

# School lunch program to get close scrutiny

petition bearing 36 signatures and three areas of suggested improvement for the Morton school lunch program was submitted by a group of interested mothers to the board of education at its regular monthly meeting Monday night.

Mrs. Danny Key acted as spokesman in a delegation consisting, besides herself, of Mrs. Ira Brown, Mrs. Floyd Rowland, Mrs. Jackie Randolph and Mrs. Mrs. Clayton, who appeared before the board to air their complaints concerning the present program and to offer a list of suggestions for improvement.

The appearance of the group was the result of a meeting of students' mothers at the Methodist Church Thursday afternoon when the petition was designed, according to information given by Mrs. Clayton.

The three areas of contention presented by the group were:

Price raise.

If a raise is necessary for a better food.

The food is adequate — preparation and planning are the problems in this area.

Charge outsiders more (.75 or more).

Machines (coke, candy, etc.) in the schoolroom.

No nutrition is gained from these items.

The student will skip the plate lunch these "junk" items.

They tempt younger children to steal from others money.

More capable supervision is needed.

To manage the other workers.

To plan menus for nutrition and economy.

To use commodities more invitingly.

To eliminate recipes or foods not being eaten.

To post duties and stick to published menus.

The board directed superintendent Bob Travis to make a comprehensive survey of the present lunch program with emphasis on areas of improvement. In an interview with the Tribune, Travis said "that's just what I will be doing for the next couple of months and I can guarantee you that when school opens in the coming year, there will be substantial improvement in all areas of the program."

Travis went on to explain some of the problems presently encountered in the program. "We are still receiving commodities, but in not nearly as large amounts as we have in the past. This is especially true in the area of meats. We must go to the open market for much of our meat now and, with prices the way they are, we have a rough time of it."

We operated in the black this year for the first time in many years and this was on a price of .35 for elementary pupils and .40 for high school students and

## Babe Ruth, LL play feature tight, loose games during week

Babe Ruth baseball blasted off Thursday night with the Morton Indians and Whiteface hooked up in a duel that spelled suspense—suspense that is, until the Indians broke it wide open in the seventh frame to wrap up the victory.

The Indians jumped off to a good start as their pitcher, Williams, scored the first of four he tallied in the game in the top of the first inning. The Tribe was blanked in the second but came to life in a big way in the third when Williams, Carter and Soliz each scored a run to put them ahead 3-2.

Whiteface wasn't exactly sleeping, however and after wracking up two in the first, added three more in the fourth to tie up the ball game after Williams had tallied one more for the Indians in the top of the fourth.

Whiteface moved ahead with one more in the fifth while blanking the Indians in the fifth and sixth.

The resurging Indians blew the game out of sight in the top of the seventh with a seven-run outburst that put the contest on ice, and sent them home with a victory to the tune of 12-6. Scoring in the big seventh frame were Williams with his fourth, Trejo, second base; Gilliam, first base; R. Keuhler, third base; D. Keuhler, center field; Zuber, left field and Fluitt, catcher.

Winning pitcher was Williams who seemed to be everywhere at once and Fluitt behind the plate. The losing battery was Peden who went the route on the mound, as did Williams, and Marshall the receiver.

Unlike Thursday's hard-fought crowd pleaser, the Mets had an easy time of it Friday while taking the Tigers to the cleaners 13-0.

The redoubtable Mets took the roar out of the Tigers by scoring once in the first, five in the third, one more in the fifth before closing the gates with six big tallies in the sixth. The Tigers' only threat was when they got a man to third base in the second frame. No one got

# Cleanup campaign wins award

The long-extended and dedicated efforts of Morton's citizens in their cleanup and beautification program were crowned with success this week in the reception of a high state award.

Morton was among a small number of selected towns to receive a certificate of recognition from Gov. Preston Smith's Community Achievements Program titled "Texas Communities Tomorrow." This is a signal honor for a community of this size and indicates outstanding efforts in improving the community and the environment of its citizens.

Mrs. Leroy Johnson, president of the Caprock District, Texas Federation of Womens Clubs, attended the Governor's "Beautify Texas Council" workshop and luncheon June 11, and accepted the certificate on behalf of the Young Matrons Study Club of Morton who sponsored the program of beautification entitled "Join Us For Progress."

Mrs. Tom White, of the YM Study Club and chairman of the "Join Us For Progress" committee, provided the basis for the award with a highly comprehensive and elaborately bound scrapbook depicting the economic growth, civic improvements, beautification efforts and other activities carried on by the community in efforts to improve their way of life.

When notified of the award Mrs. White stated it has been through the efforts of all the service clubs and organizations as well as a great number of individual citizens that has made this award possible. The YM Study Club members would like to express their deep appreciation to each and everyone of those who contributed in any way to our beautification and improvement program.

Our hope now is that we can continue to go forward with the program in such a manner as to win a first place award next year," she concluded.

Evidence of the effectiveness of the improvement program can be seen daily in most all areas of Morton, but most noticeably in the courthouse square area.

## Wind-blown press box toppled into bleachers

The strong winds that blew here last Thursday has proven to be quite costly to the Morton Independent School District.

The press box that sits at the top of the west stands in Morton Indian Football Stadium was blown over by the wind and came to rest in the bleachers causing a substantial amount of damage both to the press box itself and to the seats.

Morton schools superintendent Bob E. Travis informed the school board of the situation at the regular monthly board meeting Monday night and estimated to them that it will cost in the neighborhood of \$2,200 to repair the damage to the bleachers and to replace the press box.

MORTON RECEIVES HIGH HONOR...

THREE KEY PERSONS in the Morton improvement and beautification drive that culminated this week in the city receiving a certificate of recognition for its efforts in Governor Smith's community achievements program "Texas Communities Tomorrow" are shown above displaying the certificate and the winning scrapbook entry that won the

award. Left to right are Mrs. Leroy Johnson, president of the Caprock District, TFWC, who received the award on behalf of the YM Study Club; Morton Mayor Donnie Simpson and Mrs. Tom White who is chairman of the YM Study Club's "Join Us For Progress" committee which initiated the improvement program.

## Area weather turns white hot, bone dry after mild spring

The weather in the Morton area has taken a sharp turn in the first half of June from what was recorded over the three month period of March, April and May.

Those three months were characterized by mild temperatures and a small, but noticeable, amount of moisture, while June has been a month so far of unusually high temperatures and practically no moisture. In addition to the hot, dry weather that has the newly planted crops in deep trouble, high winds and blowing sand have caused a substantial amount of crop loss.

The lateness of the season, coupled with the lack of moisture, makes replanting a dubious proposition according to some area farmers who have lost their crops to the wind. Most, however, indicate that they will re-plant and hope for a late frost.

Morton was near the bottom in recorded moisture during the March, April and May period with 2.88 inches being reported. The average temperature recorded here in a recent summary of High Plains areas by the U.S. Weather Bureau, was 55.6 degrees, which put Morton near the bottom again as compared to other towns.

Muleshoe, with a recorded precipitation of 1.49 inches, was lowest on the report, while Lubbock, with 6.71 inches led all the rest.

The three-month precipitation totals and spring season average temperatures included in the summary were: Aspermont, 6.88 inches, 59 degrees; Big Spring, 5.82 inches, 62.3 degrees; Brownfield, 5.82 inches, 57.2 degrees; Floydada, 3.82 inches, 55.6 degrees; Friona, 2.02 inches, 54.2 degrees; Hereford, 2 inches, 52.9 degrees; Lamesa, 4.91 inches, 59.1 degrees; Little-

by a pledge of support for the government being sponsored by various Lions Clubs in this area.

The pledge certifies the signee's support of the President, the Governor and the Mayor and their policies designed to quell violence, promote peace and bring about freedom, concord and unity in our country. There has been a strong response to the pledge which has been published in area newspapers in the form of a coupon which may be signed then clipped out of the paper and mailed to the Mayor in the signee's town.

The objective is for the Mayor to forward all he receives to the Governor, and he in turn to the President as a sign of support for his efforts toward the above goals. Coming on the heels of student violence on the Cambodian issue, the pledge appears to have reflected the "silent majority's" strong reaction to the

student's unruly behavior.

There has been rumored a possibility that President Nixon may attend the All-America football game at Texas Tech on June 27. If he does, there is a movement underway in Lubbock and elsewhere to collect as many thousands of the pledges as possible for presentation to him by Governor Smith at that time. This is merely conjecture at this time.

The Idalou Beacon newspaper, which published the coupon last week, states that over six hundred persons responded by returning the pledge to the Mayor. Four Mortonites, Mrs. Alma J. Altman, George W. Autry, Treva Jo Autry and Mrs. Mark Kennedy, clipped the coupon and returned it to Mayor Donnie Simpson last week.

Below is the pledge to be used by all who desire to. Three from the Tribune are already on their way.

TO: The President, The Governor, The Mayor

I consider it a blessing, an honor and a privilege to live in the United States of America. I pledge to loyally support the President, the Governor, the Mayor, the Police Department, and all other officials in their actions designed to quell violence, promote peace and bring about the freedom, concord and unity for which our nation was founded and which stands as a bulwark in a world threatened by oppression.

I voluntarily affix my signature to this paper as proof of my allegiance.

Signed \_\_\_\_\_

After signing, send to your Mayor, who will forward to your Governor, who will forward to your President. You may mail or deliver this pledge to City Hall, or you may enclose it with your water, light, telephone bill, or any other correspondence with the city.

## NEVER-ENDING CYCLE...

AREA FARMERS have been putting seed into the ground for the past three weeks as a part of the never-ending cycle of plow, plant, reap and sow again that has been the life of men of the soil throughout the ages. Hot, dry weather with

more than average high winds make the prospects of a good crop year a waning hope in the Morton area this year. Winds have already put some crops out of commission, with a lack of moisture making replanting very risky.

## — EDITORIAL —

(EDITORS NOTE — The following release was made by Byron Fullerton, associate dean of the school of law at the University of Texas in Austin, who we understand, is also a candidate for Lieutenant Governor. The Tribune makes it clear that we have never before heard of the man or his candidacy. However, this particular statement seems to us to be of sufficient importance, and so reflective of these difficult times, that we decided it is in the public interest to publish it — without comment.)

"Much of the alarmed comment being voiced about campus disorders implies that, somehow, the parents of today's crop of students are to blame for the whole regrettable mess.

Over and over we hear it said that parents send their kids off to school just to be rid of them, and that parents really don't care what happens to their children and are unconcerned about what they might get into away from home.

Such chatter is unthinking, unfair, and absolutely untrue!

Parents send their children to our colleges to get them educated. For many of them, the effort represents a lifetime of saving, scrimping, and self-denial . . . and fulfillment of a dream that their children can "have it better than they had." More affluent parents may send their children to college with less sacrifice, but certainly with no less desire to have them properly educated.

Who can believe that any parent, anywhere, would knowingly send a child away from home to learn about disrespect, dope, and the destruction of Democracy? Who can believe that any parent whose child falls victim to those evils is any less grieved than any of us would be?

Thousands upon thousands of serious students are educationally displaced by a militant few on our campuses and parents are getting too much blame for it. To some extent they are being made scapegoats for laxity and breakdowns in other areas of authority in circumstances over which they have no direct control.

Through determined effort of public officials and school administrators the situation could be under control by the time our schools reopen in the fall. Existing regulations, with a little stiffening and a lot more enforcement, are sufficient to re-establish order on our campuses."

## Agriculture producer's expenses usually high

What resources are needed for full employment in an agricultural enterprise and what are the returns?

Farmers continually ask county agents these questions, Tom E. Prater, Extension farm management specialist at Texas A&M University, reports.

Equipment, livestock units, land requirements, feed resources and similar items are the bundle of resources considered in developing income and expenses for an enterprise and the basis for borrowing finances, Prater said.

"As land, farm equipment, livestock and various input items increase in price it becomes more important to estimate the resources needed for certain levels of return and full employment," he said.

"If you are looking for full employment in beef cow-calf operation it will take 300 mother cows," Prater said.

Estimated return to labor-management, \$5,703 should be realized on 24 cent calves and an estimated return of \$13,281 on calves sold at \$30 a hundred weight.

With 300 mother cows, 2,500 hours labor and a \$164,250 average annual investment are required, Prater said. The annual fixed expenses are estimated at \$14,462 and the annual operating expenses are approximately \$15,985, he continued.

"This may be improved by including a stocker or conditioning program, or by a pasture-forage fertilization program," Prater added. "Detailed information may be obtained from the County Agricultural Agent who has a publication, MP-931 revised, available to those who desire the information."

## Surviving spouse or parents have last 'say' in burial

Within hours after her husband died, she received a long distance telephone call from his brother. She was asked to hold off the funeral until 14 days later, he said.

Grace made him no promises. In the funeral was already over by the time the brother arrived. Shocked and angered, he filed a damage suit against Grace, demanding compensation for the mental anguish she had inflicted on him.

However, the court turned down the brother's claim. Whatever his moral claim may be, said the court, he had no legal right to be present at the burial. Generally speaking, the final "say" at a funeral belongs to the surviving spouse — or, in the death of a child, to the surviving parents. This includes not only choosing the place of burial, but also the time for the proceedings.

Further, it includes even the method of burial. In one case, a farmer buried his infant son in a crude wooden box which he had put together himself. Indignant relatives and neighbors had him removed on a charge of failing to provide a decent burial. However, a court found no basis for the charge.

What would be regarded as entirely proper by one might be regarded as altogether unsuitable by another," said the court. "No rule can well be formulated."

It may be a different story, however, if someone takes on an affirmative obligation to handle the funeral in a particular manner. This is the kind of obligation an undertaker owes toward his customer. Thus:

The undertaker went ahead with a burial

before the family of the deceased had arrived at the cemetery. When the family later haled him into court, he pointed out that they had arrived after the appointed time. Nevertheless, he also conceded that the burial was not supposed to take place except in their presence.

Under these circumstances, the court ordered the undertaker to pay damages. The judge said:

"(He) was guilty of a callous assault upon the sensibilities and feelings of the bereaved."

## Grain sorghum production, use investigated by Tech

Forty-three investigators from nine departments of Texas Tech University are conducting research into production and use of grain sorghum.

They and former researchers no longer with the university have completed 197 reports of their findings regarding the crop, which continues to increase in economic importance to Texas.

These reports and the names of researchers have been catalogued by ICASALS Special Report No. 34 entitled "Grain Sorghum Research" by the colleges of Agricultural Sciences and Home Economics — available upon request.

Most reports are available in reprint form to persons interested in the crop research. The publication reports the 1969 grain sorghum output in Texas was approximately 310 million bushels, with more than half of it being produced in the High Plains of Texas.

The local supply "has been a prime factor in the tremendous growth" of cattle feeding, and the rapid development of the swine industry in West Texas "is also largely attributable to the region's production of sorghum grain," it says.

A 1966-67 survey showed grain sorghum represented 83% of all concentrates fed in Texas feedlots.

"As the dynamic billion dollar High Plains livestock feeding industry expands," the bulletin says, "the grain sorghum industry must continue its growth at an accelerated rate."

Grain sorghum is expected to become more important year-by-year as a source of food for human consumption.

It can provide "inexpensive, palatable and nutritionally complete food for humans when properly supplemented," the report says. "Several types of satisfactory food products have been developed but the manufacture of acceptable food from grain sorghum requires continued exploration."

Tech faculty and investigators agree that "new knowledge gained through research and education holds the key to

future economic growth of the grain sorghum industry" and that Texas Tech "is a better position than any other organization to make this contribution to the West Texas portion of the industry."

Departments and divisions contributing to the interdisciplinary grain sorghum research are Agricultural Economics, Agricultural Engineering, Agronomy, Animal Science, Food Technology, and Entomology, all in the College of Agricultural Sciences, Food and Nutrition in the College of Home Economics, ICASALS, and the Texas Tech Research farm and Killgore Beef Cattle Center at Pantex.

### Rites in Lamesa for father of local resident

Funeral services were held Friday at 3:30 p.m. in Sunset Baptist Church in Lamesa for Clyde E. Mason, father of Mrs. Earl Brownlow of Morton. Rev. R. W. Blackman, pastor, officiated.

Mason, 75, died in Medical Arts Hospital in Lamesa at 6:30 a.m. Thursday, June 11. He had been a resident of Lamesa since 1923.

Burial was in Lamesa Memorial Cemetery under direction of Branon Funeral Home.

Survivors include his wife, Alice, his daughter, Mrs. Brownlow, three grandchildren; Mrs. Charles DeVore of Lamesa, Mrs. Noel Crow of Morton, and Clyde Brownlow of Amherst; a sister, Mrs. Ella Foshee of Napa, California; 8 great-grandchildren and three great-great-grandchildren.

# Putting Money in the Bank

... a bank you can draw on for customers, a job, friends in time of trouble, schools for your children, churches for spiritual help ... and the good life in this community ... where everybody is Somebody

**Every time you spend a dollar in this community for goods and services, a substantial part of that dollar automatically becomes an investment in an enriched social and business life for YOU and your family and friends.**

**It's an investment you can draw on every day of your life ... an investment that pays big dividends in happiness and prosperity, as it strengthens and builds up the vitality of this area in which you live ... and in which YOU are important.**

**Contrast this with what the community-building and supporting part of your dollar does for you when you spend it away from home, send it to some mail order house, or surrender it to some migratory peddler.**

**It's gone. To support some other area ... to build up wealth that YOU can never draw on ... and to strengthen those who aggressively drain off the trade of your community ... to weaken your business, your schools and churches, to eliminate your job, and devalue your property.**

# Expanded international fair opens to public Wednesday

San Antonio's International Trade Fair, opening from this city's 1968 world's fair, opened its doors to the public a second time Wednesday, June 17.

Exhibits include the exciting British "overcraft," which may be demonstrated on the San Antonio river, and an eight-wheeled Ling-Temco-Voight vehicle which swims, runs through swamps, up steep grades and over rough terrain. The exhibits feature products from Canada to Peru and from Europe to Pakistan.

Among them are Spanish jewelry, rugs from London, furniture from Tlalapan, Mexico, the novel "mink oil" perfume of Kaskot Kosmetics, lovely blown glass and portable sauna baths from Mexico, commercial weighing scales, bowling balls, Peruvian ladies' fashions and auto air pollution cleaning devices.

"We are building a major international showcase of the western world for trade and commerce," said Peter M. Panfeld, fair president. "People are coming from over the free world to buy and sell, and to broaden their business horizons through new opportunities, new markets and new contracts."

"Such relations can have only a beneficial impact on tomorrow's world, for here we demonstrate that peace, understanding and progress can accrue across the barriers of languages when men meet in good faith and for a good purpose."

Opening ceremonies are slated for 2 p.m. Wednesday after which the fair will be open, without charge to the public, from 4 p.m. to 10 p.m. each day through Sunday, June 21.

The fair has the blessing of the Texas Industrial Commission and all San Antonio and Bexar County governmental officials, as well as the San Antonio Chamber of Commerce.

Mayor W. W. McAllister has predicted it will grow year by year, "just like small acorns grow into great oaks."

## Bridal shower June 11 honors Debra Miller

Miss Debra Miller, bride-elect of Rodney Hobson, was honored with a bridal shower in the home of Mrs. Joe Gipson Thursday, June 11, from 4 to 6 p.m.

The bride-elects chosen colors of pink and white were carried out in table decorations.

Honored guests were mother's of the couple, Mrs. Chester Miller, Mrs. Bill Hobson of Borger and the bride-elect's grandmother, Mrs. G. F. Cooper.

Co-hostesses were: Mesdames Lewis Hodge, Leonard Gandy, R. H. Baker, Kenneth Coats, Daniel Rozelle, Maurice Lewallen, James Walker, Glenn McDaniel, Roy Turney, D. L. Linder, Earl Stowe, Donnie Baker and Eugene Bedwell.

## R. C. Stricklands to observe Golden Wedding Anniversary

Mr. and Mrs. R. C. Strickland will be honored with a reception celebrating their 50th Wedding Anniversary from 3 to 6 p.m. Sunday, June 21, at their home at 702 S. Main.

The former Miss Elsie Wilson and Strickland were married June 20, 1920 in Hamilton. They moved to Cochran County in 1925 and have been active in the development of the County. Strickland served as County Tax Assessor and later as County Judge. They owned and operated a dry cleaning shop in Morton for 35 years before their retirement three years ago. Mr. and Mrs. Strickland donated the land to the City of Morton which is now Strickland Park.

Their son, Raymond of Irving, and daughter, Mrs. Al Mullinax of Morton and their families will be hosts for the reception.

past second before or after that. Thompson went all the way on the mound for the Mets to take the win. Lewis, who helped the cause with a three run homer in the third inning, was the receiver.

Silhan was the losing and only pitcher for the Tigers with Mason the catcher, relieved by Crutcher.

The Tigers rebounded quickly from their Met clobbering as they drummed out a solid 8-6 win over the tough Whiteface team Tuesday night in Whiteface.

Whiteface led it off with two runs in the first and then sandbagged as the cold Tigers warmed up for three innings before losing a five run rally in the fourth. The score remained 5-2 until the sixth when the Tigers tallied three more big runs and Whiteface retaliated with one more in their half of the frame.

The Bengals failed to score any more in the top of the final inning but the three that Whiteface racked up in the bottom half, fell short by two for a final score of 8-6.

Silhan boosted the cause with a single, double and a solo homer in the sixth. Mason was the Tiger winning hurler with Smith doing the receiving.

Peden was the losing chucker and was relieved in the top of the fifth by Womack. Strickland went all the way behind the plate.

Little League baseball entered the waning days of the season this week with a lead-off tilt between the Colts and the Giants Monday night.

The Colts waited until the last three frames to open their scoring drive as they spotted the Giants three runs for three innings then exploded in the fourth for three of their own.

The Giants had scored one in the first and two in the third before the blasted off in the fourth. The 4's tallied two more in the fifth as did the Giants to take the game into the final inning tied at five-all.

But the potent bats of the Colts came through again with a two-run outburst in the sixth for the winning margin as the big fellows were unable to get a rally going in their half of the frame.

Troy Patton started on the mound for the Colts and was relieved by Ricky Lewis who got credit for the win. Receiving all the way was Bobby Patton.

Losing Giant pitcher was Lonny Harrison with Kenneth Standmire receiving. Bobby Hall contributed a solo blast in

the third in the losing cause.

Monday's nightcap saw the Cards and the Pirates dual to a 9-3 decision with the Buccaneers coming out on top. The Pirates got an early jump on the late-blooming Cards as they scored one quick run in the first and added two more in the second to take a 3-0 lead into the fourth inning where both teams launched explosions.

The Pirates pushed four more across the plate in the fourth and the Cards fought right back with three of their own in the bottom of the frame. That ended the scoring for the Cards but the Bucs tallied two more in the fifth to round out the 9-3 score.

Mike Parsons went all the way on the mound for the win with Greg Hancock receiving. J. W. Garcia started for the losers and was aided in later innings by Johnny Hodges and Stevie McMaster. John Hodges and Stevie McMaster handled the receiving chores.

Tuesday night was just one more repeat of the Sox dominating another team the same way they are dominating the league this year. They rolled up a commanding lead early then shut off a Cub rally in the final frame to take the decision 14-8.

The Cubs proved to be no patsies, though, as they scored two in the first and then blasted out six more in the fifth in a sparkling rally that fell far short of the mark.

The power hitting Sox blasted for three in the first, three in the third and eight more in the fourth in rounding out their 14 run total.

Lloyd Joyce went the distance on the mound to take the win and Randy Coleman caught the entire game. David Ramby was the starter and loser and received help from Tino Sabala and Don Daniels. Ramby and Daniels did the catching.

The second game Tuesday night resembled a track meet more than a baseball game as the Giants wore themselves out in running the base paths to down the Cards 23-4.

The Cards could only garner single runs in the second, third, fourth and fifth for their four run total while the Giants were rounding the bases to the tune of one in the first, six in the third, nine in the fourth and seven in the final frame.

A large part of the Giant's success was due to wildness on the part of the Cards who paraded three pitchers to the mound, none of whom were able to find the plate.

The winning pitcher was Kirk Mayon who went all the way and Kenneth Standmire handled the catching chores. Ronnie

### Cleanup . . .

from page one

It is in this area that artistically designed litter barrels have been placed on the sidewalks, vacant store fronts have been beautified with various displays, vacant lots have been cleared and planted with flowers and delapidated buildings have been repainted and decorated.

One major project of the program which is on tap for the future by one of the ladies clubs is the landscaping and planting of trees and shrubs on the courthouse lawn.

Less apparent to the eye, but very important to the over-all program, are the results of the alley cleanup campaigns carried on by the various youth organizations in Morton.

### Local seed company cited for violation

A judgment of \$100 and court costs has been entered in Federal court against the West Texas Seed Co., Morton, Texas, for violation of the Federal Seed Act, the U. S. Department of Agriculture has reported.

The case involved two bags of sorghum-sudangrass seed which USDA's Consumer and Marketing Service found to be falsely labeled. The seed was shipped by the firm from Morton, Texas to Richmond, Va., and reshipped to Thurmont, Md.

C&MS said the labeling accompanying the shipment represented the seed to be the Green Graze variety of sorghum-sudangrass hybrid. A sample of the seed when grown by C&MS, however, produced 32 percent plants which did not resemble the Green Graze variety.

The judgment was entered in the U.S. District Court for the Northern District of Texas. The Maryland State Board of Agriculture cooperated with C&MS in making the investigation.

The Federal Seed Act is a truth-in-labeling law designed to protect farmers and other consumers in the purchase of seed. It requires, in part, that agricultural seed be labeled to show accurately the type of seed contained in the package.

Campbell was the starter and loser for the Cards and received help from Craig Kirby and Marlon Coffman. John Hodges was the catcher for the losers.

### Local youth attends co-op leadership camp

Tommy W. Lewis, son of Mr. and Mrs. G. D. Lewis, Star Route 2, Morton, Texas last week attended the twenty-fourth annual Co-Op Youth Leadership Camp on the campus of William Jewell College in Liberty, Missouri.

He was among some 600 outstanding rural youths who attended the camp's three sessions — June 8-13, June 15-20, June 22-27. He was sponsored by Whiteface Co-op Gin, Whiteface Young Farmers and Whiteface FFA. The camp program is designed to develop leadership abilities, to teach good citizenship, to increase understanding of farmer cooperatives and to provide plenty of fun.

Farmland Industries, with headquarters in nearby Kansas City, sponsors this event.

Youths at the camp are from fourteen Midwestern states which have farmer cooperatives that own and operate Farmland Industries, a regional cooperative manufacturing petroleum, feed, fertilizer and other farm supplies.

Campers arrived at William Jewell on Monday in time for registration, games and swimming. Tuesday morning they toured Farmland Industries facilities in the Kansas City area. From Tuesday afternoon through Saturday morning, they took part in regular camp activities ranging from athletics to group discussions.

Campers themselves plan and conduct much of the camp program and even establish their own rules through their elected Camp Senate. Campers learn how a cooperative functions by organizing and operating a Co-op Canteen during their camping period.

### Hospital notes

Patients admitted to Cochran Memorial Hospital June 9 through June 16 were: Mrs. Fred Kelly, Mary A. Peterson, Henry Bedwell, Mrs. Josie Tijerna, H. G. Pollard, S. E. Leverett, Myrtle Roberts, Sue Cross, Bessie Smith, Deborah Miller, Maggie Fine, Frank Piedra and Ginger Scoggins, from Morton.

Also admitted were Mrs. Dovie Dane, Enochs; Richard Davis, Maple; T. G. Gaddy, Portales; Mrs. Edna Nunnally, Causey, N. M.; and Marcus Salazar, Bledsoe.

adults. I can't tell until I give it a thorough investigation, but I feel that some price rise is probably going to be necessary.

We will thoroughly investigate all facets of the program, a raise in commodity amounts, better sources for purchase, personnel matters and all others involved. The board has taken no action in the matter and will not until I finish my investigation," he concluded.

In other business, the board approved payment of bills for the month of May in the amount of \$51,735.31.

Letters of resignation from the teaching staff were accepted from Mrs. Lynne Kuehler and Bruce Ayers.

A recommendation by Travis that Cynthia Thomson, Jewal Bratcher, Glenna J. Damron, Edgar P. Ward and Aurora Bautista be added to the teaching staff for the 1970-71 school year was approved unanimously.

Mrs. Vanna L. Fred was selected from three applicants to fill the position of school nurse for the coming year.

Transfer of 19 students from other districts into the Morton school district was approved. Transferring are Steve Cox, Robin Fred, Gary Fred, Carlos Hinojosa, Hilda Hinojosa, Blanca Hinojosa, Ricky Fred, Donnie Campbell, Ronald Beasley, Ronny Campbell, Jimmy Campbell, Julia Cooper, Brian Cooper, Renee Beasley, Vicki Cooper, Belinda Betts, Amanda Betts, LaMona Betts and Margie Sepulveda.

High bid of \$896 by Central Baptist Church, Center, Texas, was accepted for one 1963 Chevrolet 48 passenger school bus and the high bid of \$800 by Morton Youth For Christ, Morton, was accepted for one 1962 Chevrolet 48 passenger school bus. There were 15 bids on the two busses opened at the meeting.

### BOOKMOBILE SCHEDULE

The High Plains Bookmobile Library will be in the area on the following dates. Wednesday June 24: Circleback, 9:00-10:00; Bula, 10:30-12:00. Saturday June 27: Morton, 9:30-12:00.

"Of all pursuits from which profit accrues, nothing is superior to agriculture, nothing more productive, more enjoyable, nothing more worthy of a free man." — Cicero

### Mortonites attend FWC Convention

Six Morton women were among the 2000 women from all 50 states and 20 foreign countries attending the 70th Annual Convention of the General Federation of Women's Clubs held in San Antonio June 6 through 12.

Mrs. LeRoy Johnson, President of Caprock District, Mrs. Earl Polvado, Junior Director of Caprock District, Mrs. Neal Rose, Mrs. Gage Knox, Mrs. Rodney Fralin and Mrs. Jimmy Harris attended from Morton.

Mrs. Polvado, Mrs. Fralin and Mrs. Harris assisted with the State President's procession and Mrs. Olson, Mrs. Rose and Mrs. Knox served on the decorations committee and acted in the capacity of ushers and doorkeepers.

Governor Preston Smith extended a welcome from Texas to the guests.

Highlighting the convention was an address by H. Ross Perot, Chairman of the Board, United We Stand, Inc. Mr. Perot received a standing ovation from the 2000 delegates.

ENGAGEMENT TOLD...

MR. AND MRS. EARL W. MAY of Levelland have announced the engagement and approaching marriage of their daughter, Kathy Lynn, to Loy Vern Daniel, son of Mrs. Odessa Daniel of Morton. The bride-elect is a 1970 graduate of Whiteface High School, employed by Hockley County Library and is planning to attend South Plains College. Daniel is a graduate of Morton High School, South Plains College, and is employed by the Texas Highway Department. He will continue his education at Texas Tech University in the fall. The couple plan to be married at Fairview Baptist Church at 8 p.m. August 8.

Jesse L. Baker rites Saturday in Paris

Funeral services for Jesse Lee Baker, 67, of Happy who died Wednesday in Washburn Memorial Hospital in Tulsa, were held at 2 p.m. Saturday, June 13, in the Everett and Steele Funeral Home Chapel in Paris. Burial was in Hopewell Cemetery in Lamar County. A longtime resident of Happy, Baker was born in Paris February 5, 1902. Survivors include his wife, Norene; one son, Jerry of Guymon, Okla.; five daughters, Mrs. Joan Schiller of San Angelo, Mrs. Rosatte Gregory of Gila, N.M.; Mrs. Lavonia Guthrie of Lathropwells, Nev.; Mrs. Sharon Strohmeyer of Happy and Mrs. Mollie Erkenbrack of Anadarko, Okla.; three brothers, Jack of Morton, Les of Okla.; and Rev. W. W. Baker of Perry, Okla. and 15 grandchildren. Attending the services from Morton were Jack Baker and his son and daughter, R. H. Baker and Mrs. Gwen Simpson.

Dana Webb, Kenneth Redin ring vows read in Plainview

Miss Dana Leigh Webb and Kenneth Lee Redin pledged double ring vows June 6 at 7:30 p.m. in the First Baptist Chapel in Plainview. Dr. Roy C. McClung, President of Wayland Baptist College, officiated.

The bride is the daughter of Mr. and Mrs. Lowell Webb of Brownfield, formerly of Morton. Redin is the son of Mr. and Mrs. Harley Redin of Plainview.

Given in marriage by her father, the bride wore a formal empire gown of peau de soie featuring a scoop neckline, elbow length sleeves and waist trimmed with Alencon lace. The chapel train was attached to the waist and trimmed with Alencon lace and self material bow. Her veil of bridal illusion was attached to a jeweled tiara and she carried a bouquet of white roses centered with gardenias.

Mrs. Woody Self, sister of the bride of Lubbock, was matron of honor and Miss Kay Beene, cousin of the bride of Muleshoe, Miss Karen Allen of Plainview and Mrs. Rhodney Williams of Lubbock were bridesmaids.

Mrs. Self wore a pale yellow nylon organza gown with empire waist, scoop neckline and full sleeves trimmed at the cuffs with velvet ribbon and embroidered daisies. The bridesmaids wore mint green nylon gowns fashioned as the maid of honor and carried bouquets of white daisies.

Mike Harder of Plainview was best man. Van Redin, Larry Garrison both of Plainview and Colin Coe of Dallas were groomsmen. Stormy Wilson of Perryton, Mike Roberts, Tommy Baker and Gary Todd of Plainview were ushers.

A reception was held in Fellowship Hall of the First Baptist Church following the ceremony. The table was covered with a white lace cloth featuring a centerpiece candelabra which had daisies on the lower tier and votive candles on the upper tier. The three tiered wedding cake was trimmed in pale yellow daisies and green leaves topped with a miniature bride and groom. Silver and Crystal appointments were used.

For a wedding trip to Los Angeles and San Diego, California, Mrs. Redin chose a white dress with yellow plaid coat and white accessories.

The bride is a graduate of Morton High School, South Plains College and attended West Texas State University. Redin is a graduate of Plainview High School, South Plains College and is a Junior at West Texas University majoring in Biology.

The couple will make their home at Hawthorne Terrace Apartments in Amarillo.

Whiteface FHA study flower arrangements

"You must have long-range goals to keep from being frustrated," is the theme of the FHA girls of Whiteface High School Homemaking Class in their study of basic design in flower arranging. The class is being directed by Mrs. Fred Hemphill, president of the Whiteface Garden Club.

All garden club members have participated in the studies by making and explaining a flower arrangement in a basic design or demonstrating mechanics and containers or providing flowers.

Garden flowers, field flowers and artificial flowers were used in the final study June 10, when the class members made arrangements in all the basic designs. The girls were invited to enter arrangements of fresh flowers in the Whiteface Garden Club Flower Show to be held September 26, in a separate division for the FHA entries. A review workshop will be held in mid-September for those who are entering arrangements.

Mrs. R. K. McCoy discussed mechanics and containers for flower arrangements and made an arrangement at the June 8 class. Mrs. Ames Sinclair discussed basic design forms and showed a triangle arrangement and Mrs. J. W. Smith showed a horizontal arrangement at the June 9 class.

June 10, the Hogarth curve was shown and explained by Mrs. R. H. Teer. The Crescent was shown and explained by Mrs. D. F. Burris, the diagonal by Mrs. R. D. Hensley, Sr., and the vertical by Mrs. G. C. Keith.

Class members Cathy Bacon, Liz Deavors, Shanna Holland, Kelly Quinn, Teresa Dupler, Cris Cade, Susan Schooler and Sundai Ford made and discussed their choice of the basic designs.

Pre-Teen sewing club holds weekly meeting

The Pre-Teen Sewing Club met June 16 at 5 p.m. in the home of Mrs. M. L. Abbe.

The girls learned to thread a machine and continued with their sewing instructions.

Mickie and Martie Dewbre served refreshments to: Julie Brown, Rhonda Abbe, Karen Clark, Patti Groves, Rayma Hall, Mrs. Abbe, Nan Ray, Junior Leader and guests Mike Dewbre and Sherril Gresham.

AUGUST WEDDING...

MR. AND MRS. D. F. BURRIS of Morton have announced the engagement of their daughter, Deborah Kay, to Jimmy Ray, son of Mrs. Jim Waters of Morton. The couple plan to be married August 1 at 8 p.m. in the First Baptist Church at Whiteface.

Lighter Later Tops hold June 10 meeting

The Lighter Later Tops Club met in the First United Fellowship Hall June 10.

Gene Bridges, club leader, led the group in the Tops Pledge and Pat Clayton, secretary, called the roll with Marie Waters answering with the best weight loss of 3 3/4 pounds. The entire club had a 19 pound loss.

Thought for the day was "Willpower is like a muscle, it won't strengthen unless you use it often."
