PATTON BRINGS IT IN...

ELTON PATTON, 24, goes high for a rebound and manages to snag it away from an opposing Frenship player during some torrid basketball action in the Morton gym Tuesday night. The Indians won going away by a score of 86-64 to boost their record to 3-1 and keep them firmly in second place in conference play. Other Morton players backing up the action include M. C. Collins, behind Patton; Terry Harvey, 22, and George Pritchett, 30.

Indians stuff Tigers in tank; raise district record to 3-1

Displaying a good tough defense, the Morton Indians took over undisputed possession of second place in the District as they blitzed the visiting Frenship Tigers, 86-64, before a "Pack-the House Night" crowd that wasn't so packed.

The win left the Indians one game behind Post, winners over Denver City in action at Denver City, and sends Morton on the road facing three crucial contests.

The Tribe overcame a shaky start and overtook a 10-6 Frenship lead with two minutes left in the first quarter as Terry Harvey put Morton ahead 12-10 on a lay-up. The Indians outscored the visitors 12-0 in the waning minutes of the first period, and led 20-12 after eight minutes of play.

M. C. Collins had a hot second quarter, banging in 16 points during the first half and finished high man for the game with 23 tallies. Morton widened its lead to 43-31 at halftime, led 65-44 after three periods, and wrapped up their eighteenth win of the season by the 86-64 margin.

Morton forced 24 turnovers against Frenship while committing only nine floor errors. The Indians clipped in 45 per cent of their field goal attempts for the game.

Dennis Clayton took field goal percentage honors, hitting four of six attempts

for eight points and a 67 per cent average. George Pritchett hit six of 11 from the floor and added two more from the charity line for 14 points. Pritchett led in Indian rebounds with 14.

Terry Harvey scored 11 points and Elton Patton had 10.

Rick Morris was top scorer for the visitors with 17 points.

Frenship played Post to a 57-49 ball game in action last Friday, and was edged out only in the closing minutes of the game.

Morton's B team racked up its fourteenth win of the year and its highest scoring output by bombing Frenship, 91-51. Willie Holland was tops in scoring with 26 points. The B team has lost only two games this season and has not lost in nearly four weeks.

Games becoming more crucial in District 4-AA title battle

Morton's fighting Indians took a strong grip on second place in the district 4-AA race with two big wins this past week, road games that are all "must" affairs but find themselves facing three crucial for them.

Nixon nixes GSPA reconsideration query on feed grain payment

The Grain Sorghum Producers Association's request to President Nixon to reconsider the withdrawal of advance payments for the 1970 feed grain program was answered this week by Mr. Carl H. Schwartz, Jr. Mr. Schwartz is Director of the Natural Resources Programs Division of the Bureau of the Budget.

In his letter Mr. Schwartz said, "Continuation of the 50 percent advance payment would increase 1970 budget outlays by about \$300 million. Since the agricultural economy is now in relatively much better shape and because of the expressed desire of both the Congress and the President to fight inflation by holding budget outlays within the limits established by Public Law 91-47, the decision was made to discontinue the payments."

Mr. Schwartz added, "We recognize that this action, along with other actions we have had to take in the battle against inflation, will cause some adjustment problems. However, the consequences of not taking these actions would be worse for all of us."

In commenting about Mr. Schwartz's letter, Elbert Harp, Executive Director of GSPA, said, "When farmers pay their 1969 income taxes, I believe the Budget Bureau will be shocked to find out farmers are not as well off as they seem to think we are."

Harp pointed out that because of pressure to continue the advanced payments, that Secretary Hardin has promised to make full settlement of government payments as soon as possible after July 1.

Plans and proposals for the clean-up and beautification of the city of Morton held the spotlight at the regular meeting of the Morton City Council Monday.

Concrete proposals in specific areas were presented to the council by a delegation of women from the local YM Study Club who also asked the panel to resurrect an existing ordinance dealing directly with the subject and to apply more rigid enforcement to it.

The subject ordinance deals with the destruction and clear-up of delapidated houses, removal of abandoned vehicles, etc. It has been on the books for many years, and has been acted upon sporadically through the years, but more stringent enforcement is a definite possibility, City Secretary Elra Oden told the Tribune in an interview following the meeting.

Mrs. Tom White, chairman of the clean-up project committee, led the delegation who appeared before the council. She was accompanied by YM Study Club members Mrs. Daryl Bennett, Mrs. Leonard Groves, Mrs. Bill Wells and Mrs. Robbie Key.

"This was one of the most business-like delegations we have had the pleasure to hear lately, they stated their objectives in business-like terms, wasting no words, then left," Mayor Donnie Simpson stated as he opened an extended discussion of the proposals following their appearance.

A subsequent interview with Mrs. Bennett indicated that their master plan for the clean-up and beautification of Morton goes far beyond the enforcement of the ordinance mentioned above. It was described as a long-range project which would begin with beautification, destruction and rehabilitation work on buildings in the area of the town square and radiate outward to eventually take in the entire city.

"We would like to emphasize that this is certainly not a project to be confined strictly to the YM Study Club, but we will welcome the assistance of any and all persons and organizations who wish to participate," Mrs. Bennett stated.

As the plans and proposals unfold and mature, the Tribune will bring them to

the attention of the citizens of Morton and the surrounding area.

In other business, the council approved unanimously the revision and up-dating of City Ordinance 4-66. This ordinance deals with the discharge of firearms, air rifles, giant firecrackers, etc. within the city limits. The ordinance governing these matters needs clarification and certain sections need to be specifically spelled out.

'Cake-A-Thon', Scouts up Dimes March total

A "Cake-A-Thon" conducted by Radio Station KRAN and three simulated "road blocks" by Boy Scout Troop 601 climaxed here Saturday what is considered the most successful March of Dimes drive in recent history.

These activities, together with a Mothers March for Dimes held earlier in the week, combined to total near \$1,400 in contributions to the drive from the Morton area, it was reported by campaign officials.

The cake auction, in which 69 cakes and other items of food were sold, contributed \$908 to the total, while the Scout road blocks added another \$120. The road blocks were carried on with the aid of local law enforcement personnel who helped the boys stop traffic and solicit contributions on the highways leading into town from the east, south and west.

The Mother's March, conducted January 19 by the Emlea Smith Junior Study Club, netted something in excess of \$300, according to reports by Mrs. Rodney Fralin, club president.

ONE OF THE BEAUTIFUL CAKES that were auctioned off in a "Cake-a-Thon" by the KRAN radio station Saturday is going on the block for lucky listeners to bid on. The auction, which was coordinated by Mrs. Maurice Lewallen, local March of Dimes Drive Chairman, added \$908 to the total in a highly successful fund drive in Cochran county. Handling the mike, left, is auctioneer Tommy Combs, while on the right Mrs. Rodney Fralin holds the next cake up for inspection. Center is Mrs. Shirley Bowers, KRAN employee.

Glenn Thompson announces for Cochran county judge post

Glenn Thompson, local farmer and long-time resident of Cochran county, has announced his candidacy for County Judge subject to the Democratic primary to be held here May 2.

Thompson, 58, who has had considerable experience in county and local administration, has held the county judge's post twice before, the first time from 1947 to 1951 and the second term from 1959 to 1962.

In addition to his two terms as county judge, Thompson has served in several other elective offices, including that as county commissioner from 1941 to 1945. He states that he resigned his post as secretary and member-at-large of the Cochran Memorial Hospital District Board of Governors effective January 20 in order to devote his full time and resources to his campaign for the judgeship and to the performance of his duties in the post if he is elected.

"I feel that I am qualified by experience to serve the future needs of Cochran county in a beneficial manner and will devote my time and energies to the fullest toward that end," Thompson stated in announcing his candidacy. "My past experience, I feel, qualifies me to see and understand the needs of the county and has given me the knowledge and skills to fill these needs with efficiency and economy," he added.

Thompson has been a resident of Cochran county for 35 years. He and wife

Naomi have two grown children, Mrs. George Autry of Enochs and R. E. Thompson, a Roswell, N.M. attorney. They have

Voter registration deadline looming, you must do it now

An estimated 1,500 eligible voters had registered to vote by late Tuesday, according to information released by Cochran county tax assessor-collector Leonard Groves' office.

The latest information released by his office also indicated that it will not be open for registration on Saturday, January 31, which is the normal deadline for registration. That makes 5 p.m. Friday, January 30, the apparent deadline for registering in the county. Time is running out and Groves urges all those who wish to vote in local, state or national elections during 1970 to come in and register now.

This being an election year on the national level, Groves expects a heavier registration than the 1,758 who qualified in 1969, an off-year nationally. A number approaching 2,000 can reasonably be expected on the eligible voter rolls this year, he indicated.

TRAPPED BY ROAD AGENTS...

THIS INNOCENT DRIVER thought he was in real trouble— what with the sheriff's car forming a road block, with red flashing lights and all — until he pulled to a halt only to find Boy Scouts of Morton Troop 601 earnestly soliciting

for the March of Dimes Saturday. Three highly successful road blocks were maintained by the Scouts on SH214 south, the Dora Highway and the Levelland Highway which netted slightly over \$120 for the worthy cause.

Slaton man held here on charge of burglary

Woody Jesse Short, 24, of Slaton remained in custody of the Cochran county sheriff Wednesday in lieu of \$1,000 bond in connection with a break-in at a grain elevator in Morton late last week.

Short was charged with burglary by breaking and entering on the magistrates docket of Peace Justice Joe Gipson Friday.

He was arrested in a late model car about 12:30 a.m. Friday in Morton by a police officer. Police said a check-writer and a check book were found in the car. The break-in occurred at Goodpasture's Elevator here, owned by Bill Jackson.

Charges also were filed in Lubbock against the man in connection with the theft of a car belonging to a Lubbock County employee from the courthouse parking lot Thursday.

★ School census

This is the last week of the Morton school census. Every child who will be six years old before the first day of September 1970, must fill out a census blank. School officials have been able to contact most of the children through brothers and sisters in school. However there are many children who will be beginning that we have been unable to contact.

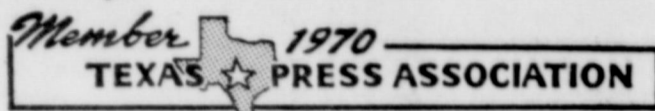

If you have one of these children, please come by the Superintendent's office or the Elementary Principal's office and fill out a census blank. This will mean additional money for the school system with which to educate your child.

"So Red the Rose" program for Whiteface Garden Club

"So red the Rose" was the subject of the Whiteface Garden Club meeting, January 19, at the home of Mrs. Woody Splawn.

Since the Rose is so popular all over the world, the tremendous variety of colors, types and classes can prove a problem in choosing a few for the home garden. This program on planting, fertilization, care, pruning and classification of roses, as given by Mrs. J. L. Schooler, should make the choices easier to make.

In answering the roll call, "My favorite rose," the Peace Rose—the original Peace, was by far the favorite of most members, though several other roses, both new and old, were named.

The full list of officers for the club for the year beginning June 1, 1970 is as follows:

President — Mrs. O. F. Hemphill, 1st Vice-President Mrs. Jerry Marks, 2nd Vice-President — Mrs. Ed Jennings, Secretary Mrs. G. C. Keith, Treasurer Mrs. Woody Splawn, Parliamentarian — Mrs. R. D. Hensley, Sr., Librarian Mrs. J. W. Smith, Reporter — Mrs. S. J. Bills.

Now that semester tests are over and the grades are out, everything is going back to that same old grind. For some these were their last.

One of our outstanding students, Wayne McDermott traveled to Denver City last Tuesday and spoke to the Denver City Lion's Club. He did a fine job.

G. B. — Fourth period wasn't all that bad!

S. C. — Are you still against cruelty to animals?

T. C. — You're up to your old tricks.

B. G. — You had a date with who? I'm confused.

G. P. — Where did you get a name like "Sugar Plum"?

R. C. — Really these pants are just too much.

There were several students who made the All-Region Band. Try-outs were held last Saturday in Littlefield. Congratulations, gang! Next week they will go on for two days for All-Region.

M. D. — Do you believe in the generation gap?

K. P. — Don't get involved with Lana, she's a nut!

R. A. — Who's your barber?

The Junior Class will have try-outs the afternoon for the Junior Play. From what I have heard the play is going to be sensational. There are many parts to good luck to everyone!

W. B. H. — Where did you get that ear piece???

I guess everyone has heard by now that the Indians tramped Tahoka. Tomorrow night the Indians travel to Idaho. Then the following Tuesday, they travel to Denver City. Since these games are away, it is very important that the Indians have our support! So everyone come on out and yell those Indians triumph!

Mrs. McClintock, Mrs. Zuber select recipes for Tribune

We caught Mrs. Derwood McClintock and Mrs. Harvey Zuber during a coke break Monday and they kindly selected two recipes for our readers this week. The Zuber family were named "Constitution Family of the Year" for 1970. Harvey is a farmer and Sonya, 10, Lisa, and Marlin, 12, complete the family. The McClintock family includes husband Derwood, who owns and operates Derwood's Texaco and son Tommy, 13.

Peanut Butter Cookies
 1/2 cup peanut butter
 1/4 cup shortening
 1/2 cup brown sugar
 1/2 cup granulated sugar
 1 egg well beaten
 1 cup sifted flour
 1 teaspoon soda
 Cream peanut butter and shortening, add sugar gradually, beat until light and fluffy, add beaten egg, sift flour and soda together and mix well. Drop by teaspoon on cookie sheet. Press down with fork and bake 10 to 15 minutes at 350 degrees.

ASCS Farm News

By John W. Hall

Secretary of Agriculture Clifford M. Martin said final payments to farm program participants in 1970 will be made as soon as possible after July 1, according to a U. S. Department of Agriculture announcement received by the Agricultural Stabilization and Conservation (ASC) Committee. Payments are expected to be completed as much as two months earlier than in previous years. The speed-up in payments is in recognition of the extreme financing problem faced by farmers and is very welcome news. Most of the 1970-crop payments about \$3.3 billion nationally — will be made to farmers in July or August. Last year in Cochran County, feed grain, wheat and cotton payments were not completed until October 15. This change will make quite a difference. The speed-up applies to all payments to participants in the voluntary farm programs feed grain and cotton price support, wheat marketing certificates, and payments for — voluntary diversion of feed grain and wheat. The USDA announcement stated that arrangements are being made to accelerate preparatory work in order to issue approximately four million sight drafts to producers as rapidly as possible. It said the early payment operation will be consistent with good program administration and will be subject to appropriate Congressional funding action.

The early payment operation will also depend on producers certifying compliance with program provisions somewhat earlier than in the past. Farm program participants are reminded that they can request measurement service when they sign up for the voluntary feed grain, wheat and cotton programs. Sign-up period is February 2 through March 20 at the County ASCS Office. Measurement service is provided at cost. Farm program participants are reminded that they can request measurement service when they sign up for the voluntary feed grain, wheat and cotton programs. Sign-up period is February 2 through March 20 at the County ASCS Office. Measurement service is provided at cost. Farmers who are in the programs must certify the exact acreage they have planted to the program crops and the exact acreage diverted. Certification means that a farmer has complied with the program provisions not that he intends to comply. When he certifies, that means his acreage on that day is exactly what he certifies it is. For some farmers, early certification may mean they will have to move some of their work up a little ahead of what they planned. The big news at the moment, is that final farm program payments for 1970 are expected to reach farmers during July and August.

YM Club holds organizational meeting Saturday, January 24

A committee for the YM Study Club met Saturday, January 24 in the home of Mrs. Tom White. The purpose of the meeting was to organize a Progress Drive for the city of Morton.

A spokesman for the committee stated that members attending the recent chamber of commerce banquet were inspired by the talk given by Mr. Reagan Brown and the club voted at its last meeting to undertake this project.

Several ideas were presented at the meeting for the purpose of revitalizing the downtown area. Some of these were, litter barrels and miniature pine trees placed around the square, exhibiting arts and crafts in display cases of the vacant buildings, signs placed in and out of the city, false fronts for vacant buildings, a community bulletin board and seeing that health ordinances are enforced.

"We, the members of the YM Club, can't begin to accomplish all of these objectives, therefore, we'd like other

interested people, clubs and organizations to join us in making Morton as clean and friendly as the people," Mrs. Deryl Bennett stated in summing up their project. Interested persons may contact any one of the members of the committee Mrs. White, Mrs. Bennett, Mrs. Bill Wells, Mrs. Leonard Groves, Mrs. Jerry Winder, Mrs. Tacker Glenn, Mrs. Robbie Key or Mrs. Kenneth McMasters.

Micronaire in '69 cotton crop said improved over last year

The 1969 cotton crop showed much improvement in micronaire over the 1968 crop, according to W. K. Palmer, in charge of the Lubbock Cotton Classing Office of the USDA.

Final figures of this season's harvest have not been totally completed, but estimations indicate approximately 1,300,000 samples will be classed. Just over 1,500,000 samples were classed by the cotton classing offices on the South Plains for the 1968 season.

Only 23 per cent of the South Plains cotton this season was classed in the White grades compared to 38 per cent for the 1968 season. Light Spotted grades accounted for 49 per cent of the 1968 season. Light Spotted grades accounted for 49 per cent of the 1969 crop as compared to 48 per cent in 1968. Spotted and Tinged grades made up 23 per cent of the 1969 crop and only 14 per cent of the 1968 harvest. Below grades for 1969 totaled 5 per cent compared to less than 1/2 per cent in 1968.

The average staple length for the South Plains for the 1969 crop was 31.41/32nds of an inch compared to 32.7/32nds of an inch for the 1968 crop. Micronaire for the 1969 crop showed 65 per cent in the 3.5 and better ranges compared to 40 per cent in 1968.

Trading was brisk in the Lubbock market the past few weeks according to the USDA's Consumer and Marketing Service. Prices were steady. Average prices paid were: Strict Low Middling 31/32 — 19.70; 1-inch 20.25; 1-1/32 21.15. Average prices paid for Strict Low Middling Light Spotted were: 31/32 — 19.35; 1-inch — 19.60; 1-1/32 19.90. Low Middling average prices were: 31/32 — 18.40; 1-inch 19.05, 1-1/32 — 19.15. Average prices paid for Low Middling Light Spotted were: 31/32 18.40; 1-inch — 18.60; and 1-1/32 18.60. Below grade cotton was bringing 12 to 14-1/2 cents per pound. Prices paid farmers for cottonseed was steady at \$40.00 to \$38.00 per ton. The average price was \$47.00 per ton. This is the final news release for the 1969 to 1970 cotton harvest season.

Mrs. C. H. Silvers reviews biography of Elizabeth Ney

The 1936 Study Club met Wednesday, January 21, in the home of Mrs. Joe Nicewarner for "An Afternoon with the Muses." The quotation for the day was "Art is not an end in itself, but a means of addressing humanity."

Mrs. C. H. Silvers presented a program on sculpture; tracing its history as a form of art from the time the world was young, when terra cotta or baked earth was made into pottery with high or sunken relief designs as decorations. Mrs. Silvers included in her discussion the biography of Elizabeth Ney, the first sculptress of renown in Texas. Educated in the Art Academies of Europe, a rare thing in the

19th century, she came with her nobleman husband, to Texas in the late 1800's seeking a mild and healthful climate. Leading a very unconventional life, Miss Key was a fascinating personality sought out by famous personages of her day such as Caruso and Paderewski, whom she entertained in her studio in Austin. This studio was the first building erected in Texas strictly for art purposes and still is open daily to visitors. Among the most famous of Elizabeth Ney's sculptures are those of Sam Houston and Stephen F. Austin seen in the entrance to the State Capitol of Texas.

At a short business meeting presided over by Mrs. John Crowder the following officers were elected to serve the 1936 Club during the year 1970-71: President, Mrs. Gage Knox, 1st Vice President, Mrs. Bill Sayers, 2nd Vice President, Mrs. Maurice Lewallen; Secretary-Treasurer, Mrs. John L. McGee, Corresponding Secretary, Mrs. Joe Nicewarner, Parliamentarian, Mrs. W. W. Smith, Historian, Mrs. D. E. Benham and Reporter, Mrs. M. C. Ledbetter.

Others attending were: Mesdames L. F. Hargrove, Glenn Thompson, Cyrus Fields, Joe Gipson, Neal Rose and W. C. Benham.

LeFleur Garden Club hear lecture on pruning, grafting

"Experimenting with a Purpose" was the program theme for the January meeting of the LeFleur Garden Club.

Mrs. L. Z. Scoggins was hostess. Roy L. McClung, county agent, presented the program on grafting and pruning. "Reasons for pruning are to remove dead limbs, rejuvenate plants, develop or maintain shape, repair injury, kill disease and insects," stated Mr. McClung.

Be sure to do your pruning and collect your graft wood in February or March while trees are dormant, McClung said.

In demonstrating how to graft (using a pecan tree as an example) Mr. McClung advised using a bow saw, cutting straight across the limb leaving one or two side branches below the cut. Cut a clean shield by removing a thin layer of rough outer bark.

Select smooth, straight wood with 2 or 3 plump buds, wood should be at least 6 inches long. Two parallel cuts through bark, form an inlay pattern. This should be same size as lower section of the graft.

Peel back the bark, press the flap of bark against the graft, remove about half of the flap of bark, using 18 gauge wire nails, secure at top and bottom, place a polyethylene bag over graft and secure with grafting tape.

Following the program the president conducted a business meeting.

The nominating committee presented the following slate of officers for 1970-71: President, Mrs. Olen Darland, 1st Vice President, Mrs. Owan Egger, 2nd Vice President, Mrs. Don Samford, Secretary, Mrs. E. R. Fincher, Treasurer, Mrs. Buford Elliott, Parliamentarian, Mrs. C. W. Wiggins, Librarian, Mrs. W. A. Woods, Reporter, Mrs. L. Z. Scoggins.

Reports were given on workshop at the zone meeting in Ralls by Mrs. Samford and Mrs. Darland. The program for the Ralls meeting "Golden Opportunities in Flower Arranging" was presented by National Accredited Judges of Central Zone Mrs. Roy Hill of the LeFleur Club presented a Stable Abstract Arrangement.

Commissioner White to give grain sorghum report today

Texas Agriculture Commissioner John C. White will report on the state's grain sorghum research and promotion program today (Jan. 29) as a highlight of the 18th annual Grain Institute at Red Raider Inn Convention Center.

The state official's presentation is scheduled for 11 a.m. after the first formal session of the two-day institute opens with registration at 8:30 a.m.

Other Thursday morning speakers include Bill Clayton, director of Water, Inc.; Dr. Jerry W. Johnson; Texas A&M Research and Extension Center, Lubbock; and John J. Seibert, grain marketing specialist with the Texas A&M Extension Service.

Executive Secretary Raymond R. Nolen of the Texas Grain and Feed Association will moderate the session with Carter "Buck" Lindsay of Plainview, superintendent of Harvest Queen Mill & Elevator, delivering introductory remarks.

A luncheon program Thursday will be presented by Texas Tech Agronomy Prof. Carol Ayers and his crops judging team. Thursday afternoon will be devoted to a bus tour of feedlots.

Lindsay is president of the institute and Prof. Ira Williams of Texas Tech's Agricultural Engineering Department is

first vice president and program chairman. Robert Hand, manager of the Lubbock Chamber of Commerce Agriculture Department, is secretary of the institute.

The Thursday night banquet speaker will be Dr. L. S. "Bill" Pope, associate dean of the College of Agriculture, Texas A&M University.

Texas Tech Agricultural Sciences Dean Gerald W. Thomas will moderate the Friday session which will feature talks by Dr. Gene C. Shove, associate professor, Department of Agriculture Engineering, University of Illinois; Richard R. Jagels, manager, Hereford Feed Yards; Harold L. Priddy, Fred Shell Grain Company, Ralls; Lew Marshall, Agricultural Computing Company, Amarillo; and Glenn A. Weir, director, Grain Division, Agricultural Stabilization and Conservation Services, U.S.D.A., Washington, D.C.

Prof. Williams said an attendance of approximately 150 persons is expected. A program for women who accompany their husbands to the meeting calls for two tours and a luncheon Thursday and a tour and luncheon Friday. The wives will tour the State School for Mentally Retarded Thursday afternoon and Lake Ransom Canyon Friday morning.

Lamest man appointed district census chief

Appointment of Billy L. McCasland of Lubbock as District Manager of the 1970 Census of Population and Housing in this area was announced today by director Percy R. Millard of the Census Bureau's regional office in Dallas.

Mr. McCasland is a native of Lamesa, a graduate of Texas Tech and for the past 15 years has owned and operated a cotton gin in Lubbock.

From the District Office located at 1616 19th St. in Lubbock, Mr. McCasland will supervise all phases of the census in the following counties: Andrews, Borden, Cochran, Crosby, Dawson, Floyd, Gaines, Garza, Hale, Hockley, Lynn, Lubbock, Martin, Midland, Scurry, Terry, and Yoakum.

On January 26, following several days of intensive training in the Regional Office, Mr. McCasland came on duty and began setting up the District Office. He will direct a force of 29 crew leaders and 440 census takers throughout the area.

Taking the 1970 Census nationally will require the services of 12,000 crew leaders, 160,000 census takers, and 393 district managers, in addition to 13,000 office personnel.

Also under discussion, with no action taken at this time, was the need for running a new natural gas line from the city limits to the point where the Morton line connects with its supplier, the El Paso Natural Gas line, near Whiteface.

Considerable discussion was held on the subject and it was the consensus of the council that a new line was necessary for the dual purposes of eliminating the present leaks in the old line and to cut down substantially on the distance the gas would have to travel through the lines, hence saving the city production costs.

This is still strictly in the discussion stage and any specific action on it is not expected in the immediate future, Oden told the Tribune.

The Pep Ex-student Association have scheduled their homecoming for all former students, teachers, patrons and friends Saturday January 31.

Registration will begin at 4:30 p.m. with an open house throughout the afternoon.

A basketball game is scheduled for 5:00 p.m. and a banquet at 6:30 p.m. in the school cafeteria. Banquet speaker will be Owen C. Commor, Pep school counselor. Elroy Sinnacher, member of the 1951 graduating class, will be master of ceremonies.

The 1970 Homecoming queen will be crowned following the banquet, according to Mike Albus, president of the Ex-students Association.

The evening activities will close with a dance.

Vanlandingham takes program director post

Don Vanlandingham, son of Mr. and Mrs. W. C. Vanlandingham of Morton, took over duties as director of programming at KSCB Radio in Liberal, Kansas, it was announced this week.

Vanlandingham has been with the Alf M. Landon chain station for almost two years, moving to Liberal from Morton in June of '68. He is 21 years of age, and has been in the broadcasting business six years, beginning his career in Morton, at Station KRAN. He also worked at KLVT in Levelland while attending South Plains College. KSCB radio is a dominant number one rated station in Southwest Kansas, and serves portions of

Study club hears McClung on conserving our resources

Roy McClung, County Agent, spoke to the Town and Country Study Club on "Conserving Our Natural Resources," Wednesday afternoon, January 21.

An interesting set of slides was shown on wildlife, soil, water and recreation. McClung stressed the importance of saving our natural resources now to insure them for the future generations. He gave suggestions on proper care for the soil, such as contour farming and leaving crop residue on the land to prevent soil erosion and to conserve and hold the rainfall. "Wildlife also needs feed, protective cover and water places provided by landowners. Hunters also can help conserve wildlife by shooting only legal limits during the hunting season," McClung stated. Care should also be taken concerning pollution of air and water, especially with chemicals ad feedlot waste.

Mrs. LeRoy Johnson and Mrs. Willard Henry were hostesses for the meeting. The group was happy to welcome a new member, Mrs. Tom Livesey, formerly of California.

During the business session, presided over by the president, Mrs. Willard Henry, the group decided to bake and donate cakes to the annual March of Dimes Cake-a-thon conducted by the KRAN radio station.

Texans to reap big benefits from 15 percent SS increase

XResidents of Texas will receive an additional \$167,000,000 in 1970 as a result of the 15% increase in Social Security benefits, Wayman E. Register, Dallas Region-

Commissioner of Social Security, stated. The law recently passed by Congress and signed by the President became effective as of January 1, 1970.

Social Security beneficiaries need not apply for the 15% increase, as each of the 1,208,000 men, women and children in Texas now on the benefit rolls will receive the increase automatically, Register said.

The first regular check in the new amount will arrive the first week in April on the usual day for the delivery of benefit checks. A separate check for the amount of the increase for the months of January and February should reach the beneficiary during the last week in April.

Mr. Register estimated that the total Social Security payments to retired or disabled workers and their dependents and for survivors in Texas for 1970 will amount to \$1,283,000,000.

Refiguring the benefit amounts for the 25,000,000 now on the rolls in the United States is a tremendous task and it must be done without disrupting the regular monthly payments.

One out of eight Americans is now receiving Social Security checks each month. As of the end of December, these monthly payments totaled 2.2 billion and the monthly total will go up by \$45 million as the 15% increase becomes effective.

South Plains Scout leaders hold annual recognition fete

SOUTH PLAINS INS TRI 2 36

More than 650 Scout leaders and their wives jammed the Texas Tech Student Union Ballroom Saturday night for the 4th Annual Recognition Banquet of the South Plains Council, Boy Scouts of America.

They heard Chief Scout Executive Alden G. Barber, New Brunswick, New Jersey, challenge them to meet the goals of the BOYPOWER 76 program. Barber outlined the challenge as deeply involving a representative one-third of all boys in the Scouting program by 1976. 1970 is the second year of the national long-range plan.

The Silver Beaver award for "distinguished service to boyhood" was presented to four area Scouters. They are Jack Baker, Lubbock; Wendell Brown, Plainview; Charles Varner, Lamesa; and D. L. Miller, Petersburg.

Installed as president of the council for 1970 was Judge Halbert O. Woodward, Lubbock. He succeeds Jack F. Strong, Lubbock, who has served as president of the 20 county area council for the past two years. Col. Haynes M. Baumgardner, Lubbock, was named Council Commissioner.

Carl Minor, Lubbock, retiring Council Commissioner, interviewed several Scouters and presented them with tokens of recognition from the council. They included Roy Pyeatt, Tulia, and L. A. Forsythe, Tahoka, who were presented with 25 year veteran Scouter pins, and E. B. Gaither, Tahoka, who was recognized as a 20 year veteran. Also recognized were the top Scouts of the council. Presented with statuettes were Rhonnie Crawford and John Brand, Lubbock; Tony Ellison, Ralls; and

Mike Branon, Lamesa.

A special recognition was given to Scout Larry Kemp, Plainview. Kemp was presented with a Medal of Merit for meritorious action by Kirk Henry, Dallas, Regional Scout Executive. The award was conferred by the National Council, Boy Scouts of America, for Larry's action last summer when he gave life-saving artificial respiration to a neighbor who had suffered an electrical shock.

Bruce Moran, Lubbock, served as master of ceremonies for the event. Special guests included Dr. F. W. Mattox, president of Lubbock Christian College; Dr. Glenn E. Barnett, Executive Vice President of Texas Tech; Joe Davis, Cimarron, New Mexico, Director of Philmont Scout Ranch; Mike Mazzone, also of Cimarron, Director of the National Executive Institute for professional Scout leaders; and Earle N. Parker, Fort Worth, Regional Chairman for Region 9, Boy Scouts of America.

Soil testing time

It's time to collect soil samples from fields or pastures in order to get fertilizer and/or lime down while the land is being prepared. The only sure way for determining plant food requirements for crops and pastures is through a planned soil testing program, reminds C. D. Welch, Extension soil chemist. The planned program, he adds, includes careful attention to the taking of soil samples. Test results can be no better than the samples from which they are derived.

4-H and you...

An objective of the 4-H program, the youth phase of the Texas Agricultural Extension Service, is to assist 8-19-year olds to become creative and productive citizens. 4-H offers opportunities to its members in many fields including community development and increased leadership responsibilities.

Freshmen, junior high mark second week of perfect play

Morton's junior high and freshmen teams went through a second straight week of undefeated basketball play as the three teams won big in every game and racked up another tournament championship.

Morton's freshmen, now 12-3 for the year, host Denver City today in an attempt to gain revenge for an earlier loss. Game time is 4:30 p.m. Meanwhile the seventh and eighth grades will be playing Denver City at the same time today.

The seventh and eighth grade B teams travel to Lubbock today to play in their senior high tourney.

Monday two freshmen games against Brownfield will be played in Indian gym while the seventh and eighth grades travel to that city for a pair of games.

The Indian freshmen put together their biggest win of the year Monday as they jumped to a 91-28 win over Littlefield. Five of Coach Lester Dupler's squad hit in double figures and every member of

the 10-man team got on the scoreboard. Willie Harrison was tops in scoring with 19, Ted Thomas had 14, Jimmy Harvey hit 13, and Phil Graves and Mike Hunter had 10 each.

Morton's eighth grade squad brought home their third tournament championship last Saturday after breezing through the Springlake Tournament. Morton won over Muleshoe, Dimmitt, and Friona without the aid of the top scorer, Larry Thompson, who had been hospitalized because of illness.

The Indians topped Muleshoe for the fifth time, 40-23, as Mark Fluitt hit 13 points. He scored 12 as the eighth graders took out Dimmitt, 44-23. David Palmer was the leading scorer in the finals against Friona as he clipped in 15 points in leading Morton to a 40-32 victory.

The eighth grade has lost only to Muleshoe and Levelland this season, but they picked up their eighteenth win and tenth in a row with a 59-32 win over Littlefield Monday. Larry Thompson returned to the team and dropped in 25 points.

The seventh grade took the measure of Littlefield's eighth grade B team by a 40-15 score. The seventh graders are now 6-6 for the year.

Corp. Frank E. Rankin

Marine Corp. Rankin visits family on leave following Viet duty

Marine Corporal Frank E. Rankin, son of Mr. and Mrs. Dan F. Rankin of Three Way, is presently home on leave following a combat tour in Vietnam.

Rankin returned to the United States January 21, following a year of duty with the First Marine Division there. While in the combat zone his time was equally divided between his duty as an embarkation specialist at Da Nang and patrol and combat activities in the field with the infantry. This latter action earned him the Combat Action Ribbon with the Cross of Gallantry award added by the Vietnamese government.

He has been reassigned to El Toro Marine Base at Santa Anna, California where he will report February 20, following his 30-day leave at home.

Rankin received his training at San Diego and Coronado, California prior to his departure for Vietnam on January 26, 1969. He enlisted in the Marine Corps in July of 1968.

Indians down Tahoka 77-56; hold second place in district

Morton's Indians bounced back from their first district loss to trim the Tahoka Bulldogs 77-56, at Tahoka last Friday to remain in the thick of the conference 4-AA race.

The win was the seventeenth of the season for the Tribe against six losses, and was the second district victory against one loss. Tahoka was left with a 1-2 mark after the game.

The win also marked Morton's continued domination in the Tahoka series that began last season when the Bulldogs moved up to district 4-AA. The Tribe stopped Tahoka twice last year.

The Indians joined Idalou and Post as winners of Friday night's games. Post trimmed Friendship, 57-49, while Idalou was taking the measure of Denver City by a 75-52 margin.

M. C. Collins put together 25 points, his highest total since canning 31 against Seagraves in the Plains Tournament, and paced all scoring in leading the Tribe to the important district victory. Dewayne Schalknecht was high for the losers with 22 tallies.

The Indians and the Bulldogs sized up

one another in their first meeting of the year, and after four minutes, the game was in a 10-10 deadlock, but Morton's press began to take its toll and the Tribe jumped out in front 20-14 within two minutes, and as time ran out in the first quarter, the margin had spread to 24-16.

The Bulldogs were not going to quit without a fight and roared back in the second quarter to outscore the visitors, 16-9, and trimmed the Indians' lead to 35-32.

The Indians' versatile sophomore guard, Keith Embry, racked up seven straight points on three field goals and a free throw and put the Indians out in front with a 51-39 lead early in the third period. Morton led 54-41 at the end of that quarter and then coasted to the 77-56 win.

The B team was idle Friday night.

A "flavor-releasing foil" recently developed has flavor pockets that can be filled with seasonings and spices carried in a basting oil or butter. Marketing specialists report that the foil will flavor meats as it cooks. It may be used in barbecue packaging.

Grain sorghum feedlot study to highlight institute meet

Grain sorghum research and effects on the grain industry of feedlot growth will be two themes for discussion at the 16th annual Grain Institute today and tomorrow at the Red Raider Inn Convention Center.

Texas Agriculture Commissioner John C. White and a group of industry and educational leaders headline the list of speakers for the two-day event, which will include two luncheon sessions and a banquet.

Ira Williams, Texas Tech professor of agricultural sciences, is chairman of the program, expected to draw about 150 persons.

at Tech, is to be moderator for the Jan. 30 morning meeting.

Special events for women in conjunction with the institute include coffees, a Lubbock Club luncheon and tours of the Lubbock State School for the Mentally Retarded and Lake Ransom Canyon.

Services Saturday for Mrs. Willie Key

Services for Mrs. Willie Pearl Key, 85, were held at 2 p.m. Saturday in the First United Methodist Church with the Rev. Rex Mauldin, pastor, officiating.

Burial was in Morton Memorial Cemetery under direction of Singleton Funeral Home.

Mrs. Key, a native of Henrietta, died Wednesday in Cochran Memorial Hospital. She came to Morton in 1944 from Roswell, New Mexico.

Survivors include three sons, Richard of Morton, Harold of Pasco, Washington and Malcolm of Eastland; five daughters, Mrs. Leon Nash of Floyd, New Mexico, Mrs. Bob Main of El Paso, Mrs. Lloyd Jackson of Portales, Mrs. Lowell Payton of Hobbs and Miss Keva Key of Morton; a sister, Mrs. J. Credit cards, credit cannot be used for income tax payments

The Internal Revenue Service announced today that it has not entered into any arrangements with banks or others for the payment of taxes by credit card through any other credit means. The IRS said it will not accept credit cards and that any credit arrangement for the payment of federal taxes is strictly between the taxpayer and his bank or other credit company.

On the other hand, if a check or other instrument issued by a bank or credit company and used by a taxpayer in payment of taxes is acceptable by the Federal Reserve District concerned as a negotiable instrument for banking purposes, it will be accepted by the IRS. The IRS said, however, that if a check or similar instrument is not honored by the bank in which it is drawn, the taxpayer may be subject to penalties.

The tax laws provide a penalty of one percent of the amount of any dishonored check and a minimum penalty of \$5.00. This is in addition to other penalties and interest for non-payment of taxes.

Area teachers attend counselors' workshop

Three teachers from the Morton area attended a day-long Counselors Workshop Jan. 26, sponsored by the Region XVII Education Service Center in Lubbock.

They include Robert Taylor of Morton, Lasca McChristial of Sundown, and C. Royce Elain and James H. Sinclair, both of Whiteface.

The workshop was primarily concerned with measuring interests and values and evaluation of case presentation submitted by several of the over 100 participants. Dr. Weldon E. Day, director of planning and research for the ESC, said.

Dr. Donald Super, and internationally-known educator-psychologist from Columbia University, conducted the sessions and served as mediator for the discussions. Dr. Super is presently professor of psychology and education at Columbia and has written extensively in the area of vocational counseling.
