MORTON SCHOOL ENROLLMENT INCREASE NOTED; Mother Dies

SCHOOL ANNOUNCES NEW 5 YEAR INSURANCE PLAN

Approval was given by the Morton School Board of Education Monday night for the requisition of two new school buses, a five year insurance program for the school plant, payment of May bills, and the offering for sale of three tracts of property now owned by the district.

Also, the board members checked the school's annual report on scholastics which showed a slight gain in number of students enrolled, and a slight increase in the "average daily attendance" for the 1957-58 school year over the 1956-57 period.

School officials present at the meeting were Frances Houston, board president; G. E. (Buck) Hucklebee, board vice-president; Roy Brown, board secretary; and W. C. Vandlandingham, E. V. Thompson, Raymond Ross, and Jack Wallace, members, and John Barnes, superintendent of schools.

The annual scholastics report showed a total student enrollment of 1,168 during the year.

Highest total enrollment at any one time was 1,079. The year's "average daily attendance" was slightly more than 517, or approximately 25 more than the previous year's.

Of the 1,168 students who were enrolled during the school year, 608 were boys and 560 were girls.

Classroom teachers totaled 47, with an administrative staff of four.

Also held at the resort was the district's assessed valuation of \$7,268,189.00 with a tax rate of \$1.26 for maintenance and \$4.64 for bonds.

Two buses, a 60 passenger and a 45 passenger vehicle were ordered to be purchased through the state bus buying program.

"Through this program the state receives a number of requests from school districts, then asks for bids on the total number requested."

The five year insurance program, which gives coverage for the total period will be paid in four annual payments totaling \$16,244.00.

The insurance program is written on a plant valuation of \$1,061,870.00. It was explained that the large buildings are given 90 per cent coverage and smaller buildings 80 per cent. In case of a total loss of all buildings, 100 per cent coverage is afforded.

The superintendent explained the program was by the Insurance Company of North America and commissions were to go to the Williamson Insurance Agency and the Roy Weekes Agency, both of Morton.

Total school operation bills approved were for \$5,315.12, local maintenance was \$4,736.37 and transportation, \$578.75. This was for the month of May.

The board set the price per lot at \$1,000 for three lots — lots 11, 12, and 13 of block 198 on East Pierce, that are offered for sale by the district.

One lot — lot 18 in block 200 on West First Street, is offered for sale at \$300.

Also, they asked for bids on two

Mother Dies At Henrietta

Funeral services were held a week ago Friday at Henrietta, Texas, for Mrs. Isabell Jacobs, mother of Mrs. Ocia Foster of Bledsoe.

Mrs. Jacobs died on Wednesday. Children from this area attending the services included Mrs. Foster, and Mrs. Pearl Bryant of Pettit, and Mrs. Bill Rust of Levelland also attended.

Okay Paving Around School

City of Morton officials, in a called meeting Monday, agreed to go their part, up to \$2.00 per running foot, on the paving of four blocks of streets on the east side of the High School Building and Gymnasium and on the south side of the new Junior High Building and one of the elementary school buildings.

The agreement was unanimously approved after being moved by Roy Gentry and seconded by Amos Taylor. The group will discuss the project further if the cost is to exceed \$2.00 per running foot.

The Commission members also will try to see if further paving to the highway, either east or north is possible. To do this they would

have to have agreements from the property owners along these streets — or approximately three blocks either way.

The Commission members will approach the property owners to see if they will go along.

The paving program will be a joint project by the City, the School and Precinct One of Cochran County.

The county's portion will be in the form of use of machinery in street bed preparation.

That was the only business voted upon at the Monday meeting. A few bills were okayed for payment and a discussion on the police department concluded the business for the day.

110 Are Awarded Certificates at Bible School

Graduation exercises for Vacation Bible School at the Missionary Baptist church in Morton were conducted last Thursday before a large size crowd.

Total enrollment for the school reached 181. Average daily attendance was 152. Perfect attendance certificates were awarded to 110 students.

A picnic in the park Friday closed the school. A total of 200 children, workers, parents and visitors, attended the outing.

Mrs. T. D. Marshall, church secretary, announced total enrollment for the school is 207. Rev. Houston Walker is principal, and Mrs. Jack Gunnells is assistant principal.

First Baptists Set Commencement

Commencement exercises for the First Baptist Church-Vacation Bible School are set for 8:00 p.m. tomorrow in the church auditorium.

A picnic in the city park is also planned for Friday noon.

LITTLE LEAGUE SCHEDULE FOR SEASONS' SECOND HALF ALTERED

A change in the Morton Little League schedule, which takes in games beginning next Monday, was announced this week by the directors of the league, in an effort to alleviate a hardship placed on two of the teams in the league.

To continue with the schedule as was written, was to force the Cards and Pirates to play three games a week, which they have done in the previous rounds. The revised plan will shift the burden for the remaining half to two other picked teams, the Sox and the Cubs.

At the same time the League announced that Saturday's game, on June 14th, between the Cubs and the Giants, would officially observe Little League Foundation Day.

The annual Flag Day observance will be held all over the world as an estimated 150,000 boys, on 9,000 teams will play 4,500 games that day.

This special day meeting in the local league is a fitting game for the Cubs and Giants, who at this

W. G. BILBREY IS VICTIM OF BOAT MISHAP

Death claimed W. G. (Dub) Bilbrey, 29, in a boating accident at Carlsbad, N. M., Saturday.

He is the son of W. H. Bilbrey of Morton.

Frank Prather, an eye witness, said the accident occurred at about 10:45 a.m. (MST). Bilbrey was attempting to start a 25 horsepower motor in his boat. Prather, who was about 75 yards away, saw Mr. Bilbrey fall from the boat.

Prather rushed to the spot but was unable to see any traces of Mr. Bilbrey.

Three fire department divers & volunteers, as well as private boats with grappling equipment searched for Mr. Bilbrey.

The body was recovered at noon.

Justice of the Peace Richard L. Floyd said death was caused by a blow from the boat's propeller.

Mr. Bilbrey, an iron worker, was off work due to an accident in which he broke his hand.

Services were conducted at 3 p.m. (MST) June 9, at West Funeral Chapel in Carlsbad, Rev. Don Atchley of Victory Baptist Church officiated. Burial was at Sunset Gardens.

Survivors include his wife, Mrs. Wanda Bilbrey; two sons, Glen and Billy, all of Carlsbad; his father, W. H. Bilbrey, Morton; his mother, Mrs. O. C. Rowden, Meadow; one sister, Miss Betty Bilbrey, Meadow; two brothers, Billie and Jimmie, all of Morton.

Other relatives attending the funeral were Mr. and Mrs. Austin Bilbrey and family, and Joe Carothers, all of Morton; Mr. and Mrs. W. G. Griffin and Mr. and Mrs. Joe Sutton and family of Bledsoe.

Mr. Bilbrey, who was born at Lingo, N. M., July 31, 1928, attended school at Morton. He was enlisted into the U. S. Marine Corps in 1945.

Sheriff Posse Takes "3rd" At Brownfield

The Cochran County Sheriff's Posse, whose last reported ride in the Tribune was a first place effort, has really gotten back on the winning trail — the trophy winning trail, that is.

Two weeks ago 15 local riders earned for the local posse a third place at Hierford.

Last Thursday, with 17 riders in the saddle, the Cochran County riders captured another third place, this one at Brownfield.

Fisher County won first place in the Terry Show and Snyder was second.

The next proposed ride for the local posse is at Lamesa on June 26th.

June 14 Is Final Registration Date For Drawing

June 14 is the last day to register for the award merchandise to be given away by Childs' Men and Boys Shop.

Anyone 18 years or older, may register for the \$50.00 in merchandise to be given away in two gifts of \$25.00 each in merchandise.

And, persons may register as many times as they visit Minnie's or Childs' shops.

Also, an announcement from Minnie's this week — to be found on page five of this publication of the Tribune — points out that Minnie's has opened a new gift department with gifts available for every occasion.

Dr. Crume Elected Association Officer

Dr. Elwyn Crume, local optometrist, was elected Treasurer of the Southwest Contact Lens Society at the annual educational congress held in Waco, Texas, June 7-9.

The meetings were highlighted by lectures by Dr. James C. Neill of the Pennsylvania State College of Optometry.

Dr. Neill is internationally known for his research in contact lenses.

Over 200 contact lens practitioners from 8 states were in attendance.

Attend Funeral At Paducah

Services were conducted at the First Christian church in Paducah with Elder E. J. Norman and Rev. R. C. Brown of Mulleshoe officiating.

Mr. Carroll, a resident of Paducah since 1901, is survived by one son, Andrew Paducah; one brother, Jim, of Alvin; two grandchildren and two great grandchildren.

Mrs. Darland is a niece of Mr. Carroll, and Bass is his brother-in-law.

Jim L. Kidd Will Accept Position In Amarillo Junior High Schools

Jim Kidd, who has been associated with the Morton School system for the past two years as high school principal, last week submitted his resignation to John Barnes, superintendent of schools.

In presenting his resignation, Kidd said he was accepting a position as assistant principal of the James Bowie Junior High School, Amarillo.

The assistant principal post is a newly created position at Amarillo aimed at training principals for the system.

Mr. and Mrs. Kidd and family expect to move to Amarillo around August 1.

He was associated with the Amarillo system, teaching in Amarillo High School, for four years prior to coming to Morton.

The Bowie school has a student enrollment of some 800.

Both he and his wife have been active in the community life of Cochran County. Kidd, among other activities, was active in the MOD drive, the Red Cross work and other civic work. Mrs. Kidd was active in club work. She was a member of the Town and Country Study Club. Both were active in the church work.

"We have enjoyed working in Morton," Kidd said, "the community, and the school."

He said the Amarillo offer was an opportunity that he could not turn down.

He expressed his appreciation to the school, the town, and the community "for an enjoyable stay here."

\$12,000 Fire Tuesday Night Razes Country Club Golf Cart Garages

A costly fire, believed to have started from wiring, gutted the 8-cart, Morton Country Club utility garage, late Tuesday night, destroying five of the eight electric golf carts, the building itself, and numerous other costly pieces of golfing equipment including the club's treasury.

Five of the carts were a total loss, the tractor was partially damaged, several bags of clubs were totally lost, and three other carts were damaged somewhat. The electric carts value at around \$800 new.

The fire was detected at around 10:15 p.m. by a laborer working on the Max Bowers farm, just south of the course. By the time the City of Morton truck was called into service, the building was almost gutted. Firemen and bystanders were able to save three of the electric carts from complete destruction.

The destroyed building was the same one hit by a tornado last spring which took off the roof.

Most of the loss was insured under a group policy. It was estimated between \$10,000 and \$12,000.

The fire run was the third of the week for the Morton crew, in addition to a fire drill and the regular meeting call. The drill was called for at a recent meeting when the boys were told to get in some drill work because they were getting a little rusty.

Revival Set for Missionary Baptist

Scheduled for discussion is all phases of cotton production locally. Items such as quality improvement, variety recommendations, planting, irrigation, insect control, harvesting, labor problems, and marketing — and any other recommendations that come from members of the committee.

Rev. Curtis Carroll, former pastor of the First Missionary Baptist Church here, will conduct a revival meeting at the church from June 29 through July 29, it was announced this week by Rev. C. A. Carroll, pastor.

Rev. Curtis Carroll is now editor of the Baptist Progress, official publication of the Baptist Missionary Association of Texas.

Ward Resigns; Shelton Named New City Judge

J. R. Ward, City Judge tendered his resignation to the City of Morton last month and J. C. Shelton has been named to the post.

The information was learned at a meeting of the Morton City Commission, Thursday, a call meeting, attended by Commissioner's Amos Taylor and Roy Gentry and City Manager Joe Seagler, Mayor Roy Tarver did not attend.

There has been no formal vote on the new appointment, or even on the acceptance of Ward's resignation, but it is expected to be forthcoming. The Commissioners explained that this week Judge Ward resigned after the last regular meeting and since then only two call meetings have been held. One was held before the resignation was tendered and the other was held without the Mayor and thus the action was not taken. The regular meeting last week was postponed due to the Mayor's illness.

The main business conducted at the call meeting, last Thursday, was to okay bills, to submit names to the manager of men who might serve on the Board of Equalization and to discuss other city matters, without taking action.

The two Commissioners did give their okay to the renting of the City Shaving machine to the City of Whiteface, for use after working hours a couple of days each month during the summer.

The Commission discussed an insurance plan for City employees but took no action pending more information as to whether or not the City employees are interested, and a discussion was held concerning the City Police Department.

Another call meeting was set for Monday afternoon.

New Technician On Hospital Staff

The Cochran County Hospital Board, in a regular meeting Monday night, authorized Hospital Manager Ernest Seale, to go before the County Commissioners, in a meeting Friday, to discuss the hospital's need for a new X-Ray machine.

The Board has previously discussed the need for a new machine & have officially asked the Commissioners for authority to purchase a new machine.

The Board also approved the hiring of Billy Russell as Hospital Technician, replacing Seburn Anderson, who resigned, and left a week ago Monday, to assume technician duties at Throckmorton.

Russell comes to Morton from Rusk, where he has done laboratory, X-Ray, and male nursing duties.

Two of the members of the Hospital Board, C. B. Evans and Willard Henry were not in attendance at the meeting Monday night.

The group also approved monthly bills and discussed other matters of hospital business.

Tigers Win First Babe Ruth Game

The Morton Tigers jumped off to an early tie for first place in the Frontier Babe Ruth League, Monday, as they pounded on the Sundown Yankees for 16 first inning runs and rolled to an easy, 30-1 victory.

The other Sundown entry, the Red Sox, were reported to have won a 12-2 victory over the Whiteface Cards on the Sundown Field.

Thursday, the Morton Indians get into action by playing host to the Whiteface Cards while the Sundown Yankees and Red Sox face each other on the Sundown Field.

Larry Pollard's cool pitching and the wildness of the Sundown starting hurler, gave Morton the win, Monday, though some fine clutch hitting also drove in several of the runs for Morton.

Program Building Committee to Meet Friday Morning

A special meeting of the cotton subcommittee for the Cochran County Program Building committee has been announced for Friday morning, June 13, at 9 o'clock in the Cochran County agent's office.

Also, J. R. Kuykendall, chairman of the program building committee, has called a meeting of the full committee, and anyone interested, for the same hour Friday in the banquet room of the Activities building.

Dr. Ty R. Timm, extension service economist of College Station, will meet with the committee.

Scheduled for discussion is all phases of cotton production locally. Items such as quality improvement, variety recommendations, planting, irrigation, insect control, harvesting, labor problems, and marketing — and any other recommendations that come from members of the committee.

Butane Co-op Is In Operation at Maple Offices

The State Line Butane Co-Op Ass'n. is now in operation, Kenneth Holleman, manager, announces this week in an ad which appears on page five of this publication of the Tribune, the location of the Tribune.

Headquarters of the new cooperative is in Maple. Holleman, his wife, and two children have moved to Maple.

Others associated with the cooperative are Howard Parker, butane serviceman and former Morton resident who has been doing such work for the past five years; George Tompkins of Nederland, 12 years associated with the butane business; Cecil Lindsey of Maple and a former Morton resident who has five years experience; and Bobby Joe Newman of Enoch.

The Hollemans moved to Maple from Lubbock where he was associated with a cooperative organization.

Treatment for Thrips, 'Hoppers

County Agent Homer Thompson, at College Station this week, called in Wednesday with the proper mixture of spray to control thrips and grasshoppers.

The agent recommended farmers use 1 quart toxaphene with 1 pint of malathion per acre, or aldrin may be substituted for the toxaphene.

North Texas State Golfer Wins Morton Invitational Golf Tourney; Local Golfers Carry Home Four of the Fifteen Trophies Awarded

A pint-sized, 19-year-old College golfer, member of the North Texas State Golf Team, edged his way to the Morton Country Club Invitational Championship, Sunday afternoon in a thrilling 18-hole match with a well known area man, Bill St. Clair of Mulleshoe.

Lanier Wilson, one of the three NTSTC key golfers who came to compete in the tourney, nipped St. Clair on the 18th hole in a thrilling finish after battling from behind on the 16th hole to tie the match.

The 5 foot 7 inch, slightly built collegian, matched St. Clair, a husky six-footer, in his drives, and added a bit of calm finesse to win the match, though neither man had an edge in the overall game that could have gone either way. Both played calm, careful golf, Sunday afternoon.

Wilson made the nine-hole turn with a two hole lead. St. Clair then captured three of the next five holes, with two even, to go one up. Wilson came back to par No. 16 as St. Clair hit a sand trap, blasted over the green, and took a bogey. Both parred No. 17 and they came to the 18th teebox, even step.

Wilson had honors and sent a booming drive straight down the middle of the crook-necked, 18th fairway, nearly reaching the turn. St. Clair boomed out in the rough to the right, but just as far. The Mulleshoe man's approach was 30 yards to the right of the green and Wilson dropped his second shot on the edge of the green.

The next shot lost the match for St. Clair. His approach was too easy and just barely got on the rim of the green. Wilson, playing for the cup, instead of a cinch, overshot by about six feet. St. Clair missed his 30 foot putt, which would have forced Wilson, if it had dropped, to make his, Wilson then

B. Shirley of San Antonio. Mr. Shirley plans to visit in Morton until around June 21.

Most of the group attended Sunday morning services at the First Methodist church here.

Jaycees Announce Date of Second Candidate Speaking Project

The second semi-annual Junior Jaycee speaking project is scheduled for July 18. It was announced at Monday's regular room meeting of the Morton Jaycees.

Following a report that the Cochran County Square for a candidate speaking on that date, Bill Bridge, club president, advised one of the members to see that letters were mailed all candidates advising them of the coming event.

No matter of any kind will be made of candidates; they are merely invited to attend the event and speak.

Other activity included a motion that members pay their lunch charges the first Monday of each month, each member paying for all meals whether present or absent.

After the motion was approved by the group, the president advised the secretary to write each member telling him of the passage of the motion.

Snidely Russell reported that work was in full swing on the Babe Ruth fence, and that all Jaycees who could were invited to be at the park to work on the fence.

Bill Shaffer of Lubbock was a guest of Elwood Harris.

Following the meeting, those members present who had received their first polo shoes, retired to the Cochran County Hospital for second shoes.

COMING to the Rose Theatre Sunday and Monday, June 15-16 at Morton, is "Saddle the Wind" starring Robert Taylor, Julie London, and John Cassavetes. The film, made in the Colorado Rockies, is in CinemaScope and Metrocolor and produced by MGM.

A general rule for planting iris is any time from the latter part of the blooming period until fall gardeners like to transplant at the latter part of the blooming because of the opportunity to make cold is also a good time to dissect poor plants.
When clumps become so crowded that the center rhizomes cease to be trying to push up for air, it is time to divide.
Before planting the divisions, cut the leaves off six to eight inches below the rhizome. Set just below the surface of the soil. Spread the soil liberally, firm the soil and water liberally.
Some iris growers like to use fertilizer before setting the plants. Equal parts of bone meal and sawdust phosphate is mixed together. A tablespoonful is worked into the soil in the trench or hole.

FREEZING PINEAPPLE
Wash, peel and slice. Remove cores. Leave in slices, crush or cut in chunks. Cover with cold syrup using 2 cups sugar to 4 cups juice and water; or sprinkle sugar over out-up pineapple in bowl and let fill containers, or freeze without sugar.
Pineapples are at their cheapest now. Several frozen now will make good eating later on.
FREEZING SOUR CHERRIES
Sort, wash, and drain. Remove pits if desired. Use 3/4 cup sugar to 1 quart cherries if they are to be used in pies. If cherries are to be served uncooked, cover with a cold syrup using 1 cup sugar to 4 cups water. Seal and freeze immediately.
"Frozen Foods, How to Freeze How to Cook," is available from his office.

Question to Be Pondered on Adoption Of Sweeping Election Rule Changes
AUSTIN (Sp.) - During coming months Texans will ponder and argue the wisdom of adopting sweeping changes in election procedures.
If adopted, the changes recommended by Gov. Price Daniel would alter campaign procedures more drastically than anything since the Terrell election law became effective over a half century ago.
Governor Daniel's proposals are (1) to abolish precinct conventions and, instead elect county convention delegates at the first primary and (2) to hold primaries in May and June instead of July and August.
Such ideas are gnat for mills that grind slowly. They'll be debated, pro and con, at the party conventions this summer and, probably, again by the Legislature next year.
At the June 9 meeting of the State Democratic Executive Committee, the resolutions sub-committee members announced they agreed with the governor that a direct primary vote in the precincts would insure wider participation and do away with the "ugly contests, rump delegations and bitterness" that have characterized Texas party politics all the way to the national convention.
Support from the State Committee was to be expected since a majority of its members are friendly to Gov. Daniel.
Opposition is anticipated, down the line, from people who regularly participate in precinct meetings. They - or at least some of them - contend the neighborhood gatherings provide the citizenry with a sort of democratic "town hall" experience. Others object to earlier elections on the grounds they would prolong the "lame duck" period for defeated incumbents.
Defenders of the anti-precinct convention plan declare it's the next logical step in a long-range trend. Before the adoption of the Terrell election law, state officials were nominated by political parties at their state conventions.

Beginning in 1967 voters were given a more direct say by the use of one primary and a convention vote if no candidate received a primary majority. In 1918 this was amended to provide the present two-primary system.
CODE Forthcoming - SDEC's resolutions committee also promised to meet DOT's challenge for a "code of ethics" for conducting party conventions.
The committee said it did not feel privileged to dictate procedures from the state level, to precinct and county officials. "The overwhelming majority of whom can be trusted to function - with the highest ethical considerations." But it said it would recommend a "declaration of principles which will insure - majority determination" at state conventions.
ANTI-TRUST inquiry - When a city or county needing supplies or equipment gets sealed bids identical to the fraction of a cent, there's a possibility the bidders got together beforehand and agreed on a jacked-up price.
Atty. Gen. Will Wilson says that his office has had several reports of identical bidding. He is making an intensive investigation.
ALL or NOTHING - A farmer or rancher cannot get a refund on state gasoline taxes if he uses his "agricultural gasoline" for any other purpose.
This opinion by the attorney general was given at the request of State Comptroller Robert S. Calvert, who said that a farmer wanted to correct a previous claim and get a partial refund for gasoline used partly for farming. A farmer using gasoline on which he receives a tax refund may not drive the vehicle on a public road.
FEWER JOBLESS - Texas Employment Commission reports for the 2nd consecutive week, the number of jobless are down - from 86,528 to 83,096 for the number claiming unemployment benefits.

State 4-H Member Will Get \$3200 Scholarship

The lucky 4-H member in the state will receive a \$3200 college scholarship this year due to a change in the 1958 National 4-H Program rules.

Anderson Clayton Company will give six \$500 scholarships. In addition there will be one scholarship given on a stipend basis to a member of the club who has been a member for at least three years of 4-H work including the current year. The stipend will be \$400 per year for eight semesters.

Members to compete in the club member must have completed at least three years of 4-H work including the current year. The stipend will be \$400 per year for eight semesters.

Members must plant sufficient acreage to produce at least one bale of cotton in 1958. Staple length shall be 15-16 inches or longer.

Members may either be high school graduates of 1959, graduates of 1958, or graduates who are not now in school but has a genuine desire to

earn a degree.

A change in the Boy's Agricultural program will also be effective in 1958. The State Award will be a trip to the National 4-H Club congress in Chicago instead of the \$150 U. S. Savings bond offered in 1957. The County medals remain the same.

An entirely new swine program has also been initiated.

Members will be a maximum of four gold filled medals of honor for the blue award group. The state winner will receive an all-expense trip to the National 4-H congress.

Six national winners will be selected from State trip winners for \$400 scholarships.

Justice Candidate Emphasizes His Qualifications

HOUSTON (Sp.) — The importance of the functions and responsibilities of the state's highest court was emphasized Wednesday by District Judge Wilmer B. Hunt.

Judge Hunt is a third generation Texas lawyer seeking the Position of Associate Justice of the Supreme Court of Texas to be vacated December 31 by St. John Garwood of Houston who is not running for re-election.

"The impact of decisions of the Supreme Court of Texas now & in the years ahead are of increasing vital concern to Texans in every walk of life," Judge Hunt said.

"It is therefore important that Texas voters weigh carefully the qualifications of these candidates seeking election to this high post," the veteran jurist added.

"During the course of this campaign it is obvious that there will be many voters whom I will not personally be able to meet to discuss my own qualifications for the office despite the fact that by election time I will have extended my campaign into every part of the state," he continued.

"For the benefit of those I may not meet, I offer the record of my 19 years in the general practice of law and my 11 years service on the district court bench as the basis for my candidacy," the judge said.

The veteran jurist presides over the 133rd District Court in Houston where he has been re-elected three times since 1948 without opposition.

Bushland, Tex., Man Reports—

"I Cut 2,190 Tons of Ensilage From 104 Acres of Maize"

Leo Bezner, Bushland, Tex., says: "I put down 80 pounds of Phillips 66 Agricultural Ammonia preplant on 104 acres of irrigated maize land. I cut 2,190 tons of ensilage, or slightly more than 21 tons per acre. I use Phillips 66 Ammonia to help increase yields on all my cash crops."

Other Southwestern farmers have discovered that the 82% nitrogen in top quality Phillips 66 Agricultural Ammonia helps them to get more profit per acre, through higher yields and lower production costs.

They have found that, by using Phillips 66 Agricultural Ammonia, they get more cotton that grades out higher at the gin; yields of sorghum grain and ensilage are increased; more marketable vegetables are harvested, and profits on wheat are increased through better forage, and higher yields of grain.

We have come to the time of a great national re-building. We must re-build the American spirit and, with the fibre of the American character, we must re-build the American image before the world and, with the world's respect for the principles for which America has stood.

We must re-build the American position and, with it, the strength of freedom as the most powerful force at work in the hearts of the human race.

As Americans, we do not live in the same world we knew a few short months ago. Many basic American assumptions have undergone the greatest change and challenge.

The assumption of American technological superiority has been made subject to serious and direct challenge. The assumption of American economic stability and permanent American prosperity has been dealt a blow that commands attention. The assumption of American leadership among the community of nations in the West has been severely undermined.

Our resources, our capacity, our knowledge, our competence are the same, undiminished and unfettered. What is needed is a determination to unleash those resources and march forward, secure in the confidence that freedom is a mighty force which can carry America to even greater heights.

We should start now to make Washington not just a capital power but a campus of free men. We should use the opportunity of the seminar and the lecture room so that our country will be the spiritual leader of the awakening now stirring the West.

We can, if we wish, safely invest each year at least the cost of two nuclear bombs in the building of great, new libraries. We can channel the cost of an army division into the support of great, new schools for the humanities. We can set aside a part of our national budget to finance laboratories and other facilities for programs of pure research.

In our exchange programs, we should concentrate not merely on bringing young people here to teach them but also on bringing their elders here to help teach us. The farmer of India, the worker of Europe, the teacher of Latin America should have the opportunity to visit our country so they can take back to their lands the true facts of America.

There is no question about our ability to do these things. Our future is bright; our future is assured; our future is great. All that is required is channeling the tremendous strength and energy of free America, and I have deep faith in the ability of our people to meet any challenge.

GOOD OLD DAYS?

Sighing for the so-called "good old days"? A trip through famed Pioneer Village at Minden, Nebraska, not only will prove fascinating and educational, but it might

convince the observer that the modern age, after all, does have its advantages.

The Village's authentic restorations of kitchens of the 1830's, the 1850's, the 1890's, the 1910's and the 1930's are a sharp contrast with the time-saving, work-saving kitchen of today.

The kitchen of the 1830's, shown above as it has been re-assembled at Pioneer Village, served not only as the place to cook, but, in many instances, as living-room, bedroom, and workshop. All cooking, of course, was done over the open fireplace.

Among the other early-day items of interest in this Pioneer Village are a flint-lock

gun and powder horn; a yoke for carrying water; a home-made loom; a spinning wheel; a home-made wooden clock with wood works; and a wide variety of utensils.

Pioneer Village, which is open the year-around and has been viewed by hundreds of thousands of visitors, was built by industrialist Harold Warp as a memorial to his parents and other pioneers. It comprises 20 buildings housing 20,000 different items showing man's progress in every field of endeavor from 1830 to the present. It is located in south-central Nebraska on U.S. Highway 6.

Eleven Troop 101 Scouts Return From Camping Trip to Tres Ritos

Eleven boys from Boy Scout Troop 101, Morton, their Scoutmaster and three other adults returned Saturday, June 7, from their Sangre de Cristo Mountain camp near Tres Ritos, N. M.

Bobby Nieman was recognized as outstanding scout in nature study. There were 36 other Scouts competing in his group.

David Ross, Bill Hanson, Charles Ledbetter and Ray O'Brien received merit badges in first aid and first aid in nature study.

On the spot of the fact that seven of the boys were campers for the first time, the Morton group was the only group to succeed in not getting rain in their tents when a storm struck, it was reported. They received an "A" each day for camping.

It was necessary for the camp to be closed by the time "Early Bird" services began, conducted by the camp chaplain at 9:30 a.m.

Local Women Win Golfing Honors in Recent Meet

Two Morton women golfers were among the winners Wednesday at a ladies' meet in the Hi Plains Women's Golf tournament.

Mrs. C. M. (Laverne) McMassey of Morton shared championship flight honors with Meredith Ireland of Hereford. Mrs. Ireland fired an 80 for medalist honors and Laverne's 67 was low net for the day and also low net in the championship flight.

Mrs. W. W. (Lillian) Williamson, fired a low gross of 93 for honors in the first flight. Other Morton women did not win prizes.

Also attending and competing in the tournament from Morton were Mesdames Odessa Williamson, Katie Vanlandingham, Nelma Holloman, Rosie Wallace, Blackie Reynolds, and Arma Love Hawkins.

Eleven Papers Support Ramsey

Eleven daily newspapers representing all sections of the state already have announced support of Ben Ramsey of San Augustine for re-election as Lieutenant Governor, Ramsey's headquarters reports.

"The soft-spoken East Texan has drawn strong backing from Texas-kana to El Paso, and Ft. Worth to Victoria," says the announcement.

"Often, the electorate pays but little attention to the important office of Lieutenant Governor, often not considering the candidate as a potential governor," the Marshall News-Messenger commented. "In the case of Ben Ramsey there will be no fears. He is capable, efficient and his long, solid record has been built on honest, diligent and intelligent efforts. The Lieutenant Governor should encounter no difficulties in returning to high office. He is one person in public life whose strong record has made him a favorite of the people."

Other newspapers supporting Ramsey include the Fort Worth Star-Telegram, Texarkana Gazette, Dallas Morning News, Victoria Advocate, Houston Chronicle, Nacogdoches Daily Sentinel, Kilgore News Herald, El Paso Times, Lufkin Daily News, and the Houston Post.

The Texas Mohair Weekly commented that Ramsey's "economic approach to state government is vital to Texans."

Miss Judy Kay Holloman, Mickey F. Coleman Exchanged Vows Thursday

Wedding vows were exchanged at the First Baptist Church in Morton Thursday by Miss Judy Kay Holloman, daughter of Mr. and Mrs. M. R. (Ran) Holloman and Mickey F. Coleman, son of Rev. and Mrs. A. R. Coleman.

The Rev. Coleman, pastor of the Immanuel Baptist Mission, performed the ceremony before an altar decorated with an arch, baskets of white chrysanthemums and candelabra with blue tapers.

Miss Sara Jo Wallace, cousin of the bride, was accompanied by Miss Christene Gray at the piano, as she sang "Because" and "I Love You Truly."

The father of the bride offered her in marriage. She wore a gown of Chantilly-type lace and tulle over net, designed with amandarin collar of lace, a bodice featuring long tapering sleeves and a yoke outlined with scallops of lace. The billowing skirt was of waist-length. The bride's shoulder length veil of illusion was secured by a crown of pearls. She carried feathered blue carnations and a white Bible.

Serving as Maid of Honor was Miss Carrie Ann Mullinax and the Bridesmaids were Miss Margaret Ann Gardner and Miss Imogene Betts. The trio were attired in ice blue crystalline over taffeta with pearl bandeaux to match. They carried bouquets of white carnations and white stephanotis with blue streamers.

Candlelighters were Miss Belinda Holloman, niece of the bride & Bill Coleman, brother of the bridegroom.

Keith Fred served as Best Man, and Ronald Coleman, brother of the bridegroom and Tommy Holloway, were ushers.

The L. J. Wallace home was the scene of the reception. Mrs. Wallace is an aunt of the bride. A white linen cloth over blue net was decorated with blue candles and also held the attendants bouquets. A 3-tiered wedding cake with the bridal pair centered the table.

Miss Patricia Davenport and Miss

Gaylene Fred registered the guests.

For a wedding trip the bride chose a blue sheath dress with white accessories. After the trip the bridegroom will return to Navy duty in Brooklyn, N. Y.

Mr. and Mrs. J. H. Davis of Enochs observed their Golden Wedding Anniversary recently with a reception in the home of a son, J. V. Davis, of Lubbock, and a breakfast at Mackenzie State Park. Davis was previously in the grocery business at Lehman and more recently was engaged in farming at Enochs. The Davises have nine children.

Softball Loop Is Underway

The Morton Softball League jumped off to a fast start Tuesday night as the Mulshoe entry edged Pettit 18 to 17, and the Levelland team clobbered out a 28 to 8 win over the lone Morton entry.

The second round of play gets underway Friday night at 8:30 p. m. when Levelland faces Mulshoe. In the second tilt, Pettit will meet Mulshoe.

Highlights of the first night of play was the two hit pitching of Elvin Johnson of Levelland, who was backed up by a sure hit account by his teammates in a game that was only five innings.

TO VACATION IN THE WEST

Mr. and Mrs. Roy Tarver, Jr. and family plan to leave this weekend for California, where they will vacation and visit with friends and relatives.

Senator RALPH YARBOROUGH Writes from DC

By U. S. Senator RALPH YARBOROUGH

"I am glad that the President and the Cabinet Committee on Oil Imports have recognized that unfinished gasoline products and other unfinished oils constitute a threat to the voluntary oil importation program, and that the price differential approved by the Executive Order is not a fact but a fiction. It is a day, a week, a month, a year, or longer, that unfinished gasoline is being sold into the United States. I have repeatedly urged on the floor that oil and gas must be considered, as well as crude oil, if our domestic oil industry is to survive. It was worse than useless to continue to restrict the import of crude oil, and to open the gates to a flood of gasoline and other products, because this course would result in refining the foreign oil abroad, then bringing in as gasoline, thus closing our American refineries. "One company's plans called for importing such a quantity of the Kuwait area in the Persian Gulf, as to equal one day's production from the whole State of Texas. "The Defense Department buys jet fuel for the Navy from Venezuelan fields to amount to one day's production per month from Texas. Surely when the Texas fields close down in order for the Navy to buy its fuel from Venezuela, a shower of spit and venom is a strange return for our efforts. "On May 7th, I pointed out on the floor of the Senate the tax dodge being practiced by an American Oil Co., which imported unfinished gasoline in unlimited quantities, because the ODM ruled that it wasn't crude oil and could come in unlimited, and the Customs Bureau ruled that it wasn't gasoline and couldn't be taxed gasoline. "According to our officials, it was neither fish nor fowl. "Now we are beginning to make progress, and I feel that my year-long fight has not been in vain. The President and his committee have begun to recognize the facts of life. It is a step in the right direction. But out the full journey. I'll hand them a canteen and travel with them all the way to a destination of effective control.

H. D. Clubs Plan Picnic in August

Plans for a picnic in August for members of the County Home Demonstration Clubs were revealed at the last H. D. Council meeting, Tuesday. Plans will not be entirely completed, however, until sometime in July.

Delegates to the State Meeting will be elected at the July Council. The state meeting is scheduled for August 13-15.

A training meeting for family economics leaders is planned for July 8th.

Present at the meeting were Mesdames C. W. Word, G. C. Keith, C. D. Arnold, Oland Self, J. W. Jefferson, Woodrow Self, L. L. Seagins, F. L. Fred, H. M. Clark, Arvel Shodgrass, T. H. D. A. Chairman and Miss Leila Petty, County Home Demonstration Agent.

To leave windows sparkling after washing, dry with crushed newspaper. Use up and down strokes inside—and crosswise strokes outside—to tell which side remaining streaks are on.

The best way to remove a grease spot caused by hair rubbing against the wall, is to place a blotter over the spot. Go over it with a warm iron and all the grease will come off on the blotter.

If you want tomato skins to slip off easily when preparing a salad, hold them over your stove flame for less than a minute—then run cold water over them.

Encourage the family to put tools back where they belong by painting the outline of each one on the wall where it hangs.

To keep wrinkles out of ribbons and preserve their stiffness, starch them after washing with a weak solution of Perma Starch, then wrap them around a clean drinking glass for drying.

If you intend to keep a ball of yarn for some time before using it, winding it around a ball can keep it well protected.

"He claimed he was a good driver..."

"Probably was—most of the time. But this once he was careless." Last year, nearly 40,000 died in traffic accidents. Officers will tell you most of those responsible were good drivers—until that one fatal moment. So be a good driver always. Never take chances!

BACK THE ATTACK ON TRAFFIC ACCIDENTS

Help stop senseless killing on our highways. Drive safely yourself. Insist on strict law enforcement for your own protection. Work actively with others to support your local Safety Council. Remember—where traffic laws are strictly enforced, deaths go down.
