

Indians to face district favorite Frenship here Friday night

The 1969 football season is half over. Morton Indians and they find themselves playing for keeps this week against the highest of them all, the Frenship Tigers. They are undefeated and haven't lost a game since falling to Denver City last year.

The friendly confines of Indian Stadium have been just that in recent weeks as Morton has rolled over three opponents on the home grounds. The Indians will need this advantage and more as the Tigers invade Morton sporting a 35 points

per game output and a defense that has allowed only three touchdowns. But certainly the Tribe doesn't have to take a back seat to the statistics of the Tigers. Ted Whillock's charges also have allowed only three touchdowns while averaging nearly 16 points per contest.

The two teams share no common opponents. However each team played similar foes. The Frenship schedule included four class A outfits as well as Boys Ranch, a team the Tigers found the hardest to beat. Frenship stopped the pan-

handle club, 6-0 in the season opener. The Tigers then rolled over Lorenzo, New Deal, Cooper, and Bovina, and were responsible in handing both Cooper and Bovina their first losses of the season.

Morton's coaching staff expressed high regard for the Tigers. Whillock cited Frenship being stronger than last year with a sounder defense. With their balanced backfield attack, he pointed out they would be the Indians' toughest opponent to date.

COCHRAN'S FIRST FOR '69...

THE FIRST BALE of cotton ginned in Cochran county for the 1969 crop is shown above with Jerry Ruzicka, County Line Gin manager, and Maloy Simmacher, producer of the cotton, giving it tender loving care. The 2,040 lbs. of seed cotton that produced the bale was hand-pulled from one and one-half acres of land on Simmacher's farm five miles northeast of Morton. The bale weighed out at 545 lbs. and produced 920 lbs. of seed. The crop was planted May 10 on irrigated land. Ruzicka stated that the bale would be purchased by the gin, but did not give any information on the price or any premiums that may be paid.

Community Action Center for county opens doors Monday

The Community Action Center of Cochran County was officially opened in Morton Monday Oct. 13 with two part-time workers reporting for duty.

The two, Mrs. Sulema Sepulveda and Mrs. Thelma Lewis will receive on-the-job training from Mr. W. O. McLeod, an ED Coordinator. The center is located in the Eastside Elementary School building.

Far East tour

Lt. Col. Joe B. Gipson and Major Shirley Gipson will present a lecture and slide tour of the Far East under the sponsorship of the 1936 Study Club, Monday, October 20 at 7:30 p.m. in Methodist Fellowship Hall. There will be no admission charge and the public is invited to attend.

A telephone will be installed soon in the center. Mrs. Maurice Lewallen has volunteered to continue using her phone for calls concerning employment. Her telephone number is 266-5549. A Bulletin board will also be installed at the center to be used for employment notices.

MHS PRESENTED PORTRAIT...

A DRAMATIC MOMENT came during half-time ceremonies at the MHS homecoming football game Friday night when the school was presented with a portrait of the late Major G. A. Davis, a 1938 graduate and the world's leading Air Force jet ace. The portrait was presented by Troy Martin of Canyon and accepted on behalf of the school by J. Wayne McDermott, student body president. At left is Mrs. Davis who was present for the ceremony, and center is Mr. Martin with McDermott holding the portrait at right.

Morton trips Ralls, 24-12, at Homecoming

The Morton Indians stewed a jack-rabbit last Friday night, but the eleven-course meal proved hard to digest as the warriors of MHS had their hands full with the tough visitors from Ralls. The Tribe held on to a 24 point lead after giving up two last-quarter touchdowns and took a 24-12 Homecoming victory.

The win was Morton's third in a row, a remarkable feat in itself in that it marked the first time in four years that an Indian team has accomplished such a record. Not since the 1965 season when Morton won six straight had Indian teams put together such a win streak.

Morton was 4-6 in 1967, 1-8-1 last year, and currently stand 4-1 at the end of non-conference play.

Senior fullback Ralph Soliz established himself as the Indian leading rusher with 97 yards against the Jackrabbits on 20 carries. Soliz is averaging five yards per carry for the season.

Soliz and tailback Terry Harvey picked up 173 of Morton's 245 yards rushing, but even with the return to action of Harvey, the Tribe fell short of last week's 286 yard offensive output. Two 200-pound Ralls tackles may have had some hand in the Indians falling short of last week's mark.

Captain Jerry Steed led the Indian defense with 15 tackles.

Homecoming queen Vicki Goodman, daughter of Mrs. Ruby Goodman, was presented to the large crowd along with Band Sweetheart Diane McCasland and Pep Squad Sweetheart Deloria Brown.

The hometown turnout was probably the best in recent years, but that crowd is expected to be surpassed this week as Frenship brings its undefeated team to Morton.

The visiting Ralls Jackrabbits, plagued by injuries all season, had most of their ailing players back in uniform Friday and the result was obvious as the winless Rabbits looked determined to get in the win column. Trailing 24-0, Ralls refused to quit as they drove 51 yards to score midway in the last quarter. Halfback DeWayne Osborne, a converted guard, galloped ten yards to score the second touchdown of the season against the Morton defense.

ROYALTY ALL...

THE MORTON HIGH SCHOOL Football Queen and the Sweethearts of the Pep Squad and Band are shown as they reigned over the festivities at the Homecoming football game Friday night. Their reign was a happy one as the Indians rolled to a 24-12 victory over a rugged Ralls High School squad. The three beauties were crowned in an impressive public ceremony in the high school gym Thursday night and were introduced to the spectators during half-

time at the Homecoming game. Vicki Goodman, center, elected by the football squad as their queen, is the daughter of Mrs. Ruby Goodman. Deloria Brown, left, selected by Pep Squad members as their Sweetheart, is the daughter of Mr. and Mrs. Quincy Standmire and Diane McCasland, chosen by the members of the band as their sweetheart, is the daughter of Mr. and Mrs. Harold Drennan.

'69 MHS Homecoming features are many

The crowning of three Morton High School queens, a football victory, a giant pep rally, a coffee for ex-students and the donation of a portrait of a distinguished MHS graduate were highlights of a gala Homecoming celebration here last weekend.

Squad Sweetheart. Her runnersup were Merry Zulinski and Jo Ann Fincannon.

Diane McCasland, daughter of Mr. and Mrs. Harold Drennan, was installed as Band Sweetheart. Her runnersup were Debbie Kuehler and Zodie Ledbetter.

Friday afternoon the gym was once again the scene of a spirited homecoming pep rally, spurring the Indians on to their greatest efforts in honor of the ex-students. The football team responded with a 24-12 win over the Ralls Jackrabbits. The game was attended by what was described in some quarters as the biggest crowd in recent memory.

Half-time ceremonies at the game were highlighted by the presentation of the three queens to the audience, after which they reigned over the festivities from seats on the sidelines.

A stirring moment came during the intermission when a portrait of the late Major G. A. Davis, a 1938 MHS graduate and the world's leading jet ace, was presented to the school by Mr. Troy Martin of Canyon. The large portrait, painted by John Edwards of Amarillo, was accepted on behalf of the school by student body president McDermott. Mrs. Davis, who now resides near Maple, witnessed the presentation.

Morton Lions Club electric light bulb sale slated Saturday

The annual Morton Lions Club electric light bulb sale is scheduled for Saturday, October 18, according to Gerald Ramsey, chairman of the bulb sale committee.

The event will kick off with a coffee from 8:30-9 a.m. Saturday after which the Lions Club salesmen will hit the street in full force, Ramsey said. There will be door-to-door activity as well as street sales and we will try not to miss giving each person in town the opportunity to buy a useful item while contributing to this worthwhile cause, he added.

Proceeds of the sale will go into the club's central fund to finance the various benevolent projects carried on annually. At least a portion of it will find its way to the American Legion Hall rehabilitation projects for the Boy Scouts, Ramsey concluded.

★ Booster supper

The Morton Athletic Booster Club will hold a Pancake Supper at the Morton schools cafeteria Friday night.

Purpose of the supper is a fund raising effort to help pay for the motion picture camera recently purchased by the club which is to be used to film the high school football and basketball games.

The supper will be served from 5 until 7 p.m. and they are offering all those delicious hotcakes you can eat for only \$1.

Following the football game, a coffee was held in the school cafeteria where the ex-students gathered to renew acquaintances and relive old times. The coffee concluded the homecoming activities.

Feed grain check-off referendum approved

Results of an early October election has put grain sorghum growers on the High Plains in a position to help themselves in improvement of their crops and in developing a vigorous marketing program.

The growers have approved a commodity check-off referendum in twenty-nine High Plains and Panhandle counties and named a twelve-member board to administer the program, Agriculture Commissioner John C. White announced early this week.

Results of the vote-by-mail were certified to Commissioner White by elbert Harp, executive director of the Grain Sorghum Producers Association at Lubbock. The program was approved by a 74.1% majority of votes cast.

The twelve elected members will operate as the Texas Grain Sorghum Producers Board (High Plains Area).

New members are as follows: A. R. Dillard, Hereford; A. W. Anthony, Jr., Friona; Don Marble, South Plains; K. B. Parish, Spring Lake; Melvin Barton, Dimmitt; E. C. Witten, Edmondson; John Gilbreath, Hart; Ralph D. Mabry, Petersburg; C. C. "Pap" Reed, Kress; C. P. Smith, Hale Center; Charles Heck, Jr., Nazareth; and Larry Witten, Olton.

The grain sorghum farmers became the second commodity group in Texas to organize under the check-off program authorized by the Sixty-first Legislature under House Bill 764. The bill enables growers of various commodities to assess themselves for purposes of product promotion, education, research, and disease and insect control.

Homecoming . . .

from page one

Just one minute later, the Jackrabbits were on the scoreboard again after turning an Indian fumble at the 45 yard line into a scoring situation. A 36-yard pass set the Rabbits up at the two before Kirt Rywick carried the ball in for the score.

After Morton had failed to pick up a first at the Ralls 44, the visitors got one last try with five minutes left in the game. Fullback Norman Royce got a first down at the Indian 46, Bishop crashed to the Indian 32 three plays later for another, but then the stubborn Morton defense shut out Ralls from that point as four plays netted only two yards. The Tribe then ran out the clock.

The first half pattern of play was simple. Neither team could mount a sustained drive and thus each squad was forced to punt four times. So it was only a matter of who would make the first mistake and Ralls took those honors as the Indians' Larry McClintock pounced on a Ralls miscue at the Rabbit 23 with 6:28 left in the first half. From there Morton needed only six plays, and the task of picking up that yardage was left to Harvey who carried five straight times to the Ralls five before Embry rolled around right end on third down to pick up the six points with four minutes left in the period.

Mike Bryan, who had already kicked three extra points this season, found the goal posts too narrow as he missed the first of three extra point attempts for the evening. Bryan offset his toe's inaccuracy with a fine punting performance. He averaged 41 yards per kick and helped to keep the Indians out of trouble throughout the first half with his outstanding booting.

The Indians managed only four first downs and 75 yards in the first half and were lucky to take a 6-0 lead into the halftime rest. After Harvey had fumbled with 29 seconds left in the half, Ralls' Wyrick rolled to the Indian one, but time ran out before they could get off another play and the Indian lead was preserved. Head coach Ted Whillock must have

given his team his usual inspirational pep talk as the Indians hit the field ready to play the second half. Solz, Harvey, and Bryan punched the ball to the Ralls 37 before being finally held on a fourth and two try. Just three plays later, Eddie Lewis, Morton's very alert defensive linebacker intercepted a Wyrick pass at the 50 and returned it to the 38.

Last week, Lewis had intercepted a Farwell pitchout and returned it 90 yards only to have the play nullified by penalty. This time his interception counted and the Tribe took only four plays to score. Bryan hit for two to the 36, Solz got one to the 35 and Embry picked up a first with a 13 yard gallop. From the 21 Solz circled right end and rambled across the double stripe for the second Morton touchdown.

After holding Ralls, Morton mounted its longest drive of the evening. Starting from the Tribe 37, the Indians marched 63 yards in 10 plays on good gains by Embry, Harvey and Solz. A 25-yard scamper by Solz set the Indians up at the 20. He picked up three more to the 17, Harvey banged to the 10 on the next play, Solz got one more to the nine, and the third quarter ended on Harvey's three yard plunge to the six.

After the teams had changed ends of the field, Harvey banged to the one and then over for the touchdown, his fourth of the year. The Indians led 18-0, but not for long. Following a short Ralls punt, a good return to the Indian 48, and a 15-yard penalty, Morton had the ball at the Rabbit 33. Embry then found halfback Willie Holland at the five and hit him with a perfect strike. Holland barreled over for the final Morton TD.

The Indians were charged with only five five-yard penalties and managed to avoid the damaging 15-yarders that had hurt them in previous games.

ASCS Farm News

By John W. Hall

During the last half of October some 100 Texas farmers and ranchers will receive a crop questionnaire from Cary L. White, State Statistician for the Texas Department of Agriculture and the Livestock Reporting Service in Lubbock. This is a joint endeavor of the Texas Department of Agriculture and the Statistical Reporting Service, U.S.D.A., to provide a program of county estimates for Texas crops.

There are 254 counties in Texas and each farmer in each county is an important part of the State's agriculture. Returns are needed from farmers receiving questionnaires to provide accurate estimates for Texas crops.

We urge each farmer to fill out his questionnaire carefully and return it promptly in the self-addressed envelope to the Agricultural Statistician. This will help to provide the accurate data needed for the State.

County data bulletins for 1968 are now

available by writing the Texas Crop and Livestock Reporting Service, Box 70, Austin, or by writing John C. White, Texas Commissioner of Agriculture, P. O. Drawer BB, Capital Station, Austin, Texas.

1970 UPLAND COTTON ALLOTMENT

The U.S. Department of Agriculture, on October 1, announced a national marketing quota of 15,066,667 bales (standard bales of 500 pounds gross weight) and a national acreage allotment of 16 million acres for the 1970 crop of upland cotton. In addition to the national acreage allotment, the Department also announced a national acreage reserve of 150,000 acres for the establishment of minimum farm allotments as provided by law.

Growers will have the opportunity to vote on the new marketing quota at a referendum which will be held by mail during the period December 1 through 5, 1969.

The wedding is planned for December 25.

Rural road accident damage high in county

The Texas Highway Patrol investigated four accidents on rural highways in Cochran County during the month of September, according to Sergeant Hal E. Pirtle, Highway Patrol supervisor of this area.

These crashes resulted in one person injured, and an estimated property damage of \$4,100.

The rural accident summary for this county during the first nine months of 1969 shows a total of 30 accidents resulting in no persons killed, 23 persons injured, and an estimated property damage of \$52,440.

The month of October will bring about a drastic change in driving habits. With the return to Central Standard Time on October 26, many motorists will find themselves going to and from work in darkness. The increased hours of darkness will hide dangers otherwise visible during the daylight hours.

The Sergeant listed some factors why driving is more hazardous at night than prevents drivers from seeing hazards. (1) during the day. (2) Reduced visibility have slept and the resulting fatigue increases perception reaction time. (3) It is easier for drivers to become confused and panic. (4) More drinking drivers will be on the road.

These factors in varying degrees coupled with high speed cause accidents that would not occur in daytime.

NEWS from WHITEFACE

Mr. and Mrs. R. D. May and Mr. and Mrs. George Martin went to El Paso to be present at the ceremony when Larry Kern, Mrs. May's son, received the Bronze Star in the General's Headquarters. Larry has been stationed at El Paso since he was wounded in Vietnam and was sent back to the States. Enroute home they stopped in Roswell to visit with Mr. and Mrs. Charlie Wright, an aunt and uncle of Lillie's.

J. D. Martin is on an extended visit in Louisiana to visit with relatives and friends.

PFC Darrell Kitchens was home for the weekend. He is in the Army and is stationed at Fort Sill, Oklahoma.

Mrs. U. A. Hoffman of Austin, is visiting her daughter and husband, the C. A. Kitchens.

vacationing in Mississippi with their parents and relatives.

Candi LaNae Fred, 2 month old daughter of Mr. and Mrs. Lynn Fred of Levelland, is staying with her grandparents, the J. W. Words, while Linda is finishing her Beauty Course in Lubbock.

Mr. and Mrs. Royce Elam, Joe Don and Linda visited in Poolville over the weekend with Mr. and Mrs. J. C. Osborne, Mrs. Osborne is Royce's mother.

PFC. DeWayne Daniels, who is stationed in Vietnam, had an ear drum burst from a mortar shell exploding too close. He was sent to a hospital ship where they hope to be able to build the ear drum back up where he can get at least 50% of his hearing back. DeWayne is in the Marines and is a Whiteface High School graduate.

Russia, Europe tour through pictures made available by researcher

A trip through Europe and the Soviet Union is available for High Plains area residents through a slide presentation by Dr. Douglas Owen, oilseeds scientist, High Plains Research Foundation.

Dr. Owen has the slide program available that shows the trip he took this summer with the National Oilseed Producers and Processors Institute.

In the presentation, Dr. Owen shows the collective farm complete with school, dairy farm, swine operation and crop fields he toured at Bruholvetska, Soviet Union.

He pointed out that the collective farm was one of the highlights of the trip due to the friendliness of the people. "On other areas of the trip, we were treated as tourists, but the reception at this farm was very warm," he said.

"A reason for the hospitality was a trip to this area made in 1968 by the director of the station and some of their people," Owen pointed out.

The Goodwill tour was made from July 22 to August 12 in Sweden, Russia, Italy, Switzerland, and Germany.

Dr. Owen's presentation can include a general tour guide or any portion of the tour to European marketing cooperatives, collective farm or oilseeds processing plants.

Dr. Owen explained the programs would be one way of repayment for the residents and organizations which helped raise money for his tour.

In addition, the presentation includes several slides taken in Red Square at Moscow and other areas of the Soviet Union.

Owen said that the trip could be very beneficial to the High Plains area. "I was able to obtain some wheat seed that is supposed to be drought tolerant. If it proves out to be adaptable to our area and is truly drought tolerant, we may have a significant contribution to our area worth millions of dollars," he stated.

Conservation District News

From the Office of BUDD FOUNTAIN

Parallel terrace construction was a new idea just a few years ago, but now terracing in this area is all parallel. Old standard type terraces served their purpose, but now they are outdated in this area. This was caused by the advancement and changes of larger tractor and equipment.

Parallel terraces are designed and constructed on intervals that are the same distance between terraces. This allows a farmer to plant the same number of rows between each terrace from one end of a terrace to the other. Terraces are spaced according to the amount of slope you have on your land. It will take more terraces on steeper land.

Parallel terraces are designed to hold back water and protect the soil from ero-

sion. In some areas close to Lubbock and Crosbyton terraces have been constructed on farmland primarily for conservation of moisture. Many people do not realize the value of each inch of rainfall. Two inches of rain on 40 acres of ground is 2,172,160 gallons of water. It would take a well pumping 400 gallons per minute nearly 4 days to pump this much water if it pumped night and day.

Terraces will hold the rainfall and keep it on the cropland instead of letting it go down into a lake area. We need to conserve every drop of rain that falls. The irrigation wells in this area are slowly going down, and many wells are dry. The land owners in this county need to plan for the future and conserve what irrigation water they have if they plan on having a good irrigated farm. Terraces could save your wells, of course, this would depend upon the amount of rainfall during the year. How much would it save you if you could keep from watering your crops one time during a year?

The Cochran County Soil and Water Conservation Supervisors encourages anyone that would be interested in parallel terraces or any other conservation problem to come by or call the technician working the Soil Conservation office, they will be glad to work with you and solve your conservation problems.

Antelopes display old power in Tatum win

The Whiteface Antelopes began to look like Antelope teams of the past as they trounced the visiting Tatum Coyotes last Friday, 29-12.

Whiteface will take this week off before tying into district opponents the next week. The Antelopes will host Meadow on October 24.

Friday's win was the second of the season for Whiteface; the Antelopes have lost three.

Bill Bowers put Whiteface ahead as he nailed Tatum's Pablo Pena in the end zone for a two-point safety. Later Ricky Bennett added six points with a one yard plunge. Randy Peden kicked the PAT to give the hosts a 9-0 lead.

Before the half, L. C. Clewis added another TD with a 20-yard run. Peden's toe added another bonus point.

The hard-running Clewis added two more Whiteface scores on runs of 4 and 36 yards in the fourth period to give the Antelopes a 29-0 lead.

The visitors did not want to return to New Mexico without some credit for the long trip, so Jerry Huckabee put Tatum on the scoreboard with a three yard plunge. Later Dean Kinsolving scored on a 45-yard pass play from the hands of Pena.

Look Who's New

Mr. and Mrs. Bob Rector are the proud parents of a new baby girl born Friday, October 10. She was born at 7:25 p.m. in the Levelland Clinic and Hospital and was named Lisa Ann.

Maternal grandparents are Mr. and Mrs. Frank Davidson of 206 S. E. 5th Street, Morton. Paternal grandparents are Mr. and Mrs. Marvin Rector of Whiteface.

Racheal Antonio, daughter of Mr. and Mrs. Hinojosa, Racheal arrived at Cochran Memorial Hospital October 13 and weighed 6 pounds and 2 ounces. Her father is serving with the United States Army.

Charlotte Annette, daughter of Mr. and Mrs. Chalmer Davis of Whiteface. Charlotte was born at Cochran Memorial Hospital October 13 and weighed 7 pounds and 1 ounce.

Bonita-Lea Grime

Shepard's Pie is favorite of Tribune cook of the week

Our cook of the week is Miss Bonita-Lea Grime from Edmonton, Alberta, Canada. Bonita is a house guest of the Ray Griffith family.

Ray and Ann met the Grime family in 1966 in Edmonton and they have visited periodically since.

Besides being a legal secretary, Bonita-Lea loves to cook and the Griffiths attest to her being an excellent one.

The recipe Bonita-Lea brings us is an old English formula, originally made with mutton or lamb, which she has graciously adapted to our beef growing plains area.

- Sheppard's Pie
- left over roast and gravy
- 1 medium onion
- 2 eggs
- 1/2 cup of ketchup
- salt and pepper
- potatoes (cooked and mashed)
- 1 can of nibblet corn

Put roast and onions alternately through a meat grinder, add eggs, gravy, ketchup, salt, pepper and can of corn. Place mixture in casserole dish. Cover with mashed potatoes and bake in 350 degree oven for

1 hour or until potatoe topping is golden brown.

Large group expected for Scout Pow Wow

Col. Haynes Baumgardner, South Plains Council, Boy Scouts of America Pow Wow held October 25 will be the best attended in the Council's history.

Over 250 Den Mothers, Cubmasters, and Committeemen are expected to gather at Hutchinson Junior High School in Lubbock for 4 hours of intensified crafts, ceremonies, management techniques, special games, skits, puppetry, and more. The Pow Wow begins at 1:00 p.m. with registration.

Col. Baumgardner named the following experienced Cub leaders as instructors: Nancy Hill, Juanita Schmidt, Paul Griffith, Weldon Sikes, Ray Hellberg, Louis Pare, Artie Hicks, and Mike Stevens, all of Lubbock; Pat Sales and Patty Kirkpatrick of Brownfield and Post respectively.

Lietske-Holloway wedding announced

Mr. and Mrs. Frank Porter of Rush Springs, Oklahoma announce the marriage of their daughter, Sharon Lietske, to Tommy Holloway, son of Mr. and Mrs. Gehrome Holloway, Star Route 2, Morton.

The couple were married October 4 in the First Baptist Church in San Antonio. Mrs. Holloway is a graduate of Central State University, Edmond, Oklahoma and is employed as librarian at Trinity University in San Antonio.

Mr. Holloway is a graduate of Texas Tech University and is employed as production foreman for Foremost Milk Producers.

WINS HIGH HONOR...

CRAIG RHYNE, son of Mr. and Mrs. Bob J. Rhyne of Lubbock, and grandson of Mr. and Mrs. J. H. Rhyne of Morton, has been singled out as among the nation's most intellectually-able high school seniors. The announcement came from the National Merit Scholarship Corporation. Craig is also a member of the undefeated Plainsmen football team at Monterey High School in Lubbock.

Morton eighth graders risk undefeated record

Morton Junior High's undefeated eighth grade eleven will put its perfect record on the line today as they host Muleshoe for two games. The eighth grade B game will begin at 5 p.m. with the A game immediately following.

Morton's freshmen will travel to Friendship today for a 5 p.m. game with the Tiger freshmen.

The eighth grade won its fourth straight last Thursday with a 28-0 bombing of Sudan. Scoring in every quarter, the Indians were paced by their talented for 180 yards and two touchdowns.

Center Travis Owens also accomplished a lineman's dream as he pounced on a loose Hornet fumble in the end zone for six points. End Mark Flutt took a Jerry Silhan pass in for another score. Jerry Silhan scored four extra points on two runs.

Riley Dubre led the Morton defense in holding Sudan scoreless.

The Indian seventh grade dropped its third straight to Sudan 14-6, but not before Tony Soliz showed good offensive and defensive effort. Soliz scored in the final period for Morton.

Morton's freshmen continued to have trouble getting into the scoring column as they dropped another close game, this time to Farwell on the Steer's home field. Farwell scored in the second and third periods to take a 14-0 win.

Le Flour Garden Club hears program on "Fall Planting"

Mrs. Olin Darland was hostess to the Le Fleur Garden Club October 9.

In the absence of the president, Mrs. Owen Egger, vice president, presided.

Plans were made for the fishing pond booth at the Halloween Carnival October 25. Also discussed was the program being sponsored by the Cochran County, Whiteface and Le Fleur Garden Clubs, November 11 at 7:30 p.m. in the County Activity Building. Mrs. Harry Williams of Levelland will present a program of "Show and Tell" on holiday arrangements. The public is invited to attend and admission is \$1.00 per person.

Presenting the program "Seeds and bulbs for fall planting," Mrs. Buford Elliott stated that now is the time to plant and in landscaping with bulbs, note the height different bulbs grow. Knowing these heights before-hand makes it easy to figure what to plant in front, in the middle and in the back of bulb beds. Bulbs should be planted in "clumps" using colors that do not clash. Use a planting guide for depth to plant bulbs. Tulips may be planted different depth for early, midseason and late bloom. Plant poppies and larkspurs now for spring blooms, Mrs. Elliott continued.

"Large trees should be planted in October, November and December. Dig holes twice as large as the roots, put well rotted manure into the holes, then a layer of soil plant and water well," stated Mrs. Elmer Gardner.

The October 23 meeting on Capabilities tables will be held in the home of Mrs. W. A. Wood at 2 p.m.

Members attending were Mesdames R. Fincher, Wood, Egger, Don Sandoz, Darland, Eugene Bedwell, Elliott, Hil and one guest, Mrs. Benny Hill.

FLASH! GRANDMA'S COOKING WAS NOT THAT GREAT!

Sure we all look back fondly on the past, and grandma's cooking is one of our most pleasant memories. But you can bet that her memories are a lot different... like that old woodburning stove with the hot spots that scorched the food, and the hours spent waiting for the oven to heat up, and, of course, the backbreaking chore of scouring and scrubbing after each meal. Well, times change and so do grandmas. Today they treat their grandchildren to that great farm fresh cooking in fast, economical, self-cleaning electric ranges and ovens.

Certainly you'll want one in your kitchen soon — so why not see the many beautiful, easy-to-use Electric Ranges... today. Select the model that suits your needs, and make it the first step toward your all-electric kitchen.

County's 'Miss Cotton' looks forward to state competition

"Miss Cotton of Cochran County," Marilyn Cade, of Whiteface and presently

a freshman student at South Plains College in Levelland, is looking forward excitedly to the state meet to be held in Dallas this weekend.

A 1969 graduate of Whiteface High School, Miss Cade is majoring in Home Economics.

She was named "Miss Cotton" in June of this year and will reign until June of 1970. Girls all over the county participated in the contest in which Miss Cade wore a dress she made of 100 per cent cotton fabric. She had also made other pieces of her wardrobe which included a formal, sports outfit, and a dressy dress, all of cotton. For her talent participation she gave a five and one-half minute patriotic speech with patriotic songs played by her mother at the piano as background music. They included "God Bless America," "This Land Is Your Land," "This Is My Country," and "My Country 'Tis Of Thee." She then sang a medley of songs which was concluded with "The Eye Is on the Sparrow," and "Glory, Glory, Hallelujah."

"Miss Cotton" must be willing to model at any time she is called on and she must be willing to make speeches on why she thinks cotton is important. She received a \$100 cotton wardrobe and all expenses paid to the state meet. She will be accompanied by three sponsors and one usher, Lonnie Shelton, also of SPC. Miss Cade will leave Friday morning, Oct. 17 for Dallas where she will enter the "Miss Cotton of Texas" contest with girls from all over the state participating. In state competition she will have interviews with the judges who will base their decision on poise, personality, beauty, and the manner and ease with which the contestant speaks.

Marilyn represented "Miss Cotton of Cochran County" in the South Plains Fair Parade in Lubbock, Sept. 22.

At South Plains College she is a member of the college choir, Student Education Association, and the Baptist Student Union. She lives in South Sue Spencer Hall.

Voter registration is proceeding at normal pace, tax office says

Voter registration in Cochran county for the coming year's election is proceeding at about a normal pace, according to information released by the office of the county tax assessor and collector.

The voter registration period began on October 1 and will end January 31, 1970. There were 1,769 registered voters in the county last year and there were that many registration application forms mailed out the first of the month, office personnel stated.

No running count is being kept on those returning because the state has ordered that all applications be held until a later date when the county offices will be notified to mail back the certificates of registration back to the applicants.

Persons wishing to vote next year must return a signed application for registration to the tax office before he will be eligible, officials emphasized. Residents meeting the requirements but who were not registered here last year may obtain an application to register at the county tax assessor and collector's office.

Election officials urge that voters register early in order to avoid the last minute rush and confusion that have been the order of the day in the past.

MORTON, TEXAS, THURSDAY, OCTOBER 16, 1969

District 4-AA football teams compile 18-12 winning margin

The six teams of district 4-AA kick off their conference wars this week after having crushed 18 opponents in non-district play while losing 12 games.

The Frenship Tigers, Morton's enemy for the week, stand at the top with an unblemished 5-0 record after handing previously undefeated Bovina a 42-14 loss last Friday. The Tigers are followed closely by Morton and Post with identical 4-1 marks.

Denver City, district champions for eleven of the previous twelve years, did not fare so well this season in non-conference play, but the Mustangs played a full slate of AAA schools. Denver City stopped Lovington and Muleshoe, but fell to Seminole, Andrews and Kermit.

Offensively and defensively, Frenship has the best record. The Tigers are averaging 35 points in scoring and have given up four points per game.

Post is second in offensive scoring with a 23 point average. Morton is second in defense with an average of five points being scored on the Indians in each game. Both Frenship and Morton allowed three touchdowns to be scored on their defenses.

Mortonites attend Levelland meeting

The Theta Epsilon Chapter of the Delta Kappa Gamma Society met in the Fine Arts Building of South Plains College in Levelland on Saturday, October 11.

After the club collect was led by Mrs. Helen Roberts, Mrs. Mabel Ann Sanders expounded on one of the purposes of the international honor society — spiritual fellowship.

Minutes of the September meeting were read and corrected, standing committees made reports, and the names of candidates for active membership were voted upon by secret ballot.

Mrs. Bernice Railsback presented the program, "A New Beginning." Persons actions are determined by the values chosen by them and all membership was encouraged to develop an interest in and better understanding of current issues.

After adjournment, the appointed committees met to complete plans for the November 15 Regional Meeting to be on the South Plains Campus in the Fine Arts Building.

Members present from Morton were Mrs. Evelyn Seager, Mrs. Lessye Silvers, Mrs. Mabel Ann Sanders, Mrs. Elizabeth Leavitt and Mrs. Cherylne Inglis.

In company with Mr. and Mrs. Hume Russell to the Shrine football game and afterwards to dinner, were their grandchildren, David and Mary Ann, children of Mr. and Mrs. Jack Russell. This is an annual affair with this foursome and for David and Mary Ann, it is their day.

HARVEY FINALLY CORRALED . . .

HARVEY HARVEY, who has literally been burning up the turf of the Morton Indians this year, is about to meet another temporary Waterloo after wracking up a sizeable gain in the Homecoming game against the Ralls Jackrabbits Friday night. "Terrible Terry" added another 76 yards to his rushing total to remain near the top among the Indians in rushing yardage. The sensational scatback has been

scattering over the greensward at a better than six-yards-per-carry average in the four games he has played in. Senior Ralph Soliz turned in a terrific performance Friday night and is presently in the lead for total offense honors. Other identifiable Indians include Tackle J. D. Wisely, 73, foreground, and Guard Larry McClintock, 75, in the background.

Delegates to be delegate at TSTA convention

E. Travis, Morton school district superintendent, will be an official, voting delegate at the 91st annual state convention of the Texas State Teachers Association, Oct. 23-25 in San Antonio.

Travis is one of the 1,288 certified members of the 1969 House of Delegates, which met on the last day of the convention to discuss and act on proposed amendments to the TSTA constitution, new dues, recommendations of standing

committees, and other business.

The official delegates are elected from the 419 TSTA local associations throughout the state and certified by districts on the basis of one delegate per 100 members or fraction of 100. Every local association in the state is entitled to at least one official delegate.

With total membership in TSTA expected to hit a record 124,000 this year, attendance at the convention will probably total

about 8,000. Featured speakers include Gov. Preston Smith; Sam M. Lambert, executive secretary of the National Education Association; and Charles D. Holleyman, superintendent of schools at Mustang, Okla.

First hole-in-one

Jim Middleton got his first hole-in-one on number 6 hole at the Morton Country Club Thursday. Babe Vanlandingham and Richard Houston were playing with Jim and witnessed his momentous feat.

by VICKI GOODMAN

Hello! Well, everything has finally settled down now that homecoming is over. Now the students have nine weeks to look forward to! This year as usual the nine-weeks tests will be given on a two-day period.

Class meetings were held last week in order to elect queen candidates to represent them in the Halloween carnival. The queen candidates are: Senior, Odie Ledbetter; Junior, Betty Silhan; Sophomore, Beverly Dolle; and Freshman, Mikella Windom.

The queens will be chosen according to penny votes. There will be jars placed in various businesses, so that the public may vote. Each class will enter a booth in the carnival. Some classes have unusual ideas for booths this year. The carnival will be held in the County Activity Building, Saturday, October 25.

Last Thursday night a beautiful, candle light coronation set the stage for the crowning of the pep-squad, band and football queens.

This annual event was somewhat different from others in the past. It was sponsored by the Student Council. The program was narrated by the Student Council president, J. Wayne McDermett. He was assisted by Mikella Windom who introduced the pep squad candidates. They were Jo Ann Fincannon, Mary Zielinski, and Deloria Brown. Miss Deloria Brown was crowned queen.

Teri Harris, also a member of the Student Council, introduced the band candidates. They were: Debbie Kuehler, Odie Ledbetter, and Diane McCasland. Miss McCasland was crowned Band Sweetheart.

Ruthie Smith then introduced the football candidates. They were: Peggy Thomas, Micheline Marina, and Vicki Goodman. Vicki was crowned queen. Music was presented by the Morton High School band.

Following the coronation, the B-Team cheerleaders held a short pep rally. Sue Winder, varsity cheerleader, acted as head.

Homecoming at Morton was all worthwhile as the Morton Indians wrapped up another win. The stands were crowded with cheering Morton fans, students and exes. The Indians are really fighting hard and it will take a real tough team to put them down. They have a lot of spirit and determination.

Keith Embry pulled in the first score with a 10-yard run. Ralph Soliz then ran 21 yards for another touchdown making the score 12-0. Tailback Terry Harvey added to the score on a 1-yard run. Willie B. Holland then received a 33-yard pass from Keith Embry to boost the score to 24-0.

The tough Indians have aroused the spirit of Morton. They're romping and stomping!! They now stand 4-1, the best in years. Keep it up boys!! TEAR THE TIGERS ! ! ! !

The Farmer's Wife

A MORMON I'm not. THEREFORE, when I saw that the Mormon Tabernacle Choir was going to sing, accompanied by that magnificent pipe organ of theirs in Salt Lake City, I attended (via television) the semi-annual Conference of the Church of Jesus Christ of Latter Day Saints.

STATE Capital NEWS

By VERN SANFORD

AUSTIN, Tex. — More than 100 "fraternal organizations" are being requested by Secretary of State Martin Dies Jr. to swear that they are in fact fraternal organizations and not just "private clubs."

He says applications are coming in from "fraternities" that evidently are "private clubs" and if they are approved it will make a mockery of the five cent tax per drink requirement set by the Legislature on private clubs.

Texas Law provides that fraternal organizations are exempt from franchise taxes.

Among the "fraternal organizations" presently being asked to confirm their status are the Benevolent Order of the Impala of Texas, Club L'Amour Fraternal Association, Inc., the Fraternal Order of Moon Maidens, The Fraternal Order of Dart Players and the Fraternal Order for the Preservation and Resurrection of Buresque.

If an organization refuses to answer the questionnaire within 30 days, it faces dis-

annual Conference of the Church of Jesus Christ of Latter Day Saints.

I'm glad I did.

NOT JUST BECAUSE that choir must sound mighty close to what the singing of the heavenly hosts must sound like.

Not just because stills of some of the most magnificent scenery from all over America were flashed on the screen during the singing.

Not just because that organ music never fails to move me from the depths to the heights and all points in between.

BUT MAINLY because an old enemy of mine delivered a rattling good talk. And it's always nice to know that former enemies improve themselves.

In retrospect, I think he must not have been near as much an ogre as I thought at the time.

It was just the office he held that immediately puts all farmers and their families on the defensive.

I'M SPEAKING of former Secretary of Agriculture Ezra Taft Benson.

Hadn't seen Benson since the days when it seemed that every single utterance from his lips dashed every hope I had farm-wise to the ground.

But I was young then, and there's since been some even worse utterances from other Secretary of Agriculture's lips that were even more hope-dashing. They've been downright faith-stomping.

IN FACT, there have been many times I wished we had Ezra back.

But I digress.

In his little talk to the Conference, Ezra let us have it.

For not taking up for our Bible reading, prayer saying astronauts in greater numbers.

FOR LETTING ONLY 2% of the people (2% being the percentage of professed atheists) getting prayers and Bible reading banned in schools.

For letting the Supreme Court get by with ruling in direct contradiction to the will of the majority of the people. (He neglected to mention just exactly what we were supposed to have done here.)

For permitting "iniquity in high places" to go on and on and on.

For our apathy while organized communism is taking over the campuses of the majority of our higher institutions of learning.

FOR NOT MINDING our p's and q's about the subjects offered our young people and taught by just about anybody.

For supporting the filth in literature, movies, and other forms of the arts. (I don't, honest I don't, Ezra!)

And so on.

HE EVEN LIT into us for permitting atheistic Russia to be recognized diplomatically in the first place back in 1933.

He had lots of documented evidence and direct quotes from different communist leaders that related how communists swore beforehand, and how our leaders were aware of it, that they were going to take over a whole generation of young Americans and completely undermine their faith in the American way of life and do away with their morals.

According to Ezra, they've about accomplished their purpose.

I HOPE he's wrong.

Oh how I hope he's wrong.

But I gotta ask: Ezra, if all these things are so already, where have you been and why have you stayed silent so long? We've needed your voice!

solution. Answering the questions falsely means possible perjury charges.

WELFARE BENEFITS — According to Welfare Commissioner Burton Hackney, 509 Texas families may be affected by a San Antonio Federal court ruling requiring the State Department of Public Welfare to pay retroactive welfare benefits not paid since March under the now defunct one-year residency requirement.

Hackney said that if the department had to pay off all the back benefits, it would average about \$75 a recipient per month for that six month period. And, if all applicants on the list were qualified, this would exceed \$250,000. However, he stressed that some of the applicants would be disqualified for other reasons. He said no appeal of the decision was being planned.

Also, Hackney has asked the Texas Medical Association to help his department settle questions of "misuse" or "over-utilization" of Medicaid services and benefits.

USED CAR WARNING — Texas automobile buyers have been warned against purchasing so-called "bargain" autos now being offered for sale in South and East Texas.

H. C. Pittman, executive vice-president of the Texas Automobile Dealers Association, says many of these cars were "severely damaged by salt water submergence during the frightful ravages of Hurricane Camille in Mississippi and neighboring states" in August.

"This same sort of fraud on the car-buying public occurs following almost every hurricane in the Gulf Coast area," he pointed out, urging used car buyers to check the bill of sale to determine the origin of the vehicles.

ATTORNEY GENERAL RULES — An employee of a county or hospital district does not have to be a resident of the county, the district, or even the state, says Atty. Gen. Crawford C. Martin, in a new opinion.

In other recent expressions Martin held that:

Condemnor in a condemnation case should pay the initial court-cost-deposit when objections are filed by either party to a special commission award. He may recover if the county court judgment is for the same or a lesser amount of damages than offered before proceedings commenced.

Valley cable TV company which sponsors a bingo-type game over its facilities is not engaged in a forbidden lottery.

Changes in an individual holding of a wine and beer "on premise" license must be reflected on the license or permit, showing name and photograph.

cluded the following:

Judges New Dallas Courts: Charles Spencer Carver Jr., Snowden Marshall Lettich Jr., Hugh Thomas Snodgrass, John Calder Vance and Rolland Terry Scales . . . with James Greer Dowell succeeding Lettich on the Dallas domestic relations bench.

Board of Regents West Texas State University: Dr. Theron Charles Hawkins of Kerrville, Donald Robert Curry of Fort Worth, Arthur Eugene Quest Jr. of Lubbock, Irby B. Carruth of Austin, James E. Jenkins of Amarillo, Patrick Richard Rutherford Jr. of Houston, Cloyce Kennedy Box of Dallas, Thomas Boone Pickens Jr. of Amarillo and B. Raymond Edans of Tulia.

Texas Optometry Board: Dr. N. Jay Rogers of Beaumont, Dr. John William Davis of Dallas, Dr. Salvador S. Mora of Laredo, Dr. Jack Burton of Cleburne, Dr. Jacob M. Cohen and Dr. Nelson F. Waldman of Houston.

New Customer Credit Study Committee: E. M. Stevens of San Antonio and Joseph David Irion of Beaumont.

Battleship Texas Commission: Richard C. Gusman of Bay City, Mrs. Viola Marie Webb of El Campo and Robert Norman Aylin of Houston.

State Board of Medical Examiners: Dr. McKinley Homer Crabb of Fort Worth; Dr. Glenn Garland Porter of Lubbock and Dr. Jose Gamma Rodarte of Temple.

San Antonio River Authority: Curtis C. Gunn and Thomas Drought of San Antonio.

WORKMEN'S COMP TO COUNTIES — Tony Koriath, member of the Industrial Accident Board says counties which do not have workmen's compensation insurance may face a "serious problem."

Noting that county employees went under workmen's comp coverage on September 1, Koriath said that uninsured counties face open-end liability in lawsuits arising from the death or injury of their personnel.

Most major counties, he said, have not yet acquired insurance coverage and have no "common law defenses."

BREAKFAST IN SCHOOL — Texas Education Agency says school breakfast programs in Texas public schools are expected to pass the 350 mark in 1969-70, doubling the 172 total set during the last academic year.

TEA also announced that the State Board of Education has allocated \$10,400,000 in vocational-technical funds to Texas' public junior colleges for the present school year. Funds were provided by the Legislature.

REPUBLICANS ACTIVE — Promising themselves at least 35 more state representatives, four more state senators, three more congressmen and a second United States Senator, Texas Republicans are setting their election targets on areas where the minorities comprise a large portion of the population.

They outlined plans to start now, reaching for the Negro and Mexican-American voters, instead of waiting until election time 1970.

Republicans aim specifically at the 15 state senators who made the majority when the food tax bill was passed by the Senate.

Republican District Committeeman Winston Winkle of Big Spring, who heads the party's Legislative Committee, says they plan to use the recent "184-day Donneybrook" (the three legislative sessions) and the tax increases, as additional ammunition.

Texas Federation of Republican Women announced that Mrs. Spiro T. Agnew will be in Austin on October 31 to present the second annual "N" Texas awards for community service by women.

BRUCellosis — Texas Animal Health Commission says only eight Texas Counties have not begun brucellosis-eradication programs, and all but 66 have been classified as modified-certified areas.

Federal regulations went into effect on August 1 restricting the interstate movement of most cattle from areas not modified-certified.

SHORT SNORTS — Lt. Gov. Ben Barnes named a five-member Senate general investigating Committee headed by Sen. J. P. Word of Meridian.

Speaker Gus Mutscher designated Rep. Henry Sanchez of Brownsville to head a committee on Texas-Mexico friendship.

A school land lease sale on November 4 may show the adverse effect of a threatened 27 1/2 per cent oil depletion allowance reduction, according to Land Commissioner Jerry Sader.

Sen. Criss Cole of Houston, who will be Governor-for-a-Day on January 10, plans on spotlighting rehabilitation of the handicapped.

Governor Smith has asked the office of Economic Opportunity to remove VISTA (Volunteers in Service to America) workers from Harrison and Panola Counties after county officials requested their removal, claiming that workers instigated the boycott of a Marshall merchant, fomented racial strife and published an underground newspaper.
