Activities slated for local MOD campaign

March of Dimes campaigners began the 1965 drive for funds to fight birth defects this week with a strategy - planning breakfast meeting at the Wig Wam Restaurant early Tuesday morning.

Charles Bowen, this year's campaign chairman, listed activities to

be used this year as part of the fund-raising drive. Study clubs will staff the program and sponsor coffee gatherings to raise funds. Radio station KRAN will sponsor a cake auction on the air; Scouts will set up "roadblocks" on Morton's highways to solicit donations from motorists; Campfire girls will sponsor a "crutch sale"; Blue Birds will hold a cake sale; Rainbow girls are responsible for distributing banks for the March of Dimes to Morton businesses.

An athletic event dedicated to the March of Dimes will be arranged by John Paul Jones, athletic director for Morton High School.

The Rebekah Lodge is planning the annual "Mother's March" on neighbors asking for donations.

The Mother's March has been planned to begin at 7 p.m. Tuesday, Jan. 26. The Mothers ask that persons wishing to donate leave a porch light burning. Following the march, the workers will meet at the March of Dimes Headquarters on Washington Avenue.

Bowen said one of the most important events is being arranged by Elvis Fleming, a "Shindig" musical program scheduled for Jan. 28 at 7 p.m. in the auditorium of the County Activities Building in Morton. Fleming asked singers, musicians, bands, and others who would like to perform as part of the benefit show to contact him at Morton Junior High School.

Fleming said this year's "Shindig" will be similar to a success. See MARCH OF DIMES, page 8

Argument climaxed by shotgun attack

R. A. Patton is reported in good condition in Morton Memorial Hospital where he is being treated for shotgun wounds in the right shoulder, arm, and side. The wounds were sustained about 9:15 a.m. Friday, Jan. 8, at the John Silhan farm, six miles east of Morton.

Cochran County Sheriff Hazel Hancock said Patton was apparently shot as a result of an altercation among several Negroes at the farm.

An assault - with - intent - to - murder warrant was issued for another Negro, James Roy (Sonny) Pool, and he was taken into custody shortly afterward. Pool was arrested when he came to Morton to collect back wages from his employer, Silhan.

A shell believed to be from the gun used in the attack was found near the door of a house on the Silhan farm.

Hancock said Pool was arraigned in the justice of the peace court here and bond was set. Justice of the Peace Sheldon said he did not remember having set bond for Pool.

New schedule of hours, holidays set by bank

Beginning Saturday, January 16, the First State Bank of Morton will be closed Saturdays, bank officials have announced.

This change in policy is in keeping with the trend of banking Texas institutions and through the nation, according to a local bank spokesman.

The bank also announced along with the closing on Saturdays, that they would now observe only six major holidays during the year. They will be closed on New Year's, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas. All are recommended business closings by the Morton Area Chamber of Commerce.

Businesses of Morton and the area will be able to use the bank's drive-in window Saturday mornings from 8:00 to 8:30, however.

This service is being made available by the bank so that the merchants can withdraw enough money to carry them through the weekend. However, bank officials noted that the Saturday morning drive-in facilities were to be used only by businessmen, and that no other banking transactions would be conducted.

A spokesman for the bank offered a suggestion to those having large payrolls. He mentioned that if payrolls were made out in time for the employees to get to the bank before closing time on Friday, it would be a great help to all concerned. He went on to say that the bank was open for suggestions as to how they might improve upon their service along with the Saturday closings.

MOD headquarters

"OLD MALT SHOP" on Highway 116 has been converted into headquarters for the 1965 March of Dimes Campaign. Articles for

a white elephant sale can be left at the headquarters between 2 and 5 p.m. weekdays. TRIBpix

White's Service Center to open here Saturday

Grand Opening of White's Service Center will be held Saturday, January 16. It was announced today by Jerry Daniel, of the White Auto Store in Morton.

The Service Center is located directly north of the White Auto Store on Northwest First Street, and is housed in a new building just completed. James Dewbre is owner of the structure.

The Service Center, under the direction of Robert Guajardo, service manager, will feature front-end alignment of automobiles, and complete brake work. The brake work includes turning of brake drums, and the latest available equipment has been installed to do this and the front end work.

The center will also sell and install shock absorbers, mufflers, tail pipes, tires, batteries, seat covers, seat belts, starters, generators, points, and spark plugs.

Jerry Daniel and J. A. Daniel, owners of White's, invite the public to stop by Saturday to see their new service and equipment.

ANNE HAGGARD holds a March of Dimes bank like those which have been distributed to downtown Morton merchants by Rainbow girls as part of this year's campaign. Anne is the daughter of Mr. and Mrs. John Haggard. TRIBpix

Indians to hit district trail Friday

You can chuck all past performances in the waste basket, because this week they start playing basketball for real, as the District 4-AA race begins.

Morton travels to Frenship Friday night for their league opener, and then they entertain the Slaton Tigers on the friendly hardwoods Tuesday night.

The Indians have to be considered one of the quad-favorites in the district, along with Denver City, Post and Slaton. Morton is sporting a 15-6 record, and is the

holder of the championship of two tournaments, but in the last couple of weeks, the Indians have not been too impressive.

Coach Ted Whillock said this week that District 4-AA is one of the most evenly matched districts in West Texas, maybe even the state. "Every team in the district is capable of winning the championship," Whillock mentioned. "Frenship is probably the weakest of the five teams in league, but they have one of the finest clubs they've had in years. Seven tour-

naments have been won by teams in our district, and that should give some kind of indication as to the strength of the squads."

If one favorite had to be picked for the district, it would probably have to be Denver City, who last week end emerged as champions of the Big Lake Tournament, a 20-team affair. The Mustangs started late because of a prolonged football season, but they seem to be coming along now.

Morton has scored 1178 points this year, to 1104 for their opponents, an average of 56.1 to 52.6. Ernest Chesshir is sporting a 22.5 point average in the 21 games, scoring a total of 476 points. Charles Ledbetter has totalled 346 points, an average of 16.5 per contest. Jimmy Joyce is averaging 8.2 tallies, with a total of 172 points. Others scoring more than ten points for the Indians are Larry Embry, 59; Freddy Thomas, 30; Danny McCoy, 28; and Bobby Dobson, 20.

Excluding Tuesday night's contest with Muleshoe, Chesshir had gathered in 203 rebounds, followed with Joyce who had 154, and Ledbetter who has pulled down 141.

The Indians have won the championships of Tulla and the Caprock tournaments, and last week were second in the Seagraves meet.

Commissioners act on salaries, appointments

Salaries for county officials and employees were determined Monday by the Cochran County Commissioner's Court at Cochran County Court House in Morton. A salary schedule compiled in August was accepted with only minor alterations.

Road hands in each of the county's four districts were granted

slight pay increases, and the janitor's salary was raised.

Other action by the court was to authorize Judge John Love to advertise for bids for a county depository required by law. Bids will be considered at the court's February meeting, Feb. 8.

Two appointments were made. Dr. W. B. McSpadden was appointed county health officer; and Jack McCreary of Austin was accepted as collector of delinquent taxes for Cochran County on a contract basis.

It was written into the minutes that the director of every county office will check the telephone bills of his office before they are submitted to the court for approval and payment. Judge Love will check telephone bills from the County Activities Building, the park, and library.

The court also approved a schedule of holidays for county employees. Holidays this year will be Memorial Day, May 31; Independence Day, July 4; Labor Day, Sept. 6; Thanksgiving Day, both Nov. 25 and 26; and Christmas, Dec. 25, since Christmas Day falls on a Saturday.

New officers are elected by firemen to serve for 1965

Volunteer firemen of the Morton Volunteer Fire Department have elected 12 officers to serve for a new term.

John D. Lackey was elected chief; Johnnie Arnold, assistant chief.

Other officers elected were E. L. "Rusty" Reeder, fire marshal; James McClure, hose captain; Mickey Hoyl; and pumper, Amos Taylor.

Elected fire department president was Thomas Woolam; vice president was A. E. Sanders; and secretary-treasurer, Elra Oden. Sanders was reelected to a three-year term.

Joe Seagler was elected to a one-year term as commissioner; and James Dewbre was elected to a two-year term as commissioner.

The twelfth office, mascot, was filled by Mitchell Houghton, 7, son of Mr. and Mrs. Jack D. Houghton.

PBC to convene here next Monday

Members of the Cochran County Program Building Committee will meet Monday, Jan. 18, at the Wig Wam Restaurant in Morton.

Groundwork for the 1965 activities of the committee will be discussed. Methods of enacting weed and disease control projects will be discussed. Selection of farmers to help with committee demonstrations and discussion of irrigation pump efficiency are also on the agenda.

Terry Ford named Trib news editor

New editor of the MORTON TRIBUNE, Terry Ford, arrived Wednesday, Jan. 6. Ford came to Morton from Fort Dodge, Iowa, where he worked as a reporter for the FORT DODGE MESSENGER.

He is a 1964 graduate of Morningside College in Sioux City, Iowa. Ford is married, but has no children. His wife, Lynn Ford, is expected to arrive next week. She is completing a semester of college at Fort Dodge Community College before joining her husband here.

Ford has been living at the home of TRIBUNE publisher, Gene Snyder at 407 East Hayes Avenue. He intends to move into an apartment in Morton when his wife arrives.

Ford said Morton citizens are among the friendliest he has met, and he is looking forward to working here.

Ready for district action

MORTON INDIANS, sporting a 15-6 basketball record, go into district 4-AA play this Friday night, by hosting Frenship on the local court. Left to right, they are, back row, Coach Robert Taylor, Don Vanlandingham, Jimmy Joyce, Charles Ledbetter, Ernest Chesshir, Larry Embre, Danny Culpepper, and coach

Ted Whillock; front row, Dave Corey, manager, Rory Kuehler, Danny McCoy, Donnie Dewbre, Bobby Dobson, and Freddy Thomas. Trophies displayed in front of the Indians are the championship awards to the Tulla and Caprock basketball tournaments, and second place trophy in Seagraves tournament. TRIBpix

Council lauds telephone firm for DDD service

Members of the Morton City Council commended Rex Bailey, district manager of the General Telephone Company of the Southwest on the efficiency of the direct distance dialing system now being used in Morton Monday evening.

The council also heard a report from City Engineer Ralph Douglas on the progress of construction of a city water tank near the schools. Jan. 25 is the date contracted for finishing the tower. Work being done now is mostly perfecting the tower which is already structurally completed.

Douglas also told the council that sewer and gas additions are progressing at approximately the

rate budgeted for them last year.

Another report heard by the council was presented by auditor John P. Haggard. Haggard told the council it can continue operation with increased overhead recently incurred by enlarging the staff of city workers and embarking on several community improvement measures, including paving, water, sewer and gas projects. Haggard had been employed by the council to review the financial situation of the city in order to provide background on finances available for this year's operation.

* Booster meeting

President Kenneth Thompson of the Morton Athletic Boosters has called a special meeting of the booster club for Monday night, January 18, at the high school building. The meeting, which will begin at 7:30, will be to discuss plans for the annual athletic banquet scheduled for Friday, February 19. Sammy Baugh, backfield coach of the Houston Oilers, professional football team, will be featured speaker at the affair. Thompson asked that all possible members attend the special meeting Monday.

Cochran County tax 88 per cent paid

Nearly 88 percent of the Cochran County taxes for 1964 have been collected according to figures from the tax-assessor-collector's office. A total of \$529,547.45 must be collected. Of this figure, \$464,388.30 have been collected as of Jan. 7.

Tax-assessor-collector Leonard Groves reminded those who have not yet paid their county taxes that a penalty of one and one-half percent will be charged for all county taxes not paid before the end of January. The penalty increases percentagewise each month. After July 1, unpaid taxes are considered delinquent.

Miss Schaumburger wed to Waerner Loewe

Wedding vows were read at 8 p.m. January 9 for Miss Sandra Schaumburger and Waerner Loewe, Eddie Swinney, minister of the Fluvanna Church of Christ, officiated the single ring ceremony, in the home of Mr. and Mrs. Charles Palmer.

The bride is the daughter of Mr. and Mrs. Oscar Schaumburger of Wausau, Wisconsin.

The bride wore an orchid chiffon dress which featured a scooped neckline and short sleeves. Her short veil of orchid was attached to a comb encrusted with seed pearls and crystals. She added a corsage of white carnations.

Mrs. Palmer attended the bride as matron of honor. She was attired in a two-piece dress of white and turquoise and added a corsage of white carnations.

Mr. Palmer served as best man. The reception followed the ceremony. A white cloth covered the brides table which featured an arrangement of pink roses with pink ribbon streamers. The three tiered wedding confection was topped with a miniature bride and groom.

The couple are residing at Luper Courts. She is a graduate of Wausau Senior High School in Wisconsin. He attended schools in Stevens

Mr. and Mrs. Homer E. Thompson attended the wedding of their niece, Winn Sue Sherrill to Edwin Hoyt Sikes at 7 p.m. Saturday. The double ring ceremony was held in Ford Memorial Chapel of the First Baptist Church, Lubbock. The Rev. Dr. Franklin E. Swanner, Southern Baptist area missionary, officiated.

Parents of the couple are Mr. and Mrs. David W. Sherrill, 2932 26th Street, Lubbock and Mrs. E. H. Sikes of Starkville, Mississippi.

Mrs. James P. Walker of Dallas, sister of the bride, was matron of honor; Miss Cynthia Sherrill, junior bridesmaid; Mrs. William H. McCree of Midland and Mrs. Sheldon A. Cunningham of Borger, bridesmaids. They wore floor-length emerald green velvet dresses with fitted bodices and wrist-length sleeves. Their matching pillboxes were accented with tulle. Each carried a long stemmed white rose.

The bride, given in marriage by her father, wore a designer gown of white imported Chantilly lace and nylon tulle over net and satin featuring a Sabrina neckline outline with scalloped lace and embroidered iridescent sequins and seed pearls.

The fitted bodice had long sleeves which ended in points at her wrists. Appliques of lace with sequins accented the shirred tulle skirt. Full length panels of lace at

center front and sides enhanced the skirt. A wide panel of ruffled tiers of nylon tulle and scalloped lace ended in a long train. The French-designed Belgian lace bridal veil was brought over from Europe. Her flowers were a cascade of stephanotis with a white orchid.

James P. Walker of Dallas attended his brother as best man; Robert P. Hite of Bartlesville, Oklahoma, O. S. Justus of Houston and William E. Thompson were groomsmen.

Flower girl was Sheryl Kay Walker. James P. Walker, Jr., was ring bearer. Wedding music was given by Mrs. Gerald Harris, organist, and Mrs. Walter Harry, soloist.

Reception followed in Lubbock's Women's Club.

The bride wore away a wool suit of golden haze complemented with a silk floral blouse designed by Dale DeVrees of The Hague, The Netherlands. She wore a white orchid corsage.

The couple will reside in Deha, Qatar, Arabian Gulf where he is general superintendent for Middle Eastern and European operations for Price International, Inc.

Mr. and Mrs. Thompson were guests for a dinner Thursday evening at the Plainsman Hotel, honoring the couple. They also attended the rehearsal dinner Friday night at the Johnson House. Mrs. Thomp-

son was co-hostess with the bride's mother for a bridesmaids luncheon Saturday in Dunlap's Tea Room.

Sure.

You might find another car as new as the Delta 88.

But not this year.

This is Oldsmobile's Delta 88. It's unique. Unique because it's new. New clear through.

Styling is new. So new, not a line nor a highlight was borrowed from last year.

Power plant is new. Super Rocket V-8 is the biggest in Olds history: 425-cubic-inches big, up to 370-horses strong.

Transmission is new, too. Turbo Hydra-Matic, available on any Delta 88, provides up to 40% more torque from a standing start, superlative performance at all speeds.

New styling. New engine. New transmission. This year, only Delta 88 lets you have all three, all new. Other cars have a lot of catching up to do.

Indians cop second in Seagraves meet

Morton Indians captured second place in the Seagraves basketball tournament last weekend, winning over the Plains and Bula ball clubs, but losing to the host Seagraves team.

Indians beat Plains, 68-57, Thursday night, lost to Seagraves 54-49, on Friday, and came back Saturday night to edge Bula, 80-77. Ernest Chesshir and Charles Ledbetter of the local squad were named on the all-tournament team the third such honor for both boys in as many tournaments.

Morton headed Plains all the way, with 16-11, 36-25, and 51-36 margins at the rest stops. The Indians' scoring twins, Ledbetter and Chesshir, dumped in 27 and 24 points, respectively for the locals. Dan Smith and Jack Lowe each had a dozen tallies for the Cowboys.

The Indians led most of the way against Seagraves, but the Eagles took advantage of a couple breaks to grab the lead in the final quarter and surged to victory. Morton was ahead 14-9 at the end of the first period, and held a 22-21 margin at halftime. Going into the last

stanza, the Indians were in front, 39-35.

Chesshir was high scorer in the contest with 26 points, and Jimmy Joyce pumped in thirteen for the Indians. Dwight Hamilton led the Seagraves with ten points, while Kenny Cullum and Bo Falkenberry each had eight for the Eagles.

A 27-point outburst by the Indians in the third period against Bula brought the locals from behind and back into the game, and then on to victory.

Bula grabbed a 22-16 first quarter lead and at intermission time held a 43-35 margin. The Indians vaulted into the lead at the end of the third period, 62-60.

Ledbetter canned 30 points on a dozen fielders and six free tosses, while Chesshir added 20 to the Indian cause. Freddy Thomas and Jimmy Joyce had ten and nine for the locals. Pat Risinger scorched the nets for 35 Bula points, and Sam Nichols tallied 24 for the losers.

Morton cagers slip past Mules, 60-56, Tuesday

Playing the middle half of the game like "Ned and the first grade reader", the Morton Indians finally came alive in the final quarter of Tuesday night's contest with Muleshoe to tip the Mules, 60-56. After scoring 21 points in the first quarter, the Indians could manage only 19 in the next two periods, while allowing their opponents 33. Morton went into the fourth quarter trailing, 49-40.

The local five then went to work and tallied 200 points until the final thirty seconds. The Mules scored four points in the last half minute to bring their total to 56.

The Indians jumped to a 21-16 first quarter lead, and still held a 31-27 margin at halftime. However, Muleshoe took command of the game in the third period, and built up a 49-40 bulge going into the final eight minutes.

Charles Ledbetter led all scorers

with 21 points, seven field goals and a like number of gift tosses. Ernest Chesshir added 18 and Danny McCoy twelve to the local cause. Mickey Wilson scored 16 for Muleshoe, eight in the third stanza. Jay Ward and Ronnie Swint had nine apiece for the Mules.

The local B's fell before the Muleshoe B team in the curtain-raiser Tuesday night, 76-50. The Muleshoe team held a 31-26 first half advantage.

Darrel Srygley led Morton scorers with twelve points, while Don Huff tallied 16 for the winners.

Resident injured in two-car mishap at intersection

Mrs. B. Yarbrough, 55, Rt. 1, Morton, was taken to Morton Memorial Hospital Friday afternoon following a two-car collision at the intersection of Wilson Avenue and Southwest Third Street.

Morton Police Chief Shot Mills said Mrs. Yarbrough's Chevrolet collided with a Rambler driven by David Franklin Watson, 20, who gave his address as Box 306, Morton.

The Rambler approached the intersection from the north and the Yarbrough car from the west. Skid marks measuring 42 feet were left by the Rambler.

Mills said no citation has been issued in connection with the accident.

Mrs. Yarbrough was taken to the hospital where she was reported to have been admitted for treatment of back injuries.

Ware-Hinson nuptial rites are exchanged

Miss Marie Ware and Ronnie Hinson of Denver City were married at 8 p.m. Tuesday in the home of Mrs. Otha Denny, Bledsoe.

The Rev. Fred Thomas, minister of the First Baptist Church,

performed the single ring ceremony in front of the fire place decked with blue lighted tapers. Parents of the couple are Mr. and Mrs. Troy Ware and Mr. and Mrs. J. D. Hinson, Denver City.

The bride was given in marriage by her father. She wore a 2-piece white wool suit featuring a round neckline and three-quarter length sleeves. She added a pearl pendant, pink accessories and carried a white Bible topped with blue and white carnations.

Mrs. Charlie Gillis, Denver City, attended the bride as matron of honor. She wore a blue sate sheath and carried a nosegay of blue and white carnations. Charlie Gillis attended the groom as best man.

Miss Nancy Hinson, sister of the groom, served as flower girl and carried a bouquet of white carnations. Terry Donathan, cousin of the bride, carried the ring on a white satin pillow.

For the reception the bride's table was covered with white lace cloth with a blue underlay. An arrangement of blue and white carnations centered the table. Pink punch, nuts and mints were served with the four tiered wedding confection trimmed with blue roses and topped with a miniature bride and groom.

For a wedding trip to Harlingen, New Mexico, the bride was attired in a blue wool sheath and added a carnation corsage.

The new Mrs. Hinson attended Morton High School. The groom attended Denver City High and will be employed by his father in Denver City, where the couple will make their home.

E. G. Jones' to be honored on 50th anniversary

Mr. and Mrs. E. G. Jones will be honored on the occasion of their fiftieth wedding anniversary Sunday from 2 to 5 in the home of their daughter, Mrs. J. C. Penney, 808 S. W. 4th Street.

The former Miss Katy Williams and Jones were married January 18, 1915 in Benjamin, Texas. Their other children will also serve as hosts and include Elmer, Ted and Miss Dorothy Jones of Morton, Derrell of Lubbock and Calvin of Bloomfield, New Mexico.

The Jones have 18 grandchildren and four great-grandchildren. Friends of the couple are cordially invited to attend the open house.

Wanda Smith is shower honoree

Miss Wanda Smith, bride-elect of Virgil Thomas, was honored with a lingerie shower Monday afternoon in the home of Miss Mary St. Clair.

Co-hostesses were Misses Jane Luper, Betsy Crowder, Sandy Debusk, Tooter Miller, Peggy Ramsey and Bennie Smith.

Refreshments of pineapple punch and cookies were served to 35 guests from a table covered with a white linen cloth. An arrangement of orchids in a milk glass vase centered the table.

Hostess gift was a white leather guest book and white robe with red roses.

Bob Harris' proud parents of daughter

Mr. and Mrs. Bob Harris are the proud parents of a daughter born December 30, 1964, in the Levelland Clinic and Hospital. The little lady weighed seven pounds and ten ounces and has been named Bobbi Jan.

Grandparents are Mr. and Mrs. Vau Gose and Mrs. Veatrice Harris, both of Grainola, Oklahoma. Great grandparents are Mr. and Mrs. N. T. Olsen, Mr. and Mrs. Marshall Harris, Grainola and Mr. and Mrs. C. E. Popplewell, Burbank, Oklahoma.

FIRST STATE BANK

WILL BE

Closed Every Saturday

This change in policy has been approved by the board of directors of the First State Bank, and by the state banking commission. With the Saturday closings, this bank will observe only the six holidays recommended by members of the Morton Area Chamber of Commerce—New Years, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas.

However, as a service to the businessmen of Morton and the surrounding area, the drive-in window of the First State Bank will be open Saturday mornings from 8:00-8:30. We are offering this service to enable merchants only to withdraw money to carry them through the week-end. If the bank is informed on Friday of their needs, they will be able to have the amounts ready and waiting for the merchants on Saturday morning. The

bank officials ask the co-operation of the public in this Saturday morning service, that it be limited to businesses only. No other banking services will be offered on Saturday.

The bank realizes that this change may work a hardship on some, and we welcome, as always, suggestions that might improve our service. We will take all of them under consideration. One suggestion that we do offer is that those having large payrolls make them out in time for the employees to get to the bank before closing time on Friday. This will make things easier for all concerned.

We are at your service, and if at anytime we can help, please call us.

Morton High School students have been very busy this week cramming for and taking semester tests. Tests in periods 1, 3 and 5 were given Monday and Tuesday; tests in periods 2, 4 and 6 were scheduled Wednesday and Thursday. In most classes the semester exam accounts for one fourth of the semester grade. Report cards will be issued next Wednesday.

The Morton Indian basketball team has another trophy in the office at high school. The Indians garnered second place in the Seagraves round-robin tourney, losing only to the Seagraves team.

A number of Morton High School seniors were in Levelland last Saturday taking the College Entrance Examination Board tests. Among those taking the morning scholastic aptitude tests in English and mathematics were Mike Doss, Doug Corey and Danny Cade. Taking the afternoon achievement tests were Mike Doss and Doug Corey.

Many industrial arts students at MHS come to the high school shop at night to work on their projects. Industrial arts teacher Owen Houston sacrifices his spare time to supervise the students. Among the

projects being worked on are: Karl Griffith and Joe Bowers are building a speedboat; Larry Seigler is building a valance; Willard Ware is building a lamp; Carl Woods is working on a chest-of-drawers; Woody Self is making a cedar chest.

The Morton High School band members who are trying out for the all-region band have been practicing extensively on the try-out music. The bandsmen, Larry Seigler, Randy DeBusk, Rodney Kellogg, Billie Rae Procter, Donna Allsup, Linda Blackstock, Patty McClure, Danny Cade, Curtis Jennings, Marlin Rose, Jeanetta Rowden, Randall Tanner, and Mike Egger have been meeting during the activity period and after school getting ready for the try-outs next Thursday night.

March of Dimes

(Continued from Page 1)

Successful "Hootenanny" held last year for the March of Dimes. He said he hopes this year's show will include not only folk and country music, but also Mexican music and "Beatle-type music."

Another activity for the March of Dimes is a white elephant sale directed by Mrs. Maurice Lewallen, county secretary of March of Dimes. "The old malt shop" on Washington Ave., has been established as center for the sale. Mrs. Lewallen said persons who bring articles they wish to donate for the sale will receive credit for the value they set on the articles. The sale building is open Monday through Saturday between 2 p.m. and 5 p.m. The telephone number of the white elephant sale building is 266-9081. If there is no answer, Mrs. Lewallen will accept calls on her home phone, 266-5126.

The first coffee-party to collect funds was sponsored by the Cochran County Garden Club at the home of Mrs. Bud Thomas Tuesday morning at 9 a.m.

Another coffee-party is planned for Friday, Jan. 15, at the Wam Restaurant.

Bowen told guests at the kick-off breakfast Tuesday that, "We, as parents, do not have to worry about the threat of polio to our children as we once did. Maybe, in the future, we will not have to worry about the threat of birth defects. That is the purpose of this drive." He said last year's campaign here collected nearly \$2,555.

Bowen said the money collected here is divided into three parts. Twenty-five percent is spent on research; and half of the remainder is used locally. The third part is used by the national organization.

Bowen said that the local funds are controlled by a committee for Cochran County March of Dimes which distributes aid on the basis of need.

Holiday visitors in the home of Mr. and Mrs. Fred Wharton were their son, Bill Sweetwater, Mrs. Dave Amos, a sister, from Amarillo, Mr. and Mrs. Bobby Wharton and family and Mr. and Mrs. Cotton Idel and boys, Dodge City, Kansas.

Six escape with no injuries in two-car collision

Six persons escaped injury from a two-car collision Monday afternoon at the intersection of South-west 8th St., and Fillmore Avenue.

A car driven by Larry Farris Shaw, 16, Morton, collided with an auto driven by Wayland Lynn Abbe, 17, Morton.

Police Chief Shot Mills said three passengers were with Abbe. They were Charles Ledbetter, Donald Smart, and John St. Clair. Riding with Shaw was Danny Knox. Mills listed no ages or addresses for the passengers.

Mills said damage to both cars was "considerable," and estimating the total damage at about \$250.

No citations have been issued in connection with the accident.

COW POKES

By Ace Reid

"Nope, aint sellin'. The way the government subsidizes everything they list might take us tumble weed growers next and I'd have it made!"

The vital spark

Wages, personal incomes, the Gross National Product, and just about everything else involved in the country's economy have skyrocketed since the days of Calvin Coolidge. But—contrary to popular and erroneous belief—there is one extremely important element that has lagged behind the trend—profits.

According to the president of the Chamber of Commerce of the United States, after-tax profits, measured as a percentage of the GNP, have shrunk from eight to five per cent in just about that same period. Putting it another way, the ratio of after-tax profits to dollar sales is about 2.5 per cent. Large numbers of people, according to surveys, believe the proportion is 25 per cent or even more.

The average person may think that the shrinkage in profits is of no concern to him and that it actually works to his advantage by holding down prices. If so, he had best think twice. Much of the profit earned by typical industry is ploughed back for such purposes as building new plants, overcoming obsolescence, supporting research, developing new and improved products, and expanding and bettering the economy all along the line. Profits are thus the source of new and more productive jobs—just as they are the source of a large part of government's tax income.

In other words, profit is to the economy what the spark plug is to an engine. It provides the vital spark. And a strong spark is essential to peak performance.

A long, hard struggle ahead

The massacres in the Congo shocked the Western world. The tales brought out by survivors were almost incredible—rape, torture, cannibalism were the order of the day.

The joint Belgian-American rescue mission, which saved some 1,200 whites in the Stanleyville region alone, earned the praise of the West, although many felt that it should have been conducted on a larger scale and under conditions of secrecy.

But the Western attitude was not shared in Africa. When the Congo matter came up for discussion in the United Nations, only a single African nation, Nigeria, defended the United States. All the others denounced in extreme terms what we and Belgium had done. We had been guilty, they said in effect, of ruthless imperialism. And the communist representatives, saying nothing about the atrocities, acting as if they had not occurred at all, joined in the chorus.

This is all history now. But it is a continuing history, whose end no one can presently foresee. And it outlines the problem that this country, along with our allies, faces in the vast continent of Africa. It is a problem which could, and very possibly will, loom larger than that of Viet Nam and Southeast Asia.

The new African nations, theoretically free and sovereign, have been emerging by the dozen. And nothing quite like this has ever occurred before in history. They have come to statehood almost wholly without preparation. The old imperialist rule, such as that of Belgium, was certainly shot through with abuses and injustices. But it had stability, the means and the desire to maintain order. Once the European governors were gone, the whole administrative structure collapsed. There was nothing to take the place of colonialism, detested as it might be. Robert S. Boyd of the Chicago Daily News Service writes, "The Congo was a 'nation' only on the map. It was split into more than 200 tribes, often ancient enemies, speaking a babel of more than 100 languages." And what is true of the Congo is true of all black Africa. The vast majority of the peoples are illiterate. They live a tribal life which has hardly changed over the centuries. Violence, of the most brutal kind, is a part of that life.

These nations have their vote in the United Nations. In the General Assembly, therefore, they are equal in authority to any other country—the United States, the Soviet Union, England, all the rest. Their voices and their positions—supported as they usually are by the communist bloc—becomes more and more demanding. This, in the view of most Western observers, amounts to international democracy carried to the point of mania.

There are now signs that this country, with others, is reluctantly but inevitably and necessarily coming to a new attitude toward Africa. In the words of U.S. News & World Report, "The U.S. and Belgian military action was widely interpreted as a turn toward a firmer policy toward savage tribes that pose as civilized nations." The magazine quotes a Western diplomat with a long background of African experience as saying, "... ignorant and unambitious tribesmen are the mass of the citizenry of the so-called new nations. The sooner we of the West face such facts the better for all of us—including black Africa." Then, beyond this, there is the fact that Africa is now a vital battleground in the cold war. Victory will not be easy.

Income tax not simple

If you are a taxpayer, and who isn't these days, you have already received your income tax forms through the mail, a subtle hint from Uncle Sam that he would like for you to please remit without delay.

For the next few months we will hear a lot about the income tax, and the noise will reach a climax about the time of the deadline, April 15.

And there will be a lot of suggestions about how to make the income tax figuring more simple. It seems to strain the brain of a lot of people to fill out their income tax form and of course a whole new profession has grown up over the years—existing almost solely upon the service offered in helping taxpayers figure their income tax.

But the suggestions offered for making the income tax simple fall way short of the mark. They usually wind up with a proposal to cut out all deductions and levy a flat fee against an income, disregarding all factors that now make it complicated.

This may seem like a good idea at first glance, but at second glance it can be seen that it is not so fair, at that.

For example, the man who doesn't give anything to church or charity may take a dim view of allowing another man to deduct this from his income. But the man who wants to give to his church and charity feels that he should be allowed to deduct it. Certainly the churches and charity feel more sympathetic with the present system because they certainly get more money that way.

There is a movement underway to disallow deductions for interest charges on home mortgages, and this is opposed by home owners. Probably this proposal was dreamed up by those who live in apartments. So is the crackpot idea that a home owner not only should not get any deduction for interest on his mortgage, but that he should pay what his rent would be if he were renting instead of owning his house.

There is a continuing attack on the capital gains provision of the income tax laws, which allows a taxation of half the regular rates up to a maximum of 25 per cent. Under attack is the depletion allowance which allows 27½ per cent "depreciation" in the oil industry, but it seems likely that it will remain.

There has been a number of proposals to increase the size of the individual exemption, now pegged at \$600 which is hardly realistic in this day of high prices. But Congress is hesitant to meddle with this magic figure for fear that some of the flow of money will be shut down in its travels to Washington.

Other areas of "tax reform" are in the field of medical deductions. The man who never has enough of a hospital bill to deduct may think it a good idea to throw out such deductions, but the man with heavy medical expenses may think such a deduction is the difference between solvency and insolvency.

Deduction of state taxes is another point in dispute with some government experts in favor of disallowing them, but it appears that state taxes will continue to be a deductible item.

What it boils down to is that in order to make the income tax simple you have to be unfair about it. What you regard as a "loophole" may be regarded in a different light by other taxpayers.

Already millions of people have a simple tax return now. They

merely sign a punched card, take the standard deduction, and hope that their withholding tax equals what they owe. And it usually does.

Other taxpayers, with other income, other deductions, may not like to sweat over filling out an income tax return, and they may wish it were more simple, but they are not yet willing to throw out all their deductions to achieve this simplicity.

And in the struggle over the income tax return, and the finding of money to pay it, more and more of us have lost the sight of the real solution. The real solution toward simpler, and lower, income taxes would be for the federal government to reduce its spending.

But here is an area about which much is said and little is done, just like about simplifying income tax returns. There is no really simple solution to either problem.

Let's plan safety for 1965

Anyone who has driven anywhere near a Robstown public school when children are on their way to or from classes knows of the necessity to be extra careful to keep from running over children walking or playing in the street.

As the result of numerous complaints by irate citizens and the unfortunate accident in which a little girl was hit by a truck, both the Robstown School Board and the City Council have recently studied various methods of making the roads around the city's schools safer for children and in a way safer for drivers.

The City Council has agreed to purchase some sort of uniform for a proposed "mothers' patrol," which would be modeled along the lines of a similar safety organization in Corpus Christi, to patrol school streets in the mornings and afternoons and during lunch periods to make sure that safety regulations are being observed.

The School Board has agreed to pay the City of Robstown an amount not to exceed \$50 per month for adult help in "directing traffic," and has authorized erection of a sidewalk on the south side of Avenue D at Effie Hutto Elementary School.

Few will claim that these actions are too much or premature. It is regrettable that they had to be immediately preceded by the accident at Effie Hutto School, for to the casual observer this makes them appear to be hastily drawn up plans from a sudden realization of the problem.

Actually we know that both ideas and several more were being discussed seriously by civic leaders at least several weeks before the accident. Whether they would have been implemented without the accident we don't know.

But there are still many dangerous areas. One of the worst is on Highway 44 near the high school. In rainy weather students going to and from the school along the highway have no place to walk except along the very narrow shoulder of the road.

If they would walk single file there would be little danger but teenagers are a gregarious bunch and they like to walk together and sometimes they shove each other playfully. One playful shove could spell tragedy as things stand now. If a sidewalk is too expensive here, perhaps a gravel path would do. At least it would be an improvement over the present dangerous situation.

The members of the City Council and the School Board are to be

congratulated for their actions to promote safety around schools in Robstown, but we hope they will realize that the job is not complete and that one child's life is worth more than all the costs involved in saving it.

On 'swapping shoes' in 1965

Individually and/or collectively, we all can do better in the new year 1965 if we'll wear the other fellow's shoes once in a while just to see how they feel.

Such a practice as "swapping shoes" wouldn't solve all the community's problems, but it would make inroads on most of them.

Much too often, we are prone to censure the other fellow before we take the time to find out why his opinions differ from our own. Many times, serious thought given any community issue or problem will show us why those we consider our "opponents" take the stand they do, and if we understand a man's position on something, it makes for a healthier situation all the way around.

And, just as we should not blind ourselves to another man's right to think as he pleases, neither should we run him down to others just because we don't see eye-to-eye with him. There are proper places to talk over any issue, but rarely are these places the street corner or the coffee counter.

It would be Utopia, or course, if every community problem worked itself out to everyone's satisfaction. The next best thing would be to have every community problem work itself out without any man being injured in character or reputation. This, however, is up to the individuals concerned. If we attack the problem instead of the individual, there is less chance of someone losing not only his argument, but his community standing as well.

In short, let us resolve to practice the Golden Rule more faithfully in 1965.

Highlights and Sidelights —

Surprises on political scene

AUSTIN, Tex. — Surprises come fast and furious on the political scene in Austin.

First surprise of the new year was the resignation of veteran Railroad Commissioner Ernest O. Thompson.

Then came an even greater one. Just as the Legislature was about to open and everything was in readiness under the old management . . . presently confronted with problems both old and new . . . Gov. John Connally named House Speaker Bryon Tunnell to fill Thompson's old post.

Thompson, once the battling mayor of Amarillo and for more than 30 years a scrapper on the Railroad Commission, had been ill for many months. Only recently he had been moved from an Austin hospital to his home in Amarillo. He had two years yet to serve.

Tunnell is an East Texan. He's the first person from the East Texas oil area to serve on the Railroad Commission in 23 years. He was just beginning his third term as legislator from the Tyler-Kilgore region and expected to preside for a second term as House Speaker.

Immediately upon learning of Tunnell's appointment, Rep. Ben Barnes of De Leon, Tunnell's first lieutenant during the 1963 session, began contacting Legislators about the speakership. Barnes already had announced as candidate for Speaker of the 1967 session.

Simultaneous with Barnes' race for the speakership were similar activities by other House members, either openly or behind the scenes.

This list included Henry C. Grover of Houston, Jack Woods of Waco, Paul Haring of Goliad, George Richardson of Fort Worth and Wilson Foreman of Austin.

There were several other potential candidates.

LONG SESSION — Most observers feel the 59th session may run through the summer. Certainly it will dominate the 1965 Texas political scene.

These results seem likely: . . . Lawmakers will spend a record amount of money, much of it to uplift higher education. Budget proposals of both Governor Connally and the Legislative Budget awaited Senators and Representatives at their capitol desks.

. . . School teachers will get the \$45 a month pay raise the year asking. But they will have to figure out who is going to foot the bill. . . . A few more exemptions are going to be removed from the state sales tax. Just enough to balance the budget, but not enough to hurt much.

. . . Commission on Higher Education will be reorganized along lines recommended by Governor Connally. But the successor agency may not get all the power Connally would like it to have.

. . . Stormy hearings will be held over legalizing horse race betting and sale of liquor by the drink. Both proposals may move farther than they ever have before. Maybe all the way.

. . . A congressional reapportionment bill eventually will be adopted. However, it's difficult to see any agreement on legislative redistricting.

Other key issues which will occupy the 59th Legislature are statewide water planning and financing, oil and gas tract pooling mental health and tuberculosis programs, criminal code revision, judicial redistricting, state property tax repeal, extension of the medical care for the aged program as authorized by constitutional amendment voted on November 3, equal rights for women, gasoline tax exemptions for municipal bus lines, and enlargement of state tourist and industrial attraction programs.

GARY BEING ACTIVATED — Texas Educational Foundation selected Dr. Oscar J. Baker, superintendent of schools at Dickinson, as director of new Camp Gary Training Center near San Marcos.

First group of 37 teachers will arrive at the war-on-poverty training base by February 1. Then the first 300 students are due in March.

Base eventually will enroll 2,000 trainees in 45 vocational programs and basic education.

COURTS SPEAK — Third Court of Civil Appeals handed oyster fisherman another setback in their suit to keep shell dredgers a long way from live oyster reefs. Court agreed Austin trial court was justified in dismissing suit. This since law did not provide for appeal from decision of Parks and Wildlife Commission which permitted dredgers to operate within 300 feet of reefs (old limit was 1,000 feet).

State Supreme Court invalidated City of La Porte annexation ordinance taking in 12 square miles of land including city of Seabrook and proposed town of Bayshore, but held La Porte home rule charter constitutional.

Court of Criminal Appeals, which overturned first conviction of former Houston Probate Judge Clem McClelland for felony conversion, upheld the second. Court also affirmed bribery conviction of

HOW TO BE AT BOTH ENDS OF THE RAINBOW!

Drawn for U. S. Savings Bonds Division by Ed Koskas, the Cleveland Plain Dealer

a Houstonian involved in the same case.

COMMISSION SWITCH — Governor Connally has yet to take a position on the Texas Research League's recommendation that he turn his job as a member of the State Building Commission to someone else.

But the other two commissioners have indicated they wouldn't mind giving up one job too many.

Commission administrators State building construction and operation. This includes the State Capitol and the six buildings now in the Capital complex. Also, others in Austin and over the state. Recently they recommended construction of another multi-million dollar State office building. Also a new mansion for the Governor.

But the Governor did not support the recommendation he helped make when he revealed his 1966-67 budget proposal.

League suggested that the Commission — now composed of the Governor, Attorney General and chairman of the Board of Control — be made over and instead be headed by three citizens appointed by the Governor and approved by the Senate.

Atty. Gen. Waggoner Carr, who was relieved of some 16 extra board positions by an act of the 1963 Legislature, has indicated he'd do whatever the Legislature wants. But Connally's staff says the Governor hasn't made up his mind.

HIGHWAY RECORD — Before the end of 1965, Texas will have 1,623 miles of super roads. Total interstate system designated for Texas is 3,025 miles.

California, heretofore the leader, has a designated interstate system of 2,173 miles. Interstate construction in Texas costs \$610,000 a mile, compared with about \$1,000,000 nationwide.

WATER CHANGES SOUGHT — Texas Research League has called for a switch in water planning functions from the Water Commission to the Water Development Board.

League sees Commission's role as a water rights administration agency.

Initial decisions on water supplies needed for the next century must be made within six years to assure Texas' continued growth and prosperity. So states the League in the first of a series of four reports following its two-year study.

League said the state must be prepared to finance "a reasonable share" of some \$4,000,000,000 in water development projects during the rest of this century. It recommends broadening the purposes for which state water development funds can be invested.

COMMISSION — Railroad Commission is having a difficult time getting rid of more than 107,000 barrels of oil, impounded because of illegal production. Some of it has been tied up since 1938.

About 70,000 barrels of this oil has been stored in Beacon Tanks in East Texas for close to 30 years. State can't find a buyer for it because Federal law prohibits the sale of illegal oil into interstate commerce, says Fred Young, attorney for the Commission.

Young said the counties have received some benefits from the Commission's problem. When a well is shut down on an illegal production order, oil at the well is impounded in tanks at the well site. When oil operators want to use their tanks, the Railroad Commission will let them give the impounded oil to counties for road construction free.

COMPLIANCE PLEDGED — State Board of Education voted 13-5 to comply with the 1964 Civil Rights law, a necessary ingredient of some \$37,000,000 in Federal funds for public school education.

But the Texas Commission Higher Education, which will administer the new Federal cable construction grant program, it has not been requested to any such agreement.

WATER HEARINGS ENDS — Texas Water Commission was up its hearing on the Colorado River Municipal Water District application to change its proposed dam and reservoir site in Mitchell County to a point downstream near Robert Lee in Garza County.

Proposal was attacked by Lower Colorado River Authority, Mitchell County officials, downstream water rights holders, City of Austin, the Highland Lake Tourist Association, and the Pedernales Electric Co-Op.

Attorneys for both sides until February 7 to file supporting briefs.

SHORT SNORTS — Governor Connally appointed Dr. Melvin Furman of Corpus Christi to the Texas Commission on Alcoholism and appointed Dr. Ira Woods of Grapevine and Dr. N. Jay Rogers of Beaumont to the State Board of Examiners in Optometry.

Homer Garrison Jr. of the Department of Public Safety urges motorists to "start the new year with a safe vehicle" by getting the vehicle inspection stickers.

Court of Criminal Appeals picks its freshman member, Judge T. McDonald of Bryan, as presiding judge for the next two-year term.

State Labor Commissioner Charles King, who held two-day hearing on ways to prove regulation of boxing and wrestling, says the boxing is a more rambunctious problem of the two.

Atty. Gen. Waggoner Carr held in an open requested by Dist. Atty. James Morris of Orange, that the State Highway Department can build bridge over Cow Bayou without being liable for compensating landowners downstream.

Parks and Wildlife Director Edon Watson has inspected a 20-acre tract of land north of Paso in Franklin Mountains as a possible state park.

Police here to crack down on stop sign violators

Police in Morton have been instructed to crack down on stop sign violators, according to Police Chief Shot Mills. Mills wants drivers Monday that citations will be issued for stop-sign violators here.

He said motorists have been ignoring the signs, especially at the schools and the hospital. "The signs have been up for months, now, and that's not enough to learn where they are," the police chief explained.

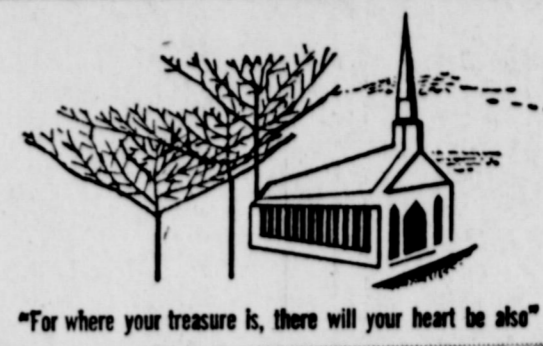

The sun is a relatively star compared to most of the visible in the sky at night.

NET

One of the definitions for a net is a trap or a snare. A net is used to catch a fish. There are times in every man's life when, like Job, he feels that God has trapped him in a net. Job 19:6 reads, "Know now that God hath overthrown me, and hath compassed me with his net."

But our troubles and afflictions are never caused by our God. Moreover, His Word says He is ever faithful to deliver His people. The Psalmist asserts: "Mine eyes are ever toward the Lord; for he shall pluck my feet out of the net."

How wonderful are His promises. These promises are proclaimed from the pulpit by your pastor each week for the blessing and edifying of God's people. Won't you attend church this week and partake of this blessing?

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
