## Graduation exercises end school year for area students

Graduation ceremonies at two of the schools within the next ten days will close out all the activities of the school year in the Cochran County

area. Morton graduation services will be conducted in the County Activity Building at 7:30 Friday night and Whiteface will conduct its graduation services at 8 p.m. Wednesday May 29 as the books will officially close.

Speaker for the Morton graduation will be Fred Weaver, he will be presented by Bob Travis, principal of Morton High School.

The invocation will be given by J. A. Woolley. The salutatory address will be delivered by Donna Hofman, while Margaret Ledbetter will give the valedictory address.

A trio of seniors will present "Windows of the World" this year's class song.

Ray Lanier, superintendent of the Morton Public Schools will present the senior class. Diplomas will be presented to the 54 graduating students by Henry C. Williams, president of the Morton school board.

Morton services will conclude with the singing of the Alma Mater and the voicing of the benediction, by Rev. David Greka. The recessional will be played by the Morton High School Band.

### WHITEFACE

Whiteface services will be conducted next Wednesday with the seniors presenting their own program.

Presentation of awards will be made by Charlie Booz, high school principal. Di-

plomas will be presented by the president of the Whiteface school board who will be assisted by superintendent of schools, James Cunningham.

Commencement for the eighth grade students will be held at 5 p.m. Wednesday afternoon in the high school auditorium.

### THREEWAY

Eighth grade graduation exercises for students in Threeway have been changed to 8 p.m. Thursday in the high school

cafetorium. According to Thomas Alvis, superintendent of schools at Three Way the students will attend school through Thursday. Buses will leave the school at 10 Friday morning to deliver the final-report cards for the year, and school officials are asking students to please meet the buses to pick up their cards.

Three Way seniors graduated last Friday in services held at the school cafetorium.

### Absentee balloting

Absentee balloting in the June democratic run-off opened in district clerk's office Wednesday and will continue through May 28 with voters having an opportunity to cast ballots in local, district and state races.

Locally voters in Precinct 1 and Precinct 3 will have opportunity to cast ballots for a county commissioner. In Precinct 1 it will be H. L. Coon facing Leonard Coleman. The Precinct 3 race is between Herral Rawls and M. C. (Lefty) Hall.

On a district level voters will decide between Judge James Joy and Jack Hazlewood for a Court of Civil appeals post.

The big item on the ticket is the run off between Preston Smith and Don Yarborough for the Governor's post.

### National contest

## Morton Tribune wins first place in general excellence division

Judges in the National Newspaper Association's better newspaper contest awarded the Morton Tribune the first place award for General Excellence for newspapers with a circulation of less than

Dave Kucifer, General Manager of the Tribune, who accepted the plaque from retiring NNA president, John Biddle, at the associations' annual convention in Los Angeles last Saturday, said the Tribune was selected for the honor from a field

of over 3000 entries.

### SECOND IN PICTURES

In addition to the coveted first place plaque in General Excellence the Tribune also was awarded a second place plaque for a basketball picture snapped by former editor George Tuck, which showed the basketball hitting the back board just prior to dropping through the net.

The second award was selected from papers under 4000 circulation and included some of the larger weekly papers in the nation.

In announcing their decision the judges praised the Tribune and the community saying the advertising content and the news coverage was truly outstanding and highly varied for a paper of its size.

The judges of the contest looked at each paper with the view of how well the editors did with their small staff and at how the community supported the various entries.

In announcing the decision of the judges the staff of the Tribune said the award should go to the entire community since it is here that the newspaper starts. "The Tribune has been fortunate to have the type of support it has received through the years. It is only with the cooperation of the community that a newspaper can be given the honors that the Tribune has now received. It also makes the task more difficult in that we must continue to give our readers the award winning

## Board accepts resignations of Thompson and Hoffman

Members of the Morton Independent School District board of trustees, meeting Monday night, accepted the resignation of Kenneth Thompson and Don Hoffman, and appointed one member to fill the unexpired term.

Hoffman, who for the last several years had farmed just outside of Morton resigned to move to New Mexico, while Thompson, former Lab Technician at the Morton Memorial Hospital, said he and his family would be moving from the district.

L. T. (Short) Lemons, was named to replace Hoffman, who still has one year remaining on his term. No replacement was named to fill the vacancy created by Thompson's resignation.

In other action the board approved district participation in the elementary and secondary act which provides federal assistance in summer reading programs for independent school districts. School Superintendent Ray Lanier said the program in Morton has met with success and that it was to the advantage of the local district to continue its participation.

### TEACHER RESIGNATION

The board voted to accept the resignation of three teachers in the district and employed two replacements, naming Mrs. Tommy Hawkins and Mrs. Roy McClung to post as first grade teachers. The two will fill vacancies created by the resignations of Mary Lynn Tuck and Mrs. Doris Robinson, both of whom are leaving the area. The other teacher tendering her resignation, was Mrs. Laine Tannihill

## Maple to get new postal facilities

A contract has been awarded to H. C. Toombs, P.O. Box 67, Maple, Texas, to lease quarters to the Post Office Department on the west side of Farm Road 596 in order to improve postal operations in Maple, Postmaster General Marvin Watson announced recently.

Mr. Toombs will improve an existing building at this location according to departmental specifications and rent it to the department on a month-to-month agreement for an undetermined length of time.

The new Maple Post Office will be air conditioned, and have an interior space of 363 square feet, compared to 192 square feet in the present quarters. The space

TWO BOYS BUT no ball at this collision at home plate in Little League action Tuesday night. The bone crunching upset came in the first game between the Cubs and Cards as one of the Cub players made it safely home by beating the ball. Action will resume tonight with the Giants playing the Cubs and the Colt 45's playing the Cards.

## Pirates take over top spot in Morton Little League action

The Pirates, plagued by post poned games and rain took over the top spot in Little League action, since the last report as they won all three of their outings to run their record to 5-0 for the year.

The hustling crew started last Thursday by unseating the front running Cubs 10-3 with Mike Gilliam getting credit for the victory. Larry Thompson who was undefeated going into the contest, was charged with the loss.

In the second game last Thursday it was the Colt 45's picking up their second win of the year, this time at the expense of the Sox, by a 13-3 verdict. The winning pitcher was Ronnie Bidwell and loser was Kevin Franks.

Moving to Monday night and more recent action, the Giants improved their season record as they downed the Sox 17-5 with Laine Mayon getting the victory and Tony Dickey taking the loss.

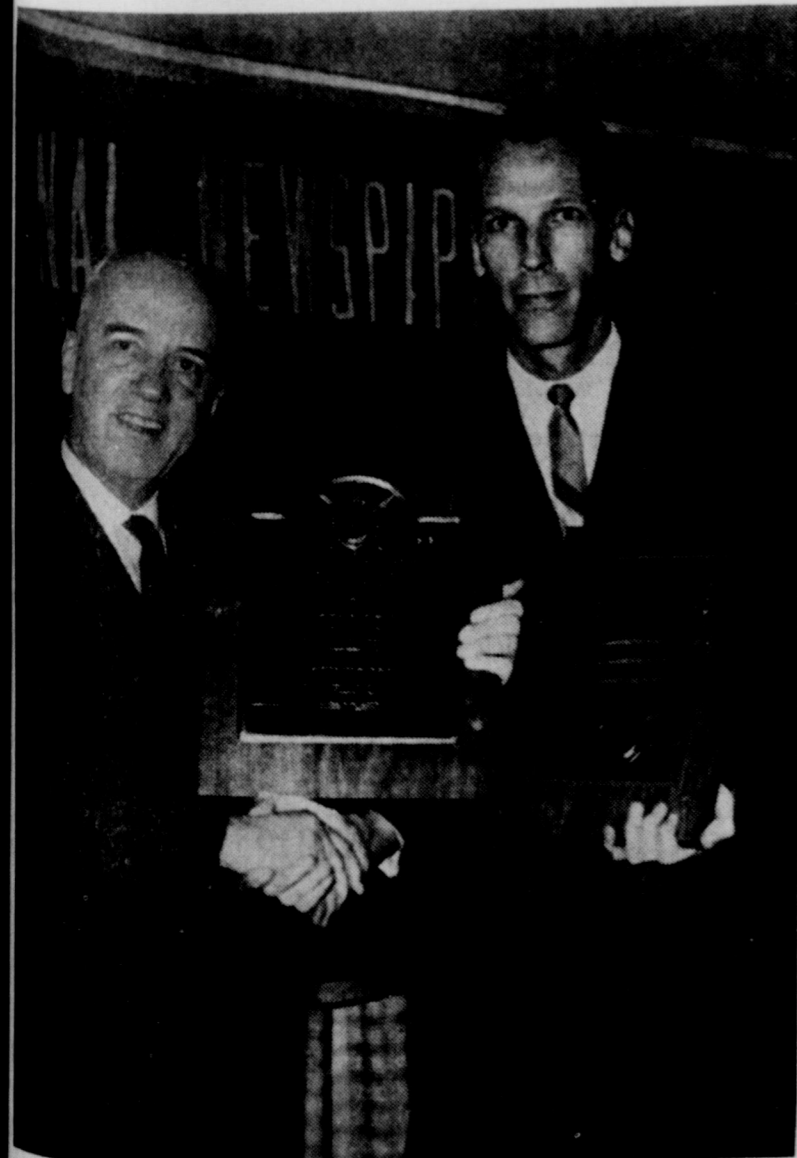

The Pirates made it four straight in the second game Monday as they eaked out a 6-5 win over the Colts with Danny Keuhler getting credit for the victory.

The losing pitcher was Chuck Dewbre. Larry Thompson was the big difference in the second game Tuesday night as he led the Cubs to a 4-2 win over the Cards. Thompson hit his second round tripper of the year in the first inning with two men on to give starter and winner Jimmy Hargis a three run cushion. Jerry Silhon was the victim of Thompson's bar and was tagged with the loss.

In the second contest Tuesday night, James Cornish, making his first start ever on the mound pitched the Pirates to a 14-3 victory over the Sox and hurler Religh Dewbre as the action for the night came to a close.

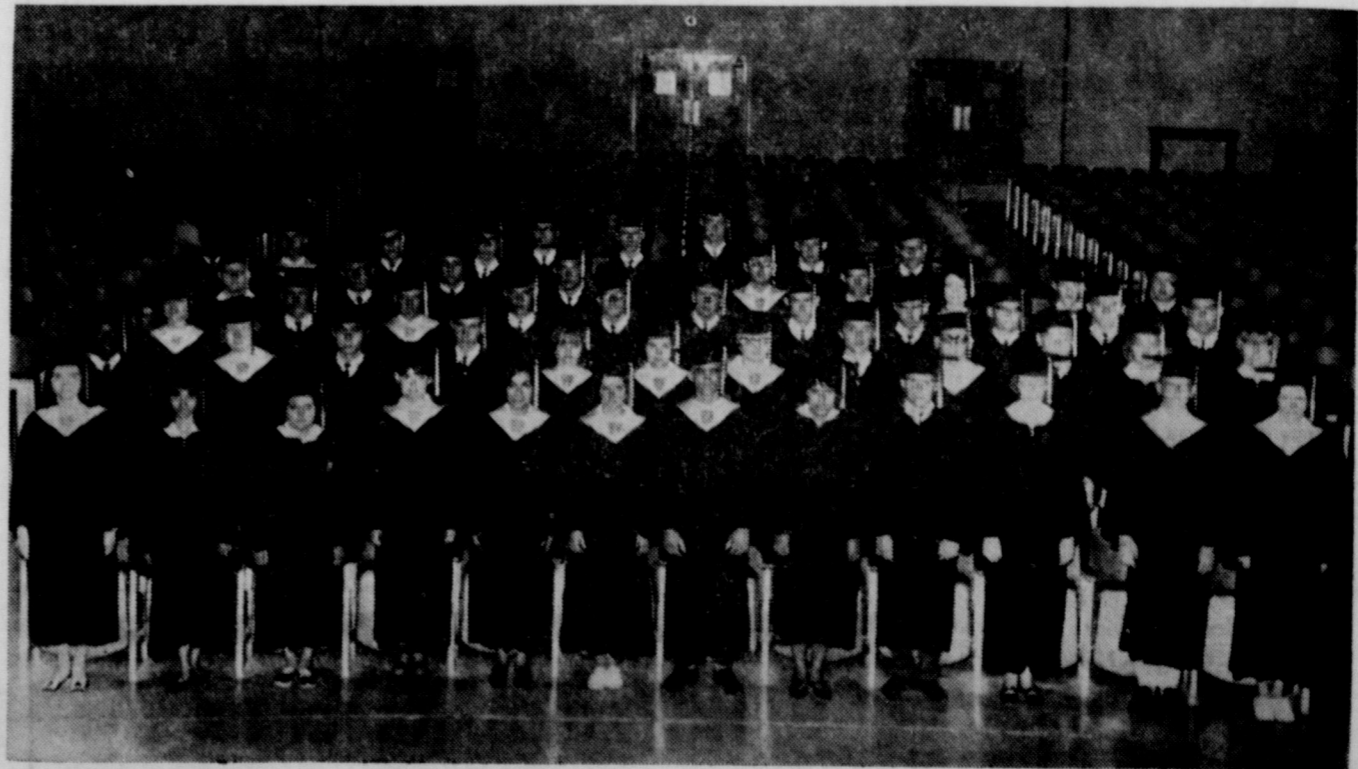

League standings for the little league action as of Wednesday were:

STANDINGS		
	W	L
Pirates	5	0
Cubs	4	1
Giants	2	2
Colt 45's	2	3
Cards	1	3
Sox	0	5

Two awards for Tribune . . .

DAVE KUCIFER, right, manager of the Morton Tribune, accepts two awards from National Newspaper Association president John Biddle at the annual awards luncheon held last Saturday in Los Angeles, California. The Tribune was given a first place award in General Excellence for papers with under 2000 circulation and received a second place plaque for sports photos for papers under 4000 circulation.

The end of school . . .

SENIORS IN THE graduating class of Morton High School this week got a chance to size the traditional caps and gowns as they ran through their paces in a practice graduation session. The real thing for Morton seniors as well as seniors

at other area schools will come this week and next when school will wrap up for the year. Graduation exercises at Morton are set for 8 P.M. tomorrow in the County activity building.

being vacated does not contain a loading platform nor any parking and maneuvering area. However the new location will have a 42-square foot platform and approximately 450 square feet of parking and maneuvering area.

Mr. Watson said, "This project is in accordance with our policy of building new post offices only where they are urgently needed, and we are constantly re-assessing our construction program to determine whether present buildings can be altered or remodeled to take care of our expanding mail."

"It is expected that the Maple Post Office will occupy the new quarters by June 1, 1968," Mr. Watson said.

He explained that the department's capital investment is limited substantially to postal equipment. The building will remain under private ownership, with the owner paying local real estate taxes.

The awards banquet was highlighted with a speech by Governor Ronald Reagan, who again said he was not a candidate for any office, other than the one he now holds, but did tell the publishers and newspaper profession that he would accept a draft, if the Republican party could not reach a decision on a candidate. In the meantime Reagan said he planned to continue to work to help solve the problems of his state and to assist in the selection of a candidate to represent the part in the national election.

In the discussion of personnel the board approved the appointment of Fred Weems as high school counselor, replacing former counselor, Paul Davis, who will retire at the completion of this year.

In final action the board voted to include a summer school program in the budget for next year if sufficient interest is shown by the students, Lanier said there had been several requests for such a program, but before plans can be made the needs will have to be determined and a charge program outlined.

Finally the board appointed N. L. (Spot) King, Raymond Hall and O'Dell Fulton to the board of equalization for the school district. The naming of the three was to enable the board to begin plans for calling the tax hearing later in the summer.

STATE Capital NEWS By VERN SANFORD

AUSTIN, Tex. — State legislators will return to Austin on June 4. This time to complete the budget-writing chore they put off last year . . . and to pass a new \$125,000,000 tax bill.

Indications are strong that the bulk of the funds will come through the sales tax route.

Gov. John Connally told reporters he is "fairly certain" he will suggest raising the two per cent sales tax rate to three per cent, then refund the increase to the cities on the basis of their 1960 populations. This would replace the present local option city sales levies adopted by 267 cities since last September.

Proposal would provide incorporated cities with \$125,000,000 a year overall in state aid. State would gain \$35,000,000 to \$40,000,000 from the increased rate due to sales in unincorporated areas.

Other recommendations expected in Connally's sales tax package include: removing of some sales tax exemptions; taxing of services like laundry and haircuts; and increasing the auto sales tax rate to three per cent.

GOVERNOR ALSO stated he might suggest a liquor-by-the-drink bill as part of his tax program. Legislative sources say he will suggest local option authority to sell liquor in small, one-drink-size bottles under stiff state tax and strict regulation. Connally told reporters that overall revision of the liquor laws also may be proposed. He intends to submit no other business until financial necessities are handled.

He expressed confidence that the budget and tax bill can be passed within the 30-day limit.

If lawmakers vote the same way their constituents did on the liquor-by-the-drink referendum (May 4) the governor may have a chance with the small bottles bill. At least 82 of the 150 state representatives and 17 of the 31 senators live in districts which voted for mixed drinks, with varying enthusiasm.

COURTS SPEAK — Texas' law banning mass picketing in labor disputes withstood another State Supreme Court test when lower court rulings in favor of the statute were affirmed. High court agreed with intermediate Fourth Court of Civil Appeals, however, that the display of Meclan strike banners in a Laredo dispute should not be enjoined.

Question of whether voter registration applications must be submitted individually has been taken to the Texas Supreme Court.

High court said Texas statute which allows unlimited damages to survivors cannot be applied to fatal accidents involving Texans in other states.

An Abilene man should get a full trial on his \$185,000 malpractice suit against two doctors. Supreme Court held.

Court of Criminal Appeals ordered a new trial for wealthy Houston tobacco wholesaler Mair J. Schepps, who received a seven-year prison sentence on a charge of counterfeiting tax stamps.

Third Court of Civil Appeals affirmed a district court decision denying a \$98,625 sales tax refund to a New York firm which claimed it received notice of deficiency more than three years after the date taxes were due.

DRAFT QUOTA CUT — Texas draft quota for June has been reduced by nearly a third, says Selective Service Director Col. Morris S. Schwartz.

State quota of 1,416 men has been trimmed to 961 on the basis of a new order by Lt. Gen. Lewis B. Hershey, national draft director. National quota, all for the Army, was reduced from 29,500 to 20,000 at the direction of the Department of Defense.

Call for July is expected to be only 15,000, meaning a Texas share of 700 to 750. May call was increased 4.3 per cent late last month (to 2,233) in order to

provide some manpower for the Marine Corps, as well as the Army.

Draft boards will forward 8,500 men to examining and entrance stations next month for pre-induction physical and mental examinations. May total is 9,000.

SPEIR HEADS DPS — Texas Public Safety Commission officially designated one time high school principal Wilson E. (Pat) Speir as acting director of the Texas Department of Public Safety.

Speir succeeds the late Col. Homer Garrison Jr. who headed the DPS for nearly 30 years. He had been Garrison's top assistant for six years.

Speir is a veteran of more than a quarter century of service with the state police. He was born and attended schools at Gilmer, graduated at East Texas State College in Commerce and was principal of Harmony High School for a year.

PARK SITES ADDED — Parks and Wildlife Commission has accepted 85 acres of land containing four early military posts which played important roles in the development of Texas.

Sites include Fort Leaton near Presidio, Fort McKavett near Menard, Fort Lancaster near Ozona and Fort Richardson near Jacksboro.

PWC Chairman Will Odom says the sites will be added to the state park system and facilities will be restored and preserved as an historical heritage for future Texans.

Odom also announced that a \$14,275 federal grant has been approved for development of recreational facilities at Fort Griffin State Park 15 miles north of Albany. PWC will match the federal grant for a 500-acre park.

POLICE SCHOOL — House Speaker Ben Barnes says he will ask Governor Connally to include in the special legislative session agenda a bill to create a statewide police training school to be called the "Homer Garrison Jr. Law Enforcement Academy."

Barnes believes the school is needed and "would be a fitting memorial to the late Homer Garrison who did so much to build a fine state police system."

ATTY. GEN. RULES — School boards can order a trustee election recount if the candidate was defeated by less than five per cent of the votes cast even though a district court will order a recount under a different law (as in Starr County case), says Atty. Gen. Crawford Martin.

In another recent opinion, Martin said that Bee County commissioners must provide for competitive bids on the purchase of a new electronic voting system that costs more than \$2,000.

ALLOWABLE REDUCED — Texas Railroad Commission slashed the statewide oil allowable for the third month in a row.

June factor was set at 45.2 per cent of potential, permitting top production of 3,485,366 barrels a day. This compares with 3,512,874 barrels during May when 45.7 per cent market demand factor applied.

Major crude oil buyers submitted written nominations to purchase 3,025,126 barrels a day during June, a decrease of 46,143 from May. This was slightly more than forecast for June demand as submitted by the Bureau of Mines.

CANDIDATE TALK — Runoff campaign between Lt. Gov. Preston Smith and Don Yarborough is warming: Smith boasts of his long service and slams at Yarborough's liberal record. Yarborough counters he offers new leadership and specific, progressive programs. Voters still show little interest.

CAMPAIGN COSTS — Top spenders in the governor's race, Dolph Briscoe (\$696,179) and Eugene Lock (\$678,063) finished fourth and fifth. Leading candidate Yarborough reported he spent only \$152,854. Runner-up Smith reported spending \$385,537.

PCG continues to push for extension of cotton program

A summary of fiber analysis and spinning test results on 11 varieties of cotton grown on the High Plains in 1967 will soon be published by Plains Cotton Growers, Inc., according to PCG Executive Vice President Donald Johnson.

A similar report has been compiled each year since 1963 on major Plains varieties, primarily as one of the tools used in marketing the Plains crop to textile mills both here and abroad. It covers varieties that make up major portion of the area's production plus newer types being developed in cotton breeding research, much of which is supported by PCG grants-in-aid.

The report is titled "A Summary of Manufacturing Data and Testing Results

tion placed a production limit in the East Texas field on an old order permitting transfer of oil allowable from one well to another.

Some 3,866 Texas anglers were cited last year for failure to have a \$2.15 fishing license, reports the Parks & Wildlife Department, and were subject to fines ranging from \$10 to \$100.

State Securities Board issued permits to 74 corporations to sell \$105,800,000 worth of securities last month — a gain of \$61,000,000 over April, 1967.

Texas streamflow varied from deficient in West Texas to excessive in East Texas during April, according to the Water Control Board.

Obtained From an Evaluation of 1967-68 High Plains Cotton Varieties." Distribution will be to textile mills, cotton merchants and seed breeders.

Producers may obtain a copy on request for use in selecting varieties that are likely to find better markets at higher prices.

"This information," Johnson said, "is developed on mill-size equipment under closely simulated mill conditions and serves as a valuable guide to spinning industry management in choosing varieties that can be expected to meet specific mill requirements."

Cotton breeders use the report in evaluating the practical results of their breeding work from a spinning performance standpoint and in helping to determine the direction of future breeding efforts.

Full scale testing is done on each variety in the Textile Research Center at Texas Technological College under the direction of Harry Arthur, TRC Assistant Director and PCG Textile Consultant. TRC has a completely modern fiber laboratory and a 1000 spindle pilot spinning plant.

The summary contains carding and spinning performance data and an indication of the yarn quality that can be expected from Plains cotton of staples ranging from 1 inch to 1-5/32 inches. Previous reports have given testing results on shorter staple varieties.

Through a continuing educational program with growers and through grants-in-aid for variety breeding, testing and

other research PCG is encouraging the development and growth on the Plains of longer stapled, stronger cottons that conform to trends in textile mill requirements.

Dramatic progress in this respect is already being seen. Cotton stapling an inch or longer in 1967 accounted for almost 40 per cent of the area crop as compared to less than four per cent in 1964.

Pressley, or fiber strength, went from an average of 73,000 to over 79,000 pounds per square inch in a single year from 1966 to 1967.

Arthur said these factors, plus micronaire, are important to mill men seeking a suitable cotton for specific end products, "but many mill men in this country and overseas are finding that conventional quality measurements do not always tell the whole story and that knowledge of the variety is a definite aid in predicting the spinnability of a bale.

"Consequently we find these variety tests are a worthwhile and highly appreciated service to our customers in the textile industry."

Douglas Hale named outstanding freshman

Douglass D. Hale, son of Mr. and Mrs. E. Hale, star route, 2, Morton, was recognized as the most outstanding freshman at Wayland College in the recent recognition assembly.

Hale was valedictorian of the graduation class when he received his diploma from Bledsoe High School in 1967, and was a member of the National Honor Society in high school.

TO THE VOTERS OF PRECINCT No. 1, COCHRAN COUNTY, TEXAS

I, H. L. (Hulen) Coon, candidate for the office of Commissioner Precinct No. 1, of Cochran County, do hereby wish every one to know that I appreciate the support I received in the First Primary Election and will appreciate any and all support in the Second Primary Election.

I continue to remind you if elected I will be free to use all my time six days a week in looking after County Business.

I was a senior in High School but did not graduate. I have enough experience in dealing with the Public to be able to take care of the business of the County. I do believe I understand the needs and am able to work with the County Judge and the other Commissioners in doing the work to carry on the operations for the County.

Again I wish the consideration of all voters and will say that no one could appreciate more than I your help in electing me to the Office of Commissioner Precinct No. 1, of Cochran County in the coming election.

Thanking you,

H. L. Coon

# Weldon Newsom eliminates problems of terracing farm

Since parallel terracing has come to the Plains area of Texas there has been much discussion of the problems involved in farming terraced land with modern equipment. The word "terrace" causes many farmers to think of crooked, irregular rows snaking across the hillside. This thought does not lend itself very well to modern multi-row farming. There has also been some questions about problems of irrigation on terraced land. The problems of irrigation and irregular rows have made Plains farmers apprehensive about installing parallel terraces on their farms. The problem of irregular, crooked rows has been virtually eliminated with parallel terraces.

Weldon Newsom, Cochran County farmer, installed some parallel terraces on his farm just before the 1963 crop year. He said, "I was as apprehensive as anyone before I had parallel terraces but I knew I needed to stop the erosion and save as much water as possible."

Mr. Newsom is a director on the High Plains Underground water district and is very much concerned with water conservation. Before parallel terraces were installed on his farm, Mr. Newsom lost much water and soil after each rain. "Since I installed the parallel terraces I have had very little water loss," he said.

Mr. Newsom uses a hand move sprinkler system to irrigate the terraced area. He has no particular problem of irrigation over the terraces. "The sprinkler pipe is flexible enough to go across the terraces without any extra support," Newsom said.

Mr. Newsom farms his parallel terraces with six row equipment. He said, "farm-

ing the parallel terraces with six row equipment presented no problem." Mr. Newsom built extra wide terraces and back filled the borrow area next to the terrace. This makes the terrace much easier to farm. Mr. Newsom had been unable to increase his crop yield on his sloping soils until he installed the parallel terraces. The yields are increasing now due to water conservation and less soil loss.

Mr. Newsom received cost share assistance from the Great Plains Conservation Program for installing his parallel terraces, and he believes that his money and the federal cost share has already been repaid by increased production due to water conservation and the lack of soil loss.

There is a need for many more terraces in the Cochran Soil and Water Conservation District and the entire Plains area. Your local Soil and Water Conservation District and Soil Conservation Service personnel are ready to assist anyone to design a parallel terrace system.

## West Texas to be represented

Governor John Connally announced May 1, 1968, the Texas delegates to the 55th Annual National Convention of the National Rivers and Harbors Congress. The delegates include Mr. Marvin Shurbet of Petersburg, Mr. John Kendrick of Brownfield, President of Water, Inc., and Colonel Cliff Chamberlain of Lubbock, Executive Director of Water, Inc.

The Annual Convention will be held in Washington D.C., June 4-7, 1968.

The National Rivers and Harbors Congress is an unofficial, nation-wide, non-partisan organization. Its objective is an adequate, orderly, and prudent development of the use and conservation of the nations water resources. The areas of interest include reclamation; inland navigation; flood, pollution and erosion control; water supply and irrigation.

The National Rivers and Harbors Congress National Vice Presidents are Senators Holland of Florida, Yarborough of Texas, Cooper of Kentucky, Dirksen of Illinois, Magnuson of Washington, Representatives Sikes of Florida, Jones of Alabama, Kirwan of Ohio, Blatnik of Minnesota, and Edmondson of Oklahoma, and Mr. Joseph W. Martin, Jr. Texas Representative Wright Patman is Texas Vice

Typical terraces . . .

THERE IS NO NEED for farmers to think in terms of crooked rows and hilly land when they think of terraces. New methods such as the one above are now being employed by a number of area farmers including Weldon Newsome who has been engaged in a soil and water conservation program for a number of years.

# TURNROW TUNKEL

DEAR TURNROW TUNKEL:

Did you know that Presidential candidate Sen. Eugene McCarthy is a poet? In these times, I think we need a poet for a President about like we need Libberace as Secretary of Defense.

I see where the Bull Durham Co. has come out with a "thicker" cigarette.

That figures, I can remember when we rolled our own Bull Durham cigarettes, and mine were always thick in the middle but they tapered to almost nothing at both ends.

According to a recent survey, more than 300 colleges and universities are looking for new presidents.

I can understand why nobody wants those jobs. Being a college president these days is about like running an insane asylum with the inmates making the rules.

Did you read that scientists have discovered that exposing plants to sound waves increases the rate of growth?

Maybe that's the reason my lawn grows so fast in the summer. Our kids are out of school, and there are plenty of sound waves around the place.

Some experts say that in negotiations with the U.S., Hanoi holds all the aces.

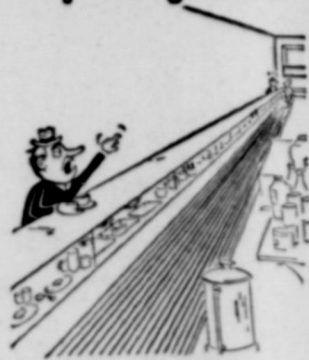

It's a shame we aren't playing deuces wild, because the U.S. has a hand full of them — Fulbright, Wayne Morse and Bobby Kennedy, to name a few.

According to a travel guide, American tourists can find excellent room and board in Ireland for \$25 a week.

When those supersonic transport planes go into service, it might be cheaper for an American to live in Ireland and commute to his U.S. job.

## Robert Guajardo receives medal

Marine Corporal Robert Guajardo Jr., son of Mr. and Mrs. Robert Guajardo Sr. of Rt. 1, Morton, was awarded the Good Conduct Medal while serving with the First Marine Aircraft Wing, in Vietnam.

This medal is awarded for demonstrating high achievement in conduct and proficiency in rank during three years of continuous active service.

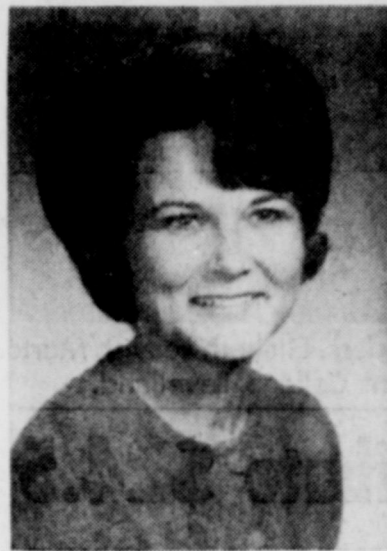

The First Marine Aircraft Wing is the air arm of the Third Marine Amphibious Force in Vietnam. The Wing operates several hundred aircraft which include fighter, attack, reconnaissance, helicopter and transport aircraft. In addition to providing aviation support for the First and Third Marine Divisions, the First Marine Aircraft Wing supports other American and Allied forces in Vietnam.

Before entering the service in March 1965, Corporal Guajardo attended South Plains College in Levelland, Tex.

More than 4,200,000 persons sustained injuries in automobile accidents last year. Driver error, according to annual statistics, was responsible for more than 80 per cent of the 1967 highway casualties.

In two years of the current G.I. Bill, nearly 750,000 veterans and servicemen have entered school or training.

Caprock District clubs won more than 40 awards at the State Convention and Morton Senior Clubs brought the following awards home. L'Allegro 2nd place in Recreation Division of Conservation Dept. Town and Country Study Club won a 2nd place with Best Club Report in Art Division of Fine Arts Department. Mrs. Johnson has been the Fine Arts Chairman for Town and Country.

## Saddle Club plans playdays

The Cochran County 4-H Saddle Club met May 18 in the club house at 6:30 p.m. The meeting was called to order by President Jimmy Jones. The club then discussed summer activities which will begin June 1.

The club has been invited to Progress, Levelland, Playdays and Denver City, and Brownfield Rodeos. The meeting was adjourned, and the club met at the Rodeo Arena for our playday events. The Seniors, Juniors, Young Juniors and Pee Wees completed for ribbons in key hole, flags, and barrels. Those present were Jimmy Jones, Morton Smith III, Sammy Burnett,

Marti Dewbre, Kenny Jones, Sherita Fluit, Emla Smith, Micki Dewbre, Vicki Cooper, Mary Smith, Brian Cooper, Julie Cooper, Larry Fluit, Ronnie Campbell, Donnie Campbell, David Palmer, Kelly Hill, Ricky Hill, and Connie Hill.

Excessive speed continues to reign supreme as the Number One cause of highway deaths. In 1967, according to a survey, excessive speed was involved in 30 per cent of the 52,200 highway deaths.

World War I survivors now number 1,800,000 120,000 less than last year.

Mrs. LeRoy Johnson

### 1936 study club has officers' installation

The 1936 Study Club met Wednesday, May 15, in the home of Mrs. Neal Rose. Mrs. Joe Gipson presided at a short business meeting and reported that she had given to the county library to commemorate her year as president the book "Tell No Man" by Adela Rogers St. John.

Mrs. Lloyd Miller gave a brief resume of the District Federation meeting in Lamesa.

Mrs. H. B. King reviewed the happenings of the past club year, in another chapter of the history of the 1936 Study Club.

Using the theme of Mirrors and how they reflect a true image, thereby increasing in value and sharing the beauty of the objects reflected, Mrs. D. E. Benham installed the officers for next year admonishing each that her courtesy, fairness, accurateness, alertness, promptness, conciseness, and other high standards of office would reflect the image portrayed of the 1936 Study Club.

Mrs. Benham presented a small hand mirror to each of the following: Mesdames: Lloyd Miller, President; Harold Reynolds, 1st vice-pres.; John Crowder, second v. pres.; Cyrus Fields, Secretary; Joe Nicewarner, Treasurer; H. B. King, Parliamentarian; Neal Rose, Historian; Mrs. M. C. Ledbetter, Reporter.

Others present for the meeting were Mrs. Glenn Thompson, Mrs. Gage Knox, Mrs. James St. Clair, Mrs. Lessey Silvers, Mrs. Hume Russell, Mrs. Kenneth Thompson and one guest, Mrs. Anna Rose.

### Cox-Whittenbury married May 12

Mrs. Loreen Cox and Harvey Lee Whittenburg were married May 12 at 7:30 p.m. in a double ring ceremony in Delen, New Mexico. The service was performed by C. C. Dorn.

The bride wore a pale green suit with white accessories. A pearl necklace completed her outfit and was a gift of the groom. Her bouquet was gardenias on a white Bibie. A good luck penny was given to the bride by Mrs. C. R. Seagler.

The Rev. Whittenburg has been pastor of the Bula Methodist Church the past three years. The bride has lived in the Bula community since childhood.

The new Mrs. Whittenburg is the mother of D. J. Cox of Enochs and Jerry Cox of Bula, Miss Diane Cox, a student at Texas Tech, and Miss Shirley Cox of Dallas.

Following a trip to Santa Fe, Las Vegas, and Albuquerque, New Mexico, they will be at home in Bula.

Mable Ann Sanders, Eliabeth Leavitt, Morton and Anne Bulls, South Plains College, Levelland.

## Gas and oil contribute \$24.5 million to economy of area

Oil and gas wells provide approximately \$24.5 million a year of Cochran County's economic output, according to statistics released this week by Texas Mid-Continent Oil & Gas Association.

Based on most recent U.S. Bureau of Mines production figures, the Association compilation showed that Cochran County produced crude oil valued at \$22.5 million in 1966 and natural gas worth \$2 million.

Texas oil production in 1967, responding to demands for more domestic crude as a result of the Israeli-Arab conflict, totaled 1,650,000,000 barrels, a statewide increase over 1966 of about 5 per cent. Production last year varied widely among state Railroad Commission districts, however, ranging from 3.5 per cent below 1966 to 15 per cent above.

"Production from Cochran County last summer helped prevent any oil scarcity for U. S. consumers at a time when one-third of the world's supply was cut off," said Corbin J. Robertson, Houston, Association president. "We must keep in mind, however, that it may be difficult for Texas fields to sustain production in future emergencies if the discovery of new reserves continues to lag, due to lack of ex-

ploratory drilling." The annual study showed that Cochran County ranked 52nd among Texas counties in total value of its production of some 7.6 million barrels of oil and 15.6 billion cubic feet of natural gas.

Texas oil men, according to Rinehart's yearbook, drilled 35 wells in the county risking some \$2.7 million. Seventeen per cent of them were dry holes, costing about \$436,000.

County landowners and others with mineral interests cashed royalty checks totaling about \$3 million during the year. Likewise, the county's flow of oil and gas generates \$1.2 million a year in production taxes paid by producers and royalty owners to the state treasury.

Reports from the Texas Employment Commission show some 58 persons directly employed by the oil and gas industry in the county, with an annual payroll of \$349,000.

Plants which convert crude oil and natural gas into useful products also add to the value of a county's output. The Oil and Gas Journal lists one petrochemical plant, and one gas processing plant, with a total capacity of 25 million cubic feet a day for the county.

### Delta Kappa holds luncheon

The Theta Epsilon Chapter of Delta Kappa Gamma, an international honor society for women educators met for a luncheon meeting in the banquet room of the Chat and Chew in Levelland on May 11.

Mrs. Elizabeth Leavitt of Morton was in charge of a very impressive candle-light service honoring Founders Day. She was assisted by Mrs. Mable Ann Sanders, Morton, and Mrs. Anne Bulls of South Plains College, Levelland.

The Delta Kappa Gamma Society was founded at Austin, Texas, May 11, 1929. The founders of this Society believe that there is need of an organization in which women educators may be united in an effort toward better professional preparation.

The local unit, Theta Epsilon, was organized January 21, 1967, for Hockley and Cochran counties.

Mrs. J. T. Young has returned from a visit with her sister, Mrs. R. E. Miller and Mr. Miller in Grainesville, Texas. She also visited other relatives in the area.

## — 4-H Club News —

The 4-H Adult Leaders met last week and made plans for a County-wide 4-H Fair on September 21. Areas in which exhibits can be made are agriculture, home economics, crafts, photography, electricity, and entomology, horticulture. Included in the agriculture division will be cotton stalks, grain and seeds, sheep grains, vegetables, fruit, livestock and novelty miscellaneous. The home economics department will include textiles, clothing, canned fruits and vegetables and baked goods. There will also be a dog show and tractor operation contest. Ribbons will be awarded to five places in each class and plaques will be given to the high point junior and senior girl and boy.

All 4-H members are encouraged to start planning now for the 4-H Fair exhibits in September.

The older girls 4-H clothing class will meet Thursday, May 16 at 4:15 p.m. in the County Activity Building.

Mrs. J. A. Woolley is a new 4-H cloth-

ing leader and will assist Mrs. Carl Ray with her clothing group. Mrs. Ray's group will begin meeting May 24th after school. Girls included in this group are Penny Woolley, Phyllis Ray, Vicki Cloud, Debra Silhan, Peggy Steed and Doris Beseda.

4-H Club member of the week is Sherri Cadenhead, daughter of Mr. and Mrs. Hub Cadenhead, 503 E. Hayes. Sherri has been in 4-H for four years and is an active member of the Morton 4-H Club. Currently she serves her club as reporter. Sherri's project has been food and clothing. Last year she won first place at the County Dress Revue in the junior division and attended the district dress revue. Sherri has also received blue ribbons for her work in foods.

Sherri's two sisters, Mary and Susan, are also active 4-H'ers.

VA estimates that six out of 10 veterans may need to change beneficiaries listed on their insurance policies.

### Would you believe baseball? Indians 41, Orioles 9

Sounding more like a football score the minor league had its first big run producing game of the year this week as the Indians collected 16 hits in two innings, but had a run output of 41 as they downed the Orioles 41-9 with Steve Pavado getting the win and Junior Garcia suffering the loss.

In still another game played last week it was the Mets 12 and the Orioles 8 with Rusty Lamar getting the win and Chris Simpson taking the loss.

In other minor league action it was the Mets 12 and Sox 8 with Danny Dobson getting the victory and Richard Kuehler being tagged with the loss.

Due to graduation services at local schools the games regularly scheduled for Friday have been reset for Thursday and Friday afternoon.

The first game, between the Sox and Orioles will be played at 4:30 Thursday, while the second game will be played Friday at 4:30 between the Mets and Indians.

Election of officers for the coming year were elected as follows: Mrs. John L. McGee, President; Mrs. Willard Henry, Vice President; Mrs. Leonard Coleman, Secretary; Mrs. James Walker, Treasurer.

The following committees were appointed: Mrs. M. C. Ledbetter, Service; Mr. Harold Drennan, Schools and Colleges; Public Education - Education; Clubs and Organizations, Mr. Neal Rose; April Crusade, Mrs. Deryl Bennett; Publicity, Dean Weatherly and Mrs. Dexter Nebhut; Professional-Nurse, Mrs. Cammie Jackson; Professional-Doctor, Dr. Frey; Medical, Mrs. Jack Russell; Employees, Mr. Joe Seagler; Memorials, Mrs. Elwood Harris; Campaign, Mrs. Earl Outlaw.

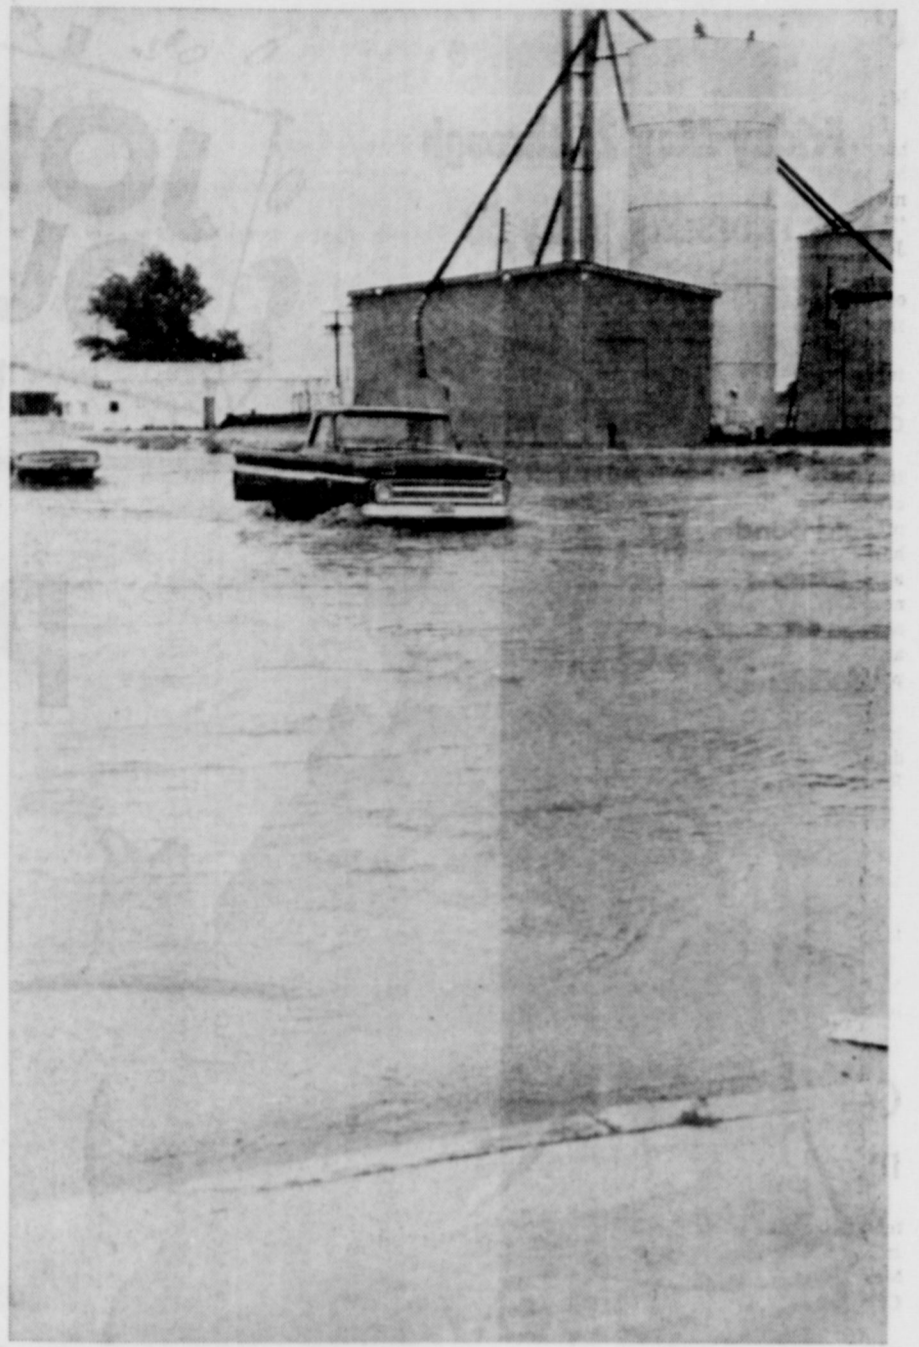

Elected as delegates to attend the District Convention in Plainview on June 18 were Mrs. Henry, Mrs. McGee and Mrs. Coleman and Mrs. Walker, Mrs. Henry and Mrs. McGee were elected as delegates to attend the annual meeting in Houston in October.

Mrs. Ledbetter announced that the Society had helped one local person to obtain a hospital bed to be used in the home.

Mrs. Willingham reported that to date \$1,153.52 had been collected for the crusade and \$110.00 contributed through memorials. She pointed out that this was about \$75.00 short of last year's contributions. She stressed that anyone wishing to contribute to the American Cancer Society through memorials or otherwise could do so by contacting Mrs. Elwood Harris at the First State Bank.

Mr. Bryley expressed his appreciation to all who had helped to make the crusade a success and for all the work that had been done to better inform local people of cancer and the means being used to fight it. Mrs. McGee said the objectives for the coming year would be to educate the public and to reach and help those in need of our assistance.

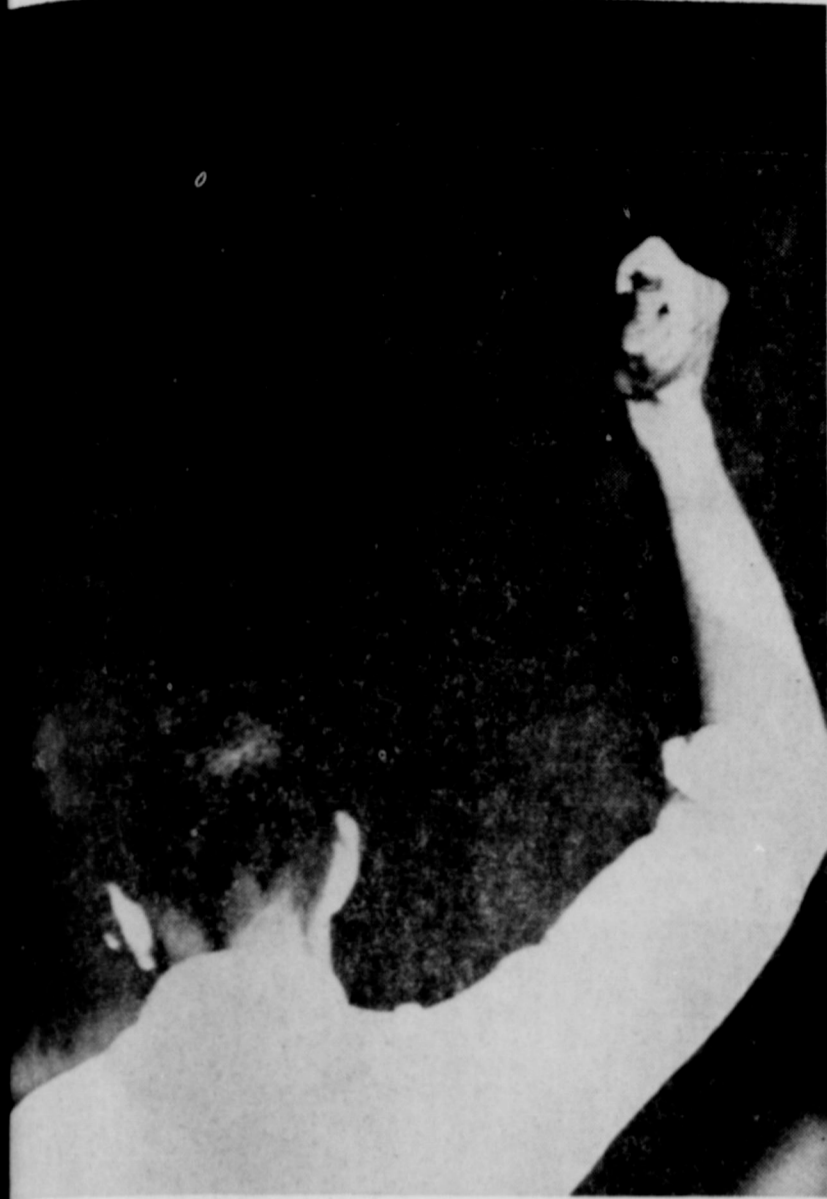

Present for the meeting were Mrs. Fred Payne, Mr. Fred Payne, Mrs. Henry, Mrs. Derwood McClintock, Mrs. H. B. Barker, Mrs. Ledbetter, Mrs. Nebhut, Mrs. Bennett, Mrs. Willingham, Mrs. Walker, Mrs. Coleman, Mrs. Harris, Mr. Bryley and Mrs. McGee.

### Drainage problem . . .

WITH THE RAINS come high water and flooding of city streets, the above scene is repeated each time the city receives even the slightest amount of moisture. It is problems such as these that are currently under study by the City Council who talked with the Corps of Engineers in hopes of finding a quick answer to the problem.

Enrollment in veterans education programs stood at 450,000 at the end of March 1968. Veterans' insurance policies must be paid to last beneficiary designated by the veteran.

### No doubt about it . . .

THERE IS LITTLE doubt about the decision of the umpire on this play, as he gives a good demonstration of how to call a player out. The shot came in the first game of Little League action Tuesday night. Sorry there is no way to show the players and still let the ump get his message across.

### New Medicare books to be sent residents

Within the coming weeks, older people in Morton will be receiving a new copy of "Your Medicare Handbook", a new update guidebook on their Medicare benefits, how the program works, and how payments are made.

John G. Hutton, social security district manager, said the new Handbook highlights the changes enacted in the 1967 social security amendments, improving protection and simplifying Medicare procedures. It has also been made easier for older people to read and understand.

In developing the new edition of "Your Medicare Handbook," Hutton said, he sought the suggestions of elderly readers as well as experts in the field of communications and representatives of professional organizations.

Delivery of the new red, white and blue

edition to the 19.6 million Americans 65 and over will be cycled over the next 6 weeks, Hutton said.

In an introductory letter on the inside front cover of the new Handbook, Robert M. Ball, Commissioner of Social Security, reminds older people: "If you need further information or want help concerning your Medicare protection or any other social security matters, please get in touch with your social security office. The people there are always glad to help you."

### Robert A. Guffey dies brother of Leo Guffey

Robert A. Guffey, 55, brother of two Lubbock residents died Saturday morning in Wichita Falls General Hospital after a lengthy illness.

Services will be Monday in the First Baptist Church in Graham.

Surviving are his wife, Jackie; five daughters, Mrs. Don Collins of Memphis, Mrs. Howard Thompson of Munday, Mrs. Wendell Moore of Borger, Mrs. John Huffman and Miss Dianna Guffey, both of Graham; four sisters, Mrs. Easter Hastey of 2108 Ave. P and Mrs. Raymond Butler of Aceff Rd., both in Lubbock, and Mrs. A. D. Carmack and Mrs. Theodore Epley, both of Rochester; and a brother, Leo, of Morton.

Hi all! Well, we've finally made it — just ONE MORE DAY and school will be no more. Seems like I've been counting the days for ages, doesn't it?

Baccalaureate services were held in the auditorium last Sunday night with Mr. Harold Drennan, principal of Morton Elementary School, as the speaker.

The school year will be climaxed tomorrow night as graduation ceremonies are held in the county auditorium at 7:30. Speaker for the services will be Coach Fred Weaver. Speeches will also be made by the valedictorian and salutatorian, Margaret Ledbetter and Donna Hofman.

The MHS band will be playing for graduation and will give a short concert starting at about 6:30. The band will be taping this concert for possible use in the "Honor Band" nominations for this year. This will be the last time the seniors will get to play in the band.

Monday morning, the 1967-68 school year officially ends as students return to the school to pick up their report cards.

The MHS choir went on a picnic last Saturday to Bottomless Lakes, New Mexico. The group left early Saturday morning and returned home Saturday night after enjoying a day of swimming, horseback riding, canoeing, eating, and sun-burning!

Rick Coffman was admitted to the hospital upon the choir's return for some severe stomach cramps he had developed, but was released Sunday and is doing fine now. His mother, Mrs. John Coffman, jokingly commented that it was no wonder since he ate sardines for lunch!

Sharon Irwin honored Miss Margaret Ledbetter with a graduation tea last Saturday afternoon. Those attending the tea were: Donna Hofman, Carol Freeland, Lanya Dolle, Zodie Ledbetter, Rheda Brown, Diane McCasland, and Vicki Goodman.

The girls enjoyed refreshments of cake and punch, while Margaret opened her gifts. Donna Hofman and Janie DeLeon were also honored with a graduation tea Sunday afternoon in my home. Hostesses were Peggy Thomas, Vivian McDaniel, Carol Freeland and myself.

Those attending besides Donna, Janie, and the hostesses were: Beverly Browne, Karen Fred, Lanya Dolle, Diane McCasland, Vicki Goodman, Margaret Ledbetter, Zodie Ledbetter, Linda Nettles, Sharon Irwin, Rayla Griffith and Mrs. Don Hofman.

The guests enjoyed refreshments of cookies and punch while the two guests of honor opened their packages.

Well, here I am — at the end of another column, and another school year! To be truthful, it really hasn't been a very long year, but we're sure got a lot of memories to keep! With this closing note, I'd like to express my personal congratulations to the Seniors of '68 and wish them the best of luck as they each go their separate ways! We're going to miss y'all next year!

Mrs. Francis Hilbers of Slaton was in the home of her sons, Tommy, Charley, and Joe Silham for Mothers Day. A daughter, Ludie of Levelland was here also.

Mrs. Lolita Hovey has returned home from a week's stay with friends in Phoenix, Arizona. While she was there, her friends welcomed her with luncheons and teas. In June, she will become Worthy Maton of the Eastern Star in Morton.

Thomas Carlyle said: "An educated man stands, as it were, in the midst of a boundless arsenal and magazine, filled with all the weapons and engine which man's skill has been able to devise from the earliest time."

Applying these words to the American scene they become more important than when written. More that ever before in the world's history, it is the educated man and woman, the trained young people, who will find themselves working and participating members of an exciting society in the next few decades.

If you take advantage of the opportunities offered young people today, you will, as Carlyle indicated, stand in

a boundless arsenal, equipped to meet the problem of the future as an individual.

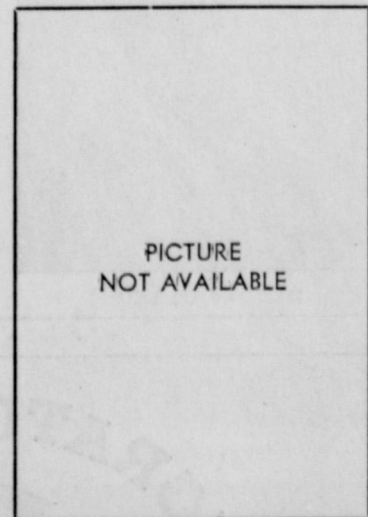

That is why your graduation is so important. You have completed a part of your education and training, but it must not stop. You must seek more education and training if you are to find a place for yourself in the era of great technological change now taking place in this country.

We urge you to prepare yourself to the full degree of your ability.

And now we join your family, friends and the entire community in wishing each of you well in whatever endeavor you may plan for the future.

# Whiteface seniors say "so long" to high school days

## "Punishment-by-hindsight" forbidden by Constitution

Suppose you discover that, in your community, there is no law against smashing street lights. And suppose you go out and smash at dozen or two. And suppose that the city fathers, in sudden alarm, pass a law forbidding such behavior.

Could you then be punished, under the new law, for the lights you have already smashed?

No — not even if you knew all along that you were doing something wrong. Punishment-by-hindsight is forbidden in Article One of the Constitution, which says that "no ex post facto law shall be passed." No act, legal when committed, may be made punishable afterward by pinning a criminal label on it.

THIS APPLIES not only to creating new crimes but also to increasing the penalty on existing crimes. For example: A state legislature decreed that convicted murderers, while awaiting execution, should be kept in solitary confinement. But a court ruled that the extra penalty, the solitary confinement, could not be imposed upon any murderer whose crime had already been committed.

On the other hand, a law easing the punishment may constitutionally apply to the past. Thus, law-makers could reduce the death penalty to life imprisonment, and apply the change to murders committed while the death penalty was still on the books.

Moreover, the ex post facto rules applies to criminal penalties only. It does not protect you from assorted unpleasant consequences, other than criminal penalties, that may be based on your past misconduct.

IN ONE CASE, an ex-convict who had served 10 years in jail wanted to practice medicine. But, according to a state law, no one who had been convicted of a felony could do so.

"This law is unconstitutional," the man charged in a court test. "True, I committed a felony. But I have already ser-

ved my sentence for that. To prevent me now from practicing medicine would be to add an extra punishment, and that is

ex post facto."

However, the court upheld the law, saying the legislature was not imposing a punishment but merely setting standards for the practice of medicine. The judge said:

"The physician is one whose relations to life and health are most intimate. Character is as important a qualification

as knowledge. If a state may require good character as a condition of the practice of medicine, it may rightfully determine what shall be evidences of that character."

### FHA girls concerned with mental health

May is National Mental Health month. Mental Health associations are helping the mentally ill through programs of research, education and social action. Support your Lubbock area Mental Health Association of which Cochran county is a member.

Mrs. C. D. Knott, Director of the Lubbock Area Mental Health Association met with the Morton chapter of the Future Homemakers of America Wednesday, May 1 to explain the need of mental health understanding among all people. As a result of Mrs. Knott's talk, members of the Morton High school chapter will sponsor a fund raising house-to-house canvas, known as "Bell Ringers" for Mental Health on Thursday evening, May 16. Adult advisors assisting the girls will be Mrs. A. E. Sanders, Mrs. Helen Crone, Homemaking instructors, and Mrs. Willard Henry. Cochran County member of the board of directors of the Lubbock area association for Mental Health.

Each F.H.A. officer will be "Canvas Captain" for each committee, assigned to different sections of the community. The committee consisted of four other members of the chapter assisting the captain.

Best Wishes and Congratulations to the Seniors.

ATTEND CHURCH THIS WEEK

## A Letter From Daddy

Her father has sent a letter and a picture, too, to show his family what he's doing while they are apart. It makes them feel close and it comforts them.

Our Heavenly Father has written us a love letter and given us a picture of what He is doing for us while we're apart. Both are contained in the words of the Bible.

In Jeremiah 31:3 He says, "I have loved thee with an everlasting love; therefore with loving kindness I have drawn thee."

And Our Lord tells us in John 14:2, 3, "In my Father's house are many mansions; if it were not so, I would have told you.

I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself: that where I am, there ye may be also."

We invite you to attend church this week. You'll receive a blessing from having done so.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
