VOLUME NUMBER EIGHTEEN MORTON, TEXAS, THURSDAY, JANUARY, 15, 1959 FORTY - SEVEN

Services Sunday For Barton Infant At First Baptist

Funeral services were held at 2:30 p.m. Sunday, at the First Baptist Church in Morton, for 4 month old Jerry Don Barton, son of Mr. and Mrs. Jerry T. Barton, who died in his bed Saturday morning.

The father is the principal of the Morton Elementary School.

Rev. Houston Walker, pastor of the church presided and then on Monday, the body was transferred overland to Wichita Falls where graveside rites were held at 4:00 p.m. before interment in the Crestview Memorial Park Cemetery.

Death of the infant, who had lived in Morton all his life, was accidental. He had been ailing from a cold for several days and hospital authorities attributed the death to strangulation. He was dead on arrival at the Cochran County Hospital at around 9:45 a.m. but several hours were spent in an effort to revive the infant.

Survivors include the parents, 2 sisters, Carolyn, age 6, and Mary Katherine, age 3; and the two grandmothers, Mrs. Mary Faulkner Bardon, Brownwood and Mrs. M. M. Cadd, Perryton.

Pall bearers were John Barnes, Bob Travis, Elmo Smith and Keith Kennedy.

January Is Final Month for Current Census on School Age Residents

January is the final month for getting the names of children on the school census roll, Dub Hodge, Morton school tax assessor, collector reminded again this week.

Any child who will reach his or her sixth year prior to Sept. 1, 1959, or any youth who will not be eighteen prior to Sept. 2, 1959, is eligible for the roll and all children between these ages.

Hodge asks that the parents of any youngsters or youths missed in

Ki-Wan-Kas Take \$92 in Donations For MOD Fund

The Ki-Wan-Kas, or 7th grade Camp Fire girls, collected \$92.97 for the March of Dimes last Saturday at the booths they operated, under direction of their leaders, Mrs. W. G. Freeland and Mrs. E. O. Willingham.

Saturday, January 17, the 6th grade girls, under Miss Day will have the booths.

Schools Closed Last Monday

Morton schools were closed Monday in respect for and sympathy with Mr. and Mrs. Jerry T. Barton, whose son died Saturday.

Mr. Barton is principal of the Morton Elementary School.

Burial was Monday afternoon in Wichita Falls.

ATTENDED FUNERAL FOR A COUSIN, MONDAY AT PLAINVIEW

Mr. and Mrs. W. E. Akin and Elmer were in Plainview, Monday, January 12, to attend funeral services of Mrs. Akin's cousin, Jimmie Edward Long, who passed away on January 9th, at Vet's Hospital in Amarillo.

One Way Street Gives Way to New Stoplight, Here As Commission Reconsiders Local Traffic Problem

The City of Morton, which for a period of about a week had a one way street in downtown Morton, this week abandoned the one way street for the installation of a stoplight.

In a special called session Monday morning, the Commission discussed at length the one way street and after the discussions were complete, unanimously agreed a stoplight on the northeast corner of the square would be far more effective in solving a serious traffic problem which has developed on the corner, since the moving in of the Post Office.

The new idea is the third method tried recently to eliminate or lessen the hazard.

A light had been erected at the corner before but the state refused to maintain it, deeming that not enough traffic passed the location to merit a light.

Recently, the Council agreed to allow no trucks to park on the street, bordering the old Wallace Theatre. Immediately business proprietors on the north side of the block met with the council to register a complaint. During the harvest season, they claimed, laboring crews needed the space to park their trucks.

At a later meeting the Council

had passed the one-way street order which caused considerable confusion, since residents were not told ahead of time that the street would be one way.

Although agreeing the one way street was better than it had been previously, Mayor Roy Tarver, Jr., who was not present to vote on the one way street, did not favor it because he said he felt the interests of only a minority were being served. He said the pedestrian problem was a serious one and in his opinion a dangerous safety problem was constituted.

Then the Council turned back to a discussion of the traffic light. They decided, that they were within legal rights to erect the light if they agree to maintain it — since the state refused to maintain it.

Of course, it's entirely possible, a city official said, that they were in the wrong and could be forced to take the sign down. But they don't think so. And, they plan to fight it, if ordered to do so, it was said by Mayor Tarver who said he felt it was a necessity to protect the large number of pedestrians who walk to the Post Office twice a day to get their mail.

Mayor Tarver regretted the confusion caused by the changes in plans but said that any group that couldn't change its mind when another plan seemed better, wouldn't be operating in the best interests of the city. He said he would rather be embarrassed by failures to find the right solution the first time, than to be too stubborn to recognize a better plan.

New Board Is Organized; Hospital Problems Look Smaller As Dr. Lee Tells Board He'd "Like to Stay In Morton"

Dr. Bill Lee advised members of the Cochran County Hospital Board of Managers Monday night that he desired to continue his practice in Morton.

The announcement came at a regular second Monday night meeting of the Board.

Present at the meeting were J. C. O'Brien, newly elected board president; L. W. Barrett, newly elected board vice president; Bill Glassford, newly elected board secretary; and board members, J. C. King, L. E. McDonald and Arvel Snodgrass.

County Judge Glenn Thompson, an ex-officio member of the board, acted as chairman of the group until the board was reorganized. All members of the board are new except J. C. King and L. W. Barrett.

Also present were Dr. Lee and Dewitt Allsup, hospital superintendent.

Dr. Lee's announcement came when Allsup requested the board to take action regarding the providing of temporary office space in the hospital for a second doctor.

The board voted "that another

doctor be permitted to rent office space in the hospital until such time as other quarters are available."

The board also approved a plan which met with the approval of the Commissioner's Court to allow the board members \$8.00 per meeting for travel expense, request at least one doctor of the hospital staff to be present at each meeting of the board, approved a bid of \$425.00 for a new entrance door, and authorized the purchase of a new electrocardiograph.

To the County Judge, members expressed their desire for him "to come when you can" to hospital board meetings.

Following the election of new officers the County Judge read from the Texas Commissioner Guide Book statutory law regarding the board of managers and the superintendent.

This annual report, presented by Allsup showed that in 1958 the hospital had 595 patients, 114 births, 2,018 patient days, and 313 nursery days.

Total deposits were shown as \$67,890.63 for 1958 with total expenses

Soc. Security, Income Tax Specialist To Talk to County Farmers, January 22

An Income Tax and Tax Management educational program for all farmers of Cochran County has been set for 7:30 p.m. Thursday, Jan. 22, in the auditorium of the County Agricultural Building.

The economics and tax management specialist, Mr. Cecil Parker, Extension Service, College Station, will be in Morton that night to report on income tax management, deductible items, and new income tax laws. Mr. Parker will discuss all these items in detail and will open the meeting to questions on any matters pertaining to reporting and filing income taxes. There are many savings that could be beneficial to farmers if they know the changes and how to report them. He will also discuss Social Security taxes and methods of reporting same, and will answer questions on Social Security, that may be proposed from the floor.

All farmers and businessmen who are interested are welcomed and urged to attend this meeting.

Remember Thursday night, 7:30 p.m., Jan. 22, Auditorium, County Agricultural Building.

Bluebirds Net \$16 For March of Dimes

The Bluebirds, under Mrs. Iva Williams, gathered Coke bottles as a fund raising effort for the MOD Tuesday and turned in a total of \$16.00 from their efforts, it was announced this week.

NOT AVAILABLE NOW

Local officers received word this week that Joe Taylor, wanted on a checking violation here won't be available for some time, Taylor is in custody downstate, with other check law violations hanging over his head.

Legion Post Meets 8:00 O'clock, Tonite

The American Legion Post will hold its regular third Thursday meeting tonight, Thursday, in the Veterans' Hall, Morton.

The meeting will begin at 8 p.m. All veterans of past wars are invited to attend.

Today Is the Day for Benefit Dinner for Beverly Criswell; Sponsored by T & C Study Club

Following is a copy of a class paper written by Beverly Criswell, the young lady who will be honored today, Thursday, Jan. 15, with a benefit dinner in the County Activities building from 11:30 a.m. to 1:30 p.m.

The dinner is being sponsored by members of the Town and Country Study Club.

Mrs. Keith Kennedy, club president, has given an invitation to the public to attend. Tickets are 1.00 for adults and 50c for children.

All the proceeds will go to Beverly.

Beverly, as readers of the Tribune may have noted last week, is the granddaughter of Mr. and Mrs. W. A. Corder of Morton.

This is Beverly's paper:

MY TRUE LIFE STORY
By Beverly Mae Criswell

I was born in Portales, N. M., July 30, 1946. My mother died when I was born. I am an only child.

I lived with both my grandparents until I was two years old. Then my daddy married again, so I lived with them until I was four years old. Then I came to live with my grandparents, Mr. and Mrs. W. A. Corder, who live here in Morton. I've lived here ever since.

In September of 1950, when I was four years old, I took polio and had to stay in the hospital for five and a half months. I had the chicken pox while I was in the hospital. When I got out of the hospital, I had to go back every week for awhile, then not so often.

Then, when I got out of the hospital, I had the measles.

When I was eight years old, I took sugar diabetes and had to stay in the hospital at Lubbock for six days.

The next year I had an operation on my right leg and had to stay in the hospital at Plainview

for ten days.

Then in 1957, I had to have a body cast on and stayed in the Medical Center at Roswell, N. M., for four days.

Then, in January of 1958, I went to the St. Mary's Hospital in Roswell and had two spinal fusions and

had to stay in the hospital for 27 days. Then, when I got out of the hospital I had the mumps.

Then, in seven months and one day, I went back to the St. Mary's Hospital at Roswell, on the day before my birthday, for sugar diabetes. While I was there I had another spinal fusion and had to stay in the hospital for 20 days.

I have had everything except the fevers.

When I get out of school, I plan to become a secretary or get married. I might go to business college.

INDIANS LOSE TO MULESHOE — PLAY OLTON, FRIDAY

Already down one game in their fight for the district title, the Morton Indians and Maids journey to Olton Friday night in what they consider a do or die effort.

Of course, in this early stage of the conference season, it's too early to tell what might happen. But the Indians, who figured to win at Muleshoe Tuesday, only to suffer a 12 point, 67 to 55 loss, feel they just can't afford to drop another.

The Indians, with a frigid first quarter at Muleshoe, fell behind

Most County Elected Officials Take Five Percent Salary Cut

Most Cochran County elected officials took a five per cent salary cut here, Monday, when the Commissioner's Court met to set salaries for the year.

The economy move was the first of many which may be necessitated in the coming years as the County's evaluation begins to slip away.

One elected official who didn't figure in the cut were Justices of the Peace from Precincts One and Two and Constables of the same Precincts. J.P.'s and Constables in the other two precincts were also cut and the salary of the County Auditor, an appointive post was also shaved.

Considerable changes were made in the Sheriff's Department where the Court raised the salary of the first deputy, did away with the positions of two part time deputies, in favor of another full time deputy, authorized hiring of an office clerk, which will release the deputies from the obligation of staying in the office to work the radio and answer the phone, and made plans to purchase three police cars for the Sheriff and his deputies.

To lessen the cost of this last move, the Commissioners decided to purchase these cars from their precinct funds, rather than borrow the money and pay interest on it. The precinct funds will gradually be reimbursed from the Sheriff's Department.

The County will no longer allow monthly travel expenses to the Sheriff and first deputy, and will also cut out the travel allowance formerly paid the part time deputies.

The moves are expected to allow more efficiency in the Sheriff's Department operation, as well as economizing over the long run operation.

Salaries of other clerks and deputies in the Courthouse remained the same as well as the pay for other hired officials of the county such as the County Agent and HD Agent, Park Superintendent, Cemetery caretaker, Service Officer, and others. It took the court two days, Monday and Tuesday, to consider each of the salaries, one by one.

The vote on all of these questions was not unanimous, in cases affecting pet salaries, two of the Commissioners abstained from voting, each in one instance.

One other major change was al-

lowed in the office of Assessor - Collector where extensive part time help was being needed. Mrs. Denny was allowed a second office deputy, at a salary comparable to the second deputy in the clerk's office.

The Court also acting on numerous complaints that had been received about no flight gasoline being available at the airport, will have gasoline for sale at the airport, under the direction of the Park Superintendent, who will be the only man authorized to have a key to the pump.

The Court recessed on Tuesday, and on Wednesday, went as a body to Lubbock to meet with the District Highway Engineer and discuss the Farm to Market road needs in Cochran County. They reported a favorable discussion, on their return Wednesday night.

Lions Club Hears FBI Man Speak

Members of the Morton Lions Club and several guests, were treated to a very interesting program by a member of the Dallas office of the FBI.

The speaker described the operation of the FBI, and its aids to the local police departments by use of its records, etc. He told the group they have 150,000,000 sets of fingerprints on file in Washington.

The Secret Service operates with a force of only 6,000 men while the New York City police force alone, numbers 22,000 men.

He dwelled on requirements of FBI men - the tests offered to qualify, and the police training school.

Indians Whio 'Cats 63 to 60, Friday

Morton won its second victory of the year over Littlefield last Friday night at Littlefield, winning 63 to 60 in a real thriller, their 13th win of the season. The local B team dropped a squeaker, 32 to 29.

Jeff Jones' 27 points paced the Morton win which was assured by a field goal with only 28 seconds left to play.

Rat Eradication Program Planned; Help Is Needed from All Farmers

A farm program that has been reported for the past several months as badly needed in Cochran County, will be undertaken on Jan. 31st, it was announced this week.

The Cochran County Rat Control Committee met in the East Side Cafe on January 12 and planned an organized Rat Killing Campaign for the county 4-H Club leaders are assisting the committee in the organization and conduct of the campaign to combat rats.

Members of the Rat Control Committee are J. H. Chesshir, Chairman, Ralph Burt, G. O. Cooper, & Ralph DeBord. 4-H Club leaders assisting are Clide McCormack, Ken Coffman, Garland Brown, Weldon Newsom, Ralph Cadew, Don Avery and Hub Cadenhead.

All leaders are requested to take an active part in a united and concentrated effort. Every farmer should get his neighbor to put out bait or poison at the same time.

This campaign will begin Saturday, January 31. The bait should be purchased on that date and put out immediately. A 30 day supply of rat bait should be purchased at one time by each farmer. Get any kind of bait or poison you wish & wherever you wish to purchase it. This county are being requested by the committee to help put on this drive. The club leaders and boys will set up distribution points at Bledsoe, Whiteface, Lehman and Morton. The Committee, Club boys and leaders are planning a rat control bait service to farmers at these distributing points. The preparation of this material will be under the supervision of the U. S. Fish and Wild Life Service.

The 4-H boys and leaders are being requested to put the mixed bait in one pound serving sacks and then put a minimum of 10 sacks in a larger bag. This will constitute a minimum purchase by the farmer. Most farms will need a minimum of 25 lbs. and up to 50 lbs. per farm, if you get a 30 day supply.

The bait is purchased at a non-profit price. It will sell for 25c per pound, all sacked and ready for use. Instructions will be furnished with each purchase.

The best time of year to kill rats is during the winter and too, less odors will be detected. Rats are worse now than ever before, county - wide and state - wide.

Each rat you kill is worth \$20 to you in savings, advises the County Agent.

A big, successful campaign is being sought by the committee. If every farmer in the county would put out bait, or poison in the same week and keep it out continuously for 30 days the campaign would be most successful and a duty well performed.

"Let's talk this up with neighbors, in schools, churches and clubs," is the plea of the county agent. "Let's get rid of these disease carriers & destructive rats."

Tarver's '66' Is Leased Out

R. T. Tarver, Sr., announced this week that he had leased his Phillips 66 Service station to Sam Sharp and son, Alton Wayne, of Enochs.

Sharp said that he and his son will continue to operate the station in the most efficient and friendly manner possible.

Sharp has been engaged in farming in the Enochs area for some years. Alton has been associated with service stations in the Lubbock area for the past six years.

In making the announcement, Tarver expressed his appreciation to area residents for their continued patronage over the years, and expressed his belief that the station would continue to be operated in such a manner as to meet the satisfaction of his customers.

He urges his friends and customers to drop by and visit and trade with the Tarvers.

Tarver has operated a service station at the Phillips 66 location for the past 21 years.

During that time he has distributed only Phillips 66 gasoline — and last year he received a 20-year button from the Phillips Company.

For the most part of the past 35 years Tarver has operated a service station in Morton. He introduced two gasolines to Morton — the Phillips 66 and Texaco.

Originally he operated a Texaco station where Durwood's Texaco is now located.

Mr. and Mrs. Tarver have two children, Roy Tarver, Jr., and Mrs. H. B. Barker, both of Morton. The couple are charter members of the first Baptist Church and he is a charter member of the AF & AM Antelope Lodge.

He previously served as mayor of the City of Morton, a post now held by his son.

In announcing the change, Tarver said he had "enjoyed" a very nice business here and appreciated every courtesy extended.

As to what he will be doing — he said "I expect to do a little fishing."

HOSPITAL NEWS

Sherlie Ann Burns, Bledsoe.

SURGERY —
Mrs. C. W. Galyan, Mapie, remains hospitalized.

BIRTHS —
Mrs. C. J. Irwin, Baileyboro, and baby boy, dismissed.

TESTING SENTIMENT ONLY —

Paving Petition Being Circulated

J. C. Powell, Sr., a representative for Howard A. Schmiedling, engineers, is in town sounding out local sentiment on possible paving for Morton.

Powell is authorized to explain to local folks what would be the estimated cost of paving, and how it could be financed.

Local Commissioners reminded residents that no bond issue is in their present plans, and the paving plan, is simply an effort to see who is interested at the time.

The City would pay 10 percent of the cost, the residents paying the rest. No contract has been let and up till now figures offered are only estimates.

Persons interested in paving, & who have not signed the petition, may contact Mr. Powell at the City Hall.

Beat Local TAAF Entry, 80 to 73

Ince Oilers of Lubbock beat the Aero Spraying Dusters of Morton Monday night, on the local court, 80 to 73, in the first TAAF District game. Saturday they play Hodges Electric on the local court.

Local Aero Dusters Competing Again In Area TAAF Basketball League

The schedule was announced recently for independent basketball, which will be played by a Morton team known as the Aero Dusters and the TAAF Dusters.

The team, composed of the nucleus of the team that played for Three Way independently last year and the group that played for Morton in a member of the American TAAF District League, composed of 12 members.

They will have ten scheduled conference games in league play.

The first loop game was played Monday against the Ince Oilers of Lubbock, probably favored to cop the league title.

The following Saturday, January 22, they play Hodges Elec. of Plainview at Morton, and on Monday, January 24, they play Oton at Morton.

On Saturday, January 24, they go to Pottsburg and on Monday, January 27, they are at Hart for a game.

On the 31st, they play the Ince Oilers at Lubbock and on February 2, they are at Plainview for their second game with Hodges Electric.

They are at Oton on the 7th of February and then close out the season with homegames against Pottsburg on the 9th and Hart on the 14th.

Don Lamar is acting as manager for the local team. The playing center has not yet been released.

H. D. Council Has Several Important Meetings Pending

The County Home Demonstration Council met January 13 for an all day meeting.

The members sang the song of the group, "Onward, Ever Onward," and then were led in prayer by Mrs. Keith.

Announcements of several coming meetings were made.

The Income Tax and Social Security meeting featuring Cecil Parker will be at 8 p.m. on January 22, in Morton.

An all cotton style show will be held January 27 at 8 p.m. in the Lubbock Municipal Auditorium.

The All Cotton Show (no admission) was discussed.

The Training meeting for THDA Council Chairman and Vice-Chairmen will be January 29 at Tahoka.

A nat. making school is being scheduled for the latter part of February.

Nominations for the District Meeting must be elected by February 16, and the meeting slated for April 16 in Plainview.

Presidents of the Clubs are requested to bring 25c per club member in their clubs for THDA fund, to the Council by February 10th.

Recreation leaders from each of the clubs are to meet and select a chairman to represent them at the Council.

Fourteen were present at the meeting including three presidents, eight delegates, 4 committee chairmen, three Council officers and Miss Petty. They represented five clubs.

Guild Members Host WSCS Recently Study Mission Work in USA, Possessions

Members of the Women's Society of Christian Service were guests for the Monday night meeting of Wesleyan Service Guild in the home of Mrs. Fred Payne.

Mrs. Carlton Laper, president, welcomed the guests and conducted a brief business session.

Miss Leila Petty, program chairman, introduced Mrs. Bob Cross and Mrs. Carl England, who presented a program entitled, "And Crown Thy Good With Brotherhood." A world globe, enlarged map, and colored pictures were visual aids used in conjunction with the program.

Mrs. Cross discussed Hawaii, Canada, and the Caribbean, describing the characteristics of the people; their physical, material and spiritual needs.

Brief mention of the need for missionary work in the United States was given by Mrs. England, plus a short talk on Mexico. Mrs. England concluded her part of the program with a discussion of Alaska and the reading of reports from the diary of Mrs. P. W. White, a teacher in Elin, Alaska.

Material for the program on Alaska was furnished through the courtesy of Mrs. Doug Meador of the Matador Tribune, in which publication "Elementary Elin," by Mary White, has been published.

The program was concluded by Miss Petty who projected a series of colored strip film on Methodist activities in Alaska.

Guests included Mrs. Maud Wilson, Elm Creek, Nebraska; Mrs. Bud Young, and the following members of the Women's Society of Christian Service: Mmes. A. S. Key, W. W. Smith; C. R. Smelser, Lessey Silvers, Elizabeth Greer, John Crowder, H. S. Hawkins, C. A. Baird, Ollie Reeves, J. D. Hawthorne, and 18 Guild members.

Mrs. Payne served a refreshment plate during the social period which followed.

The next meeting of the Guild will be held in Fellowship Hall of First Methodist Church with Mrs. Joe Seagier as hostess.

John Royal of Menard, Texas, was named 1954's top soil conservationist in Texas during the Soil Conservation District Supervisors Convention in Abilene. He received the Texas Bank and Trust Company's Eighth Annual Award of \$500 for soil conservation.

Applies for Winter Graduation at NTS

DENTON (Spl.) — Conrad Carter of Morton is one of more than 300 seniors who have applied for bachelor's degrees to be awarded at the winter commencement at North Texas State College, 27 at 2 p.m. in the main auditorium.

Carter, the son of Mr. and Mrs. John B. Carter, Sr., is a graduate of secondary education, and a 1955 graduate of Morton high school.

SOUP SAGA

First soup was probably mixture of grates and herbs soaked in a gourd. First pot was split gourd probably speared with mud. Thus hard, crude cookery resulted.

Luxury loving Louis XIV ordered his chef to create a soup so clear it would reflect his kindly countenance—and consume was born! Today there are over 1,000 different soups throughout the world.

Soup was among first foods to be canned, thanks to Napoleon who knew armies would "eat their stomachs" seeking a sure supply of nourishment.

'ROUND THE CLOCK SOUP. Imaginative home-makers serve modern canned soups as a beverage—for breakfast, mid-morning and afternoon pick-ups, lunch, pre-dinner snack . . . even a late-evening drink before sleep.

... smartly uses everyday coffee cups, goblets, beverage glasses of all sizes and mugs for easy serving.

HIGH COURT JUDGE SWORN IN—Supreme Court Chief Justice John E. Hickman, right, is shown administering the oath of office to Associate Justice Joe Greenhill of Austin at January 1 ceremonies at the State Capitol. Judge Greenhill was elected by the voters of Texas to complete the term (ending Dec. 31, 1960) of the late Judge Fox Brewster. Judge Greenhill has been serving on the court by appointment since October 1, 1957.

Candy-dly Yours by WALDMAN

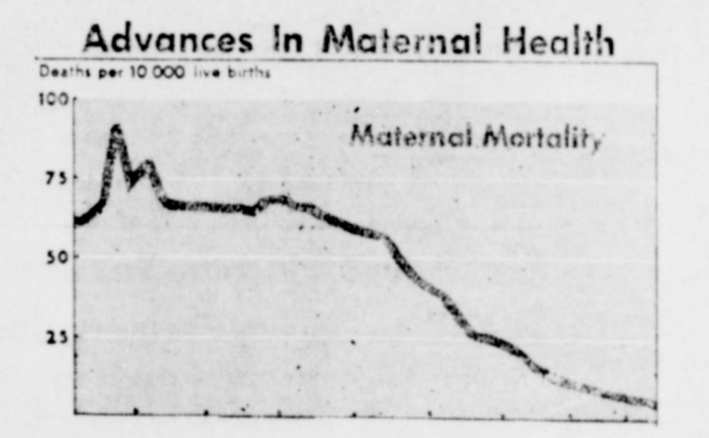

Candy originated in ancient Egypt where confectioners used rough molds to form confections of honey, nuts, chopped fruit, sweet meals and spices. They sold them from baskets in the market place.

In 1816 our leading city of Philadelphia had only 20 confectionary shops. Today more than 3000 candy stores sell freshly boxed chocolates throughout America. A typical store may carry as many as 300 varieties and flavors.

In the 19th century, the average per capita consumption of candy was nine pounds. Today it is about 18 pounds.

Dieting? Candy is lower in calories than you think! A one-pound assortment of approximately 44 pieces yields an average of only 47 calories per piece. Miniatures average about 27 calories each.

1915 1925 1935 1945 1957

Source: Health Information Foundation

Last year, when some 4,200,000 babies were born in the United States, about 1,600 women died of causes related to childbirth. If the rate of just one generation ago prevailed, Health Information Foundation states, the number of maternal deaths would have been as high as 28,000.

Reductions in the death toll among women during pregnancy and childbirth have been made by women at the young ages. The safest age group, the 20-24-year-old group, with a maternal death rate of 2.3 per 10,000 live births.

Birth order, H.I.F. reports, is also related to safety in childbearing. Second births are safer than first, and the fourth births maternal mortality rises, and the risk of death with later orders of birth begin to exceed those of the first.

ELEGANT — Scroll-printed velveteen corduroy relaxes in an elegant at-home outfit. The also Empire tunic has a stand-up neckline, and is worn over tapered black pinstriped pants.

HIGH COTTON—Junior dress designer Eloise Curtis created this demure afternoon dress in cotton crepe chiffon. The fabric is made of Supima, an extra long staple fiber developed and grown in the American southwest.

YOUNG IDEAS from Polly Ponds

- My hands get red and chapped in cold weather and look gruesome. What can I do?
- Never go outdoors in harsh weather without wearing gloves or mittens.
- Always remember to dry your hands thoroughly after you wash them.
- Use a hand cream or lotion whenever your hands have been in water. If you've left them so long and your hands are in very poor shape, here's an overnight treatment designed to get them back to normal in a hurry. Apply hand cream thickly from wrists to finger tips. Slip your hands into a pair of clean white cotton gloves and keep them on while you sleep. In the morning most of the redness will be gone and your hands will look smoother and prettier.

UNDERGROUND FACTS by Carlisle

ROOTS OF TROUBLE

THE ROOTS OF POPLAR AND WILLOW TREES TRAVEL AS FAR AS 50 FEET IN SEARCH OF WATER—CAUSE MILLIONS OF DOLLARS DAMAGE TO SEWER AND WATER LINES.

EVEN PINHOLE-SIZED OPENINGS IN SEWER PIPES PERMIT ROOT ENTRY. INSIDE, ROOT MASS CAN GROW TILL IT CLOGS OR BREAKS EVEN CAST IRON SOIL PIPE.

BUT NOW, MODERN SCIENCE HAS DEVELOPED A COMPLETELY CORROSION-PROOF, ROOT-PROOF PLASTIC PIPE!

by Carlisle

SUNDAY

Paul Blackwell Family Moving to Alaska, Monday

Cochran County will lose a family of five persons, of eight years residency here, Monday, when Mr. and Mrs. Paul Blackwell and three sons yield to the beckon and call of new territory and move to Fairbanks, Alaska.

The Blackwells, Mr. and Mrs. Richard, 14, Phil, 12, and Mark, 5, have sold their farm equipment to the folks who are taking over the farm they have been working, and will enter new business interests in the newest of the 48 states.

They'll bid fond farewell to their parents in Lamb County, Mr. and Mrs. W. H. Blackwell of Littlefield, and Mr. and Mrs. A. H. Scivally of Fieldton, and will hop off on a 10 day trip which should bring them to their destination, if all goes well. They'll stop off at San Diego for a brief visit with a sister, Mrs. Ki L. Rosson, and will have to travel over 1500 miles of gravel roads in Canada before arriving at Fairbanks, a thriving city of about 10,000 population.

At Fairbanks, located in the Central part of Alaska, Mr. Blackwell will be working with Mrs. Blackwell's brother, Jimmy Scivally, in a van and storage business. Jimmy has been up there since 1956.

Mrs. Blackwell will work with a sister, Mrs. Bob Caffey, who has a Pfaff Sewing Center at Fairbanks. Mrs. Caffey has been at Fairbanks since 1952.

Although Fairbanks has only 10,000 population in its immediate vicinity, the town area has 30,000 persons, and Mrs. Caffey, has estimated a huge growth in the next ten years. The country, rich in timber, minerals, and other natural resources, is also great vegetable crop growing country and raises considerable small grain.

They are extremely proud of the newly gained statehood, Mrs. Blackwell confided, and then managed a laugh when she was asked if they were moving because "as Texans they just couldn't stand to be living in a smaller state."

She promised faithfully to write of their impressions of the newest state as they are formed.

Pity your poor ginner... he's caught right in the middle on this uproar over spinning quality... as a farmer, you are interested in the money that comes from the high grade cotton... "clean it up," you tell him... and he does... he "over cleans" and "over dries" to bring top prices in the loan... but the cotton mills say it won't spin like it should... they have to mix in rayon!!!... the v-p of a leading mill says "we're paying too much for higher grades and probably not enough for lower grades... is there any wonder we'll change our buying habits?"... this all points up the need for judging quality by spinning standards... if it isn't done, cotton is going to surrender part of its market.

Army Announces "Career Group" Enlistment Plan

Placing the right man in the right job is the intent of the new "Army Career Group" enlistment option which became available to Regular Army enlistees on January 1, 1959. Colonel Garlen R. Bryan, Commanding Officer of the Fourth U. S. Army Recruiting District, announced today.

Under the "Army Career Group" option, individuals will be qualified through a battery of tests at the nearest U. S. Army Recruiting Main Station, and a career field within his occupational aptitude area may be selected by the individual.

In effect this is a choose-it-yourself vocational training system. The individual can choose the exact career group in which he would like to receive training.

More than 60 Career Groups, covering virtually all of the Army's occupations are offered. Qualified men are guaranteed either schooling or on the job training in the career field which they select, and the guarantee is entered on their Army records when they enlist.

For example, a man who is interested in learning photography as a trade could enlist for the "pictorial" career field. After completing basic training he is assured of an assignment to advanced training, either at a photography school or on the job training. Thereafter, he may be assigned as a photography helper, a photographer, an audio specialist, a photo laboratory specialist, a television cameraman, a film library specialist or a television production specialist.

Men interested in serving in the Airborne can enlist directly for Airborne duty in addition to choosing an assignment in a career group. More than 30 of the career fields are utilized by Airborne units.

Many of the career fields are open also to qualified young women who enlist in the Women's Army Corps.

Details on each of the career fields are described in the catalog, "Army Occupations and You," which is available for study at the nearest U. S. Army Recruiting Station.

Complete information on this and other Regular Army enlistment options is available without obligation from M-Sgt. Forrest D. Pesch, the local U. S. Army Recruiter, whose office is located at the Sheriff's Office, Morton, Texas, each Friday afternoon.

Cub Scouts Tour Tribune Plant

Touring the Morton Tribune plant Monday afternoon were some members of Den 4, Cub Scouts, and their den mother and assistant den mother.

The group have recently been studying the art of printing, and toured the plant for a first hand view of printing.

Making the tour were Mrs. Lem Chesher, den mother; Mrs. Luedean Crockett, assistant den mother and Gertrude Crockett, guest; and Lem Chesher, Jr., David Gearty, J. Wayne McDermott, Perry Crockett, Dennis Avery and Mike McDermott.

Whiteface P-TA Met January 12

The Whiteface P.T.A. met in the high school auditorium, Monday night, January 12, 1959.

The meeting was called to order by the president, Mrs. James Coghburn.

A group of high school students, Miss Summerlin, Miss Mary Nell Stegall, and James Ashmore, entertained with several musical numbers.

A talk on Self Improvement or Development of Personality was given by Therman Healy of Levelland.

The next meeting will be February 2nd.

Miss Mary Ann Vaughan of Whiteface Reviewed for Book Lovers, Thursday

Miss Mary Ann Vaughan, music teacher in the Whiteface schools system, reviewed with Book Lovers Club met Thursday night in the home of Mrs. Ira Brown.

For the review Miss Vaughan chose "How Come Its Called That," by Virginia Madison and Hallie Stillwell. The story is about the Big Bend National Park, origin of the names of various peaks, canyons, etcetera; as well as short character studies of the inhabitants of the region and the topography of the area.

50%-50%

Raw cotton holds its color best when stored at 50% F and 50% relative humidity... that's what government tests show... and the owner can lose up to \$50 a bale in color change with improper storage.

Seed To CCC

At least three states put cottonseed into CCC loan during November... first time in six years that the support level has been higher than market price... one effect will be to keep cottonseed oil in government storage... this will give a wide-open field to soybean oil to take over parts of the market.

Soil Bank

About 143,000 farms could wind up in the soil bank's conservation reserve in 1959... that's about 3% of all the farms in the United States and the number seems to be limited only by funds available... one effect of the soil bank in one county has been to put the only gin out of business... won't that be considered when the county farmers make their decision about growing cotton under the new farm bill provisions???

What About "GA"

We recently mentioned what a production increase cotton farmers would have if the plant could be stopped from ignoring about half its squares... maybe gibberellic acid (GA) is part of the answer... nothing definite yet but experiments show some giant production increases... scientists stress the fact that much is still to be learned about the effects of "GA"... but leaders feel that it has a definite feasibility plans are for experimenting and widespread experiments.

Farmers, HERE'S FACTS ABOUT COTTON DELINTING

You can plant your fuzzy, flame, gas delinted, saw delinted or wet acid delinted. We recommend the wet acid

Here's Why:

- 13. Gravity table floats out the weak seed.
14. Treating prevents seed rotting even in cold, damp weather.
15. No sticks, stems, or lint to clog up the planter.
16. In warm soil, seed will sprout in 12 hours - a stand can be had in 4 days.
17. Less moisture is required for germination.
18. For only one pound of lint cotton per acre you can have your seed delinted using the wet acid process.

For those who would rather have saw delinted cotton, we will have our saw in process by the first of February.

What's behind the big switch to FORD?

These specific common sense features are the big reasons why Ford is the best seller:

- 1. Six passengers, not just four, ride in comfort.
2. The doors are wider for easier entry.
3. Ford's styling is sensible.
4. Ford's frame is safer.
5. Ford's spacious luggage compartment is easier to load and unload.
6. Ford's got the most sound and weather insulation everywhere.
7. Ford is economical.

And here's good news for the economy-minded...

With all these exclusives, and with the usual optional equipment, Ford prices are as much as \$100 lower* than the nearest major competitor.

*Based on comparison of manufacturers' suggested retail delivered prices

Wonderful World by Waldman

A medieval lord commonly employed over 1000 servants, vassals and retainers to maintain his castle, till the land, and defend the walls against invaders.

Early American settlers had no servants. Everyone had to work hard, using crude farm implements hand made from wood or iron.

Today's homemaker has an efficient staff of mechanical servants to take over much of the drudgery. Mass production methods, depending on zinc die castings, provide such household aids as washing machines, dryers, vacuum cleaners, irons, and toasters.

Festive Mince Pie

FRANCING REINDEERS add just the right touch to a luscious mince pie for Christmas. Make it with a 3-ounce package of condensed mince meat, and for an extra big one, bake it in a 9-inch pie plate instead of the 8-inch size; and add apples to the mince meat. Cutouts are made of the top crust pastry with a cookie cutter. Brown them delicately, separately from the pie, or right on the top at the same time you bake it.

MINCE MEAT PIE

1 9-oz. package condensed mince meat 1 1/2 cups water 3 tablespoons sugar 1 1/2 cups diced apples 1 recipe pastry Break condensed mince meat into small pieces. Add water and sugar. Place over heat and stir until all lumps are thoroughly broken. Boil briskly for one minute. Cool. Add apples. Line a 9-inch pie plate with pastry and flute around edge. Fill with mince meat mixture. Cut remainder with cookie cutter from remaining pastry. Bake in hot oven (450° F.) 30 minutes, or until crust is golden brown.

Rx for Health

A Dental Career Can Be Rewarding

All of us are familiar with the fictional movie version of the frontier dentist, a rough and tough character who advertised with the word "painless", and who was as adept with the six-gun as he was with the pliers. Fortunately, such characters are found only in fiction. The young man of today who decides on dentistry as a profession will be a highly-respected, well-paid and vital member of the nation's health team. There are about 90,000 licensed dentists in the United States. More than 80,000 of these are in private practice; the others are in research, teaching, Government service and public health. If you are thinking of dentistry as a career, here are some things you should know: The education requirements are very tough. The course covers a period of at least six years beyond high school, and in many instances up to eight years. But the rewards can be great. Aside from being a respected community leader, the dentist can anticipate an income upward of \$21,000 a year, or even more. (Many of course earn less.) There are 47 dental schools in the United States, all of which are seeking students whose scholastic records are better than average. To enter one of these schools you must have at least two years of pre-professional education in an accredited junior college or college. It is surprising to many to learn that in a dental education the student takes many of the same courses required of student doctors. This is because many bodily ills are directly associated with diseases of the mouth, and therefore many patients are referred by doctors to the dentist. The American Dental Association suggests that the prospective dental student do the following: 1. Discuss dentistry as a career with your family, close friends and teachers. 2. Talk with at least one dentist, preferably several. 3. Take the dental aptitude tests at the end of your first year or during your second year of college. 4. Seek advice and guidance from college counselors. For specific information on careers in dentistry write to: American Dental Association, Council on Dental Education, Division of Educational Measurements, 222 East Superior Street, Chicago 11, Ill. (© 1958 Schering Corporation)

FANCY THAT! by Waldman

Earliest church steeples date back to 3500 BC when Sumerians erected "Ziggurats"—brick mountains—as homes for their gods.

The familiar steeple of the Notre Dame in Paris is an unsurpassed achievement of early Gothic architecture. Though its cornerstone was laid in 1163, it wasn't completed until 1230—67 years later.

Many church steeples are now made of stainless steel. Developed by 20th Century steel makers, this handsome metal combines the technical progress of today with the dignified beauty of the past.

PARTY GOER - The tapered look is for children, too. Rose-printed cotton satin is used in this holiday party frock designed by Joseph Love. A self bow accents the high yoke. The cotton knit dress is by Parlette.

Corner on Cotton BY BOB COLLINS

Slow in coming and even now barely scratching the surface, research is paying off for cotton in finding new uses and improving cotton's qualities in present markets... by the time you read this a new cotton fiber will be on the market... a special chemical treatment changes the molecular structure of the fiber and the change is permanent... it causes the treated fibers to "iron themselves"... we've seen the fabric and compared it to the resin treated drip-dry cloth... to us it looked like a 100% improvement... the new fabric may be washed and dried in any manner and still looks as if it has been ironed... scheduled to go on the market this month, it will first be offered in the form of sheets, dresses, diapers, etc. a new type cotton suit for men is also slated for spring sales... suit is made from fabric treated with resin... it's not wash and wear but designed to compete with mid-priced wool suits... we've also seen this suit and

THRILLS, ACTION, EXCITEMENT - The 1959 Southwestern Exposition and Fat Stock Show, Jan. 30 through Feb. 8 in Fort Worth, will be the most colorful in its 62 year history. Dale Robertson, Daredevil clown will challenge the fierce Brahmins. Bucking horses, too, will provide thrills and spills. About 8,000 head of livestock will be judged during the show.

If we're any judge, it's going to take a sizeable bite out of a traditionally wool market... has all the advantages of cotton and the resin treatment gives it a wrinkle resistance that cotton hasn't had before... mmm; be cotton isn't dead after all!

More Competition? It may not be long before corn will be competing with cotton in the clothing field... a new variety of corn has a chemical similar to cellulose... it can be made into a fiber like rayon... but doesn't have sufficient fiber strength and may not dye satisfactorily... however, if research links the technical problems the cotton farmers will have one more competitor.

Tax Guide The government publishes a Farmer's Tax Guide which might prove helpful to you in figuring your income tax... cost is 35 cents (coin or check)... write to Superintendent of Documents, Washington 25, D. C. ask for publication number 225.

Maid Of Cotton This year's Maid of Cotton is an Oklahoma lass... Malinda Diggs Berry of Stillwater... she's 28 years old and you never saw a better representative for cotton... under the sponsorship of the National Cotton Council she'll make a round-the-world tour promoting the finest fiber.

Home Demonstration Agent

COTTON FASHION SHOW
School of Home Economics at Tech will present an all-fashions show sponsored by the Cotton Industry on Tuesday, Jan. 27.

There will be two showings: the first at 2:30 p.m. for area 4-H members and economically-minded students especially. The 4:00 p.m. showing is for either showing. Both daytime and evening showings will be in the Municipal Auditorium.

on the Tech campus. New fabrics have been secured through the National Cotton Committee and the South Plains Cotton Promotion Committee of the Lubbock Chamber of Commerce. The Vogue Pattern Service is furnishing the patterns and designs, and the dresses will be made by Tech students. The latest styles in accessories — shoes, gloves, hats, hose, hair styles, etc., will be worn by the models.

Coordinating the fashion show will be Mrs. Bess Rothman, widely recognized as a fashion consultant and charm school instructor.

Several from this county plan to attend the Fashion Show.

TAX SERVICE

COUNTY LINE CLUB MEETING

Mrs. C. C. Benham will be hostess to the County Line Home Demonstration Club at 2:30 p.m. Friday afternoon, Jan. 16. The Agent

will give a demonstration on landscape plants. Anyone interested is invited.

MAKE THE MOST OF YOUR INCOME IN 1959

Is your family satisfied with what your income bought last year? Do you really know where your money went?

More Texas families are making the most of their income by keeping better household and farm accounts. Mrs. Eula Newman, our Extension Home Management Specialist, says interest in the family economics demonstration is increasing in counties throughout the State. Records help families to see where income goes, and where it comes from.

The only time you can manage your money is before you spend it, says Mrs. Newman.

Account keeping will show where your spending has been wise or what habits you would like to change.

Why not plan before you spend this year?

"Money Family Style," an Extension bulletin, gives down to earth suggestions for family money management. Get a copy from this office or from the Agricultural Information office at College Station.

ARE COLDS COMMON IN YOUR FAMILY?

Are colds common in your family? If so, you might check your daily habits to be sure you are serving foods containing a lot of vitamins A and C.

Both of these vitamins are effective in preventing the invasion of cold germs. That's because they help the linings of nasal passages resist bacterial invasion.

These two vitamins, plus general good nutrition, help provide resistance to all types of bacterial infections, not just colds.

Good sources of the vitamins are dark green, leafy and yellow vegetables, citrus fruits, tomatoes, raw cabbage, and milk, butter, eggs, cheese, cantaloupes, strawberries and potatoes.

Vitamin A also improves the eye's ability to adjust to light and dark lack of it causes "night blindness." Children need vitamin A for optimum growth and vitamin C for proper tooth formation and speedy healing of wounds and burns.

Mr. and Mrs. T. W. Moore of Levelland were visitors in Morton, Tuesday, with the E. L. Willis.

It is not true to say — Everything is being done — unless chiropractic is being included. Dr. L. J. Morrison, D. C., Portales Rd., Morton, adv.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Ruling in favor of the anti-trust division of the Justice Dept. in his recent decision prohibiting the proposed merger of Bethlehem Steel and Youngstown Sheet & Tube, Federal Judge Edward Weinfeld based his ruling on some very interesting points.

If his ruling could be boiled down to a few words, it could perhaps be tersely expressed as follows: "Two wrongs do not make a right."

For the chief, C. W. Harder, argument of the two corporations for merger was that by so merging, they would be better able to compete with U. S. Steel which presently controls about one-third of the steel market.

The two firms also argued that they could not keep pace with the U. S. Steel pattern due to lack of finances.

But taking the stand that such a merger would only decrease the right of the buyer to choose between different suppliers, the Federal Court also pointed to the fact that in the past five years Bethlehem had increased its capacity by over 20%, as had Youngstown.

Thus, the court could find no grounds for the argument that the two firms, operating independently, could not expand in time with an expanding economy.

In this case, one of the major anti-monopoly cases in recent years, it was most interesting that the court based all their arguments on the need to combine in order to be as big as the biggest in the industry.

County Agent Homer Thompson, and FFA instructor Claude Knott of Morton, sent out letters this week calling together local boosters who will help plan the 1959 Cochran County 4-H and FFA Fat Stock Show.

The show date is less than two months away, they point out, and no plans have been made to date.

They have called a meeting for Saturday morning, at 9:30 a.m., in the Banquet Room of the County Activity Building.

"This meeting," Thompson said this week, "needs all of our careful thinking and planning. Won't you please attend this meeting and help

This line of reasoning was rejected absolutely by the court.

The court held that if this merger was permitted on this ground, then a precedent could be set up whereby smaller companies, under the same pretext, could seek permission to merge, with the result being that it would be possible for all steel production in the nation to be controlled by a "Big Three."

It is believed that an earlier application of this doctrine would have prevented the virtual monopoly set-ups that exist in some industries today.

For it has always been given as an excuse for merging that such a move will make the mergers as big as the biggest.

Of course, as subscribed to by the nationwide membership of the National Federation of Independent Business, there is no sin in business. The real test of the matter is whether mergers tend to reduce competition.

Obviously, in this steel case, which would, have purportedly resulted in some 60% of the nation's steel being controlled by two giants, competition would have been materially lessened.

And, as the court pointed out, the creation of such a situation could have easily led to a subsequent condition where the rest of the industry would have to combine to compete at all.

Thus, this doctrine established in this case, unless over ruled by the Supreme Court, will stand as an important guide post in the fight against monopoly.

This same viewpoint, applied to other pending cases, could very well stop the trend into competition destroying mergers.

plan the kind of show, date of show, type of awards and premiums, judges, auctioneer, etc., so we can have a real outstanding show.

Awarded ROTC Marksman Medal

LUBBOCK (Spl.) — Small bore rifle marksmanship awards have been made by the Army ROTC unit at Texas Tech, and a Morton man is among the recipients. Earning a "Marksman" award was W. E. Dewbre of Morton.

OUT OF HOSPITAL

K. S. Head, who was injured in an auto accident Christmas Day, is out of the hospital and staying with his son Harvey and family in Lubbock so he will be near his doctor. He is reported "doing as well as can be expected." His daughter, Mrs. Lavern Clark and daughter, Judy, of Lompo, Calif., is here to visit with Mr. Head and family.

License Tags Go On Sale February 1st

Vehicle license plates will go on sale the first weekday in February, Mrs. Otha Denny, tax assessor-collector, announced this week.

Mrs. Denny pointed out that the plates will again be available to Whiteface area residents at Whiteface.

She also said that there would not be a local telephone number in the lot. The starting number is "BF 6175".

MARLON BRANDO, glass in hand, expounds to the comely heroines of the film, 'The Young Lions' in a scene from the Tuesday, Wednesday, Thursday production, Jan. 20, 21, 22.

FHA Increases Interest Rates to Private Lenders

Farmers Home Administration has increased its interest rate to private lenders under the insured farm loan program from 3 1/2 to 4 percent. Waiter T. McKay, the Agency's State Director advised that this change was made to encourage more lenders to advance funds for insured loans in order to meet the needs of qualified applicants throughout the Nation.

The information was released on Friday of last week by the local FHA office.

The insured farm loan program encourages the use of private capital in place of direct government advance funds to eligible farmers for the purchase of land, for building and land improvement, and for domestic and irrigation water systems. In addition to the 4 percent paid the lender, the borrower pays the Government 1 percent for insuring and servicing the loan.

Although the amortization period of the loan may be up to 40 years depending on the purpose for which the loan was advanced, the lender, at his option, may have the note redeemed by the government at any time after five years. The note, held by the lender, is negotiable and may be assigned to another investor at any time.

"The insured farm loan is an attractive investment for private lending institutions and individuals and has been well received here in Texas," McKay stated. "In fact, 928 of our more recent real estate loans totaling \$8,928,000 were made from funds provided by private credit sources. We anticipate that raising the rate on interest to lenders to 4 percent will result in a substantial increase in lender participation and thereby enable Farmers Home Administration to meet the credit needs of more farm families."

War Whoop Has New Editor

Diek Christian was elected editor of the War Whoop recently by members of the Morton High School Journalism class.

The War Whoop is the student publication of the Morton School. Other officers are Denise Rose, news editor; Myrlan Cox and Susie Hawkins, feature editors; Paul Belcher, sports editor; Patsy Sybert, business manager; and Mary Ruth Henry, circulation manager.

Outgoing officers are Mary Ruth Henry, editor; Margaret Hodges, news editor; Denise Rose, feature editor; Patsy Sybert, sports editor; John Zielinski, business manager; and Diek Christian, circulation manager.

Council Banquet Of Scout Leaders Set at Lubbock

The annual council recognition banquet of the South Plains Council, Boy Scouts of America, is scheduled to be held Thursday, Jan. 15, at the First Methodist Church at Lubbock.

Council board members, executive board members, and Institutional representative from the 20-county area of the South Plains Council are expected to be in attendance.

Work Out Labor Problems Together

Representatives of farm labor organizations throughout the High Plains of Texas banded together Jan. 8 at Lubbock and formed the West Texas Agricultural Employers Assn. to present a united front on farm labor problems.

Officials, representing 25 associations that handle approximately 40,000 braceros annually; Wright Boyd Sr., Lamsa, vice president; and Clyde Paschal, Lubbock, as secretary-treasurer.

The Jan. 8 meeting was called by the Plains Cotton Growers, Inc. George W. Pfeifferberger, executive vice president, explained the PCG's own bracero committee, with W. T. Miller, Muleshoe, chairman, would work closely with the new labor organization.

Details of the association are still to be worked out, but one of the key functions will be to give High Plains farmers more strength in legislative matters and to farm labor.

The organization will be financed through dues of 5 cents per bracero used annually by member associations. Approximately \$2,000 was raised by representatives at the first meeting.

Those attending the first meeting were acting as temporary directors and each association elect its own director to the group.
