Indians Meet Cowboys In Grid Opener

PORTRAIT OF THE FIGHTING INDIANS--The fierce band of Indians above are the varsity squad that will carry the fate of Morton High School through the gridiron wars of 1975. Head coach Roy

Winters, top right, expresses optimism concerning the chances for a winning team and reports all Indians ready and eager for their first combat against the Plains Cowboys Friday night.

Early Showing Will Tell Fate Of Tribe

The popping of the pads and the thumping of the pig skin sound loud and clear across the Morton High School campus as the Fighting Indians prepare once more for the gridiron wars ahead.

Just one day remains before the Tribe takes the trail to Plains for another traditional Cowboy and Indian shootout, and the tribesmen appear to be in tip top shape for the affray. No major injuries have resulted from the grueling two-A-days and all squad members are ready to go, head coach Roy Winters reports.

Coming off a 2-8 season (0-4 in district) last year, Winters sees brighter things ahead for long-suffering Indian backers. He is especially high on his offensive backfield and veteran offensive line. The runningbacks will be led by Sam Johnson, 190 lb. Junior fullback and 175 lb. wingback Robbie Gattis. David Ramby, switched by Winters from quarterback to tailback to take advantage of his speed, should add substantially to the offensive punch.

The quarterback situation still presents a problem, albeit a pleasant one, where Sophomore Rusty Lamar and Junior Steve Polvado are battling it out for the starting birth. Rusty throws the long ball better, but Steve is more accurate, with both being adequate runners, Winters sums it up.

Which ever quarterback is on tap at any given time, should receive some airtight passing protection from a veteran line anchored by two of the best football players in the district, according to Winters. Larry Shaw, 215 lb. Senior Tackle and Malcolm Coleman, 177 lb. Senior Guard. They are just super prospects, and are providing the

RECEIVE AWARDS--The Morton office of the Farmers Home Administration received an incentive awards certificate last Wednesday from Jay Lynn Futch, left, FmHA state director. The Morton office made approximately 250 loans this year, totaling a record \$5.75 million, most of it based on the 1974 emergency drought program. The certificate and cash awards were for outstanding performance by all personnel. Recipients were Mrs. Jewel Pool, county office assistant, Mrs. Don Bales, office clerk and Trueman Murdoch, FmHA county supervisor.

ENTRY DEADLINE LOOMS

County Beauty Pageant Slated

The Miss Cochran County pageant committee has announced the rules and tentative plans for the 1975 Miss Cochran County pageant to be held October 2 in conjunction with the Cochran County Fair. All entries must be submitted on or before September 15 with three billfold size glossy photographs to any member of the pageant committee.

Contestants must be from 18 years of age on or before

September 1, 1975, maintain a scholastic average of C or above, must never have been married and without children. Contestants should be permanent residents of the county, sponsored by an organization or business (a \$25. entry fee to be paid by sponsor) and be willing to represent the county at local events during the 1975-76 year.

A tentative schedule for the event has been announced:

Monday, September 29, 4:30 p.m. Get-Acquainted Coke party and briefing for contestants and sponsors.

Tuesday, September 30, and Wednesday, September 31 until

10 p.m., rehearsals for pageant.

October 2 4:30 p.m. parade; 5 p.m. dinner with judges and five minute personal interview followed by the Pageant at 8 p.m. in the County Auditorium.

Further information may be obtained by calling Sue St. Clair, 266-8634, Mac Foust 266-5825, Mary Coffman 927-5363, Gail Thomason 266-5233, Bennie O'Brien, 525-4277 or Jana Thomas, 266-8634.

Anyone wishing to sponsor a contestant is asked to contact one of the committee members.

Two Pot Possession,

One Auto Theft

Charged By Sheriff

The Cochran county sheriff's office reported an even dozen arrests over the past week, with most of them standing out above all the rest as serious offenses.

One resulted in two men being charged with possession of marijuana, with one being additionally charged with driving while intoxicated.

The other resulted in a charge of auto theft and driving while intoxicated, subsequent offense.

Chief Deputy Ronald Henry apprehended David Smith and Samuel Payne near Lehman at approximately 11 p.m. Friday as their speeding vehicle was being

Free Immunizations

The Texas Department of Health in co-operation with the local community services will conduct a free Immunization Clinic Monday, September 8, from 10 a.m. until 5 p.m. in the Community Action Center.

Immunizations available to both adults and children are diphtheria, tetanus, whooping cough, polio, measles, Rubella and mumps for ages 1 through 15. TB skin testing will also be done.

A LARGE NUMBER OF WELL-WISHERS visited Mrs. Sally Robinson at her home in Maple Friday on the occasion of her 90th birthday. Mrs. Robinson, center with glasses, is shown as she greeted several of her friends during an all-day open house Friday. A 50 year resident of Maple, she lives alone

and does all her own work, which includes yard work and driving her 1949 Ford. She traveled to Muleshoe last Wednesday and had her drivers license renewed. With a proud twinkle in her eye, Mrs. Robinson boasts four children, 11 grandchildren and 17 great grandchildren. Mr. Robinson passed away 19 years ago.

Lubbock, Halfway Stations

Schedule Two Field Days

Producers, homemakers, agribusinessmen, and others from across the South Plains will gather at the Texas A&M University Agricultural Research and Extension Center near Lubbock Tuesday, September 9, for the 66th Annual Field Day of the Texas Agricultural Experiment Station.

The expected gathering of about 1,000 will review cotton, sunflower and sorghum studies, soil and water research, insect and weed control research, and a wide range of other studies during the afternoon event.

Cochran County Extension Agent Roy Jones says the field day will include a five-stop field tour, machinery displays, ginning research tours, and a special Extension Service seminar on home food processing.

Area producers, he adds, will have opportunities to re-

view research findings in particular problem areas of major crops.

Former Moscow Attache Sets Lions Club Talks

The Morton Lions Club's next two luncheon meetings, September 10 and 17, should be sky high in listener interest because the featured speakers subjects were "made in Moscow."

Major Joseph E. Hickox, now stationed at Reese Air Force Base, Lubbock and recently returned from three years duty as Assistant Air Attache in Moscow, USSR, will deliver both luncheon addresses. Major Hickox requires two meetings because his subject matter is so extensive that it cannot be delivered in the time that busy businessmen can allow him at one sitting.

He maintains a heavy speaking schedule throughout the South

Plains and has appeared several times on television from Lubbock. He paints a vivid description of the life of a foreigner in the USSR as well as

Booster Meetings

The Morton Athletic Booster Club will meet every Tuesday night at 8 p.m. in the School Cafeteria. Films will be shown of the previous week's ball game.

Everyone is urged to come out and support the Morton Indians.

Threat Of British-Incited Indian Raids Helped To Unify South Carolina

Two hundred years ago during the second week in September, South Carolina was in a state of turmoil. Word had been received in Charleston that British agents were inciting the Indians to rise against American forces. Attempts were made to form a confederation of Creeks, Chickasas, Upper Creeks, Little Callasses, and Overhill Cherokeees to attack American rebels.

Gradually, during the summer of 1775, the council of safety in South Carolina recognized the need for defense. Even though

Indians were threatening on other fronts, the port of Charleston was a most vulnerable spot. During the summer more than 20,000 pounds of gunpowder had been seized from British vessels.

Finally on September 13 the decision was made to defend the harbor. This occurred when the attempts of the governor to incite the Indians became fully known. A motion to arrest the governor failed by a vote of 23 to 16, but Colonel William Moultrie was ordered to take possession of Fort Johnson on James Island in Charleston harbor.

Two days later the governor

fled to a small, uncomfortable British man-of-war--the "Tamer"--in Charleston harbor. In the meantime, Moultrie and his men occupied Fort Johnson very easily. Three companies of Americans led by Lt. Col. Isaac Motte pulled down the British Union Jack.

They then raised one of the first unofficial American flags ever to be flown. Designed by Col. Moultrie, it had a dark blue background with a white crescent in the upper left corner and the word "Liberty" in white letters across the flag.

Even though Americans were still proclaiming their loyalty to Britain and hoping for reconciliation events were moving very fast. The more united action they took that was considered open rebellion by the British, the harder it would be to ever come back to a close relationship.

In addition, the use of an emotional symbol such as Moultrie's flag, even if it were unofficial, helped to create a feeling of nationalism that would prevent a true reconciliation.

In the Spanish Southwest John Peyton and his party finally

arrived in Santa Fe. Even though his experiences were in New Mexico they are worth mentioning in a column about

Texas because they describe life in the frontier provinces of Spain. Peyton explained that the last three hundred miles before reaching the city was through a beautiful and fertile country, but by then his condition was such that he could hardly remember the trip. By the time he reached Santa Fe he had been seized by a fever that kept him unconscious for ten days and in danger for five weeks. His only assistance came from Charles, his servant who had been with him all the way. Even after he recovered from the illness, Peyton's future was still in doubt.

Genealogy Course Offered At SPC

Mrs. John Wood Jr. of Lubbock, a certified genealogist, will teach a course in "Genealogy Research" beginning Sept. 9 at South Plains College.

The class will meet from 7 to 10 p.m. Tuesdays for six weeks. Cost is \$20. The genealogy course is one of nine community service short courses to be offered this fall by SPC's Division of Continuing Education.

Mrs. Wood was certified last August as a genealogist in American research by the Board for Certification of Genealogists. She is one of nine certified genealogists now living in Texas.

Mrs. Wood has taught classes for beginning genealogists at the Garden and Arts Center in Lubbock and also has given programs on "Using Family Tradition" and "How to Compile and Write a Family History."

She is the author of four family histories — "Kaleidoscopic Family Bass, 1769-1971," "Wood Works" in two volumes; "Knox Memorial" in two volumes and "Those Reeves Girls," also in two volumes.

Mrs. Wood will provide instruction on a number of topics, such as survey of family and home sources, oral histories and traditions; search of available records; study of local history and movements, occupations and religious trends; and a study of church, marriage and burial records, census, courthouse, land and military records, ships passenger lists and migration paths.

Interested persons may register at the first class meeting in Conference Room 2 of the SPC Library. For more information, contact the Continuing Education Office at 894-4921, ext. 252.

Hunting, Fishing Regulations Now Available To Sportsmen

A summary of regulations for hunting and fishing in Texas is now available from license vendors, state game wardens, and Texas Parks & Wildlife offices in Abilene, Amarillo and Lubbock.

The 24-page booklet contains listings of seasons and bag limits for game species along with fishing regulations in each county and a state map showing the regulatory and nonregulatory counties.

Information about licenses, tags and permits, fur-bearing animals and general fresh and saltwater regulations are included.

Migratory game bird regulations are not included in this "guide" but will be available in a separate pamphlet as soon as they are established by state and federal proceedings.

A list of popular game bird and animal seasons in northwest Texas includes: deer, panhandle district, Nov. 22-Dec. 7; prairie basin district, Nov. 15-Jan. 4; quail, panhandle and prairie basin districts, Nov. 15-Feb. 15; antelope, panhandle district, Oct. 4-Oct. 7; prairie basin district, Oct. 4-Oct. 12; turkey, panhandle and prairie basin districts coincide with the deer season; aoudad sheep, panhandle district, Nov. 15-Nov. 21; pheasant, panhandle district, Dec. 13-Dec. 28; prairie chicken, panhandle and prairie basin counties open, Oct. 18-Oct. 18. These seasons are for regulatory counties only.

Specific information about bag limits, licenses and shooting hours should be obtained from the "guide" or your local game warden.

Plan your fall Texas hunt by picking up one of these guides and contacting the landowner about permission to hunt before the season starts.

Supermarkets Said Barely Breaking Even On Meats

Recent increases in feed grains have changed the price outlook for feeders in the coming months. A shortage of fed beef could occur later this year, many feeders warn. This would be caused by a lack of profits among cattle feeders.

Although supermarkets realize higher profit margins from items other than meat, meat does play a key role in the supermarket's overall business.

"Consumers probably think that supermarkets are getting rich from meat sales but that's not the case," points out Dr. William Vastine, marketing and food distribution specialist for the Texas Agricultural Extension Service. "On the contrary, many meat departments in supermarkets operate at or near break-even, and more often than retailers realize, meats may even lose money."

Then why all the emphasis on meat sales and meat promotions? "The meat department of a supermarket makes a big contribution to total profits and operations by attracting and keeping customers," emphasizes the Texas A&M University System specialist. "Consumers place high

importance on the quality and freshness of meats, and about 85 per cent of all meats are sold through supermarkets.

"Not only do meat department sales account for about 25 per cent of total store sales and 35 per cent of food sales, but they also have a big influence on the consumers' image of the entire supermarket."

"Consequently, the success or failure of a supermarket may well depend on its meat department," contends Vastine. "If the supermarket loses the consumers' meat dollar, it may well lose the rest of the grocery dollar, too."

As food prices continue to increase due mainly to increased marketing costs, competition in the supermarket business will continue to increase, believes the specialist.

"More than ever, this means that retailers will have to become more concerned with increasing

CATTLE ON FEED in Texas as of Aug. 1 totaled 1,331,000 head, the Texas Crop and Livestock Reporting Service at Austin notes. This is a five per cent increase over a month ago, but is 26 per cent below a year ago and about 50 per cent lower than 14 months ago.

Nationwide, there were 5,932,000 head of cattle on feed as of Aug. 1. This is down one per cent from a month ago and 15 per cent below the same period a year ago.

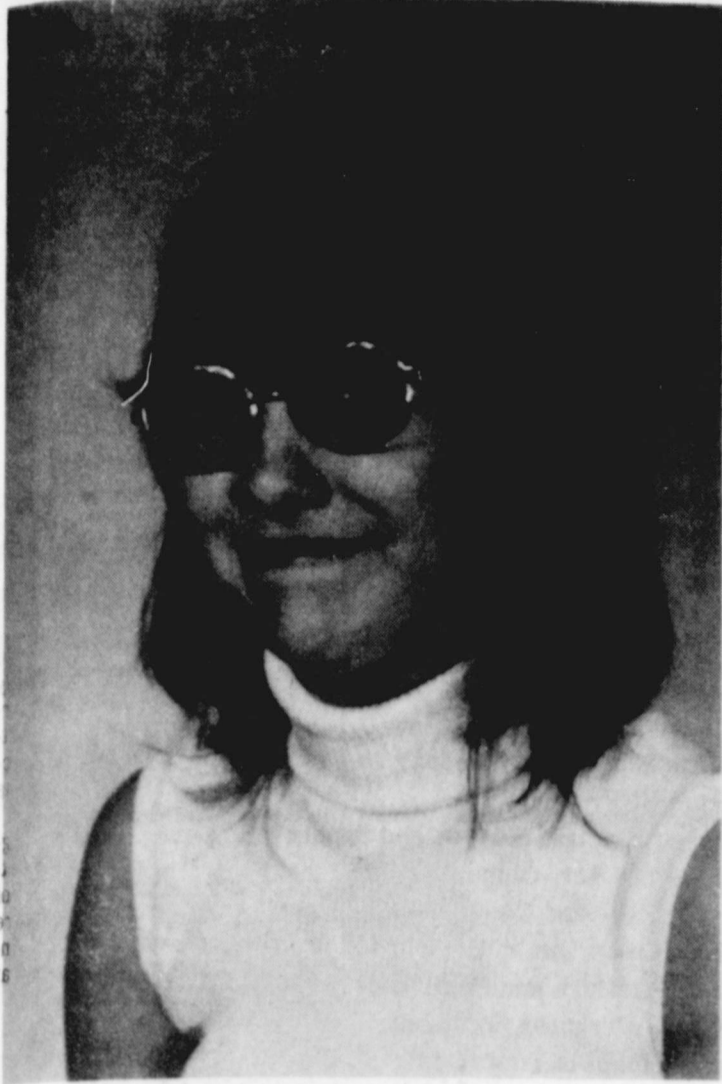

sales and lowering costs to generate profits. They will have to look for market areas that are not being served or that are not being served as well as they could be. Effective and creative merchandising in the meat department, such as the promotion of light-weight beef and ground meat from light-weight beef, may play an increasingly important role in the coming months," contends Vastine.

WHILE THE AUGUST CROP REPORT has now become history, don't forget that the September crop report will be out shortly. Sept. 11 is the date for its release, and producers, consumers, and speculators will be watching for it eagerly.

Meanwhile, crop harvesting continues in a big way throughout the state. Cotton harvest is picking up speed and with hot, dry weather it should move along rapidly. First bales have been reported in a number of Blackland counties.

Sorghum harvest is now more than half finished throughout the state. Prospects on the High and Low Plains are considered good to excellent. Rainfall in some parts of the state has caused some slowdown of the harvest.

Corn harvest is underway in the southern half. Yields this year for the state read like a midwestern production report. The estimated per acre yield for Texas is 105 bushels per acre.

Mr. and Mrs. Rex Crawford announce the engagement and approaching marriage of their daughter, Ronda Kay, to Marvin Dale Ogdan, Kansas. The couple plans a September wedding.

Courthouse in Morton from 5:15 to 6:15 in the evening. The Speaker will then meet from 6:30 to 7:15 at the Whiteface School Auditorium.

Speaker Clayton, who is from Springlake, will comment on the proposed constitutional revisions and will answer any questions people might have on the new charter.

"I'm looking forward to talking with the people in my district about the effect the new constitution will have on us West Texans," said Speaker Clayton. After a revised constitution

failed to win majority approval by the 1974 Constitutional Convention, the 64th regular session of the legislature passed eight proposals last April completely revising the present document. Under the leadership of Speaker Clayton and Lieutenant Governor Hobby, the legislature built on the work of the Convention and agreed to give Texas voters the opportunity to vote yes or no on each of the revision proposals.

The election deciding the fate of the new constitution will be held November 4. This will be the first time since 1876 that Texas voters will have the opportunity to vote on a complete constitutional revision.

Citizens will be able to read and study the proposed constitution in full because every registered voter in the state will receive an information booklet on the constitutional revision. The booklet will contain the full text of the proposed constitution, background information, and an outline comparing the present and the proposed documents. It is being mailed the second week in September by the Secretary of State's office.

DAYS

Jones said the field day at the Lubbock Center gets underway at 1 p.m. with plot tours via tractor-drawn trailers every hour.

Professional staff members of the Center, including USDA-ARS, National Weather Service, Texas Agricultural Extension Service, as well as Texas Agricultural Experiment Station personnel, will be on hand to review research developments, Jones says.

The Center is located 7 1/2 miles north of Lubbock on Highway 87.

A semilar group will gather

at the Experiment Station at Halfway, west of Plainview, Thursday, September 11, for their annual field day.

Featured in the afternoon event, says Roy Jones, will be a variety of crop research programs. A five-stop tour of research plots will give producers and other guests opportunities to review latest research developments in areas of weed control in corn, water conservation, sunflower production, greenbug resistant sorghum hybrids, crop rotation systems, and a wide range of variety and insect studies.

Jones says that research at the Experiment Station at Halfway, located 14 miles west of Plainview is tailored to the particular needs of crop producers on the South Plains, particularly those in corn, sunflower and cotton production.

Professional staff members of the USDA-ARS, National Weather Service, Texas Agricultural Extension Service and the Texas Agricultural Experiment Station will be on hand to review latest research developments.

The event gets underway at 1:00 p.m. A farm machinery display will be set up for preview, Jones concluded.

Texas Dove Hunters

Find Summer Rain Ally

Summer rains have brightened the overall hunting picture for the Texas dove hunter. Mourning dove hunting prospects in northwest Texas are good with plenty of sunflower, weed and grain fields available for the birds, during the 1975 season which began September 1.

A mid-August survey of Texas Parks and Wildlife Department game wardens throughout the Panhandle and South Plains came up with these outlooks:

According to Game Warden Calvin Tow, the Dalhart area of the Texas Panhandle should furnish above-average hunting opportunities for doves with good shooting both in the grain fields and at the watering holes.

East around Perryton and down to Canadian, water holes are full and Game Warden Bill Rogers looks for better hunting in the grain fields. Dove have not flocked together and the dove will stay as long as the cold fronts do not reach into the Panhandle.

Off the caprock along the eastern counties near Matador, dove prospects look average according to Game Warden Ronnie Vandiver. The grain in this area is late this year due to the necessity of replanting and a normal number of doves have been observed.

The same conditions hold true

for the remainder of the South Plains with an average crop of dove being reported by Game Warden Rue Gambol at Snyder. Heavy rains in the area could affect the water hole shooting.

Commercial sunflower fields estimated at 300,000 acres should furnish excellent shooting opportunities as soon as the seed crop is harvested.

All P&WD personnel contacted about dove populations indicated the 1975 season should be better than 1974 when drought and low yield grain crops hurt the dove.

Dove season in the north zone of Texas which includes all of the high plains is Sept. 1, through Oct. 30, 1975, with the usual bag and possession limits of 10 and 20 birds respectively.

Shooting hours for the north zone will be from 12 noon to sunset daily.

When taking the family to that museum you've always wanted to visit, don't attack it as if there's no tomorrow. Study the arrangement of its wings and exhibits first; then head for the galleries that interest you most. That way you'll be able to enjoy your selections without guilt...or tired feet.

the lifestyles of the various social strata among the Soviet citizens themselves.

He gives learned comparisons on the relative military strengths of the U.S. and Russia and gives point-blank opinions on "Detente" and the Strategic Arms Limitations Talks (SALT), and the trustworthiness of the Russians in keeping their bargains.

Both of Major Hickox' lectures will be open to the public and all those interested are invited to attend, Gerald Ramsey, Lions Club President, states.

Presently assigned to the 64th Flying Training Wing at Reese as a Section Commander and T-38 Instructor Pilot, Major Hickox is well qualified through both education and experience to speak on the subjects he will bring forth.

He was born March 10, 1936 at Cordele, Georgia. He graduated from East Crisp High School in Cordele in 1954 and immediately entered the Air Force as an

enlisted man. Aside from training, this duty tour was spent as a radar operator in Greenland, 144 days of it located beneath the polar ice cap about 200 miles south of the North Pole.

Upon completion of that duty tour Maj. Hickox left the Air Force and entered Florida State University at Tallahassee, Florida. He graduated from there in 1960 with a B.A. degree in International Relations and a commission through ROTC as a Second Lieutenant in the U.S. Air Force. He entered the pilot training program at Craig AFB, Alabama and then remained there as a T-33 and T-37 instructor pilot after graduation.

This was followed by a one year tour of duty in Southeast Asia in 1969 split evenly between assignments as an airborne battle staff operations officer based at Da Nang Air Base, Republic of Vietnam and as a T-28 Instructor Pilot based at Udorn Royal Thai AFB, Thailand.

Returning to the United States, Maj. Hickox spent seventeen months undergoing Russian language schooling and attaché training in the Washington, D. C. area. He also received his Masters Degree in Soviet Studies from Georgetown University in Washington, D.C. in 1970. In June 1971 he arrived in Moscow, USSR as the Assistant U.S. Air Force Attaché accompanied by his wife and two children.

Maj. Hickox returned to the United States in June 1973 as a student at the Air Command and Staff College at Maxwell AFB, Alabama. He graduated from there in June 1974 and arrived for duty at Reese AFB, Texas in July 1974.

type of leadership that is expected of Seniors and which makes them so valuable, the coach added.

Defensively, the Indians should be adequate in the line and linebacker positions, but the entire secondary is new and untried. If we can get a few early breaks and hang tough until our defense receives some experience, we could be the outstanding squad record-wise in the school's history and make a real bid for the district title, Winters concluded.

The Indians travel to Plains to take on the Cowboys with kickoff time set for 8 p.m. The rest of the schedule reads as follows:

September 12, Tulia, here; September 19, Lubbock Cooper here; September 26, Frensham here, (Homecoming); October 3, Idalou, there; October 10, Muleshoe, there; October 17, Olton Here; October 24, Littlefield, there; October 31, Dimmitt, here; November 7, and November 14, Friona, there.

pursued by the Constable from Bledsoe. The pair reportedly passed through Bledsoe at speeds exceeding 90 mph and the Bledsoe police car could not catch their speeding vehicle. Henry received a call for aid on the radio and managed to cut them off at Lehman.

A sack containing over two ounces but less than four ounces of marijuana was confiscated from under the front seat on the driver's side of the car. Henry was to take the evidence to the DPS laboratory in Lubbock Wednesday for analysis.

Both men were charged with possession and Payne, the driver, was additionally charged with DWI. Bond was posted in Gipson's court at \$1,000 for Payne and \$500 for Smith.

Clifford Butler was arrested Monday night while driving a pickup truck reported earlier to have been stolen in Brownfield. The vehicle was recovered by the sheriff's office and Butler was charged with auto theft and DWI subsequent, a felony. Judge Gipson set bond at \$1,000 on the DWI charge and \$5,000 on the auto theft charge.

Butler was turned over to Brownfield officers on an auto theft warrant and was still in custody at noon Wednesday.

All other offenses reported by the sheriff were minor offenses. The sheriff's office lost valuable manpower last week when Deputy Wallace Stalcup resigned with an effective date of September 1. Stalcup said the reason for resigning was to go back to farming his land southwest of Morton.

Applications for the deputy position are now being accepted by the sheriff's office.

Preserving Hints With Fresh California Peaches and Plums

This summer, a surprising number of people will discover the joy of preserving California's fruitful bounty at home. If you plan to join in, here are a few tips from the home economists at the California Fresh Peach Advisory Board and California Plum Commodity Committee:

- Always select firm, ripe fruit. To add a sprightly flavor note and to keep the fruit fresher looking longer, dip cut fruit into lemon juice or an ascorbic acid mixture.
- It takes about 2 pounds of fresh fruit and 1 to 1 1/2 cups of sugar syrup per quart jar.
- Freezing eliminates the sterilized jars and the hot stove aspects of preserving. Either the syrup pack or the dry sugar pack methods are good for peaches and plums.
- When making fresh peach and plum jams and jellies, it is best to do it in small batches. The fruit mixture must be watched carefully and stirred frequently to prevent sticking and scorching.
- The best "preserving" plum varieties that are in our markets now are Santa Rosa, El Dorado, Nubiana, Queen Ann, Sim-ka, Laroda, and Casselman.
- To peel peaches or plums for home preserving, dip them into boiling water for about one minute; then transfer with slotted spoon to cold. The skins will slip right off.
- Add cinnamon sticks, whole cloves or allspice to your favorite summer fruit jams, jellies, preserves and preserves. For a simple and colorful family treat, try layering different fruit flavors in each jar. Remember to make an extra batch or two for gift giving, too!
- For complete and detailed canning, freezing, and jamming instructions, consult a good up-to-date cookbook. And do follow the instructions carefully. (NP Features)

About Local Folks

by Dutch Gipson

Visiting in the Roy Brown home Sunday were his nephew, Mr. and Mrs. Harold Brown of Kansas City, Kansas and his brother, W.M. Brown of Lubbock.

Recent guests in the Roy Tarver home were their grandsons, Mr. and Mrs. John David Tarver of Arlington, Virginia. They were accompanied to Morton by her mother and husband, Mr. and Mrs. John Keith and son of Lubbock. The Keiths returned home and Mr. and Mrs. Tarver remained for a longer stay with his grandparents and his aunt and family, Mr. and Mrs. H.B. Barker.

Mrs. L.B. Childs and daughter, Mrs. Mike Nichols, were hostesses to the many friends of Mr. and Mrs. Willard Cox of San Marcos, who were her houseguests. Approximately 40 guests came by for coffee and to wish them well. Mrs. Cox's and

Mrs. Dugan Priddy's mother also was a guest at the morning tea.

Mrs. Ina Quine of Lufkin was a recent guest of her brother, Roy Tarver and family.

Mrs. Rodney Hobson and children left Wednesday to join her husband in Portsmouth, N.M. The Hobsons have recently returned from a tour of duty in London, England.

Visiting with Mrs. Dutch Gipson Saturday night was Mrs. Jake Vanderslice of Kingston, Okla. Mrs. Vanderslice will be remembered as the former Mrs. W.E. (Prof.) Angley. She attended the services for Allie McDaniel Sunday.

Mr. and Mrs. Mayland Abbe and children, Matt and Mindy, were guests of her mother, Mrs. Lois St. Clair, over the Labor Day weekend. While here, Mrs. St. Clair hosted Matt's third

birthday party.

Mrs. Charles Jones of Lubbock spent last weekend with her sister and family, Mr. and Mrs. Roy Tarver.

Entertaining at a patio party at the home of Mr. and Mrs. Daniel Rozell Sunday were the "Wind Chimes" Quartet from Lubbock. The group is associated with the "Prairie Winds Chapter of Sweet Adelene, Inc." of Lubbock. Members of the quartet are Laura Childers, Nell Marshall, Gayle Settle and Karen Rozelle. The quartet recently returned from Regional Novice Quartet competition in Corpus Christi where they received a third place ribbon. Guests enjoying the party and performance were: Mrs. Deborah Hobson of Portsmouth, N.H., David Pirtle and Mike Kirkpatrick of Lubbock and Mmes. Frankie Long, Faye Mills, Helen Combs, Helen Doss, Florence Zuber and Mr. and Mrs. John Duke, Mr. and Mrs. Elzie Browne, Johnny Rozell and Gaynell Williams of Muleshoe. Deborah Hobson concluded the program with the inspirational "How Great Thou Art", accompanied at the piano by Gayle Settle.

S-Sgt. and Mrs. Johnny Arnold,

Jr. and Shane from Buford Marine Corp. Air Station, S.C. are visiting with his parents, Mr. and Mrs. Johnny Arnold, Sr. This is the first time Mrs. Arnold has visited in Texas. She is a native of New York. Also visiting with her parents is Donna Arnold, student from WTSU. The Arnolds are expecting their other son, Ronnie and family, from Brownfield later this week.

The George Trejos have had their daughter, Delilah, from Colorado Springs, Colo. visiting with them for several weeks. Also visiting this past week has been Mrs. Trejo's dad, J. M. Gallegos. He was here to see his great-grandson, Christobal Nicholas Vasquez. Christobal has been in intensive care at Methodist Hospital in Lubbock however he is much improved and is expected to be home in the next few days.

Mr. and Mrs. Amos Petree had a call from their son, Gene, Sunday. He and his family were enroute to their home in Mission. They stopped in Jimenez for gas and while they were there the winds took the roof off of the building. Arriving home they found the citrus groves standing in 15" of water.

IS THE CHURCH PART OF YOUR LIFE?

What is home? A blend of memories and mortar . . . walls and roof and smells of breakfast cooking . . . a place of rest at the end of the day . . . a feeling of possession, of belonging . . . a place of hates, loves, anger . . . center of things living.

Home may be a mansion on a hill, a cramped apartment, a farmhouse, a hotel, a new suburban split-level, the house Father built . . . but only to you and your family is it home. No one else may call it that. For home is a part of you!

Centuries ago a shepherd-poet felt this. Lonely seasons on the grazing slopes had taught him to love . . . to long for . . . HOME.

But he realized that, through this life and beyond, the nearness of God is part of the sense of home. Goodness and mercy would follow him all the days of his life. And he would dwell in the house of the Lord forever!

Air Force Seeking Musicians For Band

Air Force Recruiting Service is seeking qualified musicians for the Air Force band and field bands, officials announced.

The Air Force Band needs brass, woodwind, string, violin, viola, and other instrumentalists to fill positions in the Washington, D.C., area.

Directors of the Air Force Band and field bands are currently recruiting throughout the United States to audition potential candidates. Recruiting officials stated:

In addition, interested musicians and vocalists may apply at their own expense to Washington, for a personal audition, or to a base where an Air Force band is located.

During auditions, applicants should take their own instruments and any music they feel best demonstrate their musical capabilities.

At present, 17 Air Force bands throughout the United States and overseas have their symphonic concert, dance show bands, and other musical ensembles.

Musicians who qualify for an Air Force Band will be get-

ting the musician's most precious asset — experience. High quality professional performances include all periods and styles of music, officials said.

People interested in auditioning for the Air Force Band or one of the field bands should contact the Air Force recruiter in their area for more information.

Allie McDaniel

Rites Held Sunday

Services for Allie Richard McDaniel were held Sunday at 3 p.m. in the First Baptist Church. The Rev. Paul McClung, pastor, officiated.

Burial was in Morton Memorial Cemetery under direction of Singleton Funeral Home.

McDaniel, 74, died at 2:10 Friday in Cochran Memorial Hospital following a lengthy illness. A native of Young County, he had resided in Cochran County since 1938 and was a retired farmer.

Survivors include his wife, Mayme; two sisters, Mrs. Stella Taylor of Altus, Okla., and Mrs.

Looking Back

25 Years Ago

The county races proved as close and as hotly contested as any in many years as W.M. Harryman outpooled Herman Crockett to gain the office of Sheriff-Tax Assessor-Collector. Fred Stockdale became the winner in the County Judge race by a healthy margin but his opponent J.A. Love came considerably closer than any of Stockdale's opponents had come in the First Primary last month.

Texas Tops In Farmland Owners In United States

Texas boasts more farmland owners than any other state in the nation, according to an economist for the Texas Agricultural Extension Service.

"Of the 3.3 million farmland owners in the United States, Texas has 267,000 of them followed by Iowa and Illinois," points out Dr. Wayne Hayenga.

Texas also leads the nation in the number of nonfarm land owners, or landlords who lease their land to others, with 87,500 in this category.

"About three out of four farmland owners in the U.S. are active farmers," notes the Texas A & M University System specialist. "Some 28 per cent of all farmers are nonfarm landlords."

According to Hayenga, the average amount of land owned by all U.S. landowners, both active and non-active in farming, totals 320 acres, but the Texas average

is much higher at 584 acres. Nationally, non-active operators have more acreage on the average than the active farmers.

"Size of land holdings varies over different parts of the country," says the economist. "In the East, most landowners own less than 180 acres while landlords in the West have larger holdings in terms of value and acreage."

The distribution of ownership among landlords also varies considerably, depending on the type of farming enterprise and land tenure pattern in the particular area, says Hayenga.

There were 398 million acres of farmland rented in 1969, adds the economist. Fifty-nine per cent of this land was cash rented and 30 per cent was rented under share agreements.

Rent received in 1969 averaged \$6 per acre in Texas compared to \$16 for the nation.

Sen. Hance Appointed To Texas Legislative Council

Lieutenant Governor Bill Hobby today announced his appointments to the Legislative Budget Board and the Texas Legislative Council.

To the Legislative Budget Board: Senators Tom Creighton of Mineral Wells and W.E. (Pete) Snelson of Midland, both reappointed. In addition, the chairman of the Senate Finance Committee, Senator A.M. Aikin, Jr. of Paris, and the chairman of the Senate State Affairs Committee, William T. (Bill) Moore of Bryan, also serve on the LBB.

The Legislative Budget Board, of which Hobby is chairman, was created to study the state's financial needs prior to consideration

by the Legislature each session.

Hobby appointed five senators to the Texas Legislative Council. They are:

—Ray Farabee of Wichita Falls.

—Kent Hance of Lubbock.

—Grant Jones of Abilene.

Betty Crocker Leadership Search Offers Scholarships

College scholarships from \$500 to \$5,000 are available to all high school seniors through the Betty Crocker Search for Leadership in Family Living, now under way in its 22nd year.

Invitations to enroll in the program have been mailed to high schools across the nation. Schools new to the program may write the Betty Crocker Search, P.O. Box 1113, Minneapolis, Minn. 55440, for information.

Enrollment deadline is October 31, 1975.

On Tuesday, Dec. 2, each participating school will administer a 50-minute written examination. Prepared and

scored by Science Research Associates, Inc., Chicago, this general knowledge and attitude examination is the first important step of the scholarship program.

From the examination results a Betty Crocker Family Leader of Tomorrow will be chosen for each participating school. School winners are acknowledged with special awards and their examinations are entered in state competition.

Each State Family Leader of Tomorrow receives a \$1,500 college scholarship while every second-place winner receives a \$500 grant. State winners also earn for their school a 20-volume reference work, "The Annals of America," from Encyclopaedia Britannica Educational Corporation.

State winners, each accompanied by a faculty advisor, will be the guests of General Mills next spring on an expense-paid tour of Washington, D.C. A special event of the tour is an announcement of the All-American Family Leader of Tomorrow, whose scholarship is increased to \$5,000. Second, third and fourth place national winners receive scholarship increases to \$4,000, \$3,000 and \$2,000 respectively.

The Betty Crocker Search is on the advisory list of the National Association of Secondary School Principals.

MHS Choir Members With Crusade

Five members of the vocal division of the Morton High School Choir are singing nightly with the Billy Graham Crusade Choir in Lubbock this week.

Students representing MHS are Susan Baker, Jay Lynn Greer, Mary Jo Hudson, Belinda Hunter and Schelle Key.

NASSP Announces Contest for High School Seniors

"Bicentennial Seniors," a nationwide \$250,000 scholarship program for high school seniors will graduate with the Class of 1976, is being launched this year by the National Association of Secondary School Principals.

The national winner will receive a \$10,000 scholarship. 102 state winners will receive \$1,000 grants under the program.

Winners will be selected first by, then on a statewide level. Graduating seniors will be chosen in each state and the District of Columbia. Each of the winners will also receive an expense-paid trip to Williamsburg, Virginia, from

January 16 through 19 to attend seminars and hear noted speakers discuss educational and social issues facing this country today. The national winner will be selected during the Williamsburg conference.

Students taking part in the "Bicentennial Seniors" competition must demonstrate an understanding of America's past and possible directions for the future and an involvement in the social and community issues faced by America today.

Competition will include the preparation of a minute-long television script to be patterned after the CBS television network's 200 years ago today "Bicentennial Minutes," a

commentary discussing the significance of the "minute" for today and the lessons it contains for the future; and a current events examination emphasizing issues and events from the past year.

High school seniors should see their principal for details on how to participate in this scholarship program. Applications must be filed no later than October 6, 1975.

The program is administered by NASSP and is funded by the Shell Oil Company. "Bicentennial Seniors" is endorsed by the American Revolution Bicentennial Administration.
