Morton, Texas, Thursday, August 8, 1968

Whiteface honor . . . WENDELL DUNLAP, Whiteface mayor (second from left) and R. K. McCoy, Whiteface school superintendent, (second from right) receive the Texas Community Award from Cochran County Agent Roy L. McClung, Jr., and Jennie M. Bourland, County Demonstration Agent.

First "Blue Ribbon" award won by Morton

The first hurdle of a six-step plan for Morton to become a "Blue Ribbon City" has been overcome, according to a letter received by the Morton Area Chamber of Commerce this week.

The letter, to Roy McClung, from the West Texas Chamber of Commerce, REA

"The score sheet on education has been reviewed by the Blue Ribbon City Awards committee, and it appears that your city has qualified in this category. We are anxiously awaiting the receipt of the other score sheets.

"We hope that a representative of the Morton Chamber of Commerce will be able to attend the WTCC Board of Directors meeting in Wichita Falls on August 8-9, at which time we will present the Achievement Award for completion of the first of six categories."

J. C. Reynolds named to automotive office

J. C. Reynolds of Reynolds-Hamilton Ford in Morton has been re-appointed to the key post of Area Director of the Texas Automobile Dealers Association.

Mr. Reynolds will report to the TADA Board of Directors on all phases of activity relating to the motor vehicle buying public in the Morton area," commented TADA President Boyd Mullen, Pasadena.

"He will work closely with legislative and other governmental officials for better auto safety standards, safer highways, and effective driver education," added Mullen.

"The job of Area Director is one of the most important in our giant statewide association," said Mullen, "and we are confident Mr. Reynolds will continue to serve with distinction."

Playday awards . . .

SHOWN HERE are the awards waiting for winners of various events in the open playday to be held here Saturday, August 10, at the rodeo grounds. The event is sponsored by the Cochran County 4-H Saddle Club.

"Business expansion" theme of meeting in Morton

A short 2 hour meeting for all businessmen in Morton and the area has been scheduled from 9-11 a.m., August 14th in the County Activity Building. The meeting will feature speaker Kenneth Wolf, Economist-Agricultural specialist, Texas Agricultural Extension Service. Wolf will speak primarily on Business Expansion and Selling a Service. The meeting will be co-sponsored by County Extension Service and Chamber of Commerce. All interested people are welcome to attend.

Kenneth Wolf is a native of Johnson City, Texas, where he grew up on a ranch.

He spent 23 years in the Air Force where he progressed through every enlisted and warrant officer grade prior to being given a direct commission while overseas. He took early retirement from the Air Force as a regular Air Force Major to join the staff of Texas A&M.

While in the Air Force he gave leadership to programs in personnel, management, organization, and executive development. He taught business courses for two years in the night program of the University of Alaska. For four years prior to assuming his present position, he was associate professor teaching management, human relations, and leadership courses for the Air Science programs at Texas A&M.

Wolf holds the BBA degree in management from Baylor University where he graduated with honor (cum laude), the MBA degree in business from Texas A&M and has completed most of the work for the Ph.D degree in agricultural economics. He completed the Air Force management course at George Washington University in Washington, D.C. He is a graduate of the Academic Instructors School (Teachers College) of the Air University in Alabama.

He was employed in September, 1963 to develop and give leadership to an Agricultural Extension Service educational program in the field of management for agricultural related businesses.

For the period April, 1966 to May, 1967, he was assigned the responsibility of coordinating a self-study of Texas A&M's agricultural programs made by the entire campus-based faculty and staff of the College of Agriculture, and a broad study of Texas Agriculture made by over 250 Texas agricultural industry leaders.

He maintains both business and ranching interests.

Rodeo concludes successful run

When, last Thursday afternoon, exactly nine, the parade started, the 18th annual Texas' Last Frontier Rodeo got off to a booming beginning.

Citizens of Morton and visitors from all over the country crowded the parade grounds, giving all activities, headed by the American and Texas flags, a fine welcome. This year, again, Morton can be proud of having three great rodeo days—two for the cowboys as well as for those watching.

There was excitement, joy, pleasure, and fun for all of them, even or maybe especially for the kids, while they were trying very strongly and the kids, while they were trying very strongly and very frantically to gain a red calf-ribbon.

The rodeo started each night, Thursday through Saturday, at 9 p.m. Cowboys from Muleshoe, Clovis, Tulia, Shallowater, Lubbock, Snyder, Ralls, Abilene, Big Spring, Petersburg, Curisbad, Littlefield, Aspermont, and Bovina, had accepted the Morton invitation, and met together in fair and brave competition.

They all succeeded in giving a great show, showing their best and thus giving a real western atmosphere. This western atmosphere was shown not only in the vigorous and exciting single competitions, but also in a certain kind of team spirit between the cowboys during the team roping as well as between the single cowboy and his horse while riding.

Every night the well crowded area (all together 2,000) saw events of bareback bronc riding, bull riding, barrels, team roping, calf ribbon roping, and girls' barrel race. The crowd saw great winners but also great and fair losers, knowing that as in every competition, there can be only one to win.

Final results of the 18th Last Frontier Rodeo are as follows:

Team roping: 1. Ted Garnett, Post, and Raymon Hall, Morton; 2. B. B. Ingrahm, Sonora, and Randall Wilcoxsen, Odella; 3. Danny Berry, Lovington, and Giles Lee, Lovington; 4. Randall Wilcoxsen, Odessa, and Bob Johnson, Eldorado.

Calf roping: 1. Bob Polvado, Morton; 2. Burl Nardis, Muleshoe; 3. Jerry Stroud, Clovis; 4. Travis Nuckles, Clovis.

Bareback bronc riding: 1. Slim Berry, See RODEO Page 2

56,000 bales estimated

The August 1, estimate for cotton production in Cochran County is 56,000 bales, according to the Plains Cotton Growers, Inc.

This figure compares with 31,463 bales produced in 1967, according to Plains Cotton Growers figures.

August 1 standing acreage of cotton in Cochran County is 50,000 acres.

The county-by-county High Plains crop estimate adds up to 1,534,000 bales for the 23 counties represented by Plains Cotton Growers, Inc. despite heavy losses from rain, wind and hail earlier in the year.

Good "cotton weather" recently has done much to raise producer hopes.

The estimate, compiled jointly by the Lubbock Cotton Exchange and PCG, shows standing acreage as of August 1 to be 1,549,000. A new estimate is made the first of each month from August through December.

Last year, from 1,256,000 standing acres on December 1 the area produced 1,187,472 running bales, as compared to the December 1 the area produced 1,187,472 running bales, as compared to the December 1 estimate of 1,169,000 published by the LCE and PCG.

Interview of the week Advocates strong punishment

An interview with Sheriff Hazel Hancock

Sheriff Hazel Hancock was born in 1911 in Dawson County, Texas. He and his wife, Eunice, have been married since 1934 and have six children, Richard 34, serving in the army, Wanda 36, married in El Paso, Marie 32, married in Morton, Michael 29, Highway patrolman in Dallas, John 23, working in Morton, and Linda 22, married in Lubbock.

The Hancock's moved to Morton in 1945 when the father of Sheriff H. H. bought the farm. This father became Sheriff in Morton in 1940. 1948 he was killed in office. Since 1952 Hazel Hancock has been Sheriff of Cochran County. He was re-elected in 1954, 1956, 1960, 1964, and 1968.

He asked him for the basic duties of his job. His answer: 1. to keep peace between the people, 2. to protect people and their property. He added that he sometimes has to help the police as well as the police sometimes helps him.

Sheriff Hancock stated that Cochran County has a lot less crime than our neighboring counties. The reason is that in Cochran County "the lawbreaker has to pay a strong penalty", and, the Sheriff emphasized the point, that there are outstanding people in the county and fine cooperation."

Sheriff Hancock feels no differences between helping people which are involved

in an accident or catching burglars of a bank. "The main thing," he said, "is to help the people" and "to work for the best of the community".

He told that on March 16, 1949 the Morton bank was burglarized. When he arrived at the bank, the two burglars tried to escape, one through the front door, the other one through the back. Both were armed. One of them threatened him with a 32 mm automatic pistol, but Hancock got the pistol and caught him. One hour later also the second burglar was caught.

In general 87% of all breaking-ins in Cochran County and 100% of all murders are cleared up and the lawbreakers are caught. This is a higher rate than the average.

The Sheriff is concerned about the increasing rate of crime in the United States. He stated: "Crime is increasing tremendously fast, because of the lack of stronger discipline at home by the parents." The child gets no punishment at home when it is doing wrong. As an adult he hits from experience a similar attitude toward breaking the law without punishment. Hazel Hancock believes very strongly that if we punish stronger we will have less crime.

"For the future," he says, "of course I would like to see a crime-free world, even if that is a dream, and the violator to be prosecuted severely enough to prevent the next crime".

Frank Ford visits in Morton Friday

Frank Ford visited Morton last Friday and spoke to several businessmen. He told the Morton Tribune that he wants to become more familiar with the thoughts and expectations of people in our community so that he can better serve when elected.

Frank Ford is Republican candidate for State Representative. He also attended the 18th Last Frontier Rodeo, Friday night.

In an interview he pointed out that he has a three point program for reducing the rising crime rate in Texas.

"Salaries for our Department of Public Safety and local law enforcement personnel must be such as to keep and attract high-caliber, dedicated men," said Ford, "And these men must be provided with the best in training."

"Volunteer work with youth must be

stressed to help our young people develop into good citizens, and support for law enforcement evidenced in home and school."

"Finally, we must elect a President of the United States who is pledged to appoint an Attorney General and Supreme Court Justice."

Quick tie-down . . .

— Cotton Talks —

Prospects are good in September for enactment of a one year extension of current farm programs, without payment limitations or other substantial changes — thanks to some very astute maneuvering by the Texas delegation in Congress and other proponents of the program. Without such political finesse, sometimes legislation for this session of Congress would have been dead.

At least this was the opinion of Congressman George Mahon, expressed in a review of the situation with Plains Cotton Growers, Inc.

The Senate on July 20 passed a four year extension of present programs for wheat, feed grains and cotton with relatively minor changes. In the process a heavy vote was registered in opposition to payment limitations.

The going was more sticky in the House on Wednesday, July 31.

The House Agriculture Committee proposed a simple one year extension. The Department of Agriculture sponsored an amendment to make it four years, an action strongly opposed and more than a little feared by House Republicans.

Several amendments to limit individual farmer payments were offered. One would have set the ceiling at \$10,000. Another favored a graduated scale of limits and finally came one prohibiting payments of over \$20,000 to any one farmer.

ALL WERE soundly defeated until a roll call vote was called for and the amendment limiting payments to \$2,000 was adopted, 230 to 160, with two distinct elements voting "yea" and with resounding "nays" from Congressman Mahon and the entire Texas delegation.

Proving pain

As the result of an auto accident, you are left with continuing pains in your shoulder.

At least, so you say. But the driver of the other car thinks you are faking. If it comes to a showdown in court, would your word alone—without supporting evidence—be enough grounds for collecting damages?

That is a difficult question. Accepting a person's unsupported claim of pain may mean throwing the door open to fraud. On the other hand, the pain may be real enough to the victim, even though he has no way of proving it. Predictably, courts differ as to just how much weight to give to this kind of complaint.

Fortunately, however, there are usually other ways—besides the claimant's own testimony — to establish that he does have pain.

Most persuasive is medical evidence. Although a doctor cannot actually feel a patient's pain, he can find out a great deal through his instruments. For example: Pain may speed the patient's pulse. It may affect his blood pressure, his metabolism, and his respiration. It may even put extra zigzags into his electrocardiogram.

Moreover, a doctor can learn much simply by watching a patient's expression. As one judge put it:

"There are symptoms of pain that write their story on one's countenance as clearly as lightning scribbles in the sky."

Will a court listen also to the non-scientific observations of a layman? Generally yes, because these too may be revealing. Thus, in one case, an accident victim's pain was proven through the testimony of a fellow patient in his hospital room. The patient vividly recalled the victim's moans, groans, and weeping.

Of course, any method of proving that pain is present may also be used to prove that it is absent. Both instruments and observation, both doctor and layman may—in proper circumstances—help to expose false complaints.

One woman, claiming injury in a bus accident, said she had severe pains in her back. But a doctor noticed that when he was touching that area, she winced far too much in some places and far too little in others.

Result: she collected nothing at all.

Some who had voted for limitations voted against the bill. Some who had voted against the limitations amendment voted for the bill with the same amendment attached.

In this latter category came the Texas delegation and virtually all other cotton belt Congressmen, and their action has been badly misunderstood in some quarters.

In the words of George Mahon, "Confusing as it may sound, we voted for the bill, WITH limitations, because this was absolutely the only way during this session of Congress that we could get a bill WITHOUT limitations."

Now it is up to Senate and House Conferences to meet to work out the differences between the bills passed by the two bodies, and in September both Senate and House will be called upon to accept or reject the conference report.

Congressman Bob Poage, Chairman of the House Agriculture Committee and a staunch opponent of payment limitations, will select House Conferees.

Senator Allen Ellender, Chairman of the Senate Agriculture Committee and also a steadfast opponent of limitations, will select Senate Conferees.

"So there are really two almost iron-clad guarantees against us getting payment limitations," Mahon explained. First it is understood that Congressman Poage will not permit a bill to be returned to the House with limitations intact, and second, "even if such a bill should be returned to the House, we are confident we have the strength to defeat it, just as we could have defeated it last Wednesday," Charlotte, you are really gullible.

Youth Week planned by First Methodist

Announcement was made this week that the Youth Department of the First Methodist Church in Morton will hold a Youth Activities Week August 15-18.

The theme of the week will be "Inner Space" and will feature Rev. Marvin Roark, pastor of Kentwood Methodist Church in Big Spring, as speaker. Rev. Roark is a graduate of West Texas University in Canyon and of Chandler School of Theology at Emory University in Atlanta, Georgia.

The youth week will get underway each night with a worship service featuring Rev. Roark as speaker. This will be followed by discussion groups and then a meal and entertainment. All youth of the city who are in junior high or high school are extended a cordial invitation to attend this special week.

Though the Texas lamb crop for 1968 is just slightly higher than in 1967, 2,399,000 head compared with 2,392,000, it is still 11 per cent below the 5-year (1962-66) average, says the Texas Crop and Livestock Reporting Service. Nationally, the 1968 lamb crop is 4 per cent less than in 1967. Texas wool production for 1968 is now estimated at 5 per cent below last year.

4-H Club news

All 4-H girls are eligible to make a garment to enter in the local Sew It With Cotton Contest scheduled for September 17 at the County Activity Building. Entry forms are available in the Extension Office. Garments must be made of 100% domestic cotton to qualify.

Fifty 4-H'ers submitted project records for their year's work last week. These 4-H'ers will be eligible to receive yearpins and awards at the annual 4-H Achievement Program in November. Several complete records were selected to compete in District Record Judging on August 12. These include: Marilyn Cade, senior, clothing; Larry Hale, senior, senior agri-

culture; Deborah Whitehead, senior, Joann Whitehead, junior horse. Deborah and Joann Whitehead daughters of Mr. and Mrs. James Whitehead will leave today for the State 4-H Home Show. Best wishes to both girls from Cochran County 4-H'ers.

Marilyn Cade will be modeling her all cotton 4-H ensemble for the Plains Cotton Growers Association meeting August 21 in Lubbock in an all cotton show. Marilyn is one of four 4-H'ers in an 18 county district to be selected.

CAPITAL NEWS

By VERN SANFORD

TEX.—Like the general cost of the price of outdoor recreation is up for Texans. But the outdoorsmen are getting more for their money.

However, the decision by the Texas Parks & Wildlife Commission to set entrance fees on 42 state parks did not mean to use fees.

In addition to a \$1-per-car daily charge entrance to 30 of the most-developed parks in the state system and 50-cent entrance for some others, Texans and out-of-state visitors still will pay use fees for restrooms, shelter, recreation halls, campgrounds, swimming pools and for parking fees at Copano Bay and Port Aransas.

The dual fee system was designed to serve a dual purpose. The entrance fee which is expected to draw \$9 million over the 10 years beginning September 1 will be used to pay off principal interest on the first parks improvement and acquisition bond issue by the Texas Parks & Wildlife Commission.

John Connally, who urged the financing program, hailed the commission's action as the "opening step to a first class parks system within reach of every citizen of Texas."

The 10-year land acquisition program that is contemplated will more than double the 60,000 acres of park land and recreation facilities within easy reach of every major metropolitan area.

In November, voters approved an amendment to the state constitution which gives the commission to issue up to \$100 million in parks revenue bonds so that the expansion can catch up with the population growth. Sometime after November 1 the commission will issue \$100 million worth of bonds, and it will use about \$7.5 million to pay them off.

The bond program can only apply to parks lands. Initial developments in parks bonds funds will be in a 120-mile stretch of most of the state's 10 largest metropolitan centers.

Although PWC declined to state where the first funds will be spent, sources speculate that the initial developments may be at Velasco, Matagorda Island, Grapevine Reservoir, a five-mile "wild river" along the Guadalupe River, White River Reservoir and in Jefferson County. Under the entrance-fee plan, a family paying a \$1-per-car entrance fee can go to many \$1 and 50-cent parks in that area as they can and care to attend. But they could buy what Parks & Wildlife Executive Director Robert Singleton considers a big bargain — a \$12-a-year pass to all parks. Annual permits will be available in all facilities charging fees.

San Jose Mission in San Antonio, the Hogg Plantation and Eisenhower Park where present fee schedules continue. Swimming pool fees also remain unchanged.

The Highway Commission looked to recreational facilities, too, and approved new parks rotas for Atlanta State Park and Caddo Lake State Park, as well as \$100,000 worth of "arbor projects" in roadside parks along Texas highways.

TITLE CHANGE—A sub-committee of 15-member committee which is working on revisions of the Texas constitution recommended to the full committee in closed sessions of the Texas Senate.

The constitution now allow the Senate to lock its doors when it considers removal or rejection of persons nominated to state offices by the governor.

A committee headed by Rep. Dick Victoria voted down a proposal to allow 18-year-olds to vote. Also, one to set up a voter registration system.

The Legislature agreed to retain the present system of legislative sessions every other year. Governor Connally and Speaker Harris, who appointed most of the mem-

bers of the committee, both favor annual legislative sessions.

These decisions will go to the full committee, then to the Legislature, which will decide which of the recommendations if any, are to be submitted to the people for a vote.

WELFARE REDUCTIONS—Some needy families with dependent children will be getting a reduction in state welfare aid effective September 1.

Reason is that a U. S. Supreme Court ruling (that needy children are entitled to assistance even though there is an able-bodied man in the house) will increase the AFDC rolls by an estimated 15 percent.

Welfare Commissioner Burton G. Hackney warns that unless the present \$60 million welfare ceiling is raised to \$75 million, as proposed in a constitutional amendment to be voted on in November, there will be even further reductions.

Families receiving a maximum grant of \$135 for four or more dependent children will get the biggest cut — \$12 a month to \$123. Those now receiving \$124 will get a \$1 cut to \$123, those getting \$125, a \$2 cut, etc. In other words, \$123 a month will be the new maximum. Reductions will be made only for those receiving more than that amount now.

DRAFT QUOTA CUT—Texas' draft call for September is 683 men, smallest since June, 1967.

Col. Morris S. Schwartz, state selective service director, said budgetary limitations will prevent pre-induction physical-mental exams during August.

July call was 695 men. Calls in 1967 ranged from a low of 674 to a high of 1,421. Monthly quotas this year have ranged as high as 2,378 (last April).

TRAIL OF FORTS—Governor and Mrs. Connally led a group of West Texans by bus on a 680-mile "Trail of Forts" through Central West Texas.

Purpose was to publicize the Forts Trail which takes travelers to many of the historic points in the area where the Indians made their last stand against the U. S. Cavalry.

Two of the Forts, Richardson and McKavett, were acquired by the state and are to be restored and preserved as historic sites.

Starting in Brownwood, the two-day tour included visits to Comanche, DeLeon, Mineral Wells, Jacksboro, Albany, Abilene, Bronte, San Angelo, Eldorado, Menard, Mason and Brady. It is one of 10 travel trails designated by the governor.

STAMP SALES UP—State Treasurer Jesse James reports increases in all stamp sales (liquor, wine and cigarettes) for July of 1968 over July of 1967.

Cigarette Stamp sales are up \$1.1 million, liquor up \$760,000 and wine up \$26,533.

GRANTS APPROVED—A federal grant of \$16,875 has been approved for the city of Portland (San Patricio County) to develop a 13-acre park and outdoor recreation facilities. City will match the grant with local funds for the \$33,750 project.

Governor Connally authorized a \$5,273 regional planning grant to Brazos Valley Development Council (Brazos, Grimes, Leon, Madison and Robertson Counties and 12 cities).

Another \$4,000 grant for planning went to the Orange County Council.

A smaller grant of \$1,277 was cleared for Austin-Travis County Organization for Regional Planning which includes Austin, West Lake Hills, Manor, Rollingwood, Pflugerville, Austin Independent School District, Del Valley ISD 910 and Water District No. 11.

SECURITIES PERMITS—Twenty-eight applications for permits to sell \$18,472,706 in securities in Texas were filed last week with the State Securities Board.

This included applications from three Texas companies — Bethesda Bath House Corporation of Marlin for \$91,900, Crown Western Investments Inc. of Dallas for \$743,047, and Non-Commissioned Officers Life Insurance Company of Austin for \$215,000.

Farmers Union head levels blast at Farm Bureau Group

Texas Farmers Union President Jay Naman of Waco issued a statement today charging that one of the farm organizations is partially responsible for the low wheat and feed-grain prices which farmers are now receiving.

"Farm Bureau, both Texas and national, has been a major factor in creating the conditions which have led to the present low prices for wheat and feed-grains," Naman said.

"Defeat of the wheat referendum in 1963, for which Farm Bureau readily accepts the credit, destroyed an effective supply-management program which would now be giving producers \$2.00 wheat. The disastrously low wheat price has put wheat in direct competition with feed-grains and has caused the bottom to drop

out of milo prices in South Texas," according to the Farmers Union president.

"When Farmers Union and the other organizations are in Washington, as they are now, trying to get legislation to bolster prices and farm income, Farm Bureau is always on the other side trying to tear down what we accomplish. Politicians who wish to justify their votes against farmers and their programs can always claim the support of the Bureau."

Naman said that Farmers Union has encouraged farmers to comply with the farm programs and to take advantage of the Commodity Credit Corporation loan in order to avoid harvest-time price declines.

"Our efforts are constantly being sabotaged by Farm Bureau which propagandizes against the programs, encourages non-compliance, and opposes price support and payments that are necessary to make the programs work in the interest of farmers," said Naman.

Turning to a proposed debate with the Farm Bureau president, Naman said, "I have invited Mr. Dean to represent the Farm Bureau in a series of policy debates at whatever locations he might choose and at his convenience. He has seen fit to ignore this invitation. He is apparently embarrassed and unwilling to stand up before farmers and defend his organization's policies. Farm Bureau policies are developed by the leadership, not the grassroots producers."

"If Mr. Dean will meet me, I will give him the opportunity to answer my charge that his organization can be directly blamed for creating the economic conditions that have led to cheap wheat and feed-grain. I feel that Farm Bureau members should know the facts and hold this organization accountable for the great disservice which it has done them."

NUMBER FIVE ON THE BALLOT (HJR61)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 24, Article III, Constitution of the State of Texas, be amended to read as follows:

"Section 24. Members of the Legislature shall receive from the Public Treasury an annual salary of not exceeding Eight Thousand, Four Hundred Dollars (\$8,400) per year and a per diem of not exceeding Twelve Dollars (\$12) per day of each Regular Session and each Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days.

"In addition to the per diem the Members of each House shall be entitled to mileage in going to and returning from the seat of government not to exceed one round trip per month during such time as the Legislature is in session, which mileage shall not exceed Two Dollars and Fifty Cents (\$2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller, to each county seat now or hereafter to be established; no Member to be entitled to mileage for any extra Session that may be called within one (1) day after the adjournment of the Regular or Called Session."

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment providing the members of the Legislature shall receive as salary an amount not exceeding Eight Thousand, Four Hundred Dollars (\$8,400) per year."

SENATE JOINT RESOLUTION No. 14 proposing an amendment to Article III, Constitution of the State of Texas, by adding a new Section 52a to give the Legislature the power to authorize cities and counties to issue revenue bonds for industrial development purposes.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Constitution of the State of Texas, be amended by adding a new Section 52a to read as follows:

"Section 52a. The Legislature shall have the power to authorize cities, counties, and towns to issue revenue bonds for industrial development purposes, or in aid thereof; provided, that property acquired from proceeds of the bonds shall be subject to ad valorem taxes. Legislation passed in anticipation of the adoption of this amendment shall not be invalid solely because of its anticipatory nature. The tax revenue, the utility revenue, and the revenue from services of any county, city or town may not be used to pay any bonds issued pursuant to this authority nor the interest thereon."

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment to give the Legislature the power to authorize cities and counties to issue revenue bonds for industrial development purposes."

"AGAINST the constitutional amendment to give the Legislature the power to authorize cities and counties to issue revenue bonds for industrial development purposes."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

I am an American . . .

By ELIZABETH ELLEN EVANS

I am an American. Listen to my words, Fascist, Communist.

Listen well, for my country, and my message is a strong message.

I am an American, and I speak for democracy.

My ancestors have left their blood on the green at Lexington and the snow at Valley Forge . . . on the wall of Fort Sumter and the fields at Gettysburg . . . on the waters of the River Marne and in the shadows of the Argonne Forest . . . on the beachheads of Salerno and Normandy and the sand of Okinawa . . . on the bare, bleak hills called Pork Chop and Old Baldy and Heartbreak Ridge.

A million and more of my countrymen have died for freedom.

My country is their eternal monument.

They live on in the laughter of a small boy as he watches a circus clown's antics . . . and in the sweet, delicious coldness of the first bit of peppermint ice cream on the Fourth of July . . . in the little tenseness of a baseball crowd as the umpire calls "Batter up!" . . . and in high school band's rendition of "Stars and Stripes Forever" in the Memorial Day parade . . . and in the clear, sharp ring of a school bell on a fall morning . . . and in the triumph of a six-year-old as he reads aloud for the first time.

They live on in the eyes of an Ohio farmer surveying his acres of corn and potatoes and pasture . . . and in the brilliant glow of hundreds of acres of wheat stretching across the flat miles of Kansas . . . in the milling of cattle in the stockyards of Chicago . . . the precision of an assembly line in an automobile factory in Detroit . . . and the perpetual red glow of the nocturnal skylines of Pittsburgh and Birmingham and Gary.

They live on in the voice of a young Jewish boy saying the sacred words from the Torah: "Hear O Israel: the Lord our God, the Lord is One. Thou shalt love the Lord thy God with all thy heart and with all thy soul and with all thy might." . . . and in the voice of a Catholic girl praying: "Hail, Mary, full of grace, the Lord is with thee . . ." . . . and in the voice of a Protestant boy singing: "A Mighty Fortress is our God, A bulwark never failing . . ."

An American named Carl Sandburg wrote these words: "I know a Jew fish-

Little League year successful for moms

Not only did the Morton Little League All Stars win the tournament held in Morton in July, but also the Little League Mothers feel they are winners too.

In the spring of this year, Cecil Williams, President of Morton Little League called a meeting of the Mothers and presented a plan for improving the present Little League Park. The plans called for the construction of a new cement block concession stand to be erected at an approximate cost of \$1200.00 with two years to pay. This building would also house a press box and would have room for storing little league equipment. In addition, the mothers would need to help with part of the expense of new equipment, bats, balls, helmets and other necessary items.

After a busy season in the new concession stand with all mothers of Little League and Minor League boys working at least one night and many times more, the group is happy to announce that enough money was cleared to pay in full all debts of the League including full payment of the new building.

Officers of the Little League in addition to President Williams, are Phil Vogel, Vice President and Harold Ogle Treasurer. Officers of the Little League Mothers Association are Mrs. H. B. Barker, President, Mrs. Bobby Smith Vice President and Mrs. Derwood McClintock, Treasurer. This group wishes to express their thanks to each person who in any way made this year a success. Especially to the many citizens who worked so hard on the field and around the grounds prior to, and during the tournament.

Cochran County Museum now listed in state directory

The Cochran County Historical Museum, which was established earlier this year, has received a listing in the 1968 edition of the Texas Museum Directory.

The entry notes that the museum, located at 206 S. W. 1st St. in Morton, is

housed in the first telephone office in Morton; contains an early-day switchboard and other exhibits portraying the history of the Cochran county area from the days of the C. C. Slaughter ranch. The "Texas Museum Directory" is compiled by the Texas Historical Foundation in cooperation with the Texas State Historical Survey committee, and it is published and distributed by Humble Oil & Refining Company, Houston, Texas. Persons desiring copies of the directory can obtain them free by writing to the public relations department of Humble Oil & Refining Company, P. O. Box 1140, Houston, 77001, according to Elvira E. Fleming, chairman of the Cochran County Historical Survey committee.

The local museum was open on August 1-2-3 during the Morton Rodeo, and Walter Taylor, President of the Museum of the Texas State Historical Survey committee, reports that more than 40 registered guests visited the museum. Day visitors included Mr. and Mrs. Tom Latimer of Austin; Latimer is executive director of the Texas State Historical Survey committee.

A number of new exhibits have been added to the museum, and individuals and groups interested in touring the museum may do so by contacting the local Chamber of Commerce on weekdays, or by calling Walter Taylor 266-8843, Mrs. H. B. Barker 266-5484, or other members of the local museum board.

There is a voice in the soul of every human being that cries out to be free. America has answered that voice. America has offered freedom and opportunity such as no land before her has ever known, to a Jew fisher down on Maxwell Street with the face of a man terribly glad to be selling fish. She has given him the right to his own pushcart, to sell his Herring on Maxwell Street . . . she has given him an education for his children and a tremendous faith in the nation that has made these things his.

Multiply that fisher by 150,000,000 — 150,000,000 mechanics and farmers and housewives and coal miners and truck drivers and chemists and lawyers and plumbers and priests — all glad, terribly glad to be free to work and eat and sleep and speak and love and pray and live as they desire, as they believe!

And those 150,000,000 Americans — those 150,000,000 free Americans — have more roast beef and mashed potatoes . . . the yield of American labor and land . . . more automobiles and telephones . . . more safety razors and bath tubs . . . more Orin sweaters and aureomycin, the fruits of American initiative and enterprise . . . more public schools and life insurance policies, the symbols of American security and faith in the future . . . more laughter and song — than any other people on earth!

This is my answer, Fascist, Communist!

Show me a country greater than our country, show me a people more energetic, creative, progressive — bigger hearted and happier than our people, not until then will I consider your way of life.

For I am an American, and I speak for democracy!

Playday is scheduled for Saturday, Aug. 10

The Cochran County 4-H Saddle Club will sponsor an area playday on August 10 at the Morton Rodeo Grounds, Morton, Texas. This will be an open playday for all boys and girls.

Hill Country Trail has bounty of interests

A stair-step chain of lakes, a president's home, historic San Antonio and a bounty of attractions and scenic drives highlight the Texas Hill Country Trail, one of 10 Texas Travel Trails.

Stretching for an estimated 578 miles, the trail traverses the counties of Bandera, Bexar, Blanco, Burnet, Comal, Gillespie, Hays, Kerr, Llano, Medina, Real, Travis, Uvalde and Williamson. It swings south from Austin via Farm Road 1826 to Wimberley, a Blanco River community noted for its cool, shady streams beneath tall cypress trees. Dude ranches and youth camps cover the area.

STATE HIGHWAY 12 leads to San Marcos, home of unique Aquarena Springs and Southwest Texas State College, alma mater of President Lyndon Johnson. In addition to its submarine theatre, Aquarena offers glass-bottom boat rides on the San Marcos River, a Swiss sky ride and a Texana Village featuring a frontier town. New Braunfels is the next trail host where the annual "Wurstfest" celebration in November attracts thousands to pay tribute to the sausage-makers of the region. Two of the state's outstanding caverns are in this area — Wonder Cave in San Marcos and Natural Bridge Caverns, located about 12 miles west of New Braunfels off State Highway 1863.

ALSO, NEAR New Braunfels is Canyon Lake, one of the state's newest. Its 13,000 surface acres lie in a hills-and-valley region that provides spectacular lake views where elevations vary 1,000 feet and more.

The Hill Country Trail skirts San Antonio on the north via Loop 410 connecting with State Highway 197 which leads to Castroville. Beautiful Medina Lake and River nearby make the area one of the most scenic in the state. Castroville was founded in 1844 and is rich in Alsatian traditions. The Landmark Inn, built in 1848, and St. Louis Catholic Church, constructed the same year, are sites worth the visitor's time. Leaving Castroville on U.S. 90, the trail turns abruptly north on Farm Road 689 for Bandera, site of the state's largest concentration of dude ranches. A change-of-pace life — breakfast, cooked on an open fire, a peaceful trail ride along a quiet stream, and an evening meal around a glowing campfire await visitors.

UVALDE IS HOME of the late Vice President John Nance Garner and the state park bearing his name. The trail turns northward once more, continuing to Camp Wood via State Highway 55 and on into Leakey on the Frio River. More spectacular scenery awaits the traveler in the Leakey area on State Highways 83 and 39 leading into Kerrville, county seat of Kerr County and home of Shreiner Institute. Nearby lakes on the Guadalupe river provide visitors excellent fishing and water sports on a year-round basis.

Moving north on State Highway 16 across the Pedernales River the traveler arrives in Fredericksburg, a city of old-world German charm. From here Chester Nimitz went to war, returned as a fleet admiral and became a legend in his own lifetime. A memorial museum containing personal documents of the famed World War II Naval commander has been established. One of the community's most famous historic structures is the 1847 Vereins Kirche, an octagon-shaped replica of the building which once served as the community's first church. Rock collectors visiting Fredericksburg marvel at the two nearby geologic rarities, Enchanted Rock and Balanced Rock, both located on Ranch Road 965. Enchanted Rock, the largest granite mountain in the Southwest, is 17 miles from town, covers 640 acres and rises to a height of 500 feet. Balanced Rock is only four miles out and is maintained as a roadside park. The huge boulder is perched on a pinpoint base.

FROM FREDERICKSBURG to Johnson City along State Highway 290 is Lyndon Johnson country. Here the President was born, reared and returns for his leisure hours. The LBJ Ranch on Ranch Road 1 has become one of the state's leading tourist attractions. Visitors are allowed near the site except when the President is at home. President Johnson's boyhood home is open to the public in nearby Johnson City, while a replica of the birthplace home is on the ranch.

The return to Austin passes the forest-crowned shores of the Highland Lakes, a 143-mile stairway of water that tumbles from limestone caverns and winds among the cactus and sotol slopes.

Once the crystal blue lakes were a flooding threat. Then dams were built to harness the powerful Colorado River.

Bicycles, too . . .

YOUNG MORTONITES joined the 18th annual Last Frontier Rodeo parade last Thursday, but chose bicycles instead

of horseflesh as their steeds. The parade, in downtown Morton last Thursday, was claimed as one of the finest ever.

Dress Revue winners . . .

MISS MARILYN CADE, Morton 4-H'er, modeled the first place 100 per cent cotton garment at the District II 4-H Dress Revue on Tuesday, July 30. She also won first alternate to attend the 4-H State Dress Revue. She is the daughter of Mr. and Mrs. Gene Cade.

'Unexpected' entertainments provided at Texas HemisFair

A monkey tips his hat in thanks for a monkey while his organ-grinder master plays the musicbox. Three clowns attract a crowd while posing for pictures with passersby. A group of actors perform a Shakespeare play.

All are part of the unexpected entertainment greeting visitors to HemisFair '68. Each performs when and where there is a willing audience.

The organ-grinders with their playful monkeys, laughing clowns with Keystone top props, and strolling Shakespearean players are only part of the unannounced entertainment on the 92.6-acre grounds.

VISITORS WALKING towards pavilions see visits to interesting exhibits often stop and watch a shootout by a pair of western gunslingers or a fast draw exhibition.

There are also impromptu performances by the Rainbo Puppet Theater, dances by Spanish Flamenco dancers and the music of Mexican mariachis on a floating bandstand on the lagoon.

All of this in addition to the regularly scheduled free entertainment such as the popular Flying Indians at the Frito-Lay-Pepsi-Cola Pavilion, the fabulous marionettes at the Coca Cola Exhibit, water ski shows, and numerous bands and choirs scheduled daily at the various open air theatres around the grounds.

VETERAN WORLD'S Fair visitors who made HemisFair one of their stops in April are singing its praises, not only for its beauty and interesting exhibits, but the reasonable prices.

The per capita spending of fairgoers during April was \$5.18, including gate admission of \$2 for adults and \$1 for children, parking, food, rides and games, and admissions to various entertainment features.

More than one-fourth (2,494) of Texas wells in 1967 were "wildcat" wells which seek new fields. Only 20% found oil or gas.

"Wildcat" wells were drilled in 204 of Texas' 254 counties during 1967.

Cool, summer grasses can be planted soon

"Area farmers interested in cool season pasture should begin making plans for seeding cool season grasses," says Budd Fountain, Work Unit Conservationist. Budd says, "the planting time for these grasses is from about September 1 to March 15."

Cool season grasses are species that provide green grazing from early fall through the spring. These grasses provide needed winter grazing in connection with warm season or native grasses. Besides being excellent grazing, cool season grasses provide good protection against wind and water erosion.

"Fertilization and irrigation are essential for good production from cool season grasses," Budd said. He says, "some of the better cool season grasses for this area include Smooth Brome, Western Wheatgrass, Tall Fescue, Orchardgrass and Perennial Ryegrass." For best re-

Proposed CONSTITUTIONAL AMENDMENT NUMBER TEN ON THE BALLOT (HJR50)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII, Constitution of the State of Texas, be amended by adding Section 1-j to read as follows:

"Section 1-j. Notwithstanding the provisions of Section 1 of this article, the Legislature may provide for the refund of the tax paid on the first sale of cigars and tobacco products in this state which are subsequently sold at retail within the corporate limits of Texarkana, Texas, or any incorporated city or town in Texas contiguous to Texarkana."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on

the first Tuesday after the first Monday in November 1968, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment authorizing the Legislature to provide for the refund of the tax on cigars and tobacco products sold at retail within the corporate limits of Texarkana, Texas, or any incorporated city or town in Texas contiguous to Texarkana."

"AGAINST the constitutional amendment authorizing the Legislature to provide for the refund of the tax on cigars and tobacco products sold at retail within the corporate limits of Texarkana, Texas, or any incorporated city or town in Texas contiguous to Texarkana."

Chamber directors to ask by-laws change

Directors of Morton Area Chamber of Commerce met Tuesday night in regular session. Those present were Manager Leon Kessler; directors Jackson, Hargrove, Burkett, Gray, and Jerry Ming.

Kessler reported on a recent trip to Dallas to a manager's institute. Gray reported that the Chamber made about \$448.82 from the carnival, and commented that about \$3,000.00 was spent at the carnival by Mortonites. Gray also reported on the condition of Morton's Christmas decorations. It was decided that present decorations were beginning to wear, and some type of improvement would be made for this year.

The Chamber took no action toward buying new, long-lasting membership plaques for its members. Also, it was decided to submit a by-law change at the next general meeting to enable Manager Kessler to sign checks for the Chamber's expenses. At that time, the manager and three directors will be placed under a \$2,000.00 honesty bond.

Plans were also made for Manager Kessler and Ray Griffith to attend a West Texas Chamber of Commerce meeting at

suits cool season grasses should be planted in pure stands at a depth of from one-half to one inch deep. "About 15 pounds of seed per acre should be used except on Western Wheatgrass which needs only 3 pounds per acre," Budd said.

The Supervisors of the Cochran Soil and Water Conservation District urge interested producers to contact the local SCS office for more information about cool season pasture.

Parents have time to influence children

Today, parents have half the time Grandparents had to influence children.

Dr. Lannis Hope, associate professor and counseling psychologist at Texas A&M University, told the area Young Homemakers of Texas Seminar July 1-2, children were the crucial point in our changing society.

A hundred years ago little boys knew what they were supposed to do as men. They saw Father at work and helped on the farm. Today Father is not in the home, he said.

Pointing to another changing aspect, women are in a period of upheaval and turmoil today. She was dominated totally for 10,000 years, he said. Now she has a more defined individuality, going out of the home socially and working in competition with men.

Males feel a real threat with a female competing with them. The revolution has made women relook at herself to see what she wants to do today.

Because of the roles a woman might play, including housewife-mother, career woman and glamour girl, the professor predicted the turmoil to continue.

Agricultural exports can be increased rather substantially

Agricultural exports can be substantially increased with the "aggressive assistance" of the federal government, the president of the Texas Farm Bureau said today.

Sidney Dean of Victoria said the Texas Farm Bureau is filing a statement with the House Committee on Ways and Means regarding the Trade Expansion Act of 1964. Dean said the Farm Bureau is asking for greater cooperation between government and private industry in overcoming such obstacles as transportation and restrictions by foreign countries.

The president of the state's largest farm organization pointed out that agriculture is the largest single industry in the United States and the greatest user of labor. Production from one out of every four acres is exported, Dean said. In 1966-67, these exports were worth \$6.8 billion, or 22 percent of total U.S. exports, he added.

Farm Bureau believes this can be increased to \$10 billion annually if farmers are permitted to compete with a minimum of restrictions, he said.

The TFB spokesman pointed out that Farm Bureau members are in favor of expanded world trade and believe in reduced restrictions. However, he said, they are becoming increasingly concerned with restrictions placed on U. S. farm products by other countries and also the

increased imports of agricultural commodities.

Dean said Texas farmers are particularly concerned with the dramatic rise in imports from Mexico.

He related that tomato producers in the Lower Rio Grande Valley had expectations of better prices this year due to strong market demand and a lower volume from Florida.

Yet, he said, when shipping of tomatoes from the Valley began recently, producers found that in San Antonio, usually an excellent nearby market, there were eight carloads of pink Mexican tomatoes on consignment. Naturally, the market fell dramatically overnight, he said.

The same situation exists for many other crops, Dean said, including citrus, cantaloupes and other melons.

"But, since we have an overall surplus agriculture will continue to be discriminated against," he said, "for this is not a two-way street in agricultural trade."

He said that in the 1966-67 citrus season, when the U.S. had the largest crop in its history and Mexico had a tremendous increase in its crop, the Mexican government simply placed an embargo on all citrus imports into Mexico that season. Yet, he charged, the U.S., which has a one-cent per pound import duty, allowed Mexico to continue exporting into this

country until the market dropped so low that even Mexico had to quit our markets.

He added that Mexico also protects its broiler growers from U. S. imports and closes the border this year to American turkeys.

"We feel that administrative procedures should be improved so that quick relief can be given to protect the American farmer and also farm labor from being further placed at a disadvantage by such imports, particularly when these imports are subsidized or are a result of dumping practices," Dean said. "We do not believe that international commodity agreements, such as the International Wheat Trade Convention, can do anything except hurt the American farmer and stop us from expanding our foreign markets in these commodities."

"We must be competitive in price in the world market and yet give our farmers a fair return for his product," Dean said.

Commenting on restrictions in Europe, Dean said that in 1966 the Texas Farm Bureau was the first to ship successfully fresh chilled beef by ocean transportation. The beef was well-received in Germany and sold out immediately, he said.

"But, before this program got off the ground, the levy was raised to such a high level by the Common Market that we were priced out of the market," the TFB president related.

Transportation, he said, has been a major problem in exporting farm products from Texas, particularly the more perishable crops. He explained that rates from the U.S. are not always competitive with those from other countries. Also, the Viet Nam conflict has caused the government to take over many of the refrigerated cargo ships, he said.

The Award, a certificate of achievement and a \$50.00 check was presented by County Agents Roy L. McClung, Jr. and Jennie M. Borland. Whiteface won second place in the recent District II Texas Community Improvement Contest for their work as a community to improve the looks of Whiteface and add a community park. First place winner was Knott Community in Howard County.

The contest is sponsored by the Texas Agriculture Extension Service and Texas Electric Utility Companies to encourage communities of less than 1,000 population to clean up and fix up. Every organization in Whiteface, adult and youth, helped with the community project. Project chairman was Quentin Rhodes, past mayor of Whiteface.

The Texas calf crop is expected to total 4,911,000 head. This compares with 4,876,000 head in 1967. The 1968 crop, says the Texas Crop and Livestock Reporting Service, will be the highest on record since estimates began in 1924. Cows and heifers 2 years old and older on January 1 numbered 3,710,000 or 1 per cent more than a year earlier.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER SEVEN ON THE BALLOT (SJR32)

the State of Texas, both general and special obligations; or in home office facilities to be used in administering the Employees Retirement System including land, equipment, and office building; or in such corporation bonds, notes, other evidence of indebtedness, and corporation stocks, including common and preferred stocks, of any corporation created or existing under the laws of the United States or of any of the states of the United States, as said Board may deem to be proper investments; provided that in making each and all of such investments said Board shall exercise the judgment and care under the circumstances then prevailing which a prudent man would exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as probable safety of their capital; and further provided, that a sufficient sum shall be kept on hand to meet payments as they become due each year under such retirement plan, as may now or hereafter be provided by law. Unless investments authorized herein are hereafter further restricted by an Act of the Legislature, no more than one per cent (1%) of the book value of the total assets of the Employees Retirement System shall be invested in the stock of any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid cash dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors; and provided further, that not less than twenty-five per cent (25%) at any one time of the book value of investments of said Fund shall be invested in Government and Municipal Securities as enumerated above. This Amendment shall be self-enacting and shall become effective immediately upon its adoption without any enabling legislation. "2. The State ad valorem tax of Two Cents (2%) on the One Hundred Dollars valuation levied by Article VII, Section 17, of this Constitution shall not be levied after December 31, 1976. At any time prior to December 31, 1976, the Legislature may establish a trust fund solely for the benefit of the widows of Confederate veterans and such Texas Rangers and their widows as are eligible for retirement or disability pensions under the provisions of Article XVI, Section 66, of this Constitution, and after such fund is established the ad valorem tax levied by Article VII, Section 17, shall not thereafter be levied. "4. Unless otherwise provided by the Legislature, after December 31, 1976 all delinquent State ad valorem taxes together with penalties and interest thereon, less lawful costs of collection, shall be used to secure bonds issued for permanent improvements at institutions of higher learning, as authorized by Article VII, Section 17, of this Constitution. "5. The fees paid by the State for both assessing and collecting State ad valorem taxes shall not exceed two per cent (2%) of the State taxes collected. This subsection shall be self-executing. "6. The State ad valorem tax books for the use of children attending the public free schools of this State shall be set aside from any revenues deposited in the Available School Fund, provided, however, that should such funds be insufficient, the deficit may be met by appropriation from the general funds of the State.

Smith-Elliott wedding vows repeated August 3

Miss Glenda Smith and Jerry Elliott pledged double ring wedding vows at 8:00 p.m., Saturday, August 3, in the First Baptist Church of Morton, with the Rev. Fred Thomas officiating.

Parents of the couple are Mr. and Mrs. V. C. Smith and Mr. and Mrs. C. W. Elliott.

Given in marriage by her father, the bride wore a floor length gown of white satin brocade with an oval neckline, long petal-point sleeves and an empire waist-

line with a narrow fold accented by a small front bow. The train of the wedding gown fell from the shoulders. A headpiece of white daisies accented by white lace petals held her shoulder length veil of silk illusion.

Her attendants wore street length dresses of red cotton lace with empire waists and skirts accented by an inverted front pleat. The dresses had high, rounded necklines and long bell shaped sleeves. Their headpieces consisted of a cluster of red cabbage roses with a matching veil.

Mrs. Jan Haggard of Carlsbad, New Mexico, served her sister as Matron of Honor. Maid of Honor was Miss Kay Peterson and bridesmaid was Miss Lana Smith. Michelle Haggard served as flower girl and Brent Brownfield was ring bearer.

Serving his brother as best man was Winston Ward of Odessa. Elliott Elliott and Bill Elliott were groomsmen. Lavoy Thompson and Eddy Holloway served as ushers.

Miss Dena Smith sang "Almost There" and "Bless This House" and was accompanied by Miss Scharla Crump at the piano.

After a reception in the church patio, the couple traveled to South Texas. They will be at home in Houston, Texas where they will attend the University of Houston.

The couple are both 1966 graduates of Morton High School and 1968 graduates of South Plains College. Mrs. Elliott is an elementary education major and her husband is majoring in law.

The family lawyer

"To my sister, one dollar and my curse."
"To my son-in-law, a good stout rope with which to hang himself."

"To my partner, my portrait of a viper."
These hateful legacies are examples of a peculiar phenomenon in the field of wills. The maker of a will knows that his words will probably not come to light until after his death—when he is safe from retribution. Under this protection, as one expert put it: "Human nature removes its mask."

Are such legacies valid? In making a will, is there a "right to be mean"?

Generally speaking the answer is yes. The law is reluctant to condemn the motives of someone who is not present to make explanations. No court can be sure what real grievances might have lain hidden in his heart.

Besides, the very idea of a will is to give the maker the right to pick and choose among the possible objects of his bounty, favoring one, rejecting another.

On the other hand, if a will is sufficiently unnatural, that may be some indication that the person who made it was either under undue influence or mentally incompetent.

For instance: a spinster's will left all her money to a niece, cutting off the brother she had loved dearly. This was held sufficiently strange, along with other circumstances, to justify the conclusion that the woman had been subjected to undue influence by the niece.

Furthermore, unnatural provisions won't be upheld if they are contrary to state laws or in conflict with public policy. Thus, a court would not approve instructions to "Burn all my money" or "Hire a gunman to do away with my boss."

Fortunately, the average will does not reflect either venom or spite. Most people find something better to do with their last words than to leave a legacy of hate. Not many individuals care to be remembered that way.

Revival services set Aug. 11-18 at Hick's

A series of special revival services will be held at the Hick's Chapel Baptist Church, starting Sunday, August 11, and continuing through Sunday, August 18.

Elvis Fleming and his guitar will bring the special music and will lead the singing. Rev. Herb Row, pastor of First Baptist Church, Bledsoe, will bring the messages. Services will start each night at eight o'clock, Monday through Saturday. Sunday's services will start at 5:30 p.m. There will be services each morning beginning at ten.

The public is invited to come enjoy these services. Several church fellowships will be held during the week.

Hick's Chapel is located about five miles north of the Three Way Schools.

Texas had 125.4 trillion cubic feet of natural gas reserves at end of 1967 (42.8% of U.S.).

Texas oil men drilled 9,470 wells in 1967; 28% of U.S. drilling.

Last rites held for young Benham girl

Services for Nancy Carol Benham, 10-year-old daughter of Mr. and Mrs. W. C. Benham, were held at 10:30 a.m. Saturday in the First Methodist Church with the Rev. Rex Mauldin and the Rev. Harold Drennan, officiating. Burial was at Morton Memorial Cemetery directed by Singleton Funeral Home.

Bunga of Oklahoma City; a brother Jack Edward of the home; her grandparents, Mr. and Mrs. Clarence Benham of Morton and Mr. and Mrs. Boyd Formby of Mulberry, Ark.

The child, a student at Morton Elementary School, died at 6:00 a.m. Thursday in a Dallas hospital following an extended illness of hypoplastic anemia.

Survivors include two sisters, Mrs. Lavell Hawkin of Morton and Mrs. Linda Beekeepers had an estimated 227,000 colonies of bees at work on July 1, reports the Texas Crop and Livestock Reporting Service. The colonies were above average in condition and nectar plants were also in 15 per cent better condition than a year ago.

COOK of the Week—

This week's cook of the week is Mrs. Tom Davey. Mr. and Mrs. Davey and their daughter have lived in Morton since January. Tom Davey works for the Soil Conservation Service. They are members of the First Methodist Church. Sue is a member of the Emlen Smith Study Club. The Daves are cooking and sewing.

1 cup sugar
2 tablespoons flour
1/2 box white cake mix
Pour fruit in pan, mix sugar and flour in fruit. Sprinkle cake mix over fruit, then pour melted oleo over cake mix. Cook for about 40 minutes at 375 degrees. Make sure mix is sprinkled over fruit evenly.

**the
 Long
 Arm
 of
 God**

There may be times when your church seems to be growing slowly, when you become discouraged because your work seems to bear no fruit. Don't be discouraged. The Lord would say to you in Deut. 1:21, "Fear not, neither be discouraged," for I am with you.

During the very time you are discouraged, the Lord may have good news for you. This period of time may be more spring than winter. It is an open secret that God's arm is not shortened that he cannot save; neither is his ear heavy that He cannot hear.

Therefore, let us keep on working and praying that we may in our hearts possess the land of rest and comfort and peace with God. "The glory of the Lord shall be thy reward." He tells us in Isaiah 58:9, "Then thou shalt call, and the Lord shall answer; thou shalt cry, and He shall say, Here I Am."

We pray that the church and its fellowship will be your dearest treasure. May the church be the place where your "heart interest" lies. We invite you to attend services this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
