATHERING
The High School Quartet and Morton Choral Director Joe Carroll furnished most of the entertainment, along with Patsy Splet at a joint district sweetener dinner for Scouts of the George White and Mustang Districts and their dates last weekend.
A lot of Morton Scouts joined the gathering of Scouts from many area towns as they met in the basement of the Methodist Church at Littlefield.
Rev. A. R. Coleman of Morton was the principal speaker addressing the group on "Onward with God and Country."
Carroll was MC for the program.

***LOSE A POUND A DAY... FOR 14 DAYS... WITHOUT SUFFERING HUNGER PAINS OR LOSS OF ENERGY!**
To reduce we must eat less (fewer calories) and when we do, we may feel the uncomfortable, almost painful pangs of hunger. We may also become nervous and irritable because of the lack of sufficient vitamins and minerals in a restricted diet. With Kessamin Tablets, Formula #14, and the Kessamin Reducing Plan you can never happen!

SEE WHAT THE KESSAMIN REDUCING PLAN OFFERS!
1. A reducing diet (The Kessamin Diets) prepared by a physician and a dietitian to give you the best possible diet.
2. Vitamins to prevent deficiencies which cause nervousness, anxiety and that tired, dragged-out feeling. Also supplemental minerals and oils to help prevent nutritional shortages.
3. Vitamin plus the built-up Carbonyl Methylglutamate, to stimulate normal metabolic elimination.
4. The "hunger control" factor, Carbonyl Methylglutamate, to reduce hunger if it arises according to directions.

With the Kessamin reducing plan the only thing you can lose is weight!
*See your doctor. The complete Kessamin Reducing Plan is sent you in a separate package. THE KESSAMIN REDUCING PLAN IS GUARANTEED TO TAKE OFF A POUND A DAY FOR 14 DAYS OR YOUR MONEY BACK! TRY IT!

CELEBRATION IS CHANGED
 The First Anniversary observation of the Max Hamoud, nephew of Morton has been changed to the second week in April according to the local Church members.

JOURNEYS TO RICHLAND
 Joe Hamoud, leaves Saturday on a 15-day trip to Richland and other points in Texas on a combined business and pleasure trip, while on the road he will attempt to buy fixtures for a new building he is planning to construct here. Work on the foundation will start soon.

HYBRID GRAIN SORGHUM MEETING WAS HELD SATUR.
 A grain sorghum meeting, principally on hybrids was held Saturday, in the agricultural building on the Texas Tech campus at Lubbock. The program of the meeting included talks on processing and marketing grain sorghum seed; the possibilities of growing corn on the South Plains; planting practices; then an organizational meeting for hybrid sorghum producers; a talk on irrigation practices for cotton and grain sorghums;

With Your... COUNTY AGENT
 By HOMER E. THOMPSON

COTTON
 Cotton is still the number one cash crop in Cochran County. The 7,000 acre cotton allotment for 1956 in Cochran County could be reduced more in 1957, if trends for this area mean anything. The State Committee has refused for 1956 to accept trends as a factor. This means new growers will receive little or no acreage for cotton production.

The new grower, as used by the ASC, is hard to define. The way I understand the definition in part of a new grower is an outright new farm where a livelihood is trying to be earned by a single operator, and where there is no other farm ment owned by either the operator or the landlord. Increase in cultivated acres do not constitute a new farm.

Farmers are urged to make the most of what is at hand. The big item is cutting the cost of cotton production. This means increasing net returns. How can this be done? Start with land preparation, securing good seed, recommend not over one year out of the white sack. Good seed costs little more than the average seed. Treat planting seed with veritable or dry mercury dust before planting. Plant disease tolerant and storm resistant varieties of cotton. If necessary start early insecticide control. Harvest cotton with mechanical stripper, (there is little difference in grade or staple when harvested with mechanical stripper.) Save \$30 to \$40 per bale. Try to be through harvesting before Thanksgiving. There are 8 or 10 top producing stormproof or storm-resistant varieties.

Irrigate heavy prior to planting of cotton, do not irrigate in June. One good irrigation at blooming time - with perhaps another in early August if necessary. Most years, irrigating after August 15 or 20 is not a good practice. To irrigate after Aug. 20 delays maturity, and increases insects.

Dunn's 7 is storm resistant and ranks high in the top producers at Lubbock Experiment Station. There are several good varieties, but Ollie Smith, Morton, grew in 1955, a total of 1489 pounds of lint per acre of Dunn 7 on 16 acres of land. That's almost three bales to the acre. It was grown on average land but Ollie did fertilize some.

More and more farmers having their soil analyzed this year than ever before in Cochran County and it would seem that more farmers are contemplating the use of fertilizers on cotton land for 1956. The County Agent urges all who are going to fertilize, to have a check plot for determining of how much benefit fertilizers are to your land. The check plot being that portion of land where no fertilizer is applied.

LOCAL THEATRES AGAIN IN MOVIES AWARDS CONTEST

The Wallace Theatres of Morton will again take part in the Oscar Race, a chain wide production in which show patrons are asked to name in the entries they think the awards will be made, the winners of Academy Award honors for the year 1955.

Entry slips, giving the names of the top pictures, the actresses and actor to consider, and the better ones are available in the theatres in the chain according to T. J. Simpson, manager of the local theatres.

entry deadline is 8 p.m. on Wednesday, March 21. Passes to the theatre are the prizes to be awarded for the winning guesses.

To win passes, Simpson said, the winner must name all six Academy award winners.

TASHUTA VISIT TRIBUNE DURING CAMP FIRES OBSERVANCE

Fifteen members of the Tashuta Camp Fire group and two leaders visited the Tribune office this week during the Camp Fires all over the nation.

The girls were shown through the office by Bill Glassford who explained the workings of the various machinery to them.

Tashuta on hand included Carol Beeson, Maxine Heflin, Sandra Cunningham, Jackie Jones, Leta Ford, Mary Katherine Lackey, Carolyn Thomas, Irene Sanders, Barbara Shakespeare, Patricia West, and Carol Carter.

The group left early Saturday morning for the Snyder festival and didn't return until dark. But the day long trip was not the most unproductive a local group has ever made measured in terms of criticism and trophies.

In the band division, other first place marching trophies went to Sweetwater, Brownfield and Bowie Junior High school.

The next events scheduled for local band are the Annual Band Picnic on Friday, April 6, and the Shrine Band Concert on Sunday afternoon, April 8th.

RUMORS, AS HAS been proven many times, can be dangerous things, and especially so when they involve the treatment of children.

rumors have . . . BEEN BANNED BACK and forth as to the cruelty of Girlstown, U.S.A. staff members toward the girls living within, the mismanagement of Miss Amelia Anthony, founder of the corporation, and many other things. At this time, with the State Department of Public Welfare having refused to grant a renewal of license, and the founder of Girlstown having asked for a hearing; nothing yet has been shown to back up any of these rumors.

LATER, WE CANNOT TELL at this time. But we do know, if these rumors are not substantiated, even though they may not have been official charges, Girlstown and its director and founder, Miss Anthony have been dealt an injustice — an injustice from which they may suffer a long time. For these rumors have been pounced upon by the public with eager anticipation, not an unusual thing among people. Certainly, in all fairness to Miss Anthony and her staff, here in Cochran County where Girlstown is located, folks should be even more careful to take no stock in rumors. If you know something, for a fact, now is the time to come forth and tell it, if not, its time to be quiet and listen.

DEFEND NOR exonerate Miss Anthony and her staff because we know of no particulars in the case, first-hand. We do know, even though it is a policy of Girlstown not to release information on the background of the girls, many are bonded to be problem or ex-problem children, raised in extremely unstable homes. Certainly one would expect many problems to arise that will have to be coped with in a manner that could seem harsh to an uninformed outsider. Would you want the job? Could you handle these girls? Without any form of punishment? How would they turn out?

UNTIL SOME misjudgment, mishandling, or flagrant misconduct is shown & proved, we are won't to give them at Girlstown every benefit of the doubt. We feel confident, if any of these things have been taking place, the Board at Austin will determine beyond a reasonable doubt. And, though we like each of you have an opinion that has been inadvertently formed we'll reserve our judgement until the hearing at Austin is completed. The hearing started yesterday but this column is necessarily written early and we had no way of knowing whether or not the hearing would be over in one day or would take several. May we suggest, you check a daily newspaper this morning for the up to the minute particulars. Their AP wire nets them in much better shape to give you the latest details than we are able.

HADN'T THE TIME or space recently to discuss a very fine talk by Edgar Bundy, Air Force Reserve officer, made at Plains a couple of weeks ago. We felt the Lubbock and other area daily papers covered the talk very well. It remains only for us to say he had some startling facts and he seemed to speak with ample qualifications for knowing whereof he spoke.

HAVE THE opportunity to hear him, don't let it slip by. The listening time will be well spent, even if his remarks will make you a little mad, a little disgusted, and and perhaps even a little afraid.

JAYCEES MOVE LUNCHEON TO CITY. ACTIVITIES BUILDING AT NOON ON MONDAYS

Sixteen luncheon members of the Morton Jaycees were on hand Monday as the local organization collected dues for the year 1956, and all paid up dues for the coming year. Also paying an associate-membership was J. T. Hamoud, local businessman.

The group voted to change their meeting place back to the County Activities Building Mondays at 12 o'clock and the Jayceettes will do the cooking. The move was made to pave the way for larger attendance which the Jaycees hope to stimulate.

The group reported the pancake star supper on the previous Saturday was a big success with 26 persons on hand to join in the fun.

You may even be dubious. But, above all, you will have some things to think about . . . things that you may be able to use in understanding why Communism is such a dangerous menace to the freedom of these United States and its 150 million people.

we'd like . . . AT SOME TIME in the not too far future to bring Bundy to Morton where more local folks can hear him.

one last reminder . . . TO THOSE OF YOU who read a story in this issue called a Texas Tale of Wild Geese. The story is true, Burkett has a clipping to prove it. But we suggest, if he is telling the story in public, make him show the clipping so that he won't be tempted to stray too far from the facts. After all, the guy telling you the story is one of those Cochran Countians who was going to get one of those practically free pickup trucks last Christmastime. And so far as we know, he's still waiting.
