

Public meeting kicks off industrial foundation

The first public meeting of a recently organized Morton Industrial Foundation took place at the Wig Wam restaurant Thursday morning, September 12 at 7:00 p.m.

Some 15 original incorporators had been present at an August 15 meeting to come up with at least two others each who were interested in the future of Morton.

Some 50 persons turned out for this early evening get-together breakfast and as a result plans were made for another such meeting to be held in the Cochran Community Activities building, date of which will be decided by the directors, but expected to be set for about two weeks after this last meeting.

With Foundation president D. E. (Gene) Benham presiding, the floor was turned

over to Thad McDonnell, president of the Levelland State Bank, and also president of that city's Industrial Foundation, who had been tasked to be present and give his views in regard to the best ways in which the organization could go about realizing its goal of attracting new industry into the area, thereby creating new jobs and opportunities.

Mr. McDonnell's address was brief but pointed and inspiring. He told those assembled that some 80 years ago the mayor of Cleveland had pointed out that an industrial foundation should function somewhat as a symphony orchestra, with each section coordinating its effort with other segments resulting in a harmonious rendition of its purpose.

This speaker, in discussing ways and

means of raising money and how to use it most effectively, pointed out some "do's" and "don't's" pertinent to the organization's future efforts. He recommended a Community Action Group be named and invited them to join with the Levelland group toward attaining their goals.

Mr. McDonnell's remarks were enthusiastically applauded and his talk seemed to spark an interest which increased as the next invited guest and speaker took the floor.

Eddie Paxton, also a Levelland man who is engaged in the insurance business in that city, was introduced and gave his version of some of the ways we could work together as a community to bring about the needed industrial expansion of the immediate area. He is active in his

city's own organization.

Paxton, alert and dynamic, stressed the importance of pulling together as a team and recommended a broad-based attitude and a long range outlook, rather than one of looking for a quick, personal gain. He stressed that what was good for Morton would be good for us as individuals and reminded those assembled that whatever we did as a group would engender some sure criticism but that we should not let that deter our efforts toward the economic betterment of our environs.

Next to be introduced was Carl M. Lightner, economic development specialist with the Small Business Administration. Mr. Lightner, an ex-banker with 34 years commercial banking experience in Okla-

homa, explained what must be some of the first steps necessary to an organization of this nature. He stressed that we first should sell ourselves and employees of business firms here on Morton. "Do not criticize Morton or the area," he said. Lightner pointed out that companies seeking areas in which to expand their operations often send out scouts to visit, inconspicuously, places under consideration. These scouts are equipped with tape recorders and interview enough citizens of the area to come up with a pretty comprehensive report on the attitudes and progressiveness of those interviewed. Relayed back to the company these interviews reveal much that is needed to be known by those charged with the ultimate decision as to whether to pursue the project

further or direct their attention elsewhere.

Mr. Lightner says that the first order of business for the newly formed industry-seeking organization should be the making available of data pertinent to the area for dissemination to prospective industry. A brochure should be prepared in advance of other efforts and made available by several means at our disposal. The availability of an industrial site was one of the prerequisites enumerated by this economic specialist.

Carl Lightner explained that the Small Business Administration, under section 502, would make industrial loans only through the local organization and then only after complete and exhaustive investigation by

... and Worth it!

Indians shoot Cowboys out of saddles, 44-13

The hard-running Morton Indians kicked off the 1968 football season in rousing fashion Friday night by overwhelming the visiting Plains Cowboys 44-13 before some 500 happily-stunned hometown fans.

Plains was never headed after a shaky first quarter, scoring five touchdowns in seven minutes to lead at halftime, 31-0. The win marked the first for the Indians' new head coach Lane Tannehill

who served as first assistant for two years. The Indian victory also broke a seven-year drought for the opening game win. The Tribe's last initial game win came in 1961.

Swift senior halfback Alex Soliz led all offensive rushing with 243 yards on 21 carries, but shared the spotlight with the passing of quarterbacks Wayne Thompson and Stan Coffman and the hard-running

of Mike Bryant and Dan Williams. Thompson hit four of seven pass attempts for 73 yards and three touchdowns while Coffman hit one of four for 27 yards and one touchdown. The Indian forward wall, headed by J. D. Wisely and Herschel Lamar provided good protection for the Indian offensive punch.

Terry Harvey and Jerry Steed led Morton's defensive unit in limiting the Cowboys to 200 yards rushing. Wayne Thompson thrilled the Indian fans on several occasions with perfect shoe-string tackles.

The Indian attack was slow to get started. A backfield-in-motion penalty eliminated a 22-yard gallop on the part of Alex Soliz on the third play of the game, and two plays later, the Indians fumbled away their first drive at their own 45.

But, the Cowboys couldn't move the ball either. Four plays and two penalties later, they faced a fourth and five situation and punted to the Indian 15. Two five-yard penalties stymied the Indian attack, and senior tackle Herschel Lamar punted to the Morton 40, but the Cowboys' 40 where quarterback-safety John Lowe gathered

Crowned queen . . .

MINNIE SAENZ, daughter of Mr. and Mrs. Pete Saenz of Morton, was elected as Queen of the Fiestas Patrias in Levelland September 14-16. She was crowned by Bishop De Falco of Amarillo.

Youth among semi-finalists in merit scholarship contest

High School Principal Fred Weaver announced that a student at Morton High School has been named a Semifinalist in the 1968-69 National Merit Scholarship Program.

The student is Curtis C. Griffith. The 15,000 Semifinalists appointed to compete for some 3,000 Merit Scholarships to be awarded in 1969.

The Semifinalists were the highest scorers in their states on the National Merit Scholarship Qualifying Test, given last February in 17,500 schools nationwide. They constitute less than one per cent of the graduating secondary school seniors of the United States.

The Semifinalists show high promise for leadership in their adult careers, according to John M. Stalnaker, president of the National Merit Scholarship Corporation. "They have already demonstrated both high intellectual capacity and a readiness to develop their abilities," he said.

"These students deserve credit and honor. They bring honor to their families,

Curtis Griffith

and their communities. Their future success, however, will depend increasingly on their own efforts.

See YOUTH, Page 2

Five persons are indicted by grand jury

The Cochran County grand jury returned a total of seven true bills in indictments taken during the two-day session September 9 and 10.

Indicted were Fermin Rodriguez, assault with intent to murder; Ethel Mae Clewis, burglary by breaking and entering; Ed Paul Bisele, forgery and passing; Jimmy Marks, theft; and three against Mickey Guttersloh, removal of grain from a public warehouse, theft and illegal issuance of warehouse receipts.

The next regular session of the grand jury is scheduled for December.

Championship youth rodeo scheduled for Morton Sept. 27-28-29

The Championship Southwest Little Britches Rodeo is coming to Morton under the sponsorship of the Morton Jaycees.

Scheduled to take place September 27, 28 and 29, this event will be the culmination of rodeos which have been taking place throughout the South Plains during the summer. Participants have been accumulating points since the first show was held here in Morton May 31 and June 1 of this year.

A street parade is planned for Saturday afternoon, September 28, beginning at 4:00 p.m.

Trophies, buckles and rosettes will be given as prizes with certificates to be given to the champions.

Malinda Weeks, of Girlstown USA, was chosen Morton rodeo queen by the Jaycees. Complimentary passes are to be given to each contestant and riding club member participating in the parade.

Harold Ogle will be parade director and the sound system under the direction of Bill Gray.

Concessions will be under the Jaycettes. Judges and time-keepers are furnished by Stephenson and Mounce, stock producers of all Little Britches rodeos held this summer throughout the area.

According to Jaycee Wylie Hodge, entry fees will not be accepted after Thursday noon, September 26.

Little Miss Mickey, 8, daughter of Mr. and Mrs. James Dewbre, will be one of the contestants, as well as Bill McClure, 16, son of Mr. and Mrs. James McClure.

There will be three age groups of youngsters participating at this last rodeo of the season: 11 and under; 12 through 14 and 15 through 17.

Interview of the week: Industry will benefit young

An interview with Mrs. J. C. Reynolds

Our interview this week was with Mrs. J. C. Reynolds who resides with her automobile dealer husband at 508 E. Grant. Mrs. Reynolds has one daughter, 21, who is currently a senior at Howard Payne Baptist College, Brownwood. Pam's intention is to teach when she finishes her education, according to her mother, and is majoring in elementary education, with a minor in math.

over the country, she thinks probably the young folks hereabouts are exceptional in their behavior. She said she also wanted

to say that she enjoyed the football kickoff game between Morton and Plains last Friday night and would be "boosting for the team all the way." This was no surprise, for she has always been very sports-minded and enjoys almost all sports activities.

Mrs. Reynolds tells us she has been a member of Morton since she was a girl of 10. Her parents, Mr. and Mrs. Rolly Hill, reside here as well as her husband's mother, Mrs. C. C. Reynolds.

Mrs. J. C. Reynolds

Mrs. Reynolds also said that she had been asked by some what she expected to get out of being in the Morton Industrial Foundation as an incorporator. She says she answers, "Just what you'll get out of it and no more." Meaning, of course, that since the Foundation is a non-profit organization, with no paid employees, no one will benefit from the organization directly, but all of us will benefit from any fruitful efforts put forth. The \$100 membership fee will be paid by each incorporator, as well as any other member and it is non-returnable, but goes directly into a fund to be used by the Foundation in its efforts to induce industry to locate in Morton.

In speaking of the Foundation, Mrs. Reynolds is emphatic in her insistence that the least we can do for our children and ourselves is to try and interest more youngsters in the area and thus provide them with the best possible education. "We want our sons and daughters when they go to school, rather than see them have to go elsewhere seeking employment."

Interested in youth, she says she reads from what she sees and reads of the rebellious attitudes elsewhere

Burglary suspects are held for questioning

Three Morton business firms were burglarized last Saturday night, according to Sheriff Hazel Hancock. The places entered were the Speedway Laundry, Bell Service Station and Morton Floral company.

Some Spanish-speaking suspects have been apprehended by officers but because of language barriers the arrival of a border patrolman is being awaited before interrogation can be made. He was expected in Morton around four o'clock Wednesday at which time it may have been possible to obtain information as to the guilt or innocence of the suspects being held here.

First State Bank names Tilger as new assistant cashier here

Announcement was made this week to the effect that Orville L. Tilger will join the First State Bank family of officers and other personnel in the capacity of assistant cashier. He will assume his duties and responsibilities as of Monday, September 16.

In making the announcement, D. E. Benham, president of the bank said, "I think we were very fortunate in securing Mr. Tilger's services and feel sure his coming to us will add measurably to our ability to serve the people of this area which, of course, has been our chief aim all along."

O. L. Tilger has a Business Administration degree from Texas Technological College and is a former assistant cashier of First State Bank at Ropesville. He was an instructor in the United States Air Force during World War II and has taught commercial work in the Morton High School.

O. L. Tilger

Tilger has been identified with Cub Scout and Boy Scout work in the area for the past several years.

As a farm owner, he has an intense interest in farmers and their problems, as well as being active in various civic endeavors. He is currently serving as President of the Morton Area Chamber of Commerce.

The new assistant cashier resides at 901 E. Grant with his wife, Bessie, and

son Dale, 14. They are members of the First Baptist Church.

NOTICE —

**NOTICE OF EXECUTION SALE
THE STATE OF TEXAS
COUNTY OF COHRAN**

By virtue of an execution issued out of the 140th District Court of Lubbock County, Texas, on a judgment rendered in said Court on the 26th day of July, 1968, in favor of Sifton and Norton Drilling Company and against the said United Production Corp., in the case of Sifton and Norton Drilling Company vs. United Production Corp., No. 57,398 in such court, I did on the 17th day of June, 1968, at 10:00 o'clock a.m. levy upon the following described tracts and parcels of land situated in the County of Cochran, State of Texas, as the property of United Production Corp., to-wit:

All of the rights, title and interest of the United Production Corp. of the following described oil and gas lease to-wit:

A. The East 70.8 acres of 160.45 acres and 40.25 acres, out of League 93, Mills County School Land, and League 92, Lipscomb County School Land, said 70.8 acres being more particularly described in that certain assignment from the Superior Oil Company to Samuel Berke, dated Jan. 17, 1952, recorded in Vol. 54, page 184, Deed Records of Cochran County, Texas, down to a depth of 5,500 from the surface, and subject to the overriding royalty reserved by the Superior Oil Company in said assignment.

B. 40 acres out of the West 129.2 acres of said 160.45 acres and 40.25 acres, League 92, Lipscomb County School Land and League 93, Mills County School Land, more particularly described in that certain assignment from the Superior Oil Company to United Production Corp., et al, dated October 6, 1966, and recorded in Vol. 108, page 458, Deed Records of Cochran County, Texas, down to a depth of 5,180' from the surface and subject to the overriding royalty reserved by the Superior Oil Company therein.

C. 40 acres out of the West 129.2 acres of said 160.45 acres and 40.25 acres, League 92, Lipscomb County School Land and League 93, Mills County School Land, more particularly described in that certain assignment from the Superior Oil Company to United Production Corp., et al dated February 24, 1967, and recorded in Vol. 108, page 476 Deed Records of Cochran County, Texas, down to a depth of 5,180' from the surface and subject to the overriding royalty reserved by the Superior Oil Company therein.

and on the 1st day of October, 1968, being the first Tuesday of said month, between the hours of 10 o'clock a.m. and 4 o'clock p.m. on said day, at the courthouse door of said county, I will offer for sale and sell at public auction, for cash, all right, title, interest and claim of the said United Production Corp.

Dated at Morton, Cochran County, Texas, this 3rd day of September, 1968.

Hazel Hancock, Sheriff
Cochran County, Texas
Published in Morton Tribune Sept. 5, 12, and 19, 1968.

NOTICE
State of Texas
County of Cochran

Notice is hereby given that the undersigned commissioner, having been appointed by the Commissioner's Court of Cochran County, Texas, at a regular meeting of said court held on the 9th day of September, 1968, a quorum being present, to sell the hereinafter described property at public auction, will sell said property at public auction at the court house door of said county between the hours of 10 o'clock a.m. and 4 o'clock p.m., to the highest bidder for cash on the first day of April, 1968, which date is at least 20 days from the date hereof and of publication of this notice. Said property is described as follows:

Lots three (3), four (4), five (5), six (6), seven (7), and eight (8) block 13 of the Crow sub-division of acreage black thirteen (13) of the original town of Morton, Cochran County, Texas.

The right to reject bids if said bids are not sufficient is reserved in said commissioner and Commissioner's Court of Cochran County, Texas.

Dated this 9th day of September, 1968.
J. A. LOVE,
Commissioner

The Organization of American States pavilion at the San Antonio World's Fair features art works from every member country.

Industrial

from page one

both, of all propositions put before them. He also said that we, as an organization, should avoid all propositions of a purely promotional nature, no matter how rosy a picture might be presented by those seeking the loan.

He enumerated the four ways in which the SBA can and will assist the local organization. Loans made through the 502 program of assistance reflect a loss ratio of only one-tenth of one percent over a period of ten years experience, it was pointed out.

Through the SBA reservation of the right to change management of any business observed to be on shaky ground that has been helped financially through their participation, this loss experience has been held to a minimum.

The full text of the speech made by Mr. Lightner is not available but one facet of it is worth enumerating to those interested in any potential development of industrial resources. A reprint by the SBA of a survey made by the US Chamber of Commerce gives this illustration of what 10 new factory jobs bring to a town:

36 more people, 9 more school children, 10 more households, \$71,000 more personal income per year, \$22,900 more bank deposits, 10 more passenger car registrations, 6 more employed in non-manufacturing jobs, \$33,100 more retail sales per year.

Prior to introducing Carl Lightner, Gene Benham as president and chairman, discussed types of industry available, stressing that if possible it is desirable to attract a form of industry whose product would be useful in this area as well as elsewhere. He pointed out that the charter and by-laws of the organization are well designed and that the foundation will be tax-exempt as a non-profit institution. He also explained that the \$100 donation to the organization necessary to obtain a charter membership certificate which will be issued to the first 200 persons (men and women) who join, will be tax deductible.

While only the first 200 will be issued charter membership certificates, it should be hastily explained that anyone may join and any donation to the organization above the \$100 figure will be gratefully accepted by those of the appointed membership committee comprised of Judge M. C. Ledbetter, J. W. McDermitt, Mrs. J. C. Reynolds, Ray Griffith, and Roy Hickman.

A goal of from \$20,000 to \$40,000 has been set by the organization, hopefully to be raised in the immediate future. This money, together with funds which will become available to the organization through the SBA, will make possible the financing of industry for the development of the Morton area.

It should be noted in this connection that at the close of the hour-long meeting various ones immediately produced check-books and proceeded to proffer checks to the chairman as immediate evidence of their willingness to back the organization to the hilt. No dissent was voiced by anyone present, and it seemed apparent that all were aware of the need to get the ball rolling as quickly as possible.

It should also be noted that a number of towns on the South Plains have already the jump on Morton in this respect and we need to enter the picture at an accelerated pace in order to gain back any ground lost to them in the immediate past.

It was further suggested at this meeting that in addition to the five other committees which have been named by the founders of Morton Industrial Foundation, that a Presentation Team be appointed. This team, each member of which would become a specialist, so to speak, in one phase of the program of presentation of Morton as a suitable site for industry, will of course be chosen with an eye to getting the very best possible persons to act in this capacity.

Benham speaks out
In an interview with Gene Benham the day following this early-morning gathering of Morton area people interested in the future of Morton and willing to do something about it besides talk, he brought out the following interesting facts in connection with the event: Several wives of invited guests indicated that they were disappointed in that they too were not included in the invitations. Benham quickly explained to them, and to this writer, that for that meeting only were they excluded primarily because of the lack of

Indians

from page one

And the second quarter was all Morton. With a first and ten at the Plains' ten, Soliz picked up six yards to the four in two carries, and then plowed over left guard for the first Indian score of the season with 49 seconds gone in the second stanza. Mike Bryan's perfect kick put the Indians ahead 7-0.

Plains lost their first quarter punch after the Morton kickoff and punted the ball to their own 43. From that point, the Indians needed only nine plays to drive in for another score. Nine yards by Mike Bryan moved the ball to the Cowboy nine, and three plays later, the Indians faced a fourth and goal situation. Quarterback Thompson completely fooled the Cowboys by pitching out to Alex Soliz who fired to Bryan for the one yard and the second touchdown. The PAT attempt failed, but the Indians led 13-0 with 6:29 remaining in the first half.

Tailback Gary Liles returned Bryan's kickoff to the 39, but on the next play, the Cowboys fumbled the ball back to the Indians, and Thompson promptly fired to end Dee Merritt for 40 yards and six more yards, and the Indians led 19-0 after the PAT once again failed.

Plains once again drove into Indian territory, picking up three first downs, but lost the ball on downs at the Indian 34 and from there, the Tribe needed only two plays to score again. Thompson picked up 12 to the Indian 46. Alex Soliz then circled right end and faked out the entire Cowboy secondary and rambled 54 yards for the fourth Indian TD with 1:28 left before the half. The extra-point try failed, but the Indians appeared to settle for a 25-0 halftime lead, and the second unit came in to finish out the waning seconds after Plains failed to move the ball.

The Indian second unit was not to be outdone by the first. Sophomore Terry Harvey galloped to the Plains 27 on a 21 yard scamper with just eight seconds left, and from there, soph QB Stan Coffman hit junior end Ralph Soliz for a twenty-seven yard touchdown pass, and the Indians left the field to the bands sporting a healthy 31-0 lead.

The Indians went right back to work following the intermission. Alex Soliz picked up 44 more yards to add to his growing total, rambling to the Cowboy 26 on the first Indian play after the half. Three plays later, fullback Tommy Waters picked up an Indian first down at the Cowboy fifteen, and once again the Thompson-Merritt combination clicked for six more points to make it 37-0 with 5:15 gone in the second half. Mike Bryan booted the PAT and the Indians led 38-0.

The Cowboys gave the ball right back by fumbling the ensuing kickoff, but the Morton second unit failed to move the ball on three tries, and Plains intercepted a Stan Coffman pass and returned the ball to the Cowboy 48. Aided by a 15-yard penalty, the Cowboys put together a five-play scoring drive and got on the scoreboard with a 16-yard pitchout from Lowe

seating space at the meeting place for more than were present. He further went on to say that he realized that "to get something done right and in a hurry, turn it over to the women" was a well-known maxim and he was not overlooking it. One woman sent her check with that of her husband to insure dual-membership.

Benham went on to say that participation by the women of the area is expected and welcomed, for a large part of future responsibility of the organization will be entrusted to women in the knowledge that they will discharge that responsibility with dispatch and to the best of their ability.

He also enumerated some of the establishments of an industrial nature in this area such as the gasoline plant at Lehman, the Bluit gasoline plant in Eastern New Mexico which is approximately a 30-minute drive from Morton, Great Northern booster plant at Goodland, the Morton Packing Co., John's Welding which is making soil packers here, and employing 3 men year-around, the Titan Electronics with 10 employees, two seed companies — West Texas and Jack Perry processing seeds in season brought in from an area of 150 miles surrounding Morton, the Loran Tatam Pump Company, the Sam Kelly Greenhouse with three to five employees, and others.

Aid will be offered, it was said, to present industry for expansion as well as seeking new industry.

to tailback Gary Liles. Lowe's conversion made it 38-7 with 3:59 remaining in the third quarter.

The Indians needed only three minutes and eleven plays to drive 80 yards to score again. Halfback Danny Williams picked up 60 of the 80 yards on three carries, and scored the touchdown by taking a nine-yard pass from Thompson with one minute remaining in the third.

With 40 seconds gone in the final period, the Cowboys scored on a 21-yard pass from Lowe to end Larry Massey. The PAT attempt failed, but the Indians led 44-13.

The Indians drove to the Cowboy 12, but lost the ball on downs, and then pushed to the 11 late in the game but failed to run the scoring total over fifty. The Indians out first-downed the Cowboys 21-13.

GAME AT A GLANCE

Morton	Plains

MORTON VS. FRIONA FRIDAY

Morton's Indians put their 1-0 record on the line Friday night at Indian Stadium against a tough Friona team that also boasts a 1-0 mark.

Friona, a perennial AA power, surprised class A Farwell with a mild 27-15 upset Friday night. The Chief's Tony Terea will be the man to watch as he racked up all of Friona's 27 points against the Steers.

The Friona game will be the second non-conference affair for the Indians and the last home game until October 25 when the Tribe takes on the tough Denver City Mustangs in Morton's annual Homecoming fete. Scheduling difficulties permitted the Indians only four home games, so a large crowd is anticipated for Friday's 8 p.m. contest.

Friday night's game appears to be a key test for the Indians football hopes for this season. Barring no practice injuries the Tribe should go into Friday's game at full strength.

The Migration Courtyard of the U.S. pavilion at the San Antonio World's Fair is the scene regularly of numerous band and choir concerts.

Youth

upon their ability to become productive at the high intellectual levels of which they are capable."

Semifinalists must advance to Finalist standing to be considered for Merit Scholarships, since all winners will be selected from the Finalist group. Semifinalists become Finalists by receiving the endorsement of their schools, submitting scores from a second examination, and providing information about their scholastic merits and interests.

Every Semifinalist who becomes a Finalist will be considered for one of the 100 National Merit \$1000 Scholarships, allocated by state. Many will also be considered for the four-year Merit Scholarships provided by some 400 corporations, foundations, colleges, unions, trusts, professional associations, other organizations and individuals.

Winners of four-year Merit Scholarships may receive up to \$1,500 a year for college years, depending on their individual need. Winners of the National Merit \$1000 Scholarships will receive one-time stipends of \$1,000 upon enrollment in college.

High school grades, accomplishments, leadership qualities, extracurricular activities, and school citizenship of the Finalists are evaluated, along with test scores in selecting Merit Scholarship winners.

Names of the winners in the 1968 Merit Program will be announced by May 1969. Some 18,700 students have received Merit Scholarships in the 30-year annual programs to date. Nearly \$8 million in financial assistance to Merit Scholars and their colleges has been expended or committed through the Merit Program to date.

Dean's List at Tech

Bobby Dobson, son of Mr. and Mrs. B. H. Dobson, received word this week that he made the Dean's honor roll at Texas Tech. He is now enrolled as a senior at Tech.

Bula-Enochs news

WMU Met Tuesday

The Enochs WMU observed the Season of Prayer for State Missions Tuesday, from 9 till 11 a.m. Mrs. L. E. Nichols was in charge of the program, "Rivers of Living Water", and she also offered the closing prayer. There were 17 ladies present: Mmes. W.M. Bryant, Sandra Austin, Quinton Nichols, Preston Harrison, L.E. Nichols, C.C. Snitker, J.B. Vanlandingham, J.W. Layton, Carl Hall, J.E. Layton, Harold Layton, Dale Nichols, Chester Petree, W. B. Peterson, Guy Sanders, E. F. Campbell, Bennie Hall, and four children. Mrs. C.H. Byars cared for the children, Greg Austin, Keith Layton, Paula Nichols, and Chad Harrison.

Coronation at Church

There was a special G A Service at the Bula Church. "Saved to Tell Others" was the theme during a presentation and coronation service of the Girls Auxiliary last Sunday night at the Bula Baptist Church. Special honors were bestowed upon five girls taking advancing steps in the Auxiliary. Terry Claunch and Barbara Black were crowned queens. Terry was crowned by a cousin, Carolyn Powell of Littlefield and Donald Black, brother of Barbara, placed the crown on Barbara. Beverly Tiller and Helen Black received their scepter and Diane Crume was made queen regent. Each girl, dressed in white, was introduced and given her charge by Elaine Tiller and Diane Crume presented their scepter. A cake was given to the queen regent, Diane Crume. The service opened with the congregation singing "We've a Story to Tell to the Nation." Following the coronation, the pastor of the church, Rev. Eddie Howard, sang, "I'll Tell the World that I'm a Christian" and the benediction was given by J. L. Latham. As each candidate was given her charge, she stood in front of a table laid with white, centered with a white Bible, trimmed with gold and offset with white burning candles set in arrangement of greenery. In the background, a gold cross stood beneath gold letters spelling out the theme for the coronation. Following the coronation, a reception was given in the Fellowship Hall. The serving table carried out the GA Colors with net over white, centered with a green and yellow floral arrangement. Green punch and white cake squares were served to the guests present. The five honored guests were seated at a table covered in white with green and gold crepe paper streamers.

Mr. and Mrs. Philip Belliveau are the parents of a baby boy born 10:30 a.m. Sunday at the R.A.B. in Lubbock. He weighed 8 pounds, 5 ounces. Philip is in the Air Force and stationed in England. The grandparents are Mr. and Mrs. Gold-man Stroud of Enochs, Anna Marie and Tommie Belliveau are staying with their grandparents, Mr. and Mrs. Stroud while their mother is in the hospital.

Guests in the home of Mr. and Mrs. Joe Millstap Thursday were Mr. and Mrs. N.O. Sullivan of Lubbock, Mrs. Sullivan also visited Mrs. J. D. Bayless.

Mrs. J.E. Layton and son were in Brown-field Wednesday, for Keith to see his doctor.

The grain harvest will soon be in full swing in the community, several farmers are through cutting their grain.

Mrs. J.D. Bayless was in Muleshoe Thursday afternoon and visited Mrs. Nettie Blackman and Mrs. Jessie Lewis in the West Plains Rest Home.

The big fish did not "get away" this time. A 55-pound yellow cat was caught by Cecil Jones and Nolan Harlan of Bula at Lake Stamford recently. The fish dressed out at 30 pounds. Mr. and Mrs. Cecil Jones and Mr. and Mrs. Nolan Harlan and families spent several days at the lake.

A recent letter from David McDaniel, son of Mr. and Mrs. Marion McDaniel, stated that he was stationed at Cam Ranh Bay, one hundred miles north of Saigon. He is with the 87th engineer battalion, a construction unit. He was happy to find things much better than he had anticipated; very cool weather. He was real excited about their theatre; open air, which made it well air-conditioned. The screen was made of a piece of plywood painted white set up on two poles.

Mr. and Mrs. W. T. Thomas visited recently in the Lazbuddie community with old friends of 42 years acquaintance.

Mr. and Mrs. Vergil Thomas and daughter of Lubbock visited his parents, Mr. and Mrs. T.A. Thomas Friday and Saturday. Vergil will be attending Texas Tech.

Mr. and Mrs. Byars of Odessa spent Wednesday night in the Home of his brother, Mr. Charlie Byars. Mr. and Mrs.

Byars were on their way to Albuquerque where he underwent surgery on his arm.

R.E. Jones is home after being with his mother, Mrs. H.D. Jones who is in the St. Joseph Hospital in Wellington.

Mrs. J.D. Bayless left by bus Saturday for Dallas to spend the week with her daughter, Mrs. Joe Dale Doak, and to see her new granddaughter, Stefanie Doak.

Mrs. Brenda Kay Pyburn of Clovis is the mother of twin daughters. They arrived Tuesday, September 10. Her grandparents are Mr. and Mrs. Jack Jackson of Clovis and her great-grandparents are Mr. and Mrs. Ed Autry of Enochs.

Carol Sue and Loveta Joe Black of Muleshoe spent the week end with their grandparents Mr. and Mrs. Joe Milsap.

Mr. and Mrs. J.W. Layton visited their daughter, Mrs. Eldred Mize at Crosbyton Thursday.

75th birthday is observed by resident

Howard Rogers, Morton resident, observed his 75th birthday here Sunday with his family. Following a patio dinner, the honoree cut a big decorated cake that was centered with a gold "75" and opened gifts.

Present for the day were Mrs. Rogers, his wife, his two daughters and their spouses, Mr. and Mrs. Kevin McDonnell, Clovis, New Mexico, and Mr. and Mrs. Fred Danforth, Carlsbad, New Mexico.

Five of his six grandchildren were present. These were Marilyn, Kerry, and Steve Gragg, Clovis, Mr. and Mrs. Howard Danforth, and Mr. and Mrs. Larry Lethgo, Eunice, New Mexico. Also present was Mike Wood, Clovis.

Two of his four great-grandchildren, Cary Brian Lethgo, Eunice, N.M. and Stephanie Danforth, Clovis, were present.

One granddaughter, Mrs. Russell Hockett and her two children, Angela and John of Phoenix, Arizona, were unable to attend.

Mr. Rogers came to West Texas and Eastern New Mexico in 1912. He worked on some of the larger ranches in this area which included Lazy S. & Mallet.

In later life he was involved in wholesale gas business and service station business before his retirement. He was born September 15, 1893 in Albany, Texas, and married the former Lydarene Silvers December 26, 1915 at Redland, New Mexico.

Hale family injured in wreck near Ranger

Mr. and Mrs. E. C. Hale, and son Larry, were in a two car accident near Ranger, Texas Sunday, September 15. They were on their way to a family reunion. Because of raining condition, a car ahead of them started sliding and they collided with it. Mrs. Hale is in room 204 of the Methodist Hospital with a broken hip and arm. Mr. Hale underwent tests and was released.

Plans almost complete for Whiteface show

The Whiteface Garden Club held a workshop in flower arrangements in the garage of the R.S. McCoy home, September 16. Ten members made a total of thirty-three arrangements using either fresh or dried and treated materials as designated by the schedule of the Flower Show, which is to be held September 28th in the Elementary Auditorium at Whiteface.

The Educational Exhibits by the F.F.A., 4-H Clubs and The Young Homemakers are being made ready, and have been creating considerable interest among these groups. Any other organized group or club who might wish to prepare and show an Educational exhibit are invited to do so.

Entries in the Horticulture or Artistic divisions of the show are not limited to club members, but anyone who desires to enter a specimen plant or arrangement is invited.

Items for sale in the Bazaar are many and varied; it is hoped there will be many articles suitable for gifts in this Bazaar.

A tour of the Tech Chrysanthemum Colorama is planned for the 19th of October.

The next club meeting will be Oct. 21 at the home of Mrs. J.W. Word with Mrs. D.F. Burris giving a program on "Fall Bulbs for Spring Bloom."

Demo. women plan public receptions

A planning committee of Cochran County Women Democrats have announced that three public receptions have been set for Cochran County for Bill Clayton, present incumbent and candidate for reelection to the post of State Representative from the 72nd District.

These receptions will be on Tuesday, September 24 in the following places at the time stated: Wig Wam Cafe at Morton between 9 and 11 a.m., in Bledsoe at Mar-cilla's Beauty Shop, from 2 to 3 p.m., and in Whiteface, 4 to 5 p.m.

Coffee and donuts will be served, according to the committee composed of Mesdames Bill Wood, Bob Cross, Leonard Coleman, P.B. Ramby, E.E. Thomas, H.B. Barker, all of Morton and Mrs. Alvie Harris of Bledsoe.

Sister of Morton man is buried at Slaton

Funeral services for Mrs. Virginia Abington, 51, was held at 2 p.m. Wednesday, September 18, in the First Methodist Church of Slaton.

Burial was in the Englewood Cemetery under the direction of Englewoods Funeral Home of Slaton.

Mrs. Abington was a sister of Courtney Sanders of Morton. Other survivors include her husband, Edward G.; two sons, E.G., Jr. of Louisiana and Kerry of Slaton; a daughter, Mrs. Kathy Faircloth of West Bend, Wisconsin; her mother, Mrs. H. G. Sanders of Slaton; brothers, Greely and Melton Sanders, both of Slaton; a sister, Mrs. Pauline Lemons of Winsboro.

News from Threeway

By MRS. H. W. GARVIN

Mrs. James Gillentine and boys from Littlefield spent Saturday with their parents the H.W. Garvins.

Mr. and Mrs. Bill Roberts from Lubbock were in the community Thursday on business.

Larry Wheeler from Lovington N.M. is spending the week with his grandparents the Johnnie Wheelers.

The Three Way high school football team played Patton Springs on the home field Friday night winning by a score of 40-6.

Mr. and Mrs. Jack Hodnett were in Lubbock on Thursday on business.

Mr. and Mrs. Carrol Fleming and son from Post visited his uncle and aunt the H. W. Garvins, Saturday evening.

The farmers have started the grain harvest at this time.

Scott Shepard from Lubbock spent a few days with his grandparents the John Shepards this past week.

Three Way Jr. High football team play-

ed Smyer on their home field Thursday evening winning the game.

The Natural Gas Co. of Americas new pump station being built north west of Goodland is coming on well at this time and looks like a small city now.

Terry Hans, son of Mr. and Mrs. Elwood Harris, returned home Tuesday, Sept. 10, after receiving his discharge from the United States Army. He will be resuming studies at Texas Tech where his major is Business Administration.

Wednesday night was the setting of a fish fry at the Keith Kennedy's. Present were the W. M. Butler's and the Jack Gunnels. Fish that was caught at Lake Brownwood over the Labor Day weekend was served.

Army Specialist Four Melton D. McDaniel, 22, son of Mr. and Mrs. Marion J. McDaniel, Star Route, Enochs, Tex., was assigned August 19 to the 87th Engineer Battalion near Cam Ranh Bay, Vietnam, as a drafting specialist.

Bula FHA chapter meeting here Sept. 5

The Bula FHA chapter held its monthly meeting in the Bula cafeteria on Sept. 5. Patricia Grusendorf presided over the meeting. The meeting was opened with singing of the FHA prayer song.

An initiation service followed. Members that received a FHA pledge were Terry Claunch, Shelia Medina, Freda Layton, and Wilma Autry.

Several girls also received their Junior Degrees. They were Diane Crume, Pam Layton, Jolene Cox, Carolyn Turney, Patricia Robertson.

After the business session refreshments of cookies and punch were served by Jolene Cox and Pam Layton.

Members present were: Shelia Medina, Terry Claunch, Freda Layton, Wilma Autry, Carolyn Turney, Diane Crume, Pam Layton, Jolene Cox, Sharon Turney, Donna Crume, Margaret Richardson, J. Snitker, Iva Clawson and Patricia Grusendorf, and Mrs. Owen Young, the chapter sponsor, also attended.

An Announcement..

The Board of Directors of the First State Bank of Morton is announcing the addition of Orville L. Tilger to our staff of bank officers in the capacity of Assistant Cashier.

Mr. Tilger is a man of considerable general business experience as well as banking. We feel his coming with us will be a step further in our effort to provide the best service possible to the people of this area.

Democratic Women support Clayton

The Cochran County Women Democrats held a meeting at noon Wednesday, September 4, at the Wig Wam Restaurant. During the business session presided over by Mrs. Bud Thomas, president, the following resolution was adopted.

Whereas the Democratic party of Texas in the 91st district has nominated as candidate for office of State Representative, the Honorable Bill Clayton of Anglake, Texas.

Whereas we, the Democratic women of Cochran County, do firmly believe that Clayton is a fine Christian gentleman, well as a dedicated and responsible maker.

Therefore we do hereby endorse and support our support to the re-election of Representative Clayton.

The following Committee was appointed to be in charge of a public reception for Clayton: Chairman, Mrs. Bill Wood; Chairman: Mrs. Bob Cross and Mrs. Howard Coleman.

Other business coming before the group was the opening of a new headquarters. The headquarters will officially be opened on October 2, the date to be announced later. The following members were appointed to be in charge of the headquarters: Mrs. Pfeifer, Mrs. H. B. Barker, and Mrs. Roy Skiman.

It was announced that Lt. Governor Preston Smith had called a meeting for September 5 at Intown Inn in Lubbock. Those attending the meeting are to be delegates and alternate delegates to the Convention to be held in Austin September 17. Mrs. H. B. Barker being a delegate had been sent a questionnaire on the Democratic platform information. Mrs. Barker asked the questions and after discussion and agreement, she filled in the questionnaire which will be turned in to the Lt. Governor representing the desires of the Democrats present. The meeting was adjourned with the pledge of allegiance to the flag.

ELLO BABY

Mr. and Mrs. Max Hawthorne of Lovington, New Mexico, are the parents of daughter, Jill Renee, born September 17. Max is the son of Mr. and Mrs. J. D. Hawthorne formerly of Morton and now of Anglake.

Bill Clayton honored. . . COCHRAN COUNTY Women Democrats sponsored a coffee honoring Representative Bill Clayton Wednesday, September 11, at Ramby Drug. Among the many present are, left to right, J. L. Nations, Mrs. Bill Wood, Mrs. Bud Thomas, Mrs. H. B. Barker, and Representative Clayton.

Conservation District News

From the Office of BUDD FOUNTAIN

The board of supervisors of the Cochran Soil and Water Conservation District, will conduct an election, at 8:00 p.m. September 30 in the SCS Office, to name a supervisor for Zone 5 of the District. H.B. Barker has served as Zone 5 supervisor for the past 5 years.

The board of supervisors govern the business of the District and their objective is to get soil and water conservation applied in the District. The supervisors serve without pay. Their only reward is seeing conservation applied.

to serve as supervisor for that one. The supervisor elected will serve a five year term.

The board of supervisors urges all landowners, and their wives or husbands, to come to the SCS office on September 30 at 8:00 p.m. and elect a supervisor for Zone 5.

KEEP ESSENTIALS HANDY

One of the handiest ways to fish is to keep a fairly large plastic box, say with a half-dozen compartments, on the boat seat beside you. It should have your most used lures, so that you don't have to open the big tackle box every time you change baits.

COUNTY AGENT NEWS

From the Office of Roy L. McClung, Jr.

Farmers have been asking about using nitrogen on the residue from this year's crop, especially grain sorghum now being harvested in Cochran County and other areas.

In some instances the residues did not decompose last winter and this caused difficulty in planting of spring crops. But, nitrogen would not have greatly increased the decomposition in instances where there has been a lack of moisture and when the temperatures are below 50 degrees F.

Addition of nitrogen is helpful in speeding decomposition and increasing the formation of organic matter. But nitrogen added to crop residue cannot be substituted pound for pound for nitrogen needed to produce the crops for 1969.

The farmer should remember that if he adds 30 pounds of nitrogen on residue there must be decomposition of the organic matter to make the added nitrogen

available to crops. This means that of the 30 pounds, not more than 10-15 pounds of nitrogen will be available for next year's crop.

Most nitrogen sources are suitable for application on residue, but if urea or nitrogen solutions containing urea are used, then I suggest disking the soil immediately after application. Exposure for only a few hours can result in considerable loss of nitrogen, so the disk should follow the applicator if possible.

Small grain growers are now getting their wheat and oats sowed just as quick as they can get in their fields. Normally the earlier you sow, the more trouble you can expect to have from diseases and insects. This also holds true for soil insects such as wireworms and grubs. A large per cent of the growers in Cochran County do have problems with the grubs and wireworms to some extent.

Good control of wireworms and grubs can be obtained however, by treating the seed prior to planting with one of several chemicals recommended for this job. The recommended treatment for seed wheat, grain sorghum, rye, barley or oats is two ounces of actural dieldrin, dieldrin, heptachlor or lindane mixed in 100 pounds of seed. Be sure to use plenty of the chemical, for example if a 50 percent wettable powder of dieldrin is used, four ounces of this material would be required to treat 100 pounds of the seed. These materials can be found at the local feed and seed stores or they can be applied on the seed at the time you are cleaning and treating your seed with Serasan.

Doherty Auxiliary has meeting on Sept. 10

Ladies of Lehman Gas Plant held their Doherty Auxiliary meeting September 10, 1968, at the Spot Restaurant in Leveland. President Marie Dawson called the meeting to order. Secretary Joan Phillips read the minutes of the last meeting and gave the treasury report.

The business covered at the meeting was to work with Girls Town, and to plan a Thanksgiving Party for Plant Families, and to have a getting acquainted party for the plants new family, Tuesday, October 22, 1968, Leslie and Carolyn Oldham and son Zak. They now reside at 411 East Grant. Mr. Oldham was transferred to Morton from Odessa to fill the post of Regional Gas Tester.

Members present at the meeting were Mmes. James Jones, Calvin Dawson, Buddy Burris, David Rozell, Eldon Penninger, and Leroy Phillips.

SPIDERS SCATTER

Young spiders scatter over the country easily. On their little silk skeins they can climb like a plane, and the air currents will scatter them thousands of miles away.

Fish-fry featured at open house

The annual open house and fish-fry for members and their families of the Farmers Co-Op association of Enochs was held at the gin there Saturday, September 14.

At the kindly invitation of R. T. (Bob) Newton, manager of the modern gin, your editor and his wife drove out to partake of the food and incidentally meet some of the 277 members of the area co-operative. We were accompanied by Byron Lee and his almost constant companion, the camera.

If there is anything Byron Lee likes better than taking pictures it's eating fish and watermelon and on this occasion his appetite was most certainly appeased.

About 400 pounds of Falcon Lake catfish were on hand. Cooked in open kettles in a golden brown and served with tartar sauce, French fries, beans, onions and bread, with iced tea or hot coffee to wash down, the bountiful feast was served cafeteria style beginning at 6 p.m. with refreshments available for any who cared to "ground again, until an estimated crowd of 150 persons had their fill.

All the while the fish were disappearing with a spirit of quiet neighborliness prevailing which took this writer back in memory to the days of his childhood when all-day brush-arbor picnics and camp meetings were the vogue. I tell you, it was great!

Horace McQueen, public relations director of Plains Cotton Cooperative association was on hand to show slide pictures taken during two trips to Australia the past year. He also provided a running commentary which proved interesting and educational. He told us he was accompanied to Australia by several from this area for a look at farming and ranching as it is done down there.

McQueen and some other interested folks are scheduled to go to the Far East February 17 to March 7 next year for a close look at cotton market potentials in Japan, Hong Kong, Formosa, Korea and Thailand.

The co-op gin at Enochs has been cleaned and readied for the harvest season which will begin in earnest shortly after the first killing frost, expected in about a month from now, according to manager Bob Newton. Bob tells us he has been with the co-op for ten years. He says a few sales may come in from a small area northeast of Enochs where hail did some damage to cotton and hence may be delayed earlier than elsewhere. The gin looked almost as new as when it was built in 1961. The four 120-saw stands were so clean we would not have hesitated to eat from them.

We inquired of Bob as to the price prospect and he replied "It's looking better all the time." Of course, we were talking about the price of cotton which has long been the backbone of the South Plains farm economy.

We at the Tribune hope Bob doesn't forget us when next year rolls around.

Wrong again . . .

CORRECTION — Last week's Danez Beauty Salon ad stated "Thursday thru Saturday." It should have read "Tuesday thru Saturday" and we're sorry. The ad appears again this week corrected.

Mr. and Mrs. T. L. Greer spent their vacation in Ramapasas with cousins. They also attended the HemisFair in San Antonio.

MORTON, TEXAS, THURSDAY, SEPTEMBER 19, 1968

President's Dinner held by Emlea Smith Study Club

The Emlea Smith Jr. Study Club met in the home of Mrs. A. A. Fralin on Thursday, September 12, to honor Mrs. Tommy Hawkins at a President's Dinner. Mrs. Gary Willingham welcomed all members and guests. Hostesses for the dinner were members of the Program and Yearbook Committees.

Following the dinner, Mrs. J. W. Tyson introduced the new president, Mrs. Tommy Hawkins. Mrs. Hawkins announced her theme for the coming year. The theme is "America, A Time of Change" and Mrs. Rodney Fralin presented members with yearbooks decorated to carry out this theme.

A short business meeting followed in which Mrs. Roy McClung, Mrs. Jimmy

Harris and Mrs. Ray Tucker were elected to membership and a resignation from Mrs. Dale DeBord was read.

Tose attending were Mrs. James Dewbre, Mrs. J. W. Tyson, Mrs. Tommy Hawkins, Mrs. Bob Polvado, Mrs. Ted Whillock, Mrs. Ronnie Johnson, Mrs. Doug Reed, Mrs. Rodney Fralin, Mrs. Glynn Price, Mrs. Loy Kern, Mrs. Tom Davey, Mrs. Danny Bankersley, Mrs. Bill Foust, Mrs. Gary Willingham, Mrs. Chelbert Asbill, Mrs. Don Lynskey, Mrs. Earl Polvado and Mrs. James Walker. Guests at the dinner included Mr. and Mrs. A. A. Fralin, Mrs. Ted Bunga, Mrs. Mike Holland, Mrs. Lane Tannehill, and Mrs. Mike Doss.

Ford voices his concern for future of area young people

Campaigning for State Representative through the 72nd District this week, Frank Ford stressed "The immediate need for strengthening our rural economy." "All over this district", stated Ford, "There are fine young farmers being forced out of farming by high costs and low income, and new school facilities in the rural areas faced with dropping enrollment, and towns and businesses faced with the greatest challenges we have known in this generation." "It is going to take a lot of hard work on the part of a lot of people, but I am convinced we have the desire and

the ability to reverse this trend", Ford said. There was enough grain sorghum raised in this six-county district last year to feed out over one million additional cattle. This alone could mean over six hundred new jobs, plus the jobs which would be created in servicing industries. It would create a better market for our grain, and provide enough fed cattle for two of the largest and most modern packing facilities in the world which will be operating in this district.

"With proper water conservation, we have much potential in vegetable processing in addition to what we are doing now. In addition, there are dozens of light industries which need to be told about the benefits of locating in this area. We have people who are willing to work, and towns which are willing to grow, and I intend to work with local people in each county and the Texas Industrial Commission to help see that we realize our full potential. The cities are already over-crowded, and it is up to us to see that there are opportunities for our young people to raise their families in our own towns." Ford is the Republican candidate in the 72nd District.

Dale Greer in one-car accident

Dale Greer, son of Mr. and Mrs. Roy D. Greer was injured in a one car mishap around 10:30 p.m. Thursday, Sept. 12, when he lost control of the car he was driving, a 1967 Baracuda, and over turned in a field four miles west of Morton. The accident occurred near the Star Route Gin. Dale was treated at a Lubbock hospital.

TURNROW TUNKEL

DEAR TURNROW TUNKEL:

Did you read where a sociologist blames advertising for much of the unrest in America, by causing some people to be discontented with their lot?

He may be right. I know of one television commercial that is causing a lot

of trouble — the one put out by an airline encouraging wives to go along with their husbands on business trips.

I understand that an electric saxophone is now on the market. It weighs 68 pounds.

I'll bet that thing makes a lot of racket, but anyone big enough to play it probably won't get many complaints.

Some political experts are saying that the Democratic party can no longer count on the solid support of organized labor as in the past. How did they reach this conclusion?

They probably figure that after some of the recent wage settlements, many union members are going to be in such a high bracket they will start thinking like Republicans — worrying about taxes and Government spending.

I read that a marriage counselor says many marriages suffer because of a lack of communication between the partners.

Maybe so. It might help if wives didn't always want to do their communicating while their husbands were trying to read the morning paper, or watch a favorite television show in the evening.

I understand that Larry O'Brien, Vice President Humphrey's campaign manager, has accepted a job with the Howard Hughes organization after the campaign, although he would be in line for a high government position if Mr. Humphrey won.

That's good thinking on Larry's part. There's a lot more future in working for an outfit that is solvent.

Did you know that a British scientist has invented an anti-snoring device? When a person begins snoring, it delivers an electric shock.

That's not much improvement over my wife's system — an elbow to my ribs.

JAN HAWTHORNE GRADUATES

Miss Jan Hawthorne, daughter of Mr. and Mrs. J. D. Hawthorne of Lovington, graduated from her In-Flight training with Eastern Air Lines in Miami Springs, Fla., Sept. 10. She is now a hostess and is based in Atlanta, Georgia. Jan is a graduate of Morton High School and attended Texas Tech.

Mrs. N. H. Steed, Sr. is in the Methodist Hospital after having a heart attack last Tuesday and complication Wednesday. She is reported improving.

Emlea Smith officers . . .

EMLEA SMITH STUDY CLUB held their first meeting of the new club year last week. Officers of the club for the coming year are, left to right, standing, Mrs. Glen Price, historian; Mrs. Bob Polvado, corresponding secretary; Mrs.

Loy Kern, auditor; Mrs. Gary Willingham, treasurer; Mrs. Tommy Hawkins, president; Mrs. James Dewbre, parliamentarian; Mrs. Earl Polvado, second vice president. Seated are Mrs. T. Asbill, first vice president and Mrs. James Walker, reporter.

Bula Homecoming scheduled Sept. 20

Bula High School will celebrate its 43rd Homecoming on Friday, September 20, 1968.

Activities will begin at 5 p.m. with a barbecue meal held in the school cafeteria. Following at 6 p.m., will be a Pep Rally in the gymnasium. At 7:30 p.m. the Bula Bulldogs will tangle Union High School in football. At halftime the 1968 Homecoming Queen will be crowned.

Immediately following the football game or approximately at 9:15 p.m., all exes will retire to the cafeteria for their annual program and business meeting. The 1968 officers are: President, Gerald Thompson; Vice President, Mrs. Patsy Cash; Secretary, Mrs. Linda Nichols. The graduating class of 1963 will be saluted at this ex-student meeting. All graduates of that year are urged to attend homecoming.

INSIDE THE TEEPEE

An Inside Look At Morton High School

Hi there! Well, how do you like our all-new "Inside the Teepee"? From now on we'll have a page similar to this one to take the place of a school paper. I think it'll be a refreshing change for awhile and will give everyone a better chance of knowing what all is going on around MHS.

Man, you ought to see how our halls just rock with that good ol' school spirit this week. There's nothing like an Indian victory to revive the enthusiasm. Of course as you've all heard, the Indians romped on the Plains Cowboys last Friday night with a score of 44 to 13. The boys are now looking forward to their victory over the Friona Chiefs tomorrow night. Everyone come out and give our team some support, ok?

The halls around MHS were pretty smelly Tuesday, as Mr. Eddie Allsup had his chemistry classes experimenting with sulphur. Of course, you can always leave it up to Carol Freeland and Lanya Smith to blow up something, but luckily there were no injuries from the mishap; just two red faces! The new chemistry instructor, who attended school here as a freshman eight years ago, has scheduled "lab" for every Tuesday, so I have a feeling that we're in for more explosions.

The MHS band is busy selling magazine subscriptions now. The money they make from this sale will go in on their trip fund. Mr. John Stockdale, Director of the band, says he would like to take the band to both the Enid, Oklahoma Band Festival and the Six Flags Band Festival if at all possible. This trip would require quite a bit more money than the band has had in the past, so any help you can give will be appreciated. If you need a new or renewal subscription to almost any magazine, please call any High School or Junior High School band member and he'll be right over.

We'd also like to express our thanks to the Band Parents for their support. They have recently added onto the west concession stand at the football field and it looks just great! The Band Parents are the ones who sponsor the concession stands at the football games and are always working to help us earn the money we need.

One thing I didn't ever mention was about the Junior High School twirler try-outs. The girls who will be leading the Junior High Band this year are: Mary Cadenhead, Lanita Combs, Vicki Hodges, Vickie Hall, and Donna Arnold.

In closing this week I'd like to quote a fellow by the name of Joe Applegate, who said, "Years wrinkle the skin, but lack of enthusiasm wrinkles the soul." And I agree 100 percent!

MHS, GET A CHIEF!!!

Surprise, surprise! . . .

HERE WE GO AGAIN — the first pep rally of the 1968-69 school year was on the move as evidenced in the above

photo. The surprise rally was held at the football field last Thursday, before the ball game with Plains.

Why Indians?

Last Friday at 3 p.m. the Morton High School held its first pep rally of the season. It was a great success with most of the Morton schools attending. An energetic pep talk was given by Harold Drennan. Rusty Reeder made an excellent Indian and the children loved him. The drive from the students and teachers and the band's great sound boosted the Indians to a victory. They really scalped them good.

Why Indians? — In 1937 a contest was held in the Morton schools for an emblem, school annual and paper. Because of Cochran County being one of the last counties to unite with the state and because of this being the last frontier, and finally because of the inhabitants before, the school emblem became Indians, the school annual became Lohah, an Indian word meaning reaching upward, and the school paper became the Warhoop.

Know your teacher . . .

Mrs. Cheryl Inglis

Mrs. Cheryl Inglis, born in Alberta, Canada, has one son, Farley, who is 12 years old and is a piano student of Mrs. L.S. McCarty. She has been employed by the Morton School system for six and one-half years as a high school typing teacher and shorthand teacher.

Prior to becoming a teacher, Mrs. Inglis was a secretary. She graduated from Texas Technological College with a B.A. Degree, and later received her Provisional Teacher Certificate which enables her

to teach at all levels.

Mrs. Inglis states that her hobbies are sewing, painting, and reading. She is also an avid member of the Town & Country Study Club.

In 1964, Mrs. Inglis and Farley, returned to Lloyd Minister, Alberta, Canada. They also made a tour of Calgary, Alberta, where her parents were married, and of Jasper National Park in Alberta and British Columbia.

David Murrah

David Murrah, beginning his second year at the Morton Schools as high school English and Speech teacher is the father of one son, Jerel, five. Before coming to the Morton School system, Murrah taught one year at Springtown, Texas.

Murrah graduated from Hardin-Simmons University with a B.A. degree. He was a member of the H.S.U. Cowboy Band. Murrah has attended North Texas State University and has done graduate work at West Texas State University.

He states that his hobbies are reading and keeping up with the sports of the area. He is a great sports enthusiast.

Murrah's ambition is to someday teach at the college level.

Murrah thinks the Morton school administration and student body is one of the finest he has seen.

Murrah is a member of the First Baptist Church of Morton, but is the Music Director at Hick's Chapel at Maple.

Masonic workshop scheduled Sept. 26

Charles Shannon of Ropesville, chairman of the six-county Masonic Workshop Area E-7, has announced that a Masonic Workshop meeting will be held Thursday, September 26, at the Masonic Lodge Hall in Sundown.

The Workshops are a project of the Grand Lodge of Texas which is aimed at improving the quality of Lodge officers. Officers of Levelland, Morton, Anton and Sundown Lodges will attend the meeting.

Shannon said the Workshop is a part of the semi-annual program held for officers of almost 1,000 Texas Lodges. The Masonic Lodge is the largest fraternal group in the state, with membership of nearly 25,000. The group is noted for its charitable activities.

FFA officers . . .

NEW OFFICERS of the Morton Chapter of FFA were elected this past week. They are, from left, Joel Coker,

treasurer; Ralph Soliz, secretary; Danny Reeder, president; Jerry Cloud, sentinel; Ronny Reeder, vice-president; and Bill McClure, reporter.

School menu

Monday, September 16:
Steak, ketchup, creamed potatoes, salad, fruit, hot rolls, butter and milk.

Tuesday, September 17:
Pork chops, black-eyed peas, combination salad, apricot cobbler, corn bread, butter and milk.

Wednesday, September 18:
Barbecued tips, pinto beans, cabbage-apple salad, chocolate cake, hot rolls, butter and milk.

Thursday, September 19:
Hamburgers, french fries, pickles and radishes, cookies, and chocolate milk.

Friday, September 20:
Tuna fish, pork and beans, salad, fruit, crackers and bread, milk.

Class officers elected

The students of Morton High School elected their class officers Monday as well as the student council representatives from each class.

The officers are as follows:
Seniors — President, Byron Lee Willis; Vice-President, Todd Fields; Secretary, Dorothy Spence; Reporter, Curtis Griffith; Student Council Representatives, Sanny Williams, Vivian McDaniel, Travis Rowland.

Juniors — President, J. Wayne McDermott; Vice-President, Zodie Ledbetter; Secretary, Vicki Goodman; Treasurer, Deletta Nubhut; Reporter, Peggy Thomas; Student Council Representatives, Diane McCasland, Dennis Clayton, Mike Bryan.
Sophomores — President, Larry Hale; Vice-President, Monte Dewbre; Secretary, Karen Willis; Reporter, Eddie Turney; Student Council Representatives, Janice Hall, Joan Keuhler, John Finannon.

Freshman — President, Kim Cobbs; Vice-President, Keith Embry; Secretary, Jeana Thomas; Student Council Representatives, Delta Nubhut; Reporter, Peggy Thomas; Student Council Representatives, Bryant Lewis, Rita Spence, Rash Coffman.

Notice! . . .

The Morton bands are now in the process of selling magazine subscriptions to help finance their trip next spring. If you want a new or renewal subscription to almost any magazine, please contact a High School or Junior High School band member. Your support will be appreciated!

AUSTIN, TEX.— A new Texas land war is raging.

Land developers and Texas Land Commissioner Jerry Sadler are in disagreement over the recently-revived \$400 million state Veterans Land Program. Mindful of the VLP scandals of the mid '50's, Sadler is adopting cautious, conservative policies to guide future state policies. Program permits qualified veterans to buy land on the low interest, long-term pay plan.

Developers claim Sadler is tight-fisted and is jeopardizing the program by low-ceiling land value appraisals and limiting sales to 10 per cent of large sub-divisions.

UNDER SADLER'S limits, developers with tracts of 1,000 acres can sell only 100 acres through the state bond-financed program. The Commissioner argues that the state should not spend all its constitutionally-authorized bond funds in a few areas.

Central Texas developers counter that land values already are soaring and that veterans held out of the market now eventually will pay higher rates.

Sadler says land already is selling at prices beyond reason in Travis, Kerr, Bastrop and Hidalgo Counties. Realtors say Sadler's appraisers are putting price tags on property \$40 to \$100 an acre too low right now. They claim qualified veterans are lining up to buy land at prevailing prices and the program is a "flop."

Trying to make a fast buck at state expense, reprimands Sadler, who staunchly maintains he is having none of that kind of business. One realtor is seeking a legislative investigation.

WATER PLAN — Texas' monumental water program — to move surplus water from the Mississippi River and Northeast Texas to the drier areas of South and West Texas — is not to be released until late October or early November.

But the Texas Water Development Board, which is working up the plan, let some details slip out when it approved its budget request to be submitted to the Legislature for the two-year period beginning September 1, 1969.

Board's budget requests a more than 50 per cent increase in appropriations for the agency so it can get the plan into operation before Texas faces economic disaster from a lack of water.

A time schedule for the project — estimated to cost around \$10 billion — will be presented to the Legislature, outlining what needs to be done in the next six years.

First step is gathering the surplus Northeast Texas water for the Trans-Texas Canal, which will move water west to supply Dallas-Fort Worth, then on through the concrete-lined canal to the South Plains and other areas of West Texas and the Trans-Pecos, all the way to El Paso.

THEN, BY THE end of 1971, negotiations must be completed to bring surplus water from the lower Mississippi, below New Orleans, across Southern Louisiana, then into either the Sabine River or up the Red River to the Sulphur and Cypress Rivers.

By the middle of 1974, federal, state and private sources need to agree on the construction of nuclear-energy power-generating plants to produce the electricity necessary to run the hundreds of pumps which will actually move the water.

South Texas will be served by a South Texas Canal, which will run from the

lower Sabine River near Orange down the coast to the Lower Rio Grande Valley. This project will need to be approved by Congress by mid-1972.

State will probably have to pay 25-30 per cent of the cost of the project. This means that the \$400 million borrowing power the board now has will have to be expanded to at least \$2.5 billion. Legislature would have to approve this in January, with the people voting on it in 1970.

NEW LIQUOR PROBE — A House committee probing influence of vending machine operators on tavern keepers will hold hearings in Austin, Fort Worth, Houston and probably two smaller cities.

Dallas Attorney David Witts was named chief counsel and investigator of the committee by the five-member panel headed by Rep. R. H. Cory of Victoria, in conference with Texas Liquor Control Board Acting Administrator O. N. Humphreys Jr.

Panel, armed with sworn statements from tavern operators, will look into rumors of Mafia and crime syndicate activity. Only witness heard to date said he knew of no such outside influences in his area. But he testified vending machine operators should be prohibited from lending money to taverns and drinking clubs.

APPOINTMENTS ANNOUNCED — Donald R. Fishel is new chief of Texas Liquor Control Board enforcement division. Sherman McBeath of Wichita Falls will replace Fishel as assistant enforcement chief, and Leonard J. Lozano of Poteet will be LCB supervisor of investigations.

Gov. John Connally named Bryan Beck Jr. of Beaumont and H. J. (Bubba) Shands Jr. of Lufkin to Lamar State College of Technology board of regents. He re-appointed Pat Peyton Jr. and Otho Plummer of Beaumont to new terms on same board.

William A. Wroe, Austin banker, has been appointed treasurer of the Republican Party of Texas.

Dr. Richard Tozer of Dallas is executive director of the Texas Nixon for President finance committee.

LOUDER SENATE — Newsmen and spectators in the Texas Senate have been complaining for years that they can't hear what the Senators are saying to each other on the floor, making it rather difficult to follow debate.

A San Antonio firm is solving that problem, at the request of a special Senate committee created by the June special session.

Company plans to install a powerful amplifier and 55 speakers around the chamber — specially attuned so that deep-throated Senators and high-pitched ones, too, will be heard by all in the chamber.

Each senator will have an individual desk microphone, and a central panel at the president's desk will allow the Senators to be turned off and on by the Senate secretary.

Cost of the system will be from \$20,000 to \$25,000.

ATTORNEY GENERAL SPEAKS — A write-in vote for President and Vice President is valid and must be counted, regardless of whether the political party of the candidates "written in" has qualified to have names printed on the ballot, Atty. Gen. Crawford Martin held. Martin said if the Secretary of State has not been notified as to identity of the state of presidential electors for write-in candidates, in-

Letter to the editor...

Dear Editor: I would like to say a proud "thank you" to the fine Morton Indian band on their early morning practice sessions at the football field.

There isn't anything quite like getting up to the ballad of Bonnie and Clyde or brushing your teeth to the tune of Anchors Away.

To the band I say, Keep up the good work and to the Indians, "Go Team!"

Mrs. Rita Mayberry

The Tribune is in receipt of a letter from a former Morton teacher who is now retired and living in Portales, N. M. She is Mrs. Ora Pearl Morrison who resided at 204 E. Grant here in Morton in the house now occupied by the editor of the Tribune.

She says, in part: "... I sincerely enjoy reading the Morton news. I cherish memories of Morton and the fine people living there. My six years teaching in Morton were certainly happy days.

"By-the-way, Mr. Editor, I lived at 204 E. Grant for six years. Mrs. Eads (formerly Mrs. J. C. Wylie) is a lovely person. We (Mrs. B. J. Hensley and I) loved her home. We sure hated to leave it. Respectfully, Mrs. Ora Pearl Morrison, W. Star R. Portales, N. M."

Farm, home wiring should be up-dated

If your farm or home wiring system has not been updated within the past ten years give this remodeling task a top priority in your plans for the year ahead, suggests W. S. Allen, Extension agricultural engineer of Texas A&M University.

Allen points out that electrical loads have more than doubled on most farms and in most homes during this period. "Neglect this task and you improve your chances for having some serious electrical problems," he says.

First, but not necessarily the most important, is the fire hazard caused by inadequate wiring, the engineer specialist adds.

Second, inadequate wiring can be even more expensive than a rewiring job in the long run, he points out. Studies show that 10 percent of the electricity you buy can be lost in the wiring system. While that may not be so bad in terms of cost, the effect this has on electrical appliances can be a real drain on the pocketbook.

Research shows that a 10 percent drop in voltage has the following effect on your appliances:

- 10 percent less heat from heating devices
 - 30 percent less light from light bulbs
 - 19 percent less starting torque from a motor
 - 11 percent more current needed for motor windings
 - 23 percent more heat produced in motor windings
- And, Allen notes that motor windings operating 18 degrees F. warmer than normal will last only half as long.
- How can you tell if your wiring is outdated? The agricultural engineer suggests that you watch for dimming lights, sluggish motors that overheat, slow heating devices, blown fuses, or electrical shocks from small appliances (that's a real danger sign).

new fiscal year was \$32.9 million says State Comptroller Robert S. Calvert.

A \$100,500 federal grant has been approved for Marina Bay Park recreation facilities at Wichita Falls.

Of the 60 Texas school districts that the U.S. Department of Health, Education and Welfare said last March were not meeting federal desegregation standards, 47 now are clear, 10 are still up for HEW hearing, two are awaiting federal rulings and one (Carthage) has had its federal funds cut off.

Editorials

"Yea, Indians!"

The first game of the football season for the Morton Indians, in which they came out victors over the Plains boys with a final score of 44 to 13, boys of Morton evidenced a spirit of determination. Pitted against a more experienced team, the local boys' efforts in the past. A and B strings must have made them Tannehill very proud of the fact he has been elevated to head position.

physically and mentally fit, he nevertheless must find much gratification in the fact that "his" boys came through with flying colors. We well know the trepidation experienced at the beginning of each new season by both players and coaches alike. If this "will to win" can be maintained thruout the season Morton can erase the memory of unfortunate years gone by. We see no reason why this cannot be so. Morton fans were out in unprecedented numbers and can be expected to continue to support the team. Let us add our voice to the many, "Yea, Indians!"

Strictly personal

This little message is strictly personal from the heart and, I hope, to you. I want to say that this writing is to Morton as a citizen, having recently moved here less than a year ago. I am not new to the South Plains nor to the people who inhabit this area. I do not think that a finer lot of folks can be found anywhere. I thought so, I would have gone instead of throwing in my lot with the people of Morton. Secondly, I believe wholeheartedly Morton has a future and that future can only be dimmed by the kind of negative thinking that I have entered too often in my conversations with some of you who have been right along.

ture of Morton is in our hands, yours and mine. The future always has presented a challenge, just as it does now. I am willing to face that challenge and invite as many as will to join me. Let us resolve as of this very moment we will refrain from voicing any doubt whatsoever, to anyone. Let us as West Texans continue to show that pioneering spirit that sustained our forebearers. Let us join hands 3,000-fold to see to it that our children have a place to be employed upon completion of school and remain among those of us still alive in an atmosphere of economic security amidst a citizenry of progressive minded West Texans, who, although faced with criticism and at times adversity, persevered to the end in the knowledge that "united we stand, divided we fall."

Where were demonstrators?

Where were the indignant breast demonstrators this week when they roared Soviet troops and tanks in to crush freedom minded people? Where were the picket lines in front of the Soviet embassy in Washington protesting this aggression against the loving people? Where were the intellectuals, the religious students and the clergymen who have been so quick to criticize and castigate this country for its involvement in Vietnam? Where were the demonstrators in Sweden, France, Germany and other countries who have trampled or burned our flag, stoned our embassies and burned our libraries in protest of interference in Vietnam? The group of picketers has yet stepped up to protest at the Soviet embassy, yet the provocation surely is as great for those who so loudly proclaim

they are for peace, peace, peace at any price. This group of left wing liberals have condemned the United States for supporting the South Vietnamese in seeking right of self determination, but not a whimper is heard against Russia's ruthless oppression against a sovereign nation. Czechoslovakia was a sovereign nation prior to World War II, with its population made up of people with a proud national heritage. It was a pawn in international horse trading and wound up being put under the iron fist of Communist Russia after the war. The people have been virtual prisoners of Russia since then. Recently, however, the Czech Communist party has drifted toward nationalism and away from Russia. The Soviets tolerated this for a while, and let the Czech elections be held. When things appeared to be taking the wrong

turn, in came the troops and the tanks and the leaders of the Czech government have been spirited away to isolation. Where are the champions of peace who have been maligning their own country for so long? Why do their hearts bleed and tears flow so profusely when the U. S. seeks to aid the South Vietnamese against their Communist enemy, but not a peep from them when Communist Russia crushed the peace loving Czechs?

Why it is that these people, including some top elected officials such as presidential hopefuls McCarthy and McGovern, take such a hard line on U. S. involvement in the Vietnam conflict, but have nothing to say about the crushing of Czechoslovakia moves toward the peaceful self determination at the ballot box? A curious double standard exists when Communist Russia is involved. — Ochiltree County Herald.

 Midweek Service — 7:30 p.m.

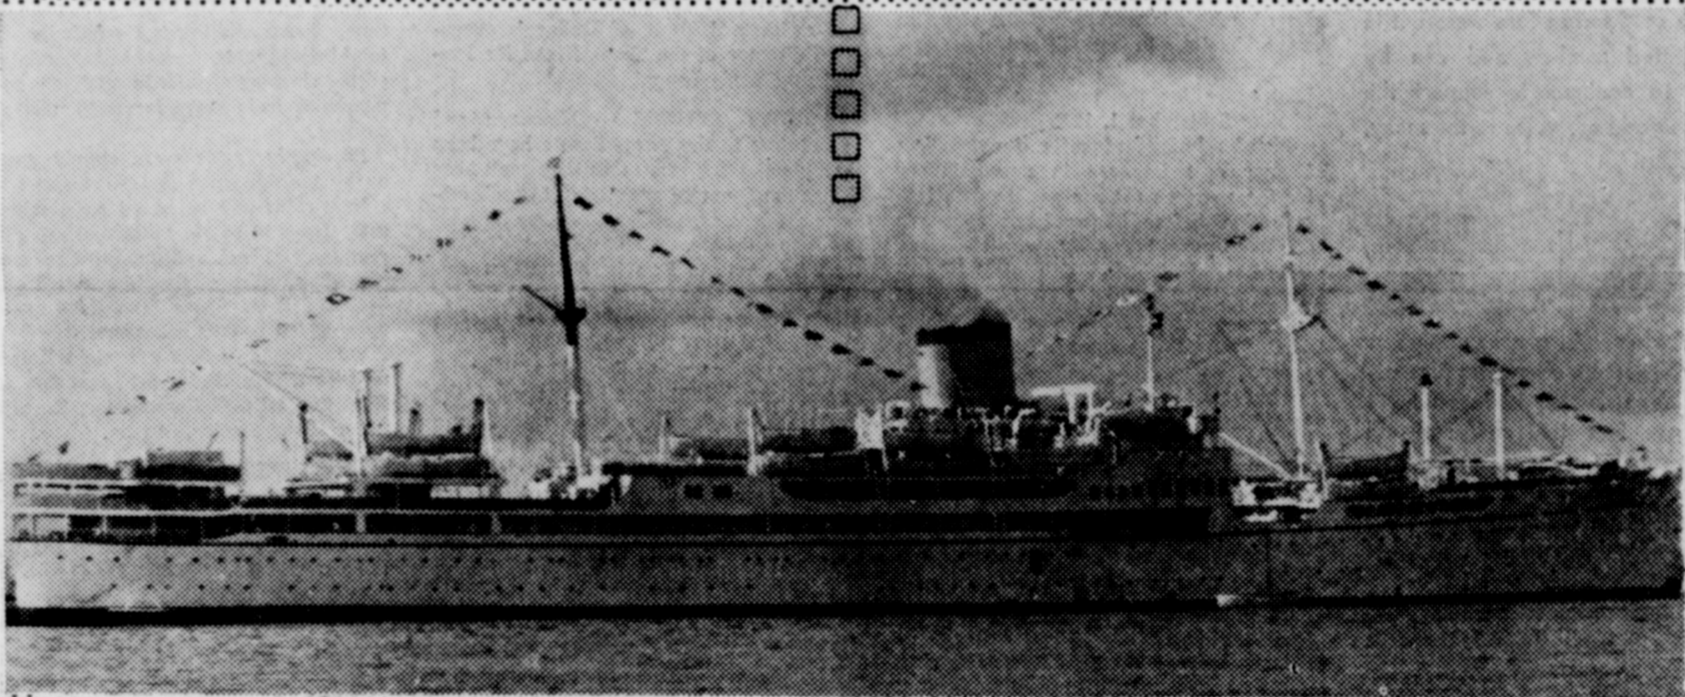

CRUISE IN THE OFF-SEASON

Although most people prefer to take their cruise during the peak of the season for all the glamour, excitement, and crowds it offers, others enjoy the quiet and restfulness of the off season cruise. Tourists are not present in such great numbers; interesting places can be visited more leisurely and at greater length.

Some people prefer to pray only when they are in church or at some great public gathering where the prayers are led for them. But our Lord said to pray in the "off-season." He

said, "But thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly." The real joys of prayer are truly found when you are praying alone with God. The scripture says to be instant in season and out of season.

The church would encourage you to pray both in church and at home. Prayer can uphold, support, and strengthen our churches, ourselves, and our country.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
