MRS. BOB COOK IS ELECTED PRESIDENT AS SOUTH PLAINS ODD FELLOWS, REBEKAHS END MEETING

Mrs. Bob Cook of Morton was installed as president of the South Plains Association of Odd Fellows and Rebekahs, Friday in an all-day meeting that included among its highlights the visiting of more than 700 Odd Fellows and Rebekahs, an impressive Memorial Service, and Rebekah Lodge drill competition.

A total of 181 persons registered during the morning session and an estimated 300 or more turned out for the evening activities.

Other officers installed included George Tompkins, vice-president; Muleshoe; Mrs. E. M. Green, Plante; Carl Dotson, Levelland, elected as chaplain and two-year-old Lynn Tatum of Brownfield, mascot.

Muleshoe was awarded the meeting site for next year with the Needmore Lodges as co-hosts.

Fourteen South Plains towns were represented at the meeting; 14th City Rebekah Lodge of Lubbock, No. 299 won the drill competition with Lubbock Rebekah Lodge, No. 321 second. The competition part of the evening program, was held in the banquet room of the Activities Building.

E. L. Cates, Lubbock, outgoing president, conducted the day long

meeting and J. O. Harris of Morton served as Master of Ceremonies. County Judge Fred Stockdale delivered the welcoming address to one of the largest groups ever to hold a meeting in Morton.

It was the first time in 9 years Morton had a president of the organization. Mrs. Harris was president elect when the group last met in Morton.

Mrs. Lily Alexander, Junior Past President of the Rebekah Assembly of Texas, was installing officer. W. A. Holsman of Lubbock was installing Marshall.

The Deputy Grand Master of the Grand Lodge of Texas, Raymond Gage of the Needmore IOOF Lodge, was present for the Association.

The Memorial Service was beautifully presented by the Littlefield Rebekah Lodge under the direction of Mrs. Tula Taylor.

Two more candidates announced their intentions to seek office this week, a scant few days before the official filing deadline.

H. L. Coon, local trucker and contractor who has been a long time resident and Cecil Edwards, incumbent Pet. Four Constable will be contending candidates.

Coon seeks the Constablership of Pet. One. He has one opponent, Hardy Rhyme, present Constable of Pet. One, seeking reelection.

Edwards is the only announced candidate for the Constable, Pet. 4 position.

Meanwhile — two of the most important dates in the Democratic

PCT. CONVENTION SATURDAY; FILING DEADLINE MONDAY

party politics are just a few days away. Saturday, May 5th, is Pet. Convention date in Texas. The following Monday, May 7th, is the deadline for filing candidates.

Actually, the dates apply to both Democrats and Republicans, but C. W. Word, County Republican chairman, said recently, he didn't know if there were enough Republicans in the Pct. to hold a Pct. Convention. Whiteface, Word's home, will probably hold a Republican Pct. meeting and if there are any Republicans in Pet. One (Morton) who have moved in during the past year, and will be responsible for holding a Pct. Convention, they

should contact Mr. Word at Whiteface, immediately.

Tom McAlister, Democratic County chairman, has announced that candidates for the coming Democratic primaries may receive official filing blanks from him or the County Clerk, but the completed filing blanks must be turned in to the County Chairman with filing fees, not later than Monday, May 7th.

McAlister also announced that the Pct. One Convention will be held in the Courthouse, District Courtroom, beginning at 10 a. m. Saturday. Every qualified voter of his or her Pct. is eligible to attend, and urged to attend and to take part in his or her precinct convention, he said.

At Saturday's precinct conventions, delegates will be named to attend the county convention to be held on Tuesday, May 8. Delegates chosen or elected at the County Conventions throughout the state will represent their respective counties at the state convention to be held in Dallas, May 22.

In a letter sent out to newspapermen throughout the area, the West Texas Chamber of Commerce has summarized the importance of the Precinct Convention this way:

"This is perhaps the most important date on the political calendar. Why? It's the only day in which you, as a citizen can actively voice your sentiment on issues, candidates, states rights, favorite sons, and help formulate the blanks in your party's platform. Irrespective of your views, whether liberal, con-

servative or middle of the road, you should attend that precinct convention. The group that prevails will be the one that gets the most people out who share common views; arranges caucuses in advance and has specific plans set for dominating the convention.

It goes without saying that this is a duty and responsibility of good citizenship. Good candidates, good party platforms and wholesome issues cannot be advanced if good citizens don't participate in precinct conventions.

And, of course, as for the importance of May 7th, in many fields a good citizen may not have been

prevalled upon to be a candidate. It is the duty of a citizen who is looking for good government to see that a good citizen is on the ballot for each office. The duty does not cease there. He must then work for him and his election. The time to work for good legislators is now, not after undesirable candidates have been chosen.

Two break-ins were reported in the area Sunday night according to local law enforcement officers.

The Magnolia Service Station at Whiteface and Snow's Service Station at Enochs were both reported broken into Sunday night.

At Whiteface, intruders who pried open a side window, took an estimated \$8 to \$10 from two vending machines.

At Enochs, the intruder carefully dismantled the lock on the door and after entering, took around \$10 and some important papers from a filing cabinet.

Sheriff Hazel Hancock left for Huntsville early Tuesday morning to take two prisoners. Billy Ray Murphy and Hubert Baker to the State Penitentiary to begin serving three year sentences they were given in district court here last week.

Murphy got three years on a burglary charge and Baker got a 3-year count for forgery.

Hancock expected to be back late this week.

H. L. Coon, local trucker asked this week the consideration of local voters in his behalf in the Democratic Primary for Constable of Pet. One.

Coon, who has never held public office before, said he has no idea of conducting an opposition campaign. He, as a local resident, who is in town almost every night, believes he can serve the voters as Constable of Pet. One and seeks the job.

"If you see fit to support my candidacy," Coon said, "I will do all in my power to serve you as I believe you would be served."

Two More Rural Phone Exchanges Will Go Into Operation On Friday

The Five Area Telephone Cooperative, Inc., will put into operation, May 4th (Friday) rural telephones in the Maple and Needmore areas. These exchanges serve the area south and southwest of Muleshoe and a large area in the north-west part of Cochran County.

With these exchanges are number two and three of five exchanges to be provided in the Cooperative construction program which extends modern telephone service into the surrounding area. There will be 62 telephones in the Maple exchange and 55 in the Needmore exchange to start with and more will be added later.

The Lehman and Bula exchanges will be put into operation on May 10th and 11th.

The equipment is dial automatic and modern in every respect. It is necessary for the people in the Maple exchange to pay a toll charge when calling Morton and Needmore. Consumers pay a toll charge when calling Muleshoe. These toll charges should be removed. The operator for the Maple exchange consumers will be in Levelland and the operator for the Needmore users will be in Littlefield.

This rural telephone service is being provided by a loan that has been made by the government to the local cooperative. The cooperative is managed and controlled locally. The Board of Directors consists of: Walter Damron, president; Circleback; C. E. Roark, vice-president; Route Two, Muleshoe; J. H. Angley, Rt. 4, Muleshoe; a director; Chester B. Settiff, director; Goodland; R. C. Gaede, director; Muleshoe; and Keith Kennedy, director; Morton. D. B. Lancaster is manager of the Cooperative.

FRED STOCKDALE IS NAMED PRESIDENT OF MORTON LIONS

Fred Stockdale, County Judge of Cochran County, has been elected to serve as president of the Morton Lions' Club for the coming year.

Stockdale polled 14 out of 25 votes cast in the election at the regular noon luncheon Wednesday. Neal Rose received 11 votes in the close balloting. Rose will serve as 1st vice-president. Roy Gentry 2nd vice-president and Tip Windom is incoming 3rd vice-president.

Other officers elected in the voting, all of whom will take office in July, will be Roy Tarver, Jr., Secretary; Frank Weir, treasurer; Spedy Scott, Lion Tamer; Truman Doss, Tail Twister; R. C. Strickland, Song Leader; and Burton Silvers and Fred Collins, directors.

Lion President J. W. McDermott announced he had reserved a place for 16 persons at the District 2-TL convention in Amarillo later this month. He also said at a recent directors meeting, the group voted to enter Deanna Rose as the local Lions entry in the Queen Contest at Amarillo.

Awards were handed out to local Lions for a recent membership drive and also ten Lions of the club were presented with perfect attendance certificates since last September.

Elwood Harris will serve as 1st vice-president and Ed Howell will be 2nd vice-president for the coming year.

Others elected to office by the local Jaycees will be Fred Payne, treasurer; Bill Crone, secretary; Bill Glassford, State Director; Gerald Ramsey, chaplain; LeRoy (Spe-

dy) Scott, becker; and three new directors: Bill Bridge, Dan Hodge and S. M. (Smiley) Monroe.

The new officers will take office on the night of May 14th during an installation ceremony. At the same time the Morton Jayceettes will install their new officers and the Jaycees will present an award to a man from Morton of Jaycee age as outstanding worker in the field of religion.

This last award may be made in or outside of the Jaycees, depending upon the decision of a 3-man committee.

In other business attended to the group planned their final in a series of five "Go To Church" campaigns. They will attend services in a group at the First Christian Church, Sunday. Immediately following the services, all Jaycees, their wives, and families are invited to eat dinner at the Activities Building.

Saturday is the deadline for any youngsters of the Cochran County, Three Way School District and Bula School District area, to enroll for the Little League program to be conducted at Morton this season, it has been announced. The team rosters will be drawn up on the weekend or early next week & for that reason all boys between the ages of seven and 14, who are intending to play Little League or Pony League ball, must fill out an application card at the office of M. C. Ledbetter, County Attorney or at the Morton Tribune office.

A meeting of the directors and officials of the Little League will be held this afternoon, (Thursday) at 5 p. m. in the County Attorney's office for the purpose of discussing plans for the operation of the league and finances.

Directors Home Russell, J. C. Reynolds, M. C. Ledbetter and the "resident" Roy Hill, and others who have helped plan the program are asked to attend.

Within the next few days the rosters will be made up and the player draft must precede this.

Eddie Irwin, player agent, said the one day practice school will be conducted a week from Saturday according to present plans. At the one day school the boys will be divided into age groups and will be viewed in action by the managers who will draft the players to fill

vacancies created by the boys who graduated into the pony league in the past winter.

Plans for the Pony League will also be discussed.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

On the J. W. McDermott 176 acre farm, just north of Morton, you will find Balboa rye, hairy vetch, alfalfa, Kentucky Fescue 31, and blue panic grass being grown for soil improvement and protection against wind erosion. Cotton burrs and feed lot manure are also applied each year on part of the land to maintain organic matter in the soil.

McDermott started his soil improvement program in July, 1950 at the time he developed a conservation plan with the Cochran Soil Conservation District and began receiving technical assistance from the Soil Conservation Service. There have been 61 acres of land bench leveled to be used for the planting of alfalfa and Kentucky Fescue for grazing and hay production, as livestock is an important part of the program on the McDermott farm. Some cattle have been kept on the farm the year long, but now, steers are purchased and fed on the alfalfa hay and ensilage that is produced and stored on the farm. The steers are grazed on the irrigated pasture & blue panic during the spring and summer before being put on full feed.

The cotton and ensilage are irrigated using underground tile and furrow method with a minimum amount of grade to insure an even application of water and a great reduction in erosion. Balboa rye and hairy vetch are used as a soil improving and cover crop planted in the middle of the cotton during the month of August. McDermott has found that an application of nitrogen and phosphorus fertilizer will make the cover crops grow fast and produce adequate growth to afford protection against wind erosion where the unfertilized will not. His cotton averaged one bale a quarter per acre in each of the last two years. To speed up the soil improvement, there has been an application of cotton burrs using a truck with a spreader attachment that was purchased for that purpose.

The grain sorghums are usually harvested for ensilage and followed with a drilled, fertilized cover crop of Balboa rye and hairy vetch. Last year fifteen tons of ensilage corn was harvested per acre, then stored in two trench silos on the farm.

The manure which is a product of the feed lots, is stockpiled. Cotton burrs are put in feed lots in the fall to provide first a dry bed for feeders during wet weather. Around mid-winter the stockpile of manure is spread on top of the cotton burrs. This, together with rainfall, assists in decomposing a mixture for fertilizer. One truck is equipped to haul ensilage from

Farmers To Get Federal Refund On Gasoline Tax

The farmers will get a federal refund on gasoline tax. The recently enacted law also applies to diesel and other motor fuels according to a release from County Agent Homer Thompson.

Good records will make the job of preparing a claim for refund on gasoline used on the farm easier, and the farm tractor a more efficient tool of production. Farmers are not eligible to ask for a refund covering the 2-cent per gallon Federal Excise tax.

To get a refund, a farmer must file after June 30 and before Oct. 1, a claim with the District Director of Internal Revenue covering the gasoline used during the first 6 months of this year (1956). After 1956 refunds will be made for a 1 year period from July 1, 1956 to June 30 advises the County Agent.

Refunds will be made only on Gasoline used on a farm for farming purposes. They will not include gasoline used in cars or trucks used on farm business.

The claim must be filed on form 2240 which will be available after June 1. Forms may be obtained from County Agents, banks, post offices, and Internal Revenue offices.

Urge all farmers to keep a good set of records on all gasoline or other fuels, used on the farm. When claim filing time rolls around, these records can mean money. If studied they may be the source of information that can save additional money from gasoline or fuel not fully utilized by the tractor and in maintenance cost. This applies to irrigation motors too, advises the County Agent.

PLACEMENT SERVICE HEAD

MAKES TALK TO SENIORS AT WHITEFACE HIGH SCHOOL
WHITEFACE — Miss Jean Jenkins, head of Placement Service at Texas Tech, spoke to members of the Whiteface Senior Class of '56, as well as students of the business class, this week. She stressed the following points:
1. Importance of the personal interview in securing a job; 2. Job opportunities for college students;

PLACEMENT SERVICE HEAD

3. Job opportunities for College graduates.
Miss Jenkins gave the following statistics: 3,700 jobs were reported to the placement service last year — for only 1,000 graduates; 1,960 teacher's vacancies were reported by 350 school superintendents, with only 147 teachers listed for employment.

PLACEMENT SERVICE HEAD

Miss Jenkins reported there is an acute shortage in math and science teachers.

BARBARA WALTRIP NAMED SENIOR DAIRY FOOD WINNER FOR COCHRAN COUNTY

Barbara Waltrip of the Cochran County Girls' County-Wide 4-H Club was named winner in the Senior Dairy Foods Contest held in Morton last Saturday morning. Barbara will compete in the district contest at Lubbock May 12.

Four Junior teams entered the contest. Placing first in that division were Linda Elliott and Paula Burnett. Other finishes were: 2nd, Sue Reid and Katie Lackey; 3rd, Clea Love and Patsy Walden; 4th, Jimmie Ruth Stokes and Linda Skaggs.

Lou Courtney was named first place winner in the individual contest with Sandra Cunningham, 2nd. All the junior girls were from the Morton 4-H clubs.

Mrs. A. E. Sanders, Homemaking teacher at Morton and Mrs. G. C. Keith, Home Demonstration Club member from Whiteface, were the judges. Miss Leila Petty, HD Agent, conducted the contests. Awards were presented to each girl by the 4-H Committee.

FOR ATTORNEY GENERAL— Justice Will Wilson, whose term on the State Supreme Court expires this year, will begin his campaign for Attorney General around June 1. Wilson, 44, served as assistant Attorney General under Gerald Mann and Grover Sellers. As Dallas County's "fighting district attorney," his drive against organized crime put many racketeers behind bars. He saw combat duty in the Pacific in World War II.

"WHAT BAPTISTS BELIEVE"

The fact that a denomination of eight million members can maintain unity and co-operation without an ecclesiastical hierarchy and without any written or binding creeds, is a standing marvel to many Christians in other folds.

Southern Baptists are characterized by their distinctive emphasis along five important lines.

1. **THE BIBLE** — We hold that the Bible is not only God's word, but is the only sufficient rule of faith and practice; nevertheless, giving every person the right to interpret it for himself, according to the light God gives him.
2. **SALVATION** — We accept John 3:16 and Ephesians 2:8-9 at their face value. That is, Salvation is wholly by God's Grace and becomes ours through Faith alone.
3. **BAPTISM & LORD'S SUPPER** — We regard baptism and the Lord's Supper as symbols and not in a conferring of saving Grace — and rightly performed on and after a believer's profession of Faith.
4. **BELIEVERS** — We believe that the New Testament church is made up of professed believers who have voluntarily associated themselves together for the advancement of God's Kingdom. We believe in the cooperation of our churches in this endeavor.
5. **CAPABILITY OF INDIVIDUAL** — We hold that every person is capable, through the help of the Holy Spirit, to come to God for himself. We believe in no kind of coercion in religion — thus we insist on complete separation of Church and State.

George W. Truett, who is recognized as the Prince of Preachers said, "if by the presence of my little finger, I could physically coerce every person in the world to become a Baptist, I would withhold that pressure. Though we differ with one another on certain points, can we yet be one in heart in the great task of winning souls? This is the time to love one another and obey Christ as He calls us to go on seeking to extend His sway in the hearts of men. May this ever be the spirit of all Southern Baptists."

WHAT WITH TEXAS Democrats having taken the turn of the past few months, it is inevitable that every voter who can attend his precinct convention next Saturday in Morton the candidate should stir up as much or more interest as any in the past. But the interest won't be in the local level — it'll be in the state level where two strong men, or factions are in control of the party. Yet, for certain two sides in the race, and in health a lot more than the anti Shivers folks. The anti Shivers folks who don't look place four years ago, and we won't go on record as expecting that the result of the party before the thing will be a lot of rough politics to bother though — they

are already bothered and upset. A hundred or more Little Leaguers in Morton and Cochran County are clamoring to get started, and we can't get started until we get a few major problems ironed out. We never did expect to get started before school was out, so just be patient boys, the only reason we got you signed up so early was so we would know what size a league to make plans for.

as for the SOFTBALL, it'll get started in good time also, but we haven't got the field ready yet. Just hope all of the overzealous boilevers are as willing to work on the field when it comes time in a day or two as they are to holler now.

there's a chance THIS WEEK that a team from Whiteface may enter our softball league this season. As far as we know, with the exception of one half of one season about five years ago, we haven't had a Whiteface team in the league. We'd certainly like to have one, even if they carried off all the marbles at the end of the season. The Whiteface area is about the only group that hasn't been well represented in our league, and if the folks over that way don't think we've had a lot of fun and inexpensive entertainment out of the league, they should stop by to see some of the games.

we almost got

THE NEW FIELD dragged off the other day but complications of one sort or another stopped us on Saturday and Monday. Then it rained on Monday night, or we should say Tuesday morning, and that delayed us some more. Too bad we couldn't have got the new field dragged Monday. That rain would have been just what we needed.

OF THE RAIN it appears to have been pretty general. Seems to the north of us they got up to a half inch most places in the county, and also east; and to the south and west they got up to an inch of water. Heaven knows it was badly needed. If memory serves us correctly, that's the first measurable amount we've had since the big snowfall that postponed school for two days.

PIECE OF MATERIAL this week from one of the petroleum companies about the ridiculous amount of dangerous handling of butane that is going on.

DEALT WITH this in particular, potentially lethal stunts, filling of tractor tires with butane or propane vapors instead of air; Using of pressure from butane bottles to operate grease guns; using vapors for operating palm spray guns. In the article cautions that only a loaded 45 automatic is any more of a dangerous gun than one operated by butane vapors. Actually, the fact that any kind of a spark near the fumes will bring instant blinding explosion, should be warning enough. And yet, more and more people everyday are getting killed because of some foolish shortcut method they've dreamed up thru use of butane.

MONDAY IS Dollar Day again in Morton, and, if you don't know it by now, you might as well find out this Monday that the once monthly promotion in Morton is far & away the best time to shop for bargains. General Motors To Dedicate Technical Center

General Motors will dedicate its fabulous new Technical Center just north of Detroit in impressive ceremonies May 15-16. Hailed as one of the world's outstanding industrial research centers, the GM Technical Center contains 25 buildings on a site of 330 acres. The Tech Center is a resource available to all the company's divisions and is a workshop for more than 4,000 engineers, researchers, stylists and other specialists charged largely with the responsibility for forward research, engineering and styling. As General Motors President Harlow H. Curtice has said: "There are no 'today's' at the Technical Center. This is our investment in tomorrows." The mid-May dedication is expected to draw world-wide attention.

don't get one, drop by the Tribune office bright and early Monday & pick up a copy free — then you'll be set for real bargain shopping. It will mean bargain shopping, and merchants with the best in Dollar Day bargains are advertising in the Dollar Day Special.

EITHER IN the Dollar Day paper or next week, directly from a local man who went to Washington to attend the hearing on the Mexican National Wage issue, as to what the government had to say about it.

GENE BENHAM, and the man from the Producer's Coop, Joe Gore, flew to Washington for the hearing Sunday. They expected it to take only a short time on Monday, but after they had gotten around to meeting before all of the right parties concerned with the problem they had already spent at least an extra day.

GENE DID say, he felt a lot better about the situation and that George Mahon was helping them in every way possible. But he neglected to mention whether or not the big boys convinced him they had a duty to look out for Mexican citizens before they had a duty to look out for their own citizens.

GENE MADE the trip. He was grinding a few axes of his own but at the same time he was doing a little grinding for a lot of other farmers who couldn't find the time to make the trip.

HERE THEY ARE...

MONDAY IS DOLLAR DAY IN MORTON

Sunday Opens SCD Week Across the Nation

The week of May 6-12 is Soil Conservation District Week in the State of Texas. It begins on Soil Stewardship Sunday, May 6 (that's next Sunday), when many churches will hold special services to recall man's duty to the land.

In conclusion with the Soil Conservation Week Sunday, is known as Soil Stewardship Sunday and all churches in the area have been urged to cooperate in bringing to the attention of their congregation Soil Stewardship and what it can mean.

Each soil conservation district was organized only after landowners of the area voted to have such a district. SCD's are legal subdivisions of state government, comparable to counties and school districts, but they have no taxing power. Each is governed by a Board of five supervisors who must be landowners themselves and who are elected by the farmers and ranchers of the District.

Local Students at Wayland College Being Kept Busy

PLAINVIEW - Gale Bryant & Milton Martin, Morton students at Wayland College, are in the midst of a flood of springtime activities as the college year rapidly approaches the Commencement season.

Commencement will be May 21 with honorary degrees going to three outstanding Baptist leaders, Mrs. H. G. Stinnett, Jr., vice-president of the National Congress of Parents and Teachers, Austin; Geo. L. Shearin, Dallas, endorsement secretary of the Baptist General Convention of Texas; and Rev. Harlan Harris, pastor of First Baptist Church, Plainview, and bachelor's degrees to 42 seniors.

Gale is a freshman working toward the B. A. degree with a major in business administration and a minor in English. She is the daughter of Mr. and Mrs. C. D. Bryant.

Besides his college work, Milton is president of the Volunteer Mission Band, religious editor of the "Traveler", college yearbook, program co-chairman for Fishers of Men, and is a member of the Baptist Student Union Council, BSU choir and Chapel Choir. He is working toward the B.A. degree with a major in English and a minor in Bible. Milton is the son of Mr. & Mrs. Bill Martin.

BAPTISTS ARE UNSCRIPTURAL IN WORSHIP

They use mechanical instruments of music. What New Testament church used mechanical instruments of music? What Baptist will turn to the Bible and read the passage where any New Testament church ever used the instrument? They have borrowed the instrument from the Pope and not from Christ or any of the apostles. The Bible does not authorize it in Christian worship. We are taught to sing by the apostles. "Speaking to yourselves in psalms & hymns and spiritual songs, singing and making melody in your heart to the Lord." (Eph. 5:19) "Let the word of Christ dwell in you richly in all wisdom; teaching and admonishing one another in psalms and hymns and spiritual songs, singing with grace in your hearts to the Lord." (Col. 3:16) In Gen. 6:14 God commanded Noah to build an ark of "gopher wood." Would Noah have sinned by using some other kind of wood? I think all will agree that he would have been guilty of sin had he done so. If so those who add instrumental music to singing in the worship are guilty of sin. The old argument that "God did not say, not to play" goes begging. Instrumental music may be pretty and pleasing to you, but it cannot be used in worship as an act of faith. "Faith comes by hearing -- the word of God." (Rom. 10:17). The New Testament nowhere authorizes its use. In John 16:13, Jesus said, "Howbeit when He, the Spirit of Truth is come He will guide you into all truth." Since the Holy Spirit guided the apostles to instruct Christians to sing and because the apostles never used instrumental music in Christian worship, I must conclude that instrumental music in worship to God is no part of the truth. The only authority such people have for using instrumental music is the "Pope", and their own desires. They have absolutely no assurance that God "desires" it, or that He is satisfied with it.

It is not the doctrine of Christ. "Whosoever transgresseth and abideth not in the doctrine of Christ hath not God." (II John 9).

Some Baptist observe the Lord's supper, quarterly, semi annually, yearly and some never. They read in I Cor. 11:25 where Christ is quoted as saying: "This do, as oft as ye drink it, in remembrance of me." Thus they conclude that the Bible says nothing about how often it is to be observed. The above passage is merely pointing out that Christians are to "remember Christ" everytime they partake of the Lord's supper. The Bible plainly states that the disciples came together on the "first day of the week to break bread and Paul preached to them." (Acts 20:7). Every week has a first day. When God told the children of Israel, "Remember the sabbath day to keep it holy," they understood that they were to keep "every" sabbath day. Baptist preachers can find enough authority in "the first day of the week" in I Cor. 16:2 for taking up collection two or more times at many services on the first day of every week, but not enough in the entire Bible for observing the Lord's supper on the first day of every week. Could the difference be because it takes money to pay the preacher?

How much of this \$40,000,000,000 pie belongs to you?

THIS YEAR is the 15th anniversary of the U. S. Savings Bonds Program, the greatest success story the world has ever seen.

Since May, 1941, 40,000,000 Americans have saved \$40,000,000,000 in United States Series E and H Savings Bonds. That's an average of \$1,000 per investor. Do you own your share?

If not, you're missing out on a real money-making opportunity. For every \$1.00 invested in U. S. Series E Savings Bonds will pay you back \$1.80 in 19 years and 8 months. What's more, every dollar invested in Savings Bonds is absolutely safe, not subject to market fluctuation. And every dollar invested in Bonds earns you 3% interest, compounded semiannually, when held to maturity (9 years and 8 months). Plus the same good interest rate for an additional 10 years, should you so desire.

Look ahead to the next 10 or 15 years and see what regular investment in Savings Bonds will mean to you. A new home. A college education for your son. A ment income.

You owe it to yourself to start investing in Savings Bonds today—either on the Payroll Savings Plan work or at your bank. The bigger \$40,000,000,000 pie that is yours—*th*
