Tribe seeking cellar escape via Longhorns

While mighty Floydada and Olton are fighting it out for the district championship Friday night another important struggle will take place at Indian Stadium as the Morton Indians and the Lockney Longhorns square off to see who has to stay in the district cellar. Game time is 7:30 p.m.

The Longhorns are already one game up on the Indians as they previously beat winless Littlefield 28-13 for their only win of the season. The Horns tied Idalou 7-7 in their third outing of the season.

Meanwhile the Indians will be trying for their third victory of the year and will be attempting to break a three-game losing skein. Morton's last win was a 7-6 squeaker over Farwell.

The Indians will enter Friday's game at the same strength as last week, again with the conspicuous absence of sophomore standout Rocky Dewbre. But things began to look up as lanky senior quarterback Stan Coffman appeared in workouts this week after missing the last four games following a broken finger injury in the Frenship game. Coffman will probably not start against the Longhorns, but may be in action next week as the Tribe travels to Olton to do battle with the pass-minded Mustangs.

The Indians and the Longhorns are evenly matched. Lockney averages 160 pounds in its offensive forward wall, the biggest man being senior left end Willie McGee at 165 pounds. Leading scorer for the Horns is junior fullback Charles Mathis. The 165-pounder has scored 41 of Lockney's 57 points this season.

The Longhorns will bring the most varied offense the Indians have faced to

★ Booster stickers

Morton Indian fans will have an opportunity to show their support daily by buying an Indian bumper sticker. The attractive black and gold emblems will be on sale at the football game Friday night by members of the MHS Student Council.

Price for the stickers is just one dollar each. The profits will be used to support Student Council activities at Levelland.

NOTHING MORE TO BURN . . .

WHAT WAS LEFT of the Morton Auto Supply building is shown Wednesday after an early-morning fire had completely gutted the brick and metal structure causing damage high into the thousands of dollars. Morton volunteer firemen are probing through the wreckage in an effort to stifle the last remaining flames and assure against second-

ary break-out. The building is located on the corner of North Main and West Jefferson and is owned by the Amos Taylor family. The blaze was discovered by city patrolman Tome Rehders while investigating the sound of an explosion reported by the police dispatcher at approximately 4:55 a.m. Wednesday.

Students ask dress policy change

The universal problem of proper school dress has raised its head once again.

The Morton Independent School District Board of Education at its regular monthly meeting Monday night heard a request by a student group for changes in rules on female dress in the schools.

The group of junior high school girls who met with the board, asked through their spokesman Vickie Hall, for permission to wear coordinated pant suits to school. The request evoked a considerable amount of discussion between member of the school delegation and the board members.

The main concern of the board appeared to be that such a policy could possibly get out of hand and result in the wearing of blue jeans and tee shirts. The delegation agreed that such a policy would have to be specific and stipulate exact requirements as to the type of suits that would be authorized. They further agreed that the policy should prohibit the wearing of blue jeans and tee shirts and be worded in such a manner as to require high standards and prevent the mode of dress

from becoming slouchy.

The delegation was assured that the board would give that matter its attention and will attempt to work with a

Cotton classing topping '69 pace

Spurred into action by two very early freezes, the cotton harvest on the High Plains is off to a running start, according to information received from the Lubbock cotton classing office.

Although interrupted by wet weather, classing of cotton samples is running ahead of last year, according to figures issued today by Lubbock Cotton Classing Office of U.S. Consumer and Marketing Services Cotton Division.

Number of samples classified through last week was 8,100, compared with 4,200 at the same date last year.

Most of the harvesting so far has taken place in Lynn, Dawson and Garza counties, although different parts of the area have had their first bales.

Samples classed so far represent a small part of the total cotton crop in the area. The latest estimate on Oct. 1 gave a 1.8 million crop prediction.

The cotton classing office in Levelland, that will be serving the producers of the Cochran county area, is scheduled to be open for business on November 1. Consumer and Marketing personnel have informed the Tribune.

committee of parents, students and teachers to work out an acceptable dress policy. The board expressed a desire to include in any revision of the dress policy the prescribed regulations on the length of dresses and skirts to be worn in the classrooms.

In other business, superintendent Bob E. Travis advised the board that the school system now has an average daily attendance of 1,069.66 students. This high

★ Jamboreeeeeee . . .

Tommy Williams of Andrews, will MC what promises to be one of the outstanding monthly western jamborees held in Morton thus far.

A first-rate list of intertainers have been lined up for the big extravaganza which begins at 8 p.m. Saturday, October 24, in the county activities building.

Among those appearing will be the Senior Citizens Kitchen Band of Clovis, N.M., Lee Hadaway band and the Blue Grass Drifters, both of Andrews, Jimmy Waters, Lubbock Terry Sue Newman, Levelland, Elvis Fleming, Roswell, N.M. and Morton's own Country Classics.

See you there!!

Howard S. Hawkins dies; rites held here Monday

Funeral services for Howard Scott Hawkins, 76, prominent Morton automobile dealer, were held Monday at 2 p.m., in the First United Methodist Church with the Rev. Rex Mauldin officiating.

Burial was in Resthaven Memorial Park in Lubbock under direction of Singleton Funeral Home.

Hawkins died at 4:45 a.m. Saturday in West Texas Hospital in Lubbock after a lengthy illness.

He was born October 20, 1894 in Oxford, Mississippi and moved to DeLeon in 1911. He and the former Grace Ford were married in 1914 and moved to West Texas in 1923. They first settled in Meadow where he was engaged in farming and in 1937 moved to Lubbock where he was a buyer of mules and horses for Owens Brothers of Meridian, Mississippi.

In 1940 he moved to Morton and opened the Hawkins Ford Tractor Company and later the Hawkins Oldsmobile Agency which he operated until Marc of this year.

Hawkins had been ill since undergoing a gall bladder operation this summer and suffering a broken hip in August.

Survivors include his wife, Grace; a son Ford of Plains; four daughters, Mrs. Jim Warden and Mrs. Burgin Watkins, both of Lubbock, Mrs. E. E. Wright of Lamesa and Mrs. Bill Bridge of Andrews; a daughter-in-law, Mrs. Scott Hawkins of

Morton; 16 grandchildren and 10 great-grandchildren.

THIRD DOCTOR FOR MORTON . . .

EVA LEE SNEAD, of Buenos Aires, Argentina, who has been serving in a temporary capacity on the Cochran Memorial Hospital staff, has announced her intentions of locating here permanently, bringing to three the number of doctors practicing here. Dr. Snead, whose family consists of a husband and three children comes from Floydada where she has practiced since January 1967. She received her medical degree in Buenos Aires and served her internship at Harrisville, Pennsylvania.

FWC board members enter rep. Mahon in 'Golden Book'

Congressman George Mahon was honored for services to West Texas at the Caprock District Federation of Women's

Clubs Board meeting held in Denver City late last week.

The chairman of the House Appropriations Committee was recognized in appreciation of his many years of service to West Texas and his name was placed in the Golden Book under the category, "Outstanding Americans," according to Mrs. LeRoy Johnson, president of the Caprock District.

Mrs. A. T. Cocanougher is district chairman of the Golden Book, which is kept at TFWC headquarters in Austin.

Hosting the meet were the Tejas and Wason Study Clubs of Denver City. Members from 26 towns attended the district meeting.

A report given at the meet announced that 62 gaslights have been placed at Girlstown and several others are being ordered. Also planned for the institution is a "Friendship Walk" to be placed around the ceremonial area in the center of campus.

In other activities, members donated saving stamps to assist in financing several thousand spot radio announcements about drug abuse, being given by all 14 Texas districts.

Reports were given by department and Texas Heritage themes will be emphasized in projects and programs during 1970-72.

Among pioneer clubwomen recognized for 40 or 50 years' service were Mmes. W. K. Crawley of Lamesa, J. W. Walker and A. L. Putnam of Plainview, Tillman Jones of Post, Mrs. Norma Humphrey of Lubbock and Mrs. Julia Barnhart of Levelland.

Ministerial Alliance elects new officers, plans fall projects

The Morton Area Ministerial Alliance continued for its new year of work in the

Wam Cafe on Thursday October 15th. New officers are President-Rev. Rex Mauldin, pastor First United Methodist Church; Vice-President, Rev. G. A. Van-esse, pastor of First Assembly of God Church; Sec.-Treasurer, Rev. Paul Mc-Clung, pastor of First Baptist Church; Community Fund Chairman, Rev. Ed Greka, pastor of St. Ann's Catho-lic Church.

Plans were laid for the annual Community Wide Thanksgiving Service to be held Wednesday night Nov. 25 at 7:30 p.m. in First Baptist Church with Rev. McClung, preaching. Music will be provided by the Morton High School Choir under the direction of Don Chandler. The service taken that evening will go toward the annual distribution of Christmas gifts.

In other business the Alliance approved Community Wide Christmas Concert to be held under the direction of Chandler. Persons from all churches are invited to sing at this presentation. The past two years community choir has presented the concert but a different selection will be made this year.

Plans were announced by Rev. Rex Mauldin for the annual appeal for CROP. The youth of the city are asked to help in this canvass to be held Wednesday Oct. 28 at 6:00 p.m.

Local CROP appeal started October 28

Governor Preston Smith has designated the week of November 8-15 as Texas Christmas Rural Overseas Program (CROP) week.

He says in a letter that would hunger be a major crisis of our time. Surveys indicate that seven persons die each minute from hunger and malnutrition and one of every three children now living will carry through life some of the irreversible effects of food deficiency. The Morton Area CROP appeal will be held Wednesday night, October 28, beginning at 6 p.m. The youth of several churches in Morton will go from house to house and collect money. They will gather in Fellowship Hall of the First United Methodist Church shortly before 6 p.m. to conduct the canvass. Refreshments will be served after the canvass is completed.

Rev. Rex L. Mauldin has been named to head the CROP appeal this year. CROP as the Community Hunger Appeal of Church World Service is the only nationwide appeal in Texas for the overseas program of relief. Money may be donated, if one wishes, to a specific relief agency such as American Friends Service Committee, Catholic Relief Services, Lutheran World Relief, Methodist Committee for Overseas Relief or others. However, most of the donors simply make their check payable to CROP," Rev. Mauldin explained. "If you live in the surrounding communities, please mail your checks to CROP, 419 West Taylor in Morton," he said.

When making the appeal can be easily identified as they will be wearing metal buttons with the words HELP STOP HUNGER printed on them.

TFWC DIGNITARIES AT DENVER CITY MEET . . .

MRS. LEROY JOHNSON, of Morton, center above, presided as the Caprock District of the Texas Federation of Women's Clubs held its annual fall board meeting and workshop at Denver City Saturday. More than 100 officials and members attended the meeting. With Mrs. Johnson at the

speaker's table above are Mrs. Robert N. Tipps, state third vice president of the TFWC, left, and Mrs. Joe Taylor of Lockney, state TFWC associate junior director. Mrs. Johnson is president of the Caprock District.

STATE Capital NEWS

By VERN SANFORD

AUSTIN, Tex. — Tax-free financial incentives are recommended by Texas top officials to lure new industry to the Lone Star state.

Gov. Preston Smith came out for the added attraction at no cost to taxpayers. Lt. Gov. Ben Barnes said he agreed that revenue bonds to help industry finance locations would be the preferred route for legislation.

Both spoke here at the governor's annual conference on industrial expansion. Smith also advocated a pre-employment industrial training program to fill the need for trained labor. He pledged his efforts to maintain a favorable tax climate for industrial development.

James W. McGrew, Texas Research League director, underscored the importance of the recommendations when he told the conference that Texas will need to provide 600,000 new jobs because of the predicted population increase during the next decade.

Sponsored by the Texas Industrial Commission and hosted by Governor Smith, for expansion and economic impact on their communities during 1969.

Award-winning industries were Johnson Manufacturing Company of Lubbock, Kilgore Ceramics Corporation, Celanese Chemical Company of Clear Lake, Missouri Beef Packers of Friona, Laredo Packing Company and Friedrich Refrigerators Inc. of San Antonio.

At a meeting before the conference, the Industrial Commission reviewed plans for a 24-page section on Texas Industry in Business Week Magazine on March 13. Also discussed was a computerized, fingertip data bank on industrial development opportunities in 438 Texas communities over 1,000 population.

COURTS SPEAK — State Supreme Court agreed to hear the appeal of a Houston trucking firm on November 25 relative to a \$300,000 judgment favoring an Odessa widow and her children in connection with a 1966 accident in which the woman's husband hit a parked truck. In other recent actions, the High Court:

Rejected the City of Floydada's appeal in a lawsuit over land condemned for the city's airport.

Turned down the claim of a Houston widow to a share of her deceased husband's inheritance because she waited too long to file suit.

Court of Criminal Appeals dismissed the petition of a Houston doctor sentenced to life in prison in the sniper slaying of a partner.

Three Houston theater operators seek a federal court injunction to prohibit police raids on nude-film showings.

TAX RAISE, CUT — Employers got both good news and bad on the tax front last week.

Rate experts recommended a 1.1 per cent average increase in workmen's compensation insurance rates.

At the same time, Governor Smith said employers covered under the Texas Unemployment Compensation Act will be eligible for a one per cent reduction in their payroll taxes about January 20.

Workmen's comp rate will vary among industries. Under recommendations, average manufacturing rates statewide would increase 4.4 per cent, while those for contractors would drop 2.3 per cent. Oil industry rates would dip 1.1 per cent and "all others" would increase two per cent.

Unemployment tax cut is possible because the trust fund-reserve for paying jobless benefits reached \$347 million on October 1. When the fund is more than \$300 million on the computation date, a tax cut is mandatory.

450 NEXT DRAFT CALL — November draft call for Texas is 450, says acting State Selective Service Director Lt. Col. Charles Duncan.

First to be called by the local draft boards will be men with random sequence numbers 1 through 145. Those with higher numbers will be subject to call if needed, Duncan said.

Texas' quota is part of the national call for 8,000 men, all for the Army. A total of 1,310 will have to take pre-induction physical and mental examina-

tions for the November quota. Local board quotas for induction and pre-induction examinations in November were mailed to 159 boards on October 9.

NEW PARK LAND OFFERED — A Corpus Christi woman has offered the state land on Mustang Island for state park development.

Mrs. Sam E. Wilson Jr. submitted two options to the Parks and Wildlife Department:

1. A tract of 5,624 acres with 8.3 miles of beach frontage on the Gulf of Mexico, for \$6.1 million; or

2. A tract of 7,495 acres with 11 miles of Gulf beach, for \$8.1 million.

Mrs. Hale also agreed to an easement across her land for a proposed \$3 million Corpus Christi water exchange pass and offered to give the state 130 acres north of the pass. Latter adjoins 580 acres on the island already owned by the state.

ATTORNEY GENERAL RULES — Military personnel can qualify to serve as prospective jurors on satisfying election code requirements and if they intend to establish a residence in Texas, says Atty. Gen. Crawford C. Martin in a new opinion.

In other recent rulings, Martin concluded that:

No state agency now has authority to execute a FHA form certifying the need for a nursing home.

College of Osteopathic Medicine in Fort Worth is entitled to representation on the Anatomical Board of Texas.

PRIVATE COLLEGES ASK AID — Private colleges and universities will be seeking \$28 million in state aid to stay in business during the next two years.

Independent Colleges and Universities of Texas Inc. has reviewed its needs in a meeting with Central Texas legislators. Spokesmen for the schools previously have outlined their plight to the Coordinating Board of the Texas College and University System.

Legislation backed by the group will seek tuition equalization grants for private college students and authorization for contracts by the Coordinating Board with private schools for services and degree production.

Although the state is investing heavily in new tax-supported institutions, there are some 16,000 openings in private classrooms.

WASTE ORDERS REQUIRED — Texas Water Quality Board Chairman Gordon Fulcher warns that waste control orders must be obtained from that agency before any type of sewage facility is built.

This applies to individuals as well as municipalities and other government en-

Marine Corps offers guaranteed enlistment in specialized fields

The United States Marine Corps has announced a new guaranteed enlistment program open to young men and women who desire training in an assignment to one of four highly specialized or technical fields.

Initiated to satisfy the growing demand for qualified personnel in the fields of Combat, Administration, Electronics and Communications and Technical Specialties, the Corps will now guarantee in and training in one of the above fields.

In addition to being guaranteed training and assignment in the area of one's choice, the Marine can leave for basic training anytime he chooses within six months of the time he enlists.

Although the areas available are specialized, the Marine Corps is not necessarily seeking persons already trained or familiar with a particular specialty.

Under the new program, the Marine Corps will train anyone interested in a certain field, provided the applicant can pass the screening test. Marine recruiters are located at 1009 13th Street Lubbock.

"This is for their own protection," Fulcher said. "While the type of facility might meet with full approval of the Board, there also is the possibility that it would not, and that money spent on the facility might thus be wasted. . . Standards vary in different areas of the state."

Application forms are available through the Board office at 1108 Lavaca in Austin, on request.

SHORT SNORTS — Major purchasers have indicated that they want to buy 3,322,177 barrels of Texas crude oil daily next month — a drop of 57,790 under October.

Montgomery County State Bank in Magnolia seeks a charter from the State Banking Board.

Dallas business leader Peter McGuire will be state finance chairman of the Governor's Conference On Children And Youth here on November 2-4.

Texas Rangers, and highway patrolmen are advised to learn Spanish when on South Texas assignment, but no requirement has been adopted.

Old Fort Leaton near Presidio has been partially restored by the Parks and Wildlife Department with the second phase of work to soon begin.

JANUARY WEDDING DATE . . .

MR. AND MRS. LLOYD C. WEMKEN of Morton have announced the engagement and approaching marriage of their daughter, Judith Eileen Wemken, to Craig Douglas Brown, son of Mr. and Mrs. Lorin J. Brown of Carroga Park, California. The couple plan to be married January 16 in the First Baptist Church in Plains. The bride-elect is a graduate of Whiteface High School, attended South Plains College and is a graduate of Northwest Texas Hospital School of Nursing in Amarillo. Brown is a graduate of Richland High School in Fort Worth and of Texas Tech University and is a senior medical student of University of Texas Medical Branch in Galveston.

Strong Claims backed by facts

Our local business firms are in good shape to back up strong claims of giving you **MORE VALUE FOR YOUR MONEY.**

Because . . . it's a simple fact of economic life that home merchants have about a 30% head start on their out-of-town competitors in the run for our money.

This is true because near 30% of every dollar spent at retail goes to support and to build up the prosperity of the community in which it is spent . . . and you benefit from the work done by that part of your money **ONLY** when you live and do business in that community.

Where goods, service and price offered by home stores and by the out-of-town stores are otherwise equal . . . the **HOME DEAL** is still close to one-third better . . . and may be many times better for you . . . as bigger trade volume at home prospers the area where **YOU** live . . . and make your living.

**It Pays to Buy
where You Live**
