4-H awards given here Tues. at area banquet

Marilyn Cade and Ronnie Bell received Gold Star Awards and Joe Beseda and Joe Harbin received Friends of 4-H Awards at the 4-H banquet Tuesday night. Many other awards were also given to the bright young boys and girls of the 4-H movement. The gold star award is the highest award that can be received by a 4-H member on the county level, and the friends of 4-H award is the highest award given to adults for service to the 4-H on a county level, full time agents or leaders not being eligible. Over 100 persons attended the event that was held in the County Activities building. Ronald Hale, a Cochran County 4-H member, was master of ceremonies. The Morton 4-H and Whiteface

4-H Clubs furnished the entertainment. State Representative Jesse George was the speaker. A theme of George's speech could be summarized into his closing statements, "You must be aware that your future and mine is exactly what we make it, and what we make it depends so much on how well we adapt the guidance and training of those who seek to help us." George continued, "In closing, let me leave you with the thoughts of an old adage. A man or woman never stooped so tall and so proud until he stooped to help a young boy or girl." D. B. Lancaster, manager of Bailey County Electric Cooperative, was master of ceremonies. See 4-H, Page 3

Jack Wallace is building new cleaning plant

Jack Wallace, who has been in the cleaning business here for 14 years at Nu-Way Cleaners, is building a modern new cleaning plant for Morton and the surrounding area. Wallace said, "Everything will be new from front to back." The plant will feature a burglar proof night dispenser for clothes, a cold storage vault, a clothes conveyor, and Adco finishing agent that puts oils back into clothes, a silk finisher for ladies clothes, two wool finishing units, one for pants and one for coats, a walk-a-rocket dry cleaning unit, and a drive in window.

Wallace said that the cold storage vault would have a two-hour fire proof rating and that residents could keep their winter clothes and furs in it and "not have to drive to Lubbock to store things." The new walk-a-rocket dry cleaning unit is fully automatic and is

That time of year again...

CHRISTMAS DECORATIONS WERE put up around the square and on the streets Monday by employees of Cochran Power and Electric.

Salvation Army drive begins

A luncheon at the Wig Wam Tuesday kicked off the Salvation Army Fund drive here.

About 45 Cochran County area leaders were present. Gilbert L. Muddell, Jr., area supervisor for the Salvation Army, addressed the group. He was introduced by Gene Snyder, County Wide Committee Chairman. Rev. Bill Shackelford of Whiteface gave the invocation. Muddell thanked last year campaign chairman, Bobby Travis, for doing such an excellent job, and

introduced this year's campaign chairman, Mrs. Bobby Travis. He presented Mr. and Mrs. Travis with a medallion paper weight for their outstanding work with the Salvation Army.

Muddell made a brief speech to the group. He said that the goal here in Cochran County was \$1500. He commented that one third of the money raised here would stay in this county to help transients and local residents. Last year most of it went to local people.

The rest of the money goes to state services. If the local committee runs short of funds, it may borrow from the state services. The state services include the home for unwed mothers, a missing persons bureau, which helped locate 6,000 persons during the past 12 months in Texas, emergency disaster relief, and a summer camp for boys. Last year six boys from Cochran County attended this camp.

Muddell stressed that less than nine cents of every dollar the Salvation Army raises goes for administration purposes. Over 90 cents of every dollar goes into welfare.

Muddell said, "We often think of disaster in major proportions, but if one man is hungry, cold, or is lacking medicine, that is a personal disaster and there is a need for something to be done about it."

Muddell passed out workers kits and asked the workers to contact the public personally. He said that Friday morning at 10:00 a.m. a report meeting would be held at the Wig Wam. At this meeting contributions were to be turned in and reports made.

The County Wide Committee administers the local program and makes the state services available. Those on the committee are, Gene Snyder, chairman; James Dewbre, treasurer; Van Greene, vice chairman; and committee members Glen Thompson, Hazel Hancock, Dean Weatherly, Gene Higgins, Joe Seagler, Bob Travis, Mrs. L. M. Blandford, all of Morton. See SALVATION, Page 7

Bledsoe depot will be transported to Lubbock

By BUCK SCHEIB

A definite part of Bledsoe and Cochran County is being moved to Lubbock, by a Texas Tech music instructor.

The long, yellow Santa Fe Bled-

soe depot has been purchased by Gene Hemmle, head of the Texas Tech music department, and will be trucked to Lubbock. Hemmle will remodel it and use it as an antique shop.

The old landmark was built around 1925 when Bledsoe was the second largest cattle shipping station on the Santa Fe line.

"To first find an unused railway depot, and then get it moved, takes a lot of trouble and work," Hemmle explained. He added, "First, I went down to the Santa Fe office in Lubbock, and told them I would like to buy a depot. Then, they told me there was one at Wilson, so I went to Wilson."

He continued, "I was looking at the depot in Wilson when the mayor of the town walked up and asked what I was doing." Hemmle said, "Well, when I told him I was thinking about hauling the depot off and making an antique shop out of it he became pretty upset." Hemmle said that the mayor told him that the Wilson depot was one of the oldest buildings in the town and that the local people had hopes of putting it in their park. Hemmle said that he didn't have the heart to bid on the depot after hearing this, and that he went back to Lubbock and asked the railway officials "for another depot."

This time they told him of the

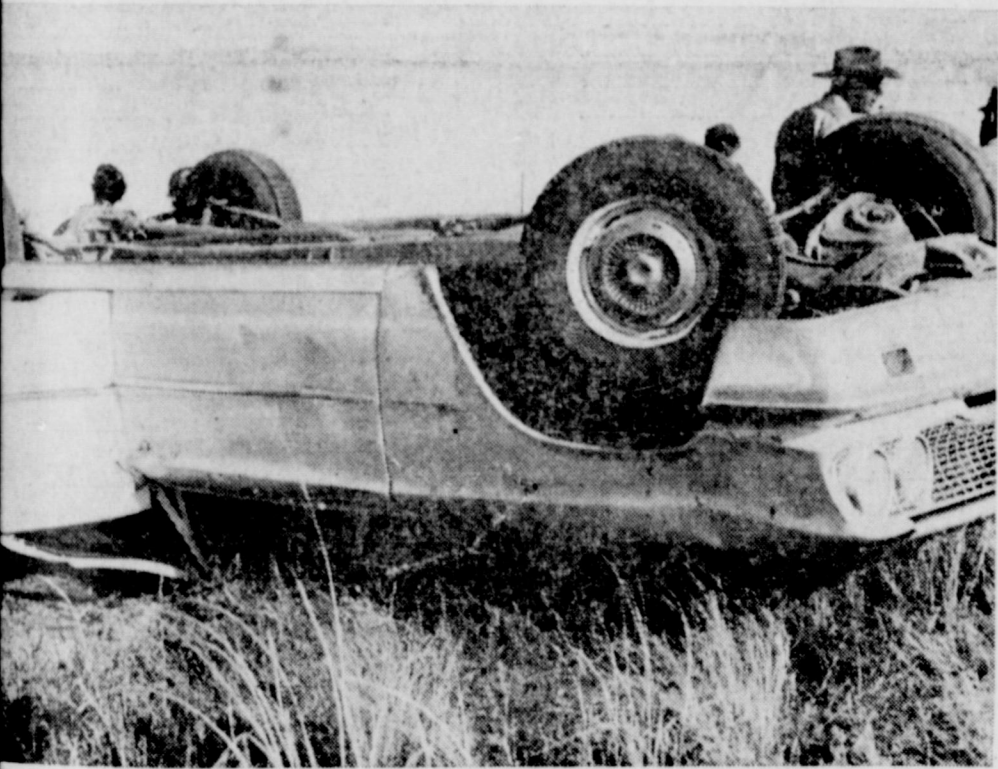

Auto is in two accidents the very same day

A 1963 Ford was involved in two accidents about two hours apart here Tuesday afternoon.

The car was going north on 214 about 2:50 p.m. when it apparently swerved off the right side of the road for about 300', came back up on the pavement for approximately 120', crossed the highway and rolled one and one half times 200' out in a field. The car landed on its roof. The driver, Willie C. Lightsey, 58, suffered cuts and bruises. The other occupant, Mrs. Lightsey, is in Morton Memorial Hospital. The accident occurred about 17 miles south of Morton. The Lightseys are from Amherst.

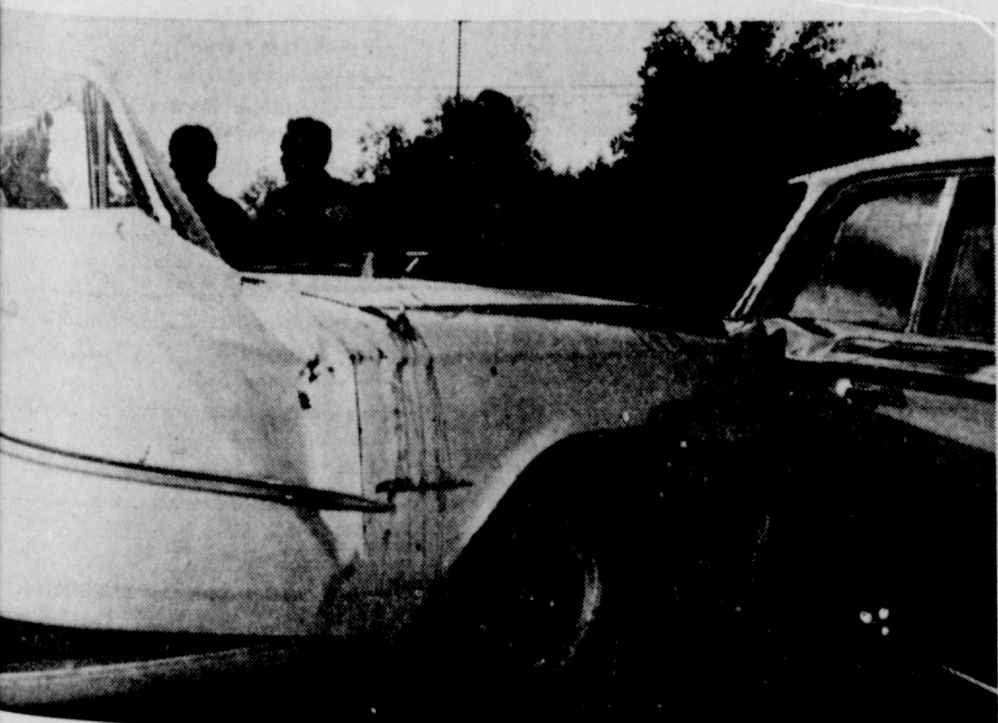

The second accident occurred about 4:30 p.m. The wrecked auto was being pulled north on S. Main when at the intersection of Main and Buchanan the chain broke, and

Thanksgiving services to be held Wednesday

A Thanksgiving Union Service will be held this year at the First Baptist Church, Wednesday, Nov. 24, at 7:30 p.m.

It will be sponsored by the Morton Area Ministerial Alliance and all area residents are welcome to attend.

The sermon will be given by Rev. Charles Gates. The anthem "Thanks Be to God" will be sung by the school choirs under the direction of Harold Dutton, Morton High School choral director.

Program personalities include Mrs. Weldon Newsom, organist, First Baptist Church; Mrs. Earl Palvado, pianist, First Baptist Church; Rev. Fred Thomas, pastor, First Baptist Church; Johnny Stockdale, Morton High School band director and First Methodist Church Choir director; Rev. Robert Gauer, pastor, County Line Baptist Church; Harold Dutton, High School choral director; Rev. Charles Gates, pastor, First Methodist Church.

To be transplanted...

THE OLD, yellow Bledsoe depot has been purchased by Gene Hemmle, head of the music department at Texas Tech. He will

have it transported to Lubbock where he intends to remodel it and use it for an antique shop. The depot has been a landmark in Bledsoe since about 1925.

one at Bledsoe, and after looking at it, he decided to bid on it. He commented, "How do you bid on an unused train depot? I couldn't find anyone to advise me because I couldn't find anyone who ever bought a depot before." He added, "So I just decided to bid so much by the foot of space that was in the place." (He doesn't wish to make public how much he bid.)

The bid was accepted and Hemmie had bought a depot. He now has to move it 65 miles to his lot in the city limits of Lubbock. To do this he had to find a moving contractor and obtain clearances along the route for the 24' high structure from four different electric cooperatives, Southwestern Public Utilities, Bell Telephone, General Telephone, and the light-

ing department of Lubbock, and also agree to leave the empty building site to the satisfaction of the Santa Fe Railroad.

The depot has not been used for some years now, since passenger service to Bledsoe has been stopped by the railways. It is, however, in very excellent condition. It is constructed out of No. 1 pine and a building expert evaluated the lumber alone is worth \$10,000 or \$12,000.

The depot has a large and small storage room on the west, a ticket office in the center, and a waiting room on the east. The oblong structure is 80'x24' in dimension and has a quaint bay window that protrudes from the north side, facing the two sets of railroad tracks that stretch for miles in both directions. This window was used by railroadmen to see if a train was approaching the station.

The ceiling beams are 4" x 6" and are just as straight as the day they were raised. The floor joists are of heavy dimensional material and the outside walls are of sheathed No. 1 yellow pine. The waiting room and the ticket office are of narrow grooved yellow pine. The floor is of pine also, but the boards are heavy and unsanded. Up in the southeastern corner of the building is stenciled, "painted - 63' - 2 coats Pittsburg paint."

The depot sits on huge treated piles, about 30" thick. Some of the other foundation pieces are huge square wooden blocks 16' x 16". Hemmie said that at first a tractor was used in an attempt to pull the piles of the loading dock out of the ground, but wasn't too successful. He said that a train had stopped at the gin nearby at about that time and that the workmen persuaded the train crew to let them use the engine to free the big piles from the hard earth.

The chimney has been taken down to the roof level, and when the building is jacked up and moved, the rest of it will fall down. Hemmie is going to use the brick for terraces around his antique shop. The roof is of slate, and is rose colored. Hemmie said that he didn't know of many slate roofs in this part of the country. He said that an old timer when asked about the construction of the roof said, "If Santa Fe built it — it was built to stay."

The inside of the depot is bare now. A few old papers lay on the floor and loose telegraph wires dangle from the ceiling. An old bell tangles when the cash drawer is pulled out, and coal dust covers the floor of one storage room, sifting out from the coal bin that one time held fuel for the pot belly stove in the ticket office. The walls of the storage rooms are shiny and just as new as the day they were nailed up, for very little baggage was placed in the store rooms, because Bledsoe was mainly a cattle shipping station. As one small Spanish boy who was helping to tear down the chimney put it, "It is a little lonely here now."

Hemmie is going to do quite a

bit of remodeling to the depot before he uses it for an antique shop. He will retain the original lines of the structure, but will replace the yellow paint with a deep slate grey, trimmed in white. The south side and the lower portion of the west side of the depot where the eaves haven't protected the walls, will have to be sand blasted.

The waiting room and ticket office on the east will be converted into the actual antique shop. The very high ceilings of the waiting room will be lowered 8'-10" and ticket office ceiling will be lowered 13½". The large 9' x 19½" windows will be retained. A formal molding will be installed around the top of the room after the ceiling has been lowered.

The bigger store room, which is 50½' long, will be transformed into a living room next to the antique shop. Behind the living room will be a dining room. The living room will be 16' x 24' and off of it and four steps up will be a bedroom, in the area of the smaller store room. The bed room will be 12' x 15'.

The interior of the store rooms will be paneled in American Cherry. The tongue in groove material will be removed and sold. Hemmie plans to lay another floor over the heavy, rough pine floor and spread oriental rugs over that.

A dressing room and bath will be built next to the bedroom and a kitchen will be built off of the

dining room. Both bathroom and kitchen will be tiled. Hemmie plans to do a little excavating under the bedroom and build a mechanical room for the air conditioning and heating units. He also intends to build a 10' x 20' terrace south of the dining room partly constructed out of used brick from the depot chimney.

He plans to throw a party for all his friends when work on his "railroad station" is finished. He said that possibly he might send out little train tickets as invitations and remove all the furniture and make it a "stand up affair," so as not to damage any of his antiques.

Hemmie commented that a lot of interested persons had requested him to retain the depot in its original condition. He said, "People keep telling me that the old depots will soon be gone just as the old steam engines have vanished, and that I should keep the building as a reminder of a by gone era." Hemmie said that he would like to keep the structure just as it is, but that in order for him to be able to afford the venture, he would have to remodel the depot and turn it partly into a business proposition.

The first scheduled train in Cochran County ran from Lubbock to Bledsoe on December 1, 1925, according to Elvis Fleming's book "Texas' Last Frontier." Bledsoe was named for the president of the railroad, S. T. Bledsoe. Because of the railroad stockpens were built and Bledsoe became one of the biggest cattle shipping centers on the Santa Fe line. The railroad also made Bledsoe the largest town in Cochran County in the 1920's. In 1928-1929, Bledsoe had three lumber yards, a hotel with thirty-two rooms, an ice plant, an electric plant, two drug stores, two grocery stores, a general store, and a dry goods store.

With the advent of farming and express trucks, Bledsoe began to decrease in importance as a shipping center about 1930. The cattle

Morton Bowling Tournament will bring contestants

The Morton Roundup Bowling Tournament will bring approximately 500 adult bowlers to Morton, November 26 through December 12.

The TABY Program has been extremely helpful to the bowling youth of the Morton Area. In the last four years, the youth bowlers of Morton have contributed one Bantam Boy's Team State Champion, one Senior Girl State Champion, one Senior Boy State B.P.A. A. Scholarship Champion, who placed 8th in the National Finals; one Senior girl placed 2nd in State finals; the Junior Girls Doubles took second in State finals, and Senior Girls Doubles took third in the State finals.

In four of the last five years a Senior boy's team has gone to the State finals. In addition to these high honors, a Junior boy's team has gone to State finals in four of the past five years.

Further recommendation to the local bowling youth is evidenced by the proud facts that a Junior girl's team placed second in regional, and a Senior girl's team placed third in regional. No Morton team has placed below fourth place in State finals.

In four years over 700 Morton Area boys and girls have taken an active part in the youth bowling program.

TABY officers are Jack Russell, treas.; Wilma Morrison, sec.; Wayne Brocken, pres.

She passed around school books dated back to 1920 and a first grade workbook on modern math.

Strong Claims backed by facts

Our local business firms are in good shape to back up strong claims of giving you **MORE VALUE FOR YOUR MONEY.**

Because . . . it's a simple fact of economic life that home merchants have about a 30% head start on their out-of-town competitors in the run for our money.

This is true because near 30% of every dollar spent at retail goes to support and to build up the prosperity of the community in which it is spent . . . and you benefit from the work done by that part of your money **ONLY** when you live and do business in that community.

Where goods, service and price offered by home stores and by the out-of-town stores are otherwise equal . . . the **HOME DEAL** is still close to one-third better . . . and may be many times better for you . . . as bigger trade volume at home prospers the area where **YOU** live . . . and make your living.

Morton cagers split in openers Tuesday night

Morton high school basketball teams kicked off the 1965-66 season Tuesday night by winning one and losing one at Bledsoe. The B team topped the Whiteface A five, 58-40, while the Indian A team was defeated by the Bledsoe boys, 60-

The Indians face Bledsoe again Friday night on the local floor, and travel to Levelland next Monday night. A Monday game with Plains has been cancelled because the Plains football team is in the grid play-offs.

The Indians showed the effects of having worked out only one day, and couldn't stop Bledsoe's three-point scoring attack of Bryant, and Funk. Bryant crammed 20 for the winners, Box added 11 and Funk scored 13.

Two businesses broken into here Thursday night

Sometime Thursday night two places of business were broken into here and pilfered.

The Loran-Tatham Co. and Silvers Butane, both located beside each other on the Levelland Highway, were broken into in what must have been a robbery attempt.

At the Loran-Tatham Co., the intruders forced the latch off the back door to make their entrance. A spokesman at the company, George Hargrove, said that to his knowledge no cash was taken and that the intruders just left the place "in one big mess," scattering papers and files all over the floor. He said that apparently they weren't interested in the blank checks or two credit cards that were in one drawer.

The intruders did get some petty cash at Silvers Butane, and left the records and files "all shook up," according to Mr. Silvers. The burglars entered the building by breaking a window.

Both businesses reportedly keep very little cash on the premises.

Indians close out grid season with 44-16 win

Morton's gridiron Indians put a tiger in their tank Friday night and closed out their 1965 campaign by smacking down the Slaton Tigers, 44-16, on the local field.

The win left the Indians with a 7-1 overall mark for the year, and a 3-2 district record.

Morton's final performance was their best showing of the year, as they scored in every quarter, and passed the double strip three times in the second stanza.

Kenny Palmer tallied four touchdowns for the Indians, twice from four yards out, once from a five yard strike, and the other a 58-yard explosion. Quarterback John St. Clair had two touchdown runs called back, but finally made one stick as he scored from one yard line in the fourth period. One of St. Clair's TD jaunts was called was for 29 yards, the other a 75 yard sprint. Jimmy Joyce almost single-handedly gave the Indians their

other tally. With only seconds remaining in the first half, Joyce intercepted a pass by Slaton's Allen Miles at midfield and returned the ball to the Tiger 26. After a pass fell incomplete, St. Clair hit Joyce in the endzone with an aerial that the receiver had to wrestle away from a defender.

St. Clair, Jimmy Waters, and Donnie Ray Harvey scored the two point conversions for the Indians.

Slaton's scores came in the second and third periods. Bill Gass broke loose for 59 yards for the first TD in the second canto, and Bobby Magallanes took a pass from Larry Pickens, good for 32 yards and a score in the third quarter. Henry Johnson ran both conversion for the Tigers.

The Indians outgained the Tigers, 449 yards to 259, and earned 24 first downs to 10 for the losers. Morton gained 393 of their 449 yards on the ground, and completed four of eight passes for their other 56 yards.

Public invited to recital here Tuesday, Nov. 23

A group of local musicians will be presented in a recital Tuesday night, November 23rd at 7:30 in the Banquet Room of the County Activity Building.

The public is invited to enjoy the program which is centered around a theme of Thanksgiving and Patriotism.

Predominately, the group will be made up of Intermediate pupils which includes grades 4-5-6, three Primary pupils and several Junior level pupils will be included in the program. The scene will be set to carry out the idea of the first Thanksgiving with Pilgrims around the table of food, Indians around their campfire and "Minute Men" to inject the flavor of patriotism in commemoration of Veteran's Day which also falls in November.

The selections to be played by the pupils are representative of their individual classification; Indians playing typical numbers will include Cindy Hutchison, Danny Elliott, Julie Brown, Dub Hill and Renee Anglin and Byron Willis, Indian chief. One group of Pilgrims will play typical folk songs; Carolyn Gray, Roxanne Cooper, Laneta Davis and Rebecca Goodman. Other pilgrims who will play Psalms which were brought over by the pilgrims and have become a part of our American music are Jeana Thomas, Sue Winder, Trezell Hill, Ricki Shiflett, Karen Willis and Laneta Combs. Minute Men or Scouts who will lead the group in Pledge to the Flag and then play marches are Farley Inglis, Edie Turney, J. L. Hutchison and Tom Feagley.

The audience will be asked to participate in two numbers, the Star Spangled Banner and the Pledge when everyone stands and sings "God Bless America." Mrs. S. McCarty, teacher of the group, will play the finale.

Referendum vote on cotton to be held Tuesday

The national cotton referendum is set for Nov. 23, 1965.

In this referendum at least two-thirds of the cotton farmers must approve cotton marketing quotas for 1966 before the essential provisions of the new cotton program can go into effect. If quotas are not approved, allotments will remain in effect for the 1966 cotton crop but there will be no marketing quotas and no penalties on excess cotton. There will be no additional price support in the form of payments, no diversion payments, and no export market acreage.

Price support loans at 50% of parity will be available to growers who do not exceed their farm acreage allotment. In the same referendum cotton growers in each county will have an opportunity to vote on whether they want to permit cotton acreage allotments to be sold or leased and transferred out of the county.

Ballot boxes will be placed at each gin in the county and at the ASCS office, and polls will be open from 8:00 a.m. to 6:00 p.m.

currently in his present building and will be moved later to the new building. Wallace said that clothes could be put into the machine dry and that they come out dry.

The new building will be constructed out of concrete blocks with the front door and windows of wood to retain a colonial appearance. It will contain 2650 square feet and the dimensions will be 80' x 30'-40'. The new structure will be located a few blocks south of the present location of Nu-Way Cleaners on South Main.

Wallace said that he felt this area needed just as modern a cleaning plant as Lubbock's or other south plains areas, and that this is one reason he is building one. He said, "One day I looked around and decided that we need a cleaning plant here that would be just as good if not better than the other modern cleaning plants in West Texas.

The new plant should be finished by the first of the year. Wallace intends to enter it into the American Dry Cleaners contest, using photographs of the old and new buildings to stress the modernization of his business.

Library improvement group meets

The Federated Study Clubs of Morton who have entered the General Federation of Women's Clubs and Sears - Roebuck Foundation sponsored "Community Improvement Program", sent representatives to a meeting in the Cochran County Library on October 28.

The Elma L. Slaughter, The Y-M's, L'Allegro, the 1936 and the Town and Country Study Clubs have entered the contest with "Improvements to the Library" as their project. The purpose of the meeting was to set definite goals for gathering material for the scrapbook and report. The Community Improvement Chairman from each club will assist in gathering clippings, pictures, and other materials for the scrapbook and assist in making the report which is due by March 1, 1966. Only one report is required for a joint entry and clubs share equally in responsibility, work, credit and awards. In case of an award, any money would go to further library improvements.

Mrs. Don Samford was elected by the group to serve as Coordinating Chairman.

Mrs. HESSIE B. SPOTTS was asked to give most outstanding needs of the library. These were: more space, need to keep library open 5 days a week instead of four, Children's Story Hour, book slot in door, or outdoor weatherproof box for convenience in returning books when the building is locked; book stops, step ladder and more children's books from 10 year level up.

Other suggestions from those

present were: To add as many books as possible to the list of basic books as recommended by the Texas State Library as the first purchases in establishing a small library. The library lacks five or six of the books on this basic list.

To increase use of the library by more publicity and as a beginning, urge all club women to obtain a library card and make reading a regular habit.

To encourage memorial book gifts by more publicity and printing of cards acknowledging receipt, book purchased, inscription of donor and honoree in book and inviting the donor to be the first reader of the book.

Whiteface Study Club hears talk on candy

The Whiteface Study Club met Thursday night November 11 in the Whiteface Homemaking Department.

Mrs. Ruth Bray of the Bailey County Electric Cooperative Association was the guest speaker and gave a demonstration on candy making. Mrs. James Cunningham and Mrs. Wendell Dunlap then presented a program on meal planning and table service.

A rummage sale was planned by the group for November 13 at Levelland.

Mrs. Bobby Travis was asked to be chairman of a bake sale to be held before Thanksgiving to raise funds for this project. Each Club representative was asked to report details to her club and ask for approval and support and any further suggestions.

Those attending were: Mrs. Leonard Groves, Y. M. Study Club; Mrs. Willie Taylor, Mrs. Elmer Gardener, Mrs. Leonard Coleman, Mrs. HESSIE B. SPOTTS, Elma L. Slaughter Study Club; Mrs. M. C. Ledbetter, 1936 Study Club; Mrs. Pat Mullinax, Mrs. Bobby Travis, L'Allegro Study Club; Mrs. Willard Henry and Mrs. Don Samford, Town and Country Study Club.

LAND OF PLENTY

★ THANKSGIVING FOR...

- PROSPEROUS NATION
- FOOD
- A STRONG NATION
- FREEDOM OF WORSHIP

Pages could be filled with ways that God has blessed us, and we should be continually thankful for God's goodness. At this time, however, we should pause from our daily workday habits and in unison, give special thanks to God, that we still have freedom of worship.

Attend church this Thanksgiving weekend

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Homecoming big success at Bledsoe

The homecoming in Bledsoe was kicked off in grand fashion Saturday afternoon with a homecoming parade. A calvacade of cars and about ten floats participated. The sophomore float won 1st, the freshman float second, and the seniors 65' won third. The theme

of the parade was "The space age."

A supper was served and prepared by the Senior Mothers at 5:00 p.m. Before the supper an ex-students meeting was held.

That evening Bledsoe lost a close high school ball game with Causey 62-61. The junior high boys lost 59-11.

There was a coronation program immediately preceding the ballgame. Lynda Thoms relinquished her last year's crown as homecoming queen to Brenda Hall. Miss Hall was crowned 1966 Bledsoe High School Homecoming Queen. Her escort was Cris Box. Miss Thoms' escort was Billy Bryant. The princesses in the high school and their escorts were: Margie Griffiths and Mike Eason, Janis Buchanan and Steven Dunn, Jo Ann Shields and Velton Funk.

The princesses and their escorts from the first grade through the eighth grade respectively were: Monia Savage and Lawrence Woods, Glorietta Davis and Pat Cunningham, Julie Cooper and Tracey Griffiths, Lois Funk and Guy Hall, Debra Burkett and Lonnie Cunningham, Ronnie Morgan and Cynthia Banning, Gloria Cunningham and Tommy Ellington, Robbie Burkett and Mark Thoms.

There were many out of town guests at the homecoming activities, many of whom are ex-students of the school, those who registered are: Mr. and Mrs. Melvin Coffman and sons; Mrs. Paul Wylie; Mrs. Joe Seagler; Mrs. M. W. Ellington, Sr.; Mr. and Mrs. Elick Cox and family; Mr. and Mrs. Roy Brooks and son; Miss Glenda Dawson, Mr. Don Brooks, all from Morton.

Also Mr. and Mrs. Raymond M. Lewis, Brownfield, Texas; Mrs. Frances Best Rucker, Denver City; Anita Musick, Crossroads, New Mexico; Mr. and Mrs. J. Marvin Brown and family, McDonald, New Mexico; Marilyn Brown, Tatum, New Mexico; Mr. and Mrs. Johnny Tims and family, Vernon, Texas; Mr. and Mrs. Trostie, Lubbock, Texas; Jimmy and Bonnie Kennedy, Mrs. Eva Sooter, Marie Hicks, June Gandy, Tatum, New Mexico.

Mr. and Mrs. Carlton White were among the first residents of Bledsoe in 1926. They reminisced with friends about the early days when there was a barber shop in Bledsoe — Mr. White was the barber — also, there was a "movie house", five lumber yards and other business establishments that were later torn down, mostly because of the water shortage. Some of those early settlers who still live here are Mr. and Mrs. Lee Selman, Mr. and Mrs. W. G. Griffin, Mr. and Mrs. M. B. King, Mr. and Mrs. Tom Williams, and Mr. and Mrs. Alvie Harris.

Three-way beats Bula 36-22 in district play

The Three-Way Eagles beat the Bula Bulldogs 36-22 Friday and opened the door for a possible tie in district 1-B eight-man ball.

On the first play of the game there was quite a bit of confusion. Three-Way kicked off, Bula fumbled, and Eagle Bill Dewbre recovered the ball in the endzone for an Eagle touchdown. On the same play Bula team captain Kenneth Overland dislocated his shoulder.

In the second quarter, freshman quarterback Bruce Pruitt ran around right end for 25 yards to cross the Bula goal. Pruitt then passed to right end Johnny Harris for the extra point.

Fifty seconds before the half Sammy Nichols passed forty yards to John Fred for a Bula touchdown. Nichols then ran the extra point, making the score when the half time gun sounded 14-8 in favor of the Eagles.

In the third quarter the Eagles marched from their own 15 to the Bula 5. Then Tommy Black ran from five yards out to score. Bill Dewbre ran the extra point, making the score 22-8.

Later in the third quarter, after marching from their own 35, the Eagles scored on a three yard run by Pruitt. Pruitt then passed to left end Wayne Cunningham for the extra point.

In the fourth quarter Bill Dewbre scored on a run from two yards out putting the Eagles in the lead 36-8.

Bula, however, managed to score twice more, once on a 15 yard touchdown pass from Nichols to Fred, and once on a two yard run by Dennis Turney. Nichols made good the last conversion for Bula making the score 36-22.

The Eagles had six penetrations, Bula three. The Eagles had 19 first downs, Bula 8.

Eagle coach J. W. Aldridge, said that Tommy Black, Johnny Harris, Bill Dewbre, and Bruce Pruitt, all looked good on defense to him.

He said that defensive guard Deaun Carpenter played his first game on defense and made a fine showing. Carpenter made eight assisted tackles and three unassisted tackles in the second half.

The Eagles have had two wins and one loss in district play. They play Whitharral at Whitharral Friday. If they beat Whitharral they will be in a three-way tie for district 1-B with Cotton Center, and Whitharral. If the Eagles lose to Whitharral Friday, Whitharral wins the district.

The Eagle's squad is down to about 10 men now, four players being on the injured list. Out for the season are James Kindle, last years starting quarterback, Wendell Williams, starting defensive line backer and offensive left end, Charles Abbe, starting offensive center and defensive right end, who is having his knee operated on this week, and Craig Chapman, offensive and defensive guard who has played a lot, but who was not a starter. Back off the injury list for Fridays game will be Monte Toombs who will probably start in the line.
