

Talent Show Kicks Off Celebration

The national conventions are now over, and party leaders are no doubt breathing a sigh of relief.

The Democrats undoubtedly emerged as winners in the battle of conventions. Theirs was the most boisterous, had more side effects, more demonstrations, and more Democrats made fools of themselves than did Republicans in their conventions.

A friend of mine asked "If they couldn't control the city of Chicago, how do they (the Democrats) expect to control the entire nation?"

Actually, I am among the group which is in sympathy with Chicago mayor Richard Daley. There may have been some instances of extremism by policemen, but we have to admire the Chicago officials for standing up on their hind feet and turning back to the mobs. It seems to us that if more cities had met demonstrators in this manner, more riots and looting could have been avoided. If demonstrators knew they might get a night-stick in the ribs, they might not be as anxious to join the foolishness.

We think that these demonstrators and would-be rioters need to be met with force, and the more the better. As columnist Wes Izzard said -- it would be one thing if these youngsters were being denied freedom of expression -- but when almost every group waves the flag of an enemy -- a night in jail is just fare for such acts of treason.

Many news reporters, both for newspapers and television, complained that they also received some harsh treatment from members of the Chicago police department.

It's our opinion that reporters who go out among the mob, even if it is to "cover" the activities, are treading on thin ice -- and if they are a part of the mob, they are deserving of the same kind of treatment accorded the rest.

Many of the so-called demonstrators do not begin until television reporters move into a neighborhood with their TV cameras grinding. As this time the hippies oblige the reporters, since it's recognition they are after. Reporters of this type who help manufacture the demonstrations, actually need harsher treatment than any of them received in Chicago last week. They need to be banished from their profession.

Apparently, Mayor Daley had considerable information about the planned demonstrators. He even purported to have word that the top three candidates for the nomination, along with himself, would be assassinated, if the convention went on as scheduled.

So, Mayor Daley asked -- television interviewer -- of all this, is it any wonder that we used force? Daley said he did not want another event such as had happened in Dallas and Los Angeles.

The Chicago mayor recognized the demonstrators for what they were -- communist inspired. In an interview with Walter Cronkite, Daley even went so far as to call names of some registered Communists who were ring-leaders for the demonstrators.

This is the sort of thing that we would hope a new administration could control. Both parties are campaigning on a "law and order" issue. We hope against hope that whoever is elected, that they will, indeed, be able to restore law and order to our nation.

It scares and concerns us that such events as those which went on in Chicago last week could be taking place in our nation.

We heard this on the Johnny Carson show last week, and will pass it along for its timeliness. Seems that Bob Newhart was filling in for the vacationing Carson. He reportedly received a letter, as follows:

"Well, I see where Johnny Carson is going to be off again this week, and they have Bob Newhart as his replacement. Pray tell me, WHO is Bob Newhart? It seems to us that if they have to have a substitute, they'd get someone who anybody had ever heard of."
Signed, Spiro Agnew."

The Friona Junior Chamber of Commerce talent show will kick off the 13th annual Maize Days activities in the way of main events, scheduled for the high school auditorium next Tuesday at 8:30 p.m.

Actually the carnival rides and booths by local clubs and organizations will be set up on Monday in the City Park, and will operate every evening of the week.

Prizes worth a total of \$90 will be awarded to the top three winners. Through Tuesday, only four entries had been received, according to Ted Lamora, contest chairman. Anyone with a talent act who is interested in entering the contest is urged to contact Lamora at 247-2733. An entry blank is reproduced inside this issue.

Judges will be from Cannon Air Force Base in Clovis. Admission will be charged, but there will be no entry fee for entrants in the contest.

On Wednesday, the Friona Young Farmers Association will sponsor its second annual Farmer County Farm Tour, meeting at the high school parking lot at 9:15 a.m. The tour will leave at 9:30 and will progress as far as Farwell by noon and will recess for lunch until 1:30 p.m.

Included on the tour will be three primary types of demonstrations: crop varieties; fertilizer tests and water conservation.

Gentle Rains Put End To Dry Spell

The long dry spell in the immediate Friona area was finally broken last week, when gentle rains were measured locally.

The City of Friona measured .60 inches on Thursday morning, and .48 inches the following morning. This 1.08 inches were the most measured by the city all summer.

In outlying areas, the Rhea community got around 1.6 inches in the two-day period. Many farmers closer to town received over two inches, and reports from the Black community indicated that as much as three inches fell in places there.

The rain was welcome, as maize farmers had not been able to shut down their irrigation wells all summer. Many were finally able to do so this time.

Main items on the agenda for next Thursday is the queen's contest at the high school auditorium, beginning at 8:30 p.m. The top ten girls in the contest will present their talent acts. Friday's feature item is the

parade, set for 10 a.m. on Friona's Main Street.

Then on Saturday, the concluding day of the celebration the main event is the annual free barbecue at 12 noon at the city park.

Nice Increase Noted In School Enrollment

Enrollment in the Friona School system increased sharply on Tuesday, to a total of 1359, up 82 from the first day enrollment last Wednesday.

The total compared favorably with the totals from the same day a year earlier, when 1285 students were enrolled. This gives an increase of 74 over the first Tuesday of September in 1967.

Biggest increase this week over the first day figures came in the first four grades, which increased 42 students, from 516 to 558. Junior high (fifth through eighth grades) now stands at 452, a gain of 20 from

opening day, and high school is also up 20, from 329 to 349.

Enrollment by grades, according to Superintendent of Schools Alton Farr, was as follows as of Tuesday:

First grade -- 166; second grade -- 124; third grade -- 132; fourth grade -- 124; special education, elementary school -- 12; fifth grade -- 120; sixth grade -- 113.

Seventh grade -- 114; eighth grade -- 98; special education, junior high school -- 7; freshman -- 102; sophomores -- 89; juniors -- 88; seniors -- 70.

Superintendent Farr said there probably still will be a slight daily increase during the first couple of weeks of school.

Newcomers May Apply For Special Ballot

Voters who have lived in Texas less than a year must apply for a ballot during a 15-day period beginning Friday, September 6, if they want to vote for President and Vice President in the coming general election, Bonnie Warren, County Clerk announced today. Applicants must appear in person at the county clerk's office.

This will be the first time that persons having less than a year's residence in the state will be able to vote in a presidential election, Mrs. Warren said. A law passed by the Texas Legislature last year permits a voter who moved to Texas from some other state less than a year before general election day to vote for President and Vice President, but for no other offices, if he will have lived in Texas at least 60 days on election day. In order to vote, he must possess all the qualifications required of electors under Texas law except the ordinary residence requirements, and it must also be shown that he was either a qualified elector in another state immediately before his removal to Texas or that he would have been eligible to vote in the state where he formerly lived if he had remained there until election day.

Mrs. Warren said that a person who had been issued a voter registration certificate, voter identification card, or other document showing that he was a registered voter in the state from which he moved should take this document with him when he goes to the county clerk's office to apply for a ballot. If he does not have written proof of his registration, it will be necessary for the clerk to obtain verification of his voting eligibility from the voter registrar or other appropriate election official at the place of his former residence before he will be accepted for voting.

Applications must be filed with the clerk by 12:00 o'clock noon on Saturday, September 21. However, the voters will not actually vote until the period of October 21-November 1, when they will return to the clerk's office and cast their ballots. Bonnie Warren said that each applicant will be given written notice informing him whether his application has been accepted after the clerk receives a reply from the voters registrar in the state of former residence.

Persons voting in the presidential election under this special procedure need not be registered as voters in the county where they now live.

Mrs. Warren emphasized that this voting procedure applies only to persons who will have lived in Texas less than a year on election day. If a person moved to Texas before November 5, 1967, he must be registered with the county tax assessor-collector in order to vote in the general election on November 5, and he will vote in the regular manner on election day. However, only those persons who became residents of Texas after October 1, 1967, may register at this time, and they must register by next October 5 in order to vote in the election on November 5. Registration for persons who become residents on or before October 1, 1967, closed last January 31.

CAPTAINS ELECTED. . . Tri-captains for the 1968 football season were elected on Monday by the Friona Chieftains. All seniors, they are left to right, Gary Shirley, Tony Perea and Johnny Barker. The captains are shown kneeling in front of

AT VEGA

Changes Made For Friday Scrimmage

Coach Bob Owen announced this week that the Chieftains were trying something new prior to their scrimmage against Stratford, scheduled at Vega beginning at 6 p.m.

Johnny Barker, who has been team quarterback the past two years, has been moved to a running back position, to take advantage of his running ability, and Junior Danny Kendrick will be at quarterback.

"This is not to say that this is the way we'll operate when we open our season, but we're attempting to find out who our

strongest men are at each position," Coach Owen says.

Barker has gained a lot of yardage running during the past two years. Of the returning backfield men, he was second behind leader Tony Perea for yardage gained rushing during the 1967 football season. In fact, he carried the ball only 42 times less than did Perea.

"Johnny always makes a lot of yards rushing, even if he's at quarterback. We want to find out if he can make even more yards at halfback slot," Owen said.

Football Contest To Begin September 12

The Friona Star's annual football contest will start next week, with tickets to the Cotton Bowl and Sun Bowl awaiting the top two grand prize winners at the conclusion of the contest.

As usual, weekly cash prizes of \$5, \$3 and \$2 will be awarded to the top three guessers each week. Scores will be kept throughout the season, and tabulated each week.

At the end of the 12-week contest, the contestants with the most points will win two tickets to the Cotton Bowl football game along with hotel reservations in Dallas the night of December 31, and \$25 expense money.

Second-place finisher in the contest will receive two tickets to the 1969 Sun Bowl game, along with \$25 expense money.

The third-place contestant will receive two season tickets to the 1969 Friona Chieftain home games, or the cash equivalent.

Interest in the contest continues to grow each year. More than 300 different contestants entered in 1967.

Sponsoring the contest in conjunction with the Friona Star, are Friona Farmers Co-Op Gin, Friona Wheat Growers, Chester Gin, Hi-Plains Feed Yard, Hub Grain-Fleming & Son Gin, Friona Motors.

Also, Ethridge-Spring Insurance Agency, Reeve Chevrolet, Friona Country Club Gin, Bi-Wize Drug, Friona Feed Yards and Farmer County Implement Co., Grady Dodd, Texaco.

YOU GOTTA HAVE IT. . . Robert Osborn, left, and Mark, center take advantage of little brother Matt, as they "sell" him a Maize Days shaving permit. All three of the boys, sons of Mr. and Mrs. Robert H. Osborn, were bought shave permits by their grandfather, Sloan Osborn, but apparently Matt didn't take to the idea, (or maybe he was thinking of growing a beard?)

DEFENSIVE BLOW

THE AGE OF CHEMICALS

When a member of the family gets sick, we call a doctor. Quite frequently an illness that could have been serious is stopped in its tracks by a drug that didn't exist a few years ago. Whatever reservations we hold in our minds about the magic of modern pills quickly vanishes before the compelling urge to find a way to get well.

The magic of chemical compounds has another application which indirectly has as great an influence on our lives as the wonder drugs of medicine. In the field of agriculture, chemicals--pesticides--are used to protect the health of crops. They have done such a good job that it is difficult for the average person to even begin to grasp what it was like to live in an age when there were crop failures and famines. A classic case of this was the Irish famine of 1845-1849. It was caused by potato blight, which overnight caused green fields to turn black and potatoes to rot. The rot destroyed Ireland's basic food supply. More than a million people, about 12 per cent of the population, died from hunger. Today, while the blight is still a problem, it is controllable by application of a modern fungicide and DDT.

In reality, the many chemicals that protect agricultural crops are no different than the drugs that protect our health. U.S. agriculture has developed the most advanced food production industry in history. And, the age of chemicals has played a major part in bringing it to its advanced state. It is no exaggeration to say that U.S. agriculture provides a base of knowledge from which to increase food output throughout the world--if international agreements can be reached that will encourage worldwide distribution of the crop-saving chemicals that are now taken for granted in our own country--just as are the miracle drugs of medicine.

Pause And Reflect

By Nelson Lewis

Way back in the early 1900's one of the most fashionable means of spending a Sunday afternoon was to hire a "rig" or "turnout" and go for a nice drive in the country.

For the benefit of our younger generation a word of explanation is in order. A "rig" or "turnout" was the popular name for a horse and buggy.

The rent-a-car idea had not come along yet - primarily because the horseless carriage was still a freakish contraption favored only by young dare-devils.

Automobiles were not taken seriously by the majority of people; one reason being that it was considered impossible for a human to breathe while traveling in excess of twenty miles an hour!

Usually the local swains obtained a rented rig and called for the young ladies, but on this particular afternoon two girls made what they called a bold decision.

They, without escorts, arranged for a rig to be brought to their home and together they set out for a drive.

Their way led past the county fair grounds and being filled with the fire of youth they decided it would be great fun to drive around the race track -- at a leisurely pace of course.

There was only one thing wrong with this plan -- they did not know that their hired steed was a former race horse.

They were soon to learn! Upon entering the track the old nag was overcome by nostalgia and getting a firm grip on the bait he gave a fair imitation of Man-O-War at Churchill Downs!

The two young ladies (here it must be told) -- my own sweet Victorian mother and a cousin, were the culprits could do nothing but drop the reins and hold on for dear life.

Their lovely Gibson Girl gowns and hairdos surrendered to the bouncing buggy and the wild wind.

Not until he had made two laps of the track was the old pony content to be driven, panting and wheezing, back onto the country road.

I often wondered what explanation the girls offered for returning to town in such a wind-blown condition.

Somehow I can understand the old horse's desire to once again take a fast turn around the track - every September I want to go back to school.

The challenge of new classes and new teachers, the thrill of a new school year and the meeting of new friends is one of the finest times of life.

Today's students are faced with far more knowledge than the search for academic knowledge.

Forces play upon the emotions of the young at heart and they, being just one long step away from childhood, could be found marching to the beat of the wrong drum.

These young friends of mine neither want nor need a lecture from an old man -- and they are not going to get one - but I have a favor to ask of them.

Please dear hearts, as you travel along, think of the signs we see at railroad crossings.

Whenever an outlandish idea or subject is advanced and you feel that little inner voice stirring - Stop - Look - and - Listen, in other words Pause and Reflect.

Will you do that for your old friend?
Thanks, and good luck.

Chieftains' Offensive Leaders Among Lettermen

With five of its top seven ball-carriers returning, and seven scorers, the Friona Chieftains on paper should be strong offensively for the 1968 season.

The team has returning its leading rusher and scorer from 1967, Tony Perea, who gained 786 net yards and scored 60 points to pace the 1967 Chieftains to a 7-3 record. Perea also made the most yards (151) on pass receptions. He scored 10 touchdowns.

Behind Perea comes Johnny Barker, who gained 228 net yards rushing and passed for 395 more. Barker scored 26

points and passed for 30 more. Fullback Lowery Harper gained 141 yards rushing and averaged 4.5 yards per carry as a junior last season. Isidore Cordova didn't see a lot of varsity action, but played enough to gain 49 yards and average 4.5 yards per try.

Jim Schlenker, who was third among pass-catchers in 1967, also returns, giving the Chiefs another strong returning offensive player.

The Chiefs open their season on September 13 against always-tough Farwell on the Steers' home field.

Owen Praises Defense In Boys Ranch Workout

Coach Bob Owen had praises generally for the defensive work of the Chieftains in their scrimmage last Thursday with Boys Ranch.

"Our defense was the bright part of the scrimmage. However, Boys Ranch isn't too tough offensively, so this might have been deceptive," Coach Owen told members of the Friona Booster Club Monday night.

Owen predicted that the team's scrimmage with Stratford this Friday should give them a better test, both offensively and defensively.

"We need to improve our pressure on the passer. I believe the best pass defense is a good rush," Owen said. He said he was real impressed with the second offensive team, especially their blocking.

CLASS PROJECT. . . Members of the Friona High School Junior class are selling tickets this week on the colorful quilt shown above. At the top are Susan Vestal and Becky Neill. At bottom are Norman Mohr and Wayne Schueler.

Registration Begins For Punt-Pass-Kick

Boys ages 8 through 13 in the Friona area can begin registering for the eighth annual Punt, Pass & Kick Competition on Tuesday, September 3rd with trophies and trips awarded football-minded youths for skills in punting, passing and kicking.

Headquarters for registration in Friona is Friona Motors, where entries will be accepted from September 3rd through October 4th. Entrants must be accompanied by a parent or guardian. There is no charge as the entire competition is absolutely free to all entrants and all equipment such as footballs and kicking tees are provided. No body contact is involved in PP&K competitions.

Last year, David Hutson and Myron Finley, two of the local winners, won their age competition in the zone eliminations and advanced to the district competition in Phoenix, Ariz. When they register, boys receive a free booklet of com-

petition tips written by Green Bay's star passer, Bart Starr, the Atlanta Falcon's specialist Billy Lothridge, and St. Louis Cardinal's kicking leader Jim Bakken. The booklet includes exercises for better physical fitness oriented to boys of PP&K's competition ages.

In addition to the booklet each registrant receives an attractive PP&K lapel pin. The basic principle of PP&K underlines fairness in competition to give every boy an equal chance to win, pitting contestants only against those their own age. Points are awarded for each foot of distance the ball travels on the fly, with points subtracted for each foot the ball lands to right or left of a center line.

Eighteen handsome trophies will be awarded locally by Friona Motors. Gold trophies go to first place finishers, silver to second and bronze to third, with first place winners going on for further competition in Zone contests.

Winners of Zone competitions will receive trophies and runners-up are awarded certificates. Zone winners move to District competition where 216 District champions will be awarded trophies and go on to compete for Area championships. Area champs travel to division events in NFL stadiums in St. Louis or Atlanta where twelve finalists are chosen - six from the NFL Eastern division and six from the NFL Western division. Winners are accompanied by their fathers to all Area and Division competitions.

The twelve division winners go, with both parents, to the Orange Bowl in Miami, Florida, for the National Finals during the annual NFL Play-Off Game. Then all 12 National finalists and their parents will go on a "Tour of Champions" to Washington, D.C. Registrations continue through October 4th at Friona Motors, for all boys 8 through 13 years of age.

The Library Corner

BY MRS. JOHN FRED WHITE

This summer the library was privileged to have several young people volunteer to help with various jobs. Some of these helpers were Girl Scouts some were Future Homemakers and others helped out for fun. These were Deanne Dickson, Vicki Beck, Kathy King, Ann Spears, Pam Jarecki, Darla Perkins, Kay Riethmayer, Jill Riethmayer, Lou Whaley, Karla Patterson and Tim Elmore.

We appreciate all they have done. No library anywhere could function without a great deal of volunteer help and we also need it.

A new session of the library story hour will begin after Maize Days. This library service is open to all preschool age children three to six years old. We meet for an hour on Thursday mornings for stories, games music and fun. Watch for the beginning date. Mrs. Bill Brandt will be in charge of story hour. We need volunteer readers to help us. Almost everyone can spare an hour occasionally. The children are divided into two age groups and we like to have about twelve children in each group. Each group has a reader and the reader has a helper. Call the library at 247-3200 if you want to volunteer or call Mrs. Bill Brandt at 295-3620.

The library received some very old books from Mrs. Steve

Bavousett recently. These were novels and in remarkable condition. We accept all books and if we happen to have a duplicate of one that you want to give, we take your book and store it. Books do wear out and need to be replaced occasionally. Don't think that we wouldn't be interested in what you have to offer because we definitely are! We need books for every age reader.

The library will be having an open house during Maize Days. We will serve free coffee on Friday and Saturday of Maize Days week. Make a special effort to come in and see your library.

Book mobile Sets Stops In Area

The bookmobile will make its regular schedule this week in the Friona area.

Thursday, the bookmobile stops at Oklahoma Lane, 9:50-10:50 a.m.; Rhea, 12 noon - 1:30 p.m.; and Black, 2:30-3:30.

Friday, stops are slated for Hub, 8:45-9:45; White's Elevator, 10-11 a.m.; Lazbuddie, 12 noon - 1 p.m. and Clay's Corner, 1:15-2:15.

On Saturday the mobile library stops in Friona from 1-4 p.m.

TRAILER FIRE. . . Fire chief Ralph Shirley, right, and volunteer fireman Ray Murphree look on as other members of the department, invisible because of the smoke, fight a fire at the W.T. Murphy trailer residence at 506 E. 11th Saturday.

RECEIVE LVN DEGREES. . . Three local women were among this group who received LVN Degrees from the Plains Memorial Hospital in Dimmitt recently. They are Mrs. Alta Rhodes, Mrs. Ruth Terry and Mrs. Ora Mae Anthony.

MRS. RONALD EDWIN PROCTER

Castleberry-Procter

Vows Exchanged In Denver City

In a candlelight service at 8 p.m. Friday, August 30, in Denver City Church of Christ wedding vows were exchanged between Lizbeth Luetta Castleberry and Ronald Edwin Procter. Parents of the couple are Mr. and Mrs. Lawrence Castleberry, Denver City, and Mr. and Mrs. James Procter, Friona.

The double ring ceremony was read by C. J. Horton, Friona, before an archway of lemon leaves entwined with flowers of gladioli and centered with white wedding bells.

Candelabra holding crystal votive candles and flanked by spiral candelabrum holding matching candles completed the setting for the wedding. The bridal aisle was lighted by brass hurricane candles entwined with English ivy and glamelias.

Members of the Denver City High School A Cappella Chorus, with Becki Bennett as soloist, sang "The Twelfth of Never," the traditional processional "The Bridal Chorus," from Lohengrin by Wagner, "Father, Hear the Prayer we Offer," and the traditional recessional.

Dewayne Procter, Friona, was his brother's best man. Groomsmen were Tom Moudy III, Tullia, Mickey Wilson, James A. Hall, Ronald Awtry and Troy Don Collier, all of Lubbock. Ushers were Ted Procter, Friona, brother of the groom, Richard Dickson, El Paso and Danny Black, Friona.

Ann Castleberry, Denver City, was her sister's maid of honor. Bridesmaids were Eva-vue Rollans, Vernon, Vikki Vernon, Denver City; Mrs. Bill Chambers Jr., San Antonio; and Mrs. Bobby Nelson and Mrs. Troy Don Collier, Lubbock.

The bridal attendants wore identically styled formal gowns of aqua dotted Swiss designed with empire waistlines, puff sleeves and sashes of the same material. Their headpieces were clusters of margarine daisies attached to streamers of deep aqua velvet ribbon. They carried colonial bouquets of margarine daisies and English ivy accented with ribbon matching the headpieces.

As the bride was escorted to the altar and presented in marriage by her father, she wore a formal wedding gown of Alencon lace and tulle. It was designed with an empire waistline, elbow length sleeves and a line skirt. The neckline, which was round in front, formed a rectangle in the back. The chapel train, which was caught at the back neckline with a satin bow and streamers was adorned with rows of lace.

Her veil of tulle was attached to a lace bow. She wore two pieces of heirloom jewelry. One was the wedding band worn by the groom's great-grandmother and the other was a bracelet which belonged to the bride's great aunt. Her bouquet was a cascade of French-ed mums, English ivy and baby's breath surrounding white catalpa orchids.

A reception in the Community

Building followed the ceremony. Guests were registered by Linda Pulliam, Hereford. In the receiving line with Mr. and Mrs. Procter were their parents and the bridal attendants. Special guests were Mr. and Mrs. Ottis Peterson, Lamesa, maternal grandparents of the groom; Mrs. Blaine Wiggins and Mrs. Doyle Shillingburg, both of Lamesa, great-aunts of the groom.

The serving table was covered with a Swiss embroidered floor length cloth and centered with an arrangement of white gladioli and margarine daisies in a crystal epergne with a silver base. Silver candlesticks, silver and crystal appointments completed the table setting.

The three tiered cake, which was decorated with aqua bridal roses and wedding bells and topped with a miniature bride and groom, was served by Mrs. Mickey Wilson, Lubbock. Frie-

da Floyd, Friona, presided at the punch bowl. Others in the houseparty included Mrs. C.W. Vernon, Denver City, Mrs. Ronald Awtry, Lubbock, Mrs. W.H. Porter and Mrs. Jim Terrell, both of Denver City.

For her daughter's wedding Mrs. Castleberry wore a crepe dress of apricot accented with matching lace trim, matching accessories and a headpiece of bows to which a brief veil was attached. Her corsage was a green cymbidium orchid.

Mrs. Procter wore a dress of American Beauty pink with matching color chapeau and silver fox accessories. Her corsage was a white cymbidium orchid.

Frightened, its wing broken, the bird was clinging to a rail when Tod found it. He brought it home, and "Racky" became its name. Days passed and the bird mended quickly. "Racky's getting well," the six-year old informed me one day. "Will he fly away?" I nodded. "But I want him to stay here! I'll feed him, and let him sleep in his box-house, and take care of him—an' everything!" "But he might want to be with his friends," I said. There was silence as the boy pondered the idea. "All right," he finally said. "I'll let him go. But I bet he'd be happier here with me!" We, too, would be happier if we knew where we belong in the complex pattern of life. God helps us discover ourselves and our place in His universe through His Church. The child didn't know any better. Do you?
